Fanatic Desert Tribe to Collect 60,000 Pounds a Year from Government as Price of Good Will and Quiet

LONDON, (AP)—A novel working arrangement on the "no peace, no pay" principle has been entered into by the British government with the Wahabi, a powerful Arabian desert tribe. The Wahabi are nomads and belong to a sect which Colonial Secretary Winston Churchill described in the house of commons as "bearing the same relation to orthodox Islam as the most militant form of Calvinism would have borne to Rome in the fiercest times of the religious wars."

They are, he said, austere, intolerant, well-armed and blood thirsty and they regard it as an article of duty as well as of faith to kill all who do not share their opinions. Moreover, they are very dangerous to the holy cities of Mecca and Medina, and the whole institution of the pilgrimage.

The finances of the sheik of Mecca who enjoys British protection, have suffered grievously by the interruption of the pilgrimage. Therefore, to assist him and King Hussein of the Hejaz, who has been in constant warfare with the "Arabian Calvinists," the latter are to receive 60,000 pounds each annually, so long as they refrain from annoying their neighbors and do not interfere with the candidacy of Hussein's son, the Emir Feisal, for the rulership of the new Mesopotamian state.

Colonel Lawrence of the Colonial office who has lived among the Wahabi for years, told an interviewer that they were indeed a most violent people. "Yes," he said, fanatically Mohammedan and would kill their men and women, for smoking even a cigarette. The way they correct their women is to slap them on the face and beat them unmercifully with palm branches.

Each man has three wives. Should any of them go out of doors, the code allows him to have her put to death. This is because they believe that if any other man looks at her she is contaminated and that if a woman goes outside her home she is certain to go wrong.

Wearing a silk dress or any costly finery, precious stones or metals, is also a penal offense.

"In no sense are they a decadent people," he concluded. "They are virile and as austere as they are blood-thirsty and brave. It would be cheap at 60,000 pounds a year to buy their good will and to keep them quiet."

MINERS CHIEFS TURN BACK PAY

Union Officials Refuse Salaries Because of Unemployment Among Membership

INDIANAPOLIS, Ind., (AP)—No salaries will be accepted by more than 100 officers of the United Mine Workers of America for their work this month "because of the widespread unemployment among coal miners," said today's issue of the *Mine Workers' Journal*, official publication of the international union.

All officials, including the head office committee members of the international executive board, organizers and field workers, according to the announcement, have volunteered to contribute their entire salaries for July to the organization in order that they may share the burden of hardship with the membership of the union.

The "check" amount thus contributed was not announced, it being said that some of the officials work part time on a per diem basis. The total, however, was expected to come to several thousand dollars. John L. Lewis, as president of the union, received \$65,656 a month, and Phillip Murray, vice president, and William Green, secretary, each receive \$33,333.

The salaries, it was explained at the union's headquarters, will remain in the general fund of the organization, which it was said has received many calls for relief, but maintains only one fund for all expenditures of the union.

"It has long been the cry of some people," said the *Mine Workers' Journal* today, "that regardless of whether the membership worked or not the salaries of the officers went on as usual. Such talk is indulged in solely for the purpose of creating distrust of the officers in the minds of the membership. Their voluntary action, however, in contributing their entire salary for July should go far to dissipate such impressions and prove that the officials feel a deep, sincere interest in the well being of the rank and file of the membership."

Union headquarters estimated that not less than 150,000 union miners in the country are out of work and that many thousands more work one to three days a week. Hundreds of miners throughout the country are closed and others are working short time because of the slack demand for coal, it was said.

COURT ORDERS DELIVERY OF MINERS TO MILITIA

Union Leaders to be Held by Military Forces in West Virginia

CHARLESTON, W. Va., (AP)—The supreme court of appeals here Friday ordered David Robb and eight other mine union leaders turned over to the state militia. They were arrested last week by Major Tom Davis, Governor Morgan's representative in Mingo county, charged under the governor's proclamation of martial law with unlawful assemblage.

Action of the court was on a writ of habeas corpus filed by the United Mine Workers to secure the release of the men who were arrested in the union headquarters in Williamson. From there they were taken to Welch, W. Va., and were brought to Charleston for the hearing when the application for the writ was argued. The petitioners claimed the martial-law proclamation was illegal.

