BELEAST DENIES OPPOSING IRISH PEACE PROPOSAL

Situation Takes Sensational Turn when Announcement is Made in Dublin of Decision to Convene Daily Eireann

REPORTS IN CONFLICT ON ULSTER'S POSITION

Return of Unfavorable Answer to Sinn Fein Overtures is Reported in Irish Republican Quarters

LONDON, (AP)—The Irish situation took a sensational turn today when it was announced in Dublin that Eamon de Valera and his associates had decided to convene a meeting of the Irish republican parliament to consider the British government's Irish peace proposals.

It is generally expected in Berlin that the Daily Eireann would not be summoned until Ulster's attitude had been learned, but coincident with the calling of a meeting of the assembly, conflicting reports from Dublin gave Belfast concerning Ulster's position.

In Dublin it is reported that Ulster has been soundly and has returned an answer favorable to the Sinn Fein overtures.

Rejects Dublin Conference

A dispatch to the Evening News from Belfast today asserts that the Ulster cabinet at its morning's meeting discussed an invitation from the Daily Eireann to Sir James Craig, the Ulster premier, asking him to attend a conference in Dublin with a view to determining Ulster's attitude. It was held that no possibility, however, of another meeting between Sir James and Mr. De Valera in Dublin, although the Ulster premier is willing to meet the republican leader with Premier Lloyd George in London.

Out of the various conflicting reports, however, emerges the outstanding fact that the republican cabinet has decided which is taken to mean undoubtedly that Mr. De Valera will give a reply to Mr. Lloyd George in the immediate future.

Lloyd George May Hold Key

Official quarters in London know of no communication having been passed between Mr. De Valera and the Northern cabinet, but it was understood that Sir James Craig, after conferring with Sir James in London this week, sent a message to Mr. De Valera, which might account for the calling of the Daily Eireann.

The British cabinet already has reached a decision regarding the release of members of the Daily Eireann, or in other words, and it is reported that Dublin castle is free to release them as it thinks fit. Members who have been on the run are understood to have returned to their homes in order that they may receive their remuneration.

Sir James Is Cautious

Sir James Craig left London for the last night after receiving a memorial from a large number of members of the house of lords and of commons.

OGDEN, Utah, (AP)—Members of the Elks lodge and the Kiwanis club of Ogden today are seeking a man believed to be R. E. Mason, secretary of the Kiwanis club of Idaho Falls, Idaho, whose wrecked automobile was found yesterday submerged in the river off a thirty-day trip in the mountains of Idaho. Arrangements were made to close the gates of a dam to lower the level of the stream.

FLASHES FROM THE WIRE

NAPLES, (AP)—The American steamer Pocahontas, which arrived here on July 3, in a damaged condition, alleged to have been due to the acts of vandals, was scheduled to sail for New York today, but it is considered improbable that she would depart. The ship was repaired following her arrival and debts amounting to a considerable sum were contracted. The creditors yesterday asked that the steamer be held in port until their claims were settled.

NEW YORK, (AP)—Somewhere in the Hudson terminal and vicinity today there roamed a five-foot rattlesnake, an unwelcome tenant of the big skyscraper since last Tuesday. A porter who first saw the snake crawling over a telephone booth and sounded the alarm, drew down on himself a variety of sarcastic remarks—until his tale was verified by a circus man, who found that one of three snakes he had checked at a parcel counter, had escaped.

GAITHERS, Mo., (AP)—Serpents, a race horse owned by Ed. Christian, Larned, Kansas, dropped dead in front of the grandstand here yesterday at the running of the Missouri state fair, as the result of the flush of the seven-eighths mile Southwest race. The jockey was not injured.

Beginning of Actual Hostilities on Extensive Scale in Threatened Civil War is Reported in Peking Advertisers

COMMISSIONER ORDERS ATTACK UPON INVADERS

Retaliatory Move on Part of Forces of Northern Government Follows Break Made by Revolting Province

PEKING, (AP)—Fighting was reported in progress Wednesday along a ten-mile front 60 miles northeast of Yochow, where forces from the province of Hunan, attacked with the special assistance of the government of Chihai, recently invaded Hupeh province.

The engagement was brought on, the reports state, by orders from General Wang (Chang-Yun), inspecting commissioner of the province of Hunan and Hupeh, that a general attack be begun against Hunan province, where his authority was not recognized.

