## BOUBBONS FLAY TARIFF BILL AS 'PLUNDER' PLOT

Minority Report Denounces the Measure as "Conspiracy to Benefit Few Favorites at the Expense of All Humanity"

DATE FOR FINAL VOTE IS FIXED FOR JULY 21

All Schedules Except Hides, Cotton, Dyes and Oils to be Subject to Amendment Only by Committee

WASHINGTON, D. C., (AP)—Generation of the tariff bill was formally begun today by the house with the actual reading of the 345 page document. No discussion marked the conference of the house on the bill at the hour of the session.

Representative Garrett of Tennessee, acting democratic leader, announced that the conference of the house democrats would be held immediately after the house adjourned today to determine a party plan to fight the bill.

WASHINGTON, (AP)—With the house beginning consideration of the general tariff bill today the republican majority will be fixed July 21 as the date for final vote on the measure. Under a program of procedure agreed upon at a republican conference last night the period for general discussion will be limited to July 14 debate thereafter to be under the five-minute limitation, when the house will consider the specific schedules which the conference agreed shall not be subject to amendment.

Democratic members of the ways and means committee in a minority report filed today in the house of representatives denounce the administration tariff bill as a "conspiracy to benefit a few favorites at the expense of all humanity."

"Like every conspiracy it has been hatched in secrecy," the report says, adding: "We record our solemn judgment that this measure is a plan to plunder the people of our own country and to oppress the people of every country."

The report declares the tariff was not an issue in the last campaign and that it is not the time to write a tariff law. They assert that the problems which "confront our people, cripple our industry, stifle our commerce and perplex an amiable administration have nothing to do with the tariff."

Criticizing the republican majority of the committee for withholding the bill from them and from the house members generally and for permitting their 27 page typewritten report to a general indictment of the whole measure and the manner of its preparation.

Stresses Two Points  
Emphasis is laid upon two things:

(Continued on Page Four)

## QUEBEC TOWNS HEMMED IN BY WOODLAND FIRES

Construction of Flame Menaced Villages. Seems to be Imminent

QUEBEC, Que., (AP)—Reports from the area in this province being swept by forest fires continue to be anything but reassuring. Premier Tancred and Hon. McClellan, minister of crown lands, said today after a conference last night with forest rangers throughout the province.

The situation in which was reported particularly grave and latest reports indicated that a number of villages in that vicinity were almost hemmed in by the flames and their destruction seemed imminent.

## Harding Shatters Another Precedent in Meeting Solons

Makes Social Trip at Lunch Time to Other End of 'Avenue'

WASHINGTON, (AP)—President Harding broke a precedent today by motoring to the capitol and taking lunch with some of his old associates, which some of the senators called "The Avenue" was purely social in character, although it was taken for granted that pressing questions of legislation would naturally come up for discussion during the visit.

## MINNESOTA GOVERNOR TO KEEP HIS EYE ON 'KLAN'

Gives Reassurance to Non-Parliamentary League Manager Asking "Protection"

DULUTH, Minn., (AP)—Governor McMeister, of South Dakota, previous to his departure by steamer for Niagara Falls, stated his intention to "keep an eye" on the Ku Klux Klan, recently organized in this state. He advised of press dispatches from Sioux Falls reporting messages filed by Tom Ayres, state manager of the Non-Parliamentary League in South Dakota, requesting "protection against the Klan." The governor said the matter would receive his prompt attention when he returned from the tour. Governor McMeister would not permit any organization to jeopardize life and property.

## WOOL-PULLING CONCERN TO BE GIVEN NEW HOME

New Industry is Brought to Omaha by Buyers of Plant Formerly Located at Columbia

OMAHA, Neb., (AP)—Preliminary work on a new plant to house the Omaha wool-pulling concern, to cost approximately \$250,000 will begin at once today. The new plant, which was formerly the site of the Bostwick Wool-Pulling company of Columbia, together with two other men purchased the plant of the Bostwick company and is bringing the machinery here for installation in the new plant. Removal of wool from sheep plots and preparation of hides for tanning in the work to be done, said Mr. Hyde.

## FLASHES FROM THE WIRE

LOS ANGELES, Cal., (AP)—William F. Fisher, motion picture comedian and star of the "Amateur" series, died here today from injuries suffered two years ago when he was attacked by ostriches at a motion picture studio here. He was 42 years old.

EAST ST. LOUIS, Ill., (AP)—James Oremiah was found guilty of forgery in that he used a name which was charged with complicity in the forgery of his wife's name to two United States bonds which belonged to her. A woman, who, according to Oremiah's statement, actually placed the signature on the bonds could not be located.

WICHITA, Kan., (AP)—Fred Taylor, an ex-convict man, today locally is a hero. When an ammonia pipe in a grocery store near Taylor's place of business broke he remembered his army training, rushed home, donned his gas mask and stopped the flow of poisonous fumes before serious damage was done. A number of customers were nearly suffocated by the fumes, but all recovered following treatment by Taylor.

INDIAN HEAD, Ga., (AP)—A case parallel to that of the American soldier who regarded his speech during an airplane flight has been brought to light here. Over a year ago Wilbur was charged with complicity in the head by a horse and he had been unable to speak until a picnic recently he took an airplane ride. As a result of sharp loops and dives he was ill when he landed, but was able to talk.

SALT LAKE CITY, (AP)—A woman and a 13 year old son have reached Provo, Utah, as an express package following confinement from Constantino, Turkey. Mrs. Thora Sarafi and son were expressed to the former's husband, who is a farmer. Sarafi left his native land a few months before his son was born. The "express package" was detained at Ellis Island for a month but the contents were released through the intervention of Senator Reed Smoot.

FORT McMURRAY, Alberta, (AP)—Canadian mounted police left here today to investigate reports that starting in the Caribou tribe have been found evidence of cannibalism. A few years ago officials state, caribou were so plentiful that the Indians ate only the tongues of the animals, which they held as a delicacy. They slaughtered the animals in thousands. The prophecy was made at that time of the Canadian province that the caribou would soon disappear and starvation would face the aborigines.

