## FOOD SHORTAGE NEW FACTOR IN UPPER SILESIA

### Prospect of Famine Threatens to Cause Further Disorders in Scene of Polish Insurgents' Operations

LONDON, (AP)—The food shortage in Upper Silesia has reached a crisis of a magnitude considered likely to cause further disorders. It is revealed shortly, according to advices reaching official circles here. Interchanges are proceeding among the allied governments in an attempt to relieve the situation before the meeting of the supreme council which is to take up the Silesian question.

### Beland Wants Report of Diver-Alleged Commission

PARIS, (AP)—Premier Briand of France is expected at a meeting of the supreme allied council to discuss the Silesian question with the inter-allied commission in Silesia has reached an agreement and submitted a report. Assurance that Germany would avoid interference in the Silesian province area, and that shipments of arms and munitions to the insurgent forces would be stopped given by the Spanish ambassador at Berlin by Joseph Wirih, the German chancellor, yesterday, served to decrease the tension over the Silesian situation here today.

### German Deliver Houses

Announcement is made by the minister of liberated regions that Germany will soon begin the delivery of wooden houses to be erected in the devastated zone of northern France. Germany will furnish 25,000 of these houses, which will be somewhat similar to the wooden houses in America. The houses will be built more solidly and constructed so that they will be waterproof.

### Disposo of German Credits

Of the 150,000,000 marks in gold repatriated by Germany's first payment to the reparations commission, 140,000,000 in foreign currency, bills of exchange and notes will be converted into dollars according to the terms. The other 10,000,000 marks will be shipped direct from Berlin to Paris.

### Germany will be credited at the rate of exchange obtaining on the day the transfer is made and not at the rate prevailing May 13, as was suggested.

### Deputies Adjourn

The chamber of deputies, which has been adjourned in Germany's first payment to the reparations commission, adjourned today Tuesday night. Premier Briand did not speak in defense of his policies.

## VANDALISM MUST CEASE SAY TWIN FALLS PEOPLE

### Wanton Theft and Destruction of Flowers and Shrubbery Subject of Bitter Complaint—Steps Taken to Provide for Rigorous Prosecution of Culprits

During the past several days many complaints have reached The News office with respect to the theft of flowers and the wanton destruction of flowering bushes and shrubs on private grounds in Twin Falls.

At least a dozen residents of the city complain bitterly of the results of the type of vandalism and an informal association of a number of these men for the protection of their premises will probably be formed as a result of this article. Some one indulging in this sort of petty crime is taking up the law.

Within the last day or two a lilac bush which has been a joy to its owner and to the entire neighborhood was utterly destroyed by a group of these vandals who literally tore the tree to pieces in their efforts to strip it of bloom. Tulips in half a dozen yards have been plucked, trampled and destroyed.

## Tribal Honors Paid to Indian World War Hero

### American Legion, and Catholic Church Join Sioux in Funeral Ceremonies

CANNON BALL, N. D., (AP)—With all the country celebrating a victory in the great days, Albert Grass, 21, last chief of the Dakota Sioux Indians will be buried today. Merged with the Indian services will be the modern rites of the American Legion and religious ceremony at the local Catholic church. Several thousand Indians are here.

The final resting place for the young chief, who was killed in battle while with the American expeditionary forces in France in 1918, will be Holy Hill, near Cannon Ball, the Indian where the last great and brave of the Sioux was held. Grass' body reached here from France this week.

White Horse riders here charge of the Indian ceremony, consisting mainly of chanting dances, which lasted throughout the night. The White Horse riders is composed of middle aged warriors who had won membership in the organization many years ago through special favor.

## Form Corporation to Provide Sunday Games

DEADWOOD, S. D., (AP)—A novel business organization has been formed here and now provide Sunday baseball games to fans of the Black Hills in compliance with the Sunday law. In a recent decision, the supreme court in South Dakota has ruled that the Sunday law is unconstitutional is charged; Sunday baseball in South Dakota, was illegal. At the meeting last night it was decided to form a new organization, the stockholders to be admitted free to all baseball games played here. A legal opinion was that this plan was in accord with the law and now provide Sunday baseball games to fans of the Black Hills in compliance with the Sunday law.

## Fatality Results in Violent Wind Storms

OMAHA, Neb., (AP)—Violent wind storms in Nebraska yesterday and last night resulted in the death of one man, injuries to a few others and considerable damage to farm property. A man and a companion injured when the chicken house in which they sought refuge was demolished. Hasting reported a tornado near Spring creek in which many property and stock were destroyed.

## Iowa Labor Executive Ban Red Flag Waving

BURLINGTON, Ia., (AP)—J. C. Lewis of this county, newly elected president of the Iowa State Federation of Labor, in his acceptance speech today, declared emphatically against the one big labor movement, "and banishes the red flag from the ranks of the labor federation, holding that there was 'enough red in Old Glory to suit him.' Lewis, who can't stand to the principles of the American flag can go back to his own country. There is no place for him here."

## SENATE ADOPTS COMPROMISE ON TARIFF MEASURE

### Votes Approval of Conference Report on Emergency Bill without Debate; Early Action in House Expected

WASHINGTON, D. C., (AP)—Another step toward enactment of the emergency tariff bill was taken today with the adoption of the conference report by the senate without debate. The house is expected to act finally on the measure in the near future.

The vote on adoption of the conference report was 57 Five Democrats, Ashurst, Arons, Broussard, Louisiana; Keatling, Young; Harrell, Louisiana, and Sheppard, Texas, voted for the conference agreement and one republican, Moses, New Hampshire, voted with the majority of democrats against the measure.

## FAVORABLE REPORT GIVEN AGRICULTURAL SURVEY PLAN

WASHINGTON, D. C., (AP)—The senate committee on agriculture today rendered a favorable report on the Long-Strom resolution authorizing a general survey of agriculture and related industries, and the committee reported the senate and house to be composed of five members from each body, three of them republicans and two democrats.

"It's final out just who is profiting," said Senator Leavelle, urging federal action on his resolution and endorsing the suggestion of President Harding for some government agency to give publicity to costs and profits in various lines. Publicly, with fair price findings, he added, would be more potent than any legislation.

## ZAYAS RECEIVES GOMEZ' CO-OPERATION PROMISE

President of Cuba is charged by Gomez with political opposition.

