

SUPER-SYSTEM UNDER FIRE AT BANKERS' MEET

Federal Reserve Bank Officer Trains Guns on Policy of Carrying Modern Business Methods to Extremes

MINNEAPOLIS, Minn., (AP)—Super-system, which has caused heart-burns and constipated here today by D. C. Gentry, chairman of the board of the Federal Reserve bank of Cleveland, O., in a public business talk to future bank executives. The occasion was the annual convention of the American Institute of Banking.

Gentry, through the motions of doing business without really getting down to business" was the theme the Cleveland banker expounded. He summed up the bill of his address: "New logic we welcome," and here are some of the bits of business wisdom he gave the young bankers:

"Full credit must be given to modern business methods, and what is Hoover's first law, 'What I want to get across is a kick against the pyramiding of system that finally leads to bureaucracy. I do not think it is the duty of the public to conduct a continuous audit of a concern with which it trades.

"Frequently in a bank organization the notion of titles receives more consideration than it deserves, principally because super-system has created so many wheels within wheels and so many titles that it is difficult to get any vocabulary of bank titles down to suffice. Frequently titles cause a lot of heart-burning in an organization simply because of vanity and false pride.

Burdensome Titles.

"My observation and judgment convince me that one can function under any title and that we will do well to pay less attention to titles left in our title to create and emit titles than we put the emphasis where it does not belong. It is not a question of what you position. The question is the duty of you, yourself, in and with it.

"As to statistics, accurate data intelligently arranged is so far ahead of hunches, guesses, and rules of thumb, that it is electricity to candle. Nevertheless, its use can be overdone and is being overdone. Charts and statistics are fine, but there are two subjects that cannot be charted: they are Almighty God and human nature, and both cut quite a figure. Also it should be remarked that the use of rare or unusual words that can analyze and make proper deductions from statistics.

World Study People.

"It is my judgment that a lot of us are getting our trousers shined by the reports of the various statisticians, department reports, etc., which could spend our time to better advantage learning the people in our organizations and making a more intimate acquaintance of the viewpoint of those with whom we do business."

Financial and Business Survey

Fallacies Regarding Credit

There has lately been manifest in many quarters the mistaken idea that the credit situation alone is the fundamental cause of the present retardation of business activities generally, according to The Quarterly Survey, issued by the Community Trust Company of New York. Instead of concentrating on the primary task of readjusting underlying industrial conditions, it is pointed out that a number of fallacies are being proposed which would render the readjustment more difficult.

A bill has been introduced in the House of Representatives, for instance, which would prohibit Federal Reserve banks from charging member banks in any transaction with them a greater rate of interest than five per cent per annum. The passage of this bill would automatically deprive the Federal Reserve banks of the power they now possess for controlling inflation. The inevitable result would be to create conditions under which money panics might be precipitated; and one of the chief purposes for which the Federal Reserve system was originally designed is the prevention of such panics.

Likewise, it has been proposed to amend the Federal Reserve Act, with a view to restricting the ability of the Federal Reserve banks in curtailing credit. Such an arbitrary legal regulation would be fraught with possibilities for mischief, and worse. The Federal Reserve Act is a law of strictness upon eligible paper, under conditions which this proposed amendment would create, would induce a rush of demands upon the Federal Reserve banks for accommodations. Prospective borrowers would be unable to obtain accommodations before the restriction would become effective.

Another fallacy is the notion of credit conditions, therefore, the effect of such an amendment would be to weaken the Federal Reserve system as a preventive of financial panics.

Whatever its shortcomings, the Federal Reserve Act has proved to be providential for the United States. It provided a banking system which has rapidly gone beyond control and the greatest credit straits ever experienced in this country, and which is not only successful in functioned during the dangerous inflation period, but also has been successful in meeting the "acid test" of the even more dangerous deflation period with equal success. It cannot continue to operate so long as it is in every detail of the Federal Reserve Board to regulate credit is minutely prescribed by law.

Numerous efforts have been directed at financial panics, in and out of congress, toward the provision of additional farm credit. There is cause for gratification in the fact that definite progress has been made toward the installation of machinery of a private nature for this purpose, with corresponding lessening of the probability of further reliance upon indirect government aid.

Among the bills before congress designed to aid farmers and live stock producers generally or particular classes of them, is a bill authorizing the treasury to furnish \$50,000,000 from the War Finance Corporation for advances on live stock; a proposed loan by the treasury of \$25,000,000 to the Federal Farm Loan Board in order to increase the working capital of the Federal Land bank; and the proposed formation of a government corporation with a capital of \$100,000,000 from the treasury, for financing exports of agricultural products.

The wisdom of the proposed direct plan is doubted by the government in the provision of credit, either through an expansion of the activities of the War Finance Corporation or the creation of an additional corporation, is doubtful. Credit as may be extended on a purely business basis may be had through existing credit agencies of a private nature or those which are now in force. The granting of such credit through government bodies can scarcely be more broadly effective than that by private agencies—save at the expense of the taxpayers, representing unwarranted distribution of favors and burdens. The favorable response which bankers have given to the suggestion that they should provide the necessary machinery for providing additional credit accommodations to livestock growers is evidence that private sources of credit may be had in sufficient amount to meet the demonstrated needs.

RUSSIANS MAKE APPEAL FOR AID AGAINST FAMINE

Constituent Assembly Executive Declares Starvation and Disease Stalk Through the Volga River Regions

PARIS, (AP)—An appeal to all nations asking that they organize to provide immediate aid for "millions of Russians now suffering from famine to the region of the Volga river, and territory to the southwest" was issued Wednesday night by the executive committee of the Russian constituent assembly.

The appeal says that within this territory, which is greater than that of France and Germany combined, millions of Russians are facing starvation while their government is totally unable to render assistance of any kind.

Reports from the region reaching the committee say that epidemic diseases are rapidly going beyond control and that if relief is not immediately provided other serious European menaces is imminent.

Convict's Plane Dashed to Pieces in Trial Flight

Model of Airship Designed to Carry 1,000 Persons Wrecked at Sing Sing

OSHSING, N. Y., (AP)—The working model of a recently patented airship, 1000 feet long and designed to carry 1000 persons across the ocean, was dashed to a wreck in the prison yard at Sing Sing.

The tangled heap was the model built in the shop of Sing Sing by "Count" Leo Loran London, sentenced for forgery. It was taken to the prison yard Wednesday for a test. High winds that came with a storm dashed the model against the building walls and completely demolished it.

Louison had worked a year on the model and keepers said he appeared greatly dejected when he saw it in splinters. He said most of his time in the shops, working out various inventions.

London had attracted considerable attention in the United States especially prior to, and during the war when he was suspected of being a German spy. He was arrested in 1916, on a charge of bigamy. After making his escape and being recaptured, he was charged and revealed a plot of German reservists to invade Canada. He was sentenced to five years in Sing Sing for forgery and since becoming a convict has spent most of his time in the shops, working out various inventions.

Church Services

Baptist Church.
Bible school at 10 a. m. Mr. A. S. Martyn, superintendent. Classes for all ages under competent teachers.
Divine worship, with sermon by A. Lawrence Black, died worked for the Idaho Baptist convention at 11 a. m. Young people meet for devotional service at 6:30 p. m.

