INTERMOUNTAIN SHIPPERS FIGHT COAST RATE CUT

Salt Lake Convention Decides to Enter Formal Protest Against Reductions Without Intermediate Tariff Changes

SALT LAKE CITY, (AP)—Representative of 63 organizations attending the meeting called by the Interstate Rate Association Tuesday decided to formally protest against the proposal of the railroads to reduce rates to the Pacific coast without making readjustments of transcontinental tariffs to intermediate points.

After stating that the application, if granted, would authorize a departure from the provisions of the tariff act, the letter continues: "The undisciplined members of the Interstate rate association are bringing fifth street commission and nearly 100 farm bureau, commercial and industrial organizations representing interests of transcontinental and Pacific interior territory and would retard the growth and development of the Pacific coast and impose an undue burden to be placed upon the consuming public in a territory comprising approximately one-third of the United States."

Over One-Third of Idaho Population Under Age of 15 Census Indicates Larger Families of Children in Country Districts

WASHINGTON, D. C. (AP)—According to the census, one-third or more than one-third of the people in the state of Idaho are either infants or children under 15 years of age; 49 per cent of males are under 15, 47.70 years old; 37.4 per cent, nearly two-fifths, are men and women in the prime of life, being from 20 to 44 years old, while 18.3 per cent, nearly 45 years or over, are well along in middle life if they have not reached old age.

The urban population as compared with the rural shows the rather striking differences in age, the percentage 20 to 44 years of age being 40.6 for the urban population as compared with 30.6 for the rural population.

NEW LEGION COMMANDER HAS RECORD AS FIGHTER

Major John Garfield Emery Saw Service in Many Battles Fought by Americans Overseas

GRAND RAPIDS, Mich. (AP)—Major John Garfield Emery, named commander of the American Legion, saw much of the fighting that the American troops participated in during the world war.

Major Emery attended the second officers' training camp at Fort Sheridan in 1917, and was commissioned a captain of infantry and sent to France with the first group of Americans.

He participated in all the major actions of the 10th infantry in 1918, at Cantigny in April, May and June; at St. Mihiel in September; and in the Meuse-Argonne offensive in September and October. He was commissioned a major of infantry August 20, 1918.

On Oct. 9, 1918, during the Meuse-Argonne drive, Major Emery was wounded in the left arm and was in a field hospital.

Major Emery was born July 4, 1881, in Grand Rapids. He is a member of the Grand Rapids city commission.

Pay Day Comes to Bond Holder

More Than \$15,000,000 Due from Government to People of Twelfth District

SAN FRANCISCO, (Special)—More than \$15,000,000 semi-annual interest on the First Liberty loan bonds and Victory Liberty loan notes is due today in the twelfth federal reserve district, according to figures compiled by the federal reserve bank of San Francisco.

Director Harjude advised all holders of First loan bonds and Victory loan notes to send in their federal reserve coupon due today and to cash them. "Unredeemed coupons represent lost money," he said, which ought to be re-invested immediately in government savings securities, such as the 45 war savings stamp and the \$25, \$100 and \$1,000 treasury savings certificates.

CHICAGO, (AP)—The Farmer-Labor party will send a commission to study conditions in Russia this summer if the necessary arrangements can be made. It was announced at the party headquarters Tuesday. The commission will be headed by Parley P. Christenson, of Salt Lake City, the party candidate for president at the last election.

ADMINISTRATION SEEKS FULL POWERS IN ALASKA

Legislation to Strengthen Powers of President in Dealing with Certain Questions is Favored

WASHINGTON, (AP)—Legislation to strengthen the powers of the president in dealing with certain Alaskan questions is understood to be favored by the administration. The question was discussed at Tuesday's cabinet meeting, where it developed that the hands of the federal government were tied in some instances by the fact that the agencies dealing with Alaska are so widely scattered among the government departments.

After the meeting it was indicated that administration support would be shown behind some specific measures to bring all of these powers directly under the president. Such a bill probably will be introduced at the next session of congress.

MEMORIAL DAY PROPOSED FOR ENTIRE WORLD

Inter-allied Federation of Veterans Commander Gives Endorsement to Scheme to Commemorate Sacrifices

ST. PAUL, Minn., (AP)—An international memorial day to commemorate the sacrifices of the World War, has just received the endorsement of Cabot Ward, vice-commander of the Inter-allied Federation of Veterans.

In a letter to J. W. Hamilton of St. Paul, who is urging that May 30 be made a day of international observance, Mr. Ward said he was sure his endorsement would be iterated by Col. Crawford, head of the British Legion, and Charles Bernard, president of the Inter-Allied Veterans.

