CLOUDBURST AT PUEBLO CLAIMS LIVES OF TOTS

Two Little Children, Fleeting Before Roaring Torrent, Engulfing Home, are Swirled Away to Death in Mad Flood

PUEBLO, Colo., (AP)—Two little children, Edna, aged 11, and Margie, 3, and Mrs. Gray, who was with them, were drowned early this morning when their home was flooded during a violent cloudburst which made a raging torrent of Dry creek and did damage to property estimated at thousands of dollars.

The Gray home is on the banks of Dry creek. When the water went over the creek banks and began to flood the houses in the neighborhood, Mr. and Mrs. Gray took their six children to a place of safety. The father was leading little Margie by the hand and Edna was walking a few feet ahead of them when the rushing water came down the creek bed. Little Margie was torn from her father's grasp and Edna also was swirled away to death in the mad flood.

Parts of a number of houses were washed away by the cloudburst and several families were marooned for hours before the waters had receded sufficiently to permit their rescue. The bodies of the three drowned children were recovered several hours after the tragedy.

POPULATION OF URBANDEALE IS DRIVEN OUT BY FLOOD

PHOENIA, Ill., (AP)—The entire population of Urbana, about 400 persons, were driven from their homes for the greater part of the night and lesser numbers were made shelterless temporarily at Washington and Farmville by the bursting of the Dry creek at the cloudburst last night. Many gardens and small livestock were lost in the flood.

TRAIN SERVICE IN WYOMING IS HELD UP BY CLOUDBURST

CASPER, Wyo., (AP)—A cloudburst which centered east of Douglas about 7 o'clock last night and carried out railroad and highway bridges, and the washout of approximately 1500 feet of roadway on the Colorado and Southern, about a hundred miles north of Cheyenne, held up train service into Casper from the east for 12 hours last night and today. The cloudburst centered at the Glisage and Northwester. The Yellowstone highway bridge, one mile east of Douglas, was swept away last night and a detour was made which permitted traffic going over the road today.

MOTHER DEAD AND THREE CHILDREN MISSING IN STERLING

STERLING, Colo., (AP)—Mrs. Carl Davis of Wilford, known to be dead, and her three children are missing as the result of a flood which this morning swept down the valley of Foxcroft river northwest of Sterling. The split way dam of the North Sterling reservoir gave way during the night and the valley, about a mile wide and several miles long, was flooded. The water on the lower farms were washed by a ditch under at the spillway and fled from their homes in the night. The water is piled up against the Union Pacific railroad tracks at Sterling and may wash out part of the track.

MICHIGAN LEGISLATURE CONGRATULATES ORBGRON

Mexican President is Commended in Resolution Passed by Arizona Lawmaker's Visit

LANSING, Mich., (AP)—A resolution congratulating the president of Mexico upon the election of General Alvaro Obregon to the presidency and commending "the new era of peace and prosperity" since his inauguration was adopted by both houses of the Michigan legislature last night. The action followed a visit by State Senator Lehmann of Arizona, who told the Michigan legislators of conditions along the southern border.

CUBA SUGAR CORPORATION PASSES QUARTERLY DIVIDEND

NEW YORK, (AP)—The Cuba Cane Sugar corporation today passed its quarterly dividend of 11 1/2 per cent on preferred stock. This rate had been maintained since April, 1916.

Shows Profits for East in Reclamation of Arid Lands

WASHINGTON, D. C., (AP)—The east through self-interest should be sympathetic toward federal appropriations for reclamation of the arid lands of the west, F. W. Robinson of Denver, chief traffic manager of the Denver Pacific railroad, declared today before the senate irrigation committee at the conclusion of hearings on the McNary bill to extend irrigation development.

Income and Profits Taxes Collected by Government Decline

Treasury Department Announces Comparative Figures on Levy Returns

WASHINGTON, D. C., (AP)—Income and profits taxes collected by the government during May aggregated \$52,000,000 against \$76,500,000 in May a year ago, while for the 11 months of the fiscal year the total was \$2,814,000,000 against \$3,300,000,000 during the corresponding months of last year, the treasury announced today.

SHIP BOARD IS GRANTED FUNDS

Senate Approves Deficiency Bill Granting Appropriation of \$75,000,000

WASHINGTON, (AP)—A committee majority report today authorized granting appropriations of \$75,000,000 to the shipping board were approved today by the senate after Senators Keating, republican, Iowa, and others objected to the bill with great extravagance, waste and inefficiency. The senate in approving the appropriation, an increase of \$50,000,000 over that granted by the deficiency bill introduced by Senator Lusk, republican, Wisconsin, directing the shipping board to sell all wooden ships by next October 1.

Charges Rampant Graft

Operation of the government merchant fleet by the shipping board is "reeking with graft," Senator Keating charged in opening a deficiency appropriation of \$75,000,000 for the board for the remainder of this fiscal year. Reading a list of salaries paid officials employed by the board, Senator Keating said they "make the salaries of cabinet members and senators look like thirty cents." The list now showed salaries in the general comptroller's office amounting to \$100,000 and in the division of operations totalling \$137,000 annually. The senator said the auditor of the shipping board was paid \$15,000 and that an assistant auditor at \$10,000 acted as a chauffeur.

Oltes Questionable Expense

Charging that funds were being used for private purposes, Senator Keating read a series of telegrams which he said had been sent by board employees at government expense. One telegram related an engagement to a girl in Virginia, another to the obtaining of tickets to a Yale football game, and still another evidently from a husband to his wife, read: "I have the door open. Will be home about midnight."

Victory for Soviet at Vladivostok is Claimed

Annihilation of Anti-Bolshevik Forces and Japanese Aides Reported

STOCKHOLM, (AP)—Anti-bolshevik forces at Vladivostok have been annihilated by soviet troops, it is asserted in a dispatch sent out by the Russian official telegraph agency. The dispatch asserts the anti-bolshevik were aided by the Japanese government. General Rudoyev, the bolshevik army leader, who played a prominent part in the campaign against the Whites against the anti-bolshevik Wrangel, has reported that Ukrainian troops which were threatening to attack the bolshevik in southern Russia have been exterminated.

San Francisco Quotes Lower Price on Sugar

SAN FRANCISCO, (AP)—A decline of thirty-five cents a hundred pounds in the price of granulated sugar was announced by refiners here today. The hundred pounds quoted were \$47.5 a hundred pounds for cane sugar and \$55.5 for beet sugar.

BRITISH MINERS REJECT SCHEME TO END STRIKE

Government Proposals for Settlement of Dispute in Coal Fields is Definitely Turned Down by Workmen

LONDON, (AP)—The executive body of the striking coal miners today finally rejected the government proposal for a settlement of the coal strike. "We could not sign an agreement that would force our men to work with the strike-breakers who had taken the jobs of union men," he said.

Strike Parleys Ended by Marine Engineers

WASHINGTON, D. C., (AP)—Negotiations between marine engineers and the shipping board for a settlement of the dispute on wages and working conditions have been broken off. W. A. Brown, president of the Marine Engineers' Beneficial association, declared today.

