HARDING CALLS ON ARMED MEN WEST VIRGINIA TO DISPERSE

ELKS LAUNCH CAMPAIGN FOR NEW DOMICILE

Opposing Teams in Field for New Members to Make Up Record Class to be Initiated when Cornerstone is Laid

PROMINENT LODGEMENT TO ASSIST IN CEREMONIAL

Lodge Votes Approval of Plan for Financing Construction of New Building; First Funds Available Soon

At a special meeting called for the purpose of considering the new building program, Twin Falls Lodge B. P. O. E. last night approved by unanimous vote the action of the trustees in accepting the Stevenson-Hunter plan of financing, named committees to carry the plan through, and inaugurated a campaign for new members designed to yield a number of new members to the lodge at the time the cornerstone is laid this fall.

The laying of the cornerstone will be made a memorable event in Elkhorn in Idaho. Prominent men of the order from all over the west are to be brought to Twin Falls for the ceremony, and the goal set for the largest class ever initiated at a single time in Idaho.

Start Membership Drive

Two teams, with C. D. Thomas captain of the Purple and Herbert G. Lauterbach captain of the White, were chosen. The captain was authorized to name their own teams, which provoked Thomas to issue a challenge to Lauterbach, in which he proposed that he select his team of 50 from the floor and give to Lauterbach all the members of the American League who are also Elks. Lauterbach quickly accepted the challenge, and 28 Legionnaires arose from the floor to pledge his support.

It was then agreed between the two teams that the losing aggregation should supply venison for the big feed which will be given during the ceremony attending the laying of the cornerstone.

This morning bright and early the two teams were at work with hammers and axes that enthusiasm runs high, and the prospects are for a class of several hundred.

The names of the two teams, with designation of the "winners" and "losers" with a scroll of the names of those who comprise the big class will be placed in a metal box and deposited in the cornerstone of the new Elks Home.

Money Available Soon

The first fund under the loan from the Missouri State Life Insurance company will be available September 15, when \$25,000 will be turned over to the building committee. In order to be

Governor Shoup Issues Call for Fight on Rates

Invites Executives of 16 Western States to Join with Colorado

DENVER, Colo., (AP)—Oliver H. Shoup, governor of Colorado, today directed letters to the governors of sixteen western states asking them to join with Colorado in efforts to bring about a reduction of railroad rates.

Late this week, Governor Shoup also announced, the Transportation committee of Colorado, named last March to attempt to bring down the cost of living by reduction of rail rates, will file a complaint with the interstate commerce commission asking the commission to rescind its order of August 29, 1920, which granted the railroads an increase in rates.

The petition also asks that the commission, besides reestablishing the rates in effect prior to August 29, 1920, compel the railroads in case they wish an increase in rates hereafter to show that they are "honestly and efficiently" managed.

The governor has asked the executives of the following states to join with Colorado in the petition: Washington, California, Nevada, Oregon, Idaho, Montana, Utah, Arizona, Texas, Oklahoma, New Mexico, Wyoming, North Dakota, South Dakota, Nebraska and Kansas.

TIGHTENS GRIP OVER GERMANS

Ebert Issues Decree Placing the Nation Under Restrictions as in Martial Law

BERLIN, (AP)—Germany was today under restrictions closely approaching martial law as a result of a decree issued yesterday by President Ebert. The decree, which was signed by the president, and the issuance of publications "likely to encourage seditious movements" were forbidden in the decree, and warning was given that "any and every insurrection" would be suppressed with relentless severity.

Majority and independent socialists have made formal demands upon Chancellor Wirth that elements responsible for anti-republican activities be restrained by the government, and organized labor has informed the chancellor that it is prepared to "defend the republic."

TWO SUSPECTS HELD FOR EREZBOER ASSASSINATION

BERLIN, (AP)—Two persons suspected of complicity in the assassination of late Reich Chancellor Ebert, were arrested yesterday. The police also are looking for Otto von Hirschfeld, who some time ago tried to murder Herr Ebert, and was sent to prison.

Hirschfeld was released recently for reasons of health. His parents disclaim all knowledge of the whereabouts. They have been brought to Berlin for further interrogation by the police.

FLASHES FROM THE WIRE

CHICAGO, (AP)—Fifteen flyers have entered Chicago's first air derby to be held Labor Day. It was announced today. There will be two races, one for planes under 100 horse power and the other a free for all.

