VOL. 4, NO. 38

FREIGHT TRAIN IS HELD UP BY SCORE OF MEN

Masked and Armed Bandits Take Merchandise Valued at \$70,000 from New York Central Cars on Branch Line

BUFFALO, (AP)—Twenty men, masked and armed held up a freight train on the Barnhart branch of the New York Central railroad near North Towner early today and carried away suits, shoes, clothing, automobile tires, and other freight estimated to be worth \$70,000, the Towner correspondent of the Evening News reports.

The train was held for half an hour, half the bandits covering the crew and railroad detectives with weapons, while the others looted the goods into six motor trucks. The bandits headed for Buffalo with their loot.

TRAIN ROBBERY REPORTS DISCREPANT BY OFFICIAL

NEW YORK, (AP)—Reports that a New York Central freight train had been held up by armed bandits near North Towner and the goods valued at \$70,000 worth of merchandise were declared false at the office of Chief of Police Edward Miles of the New York Central lines.

SUBJECT IS HELD FOR UNION PACIFIC MAIL ROBBERY

OMAHA, Neb., (AP)—An unidentified man arrested together with an alleged suspect of connection with the robbery of a Union Pacific mail-car between Cheyenne and Green River, Wyo., Wednesday night, according to a report from the Alliance, which says about \$50 worth of stamps in a Union Pacific envelope was found in his possession. He refused to give his name or answer questions.

WANDERLIP TO GET HELP ONLY ON HIS WAY HOME

State Department Indicates Dismissal to Facilitate Travels in Russia

WASHINGTON, (AP)—The only road to Moscow over which the travel of Washington B. Vanderlip will be facilitated by the state department will be that leading directly to the United States, it was said today at a department. Mr. Vanderlip entered Russia to confer with Soviet officials about his possessions in Kamchatka without first surrounding his American passport as required by regulations, and it was explained at the department that the American consul at the first port he enters after leaving Russia is required to take up his passport. The instructions issued to the consuls provide for the issuance of an emergency passport to an American citizen who has none and in the case of one whose passport has been taken up for infraction of the department's rulings the only travel that is authorized is that by the most feasible route to the United States.

HARVARD TRIUMPH OVER PRINCETON IN TRACK MEET

HARVARD STADIUM, Cambridge, Mass., (AP)—Harvard defeated Princeton in a closely contested dual track meet here today, 50 to 58. Coach Hurler's team broke the intercollegiate record for the broad jump with a mark of 24 feet, six inches.

Bill to Impose Tariff at Once Given Approval

House Committee Reports Favorably on the Emergency Moasuro Proposal

WASHINGTON, D. C., (AP)—The house ways and means committee today today a joint resolution under which new duties in the permanent tariff bill would be made effective immediately upon introduction of that measure, if the committee held that an emergency for such rates justified it. The action of the committee was by a strict party vote, all democratic party opposing it. Representative Garner, Democrat, Texas, a member of the committee, said that he would reserve all points of order, indicating a democratic fight against its passage. Republican members said privately that efforts would be made to rush it through, probably next week.

FINAL TRIBUTE PAID TO WHITE

Simplicity of Obsequies Renders Honor to Chief Justice Doubly Impressive

WASHINGTON, D. C., (AP)—With honors rendered doubly impressive by the simplicity of the ceremony, the body of Edward Douglas White, chief justice of the United States, was buried today in Oak Hill cemetery, to sleep forever with the sound of the city which he had served so long and so well. The funeral service at the nation was rendered.

Simultaneous with the hour of the funeral, President Harding had ordered that at 11 a. m. the American flag, wherever flown, be half-masted and that a funeral salute of 17 guns be fired at American military and naval stations throughout the world. A small crowd had gathered in St. Matthews church when the hour of service arrived. Close up with the casket was hanked over with flowers, which were carried to the place where the casket was to be placed. The funeral was held in the presence of a committee of congress, high department officials and high representatives of government in general. The group was with a few intimate friends. The uniforms of Major General March, chief of staff, and the officers directly connected with the present the army, and of Admiral Cooze, chief of operations of the navy and his officers, marked high lights in the group. When all were in their places, the doors were opened to the throng that waited outside and the church was quickly filled.

Benjamin was celebrated by Monsignor Leo, rector of the church, which Justice White attended. At the altar were gathered also a group of clergy including Bishop Bowman, papal delegate. Only a little company of relatives and close friends and the eight surviving members of the supreme court as honorary pallbearers went to pay the last honors at the grave.

FLASHES FROM THE WIRE

ALBANY, Georgia, (AP)—Sidney J. Gastis, former governor of Florida, was arrested here today on a federal warrant from Florida charging perjury. His bond was fixed at \$2,500 when he was arraigned before United States Commissioner George White. Bond had not been furnished shortly before noon.

OHIOAGO, (AP)—Local employees of Wilson and Company, packers, have voted to participate in a conference with company representatives looking to the ends of the employees powers to administer the company's industrial relations with the company. The plan will be submitted to employees in all other cities where the company has plants.

HONOLULU, T. H., (AP)—Representative David Kapahala would have congress amend the organic act of the territory to make it read that proceedings of the legislature be conducted in the "American" language, instead of the "English" language. The house passed the resolution to this effect, but it met with a veto in the senate when President Charles King, governor at the time, referred it to the educational committee to "determine just what the American language had made no report.

KANSAS CITY, Mo., (AP)—The probate court today issued an order sealing the life of "Laddie," a Scotch colt. When Laddie's mistress, Mrs. Violet E. Metzger, died last September, she left direction in her will that Laddie be "humanely chloroformed." They the executors of the estate, the national life insurance company, refused to do this, but that Laddie be turned over to the custody of Mrs. Carrie Lane, a friend of his dead mistress who has been caring for the dog since his mistress' death. She had become so attached to him that she wanted his life spared. The judge granted the request.

Canadian Veterans to Join Bergdoll Chase

NEW YORK, (AP)—The Great War Veterans' association of Canada stands ready to aid the American League for Germany of Grover Cleveland Bergdoll, Philadelphia draft evader. A letter from the Canadian organization stating its attitude, was received today by the American Legion offices here. Bergdoll is believed to have escaped to Germany by use of a fraudulent Canadian passport.

IDAHO WEATHER.
Tonight and Sunday probably showers, colder tonight.

GVERNORS ASK FEDERAL LOANS FOR RECLAMATION

State Executives Urge Adoption of Smith-McNary Bill Before Senate Committee; Davis Wants General Policy

WASHINGTON, D. C., (AP)—Possibilities of the benefit the country from increased federal aid for reclamation projects were presented to the senate committee today by governors of western states. The chief endorsement of the McNary-Smith bill proposing federal loans, to be repaid through the farm loan banks.

"What we hope is that congress will lay down some general policy containing provisions which will make it unnecessary hereafter to ask legislation for individual projects," said Governor Davis of Idaho.

Governor Meloy of Utah, said the creation of new arable lands would aid the country to care for former soldiers.

"At the settlement of the west has proceeded, first the small streams and next the larger ones have been utilized," he said, "until now the hope of increased facilities lies in co-operation with the government to undertake the projects of greater magnitude."

Campbell (Clay) West, Governor of Arizona said that in his state 1,500,000 acres could be irrigated by the means now available, but that the water now drains uselessly into the Gulf of Lower Mexico.

"In the west," he added, "it has been characteristic that the mining and stock raising industries have first been developed and the exploitation of the mineral resources will have to end from natural exhaustion in the course of what can be considered as only a few years in the life of a commonwealth. Our object is to replace them with industries that will be perpetual and so that the government will not be 'farmer folk' land society."

Shows Benefit to East.
W. D. Dodson, for the Portland, Oregon Chamber of Commerce, said eastern manufacturing sections would find it advisable to sell their surplus goods to the west, for they furnish the markets where higher prices are paid than anywhere in the world."

NORMAL TEMPERATURES FORECAST FOR NEXT WEEK

WASHINGTON, D. C., (AP)—Weather predictions for the week beginning today, issued by the weather bureau today are:
Upper Mississippi and lower Missouri valleys: Warm, generally fair with probability of scattered showers.
Rocky mountains and plateau regions: Occasional showers, normal temperatures.
Upper Mississippi and lower Missouri valleys: Warm, generally fair with probability of scattered showers.

STANTFIELD SERVES FEDERAL LOANS FOR LIVESTOCK MEN

WASHINGTON, D. C., (AP)—War Finance corporation loans would be available to livestock growers under an amendment to the War Finance corporation introduced Friday by Senator Stantfield, republican, of Oregon.

Turk Ready to Wage War Without Money

CONSTANTINOPLE, (AP)—The Turkish national cabinet at Ankara resigned today because of the refusal of the assembly to pass the military budget. Mustafa Kemal Pasha, the national leader, is convening on the day tomorrow.

"We are not Europeans. It is the historic pride of Turkey to wage wars without money."

CONVENES I. W. OF NOBLES AND SOUTH AMERICANS

CHICAGO, (AP)—A conference of the I. W. O. of N. and S. American locals of the Industrial Workers of the World was authorized today by the national convention of the organization.

German Workmen Stirring Up Trouble In Upper Silesia

Economic Situation Is Aggravated by Teutons Refusal to Run Trains and Berlin's Failure to Pay Miners

GERMAN VOLUNTEER CORPS NUMBERS 30,000 MEN IN THE PLEBISCITE REGION

BLOODY WEEK IN ERIN REPORTED

Sixty Attacks on Crown Forces while Police Suffer 55 Casualties

DUBLIN, (AP)—An official review of the week issued by the Dublin castle authorities says the crime statistics were exceptionally large. There were sixty attacks on the crown forces, while the police suffered fifty-five casualties, of which 23 resulted in death.