HAVANA, (AP)—Dr. Alfredo Zayas, president of the office of president of Cuba, was elected by a cabinet program from General Jose Miguel Gomez, his opponent in the bitterly contested election of last November, extending his resignation and promising his cooperation.

General Gomez is at present in New York and his cablegram was considered an indication that his party, the liberals, would actively participate in the future work of the Cuban government.

## FLASHES FROM THE WIRE

KEWANEE, Ill., (AP)—One hundred exhibition animals, including race horses, cows and sheep, perished in a fire last night which destroyed the largest barn on the Bradford farm grounds.

CHRYSTIE, Wyo., (AP)—The law requiring every man who takes out a marriage license in Wyoming to first have a doctor's certificate as to his physical condition, became effective in this state today. The law was passed by the last legislature.

NEW HAVEN, Conn., (AP)—Mr. and Mrs. Michael Galt, parents of quadruplets born recently, today received a letter of congratulation from President Harding. One of the four was named Warren Harding and the president expressed his appreciation of the compliment.

FARMINGTON, Mo., (AP)—The first degree murder charge against Mrs. John Parsons, thirteen years old, in connection with the death of her six year old step-daughter, Lily, was dismissed by Circuit Judge Hook here today. A charge of fourth degree manslaughter immediately was filed against her.

OKM., (AP)—Bootleggers who contracted to supply rum runners with whiskey have been so hard pressed for supplies since the prohibition law was enforced that they have resorted to organized raids on liquor stocks in private homes here, police department officials declared today.

## TURBULENT SCENES MARK MEXICAN DEPUTIES MEET

Radicals and Liberal-Constitutionalists Indulge in Violent Clash with Conservatives Joining in

MEXICO CITY, (AP)—Radical members of the chamber of deputies today, their opponents, the members of the liberal-constitutionalist party engaged in a stormy session in the chamber last night. Passions of the law, and the federal district. The speaker wished to make the bill operative throughout the entire republic.

## PROCLAIMS MARTIAL LAW IN MINGO COAL DISTRICT TORN BY YEAR OF STRIFE

### West Virginia Governor Gives Recognition to "State of War" Incident to Continuing "Lockout Strike"

## UNION EXECUTIVE PROMISES AID TO NON-MEMBERS STRIKING IN PROTEST

## POLICE WIDE OUT IRISH AMBASCADRE

CHARLESTON, W. Va., (AP)—Governor Morgan today issued a proclamation declaring martial law in Mingo county, the seat of industrial strife for more than a year.

What has been termed a "lockout strike" has been in progress in the coal mines of the Mingo field for almost a year and, according to the governor's proclamation a "state of war, insurrection and riot" has been in existence for some time in the governor's proclamation.

Some 200 men, including Charles F. Kenny, president of district 17, United Mine Workers of America, in a signed statement called upon all non-union miners in the Mingo field when Governor Morgan issued their union benefits while they were idle.

## TERM LIMIT PROPOSED FOR CHURCH OFFICIAL

Presbyterian General Assembly is Presented with Overtures on Office of State Clerk

WINONA LAKE, Ind., (AP)—Sixty annual sessions in regard to the office of state clerk, made vacant last year by the death of Dr. William Henry Roberts, drafted action today by the One Hundred Thirty-third general assembly of the Presbyterian church in the United States. The office is the highest in the church, except that of moderator of the assembly, to which the Rev. Henry C. Swearingen of St. Paul, was elected yesterday.

Other overtures propose union of the Presbyterian and Reformed churches, and urge eligibility of women to be elders and deacons.

## FOREIGN TRADE OF FRANCE SHOWS EXPORT INCREASE

PARIS, (AP)—Imports for the first four months of the year decreased \$250,000,000 francs and exports increased 1,112,000,000 francs.

## KANSAS GUARDSMEN HOLD UP CRITIC'S PROMOTION

Senate Military Committee Holds Re-examination Against Major Heck's Report

WASHINGTON, D. C., (AP)—Chilcote claim today to have been made in France against the Thirty-fifth division (Kansas National guard) by Major Herbert G. Heck, caused his senate military committee to postpone today action on his nomination to be a lieutenant colonel.

The funeral of the reunion of the Thirty-fifth division, resolutions were adopted charging Major Heck with making "a serious and scandalous report" regarding the division, stating that it "was not a state, but a national guard outfit, which, it is," This, the resolutions recited, was "an insult to every man and officer in the division."

## MARSHALLS LEGISLATORS GIVE PARTIAL ACQUITTAL

BOSTON, Mass., (AP)—The legislative committee which has been inquiring into stock market operations by members of the legislative body in 1919 and 1920, will measure affecting the stock involved were pending, reported today a finding that such transactions occurred in 1919 and 1920. The committee reported, did the vote of those concerned affect the fate of a legislative measure. The committee submitted an order providing for the formation of a committee of the legislative body of Boston of a copy of the testimony for such action as he might see fit.

## CHESAPEAKE AND OHIO ROAD DEFERS SEMI-ANNUAL DIVIDEND

NEW YORK, (AP)—The Chesapeake and Ohio Railway company today deferred action on the regular semi-annual dividend of 2 1/2 per cent due at this time.

## WALL STREET EXPLOSION SUSPECT IS DENIED BAIL

Charging of Conspiracy is Lodged Against Alleged Dynamite Wagon Driver

## Fruit Shortage Is Unlikely to Result from Cold Wave

WASHINGTON, D. C., (AP)—Damage to fruit crops from freezing in some sections of the country has not resulted in general shortage. The department of agriculture said today Georgia peaches and California cherries are already flowing to the markets, while the strawberry crop was said to be abundant in several places. A good crop of apples and peaches is expected in Colorado, and an average yield in New England and New York. Utah will probably have only 25 per cent peach crop. Fair crops of blackberries and raspberries are looked for in Missouri.

# OFFERS STRONG ARGUMENTS FOR CHURCH POLICY

### Achievement of Unprecedented Results at Small Cost Claimed for Presbyterian New Era Movement by Secretary

WINONA LAKE, Ind., (AP)—Economic administration and unprecedented new gains in all branches of church work are shown in the annual report of the Presbyterian new era movement as presented by Dr. William Hillman, general secretary, to the general assembly here. The gains in contributions for benevolence have approximated 20 per cent, and the gains in accessions to membership 30 per cent. Dr. Foulkes in his report says in part:

**Three Years Movement.**  
"The new era movement of the Presbyterian church in the U. S. A. has had three years of seedtime and cultivation, but only two years of harvest. Its outstanding achievement has been the lifting of the level of the entire church to hitherto unrealized standards of giving and service."  
"One of the incidental achievements of the past two years has been the providing of fraternal assistance for the stricken Protestant churches of the war zone."