DES MOINES, Ia., (AP)—Horse shoe pitching will become an intercollegiate sport during the coming fall and winter if plans being made at Iowa State college and Drake university materialize. Charles W. Mayser, of Iowa State has challenged Drake university to a series of matches and the challenge has been accepted by Ed. Lytton.

ATLANTIC CITY, N. J., (AP)—State prohibition agents aided by private detectives, early today raided many boardwalk cafes in which was described as the greatest attempt made to make Atlantic City bone dry. The warrants served totalled 126. The raids began late last night and Special Prosecutor Gaskill predicted that they would not end until tomorrow.

More than a score of detectives had been assembled for the job. Mr. Gaskill was unable to estimate the value of liquor already seized but predicted that it would run high into thousands of dollars.

NEW YORK, (AP)—Edna Townsend, 15 year old crippled girl, who ran away in a wheel chair from her home in Baltimore to New York, went back home today with her father, John Townsend, of the United States coast guard service. Tracks made by the wheel chair, which Edna propelled to the railroad station in Baltimore, put her father on the scent and with the aid of Baltimore police, he arranged to have New York police on the lookout when Edna arrived. Evelyn Elliot, aged 14, who accompanied Edna on the runaway trip, also accompanied her and her father back to Baltimore.

Anti-Soviet Leader Reported Captured

TOKIO, (AP)—Army authorities here received an unconfirmed report today that General Baron Unger-Siemberg, the anti-Bolshevik leader who has been conducting an offensive against the Far Eastern republic of Siberia, has been captured by the bolsheviks with 80 soldiers of his personal guard.

RIOTING AGAIN BREAKS OUT IN NORTH IRELAND

Streets of Belfast are Stained with Blood of Victims of Continued Disorders; Rioters Ignore Curfew

HAIL OF BULLETS SWEEP CITY DURING NOON HOUR

Death List Grows as Civilians Behind Sand Bags Maintain Heavy Fire Against Police and Military Forces

BELFAST, (AP)—Street fighting which has been in progress since yesterday became particularly vicious after 1 o'clock today, the dinner hour at 90 factories in the side streets radiating from Donegall gardens and North Queens street. One laborer was shot dead and several other persons were wounded, including one truly searcent. Civilians placed sand bags in the middle of the streets and maintained heavy firing against the police and military, who were forced to abandon the streets. Armored cars were summoned. At one time the patter of bullets resembled a hail storm.

Last night's rioting, when two persons were killed and several injured, was the most serious the city has experienced for some time. The police and military were engaged throughout the night in subduing gunmen and snipers who were operating from windows and roofs and continued their fusillade until after midnight. Street lamps were extinguished and the only light came from burning houses to which the mob had set fire.

TWO MORE FATALITIES

The rioting continued throughout the afternoon and resulted in the death of two more persons. William Kennedy was shot dead in East street and Annie Watson, a five-year-old girl, got into the line of fire in North Queens street and was shot dead. Forty-eight persons were wounded in the rioting were taken to hospitals.

WOMAN HIT BY BULLET IN EARLY MORNING CLASH

BELFAST, (AP)—Rioting which broke out in this city at noon yesterday and continued until after midnight began again at 7 o'clock this morning. One hour later it was reported that three had been added to the list of wounded, one of them being a woman. During the fighting yesterday and last night two persons were killed and six were wounded.

The rioters, who were particularly active in North Queens street, along the New Lodge road, ignored the curfew law, which provides that all persons not having business on the streets must be in their homes after 10:30 at night.

PRESIDENT NEEDS REQUESTS FOR FEDERAL INTERVENTION

Calls War Department Officials in Conference When Governor Asks Again for Federal Troops

COMPLIANCE MUST BE PROMPT OR MARTIAL LAW WILL BE PROCLAIMED

WASHINGTON, (AP)—President Harding signed today a proclamation calling on disorderly elements in the mining districts of West Virginia to disperse and return to their homes by September 1 at noon.

TREATY READY FOR SENATORS

German Peace Pact to be Submitted on Day that Congress Reassembles

WASHINGTON, D. C., (AP)—The treaty of peace with Germany which was signed last Thursday at Berlin will be sent to the senate, September 21, the day that congress reassembles, after its thirty-day recess. It was stated today at the White House.

Hopes for Prompt Action

Prompt ratification of the pact is understood to be hoped for by President Harding. While the senate legislative program as outlined at the time last week's recess was taken calling for enactment of revenue or tariff legislation immediately upon reassembling and then for action on the railroad debt funding bill, several senate leaders expressed the belief today that an act place could be found on the program for the treaty.

