

FOREIGN TRADE FEELS LACK OF ADEQUATE LAWS

Handicap of Existing Statutes Governing Corporations is Called Handicap to Commerce in Fields Abroad

CLEVELAND, O., (AP)—The argument presented some 15 years ago in support of federal incorporation for companies doing business entirely inside the United States, also applies today in support of federal incorporation for companies doing business entirely outside of the United States and between foreign countries and the United States. J. B. Powell, honorary member of the Chamber of Commerce, told the National Foreign Trade council today.

Chinese Trade Menaced.

"Since China is a great undeveloped country," he said, "and probably our greatest potential trade field, it is essential that the statutes which have been directed toward legislation calculated to place our merchants in that field upon an equal footing with our competitors. Other nations which have preceded us in China have already taken this action years ago and have obtained strong footholds there.

"If congress does not come to our assistance and enact legislation to place us on an even footing with our strong competitors, our trade in that is almost certain to return to its unimportant position of some years ago. Our trade with China has not been healthy for the reason that we buy more from China than we sell to China. This is a great matter for our country and for ourselves all here of many different articles produced in America, but we can't sell enough out there to even balance our purchases of Chinese raw products. What further argument do we need for legislation that will enable our manufacturers to go to China, and sell their products on the same basis as the manufacturers of other nations?

Must Use State Law.

"At present if an American manufacturer desires to operate in China the only method open to him at the present time would be to incorporate under one of the 48 state laws, many of them territorial laws. The point is, he is bound down to a state territorial charter and none of them are adapted to foreign trade purposes. The charters enacted were not intended for that purpose. He would probably end up by selecting some state where the laws are the least restrictive. He would say the least, and as a result his company will have no prestige or standing because of abuses which have been perpetrated under the state charters so needed. In his business development abroad he would be forced to compete with British, French, Japanese and German companies, companies with known regulations, known especially by bankers and companies that have been surrounded by all the importance and prestige which these various foreign governments have been able to bestow.

"All state incorporations are subject to the national income and excess profits taxation measures of this country. The first handicap that this brings is naturally in competing with British, French, Japanese and German companies which have been released by their home governments from the operation of home income and excess profits taxation. If you are paying heavy taxes and your raw big costlier across the street do not pay any taxes at all you are going to have a hard time meeting the competition.

Friendship's Limit.

"Chinese business men are friendly toward Americans. But their friendship naturally does not extend to the length that they desire to pay taxes to the American government at Washington. British, Japanese, French and German business in China was built up largely by firms of these various nationalities, through the use of local Chinese capital and native business skill. The British government in its far sighted trade plans has felt that the big thing was the trade that would keep her big home industries running at the small amount of revenue that might be obtained by taxing her foreign firms to death. America on the other hand believes it is more important to obtain the few thousand dollars by drawing taxes from her companies away out in China, than it would be

to give them certain advantages that would make up in hand-fuls of ways in the resulting markets for our goods. It is a penny wise, pound foolish policy.

The China trade act as it passed the house during the last session of congress and as it still stands in the present congress provides relief in the two essential particulars.

"In the larger field of world trade the handicap is more than 'mere trade in this matter. I believe it is intimately associated with the future general peace and prosperity of the Far East—yes, and the whole world, too!"

Church Services

First Christian Church.

W. W. Burke, S. D., Pastor.
9:45 a. m., Bible school, D. W. Updegraff superintendent.
Subject, "Five Great Mothers of the Bible—A Mother's Day Study."

COSSACKS TURN TO MENTAL TASK

Former Officers in Wrangel's Army Help Athens to Avoid Servant Problem

ATHENS, (AP)—Russian officers or merely of General Wrangel's army, who were brought to Greece when the Crimea was evacuated and who have found it impossible to secure other employment, have turned their hand to domestic and household pursuits.

Recently one of them was seen on the streets of Athens wheeling a baby carriage. He was a handsome Cossack colonel and his sturdy build, martial air and fine features made him a conspicuous figure. His clothing, a ruddy-checked baby belonging to a wealthy Athenian family, took evident delight in its staidward, good-natured nurse, who showed the youngster, at much care and affection, the most devoted mother.

