TWIN FALLS, IDAHO, TUESDAY, AUGUST 2, 1921

PRICE FIVE CENTS

RESERVE BOARD  
POLICY TARGET  
FOR CRITICISM

John Skelton Williams, Former  
Comptroller of Treasury,  
Charges Making of Large  
Advances to Speculators

CITES \$130,000,000 LOAN  
TO ONE NEW YORK BANK

Tells Congressional Commission  
Considering the Agricultural  
Problems West and South  
Suffer Disadvantages

WASHINGTON, D. C., (AP)—John Skelton Williams, former comptroller of the currency, appeared today before a joint congressional commission considering agricultural problems, to criticize administration of the federal reserve board. Governor Harding of the federal reserve board sat in the audience.

"I did not agree with the policy of the reserve board in indiscriminately raising interest rates in 1919," Mr. Williams said, "nor did I agree with it previously in a policy of making prodigious advances to institutions in the east, to the disadvantage of the west and south."

"I found that the board in 1919 was advancing directly and indirectly a total sum of \$130,000,000 to a single institution in New York city."

## Promises Current Figures.

Mr. Williams read statistics which he said showed New York, Chicago and other large city banks were getting more reserve loans than all the country banks during the period. He was asked to present 1921 figures, too, and promised to do so.

The New York reserve bank, Mr. Williams said, always was a trust in our reserves. "It has been at four times its capital," for use in speculative operations and promotions.

It was developed that the reserve bank established "bank loans" to commodity houses, to the detriment of banks, which controlled amount of discounts.

"On December 20, 1919, the report showed, the New York reserve bank had \$130,000,000 in loans," Mr. Williams said.

## Refers to Own Protest.

He said he had protested to the board the extent of the credit because the "bank was conspicuous for its speculative activities."

"This was not a national bank," Chairman Anderson asked.

"It was not," Mr. Williams returned. "I asked a special examination of its condition, but it was not allowed, on the ground that the board's intervention might alarm the state banking authorities."

Senator Harrison, democrat, Minnesota, asked if the reserve bank did not force "speculative borrowings," Mr. Williams said it did.

"But that does not prevent an institution from borrowing \$100,000,000 in Liberty bonds," Mr. Williams added, "and re-discounting it with the reserve system, and then lending the money to its president for speculative operations."

DEFINITE PLANS MADE  
FOR IDAHO STATE FAIR

Boise Business Men Guarantee Fund  
Making Possible Holding of Idaho  
Agricultural Exhibit

BOISE—Directors of the Idaho State Fair association at a meeting Monday ordered the holding of a state fair at Boise, September 25 to October 1, inclusive. This action was taken following the report of E. A. Crooks, president of the Boise Chamber of Commerce, to the effect that \$20,000 of the \$100,000 required had been guaranteed by Boise business men, on account of the scarcity of money the board ordered that salaries of state fair employees and workers be cut in half. An entertainment program similar to that provided a year ago is promised.

## ENRICO CARUSO

Enrico Caruso

World famous tenor whose voice was still heard by death in the land of his nativity.

DEATH SUMMONS  
ENRICO CARUSO

World Famous Tenor Dies Under  
Skies of Native Land  
Following Operation

NAPLES, (AP)—Enrico Caruso, world famous singer, died here today.

The condition of the singer, which had been considered satisfactory until recently, became grave yesterday, pneumonia developing and another operation being considered necessary.

From the beginning of his rupture, however, there was serious concern over the outcome and last night his life was despaired of. During the night the condition of the patient grew worse steadily and the cause of the great artist came to an end with his death at an early hour this morning.

"It was at 12:30 o'clock that hope for the singer was virtually abandoned. A sinking spell set in at that hour and Caruso died shortly afterward."

SUDDEN RELAPSE IS FATAL  
TO GOLDEN VOICED SINGER.

LONDON, (AP)—Enrico Caruso, the celebrated tenor whose voice was still heard by death today in Naples, Italy, was operated on Sunday, says an Exchange Telegraph dispatch from Naples. Yesterday afternoon Caruso was extremely weak, weakness necessitating the injection of camphor every two hours.

The operation, the dispatch says, was successful.

## FLASHES FROM THE WIRE

NEW YORK, (AP)—Babe Ruth is becoming even more popular with his youthful admirers by a new practice. Before the game he bats old balls into the stands and enjoys watching the youngsters scramble to get them as souvenirs.

NEW YORK, (AP)—The "Smokers' League Against Tobacco Prohibition," has been granted a charter by Supreme Court Justice Martin. The league plans to "establish and conserve the right of the citizens of the United States of America to the use of tobacco."

GRAND VALLEY, Colo., (AP)—During a terrific thunderstorm last night the Grand valley state bank here was broken into and robbed of all cash and securities it contained. It was learned today. The amount taken was estimated at \$8,500 in cash and securities by J. B. Wallace, president, and J. E. Stupples, cashier, who discovered the robbery. The bank was capitalized at \$25,000.

BERNARD, Cal., (AP)—California railways may soon become popular with the citizens of the Pacific Bay country. It was learned here that the Western office of a company handling Fresno railroads supplied two cases of California railroads to Professor Donald B. McMillan, explorer, who left for the far north July 1. The railroads were sent for "experimental purposes."

CAMBRIDGE, Mass., (AP)—Rink's comet has sent out advance notices of its approach to our planetary system. Harvard university announces that it has received a cablegram from Prof. G. D. Perrine, director of the national observatory at Cordoba, Argentina, stating that he had seen the visitor on July 23. Rink's comet, discovered in 1919, visits our solar system every three and a half years but never comes near enough to the earth to permit inspection by the naked eye.

RELATIONS OF VATICAN  
WITH FRANCE RESUMED

Exchange of Diplomatic Representatives  
Is Effectuated With Arrival of  
Papal Nuncio in Paris

PARIS, (AP)—Resumption of diplomatic relations between France and the Vatican have been formally effected by the arrival in this city from Rome of Archbishop Benvenuto Seregni, who will act as papal nuncio here.

Diplomatic relations between France and the Holy See, were interrupted in 1909. The trouble arose when the French chamber of deputies in 1901 passed a bill to limit the powers of religious associations in France, despite the protest of Pope Leo XIII.

SELF-HELP HAS  
PART IN PLANS  
TO AID RUSSIA

American Relief Administration  
To Offer Inducement Through  
Barter and Sale to Peasants  
to Reveal Hoardings

CAUTION CHARACTERIZES  
NEGOTIATIONS OPENING

Question of American Prisoners  
Being Released is Considered  
Paramount in Developing  
Famine-Aid Agreement

LONDON, (AP)—W. L. Brown, European director of the American relief administration, will start for Riga next Friday for the purpose of negotiating a written agreement with representatives of the Russian famine committee, whereby the relief organization will start releasing a million Russian prisoners and invalids, it was announced here today.

## Cautions Careful Proceeding.

Hervest Hoover, chairman of the American relief administration, realizing the delicate nature of the problems which will confront the carrying out of relief in Russia, suggested that Mr. Brown go to Riga, it is said, and there develop very carefully an agreement covering all points mentioned in Mr. Hoover's original conditions.

The question of American prisoners being released by Russia is considered paramount.

Upon the conclusion of the agreement at Riga the relief resources of the American relief administration in Europe will be directed toward immediate Russian relief.

From the moment of the preliminary mission of 15 men to Petrograd and Moscow where first relief will be organized, the relief supplies of the relief organization at Hamburg and Danzig, which have been accumulated for months with a view to the possibility of assistance to Russia are considered sufficient to carry on the work until shipments arrive from America.

Some information received here indicates that there are large stocks of grain even in the report of famine districts. It is being introduced supplies and materials which can be bartered so that peasants will reveal their hoardings and thus relieve Russia themselves.

MINNESOTA BREWERY IS  
SEIZED BY DRY AGENTS

MINNEAPOLIS, (AP)—Federal prohibition agents Monday took possession of the St. Cloud, Minn., brewery, 81 Cloud, Minn., on the charge that it was manufacturing beer of alcoholic content as high as three per cent, according to P. L. Dunne, assistant supervising federal agent here.