MASONS LAUNCH LUNCHEON CLUB

High Twelve International Unites Members in Bonds of Social Hour

SIoux CITY, Ia., (AP)—A new international Masonic club has been born in Sioux City. It is known as the High Twelve International. E. C. Wolcott is president and William M. Moberly is secretary. The members of the new organization are to be maintained in Sioux City.

The High Twelve International was created by a special committee of the Sioux City High Twelve club. The purpose of the club is to give the same opportunity to the younger Masons as is afforded by such organizations as the Rotary, the Kiwanis and the Lion luncheon clubs, although membership is limited to Masons.

Secretary Moberly says, "The purpose of the international is to unite all members of Masonry in the happy bonds of a social hour, and that there may inform themselves in the truths of Masonry, to inspire, encourage and expand those virtues which will aid in the upholding of the principles of good government, in the advancement of education, in the upbuilding of the community, in the promotion of social fellowship."

Membership in the international will be limited to either having two or more blue lozenges and a population of 25,000 and upward, and will be for groups of business, professional and industrial men organized in local High Twelve clubs. The number of charter members required to organize a local High Twelve club will be determined by the international, and will be based upon various factors of the particular city where the club is to be organized. Membership in the local club will consist only of those men who have three or more degrees in Masonry and are in good standing at the time application is made.

Mr. Moberly said that while the club is not an official Masonic organization yet, it is composed of men who are bound together by the ties of Masonry.

PIONEER WASHINGTON FAMILY HONOR ANNUAL REUNION

KELSO, Wash., (AP)—Sixty members of the pioneer Bozart family, of which there are about 300 descendants in the Pacific Northwest, attended the seventh annual reunion of the family at Camp Kelso, Wash., near here, yesterday.

The Bozart crossed the plains from Pike county, Missouri, in 1845, locating on the Lewis river, near here. Mrs. Clayton Bozart died here 81 years ago, only living member of the original party.

FIRE-FIGHTERS HOPE TO CURB OIL FIELD BLAZE

PITTSBURGH, Pa., (AP)—Private advice Thursday from Amarillo, Tex., where an oil fire is raging, were to the effect that the fire-fighting forces were well equipped and that the expected men would have the flames under control "in a short time."

TWELVE-YEAR-OLD BOY ON HOQUIAM POLICE FORCE

HOQUIAM, Wash., (AP)—Hoquiam claims the youngest police officer in the land. He is Joe Burchetti, aged 12 years, who wears a star and protects property in the public square, some 100 yds. The boy is a full fledged error in office.

REWARD OFFERED CAPTOR OF DENNIS RUSSELL'S SLAYER

ROSENBERG, Cal., (AP)—Reward of one thousand dollars for the capture of the murderer of Dennis Russell was offered by Douglas county following the verdict of the coroner's jury Wednesday night that Russell was killed by anything but what might be expected. Patients observe all public holidays, their Fourth of July celebrations are jubilant, and they have orchestras and bands, movies and amateur theatricals.

BILLOWNS AND COMPANION

"For years was troubled with biliousness and constipation, which made life miserable for me. My appetite failed, I lost my usual vigor and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been taken had it not been for the Little Tablets. The tablets relieved the billowing at once, strengthened the digestive functions, helping the system to do its work." writes Mrs. Ross Peita, Birmingham, Ala.—adv.

WATER POWER PROJECTS HURT THROUGH DELAY

Congress Failure to Push Matters Makes Commission Impotent Factor.

Through the failure of congress to provide adequate means for its expeditious administration the federal water power commission at the end of its eighth year of existence finds itself almost impotent to handle properly the requirements of water power development in the United States.

With the coal and oil situation serious and demands for horse power growing greater each year, the most productive water power sources in the world are undeveloped, while the federal water power commission, in order to function at all, is forced to borrow its personnel from other government departments.

The extent of the water power possibilities as shown from the first year's operation of the now commission gives a clear indication of the need for the legislation creating it and the extent to which water power development had been delayed by lack of satisfactory federal laws.

Up to June 30, 1921, there had been enacted the commission 230 applications aggregating 14,075,000 horse power and affecting 33 states, the District of Columbia and Alaska. This amount is 75 per cent greater than the entire water power development of the United States today. It is 50 per cent greater than the combined water power resources of Norway and Sweden, and considerably in excess of the combined resources of France and Italy. It is five times greater than the aggregate of all applications filed with the federal government in the preceding fifteen years. The projects applied for vary in size from less than 100 horse power up to the three million horse power of the Southern California river. Edison company on the Colorado river.

Commission Lacks Help.

In creating the commission and putting upon it duties many times greater than had been exercised previously by any of the executive departments in connection with water power development, congress gave the commission no personnel to perform its work other than its executive secretary and engineering officer. To do what it has done it has been necessary for the commission to borrow from the several departments personnel for its Washington office.

The commission has no field force, limited or otherwise, but must rely for examinations and reports upon applications and for the conduct of hearings upon the field offices of the several departments—men who are primarily responsible for their own departmental duties. Even the limited appropriations made by congress for the work of the commission are being returned to the treasury unexpended because, after making these appropriations failed to grant the legislative authority to use them.

Gets Results Under Handicap.

Although the commission has been obliged to work under serious handicaps, it has nevertheless accomplished many things in the first year of its operations. The law under which it acts is complicated and great care has been necessary in the preparation of rules and regulations for its administration. The first ten regulations, covering the requirements for applications, were issued on September 3, the remaining 10 covering maintenance and operation of project property, rental charges, depreciation, and amortization reserves, at a location of earnings, and accounts and reports, were first issued on February

One Dollar Saved Represents Tea Dollars Earned

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying stocks for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars.—adv.

and later revised and released on June 8.

The issuance of permits and licenses necessarily awaited the approval of the regulations. The first license was issued on March 1 to the Niagara Falls Power company. Between that date and July 1 final action has been taken on 47 applications, 13 preliminary permits have been issued involving 1,015,000 horse power, and 16 licenses involving 757,000 primary horse power and 460,000 secondary horsepower, a total of 1,217,000 horse power, making an aggregate of 28 applications, involving 2,932,000 horse power, or as much as was issued by all of the executive departments during the ten years preceding the passage of the water power act. There were also pending on June 30 for final action at the next meeting of the commission 16 applications, involving 190,000 horse power.

Only 60 per cent of the applications filed with the commission have been accompanied by sufficient information to warrant more than preliminary action. Seventy-five per cent of them have been advertised in local newspapers as required by the act, and an equal number have been submitted to the field for examination, hearing and report by the several departments. A draft of a system of accounting has been prepared following as closely as the requirements of the act will permit the uniform system proposed by the National Association of Railway and Utilities Commissioners.

WISCONSIN LABOR DEMANDS RECOGNITION OF IRELAND

MANITOWOC, Wis., (AP)—Justice demands a free Ireland," was the wording of a calumny sent to Premier Lloyd George of England by the Wisconsin Federation of Labor convention following the adoption Thursday of resolutions urging President Harding and congress to recognize the independence of the Irish republic.