Plan Simultaneous Consideration

Statements have been made by administration officials that it was desired that the senate and German Reichstag consider the treaty simultaneously. The German legislative body is scheduled to meet September 27, five days after the senate resumes its sessions and about the time senate leaders expect the treaty to be reported by the foreign relations committee.

ATHENS DENIES DEFEAT REPORT

Continued Success Attacks Offensive Against Turks, the Statement Declares

ATHENS, (AP)—Reports that Greek troops engaged in the offensive against the Turkish nationalists in Asia Minor have suffered a reverse are denied in an official statement issued here. It is declared, however, that the battle along the Sakaria river is continuing with violence.

Towns along the southern coast of the Black sea have been liberated by Greek warships, the statement says. Newspaper dispatches from the front state the Turkish nationalists are making continuous counter attacks, retarding the advance of the Greeks. The enemy is bringing new reserves to the front to take the place of troops killed or wounded in the fighting. It is held that the Turkish losses are heavy. Turkish cavalry is participating in the battle.

CURTAILS ACTIVITY AT TRINIDAD FIELD MINES

Colorado Fuel and Iron Company Limits Production to Barbed Wire, Nails and Iron Rods

DENVER, Colo., (AP)—Deferred orders and over production will result in the closing down of so much of the Colorado Fuel and Iron company's steel plant near Pueblo that operations in the company's Wyoming iron mines and coaling end mines in the Trinidad district of Colorado will cease after Saturday next, it was announced at the company's offices here today.

After Saturday the working parts of the big Pueblo mill will include only those used in making barbed wire, nails and iron rods. According to Fred P. F. Welborn of the company, the plant near Pueblo will employ only 1,500 men after Saturday as compared with 7,500 the normal number.

No probable date for re-opening has been set.

INSURGENTS IN HUNGARY DEFY TREATY AWARD

Lieutenant Hejjas Takes Possession of Burgenland in Emulation of Exploits of Korfanty and D'Annunzio

RESISTS TERRITORIAL TRANSFER TO AUSTRIA

Unconfirmed Reports Tell of Killing of Allied Officer in Fighting Over the Disputed Region

VIENNA, (AP)—Burgenland, a narrow strip of territory situated along the Hungarian border, which was awarded Austria by the treaty of St. Germain, apparently in possession of Hungarian insurgents with Lieutenant Hejjas, enacting the role of Adolph Korfanty in Upper Silesia or Captain Gabriele d'Annunzio in Fiume. The government is not receiving any news from the district, where on Sunday night irregular Hungarian forces attacked Austrian gendarmes sent to occupy the district. Austrian Commissioner Drey, however, reports from the town of Matersdorf that he narrowly escaped being killed in Odenburg.

Reports Tell of Fighting

There are unconfirmed reports that one allied officer has been killed or wounded in the fighting in Burgenland.

Lieutenant Hejjas is reported to have posted placards throughout the district calling to the colors all men under 45 years of age. It is also said that 2000 Hungarian "regular" troops have arrived and are camped near Odenburg. A detachment of 300 Austrian gendarmes is reported surrounded at Odenburg.

Austria Baites on Allies

An official statement issued here says that Austria is relying upon the allies to prevent any conflict in Burgenland and to see that the treaty of St. Germain is carried out. The statement says that military posts in numerous small towns and villages have been overpowered by Hungarian regulars and irregulars and made prisoner or wounded.

Two non-Hungarian speaking persons have been executed in the forest of St. Margaret, a dispatch received late last night. Forty-eight strangers in Odenburg are reported to have been arrested by the remnants of the town and thrown into the barracks.

INSURGENT MOVIE IS NOT CONSIDERED SERIOUS IN PARIS

PARIS, (AP)—Official circles here do not consider the Hungarian insurrectionary movement in Burgenland, the narrow strip of territory along the Austro-Hungarian frontier, awarded to Austria by the treaty of St. Germain, a serious matter. It is considered unlikely that there will be any necessity of sending allied troops into Burgenland.

CUBOCH OF GOD EFFECTS TEMPORARY ORGANIZATION

WATERLOO, Iowa, (AP)—Temporary organization of the Church of God has been formed here, it was announced today. Twenty-two states and provinces are represented at the meeting.