The recent invasion of Hupeh by the Hunanese was begun with the evident intention of ousting him. The Hunanese halted their advance soon after its inception, however, and went on to be awaiting the arrival of reinforcements from other provinces in the Yangtze territory which object to the military domination of the territory by forces under the Peking government.

CHIEF EXECUTIVE VOICES OPTIMISM IN OUTLOOK FOR INTERNATIONAL AGREEMENT TO BE REACHED UNDER AMERICAN LEADERSHIP

Agreement to Stop Military Conflict and Turning Attention to Constructive and Beneficial Pursuits

LANCASTER, N. H., (AP)—Confidence that American institutions are more firmly implanted than ever before and that in the near future America's example will lead all the nations to permanent peace was expressed by President Harding today in an address at a welcome demonstration in Lancaster.

The coming disarmament conference, the president said, "gives promise of an international agreement that would end wars and turn the attention of mankind to constructive and beneficial pursuits."

He asked that the support of the American people in the government's trial over the reconstruction period and pledged to return that the administration would serve the nation to its highest advantage.

Crowd Breaks Barrier

The president's speech was delivered from his automobile in Continental square here to a crowd of several thousand who had come to bid him welcome to the town.

He was cheered many times while he was speaking and after he concluded the crowd broke police lines to crowd about him and hail words to those on his hands. He apparently was slow in complying, and one of the handbills struck him in the face with his fist.

Another threw the pouches in the automobile and then they ceased.

An hour later an abandoned automobile was found in a cornfield five miles south of Ellsworth, Me. Near by was a rifle and pouch containing several magazines and a number of cartridges.

A number of men in automobiles are searching the countryside for the handbills.

FARM CREDITS MEASURE IS ADOPTED BY SENATE

Endorses Administration Plan to Authorize Agricultural Loans by War Finance Corporation

AMENDMENT STRIKES OUT PROVISION FOR ADVANCES TO FOREIGN BUYERS

WASHINGTON, D. C., (AP)—The agricultural credits bill, embodying the administration plan for loans by the war finance corporation, to aid export products was passed today by the senate.

There was no record vote on passage of the bill which now goes to the house. The measure authorizes agricultural loans from the \$200,000,000 cash capital of the war finance corporation, which also is authorized to issue two billion dollars of bonds in obtaining additional loan funds.

The bill was put through by a substitute for the Norris agricultural credit bill. As amended in the senate it prohibits loans to foreign governments, the clause going out without objection after several senators had expressed disapproval of any further loans to Europe.

Loans on Mortgage. Another amendment provides for loans to producers upon notes and other instruments of indebtedness, when secured by chattel mortgages or other papers conveying a marketable title to simple agricultural products, including livestock.

The senate rejected without a record vote three amendments designed to catch riders authorizing farm loan advances to entrapment on reclamation projects. Chairman McNary, Oregon, of the irrigation committee, said the matter should be dealt with in a separate bill.

FIXING OF DATE INITIATED STEP IN ARMISTICE TALK

Definite Suggestion for Opening Washington Conference on Armistice Day Follows British's Approval

PATH IS BEING CLEARED FOR FAR EASTERN ISSUE

Japan Seems Unlikely to Marshal Much Support for Claim that Mandate Over Yap is an Accomplished Fact

WASHINGTON, (AP)—Great Britain's willingness to accept any date the Washington administration might desire for the opening of the forthcoming disarmament conference, was indicated by the definite suggestion of November 11, Armistice day, of this year as an appropriate occasion.

It was learned that American officials would put the original suggestion of British day into definite form for all the invited powers and awaited acknowledgment from abroad.

CLEARING PATH FOR DISCUSSIONS

Officials would not indicate today just how much progress has been made in the conference on opinion regarding the agenda of the meetings, but unofficially it is known they consider that the path is being cleared for a frank discussion of Far Eastern questions.

An admittedly delicate aspect of the situation is Japan's apparent insistence that problems presented by the Yap and Shantung questions be regarded as nothing within the scope of the conference.

American interest in the island of Yap is intimately connected with the form the armistice takes. The Japanese government has contended that the mandate over Yap is an accomplished fact that should not be questioned, but the Washington government has insisted that the mandate over Yap is an accomplished fact that should not be questioned, but the Washington government has insisted that the mandate over Yap is an accomplished fact that should not be questioned.

