

ROME AFFORDS FEW COMFORTS FOR TOURISTS

Accommodations at Italian Capital, Preempted for Months in Advance and Visitors Must Come Prepared to Bivouac

ROME, (AP)—"Touting on the old camp grounds" will be the lot of Americans rushing to Rome. Rome is full, full for months, so the hotel men say. American tourists have captured and occupy it so that others of their countrymen wishing to get in must be spoken for in advance or must pave a golden road for themselves in gratuities to hotel porters and clerks in order to get a place where to lay their heads.

"Sorry but we are full. Did you write us? Did you telegraph?" is the constant cry of the functionaries of the hotels. If one cannot answer in the affirmative, sorry indeed is their lot for weary pilgrims from one hotel to another is the only alternative.

"Scalper" might aid.

A chance might bring a room "scalped" to one's assistance. This consists in offering a room in a private house for which the daily stipulation is enormous. There was one example where an American paid \$10 a night for his room in a private family. The room was only scantily furnished and not modern in its appointments.

Aside from the scarcity of lodgings, Rome seems to have taken on its peculiar attitude. The same vendors of camoes present themselves to the American on his appearance in Rome. The same old faces are seen in the antique shops and the art show-rooms. The same beggars occupy their accustomed places, while the same old "blind beg" with its full-fledged "drummers" of tourist sheldie greets you, its unmitigated wails, squeals and clatter on the highways. Cab drivers rule the highways, except for a new auto bus line which has superseded the old horse line on the Corso Vittorio.

Prices have mounted ten to twenty times what they were in the old days. All the souvenirs are a thousand per cent. higher. The art works and antiques have taken a similar leap. "Itching palms" greet the American tourist at every angle. Hotel prices, even when transferred into American money, are two or three times the former level. A room and meals on the American plan costs at least \$5 a person, where it used to cost two.

KOREANS MAY GET VOTE

Japanese House of Representatives Adopts Bill to Extend Franchise

TOKIO, (Correspondence of the Associated Press)—The political program of Hingonhoku, the well known Korean who was recently assassinated in Tokio was brought one step nearer when a committee of the house of rep-

representatives unanimously approved a project to extend the present election law of Japan to Korea. If the diet passes this bill it means that the Korean people will have the right to vote on the same basis as the Japanese.

MEXICAN PHYSICIANS DROP SEARCH FOR TYPHUS GERMS

MEXICO CITY, (AP)—Search for typhus germ, for the discovery of which the newspaper Universal offered a prize of 25,000 pesos, has been abandoned by the numerous Mexican physicians who sought it and the newspaper's offer has been withdrawn.

FIRST MORTGAGE INVESTMENTS. Arthur L. Swain—adv.

This is Chapter 1 of a story just as wonderful as any you've ever heard or read

Ordinary air no longer is good enough for the making of your favorite delicacy; Ice Cream!

A WONDERFUL thing has happened to the ice cream-making business; a thing which opens up undreamed-of possibilities in making this, your favorite delicacy, a purer thing; a finer thing; a BETTER thing than ever before. And this has happened at a time when we thought we had made ice cream as pure and fine as it was possible for human skill and care to produce.

AND now that we know about it, and are using this process to make your ice cream, we WONDER why no one thought of it before. The whole thing is reasonable. We pay out enormous sums of money to buy the best of everything else—just to make the ice cream pure and good. But, up to now, we hadn't THOUGHT of buying a 100 per cent. PURE atmosphere, to perfect the purity of the finished ice cream. You know, yourself, how housewives seal their "preserves" and other "canned" goods, to EXCLUDE ALL AIR—because THEY know that even a spoonful of air would spoil the fruit or vegetables or meat. Why NOT ice cream?

We have found out that ordinary air—the air that fills our rooms and covers the whole world—NO LONGER IS GOOD ENOUGH FOR THE MAKING OF YOUR DISH OF ICE CREAM! It is NOT good enough, because this astounding new discovery has placed at our disposal a STERILE atmosphere, which is ONE HUNDRED TIMES PURER THAN THE PUREST AIR!

STERLING Supreme carbonated ice cream is the only ice cream made in this city by this marvelous new method of "CARBONATING!"

Well, at any rate we've got it NOW. And the result is ice cream which really IS PURE—purer than we'd ever dreamed it COULD be made. It costs us a little more to make—because NOW we PAY for this PURE atmosphere, where the AIR used to be FREE. But it costs YOU no more, for a brick—or a quart—or a dish—because we assume the additional expense.