The servant problem does not exist in Athens. At least the Greek housekeeper has no such difficulties in this respect as her sister in America, for the can always fill the places of maids, cooks and kitchen hands with former Russian soldiers and officers, of whom there are thousands in Greece.

These ex-military men are willing to take up the most humble calling if it

Church of the Ascension (Episcopal)

Charles Glenn Hild, Rector
Sunday school and Bible class at 9:45 a. m.
Morning prayer and address on the history of Ascension parish at 11 o'clock. Special music, appropriate to the Ascension festival, will be rendered by the choir.
Mid-week service on Wednesday evening at 8 o'clock. The rector will deliver the fourth of a series of addresses on the subject, "The Church and the Bible."

Immanuel Lutheran Church.

Saturday school, 9 to 11 a. m. Devoted to religious instruction entirely Sunday school 9:45 a. m.
Services 10:30 a. m. Gospel lesson John 15, 26 to 16, 4.
Evening worship 7:30 p. m. Text: Matt. 19:18; Thou Shalt Not Bear False Witness Against Thy Neighbor.
Bible class meets 8:30 p. m. Lesson: Diverse ceremonial laws concerning cleanliness. Water supply in Palestine.

Hansen M. E. Church.

P. N. Manning, Pastor.
10 a. m., Sunday school. 144 present last Sunday. M. B. Taylor, superintendent.
11 a. m., Morning worship. Special "Mother's Day" service. All mothers have a particular welcome.
Choir will furnish appropriate music.

TWIN FALLS WINS ANOTHER GAME ON HOME BALL FIELD—SCORE 9-2

Evans' Wreckers Treat Barry's Buhl Hopefuls Rough Once They Solve the Eccentric Benders of Young Hodgins, the Nig Cuppy of High School Baseball—Boy Has Deliberate Manner and Many Motions—Putzier Again Stars in the Box

CLINT EVANS' high school baseball pitchers hung another string on the belt yesterday, taking Coach Barry and Barry's hopefuls to a 9-2 trouncing.

It was probably the best game played on the local field this year, and a lot of credit is due the luvading couple for holding the score so low at all shows. Barry's men put up a good game in the field, and at times did play a lot of high class. In fact there were occasions and instances when the domestic looked a bit raw in baseball art alongside the west-landers. The home folks won on superior batting ability, and on that alone Evans' wreckers were led by Bob Putzier, Barry's freshman flinger, a lot of rough treatment from the fourth inning on, and at times threatened to drive the youngsters to the showers. Barry, however, led the lad take his baptism, and he stuck to the bitter end.

Time Means Nothing. Hodgins is a deliberate sort of chimp—exaggeratingly so, in fact. In his actions in the box old-timers, a few of whom were once yesterday were reminded of Old Nig Cuppy, pitcher in the 90's for the Cleveland club of the American league. It is related that Nig always made 14 different and different motions before delivering the ball to the batter. Hodgins on one occasion yesterday went the veteran star one better, for he made 15 motions, one before he threw the ball across. Always he made from 10 on.

But Hodgins had something on the ball, as a lot of Evans' men can testify. He showed no motion and little "hop" but he put a "hook" on the ball that puzzled the local hitters for three innings. After that they laid for the "hook" and managed to get Mr. Hodgins good from that time on. "Hodge" gave a good exemplification of pitching during the first three rounds, and set the enemy back almost in the order of batting. The famed six of the opposition in those periods. The lad was wild to start with and the home folks took that as his personal weakness. He passed the first batter up on eight straight pitches. The home hitters wanted him out and the next three went out without offering at the ball. It was pretty much the same thing in the second, two men fanning, and one rolling out. Hodgins to first base.

In the fourth the Evansmen took to the "Hodge's" offerings, cracking the ball for four health blows which, with five swiped basekicks and a brace of errors, yielded four runs, the first of the conflict. Good hitting, a strike and a couple of home runs gave the domestics a couple more in the fifth, and one was made in each of the innings remaining, leaving the final bringing the total to nine.