VISCONTE BRYCE, SEES  
WAR CLOUD LOWERING  
OVER BANKS OF RHINE

British Statesman Tells Williams College Institute of Politics  
Seeds of Future Wars Have Been Sown in Europe by Deliberations and Conclusions of Versailles Conference; Stresses  
Continuing Enmity Between Belligerent Powers as the Source  
of Trouble

WILLIAMSTOWN, Mass., (AP)—The seeds of future wars have been sown in Europe by the deliberations and findings of the Versailles conference, Viscount James Bryce told the Institute of Politics at Williams college today in his second lecture on "International relations of the old world states." Discussing the framing of treaties by the representatives of the victorious powers, he said:

"Their work has received in Europe nothing but censure. Comparing the treaties they framed with those which were made by the congress at Vienna in 1814-15 European critics observe that the men of Vienna, Alexander and Metternich, Talleyrand and Hardenberg and Castlereagh, may have had bad principles and employed desperate methods and misapprehended the interests of their peoples, but they at least knew what they were doing, and gave effect to their principles. Their work bestowed upon a memorable peace which lasted for more than thirty years. But there is not one of the treaties of 1919-20 which is not now already admitted to be unworkable, while some are seen to lead to future wars."

"One hears people say: 'The sort of peace that these negotiators have given us is as bad as the war.' The negotiators at Paris differed in their principles and ideals, and some at least of them do not seem to have believed in the principles they professed."

## Each Unprecedented Task

"European critics have suggested that some of them may have thought they must play down to their own electorates and regard not what ought to be done but what would help in their next electoral campaigns. Popular prejudices, popular passions and caprices had to be humored or gratified. Moreover, and this is an excuse which must not be lightly trusted aside, the task before them was one of unprecedented difficulty. They were asked to take up the position in which the European countries find themselves as the result of the peace treaty. Lord Bryce said:

## Germany Still Powerful

"Germany, which though reduced in area is as Germany and continues to call herself the reich (the realm), albeit now a republic instead of a monarchy—Germany is still the most powerful of European countries. She is still highly educated and industrious inhabitants and great productive industries. Between her and France the ancestral antagonism, dating back to the times of Louis XIV's wars, is now more bitter than ever and seems likely to last in France as long as the generation lives which remembers the devastation wrought in 1917 by the retreating German army. In Germany as long as her government continues to pay immense sums in reparation for the losses in the war by France."

"This war has shown one unprecedented thing, namely, that the victors bear as much resentment against the vanquished as the vanquished do against the victors. There is no peace in the progress which future generations hanging over Europe now than that which darkens the banks of the Rhine."

DEMOCRATS OF VIRGINIA  
ARE VOTING IN PRIMARY

Cast Ballots for Candidates for State  
and Local Offices After Most  
Spirited Campaign in Years

RICHMOND, Va., (AP)—After a campaign described as one of the most spirited in recent Virginia democratic days are voting in a primary to name candidates for state and local offices. Harry B. George Tucker of Lexington and E. Lee Finkle of Richmond are the candidates for the gubernatorial nomination.

HUNGARY WRITHES UNDER  
WAVE OF INTENSE HEAT

Many Crops Including Beans and Potatoes Are Declared Ruined  
by Warm Weather

BUDAPEST, (AP)—Hungary is still suffering from the wave of intense heat which began several weeks ago. Many crops, including beans and potatoes, are declared to be ruined by the warm weather.

OPEN AIR SCHOOLS MEET  
WITH APPROVAL IN FRANCE

PARIS, (AP)—Open air schools as a part of the French public school system have been approved by a committee of hygiene and education as the result of conferences between the Ministry of Public Instruction and Julien Chavreau of New York, representing the French-American Union for open air schools.

Heretofore open air schools and classes in France have been the result of private effort.

BRITAIN ADOPTS  
AMERICAN VIEW  
ON CONFERENCE

Drops Proposal to Hold Preliminary  
Session and Agrees to  
Enter Washington Conclave  
Without Reservations

ACCEPTS ANNIVERSARY OF  
ARMISTICE DAY AS DATE

Australia and New Zealand are  
Promised Representation;  
Lloyd George's Attendance  
Hinges on Circumstances

LONDON, (AP)—Great Britain has dropped the proposal to hold a preliminary conference on Pacific questions and has agreed to participate in the Washington conference as originally suggested by President Harding, according to official circulars here today.

This Decision was Reached after  
exchange of conference  
London and Washington.

## Agrees to Orig

Great Britain has accepted the original plan suggested by President Harding and will hold the most suitable time and conference without any set program; it is decided to accept the original plan of Australia, New Zealand, and the United States, but they will, according to a British official source, be held in London.

The attendance test  
the prime factor  
in the decision.

The attendance test, the prime factor in the decision, is the attendance of the United States, Australia, and New Zealand, but they will, according to a British official source, be held in London.

PEKING IS GO.  
OF GEN.

Conduct of L.  
ment Troops  
Forebode

PEKING, (AP)—The situation in the province which recently became a province again, is still regarded as precarious. The sympathies of the Chinese people, however, are in favor of the government.

Wang Chuan-yuan, leader of the Hunan, and there is some hope that he will fight for the government. The Hunan troops are in a position to interfere with the government of the two provinces. It is also reported he has declined to command forces being mobilized to repulse the Hunan troops and has refused to interfere with Chao Peng-tai, governor of Hunan, and disarming him from pushing his invasion of Hunan.

Friction exists between the troops led by General Wu Pei-fu and those under the command of General Chang Tso-lin, governor of Manchuria, who detached forces to aid in suppressing the disorder.

ZAYAS OFFERS PLAN FOR  
DISBURSING SUGAR LOAN

HAVANA, Cuba, (AP)—Creation of a commission of three to disburse the \$500,000 loan which Cuba hopes to place in the United States, and the government playing only an incidental role, was suggested in a message to congress by President Alfredo Zayas yesterday. It has been reported that American financial interests, in negotiations over a loan to save the sugar industry, have stood out for supervision of sugar production, rent reduction, immigration restriction and railway rate reductions.

The program of urgency legislation outlined by the president in his message included recommendations for a crop lien law, budget adjustment downward, authorization to send a tariff and trade mission to Washington, a mixed tariff reform commission, reduction of sugar production, rent reduction, immigration restriction and railway rate reductions.

SOUTHERN RAILROAD LINE  
CUTS UNDER RAIL RATES

NEW ORLEANS, La., (AP)—Through all-weather freight rates between New Orleans and Pensacola, Fla., were announced today by the Mississippi River service, government, barge line in connection with the Pensacola, St. Andrews and Gulf Steamship company.

The rates are twenty per cent less than the present all-rail rates.

STOCK EXCHANGE  
SWEEP BY BLAZE

Opening of Trade Is Delayed for  
Three Hours by Fire on the  
Main Floor

NEW YORK, (AP)—The opening of the New York Stock Exchange was postponed three hours today because of a fire which destroyed the north wall annular board on the exchange floor.

The flames, belated by fire officials to have started from a short circuit in electric wires, were discovered shooting up a shaft adjoining the north wall, where an addition is being built to the exchange. Clouds of smoke swept into the main exchange.

The fire attracted a great crowd. Traffic was stopped on the Wall and Broad street sides of the burning building.

While the flames were still at work, J. Pierpont Morgan arrived at his office just across the street and watched the spectacle. Like other prominent Wall street men he was forced to leave his automobile a block from the scene and walk past the fire to his office.

The Morgan building was under a heavy guard of police.

INDICTMENTS ISSUED FOR  
BALTIMORE COAL DEALERS

Combination to Manipulate and  
Fix Price of Anthracite  
Is Charged

BALTIMORE, Md., (AP)—Officers, directors and individual members of the Baltimore Coal Exchange were indicted by the grand jury today, on charges of making a monopoly through a combine to manipulate and fix the price of anthracite coal.

The evidence presented before the grand jury by State Attorney Beach indicated that the alleged combine was formed last August 16.

SOLDIER CLEARS RECORD  
WITH SHANGHAIING TALE

Charges of Desertion Are Wiped Out  
on Strength of Story of Abduction  
by Swedish Sailors

NEW YORK, (AP)—Charges of desertion against Earl Clark, private in a military police company in the Panama Canal zone, were wiped out yesterday by a court martial at Governor's Island after the soldier had told a tale of shanghaiing.