UNKNOWN ATTACKERS OPEN FIRE ON BOWDOW STREETS

CORK, (AP)—While the mail thoroughfare at Cove, near Kinsale, was crowded last evening several revolver shots suddenly were fired and a number of towns thrown into confusion. Soldiers and sailors were badly injured. The authors are not known.

POPE VOICES APPEAL FOR OBSERVATION OF VIOLENCE

DUNDALK, Ireland, (AP)—Pope Benedict has written to Cardinal Logue, primate of Ireland, appealing to both the English and Irish to abandon violence and proposing that the Irish question be settled by a body selected by the whole Irish nation. The pontiff sent Cardinal Logue 200,000 lire for the Irish White Cross.

INTERNAL STRIFE

Fatalities Result in Various Quarters in Post-Election Disorders

ROME, Italy, (AP)—A general strike was declared in Civitavecchia Friday following a pitched battle between fascists and communists. In the city two persons were killed and ten wounded. Military forces occupied the city upon the calling of the strike.

Eight persons were wounded in a riot in Florence, the country, where one person was killed and several wounded in a fight near Mantua. Three persons are dead, two are dying and many are suffering from wounds as a result of a pitched battle between communists and extreme nationalists at Chiuri, Turany, where post-election disorders continue.

Explains Refusal of Milwaukee to Fly American Flag

MILWAUKEE, Wis., (AP)—Action of eight aldermen, a small minority of the Milwaukee city council, caused the Milwaukee city council to issue a statement today explaining their refusal to fly the American flag over the city hall and to post a sign of welcome for General Pershing, who was to have been in the city. Mr. Grau, executive director of the Milwaukee Association of Commerce, declared today in an address welcoming members of the International Fellowship association. He asserted the refusal was a "cowardly lie" and said he mentioned it not as an apology for Milwaukee, which was an loyal and brave city in the country, but that the aldermen might "be in a better position hereafter to judge news item coming out there concerning Milwaukee."

Mayor Haan, himself a socialist, would not have refused to fly the flag or welcome General Pershing had the latter visited Milwaukee, Mr. Grau asserted.

LEAKING BALLOON FORGES VETERAN OUT OF CONTENT

BIRMINGHAM, Ala., (AP)—Captain John Berry, a veteran account of B. L. Lewis, scheduled to ride the first here today in the city's annual balloon race, was forced out of the contest on account of leaks which developed in his giant balloon. Birmingham Semiconducting, piloted by Ralph Union, will take the lead.

BUFFALO PRINTING PLANTS ADOPT OPEN SHOP POLICY

BUFFALO, N. Y., (AP)—Thirty printing plants here, representing 50 per cent of the city's productive capacity, announced an agreement to maintain open shops and operate on a basic 48-hour week.

MARINERS SIGN AGREEMENT ON WAGE SCHEDULE

Acceptance of 15 Per Cent Reduction with Modification of Working Conditions Bids Fair to End Controversy

WASHINGTON, (AP)—Acceptance of the 15 per cent wage reduction for marine engineers demanded by the shipping board, but with modifications as to working conditions, is understood to be included in an agreement reached here today at conferences between Secretary Davis, Chairman Benson of the Marine Engineers' Beneficial association.

Follows Conference.
A tentative agreement has been reached between the marine engineers and the shipping board, it was learned today, after a conference between Secretary Davis and Chairman Benson of the shipping board. Its nature was not disclosed. Admiral Benson will submit the proposal to the shipowners and it was expected that the agreement would be signed, some time today by representatives of the engineers here and the shipping board here.

Separate agreements, it is understood, will be signed by representatives of the radio operators and the seamen. The changes in working conditions and overtime it was indicated, would bring the actual reduction in wages to somewhat less than 15 per cent.

Representative Davis, W. S. Jenkins, of the shipping board, and the marine engineers' representatives will go to New York today to confer with the American Seaman's Association, which is in an effort to have it agree to the terms also.

The radio operators and seamen representatives would agree to the same terms, Mr. Davis believed.

MEMBERS WILL MEET TO RECEIVE OFFICERS REPORT

NEW YORK, (AP)—Members of the Marine Engineers' Beneficial association will hold their annual convention tomorrow to receive the report of their officers sent to Washington to participate in conference with government officials regarding settlement of the nation-wide marine strike.

Meanwhile local union officials would make no comment regarding the report. An agreement had been reached in Washington today, they were waiting for the report of Bert L. Todd, their respective, they said.

PLAN TO SETTLE STRIKE CONSIDERED BY MINERS

Washington Coal Diggers, Voluntary Out of Office, Call for Settlement of Wage Out in Convention

SEATTLE, Wash., (AP)—Proposals for the appointment of a commission to arbitrate the coal miners' strike were before Washington coal miners and operators, which resulted last March in the closing down of most of the coal fields in the country, here before a special convention of district 10, United Mine Workers of America, here today, the plan for settlement was submitted by Edward C. Clegg, state director of labor and industries.

The mines were closed down when workers refused to accept a wage roll of approximately 22 per cent.

OHIO OIL COMPANY DECLARES EXTRA DIVIDEND

CINCINNATI, O., (AP)—The board of directors of the Ohio Oil company at its meeting here yesterday declared the regular quarterly dividend of \$1.25 a share and an extra dividend of \$1.25 a share, payable June 30. The dividend declared today was \$1.50 a share less the dividend of the last quarter.

Gives Plans for Putting Lid on Sunday Amusements

WINONA LAKE, Ind., (AP)—Plans of the church for carrying on its efforts against Sabbath desecration and against violation of prohibition laws were outlined at the general assembly of the Presbyterian church here today.

Dr. H. L. Bowley, general secretary of the committee on Sabbath observance, presenting his report this morning declared that there is a nation wide propaganda for a wide open Sunday. This movement, he said, is being carried on by the motion picture industry, by powerful amusement and sporting organizations and he added that it has had "the generous help of the daily press." He said that the committee on Sabbath observance, Sunday theatres and unnecessary Sunday business was advocated by the committee report presented by Dr. Bowley.

"Remove these counter attractions and distractions of the day," said the report, "and it will prove far easier to keep the multitude of the young people who have lost their way to the Bible school and the church. Close up the Sunday movies and the theater, shut the gates of the baseball parks, lock the doors of many open places of business, make more attractive, but none the less spiritual the meetings of the church and this pure work of the different organizations will be acceptable to the assembly. Presbyterian church in the United States was adopted.

In addition to the report of the committee on Sabbath observance, the standing committee on temperance and moral welfare was presented to the assembly this morning. Prohibition enforcement problems were dealt with in the report.

BOWLBY WOULD PLACE BAN ON SUNDAY SPORTS

Chairman of Committee on Sabbath Observance Reports a Wide-spread Desecration to Presbyterial Convention

WINONA LAKE, Ind. (P)—Abolition of Sunday baseball, Sunday movies, Sunday theatres and unnecessary Sunday business are advocated in the annual report of Dr. H. I. Bowlby, general secretary of the Presbyterial Committee on Sabbath Observance. In his message to General Assembly Dr. Bowlby says in part:

"The Presbyterial Committee on Sabbath Observance struck out on its second year upon to hit upon paths that were not laid by builders of the republic who dotted early New England with little white churches and little red school houses; paths of organized Sabbath desecration which led not to church, nor to Bible school on the Lord's day, but to the commercial movie, vaudeville and theatre, dance hall and amusement parks, the dance hall, sporting club, open business houses, leading pastors, constant temptations to multitudes of youths and adults, to sell their Sabbath bright for this red postage.

Recounts Victories

"Among the victories of the year as won by Lord's Day Alliance of the United States and its auxiliary societies and in which the Presbyterial Permanent committee in a number of instances had a co-operative part, are the following:

"In New York the double defeat of the Dickstein Sunday business bill and 18 other bills which attacked the American Sunday is significant. Excellent progress was also made on bills to close grocery stores and barber shops on Sunday. Aid was given censorship bill, which was passed.

"In New Jersey the motion picture forces and the commercial sporting advocates were held in check.

"In Pennsylvania an obnoxious Sunday business bill was defeated by an overwhelming vote in the assembly and other proposed anti-Sunday legislation was killed in committee.

"In Ohio the Taylor Sunday movie bill was defeated.

"In Wisconsin an advantage for more rest days for policemen was won. A great anti-Sabbath bill is being held back.

"Splendid results may also be reported for New England, Maryland, some of the mid-west and Pacific coast states, the south, where last July a organized work was undertaken by the Alliance, and in the District of Columbia.

Stresses Propaganda

"The committee would lay stress on a nation-wide propaganda for white open Sunday, which was started at Washington, November 22, through the generous help of the daily press, and back of which were powerful national and sporting organizations.

"This propaganda was used as a smoke screen to hide their real purpose of commercial Sunday and by misrepresentation, exaggeration and string-of-lies published through the press and in the movie houses, and in intensive advertising, extensive efforts were made to fool the people and make good the former threat of 'slipping out every vestige of laws protecting Sunday from the statute-books of every state in the United States.'

