

## 30 DAY RECESS IS AGREED UPON AT WHITE HOUSE

Plan that the Cessation of Verbal Hostilities to Become Effective On or About August 20

## RAILROAD FUNDING BILL IS LA FOLLETTE'S TARGET

Senator Pomeroy Refers to the Plan as "Handout" - Meyer Defends the Measure Before Committee

WASHINGTON, (P)—Agreement for a thirty day recess of congress beginning August 20, contingent upon passage by the house before that date of the tax and administration agriculture bill, was reached today at a White House luncheon conference between President Harding and Senators Lodge and Curtis.

## Funding Bill Under Fire

WASHINGTON, (P)—Opposition to the administration bill for funding about \$500,000,000 for the railroads developed openly today before the senate interstate commerce committee.

La Follette opposes the bill. Senator La Follette, republican, Wisconsin, opened fire on the bill, while denouncing it, he said, "media talks the proposal as a loan to the railroads. Senator Pomeroy of Ohio, referred to it as a 'handout'."

## Points to Losses

Senator La Follette referred to losses by the war finance corporation to the Brooklyn Rapid Transit company and a New Orleans street railway company which he said soon afterwards became bankrupt. The senator said he did not like to indicate "how business was transacted."

## Director Meyer replied that he reported the B. R. T. loss as "essentially complete" and said the New Orleans loss had been paid in full.

Senator La Follette sought to show that the bill really would authorize the war finance corporation to issue securities rather than only \$500,000,000. Mr. Meyer declared that funding of the latter amount was not essential, or could be reasonably accomplished.

## Baffling Phenomenon Cause of Shipwrecks - Another is Aground

Steamer Golden Gate is Fast on Shoal 35 Miles from Oristobal

WASHINGTON, (P)—A baffling phenomenon of ocean currents, hitherto just discovered, probably accounts for the loss Saturday of the steamer Alaska and 47 lives on the California coast. It was announced here today by Col. Leslie Brown, director of the coast and geodetic survey. While driving parallel to the Pacific coast, he said, he set up new currents which unaccounted for navigators' drift inland, instead of exactly in wind direction.

## Another Ship Grounded

SAN FRANCISCO, (P)—The steamer Golden Gate, Manchester, England, for San Francisco, via the Panama canal, is fast on a shoal 35 miles from Oristobal, according to a wireless message received by the San Francisco chamber of commerce.

The captain and fourteen of the crew remained with the ship, while the rest of the crew made Oristobal for assistance. A wrecking tug has been sent out, the message said.

## Petrified Giant Prime Condition Is Found in Mine

Measures Six Feet Four Inches and Weighs 450 Pounds; Wears Neck Chain

KNOXVILLE, Tenn., (P)—Workmen of the Keene-Trunk Co. company at Hixsonville, Scott county, have found petrified in the earth and petrified, a giant six feet four inches tall. About its neck was a beautiful chain. The fingers are perfect, with long tapering nails. The hands are folded across the breast. On either side of the head are two horns each about four inches in length. Its weight is about 450 pounds.

## HUNT WILDS OF NORTHLAND FOR YUKON PIONEER

Con Van Alstyne, Noted Prospector, Thought to Have Been Devoured by Wild Beasts - Was Unlucky Man

DAWSON, Y. T., (P)—Fosses led by United States Marshal Powers today were searching for Con Van Alstyne, noted Yukon prospector who has been missing for several weeks. He is believed to have fallen into an old prospect hole, or to have been killed by wild beasts.

Van Alstyne, some time called the unlucky man in Yukon, left his summer camp on Mission creek a few weeks ago on a prospecting trip to Eagle, 100 miles north of Dawson.

He had been searching for gold in the region for a quarter of a century. He first attracted attention when he staked the famous claim No. 10 Eldorado, in Klondike camp.

## Makes Poor Trade

Believing it poor, he exchanged it for another owned by Thomas Lippert, who later mined two million dollars from the property and his express took further fortune from it.

While Lippert went to Seattle a multimillionaire, Van Alstyne obtained very little out of Lippert's old claim.

## RESIGNATION OF WANG ENDS CHINESE COMBAT

General Chang Tso-Lin Not Expected to Make Further Trouble in Hupoh Region

PEKING, China, (P)—The resignation of Wang Ching-Yuan, military governor of Hupoh, fanned several days ago, had been accepted. General Wang, former commander-in-chief of the government forces in Hupoh, has acceded to the request of the Hunan-Hupoh government not wanting the decision of General Chang Tso-Lin, governor of Manchuria.

General Hsiao Yung-shan will be the new governor of the province of Hupoh. Further fighting is not considered likely. It is not expected that General Chang Tso-Lin will make any trouble.

## FLASHES FROM THE WIRE

DALLAS, Texas, (P)—Validity of an ordinance prohibiting street car racing was to be contested tomorrow of eight young men, including Gus King, football star. All are members of well known families.

ST. PAUL, Minn., (P)—Rev. Nils Brandt, said to have been the oldest Norwegian Lutheran minister in the United States, died here early today. For many years Rev. Brandt was connected with Luther College of Decorah, Iowa.

NEW YORK, (P)—The monthly tonnage report of the United States Steel corporation, made public today, showed 4,830,224 tons of unfilled orders on hand July 31. This is a decrease from unfilled orders of June 30, which were 5,117,968 tons.

BOSTON, Mass., (P)—The original state constitution of 1780 is the supreme law of the commonwealth and not the reorganized constitution adopted by the voters November 4, 1919, according to a majority decision of the supreme court handed down today.

KARUJAWA, Japan, (P)—William Hyde Price, professor of political economy at the Japanese imperial university and a prominent figure in the American colony at Tokyo, was killed accidentally yesterday in a fall down a gorge near here while on an excursion trip. He was born in Titusville, Fla., in 1880.

## WILL USE MEXICAN OIL FOR PAYMENT ON DEBTS

President Obregon Announces that the July Collection will be at Once So Applying

## HANDS OFF IN GRECO-TURKISH FRAY IS STAND

Lloyd-George and Harvey Adhere to Policy of Strict Neutrality in the Zone of Conflict

## ALLIED COUNCIL PUTS ASIDE SILESIAN ROW

Question is Considered Settled in Principle by the Tentative Agreement Reached Yesterday - Working on Details

PARIS, (P)—The allied supreme council today put aside the Silesian question, now apparently near a definite settlement, while awaiting the reports of the experts engaged in drawing the new boundary line between Poland and Germany in that area, agreed upon in principle between England and France yesterday.

## Take Up Turk Tangle

It was decided meanwhile to discuss the Greco-Turkish situation and German disarmament questions.

In taking up the former subject the council decided unanimously to adopt an attitude of strict neutrality in the Greco-Turkish war, without interfering with trading by private firms with either of the belligerent countries.

## Harvey Favors Neutrality

Ambassador Harvey said this decision was in conformity with the policy of the United States previous to its entering the world war, and he concurred in the council's decision.

President Lloyd George in a speech advocating neutrality on the part of the allies toward the Greco-Turkish conflict, alluded to American neutrality during war, when the American market was open to both the allies and the central powers, adding that the latter were unable to take advantage of the purchase of war materials on credit from the British blockade. He asked Ambassador Harvey if such was his understanding of the question, and the latter replied that this was fully second with the American view point.

## Liner Olympic Makes Record Atlantic Trip

NEW YORK, (P)—The liner Olympic completed last night, her fastest transatlantic voyage, having made the trip from Southampton and Cherbourg in five days, 15 hours and 38 minutes. Sir Bertram Hayes, her commander, said the big boat would have done better, had she not been delayed longer than usual at the French port in taking on passengers.

## BAKE MAKES ANOTHER

NEW YORK, (P)—Babe Ruth hit his best-remembered home run today in the third inning of the Yankees' game with Chicago. One man was on base.