Clark testified he had been kidnapped by Swedish sailors in November, 1920, but had escaped from the ship at Manchester. There, he said, he was arrested when he asked the police to send word of his whereabouts to his officers' headquarters in the Canal zone.

Clark complained that he had been held in English jail for months and mistreated. Finally, he said, a Swedish clergyman had promised to carry his case to the American ambassador in London, he was deported on the Celtic Star, where, he said, he was arrested, charged with desertion.

GRAIN GROWERS REDUCE  
SALARIES OF EXECUTIVES

CHICAGO, (AP)—Salary reductions for top executives of the National Farmers Union, Inc., totaling \$29,700 a year, were announced Monday. The action followed a request by C. H. Gustafson, president, Frank M. Meyer, secretary, W. G. Eckhardt, treasurer, and Clifford Thorne, counsel, that their salaries be lowered to \$10,000 each. Salaries of other officials were reduced proportionately and the pay of directors cut from \$25 to \$20 a day.

Salaries authorized by the board of directors when the company was organized were: President, \$16,000; general counsel, \$15,000; treasurer, \$15,000; secretary, \$15,000.

Borah Would Amend Farm Loan  
Act to Include Reclamation

WASHINGTON, D. C., (AP)—Senator Borah, republican, Idaho, introduced today an amendment to the agricultural credit bill to extend the federal farm loan act to government reclamation projects. Present law, he said, prohibits such loans.

# SCOTTAL PUSTEES FILE LEVY FOR EDUCATIONAL PURPOSES IN COMING ACADEMIC PERIOD

Twenty Mills Will Be Required to Cover Expenses of Operation and to Meet Obligations Incurred by Independent District No. 1—Pay of Drivers is Cut and Lincoln Building Heating is Considered

The tax levy for operation of schools, transportation of pupils and for debt service the coming year will be 20 mills. That amount was decided upon at a special meeting of the board of trustees of Independent school district, No. 1, held in the superintendent's office last night.

Distributed in department, the levy follows:

For operation of schools and instruction, 14.4 mills.

For transportation of pupils, 2.4 mills.

For debt service, 3.15 mills.

The last named item relates to payment of interest on bonds and taking up bonds where that can be done. The levy was unanimously voted after it was shown that the expense had been cut to the lowest possible level.

Heat for Lincoln School.

Outside of the district's annual tax levy the most important matter up for consideration had to do with the heating plant at the Lincoln school.

The situation at the Lincoln school is rather a delicate one, with the board of trustees with respect to making changes, is explained in the following statement made today by Superintendent S. E. Smith, who attended last night's session and had some suggestions to make with respect to the plant at that school.

"The heating system that is installed in that building has called for frequent repairs from time to time during former years and it seems more satisfactory and economical to perhaps install new furnaces. After discussing the point, the board decided to leave the matter of the heating of the Lincoln building to the building committee, as they will be able to make a better estimate as to what it will cost to replace the plant after further investigation. Should the committee decide to make the change and install the new furnaces, it would probably be to replace the district of an annual expenditure in that part of the repair of equipment. It is probable that the cost of the new heating equipment would be in the neighborhood of an additional \$500 or \$1000 over the probable \$200 to \$700 which it would cost to make the temporary repairs upon present equipment. It is probable that the repairs will probably not give very good satisfaction and at least no promise of permanent betterment in the heating of the building."

Pay for driver of school wagons will be cut 16.23 per cent this year over the price paid last year.

Superintendent Smith reported having received a letter from E. A. Bryan, state commissioner of education suggesting installation of certain classes extraneous from the established curriculum. By common consent an action was taken on this suggestion last night and the matter will probably not be considered again for the coming year's session.

On Camping Trip—Mr. and Mrs. J. C. Swackey left Sunday on a two weeks camping trip in the Upper Wood River country. They were accompanied by Mrs. Lewis, his sister of Mrs. Swackey, and her son, of Boise.

Returns from Nebraska—Fred W. Koba returned yesterday from a business trip to central Nebraska. He reports splendid prospects for crops in the region he visited, but that there were still some sharp frosts until after harvest.

Go West—Mrs. E. G. McDougall and daughter, of Chicago, who have been guests at the home of Mr. and Mrs. H. C. Kenstler, left Monday evening for Portland, where they will join Mr. McDougall, who has been in California for the past month for the Libby, McNeil & Libby company, of which he is vice president.

Visiting in Gooding—Miss Anna Welch, of the nursing staff of Le Merced hospital, will be the guest for the week of her vacation at Mrs. E. Miller's home in Gooding. In company with Mrs. Miller, Sydney Miller and Miss Elyse Miller of Gooding and Elyse Wright of this place, she will spend some time in the Miller camp near Galena.

Leave for California—Mr. and Mrs. C. B. Channell left this morning for California where they expect to remain until spring. They were accompanied by their son, George, and daughter, Gladys and Dorothy. They are traveling by way of Boise, the Columbia River highway and Portland, thence south through San Francisco to the southern part of the state, stopping at Los Angeles or Long Beach. Mr. Channell expects to be in Nevada much of the time after the family is located.

Imports of Alcoholic Drinks Take Big Jump

Value of Incoming Flood of Intoxicating Beverages Placed at \$5,000,000 for Fiscal Year

WASHINGTON, D. C. (AP)—Intoxicating beverages imported into the United States during the fiscal year were valued at more than five million dollars, as compared with about \$500,000 in the previous year, according to reports issued last night by the commerce department. Wine was the largest item in the list of intoxicants imported during the year, amounting to more than 2,000,000 gallons as compared with 25,000 in 1920.

Whiskey came in larger quantities in the past year with a total of 105,000 gallons, as compared with 22,000 gallons in 1920.

Great Britain shipped in most of the whiskey, France practically all of the champagne and Spain the greater part of the other wines.

Fetters Forged by Passion

It is ordained in the eternal constitution of things that man is impetuous and cannot be free; their passions forge their fetters.—Burke.

SUIT FOR DEBT

The Nibley-Channel Lumber company has instituted proceedings in the district court for judgment against Robert Payson and Mrs. Robert Payson, for \$104.20. This amount is alleged to be due on a merchandise account.

Call 210W and have your suit cleaned for 50 cents. Idaho Cleaners and Dyers—adv.

## Social Notes

Phase 23

The Perrino family enjoyed a family reunion at Blue Lakes ranch Sunday afternoon. The time was spent in swimming, in pleasant conversations and in laying plans for a repetition of the family gathering later in the season. A bountiful and delicious picnic supper closed the event. Those enjoying the occasion were Mrs. and Mr. H. J. Perrino of Chicago, Mr. and Mrs. J. D. Perrino and Mr. and Mrs. L. H. Perrino of Twin Falls, Mr. and Mrs. A. H. McManis and Mr. and Mrs. D. McManis of Shoshone, Mr. and Mrs. H. H. McManis and son, and Mrs. Horatia Perrino and family of the Blue Lakes ranch.

The Pythian Sisters will have a picnic at the country home of Mr. A. H. Ball on Thursday, August 4. The party will start from the Perrino corner at 2 o'clock where there will be a sufficient number of cars to accommodate all who wish to go.

Complimenting Miss Doris Cox, Miss Gladys Channell entertained last evening at her home on the corner of East Main. A delightful arrangement of garden flowers trimmed the rooms. The guests spent the early part of the evening listening to the music which was later given to the guest of honor. The gifts of the "showers" were arranged on a clothes line in the den, from which they were removed by the guest. The guests were later served a two course luncheon by Mrs. C. H. Channell, Mrs. F. L. Cox and Mrs. L. Wilkins. Those present were the Misses Lucille Wolff, Gladys Channell, Iris Guthrie, Margie Putnam, Althea Benoit, Marjorie Jewett, Thelma Miller, Marjorie Crow, Beatrice Cox, Mildred Boone, Grace Fox, Helen Holm, Patricia Ryan, Doris Cox, Hazel Jewett, Inna Spellberg, Ruth Beauchamp, Margaret Bennett, Teresa Pfeiffer, Gladys Reynolds, Priscilla Munson, Althea Robinson, Dorothy Channell, Dorothy McCall, Esther McCall, Ethel Kautz, Frances Field, Helen and Thelma Winkler, Nanette Woods, Mrs. Freeman Fox and Mrs. George Hart.