"It is gratifying to know that within the past two years \$254,194.50 has been collected; all but a small balance has already been sent to the various Protestant churches of the war zone. In addition to this a sum nearly as large was procured for the rehabilitation of our own returning soldiers and sailors."

**Aids Famines Relief.**  
"The China famine relief, Near East relief and European relief though not included in the official benevolence budget of the Presbyterian church, has been a most systematic and thorough organization of church forces."

"The new era movement has put its entire emphasis on the volume of printed matter and circular letters. It has abandoned during the year the principle of poor circulation of printed literature, and has substituted in its place a policy of mass circulation which has yielded to pastors very little except what they require themselves have asked for."

"Plans for a large Presbyterian extension in several important city centers have been successfully worked out. The results of the experiment will be available for still other centers during the coming year."

**Collects More Money.**  
"The financial achievements of the movement are not easy to catalogue. The boards and agencies of the general assembly, which enjoyed an increase of 10.7 per cent during the period between 1910 and 1919, or an average annual increase of \$170,752.89 received during the first new era year from the same source, namely, living gifts, an increase over the one preceding year of \$5,641,491.31, a gain of almost one million dollars more in one year than the sum total of gifts in the preceding ten years. The figures are taken from audited statements of the treasurers of the boards and agencies."

"It is too soon to report the actual gains for the current year, but they will be largely in excess of the previous year by how much over a million dollars cannot be determined now. In addition to receipts by the various boards and agencies, it should also be noted that in the first new era year the congregational income of the Presbyterian church rose to the amazing amount of \$25,769,382. The average annual increase for the preceding ten years was \$494,312. That is to say, the first new era year witnessed an increase in congregational income of 84.3 per cent over the average annual increase."

"If it had not been for the new era movement hundreds of sextons and thousands of pastors would not have received substantial salary increases that have accompanied the activities of the movement."

**Co-ordinate Field Forces.**  
"The Synod of California affords a noteworthy example of highly successful effort to bring about practical cooperation on the part of the field forces working within its bounds. The Synod of Michigan working along

# SOUTHERN IDAHO FARMERS FAVOR SYSTEM OF POOLING GRAIN CROP

### Result of General Meeting in Pocatello is to Bring Farmers Closer Together on Question of Co-operative Marketing of Products—Alworth Named on Grain Committee

With reference to a general meeting of Idaho farmers, held under the direction of the Idaho State Farm Bureau in Pocatello this week, the Tribune of that place has the following: "With only a very few exceptions the sentiment of southern Idaho farmers, as represented at yesterday afternoon's meeting at Hotel Bannock under the auspices of the Idaho Farm Bureau Federation, was in favor of a 100 per cent pool of grain for the coming season. The session is the second one to be held in the state of Idaho at which the subject was given complete discussion. The first was held at Boise last Saturday and the farmers of that section of the state also adopted a sentiment favoring the pooling proposition."

**Principles Explained.**  
"The principles of the pool were explained by C. B. Ross, secretary of the Idaho Farm Bureau Federation, who presided over the meeting. The attendance was composed of farmers, bankers, county farm bureau agents, co-operative representatives and merchants, besides the various representatives from the east."  
"The grain committee of the convention, composed of W. P. Alworth, W. J. Williams, C. J. Call, L. L. Evans and O. W. Dowell, reported a decision in favor of a 100 per cent pool of grain for the coming year. A. V. Butterfield, representative of the Intermountain Farmers Equity, also a member of the committee, declined to sign the recommendation, declaring that such a step was not advisable. The resolution of this committee also pledged the support of the Idaho Grain Growers association, embracing a membership of nearly 2,000, to the pooling proposition."

"The first report was that of the committee representing the Idaho Wheat Growers association, Intermountain Farmers Equity and Oroid Farmers Union. This report recommended that the members of these various organizations hold a meeting for the purpose of formulating plans for the co-operating and affiliating with the U. S. Grain Growers, Incorporated on the matter of pooling Idaho grain for the coming year. This

committee was composed of A. V. Butterfield, W. J. Smith, C. J. Call, L. L. Evans, W. J. Williams and O. W. Dowell. Both reports were accepted by the convention, opposition being offered only to the one which purported a 100 per cent pool.

"The United States Grain Growers, Incorporated, had as their representatives at the convention J. R. Howard, president of the American Farm Bureau Federation, and U. L. Burdick, president of the North Dakota Farm Bureau Federation. W. F. Schilling, president of the Twin City Milk Producers, was also in attendance."

"In outlining the purposes of the U. S. Grain Growers, Incorporated, President Howard said that it was a nation-wide movement of the grain growers of the nation to market their grain on a co-operative basis. The association, he stated, could not function on a basis of trade, due to the regulation of those organizations, and so some central operating plant would have to be selected, which would probably be Chicago. In each state also there would be a central point of operation. The purpose of the organization, from statements made by Mr. Howard, would show that it was organized principally for the purpose of dealing away as far as possible with the manipulation of the grain-market and speculation. While Mr. Howard would make no definite statement as to the recommendations his committee would make, it was intimated that it would probably favor a co-operative scheme for marketing grain between the various state and local growers' co-operative organizations and the U. S. Grain Growers, Incorporated. Mr. Howard stated that he had found the farmers of the northwest particularly united on the grain pooling proposition. The movement, he said, had no connection with any co-operative movements originating in South Dakota but was the uniting of grain growers all over the United States in a non-profit organization for the pooling of grain and dealing away as far as possible with the speculative features as injected in the market."

"The movement is one of the largest of its kind ever contemplated and if the grain growers of America unite on the proposition it will result in a corporation of great magnitude and strength, second to none in the country. The committee here yesterday will hold its next meeting at Denver and will then proceed to Chicago to make its report. Yesterday's meeting was a session attended by farmers, as at least ninety per cent of those present belonged to that profession."