Pretty Good "Glas" Meanwhile Bob Putzier, complaining of a "glass arm" went along in fairly steady style against the invader, allowing but six errors in the entire nine innings. "Putz" was just a little better than when he first coshed the mitching row against Boise club. Besides being mitchy with hits he fanned eight men, he walked five and pitched, and pitched a couple of his enemy in the midriff. Against Boise Bob struck out four men, passed two on called balls and hit two batters.

Except for the seventh, minor Putzier was invincible. Up to that moment he had gone along steadily, setting back Barry's men almost in succession as they came in. One by one batters came to the plate in six rounds. Sharp fielding helped a lot but mainly "Putz" was the whole works.

In the memorable seventh things went all wrong and the only man the game were scored in that section. Bob started his own downfall when he walked Dunn, sterling keymaster of the Barry bunch. Dunn immediately walked down and then stole third and scored when the pitcher threw badly to nip the runner off third base, attempting to score on a bounce to Putzier. Bob got the ball in plenty of time but aimed badly as Dunn ran back to the line. Blier missing the ball, the runner made home in time before the ball was retrieved. Kimball was an easy out on a pop fly to Blier, but the upset at third base

Brief Bits of Sport

We don't know who this Young Willie Jackson of Philadelphia is, but we do know that Freddie Weid, former lightweight champion, gave him a most licking the other night.

Freddie staged a real "comeback," and dropped his man for the count in the eighth, after having put him down for eight and nine counts in the third round.

But, speaking of "comebacks," Loukait who Fred Fulton did to Jack Temple, a huge Californian in Pittsburgh. The Minnesota plasterer clipped Temple on the chin in the first round and Jack went down to rise not again until after the bell had tolled the fatal toll.

Yesterday the White Sox demonstrated again that they can win if the pitching is anything like what major league twirling should be.

And, at the same time, Red Fisher demonstrated that he is as good as the best, if not the best pitcher in the American league.

Jim Simms, sagebrush sage, says: "Our concern about the 'mild' link has to do with the 'sausage' bit doctor chap wants to put on 'the list' of forbidden foods."

Louisville—Joe Lynch of New York, champion bantamweight boxer, and Pal Moore of Memphis, will face each other in the ring tonight in a 15-round no decision match for the championship belt. Both little fighters declare they are fit for the fight. In five previous fights each won two decisions and one loss was declared a draw.

New York—Ed Strangler Lewis, world's heavyweight wrestling champion, will meet in a finish match tonight Stanislaus Zayevski who has been seeking an opportunity to win the title for more than ten years.

New York—The sixteenth annual tournament for the amateur trapshooting championship of America opens today at the Travers Hall traps.

Detroit, Mich.—Yusuf Mahmoud has been entered for a finish wrestling bout here next Friday night with James Islok, Hungarian heavyweight champion.

St. Louis—The Browns have signed Bernie Boland, pitcher, recently released by the Detroit Americans.

Columbus, O.—The Bob Martin-Johnny Saxton bout announced for next Monday night has been discontinued by the Columbus boxing commission.

Handsome Purses are Put Up for Winners in Derby

Owner of First Horse Under the Wire at Louisville Saturday to Get \$56,475

LOUISVILLE, Ky.—(AP)—The Kentucky derby to be run here on May 7 at a mile and a quarter for three year olds, carries \$50,000 in added money which, with the \$25 fee for each of the 100 nominees makes its present value \$52,750. In addition, on the day of the race each \$250 will be required of each entry to start. With 15 starters, the number that now seems probable, the grand total would be \$54,475 when the barrier is sprung. The owner of the horse second under the wire at the finish will receive \$10,000, the third \$3,000 and the fourth \$2,000. The estimated value to the winner will be between \$35,000 and \$40,000.

The Kentucky derby field this year will consist of 15 and possibly 20 starters. Most of the prospective starters are already in Kentucky. The Whitney entry from present indications will go to the post favorite with Leonardo II, the Alabama stable entry strong second choice. I. F. Sinclair's Grey Lag has been played heavily in the winter books. The reported chances of five favorites, possibly eliminated the \$50,000 colt from the race.