ST. LOUIS, Mo., (AP)—Thirty handbills today held up and snuffed (burned) by a post-fire fireman at Wood River, Ill., and here and scattered there, three mail pouches, one of which is believed to have contained \$500 in currency consigned to the Standard Oil refinery at Wood River.

The robbery occurred at 7:10 P. M., shortly after the pouches were thrown from a Big Four train from St. Louis. Permits met the train, placed pouches in a push cart and started for post-office three black away across tracks when the trio stepped from an auto mobile and ordered him to throw up his hands. He apparently was slow in complying, and one of the handbills struck him in the face with his fist.

# PARAGUAY MAY EXTEND HAVEN TO MENTIONITES

### President Gondra Favors a Bill Giving 5,000 Square Mile Colony Site to Members of Sect Throughout World

ABUNION, (P)—Paraguay will become the mecca and home of Mentionites from the United States and other parts of the world, if a bill sent to the chamber of deputies by President Gondra becomes a law.

#### Demand Recognition of Tenets

Delegates of the sect who arrived here some time ago from the United States have negotiated for the purchase of about 5,000 square miles of land in the great Paraguayan "Chaco" for purposes of colonization conditional upon the Paraguayan government granting privileges which will permit them to conduct the colony in conformity with the tenets of their religion and their system of common administration of their properties, called "Walsenburg."

President Gondra has recommended to the house that these concessions be made, which include the exemption of Mentionites from military service, the prohibition of the sale of alcoholic beverages in their territory, the right to establish their own schools, which would be conducted in the German language, in addition to the privilege of importing free of duty household articles and agricultural implements for a period of ten years.

#### Sees Problem's Solution

The president says that the establishment of the colony will permit the population of the republic and augmenting its productive capacity there being vast stretches of uninhabited territory of great productive value. He accompanied his recommendations with a history of the Mentionites reciting their qualities of industry, self-discipline and "collective virtues."

The delegates have notified the government that upon the approval of the measure more than 4000 Mentionites in the United States, Canada and Russia are prepared to emigrate to Paraguay.

# INSPECTION OF MEATS SYMBOLIZES PROTECTION

### Guarantee of Purity and Cleanliness Given with Government Seal

"Government inspection in your protection," announces a butchering company in Boise, Idaho, recently. "Look for the government inspection stamp upon every side of beef, pork or mutton from which your order is cut. Let it be your guide when buying meat. # The Greatest Possible Service to every Motor Vehicle Owner

This is the briefest possible form in which the ideals and endeavors of the Continental Oil Company can be put. These ideals have animated the activities of this company from the time it was organized. The automotive industry in all its many divisions and sub-divisions has developed with amazing rapidity during the last decade. To keep pace with its growth and even anticipate the demands that it was sure to produce has been the task of the Continental Oil Company—and it has not been an easy one.

As a result of the investment of many millions of dollars, the foresight of an efficient board of directors and the cooperation of a loyal force of employees, this company has become an important public servant. And there is no doubt in the minds of its personnel as to how much responsibility this involves. The whole organization is constantly striving to fulfill it with the greatest possible benefit to the greatest possible number of the thousands who use petroleum products.

This service includes the scrupulous maintenance of the quality of products sold by this company. The excellence of each one is unsurpassed, each has become the standard in its particular field of usefulness.

With the great increase in motoring and motor transportation there has come the need for an effective system of distributing gasoline and motor oils. The large number of service stations which this company operates directly and its long list of dealers are evidence of the effectiveness with which it is meeting its obligation as a public servant.

HOPPE CHANGES MIND; TO ENTER CUE CONTESTS

Champion Billiardist Decided 'His 'Winner Take All' Attitude Was Wrong

NEW YORK, (AP)—Willie Hoppe, world's champion billiardist, does not intend to withdraw from tournament competition, it has been announced in explanation of his recent declaration that all of his future matches for the title would be played on a winner-take-all basis.

In the annual tournaments Hoppe realizes, his manager, R. B. Benjamin, stated that second an third prize would be given, but he has no objection to the tournament rules. He has established a precedent, however, by expressing a willingness to meet all comers on a winner-take-all basis.

Under the rules in vogue for about four years champions in the three modes of play—billiards, three-cushion and pocket billiards—have been expected to defend their titles by playing a series of matches in the championship tournaments. They were not expected to entertain any challenges.

Billiards now returns to the condition existing before the tournament idea was adopted.