## TWO KILLED IN BATTLE WITH MASKED BANDITS

Attempt to Grab Bag of \$5,000 is Frustrated by Police in Memphis

MEMPHIS, Tenn., (P)—Two men, one a policeman, were killed; and another was seriously wounded in a battle today in which four masked men were slain.

The men attempted to rob an employee of the Ford Motor company, who was carrying a bag containing \$5,000. He was entering the assembling plant of the company here with the money shortly after ten o'clock.

## WOULD RELIEVE CHINA OF BOXER INDEMNITY

WASHINGTON, D. C., (P)—The Chinese government would be relieved of further Boxer indemnity payments under a bill by Senator Lodge, republican, Massachusetts, reported favorably today by the senate foreign relations committee.

## OPPOSE ONE BIG UNION

WINNEPEG, Man., (P)—Regulating the one big union and their international organization, Winnipeg street railway workers have organized a new union. It is known as the Canadian Independent Federation of Street Car men.

## VIENNA, (P)—Four men were killed and many more injured in a disorder at the great Austrian presidential election Monday night. The inmates of the penitentiary, mutilated after sending an ultimatum to the government demanding that their sentences be reduced.

## Six American Prisoners Are Released by Soviet Russia

## SMALL ATTEMPTS TO DUTY SINCE RELEASE ON BAIL

Next Step Expected is Fight for Change of Venue to Another County - Tension is Relieved

SPRINGFIELD, Ill., (P)—A legal battle over a change of venue may be the next phase in the fight of Governor Len Small against charges of embezzlement during his term as state treasurer in 1917 and 1918.

## Tension is Relieved

His arrest yesterday after Sheriff Henry Meier had besieged the governor in many quarters, had no further effect on the tension at the capital which has been at high pitch since the indictments were returned July 20.

## Governor on Job

The governor today went about his executive duties as usual, having given bonds for \$50,000, and it was believed in many quarters that no further action would be taken until the governor and his indicted associates, Lieutenant Governor Fred Birling and Vernon Curtis, the latter a banker of Grant Park, Ill., appeared in the kangaroo court circuit court on the first Monday in September to answer to the indictments.

## IDAHO MAN IS FOUND DYING IN ONEIDA, N. Y.

Believed to Have Been Thrown from Automobile; No Clue as to Causes

SYRACUSE, N. Y., (P)—John James, 44, of Idaho, was found lying beside the railroad tracks near Oneida, N. Y., this morning. Nineteen cuts about his head, indicated an attempted murder, said troops believe. James was partly conscious, but could only murmur something about having been in an automobile. It is thought by the authorities that he was thrown from an automobile. His wounds had been partly dressed.

## Gooding Tells of New Tariff "Bloc" to Support West

Western Republicans Will Fight for Fair Treatment in Tariff for Their States

WASHINGTON, (P)—Formation of a western tariff "bloc" by a group of senators organized and unofficial agricultural group in the senate was announced today by Senator Gooding, republican, Idaho. The new group is composed entirely of republicans from western states. Senator Gooding said, alluded to fight for "fair treatment for the west" in the tariff bill.

"The west has not been treated fairly in the past," said Senator Gooding, who was elected chairman of the western senators' unofficial organization.

"We plan to stand together to secure fair treatment for western interests in the new tariff. This applies principally to agriculture products and livestock, of course."

As a working sub-committee of the "bloc," Senator Gooding appointed Senators Johnson, California; McNary, Oregon; Capper, Kansas, and Nicholson, Colorado.

## Prison Inmates Rebel; 4 Killed; Others Hurt

VIENNA, (P)—Four men were killed and many more injured in a disorder at the great Austrian presidential election Monday night. The inmates of the penitentiary, mutilated after sending an ultimatum to the government demanding that their sentences be reduced.

## English Buyer Seeks 5,000 Carloads Apples

CINCINNATI, O., (P)—The International Apple Growers' association conference today set the largest apple tenders ever recorded at its meetings. Two special trains, one from New York and one from Chicago, brought double carloads of apples to Cincinnati.

There appeared to be no means of extinguishing the conflagration, the message added.

## Aid to Famine Stricken Areas Will Be Withheld Till Others Are Set Free

## CONDITIONS IN STRICKEN AREA ARE SAID TO BE THE WORST IN HISTORY

## IDAHO BLESSED WITH POTATOES

State Will Yield Increased Tonnage in Year when National Shortage is Apparent

BOISE, (Special).—Commenting on the national shortage of potatoes as disclosed by the government crop report yesterday, Mijon Cannon, commissioner of the department of agriculture, today said:

"Predicts Good Prices."

"While it is not the function of the department of agriculture to prophesy, the tendency will be to stimulate the values of potatoes during the entire season. The potatoes are grading out much better than ever before, and they are selling very well in the market."

According to reports from the department of agriculture, Idaho potatoes will yield Tuesday at from \$2.35 to \$2.55 per 100 pounds.

## Jacobson Shows Situation

J. E. Jacobson, head of the government statistical work in Idaho, said:

"Last and drought reduced the United States potato crop 61,000,000 bushels during July. The August 1 forecast was 510,000,000 bushels, compared with the July forecast of 377,000,000 bushels. In 1920 the United States production was 431,000,000 bushels, while the European average production 1915 to 1919, was 377,000,000 bushels."

## Unfavorable Weather in East

"The decidedly unfavorable weather that has prevailed throughout the east is reflected in the low condition of the crops. On August 1 it was only 65.8 per cent of normal, a slump of 17.6 points from July 1, when it was 83.4 per cent. August 1 that year showed the condition of the crop, and the 10-year average condition on August 1 is 81 per cent."

"The above indicates that 1921 promises to be an off year for potato production, and should prove particularly interesting to Idaho growers, who have planted 53,000 acres by 12,000 acres more than ever before. Hot weather and wet conditions in the Idaho crop, reducing the July forecast half a million bushels. However, we still have in sight a 9,000,000-bushel crop, compared with the 7,000,000-bushel crop last year."

## AGREE TO CUT IN HEAVY WAR TAXES

Fordney Plan Would Also Eliminate Freight and Passenger Transportation Charges

WASHINGTON, (P)—Reply of the executive committee of the House of Representatives to a resolution of the House of Representatives, passed July 22, providing for a 22 per cent effective as of last January 1, and of all the freight and passenger transportation taxes as of next January 1, was agreed upon today by republicans of the House ways and means committee, Chairman Fordney announced.

The committee majority also agreed to increase the normal income tax of corporations 5 per cent, making a total of 15 per cent instead of 12 1/2 per cent, as suggested at the White House conference last night.

There appeared to be no means of extinguishing the conflagration, the message added.

## English Buyer Seeks 5,000 Carloads Apples

CINCINNATI, O., (P)—The International Apple Growers' association conference today set the largest apple tenders ever recorded at its meetings. Two special trains, one from New York and one from Chicago, brought double carloads of apples to Cincinnati.

There appeared to be no means of extinguishing the conflagration, the message added.

However, we still have in sight a 9,000,000-bushel crop, compared with the 7,000,000-bushel crop last year."

## AMERICANS REACH REVAL

REVAL, Estonia, (P)—A special bolshevik automobile, carrying the Americans who had been released from Russian prisons, arrived here at 6 o'clock this morning, where the American Red Cross met the party. It was a comfortable clothing to replace the discarded caucasic uniforms and other queer habiliments.

The non-descript guard gave them strangely foreign appearances, so that they could not be recognized as Americans as they rode in on the bolshevik conveyances.

All six of the Americans were in fairly good health and appeared to be delighted with their freedom. Most of them said they were going to America where they expect to sail for America as soon as possible. None of them knew the exact whereabouts of Royal C. Koeley, an American engineer, other than that he was "running a factory some where for the bolsheviks."