That Careful and Prudery, both fillies will start in the derby is current report. Star Viceroy and Sailing B. will carry the colors of Commander J. K. J. Ross. E. B. Bradley's entry for the race probably will be Hitek Sarcant and Helene Yaurist. Hothorn will carry the colors of T. W. O'Brien and Rangoun will represent J. N. Cambden.

Whooping Cough

This is a very dangerous disease, particularly to children under five years of age, but when no paracetamol, codolin or other opiate is given, is easily cured by giving Chamberlain's Cough Remedy. Most people believe that it must run its course, not knowing that the time very much shortened, and that there is little danger from the disease when this remedy is given. It has been used in many epidemics of whooping cough, with pronounced success. It is safe and pleasant to take—adv.

The Clean Way THE ELECTRICAL WAY IS THE CLEAN WAY and the convenient way of cooking. You turn on your switch and that is all.

Little in addition before beginning to trade. Provisions went higher, helped by the strength of cash and grain.

CHICAGO, (P)—Wheat No. 1 red \$1.06; No. 2 hard \$1.07 1/2. Corn No. 2 mixed 91 1/2 to No. 2 yellow 10 1/2...

Chicago Produce CHICAGO, (P)—Butter unskimmed; receipts 8777 1/2; ultra 30c; firsts 25 to 26c; seconds 20 to 21c; standards 20 1/2c; eggs unchanged; receipts 10,075 cases; poultry all higher; fowls 30c; lambs 30c; hogs 40c.

Portland, Ore. (P)—Cattle on steady; receipts 0. Hog stronger; receipts 01; primo light \$9.25 to 9.75, smooth, heavy 25.00 to 27.50...

Omaha Livestock OMAHA, (P)—Receipts 9,500; mostly from butchers; stock 130 to 150; bulk butchers 78.85 to 8.25; top 83.25; bulk butchers 250 pounds and over 47.50 to 7.80; packing grades smooth \$7 to 7.25.

Cattle receipts 4,200; beef steers 10 to 12c lower; early top \$8.25 stock 15 to 25c lower; bulls and steers weak; stockers and feeders steady.

Chicago Livestock CHICAGO, (P)—Cattle receipts 7,000; top steers and butchers 130 to 150; stock 130 to 150; choice 1,300 pound steers 48.85; bulk beef largely 67.75 to 68.50; fat cows and heifers largely 65.50 to 66.50; other classes generally steady; hogs largely 45.50 to 6.25; bulk calves 88.50 to 9.50.

Hog receipts 23,000; active, 10 to 25c higher than yesterday's average; top 48.75; bulk 45.50 to 6.50; pigs 35 to 38c higher; bulk desirable around 48.

Sleep receipts 13,000; lambs strong to 15c higher; sheep fully steady; woolled lambs top \$11.45; bulk \$10.50 to 10.75; shorn 10.00 to 11.00; bulk 45.50 to 10.25; no spring shorn yearlings 88.25; good native openings \$11.50.

New York Stock Market NEW YORK, (P)—Dealing in the stock market today were again large and comprehensive. Extensive advances of 1 to 5 points in rails and oils were materially reduced later. Sales approximated 1,500,000 shares.

Extensions to yesterday's gains were made by foreign issues at opening of today's stock market. Rails, oils and equipments were again most favored. The moderate priced western and southwestern transportation, notably Missouri Pacific, Rock Island, St. Paul, Atlantic Coast Line, Louisville and Nashville and Baltimore and Ohio, were favored by large fractions to a full point.

Mexican Petroleum increased a slight opening advance to almost 3 points within the first few minutes and Atlantic Gulf led the cheaper oils.

FINANCIAL COMBINE IS NOT FACTOR IN MATTER

Arguments Against Wage Reductions Must Stick Close to the Record CHICAGO, (P)—Charge of a "financial combine" among New York banks and the steel and railroad industries were declared irrelevant and immaterial to the wage reduction effort now before the railroad labor board today by E. H. Sennoff, general solicitor for the Pennsylvania railroad, in replying to the employes' appeal of alleged mismanagement.