Under the revised conditions tournament will be held at Chicago from November 15 to 20. It is expected that the meeting will be more of an invitation affair with only the leading balling players requested to compete.

In announcing further conditions for Hoppe's challenge matches, Meyer Benbow stated that challengers would be required to post as a side bet \$1,000 for every 1,000 points comprising the match.

MERCHANTS STAGE HARD FIGHT AND BEAT MOOSEMEN SCORE 10-11

Fraters Take Early Advantage When They Ram Marshall Browne in First Inning Gathering Five Scores, but I. D. S. Wage Bitter Up-Hill Battle and Pass Opponents

With the score one counter in favor of the I. D. S. and the latter team at bat with a run over and a man on third base with nobody in the umpire's hands, the Merchants were forced to top the hostile demonstration with the Moose in the latter section of the sixth inning. The score for the game is: Merchants, 10; I. D. S., 11.

Action by the rubber at this juncture of affairs was necessary as a matter of self-protection if anything more. Base hits were scattered around with regularity and fearful force, and had been for a full lining back. Darkness had fallen upon the land some time ago but for some reason or other the offense did not seem to be in the offing. The game was a hard one to play in Lincoln yard. It was too dark to see the ball and people in the stands loudly implored the umpire to stop the game.

The Moose started off all to the brow, scoring five runs off Marshall Browne in the first section of the initial frame. Browne was making his third appearance for the I. D. S., two years coming out being a victorious character for the attenuated club.

Only one man was out in this event. At epoch when, following a three-centered error in the center of the diamond after Riley Miller had cracked the wicket with a smash to center, scoring the fourth and fifth runs of the inning, Don Liville was selected from the field, and the sturdy utility man stopped the onslaught, right there, at least for that span.

After the first inning, a couple of men in the second and forced another to ground out. The "ah" finger looked good to stop the rampaging Moose from this showing, but the Grayhounds' fraters would not be denied, and they almost chased the new man from the scene in the third. Liville, still in the field, hit Riley Miller for the first time, and the sturdy utility man stopped the onslaught, right there, at least for that span.

A single, with various other things, including a wild pitch, scored Riley Miller again and an error at second base gave Kagle a life. James Fiedt to center and Riley helped Kagle along with a single to second. That ended the inning for the next two men formed in the first half of the sixth, with marginal gloom so thick about the place that a cigar fire had to be borrowed a match to find his bill.

The Moose lost the ball as it hung over the plate from Don Liville's mighty arm, and, except for an error at first base, three men were forced to ground out. As it was nothing in the way of scores happened.

Get Their Bearings. It took the merchants a little while to get their bearings, but when once they became accustomed to the night conditions the hitting wonders gave Kagle an important pitcher for the Merchants, a good hitting and right up the tilt with 11 runs to 10 of the opposition. Even Frank Kieffer and Hughes gathered hits in this game, although Kieffer's blow does not count in the official proceedings, the game being called before the last half of the sixth was over.

In this section Kieffer was belted off with a single over second, and scored soon after on an error at third. Hughes singled to second and progressed to third, but the seeing was when Don Gabelman, called the thing off, the score standing as it was at the end of the fifth inning.

Four infield errors, with a single hit gave the merchants two runs in the first, thus cutting down the Moose lead. Kagle took a stand in the second and held the opposition without hit or run but he was well tanned in the third, a single and a triple and a wild pitch yielding three runs. Two more were manufactured in the fourth and two errors being responsible for these counts. The third, however, proved a real slaughter for the lads of the department shop took after Kagle with zeal, and had advantage of a lot of bad playing to help

sell Browne's "stuff" to their own profit advantage and gain.

Captain Purdy, too, had a good day at the stick. He floated a two-bagger and a single, being being walked once in four times up.

Business around third base was plenty and in most instances handled badly especially by the first infielder, Willie Hughes, after Brother Frank had been walked. Boon also was passed and on Aslin's two-punch into right field there were more scores were registered. Athol himself registered the fourth and last official run of the day being helped by a third base error.

The game should have been called at the end of the fifth inning, regardless of the score from the stands.

For variety, Dale Ruth was hit twice by pitched balls in the Detroit-New York game of July 29. Dale also was struck once and got a single. He scored three of the Yankees' runs, one of them on a double steal.

John Quinn (Pieris) of the New York Yankees declares this is his last year on a player. He says he wants to be an umpire and will seek such a berth next year. If 20 years of experience as a player counts for anything he should make a good umpire.