CHICAGO, (AP)—City officials of Evanston, Chicago's exclusive north side suburb, have decided that advertising signs too well. A year ago Charles Ward was hired by the city as the \$5,000 a year advertising specialist to set the advantages of the suburb as a summer resort. As a result, the admen declared home town folk were crowded out of their own parks, beaches and amusement places. Mayor Harry Pearson instructed the police to enforce, beginning today, a new ordinance prohibiting advertising signs from being placed over the beaches, parks and on down town streets. "But Ward still has his job."

## DU PONT NAMED SENATOR HOLDS UP BEER PERMITS

Delaware Governor Appoints Powder Maker Successor to Wolcott

DOVER, Del., (AP)—General T. C. Coker has been named as the successor to States senator from Delaware by Governor Denney to succeed Josiah O. Wolcott, who resigned last week to become chancellor of Delaware.

## SMUTS UNITED TO IRELAND BY FEWEN LEADER

South African Premier Goes to Emerald Isle at Request of De Valera, Lloyd-George Tells Commons

LONDON, (AP)—The prime minister, Mr. Lloyd George, stated in the house of commons today that he understood General J. G. Smuts, the South African premier, was to be invited on a visit to the invitation of James de Valera, the Irish republican leader. Asked whether he had conferred with General Smuts before the latter went to Ireland, the prime minister replied emphatically that he was seeing General Smuts constantly.

## OUTLOOK FOR PEACE IS AGAIN CALLED HOPEFUL

Recession from Demand for Independence is Discarded in Recent Utterances and Acts of Sinn Fein

LONDON, (AP)—The prime minister, Mr. Lloyd George, stated in the house of commons today that he understood General J. G. Smuts, the South African premier, was to be invited on a visit to the invitation of James de Valera, the Irish republican leader. Asked whether he had conferred with General Smuts before the latter went to Ireland, the prime minister replied emphatically that he was seeing General Smuts constantly.

In answer to another query Mr. Lloyd George said none of the dominion premiers would attend the proposed Irish conference in London, to which Mr. de Valera and Sir James Craig, the Ulster premier, had been invited.

Outlook Called Hopeful  
Asks from this statement there was virtually nothing to indicate that the peace progress had been made by the "big four" comprising Mr. Lloyd George, General Smuts, Sir James Craig and Earl Middleton, a prominent southern unionist, toward reaching a settlement of the Irish question. There was, however, official reaffirmation of the statement that the outlook was hopeful and that nothing had transpired which seriously jeopardized the prospects of a settlement.

King Receives Smuts  
General Smuts was received in audience this morning by King George, the latter having shown a keen desire to be informed of every move in the direction of peace in Ireland. General Smuts gave the king the impression he gathered while in Dublin, the audience lasting half an hour.

General Smuts has been invited to attend Friday's meeting in Dublin between Mr. De Valera and the Southern Unionists.

## DISCRIMINATORY ORGANIZATION IS LAUNCHED TO WAR ON DISCRIMINATORY RATES

Steps Toward Uniting Communities in Twin Falls Branch in the Fight for Equitable Freight Charges are Taken at Chamber of Commerce Meeting Addressed by Leonard Ward, State Public Utilities Commission Traffic Expert

Initial steps toward formation of an organization of communities against the Middle-to-Buhl branch of the Oregon Short Line railway to wage war against discriminatory freight rates were taken today at a luncheon-meeting of about 50 members of the Twin Falls Chamber of Commerce held at the Rogers hotel and addressed by Leonard Ward, chief of the state public utilities commission traffic department. H. E. Towes and E. E. Munson of the committee in charge of presentation of evidence to be presented at a freight rate hearing here tomorrow to be conducted by Mr. Ward for the state commission, and others.

Acting upon the suggestion of John W. Graham of Twin Falls, former chairman of the state public utilities commission, Mr. Ward, president of the chamber of commerce was privileged to proceed with plans for the proposed organization. Mr. Graham was appointed as chairman of this committee and other members named were James S. Busell, president of the Twin Falls Bank and Trust company; Walter Bennett, president of the Chamber of Commerce; and H. E. Towes, county agent for the Twin Falls county farm bureau.

Acting upon the suggestion of John W. Graham of Twin Falls, former chairman of the state public utilities commission, Mr. Ward, president of the chamber of commerce was privileged to proceed with plans for the proposed organization. Mr. Graham was appointed as chairman of this committee and other members named were James S. Busell, president of the Twin Falls Bank and Trust company; Walter Bennett, president of the Chamber of Commerce; and H. E. Towes, county agent for the Twin Falls county farm bureau.

Chicago, (AP)—Chicago gasped and looked extremely skeptical today when the weather bureau reported the thermometer at only 82 at 8 o'clock this morning. A sweltering night had sent thousands to the parks and beaches in an effort to snatch a few minutes' comfortable sleep.

The heat yesterday was held directly responsible for five deaths, the doubling of the city's mortality rate, and dozens of prostrations. One large company laid off 5,000 men because the heat was so bad as to continue work in the fields.

"No relief in sight," was the announcement given out by the weather bureau today.

Continued Heat Without  
Precedent at Des Moines  
DES MOINES, Ia., (AP)—During the entire 30 days since June 6 there has been scarcely a break in the super-normal temperatures, according to compilation of figures from the local weather bureau. During the past ten days the maximum daily reading has averaged a 94-degree above 0.

The heat has been unprecedented for the early half of the month.

Parade to Court Proceedings against the Interstate Commerce Commission and the railroads was proposed by Attorney General Clegg as a means of making the mode of procedure in the fight to obtain relief from discriminatory rates.

He said that he had made inquiry into a similar case lately handled by the Interstate Commerce Commission, but he could do no more toward alleviating the freight rate situation and advised that the people of Idaho "get busy and raise hell."

"A reference of one cent a hundredweight in the freight rate amounts to about \$200,000 of the worst crop of this territory," Mr. Way said in opening his remarks with respect to the freight rate situation.

"Successive increases in freight rates on a percentage basis have increased the differential as between long haul and short haul. Way said that the rate on a hundred pounds of potatoes, for instance, from Twin Falls to Omaha is 42 cents more than it was in 1918, where as the increase in the rate of St. Paul to Omaha is only 25 cents."