Speaking in behalf of the eastern roads, John O. Walker, secretary of the road's bureau of information said that the voluminous exhibits filed by the employes were entirely irrelevant to the wage and that the economies suggested by W. Jett. Law, economist for the unions, were "fallacious, theoretical and visionary."

Canvas Gloves 2 Pairs 25c Cotton flannel gloves, knit wrist, two pairs for 25c. Men's Khaki Hats \$1 Fine for everyday wear. Cool, light and comfortable.

MATCH TO THE LEAGUE FOLLOWS FLAG TO RICHMOND

American Army in Germany Has Own "Big Baseball League" and Season is Now in Full Swing

COBLENZ. (P)—The baseball season on the Rhine has opened and now is in full swing, for the national game of the American Army in Germany's own and with the coming of spring, baseball has taken precedence over other forms of sport.

Three teams entered in the league, while nine from Anderson, Newburg, Engers, Mayen and Bays make up the eight teams. Two games are played each week by the teams and, while it is too early in the season to predict whether any Babe Ruths or Ty Cobbs will be developed, the league is being conducted with the highest class amateur or semi-professional teams which play Saturday games in medium sized cities in the Rhine States.

Besides the regular league, every company has its baseball nine and from these are taken from time to time the youngest players to graduate into the "big league."

Boxing and Soccer Delegated. Boxing and soccer football which have been in force during past winter have now practically been relegated to the second place. The members of the Eighth Infantry won the soccer championship from the Second Battalion of the Eighth Infantry and the football have been won by the same unit.

Boxing, in spite of the hot weather, still remains much of the vogue. It has enjoyed during the winter. At the French Christmas season, Liberty had a few evenings ago he won 4000 and 5000 dollars and enlisted men, with General Allen occupying a thirteenth and a half to see a ten-round bout between Lou Livingston of Jersey City, the featherweight champion of the American army of occupation, and Diamond, the French champion, who had every one's opinion to try conclusions with the American.

The French champion won and, although he was generally disappointed at the defeat of his favorite, they cheered the winner with as much enthusiasm as if he had been one of them. Some pretty fair fighters have been developed.

Eighth Infantry Wins. The basketball season closed early in April and the pennant was won by the Eighth Infantry. Officers have been named to the polo ball. Four teams are playing semi-weekly games and the commanding general is taking deep interest in the games. He is encouraging young officers to take up riding, as he told the correspondent it was "one branch of the service in which we were somewhat behind the other armies." This deficiency is being promptly remedied, however.

The spring trials of the Coblenz Racing club which took place in April closed on the 29th. Mrs. E. B. Williams was appointed alternate. A social hour was spent and refreshments served. Twenty members and two guests were present at the meeting which will be held in the Parish hall with Mrs. J. A. Keefe and Mrs. S. P. Newman hostesses.

The Daughters of the American Revolution will meet at the home of Mrs. W. H. Eldridge Monday, May 9.

The Women's Auxiliary of the American Legion held its regular meeting Monday evening at the home of Mrs. W. H. Eldridge. Several matters of importance were discussed, and plans made to assist the Legion membership.

Mrs. Meelin Bentley entertained the Thursday Bridge club this week. Appropriate evening used to decorate the rooms and tables, a luncheon being served before the card game.

MECHANIC ARTS DEPARTMENT SEES ITS MOST SUCCESSFUL YEAR—SPLENDID WORK IS DONE

High School Manual Training Section Achieves High Place in Practical Instruction Under Direction of D. L. Robey—Enrolled Pupils Manufacture Much Material for School and Outside Use

The Mechanic Arts department of the high school is closing its most successful year to date. With an enrollment second to no school in the state and an enrollment of over one hundred in the high school alone, the department is one of the best in the country. The early part of the year was spent in the installation of the new shops at the new building which was completed at the end of the year.