FOREST PATROL AVIATORS GIVEN CAPS OF WILDGOAT HIDE

ABERDEEN, Wash., (AP)—Flying helmets made from the hides of wildgoats caught in the Lake Quinalt country near here, were presented to six forest patrol aviators from Camp Lewis, Tacoma, recently. The helmets were made by the women of Hampton City, a mountain town in this section.

Buy Your Grape Fruit and Oranges direct from our Groves in California.

What a treat is in store for you when a carton of these delicious grape fruit or Valencia oranges is delivered right to your door, direct from California. You will like them better than fruit which has probably been weeks in transit and which has stood in warehouses and been displayed in dealers' windows for several additional weeks.

"Orchard" brand grape fruit and oranges are grown on our famous 750-acre grove at Riverside, California. They are of uniformly high quality and only the finest select fruit is packed under this brand.

Keep a plentiful supply in the house. Encourage the kiddies to eat more of them. They are healthful and delicious.

We Ship Direct From Our Groves in California to You by FAST EXPRESS

We pick fresh, pack fresh and ship fresh so that the fruit comes to you with all the original deliciousness with which nature has endowed it.

We Fill Standing Orders Without Bother To You

You can place a standing order with us to ship to you at stated intervals a carton of these fresh picked "Orchard" brand grape fruit or oranges so that you need never be out of them. The grape fruit are packed 32, 40 or 48 to the carton. Price \$4.00 per carton. The Valencia oranges, though small this year, are especially delicious, and are packed 100, 108, 126 or 144 to the carton. Price \$4.00 per carton. In ordering state what size fruit you want.

Special

Our "Standard" brand grape fruit and oranges may be had at 50c per carton less than the "Orchard" brand. "Standard" brand is the same high quality as "Orchard" brand except for slight skin blemishes which in no way affect the quality or taste of the fruit.

Irish Peace Terms are Given Ulster Cabinet

BELFAST, (AP)—A copy of the Irish peace terms handed by Premier Lloyd George yesterday to Eamon de Valera was placed before and considered by the Ulster cabinet today. No opinion on the terms was requested by the British prime minister, it is stated, and none has been given.

Hold Government at Fault

What may be considered a typical Ulster view of the Irish situation is given today by the Belfast News Letter. "We are convinced," it says, "that with the government presenting a definite, final decision, that admits of no sagging, to the Sinn Fein leaders, they will continue to persist in demanding the impossible, even with threats, as they are being indulged in over the possibility of the negotiations being broken off. They cannot be blamed for this unyielding attitude, for the fault lies in the government's own undetermined, feeble action."

The Northern Whig says that if Mr. de Valera elects to proceed with the struggle the loyalists will be the less sympathetic, because they have never surrendered to the glamour of illusions born of persistent misreading of the facts.

The rejection of a firm stand which appeared up to a great extent a striver revolting to every human instinct, would at least dam the flood of sentimentality and platitudes with which we have been deceived.

See Trouble for Loyalists

The newspaper expresses the opinion that if Mr. De Valera returns to London to inform Mr. Lloyd George that he has brought a respite for negotiations he is anxious to resume the search for peace, an ominous time for the northern loyalists will ensue.

COMPLIMENTS COUNTY CLUBS FOR PROGRESS

Editor of Farm Paper Accords High Praise to Twin Falls District Youngsters

Paying a high compliment to the progress of girls connected with sewing clubs of this county, and crediting them with an unobtainable record for their efficiency, the Idaho Farmer has the following article on the front page of its issue July 21. The article is amply illustrated:

"The sewing club girls of Twin Falls county have hung up a target for all the girls' clubs of the world to shoot at. It is barely possible that some other county somewhere has equalled their record, but I doubt it. Certain it is none has beaten it, for a perfect record cannot be beaten. (The national director of club work has written Mr. O'Reilly saying the Twin Falls County clubs stand highest in the country.—Ed.)

"At the close of the club year several weeks ago, 100 girls representing some 4000 of local to be scattered throughout the county, paraded the streets of Twin Falls, each wearing a dress of her own making. Not one was daunted by the downpour of rain that came during the parade. No one had been daunted during the entire year by any of her own personal difficulties. Every girl that began the work finished the year, giving to the local and to the county a record of the remarkable record of 100 per cent.

"And now there are other young folks being conquered, just as other folks are conquering the new work after graduating from any other school. These same girls, many of them, are this summer doing cooking and bookkeeping work with their sewing record."

DELEGATES RETURN FROM SUCCESSFUL CONVENTION

Presbyterian Annual Summer Training Outing Concluded at Bellevue

The returned delegates from the annual summer training school and conference for young people held at Bellevue by the Presbyterian denomination, are enthusiastic in pronouncing the week a successful one. A large number and interest shown, of any yet held by the organization. The fact that the registration increased practically 50 per cent over that of last year, leads those who are responsible for its inception to believe that the conference is filling a very definite need in communities where the conference took its beginning in an effort to provide for the needs of young people for training as Christian workers, its scope has been widened so that it now affords instruction to young people of all ages. The taste and need of young people for amusements has been accorded fullest recognition, and place is made in the program for the healthful outdoor recreations. Swimming, fishing, hiking, field meals, and the impromptu delights of the evening campfire contributed to the pleasure of the outing.

That the conference work was equally well arranged, is proven by the names that appear on the faculty roll: Rev. E. T. Allen, Presbyterian missionary, Urminal, Persia; The Rev. Harry Pillsbury, Logan Utah.

The Rev. William F. Weir, D. D., secretary of the general assembly, committee on men's work, Chicago.

Professor H. H. Haysman, Bible college of Idaho; Harlan Brand, associate superintendent of the First Presbyterian Sabbath school and superintendent of Junior Christian Endeavor, Twin Falls, Idaho.

The Rev. Jesse H. Baird, pastor of the First Presbyterian church, Boise, Idaho.

Edwin J. Spence, head of the department in English, Boise high school. Among those from Twin Falls who were in attendance were: Mrs. A. H. Beard, Mrs. Homer C. Mills and children, Fred Hall, Lawrence E. Hall, Mrs. G. M. Hall, Mrs. Mary Ann Dunn and children, Mrs. Gladys Carlson and daughter, Misses Mary Finnet, Lois Bell, Thelma Dawson, Florence Taylor, Viola Evans, Wilma Reed, Hilda Holderman, Grace Shadle and Clinton Evans.

FILLS PULPIT TEMPORARILY

The Rev. A. L. Hargis, field worker of the Idaho Baptist convention, will occupy the pulpit of the First Baptist church until the arrival of the Rev. C. S. Tolliver, who has been regularly called to the hotel. The Rev. Mr. Hargis will preach each Sunday until the regular man arrives. Pastoral work the beginning of the coming church year. The Rev. Mr. Hargis and his family are now occupying the Baptist parsonage.

COMES TO BIG WHITE STORE

B. F. Ferman of Salt Lake has arrived to take immediate charge of the dry goods and ready-to-wear departments of the Big White store. He was formerly employed in a similar position in Ely, Nev. He succeeds Fred W. Koba who has held the position for some time.

Premier Lloyd George, of Great Britain, presides over the council. Front row (left to right), unidentified; Arthur J. Balfour, a representative of India; Premier Massey of New Zealand; Premier Melgahn, of Canada; Premier Lloyd George; Premier Hughes, of Australia; Premier Jan Smuts, of South Africa, and Lord Curzon, the British foreign secretary.