Idaho Revenue Drop  
Records of the railroad companies for the four months period ending with April, 1921, as compared with the corresponding period last year, show 25 per cent in freight revenues amounting to \$42,000,000. Mr. Way said, adding that eastern rates during this period reported a gain of \$75,000,000, while western rates were down amounting to \$23,000,000 of which amount the roads serving Idaho lost \$14,000,000.

Mr. Way reviewed successive efforts to obtain relief from the state commission to secure reductions in rates and readjustment of long and short haul tariffs by which the intermediate region is claimed to be discriminated against.

Mr. Way's remarks were met with applause by the audience and state commission to secure reductions in rates and readjustment of long and short haul tariffs by which the intermediate region is claimed to be discriminated against.

Prices Less Than Cost  
In this connection Mr. Way said that inquiry made by the state commission in Clayton county showed that potatoes were being sold at a loss of 10 per cent to 15 per cent in the cost of production for their potatoes in middle western markets.

The hearing here tomorrow, Mr. Way said, will be held at the state commission with a view to determining exact facts with relation to costs of production and other information relating to the transportation situation. This information, he said, would be used only for the purpose of the hearing.

## GOVERNMENT TO LEND RAILWAYS \$500,000,000

Treasury Secretary Mellon Announces Provision Made for Making Additional Advances of Funds to Carriers

WASHINGTON, D. C., (AP)—Treasury Secretary Mellon announced today that under a provision in a refunding arrangement made with the railroad executives the carriers would receive approximately \$500,000 in additional advances from the federal government within the next six months.

## MONEY TO BE PAID UNDER REFUNDING ARRANGEMENT

Benefit to General Financial Situation and Aid to Resumption of Business Activity Expected Through Deal

WASHINGTON, D. C., (AP)—Treasury Secretary Mellon announced today that under a provision in a refunding arrangement made with the railroad executives the carriers would receive approximately \$500,000 in additional advances from the federal government within the next six months.

Government Takes Security  
Mr. Mellon said the negotiations with the railroad executives "probably would be completed within two days and that the advances contemplated would give to the railroads in each case of money equivalent to those which the government spent in capital betterment during the period of war-time control. The government will receive for the advances a first mortgage security evidencing the indebtedness of the particular railroads, which receive the advances, it was explained.

Involves War-Time Claims  
All of the claims and counter claims between the railroads and the government arising out of the war-time expenditures during the control period are involved in the negotiations, Mr. Mellon indicated and where arrangements for an advance were completed some sort of a compromise agreement would result.

Mr. Mellon indicated that additional appropriations would be sought from congress to make the advances.

He said he believed the advances to the roads would be beneficial to the general financial situation and might assist in a resumption of business activity.

In the long run, he added, the government would obtain a net profit from the advances since the money necessary could be borrowed at a lower interest rate than railroad securities would bear. Railroad securities now held by the treasury are said to amount to approximately four hundred million dollars and interests and capital payments had been regularly met on all of them, giving the government a net income of about \$18,000,000 a year.

## RAILWAY FREIGHT TRAFFIC SHOWS DECREASE FOR WEEK

WASHINGTON, D. C., (AP)—Railroads of the country closed last week with a 1.5 per cent decrease in freight ending July 5, or 389,158 tons less than for the week previous, according to a statement today by the American Railway association.

The decline included decreases in all commodities except ore, which showed a slight increase. The number of cars loaded with grain was 38,821 or 217,175 less than the previous week. There was a 10 per cent decrease in pig iron and miscellaneous freight loadings were 463,370 or 1416 cars under the previous week.

## GENERAL STRIKE AGAIN THREATENS IN GERMANY

Municipal Workers Seem Disposed to Walk Out in Support of Farm Laborers

BERLIN, (AP)—The strike of the laborers employed on land controlled by the municipality of Berlin, in progress for some time, threatened to develop into a general strike of all the municipal workers in support of the agricultural laborers. Their leaders state that the strike would be a two-thirds majority for a strike.

The communist organ, The Red Flag, declares that as far as the electric and tramway workers of Greater Berlin are concerned the two-thirds majority necessary for the general strike already has been exceeded.

## Parachutes Save Crew When Naval Blimp C-3 Explodes

WASHINGTON, (AP)—The naval blimp C-3 exploded at the naval station at Hampton Roads, Va., today, but the crew was rescued by parachutes. The blimp was destroyed by an explosion which was caused by a fire in the engine compartment.

None of the persons aboard the C-3 were seriously injured according to the report.

# RADICAL CHANGE IS FORECAST BY CHINESE PRESS

### Newspapers Freely and Openly Discuss Prospects for Far-Reaching Shake-up Growing Out of Situation

PEKING, (AP)—The Chinese newspapers are freely and openly discussing prospects of a far-reaching change in China, which they have declared is possible and even probable this summer.

One of the dominant figures to whom all experienced observers look for an initial movement in bringing about the predicted change is General Chang Tai-lin, military governor of Manchuria, whose influence in the capital is now paramount.

The prevailing belief is that General Chang is favorable to the restoration to the Chinese throne of the boy emperor who has long been a prisoner in the Forbidden City.

There was widespread expectation that Chang would inaugurate in the spring of early summer a movement to the effect of countermanding the throne but it has not thus far materialized.

Speculation Changes Tack. This in turn has given way to internal discussions between Chang and other leaders. Cabinet changes have ceased and there has been talk of suppressing the independent movement at Canton.

While the newspapers discuss the several points freely yet there is nothing authoritative and little opportunity to substantiate the reports so freely circulated.

Many observers attribute these movements to the countermanding of the well known shortage of funds from which the military leaders in China are suffering. The fate of the government in China hangs to a larger extent than westerners would suppose upon the attitude of the three military governors of the northern provinces who virtually control everything north of the Yangtze river. Recently they held a meeting in Tientsin and entered upon some kind of an arrangement for the division of authority between them.

The premier and several of the ministers made repeated journeys to Tientsin to confer with them and a shake-up in the cabinet was made to follow these military conversations.