CHICAGO IS POINT OF ASSEMBLY FOR TAILORS

Two Hundred and Fifty Delegates Expected to Attend Sessions of Journeymen's Union Convention

CHICAGO, (AP)—Two hundred and fifty delegates, representing about 17,000 journeymen tailors throughout the United States and Canada, will attend the convention of the Journeymen Tailors' Union of North America here on August 1.

This convention is a quadrennial affair, the tailors being preceded a week previous to the convention by the Committee on Law and Audit which audits accounts of the union, reviews the nominations that have been presented and prepares a report for submission to the delegates.

At these conventions the activities of the tailors for the next four years are outlined and considered, and any amendments, laws, bylaws, or changes in the constitution, are submitted to a vote of the entire membership.

The Seven Weeks War.

The Seven Weeks War was a brief war in 1825 between Prussia and Turkey on one side and Austria and two other nations (Bavaria, Wurttemberg, Baden, Saxony, Hesse-Cassel, Hanover, Nassau) on the other. The war was the culmination of Bismarck's plan for forcing Austria out of the German confederation and making way for a new Germany under Prussian leadership.

KIEV IS RUINED BY SOVIET RULE

Conditions in Former Ukraine Metropolis Reported at Low Ebb

WARSAW, (AP)—Conditions in Kiev, in the Ukraine, were reported worse than at any time since the troubles of Russia began.

Word reached Warsaw recently that the population of the city had dwindled to something like 100,000 persons, whereas at the beginning of the war there were approximately 700,000 inhabitants.

Travelers who have crossed the frontier within the last few weeks, most of them under difficult circumstances, assert that the Bolshevik authorities are again in complete control of the city. At intervals during the spring there were times when the *Laszarcowicz* held the upper hand.

In many villages in the Ukraine the peasants are reported to have organized and driven the soviet out and the peasants are reported endeavoring to strengthen their anti-Bolshevik organizations to prevent interference with their farms and villages.

Travelers say only a few stores are open in Kiev, one of these being a florist's shop.

LOUISIANA FINANCIERS TO AID COTTON GROWER

War Finance Corporation's Plan is Adopted by New Orleans Banking Council

WASHINGTON, (AP)—Eugene Meyer, Jr., managing director of the War Finance corporation, announced Friday receipt of a telegram from the Federal International Banking company of New Orleans stating that the company would work out a plan for dealing with considerable quantities of cotton under the corporation's new policy for financing exports.

A tentative proposition involving twenty-five thousand to fifty thousand bales of cotton for export, he said, had been made by the company.

The loan of five million dollars on Mississippi delta cotton, announced last week, Mr. Meyer said, had led to preliminary discussions with reference to financing three hundred thousand bales of cotton in one district, two hundred thousand bales in another, and nine million bushels of wheat in the northwest.

CHARGES MINE OWNERS FRAME UP DISTURBANCE

Former Employers of West Virginia Coalmine Told Senate Committee of Alleged Part in Fake Clash

WASHINGTON, (AP)—R. H. Kirkpatrick, former mine foreman, for the Burnell Coal and Coke company, operating in the Mingo, W. Va., coal district, testified Friday before the senate committee investigating conditions there that mine owners had "framed up" false shooting episodes to prevent proclamation of martial law by the governor and "so they would break the strike."

Kirkpatrick told a circumstantial story of how he and his superior officers had arranged to go out in the hills around the mine entrance, and shoot back and forth to impress new mine workers brought in the field, and to justify call for troops.

On cross-examination by S. B. Ayle, counsel for the operators, Kirkpatrick said that his son was an officer of the United Mine Workers and that he had himself been "done dirt" by the employing company.

Ohio Bankers Told Crisis is Weathered

CLEVELAND, O., (AP)—The financial and credit crisis in the United States has been weathered, and the long-heralded return to normal conditions is gradually being effected, bankers at the closing session of the Ohio Bankers' association convention declared Friday.

United States Senator Flanders of Ohio declared "the nation is as solid as the rock of Gibraltar, what troubles there are are within ourselves and all that is needed to bring about a reasonable adjustment of prices, which is the thing most needed, is practice of common sense."