Mr. Ward refers to the resolution adopted by the Inter-Allied Veterans that the organization's members "would do all in their power to secure that other nations adopt May 30 as Memorial Day for those who gave their lives for their country in the late war."

Mr. Hamilton also has letters from prominent Europeans approving the idea, which brought forth a letter from Stephens Luszane, editor of the Le Matin, Paris, with an editorial favoring the proposal. Senator Edward Vassilovsky, of Stockholm, a member of the Interparliamentary Union, said "Swedish papers will support the movement."

One point in Mr. Hamilton's plan, which he stresses, is that on May 30, "all the world would halt its activities for five minutes at noon while silent tribute would be paid to the hero dead."

Mr. Hamilton now is seeking the aid of Southern senators to have the Memorial Day in the Northern states made national. He hopes to accomplish this through action by Congress.

BUSINESS NORMALCY RETURN DENOTED IN PRICE CHANGES

Most Automobile Agencies Report Sweeping and Important Reductions in Cost of Touring Cars—Trade Has Fair Volume with Gratifying Outlook

Normalcy of automobile prices is rapidly becoming an assured fact, according to many local auto agency men. Most makes of cars have been subject to at least one reduction of prices in the past few months, and while it is not expected that actual pre-war cost schedules will prevail early, the prediction is general that all lines of motorized machinery will be placed on the market at prices far below the high standard set by reason of the exigencies resultant of the war.

The Ford price schedule struck the aldo first, it is asserted, the initial reduction of price being recorded last September. Another reduction was announced during the present week. The highest price recorded for Ford cars at the factory was \$700 for the touring, and \$1,125 for the sedan. Today according to announcement made by George Easley, local distributor, is \$460 for the touring car, and \$700 for the sedan.

Records show that the percentage of price increases of cars from their former levels, has been as follows: One thousand dollar class—45 to 58 per cent. Two thousand dollar class—47 per cent. Twenty-five hundred dollar class—53 per cent. By referring to our price schedule you will note that on June 1st, 1919, the Overland 4 sold at \$445.00, Willys-Knight at \$1,750.00.

On September 1st, 1920, the Overland touring list price was 1,025.00 representing a 23 per cent increase. The same date, the Willys-Knight touring was \$5,300.00, receiving a 31 per cent increase.

Our price on June 1st, is \$605, showing a decrease of 33 per cent while the Knight going to \$1,895.00 or a decrease of 28 per cent.

Important declines have been made in quotations on Essex, Maxwell, Chalmers and Hudson cars, all handled through one agency in Twin Falls. Top price for the Essex during war times, was \$2,010. The price now is \$1,055.

The Maxwell sold at the top at \$1,350 and is now quoted at \$1,045. The Chalmers brought for high \$2,250 and is now \$1,705 with the Hudson selling at the present time at \$5,035, an against \$2,985 for the highest. These prices are based on delivery in Twin Falls. The reduction in price of Franklin cars amounts to approximately \$450 per machine. The delivered price now is \$2,950 as against \$3,400 for the top. The Chevrolet makes are now selling at \$805 here. The top price was \$988.75. At the local agency through which Buick, Dodge and Cadillac cars are handled announcement is made that sweeping reductions have been inaugurated, but figures are not available. In other lines no changes have been noted, although handlers are expecting announcements of declines in the immediate future. All dealers report fair trade, with a promising outlook. Some talk for increases of prices due to expected increased demand for machines.

White Men Held for Attack on Negroes

RICHMOND, Va., (AP)—Two white men were being held under arrest here Tuesday for an alleged attack upon a Negro girl late Monday night, when at the same time threatened to result in a race riot. Crowds of angry negroes who gathered at the scene of the alleged attack were dispersed.

An Announcement by The Studebaker Corporation of America

Eight months ago, when the costs of material and labor appeared to have reached their peak, we made substantial reductions in the prices of Studebaker cars. These reductions were in anticipation of our ability, after the turn of the year, to purchase materials and to fabricate them at lower costs.

In this quarter we shall produce 21,000 automobiles against 11,000 in the corresponding period of last year. This is an increase of approximately 100 per cent.

The expected savings have been realized. With them, other savings have been made, as a result of the greatly increased volume which Studebaker has this year enjoyed.

No other automobile manufacturer is making a comparable showing.

During the first five months of 1921, our volume of business has exceeded that of any other automobile manufactured except Ford.

We believe that the confidence of the buying public, which has made and is making this record possible, will continue, because it is supported by the quality and value of our product, and these we shall uphold.