Preparer Faces Dilemma. The premier who is opposed to making any further loans has proposed a program of retrenchment which covers disbandment of troops. The military governors resist and those of the ministry of war cannot be disbanded without paying up the arrears of pay which the government seems unable to do.

There has been talk of a military movement to oust the president, Hu Shih-chang, and restore Li Yuan-chang to the presidency. The government funds is so great that even the cabinet secretaries have to accept part of their salaries in bonds which they cannot possibly sell. The government's schools are all closed and the minister of education and all teachers have resigned because the government cannot pay over a sufficient sum monthly to make sure that salaries and expenses will be met.

## REVENUE AGENTS BEGIN SALES TAXES CLEANUP

### Special Forces, Divided into Flying Squadrons, to Supplement Activities of Regular Collectors

WASHINGTON, D. C., (AP)—With every city of importance in the United States included in the campaign plan, a force of 250 specially trained revenue officers Wednesday began a nationwide "cleanup" of delinquent retailers. The special forces will be divided into flying squadrons which will supplement the activities of the two thousand regular deputy collectors.

The cities marked for the first raids, it was announced, include Denver and San Francisco. Special attention is to be given to enforcement of retail tax on manufacturers' excise, the tax on soft drinks and the transportation, jewelry, admission and insurance taxes.

After the first 14 cities have been thoroughly combed, the flying squadrons will be transferred to Philadelphia, Birmingham, Houston and Salt Lake City. Other theatres are in course of preparation.

## New Gun to Hurt 5-Ton Projectile 200 to 300 Miles

### Scientists See Demonstration of Evolutionary Weapon of Warfare

NEW YORK, (AP)—Scientists and inventors Wednesday discussed the remarkable qualities of a new gun, which Dr. Miller Reese Hutchison, former chief engineer for Thomas A. Edison, claims may be developed to hurl a projectile of five tons from 200 to 300 miles. Its velocity, he declared, ranges from one to five miles a second. The noise it made at a demonstration yesterday sounded much like the click of a cash register though only a miniature weapon with an eight inch barrel was used. The projectile may be stopped in a sheet of steel with the precision of a trolley car.

The gun is the invention of John Temple, an Englishman, who developed the idea in this country.

The demonstration, held in the presence of scientists and newspaper men, was in Dr. Hutchison's office on the fifty-first floor of the Woolworth building. The testing grounds consisted of a box of sand on the floor, over which was placed a sheet of steel three-quarters of an inch thick.

The demonstration was conducted by Dr. Hutchison and newspaper men, was in Dr. Hutchison's office on the fifty-first floor of the Woolworth building. The testing grounds consisted of a box of sand on the floor, over which was placed a sheet of steel three-quarters of an inch thick.

## Count Shows Fewer Foreign-Born Men on American Farms

### Decrease is Largely Accounted for by Germans Returning to Native Land

WASHINGTON, D. C., (AP)—The number of foreign born farmers in the United States has decreased by 88,602 or 13.2 per cent in the last ten years, the census bureau announced Wednesday. The decrease, which was \$1,148 among German born farmers alone, was due, it was said, to the large number of foreign born who returned to their native countries during the war.

Foreign born whites, 531,054; negroes, 926,257; Indians, 16,213; Japanese, 6,890; Chinese, 638.

Statistics showing the largest percentage of foreign born white farmers in that country were: North Dakota, 43.7; Minnesota, 37.7; Connecticut, 33.7; Washington, 29.8; California, 29.1; Wisconsin, 28.4.

The number of negro farmers increased 3.7 per cent during the decade. All but a little over 1 per cent of them were found in the southern states.

Japanese farmers of that almost exclusively in the far western states, the census showed. California led with 6152; Washington had 699; Colorado, 321, and Oregon, 224.

## DAUGHERTY RULES BOOZE CANNOT CROSS COUNTRY

### Upholds Decision of Predecessor Despite Diplomatic Protest; Prohibits Transportation

WASHINGTON, D. C., (AP)—Despite diplomatic protest, Attorney General Daugherty has upheld the ruling of his predecessor that alcoholic liquors cannot be transported across territory of the United States, in transit from one foreign country to another. The opinion was sent to the customs division of the treasury Wednesday and a conference of customs officials was held to determine methods of enforcing it.

Protests against this interpretation of the prohibition law were filed some months ago by the British embassy in behalf of Canadian citizens and by the Italian embassy after Attorney General Palmer had rendered an opinion on February 4 that such transit of liquor was unlawful.

## WOULD CONVINCE WORLD TEACHERS

### Educator Advocates Wider Use of Schools in Citizenship Training

DES MOINES, Ia., (AP)—Recommendation that an international congress of education be held in 1923 under the auspices of the National Education association was made here today by association's annual convention by its committee on foreign relations. The committee report was presented by Augustus O. Thomas, state superintendent of public instruction of Maine.

All nations that desire to develop the spirit of universal education and perpetual peace should be invited to participate, the committee advised.

Closer Alliance Sought. It reported that in its first year of existence it found manifest a "growing desire for a closer relationship among the nations."

The main purposes of the several agencies now active in the field of international politics, the committee added, are to create a better understanding, to develop a greater sympathy among neighbors, to unify ideals of a general or universal nature, to promote universal education among free peoples, and to correct some false notions which the people of one nation sometimes acquire of another.

"For example," the committee reported, "some of the textbooks used in our own country in speaking of our Latin-American republics make the statement that the inhabitants of a certain country are 'mainly Indians,' with no emphasis upon the fact that there is a considerable body of highly cultured white persons living in that country."

World Correct False Notions. "It is true also that the ideas of American life often set up in Europe do not give an adequate understanding of the true American. These false notions may be corrected by co-operation."

New Jap Kimonas. Just in today—direct from the Orient. We can't tell you how pretty. You'll have to see them. All embroidered in pongee and various bright colored silks. Very pretty designs. They run from \$10 up.

By the way, what have you heard last about a billiard match between Horemans, Belgian champ, and Willie Heppa? Urban-Faber has won 14 and lost 6 games for the White Sox this season.