The Presbyterian Ladies' Aid society will meet with Mrs. Frank Broadway, 161 Seventh avenue north on Thursday, August 4, at 2:30 p. m.

Women's Missionary circle of Baptist church will meet in their annual picnic Thursday, August 4, at the home of Mrs. J. C. Beatty. Carr will be at the church at 2 o'clock. Each member may bring sandwiches and other articles of food. There will be a program in charge of Mrs. Henry Nussmeier.

Miss Bula Gardiner, who has been the guest of her sister, Mrs. C. D. Irwin for the past fortnight, and who has furnished the inspiration for much delightful entertaining, left for her home in Kansas City today.

Mrs. C. D. Irwin was hostess Saturday at a 1:30 o'clock luncheon, her sister, Miss Bula Gardiner, of Kansas City, being the honor guest. The house was charming with a profusion of sweet peas. Following the luncheon, the guests enjoyed the afternoon conversation and fancy work. Those present were Mesdames T. H. Irwin, J. D. Bainhart, W. A. Howard, David Brown, D. H. Churchill, G. M. Simpson, E. P. Dunlap, C. D. Irwin and Miss Gardiner.

NOTICE

Firms and individuals who have created advertising signs on the Idaho Pacific State highway are hereby notified that on completion of the paving, which is now being constructed, all such signs must be removed. The work in Twin Falls Highway district will be completed about August 15, 1921, and the work in Piler district will be completed about September 1, 1921. After the above dates no signs will be permitted within the limits of the right-of-way except the standard cautionary and directory signs furnished and erected by the State Bureau of Highways.

D. M. FAIRBES, Resident Engineer.

By authority of D. P. Olson, Director of Highways—adv.

FARMERS TAKE NOTICE

We will buy and pay spot cash for your fruits and vegetables delivered to us in Twin Falls, fresh, picked and packed, put-up in suitable shipping packages. Deliver every afternoon, time to till out in our bins. Fargo & East, phone 456, Customer Inn—adv.

## CITY'S JAIL NEED IS PRESSED AT MEETING

Housing of Petty Offenders in Municipal Hall is Nowest Suggestion

Feasibility of installing a two-cell jail section in the back end of the present workhouse building on Second street north is a question that has added to the perplexities of the city administrators in the past few weeks. There is a crying need for such a section, officials say, but doubt exists as to the feasibility of the plan.

Suggestion that the city have its own private jail for emergency minor cases was recently made by the chief of police, John M. Beck, as a measure of relieving the city of financial expense, the sheriff of discomfort and the police department of long and tedious trips to the county jail with and after petty offenders. At the present it is costing the city approximately \$500 per year to handle the mass item of common drunks through the present system of using the county jail. It is explained that with the establishment of a small jail this expense can be eliminated and the police relieved, at the same time of the necessity of making the long trip to the county with and after petty offenders. In addition the petty violators would be at hand when needed for court next morning.

The problem was presented at the city council meeting last night but nothing of a definite character came out of the conversation.

TREATY WITH ALLIES IS MADE LAW FOR HUNGARY

Text of Pact Is Published by Official Gazette with Map Showing Loss of Territory

BUDAPEST, (AP)—The Tripartite treaty, by which peace between Hungary and the allied nations was established, became a law in Hungary yesterday by the publication of the text of the convention. The treaty is printed in a special edition of the Official Gazette, which bears black borders, and was accompanied by a map showing the present boundaries of Hungary as compared with those of before the war.

## OSTRANDER SPEAKS FOR PLAYGROUNDS IN CITY

Head of Kiwanis Organization Chooses Committee to Work Out Details

"The Kiwanis club believes that it is doing a most important work for the children of the community in promoting a supervised public playground," said President E. O. Ostrander of that organization, in discussing the launching of the movement at their meeting yesterday. It is a constructive, forward-looking undertaking that is demanded by the growth of the town. It is one that carries the approval of everyone who has the good of the children at heart. Those most closely in touch with the juvenile situation, consider such an institution a prime necessity. Increasing juvenile delinquency is merely the most serious of the juvenile activity. We hope to help to guide it along right lines.

"Appropriation of the relatively small sum for the immediate needs of the playground committee is only a starter. As soon as we have definitely formulated plans to meet the existing need, we will be ready to go ahead."

A committee composed of President Judge O. P. Davall, the Rev. Charles Glenn Bald, Dr. H. G. Elder, J. E. White, C. N. Beatty, E. V. Shipley and E. H. Gure, has been organized to work out plans looking to the establishment of public recreation grounds.

LICENSED TO WED.

A marriage license has been issued in favor of Fred Thomas Burnett of Boise, and Ruby Chas. Blackford of Boise.

NOTICE OF SHERIFF'S SALE UNDER DECREE OF FORECLOSURE AND ORDER OF SALE.

Boy Shaw, Plaintiff.

Wm. N. Ford, V. B. Place, Mrs. V. B. Place, L. G. Roberts and Mrs. L. G. Roberts, Defendants.

Under and by virtue of an order of sale and decree of foreclosure, issued out of the District Court of the County of Twin Falls, in and for the County of Twin Falls, dated the 24th day of July, 1921, in the above entitled action, wherein Boy Shaw, the above-

named plaintiff, obtained a decree against Wm. N. Ford, V. B. Place, Mrs. V. B. Place, L. G. Roberts and Mrs. L. G. Roberts, defendants, on the 27th day of July, 1921, which said decree was, on the 27th day of July, 1921, recorded in Judgment Book Seven (7) of said County of Twin Falls, State of Idaho, and bounded and described as follows, to-wit:

The southeast quarter (SE 1-4) of the northwest quarter (NW 1-4) of Section Seven (7), Township One (1) South, of Range Seventeen (17) E. 2nd M., together with the tenements, hereditaments and appurtenances thereto belonging, in all in the County of Twin Falls, State of Idaho.

Public notice is hereby given, that on the 26th day of August, 1921, at the hour of 2 o'clock p. m. (Mountain time) of said day, at the east corner of the Courthouse of the County of Twin Falls, State of Idaho, I will, in obedience to said order of sale and decree of foreclosure, sell the above described property to satisfy plaintiff's decree with interest thereon, together with all costs that have accrued or may accrue, to the highest bidder for cash, lawful money of the United States.

Dated this 30th day of July, 1921. E. R. SHERMAN, Sheriff.

\$332.75 is more than you need spend for clothes

Did you know that the fashion experts at the recent Chicago Fashion Show set \$332.75 as the minimum cost of a single complete outfit of clothes for a well-dressed woman?

Some of their "positively lowest figures" are:

Evening Gown \$75  
Summer Frock \$25  
Suit \$50  
Topcoat \$120  
Negligee \$18  
Etc., etc.

Evidently they didn't know the value giving opportunities of a store like ours. And they certainly figured without the new Designer service—

The BELROBE METHOD for home sewing

How much you spend on clothes depends on how much you have to spend.

But how many clothes you have depends, nowadays, on your own ingenuity.

The Chicago experts "average woman" should have chosen her materials from the beautiful array of new summer fabrics in our store and then turned to the Belrobe diagrams that come with all the latest Designer Patterns. Then she could have had twice as many clothes for the same outlay—and clothes of far more individuality and style.

The professional pattern-layers of the Belrobe Method often save you from 50c to \$10.00 on the amount of your goods alone. They are planned for every size and suitable width of material.

Its complete diagrams for every step in the making show you how to put together the parts quickly and without mistakes, and how to recreate every little touch of style for yourself in fitting and finishing it.

There are wonderful values in the new fabrics on our piece-goods counters. Let us show you what you can do with them if you use the Belrobe Method

AGENTS FOR DESIGNER PATTERNS AND THE BELROBE METHOD

## BOAT SEIZED AS LIQUOR CARRIER

Coast Guard Cutter Takes the Schooner in Tow Off Coast of New York

NEW YORK, (AP)—The schooner Henry L. Marshall with a cargo of liquor was taken into custody last night four miles off the coast by the coast guard cutter Seawolf and brought here today. The schooner was flying the British flag, but advices from the Seawolf said there were no papers showing transfer to British registry.