In New York great emphasis is laid by some of the "friends" of Miller Huggins on the fact that the Yankees during their winning streak in the west were not managed by Huggins, who was ill, but by Charley O'Leary and Roger Peckinpaugh.

Urban Fisher is a great pitcher, but his hitting is something else again. In a recent series against the Brownie P. he got a nice little hit. One of his team mates congratulated him. "Yes, it was great," replied Fisher, "Davis hit my bat for me and the ball went safe. A great hitter I am."

The Russellville franchise in the Alabama-Tennessee league seem to be begging for a place to locate. It was offered to Huntsville, but that town has an independent team looked up for the season and it declined to make the change to league ball.

The Russellville club of the Alabama-Tennessee league finally found a home last week when Athens gave it a harbor. It had been offered to several other cities, but none of them seemed to care for a venture in organized baseball at this time.

The South Atlantic league has again affirmed its decision to go through with the original program and not split the season. A meeting was held on July 21 to pass on the matter of split or no split and on the splitters failed.

BISHOP OF DENVER GIVEN AUDIENCE BY POPE BENEDICT XIII. (AP)—Monignor J. Henry Thien, Bishop of Denver, Colo., received in audience by Pope Benedict XV, yesterday, presenting a report of his diocese which the pontiff found to be most satisfactory. Later, Bishop Thien introduced to the pope a group of 30 American pilgrims, to whom Pope Benedict delivered a short address.

The pontiff's address greatly appreciated the visit of the Americans, especially because of the difficulties of travel at present and the oppressive heat. He expressed the apostolic benediction at the close of his talk.

JAPANESE URGE LIFTING OF BAN ON GOLD EXPORT

Kiobe Chamber of Commerce Makes Recommendations for Improving Nation's Foreign Trade

TOKIO, (AP)—In reply to an official invitation from the Chamber of Commerce it is to submit the following plan to the department of agriculture and commerce for improving Japan's foreign trade.

"First, effect a reduction in the cost of production and a decline in the price of commodities by lifting the ban on the export of raw silk and silver by encouraging investments abroad and by enhancing the efficiency of production.

Second, increase the supply of low interest funds among traders and make banks pay cheap bills convertible at a long period as possible."

The chamber also recommends rules for preventing unreasonable competition in selling goods to foreign markets, the establishment of a trade bureau in the center of Japan as a model for the institution of encouraging and facilitating foreign trade, the adoption of the export credit scheme as in England, the opening of a steamship service for the Black Sea, the East Mediterranean and the Persian gulf, and the lowering of foreign telegraphic charges.

POINTS WITH ALARM TO DRIFT TO BUREAUCRACY

Standard Oil Company Executive Pleads for "Public Scope of Individual Initiative" WATERTOWN, S. D. (AP)—Deery, government ownership of industries and planning for "the future scope for individual initiative." Col. E. W. Stewart, of Chicago, chairman of the board of the Standard Oil company of Indiana, Wednesday told the South Dakota Bar association that he believed in jurisdiction to curb and restrain rapacity and greed, but not to destroy initiative and progress.

"Bureaucracy has so grown that we are drifting into a state where we have no federal employe for every taxpayer who is not on the government payroll," he said.

# WILL RESTRAIN UNRULY YOUTHS AT LINCOLN LOT

## Juvenile Authorities Take Action to Protect Patrons from Further Rowdiness

Definite action has been taken by city and county officials to restrain the pernicious activities of lads who, by means of the officials of the Lincoln lot, attend games at Lincoln park. In future, authorities state, games of "blight" league and other games will receive ample protection from the enforcing efforts of these lads who, heretofore, have carried on mischievously and sometimes maliciously from the stands.

**Segregation Ordered.**  
The authorities previous to last night's game between the Idaho Dr. partment and the Moose team, through the umpire commanded that all boys under a certain age heretofore occupying one section of the bleachers removed from the stands occupied by paid patrons of the game. By this plan it is believed a better walk can be kept on the grounds and their mischievous proclivities restrained.

Recently a woman patron of all games played at Lincoln park complained of the acts of boys who maliciously allowed soda water to pour on her clothing. "My dress was utterly ruined," she complained to Judge O. P. Davall. More recently a bunch of uncontrolled boys, using shooting paper wads at birds of their own age and class, turned attention to the patrons of the game seated lower down in the bleacher benches, and literally poured volleys of paper wads, beans and other disturbing if not injuring missiles on the unprotected crowd.