Had a finer outlook, said Mr. Bradford. "So far as we are concerned our problem is how to keep production at such a point that we will not be over-sold within the next few weeks. Is this reduction in price we are cheerful."

Theatre. Members of the lodge of Elks throughout America will be interested to know that Gertrude Olmstead, who was elected the queen of the fraternal order at their convention in Chicago last summer, is now playing the leading feminine role in the Universal photoplay "The Big Adventure," which is to be seen at the Gen theatre today.

Get on he can go over to England and then on with Frank Moran, tow-headed Pittsburgher who is aching for a good mill. But that's a strenuous campaign for any scrapper.

An Indispensable Service. More of us than is ordinarily supposed depend directly or indirectly upon the chief constituent of petroleum—gasoline. Don't think for a minute that motor vehicle owners are the only ones who depend on gasoline. Motor transportation is a vital factor today in the life of almost every American community—particularly in supplying the so-called "perishable" foods. The problem of furnishing gasoline for the 9,000,000 motor vehicles registered in the United States is by no means a simple one. The Continental Oil Company is responsible as a public servant for maintaining a dependable supply of petroleum products in the six states which it serves at all times. And this responsibility is not an easy one to meet. It calls for a large amount of equipment, including tank-truck fleets; storage depots, properly maintained service stations, etc., all involving the investment of a large amount of capital. In other words, it is a decidedly big task and must be handled in a big, progressive way. This company is always striving to be of the greatest possible benefit to the greatest possible number. It feels that the gratifying success it has attained is but an indication of the effectiveness with which its policies have been administered and the degree to which they have been of service to the public at large. Largely as a result of the service now being rendered by the Continental Oil Company, motorized farm equipment is kept well supplied with fuel and oils of reliable and uniformly high quality; the motor truck fleets of industry and business in the large cities can obtain their full requirements at all times; housewives are always able to purchase pure, clean kerosene, paraffin, household lubricants and many other household necessities, all of which will usually be delivered at their doors. And, of course, every motorist is assured of high grade gasoline and motor lubricants by simply stopping at any one of the hundreds of Continental soldier signs—they are symbols of superior quality and supreme service. Don't go shopping for your gasoline and motor oils. Get a supply of Conoco Gasoline Books and carry them in your car. You'll find them a decided convenience on the road.

LUCKY STRIKE CIGARETTE. Do you know why it's toasted? To seal in the delicious Burley flavor. It's toasted.

More Light on the Adam Family. Referring to the recent statement of a scientist that the Garden of Eden was located in Ohio, we are reminded of the Scotch laddie who told a famous singer that Gaelic was the language of Adam. The singer afterward spoke laughingly of the claim to another Scotchman, who remarked in all seriousness: "The bard was right. Dinna ye ken that the Garden of Eden was in Scotland? Dinna ye ken that Adam's name was McPherson?"—Boston Transcript.

Diction. Be noble both in the affluence and the economy of your diction; spare no wealth that you can put in, and tolerate no superfluousity that can be struck out.—Thomas Wentworth Higginson.

# BAPTIST YOUNG PEOPLE ENJOY ANNUAL PICNIC

### Between 30 and 40 Juniors of the Local Church in Camp at Easley Springs

Between 30 and 40 young people of the Twin Falls Baptist church are attending an annual assembly at Easley Springs park, in the Wood river district. The party left here last Monday for an outing of 10 days.

The assembly at Easley Springs is an annual affair of the Baptist church in Idaho, and is this state's part of a nationwide summer picnic program inaugurated by and carried out under the direction of the National Board of Promotion of Young People's work. This is the second picnic of this nature held by the Baptist church in this state, the first being held on the Easley park ground last summer. A 10-year's lease has been obtained on the park site for this purpose.

The Rev. J. W. Sharr, formerly pastor of the Baptist church in Buhl, and now state superintendent of young people work of the Baptist denomination, is directly in supervision of the state picnic.

The outing is planned to take the form of a Chautauque for the promotion of Christian knowledge and Bible teaching. Daily programs include morning bible classes, afternoon picnicking and games, evening campfires and entertainments of various sorts. A large kitchen is provided the campers for culinary purposes. Each party provides its own camping outfit and utensils. Other than Boise Twin Falls is said to have sent the largest delegation to the assembly.

## BAND TO PRESENT LIST OF MIXED SELECTIONS

Concert-Tonight Will Contain Popular Operas and Ballad Numbers

A mixed program will be presented by the city band in tonight's concert in the park. Bandmaster J. G. Thorpe has selected popular selections with operas, ancient and modern ballads, and top-class marches. The schedule is devised to appeal to all tastes in music.

Following is the list of selections for tonight's performance:  
March, "Stars and Stripes Forever" ( Sousa ).  
Selection, "The Magic Melody" ( Heilmann ).  
One Step, "Toll Me Little Gypsy" ( Sprague ).  
Overture, "The Barber of Seville", by request ( Rossini ).  
For Two, (a) "Mazy", (b) "I Never Knew" ( Bendel ).  
Waltz, "Enchanted Nights" ( King ).  
Patrol, "American" ( Moschani ).  
March, "Our Colonel" ( English ).  
Step Spangling Banner.

Nothing Known of Its Value.  
Cleopatra had a warranted preventive of badness, or a sure cure. Possibly she intended to employ it to wheedle Caesar or buy off rebellious Pothinus. Perhaps she planned to present it to Antony as a surprise at Tarsus. Possibly she held up the gift in a mode of feminine fickleness, and held it in her reticence at Actium, and through the power of that tallman drew Antony after her in frenzied pursuit, and in ignominious retreat. There is nothing in the discoveries of Egyptologists to warrant belief that Cleopatra's hair restorer had any actual value.—Erengone.

Collier Appointed U. S. Ambassador to Chile

William Miller Collier, of Auburn, N. Y., former president of George Washington university, Washington, D. C., who was, recently appointed American ambassador to Chile. Mr. Collier, who is 64 years old, is a well-known diplomat and served as ambassador to Spain from 1905 to 1909.