REFEREE IS SELECTED IN SALMON CANAL CASE

Supreme Court Chooses I. W. Hart to Collect Data in Action of Thomas Sanderson

Evidence in the case of Thomas Sanderson against the Salmon River Canal company, an action brought to compel delivery of irrigation water to lands outside the patented project area, will be collected for the state supreme court by I. W. Hart, clerk of the court, who was yesterday named by the court as referee in the case for this purpose. The case came before the supreme court yesterday when a hearing was held on the application of the canal company to file an amendment to its original answer. The amendment alleges that Sanderson held any stock in the company and that the water stock for his land was purchased from the Salmon River Land and Water company two years after that company had sold all of its water supply. The court did not yesterday announce its decision with respect to the answer of the amendment to the answer.

As referee in the case, Mr. Hart will take evidence on behalf of Sanderson as well as on behalf of the company. When this task is completed the referee will report to the court and attorneys will be given an opportunity to argue the case on its merits. It is regarded as probable that final hearings in the case may be delayed until the September term to be held in Pocatello.

VACATION BIBLE SCHOOL TO BE HELD BY BRETHREN

Instruction in Scriptural Things Starts Monday for Fortnight's Period

Beginning at 9 o'clock next Monday morning a two weeks' bible school will be conducted at the church of the Brethren for all children 6 to 14 years of age. The school will be in session five days each week of the study period. There will be no afternoon sessions and classes in study will close at 11:30 o'clock.

The school is organized, the Rev. Charles W. Rank, pastor, explains, for the purpose of giving the children with the bible and its narrations. There will be no tuition fee, but an offering will be taken to defray expense incurred in carrying on the school.

Appeal made to all persons having children of the ages named, that they would care to have enrolled, to advise the pastor, the Rev. Mr. Rank, or send them to the church of the Brethren, corner of Third avenue north and Fourth street.

CLEVELAND CELEBRATES FOUNDING ANNIVERSARY

Ohio City Begins Nine Day Festivities in Observance of First Settlement

CLEVELAND, O., (AP)—Cleveland today began a nine-day celebration in observance of its founding as a city by General Moses Cleveland and party of survivors from Connecticut 125 years ago. The city is elaborately decorated and thousands of former residents are expected to make the occasion a homecoming party.

Charles Orla, a local banker, will portray Moses Cleveland. With a number of other men will come up the Cuyahoga river this morning in a steam launch and will land at a spot reputed to be the landing place of the New England pioneers, a century and a quarter ago.

Next Friday a ball game will be played at Dunn field by players who were members of the Cleveland team for the last 20 years.

Habitat Are Dangerous. He had been accustomed to assist in stock taking, while in business in the East, so he felt terribly outraged when they lynched him for rustling cattle in Philadelphia.—Retail Public Ledger, Philadelphia.

Fifty-cent cleaning special all this week. Idaho Cleaners and Dyers.—Adv.

Classified advertising is the cheapest thing you can buy—measured by the profits it may bring you.

Local Brevities

Birth—A girl baby was born at a local hospital to Mr. and Mrs. James M. Jamieson of Blair on July 21.

Back from Europe—J. B. McLaughlin, who has been in Boise for some time on business, returned home last evening.

For Medical Treatment—Alfred Werbach of Twin Falls is a patient at a local hospital where he is taking medical treatment.

Returns from Outing—Mrs. A. W. Husted has returned from a visit with Mr. and Mrs. C. J. Schroeder at their cabin on Warsaw creek.

To Visit Daughter—Frank Blincoe of Kansas City, arrived yesterday for a week's visit with his daughter, Mrs. Homer Bonebrake, of 217 Eighth avenue east.

Gene to Mountaineers—Mr. and Mrs. B. E. Morse left this morning for a week's outing in the mountains. They will be guests of Dr. and Mrs. J. E. White at the latter's camp in Warm Springs canyon for the week end.

Returns to California—Mr. and Mrs. L. Bonebrake who have been guests at the home of their son, Homer Bonebrake for a month, left yesterday for their home in Hollywood, Cal., traveling overland by way of Portland, Ore.

Lynch Returns—F. C. Lynch, deputy county recorder, with Mrs. Lynch and other members of the family, have returned from Canyon county, where Mrs. Lynch and children have been the past month. Mr. Lynch went several days ago to bring them home.

Returns from Davenport—O. P. Duval, judge of the Twin Falls county juvenile court, returned today from Los Angeles, where during the past few days he attended an annual convention of the state's judicial organization. Mrs. Duval and the children returned with him from Salt Lake.

Social Notes

Phone 32

The Menorah club was entertained on Thursday afternoon at the country home of Mrs. Oris Cryder, near Curry. Sixteen members and two visitors were present and after a short business session the club's festive program was enjoyed on the lawn. The next meeting will be held at the home of Mrs. F. W. Berthel.

Mr. and Mrs. Floyd Pollard and Mr. and Mrs. W. O. Buens entertained the office force of the Idaho Power company at the home of the former at 711 second avenue west Wednesday evening. The time was spent in social diversion and music, and delicious refreshments were served at the close of the evening.

The next meeting of the Blumrock club will be held Thursday, July 23, at the home of Mrs. W. R. Neer.

Miss Gladys Channell was the guest of honor at an attractively served luncheon at the home of Mrs. George E. Hart at 404 1/2 Clark Thursday. The table was centered with sweet peas in a crystal chalice. Miss Channell is, expecting to leave soon for an extended visit to the coast.

Miss Gollia Pezar entertained the N. Y. Z. club at her Addison avenue home, Wednesday evening. Various amusements filled an unusually happy evening, and at the close, refreshments were served. The members in attendance were the Misses Martha White, and others.

Refuses to Be Discouraged. Jack Tunkins says he isn't using an umbrella ten years ago and has been borrowing umbrellas ever since, hoping he'd run across it.

Getting Something for It. If you have a ton of old junk, don't throw it away and feel wasteful; give it away and feel charitable.—Boston Transcript.

A Creature to Be Pitied. It is the coward who fawns upon those above him. It is the coward who is laziest whenever he dares be so.—Junius.

The Training School. Necessity is a good teacher, but they have profited by her teachings least who know her most.

Hazel Heartfield, Eleanor Munson, Gene Hall, Irene Goodrich and Gilda Pezars, and the Misses Annabelle McMaster and Gladys Reynolds were guests.

The Pythian sisters entertained the children of their members at a lawn party at the home of Mrs. W. A. Minnick at 602 Blue Lakes boulevard on Wednesday afternoon. The hours from 2 to 5 were happily spent in games, while photographs taken of the party will furnish pleasant souvenirs of the occasion. Ice cream and cake were served by the mothers at 4 o'clock.

The Presbyterian ladies met at the church parlor Thursday afternoon to begin the work of sorting, material and putting out garments for the European relief work that is now getting under way. In this church, Mrs. F. P. Brock is chairman of the relief committee. Mrs. Brock's plan is that each and every article that is sent, and the chairman reminds everyone that the time for assembling the shipment is rapidly passing. The Red Cross has set the date of August 31 as the time when the boxes should be started.