Paper Makers Agree to Strike Settlement

GREENSBORO, N. C., (AP)—The strike of employees of the Southern Paper mills of this city was settled at a conference of mill officials and union officials last night, according to announcements today. The men agreed to accept a wage cut of 10 to 15 per cent, it was stated. Union leaders said the union sense of working hours was recognized by the company and that men would go back to work Monday. A similar wage reduction was accepted last night by 400 employees of the Lenoir paper company and the Green Bay Paper and Fibre company mills, who walked out May 1, it was said.

Says Railroad Men Will Not Take Cut

WASHINGTON, D. C., (AP)—Railroad employees will not submit to the 12 per cent wage reduction ordered by the railway labor board, it was declared today by W. S. Brown, president of the Marine Engineers' Beneficial association said today. The cut, he said, should apply to marine engineers engaged on ferries and tug boats by the railroads.

Father of E. M. Baruch Dies From Complicated Ailment

NEW YORK, (AP)—Dr. Simon Baruch, noted physician and father of Bernard Baruch, financier, died at 1:10 this afternoon from an ailment of the lungs complicated by heart disease.

Armour Leather Company Passes Quarterly Dividend

CHICAGO, (AP)—The quarterly dividend on the ten million 7 per cent cumulative preferred stock due July 1, will be paid by the Armour Leather company, it was announced today.

AMERICAN DESTROYER ON SCENE OF REPUTED ARMENIAN MASSACRES

Christians are Put to Death by Wholesale at Samsun and Trebizond on Black Sea Coast of Armenia, London Hears Through Athens Correspondent of Press Service; Streets are Reported Strewn with Bodies of Murdered Greeks

LONDON, (AP)—The Athens correspondent of the Exchange Telegraph says under date of Thursday that it is reported from Constantinople that a frightful massacre of Christians has occurred at Samsun and Trebizond, on the Black sea coast of Armenia. The streets are strewn with the bodies of Greeks, he said.

Tulsa to Build Refuges Homes

Civilian Committee of Relief Works Out Plans to Care for Race War Victims

WASHINGTON, (AP)—A general inquiry into the race riots at Tulsa, Okla., has been ordered by Attorney General Daugherty, it was announced today at the department of justice. The purpose of the investigation officials said, is to determine whether the actions were in violation of federal laws. Preliminary reports, it was added, show that the situation is purely local. The inquiry ordered is informal and will be made by the department agents in the field.

More Policemen Ambush Victims

Fatalities Result in Covert Attacks on Authorities in Two Irish Counties

CORK, Ireland, (AP)—District Inspector Stevenson a police sergeant and four constables were killed and four officers were seriously wounded when a police patrol was ambushed by 100 armed men near Westport, county Mayo, last night. Arms and ammunition carried by the police were taken and three motor cars in which the officers were riding were burned.

German War Documents are Given to Harvard

American Commissioner at Berlin Contributes to University's Historical Collection

CAMBRIDGE, Mass., (AP)—Official German war documents have been received here, some presented by Ellis L. Dreedl, American commissioner at Berlin, has just been added to the collection here at the Harvard university library.

Australians Refuse to Indorse Irish Report

Conclusions of American Commission are Demied Place in Record of Melbourne States

LONDON, (AP)—Efforts on the part of extremists in the Australian houses of representatives to indicate the report of the American commission of Ireland into the official record of that body were defeated yesterday, says a Melbourne dispatch to the London Times. Mr. P. Connelley read the conclusions of the American commission and while he was engaged, Sir Robert W. Best, of Victoria denounced them as "lies and odious slanders upon the empire."

Veteran Clerk of Supri Court Claimed by Isthmian

WASHINGTON, D. C., (AP)—James D. Quaker, clerk of the supreme court, died at Georgetown hospital this morning. He was operated several days ago for stomach trouble.

Increased Sunshine Quota Is Predicted By Scientist

at dust held suspended in the atmosphere. Sir Oliver says the magnetic disturbances that attended the solar eruption were due to a torrent of electrified particles occurring at the time. He also believes that the sun is now at a period of dimming activity, the eruptions on the surface of the sun having nearly ceased in the development of vegetation and reduce the amount of dust held suspended in the atmosphere.

AWARDS OLYMPIC GAMES TO CAPITAL OF FRANCE

GENEVA, (AP)—The international Olympic committee today awarded the 1924 Olympic games to Paris, France. The awarding of the 1924 Olympic games to Paris was forecast several months ago but the decision to hold the 1928 games in Amsterdam, market really had been made. Several American cities had been mentioned as the possible scene of the international contests eight years from now. The games were held in Paris in 1900.

PORTER'S PEACE MEASURE TO BE SENT TO HOUSE

Committee Votes to Report Resolution to End War with Central Powers; Democratic Members Dissent

WASHINGTON, D. C., (AP)—The house foreign affairs committee, with democratic members dissenting, voted today to report the Porter resolution for termination of the state of war between the United States and Germany and Austria-Hungary. Republican members voted assent to support the Porter measure as a substitute for the Knox resolution passed by the senate repealing the declaration of war. The democrats merely voted present.

Jury Disagrees in Boy Murder Suspect Trial

KNOW, Ind., (AP)—The jury trying the case of Cecil Burkett, 11, charged with the murder of Benny Slavin, 7, was discharged by Judge Peniston in circuit court here today when it failed to reach an agreement.

Fails to Reach Verdict After 18 Hours Deliberations and Is Discharged

NO information concerning the number of ballots taken or whether the prosecution would order a new trial was disclosed. The boy remained at liberty on bond.

Jefferson Davis Home is Dedicated by South

MEMPHIS, Tenn., (AP)—The dedication of the Jefferson Davis home in Memphis, Tenn., was held here today. The dedication was held at the home of the late president of the Confederate States of America, Jefferson Davis, in the white house of the confederacy. The ceremonies consisted of a parade of civic organizations to the state capital where Davis took the oath of office. This was followed by an address by Senator Pat Harrison of Mississippi. Other exercises of a historical nature were set for tonight at a dinner held at the spot where Davis held his first cabinet meeting, and where decision was reached to fire on Fort Sumter.

DAHO WEATHER Tonight and Saturday Fair, Northern section; probably showers south.

CHARGES REDS' RULE WITH SIN AGAINST CHILD

Spokesman For Russian Democratic Forces in United States Cites Records of Bolshevik Nationalization Program

NEW YORK. (P)—Several documents taken from official Bolshevik publications, describing the conditions under which children are living in Russia under the Bolshevik regime, are made public by A. J. Back, director of the Russian Information Bureau in the United States, representing in this country the Russian democratic anti-Bolshevik forces.

The Bolshevik program with regard to the children of Russia was formulated, according to Mr. Back, by the commissary Lillina at the conference on public education held in Moscow. The official magazine of the commissariat of public education, Narodnoye Prosveshchenie (Popular Education) No. 4, quotes Lillina as saying at this conference:

Home Ties "Pernicious."