## WILL WITHHOLD RELIEF

WASHINGTON, (P)—Plans for American famine relief in Soviet Russia were discussed yesterday with President Harding by Secretary Hoover. He said relief work actually would begin when American prisoners are confined in the Soviet territory. Hoover said that if the Soviet government were to release the prisoners, the relief work would be stopped.

Transportation facilities were available, Secretary Hoover said, to enable Americans to get out of Russia quickly from Petrograd and Moscow but the exact details of the relief work in the regions might take as long as a month to cross the borders.

American relief work in Russia, Mr. Hoover said, would be entirely American in personnel.

# O. S. L. REPORT SHOWS DIVIDEND OF 8 PER CENT

Operating Income for 1920 Reaches \$44,500,000, an Increase of \$6,300,000 Over Previous Year

**SALT LAKE**—(Special)—The Oregon Short Line reached, as well as paid, an annual dividend of 8 per cent on its \$100,000,000 stock held by the Union Pacific Railway company, it is indicated by the annual report of the Short Line, filed with the public utilities commission of Utah.

The report shows that the Oregon Short Line had a gross railway operating income in 1920 of \$44,500,000 which was an increase of \$6,300,000 over the figure for the previous year. Railway operating expenses were \$38,200,000 and (taxes) were paid to the total of more than \$3,250,000, chargeable against the operating revenue. The net railway operating income was more than \$2,500,000. The railway was operated for a part of the year by the federal government. The report shows that the company net income for the year was \$17,500,000 approximately. After the company had paid more than \$2,500,000 interest on its funded debt.

Among the corporate items are \$1,870,000 as income from the lease of land, a similar amount as dividend income and nearly \$2,500,000 in income from funded securities held by the company. The company reported a \$28,000 loss from income as dividends and transferred more than \$7,800,000 to surplus account. The latter account paid out \$5,000,000 in the dividends for 1920.

The railroad carried during the year more than 10,750,000 tons of freight. Practically 3,000,000 tons of the freight consisted of coal, 2,000,000 were products of the forest, 2,000,000 products of agriculture, 400,000 products of animals and 1,600,000 products of manufacturers.

The Oregon Short Line employed in 1920 an average of 19,888 employees and paid them \$21,100,000. It used 800,000 tons of locomotive coal, paying \$250 a ton on the average, and 250,000 cords of wood at \$7.18 a cord, and 250,000 gallons of fuel oil at 7.23 cents a gallon.

In addition to its \$100,000,000 stock, it has \$120,000,000 in bonds totaling \$240,000,000 in an account owing to the Union Pacific. The company's total of investments is given a stock value of \$230,300,000. It has a surplus of \$60,750,000.

Among the stock held by the Short Line are \$1,000,000 in Oregon & Washington Railway, \$18,000,000 in the Great Lakes Route, or 60 per cent of the road; practically \$50,000,000 of the Oregon-Washington Railway & Navigation company, or all of the stock; bonds and notes of the latter company; \$310,000,000 of New York Central, \$57,000,000 of Illinois Central, \$1,800,000 of St. Paul and \$4,000,000 of Great Northern.

The Utah Light & Traction company, Utah, \$2,475,000 in Idaho, \$161,000 in Montana, \$48,000 in Oregon and \$70,000 in Washington. It paid a total of \$250,000 to the federal government, of which \$172,000 was income tax.

The Oregon Short Line operates 2,850 miles of road and 3,225 miles of tracks. Only 242 miles, or rather more than one-tenth of the road operated, is in Utah.

**Attractiveness of Advertising.**—The man who doubts whether advertisements are read is living in the past, says the Shoe and Leather Reporter. Editors are beginning to fear they will be overdone, so attractive have the advertising pages become. The editor experiences difficulty in holding the attention of his readers today against the picturesque announcements of those who can have their white space they are able to pay for.

**Commands Clinio on Auto to Aid Indians**

Miss Ida May Shale, a trained nurse of 16 years, who will be traveling auto-clinic being sent into the wilds by the California board of health, in co-operation with the federal Indian service. The clinic was organized after a preliminary survey showed that a large proportion of the Indians suffering from leishmaniasis, tuberculosis and other diseases.

INDOOR SPORTS LISTENING TO THE SUBURBAN COMPOSER GARGLING HIS OWN SONGS

## RAILROAD TRACKS WILL BE SUBMERGED FOR DAM

Five Miles of Right-of-Way will be Water Covered for American Falls Works

**AMERICAN FALLS**, (Special)—Approximately five miles of railroad track and right of way between Blackfoot and Aberdeen will be submerged in the building of a maximum capacity reservoir, according to the announcement of reclamation engineers yesterday.

A. N. Whitcomb, engineer for the Great Northern railway, is here for a few weeks, consulting the local reclamation engineers with regard to the problem, as well as other problems connected with the railroad property that will be moved in American Falls.

Flooding of the right-of-way above mentioned, will be between Springfield and Sterling for the most part. The land is only slightly rolling in this section and, according to the engineer, is very deceptive to the eye. It was not until the survey had been carefully made that it was discovered the railroad would be damaged in this section.

The most feasible plan for solving the problem is, according to present calculations, the moving of the railroad to higher ground. This can be accomplished without great inconvenience or expense, according to the engineers. The forces employed here with the reclamation service have been out 60 percent within the last two months, the record shows. There are only 10 people on the local office payroll, the engineers having been transferred to King Hill, Mountain Home, Boise and other points.

No word has been received by local officials regarding the tentative contract that was signed with the Idaho Power company some six weeks ago.

## GROWERS UNITE TO ADOPT FEDERAL TOMATO GRADES

The federal bureau of markets and crop estimates, United States department of agriculture, and the New Jersey growers are beginning to cooperate in a shipping point inspection demonstration upon federal tomato grades. The local shippers and leading growers of Ewelesboro, N. J., have expressed a desire for such service so they feel that definite grades properly enforced will go a long way toward increasing net returns.

Switzerland is one of the leading tomato shipping points in the United States. The crop promises to be nearly as large as last year and of good quality. It is estimated that Sweden's numerical count be about 1000 and 1200 cars during the season. The movement has already commenced but heavy shipments are not expected until after the middle of July.

The federal grades are U. S. No. 1, U. S. No. 2, and U. S. No. 3. The No. 1 grade includes tomatoes which are well shaped, uniform in color and free from such defects as catfacing, growth cracks, or injury from disease and insect. The No. 2 grade includes all stock which does not show leekiness, but the No. 3 contains ungraded stock or tomatoes which cannot be packed in either of the other grades. The marking requirements specify that either the minimum diameter or the numerical count be stenciled on the package in addition to net weight or volume now required under the provisions of existing legislation.

**Whole Household There.**—When Mr. and Mrs. Smith, with their pet ferret, called just before dinner, Buddy hurried to the kitchen, where mother was cooking a chicken, and said: "You're better than a cat, mamma, 'cause Mr. Smith has brought all his family with him."

## BIG PARK ELK JOINS B. P. O. E.

Swallows Application for Membership in Gotham Lodge; Made Western Masoch

**YELLOWSTONE PARK**, Wyo., (P)—"Bill," the outlaw elk of Yellowstone, has been adopted by members of New York lodge, B. P. O. E.

Bill had been in disgrace. His crime lay in being too tame. Residents of Mammoth where park headquarters are located, spotted Bill by tracking him to their hands. From a pet he became a pest. So tame was he after a reason or two that he no longer joined his brothers and sisters in their wanderings about Yellowstone and became an outcast.

**Has Got Taste.**—Also his tastes degenerated. They became almost godlike. The day came when no laundry hanging from the backyard clothesline was safe from his appetite. His special taste was for little silken dainties. So they locked Bill up in a corral and there he has remained.

Then came the crowd of New York Elks, visiting the park on their way home from their recent Los Angeles convention. A group of them visited the corral where a number of calves are kept.