## MEXICAN REVOLT LEADER IS IN CUSTODY IN TEXAS

MEXICO CITY, (AP)—Antonio Romero, a revolutionary leader, was arrested yesterday at Marathon, Texas, with Candido Aguilar, former governor of the state of Vera Cruz. They are charged with violation of the United States immigration laws, says a statement issued by the foreign office here.

## AMUSEMENTS

GEM—A six part western, Bill Rogers in "The Strange Boarder"; also "Edgar Takes the Cake"; a 2 part comedy; and Topics of the Day.

**REMEMBER** to ask your grocer for Calumet Baking Powder and be sure that you get it—the Indian Head on the orange label.

Then forget about bake day failures. For you will never have any. Calumet always produces the sweetest and most palatable foods.

It never varies in quality—And now remember, you always use less than of most other brands because it possesses greater leavening strength.

Now Remember—Always Use

**CALUMET BAKING POWDER**

There is no waste. If a recipe calls for one egg—two cups of flour—half a cup of milk—that's all you use. You never have to re-bake.

Calumet is absolutely sure. In any baking—any time, whether the can has just been opened or whether it is the last spoonful.

Contains only such ingredients as have been officially approved by U. S. Food Authorities—and is the product of the largest, most modern and sanitary Baking Powder Factories in existence.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Columbian Muffin Recipe  
4 cups of sifted flour, 4 level teaspoons Calumet Baking Powder, 1 tablespoon sugar, 1 teaspoon salt, 2 eggs, 2 cups sweet milk. Then mix in the regular way.

# WARM WEATHER ENHANCES STATE CROP PROSPECTS

Vegetation Shows a Splendid Growth Under Influence of Higher Temperatures

Increased warmth in the past week greatly improved growing conditions and all vegetation in southern Idaho made rapid growth, says Clifton E. Norquist, meteorologist. Reporting a weekly summary of weather and crop conditions in Idaho.

In this report, which covers the week ending Tuesday, May 17, Mr. Norquist adds:

### What Looks Fine

Both winter and early spring wheat are looking fine, as weather conditions all along have been mostly favorable for these crops. Sugar beets are coming up nicely in most localities but in the Twin Falls district the stand is poor. Alfalfa grew rapidly. In many sections this crop has been given its first application of irrigation water, which is plentiful in all districts. Pasture and range grasses are growing luxuriantly. Range feed is improving in all districts and forage is generally plentiful. The abundance of feed is reflected in the splendid condition of range stock, all classes of which are reported as doing exceptionally well. Lambing is in progress in some of the later districts with weather conditions all that could be desired. A big lamb crop seems assured.

A more critical examination of the apple orchards of the Boise-Payette valley seems to show that the early reports of frost damage were somewhat overdrawn and that in orchards with good air drainage the prospects are still good for at least an average crop of the leading commercial varieties of apples. The prune crop is still safe.

### In the Field

Twin Falls, Twin Falls County—Mostly clear; high winds carried away soil moisture rapidly; wheat needs rain; beets coming up to a poor stand; some re-planting.

Osney, Cassia County—Week dry with drying winds; good growing weather where moisture sufficient; wheat and sugar beets coming up good; range best in many years and stock doing well; more snow in the mountains than usual at this season.

Burley, Cassia County—Much warmer; crops making good growth; beets looking good and grain and alfalfa growing fast.

Bliss, Gooding County—Warmer weather; staff growing fine; considerable fruit damaged by frost.

## DETOUR MILITARY ROAD BECAUSE OF SENTIMENT

Highway Builders Change Course of Survey to Avoid Ancient Hawaiian Landmark

HONOLULU, T. H. (AP)—Even military necessity bows before sentiment. This was exemplified here recently when a military road under construction back of Schofield barracks, 23 miles from Honolulu, took a detour to avoid an ancient Hawaiian landmark. The road was being constructed through the Kolekole pass of the Waianae range when it came to an ancient Hawaiian sacrificial stone which balances on the almost knife-like edge of the pass. The stone was in the way of the engineers, but, under orders from Major General Charles G. Morton, in command of the Hawaiian department of the army, the route was altered to pass the sacrificial rock and leave the remainder of ancient day intact.

## TELLS HAWAIIANS U. S. WILL ESPOUSE COVENANT

Japanese Representative in the League Councils Forecasts American Stop

HONOLULU, T. H. (AP)—That the covenant of the league of nations will be modified to permit the entry of the United States to the league and join the United States eventually will join the league were the opinions expressed here recently by Baron Tanihara Megata, Japanese representative in the league council, who passed through on his way to Japan. Baron Megata's opinions were expressed after he had read President Harding's pronouncement on the league in the recent message to congress. "The United States," he said, "said the baron, "and, no doubt, has many defects but already it has done valuable work. I regard the league as a powerful agent for peace and I believe it will become more and more potent."

Baron Megata refused to make any comment on the questions involved in the abandonment of the league of nations by the supreme allied council.

## KIWANIAN EYES UPON OHIO CITY

Cleveland Makes Elaborate Preparations for Big Convention in June

CLEVELAND, O. (Special)—The fifth city is completing arrangements to entertain one of the biggest conventions of business and professional men ever held in the country—the International Kwanian club convention, which is expected to attract fully 8000 here during the week of June 20.

Co-operating with the various committees of the Cleveland Kiwanis club in their extensive convention plans is the Cleveland Chamber of Commerce and practically every other civic and mercantile organization. The city is preparing to extend the right hand of good fellowship to the visiting Kiwanians, who will come from 500 cities of the United States and Canada. Every minute of the week which is not devoted to business sessions of the organization will be given over to a round of amusement and entertainment, including lake trips, dinners, dances, sight-seeing tours, musical programs, shows and "stunts."

Twenty-five hundred to 3000 wives of the members are expected to accompany their husbands to the convention. A general women's committee of 250, headed by Mrs. Charles U. Davis, is arranging to entertain women visitors. All train and lake steamers, including special cars and chartered boats upon which various clubs will journey to the convention, will be met by reception committees. The committees will function during the entire week, acting as information bureaus for the visitors.

The entire city will be in gala day attire for the big gathering. Downtown streets and office buildings will present a kaleidoscope picture of color with flags of all nations, bunting and pennants. Stores will co-operate in the decorative scheme. Thousands of autos will be decorated.