The boys work and accomplish their work in about three days. At the beginning of the track season the school found itself without hurdles. The proposition of supplying these was put up to the department and only three days elapsed before the one that was chosen for the design and completion of the forty high-low hurdles. Each hurdle had nine pieces of wood in it and two feet high in the middle and one foot high at the ends. In this alone, fourteen feet of threads were cut. Placed on end the hurdles would make a pile 140 feet high. All of the work was done in the shop with the exception of course, of the assembling.

Among the other things constructed by the department this year are the one garage, 10x18 feet, one charging sled for the football team, voting booths for the institute, four portable blackboards for the grades, six filing cabinets for the high school, one table for the auditorium, 12 double benches for the intermediate department, four work benches for the shops, one forge for the shop, two hay racks, one red rag, four gates, one breakfast nook, two, two-breakfast tables, two typewriter tables, three bleachers for the gymnasium, 8 bulletin boards for the intermediate department, 12 book racks for the intermediate department, four filing cabinets for the intermediate department and many other articles too numerous to mention.

The students have also done considerable work on individual projects, such as library tables, stands, cases, piano benches, etc.

Plans are now on foot whereby the department will make the play ground equipment for the city. This in itself will be a big saving and will enable the committee in charge to install considerable more of the playground equipment than was counted upon.

The work in the machine shop has also been of practical value. Some outside work has been taken in but most of the time has been put in in the construction of grinders, cutters, arbors, etc. for the shop. This course has proved to be one of the most popular courses offered in the department.

blissoms decorated the rooms, and refreshments were served.

The Catholic Women's League met at the home of Mrs. Marie Macaulay yesterday afternoon with Mrs. Rose Strom, Mrs. P. Pfeiffer, Mrs. J. Strom, Mrs. H. S. Sherman and Mrs. Geo. as assistant hostesses.

Mrs. W. H. Greenhow and Mrs. Taylor Cummings entertained the Episcopal Guild Thursday afternoon at the home of the former on Eighth avenue north. A brief business session was held with the president, Mrs. J. W. Whelpling, presiding. Mrs. Thomas Robertson and Miss Susan Sprague were appointed delegates to the convention at Boise on May 29, 30 and 31.

Mrs. Meelin Bentley entertained the Thursday Bridge club this week. Appropriate evening used to decorate the rooms and tables, a luncheon being served before the card game.

Mrs. Gertrude Macaulay entertained for Miss Lena Eckert Thursday evening with a miscellaneous show. Mrs. E. B. Williams was the hostess.

Auntie Should Have Known That. Little Marie was visiting at the home of her grandmother, and while there she went barefooted. One evening her aunt told her to wash her feet before going to bed. When Marie came into the bedroom her aunt looked at them and said: "Why, Marie, you did not wash the bottom of your feet at all! The little girl looked up surprised and said: "Why, Auntie, I—don't sleep standing up!" Chicago American.

OPINIONS

Kansas City Times: 'Whatever may be the technical details of the entire very over the award of the island of Yap to Japan, there can be no question as to the righteousness of America's position that the island with its cables should be internationalized. Yap is southwest of Guam, and is important only as a cable station to China and indirectly to Australia. The United States after making the determining contribution to the winning of the war, asked no territory and no reparations.'

ations. One of its few requests is that the essentially international status of a cable crossroads in the Pacific be recognized. The powers associated in the cabinet cabinet failed to refuse such a request.'

Portland Oregonian: 'The miners' strike in Great Britain is far more than a strike; it is an attempt at industrial revolution. The dispute about wages is only its ostensible cause; the actual cause is determination of the miners' leaders to force nationalization of mines. The miners are not politically organized as the labor party, which is in fact what Premier Lloyd George has named it, the socialist party. For that reason the trade union workers and railroad men have pledged support without limit to the miners, nationalization of the mines being regarded as the first step in an industrial revolution. The effect must be industrial paralysis, for not only must traffic by rail and water stop because of the strike of railroad men, but also the coal industry must stop because of the miners' strike alone, and without coal industry must stop.'