Game Protective Societies Protest Against State Law

NEW YORK, (AP)—Four associations interested in the preservation of wild animal life have forwarded protests to Governor Carey of Wyoming against the operation of the new law in that state providing for killing bull antelope by permit from the Wyoming game commission. These organizations, it was announced today, are the American Game Protective and Propagation association, the New York Zoological society, the Audubon society and the Permanent Wild Life Protective fund.

R. P. Holland, vice president of the American Game Protective and Propagation association, said today that it would be a crime to kill antelope for any reason.

"Antelope cannot be successfully bred in captivity, as is the case with the bison," he said. There are only a few scattered herds left in the United States.

Advice from Wyoming state that a law permitting the killing of 100 antelope in the next two years was passed last February and that only 25 applications for hunting permits have been made, not all of them being granted.

NO PERMITS YET GRANTED UNDER NEW GAME LAW

CHICAGO, (AP)—The practicability of the Wyoming state law providing for the issuance during the season of 1921-22 of permits to kill antelope and bull moose in Wyoming will be considered at a meeting of the state game commission tomorrow or Thursday, it was announced here today. Several national animal protection societies have protested against the law.

The law, which went into effect February 15, last, specified that the holder of a permit was allowed to kill one antelope or bull moose only. Under the law, permits may be issued only at the discretion of the game commission. Thirty-one applications for licenses have been received, but no permit has been granted yet, Governor Carey announced today.

The measure was adopted with a view of trimming down the antelope and bull moose herds of the state, which are rapidly increasing, and which resulted in many of the other animals killing off the young, game authorities said.

Governor Carey is in favor of conservation of game, and that the holder of a permit has been granted, he is chairman of the game commission.

THREE HURDLES IN PATHWAY OF N.Y. COALITION

Claims of Tie of Candidates Complicate Opposition to Tammany in Forthcoming Mayoralty Contest

NEW YORK, (AP)—Three hurdles are in the pathway of the republican-coalition organization in the race for the New York mayoralty nomination on September 13—Mayor F. H. LaGuardia, president of the board of aldermen, former State Senator W. M. Bennett of Brooklyn and Judge Beaman L. Haskell of Brooklyn.

The republicans and coalitionists, who recently unanimously agreed upon Mayor Henry H. Curran, president of the borough of Manhattan, as their candidate, are confident he will surmount each barrier and that when the race is over there will be complete harmony in the quadrilateral attempt to twist the tail of the Tammany tiger.

Linked with Curran are State Sen. to Charles C. Lockwood of Brooklyn, candidate for comptroller, and Vincent Gilroy, candidate for the presidency of the board of aldermen. Lockwood was a strong contender for the designation for Brooklyn, but withdrew in favor of Curran at the eleventh hour. Gilroy's uncle was a Tammany mayor of New York.

Service Man Refractory.

Major L. A. Guarnita, a former representative in congress, who served with the Italian air force in the first world war, is a "regular" republican, has kicked over the traces and announced his opposition to the state government interfering with city affairs. Former Senator Bennett was the main support of the republican-coalition plan four years ago, when he won an unexpected victory in the late Mayor John Purroy Mitchell in the primaries. Judge Haskell was elected to the Kings county bench on a "wet" platform in a special campaign two years ago.

The tie has been made by Mayor LaGuardia to force himself, Bennett and Haskell into one ticket. All three express confidence they will obtain the nomination.

Tammany Hall has named Mayor John F. Hylan as a candidate to succeed himself and no opposition has appeared. The republican-coalition forces have directed recently made by Charles P. Murphy, the Tammany head, and secured him by his method of selecting a ticket.

"The time has arrived," said Gilroy, the republican-coalition candidate for president of the board of aldermen, in a recent address. "To throttle Murphy's sinister and get rid of an arrogant boss who can reach in his vest pocket and fish out a lien to be foisted on the voters as a democratic ticket."

All Not Berne, with Tammany. Some disaffection appeared in Tammany Hall when Murphy announced his intentions on the ticket. Efforts have been made to organize an anti-Tammany ticket to give a place to minor officials who were left off Murphy's slate for various reasons.

The investigation of the legislative committee, headed by Senator Schuyler M. Meyer, into Mayor Hylan's administration, coming in the heat of the preprimary campaign, has aroused intense interest. The mayor, who appeared as the first witness at open hearings, gave the committee called evasive answers when questioned on the city's finances. The committee sought generally to prove that the city had exceeded the debt limit prescribed by state law and that the executive's administration was marked by incompetency. The mayor made categorical denials of the charges.