"Although the effort was made directly against the Lord's Day Alliance of the United States, your committee saw that the real issue was inter-religious, and should be American Christian Sabbath be abolished? A communication was shaped up by the

Georges Gives Baby Her First Walking Lesson

An interesting and exclusive photograph of Georges Carpenter, French heavyweight champion, and his baby daughter, Jacqueline, four months old. The photographer, after some photographs of Georges in training for his championship bout with Jack Dempsey, was much interested to find (Carpenter more interested in baby Jacqueline than preparing for the bout with Dempsey.

Cowboy Kids Call on the President

President Harding and "Laddie Boy" photographed on the White House grounds with two little callers—Jack, (on left), and Bobby Kneipp, sons of an Arizona ranch owner. The youngsters, in cowboy regalia, showed the President how to toss the lariat, using Laddie Boy, the White House Airline, as the subject for demonstration.

MAPLE SUGAR CROP CUT BY CAPRICIOUS SPRING

Surplus of Last Year's Product May Be Dipped Into to Supply This Season's Demand

MONTEPELLIER, Vt. (P)—A capricious spring and high cost of production kept the maple sugar crop in Vermont below normal this year. This is the summary of reports to larger dealers here from sugar farmers throughout the state. There will be no shortage of the tangy sweet, however, they say, as there was a considerable surplus from 1920.

Although the forest census shows that there are 16,000,000 sugar maples in Vermont not more than 3,500,000 of them have ever been developed. This year about 4,500,000 were tapped. The sugar and syrup yield, it is estimated, will be less than 2000 tons.

Weather conditions were important factors in the decrease, as the unusually warm periods of early spring were not tempered by the frosty nights that are needed to contract and expand the sap flow so that it will run freely. Farmer declare they were obliged to pay wages equal to the scale of a year ago and that other equipment used in harvesting showed no decrease in price.

Church as Last Resort

"Remove these counter-attractions and distractions of the day and it will prove a far easier matter to woo and win a multitude of young people who have lost the way to the Bible school and the church. Close up the Sunday movie and theater, shut the gates of the basketball park, lock the doors of many open places of business, make more attractive that none the less spiritual, the meetings of the church, and this paramount problem of the generation does not lie on the way to a definite and effective solution."

Slated as Minister to China, is Report

Dr. Jacob Gould Schurman, of Ithaca, New York, former president of Cornell University and former minister to Greece and Montenegro, who is understood to have been chosen by President Harding for American minister to China, according to Washington reports. Dr. Schurman for many years has been an authority on international law and economics.

LUMBER COMPANY

RAILWAY GRAFT CHARGES CAUSE STIR IN JAPAN

Dominant Political Party is Accused of Using Manchurian Line to Reward Own Members

TOKIO. (P)—After the opium scandal disclosures Japanese political life has been stirred by charges of graft in connection with the operation of the South Manchuria railway. Allegations have been made that the Seiyukai, or dominant political party, has used the railway to reward its own members in illegitimate ways, especially as regards purchases, the prices paid being disproportionately large.

Mr. Yada, formerly a high official of the company, sent a copy of a pamphlet to every member of the diet making serious charges against individual and firms as well as officials. The indictment is said to have the general endorsement of Mr. Kawakami formerly a director of the railway, who was recently appointed minister to Poland.

COLORED SEAMEN MIRRING FOLLOWING ATTACK BY GANG

PORTLAND, Me. (P)—James Walker, a negro member of the crew of the schooner Mary W. Barrett, was missing today after a raid on the vessel by a gang of men who attacked the five negro sailors after driving them from their boats to the deck at pistol point. The negroes fought back but were badly beaten. When the encounter was over, Walker could not be found. It is believed he went overboard in the fight and police made arrangements to search for his body.

Heads German Cabinet which Signs Allied Demands

Dr. G. Wirth, for years the noted leader of the German Social Party, who has succeeded in forming a new German cabinet. Dr. Wirth takes the two posts of chancellor and minister of foreign affairs in the new cabinet. Dr. Wirth's coalition ministry was endorsed by the Reichstag, which voted to accept the allied terms.

FORMER EMPEROR TELLS SWISS HE WILL LEAVE

Deposed Ruler of Austria-Hungary Sets Date for Departure from Present Haven of Exile

GENEVA. (P)—Former Emperor Charles of Austria-Hungary has formally notified the Swiss federal authorities that he will leave Switzerland with his family and start the coming August, and that meantime he will abstain from political propaganda. He declined to say where he intended going. The Swiss government received the ex-emperor's decision with relief. It is variously suggested he is going to Holland, near former Emperor William's abode; to Spain, where it is believed he would be welcomed, and even to England or the United States. The most talked of theory, however, is that he hopes to return to Hungary.

This is chapter 3 of the wonderful, new story of ice cream

Remember how carefully Mother sealed the air out of her "preserves" and "canned" things?

FOR THE SAME REASON WE NO LONGER USE THE ORDINARY AIR IN MAKING YOUR ICE CREAM!

EVERYONE knows that AIR cannot be permitted to get into canned or bottled fruits or vegetables. You probably remember how Mother used to worry and fret over sealing her "preserves" and things—so that, not even a thimbleful of air could get into them. She had a good reason for keeping the air out.

And, for the very same reason, WE ARE KEEPING THE ORDINARY AIR OUT OF YOUR ICE CREAM! It's just a new thing—a startling, new development in the business of making GOOD ICE CREAM. But, oh, what an advance in making perfectly PURE ice cream for YOU to enjoy.

This new method or process is called "CARBONATING". It means that ALL ordinary AIR is driven out of the ice cream, in the "freezers," and replaced by atmosphere which is ONE HUNDRED TIMES PURER THAN AIR! It means that NOW we are making ice cream REALLY PURE! Now—for the first time—although, for years, we've been paying out enormous sums of money in order to secure only the purest and best of ingredients for your ice cream; have been doing everything humanly possible to make the ice cream PURE. The only place we fell down was in using AIR—and we didn't realize THAT until the discoverer of this new process PROVED it to us. Now we BUY the atmosphere—a sterile, 100 per cent PURE atmosphere—in which YOUR ice cream is made.

Today your ice cream is finally, absolutely pure. It even TASTES better. And it is even MORE beneficial as a FOOD—for the carbonating atmosphere has valuable food properties of its own. More than this, CARBONATED ICE CREAM keeps BETTER than the ordinary kind—keeps LONGER. Our dealers ALONE can supply you with this new, SUPER-PURE ice cream—since WE have exclusive rights to the new process in this city.

PUMP CONFIDENCE INTO CARPENTIER BY PICTURE PLAN

Training Quarters of Europe's Champ Bespattered with Triumphant Ring Scenes

MANHASSET, N. Y. (AP)—Large colored lithographs adorning the walls of the indoor gymnasium in Georges Carpentier's training camp are among the most interesting of contrivances employed by Manager Dempsey and Trainer Wilson to aid in bringing the champion of France into condition and keeping him there.

On one wall is a large poster showing the Frenchman standing in the ring with Joe Beckett at the knock-out. At the other side of the ring Carpentier is shown after the victory being hoisted to the shoulders of his admirers. Around the walls are other pictures of the European champion. Admittedly, he is not to be allowed to forget the slogan of the camp, which is that he is the greatest boxer in the world and sure to be the champion after July 2.

The psychology employed by the shrewd Dempsey since Carpentier entered the ring as a boy under his direction has been one of the stock legends of boxing. It will be played to the limit in the preparation for the coming battle at Jersey City. Carpentier left France at fighting weight, and in excellent condition Dempsey declared, and the main function of the next few weeks will be to prevent him from going stale physically and maintain that state of mind which will send him against Dempsey confident of victory.

The occasional cigar, with jolly words in moderation, which are being given the boxer during his week of rest tend to show the confidence of his directors in his present physical fitness.

COLLEGIANS ROW TODAY.

LIVONIA, N. Y. (AP)—Attention of the rowing world is today focused on the triangular regatta to be held on Cayuga lake this afternoon with Cornell, Princeton and Yale as contestants for aquatic laurels. Ideal weather conditions prevail.

Gibbons-Sommers Fight Date Fixed for July Fourth

Battle of Light-Heavies Will Be Held on Race Track-Near Spokane, July 4

MILWAUKEE, Wis. (AP)—Mike Gibbons, St. Paul middleweight boxer, today was matched for a 15-round contest to a decision with Al Sommers of California at the Coeur d'Alene race track on the Idaho line, near Spokane, Wash., July 4.

The bout has been arranged by Tom Ambrows, Milwaukee promoter, who today received a telegram from Mike Collins, Gibbons' manager, from New York confirming the match. Collins will be in Milwaukee in a few days to sign articles. Gibbons will receive approximately \$10,000.

Brief Bits of Sport

Who'll win the big fight?

Candidly we'll say we don't know, but after comparing the war records of the contestants—

Well, we'd hate to see the champion ship toted over sea, but that is where world liberty was won by some patriotic Americans, and a whole lot of Frenchmen, Italians, Belgians and Britisheers.

We might say the cause of freedom was not won totting hammer around and noing in new overalls and cindolop, patent leather dress shoes with a blacksmith's sledge in the hand, posing for publicity pictures.

Women Who Will Rule the Dempsey Quarters During Training Period

Upon these two women will rest the care of the Dempsey household at Atlantic City, N. J., during the champion's preparations for his title-bout with Georges Carpentier in Jersey City, July 2. Mrs. Carrie Barrett, housekeeper (left), Miss Louise Chadley, her assistant, and Jack Dempsey, photographer at the champion's training quarters.

But how folk forget.

The rain king followed the Salt Lake Bees all about the coast on the recent trip of three weeks, and now is continuing the pursuit in Salt Lake.