By means of a complicated little mechanical device, the ordinary air is driven out of the freezers while the ice cream is being frozen, and this super-pure atmosphere is substituted for it. This process is called "CARBONATING"—and we speak of the super-pure ice cream it produces as "CARBONATED" ice cream.

And—on top of this tremendous advance in PURITY—"CARBONATING" does other things to make the ice cream BETTER. First of all, it enhances the actual flavors—makes them a shade more noticeable as you eat the cream. Then, it actually increases the FOOD-value of ice cream—because this super-pure atmosphere we use has long been used in foods and beverages; has been proved to be GOOD for your stomach. Finally, it makes the ice cream EASIER TO KEEP! Doesn't melt quite so quickly.

No greater purity known to man--

The atmosphere we use in carbonating your ice cream is 100 per cent. pure—and there is no more perfect purity known to man. By careful selecting, testing and buying we use only the purest of milk and cream and sugar and flavors; in fact only the PUREST OF EVERYTHING WHICH GOES INTO YOUR ICE CREAM! Now we freeze the cream in atmosphere which is ABSOLUTELY pure. The result—the super-pure, better-than-ever ice cream—is ready for YOU to try, NOW, at any of the stores where you see THIS name displayed:

TERROR SEIZES ARMENIANS AS FRENCH DEPART

Veritable Panic Reigns when Announcement is Made of Impending Withdrawal of Troops from Cilicia District

NEW YORK, (AP)—Announcement that the French troops would be withdrawn from the Cilicia district of Turkey as a result of negotiations with the Turkish nationalists, caused a panic among the Armenians, realistic, says Dr. J. K. Martin, a relief worker at Aintab, in a report sent to the Near East relief.

Dr. Martin said that most of the Armenians were leaving that city as fast as they could and that the poorer people who could not afford to leave were almost distraught with fear. The Turks have become bolder and more threatening since reports of the contemplated French evacuation were received.

The missionary quoted a reported report of the Moslems that they would rebuild their shattered mosques and minarets with Christian skulls and says this has not failed to have its effect on the Armenians. Dr. Martin adds:

"An Armenian said to me: 'We would all of us go calmly, joyfully, to some desert place if only permission were given us. We would prefer to die of hunger and starvation many times rather than once again fall into the hands of the inhuman Turks.'

"The Armenians themselves are again going to the slaughter with not a hand in all the world raised in their defense or a voice uttered in protest. The nations of the world sit around, look on and continue to eat. Yet we trust that in some way, we do not know how, deliverance will come."

Armenians in London were advised that the French troops began evacuation of Cilicia prior to April 12. Armenians there had appealed to the French premier not to withdraw the troops until an international force was organized to control Turkey. It was stated that 100,000 Armenians had decided to abandon Cilicia.

You May Be Sure, Says Claude, that if you have your repair work done at C. M. GATES AUTO CO. you will get your money's worth. Any one will tell you that. 158 2nd Ave No. PHONE 55

MONDELL URGES ARMS SURRENDER

Republican Floor Leader Tells Philadelphia Audience Opportunity Beckons

PHILADELPHIA, (AP)—The present condition of world affairs affords a wonderful opportunity for consummating a permanent armistice agreement.

White Sox and Browns, as a result of bad weather, now have five postponed games to play off, two in St. Louis and three in Chicago.

Whether or not Berold-Doland wants to play any more ball is not known but he ought to be a little better for some club in a climate where his arm would have a chance to come back.

In the final game of the Cleveland-St. Louis series, Joe Sewell was spiked to the heel, Manager Ebbell of the Browns permitted Jack Gandy to run for Sewell and then the Indians' short stop was allowed to return to his position after his wound had been fixed up.

The Chicago White Sox are willing to wait until they get straightened out before playing their games.

chub will develop an inclination to use it; that with the growth and maintenance of such an establishment there is developed a false philosophy which justifies its use.

FIFTEEN YEARS AGO IN TWIN FALLS

Tables of revenue from The News Times this date by year 1910

The Twin Falls Hospital Association Limited, has been incorporated with a capital stock of \$25,000.

The board of school trustees met on Wednesday, received the report of Superintendent Potter, selected seven teachers for the coming year and disposed of unfinished business.