**Answer to His Name.**—"Hello, Bill!" cried one to an approaching group. Bill knows his name, and thinking he was being summoned, hurried up for food.

So surprised was Patrick McGrath, excited ruler of the New York lodge, that he dropped a slip of paper he had been holding, with other mail, in his hand. It was a membership application.

Now Bill has a particular fondness for scraps of paper and many a magazine here and telephone number have disappeared down his throat. A moment later and Bill had a membership inside of him.

After that there was nothing left but to bestow some sort of honor on the outcast. Accordingly he was officially appointed western mascot of the lodge. And they arranged a special banquet for him.

**Shawls came First.**—The shawl is the mother of all clothes. Before scissors were invented all humans, who were anything at all, wore shawls. The colder the climate the larger and heavier the shawl. In the tropics the shawl was of lightest size. The summer shawl is our sheet. The toga, and finally the clothes of today emerged from the original shawl. Even as late as our Civil war men wore shawls for overcoats.

## POULTRY EXPERT WILL COME TO SOUTH DISTRICT

R. T. Parkhurst Proposes Trip Through South Idaho on Extension Service

**UNIVERSITY OF IDAHO**, Moscow, (Special)—Prof. R. T. Parkhurst, head of the university poultry department, will do extension work in southern Idaho throughout the month of August, by arrangement made with Pres. Moore, extension poultry specialist.

Following attendance at the convention of the American Poultry association in Seattle, he will conduct a series of culling demonstrations in Power county, August 15-17. He will conduct demonstrations in Cassia county, August 18-24; Jerome, August 25-27; Camas, August 28-30; Canyon, September 1-3.

Professor Parkhurst joined the university faculty in March, having come from Ames, Ia., where he was assistant extension professor of poultry at Iowa State college.

**Splendid Slumber Inducer.**—Judy Tunkins says that whenever anybody starts to explain the fourth dimension to him he closes his eyes so that nothing can distract his attention. In that way he manages to steal a few minutes' sleep.

## STOCKHOLDERS TEXAS-WYOMING OIL COMPANY.

Manager Catteugh has just returned from the oil field with samples of oil taken from well No. 2. Further sampling have been received since with the information that the well is now flowing. The oil was found at a depth of 1074 feet in what is known as the Torchlight Sand. Some water was encountered in the same sand.

At a meeting of the board of directors Saturday it was decided to employ an expert geologist to investigate and advise as to the best course of action. If this hole is on the edge of the pool it may be necessary to put down a new hole a short distance away from this one. Otherwise, it may be decided that it is necessary to go deeper. This well was put down in about 18 days.

Stock will continue to be sold at 20 cents a share until production is assured. Since some expenses have been incurred and further expenses will be necessary to complete the well, every stockholder is asked to help. Manager Catteugh has accomplished much with little money. He has secured new leases or 1100 acres of the most promising lands in this territory, and it is expected that a number of good wells will soon be developed.

This well is located near the crest of the Zimmerman dome, which is considered among the best locations in the state.

Stock ops. all. Send in your check to E. A. Dickey, treasurer, Box 37, Tulsa—Ad.

# SEATTLE HOLDUP GANG IS CAUGHT IN KANSAS CITY

Part of Loot Taken from Bank Messenger Is Recovered by the Police—Women are Involved

KANSAS CITY, Mo., (AP)—The local police today were holding two men who gave their names as Edward Patton of Portland, Ore., and Louis Gordon of Seattle, Wash., and who last night made written statements that they were implicated in \$25,000 bank messenger holdup at Seattle, July 14, last. The police also were detaining two other men and three women who were arrested at a downtown hotel with Patton and Gordon. The other members of the party, however, police said, were exonerated by the statements of Patton and Gordon.

There also was in possession of the authorities \$4400 in currency, said by detectives who caused the arrests, to have serial numbers similar to those on money taken in the holdup. The currency was in possession of one of the women, who gave her name as Miss Elva Ducker, San Francisco, and who Patton told the police, was his wife.

The other members of the party gave their names as John J. Murphy, San Francisco, a bookkeeper; Miss Myrtle Moore, Billings, Mont., and Miss Myrtle Moore, Kansas City.

Patton and Gordon were quoted by the police as saying that they left Seattle the night of the robbery and went to Tacoma, Wash., going from there to Portland where they bought a motor car and started for Kansas City. The other two men and two of the women, they said, joined them at Salt Lake City, Utah. The third woman was said to have met the others here.

## HAWAII PAYE LARGEST PER CAPITA INCOME ASSESSMENT

HONOLULU, T. H., (AP)—Hawaii pays the largest per capita income assessment of any territory in the nation, not excepting New York, according to Colonel Howard Hathaway, collector of internal revenue at Honolulu. He reports that 15,545 persons made returns here last year and that the money they paid in taxes aggregated \$20,076,778. Of this amount \$18,539,092 represented income taxes.

## WITHDRAWAL OF WHISKY FROM WAREHOUSES REDUCED

WASHINGTON, D. C., (AP)—Withdrawals of whisky from bonded warehouses during the first six months of this year, fell off by more than \$500,000 gallons, compared with the same period last year, according to internal revenue bureau records. From January 1, 1921 to June 30, 1921, 1,487,308 gallons were withdrawn.

## HENRY P. DAVISON TO UNDERGO OPERATION FOR EAR TROUBLE

NEW YORK (AP)—Henry P. Davison, member of J. P. Morgan & Company, will undergo an operation for ear trouble later in the week. It was announced today. The hearing in one of his ears has been impaired for some time and the auditory nerve became affected.

## CLEAR WOOL BEST

That clear wool is worth, more than lumpy wool was conclusively demonstrated in connection with the recent cooperative sale of some 31 bales of wool by farmers in Humphreys county, Tenn., say marketing specialists of the bureau of markets and crop estimates, United States department of agriculture. The wool was separated into six lots according to freedom from burrs. The lot with the fewest burrs brought 19-1/2 cents a pound at shipping point and the lot with the most burrs nine cents.

## Just a Week-end Trip

Minneapolis workmen claim to have discovered from ancient Roman ruins while digging in the street. But what's the answer? That Julius Caesar once conquered Minnesota, but forgot to mention it in the Commentaries—Cleveland Plain Dealer.

## LEAGUE CLUBS DISBANDED

REGINA, Sask., (AP)—The Regina club of the Western Canada Baseball league disbanded today on account of poor support and bad weather.

## Brief Bits of Sport

The I. D. B. and the Legion teams will contest on Lincoln lot tonight.

Doings from this time on to the end of the season are scheduled for 6:15 o'clock, according to official rules.

Benny Leonard has sent out word he will fight Joe Wellington some of these nights, but eastern state commissions are not altogether sure that they are to consider Benny's lame-duck excuse for cancelling matches with Salloo Freedman and Wellington in the party forty days.

Said commissions entertain notions that the lightweight has his thumb to his nose and is playing fast and loose with the boards of control.

Also the New York boxing commission has originated a ruling barring all boxers over 35 years of age from engaging in bouts in that state.

Which is a step in advance and excludes such down and outers as Black Jack Johnson and Jess Willard, who are merely feathering their backs on the body.

Looks as though all states in the Union might adopt this policy to mutual advantage.

The Salt Lake Bees are showing more every moment. Last week the Portland Beavers, said to be the worst club the Pacific Coast league ever harbored, whipped the Salt Lakers in a majority of games played.

Full of "pep" acquired by reason of the win last Sunday in their home city, Utah ball players will be here tomorrow night for a game with the Orwig All-Star outfit.

It is more than likely this game will be over by about 6:30 o'clock, as darkness falls before nine innings complete if the start is made at 6 o'clock.

Either Oliver or Morley will fling for the locals, and Cooper is sure to be on the hillback for the west-enders.