Committees on transportation will establish booths in hotel lobbies for the convenience of the delegates.

The laxative effect of Chamberlain's Tablets is so mild and gentle that you can hardly realize that it has been produced by a medicine.—adv.

## INVOLVES FRENCH IN POLES' REVOLT

Daughter of American Peace-maker, Refugee from Siberia, Gives Views

BERLIN, (AP)—Order cannot be restored in Upper Silesia while General Lemons, or any other Frenchman, commands the inter-allied forces to whom is entrusted the execution of the Versailles treaty said Countess Scherz-Thoss, who arrived here yesterday with other refugees who had escaped from the area affected by the Polish insurrection in the plebiscite area. The countess is a daughter of Henry White, member of the American delegation at the Versailles peace conference.

### Permit Poles to Arm

"The French have permitted the Poles to have arms," she asserted, "and assisted them in every possible way in their preparations for over-running Upper Silesia. They even withdrew the guards from railway bridges so that the Poles could dynamite them and cut off communication with Germany."

"In the country overrun by the Polish persons of all classes who had voted in favor of Germany were persecuted." Schoolmasters in particular were attacked. At Iatzen, near Ilatz, they tortured a schoolmaster to death, and subjected his daughter to horrible indignities. The aged Duke and Duchess of Halthow were robbed and mistreated, but were finally saved by Italian officers.

### Refugees Flee in Terror

After plundering the houses of land owners and peasants, the Poles burned and destroyed what they could

not carry away. Women and children fled before their advance in terror, having been given to protection by the French. Near Gopollin, where the Poles attempted on May 13 to capture a railway, a French sergeant in full uniform was found among the dead left by the retreating Poles.

Countess Scherz-Thoss conducted women and children of forty families from her home village of Krasowitz to Neustadt, the journey being made in cars.

## URGE RECLAMATION PLAN UPON PRESIDENT HARDING

Western Governors Seek Favor for Program of the Chief Executive

WASHINGTON, (AP)—A definite program of western reclamation, including enactment of the reclamation bill introduced by Senator McNary, republican of Oregon, was urged on President Harding Thursday by a delegation of western governors.

The delegation consisted of Governor Hart of Washington; Davis of Idaho; Campbell of Arizona; and Mabey of Utah, composing the executive committee appointed by the governors conference which has been in session here.

They were accompanied to the White House by Secretary Fall of the Interior, Senator McNary and Commissioner Spay of the general office.

Senator McNary's bill would approximate \$250,000,000 for reclamation work in 17 western states.

The president is understood to have indicated general approval of the plan and to have promised to bring it specifically to the attention of congress sometime in the future.

# Western Virgin Wool Suits Now In Stock

(NO SHODDY)

## Made by the Western Wool Growers' Ass'n

Since the Western Wool Growers' Association started making Virgin Wool Suits to measure, so many requests have been received for "ready made" garments that they have entered this branch of the business. And now through Sinclair's you can choose from a large selection at

# \$27.50, \$35 and \$39

There is no better quality than Virgin Wool, and at these prices you cannot, in justice to yourself, be content with less.

For years the Western Wool Growers' Association has been trying to have a law passed requiring all manufacturers to label garments according to the fabrics which they contained.

If the cloth contained part shoddy (old rags) and part wool it would be necessary to so state.

The sole object of this law was to help the wool grower and protect the consumer.

Failing in their efforts, the association took the matter in their own hands, bought a large western factory, and is now making Western Virgin Wool Suits, which can be obtained, through Sinclair's, at prices which mean a substantial saving to every man.

These new Virgin Wool suits are now on display in Sinclair's windows. You can also have it made-to-measure from the same material.

### Reasons Why These Virgin Wool Suits Are Low Priced

1. Wool is now a drug on the market. It is dirt cheap. You know this is a fact, especially if you are in the sheep business.
2. These suits are made from wool purchased this season, and not from material bought a year or so ago.
3. They are made in a factory owned by the Western Wool Growers' Association. Most every sheepman is a member.
4. The association also owns the factory for making the cloth.
5. The wool is bought direct from the grower and not through the usual channel, which means that several middlemen's profits are eliminated. In view of these facts, can you afford not to investigate?

## BURLEY YOUTH LUMINARY AT MOSCOW MEET

W. D. Doe Stands Out Brilliantly Above All High School Athletes of State

UNIVERSITY OF IDAHO, (Special)—The state records were broken and two others tied in the ninth annual state interscholastic track and field meet, held on MacLean field, May 16 and 17. Burley high school won the meet with 42 1/2 points. Kellogg was second with 14 1/2; Lewiston took third with 13.

W. D. Doe of Burley won the cup for highest individual points, with 21 1/2 to his credit, representing first in the 50, 100 and 200 yard dashes and the broad jump, and his part in winning first for Burley in the relay. His 50 yard dash and broad jump set new state records and the 100 and 200 yard records already made.

Osborn of Wallace set a new state record for the discus, with a heave of 114 ft. 8 1/2 in. The old record of 107 feet had been held by the late O. L. Doe's broad jump of 22 feet 5 1/2 inches, lacks only three quarters of an inch of the university record.

The meet was fast and snappy, ending several old records of long standing. Places were taken as follows: 50 yard dash—Doe, Burley, first; McCormick, Boise, second; Thomas, Moscow, third, time, 7.5. 100 yard hurdles—Hugener, Kellogg, first; Johnson, Burley, Kent, Bonners Ferry, time, 17.3. 200 yard dash—Doe, Burley, first; McCormick, Boise; Chambers, Boise, time, 23.2. Quarter mile—Johnson, Burley, first; McCormick, Boise; Wheeler, Boise, time, 55.0. 200 yard hurdles—Mills, Lewiston, first; Caldwell, Lewiston, Hugener, Kellogg, time, 27.3. Mile run—King, Twin Falls, first; Packer, Wallace; Ashley, Sandpoint. Time, 4:55 4/5. Half mile relay—Burley first; Moscow, Lewiston, time, 1:58:03. Shot put—Bowe, Moscow, first; Erickson, Sandpoint; Korahian, Burley, 43 ft. 5 in. Discus—Osborn, Wallace, first; Parrish, Reubens; Eikhorn, Sandpoint, 114 ft. 8 1/2 in. Javelin—Purnell, Reubens, first; Eikhorn, Sandpoint; Phillips, Lewiston, 140 ft. 3 1/2 in. Broad jump—Doe, Burley, first; Clark, Moscow, and Allen, Parma, tied for second, 22 ft. 5 1/2 in. High jump—Wells, Burley and Hansen, Kellogg, tied for first; Johnson, Burley, Gray of Genesee, Clark of Moscow and Penny of Kellogg tied for second, 2 ft. 7 in. Pole vault—Hansen, Kellogg and Nelson, Burley, tied for first; Gray, Genesee, third, 10 ft. 4 in.