New York—Benny Knuff, suspended from auto driver's license for guilty of stealing an automobile.

Good progress is being made on the railway bridge across Rock Creek. The principal difficulty is in keeping the foundation pit clear of water.

Rev. John Gourley and family have arrived in Twin Falls. He is the new Presbyterian pastor and he will assume his duties at once.

Work has commenced on the pipe line which will convey water from the low line canal to the city for domestic purposes.

Detailed plans for the Twin Falls sewer system will soon be ready for presentation. T. A. Perkins, the consulting engineer, is here conferring with H. S. Cookinham, who has been making the survey and is preparing the plans.

Tuesday, May 8, was Pythian day in Twin Falls and will long be remembered by the members of the order as one of the brightest in its history.

Confidence that every nation would welcome an invitation to join in the armament and that the agreement could easily be carried out was expressed by the speaker.

"We must judge of the probability of fulfillment of voluntary obligations such as are proposed, by the world's experience with treaties, which in the main have been the harsh terms exacted of a defeated people," he said.

"All history teaches and recent history has proven conclusively, that a nation possessing a great fighting ma-

As the motor and the rear axle are the vital fundamentals in a motor truck, we have the right to conclude that the Ford One Ton Truck has not only met the demands of business, but has done so in a satisfactory and economic way.

CAMERON DAM'S DEFENDER FREE

Wisconsin Governor Grants a Complete Pardon to John F. Dietz

MADISON, Wis., (AP)—Complete pardon was granted John F. Dietz, Thursday by Governor Blaine restoring freedom to the widely known "defender of Cameron Dam" on the tenth anniversary of his conviction of the killing of Oscar Harp, a deputy sheriff, on October 8, 1910.

Considered Trial Legal
Governor Blaine in granting the pardon stated that he had considered the trial was legal in respect to the judicial proceedings and declared that "from consideration of public policy and in making allowance for the exceptional circumstances" he had concluded that Dietz should be free. "I am conscious," the governor said, "that from the evidence before me, there is a doubt as to the guilt of John Dietz of the crime charged, and that he should be granted a complete pardon."

Dietz held off a sheriff's posse for months, attracting national attention. It is not expected that other charges against Dietz in Sawyer county will be pressed by the officials.

The controversy which led to the conviction and sentence of the Wisconsin pioneer to life imprisonment for first degree murder started in 1904, shortly after he had moved into Sawyer county in the wooded northern section of the state.

Fight Culminates Dispute
His attitude in opposing the Chippewa and Redd companies' plan to build a dam, culminated in a fight with the sheriff on April 25, 1905. Disputes had arisen over the property rights of Dietz in his homestead which bordered on a logging stream.

The feud in which two men, one a deputy sheriff, were wounded in fights with Dietz brought the trouble to a climax when sheriff's posse besieged the Dietz home and Harp was killed in the fighting.

The family then surrendered. Dietz was convicted of murder and sentenced to life imprisonment but former Governor McGovern commuted the sentence to twenty years.

Today's Markets

WHEAT PRICES UNCHANGED

Hard Dulles Carry Quotations Up from Decline to Yesterday's Level

CHICAGO, (AP)—Passage of the Tinebill bill by the national house of representatives was generally accepted as the reason for recent rising of the Chicago board of trade today. Wheat started from 2 to 3c off. Reports of rain in some parts of Oklahoma helped to lift prices.

Crop reports coupled with claims of frost in Nebraska led to buying by commission houses and prices started to fluctuate rapidly. Later damage of the Nebraska crops by frost were denied.

May opened 2 to 3 1/4c lower at \$1.14 to 1 1/4c, July being \$1.14 to 1 1/4c, which was 1 1/4 to 1 1/2c below yesterday's close.

Cash prices continued dull, the market appeared over-sold and hard rallies carried prices up to about the final figure. The close easy. May set unchanged at \$1.14 1/4 to 1 1/4c and July 1 1/4 to \$1.14 1/4 to 1 1/4c.

Corn was governed almost entirely by the action of wheat. July opened 3 1/2 to 1 1/2c lower at 62 3/4 to 62 7/8c; September 62 1/2 to 3 1/4c lower at 64 5/8 to 64 7/8c.