Mrs. D. R. Churchill was hostess yesterday at a 1 o'clock luncheon luncheon at her home on Ninth avenue east, complimenting Miss Julia Gardner of Sallina, Kan., covers were laid for 12, and the decorations were pink and white. Sweet peas and china daffodils. The guests were Mesdames C. D. Irwin, J. H. Irwin, J. D. Barnhart, E. P. Dunton, David Brown, Clyde Simpson, W. A. Hayward, O. Evans, the Misses Mattie and Merna Hall of York, Neb., and Julia Gardner of Sallina, Kan.

Mrs. M. G. D. Irwin, Mrs. and Mrs. J. D. Barnhart and Miss Julia Gardner of Sallina, Kan., spent Tuesday evening at the Shoshone Falls, where they enjoyed the supper.

Mrs. Frances Hillsbeck was hostess at a charming dinner party at the Ferguson cafe Wednesday evening, July 21. The guests were Mr. and Mrs. A. S. Siffert, Dr. and Mrs. F. C. Becke and Clark Becke.

The Highland View club held a regular meeting at the home of Mrs. R. E. Hargis on Wednesday afternoon. After a short business meeting a musical program was given, and a lawn party was planned to be held at the home of Mrs. W. W. Wallace for the club members and their families on Thursday evening, July 23. The next meeting will be held at the home of Mrs. P. H. Shoblon, August 3.

Mrs. H. H. Hedstrom and Mrs. George Hallat of 326 Eleventh avenue east entertained at luncheon Wednesday complimenting their mother and sister, Mrs. M. Meddings and Miss Vera Meddings. The guests were Mesdames D. A. Salmon, Charles Larsen, A. R. Anderson, S. W. Osogon, C. W. Grimes, M. Meddings, George Hallat, H. H. Hedstrom and Miss Vera Meddings.

A jury party consisting of Mr. and Mrs. G. M. Simpson, Mr. and Mrs. D. A. Chancell, Mr. and Mrs. Clyde Simpson, Mr. and Mrs. H. D. Hall, Mr. Cass Fife and the Misses Hall spent Tuesday evening at the Blue Lakes picnic, enjoying and enjoying the picturesque beauties of the place.

The lawn of the Dr. Oliver Harstad home at 242 Sixth avenue east was the scene of a merry gathering Wednesday evening when friends and neighbors of Mrs. E. M. Wolfe and daughters entertained informally for them at dinner.

Uncertainty makes insurance a necessity. Don't wait until your car is stolen, or you have an accident, tomorrow may be too late. TWIN FALLS TITLE & ABSTRACT CO. REAL ESTATE. 117 BROADWAY, TWIN FALLS, IDAHO.

ner recognizing the event of their removal to their new home on Sixth east, across the boulevard. Those participating in the happy occasion were Mesdames Harstad, R. T. Harstad, Knutz and the Misses Georgia and Edna Martin, Colette, Lucile and Helen Wolfe.

Mrs. F. R. Cox was hostess to the Harstad club Wednesday afternoon at her home at 128 Eighth avenue north. The time was spent in playing billiards and the honors were won by Mrs. M. C. Putnam. Following the amusement of the afternoon the luncheon served a two course luncheon. Eight members were present, Mesdames M. O. Conover, H. Barger, J. A. Campbell, Ernest White, M. House, F. R. Cox, J. G. Moore, and M. Putnam, while Mesdames James D. M. Farrow, B. Davis, Mary Kelley, Peter Erickson and Lauchert were guests.

Members of Twin Falls lodge, Old Fellows and Bohemian, will hold an annual picnic on Friday evening next at the home of Mr. and Mrs. C. Ivan Price on Kimberly road. Conveyances will be provided at the Old Fellows hall at 7:30 o'clock for members without means of getting to the scene of festivity. Bread lunches, with fried chicken in place of pie and resistance, are to be spread on the lawn.

BRITISH ROYALTY HOSTS AT BUCKINGHAM PALACE

King George and Queen Mary Entertain for Four Thousand Guests at Garden Party

LONDON, (AP)—King George and Queen Mary today gave a garden party at Buckingham palace to some 4,000 guests. Included among the Americans present were Colonel E. M. House and Mrs. House, Col. H. H. Rogers, Mrs. Rogers and William Millicent Rogers, Archibald Roosevelt and Mrs. Roosevelt, Justice Mahlon Pitney and Mrs. Pitney and their son and daughter, Mrs. James Winslow, and Miss Perkins, a niece of Lady Astor, and Mrs. and Mrs. Lewis Stevenson Chace.

The spacious lawn presented a brilliant scene. All the members of the royal family were present, together with the foreign ambassadors and ministers, the dominion premiers, Indian nobles, members of the government and others.

King George and Queen Mary shook hands with some 2,000 of their guests. The lawn party was to some extent a substitute for the courts, which the king and queen were unable to hold this year, and the informal presentations are equivalent to the usual presentations at court. The government by the women were rather more subdued than those seen at Ascot and the Royal regatta. Most of the skirts were longer than those lately considered fashionable.

Kongo Diamonds. There are diamond fields in the Belgian Congo which in 1910 produced 200,000 carats, and it is estimated that the field will yield about this quantity annually in the future.

CONFIDENCE THE KEY

Among recent indications of returning better conditions in the world of finance and industry there is none more significant than the announcement by Federal Reserve Banks in four financial centers, including San Francisco, which is the center for this district, of a reduction in the discount rate from six to five and one-half per cent.

The announcement may very properly be regarded as a precursor of easier money and credits; but it is essential that recognition be given the fact that unless conditions in general first justified the rate reduction it never would have been made.

Besides reflecting the reserve banks' appreciation of improving conditions, the rate reduction announcement attests to their confidence in the continuing betterment of affairs. This is significant because the announcement would not have been made on the strength of mere transitory improvement.

The worst is over. Recognized authorities all agree on this point, and now the reserve banks are backing their judgment by letting down the barriers to credits by another notch. Confidence is the key to the situation. Revival of the sort of confidence that the reserve banks display in this act right here in Twin Falls will go a long way toward bringing us out of the doldrums.

EUROPE WELCOMES CONFERENCE

The haste with which nations invited to participate in an armament limitation conference have accepted is evidence of the general desire to get away from the heavy costs of the present procedure as well as to take steps to remove points of friction. The alacrity exhibited is proof that President Harding has touched a responsive chord in his proposal. The best feature of it is that it involves nothing but plain common sense and business procedure.

All that is needed on the part of the participants, when the conference meets, is good faith on the part of each and confidence in the others' desire to deal fairly. Without mutual trust and united desire to reach a common ground the conference will be fruitless. The object to be gained in the limitation of armaments is of universal advantage. All nations that maintain great navies feel the pressure greatly, yet each fears to be endangered by too great preponderance in strength on the part of others. The wise course, then, lies in getting together. It is the policy pursued by individuals when cut-throat competition is hurting, provided they have good judgment.