Listed as Fisherman

The schooner was taken in tow to quarantine and a guard placed on board. The schooner, listed as a fisherman, registered 78 gross tons and her home port is Gloucester, Mass. She carries an auxiliary gasoline engine.

Recent reports from Atlantic City said she had been sighted off the coast and that she had been visited by numerous motor boats.

At quarantine it was learned that the schooner was seized off Atlantic City and that her captain and first mate escaped in a fast motor boat.

Load Cargo in Bahamas

On the deck of the schooner, whose name was concealed by canvas coverings, officers said they found numerous cases of liquor with labels similar to those of the Seawolf. There also were evidence that much of her cargo had been discharged.

There are on board were alleged to have admitted that the schooner loaded her cargo at a point five miles off the island of New Providence in the Bahamas and that the cargo comprised 1,500 cases of liquor of various kinds.

SUIT FOR DEBT

The Nibley-Channel Lumber company has instituted proceedings in the district court for judgment against Robert Payson and Mrs. Robert Payson, for \$104.20. This amount is alleged to be due on a merchandise account.

## Local Brevities

Birth—Born, Monday, August 1, to Mr. and Mrs. Clarence E. Norton, a girl.

Returns to Duties—Miss Franklin Moffatt has returned to her duties in Le Merced hospital after a vacation with friends in Shoshone.

In Ketchikan Camp—Mrs. Ben J. Brown and children left yesterday morning for their camp at Ketchikan. They expect to be absent two weeks.

George Baird Makes Trip—George W. Baird of 553 Main avenue west left yesterday for Elly, Nev., making the trip by car. He expects to be away for some weeks.

Siggins Returns—C. C. Siggins, county auditor, returned yesterday for a day or two in the Wood River country. Mrs. Siggins will spend a further period there, returning towards the middle of the month.

Go to California—Miss Beatrice Cox left this morning for California. She will stop in Peoria, Ill., on her visit with her sister, Mrs. P. A. Lutz, and does not expect to return to Twin Falls before spring.

On Camping Trip—Mr. and Mrs. J. C. Swackey left Sunday on a two weeks camping trip in the Upper Wood River country. They were accompanied by Mrs. Lewis, his sister of Mrs. Swackey, and her son, of Boise.

Returns from Nebraska—Fred W. Koba returned yesterday from a business trip to central Nebraska. He reports splendid prospects for crops in the region he visited, but that there were still some sharp frosts until after harvest.

Go West—Mrs. E. G. McDougall and daughter, of Chicago, who have been guests at the home of Mr. and Mrs. H. C. Kenstler, left Monday evening for Portland, where they will join Mr. McDougall, who has been in California for the past month for the Libby, McNeil & Libby company, of which he is vice president.

Visiting in Gooding—Miss Anna Welch, of the nursing staff of Le Merced hospital, will be the guest for the week of her vacation at Mrs. E. Miller's home in Gooding. In company with Mrs. Miller, Sydney Miller and Miss Elyse Miller of Gooding and Elyse Wright of this place, she will spend some time in the Miller camp near Galena.

Leave for California—Mr. and Mrs. C. B. Channell left this morning for California where they expect to remain until spring. They were accompanied by their son, George, and daughter, Gladys and Dorothy. They are traveling by way of Boise, the Columbia River highway and Portland, thence south through San Francisco to the southern part of the state, stopping at Los Angeles or Long Beach. Mr. Channell expects to be in Nevada much of the time after the family is located.

Imports of Alcoholic Drinks Take Big Jump

Value of Incoming Flood of Intoxicating Beverages Placed at \$5,000,000 for Fiscal Year

WASHINGTON, D. C. (AP)—Intoxicating beverages imported into the United States during the fiscal year were valued at more than five million dollars, as compared with about \$500,000 in the previous year, according to reports issued last night by the commerce department. Wine was the largest item in the list of intoxicants imported during the year, amounting to more than 2,000,000 gallons as compared with 25,000 in 1920.

Whiskey came in larger quantities in the past year with a total of 105,000 gallons, as compared with 22,000 gallons in 1920.

Great Britain shipped in most of the whiskey, France practically all of the champagne and Spain the greater part of the other wines.

Fetters Forged by Passion

It is ordained in the eternal constitution of things that man is impetuous and cannot be free; their passions forge their fetters.—Burke.

SUIT FOR DEBT

The Nibley-Channel Lumber company has instituted proceedings in the district court for judgment against Robert Payson and Mrs. Robert Payson, for \$104.20. This amount is alleged to be due on a merchandise account.

## FOR THE CHILDREN

Members of the Kiwanis Club of  
Twin Falls, individually and collectively,  
are to be congratulated on their de-  
cision to get squarely and enthusiastically  
behind a movement looking to-  
ward the establishment here of a pub-  
lic playground for the benefit of the  
boys and girls of the community whose  
numbers are right close to five thou-  
sand.

It is true that some such undertak-  
ing were launched for these children.  
Time in and out of season there have  
been those among us who have pointed  
out the necessity for providing a recre-  
ation spot and facilities for play for the  
coming generation. The decision of the  
Kiwanis club to take the lead in an ag-  
gressive campaign to fulfill this com-  
munity need must come as a matter of  
gratification to all these folks as well  
as to those of us who have simply en-  
tertained the feeling that "something  
ought to be done."

It is hardly to be expected that the  
Kiwanians can or expect to carry the  
whole load themselves. They have,  
however assumed leadership where the  
leadership was needed and have pledged  
their support and influence to the full-  
est extent in the furtherance of this  
project.

The community as a whole may be  
expected to deem it a favor and a priv-  
ilege to co-operate in this undertaking  
with the Kiwanians when and where  
ever the opportunity may be presented.

## NO TIME TO LOSE

Twin Falls can let no grass grow un-  
der her feet if she is to retain the lead-  
ership which she has assumed in sug-  
gesting an organization of the shippers  
and consumers of this, and adjoining  
communities to wage war on the exist-  
ing situation with respect to freight  
rates.

Twin Falls so far is entitled to cred-  
it only for the suggestion and for the  
efforts of individual citizens to form  
and equip such an organization in the  
Southern Idaho Traffic Association.

Other communities have gotten an  
edge over Twin Falls in the matter of  
actual organization and collection of  
funds indispensable to successful pros-  
ecution of the fight. That they are  
pressing their advantage is evidenced in  
the insistence of Rupert and neighbor-  
ing communities upon forming a tem-  
porary organization of the central body  
which was effected last Saturday and  
upon setting of the date for perfecting  
the organization for Friday next.

The situation cries out for action—  
and immediate action.

It is the appreciation of this fact  
which is prompting our neighbor com-  
munities in their insistence upon im-  
mediate launching of the Southern Idaho  
Traffic Association. They see in it the  
one way out of the strangle hold in  
which existing freight rates grip this  
district, and they are unwilling to jeop-  
ardize their chances of early relief by  
permitting a moment's unnecessary de-  
lay.

The opportunity to get behind this  
movement has come somewhat later to  
Twin Falls than it has to some of the  
neighboring communities which are now  
clamoring for action. That opportunity  
will be presented within a few hours.  
With the example of her neighbors be-  
fore her, Twin Falls may be expected to  
make up for lost time.

## FORD'S FINANCING FEAT

Many men have pecked fun at Henry  
Ford, not because of the car that be-  
came the eighth joke of the world, but  
because upon the witness stand once  
upon a time he didn't know Benedict  
Arnold from another of the Arnold  
family, and because of that famous  
"peace ship" voyage to Europe, while  
a little scrap was in progress, over  
there.

But nobody who is interested in busi-  
ness, finance, industry, is saying any-  
thing funny about Mr. Ford. It seem-  
ed as though he was in a tight place  
and the figure of \$38,000,000 was set  
down as his immediate need. Men skill-  
ed in finance looked for the elimina-  
tion of the Fords from the great busi-  
ness they build up.