"As Short as it is Violent"  
"Woman's grief is like a summer storm, short as it is violent." The foregoing quotation is credited to Joanna Ballou, a Scotch dramatist and poet. She wrote "Plays on the Passions" in which she delineates the principal passions of the mind, each passion being made the subject of a comedy and a comedy. She died in 1851.

## PREBYTERIANS APPLAUD MESSAGE FROM COOLIDGE

Vice-President Expresses Confidence in Future of Church's Efforts

WINONA LAKE, Ind., (AP)—Commissioners to the Presbyterian general assembly gave ringing applause to a message from Vice President Calvin Coolidge, which was read at the afternoon session of the first day's proceedings here Thursday. Mr. Coolidge's message was as follows: "Notification of the general assembly of the Presbyterian church to be held at Winona Lake is to me a message of hope and cheer. There are here and there striking efforts made against every form of righteous unbelief, witness of the first day of the church or by organized government; but their efforts will prove unavailing.

"It is a consolation to realize that every day in the year, every night, every Sabbath, there are organizations, especially of a righteous nature, meeting all over our land, of men and women dedicating themselves to a life of obedience to righteous authority. Against the holy movement there is no power that can prevail."  
(Signed) "CALVIN COOLIDGE."

## Would Halt Making of Slacker Lists Public

WASHINGTON, D. C., (AP)—A bill under which the war department would be directed to suspend publication of the so-called "slacker lists" pending further investigation as to their correctness was introduced today by Senator Stanley, democrat, of Kentucky.

## Today's Markets

**BULLS RULE WHEAT TRADE**  
All Reports Favor Advanced Price. Close to 3 3/4 to 7 3/4c Higher

CHICAGO, (AP)—New optimism in the price of wheat remitted today from bullish crop reports. Unfavorable advice came both from the southwest and the west. Bears contended that the damage had already been discounted, but this view failed to make much impression. Opening quotations, which ranged from 1 3/4 to 2 1/4c higher, with May \$1.23 1/2 to \$1.51 1/4 and July \$1.20 1/2 to \$1.21 3/4, were followed by further decided gains.

Gossip was current that the Russian government was buying wheat in Liverpool. It was also said that unless rains come soon in Kansas heavy losses would occur throughout sections which look bleak promising. The market closed strong, 3 3/4 to 3 7/8c higher, with May \$1.29 1/2 to \$1.59 3/4 and July \$1.23 3/4 to \$1.24 1/4.

Corn hardened a little with wheat, although liberal offerings from the country were reported. After opening unchanged to 1 1/2c higher, including July at 69 5/8 to 69 3/4c, the market rose slightly all around.

Subsequently predictions that receipts would show a material increase next week tended to weaken values. The close was unsettled at the same as yesterday's finish to 3-8c lower, with July 69 3/8@1 1/2 to 69 5/8c.

Oats were governed by the action of other cereals, starting unchanged to 1/2c higher, July 29 1/2 to 29 3/4c, and later hardening a bit more.

Higher quotations on hogs led to list provisions.

**Cash Quotations**  
CHICAGO, (AP)—Wheat: No. 3 red \$1.40 1/4; No. 2 hard \$1.62.  
Corn: No. 2 mixed 59 3/4c; No. 2 yellow 62 to 62c.  
Oats: No. 2 white 35 to 35 1/2c; No. 3 white 37 1/4 to 38c.  
Barley: No. 2, 81 1/2 to 81 3/4c.  
Rye: 59 to 67c.  
Timothy seed—45 1/2 to 48.  
Clover seed—43 1/2 to 48.  
Park—Nominal.  
Lard—\$9.35.  
Hides—49.50 to \$10.50.

**Minneapolis Flour and Grain**  
MINNEAPOLIS, Minn., (AP)—Flour unchanged to 1/2c higher; in carload lots, family packages quoted at \$9.10 to 9.15 a barrel in 98 pound cotton sacks.  
Wheat—No. 1, 81 1/2 to 81 3/4c.  
Cash No. 1 Northern \$1.50 1/2 to 1.68 1/2; No. 1 yellow 53 to 55c.  
Oats No. 3 white 35 5/8 to 34 5/8c.  
Barley 46 to 50c.  
Rye No. 2 \$1.25 to 1.41.  
Flax No. 1 \$1.87 1/2 to 1.90 1/2.

**Chicago Produce**  
CHICAGO, (AP)—Butter lower; creamy extra 20 1/2c; first 21 to 24c; seconds 17 to 20c; standards 20c.

Eggs higher; receipts 15,870 cases; first 23 to 21c; ordinary firsts 18 1/2c. 1st mark cases included 19 1/2c; standards 21c.  
Poultry alive unchanged.

**Portland Livestock**  
PORTLAND, Ore., (AP)—Cattle weak; no receipts.  
Hogs steady; receipts 49.  
Sheep steady; receipts 389.

**Omaha Livestock**  
OMAHA, Neb., (AP)—Hog receipts 11,000; mostly steady to strong; bulk 180 to 240 pound butchers \$6.15 to 8.40; top \$8.00; bulk butchers 250 pounds and over \$7.85 to 8.15; packing grades, smooth \$7.50 to 7.80.  
Cattle receipts 6,000; beef steers 15 to 25c lower; spots motley; top yearlings \$8.00; sheekest steady to 5c lower; bulls and veals weak; stockers and feeders steady.

Sheep receipts 5,500; bulk of supply California spring lamb; market 25c higher; top 4 1/2c; native spring lambs and clipped areas 25 to 50c lower; best native spring lambs 1 1/2; woolled ewes and yearlings steady; woolled yearlings \$9.50; ewes \$7.50; no feeders here.