By the way, Manager Gavey Cronin, manager of the Bees outfit, is in a long distance controversy with Bill Lane, czar of the Coast league, about a lot of fan gossip over the Brown-O'Connell spiking incident.

A bat boy, it seems, told McCarthy that Brown, Bee third baseman, had orders to spike O'Connell, Best first baseman. And Mac is believing it. He wants to put Gavey and his whole title into the penitentiary for "malice aforethought," or something.

Press agents are working up a very neat climax for the coming big fight. Nothing but bear reports from either camp.

One would get the notion from these reports that neither man will be fit to whip a featherweight when July 2 rolls around.

Jess Willard has broken out again. He says if Dempsey doesn't give him a match for Labor day he will make official claim of the title.

The big Kanan says he has some right to the championship, any way, notwithstanding the outcome of the scrap last July 3.

After thinking it over for a year's period Jess has concluded that Dempsey slipped over a chance blow.

Seems to us the entire program of that fight in Toledo was composed of "chance blows." If Jess' contention is correct.

Cleveland, O.—The fatal accident which befell Ray Chapman, Cleveland abolitionist, last August, was recalled to the baseball fans here yesterday. Joe

USE AUSTRIAN BANK NOTES FOR WALL PAPER IN GENEVA

GENEVA. (AP)—Papering the walls with Austrian banknotes proved such a good advertisement for a St. Gall restaurant that other lakekeepers have taken up the idea. They have found that the cost is little more than that of good wall paper.

A Geneva firm recently began printing Austrian notes of from 10 to 1000

crowns on each woman's garment sold according to the amount of the purchase.

CLEANING HOUSE RESERVES SHOW DEFICIT FOR WEEK

NEW YORK (AP)—The actual condition of cleaning house banks and trust companies for the week shows a deficit in reserves of \$43,000 due to a decrease of \$1,715,000 from last week.

Exide BATTERIES

Long Lasting Power

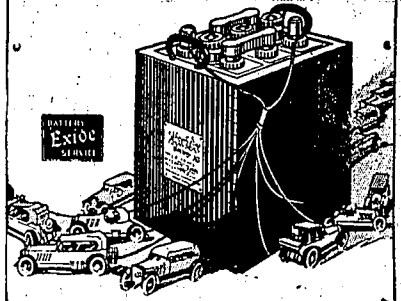

You are entitled to a battery that is not only powerful when new, but that keeps its power through a long life of service.

This means so much to you in economy and convenience that it is worth some attention on your part. Call and let us show you why Exide construction gives you more power, longer life, and more care-free service.

We repair all makes of batteries with a care that aims to live up to the name Exide.

Ford

THE UNIVERSAL CAR

The Ford car can well be called the "peoples car," because there are more than 3,000,000 of them in daily operation. That is about four to one to the nearest follower in the motor car industry. This would not be so if the Ford car had not for sixteen years proven its superiority in service, in durability, and in the low cost for operation and maintenance; this would not be so if the Ford car was not so easy to understand, so simple in construction that anybody and everybody can safely drive it. It is everybody's necessity because it doubles the value of time, and is the quick, convenient, comfortable, and economical method of transportation. We solicit your order. We have the full line, Touring Car, Runabout, Coupe, Sedan, Truck. We assure you the best possible in repair work with the genuine Ford Parts.

SCIENTISTS PAY HONOR TO WOMAN

Mme. Curie Takes Part in Dedication of Bureau of Mines Laboratory

WASHINGTON, D. C. (AP)—Madame Marie Curie, the Polish scientist, who received a gram of radium yesterday from President Harding set in motion the machinery of the new low temperature laboratory of the bureau of mines. A distinguished gathering of government officials and prominent scientists from all parts of the country was present to welcome Madame Curie, and to witness the dedication ceremony.

At 10 o'clock, Madame Curie, who is unable to remain at the laboratory for more than a few minutes, Madame Curie was unable to deliver a dedicatory address. The ceremonies were curtailed, Madame Curie replying briefly to addresses of welcome by Dr. H. Foster Bain, director of the bureau and Dr. R. B. Moore, chief chemist of the bureau. Later she expressed the but ton that set in motion the complicated machinery of the laboratory.

On behalf of Gordon Kimball of Ouray, Colo., Madame Curie was presented with a large specimen of carnotite ore, said by scientists to be one of the finest specimens of radium-bearing ore ever obtained in the United States. She also was presented with a bottle of ore, forwarded by Mr. Kimball, part of the first shipment of carnotite ore ever made in this country. It was mined in 1898 where the radium-bearing values were known.

Madame Curie said both specimens would be placed in her museum in Paris.

The laboratory dedicated by Madame Curie was constructed for the purpose of obtaining scientific data for use in connection with government helium plants and to furnish a laboratory where American scientists may have the best-known apparatus for conducting low temperature experiments.

DIVORCE GIVEN SECOND HUSBAND OF PRINCESS

Captain Schultz Seeks and Obtains Decree when Former Spouse Turns Up Among Living

GREEN BAY, Wis. (AP)—The marriage of Captain Wallace S. Schultz of Milwaukee to Princess Nadejda Troubetzkoy was annulled today by Circuit Judge Henry Grays. The decision was reached.

Princess Troubetzkoy did not contest the suit. The princess, according to dispatches, is now living in New York.

Schultz testified yesterday that the princess had another husband, Victor A. Turin, at one time an officer in the Russian imperial guard, and credited with being dead, but who, Captain Schultz said, was found to be residing in the state of New York. He added that no divorce was ever granted the princess. Schultz's attorney produced a certified copy of the marriage to the Russian officer.

Captain Schultz said he married the princess in Washington, D. C., April 25, 1920. Shortly after their marriage he declared he learned that his first husband was still living and he then consulted attorneys.

TYPHUS EPIDEMIC FOUND AMONG INDIAN INDIANS

Discovery of from 30 to 40 Cases with 16 Deaths, Reported by Director

SANTA FE, N. M. (AP)—That the epidemic among the Navajo Indians, 30 miles west of Ship Rock Agency, is typhus was announced by the state public health bureau this morning, on advice from Director C. S. Walker now on the reservation. There are from 30 to 40 cases, sixteen deaths have occurred so far, and Dr. Walker is being sent to the reservation to advise in the state to be on the lookout for symptoms especially among Indians and Mexicans from Old Mexico.

Reports of a fatal outbreak among the Navajos first reached here a week ago with the news of the death of Dr. E. C. Davis and Dr. J. C. Griffen, physicians working among the Indians. The department has been to Shiprock for an investigation. Guinea pigs were experimentally used and the disease was positively identified as typhus.

Absent-Minded to the Last

The celebrated professor died and his coffin was laid out in the churchyard. But in the night he forgot that he was dead, got up and went home.—Karlström (Christianian).

Church Officer Goes, And Girl and \$5,200 Fund

Shubel K. Siver, prominent member of the First Reformed Church of New Brunwick, N. J., and its highly respected treasurer, has mysteriously disappeared. Concurrently missing are liberty bonds to the value of \$5,200 and Miss Adelle Goussier, eighty-eight year old widow of Perth Amboy, N. J., whose son has a liver, who is married and has three children, was in an automobile with Miss Goussier. The missing liberty bonds were owned by the congregation of the First Reformed Church.

WEALTHY CHICAGO WOMAN ADMITS ROBBING HOMES

Injuries Incurred in Motor Accident Alleged Cause of Klondomania

CHICAGO. (AP)—Injuries incurred in an automobile accident, alleged to have caused Klondomania, were held responsible by relatives and physicians today for the acts of Mrs. Joseph S. Hell, wife of a wealthy broker, who confessed last night, according to the police, that for more than a year she had been robbing homes of wealthy families by posing as a maid. The loot was said to total more than \$25,000 and much of it was found in Mrs. Hell's home.

Mrs. Hell was held in a detention home today on four formal charges of robbery. Her condition was said by attending physicians to be serious, for in addition to mental troubles with which she was said to be afflicted, she was held to be a lunatic.

Mrs. Hell, with an allowance of \$309 a month from her husband, two automobiles and a magnificent home forgot references, according to her alleged confessions, and obtained employment as a maid in fashionable North Shore homes, robbing them when she left. She was identified by four former employees.

The loot ranged from canary bird cages to valuable pieces of jewelry. A number of platinum pins and diamond rings were found, along with the police through pawn tickets found in Mrs. Hell's home.

Her husband recently had given her a small apartment building, it was said by relatives, and Mrs. Hell was quoted as saying that much of the property she stole was used in furnishing it.

Mr. Hell refused for some time to believe the charges against his wife. "Why I can cash my personal check for \$250,000 at any Chicago bank," he said reporters. "Why should my wife steal?"

His income was said to be more than \$150,000 a year.

Mrs. Hell is mistress of several restaurants. She is 35 years old.

CALLS RAILMEN IN CONFERENCE

Brotherhoods and Switchmen to Consider and Pass Upon Wage Award

CLEVELAND, O. (AP)—Approximately 600 general chairman of the four big brotherhoods and the Switchmen's Union of North America, will attend a joint conference in Chicago on Friday, July 1, to consider and pass upon the wage award to be made by the United States railroad labor board, effective on that date.

The call for the joint conference was signed by Warren B. Stone, grand chief of the Brotherhood of Locomotive Engineers; W. R. Carter, president of the Brotherhood of Locomotive Firemen and Engineers; L. E. Sheppard, president of the Order of Railway Conductors; W. G. Lee, president of the Brotherhood of Railroad Trainmen; and J. C. Cannon, newly elected president of the Switchmen's Union of North America.