Americans Make End to London Tea Party

LONDON, (AP)—A New York banking concern has demonstrated that an Englishman can do without an afternoon cup of tea—long a colonial question. Officers of the American company declined the half hour or 15 minutes usually allowed workers in England for tea each afternoon constituted an unnecessary waste. So the word went throughout the company's several large branches in London during tealess afternoons.

There was many feminine registrations of indignant disapproval. Disputes were not less marked in the part of the men employees of the concern, but assurance was given that the order must be obeyed and the four o'clock ringing of tea-bells ceased.

SPANISH FARMERS CALL FOR GOVERNMENT LOANS

Turn to Government with Appeal for Establishment of Land Banks in Loano Trainers' Group MADRID, (AP)—Farmers' associations of Spain are demanding that the government set up land banks to loan them money at reasonable rates to purchase modern machinery and fertilizers. They say the loan farmers now have to borrow cash from usurers who often charge as high as 250 per cent.

Lumbago This is a rheumatism of the muscles of the back. It comes on suddenly and is quite painful. Every movement aggravates the disease. GOLD WEATHER CHECKED CROPS THROUGH STATE

Weekly Summary of Farm and Climatic Conditions Shows Retard of Growth

The weather was unseasonably cold during the greater part of the week in all sections of the state, but there was a sudden and pronounced change to warmer on Sunday; this warm spell was of but a day's duration. The week was unseasonably windy. There was much cloudiness and occasional rains, mostly light and covering relatively small areas, occurred. Heavy frosts occurred on several nights.

While the weather was not particularly favorable for farm work fair progress was made in most localities, but in a few sections the soil was still wet enough to prevent active field work. Work was confined largely to plowing and fitting of the soil, but in some localities winter sowing was in progress; best seed planting is under way; potato planting has been begun, and a little corn has been planted.

It was poor growing weather. Possibly the cereals are faring best during this prolonged period of cool weather, but most growing crops need more warmth. Meadows and pastures, generally reported in good condition, are making but little growth, being retarded by frosty nights and cold drying winds. Fruit suffered further frost damage in many localities and in some sections spring sown barley and also alfalfa were damaged by freezing.

Twins Falls, Twin Falls County—Cloudy, occasional showers, frost of 23 and 24 took heavy toll of peaches, cherries and apricots, apples escaped. Oakley, Cassia County—Grain seeding well along; best seedling progress; some potatoes planted; too cold for good growth; range good, livestock thriving, lambing just beginning, next warmer weather.

Burley, Cassia County—Cold weather and strong west winds delayed all farming operations; vegetation made little growth.

Albion, Cassia County—Cold winds all week, vegetation backward, much damage by frost and heavy winds.

Bliss, Gooding County—Alfalfa and grain damaged by frost and heavy winds. New Meadows, Adams County—Cold and wet; not favorable for farm work; grass growing slowly.

Hagerman, Gooding County—The growth of vegetation further retarded by cold, cloudy weather; light precipitation first of week was beneficial, but high winds later caused rapid drying.

FEDERAL LAND BANK AT OMAHA RE-OPENS DOORS

Applications Accumulated During Two Years Endorsed, Expenses Will Clean Up \$4,000,000 OMAHA, (AP)—The Federal Land Bank of Omaha, which has up loans for more than a year because of litigation against the farm loan act, opened for business Thursday with \$4,000,000 in loans on farms in Nebraska, Iowa, South Dakota and Wyoming. It was announced by D. P. Hogan, its president. Mr. Hogan said applications for loans through various associations representing the bank, already received, would take up all of the money available at present. He added that 'just as soon as the paper has been examined and the loan approved by our representatives the actual making of loans will begin.'

CLOWNS WILL FEATURE HOWE'S GREAT CIRCUS

Fans Must Work and Study to Keep Up to Date in Their Calling

In the dressing rooms of the circus there are certain aisles where the clowns make up. They constitute what is known by the performers and the funny fellows as 'clown alley.'