**Chicago Livestock**  
CHICAGO, (AP)—Cattle—Receipts 4,000; beef steers, butcher sheekest, calves, stockers and feeders generally steady; top beef steers \$9.30; bulk \$8 to \$8.75; fat cows and heifers largely \$7.50; bulk butchers 250 pounds and over \$7.85 to 8.15; packing grades, smooth \$7.50 to 7.80.

Hogs—Receipts 21,000; mostly 10c higher; some butchers up more; top \$8.00; bulk butchers \$8.50 to \$8.75; bulk desirable \$8.50 to \$8.75.

Sheep—Receipts 9,000; nearly all packer direct; few loads natives on sale; best native lambs at \$11; native spring at \$12.25; steady; others and sheep 25 to 50c lower; best light ewes \$8.50.

**New York Stock Market**  
NEW YORK, (AP) Professional dividend sustains and the firmness of money provoked further more violent selling and liquidation of stocks today, leaders declining 1 to 6 points. Sales approximated \$25,000,000.

Price tendencies in the earlier period of today's stock market were distinctly reactionary. Declines of one to three points accompanied the moderate offerings of Crucible Steel, National Engineering, Shell Transport, Willys-Overland preferred, American Lined and Chesapeake and Ohio. Directors of the latter company meet today for action on the dividend. A few issues, especially United States Steel preferred, American Smelting, Anaconda Copper and Industrial Alcohol, were firm to strong, Alcohol gaining 1 1/2 points on declaration of the regular dividend. Early exchange rates on London were fractionally under yesterday's best quotation.

Shorts were encouraged by the Chesapeake and Ohio incident to extend their operations later. The entire list, especially rails and oils, recorded lower prices in the final hour. The closing was weak.

**Liberty Bonds**  
NEW YORK, (AP) — Liberty bonds closed: 3 1/2's \$88.12; first 4's \$87.20 bid; second 4's \$87.12; first 4 1/4's \$87.74; second 4 1/4's \$87.20; third 4 1/4's \$89.72; fourth 4 1/4's \$87.30; Victory 3 1/4's \$87.70; Victory 4 3/4's \$87.72.

**Sugar**  
NEW YORK, (AP)—The raw sugar market was steady and unchanged early today at \$5.02 for centrifugal. No sales were reported. Prices showed an advance of 1/4 point at midday on covering in raw sugar futures.

Refined one of the leading grades 10 points to the basis of \$6.00, but otherwise no changes were reported, with fine granulated listed at \$6.30 to 6.60. There was a little better inquiry noted.

In refined futures only one lot of September was sold at \$6.35, a decline of 1/4 point from last night's close.

Sugar futures closed steady; sales 3,400 tons. July \$3.59; September \$3.65; October \$3.57; November \$3.48.

**Copper**  
NEW YORK, (AP)—Copper firm; electrolytic spot and nearby 13 1/4c; futures 13 1/4 to 13 3/4c.

REQUIRES SINGLE ACTION ON LIENS

Circuit Court of Appeals Sustains Judge Dietrich in Salmon River Case

The United States circuit court of appeals at San Francisco, in the case of the Commonwealth Trust company of Pittsburgh, as trustee of the Salmon River Land and Water company, against Max Smith and Margaret Smith, has rendered a decision which Thursday reached here by T. H. Hackman, attorney for the Smiths...

The circuit court of appeals specifically held in this respect that considering the confusion and complexity of the situation and the interdependent relations of the shareholders and the difficulty of rendering the fair and exact equity and justice demanded, we are of the opinion that the learned trial judge properly directed that all shareholders be made parties to the proceeding...

The court, in its decision, after reviewing the several issues raised, declared that "The suit, considered in respect to the correlative rights involved, not only for foreclosing merely, but by natural and logical consequence for specific performance; the termination of which will perform in some measure all the contract-holders by reason of the construction company fully to perform on its part."

Introduction of issues that were not in a similar case against the contract-holders in the federal district court at Boise and in the district court at Twin Falls, according to Mr. Hackman, the effect of the circuit court of appeals decision is to render the dismissal of all these suits and the institution of a new action in which all contract-holders would be made parties defendant, he says.

Former New York Judge Advising Berlin, Says Cable Report

According to a cable from Berlin it is rumored there that William M. Wadhams, former judge of the court of general sessions in New York, has been acting as unofficial adviser of Foreign Minister Simons on American affairs and the attitude of the United States towards Germany. Judge Wadhams is now in Berlin establishing a foreign office of the law firm of Hayes & Wadhams, of New York. Judge Wadhams' law partner, Garfield Hayes, who is now in New York, strenuously denied that Judge Wadhams has any connection, official or unofficial, with the German government. He said the judge is in Europe on private business only.

WOULD AUTHORIZE FRANCE TO PRINT MORE PAPER MONEY

PARIS, (AP)—A bill authorizing the government to issue 150,000,000,000 francs in paper money was introduced in the chamber of deputies today by four moderate socialists. The object of measure is to enable the government to resume payments for reconstruction of the devastated regions, suspended because of the lack of funds, and also to enable it to retire national debt obligations and other bonds, thereby relieving the heavy interest charges afflicting stagnant business and creating a better market for future bond issues.

JAPANESE GIRLS INVADE MOTOR TRANSPORT FIELD

Feminine Motorists Conductor One of Prominent Factors in Changing Social Life of Orient

TOKIO, (AP)—The girl motorist conductor is one of the prominent factors in the changing social life of Japan in which woman plays an increasingly important role.

A reporter interviewed one of these young women at an automobile collecting fair and announcing stop. He remarked her readiness and quickness to aid women and children passengers as they left the bus. She was Mrs. Haruko Hasegawa, O'Hara woman, she explained that there were about 30 girl conductors working in Tokio. The average monthly wage was 37 yen (about \$18.50) but some made more. For instance, she herself often made 75 yen.

"How do you manage to get that much," the reporter asked. "Well, by working hard," she said. The questioner, puzzled at first as to how she obtained the income, means that she often stays late at her work and reports early this receiving pay for extra hours.

LONDON WELCOMES TALK OF NEW AMERICAN VOY

Ambassador Harvey is Praised by the Press for Expressions of Friendship and Frankness

LONDON, (AP)—Newspapers of this city feature this morning the address made last night by George Harvey, the United States ambassador to Great Britain, at a dinner given by the Foreign Office. Announcement was made by Mr. Harvey that he had been directed by the state department in Washington to represent America at the proposed meeting of the supreme council at which the Silesian question is to be considered, and he declared that the United States under no possible circumstances could be led into participation in the league of nations.