Defense of Child Leads Woman Mayor to Enter Politics

ST. LOUIS, Mo. (AP)—The mayor of St. James, Mo., a male gray catnip grower, with hat, hose and pumps to match, pink cheeks and dark eyes, told the St. Louis League of Women Voters how she came to be elected.

Mrs. James Dunley, the mayor, said that officers were bent on taking the small and mischievous son of her doctor employer to reform school. She would a catastrophe in domestic routine. Mrs. Dunley herself honored a train that intercepted the officers with the plea: "What is this," she said she explained to the officer. "You take little boys to the reformatory without even a trial in court. Why, you would treat the worst criminals like that."

From that day she said she resolved to get on the inside and see how things were done, so she announced her candidacy and was elected the first woman mayor in Missouri.

Today's Markets

WHEAT CONTINUES ASCENT

Closing Quotations 5 3/4 to 6c Net Higher Than Yesterday

CHICAGO. (AP)—Fresh advances in the price of wheat took place today, rising largely to bullish crop reports. Absence of rain was an additional boost to friends of lower prices. Besides, Kansas authorities gave out figures indicating a reduction of 140,000 acres in the harvest for that state. Opening quotations, which ranged from 1-1/2 to 2-1/2c higher, with May \$1.60 to 1.65, were followed by moderate further tightening up of values.

Many traders interpreted field reports as showing serious actual depression in the wheat market. The market closed among 3 3/4 to 4c net higher, with May \$1.65 1/4 to \$1.65 1/2 and July \$1.28 to \$1.28 1/4.

Corn was firm in sympathy with wheat. After opening 5-8c off to a shade higher, including July at 60 1/4 to 60 1/2c, the market scored gains all around.

Closing prices were firm at 5-8 to 5-8 net advance with July 61 5/8 to 61 3/4c.

Options had an upward slant like other wheat, but were unchanged to 1-1/2c higher, July 38 5/8 to 38 7/8c, and later making a general advance.

Higher prices on hogs helped to strengthen provisions.

Cash Quotations

CHICAGO. (AP)—Wheat No. 2 hard \$1.60 1/4; No. 1 soft \$1.61 1/4; Corn No. 2 mixed 60 3/4 to 61 1/4c; No. 2 yellow 61 to 61 1/4c; Oats No. 1 white 30 1/4 to 40 3/4c; No. 1 white 30 1/4 to 40 1/2c; Rye No. 2 \$1.53; Barley 53 to 62c; Timothy seed \$3.50 to 6; Clover seed \$3.50 to 18; Pork nominal; Lard 49.45; Lard \$9.50 to 10.50.

Cattle receipts 300. Compared with week ago: Beef steers and stock mostly 25 to 50c lower; bulls 50 to 75c lower; veals weak to 75c lower; stockers and feeders firm.

Sheep receipts none. Compared with a week ago: Spring lambs 50c higher; cull lambs 25 to 50c higher; sheep 50 to 75c lower; feeders strong.

Chicago Livestock

CHICAGO. (AP)—Cattle receipts 500; compared with a week ago: beef steers mostly steady; plain heavy steers 15 to 25c lower; stock and bull steady; spots weak; veal calves 25 to 50c higher; stock and feeders 15 to 25c higher; top beef steers for week \$9.65.

Hog receipts 4,000; generally 10c higher; top 80; bulk \$8.25 to \$8.35; pigs nominally steady; held over light.

Sheep receipts 4,000; practically all packer direct; compared with week ago: light 1st born lambs steady to 25c lower; heavy and culls 50c lower; best yearling 55 to 60c higher; matured sheep 75c to \$1 lower; heavies and cull ewes off more; yearlings irregular.

New York Stock Market

NEW YORK. (AP)—Shorts directed their efforts during the greater part of today's stock market session to the rails, causing further losses of 1 to 2 points. Chesapeake and Ohio, the leading transcontinentals, Great Northern, New York Central, Atlantic Coast Line and Southern Railway fell one to two points. Oil, steel and equipments, notably American Petroleum, General Asphalt, Crucible, Vandalum and Pullman were under similar pressure. American Lined, which yesterday passed its dividend dropped 5 points. Motors, leathers, textiles, and utilities, including express company shares fell 1 to 4 points. The closing was heavy. Sales approximated 350,000 shares.

Selling by professional interests was resumed at the opening of today's stock market. Bulls were especially heavy, Chesapeake and Ohio losing an additional two points as a result of the announcement of the dividend. Union Pacific fell 1 1/2, Atlantic Coast Line 1 and Reading, New York Central and Rock Island forfeited large fractions. Independent Steel, Standard Oil, General Asphalt, American Lined, Ullrich and Leather preferred, Baldwin Locomotive and General Electric comprised the other

or backward issues. Firmness was shown by Sumatra Tobacco, Mexico Petroleum and American Woolen.

Liberty Bonds

NEW YORK. (AP)—Liberty bonds closed: 3 1/2's \$98 1/2; first 4's \$97 1/2; second 4's \$97 1/2; third 4's \$97 1/2; fourth 4's \$97 1/2; Victory 3 1/2's \$97 1/2; Victory 4's \$97 1/2; Victory 4 1/2's \$97 1/2.

New York Produce

NEW YORK. (AP)—The raw sugar market was quiet today and no business was reported. Prices were unchanged at \$5.02 for centrifugal.

Raw sugar futures were a shade lower or under scattered liquidation for over the week end with closing prices 1 to 3 points net lower. May \$3.82; July \$3.83; September \$3.83; December \$3.85, all bid.

Prices for refined remained unchanged at \$4.00 to 4.00 for fine granulated, with only a moderate inquiry reported. Refined futures were unchanged with sales consisting of only one lot of September at \$4.20, one lot of October at \$4.25. Closing bids: July, August and September \$4.20; and October \$4.25.

BLACK MEN NEED HELP OF CHURCH

Presbyterian Freedmen's Board President Asks Expansion of Work

WINONA LAKE, Ind. (AP)—The need for great expansion in the work of the Presbyterian church among the negroes is shown by Dr. S. J. Ehrler, president of the Presbyterian Board of Missions for Freedmen, in his annual report to the General Assembly. Dr. Ehrler says in part:

"I have never had more applications for enrollment in our schools, or a greater interest in their education by the negroes of the south. At Asheville, N. C., a \$25,000 dormitory for boys has been erected, most of the expense being defrayed by a generous friend of our work."

"At Boggs, Tenn., \$75,000, G. A. Boyden, also costing \$25,000, has been finished and dedicated. An enlargement of the work at Sheldon Institute, Brunswick, Ga., is being arranged, which will provide rooms for a number of boys. The increased cost of living called for increased support for missionaries and teachers, but the declining value of money, together with the need and considerable lack of employment, has affected the resources of the colored people in the south, and lessened their ability to help support the churches and the school requirements. This has placed a greater pressure upon the treasury of the board, for it is neither right nor wise to practice an economy which means those many thousands unprovided with schools, or an efficient industry, or permit properties to remain unimproved."

"As the negro population increases normally and the educational assistance given by public authorities does not keep pace, our work must expand and meet the great demand. The board asks for \$40,000 to rebuild the theological dormitory at Bible university (a necessity occasioned by the fire at Albion academy, Franklin, N. C.); \$5,000 for a recreation building at Alice Lee, Elliott, S. C.; \$25,000 for a school building at Martinsville, Va. There is a great opportunity and a pressing need for 10 new school buildings at a cost of \$25,000 each, to accommodate the 145,000 pupils in the school system and furnishing lack for \$50,000."

MEAT IN COLD STORAGE FALLS UNDER AVERAGES

Bureau of Markets Reports Total Refrigerated Stocks 211,000,000 Pounds Less Than Last Year

WASHINGTON, (AP)—Total stocks of meats in cold storage warehouses and packing plants are 211,000,000 pounds, less than last year and nearly 251,000,000 pounds under the three-year average, the bureau of markets announced today. The total meat crop of stocks this month are 145,000,000 pounds under the five-year average, it added, the principal shortage being in dry salt pork.

Primitive Lamps

The first lamps, known as "Betty" lamps, introduced in America, when the first Filipinos landed, resembled somewhat the old Greek models. Some were forged from iron, and others were cast in brass. They were flat on top and bottom, and the wick support was a crude bar, fastened by the lower and to the inside bottom of the lamp. A handle at the back attached by links to a pointed hook, held the lamp suspended from a high backed chair or cradle in the stone fireplace.

First Use of Illuminating Gas

Illuminating gas was in early days regarded as dangerous. It was supposed to be on fire in the pipes, and even when it was introduced into the British house of commons the members were seen feeling the pipes and shouting warnings as flitting their cool.

Picnic Under Beech Tree

When in full foliage the beech tree is remarkable for its close shade and coolness. The branches and such parts of the tree as cannot be more usefully employed make capital firewood.

TWILIGHT BALL LEAGUE STARTS OFF WEDNESDAY

Program is Planned with Parade and Speech on Baseball Getaway Day

The Twin Falls, Twilight Baseball league will open the 1921 playing season on Wednesday evening of the coming week with the usual inaugural ceremonial program. There will be a parade and formal feature or two 'at the grounds. The opener will be between the Moore lodge and the Idaho Department store teams.