Corn followed wheat down slowly and rose sluggishly in the final rallies. July ended 3 1/4 to 7 1/2c net lower at 62 3/4 to 63 1/2c; September's closing at 64 5/8 to 64 3/4 was 5 1/2 to 3 1/4c below yesterday's final figures.

Ons followed corn and wheat, July starting 3 1/2 to 3 1/4c lower at 39 to 39 3/8c.

Provisions were firm because of optimistic trade reports from packers. Opening prices were generally a fraction higher but trade was light.

Cash Quotations
CHICAGO, (AP)—Cash wheat: No. 2 hard \$1.01.
Corn: No. 2 mixed 60 to 61c; No. 2 yellow 61c.
Oats—No. 2 white 38 1/4 to 38 1 1/2c; No. 3 white 38 1/2 to 38 3/4c.
Eyes—No. 2 2 1/2 to 2 1/2c.
Barley—60 to 72c.
Timothy seed—45.40 to 46.00.
Clover seed—\$13.00 to \$13.00.
Lard—49.00.
Hib—40.50 to \$10.50.

Chicago Produce
CHICAGO, (AP)—Butter lower; creamery extra 30c; firsts 25 to 27 1 1/2c; eggs 18 to 22c; standard 27 3/4c.
Sugar lower; receipts 27.00c cases; firsts 21 to 21 1/2c; ordinary 19 1/2 to 19c; at mark, cases included, 20 to 20 1 1/2c; standards 21 1 1/2c.
Potatoes all lower; fowls 30c; broilers 40 to 55c.

Kansas City Produce
KANSAS CITY, (AP)—Eggs 15c lower; firsts 20c; seconds 15c.
Butter and poultry unchanged.

Portland Livestock
PORTLAND, Ore., (AP)—Cattle steady; receipts 1,807.
Hogs steady; receipts 3,057.
Sheep steady; receipts 5,915.

Omaha Livestock
OMAHA, (AP)—Hog receipts 4,700; fairly active, steady with yesterday's average; bulk 180 to 240 pound butchers, \$8.25 to 8.40; top \$8.60; bulk butchers, 250 pounds and over \$8.15 and up.

Cattle receipts 400; market compared with week ago: beef steers mostly 60c higher; top \$8.85; shoat-stock 50 to 75c higher; bulls, canners, cutters 25c higher; steers and feeders strong.

Hog receipts none. Market compared with week ago: spring lambs 60c higher; woolled and clipped lambs fully 50 to 75c higher; sheep 25c higher; feeders steady.

Chicago Livestock
CHICAGO, (AP)—Cattle receipts 1,000; compared with week ago: beef steers, shoat-stock, and feeders 25 to 40c higher; bulls steady; veal calves 50c lower; top beef steers for week \$8.75.

Hog receipts 3,000; mostly 10 to 15c lower than yesterday's average; light weights off most; hold over light, weak; top \$8.95; bulk \$8.25 to 8.75; pigs steady to 15c lower; bulk desirable \$8.50 to 8.75.

Sheep receipts 7,000; mostly packers direct; supply on sale all Nebraska clippers going to shippers at steady prices; compared with week ago: aged and now crop lambs mostly \$1 to \$1.50 higher; shorn yearlings 25 to 60c higher; feeder lambs nominally steady.

New York Stock Market
NEW YORK, (AP)—Shorts controlled the stock market today's brief trading period. Pressure from that source caused extreme declines of 1 to almost five points among leaders, chiefly the motor, oil, and steel issues. Distinct features of the reaction included Mexican Petroleum, Houston Oil, Atlantic Gulf, Studobaker, Chandler, Boesh Magnet, Harvester, Sears Roebuck, Fenner Fryers and some of the other unlisted specialties.

Bulls, notably Baltimore and Ohio, Colorado Southern, New Orleans, Texas and Mexico and "So's" also were heavy. Losses were partially relieved for a time but the market gave again in the final dealings. The closing was heavy. Sales approximated 375,000 shares.

Trading in stocks at the outset of today's short session was of the usual indefinite week-end character.

Motors, oils and tobaccos registered moderate extensions to recent declines. Chandler, Boesh Magnet, Harvester, Tidewater and Sumatra fell 1 to 1 1/2 points. Sumatra made quick recovery, however, and elsewhere there were indications of short covering.

Liberty Bonds
NEW YORK, (AP)—Liberty bonds closed: 3 1 1/2% \$93.50; first 4 1/2% \$97.50; second 4 1/2% \$97.50; third 4 1/2% \$97.50; fourth 4 1/2% \$97.50; Victory 3 3/4% \$97.75; Victory 4 3/4% \$97.75.