"We have to create out of the young generation a generation of communists. We must make real, good communists of the children, for they, like we, are really misled. We must remove the children from the pernicious influence of the family. We must register the children, or let us speak very plainly, nationalize them. Thus they will not be very far from remaining under the beneficial influence of communist kindergartens and schools. Here they will absorb the alphabet of communism. Here they will grow up to be real communists. To compel the mother to surround her child to us, to the soviet state, that is the practical task before us."

These soviet institutions for children were established. The report of the soviet inspection for February, describing one of these institutions, the Bolshevikskaya Nursery in Petrograd, says:

"The children, left to their own devices, under the supervision of inexperienced and rough-spoken nurses, with their clothing torn from lack of sufficient nourishment, made a painful impression. The place itself, unventilated and poorly heated, fostered all manner of diseases and contributed to the exceedingly high rate of mortality among the children. In the course of three months the child population of that institution renewed itself to an extent of 60 per cent."

Nursery a Death Trap.

"In other words, nearly all of them were sent to the hospital, or having failed even to reach the hospital, they perished while still at the nursery."

Another official Bolshevik organ on public health, Ivestia Zdravookhraneniya, No. 11, gives the statistical data on mortality of children in Moscow, up to the age of 10 years, per 10,000 children as follows: 1915, 81; 1916, 78; 1918, 100; 1919, 372; 1920, 400.

Analyzing the Bolshevik activities with regard to the children of Russia, the well known Russian physician, Dr. Horn, said at the Pirogov Medical congress in Moscow:

"I am prepared to forgive the Bolsheviks a great many things, almost everything, but that one will not forgive them: namely, those experiments, positively criminal and worthy of the most savage age of the African jungle, which the Bolsheviks have been making all this time with our young generation, with our children. This crime knows no parallel throughout the history of the world! They have destroyed, morally as well as physically, a whole Russian generation; they have destroyed it irretrievably and, alas, beyond remedy!"

ARGENTINE COMMUNISTS' STRIKE PROGRAM FAILS

Authorities are Credited with Preventing Spread of Industrial Disturbance

BUENOS AIRES. (P)—Efforts by communists to cause a general strike in Argentina have thus far failed to win complete success. All public services, with the exception of taxicabs, continue in operation, while work in the port zone is proceeding with non-union laborers.

The maritime strike, which became effective Wednesday, tied up many vessels belonging to the Argentine Navigation company, but the concern was said Wednesday night to be receiving non-union crews. Various manufacturing concerns, including flour mills, bakeries and print shops, were closed down yesterday, but they were small, few of them employing more than 500 men.

Newsprint generally credits the authorities with preventing the spread of the strike by vigorous repression of communist activities and preventing gatherings and demonstrations.

OPEN BUTTER SCORING SCHEME AT UNIVERSITY

Statewide Dairy Products Contests is Conducted by Professor Bendixon

UNIVERSITY OF IDAHO, Moscow, (Special)—Scoring of butter samples enter in the university dairy department's statewide dairy products contest was conducted yesterday by Professor H. A. Bendixon, of the dairy department and Chris Johnson, butter specialist of the western dairy division of the United States department of agriculture.

Winners in the contest will receive valuable awards donated by various national dairy manufacturing houses and dairy publications.

The contest is of an educational nature, involving commercial scoring, chemical analysis and acidity tests.

"Usual interest is being shown by state firms in the scoring contest this year," said Professor Bendixon.

Recommends Chamberlain's Tablets

"Chamberlain's Tablets have been used by my husband and myself off and on for the past five years. When my husband goes away from home he always takes a bottle of them along with him. Whenever I have that heavy feeling after eating or feel dull and played out, I take one or two of Chamberlain's Tablets and they fix me up fine," writes Mrs. Newton Vreba, of Minneapolis, N. Y. Take these tablets when troubled with constipation or indigestion and they will do you good—adv.

SOUTHERN IDAHO IS FAR ADVANCED AGRICULTURALLY

University Professor of Husbandry Lauds Farmers of This Section

UNIVERSITY OF IDAHO, Moscow, (Special). — Agriculturally, southern Idaho is farther advanced than ever this year, a large acreage is devoted to wheat and many sections are giving more attention to dairying, said Prof. H. P. Davis, professor of dairy husbandry, today following his return from a trip to south central Idaho.

"We are here for the high prices of a year ago," said Professor Davis, "but an upward trend is evident and in all probability a fair price will be received for farm crops and products. There is no sign of discouragement in the section I visited and considerable new ground is being put under cultivation."

Dairymen seem to be weathering conditions favorably. On account of the present price of hay, many farmers are adding to their dairy herds.

"An increase in the night beet acreage in south central Idaho is evident."

\$100,000 FUND TO HELP ROAD BUILDING

Delegates at Highway Meeting in Salt Lake Be Asked to Raise Cash

When delegates from 500 cities on the National Park-to-Park highway gather in convention in Salt Lake City June 10 and 17, they will be asked not only to do the advantage in having a fixed, definite route linking the 12 national parks, but urged to raise \$100,000 a year for the highway and a greater effort for advertising and educational uses in increasing road travel westward.

The country's leading scenic and commercial highway associations will be represented, as well as the 11 state departments of highways in the west. A delegation from Great Falls will cooperate with several other cities for the 1922 convention. Denver, Cheyenne, Spokane, Seattle, Portland, San Francisco and Los Angeles have arranged for adequate representation in the highway, which will be held at the Hotel Utah.

A. G. Bacheider, of Washington, D. C., chairman of the executive committee of the A. A. A. B. Bacheider, district engineer of the bureau of public roads, of Utah; C. G. Cottrell, state highway engineer of Nevada; and Mr. Stella M. Lavista of San Francisco, one of the foremost road advocates of better roads and a traveler with an enviable mileage record, will also represent the department. The interior probably will be represented by Stephen T. Mather, director of the National Park service.

Of the first 2500 inquiries received by the National Park-to-Park Highway association offices in Denver this spring, four-fifths came from the eastern half of the United States, indicating a travel potentiality far beyond there. Inquirers were supplied not only with a road guide, but with literature on auto trips out of 150 cities on the highway, through the various states with the chambers of commerce and automobile clubs by Gus Holm's, managing secretary.

DEATH REMOVES FAMOUS INDIAN

Chief Iron Lightning, Last of Leaders Under Sitting Bull at Little Big Horn

PIERRE, S. D., (AP)—In the recent death of Chief Iron Lightning, at his home near Thunder Butte in the northwestern part of the Cheyenne Indian reservation, the country has lost probably the greatest of the few remaining famous Indian characters who figured in the early history of Dakota territory. Iron Lightning was one of the sub-chiefs, who under Sitting Bull, participated in the memorable battle of the Little Big Horn, June 25, 1876, before he and his band were annihilated. He is said to be the last of the chiefs who were in control of the Sioux nation at that time. He was 76 years old at the time of his death and has for years made his home in the vicinity of Thunder Butte station.