The opening game is scheduled to get under way at 5:30, and the parade will probably start downtown about an hour before that time. Plans are being made to have the city band head the procession, which will pass through the principal streets of the business section. The program also contemplates early closing of stores so that a good attendance will be guaranteed at the send-off. Mayor P. McDevore has been invited to front the first ball over the plate. He may also make the inaugural address to the fans from the plate before assuming the duties of the initiating officer. All clubs are to be in the parade.

The league is composed of six clubs, the Idaho Department store, the Moore Bankers, Legion, Elks, Electric and Banks. Three regular games are scheduled for each week.

A meeting of the league executives was held last night and a plan of campaign formally drafted. J. J. Behrman and R. H. Stephenson were chosen additional members of the governing board. The season ends, according to the schedule on Labor Day with the Elks and Electric in the final game.

Gender of the Sun

In modern English literature the sun is invariably referred to as masculine and its gender is now so fixed. But in old English the sun was always termed feminine, as it is in Milton; Shakespeare, however, considered the sun masculine. The Germans still refer to the sun as feminine, while in French it is masculine.

First Use of Illuminating Gas

Illuminating gas was in early days regarded as dangerous. It was supposed to be on fire in the pipes, and even when it was introduced into the British house of commons the members were seen feeling the pipes and shouting warnings as flitting their cool.

Picnic Under Beech Tree

When in full foliage the beech tree is remarkable for its close shade and coolness. The branches and such parts of the tree as cannot be more usefully employed make capital firewood.

Look Out, Devil!

When the preacher prayed, "Oh Lord, curdle the power of the devil in this community," the good colored brother in the gallery cried, "Amen, do Lord; cut his tall snook smooth off."—Brooklyn Eagle.

Reflect upon your present blessings, of which every man has many, not on your past misfortunes, of which all men have some.—Dickens.

WHOLESOME DESSERTS.

A dessert which may be given the children with freedom is baked apples in various ways; the following will be found a little different from the usual manner of serving them:

Individual Baked Apples.—Use the small glass baking dishes. Cut the apples in quarters and remove all the core. Set the apples in cups to resemble a whole apple. Fill the center with pieces of figs, dates or raisins. Add to each cup one tablespoonful of water. Bake until tender. The skin is not removed from the apple. Serve hot or cold with cream and sugar.

Ginger Cream.—Soak three-fourths of a teaspoonful of gelatin in one tablespoonful of cold water. Make a custard of one egg, one tablespoonful of sugar, six tablespoonfuls of milk, a pinch of salt, beating all with an egg beater. Cook over water until the spoon is coated, then add one tablespoonful of melted Clarifed Butter and two tablespoonfuls of sirup; add the gelatin to the hot custard and when thick stir in one-half cupful of whipped cream. Pour into molds and chill.

Lemon Crumb Pie.—Grate the rind and take the juice of a lemon. Mix two tablespoonfuls of butter with five tablespoonfuls of sugar. Stir the sugar mixture into three-quarters of a pint of hot milk, and cool; add the yolks of three eggs, well beaten, and the lemon juice and rind. Line a pie plate with a thin layer of buttered crumbs and pour in the mixture. Cover when baked and firm with a meringue made from the whites. Brown in the oven and serve cold.

Nut Mince Pie.—Mix together in the order given the following ingredients: One-half cupful of chopped walnut meats, one-half cupful of seeded raisins, one cupful of chopped apples, one-half cupful of dark corn syrup, one-fourth of a cupful of elder vinegar, one-fourth of a cupful each of fruit juice of any kind of canned fruit, molasses, one-half teaspoonful each of allspice and cloves and one teaspoonful each of cinnamon and nutmeg. Add enough crushed crackers to make of the right consistency and fill a lined plate with the mixture. This makes a large pie.

Use Rubber Floor Varnish to renew your floors. Kunkle & Benfield; only 40 cents per gallon.—adv.

TRUANT YOUNGSTERS

KEEP EYES ON CARS

Ask any kid in Seattle who has a tendency to play hooky once in a while and he will tell you that he always keeps a sharp lookout for Dodge Brothers touring cars and roadsters. Reason—this is the type of car used by the eight attendance officers of the Seattle school board, who scour the city constantly for symptoms of juvenile delinquency. More than once one of these cars has pulled alongside the curb or glided up to the awnings' hole to the great dismay of the youngster who had remained out of school to attend his grandmother's funeral. Out popped the truant officer and before Johnny could move he was under cross-examination.

Now the Seattle school board has made it a little easier for Johnny by giving him a reasonable chance to "duck." The board has ordered that cars played by attendance officers be plainly lettered in conformity with the style of lettering on all other cars owned by the school district. When this action was proposed it brought forth a sharp and insistent protest by one of the removal officials. The objection was reported by a Seattle paper as follows:

"Mr. Fleming said in his communication of protest that as Dodge Brothers cars are used exclusively by the department, any Dodge Brothers car is instantly the object of suspicion on the part of the juvenile population of a community. To make them more conspicuous by lettering would be merely adding to the troubles of an overburdened and unappreciative public agent. But the protest was overruled."

The Seattle police department also uses 10 Dodge Brothers touring cars. The various departments of the city and county together operate 37. Little wonder the small boy regards the familiar D. B. monogram with suspicion.

DEVCO

VELOUR FINISH

Rooms that can be "laundered!"

CAN you honestly say when you have finished house-cleaning that your rooms are really clean? You can never say it unless your walls are washable.

Devco Velour Finish—put on light creel wall paper, burlap or plaster—gives any room a surface that can be washed with soap and water, making it as clean as a daisy fresh from the laundry.

Devco Velour Finish comes in soft, artistic colors that add cheer and hominess to the room. Devco Velours are also used for doors—backed by zinc—experts in this country have long been concerned in the prevention of fire.

Sold by the Devco Agent in your community.

THE NEWS' SUNDAY SERMONETTE

By CHARLES GLENN BAIRD, M. A. Rector, Church of the Ascension, Episcopal

THE LIGHT OF THE WORLD

John 8: 12: "Then saith I am the light of the world; he that followeth me shall not walk in darkness, but shall have the light of life."

During the Great War there was a general feeling that the world was plunging into a dark abyss of hate and crime...

Ever today there are many who seem to take a certain grim satisfaction in pointing to the world's disorder, and who claim that the end of all things is very near at hand...

Now the people who so argue seem to look only to the present, and are wholly lacking in historical imagination. They naturally think that the present generation is more wicked and more evil than any preceding generation...

It is only when the world is so evil that we are unconscious of it, or are indifferent to evil, that we need be alarmed. Even if we should grant that the world is more wicked today than ever before...

There was a time in our own nation's history when slavery was a matter of course. But gradually light shone on men's hearts and exposed the sins of slavery. In colonial days the light of freedom shined on the hearts of men...

The evils of that time were not altogether Roman. Many of them had existed for centuries before. But there was a much darker world than this into which our Savior Christ was born. Imperial Rome was mistress of land and sea...

The world had already seen the rise of great religions—Confucianism, Hinduism, Buddhism, Jainism, which men and women followed eagerly, in the hope that the veil of sin might be lifted...

Every one, indeed, that was represented in that vast empire. All these religions and philosophies had much that was good in them...

Into this world of darkness came One who proclaimed Himself the Light of the World. Surely our Lord must have known of the founders of these great religions...

During the Philippine Insurrection Major Welch was a participant in the capture of Paco, Morong and other towns along the shores of Laguna de Bay, including the important city of Calamba.

Major Welch and state officials of the Legion will speak at formal ceremonies for Albert Grass, grandson of Chief John Grass, who was killed in action near Soloson. The Indian hero who went overseas with Major Welch will be buried at Cannon Ball, N. D., with the full tribal rites of the Sioux Nation.

Parshing and Wood Are Numbered Among Members of Poets of Ex-Servicemen.

The American Legion has represented in its membership not only the first and last men to enlist for the World War, but also two of the best known military leaders in America. Gen. John J. Pershing and Maj. Gen. Leonard Wood.

The Legion poets assert that General Pershing belongs to their generations. They are the George Washingtons.

A GLORIOUS TRAIN

(Translated by A. Gilbert from "Le Sol", a Brussels Newspaper) Namur, Belgium, April 23, 1921. A glorious funeral procession passed through Namur on this day. The cortege drawn by a low boat passed through the city...

RIG CHIEF IS LEGION BOSS

Only Full-Fledged Indian at Head of an Ex-Servicemen's Organization in America.

Maj. A. B. Welch of Mandan, N. D., is the only full-fledged Indian chief and commander of an American Legion post in America. He is wearing the official dress of a head chief of the Sioux, which he was authorized to use when he was adopted by their great chief, John Grass, many years ago.

NAME LEGION POST FOR HERO

Connellville (Pa.) Organization Honors Memory of Milton Bishop, One of its Dead.

EVER MINDFUL OF THEIR LATER COMRADES IN FRANCE, THE MEMBERS OF THE AMERICAN LEGION HAVE NAMED THE GREATER PART OF ITS POSTS IN HONOR OF MEN WHO MADE THE SUPREME SACRIFICE.

When the post of the Legion was organized at Connellville, Pa., it was named Milton Bishop post No. 50, in commemoration of the heroism of the legation of Mr. Bishop, who was killed in action.

Mr. Bishop, who was killed in action.

Strange Second Party. I visited an aunt who had a small boy, and a year later went there with my husband on our honeymoon. We were both taken to see the little boy in his crib. He was asked if he remembered me. He looked up shyly and said: "I remember her, but I don't know the man of her."—Chicago Tribune.