## Social Notes

Edited by Mrs. E. B. Williams Telephone 306

Mr. and Mrs. H. J. Dinkelacker of 238 South Broadway, will have guests their picnic, the Misses Effie and Bertha Dinkelacker, who have spent the past five years at Tientsin, in the province of Shantung, China, in the medical missionary service under the auspices of the Presbyterian church. The Misses Dinkelacker are on a year's furlough and will take up their residence in Philadelphia. They spoke their prayer service in the Methodist church last evening, leaving this morning for the east.

Mr. M. C. Putnam entertained the Harmony club yesterday afternoon at her home on Sixth avenue east. Bridge was played, Mrs. M. L. House winning the club favor. At the conclusion of the game a two-course luncheon was served. Mrs. E. M. Wolfe, Mrs. Walter Dufresne, Mrs. J. F. Coughlin and Misses Gahler were guests and other members present were Mesdames A. W. Husted, H. W. Sawyer, F. R. Cox, H. P. Barger, M. L. House, J. A. Campbell and M. C. Putnam.

Members of the Kimberly Road club entertained their familiar at a picnic served on the lawn at the home of Mrs. W. W. Wallace, Wednesday evening. Those who enjoyed this delightful affair were Mrs. H. Ludlow, Mr. and Mrs. H. C. Coburn, Mr. and Mrs. H. C. Alexander, Mr. and Mrs. W. M. Fisher, Mr. and Mrs. C. W. Price, Mr. and Mrs. J. Vreugdenhil, Mr. and Mrs. Herman F. Krcmar and Mr. and Mrs. W. Wallace. Guests will meet Friday afternoon at 3:30 at the home of Mrs. J. M. Spuckman.

Mr. and Mrs. Cecil M. Perry were pleasantly surprised Wednesday evening when about 30 of their neighbors gathered at their home two miles east and one-half mile south of the Washington school, to get acquainted and give them a hearty welcome into the neighborhood. The bride's home was formerly in Kansas where the young couple were married about a month ago. After a sojourn of delicious refreshments of ice cream and cake were served.

Members of the Episcopal Guild met at the Parish hall last evening and spent two hours sewing on layettes for the Near East relief. There will be another meeting next Wednesday evening at 7:30 for the same purpose.

The Missionary society of the Christian church will hold a regular meeting Friday evening, July 9. Supper will be served at 6 o'clock. Each member will bring food and the committee in charge will furnish drinks. The program is short and interesting. "The Living Dream," will be given at 8 o'clock by division No. 12.

The first and second ward religion class workers of the L. D. S. church met in the city park yesterday afternoon from 4 to 6 o'clock where they enjoyed games and stories followed by a picnic supper. Those present were Emily Austin, superintendent of the second ward, and Mrs. B. D. Davis, superintendent of the first ward, Quinn Austin, Susan Roberts, Mary Davis, Alice Biggs and Leocadia Heath, teachers, and 19 children.

Mr. G. W. Higdon was hostess to the Highball view club Wednesday afternoon. A business session was held and new officers elected for a six months term, as follows: Mrs. A. C. Leonard, president; Mrs. E. E. Walters, vice president; Mrs. George Fuller, secretary. Mrs. Earl Higdon was initiated a member of the club. After a delicious luncheon and a social hour all departed to meet Mrs. B. I. Shaw on Wednesday afternoon, July 20.

Miss Blanche Geigley entertained the "Kings" Ladies last evening at the home of her aunt, Mrs. Robert Rogerson. Sewing and a general social time with the serving of delicious refreshments completed a delightful evening. Those in attendance were: Mrs. Geigley, leader of the society, the Misses Florence Denton, Violet Holderman, Gwyneth Young, Helen Trousdale, Wilma Reel, Mabel Miller, Julia Tomlinson, Viola Evans, Lois Visser, Thelma Dawson, Louise Steele, Blanche Geigley, Nina Howard, Helen and Thelma McKinney.

### NOTICE

Shareholders of the Labor Temple association will meet in annual session at the Union Hall, July 23, at 8 p. m. to discuss all important matters that pertain to the association. Proxies must be written. A. H. Fredholm, Secretary-Treasurer.—adv.

## AGED HANSEN RESIDENT SUDDEN DEATH VICTIM

### John H. Goodwell, 75, Found Dead in Wagon Box This Morning

John H. Goodwell, for a number of years a resident of Hansen and the Hansen district, was this morning found dead in a wagon box. Death, it is believed, occurred at the son's home at Hansen. Discovery of the body was made by the son, John F. Goodwell, Decedent was 75 years of age.

The elder Goodwell has for some time been living with the son, and, according to a statement made by the latter to the coroner, P. J. Grossman this morning, the parent complaining last night of a slight indisposition. At that time he carried a pillow from his bed and announced he would seek a cool place outside the house to sleep. Early this morning the son investigated the parent's room and found the bed undisturbed. Investigation revealed the stiffened body in a wagon box. Death had evidently taken place about midnight. The dead man suffered from valvular heart disease.

Besides the son at Hansen decedent will be held in absence pending word from them. The body is at the Grossman mortuary chapel.

## Local Brevities

Went to Leth—Freeman Foss left yesterday for Leth after spending several days at his home in this city.

Birth—A son was born to Mr. and Mrs. Cliff Price at Kimberly on July 6, at a local hospital.

Bible Class to Meet—The Ladies' bible class of the Presbyterian church will meet Friday afternoon at 3:30 at the home of Mrs. J. M. Spuckman.

To Visit Daughter—Mrs. J. R. Conway has gone to Rupert to spend two weeks at the home of her daughter, Mrs. Marlon B. Betty.

Spending Vacation at Blackfoot—Mr. and Mrs. W. C. Honold and daughter are spending the week visiting friends at Blackfoot.

Gene to Park—C. A. Robinson and family left this morning for a tour of Yellowstone park. They expect to be away about ten days.

Visitors from Boise—Mrs. E. W. Paulson and daughter, Miss Mildred of Boise, are the guests of Mr. and Mrs. L. W. Wyland at 104 Fourth avenue.