A truly tall and well proportioned man for an Indian, and possessing a voice which commanded attention and obedience although it knew no word of English, Iron Lightning was a leader of men in the latter part of this century following the Utö Indian uprising, when the Utö had been founded up and sent to the Cheyenne reservation. It was Iron Lightning, who went among them urging them to forget their grievances with the whites and settle down to peaceful lives. It was the last of his band, as he is the last of his kind, who were annihilated. He was the last of his kind, who were annihilated. He was the last of his kind, who were annihilated. He was the last of his kind, who were annihilated.

TWO RAILROAD SYSTEMS TO ADD 20 SHOPS TOMORROW

ST. PAUL, Minn., (AP)—The Union Pacific and Great Northern railroad shops, officials announced today. The men will be called back to work July 1.

The decision is a direct result of the wage reduction, said a Northern Pacific official.

Why Suffer from Rheumatism? Do you know that nine out of every ten cases of rheumatism are simply rheumatism of the muscles or chronic rheumatism, and that it can be cured by internal treatment? The pain may be relieved by applying Chamberlain's Liniment, which makes sleep and rest possible, and that certain means a great deal to any one affected with rheumatism.

Daylight Saving is Embarrassing Vienna

VIENNA, (AP)—The daylight saving tangle is becoming embarrassing in Vienna. Yielding to the farmers, the law was rescinded but the workmen in Vienna are taking it into their own hands and simply serving notice on employers that they will work on summer time.

The movement has spread from factory to factory until it is virtually a law in its effect. The men say they will do the clock time to cultivate their gardens around the city.

"Witch Doctors" Held to Give Child's Fate

HAVANA, Cuba, (AP)—Provincial authorities are conducting a searching investigation into the mysterious disappearance from Guantanamo of Candido Martinez, aged 55, who, it is reported, may have been a victim of witch doctors. Three Cuban women are being held while out on bail for examination, one of them being known locally as a "healer" and seller of patent medicines. The disappearance of his sister disappeared a year ago under similar circumstances.

BANKERS TACKLE VITAL PROBLEMS

Comprehensive Program is Arranged for Convention at Minneapolis

MINNEAPOLIS, Minn., (AP)—The American Institute of Banking, educational section of the American Bankers' association, holds its nineteenth annual convention here July 19 to 22. Approximately 1500 delegates from almost every state in the union are expected to be present. Because of recent financial readjustments, the meetings promise to be the most important held by banking heads this year. Five industry talks by men in the field of banking, with their subjects will be a feature of the convention. Men nationally known are to be selected to talk on milling, livestock and packing, international, merchandise and transportation.

Foreign Trade Features. Another feature will be a symposium on foreign trade, in which a number of prominent institute men will participate. Questions of world-wide travel and marketing subject which affects American bankers will be discussed.

It is planned to have among the speakers a prominent lawyer, a high official in the administration in Washington, and an eastern educator, according to members of the program committee.

Formed a number of years ago at Richmond, Va., through the consolidation of a number of local associations, the organization now has an active membership of 14,000 throughout the country. Originally, it was known as the American Institute of Bank Clerks; but later, when it became a part of the American Bankers' association, its name changed and both officers and clerks of banks were admitted to active membership. Many bank directors recently have become affiliated with the institute as associate members.

Organization Growing. Local chapters of the institute have been organized in 84 of the country's principal cities, and 44,000 throughout have been organized for the purpose of extending the educational advantages of the organization to country bankers.

Educational classes for the "most part" are conducted under agreements with "well-known" universities, but where this system cannot be effected, the work is under the direct supervision of George E. Allen, educational director of the institute. Many women will be added through the membership of the institute, and the active participation of women in the banking business is seen by their recent election to some of the larger organizations of the American Bankers' association.

TRANSFERS OF REAL ESTATE

Furnished by the Twin Falls Title and Abstract Company

TWO MISFORTUNES FOR PADDY RYAN AT MISSISSIPPI

While Sullivan was Walloping Him in Ring Miscellaneous Stole Clothes and Money

HE coming Dempsey-Carpenter battle for the world's heavy-weight championship, weighs records of former title holders. The first of the modern classes officially advertised as of heavy-weight championship importance took place February 7, 1883, at Mississippi City, just across the Louisiana line from New Orleans. John L. Sullivan knocked out Paddy Ryan with bare fists in the ninth round.

Sullivan, here in Boston, weighed 100 pounds and Ryan, a native of Tipperary, was 10 pounds lighter. The Irishman's left jaw was broken in two places. Sullivan's manager was Ryan staggered to his dressing quarters to discover that while he had been taking a sound thrashing, some rascals had stolen all of his clothes and \$200. They contained all that Ryan had, for the fighter got the entire purse.

PADDOCK COULD MAKE 220 YARDS IN 20 SECONDS

Trainer Comstock Says Great Sprinter is Marvel in the Longer Dashes

NEW YORK, (AP)—Sprinter Charley Paddock could run the 220-yard dash in 20 seconds flat if he trained exclusively for the distance, in the opinion of Dr. Comstock, former dean of the University of Southern California. Comstock, who is here on a business trip, said today that he considered Paddock one of the greatest sprinters in this country. Comstock also said he believed that the victory of the University of California at the intercollegiate games in Boston last week would bring a great boom for college track and field sport on the Pacific coast.

"We have plenty of fine athletes on the west coast," he said, "but it costs a lot of money to send a team across the continent. It requires a victory now and then to stimulate them to greater efforts. Next year with the javelin and discus thrown added to the field program the Pacific coast athletes will be in a position to show to even better advantage for we have some fine performers in these events."

NECK AND NECK GO EXPECTED IN SCULLING MATCH

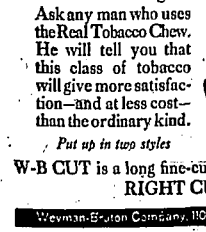

Western and Eastern College Coaches Declare One Length Will Decide Bout

PHINCETON, N. J., (AP)—From all appearances and predictions the California-Princeton crew race on Lake Carnegie will be one of the closest events of the year. Both Dr. J. Douglas Speath and Dr. Willis, coaches of the figures and Victorians respectively, look for a neck and neck finish, the latter declaring that one length at the most would separate the two shells in the 1000-yard race. The California crew had its second trial yesterday afternoon, again over a short course, and covered one-half a mile in 22 minutes, regarded as good time for the shallow Princeton course. The California shell will be shipped to Poughkeepsie tomorrow night and the men will follow Sunday morning to prepare for the regatta over a three-mile course.

"LOVE IN IDLENESS" WINS. ERIMON DOWNNS, England (AP)—The Oaks stakes, for fillies, second in British history to the derby in British turf events, was won today by Joseph Wabe's Lady Shipper was second, and Viteout Astor's Long Bull was third. The race was for 2000 sovereigns over a course of about one and one-half miles.

"Perhaps You Don't Know" says the Good Judge

How long a little of the Real Tobacco Chew will last. Nor how much genuine chewing satisfaction the full, rich real tobacco taste will give. Ask any man who uses the Real Tobacco Chew. He will tell you that this class of tobacco will give more satisfaction—and at less cost—than the ordinary kind.