Take Time to Enjoy Walk. One fault in those who walk for pleasure is hurry. Why hasten as if to catch a car? Why strive to be first at the goal—and miss the joy of the eye? Walk leisurely, not dawdling, but steadily, and thus enjoy the quiet and the change of environment. —Detroit Free Press.

UNCLE WALT'S STORY

THE USE OF SICKNESS

"THE USE is the most wonderful book I ever offered the public!" It is entitled "Psychology and Disease," and every page has an astounding revelation. When this book is universally read and understood, there will be no disease in the world!

"Which is equivalent to saying that when the plague arrives, a man with the rheumatism will get a job as a contractor." said Mrs. Curfew. "I have listened to agents for many years, and have heard all kinds of silly talk, but yours is the worst! You can't convince me that the day will ever come when a man with the jumping rheumatism, such as my husband is afflicted with, can sit at a desk and make money by reading a book, even if the book is endorsed by congressmen and justices of the peace and other dignitaries without number."

"If disease ever is banished from the world, I have no doubt that something wonderful will come to its place. I believe that everything in this world is here for a good purpose, even if it doesn't look that way at first glance."

"Early this spring there was an epidemic of measles which afflicted my little daughter had to come to visit. She never comes when the health conditions are all that could be desired, but just as sure as there is smallpox or seven year itch or some other colloquial disease, measles will come to its place. I believe that everything in this world is here for a good purpose, even if it doesn't look that way at first glance."

"The 'hads' been here two days before she was down sick. She had more measles than I ever saw in one collection before, and her face was a sight to be seen. I was inclined to murmur and repine, for I was just done with my house-cleaning and was so tired I felt as though I'd like to lie down and sleep for six months, and my husband on our honeymoon. We were both taken to see the little boy in his crib. He was asked if he remembered me. He looked up shyly and said: "I remember her, but I don't know the man of her."—Chicago Tribune.

"It was complaining to Mr. Curfew, and saying harsh, bitter things, when he came to the door with a telegram. It was from Cousin Susan, and she said: 'I was coming on the night train with her three children to spend a week with me.' She lavishes herself with that about once a year, and I always dread her coming, for her children are holy terrors, and there is no peace where they are."

"I never had a good excuse for hearing Cousin Susan off before, and she had become a nightmare to me. But on that occasion I had an excuse all ready made. I sent back a telegram saying that my granddaughter was in the house with an aggravated attack of measles, and the house was quarantined, and a policeman was a saved-off shotgun was guarding the approaches to the house. Of course I didn't use exactly those words, but that was the meaning of my dispatch, and Cousin Susan had to take her children and unload them on her Aunt Maria, who had never suffered a visitation of that sort before."

"This shows that diseases have their use, and even a few measles in the house are a wholesome thing, for it gives the children a chance to get acquainted with a determination to realize our wishes. So I have no use for any book that shows how to abolish diseases, and now must disperse, for I have a hundred things to do."

Arabs Suffer From Famines. "The Drinkers of Sunshine," as the Arabs along the Nile call themselves, are on the verge of starvation throughout Algeria, and unless wheat is imported from America it may have nothing but sunshine as a steady diet during the winter.

The threatening famine is the result of a year's drought. Seventy-five per cent of the sheep in Algeria have died as a result of the drought, and the Arab "Drinkers of Sunshine," drainers and philosophers, incapable of any work but that of gazing their flocks, are in dire straits.

Out of Date Now. "Did you hear what that young woman said?" "No, what was it?" "She told the young fellow with her that she 'just' wanted to 'cook'."

"Ah! An old-fashioned girl. She's using the 'rampling' methods popular twenty years ago."

To Be Expelled. "Bob—Don you weigh more than you did?" "Well, I started at nine and a half pounds."—Boston Globe.

Husband "Too Handsome to Work," Wife Wins Divorce

Charging that he was "too handsome to work," Mark Fox, a young Los Angeles Apollo, according to his wife's complaint, asked to be relieved of the responsibilities of matrimony. Mrs. Fox, as the result, sued for divorce and was awarded a decree in Los Angeles the other day. "The daily grind of earning a living for me and my son didn't appeal to him," Mrs. Fox told the judge. "If he thinks his beauty is deserving of support he can't find some one to continue his upkeep. I'm sick of it." The couple were married four years ago and in the time Fox, according to Mrs. Fox, has contributed little to the support of their home. The photos show Mr. and Mrs. Fox and their son, DeWitt.

MISHAPS COME INFREQUENTLY TO BALLOONIST

Loss of Five Men in March First Serious Accident in Lighter-than-Air Flying of Pensacola Naval Station School

PENSACOLA, Fla., (AP)—Loss of five men and the free balloon on March 22 was the first serious accident in the lighter-than-air section of the Pensacola Naval Flying school, the largest of its kind in the world, since its establishment in January, 1914. The balloon, in command of petty officer, George Keener Wilkinson of Houston, Texas, and carrying 20 students, pilots, R. V. Elned, machinist; E. L. Kerch of Belleville, Ill.; E. L. Kerch of Payne, La.; W. C. Elder, of Lebanon, N. Y.; and J. H. Treder, of Salem, Mass., set out on a usual night practice flight required of students, during which they must cover at least 200 miles.

Flamingo Fish
On April 3 a flamingo schooner sighted a black patch 20 miles southwest of Cape San Blas. It was the missing balloon. The basket still was attached to the balloon and was seen in the bag to keep it afloat. The trace of the men was found. None for their safety later was abandoned.

There have been few accidents to which balloons or dirigibles from the school have figured and no fatalities previously had been recorded. On September 30, 1918, Dirigible A-34 burst into flames as a result of an overloaded motor manifold. Men holding the mooring ropes, let go but not before the four men aboard had leaped to safety. At an altitude of 1000 feet, a year before the hydrogen was cleared, fog and a terrific explosion followed. The wreckage fell into the bay.

Balloon A-5029 was destroyed by lightning some time later.

Planes Often Wrecked
In the heavier than air section which includes the seaplanes, there have been several fatal accidents. The most mysterious was occurred off the coast of Florida, 1917, when student aviator, Edmund J. Crowe left the station for an hour's solo flight. Nothing over has been heard of the aviator or the plane. A year before the dirigible, the pilot was believed to have been an air plane was discovered in a swamp near here. Some believed the skeleton to be that of the aviator, but the identity never was established.

On June 12, 1918, in making a short turn necessary a machine skidded and the right wing struck a tree. The tree, 20 inches in diameter, was broken off by the force of the impact. The wing from the ground and the top fell upon the plane after it had crashed pinning the aviators beneath. The plane was wrecked but neither aviator was so much as scratched or bruised.

Hangs Up on Hangar
Two days later Lieutenant H. S. Allen skidded and flew directly into the wing of a hangar. The wings and tail wings of the plane lodged in the structural steel leaving Allen and the machine suspended 20 feet from the ground. Allen's only injury was a slight laceration of the face.

COFFEE DRINKER FINDS FRIENDS IN SCIENTISTS

Investigation Indicates Moderate Use of Caffein is Not Deteriorates

BOSTON, (AP)—Caffein in the moderate quantities consumed by the average coffee drinker is declared to be a safe stimulant without harmful after-effects in a preliminary report of a scientific investigation conducted at the Massachusetts Institute of Technology since June, 1920. The investigators directed by Professor Samuel C. Prescott, head of the department of biology and public health, who makes this announcement of the first findings of their research, are now at work to isolate and identify the other constituents of the bean, especially those which determine its flavor and aroma, preliminary to studying the best methods of brewing beverage of coffee.

The effect of caffein is known, says the report. "For the great majority of normal individuals it is a mild stimulant of the heart, increases power to do muscular work, increases concentration of mental effort, and therefore the power to do more brain work. It is not followed, except in excessive quantities, by undesirable after-effects. A few individuals are especially sensitive to coffee; and for them its use is not to be recommended. In these cases the abnormality is in the central nervous system, but there do not ensue any permanent injury. It is equally true that other normally harmless substances such as salt, sugar or condiments when used in excess may also produce untoward symptoms which, after some recovery, our studies lead to entire agreement with the results stated by Hollingworth that when taken in high food a moderate amount of caffein is not in the least deleterious."

UNIVERSITY STUDENTS GOING TO CAMP LEWIS

Seventeen Young Men of Moscow Will Train in R. O. T. C. for Commissions

UNIVERSITY OF IDAHO, Moscow, (Special). Seventeen University of Idaho students will leave Moscow in June for Camp Lewis where they will enter a six weeks' training course for commissions in the R. O. T. C. They will remain in camp to receive army commissions.

All expenses of the men from the time they leave home until they receive their commissions will be paid by the United States Government. Those who will attend from Idaho are: Paul M. Ellis, Piler; Gerald Friedman, Moscow; Gerald W. Gill, Shoshone Falls, S. P.; John Gill, Moscow; John M. Marshall, Moscow; Marshall Macey, Boise; Sigurd Sampson, Kellogg; Herbert Thompson, Boise; Robert Cummings, Wallace; Walter C. Chubbuck, Blackfoot; Rollin Furnip, Sandpoint; L. I. Mohler, Cashmere, Wash.; Loren Messinger, Moscow; Vernon T. Patch, Payette; Lewis H. Russell, Payette; and Marvin M. Scott, Palouse, Wash.

CREDITORS KEEP BERMAN OFFICE HOLDERS ALIVE

High Cost of Living and Markets' Depreciation Deal Hard Blow

BERLIN, (AP)—The high cost of living, coupled with the depreciation of the mark and low salaries, has hit German government employees such as a blow that a number of them say may be the only way in which they can exist is "to go deeper into debt every day." Some of them have borrowed money on their salaries for months ahead, and must borrow more.