However, there will need be an absence of sharp practice and the effort to get the better of the proposition. That policy so clearly manifest at Paris made the doing there an abomination. While the object gained, if our hopes reach full fruition, will merit the plaudits of mankind, the result will be enough without this government or the administration pluming itself on its great accomplishment to the disparagement of others. We do not believe that President Harding is taking the step with the idea that, in case of success, he will be acclaimed as the benefactor of mankind. There has been that motive manifest in the past and it wrought the purpose it hoped to attain.

The object sought has its inspiration, we believe, in the desire to do what is best for the world because it is good business practice and it is the gaining of fame as its mainpring. America leads because America is in the best position to lead in such a matter. We

cannot be accused of self-interest because in a race for armaments we are better able to maintain the pace set than any of those invited to the conference.

It is true that we hoped much from the Paris conference, only to be disappointed, but with the warnings of the pitfalls that surrounded that meeting so recently, the coming conference should avoid a like outcome.

New Jersey justice says hugging of girls' steering automobiles must cease. It is a dangerous practice—many a man has been led into matrimony that way.

Stefansson may travel 250 miles beyond the North Pole, but applause is suspended until he shows that the trip is worth the gum drops.

Disarmament ought to begin with that new gun that will shoot 300 miles.

The issue in Ireland: Can shillelaghs be beaten into plowshares?

FIFTEEN YEARS AGO IN TWIN FALLS.

Taken at random from The News files this date in the year 1906.

The survey of the whole of 160 acres into low lands at Hansen was completed yesterday. The brick yard is making rapid progress and more brick is contracted than one yard can supply. The work will be started next week. J. B. Hinton has resigned the principalship of the Hansen school. Nick Smith has purchased a grubbing machine, which will be employed in clearing the brush land between Hansen and the main canal two miles east.

It was decided at the meeting of the Fair association that Mrs. Swelley should have \$50 for premiums for the art department and Mrs. Kennedy Prater should have the same for the needlework department. Mrs. H. W. Church was given full authority to exhibit assistance for the educational exhibit, and the same sum voted for this work. Mrs. Spackman was made superintendent of the flower exhibit. C. O. Melg of the industrial department named Mr. Balladay as his assistant.

The Kimberly bank is now opened and started out with even brighter prospects than were anticipated. J. McMillan has received his commission as postmaster at Kimberly.

At the regular meeting of the Farmers' association, held at Kimberly on Wednesday evening, H. T. West addressed the meeting on the subject of cutting, curing and stacking alfalfa hay.

E. E. Calvin, general manager of the Southern Pacific railroad, came to Twin Falls in his special car Wednesday, having as his guest General Frederick Funston of the regular army. They drove to the great Shoshone falls and Blue lakes. General Funston expressed himself as being so pleased with the outlook here that he should freely advise his friends to come and look the place over.

The first story of the National bank building is now almost completed. M. H. Pape began work on the Maroon school building last Monday.

T. J. Woods went to the Crow reservation opening at Billings and to invite those not fortunate to come to Twin Falls where he believes every investor draws a prize.

Mrs. A. L. Houghtaling has arrived from Washington to join her husband in his farm near Filer. Mr. Houghtaling has several farms in Washington, but is partial to his Twin Falls farm, and will make his home here.

FILER

FILER, Idaho—E. G. Scott of Twin Falls was a business caller here Friday.

Mrs. J. L. Edwards, Mrs. Earl Murray, Mrs. Fred Munyon and Lucille Murray stopped in Twin Falls Friday. Otto Stenman transacted business in Twin Falls Friday.

Mrs. George Trullitt spent Sunday in Twin Falls with friends.

Miss Edith Williams and Clara Hillficker are spending their vacation at the Oakley dam, guests of Mrs. C. F. Parsons, a former Filer resident.

J. L. Smith of California is spending the summer at the home of his son, S. M. Smith and family.

Miss Marie Olm has returned from Twin Falls where she spent several weeks.

Carl Stanley of Carney, Ia., arrived Tuesday and will attend to business matters here.

George Reynolds, who has spent the past month in California, returned Tuesday.

Ray Young has gone to Jerome for an indefinite stay.

Mr. and Mrs. Claude Stewart left last week for Wellston, Okla., where they will visit friends and relatives.

Mr. and Mrs. J. E. Polley and children left last week for points in Washington, their old home.

Mr. and Mrs. E. W. Boring returned last week from their vacation spent in the east.

Miss Eunice Clark of Nampa has accepted a position as bookkeeper at the Filer Hardware company.

Miss Grace McGinnis and Mrs. Edna Skelton were shopping in Twin Falls Wednesday.

Little Ernie Shifflet, small son of Mr. and Mrs. John Shifflet, is very fond of his toy airplane.

Miss Ruth Lapp has returned from

a trip of several weeks in Oregon, where she also attended the Menoite conference.

Mrs. Charles Springs spent Friday with her aged father at Kimberly.

Mr. and Mrs. Frank Taylor entertained at dinner Sunday Mr. and Mrs. D. H. Davis and family and Mr. and Mrs. Ross Davis and family of Duhl.

Mr. J. M. Darrow who suffered a stroke of paralysis some time ago, passed away at the family home Monday.

Services were held from the Methodist church Tuesday. He leaves to mourn him, his wife and one son, besides his mother and brother, Mrs. Mary Darrow and J. J. Darrow of Ashenville, Kan., who were at his bedside when the end came.

EDEN

EDEN, Idaho—James Davis left on Tuesday with Mrs. Davis and family for a week or ten days camping on Lost river.

The Boy Scouts plan to leave next Monday on a ten days hike to Summit mountain and Dry creek.

Mr. M. E. Honinger of Baschar, Kan., is here visiting her brothers, Ralph and Chas. Leighton.

Last Monday evening Earl Young's Sunday school class was treated to a jolly trip to Twin Falls plus a plunge in the restaurant.

The Malony and John Morell left Monday morning for the mountain near Wool river.

Mrs. Jesse J. Olson gave a birthday party last night in honor of her son, David's fourteenth natal day.

Mrs. Ralph Leighton and Mrs. W. P. Laurson were called to Boise this week by a telegram announcing the serious illness of their father, Judge J. W. Shields.

Miss Leah Newberry is enjoying a vacation visiting at the W. C. Newberry home at Kuna.

Olga Maloney returned home Thursday from a three week's visit at Lost Valley.

Edwin Harrington, member of the

Boise city council was a guest in the home of C. C. Doakes and Louisa Omar the fore part of the week.

Mr. and Mrs. E. D. Deebout and Mr. and Mrs. C. D. Schmidall attended the arguments in the water case before Judge Lee at Burley Monday.

The ladies of the Eden Civic club will entertain their husbands and other members of their families at a kava party at the home of Mr. and Mrs. M. A. Williams Wednesday evening, July 20th.

M. C. McQuivley and Miss Blanche Meyers with Sylvia Miller and Miss Alice Hurlbut, motored to Paul and Burley last Sunday.

Lola Swenson left Wednesday for a week's visit at Bellevue.

Public notice is hereby given that I will sell the above described estray animal, in pursuance with Section 2000, Compiled Statutes of Idaho, at public auction to the highest bidder for cash, lawful money of the United States, on the 18th day of August, 1921, at the hour of 2 o'clock P. M. (Mountain time) at the Henry Schick farm, situated one mile south and two miles east of the southeast corner of the City of Duhl, County of Twin Falls, State of Idaho.