Put up in top styles. W-B CUT is a long fine-cut tobacco. RIGHT CUT is a short-cut tobacco.

Weyman-Burton Company, 107 Broadway, New York City

BASEBALL

Pacific Coast League. San Francisco, 17; Salt Lake, 10. Oakland, 9; Portland, 1-5. Seattle, 7; Sacramento, 4; Venus, 4; Los Angeles, 0.

American League. New York, 7; St. Louis, 2. Cleveland, 8; Boston, 4. Washington, 7; Chicago, 2. Detroit, 5; Philadelphia, 1.

National League. New York, 7; Pittsburgh, 0. Cincinnati, 8; St. Louis, 5.

BURNING TRIALS.

CHICAGO, (AP)—Trials in all field events and in the quarter and half mile runs upon the western conference track opened today. Because of the large field, only six men will be permitted to qualify for the finals tomorrow in each event.

Briminated.

ST. CLOUD, (AP)—The American mixed doubles tennis team, composed of Arthur Jones of Providence, and Miss Edith Higginsey of Boston, was eliminated from the hard court championship tournament here today.

Brief Bits of Sport

Somebody has got to win the pennant in the Twilight league, but no one team should be permitted to have all the playing talent.

Not only the success of the local league but its future and its salvation depends entirely upon an even balance maintained among the playing outfits.

Out of the Twin Falls Twilight league should grow a state league club, but bad baseball politics and selfishness will result in the disintegration of the home league and, consequently, the prospects for better things next year.

Let's be fair with each other, fellows. Dempsey and Carpenter press events are just naturally flooding the country with "bull" dope about the big constraints.

Both men, according to reports, are giving great guns, and each is confident of knocking out the other guy.

It is on record, too, that two fighters, pitted in a Chicago ring against each other almost any time of the first world's fair, were both knocked out.

Each man landed a punch simultaneously but it is the softness of the seat or record, Carpenter and Dempsey may repeat, hey!

Bonnieville park at Salt Lake, where all Pacific Coast league games are played, is still the home of much long and many hitting. The left field fence is about the Lincoln field right fence and knee-eater batters always train their guns against that wall.

It was that slugger that sent Earl Sherry to the majors.

Earl is finding a lot of bother cracking the pill over the American league barriers. They are too far away.

Tonight, beginning at 6:30 the Everett and Moses play the fifth Twilight league game on Lincoln field.

Man coming out of postoffice; young woman going in. Man turned to look; fell down steps. After restoration to consciousness, though still dazed, man said: "I didn't lose nothing anyway!"

So it must have been worth it.

Franklin, Pa.—Scott, pitcher of the Philadelphia American league baseball club, has joined a semi-professional team here. Perry brought his family here and said he was forever through with organized baseball.

Philadelphia—Connie Mack, manager of the Athletics, said that if it were true that Pitches Perry had "dumped" his contract, he would take the necessary legal steps to prevent

Perry from playing anywhere except with Philadelphia.

New York—Eddie Mayo, Brooklyn distance runner, left today for Panama City, where he will compete in the national A. A. U. track and field championships July 2, 4 and 6. He sailed via the Panama canal.

New York—Trial matches of the All-India cup team will be played next month at Henley-on-the-Thames near London. It was announced here today. The team will then go to Paris for their matches with France.

GARDEN PLANTS

AScribes Heavy Industrial Loss To Management

American Engineering Council's Investigators Report 50 Per Cent of Waste Due to Inefficient Operation

ST. LOUIS, Mo. (AP)—Responsibility for most of the 30 per cent of the waste in industrial processes which is causing enormous annual losses to the nation, can be placed at the door of the management and less than 20 per cent at the door of labor, declared a report of the American engineering council's committee on elimination of waste in industry made public today.

Both employer and employee restrict output, it was said. Both capital and labor are blamed for existing abuses, and the annual losses therefrom, which by conflicts between them is much less than popularly supposed.

Nation-wide machinery to obtain continuous information concerning employment conditions throughout the country is declared necessary by the report. Means for regulating employment in the principal industries were suggested as a nation-wide plan of operation between the government, the public, trade associations, the industries, labor, bankers and engineers was outlined.

After emphasizing the need of reform and improvement in plant management and administrative policies, the report urged the co-operation of labor.

"Organized labor should develop a policy for increasing output," it was stated. "The attitude of opposition or indifference to proper standards for production should be changed by a frank and aggressive insistence on such standards."

Declaring that the annual economic loss in the country through preventable diseases and death amounted to three billion dollars the report urged a more general use of safety methods beyond perfecting the 71 laws enacted that 75 per cent of the deaths in industry accidents in industry could be thus prevented.

In regard to the number of days lost the report said forty-two million persons lost 350,000,000 days from illness and disease and non-industrial accidents annually.

Curious Compromises. When South Africa became federated, ten years ago, a controversy as to the capital city was settled by one of the most curious compromises in history. Pretoria became the administrative and Cape Town the legislative center. So United South Africa has two capitals, which are almost exactly 1,000 miles apart.—Brooklyn Eagle.

BUHL'S PROBLEM

Whether to pay or dodge a debt is the essential issue to be determined by voters of Buhl, Independent School district in voting next month on a proposed special school tax levy.

A similar situation was presented and met in the Twin Falls district. Salient features of the situation in the Buhl district seem to be these:

There has been incurred by the district trustees an indebtedness against the district of some \$125,000, which was incurred through issuance of bonds the proceeds being used for construction of a school building which is now nearing completion. The validity of the bond issue is attacked, and the district faces the necessity of raising money by means of the proposed special levy, to wipe out the indebtedness thus incurred.

There seems to be no question about the necessity for the school building. The hitch comes in paying for it, and the only way to avoid payment seems to be through repudiation of the debt. Repudiation of debt by an individual or corporation is a proceeding so fraught with danger and likelihood of loss of credit and prestige that it should be entered upon only after mature consideration of all factors involved. It is to be hoped and expected that the voters of the Buhl district will render their judgment in the premises advisedly, in the light of calm and collected thought, and with the best interests of the district and its neighboring districts clearly in view.

WATERPOWER DEVELOPMENT

The permits issued by the Federal Power Commission early in the month to numerous applicants seeking to develop waterpowers on the different streams throughout the country, is gratifying to those who have waited so many years for the government to unlock these great resources of natural, self-renewing power. Among the new developments will be plants at Niagara Falls, the Hudson river, Saratoga river, Arkansas, and the White river in Columbia, and the Columbia river in California, Montana, South Dakota and Nevada.