Ed Sheehy, first baseman with the White Sox, who went up from the Salt Lake Bees with Earl Johnson and Edie Mulligan this spring, is slowly but surely battering his way toward the big-league. He's mark this week in 202. He is getting his blows in every game, too.

From the smugness of the cory, in the Paris house Georges Carpentier sends forth word that he will not be able to report back in the United States for the proposed bout with Tommy Gibbons on schedule time.

It is hard to break home ties when the wallet is filled and the wife and babe want the provider at home.

Wilkinson showed something for the Sox again yesterday. He won against the Yankees yesterday, 5 to 3.

Generally speaking, yesterday's games in all important leagues were won by close scores.

The St. Louis Browns traveled 19 innings against the Senators to win, 8 to 6.

Gordon McKay, formerly a citizen of Pontell, and Battling Orija, claiming a residence some place in a coast state, pulled off a bad feat Friday in Ogden the other night, according to the Salt Lake Tribune.

The sports writer of that sheet claims the affair was the worst, how the boxing game has ever received in the international region.

## REHARD RENEWS LEASE

JEREMY CITY, (AP)—Promoter Tex Rickard has renewed for one year, his lease on the arena at Boyle's Thirty acres. He is negotiating for another world's heavyweight title contest between Champlin—Rangas—and Jess Willard, but has stated he first must be assured that Willard can get into condition for such a contest.

## SOUTH AMERICAN TRADE SHOWS SHARP DECLINE

Coal Alone Holds Own in Exports to South End of the Hemisphere

WASHINGTON, D. C., (AP)—While imports of rubber, hides, wool and other important South American commodities declined considerably during the past fiscal year, shipments of coffee and cocoa from Brazil, showed marked advances, according to foreign trade summaries, issued today by the commerce department. Of the exports to the southern republics during the year ending June 30, heavier shipments of bituminous coal were exceptions to the rather general decline in outgoing cargoes.

Copper from Chile in 1921 totalled 43,000,000 pounds, worth \$7,000,000 against 67,000,000 pounds at \$15,000,000 the previous year, while Peru sent seventy million pounds at \$11,000,000 against twenty-eight million pounds at \$15,000,000 the previous year.

## The Mud of Ages

A returned war observer tells of a column of troops that was halted by mud on the slopes of Mount Ararat. We supposed the mud had dried out there centuries ago—Arthur H. Farwell in Leslie's.

Greatest sport you know to pull out your makin's papers and some Prince Albert and roll up a cigarette! That's because P. A. is so delightfully good and refreshing in a cigarette—just like it is in a jimmy pipe! You never seem to get your fill — P. A.'s so joyously friendly and appetizing.

Prince Albert will be a revelation to your taste! No other tobacco at any price is in this class! And, it rolls up easily because it's crimp cut and it stays put.

It's the best bet you ever laid that you'll like Prince Albert better than any cigarette you ever rolled!

And listen! If you have a jimmy pipe hankering—by all means know what Prince Albert can do for you! It's a revelation in a pipe as well as in a cigarette! P. A. can't bite or parch. Both are cut out by our exclusive patented process.

## DECLARES CORN BELT CATTLE DETERIORATING

Introduction of Pure Blood Strains in the Middle Western States Is Urged by Mackenzie

CHICAGO, (AP)—Murdo Mackenzie, Chicago, chairman of the committee on improved livestock breeding of the Institute of American Meat Packers, today addressing the institute members declared that the cattle of the corn belt states are not equal in type and breeding to those shipped from these states a decade or two ago, and urged the widespread use of purebred stock to remedy this situation.

He announced that the institute, as an incentive to better breeding, has decided to offer prizes at various livestock shows including the International Livestock show at Chicago, the National Western Livestock show at Denver and the Southwest Fat Stock show at Fort Worth, Texas.

Speakers today included J. Ogden Armour and James O. Dahlmann, may or Omaha.

# SPURGIN IS LOCATED IN SMALL MINING CAMP

## Chihuahua Police Chief Will Not Go After Him Unless Expenses are Advanced

CHIHUAHUA CITY, (AP) — The chief of police announced today the definite whereabouts of Warren C. Spurgin, missing Chicago banker. He is in a small mining camp at Urecho on the Northwestern railroad, the chief said, and has not been arrested. The railroad station is about 200 miles from Chihuahua City.

The chief again declared that he was willing to go after Spurgin but was confident of getting him if \$200 expense money was advanced. When told that Chicago authorities had guaranteed the money, he said that he had not been officially notified of this fact, but was ready to go "when the money is put up."

He said he wanted the money to draw on to pay actual expenses of the trip.

## SIX AMERICAN PRISONERS

(Continued from Page One)

Lennin's appeal, "as afflicted by a famine which apparently will be only slightly less severe than that of 1919. This is a terrible consequence of the backward cultivation of this country and of seven years of imperialist war and civil war imposed upon the workers and peasants by the landowners and capitalists of all countries. Immediate relief is indispensable."

## Railway System Depleted

RIGA, Latvia, (AP) — Chief among the causes of the famine in Soviet Russia, this year is the utter disorganization of the railway traffic. This disorganization has become worse, despite efforts of the Soviet government to alleviate it.

## Equipment is Scarce

Little or none of the locomotives and other railway equipment ordered from the United States has yet arrived. The inadequate supply of workable rolling stock, in the meantime, being even further depleted by the necessity of fulfilling orders from foreign countries, such as Latvia. To these states Russia has turned over scores of locomotives, hundreds of cars and other equipment, much of which has been taken from the Soviet states by the Czarists and provisional governments of Russia in their hasty military evacuations before the advancing Germans.

## Rebels are Bad

As in this shortage of equipment is an almost generally prevailing condition of deteriorated roadbeds. Embankments have sunk down, ties are rotten, rails are worn out. If the chief factor in the famine is the lack of equipment, it will be necessary to interrupt traffic on some main lines. Even if it were possible to get the equipment, says the dispatch, it is probable that through scarcity of labor or some other unexpected obstacle, it will be necessary to stop traffic on it.

# EXCESS WOOL PROFITS CASE DECIDED FOR THE GOVERNMENT BY U. S. DISTRICT COURT

The right of the federal government to impose tax restrictions with respect to the profits which wool dealers might make on wool handled by them in 1918, when the government took over the wool clip, has been definitely settled in favor of the government by Judge Sessions in the United States district court for the western district of Michigan at Grand Rapids.

The federal government's motion to dismiss the case was denied. While the government's case was denied, it did not involve a large amount, he principal issue is of great importance in view of many cases yet to be presented by the government, some of them involving large sums of excess profits.

Government Took Wool Clip of 1918

To aid in the prosecution of the war the government, in the spring of 1918, took over the wool clip of the season. To make this purpose effective, regulations were issued by the wool administration of the war industries act requiring dealers who wished to handle wool to obtain permits or licenses. When the war industries board was disbanded this work was transferred to the department of agriculture. These licenses were, in effect, contracts between the dealers and the government.

The regulations also limited definitely the profits which wool dealers might make on all domestic wool handled by them. In the case of country sales or buyers, such as the one decided by Judge Sessions, this profit was limited to 1-2 cents a pound, a whole object being to prevent speculation and to stabilize the wool market at a time when it was important to the success of the war that America's army and navy be assured proper clothing.

All except about 60 wool dealers have voluntarily paid over to the government any excess profits made. Among those who did not pay was the defendant in the above-stated case. Judge Sessions declared in his decision that in time of war broad powers are conferred upon the president, both by the constitution and by standing statutory enactments of congress, but the president's powers were not necessarily limited. The power of congress to authorize the action of the war industries board, the court said, could not be doubted. With the power conferred upon it by congress this governmental agency had entered into a contract with the defendant, and the defendant, in the court hall, was in no position to challenge the right of the congressional branch of the government to approve and affirm that contract.