Masons Gather—A meeting of the Masonic Blue Lodge was held last night with W. B. Amansary in charge. The session was devoted to transaction of routine business.

Concludes Business Call—J. A. Steele, who has been looking after business interests in the Twin Falls district a couple of days, left Tuesday for his home at Salt Lake.

Comes from Gannett—Rimer Leichter came down from Gannett yesterday and returned today. He was accompanied home by Mrs. Leichter's mother, Mrs. Kate Taber.

To Beside Here—Mr. and Mrs. W. H. House and little daughter have arrived from Denver to make their home in Twin Falls. Mr. House is a brother of Mrs. W. I. McFarlane.

Yemen to Meet—A regularly scheduled meeting of Homestead No. 1111, Brotherhood of American Commerce, will be held in Moose hall Friday evening of this week.

Guests in Buhl Home—Mr. and Mrs. Herman Newmann, Mr. and Mrs. O. Holverson and family, Mr. and Mrs. John Holverson and family were the guests of Mr. and Mrs. O. G. Anderson of Buhl, Sunday.

Graphical Returns—D. C. Graybeal returned yesterday from Toledo, O., where, as an authorized delegate from Idaho, he attended the thirtieth annual convention of the Loyal Order of Moose.

Special Convocation—Tonight Twin Falls chapter, Royal Arch Masons, will meet in special convocation for the purpose of conferring degree. Work

ASK FOR and GET **Horlick's** The Original Malted Milk for Infants and Invalids. Avoid Imitations and Substitutes

will be exemplified under direction of Charles E. Jones, high priest, in the two first degrees of this order.

Go to Colorado—Mr. and Mrs. A. Guilbert of 219 Third avenue north, are at Grand Junction, Colorado, visiting and Mrs. Worth Williams. Mrs. Williams was formerly Miss Lena Eckert.

Mrs. Zenar in Hospital—Mrs. Earl Zenar of 302 Third avenue north is a patient at the county hospital, having submitted to an operation for appendicitis last Monday. She is reported to be making a satisfactory convalescence.

Guests from Iowa—Mr. and Mrs. W. H. Brenton, of Dallas Center, Iowa, are guest at the home of Mrs. Brenton's uncle, R. D. Stover. Mr. and Mrs. Brenton are taking their honeymoon trip and are returning from a tour of Yellowstone park.

Chicagoans Visiting Here—Mr. and Mrs. Arthur Heffron spent Wednesday at the home of B. R. Spafford. Mr. Heffron is vice president of the Dickson Reed company of Chicago. He and Mrs. Heffron are en route to Yellowstone park.

On a Vacation—Mr. and Mrs. C. B. McAltrin and family left this morning for the Wood River country where they will remain for two or three weeks. They will occupy the summer cabin of Percy Thompson just above the Easley Hot Springs.

Leighton Leaves Hospital—J. H. Leighton of Hansen, who is severely burned in an unsuccessful endeavor to save his wife following an explosion of kerosene, was discharged from the hospital this morning. It is believed that Mr. Leighton will suffer no permanent evil effects from his injuries.

Returns from Conference—Sister Herberta of La Merced hospital, has returned from a visit to St. Paul and Minneapolis. While away she attended the annual conference of Catholic hospitalists. Sister Regina, who has been in Lewiston for a fortnight, joined her at that point, whence they proceeded home.

Summit Road Is Open—Judge and Mrs. Edward A. Walters and Mr. and Mrs. L. T. Wright spent Sunday and Monday in the upper Wood River country, stopping at Guyot Hot Springs. Glacier summit road is open for travel according to members of the party but it will be some days before this is in very good condition.

From Focastello—Jay L. Downing, at one the principal of schools at Kimberly, and now engaged in the practice of law at Focastello, spent the last two days in Twin Falls on business. Mrs. Downing and little daughter accompanied him and will visit for a fortnight at the home of Mrs. Downing's parents, Mr. and Mrs. A. B. Petty, grove, at Hansen.

# KAPLAN ADMITS BATTERY CHARGE IN OPEN COURT

## Excessive Punishment of Small Child Charge Made Against Man and Wife

Robert Kaplan this morning paid a fine of \$32.50 imposed by Justice of the Peace W. A. Malloy after a hearing on charge of battery. The defendant entered a plea of guilty. The charge included Mrs. Kaplan.

The case against the Kaplans involves a 3-year-old child, Kathleen, said to have been adopted by the defendants in this action early this year. John R. Ault, juvenile officer, was complaining witness. The child was not introduced in court, but testimony submitted by Mr. Ault indicated that the Kaplans had been cruel in their treatment of it.

The Kaplans are itinerants engaged in the sale of bilboes, and are said to have conducted a series of meetings of a "sacred order" in the Twin Falls district recently. They are also said to have been located in Elmer some time ago.

Arrest of the Kaplans was made yesterday afternoon by Deputy Sheriff V. H. Ormsby and John M. Beck, chief of police on a warrant issued at the request of juvenile officer. The latter in court today made the statement that the child in question had been severely beaten by both Mr. and Mrs. Kaplan and its body was marked and bruised from rough handling.

Explanation is made that the Kaplans adopted the child last February from the family of a widow in Bolon, Idaho, who had three children which she was unable to support. The mother later moved to Los Angeles and married a man named Wyman. She later advised a juvenile officer that the child and claim is made that they informed the mother that unless she came and took charge of it they would lodge it with the juvenile officer. Ault alleges he has evidence that the Kaplans attempted to ship the child alone to the mother in Los Angeles, and when this plan was frustrated they were ordered to take the child to the juvenile officer. Ault alleges he has evidence that the Kaplans attempted to ship the child alone to the mother in Los Angeles, and when this plan was frustrated they were ordered to take the child to the juvenile officer.

# PURDYS WILL RETURN TO TWIN FALLS WORK

## Salvation Army Officers are to Come Back and Services Here on Sunday

Kaplan and Mrs. J. F. Purdy will return to Twin Falls to resume their work in leadership of the Salvation Army. They will conduct services here next Sunday.