One government official, on a salary of 2000 mark a month, which he bore the war was a reasonable wage, but he had been unable to buy new clothes for four years, that his garments now were threadbare, his shoes worn out, and he had contracted debts with his grocer when he could not pay.

"There is nothing to do but keep on going deeper and deeper into debt," he said. "I do not know where it will end, nor what will become of me. I earn 2900 marks a month; a suit of clothes costs me 3000, a pair of shoes 500, a good meal nearly 100—cigars, which are not uncommon for men who were once wealthy or held high official positions to ask foreign acquaintances to remember them in case they have an old suit of clothes or a pair of shoes 'to throw away.'"

AUSTRIAN WED OFFICIAL UNDER GARZANZA KILLED

MEXICO CITY, (AP)—General Maximilian Klose, an Austrian who was at the head of the artillery bureau of the war department during the Garzanza administration and more recently Mexico's consul general at Berlin, was shot and killed at the entrance of his home here last night. It is supposed his assassin was a discharged employee.

NOTICE FOR PUBLICATION OF TIME APPOINTED FOR PROVING WILL, ETC.

In the Probate Court of Twin Falls County, State of Idaho.

In the Matter of the Estate of J. M. Burkett, deceased.

Pursuant to an order of said court, made on the 20th day of May, 1921, notice is hereby given that Friday, the 3rd day of June, 1921, at 10 o'clock a. m. of said day, at the courtroom of said court, at the Courthouse in the City of Twin Falls, County of Twin Falls, Idaho, has been appointed as the time and place for proving the will of said J. M. Burkett, deceased, and for hearing the application of Ida M. Burkett and Mrs. M. M. Strutz for the issuance to Ida M. Burkett of letters testamentary when and where any person interested may appear and contest the same.

SEWING GIRLS MAKE SHOWING IN PARADE LINE

Members of 16 Junior Farm Bureau Clubs — Banquet Marks Occasion

Swinging into line behind the high school band about 120 girls, representing the girls section of the Junior Farm Bureau, swung into parade formation in front of the city park shortly after 12:30 o'clock this afternoon.

The parade float, headed by Mayor P. W. McRoberts, made a splendid showing, each girl being garbed in gowns. A May flower had a somewhat marbling effect upon the scene, but the girls made the best of the situation and "smiled through" the parade.

The parade broke up at the Hotel Hamilton, a banquet was served at 1:30 o'clock.

The day's festivities were devised and carried out by the Twin Falls Chamber of Commerce and the Junior Farm Bureau. The banquet was followed by toasts and the presentation of honor emblems to both club members and club leaders, presentation being made by J. O. Ellsworth, assistant farm agent of Boise. Mayor McRoberts was toastmaster.

Each club present was on the program for a surprise form of entertainment. Samples of sewing accomplishments of these girls have been on exhibition in several Twin Falls stores several days this week.

ROCK CRUSHER PLANT ORDERED DISCONTINUED

Sufficient Amount of Material is Produced to Complete the Road Building Program

The Twin Falls highway district rock crusher plant was ordered closed at the conclusion of today's work. The entire force, except such as will be required to protect the property, will be discharged.

POLLOCK IS IN COURT ON HANSEN'S CHARGE

Former Bank Officer Called to Answer Embezzlement Accusation

A. D. Pollock, former vice president of the Bank of Hansen, was by the prolate court yesterday afternoon for hearing on charge preferred by the state of embezzlement of bank funds.

The charge heard by Judge Duvall against defendant Pollock is brought by the state of Judge Lawrence Hansen, president of the bank. Two counts are contained in the filed information, one alleging a fraudulent transaction by which the former bank officer, in supposed to have obtained credit for \$1500, while the amount was charged against the bank. It is charged that Pollock made a promissory note to the bank in the name of the bank and immediately took credit on the books of the bank of Hansen on his personal account.

The parole broke up at the Hotel Hamilton, a banquet was served at 1:30 o'clock.

SOLDIER GENERAL PLANS COMPLETE

Military Rites Will be Observed Tomorrow Afternoon for Bert W. Meigs

Final plans have been arranged for the second military funeral here for a Twin Falls man who made the supreme sacrifice in the war for world liberty.

Post No. 7, American Legion, has taken charge of the funeral ceremonies and will hold the funeral in the hall of the church.

All veterans of the late war are to meet at the Greenman mortuary chapel at 2:30 Sunday afternoon at Twin Falls from that place to the First Presbyterian church, where divine services will be held, with officers of the local Legion post in charge.

Following the church ceremonies the veterans, with members of other post organizations, will march to the grave for the march to the end of the pavement on East Main avenue.

DEATHS

Francis Howell, week-old daughter of Mr. and Mrs. W. R. Bruce, Jr., died at the family home last night. Funeral services and burial will probably be held tomorrow with F. Greenman, officiating at the church.

FUNERALS

Funeral services were held this afternoon at the DeWitt undertaking chapel for the twin boys, born yesterday to Mr. and Mrs. Carlyle Pickett.

TO ALL PRESENT AND PROSPECTIVE SUBSCRIBERS

The new issue of the telephone directory closes May 23rd. Kindly arrange to take care of any contemplated changes or insertions before Monday, May 23rd.

BEETS PROMISE A BUMPER CROP

Sugar Company Authority Says Prospects Good for Record-Breaking Tonnage

That Twin Falls county will have a bumper crop of sugar beets this year, is being indicated more and more every day," says L. W. Oplaman, agricultural superintendent of the Amalgamated Sugar company here.

To date there have been 7800 acres contracted for 1921 for the local factory. The acreage is distributed all the way from near to Boise and is the highest since the erection of the plant in 1916.

Local Brevities

SAVE PLANTED SEED FROM PHEASANTS BY USE OF SIMPLE FORMULA, BUREAU AGENT ADVISES

H. E. Powers Submits Plan of Treatment for Grain that Saves for the Farmer While Not Destroying the Life of Game Birds—Turpentine and Oat Tar Form Basis of Recipe

Many inquiries have come to the farm bureau office recently asking suggestions as to methods of combating the ravages to the corn fields by the yellow pheasant, says H. E. Powers, bureau agent. From Crow, North View, Clear Lake and Molon Valley come complaints that from 30 to 70 per cent of the first planting of corn was destroyed last year by pheasants and that apparently there are more birds this year than last.

No attempt has been made to poison pheasants and very little success could be anticipated along this line, but a more effective, simple and safe protection than poison is, coating the seed with oat tar or mixing undiluted turpentine with the seed before planting. Pheasants will not eat grain thus treated.

For the former treatment heat about a teaspoonful of castor oil until it bubbles, and then mix with the seed.

If turpentine is used it should be diluted with about two tablespoonfuls for a bushel of seed, stir well, to coat every kernel. The turpentine will dry easily and will be unnoticed except by the birds.

Social Notes

The annual "Junior Prom" was held Friday evening at the Lavington Pavilion which had been beautifully decorated.

The Shamrock club met at the home of Mrs. Fred Hoffman on Thursday afternoon. Due to inclement weather, the attendance was small.

The Ladies' Pioneer club of Kimberly has been invited to the members of Twentieth Century club to an afternoon meeting June 2 at the home of Mrs. W. H. Turner.

Mrs. Winters, president of the General Federation of Women's clubs, will be the guest of honor of the Women's club at Peaceton on May 27 and 28.

The Misses Jullin and Suzanne Taylor entertained the Thursday Bridge club this week. Luncheon was first served, followed by bridge.

Mrs. V. M. Fisher was hostess to the Adams Club Friday afternoon at her home on Kimberly road. The house was most attractive with vases and baskets of lavender and white lilies.

Mrs. E. A. Walters entertained in

Rainbow Halos Horizon During Early Morning

THE weather is flicky and queer; it alternately goes so to speak. It's no wonder, in fact, that the weather report a rainbow like a semi-halo stretching across the north gully sky at 2 o'clock this morning.

The late gardeners who report this phenomena are J. E. Powers, agent of the farm bureau; W. F. Alworth, president of that organization; and Donald McLean, of the Idaho Wheat Growers' association. At least Mr. Powers says the latter two gentlemen, besides the agent and card-giver supporting evidence. The halo was made, by the rays, and by the beams of the moon shining through a heavy rain-storm.

Of course when gardeners are about at that hour of the morning they could be expected to see weird hues anywhere. But, anyway, it rained pretty hard early this morning; in fact the weather observer detected a fall of .14 inch during the storm.

High temperature yesterday was 64 and low last night 43. Probably showers tonight and Sunday, with colder weather promised.

The Catholic Women's League met Thursday evening, May 19, at the home of Mrs. M. B. Corcoran on Ninth avenue north. The session was marked by a large amount of business and the installation of the new officers as follows: President, Mrs. Donald McLean; first vice-president, Mrs. T. C. Muncy; second vice-president, Mrs. James Brady; recording secretary, Mrs. Logan; corresponding secretary, Mrs. M. O. Putnam; financial secretary, Mrs. Frank Wagner; treasurer, Mrs. James Brady; and members, Mrs. Fred Beckwith, Mrs. Teresa Pfeiffert gave a violin solo. Light refreshments were served by the hostesses, Mesdames Walsh, M. C. Putnam, D. M. Prater and Miss Theresa Hayes.

The Shamrock club met at the home of Mrs. Fred Hoffman on Thursday afternoon. Due to inclement weather, the attendance was small.