Court Declares Contract Valid

Congress, the court declared, had approved and affirmed contracts of this kind made by the board through its officers. If the contract was valid in the eyes of the government, then the government certainly had a right to bring suit in its own courts to enforce its terms. The government was represented by the United States attorney for the western district of Michigan, assisted by one of the attorneys in the office of the solicitor of the department of agriculture.

MINNEAPOLIS, Minn., (AP) — Flour unchanged to 10c higher, in carload lots, family patents quoted at \$8.50 to 8.75 a barrel.

Wheat

MINNEAPOLIS, Minn., (AP) — Wheat receipts 252 cars, compared with 97 cars a year ago.

Cash No. 1 Northern \$1.39 to 1.44.

Corn No. 3 yellow \$1.09 to 1.12.

Oats No. 3 white \$0.12 to \$0.13.

Barley 64 to 66c.

Timothy seed \$4 to 5.

Clover seed \$13 to 15.

Lead \$10.55.

Ribs \$9.50 to 10.50.

Minneapolis Flour

MINNEAPOLIS, Minn., (AP) — Flour unchanged to 10c higher, in carload lots, family patents quoted at \$8.50 to 8.75 a barrel.

Wheat

MINNEAPOLIS, Minn., (AP) — Wheat receipts 252 cars, compared with 97 cars a year ago.

Cash No. 1 Northern \$1.39 to 1.44.

Corn No. 3 yellow \$1.09 to 1.12.

Oats No. 3 white \$0.12 to \$0.13.

that has distinguished it of late with the trend lower. Oils were affected by the cut in prices of the product, Alaska, the by its poor annual statement and railroads on the large indicated shrinkage in crop yields. Studebaker, Chandler Motors, Atlantic Gulf, Mexican Petroleum, Houston Oil, General Asphalt and Baldwin Locomotive fell 1 to 1 1/2 with Reading, Northern Pacific, American Smelter Tobacco and American Car losing one-half point.

A pause in the selling movement on retirement of short contracts was followed by a renewed decline to the lowest levels of the day. Western Union declined four points to 73 1/2, a low record for the year. The closing was weak.

Persistence of quiet liquidation and bear selling prompted by various unfavorable economic developments depressed prices in today's market from 1 to 5 points. Sales approximated 475,000 shares.

## A. S. R. PASSES DIVIDEND

NEW YORK, (AP) — The American Sugar Refining company today passed its dividend of \$1.75 on common stock, but declared its regular quarterly dividend of \$1.75 on preferred.

The stock immediately broke three points to 62 1/4, the low level of the year.

## Liberty Bonds

NEW YORK, (AP) — Liberty bonds closed: 3 1/2's \$87.44; first 4's \$87.74; bid; second 4's \$87.54; first 4 1/4's \$87.54; second 4 1/4's \$87.74; bid; 4 1/4's \$89.80; fourth 4 1/4's \$87.50; Victory 3 3/4's \$88.74; Victory 4 3/4's \$89.68.

## Potato Market

CHICAGO, (AP) — Potatoes weaker; receipts 41 cars; Virginia Eastern Shosh Irish Cobblers \$0.25 to \$0.50 barrel; Kansas Early Ohio, sacked \$2.25 to 2.40 cwt.; Idaho \$3.00 cwt.; Kentucky \$1.65 cwt.; Nebraska \$1.45 to 3.00 cwt.

## New Sugar Market

NEW YORK, (AP) — The raw sugar market opened quiet at 3 1/4 for Cuban cost and freight, equal to \$4.80 for centrifugal. No sales were reported. Raw sugar futures were quiet and prices showed little change from the previous close.

## Chicago Produce

CHICAGO, (AP) — Butters lower; creamery extras 40c; standards 37 1/2c.

Eggs unchanged; receipts 7,425 cases. Poultry alive, lower; fowls 18 to 20c; springs 20c.

## Kansas City Produce

KANSAS CITY, (AP) — Butter and eggs unchanged.

## Poultry broilers 16c lower, 25c; hens unchanged.

## Omaha Livestock

OMAHA, Neb., (AP) — Hog receipts 9,000; 25 to 50c lower; most decline on medium and light grades; bulk better grades \$0.75 to 10.25; top \$10.75; bulk packing grades \$8.75 to 9.25.

Cattle receipts 6,000; fed cattle steady to 15c lower; top yearlings \$10.25; heavy steers \$10.20; range steers quiet; all other classes steady.

Sheep receipts 10,000; lambs 10 to 15c lower; bulk westerns \$10 to 10.25; top \$10.50; native lambs \$9 to 9.25; sheep steady; feeders firm.

## Chicago Livestock

CHICAGO, (AP) — Cattle receipts 10,000; better grades beef steers steady; others slow and weak; top heavy steers \$10.40; bulk beef steers \$7.25 to 10; bulk fat she-steek \$4.50 to 6; canners and cutters largely \$2.50 to 3.50; bulk bulls \$4.60 to 5.75; veal calves largely \$5.50 to 9.25.

Hog receipts 18,000; lights 15 to 25c lower; others mostly 25 to 40c lower; some good heavies 50c lower; top \$11.75; early, bulk light and light butchers \$11.15 to 11.65; bulk packing sows \$8.75 to 9.

Sheep receipts 10,000; best native lambs opened about steady; others weak to 15c lower; top to packers early \$9.75; one deck strictly choice to city butchers \$10.25; no western lambs or sheep sold early; few fat native sheep here, selling steady.

## New York Stocks

NEW YORK, (AP) — The stock market started in the same spiritless fashion

There were no changes in refined, with fine granulated listed at 46 to 46 1/2.

Refined futures were steady, August \$15.50, the only month traded in, up 1/2 mid-day, advanced 10 points.

Sugar futures closed easy; approximate sales 3,450 tons: September \$22.28; October \$21.65; December \$21.65; January \$21.64.

## FINDS USE FOR TOMATO SEED WASTE—

### MADE INTO FIXED OIL AND STOCK FEED

Nearly every pulping factory in the country has a small mountain of waste tomato seed. One two-hundredth of every barrel of tomatoes is seed. This doesn't seem very much, or very important, either, concerning an item which always has been considered as waste; but when every manufacturer of catsup, pulp, soup paste, and sauce has several hundred tons of it, it is a scientist's unexplored discovery that two valuable commercial products can be made from it, the world at large is interested. Fixed oil and press cake, or meal, are the latest additions to the products used to humbly saved by specialists of the United States department of agriculture from huge piles of so-called waste. In the larger factories in the eastern and mid-western tomato belts more than 200,000 tons of tomatoes are pulped annually. The waste seed from these large stations alone totals over 1000 tons.

#### Brain Once Dumped Into Streams.

Men still young can remember when millers were prosecuted for dumping brain into rivers or streams. People declared it poisoned the fish, but scientists learned that it had a high food value for man or beast, so that the man who threw brain into a stream to kill fish would be very likely to land in jail. Tomato seed is just another product saved, like brain, for important uses. The whole story is told in an interesting way in department bulletin 927, a copy of which may be had upon request to the United States department of agriculture at Washington.

The first important step in making the new products is to separate the seed from the wet waste. Several methods may be used, but the specialists find that the most practicable method is to equip the ordinary cyclone pulping machine, now in use in most factories, with a five-mesh woven screen made of No. 12 wire. The mesh is just large enough to admit the passage of the seeds, and then flow out of the machine in a continuous stream, while the cores and skins of the fruit are discharged through the gate as usual. The stream of seed and pulp is then pumped into an adjoining cyclone machine having an ordinary 20-mesh breaker screen.

The pulp and juice pass through this

mesh, but the seed is retained, and passes out through the gate. The operation involves an increase of labor, and is continuous and efficient. Experience with this method for more than two seasons at the Arlington Experiment farm at Washington, D. C., has proved its effectiveness.