This announcement is officially received here from Colonel J. W. Cousins in charge of the Salvation Army work in the provincial district which embraces Twin Falls. The return is in acquiescence to a petition by local business men addressed to County Court, after they had been ordered to Seattle to take up work there, the change being recommended as a means of ending religious persecution in this city. During the past few weeks has been afflicted with throat trouble. Captain and Mrs. Purdy left here last Monday morning for Seattle, where they were ordered to stop in Boise where they conferred with relation to army work in this district with the secretary of this section. It was while the officers were in Boise that they were notified by the order to return to Twin Falls was received.

The Purdys have been in charge of the Salvation Army work in Twin Falls since last January, and have been particularly successful.

# EXCHANGE PULPITS

Arrangement has been made whereby the Rev. E. H. Clark, pastor of the Church of the Ascension parish, and the Rev. B. C. d'Esbaum, rector of the Rupert parish, will exchange pulpits next Sunday morning. The Rev. d'Esbaum will conduct service in St. Paul's church, and Clark in the St. Paul's church.

# AMUSEMENTS

GEM—A six part feature "Mickey" the dog, and "Reveries Eason" the dog; also a 2 part comedy, "The Hairy Blue", and "Copies of the Day."

ORPHEUM—"The Blazing Trail," starring Frank Mayo; also a 2 part feature, "Hunting The Sea Wolf," and Chapter Nine "Son of Tartan."

# Officer Reports Infected Swine for Butchering

## Thirty-two Tubercular Hogs Presented in Ten Days for Killing at Abattoirs

During the first ten days of the present month tubercular swine numbering 32, were presented for slaughtering at local abattoirs. One head of cattle suffering from the same disease, was slaughtered.

Statement of this finding is contained in a report made to the city council by Dr. W. A. Fillion, retiring meat and slaughter inspector.

The condition of stock was detected by the inspector in the regular course of inspection duty. Explanation is made that the percentage of tubercular swine is decreasing in face of the large number of infected carcasses found during the first part of last month. The report shows the following slaughterings during that period:

Cattle, 73; bulls, 1; steers, 23; cows, 25; large calves, 6; heifers, 17; calves, 16; hogs, 1; pigs, 85.

# REPORT ON PAVING TO BE GIVEN CLOSE ATTENTION

## Responsibility of Construction Company Extends Under Contract for Several Years to Come

In the matter of inspection of local paving and the report thereon now in the hands of the council, a member of the council today stated that many of the points complained of in the report referred to had already been corrected and that a complete check-up of the entire matter will be taken up in due course.

It is pointed out that under the terms of the contract with the Warren Construction company the responsibility of the construction company does not come to an end for something like four years and that during that period repairs of every description must be made by the company and the paving kept in first-class condition.

The Spencer-Laubenthal report was filed with the old council some time prior to the election and the whole matter inherited by the present municipal authorities. The matter of paving repairs and paving upkeep is apt to be held up during the coming period in which the construction company is responsible for upkeep and maintenance.

# CHARGE IS PREFERRED AGAINST FARM COUPLE

## W. B. Moorman and Hazel Archibald are Placed Under Arrest by Sheriff

Arrest of W. B. Moorman, on a farm immediately east of the city limits, was made yesterday evening by Deputy Sheriff Hamilton. With Moorman, a woman giving the name of Mrs. Hazel Archibald was arrested. Both are in custody facing charge of illicit relationship.

The male defendant in this case is said to be a cousin of L. R. Moorman, arrested earlier in the week with a woman who claims to be Mrs. Mabel Parker. A similar charge has been lodged against this pair.

In the case of W. B. Moorman and Mrs. Archibald, the authorities allege the defendants have been living together as man and wife on the Bjorn farm a mile and three quarters east of town on Addison avenue. L. R. Moorman and the woman claiming to be Mrs. Mabel Parker, were arrested at the O. S. L. passenger station Tuesday evening. The woman is said to be the wife of a carpenter employed at Glenns Ferry, and is also alleged to have a home and family of children at Rupert.

# JURY MAKES AWARD

In the district court action brought by Emma A. Reed against Gilbert Giffey, in which claim was made for approximately \$1700, based upon a contract for the purchase of a house, the jury returned a verdict awarding the sum of \$178 in excess of that which had been previously tendered by defendant in settlement of the claim. The plaintiff was represented by R. Rothwell and the defendant by Porter & William. The latter claim victory for their client on the ground that the jury sustained an oral agreement against a written contract overruling the growing of bets on the farm in question.

# Mercury Makes Further Strides Toward the Top

UPWARD, ever upward, the mercury wends its way. Yesterday seemed hot, but today seems a swelterer. Top of the thermometer on Wednesday was 91 as against 80 on the previous day. Indications are that yesterday's mark will be surpassed in the diurnal wandering of the mercury. Forty-seven was the lowest point touched during the night.

And the weather supervisor promised a continuance of the same for the coming 24 hours.

# CITY PARK TO BE SCENE OF CHILDREN'S FROLIC

Library Force, with Assistants, will Entertain Youngsters Tomorrow

Tomorrow morning is the renewal of fun for the kiddies. Under the supervision of Miss Edith Dyerger of the public library force, the little people of the fifth grade and under, will be made happy at the park for two hours beginning at 9 o'clock. There will be stories and games and such good times as Miss Dyerger planned for them last year also.

Miss Florence Gustafson, Miss Luana Taylor, Miss Eunice Boone, and Miss John Shotwell will act as assistants for the first grade and other volunteers help in at hand for taking care of all the little people who come.

# GUNNER'S MATE GARLOCK IN PHILIPPINE SERVICE

Former Navy Recruiter of Twin Falls Expects to be Retired in October

J. G. Garlock, chief gunner's mate, who was formerly in charge of navy recruiting in the Twin Falls district, writes he is now in government supply service between San Francisco and Manila. Mate Garlock has charge of the Twin Falls station more than a year, and received credit for signing more enlistments for naval service than any other town in the state of Idaho.

The navy man is in service aboard the U. S. S. oil tanker Ancon, which delivers oil and kindred supplies to fortifications in the Philippines. Writing from Manila Mate Garlock told The News he expected to be placed on the retired list in October, having then been in service 20 years.