But just now Mr. Ford is as securely  
entrenched as ever and has the satis-  
faction of seeing orders exceed output,  
despite his rehiring of 10,000 men, in  
times that are supposed to be not the  
best. Maybe there will be criticism of  
his methods, but the point is that he  
added to the number of his employees,  
increased the output of his factories,  
increased his sales, found all the money  
in his business that it was supposed  
he would have to borrow, and is going  
strong despite all the talk about busi-  
ness conditions.

He was asked for the quoted prin-  
ciple of his conduct and he quoted Her-  
bert, II, 1, "Now faith is the sub-  
stance of things hoped for, the evidence  
of things not seen," and he added,  
"Faith is the thing that makes for  
reality of hopes. I had faith that the  
country and the crisis in our industry  
would right themselves and they are  
doing it every day."

The moral is: Be a bull on the United  
States.

## WHY IS HAY FEVER?

An eastern newspaper suggests that  
men of medicine turn their attention to  
hay fever. There is no doubt that a  
remedy for this distressing and mys-  
terious malady would prove a great  
blessing for a large number of persons  
throughout the world. We call it a  
mysterious malady because it is, so  
what is its cause and why must its  
victims suffer annually in spite of all  
they do to prevent its recurrence? Those  
upon whom it has laid its hold know  
almost to a day when they will be called  
upon to again endure its agonies.

Because hay fever is more prevalent  
in August than in any other month, it  
is popularly supposed that pollen from  
flowers is the cause. But why pollen from  
those blooming in other months of the  
year? To answer that the adherents  
of the pollen theory pick on the golden  
rod. But hay fever claims its victims  
in places where there is no golden rod  
and residents of large cities who never  
are within miles of that popular wild  
flower at any time often suffer the  
most severely. And if pollen is the  
cause of the disease why are not all  
who live in the country afflicted and  
all who live in the city immune?

The writer who suggested that phy-  
sicians turn their attention to hay fe-  
ver may or may not be a sufferer but in  
any event he puts up to them a puzzle  
worthy of their fullest consideration.  
That it is not ordinarily a fatal malady  
does not make the hay fever problem  
less important. The fact that it seem-  
ingly is such a simple and more or less  
harmless affliction makes it seem that  
the answer to the problem should be  
easy to discover. Seemingly of a sim-  
ilar nature to influenza, it is not so of-  
ten fatal, but it causes a great amount  
of suffering each year.

The very mysteriousness of the dis-  
ease, should be sufficient motive to  
cause some physicians to determine to  
conquer it.

General Dawes is using his knife on  
proposals for government expenditures,  
but he wants it understood that he also  
has an axe.

Scientists say Greenland is gradu-  
ally moving toward Africa. After looking at  
Europe, who can blame her?

The man who invested in feather-  
weight teggery is getting the worth of  
his money these days.

At the present price of peanuts  
amounting to shucks amounts to some-  
thing.

Some people persist in buying wild  
cat stock as if their bank rolls had  
nine lives.

A Paris scientist says women are  
gradually growing beards. Next?

## More Truth Than Poetry

## Information from "High Officials"

By S. E. KISER

Important news is sent from France;  
"A high official" says the cable,  
"Declares Lloyd George will have no chance  
To sit in at the council table.  
Stetela will be occupied."  
The "high official" so has stated,  
"Till Poland's claims are satisfied  
And France is fully compensated."

In London there's increasing doubt;  
A "high official" says, regarding  
The proposition handed out  
A little while ago by Harding.  
"Disarmament's a lovely dream,"  
The "high official" has asserted,  
"But all the greater nations seem  
Determined not to be converted."

A news dispatch from Tokio  
Contains disturbing information;  
A "high official" says: "There's no  
Occasion for constabulation.  
Japan declines to be denied  
The chance to take the course she chooses;  
Let others throw their arms aside,  
Japan definitely refuses!"

In Washington "a very high  
Official" voices the surmise  
That England and Japan will try  
To crowd us in a hard position.  
The "high official" says: "It looks  
As if they've laid their plans to trick us;  
In fact, it's written in the books  
That they've made up their minds to lick us!"

Be calm, good friends, from doubt be free;  
Let not the world misunderstand us;  
We must have thrills and eagerly  
We fall, whoever we may be, for those the  
"high officials" hand us.

Narcotics are pouring from across the  
Rhine into Paris to such an extent that  
it has drawn a cry of alarm and protest  
from the French Academy of Medicine.  
Airplanes drop five or ten pound  
packages at pre-arranged spots and the  
agents in automobiles distribute the  
drugs.

The New York state health depart-  
ment warns children against the pas-  
time of making miniature balloons from  
the ruptured rubber once by sucking or  
blowing against small pieces of the rub-  
ber held against the lips, because the  
dyes used in coloring the balloons are  
poisonous.

## A Dog's Life

A banjo manufacturer of South-  
work, England, was fined for cruelty  
to a dog by keeping it on a chain.  
He was said to have admitted that  
the animal had been chained for 10  
years, and had been out only once  
during that period. Afterward it was  
found to be dying and was destroyed  
with the owner's consent. The magis-  
trate described the offense as sentence-  
ing a dog to canine penal servitude.

## Something Needed

"There is some great force lacking in  
this country today," an exchange says.  
That's so, brother, but what is it?  
Frequently we have thought that it's  
a folkliker who will remain perma-  
nently and actively on the job.—Bos-  
ton Transcript.

## Hot Weather Diseases

Disorders of the bowels are ex-  
tremely dangerous, particularly during  
the hot weather of the summer months,  
and in order to protect yourself and  
family against a sudden attack, get a  
bottle of Chamberlain's Colic, and  
Diarrhoea Remedy. It can be depend-  
ed upon. Many have testified to its  
excellence.—adv.

If your property is desirable, and is

# The boiling points of motor gasoline are the real test of its quality

IT'S the gasoline vapor that does the work in a motor. And  
the boiling points of gasoline determine the degree to which,  
and the quickness with which, it vaporizes.

The boiling point of a liquid is that temperature at which it is  
converted from a liquid into a vapor or gas. Of course many  
liquids vaporize slowly at temperatures lower than their  
boiling points by simple evaporation. But in the modern  
gasoline motor this principle is of little value, for when a  
motor is running at high speed the gasoline has but a small  
fraction of a second in which to vaporize.

## Scientists know that the gravity "test" in itself is almost worthless

In testing a sample of gasoline about which nothing is known  
concerning the crude oil it came from and how it was refined,  
the gravity test is of practically no significance. Refiners  
do not depend on it alone, neither do scientists, and the U. S.  
Government specifications ignore it altogether.

The real test of gasoline quality, its efficiency as a motor fuel, is the range  
or chain of boiling points that it contains, for it is upon these that the  
volatility of gasoline depends. Only by means of the distillation test  
can the chain of boiling points in a sample of gasoline be determined.  
This chain should be continuous, unbroken. In blended or mixed  
gasolines it is not, although they may have identically the same gravity  
as a sample of a good product.

On a basis of the distillation test, the real indication of gasoline quality,  
Conoco Gasoline more than meets government specifications.

## AMERICAN ROTARY CLUBS USING FLAGS AS GIFTS

Custom Inaugurated in England  
Spreads to Scotland and  
Wales

YORK, Eng. (AP)—Representations of  
silk American flags to British Rotary  
clubs, as a token of Anglo-Saxon  
friendship are of growing frequency  
throughout England and the custom is  
spreading into Scotland and Wales, ac-  
cording to newspaper accounts.

One of the most recent gifts of this  
kind, "an earnest of the friendship  
and fellowship America bears to Great  
Britain," was presented to the York  
Rotary club by Luther Stark, of Or-  
ange, Tex., vice president of the In-  
ternational Association of Rotary Clubs.  
The lord mayor of York, Alderman E.  
Walker, in accepting the flag and  
strips on behalf of the York club,  
expressed "the appreciation and pleas-  
ure" of the recipients and said it was  
such a flag would help to blind sight  
the English-speaking people of the world.

Another American flag was recently  
unfurled at Bolton, Eng., at the weekly  
meeting of the Rotary club, by Inter-  
national Vice President William Com-  
poch, of Council Bluffs, Iowa. The  
Mayor of Sheffield, who is an honorary  
member, said he was certain the move-  
ment would have a beneficial effect  
on a large number of men and women.  
He said he approved the effort to ac-  
quire the flag and said it was a  
cure of the "rotary" and "rotary"  
friendship of all branches of the Anglo-  
Saxon race, "real lasting friendship  
with America," he declared, "is  
desired in this country."