Only two or three newspapers commented editorially upon the ambassador's speech, apparently because of the late hour at which Mr. Harvey spoke. These journals cordially welcomed the ambassador's expressions of friendship and his frankness, and commended his address in general.

ORDERS ARREST OF PRIVATE DETECTIVES CARRYING ARMS

NEW ORLEANS, La., (AP)—Arrest of all private detectives carrying concealed weapons was ordered by Police Superintendent Maloney today. The order followed the attack on a citizen, who questioned a private detective's authority to enter him from the water front. The detective struck the citizen with a "blackjack."

ALASKA'S REINDEER TO OUTNUMBER OTHER HERDS

Pioneer in Novel Industry Predicts Rapid Expansion in Northern Territory

SEATTLE, Wash., (AP)—Alaska's reindeer herds will in few years double that of Norway, Sweden and Finland combined, according to Carl J. Lomen of Nome, Alaska, pioneer in the reindeer industry in the territory, who has returned from Washington, D. C., on the biological survey of Alaska.

Mr. Lomen submitted figures, while at Washington, showing that there were 200,000 square miles of territory in Alaska available for the grazing of reindeer and said there were nearly a quarter of a million of the animals already in the territory. He predicted that the reindeer industry in the north would eventually reach a total of fifty million dollars to sixty million dollars a year.

Six thousand reindeer carcasses were shipped from Nome to Seattle last year. They average 150 pounds dressed, Mr. Lomen said.

PRESIDENT WILL PUT IN BUSY DAY IN NEW YORK

Two Addresses and Review of Brooklyn Regiment on Schedule for Harding's Visit to Gotham

WASHINGTON, D. C., (AP)—President Harding will leave Washington tomorrow on the presidential yacht Mayflower and will reach New York Monday morning to speak at a banquet to be given by the management of the New York Commercial. He will review the One Hundred Sixty-sixth regiment Brooklyn and will deliver an address at the Academy of Sciences. He will leave New York on the return voyage Monday night.

LOS ANGELES OBJECTS TO NAVY PROGRAM CUT

City Council Urges California Delegation to Approve Plans for Bases on Pacific Coast

WASHINGTON, D. C., (AP)—Members of the California congressional delegation were urged today in telegrams from the Los Angeles city council to approve any department plans for the establishment and enlargement of naval bases on the Pacific coast. Curtailment of any part of the department's program, the telegrams said, "would be disastrous and an irreparable loss to the nation."

Thru for Ye, Mike. "Oh, I hate flattery," said O'Brien the other day. "Flattery makes ye think ye are better than ye are, and no man likes to be that."—Boston Transcript.

Noted Author Slated for Envoy to Japan

Richard Washburn Child, noted author and lawyer, New York, has been nominated by President Harding as ambassador to Tokyo. Mr. Child, who is 39 years old, had been frequently mentioned as possible secretary to the president following the election last November. He is a graduate of Harvard University, and during the World War served as a correspondent with the Russian army. When the United States entered the war he became assistant to Frank A. Vanderlip in the War Savings Department of the treasury department.

PRESENTS MME. CURIE WITH GRAM OF RADIUM

Famous Polish Woman Scientist Receives Gift of American Women from President's Hands

WASHINGTON, (AP)—Mme. Curie, the eminent Polish scientist, came to Washington today from New York to receive from President Harding the gram of radium which has been purchased for her by the women of America. The presentation took place at the White House at 4 o'clock this afternoon. Mrs. Harding, Mrs. Hughes, wife of the secretary of state; Mrs. Jussend, wife of the French ambassador; and Princess Lubomirski, wife of the Polish minister, assisted in the presentation.

On her arrival at the Union station, Mme. Curie was greeted by a committee of prominent women. She was accompanied by her two daughters and Mrs. William Brown Maloney of New York.

Mme. Curie will be the guest at a dinner tomorrow night at the French embassy and Sunday night at the Polish legation.

Cloned in His Toughness. Dick came into the kitchen one morning, and it was evident from his general appearance he had been with a boy "equally aggressive. His mother looked at him to horror as with his cap pulled down over a blacked eye and his little fists clenched, he said: "Oh, I tell you, mamma, I'm a tough-ey."

The Pyramids. The "Pyramid Plot" lies in the eastern desert near Cairo, Egypt. There are altogether about seventy pyramids, a number of which have been identified. The best known are the three pyramids of Giza (Ghiza), that of Giza, the black pyramid of Dahshur, and that of Sferat in Medfium.

Discarded Photograph Needles. Use discarded photograph needles for cleaning bottles. Put them into the bottle with a little water and shake thoroughly.

MAJORITY OF FOREST FIRES CAUSED BY MAN

District Forester Tells of 3,500 Conflagrations on Ranges in Ten Years

In the past ten years 3500 fires which burned over 550,000 acres were reported on the national forests of the Intermountain district according to District Forester H. H. Burdette of Ogden, Utah. Of this number 50 per cent were man-caused and the remainder resulted from lightning. It cost the forest service and co-operators nearly half a million dollars in fighting these fires while the actual loss in timber and forage runs well into the hundreds of thousands of dollars.

"These rangers," says Burdette, "when presented in ten-year totals, show what an enormous tribute the people of the Intermountain west pay to man-caused forest fires. More than one-tenth of the total area and caused but a small fraction of the damage done by the fires started by human carelessness."

"In the elimination or reduction to the absolute minimum of this latter type fire, the forest service will bend its every energy. The cause of every forest fire will be run down by forest rangers immediately after the fire is controlled and where there is likelihood of an offender occupying, special officers will be detailed to collect evidence and stay with the case to the end. Besides these more strenuous efforts, the legal side," continued Mr. Burdette, "we shall endeavor to educate and advise all people using the forests as to the forest fire-dangers. Prevention, after all, is what the forest service wants—not prosecution."

KRENDEL MACHINE WORKS

We are prepared to do all kinds of Lathes Work, Pump Work, Electric or Gas Engine Work, Steam or Gas. All work guaranteed and prices are right.

Terms if Desired 210 Second Ave. South -PHONE 1202-