For a great many years waterpower development has been held up by those who insisted that fifty-year franchises to corporations was robbery, license, or some other high crime. Even the government failed to discover the fallacy of this argument until there came the plea for coal and oil. It has been as plain as the nose on a coal picker's face that waterpower development, with hydroelectric transmission lines, was and is the common sense solution of our fuel, power and transportation difficulties. Under the old "conservation" policy it was found that investors refused to put their money in waterpowers. The government eventually recognized the facts in the matter and concluded that capital would not enter into an arrangement involving great sums of money unless the term of the contract was sufficiently long to make the investment a profitable one. In consequence, a constructive law was finally passed that permits of development of our natural resources by furnishing protection to the investors and the public. Licenses are now issued for a period of fifty years, and 185 applications to the Federal Power Commission have been filed.

Caldwell News—Last week Postmaster General Hays sent out a letter to the press and he told them that the postoffice department was once more to function as a common carrier and not as a political and moral censor. The object of this branch of the service will be to take the letter or parcel entrusted to its care to its destination in the least time possible. The political and moral end of the job will be turned over to the department of justice which branch of the government is looking after those who commit crimes against the government. It he gives to look like we are going to have a real postmaster general again.

Idaho Times-Register—The real "Big Business" of America is that of agriculture from all present indications agriculture and its allied industries is to follow the same plan and principal of that which has been reviled; that of coordination and cooperation for the purpose of promoting that business and bringing to that business greater returns for the investment. Agriculture, great as it has been handicapped on account of marketing facilities in which the product was directly interested, "The present big scheme of financing a corporation for the purpose of marketing farm products and putting that product on a stable basis with the elimination of speculation will be the biggest of the "Big Business" organizations ever perfected.

THERE is a big difference between Calumet and all other Baking Powders.

First—you see it in the cost. Calumet is sold at a moderate price.

Then—you observe it in use. Calumet has more than the usual leavening strength, therefore less is required.

Next—you notice it in raising quality—in the evenness—lightness and texture of your bakings. They look better—finer grained.

"So-m-e Biscuit!"

BEST BY TEST

CALUMET
BAKING POWDER

Finally—what a difference in the taste. There is a deliciousness, a goodness that can be had in no other manner. Biscuits, pies, cakes, muffins, doughnuts—never were so tasty—so all satisfying.

And then there is the satisfaction of knowing that Calumet is made in the World's largest, best equipped and cleanest Baking Powder Factories.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Biscuit Recipe
4 cups of sifted pastry flour, 4 level teaspoons Calumet Baking Powder, 1 level teaspoon of salt, 3 rounding tablespoons of butter or lard, 1/2 cup of milk, 3/4 cup of water. Then mix in the regular way.

ENDORSES HUGE POWER PROJECT

Arizona State Commissioner Accepts Application for Big Enterprise

PHOENIX, Ariz., (AP)—State Water Commissioner Norvell Thursday accepted for filing the application of the Southern California Edison company to develop hydro-electric energy from the Colorado river. Proponents of project say it involves an ultimate expenditure of about \$80,000,000 or twice as much as the sum spent on the Panama canal. The application asked permission to compound the Colorado river at Glen canyon and Diamond creek. The company asks to acquire water rights in Arizona for the development of two and a half million horse power of hydro-electric energy for distribution in Arizona, New Mexico, Utah, Nevada, California, portions of Colorado, and Texas and Wyoming.

The application was handed to Commissioner Norvell today by Edwin O. Edgerton, formerly president of the California state railroad commission acting as special counsel for the Edison company, which has just completed the legal requirements qualifying it to operate in this state.

Mr. Edgerton stated that the ultimate development contemplated by the Edison application would cost between \$625,000,000 and eight hundred million dollars, most of which would be invested in Arizona. The cost will depend on the area covered by transmission lines and fluctuations in the cost of labor and material. Reasonable provision is made for physical and engineering obsolescence. He said the work would cost approximately twice the sum required for building the Panama canal and would rank as one of the greatest engineering feats on this continent.

John H. Miller of Los Angeles is the president of the Edison company.

The Home of the Soul

In older times it was believed that the seat of the soul was the stomach, most likely for the reason that a man is never so completely used up as when his stomach is out of order. For this cause ordinary troubles, there is nothing quite so prompt and satisfactory as Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. Give them a trial. They only cost a quarter.—adv.

Coats of Arms

A coat of arms is a relic of the armorial insignia of medieval times and was embroidered upon the cloth worn over the armor to render the knights conspicuous in battle. All the knights of the middle ages had such coats of arms and many of them have been retained by their descendants.

FIFTEEN YEARS AGO IN TWIN FALLS.

From all parts of the tract come reports of fine crop and cheerful prospects. The outlook is very bright and with ordinary luck there will be a bumper harvest on the tract this fall.

Adam B. Fox, Abner H. Fox, Mrs. Minnie Otterson, Jane B. Maxwell, Elizabeth Fox and (Georgena Maxwell have arrived and established residence on their farms west of Cedar River. Most of the party are from Wallace. Their properties adjoin and they will have a jolly time experiencing the delights of life in the sage brush—under the Carey act.

J. P. Kosharek is engaged in painting the new school building. Painting will be finished in about 30 days, by which time the building will be practically completed.

Miss Mary Brooks, who has been visiting with her aunt and aunt, Mr. and Mrs. George Sprague, left this morning for Chicago, where she will visit friends before returning to her home in Pearl Creek, N. Y.

The Twin Falls fire department was organized on Wednesday evening with a membership of 40. John Janney was president, C. M. Price vice president and P. J. Woods secretary and treasurer.

D. N. Blaker of Proctor, Vermont, chief of the Vermont Marble company, has been visiting with his old friend, W. H. Eldridge, of the Eldridge Clothing and Tailoring company. Mr. Blaker said Twin Falls had some of the grandest scenery he had ever gazed upon.

Ed S. Laramo, who formerly pitched for the University of Michigan baseball club, and who is now a resident of Twin Falls, has consented to play with the local nine, Guy Holahan, the star pitcher of the Wallace team, will be here in a few days and will be found in a local uniform.

The telephone line reached Dubu on Tuesday afternoon, when connection with Twin Falls was completed. The Dubu office is located in the post hotel.

Leading Industries

According to the latest available statistics the leading industries of the United States are as follows: 1, food; 2, textiles; 3, iron and steel; 4, lumber; 5, teacher; 6, paper and printing.

NOTICE OF SHERIFF'S SALE OF REAL ESTATE UNDER EXECUTORION.

Bank of Hansen, a corporation, plaintiff, vs. A. D. Pollock, defendant. By virtue of an execution issued out of the District Court of the Eleventh Judicial District of the State of Idaho, in and for the County of Twin Falls, dated the 11th day of May, 1921, wherein Bank of Hansen, a corporation, plaintiff, recovered judgment in said District Court against A. D. Pollock, defendant, on the 4th day of May, 1921, for the sum of Thirty-five and 40/100 (\$35.40) Dollars, and together with interest thereon at the rate of 7 per cent per annum from the said 4th day of May, 1921, I have levied upon all the right, title, interest and claim of said defendant, A. D. Pollock, of and to the following described real estate, to-wit:

The north half of the northeast quarter (N 1/2 NE 1/4) and the southeast quarter of the northeast quarter (SW 1/4 NE 1/4) of Section Fourteen (14), Township Eleven (11) South, Range Sixteen (16) East and the Baker Meridian in Twin Falls County, State of Idaho.