Sugar
NEW YORK, (AP)—The raw sugar market was firmer and prices for uncontrolled sugars were higher with sales reported of 47,000 bags of Porto Rico's finest for very prompt shipment at a price of \$6.02 for centrifugal. No sales of Cuba's were reported and the prices are nominal at \$5.71 cost and freight equal to \$4.80 for centrifugal.

Raw sugar futures were irregular and closing prices were four points lower to 3c higher. July closed at \$3.84; September \$3.90 and December at \$3.85. The market was up for coffee, which was unchanged at \$6.50 to \$6.60 for fine granulated, with some of the higher priced refiners said to be accepting orders below the list.

Refined futures were steadier and covering and closing were changed to 1 point net higher. July and August closed at \$9.40, September at \$9.50 and October at \$9.40.

Sugar Futures
NEW YORK, (AP)—Sugar futures closed steady; sales 650 tons. July \$3.84; September \$3.90; October \$3.85; November \$3.80.

Potatoes
CHICAGO, (AP)—Potatoes, old slightly weaker. Northern 5 cwt.; Northern White, bulk \$1 to 1 10c; new steady; Texas Triumphs \$4.25 to 4.50 cwt.; Louisiana Whites \$3.50 cwt.

MORE POWER TO THIS MAN

It is hoped that Representative James W. McClintic, of the seventh Oklahoma district stays right on the job when a motion is made in the house to extend a member's remarks and have them printed in the Congressional Record...

The absurdity of filling the Congressional Record with speeches that are never delivered appears to have impressed itself in a practical way upon Representative McClintic...

It may not be generally known that many of the speeches which are sent under congressional frank to admiring constituents by many members of congress, with generous sprinklings of "applause" never heard, have been printed in the Congressional Record...

The practice has enabled many members of mediocre ability to have speeches written, and, after slating the subject to the house, obtain permission to "revise and extend remarks in the record. It is a plan that found much favor with members who sought to create an impression with the folks at home.

Representative McClintic should continue to interject his "if object" in the interests of economy. In the event that anything should affect his vocal cords to make speech impossible, it is hoped that he will waive his arms or make other signs that will indicate to the house his determination to stay on the job as long as an effort is made to fool the public through the Congressional Record.

OPINIONS

New West Magazine: One of the curses of our nation today is the attempt to tax too many of our citizens to run their neighbors' business...

Investment News (Chicago): Anyhow, with the public paying at the rate of \$200 a ton for what was worthless...

New West Magazine: The west should demand that conservation shall not be bungled to mean reservation that the plans and administration of the government be made practical...

Levelton Tribune: International developments of the last few decades have served to bring the American people to the fact that we know little or nothing of foreign events...

Levelton Tribune: Under the real thing effected by the proposed transportation costs can and will be moderated, but not to an extent that will neutralize the advantage of doing up home goods...

PRESBYTERIANS TO BE ASKED TO ENDORSE CHANGE

Questions of Eligibility of Women to Serve as Deacons and of Church Union Up to General Assembly

WINONA LAKE, Ind., (AP)—The 123rd General Assembly of the Presbyterian Church will meet here Thursday and continue until May 29.

Nine large presbyteries have united in endorsing an overture, which will be presented to the General Assembly, asking for a change in the form of Presbyterial government...

Church Union Opposed

Two important reports will be made relative to the success or non-success of the overture set down by the 123rd Assembly, regarding the eligibility of women to serve as deacons and the desirability of co-operating in the so-called "union" of churches...

On the 12th day of the opening of General Assembly, the Presbyterial Board of Home Missions conducted its usual Home Mission Council...

A joint pre-Assembly conference will be held by the Board of Foreign Missions and the Board of Home Missions. Other boards and agencies which will have pre-Assembly gatherings include the General Board of Education...

General Assembly begins its sessions May 19. Many overtures will be presented. Rochester presbytery has endorsed an overture asking that there be included in the Presbyterial annual budget only those boards and agencies under direct General Assembly control...

Several presbyteries ask General Assembly to merge the Presbyterial Board of Missions for Women with the Presbyterian Board of Home Missions. This request is made, in part, to the overture, so that "in the Presbyterian Church all races will be handled as part of one great problem and on one race out by the Presbyterial Church."