The boys, it is explained, have always been welcome at all games as guests of the league management, and no fee has ever been required for admission. President Frank Klotzner considers the youths have abused the generosity of the executives, but is inclined to give the offenders one more chance.

### Appeal for Help

"I appeal to the patrons of these games to immediately report instances of unruliness, and urge that information leading to the apprehension of offenders be lodged with other myself, other members of the league executive board, police officers or managers of tennis, so that we can all cooperate in maintaining decency at the park," President Klotzner stated today.

No further action will be taken against former miscreants whose names have been handed to authorities for consideration, unless further offenses are committed. In these cases the culprit is to be delivered to the police who will deliver their charges to the juvenile authority for drastic action. The league management will bar the offenders from the park during the remainder of the season.

They report a very fine trip, free of storms and accidents.

## IMPEACHES TESTIMONY OF HAWAIIAN LABOR LEADERS

### Japanese Appeal for Funds Goes into Record of Oonilo Bill Hearing

WASHINGTON, D. C. (P)—A translation of a Japanese appeal for funds to send representatives of organized labor to Washington to protest against the proposed admission of Chinese coolies to Hawaii, published in the Labor Review, Honolulu, was placed in the house immigration committee records today by Chairman Wright. It was sufficient, Mr. Johnson said, to discredit the testimony of George W. Wright, editor of the Review, and president of the Central Labor Council of Honolulu, concerning agricultural labor conditions on the island.

Previous testimony had shown that Wright and William Wilson, treasurer of the union, had been to Hawaii on a fund supplied in part by the Japanese in the island.

"We believe the secretary of labor is standing on our side and if such a bill passes congress he will never put such a program into practice," the translation said. As to the "capability of Wright and Wilson who are always our friends," it added:

"As the situation of the coolie bill does not allow us to hold optimistic feelings, we are anxious Wright and Wilson as the representatives of the Central Labor Council to present evidence of facts to the Washington authorities to block the treacherous policy of importing coolie labor. The expense of sending delegates is defrayed by raising money from every organization as well as contributions from persons who belong to our class. We hope such persons as possible will contribute."

REASON DICTATES THE COURSE

Effort on the part of shippers and consumers to secure downward revision of freight rates, as typified by organization of the Southern Idaho Traffic Association...

The fact that existing freight rates as applied to the Twin Falls county representing an increase over rates obtained in 1914 amounting to 46 cents a sack on potatoes...

When confronted with this situation the man who pays the freight is apt to call for a more equitable distribution of the burden...

There is reason to believe that tangible benefit can come through such an organization...

It is neither desirable nor necessary for the attainment of its objects that an organization of shippers and consumers seeking a revision of freight rates should adopt the tactics of a corporation battle...

It is most unlikely that the leaders and the rank and file of the organization that is coming into being to fight the battle of the shippers and consumers of southern Idaho will be misled into the adoption of any such policy...

It is a reasonable request which they have to present, and as such it is entitled to consideration with excellent prospect for remedial action.

## Wood Industries Must Pay Heavily for Long Hauls as Forest Resources Recede

"Reforestation has not been taken seriously by the average business man in the United States," said Colonel W. B. Greely, chief of the forest service, United States Department of agriculture, before the National Association of Wood Turners recently. "Reforestation has been looked upon as a task quite removed from the practical interests of the manufacturer, as something more concerned with park or shade trees or resort bushes."

**World's Greatest Lumber Market**  
Chicago is the greatest lumber market in the world. Since 1880 an average of over two billion feet of lumber has come into Chicago every year. In 1920 the figure was nearly two and one-half billion feet, 60 percent of which went into local construction and manufacturing industries. In 1909 the average freight and out-of-pocket cost of lumber coming into Chicago was less than \$3 per foot. Since that time the local sources of supply for this territory have been exhausted one after another. Lumber shipments have increased greater and greater distances, and the average freight bill paid by the Chicago distributor has steadily risen to more than \$15 per 100 feet.