It is 'clown alley' there isn't so much hilarity as one would imagine; in fact, one finds the clowns busy writing letters, mending costumes, reading and studying current events in search of material for stunts. Far that's where the majority of the really big shows have come from—the day to day stories in newspapers. With Howe's Great London Circus and Van Amburg's Train Wild animals there are 12 producing clowns—funsters who produce their own laugh skills. They will be seen on circus day, in Twin Falls, Wednesday, May 11, when the great tents will be raised at usual grounds, the central figures in many an up-rearing pantomime comedy. But, after parade and between the afternoon and night shows, they'll earn the halting carefully for new stuff. A producing clown must always work at his art—and do not think that real clowning is not an art—or his efforts soon fall behind in the race for laughs. Besides, the life of a good clown isn't only one season, and even then it must be polished and altered as the months go by, slipped to suit different sections of the country and adapted to the moods of the people crowding the great seven-pole top.

SCHOOL HONORS PIONEER PRIEST

University of Santa Clara to Hold Celebration in Tribute to Father Richard

SANTA CLARA, Cal., (AP)—University of Santa Clara will do honor here May 15 to Father Jerome B. Richard, its "patriarch of the west" in commemoration of his 50 years as a member of the Society of Jesus. Father Richard, a noted astronomer, has attracted much attention by his success in forecasting weather conditions, which he ascribes as being entirely due to spots on the sun. Earthquakes, he believes, are due to the same cause.

surface when planets and sun are in conjunction, and at the place where the spot is least strong an earthquake takes place.

By actual count, four out of every five homes in Twin Falls receive The News. Daily. Tell all these people what you have to sell, trade, barter or exchange, about your rooms for rent, houses for sale or rent, the position you want or the help you need—One Cent Per Word—Phone 92

FORMER MEMBER OF HIGH SCHOOL FACULTY IS DEAD

Fraternity Chapter at Moscow is Advised of Death of Walton B. Clark, Once Teacher Here

Word of the death of Walton B. Clark, who was for three years principal of the department of science at the Twin Falls high school, has just been received by his chapter of the Sigma Xi fraternity at the University of Idaho. Mr. Clark entered the University of Idaho after leaving here in 1916 and graduated with honors from the school of mines. He subsequently received the military service and was ranked the captain in the artillery. During a considerable portion of his period of military service he was a patient in an army hospital. With the end of the war, Mr. Clark accepted a position as a chemist at Okanogan, Okla., where, it is assumed, his death occurred.

COLORED MAN IS SHOT TO DEATH, LOCAL NEGRO IS HELD FOR CRIME

Walter James, Employee of Warren Construction Company, Almost Instantly Killed in Row in Lower Main Street Resort Known as Workmen's Club—Shooting Said to Have Followed Attack by James on Bert Kelso

Walter James, aged 42 years, a colored man employed in pavement construction by the Warren Construction company, was last night shot and almost instantly killed by Bert Kelso, colored, employed for several years as a janitor here. Kelso surrendered himself to city police officers shortly after the shooting and is in custody in the county jail. It is unlikely that an inquest will be held.

HAZZARD'S TITLE CLEAR TO HYDRO-ELECTRIC SITE

Time Limit Expires for Filing of Appeal in Contest and Deal with Mutual Corporation Goes Through
Failure of Mrs. Mary E. Steier to file within the statutory time limit just expired an appeal from the decision of Judge Harry Evison in district court holding valid the title of William C. Hazzard to the Clear Lake power site on Snake river north of Buhl, results in the confirmation of Hazzard's rights and makes possible the fulfillment of his contract to transfer the power site to the Farmers' Mutual Power company, according to the statement today of T. K. Hackman, attorney for the company.

DECIDES ON CLASS FIGHTS

High School Student Council Authorizes Flag Rush and "Over the Top"
A meeting of the student council was held Wednesday evening after school to determine the nature of the interclass contests that are to be staged this year. It was decided to hold such the same kind of class fights as were held last year, the seniors and juniors participating in a flag rush and the sophomores and freshmen in an affair called "Over the Top". This latter is somewhat in doubt but will probably be carried out.