ELECTRICS YANK MERCHANTS OUT OF THE FOR FIRST POSITION IN LEAGUE, WIN 2-1 AT GAME'S END

Tightest Sort of Pitchers' Battle Ends Contest, Replete with Good Playing, when Linville's Support Goes Bad in Crucial Test — Score, Tied in Fourth, is Broken and Game Lost on Hits and Errors

With none out in the last half of the seventh inning of last night's Twilight league game between the I. D. S. and the Electrics a couple of hits by the Electrics, followed by a brace of homers by the I. D. S., went over the winning run in a 2 to 1 game. This score pulled the merchants out of first place.

Don Linville and "Shorty" Dingle hooked up for six frames, in as neat a tilt of twirlers as has ever been staged in this cavern. Both men went along in man style to the last of the seventh with only one runner marked against them. Dingle was scored on first, the run coming over in the I. D. S. half of the fourth inning. To make it good the Electrics turned on Don and battered his delivery for three hits, which netted a count in the last half of the fourth. After that to the unlucky (for the Merchants) last of the seventh, the hill-men displayed raw fettle.

mer spelled the way to a run, the first of the game. "Bib" stole second when he counted when Exeter unexpectedly slammed the ball into right center for a cushion. Only two Merchants reached first base thereafter, and each of those died where the slighting was done. Sole's hit was his only contribution to the team's error at first base left Exeter on in the sixth.

Starts Weak

Dingle looked weak at the startoff. He passed Jovak and the next man up, "Boots" Miller, hit to right for a single, putting Jovak on third. A double play killed off Miller and Rigney after Kregel had fanned and Dingle. Things looked a bit rosy for the Electrics, and more than a bit ominous for the I. D. S. in the third when errors let the first two individuals on base. "Bib" Kieffer made a bad throw to head off Jarvis at first base, and this was followed by another bad heave by McGuire on Ge's roller. Linville settled and fanned the sixth two batters, and took Kregel's roller himself for an out at first base.

Three solid single base blows in the fourth, helped by an error on part of the pitcher himself gave the Electrics the tying count in the second half of the fourth, Rigney, Dingle and Wallace hitting in succession. Dingle was nipped at the third on a mazy throw by Linville after Ge's was caught out by the pitcher. As the fifth "Boots" Miller, cracked a single into left, but was out trying to stretch the blow another

Errors Responsible

The breakup is chargeable directly to two bad errors, committed directly on top of a weakening by Linville. The errors were flagrant and are charged against Baker, I. D. S. left fielder on this occasion, and McGuire, I. D. S. third sacker. It was this way:

Bowberry, second baseman of the Electrics, first man up in the last half of the seventh, cracked Linville's delivery for a single cushion into left field. Jarvis, centerfielder, hit into the same territory, but instead of dropping a fly over there, he cracked a swift grounder through third base. Baker played the floating pill badly and it got away to the fence. On the hit Bowberry reached second and should have been held there. But "Pop" over to third on the error, and when McGuire let the relayed ball through him at third base, a throw designed to head off the runner, Bowberry scored the winning run.

Two hits were made off Dingle's delivery in the first three rounds, and the pitcher issued a walk on top of those, but no runs scored. In fact, the hits were scattered so far apart that one could not help the other.

In the fourth a walk for Sib Kieffer.

FRENCHMAN BEGS ONE MORE MATCH WITH CHAMPION

NEW YORK, (AP)—Notwithstanding defeat by Jack Dempsey in Jersey City on July 2, Georges Carpentier, it is reported in boxing circles here, will seek a return match for the championship, believing that by adopting an open style of battle he may be able to win.

In a statement made at his training camp after the Jersey City match Carpentier said he would fight any man in the world, excepting Dempsey, but his closest friends now say that he has changed his mind. Georges disapproved the orders of his advisers and forced the fight with the champion, and Carpentier, it is claimed, he made his big mistake.

Should Georges again be matched with Dempsey and the bout held in New York state, where the boxing rule permit 15 rounds to a decision, he might win the championship by out-pointing Dempsey. Carpentier's friends believe that he is clever enough to box Dempsey and stay a year for 15 rounds.

Within three hours before a match a physician must certify in writing that the participants are physically able to take part in the contest. Private promotion of boxing and wrestling matches is discouraged by a provision which states that a license to hold matches will not be issued to an individual, and only those taking part in the fight, with the referee and attendants, may receive compensation. The department of public welfare is given full control over the collection of the state's share of the receipts and can enforcing laws.