Dated this 7th day of July, 1921, E. R. SHERMAN, Sheriff.

By BEN J. BROWN, Deputy.

BUHL'S FIGHTING AGGRESSION YIELDS TO TWIN FALLS ALL-STAR TEAM WITH MORELEY IN THE BOX

West-Enders Pile Up Commanding Lead But Home Guard Comes to Fore With Final Count of 6 to 5—Cooper, Twirling for Visitors, was Steady Most of the Time, but Allows Consecutive Hits

BATTING "Slim" Cooper, Harry Weaver or whoever the Buhl pitcher may officially and authoritatively be, the Twin Falls All-Star club last night defeated the West Enders, 6 to 5, in a nine inning slug-fest on Lincoln field. The game was aggressively played, and an interesting and stirring affair from the start, with the locals fighting an uphill and gamy game from the outset to the end of the fifth.

"Speed" Moreley was pitted against the man alleged to be Cooper, whose stock-in-trade is composed of powerful connoisseur, pin accuracy, lightning curving and some speed, as well as a steadiness not exemplified by any other twirling artist appearing in Twin Falls this season.

Cooper established no record as a strike-out expert, appearing rather to depend upon his support instead of the strength and cunning of his own arm. In fact, he showed up like a major leaguer in about everything he did, notwithstanding the fact that he was hit with more or less vigor early in the game. From the first he kept up pitched balls and rambled ball and got corking and snappy support.

Looks Black.

At the start-off Orwig's All-Stars looked like an eclipsed constellation, and there was not much of anything that should not have been done that was not done in the first round of the affair. Moreley was in distress from the opening gun and was largely responsible for the net result of three runs for the West Enders in the first inning. Moreley was wild as well as easy to negotiate, and when he was not throwing wild curves, he was being hit with connoisseur's accuracy. A couple of pants resulting from the momentousness of the occasion. Or perhaps the vociferations of a few feathers from Buhl slattered his moustache; anyway he looked bad enough in the first section to be yanked. But he stood there and pitched as good a bit of baseball as his opponent, except that he looked rather woebly at times. He fanned 14 folk from the west end of the district, and helped himself to a base hit and a walk on a battle in the appearance before Cooper. He walked a quintet of gent's, wild pitched to a couple and smacked a brace more in the sixth.

Buhl's debut was particularly auspicious for Buhl—but disheartening for Twin Falls. The west end people set a steady and distressing pace for the All-Star contingent in the beginning of things. They displayed dash, aggression and about every other qualification needed to flatten the average country town club, this spirit showing to the very end of the year, and all ways when things were breaking worst for the west end outfit. The club fought long after the supporting fan element had lost its pep and spirit.

Full of Pep.

But spiritual and aggressive as were the Buhl men, the All-Star aggregation went the opposite one better, and won last evening's gloaming contest on a rearing and courageous action section if ever equalled by any club showing on a Twin Falls field. The locals, fronting a handicap of three runs, gathered the first inning, to do or die, and, although they made little progress the first three innings before the discouraging slants

locals a run in the opener, thus cutting down the lead of the opposition to two. Cooper held the Stars in fair air sort of shape in the second and third, although two hits were registered in the former. In the fourth an error by Shields gave Patton a life, but the catcher was nipped in a forefoot which let Kieffner on. Bils smashed the pill into the old hole bars, and Kieffner added a run to the locals' stock of one. With Bils resting comfortably at third Cooper walked Moreley and Bob Whitel came through with a reounding punch right of center field showing over the living run. Whitel was the victim of a fielders' choice, which gave Watson safety. Neuman was tossed out.

Zinke fanned at the blowoff in the fifth but Bell hit cleanly to center and reached second on a first base error. He got to third when Patton hit to left and scored while Cooper missed a throw. Kieffner flouted the ball over second and when Hall and Hubbel moved their signals Patton roved across the plate. Bils and Moreley were easy infield outs. The rest of the distance was easy for Cooper, neither hit nor run being registered.

Brief Bits of Sport

A Maryland chap named Harry Darwillie licked a bunch of rough necks the other evening with his bare hands. Now he wants to fight Kieffner.

In Twin Falls a lad weighing about 225 pounds drank three swallows of Rocky Mountain dew and then wanted to keep up the police force.

One more drink and he might have

extended the territory to include the country at large.

Harry U'reb and Johnny Wilson will fight ten rounds in East Chicago, Ind., on August 6.

That should prove the real test of Wilson's merit.

Meanwhile Jack Johnson has quit talking since the Chicago Legion posts have taken action against a southern post that pledged support to the black pug in a match with Dempsey.

Frank G. Menke, a syndicate fight writer, says Johnson is a big, good-structure.

Menke also says that when Jack Johnson had no person applying for assistance, he was any-thing.

Also, we recall, when Johnson enjoyed affluence and popularity he made a public announcement that there was no white woman in the country he would not get if he went after her.

These things should be remembered against the Galveston black since he insists upon forcing the public to recognize him and his attempts to be put into way of making another fortune.

Joe Welling, Chicago lightweight, who was to have boxed Saylor President of Chicago Athletic Assn. on the night of July 20, has advised the commission he will not be able to appear, claiming to have injured a hand in training for the battle.

MELLON ASKS NEW DEAL IN FOREIGN LOAN POLICY

WASHINGTON, D. C., (AP)—Disaffection with negotiations of the Wilson administration for refunding a world debt promissory Secretary Mellon's request for blanket authority in the transactions, he told the senate finance committee Thursday. The negotiations were conducted in London by former Assistant Secretary Rathbone and by Blackett for the British treasury.

COUNTY STARTS WHEAT-BARLEY CROPS HARVEST

Hot, Dry Weather of Past Week Has Rapidly Ripened Grain Through State

Hot, dry weather prevailed over the greater portion of the state's agricultural section, with temperatures above normal for the entire period, according to a weekly bulletin issued by the department of agriculture and weather bureau.

A field report from Twin Falls county tells of rapid advance made by corn and potatoes last week, with a slight slowing of the damage done to wheat through excessive heat. Fall wheat and barley is rapidly ripening in the home districts.

Colling milt is said to be appearing rapidly, but seems to be well controlled. The bureau report, compiled by Clifton E. Norquist, reads:

It was another hot, dry week. Temperatures well above normal prevailed in all sections and in the lower valleys temperatures above 90 degrees were of daily occurrence. Rain was confined to scattered showers, which fell in the higher regions of the state. There were several perfectly cloudless days and the percentage of daily sunshines was high. The week was especially dry, resulting in a rapid depletion of soil moisture and causing a heavy use of irrigation water.

The weather was very favorable for the advance, especially in the higher sections where ample soil moisture could be provided, but in the dry farm districts where the lack of general rainfall is beginning to be a serious factor, the advance was retarded. The soil was rather drier than in some localities, especially favorable for the advance of the crops.

Onions and beets made good progress and both crops are in fine condition in the commercial districts.

Wheat and grain in the home districts, ranches of the state and in the lower valleys of the week was all that could be desired for this work. The first cutting of hay is in the way in the home districts and the second cutting is in the way in the earlier sections. The hay crop is heavy and with ideal weather for curing it is being secured in the best of condition. Winter wheat harvest is being completed and spring wheat harvest is getting well under way. The range country generally is in good condition. Range feed is all right and all stock are doing well.