Public notice is hereby given that I will on the 20th day of June, 1921, at the hour of 2 o'clock p. m. (Mountain time) of said day, at the east front of the Courthouse of the County of Twin Falls, State of Idaho, sell all public sections to the highest bidder for cash, lawful money of the United States, all the right, title, interest and claim of the defendant, A. D. Pollock, of and to the above described real estate to satisfy plaintiff's judgment together with all costs that have accrued or may accrue.

Dated this 20th day of May, 1921.
E. R. SHEPARD, Sheriff.
By DEN J. BROWN, Deputy.

NOTICE FOR PUBLICATION OF TIME APPOINTED FOR PROVING WILL, ETC.

In the Probate Court of Twin Falls County, Idaho, in the Matter of the Estate of J. M. Burkett, deceased. Pursuant to an order of said court, made on the 20th day of May, 1921, notice is hereby given that Monday, the 07th day of June, 1921, at 10 o'clock a. m. of said day, at the courtroom of said court, in the Courthouse in the City of Twin Falls, County of Twin Falls, has been appointed as the time and place for proving the will of said J. M. Burkett, deceased, and for hearing the application of Edith A. Burkett and Mrs. T. M. Starb for the issuance to Ida A. Burkett of letters testamentary when and where any person interested may appear and contest the same. Dated May 20th, 1921. (Seal) O. P. DUVALLE, First Printed Book.

A Latin Bible, printed by Gutenberg and Fast at Mentz in 1455, is the earliest known printed book. A copy of this book is now in the British Museum at London.

BUREAU'S AIMS GIVEN APPROVAL BY GOV. DAVIS

Efforts of Idaho Reclamation Service Sanctioned by the State Executive

BOISE, Idaho, (Special)—Governor Davis, just back from highly important conferences at Washington bearing on reclamation work, said today that unless something constructive is presented, he would be present at the state convention of the Idaho Reclamation association to be held in Pocatello on June 15.

"The efforts and aims of the Idaho Reclamation association have my heartiest approval," Governor Davis said, "and they merit the support of the people of Idaho and more especially of those living in the southern part of the state."

Official and commercial bodies should get solidly behind this association and in maintaining a body that will give concrete expression to the desires of the people themselves in this vital question.

A Mighty Voice.
With Idaho and other western states solidly organized, and with the United States Reclamation association as a general representative of all,
S. E. BRADY

President of Idaho Reclamation Association, which is doing a big job for the reclaiming of arid lands in this state.

A mighty voice can be raised in behalf of reclamation work, and one which will give local, national and international efforts to be disregarded, but however, enthusiastic it may be it is important contrasted to the voice of organized effort. There must be some means of expression that will be recognized as representing the dominant thought and wishes of the people.

Meetings in Washington.
Governor Davis reports that the conference in Washington stimulated interest in reclamation matters.
"We met with Secretary of the Interior Fall," said the governor, "and with evidence of the Secretary of Utah, now commissioner of the general land office. They went with us to the White House to interview President Harding, who gave us every encouragement."

The governor said the meetings with congressional committees were most satisfactory and that he found many evidences of interest in reclamation on the part of eastern members of the senate and house who heretofore have been lukewarm and, in some cases, openly hostile.

BUSINESS MEN'S FEAST HAS INTERESTING ITEMS

Besides Appearance of Farmer Smith Other Features are on the Program

The Twin Falls Chamber of Commerce supper tonight at the Begeron hotel at 6 o'clock should be an interesting and important business affair for the citizens of Twin Falls. The "Farmer" Smith who is known as "The Venerable Old Farmer of the West," will be present.

The question as to whether or not Twin Falls should celebrate the Independence day will be discussed. The discussion program includes the reclamation of the Snake river, June 15, and the Park-to-Park highway convention to be held in Salt Lake June 25.

The arrival of the 128 families from the state of New York to settle in the Twin Falls county will also be taken up.

Tickets for the supper are to be obtained at the chamber of commerce office before the festivities so that the hotel management may provide ample accommodations for all guests.

WIFE'S DEPORTATION CHARGED.
J. L. Becker is held prisoner by Sheriff E. R. Sherman to appear in the probate court tomorrow morning for preliminary hearing on charge of desertion of his wife. He entered a plea of guilty to this charge on arraignment before Judge O. P. Davall this morning. Becker was picked up by a sheriff from a warrant out of the prosecuting attorney's office last night. He has been working on the Begeron ranch three miles west of Twin Falls.

DATE IS DECIDED FOR RIVAL CLUBS TO PLAY BASEBALL

Rotarians and Kiwanians to Measure Strength on Diamond June 14

Flag day, Tuesday, June 14, has been set aside for the date of the Rotary-Kiwanis baseball game.

All the proceeds of this game will be given to the Twin Falls Boy Scouts for the purpose of providing funds for a summer camp soon to be established in the hills and to help defray the general expenses of organization of troops in Twin Falls.

The sale of tickets for the game will be handled entirely by the Boy Scouts themselves. The contending club has decided that the troop of scouts selling the highest number of tickets for the game will receive a large silk flag as reward.

Both the Rotary and the Kiwanis club number many former professional ball players in their roster and it is expected a proposed game will be a most interesting affair.

RACE RIOT VICTIM'S SISTER RESIDES HERE

Mrs. J. E. Hill Has Telegram Saying Tulsa Relative Not in Serious Condition

That Mrs. S. A. Gilmore, who was shot during the race riot in Tulsa this week, was not dangerously injured, as word received by a sister of the injured woman, Mrs. J. E. Hill, of 335 Second avenue north, Twin Falls, Mr. Hill received a telegram from the sister in Tulsa assuring her that the wound although painful, was not so serious as to necessitate any unexpected complications arise.

Mrs. Gilmore was shot early on Wednesday morning as she stepped on the front porch of her home. The misadventure occurred through the flimsy part of her left arm and lodged in the side. Mrs. Hill and Mrs. Gilmore met about a month ago at the home of their parents, Mr. and Mrs. T. B. Butler, in Jennings, Kan., where they visited some time. Mr. Gilmore is engaged in carpentering in Tulsa.

CHAUTAQUA PLEDGERS REQUESTED TO GATHER

Meeting Called to Discuss Season's Entertainment Course with the Representative

Chautauqua guarantees have been called to meet with Earl Salt, representative of the Elliker, White, Chautauqua company of Portland, tomorrow night for the purpose of discussing the week's entertainment series contracted for this year here.

The meeting is to be held in the office of Dr. Emma Crossland, Coffin building, at 7:30 o'clock.

Of importance in connection with the chautauqua are to be discussed and disposed of at this meeting.

DR. WHITE IMPROVES

Reports from the ranch home indicate an improvement in the general condition of Dr. J. E. White, and for the past 12 days has been suffering from an attack of typhoid fever. The patient's temperature is said to be slightly subsiding. At one time last week Dr. White's condition was considered alarming.