The club holding wrestling and boxing matches must make its report within 72 hours after the bouts to the department, including in its report the number of tickets sold and total receipts and must also pay over at that time the 5 per cent tax on gross receipts.

The penalty for violation of this last rule is placed at a fine of \$1000 and revocation of the club's license. For violation of any of the other provisions a maximum penalty of \$100 or imprisonment for 90 days is provided in the law.

EVERS PRAISES LANDIS VERDICT IN GROH'S CASE

Cuba Manager Thinks Head of Baseball Banned Just and Proper Decision

Johnny Evers, manager of the Chicago Cubs, thinks the recent decision of Judge Landis that Hein Groh must play with Giacomini or not at all, is one of the greatest ever made in baseball. At the same time, Evers expresses the belief that several ball players in the major leagues are not doing their best, because they want to be traded to a team with a chance to win the pennant, and cites this as probably one reason for the heavy hitting.

The ball players should do their best at all times, and not think only of getting with a pennant winning club," said Evers. "Judge Landis is the Grob decision has shown them that he will not stand for any foolishness, and I think you will find a big improvement in the work of several men as a result of this decision."

"I think one of its reasons so much hitting is being done against pitchers who are supposed to be good is because several of them are laying down in the hope of being traded. Now, that's not a criticism of pitchers or players as a whole. It just refers to a few of the undesirable element, but I think they will work up a bit now!"

ISLANDERS LEFT BEHIND IN MARCH OF PROGRESS

Missionary Finds People Living After Manner of Stone Age in South Sea Group

LONDON, (AP)—People who are still living in the manner of the Stone Age are found on Bannell Island in the Solomon Group, Melanesia, according to Dr. Northcote Deek, a missionary. Dr. Deek says there are only about 500 inhabitants, and because of their isolation, through lack of ship's anchors, even their dialect has never been studied.

The natives only had implements and weapons of stone and wood when Dr. Deek first visited the island. They showed great eagerness to barter homemade articles for anything made of iron.

"The men are great fighters and wrestlers. Their throwing spears have points made of human leg and arm bone, and tipped with a bone splinter designed to break off in the wound," says Dr. Deek.

"They seemed to feel keenly the monotony of their isolation and showed a settled melancholy, both in their isolation, through lack of ship's anchors, even their dialect has never been studied. Their only sort of music, to which they dance, consists in the tuneless beating of a log."

The teeth of flying foxes which swarms in the caves on the island seem to be the only form of currency known there.

LEGION'S FIGHT FOR BONUS BILL TO BE RENEWED

National Commander Emery Says Veterans' Adjudged Compensation Program Still Stands and will be Pressed

CHICAGO (AP)—The fight of the American Legion for the soldiers' bonus will be continued with renewed vigor, declared Major John G. Emery, grand commander of the Legion, in commenting today on the adjournment of the Senate bill in the senate here last night.

"If the war had continued for another 30 days," he asserted, "it would have cost the government as much as the proposed adjusted compensation program."

Major Emery has been here attending the convention of the National Association of Real Estate Boards.

"The American Legion's program still stands," he said. "We will immediately start the fight for the bonus all over again in the house."

Market Closes Close to Low Point after Gains in Early Trading

CHICAGO, (AP)—Opening at about yesterday's closing figures, today's wheat market was easy at the start but soon developed activity. July started at \$1.30 1/2 to 1.31, September at \$1.32 3/4 to 1.33 and December at \$1.36 1/4 to 1.37.

The spreads proved attractive to local traders and there was buying of July and selling of September at 2c difference with buying of September and the selling of December. Under this dealing price fluctuations became so rapid that the official figures frequently were out of line with the prices being paid in the pit.

Market news included cooler weather over the grain belt and further reports of blight and black rust in Manitoba.

The weaker tendency persisted in the face of support on declines and toward the end the support eased, the close was near the low point. July wound up at \$1.29 1/2 to 1.29 3/4; September at \$1.30 3/4 to 1.31 and December at \$1.34 3/4 to 1.35.