The Studebaker plants are running at capacity with unfilled orders on hand for over 7000 cars.

We expect that as a consequence the present economical and efficient production basis can be maintained and that we are justified in making further reductions in the prices of Studebaker cars.

# GUATEMALA AND HONDURAS CLASH OVER BOUNDARY

## Dispute Comes to Front to Mar Plans for Union of the Four Central American Republics

GUATEMALA, (AP)—Just at the time that the union of four of the Central American republics is being announced by its supporters as a fact, a question of the boundary between Honduras and Guatemala has come to the front. It is reported here that armed forces from Honduras have occupied the disputed territory.

Honduras lays claim to a strip of territory to the south and east of the Motagua River which has been in the possession of Guatemala, if not since time immemorial, at least since Guatemala became independent. It consists for the most part of a tropical wilderness covered with interminable forests. A range of mountains forms the southern boundary of this wilderness. With building of the railroad from Puerto Barrios to Guatemala City and the development of banana plantations along its route to the Motagua river, settlements have naturally sprung up in the wilderness, and purchases of the vacant lands have followed.

Now Honduras bases its claims to this territory on some old Spanish maps and surveys said to have existed when the whole of Central America was known as the Kingdom of Guatemala and was governed by a viceroy at the old city of Guatemala.

Sensational reports have been published in some of the daily newspapers here recently concerning the claim of Honduras to this territory.

It is reported here that representatives of Guatemala actually sold the interests of Guatemala to the Hondurans.

Guatemala is a republic which has been one of the four Central American republics since 1821. It is one of the poorest of the Central American republics.

## FIGHT MANAGERS BEGIN TO THINK ABOUT THIRD MAN

Robert Edgren will be Solo A-bitter if Keenan and Desamps Fail to Agree

## TRAINING CAMP SOAP LANDS IN CARP'S DESSERT

Frenchman's Chef Plays Part of Cook and Trainer with Poor Results

ATLANTIC CITY, N. J., (AP)—With the announcement that the New Jersey boxing commission is to meet tomorrow to discuss the referee selection for the heavy-weight championship contest, July 2, Jack Keenan, manager of Jack Dempsey, today said he had advised the commission that he had communicated with Tex Rickard, promoter of the contest, in regard to the meeting and would take no definite step until he had an opportunity to discuss the issue with Rickard.

"The original articles of agreement for the fight," Keenan, "contains the names of five men, James J. Corbett, James J. Jeffries, James Douglas, Robert Edgren and Bill Brown, who have been agreed upon by Rickard, Desamps and myself as the list of men from whom the referee should be selected.

"In the event that Desamps and I fail to agree upon a choice, I develop upon Robert Edgren as my alternative of all disputes, to make the final selection. I have at no time been advised by Rickard, who holds my contract and forfeit for the match, that the New Jersey boxing commission has any jurisdiction in the final selection of the referee.

"Personally, I favor James Douglas of Philadelphia, as my sole selection, though this is no reflection on the ability and integrity of the other four available candidates. The name of Lieutenant Jack Kennedy, United States navy, has been mentioned. Both Dempsey and myself regard him highly.

Keenan said he probably would not attend the meeting in Atlantic City tomorrow as other business will make it necessary for him to remain in camp here.

Today is the last of Dempsey's four day's vacation. The champion is scheduled to resume his training grind tomorrow, after having rested since Sunday. He probably will be permitted to do some boxing, as his damaged left eye has healed.

JUST REMEMBER

It is rather a pity that among the thousands who attend and enjoy the Thursday evening band concerts in the City Park there should be so very few willing to regard the eternal fitness of things in the matter of the fund number of the program, the Star Spangled Banner.

Just exactly why the average crowd should accept the opening notes of this greatest of national anthems as a signal to get up and go home, with all the customary noise and shuffling which always attends the moving of a large body of people, is difficult to understand.

Let's try to remember this longwinded evening. It is right and proper that we should.

THE PHILIPPINES

Nations, from one point of view, are self-interest business concerns operating in the interest of their citizens. The Philippine Archipelago, with its thousand and more scattered islands...

It is a startling fact, but true, that of the tropical domains of the earth European powers own 59 per cent; only 29 per cent are independent, and the United States owns less than one per cent.

It does not need any emphasis to point out the magnificent opportunities in the Philippines, fronting directly on the mainland of Asia, and quite capable of sharing in the commercial possibilities of that great territory.