The committee will probably continue its open inquiry for several weeks.

WIRELESS OPERATORS TO MEET IN CHICAGO

First National Convention of Radio League Members Expected to Bring 2,000 Delegates

CHICAGO, (AP)—The first national wireless convention will convene here tomorrow under the auspices of the American Radio League and it is expected that 2,000 delegates will be in attendance. The radio league members are expected to number about 7,000 amateur wireless stations.

Head of United States Economy Workshop Was Once Water Boy

Representative Martin B. Madden, of Illinois, who will be the paymaster-in-chief of more than 600,000 employees on Uncle Sam's payroll, started at the age of ten as a water-boy in a steamship. He worked his way up until he became the president of the largest contracting firm in the United States. At twenty he turned down a \$10,000-a-year job because he figured he would rather become a partner in the business where he was employed than work some one else's. Though an accident to entered politics. He is now the chairman of the house appropriations committee, and, with General Davenport, the head of the budget, will approve all the appropriations for federal government expenditures.

Branding Immigrants En Route to America

The tightening up of the immigration laws of this country has led to considerable underground traffic in passports. To break this up foreign authorities have hit upon the novel idea of branding with indelible ink the name of an immigrant to whom a passport has been issued. The branding is done on the back of the neck, under the hair. American inspectors can, by an inspection of the passport and by a glance at the name and mark on the back of the neck, determine at once if there has been any substitution of identity on the part of the immigrant. In the few cases this novel plan has been tried it is said to have worked well.

Hideous Crime Record Charged to Respected Kansas Town Physician

Self-Confessed Confederates Declare Dr. W. A. Nixon is Slayer of Great Bend, Kansas, Attorney, and That He Is Brains of Criminal Band Responsible for Many and Varied Criminal Operations Including Arson and Highway Robbery

An amazing record of crime including arson and highway robbery and culminating in deliberate, cold-blooded murder has been brought to light at Great Bend, Kansas, through confessions of A. L. (Curly) Wallace and Ray Hayes, self-confessed confederates of Dr. W. A. Nixon, who is charged by both of them with the killing of Arthur Banta, Great Bend attorney, whose body, with five bullet wounds in it, was found beside his car on a lonely road outside of Great Bend on the morning of July 7.

Witness Goes From Here

Interest here in the case was heightened by the arrival in Twin Falls August 18 of H. T. Meyer, a Burns detective agency operator, who came to Idaho on the trail of Archie M. Parkinson, a former employee of Wallace who was here visiting with relatives. Parkinson volunteered to accompany the detective back to Kansas as a witness in the prosecution of Wallace. Before leaving he dictated and signed a lengthy statement covering his movements during his residence in Great Bend and subsequently.

Advices from Great Bend say that the detective who came here for Parkinson was for some time on the trail of Dr. Nixon and for this purpose used as a patient under his care. Credit for the apprehension of Dr. Nixon, however, is given entirely to local authorities who persisted in their efforts after the detectives had failed to build up a case against either Dr. Nixon or Hayes.

Arrests Follow First Confession

The arrest of Dr. Nixon and Hayes was effected after Wallace, who had been held on a prepay charge in a confession made on August 17, laid bare the alleged criminal operations of the trio consisting of himself, Dr. Nixon and Hayes. Wallace denied his own complicity in the murder of Banta and said that he had been told by Dr. Nixon that Hayes was the actual slayer, although all three had planned the murder.

Dr. Nixon and Hayes were subsequently arrested on charges of first degree murder. Each furnished bonds in the sum of \$5,000, and on August 22 both were immediately re-arrested on charges of highway robbery based on the allegations of Wallace and specifically upon the complaint of George Schneider, an illicit trafficker in alcoholic beverages, who declared that a delivery of his wares to Hayes had been frustrated by Dr. Nixon and Wallace, who forcibly took possession of the liquor.

Hayes Bares Record

Hayes on the following day, made a blanket confession in which he charged Dr. Nixon with the murder of Banta, admitted his own complicity in the killing, and revealed a long record of crime in which he implicated himself, Dr. Nixon and Wallace. The confessions of Hayes and Wallace are said to be practically identical. Three additional charges, each alleged to have been committed on that day against Dr. Nixon, Dr. Nixon, when told of Hayes' confession, remarked that it was a case of "just another guy with a guilty conscience who is trying to unload on an innocent man." Following Hayes' confession, Dr. Nixon's assistants withdrew from his bond and asked that he be remanded to custody. Dr. Nixon's preliminary hearing on the murder charge has been set for Friday next.