## CHINESE PUSH WORK ON AMERICAN TRADE BOATS

Largest Vessels Ever Built in China Rearing Completion in Shanghai Yards

SHANGHAI, (AP)—Work of installing engines and mechanical equipment in the hulls of the steamers Oriental and Cathay is proceeding rapidly and it is believed that before the summer is over these two ships, which are the last of four built in Shanghai for the U. S. shipping board, will be delivered at San Francisco. The first two of the four vessels are the Mandarin and Colossus which have been completed. The building of the four vessels, all sister ships of 10,500 tons, is a distinct achievement for Chinese builders and marks a noteworthy advance in the industry of shipbuilding in this country, for they are the largest boats ever built in China. Reports of shipping men to representatives of the American shipping board at Shanghai also hold that by the end of the summer some time ago at San Francisco, were held to be one of the best ships of the kind constructed for the shipping board. It is the belief of officers of the company, builders of the four vessels, that all four will live up to the standard set by the Mandarin.

## Surgeons Sew Up Knife Wound in Boy's Heart to Save Life

Frank Farino, sixteen-year-old boy, of Brooklyn, N. Y., is in Holy Family Hospital, where three stitches were taken in his heart to close a wound following an accident, when a knife he was sharpening slipped and punctured his heart. Surgeons of the hospital staff saved the heart, after having taken away sections of two ribs to make a hole way to the heart. The boy is recovering well, and there is hope for his recovery, although blood transfusion may be necessary. The diagram shows how the heart was stitched.

### CURB LIGHTING CONSTRUCTION SCHEME STARTS

Preliminary Steps are Taken Toward Installation of Illumination Plan

Preliminary operations are under way for the installation of the curb lighting system along Main avenue and Shoshone street. With continuance of satisfactory weather and working conditions this system, it is expected, will be ready for service at the end of six weeks.

This installation work is being done by forces of the Idaho Power company under supervision of E. E. Bohler, contractor employed by the city administration as superintendent of work.

Initial operations, started last Tuesday, include securing of pavement to a depth of several inches for the reception of service cable. These trenches are being cut by hand-driven tools through pavement over street in sections and along crossings. This work should be completed early next week.

The lighting system provides for the erection of 108 ornamental posts designed to support a single illuminating lamp of high power. The plant will stretch from the O. S. 12 passenger station grounds along Shoshone street to a junction with the post lighting system at the courthouse and city park blocks with four posts to the block on each side of the street, except in the actual business section, where 10 light poles will be erected. Four business blocks along Main avenue will be illuminated from the curb, with 10 posts to the curb.

All material for this installation is in storage, and no delay in the work will be occasioned through lack of plant equipment, officials of the power company announce.

### BIBLE CONFERENCE IS TO OPEN SUNDAY EVE

Los Angeles Evangel Will Be in Charge of Church Convocation at Knoll

According to official announcement the Rev. W. H. Pike of the Los Angeles Bible institute, will conduct a week's bible conference in the First Presbyterian church at Knoll. The session will open on August 7 and scheduled to continue to August 14, inclusive.

The conference is programmed to have its first session on next Sunday evening. The Rev. Mr. Pike will be assisted by Mr. Mills, singing evangelist, who is making a summer visit in this district. Mr. Mills is rated one of the foremost singing evangelists and choir leaders in the country.

The scene of the conference is a wide, level southwest of Twin Falls, and has paved nearly all almost to the doors of the church.

### ORE SHIPMENTS DECLINE REDUCES LAKES TRAFFIC

Tonnage Passing Through Canal at Sault Ste. Marie Less in July Than Year Ago

SAULT STE. MARIE, Mich., (AP)—Freight passing through the American and Canadian canals here during July totaled approximately 4,000,000 tons, less than for the same month last year, according to the monthly tonnage report. The traffic aggregated 4,233,582 tons. The greatest decrease in freight tonnage was in ore shipments, 4,357,760 tons, or less than half the amount carried eastward in July, 1920, being hauled last month. This, however, was an increase of 1,000,000 tons over June of this year.

Coal, grain and lumber shipments were heavier than a year ago. The increase in lumber shipments was 3,000,000 feet, the total for last month being 86,414,000 feet.

"REBECCA'S TRIUMPH" will be given at the L. D. S. church by the Beehive Girls on Friday evening at 8:30. Admission 15 and 25 cents—adv.

### OUSTER DEFENSE OFFERS NO TESTIMONY IN COURT

Non-Suit Motion Denied is Followed by Order for Briefs from Both Sides

At the close of plaintiff's testimony on the ouster and damage actions brought by E. F. Walton against W. W. Park, G. W. Rice and D. F. Clark, Judge W. A. Babcock of the district court, yesterday, afternoon denied a motion, presented by the defense for non-suit. Defendants' counsel announced it would rest its case on the motion.