New York Stock Market

NEW YORK, (AP)—Dealings on the stock exchange today were at the low level of the year even for a short week-end session. The tone was irregular throughout, oil, equipments and steels showing further heaviness. Reactions in those issues ranged from 1 to 2 points, Atlantic Gulf, common and preferred, Standard Oil of New Jersey and some of the railway centers showing occasional pressure. Short covering relieved the tension in part later. The closing was steady. Sales approximated 105,000 shares.

Trading was almost at a standstill at the opening of today's stock market. The attendance of members on the floor of the exchange was unusually small, only the more popular issues were quoted within the first half hour and those showed slight changes, though mainly downward. Steels, equipments and some of the foreign oils, also specialties, such as Famous Players and International Paper made fractional declines.

ELSTER PREMIER BRASSBURY

RELEAST, Ireland, (AP)—Sir James Craig, Ulster premier, in a message to a war memorial meeting in Castle Dawson, County Londonderry, today declared that the British empire, for which the soldiers were there honor the meeting was held, would never be weakened by any action of his.

"You may all rest assured," said Sir James, "that I will see to it that the empire in whose cause they so nobly laid down their lives is not weakened by any action of mine. They intended us to give nothing away and their trust will never be betrayed."

J. B. Ettingham, Sinn Fein member of the British House of Commons for the east of Scotland, today congratulating the Westford county council on his return to that country, said none of those with whom he was associated like secret negotiations, but that they were considered a necessary preliminary.

He declared he would say nothing regarding the outcome except that the country was never in a stronger position than today and whatever the immediate result might be, the complete freedom of Ireland was coming.

RIBB TEACHERS PUT QUESTIONS TO THE VOTERS

Freeholders Asked to Say How Educators Will Exist Until Cash is Available

In view of the fact that Ribb school district property owners have voted down a proposition to liquidate more than \$4,000 in school warrants issued by the past administration to cover salaries and other incurred expenses of the district, and, in consequence of this action of the voters there looms a possibility of money shortage for operation of Ribb schools the coming year, the school board has asked teachers, who would wait positions in the west city educational institutions, if they will accept reduced salaries.

On this point the Ribb board on this week has the following article, attributed to a "committee of local teachers" who have asked the voters to answer a list of eight questions having relation to conditions of employment and living in Ribb:

"The school board has asked the teachers who are in Ribb at the present time, if they will accept positions at the reduced salary with the understanding that no warrants can be cashed until money is derived from the taxes which will be received in January, 1922.

"This is a question that cannot be answered without getting some more information. Will the people of this district finance the teachers by extending credit to them until January, 1922?

"It is difficult to see the district in its present condition, some of the local teachers, would be willing to accept the proposed severe cut in salary and wait until January, 1922, to cash the new warrants, providing sufficient credit could be extended until that date of whenever there will be funds in the treasury. Very few teachers can do without salary from the middle of April, 1921, until January, 1922.

"Before deciding whether we can accept positions in the Ribb schools we must have answers at once to the following questions:

"What dealers will wait for the payment of bills for coal, groceries, clothing, shoes, etc.?"

"Will the city let residing rent when does?"

"Will the Idaho Power Co. shut off the current if we can't pay?"

"How many people have rooms to rent or will wait for their pay?"

"How many people who serve meals to teachers will wait for their money?"

"Teachers are compelled by law to attend school at Twin Falls in November, who will volunteer to pay for their board and room while in attendance?"

"Can anyone give definite assurance that the warrants will be paid in January, 1922, or will be funds 'held up' by the courts?"

"We ask these questions in all sincerity. If you can answer any of them please have your answer published in the next issue of this paper."

—Committee of Local Teachers.

MORNING GLORY IS NEW MENACE ON LOCAL FARMS

Large Patches of the Noxious Growth Discovered in Kimberly District

A new noxious weed pest menace some sections of the Twin Falls district according to County Commissioner W. F. Brockton and Health Officer H. C. Jackson. The pest, which is a variety of wild morning glory, has sprung up in many places on many farms hereabouts, and is said to be well distributed along roadsides. Drastic action is being organized for the extermination of the weed, Mr. Brockton says.

Samples of the wild morning glory were brought to the office of the county commissioners by Mr. Jackson this morning, and it is by that joint, he said, that a program of warfare is being worked out.

The weed apparently has taken a firm grip on some of the farms in the Kimberly district, and though the fight will be waged all over the county, an extensive campaign will be carried on in the Kimberly section looking toward extermination of the pest.