DAMNAN COMPLAINS

Edwin L. Damnann, complaining witness in a case lodged in the probate court against G. N. Salisbury of Buhl, Damnann complains that Salisbury, who is 20 years of age, threatened to injure him in the future. Part of the case will be held next Monday.

FUNERALS

Funeral services were held at 10 o'clock this morning at the DeWitt mortuary chapel for Stanley Albert, the two-week-old son of Mr. and Mrs. B. T. A. Goff. Death occurred yesterday morning at the home on Blue Lakes boulevard. Burial was in Twin Falls cemetery.

Officers of the L. D. S. church yesterday afternoon conducted funeral services for Annie Bell Arrington, three-year-old daughter of Mr. and Mrs. Robert Glenn Arrington, whose death occurred on June 1. The services were held in Grossman's chapel. Burial was made in Twin Falls cemetery.

FEZZED NOBLES TO MAKE MERRY IN THE WESTEND

Shriners Will Attend Elkora Minstrel Show, and Banquet and Dance

Approximately 100 Shrine folk of Twin Falls, including fezzed nobles and their ladies, will attend a concert and minstrel show at the Elkora Shrine club tomorrow. The great proportion of the party will leave here Saturday morning for the scene of activities.

The occasion comes itself in the appearance of Elkora Shrine of Boise for a minstrel show, patrol performance and band concert to be held under the auspices of the Bull club.

The auto cavalcade will set out tomorrow morning at 6 o'clock to proceed to the Owsley bridge, where the Boise contingent is to be met. The east side of the bridge will be closed to traffic, new structure, special dispensation for which event has been granted and prepared for by M. E. Tule, construction contractor of the bridge. Mr. Tule has arranged to temporarily close the structure with heavy plank for the parade.

From the bridge the procession will start for Buhl where the day's program will be continued. A minstrel show will be staged in the Rex theater, this event to be followed by a band concert and banquet at 6 o'clock, the latter to be served in Oddfellows' hall. The concluding event on the program is a dance in the Frank Buffington barn three miles northeast of Buhl.

The day's entertainment is scheduled as a loan for the Elkora Shrine, patron of the state during the coming fortnight. The committee in charge of arrangements here is composed of R. A. Barnett, J. J. Peavy and George Harward. This committee will provide every Shrine and member of his party with official badges for the day. All Nobles must wear the Red Fez.

Gone to Nebraska—Walter Glasgow left Wednesday for a three weeks visit with relatives in Nebraska.

Birth—Mr. and Mrs. John S. Green are the parents of a daughter born Thursday at La Merced hospital.

Birth—A son was born June 1 at a local hospital to Mr. and Mrs. L. W. Coleman, of 115 Poplar avenue.

Guest of Miss Bennett—Mrs. J. T. Gaeff arrived today from Burley and is the guest of Miss Anna Bennett.

Visitor from Hollister—Fred P. Bates was among the Hollister visitors in Twin Falls Wednesday and Thursday.

Make Short Visit—Mrs. T. E. Miller, Jr., and Mr. H. W. were visitors in Twin Falls yesterday and today from Buhl.

Miss Honnold Has Guest—Miss Katherine Livingston is in the city from Gastonia, the guest of Miss Helen Honnold.

Judge Lee Calls—Judge T. Bailey Lee, of the 11th judicial district and Ralph T. Smith, of Burley, were in Twin Falls Thursday.

For Operation—Mr. and Mrs. E. E. McCauley were arrivals from Buhl yesterday. Mrs. McCauley entered La Merced hospital this morning for an operation.

Return from Pocatello—Mrs. George Ayres returned the first of the week from Pocatello where she has been a patient in the hospital for six weeks under the care of her brothers, the Doctor Sprague, of that city.

Salesman Transferred—Ellsworth

Final, who has been representing the Marshall Wells Hardware company, of Duluth, Minn., in this section, with headquarters in Twin Falls, has been transferred to the general territory Wednesday to take charge of his new territory.

Called to Meet—Members of Dan McCook circle, No. 2, Ladies of the G. A. R., have been called to attend a meeting to be held tomorrow in I. O. O. F. hall. This will be the last meeting before the general convention scheduled for June 7, 8 and 9 in Nampa.

To Institute Circle—Mrs. John R. Aull, department president of the state Ladies of the G. A. R., left this morning for Edon, where she will institute a circle of the order tonight. She will be assisted by Mrs. Stuart Stevens of Hazzard, who is secretary of the state organization.

Taken to Hospital—E. W. DeMoss, a resident of the Fliler district, was this morning taken to Blackfoot for treatment in the state hospital. De Moss was recently found to be mentally unbalanced, the result of worry over financial difficulties. He was accompanied by Robert King, a hospital attendant.

Going to Honolulu—Miss Ora Davidson and Miss Ethel Lovidge, members of the school for the Boy Scouts, left today for Hapai where they will visit friends for the next three weeks, from there they go to San Francisco from which port they sail on the 20th for Honolulu where they will teach the coming year.

Return from Boise—Mrs. Stuart Taylor, Sr., returned Wednesday from Boise, where she visited her nephew, Dr. George Hall and attended the convocation of the Episcopal church. Mrs. Alice O. Taylor also visited in Boise since Saturday and returned with her mother. The return trip was made by automobile.

KUNKLE-WILLIS

Grant E. Kunkle and Lena G. Willis, both of Twin Falls, were united in marriage this morning at the home of Mr. and Mrs. R. A. Graham, 730 Second avenue E., by the Rev. E. L. White, the Methodist church. Mr. and Mrs. Kunkle left immediately by automobile for the coast. On their return they will be at home at 504 Fourth avenue north.

DEATH REPORTED

Leif Munson left last evening for Marysville, Kansas, in response to telegraphic summons telling him of the death of Mrs. Munson following an operation for appendicitis. Mrs. Munson had been guest at the home of her parents in Marysville for some time. She leaves two children, a son aged nine and daughter aged seven years.

Clouds Roll Over Ethereal Canopy Threatening Rain

A COUPLE of days without rain is the weather-maker's outside limit. Yesterday was fine, but clouds are rolling and obscuring the ethereal canopy today, threatening another look soon.

In fact the supervisor of things, climatological experts showers will visit this section tonight and tomorrow.

Top of the temperature yesterday was 72, with 45 low last night. There was no precipitation, not over a dew.

A Very Special Showing of New Frocks At Tempting Prices

Isn't it hard to resist the lure of new frocks? Especially at this time of year. Light, shimmering silks, voiles, organdies and gingham and colors that are distinctively of the spring. Frocks with such dashing touches of winning new styles that is no wonder that every woman is lured.

And now the Wright-Way of supplying merchandise makes it possible for you have not one, but two or three or four of these dresses—dresses so full of charm that you will be proud to wear them anywhere.

Our New York representative—ever alert to good values—now sends 40 to sell at the low price of \$15.00. A price that a year ago would scarcely pay for good dresses of cotton.