World Includes Czechoslovak

Czechoslovakia is now a republic. Because of this fact and because there are great mission opportunities in that land, Czechoslovak presbyteries ask that this republic be included in the Year Book of Prayer for Missions for special study and attention.

WOMAN DEVOTES LIFE TO MINISTRY AMONG LEPERS

LONDON, (AP)—A story of heroic sacrifice and devotion has been received from a village near London, England, where Mary Reed, a solitary white woman missionary, is giving her life to ministry to the sufferers of her fellow lepers.

News of her isolated life was brought back by Mr. Oldrieve, organizing secretary of the Mission to Lepers, who has just returned from a 70,000 mile journey visiting all the leper colonies in India.

Thirty years ago Miss Reed went into this desolate spot in the Himalayas, 10,000 feet above sea level, offering herself to the leper cause. Although the peril of the industry, she is still able to carry on her spiritual work among those afflicted like herself.

According to Mr. Oldrieve, there are 200,000 lepers in India. "At present," he declared, "it is not right to say that any cure for leprosy has been found."

THE NEWS' SUNDAY SERMONETTE

By CHARLES GLENN BAIRD, M. A. Rector, Church of the Ascension, Episcopal

HOSPITAL DAY

St. Matt. 10:37. "Heal the sick."

A hundred years ago the English philanthropist, Florence Nightingale, was born. We know of this remarkable woman chiefly because of her ministrations to the sick in hospitals and to the wounded on the battlefields...

It was a beautiful tribute to the life work of Florence Nightingale, and most appropriate to observe the birthday of this illustrious public servant as Hospital Day. The day appointed was last Thursday, May 12, and Twin Falls joined with thousands of communities in the United States...

The day's thought passed when the general public thought of a hospital as a place of last resort, where sick folk were taken in a critical if not hopeless condition, after they had had a long spell of home treatment...

One of the purposes of Hospital Day is to draw the attention of young women to the opportunity which they may find today in the profession of nursing.

It has helped us to appreciate the value of the physician's skill and the nurse's training. It has called our attention to the hospital as one of the great benefactors in an age when most activities are conducted more or less selfishly with private profits as the main object.

Hospitals are religious institutions, founded on the Christian principle of charity. They have the religious motive back of them, for they are charitable in the best sense of the word. It costs money to maintain them, but many of them make no profit whatever; and in fact, face an annual deficit; while others make no profit at all commensurate with the service they render.

It is a beautiful tribute to the life work of Florence Nightingale, and most appropriate to observe the birthday of this illustrious public servant as Hospital Day.

It is a beautiful tribute to the life work of Florence Nightingale, and most appropriate to observe the birthday of this illustrious public servant as Hospital Day.

Lustreless Paint for Walls The ideal finish for walls and ceilings is Acme Quality No-Lustre Paint. An artistic, sanitary, lustreless oil paint made especially for walls and ceilings. Has the soft, velvety beauty of a fresco or kolomoine but the cleanliness and durability of an enamel.

ACME QUALITY NO-LUSTRE FINISH is economical because its durability renders frequent re-decoration unnecessary. It can be applied over plaster, wall board, metal, canvas, wood or any surface upon which paint is ordinarily used. Color sample cards at our store for the asking.

VICTORIES OF PEACE EQUAL THOSE OF WAR Whether the task is the construction of a colossal harbor improvement project, or the administration of a newly acquired insular possession, the Department of War is always prepared to bring to the task a high degree of skill and masterful judgment.

FIRST OF SEASON'S WATER RUN MONDAY

Floodgates will be Opened for Irrigation of Salmon District Hay Lands

The initial delivery of water for this season on the Salmon River project will be turned from the reservoir into the canal system on Sunday to continue for about 30 days, according to announcement of Superintendent J. C. Porterfield of the Salmon River Canal company.

There is every indication that considerable water will be carried over to the reservoir in the next season, according to Mr. Porterfield. A reading of the gauge at the reservoir today showed the water level at 552 feet, indicating a rise for the past week of 51 feet. The amount of available storage water in the reservoir today was 107,390 acre feet, the gain for the week being 10,780 acre feet.

Should the run-off continue as may be anticipated from present conditions, officials of the company say, it is possible that the run-off for the season will approach that of 1917, which was over 210,000 acre feet.