"I found patches of this weed in the Kimberly district, some of the patches comprising 2500 square feet, while others covered acres of land," said Mr. Jackson this morning, as he explained the nature of the weed menace. Mr. Jackson says the morning glory is one of the most difficult weeds to combat known hereabouts. Its native habit being to entwine its tendrils about any standing plant, life of which is ultimately checked out.

The weed bears a small cup-shaped blossom, of pinkish-white color. Its leaves are small and run to a sharp point. The vines themselves are very long, and one plant sometimes measures 15 to 20 feet.

Placing of Furniture.

To make your friends at their ease in your home you must first make them comfortable. Many visitors are embarrassed and put at a disadvantage through no fault of their own, by careless arrangement of furniture. Rugs and footstools so placed as to trip the unwary make many an entrance so awkward as to spoil all pleasure from the visit. A frugal-but holding a costly Chinese lamp and placed too close to a lounge invites disaster.

Wonderful Transformation.

Mr. and Mrs. A. J. Peavy entertained at a musical dancing party at their home Friday evening, commencing Mrs. J. A. Givens of Portland. The home was profusely decorated with garden flowers. Dancing was enjoyed until a late hour, when a supper was served in the garage which had been turned into a charming open air restaurant for the occasion. The guests were Mr. and Mrs. E. J. Ostrander, G. E. Booth, E. R. Larned, Asber B. Whitson, Leonard Smith, E. A. Walters, C. N. Beatty, J. G. Thorpe, C. H. Mull, R. A. Read, Mrs. J. A. Givens and Mr. John Graham.

Mr. and Mrs. M. J. Sweeney entertained at a charmingly appointed dinner at the Hotel Rogerson last evening in honor of Mrs. J. A. Givens of Portland. The table was centered with a low-hill of sweet peas and covered with a white cloth.

The W. C. T. U. held their regular meeting at the home of Mrs. J. M. Clear, at 104 Seventh avenue east Friday afternoon. Mrs. J. C. Partridge presented an unusually interesting program on the subject of "Christianity in the World." An open discussion followed in honor of Mrs. J. A. Givens of Portland. The table was centered with a low-hill of sweet peas and covered with a white cloth.

The War Mothers held their annual picnic yesterday afternoon at the country home of Mrs. C. F. Burt. Motoring out in the forenoon, the company enjoyed a delicious cafeteria luncheon at 1 o'clock and spent the following hour in music and social diversions. Those participating were Mesdames C. O. Higgins, F. B. Cox, Lena Holterman, P. E. Jackson, F. Wynn, L. B. Blainhart, O. E. Bovevick, J. F. Ahern, L. Friedman, Walter Lee, L. Sienna, C. J. Silver, J. J. Pilgerger, H. H. Karis, H. H. Moore, H. B. Johnson, H. Peters, A. S. Murray, J. B. Boss, O. F. Strobeck, M. C. Putnam, and C. F. Burt. Mrs. H. D. Bailey and Mrs. H. J. Leahr were guests.

Mrs. Jessie Yochum of 928 Fourth avenue east entertained the Ladies of the G. A. B. yesterday at an all day picnic. A cafeteria luncheon was served at noon. It was decided to make quilts for sale and the comforts as a means of raising funds for the society.

One hundred Shriners and ladies attended the Shrine club's aquatic social held at the Dixie natatorium last night. At 9 o'clock the picnic was turned over to the party and the water was thoroughly enjoyed for an hour. Supper was served on the grassed plot connected with the natatorium, and proved a delightful function. Dr. R. Parrott led the company. Mrs. B. F. Olmick in charge of the feast.

BELFAST UNDER MILITARY RULE

Armored Cars Patrol Streets Lately Scene of Sanguinary Disorders

BELFAST, (AP)—The military control of the North Queen street area in Belfast Friday morning and armored cars patrolled the streets. At the city hall conference was held, attended by officers of the police and the military and by leading townspeople to discuss the situation here, in view of the disorders that had occurred during the week. It was announced Friday that reinforcements of the military in Belfast from adjoining areas was contemplated. When the trouble from Thursday night's rioting were made public Friday morning it developed that two persons were killed during the disorders, and that between thirty and forty others were wounded. During the disturbances the mob looted a number of public houses.