#### Best Grade of Oil Extracted by Pressure.

After the seed has been separated from the wet waste it is washed and dried, and is then ready for the oil-extracting process. Two methods of oil extraction can be used—pressure and solvent extraction. Pressed oil is obtained by mechanical pressure, and commands a slightly higher price in the market than the oil which is extracted by chemical solvent processes. The tomato seed oil obtained by the expeller process is deep brown, and has a strong odor. It is refined, bleached and deodorized by the usual methods, and is then comparable in quality with the common edible oils of commerce.

The value of oil cake or meal as stock food has been demonstrated in Italy, where the utilization of tomato waste is in practical operation. An analysis of the meal shows the following composition: Moisture, 7.15 per cent; ash, 4.64 per cent; protein, 37 per cent; nitrogen-free extract, 29.1 per cent; and fiber, 22.1 per cent. This analysis gives tomato-seed meal a favorable feeling with some of the better known feed meals of commerce. It may be used as food for cattle, hogs or chickens. It has a slightly bitter taste which is masked when mixed with other food.

Owing to the fact that the waste from a single factory would make the profits to be derived from installing a complete manufacturing system hazardous, it would seem advisable to organize a central plant at which all the waste seed from a number of pulping stations could be handled. The specialists who have been studying the process for the department of agriculture suggest the possibility of a co-operative plan of manufacture by an association of canners and packers.

UPWARD MOVE  
CONTINUES IN  
SPUD MARKET

Bullish Reports from the East  
Aid Upward Trend of Local  
Produce Bourse

The Twin Falls potato market is today feeling the effects of the crop condition reports emanating from the east, and carried in press dispatches yesterday. Local market prices have advanced, with holders naturally most taking the offer. For late crop deliveries the price is said to have reached as high as \$1.05 per hundredweight. Buyers report no contracts at this figure. In fact local buyers express little faith in reports that such prices have been offered for the late crop.

Want Quick Delivery  
Interest is said to be displayed in the early harvestings of potatoes to fill a want in the east, where the early crop is said to be a failure. Prices as high as \$1.75 are said to be offered for spot stock, but no sales have been reported.

Reports come from Caldwell and Nampa telling of prices as high as \$2.00 and \$2.75 per hundredweight for spuds already landed in cars. Speaking of the local potato market a representative of the Boyle Commission company today stated that the Twin Falls district is little interested in early potatoes, the bulk of the crop being late. He stated that his company has thus far contracted for 15 carloads of spuds at prices around \$1 per hundredweight, the company to furnish sacks. He stated, also, that to his personal knowledge late potatoes in the amount of between 250 and 300 carloads have been contracted by buyers at this season at prices ranging from 50 cents to \$1 per hundredweight, for fall delivery. He stated, too, that he had "heard" of one offer being made at \$1.50 per hundredweight, but at \$1.50 sacks.

Govern Local Market  
"It is probable that prices prevailing in the Caldwell and Nampa markets will govern what there is of an early crop in this district," the Boyle company representative stated today.

C. L. Cochran, representing the Rhodes company, commission brokers of Denver, stated at noon today he would expect negotiations for purchase of early spuds at \$1.75 per hundredweight, but admitted that no direct negotiations had been conducted with producers at that price as yet. That the early crop is prepared to offer, Mr. Cochran declared. Late potatoes amount to at least 90 per cent of the entire district output, according to students of the local market. Late crop of the local market, L. H. Mills reported an offer made by two sons, Howard and Rolla of \$1.05 per hundredweight for all the potatoes grown by them on 30 acres in the south end of the W. W. Parish place, which are operating the W. W. Parish place and a half mile northwest of Twin Falls. The name of the commission broker making the offer was not revealed, but the tender was, it is said, declined, the producers proposing to ship their own harvest when the time arrives for shipment.

POSTOFFICE LOBBY TO  
BE OPEN UNTIL 10 P. M.

M. A. Strunk Announces Change in the Time for Closing Local Federal Building

Hereafter the lobby of the city post-office will be open to the service of post-office holders until 10 o'clock at night. The order becomes effective at once. Statement to this effect was issued today by Postmaster M. A. Strunk, and is consistent with an announcement recently made by Congressman Addison T. Smith from Washington several days ago. On that occasion Congressman Smith stated that the secretary of the treasury had deferred to the wishes of many Twin Falls citizens, who had petitioned for longer lobby hours at the local postoffice.

For some months past the office lobby has been closed at 8 o'clock each night. Daily opening and Sunday hours in effect now, will continue.

FARMERS TAKE NOTICE

Commerce Club Heads Favor the Townsend Construction Standardization Plan

Directors of the Twin Falls Chamber of Commerce favor road making measures that contemplate federal handling and federal supervision. With this in mind they last night gave endorsement to the Townsend highway bill, and will support that measure to against all other pending legislation governing the construction of roads in all states. Endorsement of the Townsend highway bill was given at a meeting of the chamber board of directors held last night after long and hard discussion and consideration. The measure contemplates "incentive road systems, rather than individual systems by separate states. This bill, if adopted by congress, will make the same plan of road building apply in every state in the Union, and will bring about a national standardization of road construction under a federal management. Other than giving endorsement to the Townsend road making plan, the board of directors of the chamber business past night of extraordinary importance.

CITY PARK CUTOFF  
FAVORS A WADING POOL

H. B. Whitlow Would Construct Tank in Central Area for the Kiddies

That a wading pool in the city park might be included in the playground facilities now under consideration is the desire of the park custodian, H. B. Whitlow. "I know how much the children enjoy it, but I have to resist them the pleasure for the water is rendered as useless that it leaves a thick coating of mud on the grass which is both unsightly and detrimental to the growth of the grass. A suitable pool in a shady corner would answer the purpose. It could be constructed at little expense, would be in the way of no one, and eliminate the ever present temptation to break the park rules."

WOOL BUYER KNOWN HERE  
LIES DEAD AT SALT LAKE

Word Comes Telling of Sudden Death of Ross M. Tuttle from Heart Disease

Ross M. Tuttle, wool buyer representing Jeremiah Williams of Boston, and well known in the Twin Falls district, died at his home in Salt Lake. Funeral services, it is expected, will be held at Salt Lake Thursday, with burial in Altamir, Utah. Heretofore, Tuttle was a brother-in-law of George D. Aiken, of Twin Falls, the two men having married sisters. He was 47 years of age and in carrying on his business, he had a number of "made" in the Twin Falls district, which he had been successful in making. Death was due to heart disease. He is survived by his wife and several children, all residing in Salt Lake.

MOOSEHEART MEN WILL  
FROLIC IN TWIN FALLS

Arrangements Complete for Jollification Here During Month of November

About 25 members of the Moose Heart Legion and wives, who motor to Pocatello last Sunday, returning on Monday, report a most enjoyable event. The next legion frolic will be held in Twin Falls on November 6, at which there will be present Supreme Dictator Dumas A. Brown, former mayor of Kansas City; Ben Howell, of Denver, district supervisor; Judge A. J. Weber of Salt Lake City. Legionnaires from all parts of the state will be present to participate. One of the chief events planned will be a pleasant banquet. Another feature will be an elaborate parade.

AMUSEMENTS

IDIAHO—Tom Mix in "Hands Off," a western photoplay; also Paramount Magazine and comedy feature.

JARBIDGE PROPERTIES  
TRANSFER PENDING  
SO REPORT SAYS

Bluster and Success Properties May Go to California Syndicate by Sale

If negotiations which have been conducted during the past few weeks terminate as is now expected the Bluster and Success mining properties at Jarbidge will be disposed of by the present owner to a California syndicate of mine operators. Monetary terms have been submitted by the owners and the prospective purchasers have made an exhaustive investigation of the properties in mind, and have also conducted an extensive survey of possibilities in that section of the Jarbidge gold district immediately contiguous to the Bluster and Success holdings.