A Man for the Ages... A Story of the Builders of Democracy... By Irving Bacheller

In Which Mr. Elphiepat Biggs Gets Acquainted With Bim Kelso and Her Father... In a busy old lumber keg by James Rutledge, the owner of Rutledge's tavern, in the year 1882, is an entry under the date of January 31st which reads as follows:

Young Mr. Biggs remained at Rutledge's tavern for three weeks with his arm in a sling under the eye of the good doctor. The Rutledges were Kentucky folk and there the young man had found a sympathetic hearing and tender care.

It must be said that he served his term as a sober human being quite gracefully, being a well born youth of some education.

"I have never seen a girl like you in my life." "Thank you, I must go," said Biggs, when Jack just sat you with fagons? "Kelso said.

"I'm sorry," she said, "but I must go." "I'll be glad to see you again," said Biggs, and he turned to go. "Wait a moment," she called after him. "I'll be glad to see you again."

SENATE SETS TIME FOR VOTE ON PACKER CONTROL... WASHINGTON, (AP)—Eminent consent agreement designed to bring the packer regulation bill to a vote...

"Gladly she gave her hand to Mr. Biggs. "It's just the right dress," he said. "It goes so well with your hair. I'm glad to see you. I have never seen you since you left my life. The going is come and you often. If your mother will let me."

"No," said Mr. Biggs. "I was afraid," Bim exclaimed, "My Uncle Henry does." She looked into Mr. Biggs' eyes.

MRS. SOUTHARD MAY TELL OWN TAKE ON STAND

Alleged Modern Borgia Will Likely Rotate in Own Way. Meyer Death Story

It is entirely probable that when taken into the probate court tomorrow morning Ann Eliza (Lynn) Meyer Southard will be placed on the witness stand to tell in her own way the story of circumstances leading to the death of Edward F. Meyer, a death attributed to her confidence and criminal acts.

SOUTHARD MEASURE TO AID LAND DEVELOPMENT

Senate Bill, Up for Third Reading, Brings Federal Aid in Reclaiming Land

If what is known as Senate bill No. 203, now before the national assembly for third reading, is finally passed...

This statement is contained in a letter received by the secretary of the head of the Farm Service, from George P. Clement, manager of the agricultural department of the Los Angeles Chamber of Commerce.

The primary purpose of the Southard bill is to make possible the reclamation of arid and semi-arid lands of the west that are susceptible of irrigation.

In the course of explanation of the value of this bill Mr. Clement says: "This bill, we believe, meets with all reclamation needs and necessities."

TWIN FALLS ROTARY TO ASSIST PUEBLO VICTIMS

Sufferers in Devastated Area are Badly in Need of Financial Aid

An appropriation for the benefit of Pueblo flood sufferers was ordered by the Twin Falls Rotary club at its regular weekly luncheon today and Charles Macaulay named as a committee of one to transmit the money to the proper authorities in Pueblo.

A number of out of town guests were present at the luncheon, including State Representative Carl Miller of Castleton, Arthur Anderson of Ellettsburg, and a delegation of three from Pueblo.

Announcement was made that the total financial benefit to the Boy Scouts as a result of the Kiwanis game of Tuesday amounted to \$400.

ANNOUNCEMENT This will announce that Floyd L. Moore, known to many as "Slim," has opened an auto repair shop at 128 Second avenue west, next door to Gem Station.

CIVIC CLUBS STAGE VAUDEVILLE ON DAMOND TO AID BOY SCOUTS

Baseball, with Every Imaginable Frill and Furled, Played According to Conception of Rotarian and Kiwanian Veterans who Go Through Six Periods of Extraordinary Activity for Exercise and a Benefit

Patrons of the Rotary-Kiwanis club baseball game, staged yesterday afternoon on Lincoln field for the benefit of the distinguished "warrior" and his family, who expected only to see a base ball game, probably were disappointed.

Raw throats and husky voices, with some snarl and high pitched evidence on the part of hundreds of spectators and scores of performers to tribute gladly paid to the Scouts' activities.

As far as the game itself was concerned, there seemed to be no marked difference in the capability of the performers. No player was permitted to distinguish himself by more than two innings, and a score-keeper, if he had attempted to record the various plays and credits to each performer, would have gone crazy at the task.

"K's" Have Margin

General agreement seems to have been reached here, that nine Rotarians and ten Kiwanis crossed home plate during the six innings, and a tally given out this morning by the committee in charge of the contest...

Preceded by a parade through Main avenue, headed by a band, followed by the Boy Scouts, the Kiwanians in proteous costumes, and the Rotarians in uniform attire of white, the occasion was characterized throughout by effective loyalty.

"Pop" Fisher and Ernest White incurred judicial displeasure for smoking while on the field and were summarily dealt with.