Residents of Great Bend are at a loss to account for the implication of Dr. Nixon in the criminal activities of which he is accused.

on the back of the neck, under the hair. American inspectors can, by an inspection of the passport and by a glance at the name and mark on the back of the neck, determine at once if there has been any substitution of identity on the part of the immigrant. In the few cases this novel plan has been tried it is said to have worked well.

Hideous Crime Record Charged to Respected Kansas Town Physician

Self-Confessed Confederates Declare Dr. W. A. Nixon is Slayer of Great Bend, Kansas, Attorney, and That He Is Brains of Criminal Band Responsible for Many and Varied Criminal Operations Including Arson and Highway Robbery

The story of Dr. Joseph and Mr. Hyde is believed in some quarters to have been re-created in this little Kansas town. A long record of benevolence and charitable acts to the credit of Dr. Nixon is pointed to in support of his hitherto excellent reputation.

According to the confession of Hayes the motive for the murder of Banta was desire for revenge on the part of Dr. Nixon growing out of the unsuccessful defense made by Banta as counsel for Wallace in a prosecution for violation of the state anti-cigarette laws. Both Nixon and Dr. Nixon desired, it is stated, that Banta "double-cross" them in this case. Banta is reported to have owed Dr. Nixon a considerable sum of money and Dr. Nixon is alleged to have declared that he was unable to collect it and that he was going to "get even" with Banta if he had to kill him.

Both Hayes and Wallace have stated to authorities that they stand in mortal fear of Dr. Nixon.

FEDERAL AGENTS SEEK KU KLUX KLAN MOTIVE

District Attorney at Chicago to Investigate Charges of "Monarchy"

CHICAGO, (AP)—The motive of the Ku Klux Klan was being sought here today in a federal investigation of the organization instituted by John V. Channing, assistant United States district attorney. He asserted that he would investigate allegations that the Klan is an "absolute monarchy," a plot to public policy, that it collects \$10 yearly from each member with apparently no accounting, that it charges \$100 for regalia costing less than \$2, this being a corporation operating for profit and that numerous lawless acts have been ascribed to persons acting under the guise of the Klan.

"I have received complaints not only locally but from many parts of the country for many days about the Klan," Colonel Clinton said. "I am going to investigate the whole order. My first move has been to procure a copy of the charter under which the organization operates and various data which have been furnished to me by persons not members."

Jud Tunkins.

Jud Tunkins says the demoralizing influence of horse racing is partly due to the fact that after a man has made a few bets he's mighty likely to lose all faith in his own judgment.

TWELVE THOUSAND DEATHS CHARGED TO AUTOMOBILES

Life Insurance Companies Pay Out \$4,500,000 in Claims from Motor Accidents

NEW YORK, (AP)—An estimate that 4,500,000 was paid by life insurance companies in death claims from automobile fatalities during 1920 is published today by the Insurance Press. Statistics are quoted to show that during the year the automobile caused 12,000 fatalities and 1,500,000 non-fatal injuries.

Life insurance distribution for the year in the United States and Canada aggregated \$1,000,000,000. Largest among the death claims was \$355,000 paid to the heirs of Wallace L. Pierce, Boston grocer. The heirs of John L. Hanson of Ardmore, Okla., received \$465,000. Oliver Thomas Hickford, motion picture star, who died suddenly in Paris was insured for \$135,000.

AMERICAN OIL MEN IN MEXICO ARE RETICENT

Participants in Initial Conference on Petroleum Problems Praise Deceptive Outcome

MEXICO CITY, (AP)—Government officials and the executive heads of American oil companies who conferred yesterday relative to petroleum problems are reserved as to the subjects discussed at the first meeting held late yesterday afternoon. In interviews with the local newspaper men the oil men confined their remarks to praise of the delightful climate of Mexico City and their desire for an amicable adjustment of all questions now pending.

It is understood the oil executives brought a personal letter from President Harding to President Obregon, but declaration is made that it was merely a letter of introduction, and was not official.

The Americans met Adolfo de la Horta, secretary of the treasury, again this morning, and were later to be presented to President Obregon, who was understood to have invited his entire cabinet to meet the oil men.