Ore Blocked Out

This announcement is authoritatively made by owners of Jarbidge gold properties who are not in any way interested with the mines, transfer of title to which is contemplated. In connection with report of probable sale, statement is also made that the two mines, which are owned by the same company, now sold are valued at \$1,000,000 already blocked out. There is a mill on the property, but this is not at present being operated. The Bluster and Success groups are about three miles south from the famous Longlake mine, owned and operated by the El Korone company.

Marked activity is showing in most of the mining area at Jarbidge, residents of that place remarking Twin Falls. According to William Van Alden, who has business connection with the Alpha and Legitimate properties, tells of encouraging results from work in those mines. The company is conducting a program of extensive development work in both places, and what work has already been done is showing excellent results, he announces. The company's mill is being enlarged and showing, resulting from recent development operations, is said to warrant the conclusion that the Alpha and Legitimate workings are due to result in a handsome dividend. The Longlake, the Starlight and the O. K. holdings of the Guggenheims.

Mother Lode Opened?

Announcement is also made that the strike of Mrs. T. Beatty in the district known as the "creators" showing some of the best ore found in the Jarbidge mountain since the camp was opened. Students of gold mining have expressed belief that the indications are the mother lode has been encountered in the Beatty strike. It is said to be the same as runs through the Altitude mine, owned by Bull Jorgensen.

POPLAR GROVE FARMERS  
IN NEED OF THRESHERS

Urgent Cry Received at Farm Bureau for Machines to Flatten the Wheat Yields

Thrashing outfits are scarce in the district south and west of Charlton, according to reports received at this office of the county farm bureau this morning. The want is especially noticeable in the Poplar Grove section, says H. E. Powers, farm bureau agent, who declares "some dependable thrasher man is overlooking a splendid territory amply sufficient to furnish him a season's run." Report of the thrasher shortage in the section mentioned came from Wyatt Thomas of Castleford, who announces he is prepared to furnish all the information any thrasher man may require relative to the situation.

STOCKHOLDERS MEETING

Notice is hereby given that the regular annual meeting of the stockholders of the HERBERT C. SMITH COMPANY will be held at the office of the company, 113 Main avenue east, Twin Falls, Idaho, on the 18th day of August, 1921, at 10 o'clock, for the purpose of electing directors and for the transaction of such other business as may properly come before said meeting.

Attest: J. C. MATTHEWS, Sec. Sec. Hercules Nitrate Co.

Scent of Vanilla.  
The umbrana of Brazil is a sweet yellow wood so delightfully scented with vanilla that one is tempted to call it, says the American Forestry Magazine.

FIRE INSURANCE RATES  
DROP BY IMPROVEMENT

Modern Office Equipment Causes Underwriters to Take Beneficial Action

"City improvements of almost all sorts have some effect toward the reduction of fire insurance rates; if the people will look at the question of taxes from this angle there will be less complaint," said Newell S. Wright, secretary of the chamber of commerce today.

As concrete support of this contention Mr. Wright displayed a letter received by his department from the board of fire underwriters advising that arrangements have already been made for making a survey looking to a revision downward of rates, due to the installation of modern improvements and civil services. The letter signed by J. H. Branscomb, an district secretary, reads: "I am pleased to advise that arrangements have already been made to begin the re-rating of Twin Falls, and two of our surveyors are due to leave here tomorrow in connection with the work."

"I feel that there will be no further delay in the prosecution of this matter, which I feel is of importance to your citizens."

Mr. Wright advised that the surveyors mentioned by Mr. Branscomb are already here carrying out the instructions of the secretary.

Increased number of water mains of increased capacity, more fire plugs, ample water supply, motorized fire equipment with paved streets over which to operate, and the improvements scheduled as making toward decreased insurance rates.

GAME AGAINST BULL  
START AT FIVE O'CLOCK

Hour is Set for Opening of the Baseball Hostilities on Thursday Night

"I shall put as strong a ball team in the field against Bull on Thursday night as I possibly can gather together. I am Manager James Orwig, of the All-Stars today. Mr. Orwig expects to have all of the regulars available, together with some heavy substitutes to sit in should occasion require."

DRY LAND FARMERS ARE  
JUBILANT OVER CROPS

Judge O. P. Duval Tells of Splendid Farm Conditions Beyond Ashton

Judge O. P. Duval, of the probate court, who returned yesterday from St. Anthony, where he spent a day on juvenile business, reports excellent wheat yields in the dry farm district from Ashton to Idaho Falls. Prospects for a big harvest of spuds, too, are good, the jurist declares.

"Wheat already threshed is running 35 and more bushels to the acre and those dry-land ranchers are jubilant over their prospects. All they are anxious about now is the market condition," said Judge Duval on his return. The Twin Falls county official told of seeing exceptionally promising stands of potatoes and other crops in the district mentioned.

Easy.  
A distinguished London clergyman has two mounds, both named Kate. One is a Cockney, the other a Scot. The difference of distinguishing the two is solved by the easy method of calling one Kate and the other Kate. No confusion ever arises—London Post.

I DON'T NEED THIS CAR

It's a Buick seven-passenger, fine mechanical condition. Will demonstrate any evening after 6 o'clock. Can be seen at 255 Sixth avenue north, or ask for Harold at News office.

BUT I DO NEED \$900

Cooler Weather  
Declines to Come to This District

COOLER weather promised by the weather threatener yesterday for today, apparently got switched wrong. The temperature holding its own thank you, and seems strong enough to beat a while. The top of the mercurial fluctuations yesterday was 81, only one shade less than the day before. It was 80 last night, which was some improvement. Tonight and tomorrow will be fair, unless something happens to change the local order of things.

PRELIMINARY TESTS  
OF STOCK TO BE MADE

Dr. Shipley Comes to Carry Out Important Work of Disease Eradication

For the purpose of conducting a preliminary program of tests throughout the entire Twin Falls district, Dr. E. V. Shipley, in charge of operations for the eradication of tuberculosis in livestock in southern and eastern Idaho, has arrived in Twin Falls, and for the time being will have headquarters here and will lay extensive plans for carrying on the work in this county.

According to H. E. Powers, of the farm bureau, there are several herds in the district ready for final tuberculin test, but this important work is delayed by reason of failure to receive adequate supply of materials from the Washington laboratory. As soon as these supplies come the final work will be hurried to completion, it is stated. The county agent's office will be headquarters of information and detail relative to preliminary testing work, it is announced.

Deaths

Mrs. Mary V. Park, aged 85 years, died this morning at the home of her daughter, Mrs. Kate Brown of Rock Creek, where she has made her home for the past three years. Deceased was a pioneer of Idaho, having moved to Albion with her husband and children in 1881, and is well known to all the old settlers of this part of the state. She was the mother of 15 children, eight of whom survive her: Mrs. Mary Gullies of 529 Third avenue north; Mrs. Julia Perkins of Greybull, Wyoming; Mrs. Charlotte Rambo, Fayetteville, Wyoming; Mrs. Maudie Bigby, Lewiston, Utah; Charles Park, Billings, Montana; Mrs. Kate Brown, Rock Creek; Linna Park, Albion; Ann Park, Idaho. The body is at the DeWitt undertaking parlors. Interment will be at Albion at 2:30 o'clock tomorrow, the services being in charge of the L. D. S. church.

Making good humor is the oil and wine of a merry meeting, and there is no jovial companionship equal to that where the jokes are rather small and the laughter abundant—Washington Irving.

Watch Your Coal Dealer

Some dealers are charging 50c a ton more for coal than the standard price and, we suggest that you watch the dealer.

The following are the standard prices for the best coals on the market:

Nut Coal, at yard	\$10.50