## YOUNG BOYS AND GIRLS CAN TOMATOES PROFITABLY

Four boys and four girls, whose  
ages ranged from 10 to 13, were the  
members of the Donawest "Can-  
ners" of New Haven county, Conn. Of  
these children only two were descend-  
ants of the Pilgrims, states the county  
agent employed co-operatively by the  
state agricultural college and the Fed-  
eral States department of agriculture;  
an Italian, an Austrian, two French-  
Irish, and two Irish children bore wit-  
ness to the value of the club as a  
means for Americanization.

These youngsters, who were too  
young to market their own products,  
without help from the county club  
agent, canned 1500 cans of tomatoes  
packed in tin. They set, boiled, can-  
nied, picked, peeled and canned their  
tomatoes, however. The organizers  
were to have the club boys raise and  
the four girls can the tomatoes, but  
when it came time to set out plants  
the girls were anxious to share the fun  
and the work. When the canning time  
came the boys wanted to do that, too.  
After each member had been paid 10  
cents an hour for labor as recorded,  
there was over \$100 left. This was all  
up in two weeks, according to the  
number of hours worked by each mem-  
ber.

## GRAIN ELEVATOR STRIKE IN CHICAGO CALLED OFF

Employers' Announce Establishment of  
"Open Shop" with Ending of the  
Workmen's Strike

CHICAGO, (AP)—The strike of grain  
elevator employees, started here a  
month ago by the Chicago grain eleva-  
tor and feed mill employees' union, has  
been called off. It was announced offi-  
cially Monday. The walkout affected  
800 men.

The strike resulted when the men  
refused a new working agreement with  
the employers involving reduced wages  
and changes in hours and working con-  
ditions.

The employers announced that  
"open shop" had been established.

Article Travel Note.  
The Eximoes have a favorite deli-  
cacy composed of "good or bad" eggs  
mixed with angelica and crockets, and  
thrown into a sea-salt bath filled  
with whole oil. Somehow this does  
not heighten our enthusiasm for arctic  
travel—Providence Journal.

## BOY SCOUTS

(Conducted by National Council of the Boy  
Scouts of America)

### FIRST TO WIN GOLD MEDAL

Dale Collier of Rock Island, Ill., has  
the honor of being the first scout to  
win the new gold medal just designed  
for the Court of Honor, by Belmore  
Brown, the explorer. The incident  
which won the coveted National Scout  
Medal of Honor for young Collier oc-  
curred last January.

The boy had just started on an er-  
rand for his mother when he noticed  
three men walking on the ice on the  
river. Even as he saw them he per-  
ceived to his horror that the ice was  
breaking beneath them. He ran about  
800 yards and found an other boat.  
There were no oars but he snatched  
up a piece of board and jumping into  
the boat broke his way through to  
where one of the men was sinking.  
The boy threw him the board and  
pulled the boat, men flailing with wa-  
ter, close to the shore. He then ran  
out and back to shore. But he em-  
ployed the boat he set out in search  
of the others. This time, not having  
even the boat to help him, he beat  
his way through the ice downstream  
with his feet. By this arduous pro-  
cess he finally got to where the other boat  
was. He managed with the board, which  
he took with him, to get into the boat  
and then began to sink. With the  
weight and having shipped so much  
water. The men being unconscious,  
the boy bailed for dear life with his  
hands, swimming for help. Another  
boat reached them in time and all  
were gotten ashore. Not content with  
his already heroic achievement young  
Collier worked over the unconscious  
men trying to induce artificial respiration.  
He succeeded in the case of one  
man but the other who was just  
recovering from an illness never re-  
gained consciousness. The story is  
one of the most striking of the many  
noteworthy instances of scout pluck  
and resourcefulness that have passed  
over the hands of the Court of  
Honor and Scout Collier well deserves  
the honor accorded him.

### SCOUTS ON THE JOB.

Out in Hollingsham, Wash., some  
spectators chuckled with approval  
over the hands of the boys. A re-  
ported it to the boys' papers. A  
great bottle of milk had been dropped  
in the street and lay splintered into  
a thousand pieces prepared to do  
wonder to all passerby there. Two  
boys in "haki" happened along. Instantly  
they snatched up the milk. They  
"Boy Scout" style they shouted in  
unison and swooped down upon the  
broken bits of glass, which in another  
moment were gathered up and depos-  
ited in the proper receptacle. An ex-  
cellent object lesson this, to all who  
witnessed the incident and wonder  
proof that scouting is doing just what  
it claims to do—makes responsible  
citizens.

A small boy pushed accidentally to  
the ground in a school yard recently  
suffered a broken leg. Instantly there  
were boy scouts at hand to take charge.

### Same Old Story But a Good One

Mrs. Mahala Burns, Savannah, Mo.,  
relates an experience, the like of which  
has happened in almost every neighbor-  
hood in this country, and has been told  
and related by thousands of others, as  
follows:—"I used a bottle of Chamber-  
lain's Colic and Diarrhoea Remedy  
about nine years ago and it cured me  
of flux (dysentery). I had another at-  
tack of the same complaint three or  
four years ago and a few doses of this  
remedy cured me. I have recommended  
it to dozens of people since I first used  
it and shall continue to do so for I  
know it is a quick and positive cure  
for bowel troubles."—adv.

### SENATE ADOPTS CONFERENCE REPORT ON SWEET BILL

WASHINGTON, (AP)—The confer-  
ence report on the Sweet bill, provid-  
ing for the consolidation of all govern-  
ment activities dealing with war vet-  
erans under one bureau, was adopted  
Monday by the senate and now awaits  
house action.

### NOTICE OF SHERIFF'S SALE OF REAL ESTATE UNDER EXHIBITION

Harry S. Cowling, Plaintiff,  
vs.  
Fay E. Chamberlain, Defendant.

BY CLIFF STERRETT  
Copyright, 1931, by Newspaper Feature Service, Inc.OUSTER CASES  
COME BEFORE  
W. A. BADCOCKWalton's Removal Cases Are  
Being Heard Today in Dis-  
trict Court

At 1:30 this afternoon Judge W. A. Badcock opened a hearing of testimony in the Walton ouster and damage case against W. W. Parish, O. W. Bire and D. F. Clark, the latter two present members of the board of trustees of Independent School district, No. 1, the former a past member of the board.

An attempt was made this morning by counsel for the defense to have the hearing continued until early in September, this suggestion coming from Messrs. E. A. Walters and H. J. Hodgins, representing the defendants, when it was learned that the regularly authorized court reporter was not available.

The prosecution requested another reporter as deputy but same objection was raised to the employment of this reporter. At 10:30 Judge Badcock ordered a recess until 1 this afternoon, and admonished counsel for the litigants to confer with the view of settling the matter at issue. During intervening conferences the lawyers agreed upon a substitute court reporter, and the hearing was formerly opened shortly before two o'clock this afternoon. Homer C. Mills and Turner K. Harkness are conducting the case for the plaintiff, Walters, Hodgins & Bailey for the defense.

The plaintiff expects to rely largely for its strength upon the testimony of E. A. Wilson, auditor who was employed by the district to make a complete survey and investigation of the affairs of Independent School District No. 1, as alluding to the administration of the school. The complaint alleges mismanagement of official affairs, and demands, besides removal from office, damages of \$500 in favor of the plaintiff from each defendant.

CASTLEFORD PEOPLE  
ENDORSE ASSOCIATIONDistrict Residents Join with  
Others in Seeking Lowering  
of Freight Rates

Castleford district residents displayed unanimous favor toward the proposed Southern Idaho Traffic association, at a meeting held at Castleford last Monday. The convention was held to support the scheme for bringing about reduced freight rates to and from this district and elected a committee for the purpose of carrying out the plan. The committee is headed by E. C. Davis, chairman of this committee. The board is chairman of the committee.