Clear weather, moderate temperatures and a slight breeze are now prevailing. The weather is very favorable for the advance of the crops.

Clear weather, moderate temperatures and a slight breeze are now prevailing. The weather is very favorable for the advance of the crops.

Clear weather, moderate temperatures and a slight breeze are now prevailing. The weather is very favorable for the advance of the crops.

Clear weather, moderate temperatures and a slight breeze are now prevailing. The weather is very favorable for the advance of the crops.

Clear weather, moderate temperatures and a slight breeze are now prevailing. The weather is very favorable for the advance of the crops.

SCHOOL BOARD AWARDS CONTRACT FOR COAL AND BARN ERECTION

Home Lumber Company Will Supply District Fuel for \$8.60 Per Ton This Year—Sparks is Successful Bidder for Reconstruction of the Burned Barn at Lincoln School — Members Discuss Tax Levy

Contract for the furnishing of coal for the school at Independent school district, No. 1, has been awarded to the Home Lumber company of Twin Falls. The contract was ordered entered into at a deferred meeting of the school board, held last night. The contract price is \$8.60 per ton delivered in the school bins, and contemplates delivery of a minimum of 750 tons of fuel during the year.

Presents Low Figure. The Home Lumber company's bid was low of four proposals submitted in response to call issued by the clerk of the school board, Mrs. C. B. Scott. The other contractors were: Shaker Coal company, \$8.74 1/2 per ton; Nibley Chas. Lumber company, \$9.30 per ton; Nye Brothers, \$9.75 per ton.

In addition to receiving coal for the school for the next month, Mrs. C. B. Sparks was the successful bidder, his offer being \$980. Other bids ranged to \$1,000.50. The latter being submitted by H. J. Thompson. The board, which in assembly, discussed at length the tax levy for the coming year and arrived at no particularly definite conclusion, except that the board is permitted by law to fix a levy of 10 mills for general purposes, five mills for interest and sinking fund and four mills for transportation of pupils and one mill for general use, this making a total of 20 mills, which may be levied without asking permission of the state educational board.

Appeal to State. The board has decided to ask the state department for authority to add five mills for general purposes in connection with the operation of the district schools. The board plans to use the same for interest and sinking fund and one mill for transportation of pupils and one mill for general use, this making a total of 12 mills for the regular levy. If the state board permits levy of the additional five mills asked for the money will be applied for the operation of the district schools and the defrayment of indebtedness.

The Idaho Plumbing & Sheet Metal company, has been awarded contract for the reconstruction of the burned barn at Lincoln school building, leaving plant and the Therman Engineering company will repair heating systems in other schools in the district.

Livestock fanciers will view Shorthorn herds being taken through district, resulting in excellent reports.

Herds containing approximately 300 Shorthorn cattle were viewed by a number of members of a carload of livestock men who viewed the Shorthorn herds of the North and South Side Shorthorn Breeders' association. The herds were started from the Shorthorn herds of the North and South Side Shorthorn Breeders' association, carried on the junket to the Shorthorn herds of the North and South Side Shorthorn Breeders' association.

Herds containing approximately 300 Shorthorn cattle were viewed by a number of members of a carload of livestock men who viewed the Shorthorn herds of the North and South Side Shorthorn Breeders' association.

NEILSONS TELL OF BULL THUGS

Moving Picture Man and Wife Testify in Action Brought Against Snow

"A tall, slim, light complexioned fellow stuck a big gun against my ribs and told me to back up against the wall. And I did," said Michael Neilson, testifying in the probate court this morning in the case brought by the state against Clarence E. Snow, accused of robbery.

Neilson is a picture show operator at Buhl. He related on the stand that on the night of May 14, shortly after he had returned from the Fox theater, which he operates as a picture house, was men appeared at his back door. They commanded Mrs. Neilson, who opened the rear door to investigate a disturbance, to hold up her hands, and when she declined, announced that she was arrested, and bodily injury by compelling. She complied and the men pushed her back into the house, one man holding a pistol on her while the other attacked her husband in like manner.

"The slim fellow searched me but got only 24 cents in pennies. He said he was sorry I did not have more, and said I was a fool," Neilson testified. Witness further stated that his assailant returned later and robbed him of a gold watch of Hamilton make, also taking the gold chain.

Mrs. Neilson supported her husband's testimony in detail, adding that when she opened the back door she observed that a dog was prowling around the place. She was confronted by a rather tall and rather short man, each armed with pistols. One had a big revolver while the other had an old-fashioned pistol.

Clarence Snow and W. B. Bronson were arrested several days ago on suspicion of having been involved in the Neilson hold up at Buhl. Bronson was in court this morning, but waived preliminary examination and is to be remanded today by the Barrer Granite Manufacturers' association.

Mercury Makes Decided Slump in Day's Course

A SLUMP of 17 degrees from the top of the temperature on Wednesday was the outstanding feature of yesterday's meteorological conditions. On Wednesday the top was 97, nearly a record for the year, while yesterday the highest point reached was 80.

The variation between normal temperatures, however, was not so great, being 51 last night against 52 this night preceding.

Weather tomorrow is to be fair, except for thunderstorms in the high mountains.

NOT TO CHANGE STATE FAIR INTO STOCK SHOW

Henderson Assured Powers Agricultural Section Will Be Maintained

The state fair this fall is not to be turned into a livestock show to the exclusion of agricultural exhibits, is the definite assurance given H. E. Powers, of the Twin Falls county farm bureau, by O. P. Henderson, manager of the state fair.

The assurance was received in the form of a letter from Mr. Henderson replying to an inquiry addressed to the state manager by Mr. Powers, who had been informed that agricultural exhibits would have no place at the state fair this year.

"Our plan is just the same as in the past; the agricultural section of exhibits will not be cut out," Mr. Henderson shot wryly. Statement is made, however, that some of the premiums have been reduced.

Now's the chance to get real cleaning values for 50 cents. Phone 216W.—adv.

MANAGER KING VISITS POWER COMPANY WORKS

Executive is Here from Boise for Inspection and Discussion of Plant

Today R. B. King, general manager of the Idaho Power company, is in Twin Falls to discuss with local officials of the company, and city agricultural officers pertaining to the company's business. Mr. King spent the morning with District Manager Charles Neely at the Shoshone Falls plant, and this afternoon is in conference with O. B. Perry, an executive of the Elmore Mines company at Jarlidge, with relation to the power line from Thousand Springs to the Nevada gold camp. It is expected that while he is here Mr. King will discuss with city executives the matter of the high lighting system contract, an agreement which showed considerable discussion in city council meeting last Monday night.

DIES AT SHOSHONE C. S. Walcott, of the Lind garage, has received word of the death of his niece, Mrs. Ellen Dill Ott, at Shoshone. Decedent, who was 47 years of age, had succeeded to illness at 11 o'clock Wednesday morning. Funeral services were conducted in Shoshone last evening and burial was made at that place.

Suits cleaned and pressed, 50 cents. Idaho Cleaners and Dyers. Phone 216W.—adv.