Judge Babcock has allowed the plaintiff's attorneys five days in which to file briefs and the defense will have five further days for the same purpose. In addition the plaintiff is accorded two days in which to file answer.

Yesterday's testimony, written into the records by E. N. Day, deputy court reporter for this case, was provided principally in the recall of witnesses heard earlier in the case. Testimony was provided by owners and employees of newspapers relating to the publication of certain official reports by the school district board of which two of the defendants are now members, the other having resigned, and Plaintiff Walton took the stand to testify that he had investigated the files of the Chronicle, now not being published.

Final judgment will not be rendered until after all briefs have been fully considered with the testimony adduced at the hearing by Judge Babcock.

### BANK ASKS JUDGMENT

In three particulars the Bank of Hansen has brought suit in the district court for judgment against defendants on promissory notes. One suit is brought against C. E. Hark and Ned J. Jensen for \$500, another against Jess Turner for the same amount, and the third against C. R. Helfrich for \$251.72.

### First 1921 Wheat Sold by Riggert on Local Market

Eight Hundred Bushels of Irrigated Winter Grain Comes to Millers

To H. J. Riggert, farmer, residing on a place on the Falls road, three-quarters of a mile east of the Waters corner, goes credit for delivering at market the first sample of the 1921 season's wheat crop grown on a district farm. The delivery, in part, was made yesterday.

The wheat, of which there is to be delivered 800 bushels, was contracted by the grower to the Twin Falls Milling & Elevator company yesterday, when the initial delivery was made.

According to officials of the mill the grain is irrigated winter hard, and is of good quality for this character of grain. The price contracted is \$1.15 per hundredweight.

### PLAY EQUIPMENT IS FOUND FOR KIDDIES

Kiwanis Appropriation Makes Provision for Game Playing in Park

Friday morning at 9 o'clock the play and story hour in the park for all the little people who care to attend. Miss Jessi Preece announces that a portion of the playground equipment has already been procured and will be in use tomorrow.

The Kiwanis club appropriation last week made ample provision for a supply of ball of various sorts, but it has been found necessary to wait for local dealers to obtain some of them.

### NORTH SIDE COMMUNITIES TO JOIN TRAFFIC BUREAU

Jerome, Eden and Hazelton Men Listen to Story of Undue Freight Rates

Before an audience which made up in enthusiasm what it lacked in numbers, Asster B. Wilson, president of the Twin Falls Chamber of Commerce and John W. Graham, representing the same institution delivered the message of the proposed Southern Idaho Traffic association at Jerome last night.

Two cars of Twin Falls business men including the two speakers, T. J. Woods, Leonard Smith, Ed S. Johnson, E. J. Ostrander, C. N. Bentley, Judge O. P. Duval and Roy A. Reed made the trip in the early evening returning about midnight. The meeting was held in the rooms of the Jerome Chamber of Commerce, representatives being present from Wendet, Hazelton and Eden.

R. E. Shepherd of Jerome backed up the statements of the Twin Falls speakers with substantial pledges of financial aid and paved the way for a complete understanding in effect that the North Side towns would co-operate in the movement and provide representatives at Friday's meeting in Twin Falls when the final steps in organization will be taken.

### CHARGES NON-SUPPORT

Married in Butte, Montana, December 30, 1906, Elizabeth Hughes has decided that she must have a divorce from William Hughes. Plaintiff charges that defendant does not contribute to her support, and for several years past has declined to converse with her on any subject.

### Rain Trace is One Feature of Day's Weather

ANOTHER trace of rain marked the weather of this place yesterday, but it was a mighty light sprinkle. Weather for the immediate future threatens to be fair.

Yesterday the mercury receded to a higher altitude than for several days, touching the 90-mark for pop. Night records show a drop, in total, of 41 degrees to 49.

### Deaths

Marion Whaley, aged 51 years, a farmer of Jerome, died at a local hospital last evening. He had been suffering from appendicitis. The patient was brought to Twin Falls Sunday in a critical condition, and an operation was performed immediately. He is survived by his wife and 13-year-old son. Of three brothers and one sister, who constitute the other surviving relatives, one, T. M. Whaley, lives on a farm near Jerome. No funeral arrangements have been made and the body is being held at the J. E. Dowitt undertaking establishment, pending response from absent relatives.