Besides voting to support the league and its purpose, the meeting voted to accept the schedule of prices adopted at a recent meeting of farmers and shippers in Twin Falls. The schedule reads: 5 cents per bushel for wheat, barley and oats. The meeting rejected a scale adopted at a Bull meeting for 6 cents for wheat, five for barley and four for oats.

The conference also considered the produce marketing issue as presented by D. F. Shoshone, chief commissioner of the state. A committee, with E. C. Davis as chairman, is to look into the scheme more thoroughly and make a report early. The neighborhood will be thoroughly canvassed in order to obtain a definite line of sentiment regarding the proposed marketing plan.

Those attending the Castleford meeting from Twin Falls, were John Graham, C. E. Munson, H. E. Powers, Donald McLean, J. F. Russell, John Maxwell, T. J. Woods, J. B. Keel, J. A. Barrett.

## FUNERALS

Funeral services are being conducted this afternoon in the Grossman mortuary chapel for O. J. Phillips. The services are in charge of the Rev. G. H. Young of Hollister. Burial under direction of P. J. Grossman, is to be in Twin Falls cemetery.

What is useless to you may be valuable to others—advertise it in the classified.

## Colonists' Caravan Starts from Brooklyn for Idaho

Twenty-five Brooklyn families pulled up stakes and rolled away to the West in a colonists' caravan, a modern edition of the old "Forty-Niners" wagon train. The purpose and the spirit is the same, but the old prairie schooners have been replaced by automobiles, trailers and service trucks. William D. Scott, of Brooklyn, is at the head of the caravan, which is en route to a tract of 5,000 acres just south of Burley, Idaho, where they will clear away the brush, build themselves clapboard bungalows and start to grow alfalfa. All the families in the caravan are 100 per cent Americans. They own their own automobiles, hold their own purses and have no debts. After receiving a send-off from Borough President Hieglman Mayor Hyman gave Mr. Scott a letter to be delivered to Governor Davis of Idaho. The illustration in the upper left-hand corner shows one of the units of the caravan which is to be used for sleeping purposes. On the right is William D. Scott who is at the head of the modern prairie schooners. Below is Mrs. Thann as Tudor and her daughters Alice and Martha who are making the journey.

CITY ADMINISTRATORS DECIDE  
TO JOIN CONSUMERS' LEAGUE  
IN POWER INVENTORY PROBINGAll Former Negative Action is Rescinded when  
Mayor Makes Statement Apparently Demonstrating that Great Good to the General Public  
Can Come Through Investigation

Influenced by favorable reports rendered by Mayor P. W. McRoberts and Acting City Attorney Harry J. Benoit, members of the city administration, at a regular weekly meeting of the council last night voted to rescind all former action designed to keep the matter out of public participation in the activities of the Electrical Power Consumers' league. The council not only agreed to rescind its negative attitude, but went on record, by resolution, re favoring the work already already done, and that proposed for the future by the consumers' league, and pledging moral and financial support to the purposes of the league.

## Business Men Attend.

A socially number of business men attended Monday night legislative session, all representing the chamber of commerce, and headed by Asahel H. Wilson, president of that organization. This delegation came to hear of the statements by Mayor McRoberts and Mr. Benoit on results of a visit made in Boise, Caldwell and Nampa; a visit made for the purpose of obtaining information relating to the work of the "Power Consumers' association as it is directed toward an investigation of the Electrical Power company's inventory. The letter, filed with the state public utilities commission, and upon which it is expected a schedule of electricity rates will be based, names an approximate sum of \$25,000,000 as the valuation of the company's holdings in this state.

"We found a satisfactory work being presented by the consumers' league in presenting the other side of this momentous issue to the utilities commission, and I have gathered a new viewpoint of the work in hand," said Mayor McRoberts, prefacing his address before last night's assembly. He told of the accomplishments of the league representatives in efforts to show that the company's inventory based upon the apex of costs due to the war, artificial and not stable prices. He said that in his opinion it is the duty of every community and city to demand the league all possible information about an equitable adjustment of prices governing this inventory for the purpose of fixing a scale of reasonable current rates. It was upon this showing and the supporting statement of

the city attorney that the council right about-faced on its initial action, and took the steps necessary to entry in the affairs of the league.

## Expenses Are Incurred.

Figures were presented showing expenses already incurred in the prosecution of this work, and the local administration voted to draw a check for \$1000 to be applied on the quota allotted to this city as its part of the expense burden. The total is \$1014, or one per cent of the amount paid last year for electrical current consumption. The remaining balance will be forwarded to the executives of the league before September 20, the date on which the utilities commission hearing on this fight for electricity rates on what is assumed to be a reasonable basis.

A. L. Swin, who represented the chamber of commerce during the mayor's visit to Boise, Caldwell and Nampa spoke briefly last night on "the magnitude of the job confronting the consumer's league, and urged assistance from the city in carrying out the work. He stated that investigation and scrutiny of the power company's figures revealed "grossly exaggerated prices in making up the \$25,000,000 total."

total" were employed by the power company engineers, and stated that in his opinion the utilities commission could make drastic cuts on its own findings, but urged help from the outside as a means to further reducing the company's inventory total. Mr. Swin also alleged that the company engineers had resorted to jugglery in making up the inventory, always to the advantage of the company.

The council, authorized the drafting by the city attorney of the necessary resolution giving this city entry to the ranks of the consumers' league, and authorizing payment of \$1000 toward expenses of carrying out the work. The resolution will be presented for record next Monday.

JAPAN SENDS GROOMER  
ORDER FOR AIRED DALESOriental Wants Pair of Choice Pups  
from Ida-Dale Kennels

Fame of the Ida-Dale Kennels, operated by Dr. H. R. Groomer, has reached to Japan. Dr. Groomer today received an order from the land of the mikado for a pair of Airedales produced in his kennels.

The order Dr. Groomer says, comes entirely unsolicited, and is the result of advertising only. His kennels are located on the west side, and are devoted to the rearing of the highest grade of Airedale dogs. The fancier has been in the business about three years and from a pair of mated majors, has reared between 30 and 40 pups per year. Product of the Ida-Dale Kennels has been shipped to California, Kansas, Oregon, Nebraska and various other states of the union.

Shower Threatens  
Comfort of Fans  
at Baseball Tilt

A FAIRBISH sort of rain shower visited this city late last evening, and for a time threatened to do for the first of the week ball game at Lincoln park. It was a steady sprinkle with big drops abounding, but it did no damage, except to subside on a ridge in the prevailing Palm Beaches over on this festive occasion.

There is a threat of more of the same before this coming 24 hours is over, the weatherman supposing showers will fall hereabouts, or at least in the hill regions.

High mark yesterday was 84, with low at night 55.

BUSINESS STAGNATION  
NOT EVIDENT IN EASTCaptain C. L. Longley Tells of Conditions  
Found on Vacation Trip

Mr. and Mrs. C. L. Longley are home from an extended visit with friends and relatives in the east. They corroborate the reports of very hot weather all through the Mississippi valley, and also the reported abundant harvest of all parts of the country that passed under their observation.

"I saw no evidence of permanent business stagnation," Mr. Longley. "We were in Minneapolis, Chicago and Waterloo, N. Y. The latter is an important manufacturing place. Some factories are not in operation. Most of them are. The ones that are closed are merely waiting for the resumption of buyers to take up their reserve stock, when they will again operate on the old schedule. There is an apparent feeling of optimism that runs through all these. There is much building and not a few important public works under construction."

Second Damaging  
Cloudburst Tears  
Wood River RoadAnother Tremendous Storm  
Visits Camping Country  
— During Sunday

Another cloudburst, the second within about two weeks, took place in the upper Wood River country on Sunday, according to John O. Thorpe, who, with Mrs. Thorpe and Mr. and Mrs. Ralph Pink, returned Monday from an outing of several days on Trail creek. The first downpour washed out a good deal of ground on the upper side of the new Galena summit road, and broke a few small channels clear through but the road was still passable and in fairly good shape.

Rain fell in torrents on Sunday, apparently from above Ketchikan down to this side of Bellevue and it is feared that considerable damage has been done. Campers and others returning from the upper country this week report a regular deluge but apparently none waited long enough to determine the extent of the damage if any.

Fifty-cent cleaning special all this week. Idaho Cleaners and Dyers.—adv