GERMANS WHO FIRED ON LIFE BOATS SENTENCED

Liepsic Court Imposes Imprisonment Terms Upon Two Naval Lieutenants

LIEPSIC, Germany, (AP)—Lieutenant Dittmar and Lieutenant Bohl, charged with murder in the first degree for firing on life boats after the Canadian hospital ship Llandovery Castle had been torpedoed in the summer of 1918 were each sentenced today to four years imprisonment. The sentence did not, however, carry hard labor, with it, as demanded by the public prosecutor. The case of Dittmar and Bohl differed from those of others which had been heard by the supreme court here in connection with trials growing out of violations of the rules of civilized warfare, in that two lieutenants were brought to trial by the German public prosecutor. Great Britain only had demanded the trial of Commander Frang of the submarine, which torpedoed the Llandovery Castle, who fled the country. The public prosecutor, however, after an examination of the evidence, ordered that Dittmar and Bohl be placed on trial.

May Succeed Father in Congress

Mrs. Winifred Mason Huck, of Chicago, who, according to reports will be appointed by Governor Small, of Illinois, to succeed her father, the late Representative William E. Mason, as a member-at-large in congress. If Mrs. Huck is appointed to a seat in the house it will be the first time that two women have occupied such positions in the history of congress. Miss Alice M. Robertson is the present woman member of the house. Mrs. Huck is the wife of Robert W. Huck, Chicago civil engineer. She has four children.

SPORTS

(Continued from Page 8.)

Brief Bits of Sport

George Carpenter may be a good Footballer but he has adopted the American pug's idea of getting public notice. He has announced that though Dempsey gave him a whole of a whaling he wasn't a return match. George Zinke's homer Thursday night was probably the longest hit ever made inside Lincoln park. The ball traveled on a dead line to the extreme corner of the centerfield fence, and dropped in the weeds. The runner had single time over with fast fielding, to romp home. The game was snappily played and a lot of "White" spectators of which yielded four bags on the night before, was good only for two bases in the game against Sid Kileffor's protection. One of the big additions from the college fields to the Athletics is Walter Wolfe, a southpaw pitcher. He hails from Lebanon Valley college.

The Detroit club has purchased a shortstop from the Bristol club of the Appalachian league, named Jimmy Wingo. The price paid was \$4000. Wingo hails from Carnegie, Pa., and was picked up from the lots by Manager Nick Boll this spring.

Outfielder Bill Jacobson was an absentee from the line up of the St. Louis Browns last week. While in Cleveland, Jake got a message telling him that a score of weeks ago and was told to go home. Instead he took a vacation to the Northern lakes.

The St. Louis Browns have indignantly suspended pitcher Urban Shocker, for leaving the team without permission. Shocker claimed an injury to his groin after picking a game a couple of weeks ago and was told to go home. Instead he took a vacation to the Northern lakes.

The St. Louis Browns don't meet the Cleveland Indians again until today, and the Browns ought to be glad. Of the 16 games the Indians have played this season the two have won 13. An over break in these 16 games would have changed the American league pennant race considerably.

Robb Olding has changed his mind. He will not manage a club in the Pacific-Northwest league, but will make a transcontinental trip to New Haven, Conn., where he will play the outfield.

Black Jack Johnson, who has just been released from a federal prison, is determined that the people shall make a home of him. He insists upon a match with Jack Dempsey.

Still a real good looking would probably be the convicted-black white avenger.

Reports from Benny Leonard's home indicate the champion lightweight will continue to work and will probably not fight again for six months.

VISCOUNT NORTHBOLT'S LONDON VISIT

LONDON (AP)—Viscount Northbolt's tour, on which he will start tomorrow, going first to the United States, says an announcement by the London Times, is to be extended to include Canada, Honolulu, the Fiji Islands, New Zealand, Australia, the Philippines, Japan, China, Korea, the Straits Settlements, Burma and India. His time will be devoted mainly to studying Pacific problems.

FRENCH CAPITAL IS SWEET

BY TERRILL WINDSTORM PARIS, (AP)—Much damage was done to property when a terrific windstorm struck Paris yesterday. Chimneys were torn from roofs, trees in the Champs Elysees and the Avenue des Boulogne were uprooted, automobiles were overturned and awnings over the boulevard cafes and signs of business houses were demolished. Many persons were injured by falling debris.