ALL-RUSSIAN RELIEF COMMITTEE ARRESTED

Moscow Dispatches Say Organization Formed by Gorky to Aid Famine Sufferers in Tolls

REVAL, (AP)—Members of the all-Russian relief committee have been arrested, it is said in dispatches from Moscow. It was reported on Saturday that this committee, formed by Maxim Gorky, widely known Russian author and editor, for the purpose of going abroad in the interests of Russian famine relief, had been dissolved. Associated with Gorky in the plan were several representatives of various political parties in Russia. Recent dispatches have stated that Leonid Krasin, soviet minister of trade and commerce, and M. Kichkin, a former leader of the social democratic party, were members of the committee.

POUGLEY NAMED ASSISTANT SECRETARY OF AGRICULTURE
WASHINGTON, D. C., (AP)—Charles W. Pougley of Nebraska, has been selected by President Harding for appointment as assistant secretary of agriculture to succeed Dr. Elmer D. Ball, whose resignation, effective October 1, was announced Monday at the White House.

Mr. Pougley, who was born and reared on a farm, was recommended by Secretary Wallace as possessing the qualifications needed in the department. His appointment also was recommended by republican leaders of Nebraska and farm organizations.

AUTOMOBILE TIRE SALES ALONE SHOW INCREASES

Reserve District Report Indicates Falling Off in Wholesale Trade

SAN FRANCISCO, (AP)—Wholesale trade during July was less in value and probably in volume than it was in July a year ago, it was said by John Perrin, chairman of the board of the Twelfth Federal Reserve district. Reports from 185 representative wholesale firms in ten lines of business in the district, he said, showed decreases of from 17.1 per cent to 50.1 per cent in the value of net sales in July, this year, compared with July, 1920, in all lines except automobiles, in which an increase of 6.1 per cent was recorded.

Compared with June, 1921, the net value of July sales of reporting stores was less in all lines except automobile tires, automobile equipment and groceries. Agricultural implements registered the largest decrease, 46 per cent. Present prices compared with those of one year ago, are substantially lower in all reporting lines of business. It is indicated that the physical volume of merchandise being sold at wholesale is somewhat less than it was a year ago. July, however, prices were reported as steadier than they had been hitherto for a year. Some further reductions in prices were reported in hardware and furniture, but previous declines in these lines had not been so large as other goods.

LAW REQUIRES ARGENTINES TO USE FRANCHISE

Compulsory Voting Law Increases Number of Voters More Than 68 Per Cent, Although It Is Widely Evaded

BURNING ALLEGES. (AP)—Students of American politics who have observed the operation of the compulsory registration and voting law of Argentina have discovered that a large number of persons registered and entitled to vote in that country still keep away from the polls.

Although penalties are imposed by the Argentine law, its strict enforcement has been found impracticable, especially in the large population centers. The cases of failure to vote are still so numerous that the courts would be clogged with them if they did not accept the excuses of thousands who plead inability to vote because of illness, absence from home or other reasons.

Argue Law Is Success. Nevertheless, the Argentines believe the combined features of compulsion and secrecy in the law, which was adopted in 1911, have won a success because under its operation, the number of voters has increased to more than 68 per cent.

"The enactment of the measure, the apathy and indifference of the Argentine elector probably was as great or greater than in the United States, owing greatly to the belief here in the certainty of elections. The law requires the registration of every male citizen of 18 years for the purpose of voting, coincidentally with his registration for compulsory military service. It imposes a fine of ten pesos or 48 hours imprisonment for failure to cast a ballot at a national election.

In the presidential election of 1910, prior to the enactment of the compulsory law, when the population of the country was a little over six million, only 738,294 citizens voluntarily enrolled for the election and 442,502 voted. A considerable number of these votes, it is generally admitted, represented the activities of "repeaters."

First Test Boosts Votes. In the congressional elections of 1912, the first held under the secret and compulsory law, 932,401 were registered and 640,852 voted, an increase in the number of voters of about 40 per cent. In the 1916 presidential election, when the population was 7,700,000, the number of registrants had increased to 1,785,266, of which 745,825 voted or 42 per cent in voters over 1910 of 68.2 per cent.

In Buenos Aires, the federal capital, with its population of 1,700,000, the proportion of non-voters prior to the secret law was only 20 per cent. This was ascribed to the keener interest in politics there. Comparatively few of those who failed to vote were fined.

The Argentine law fails to prevent voters from casting blank ballots. Some do and there is no way of identifying them. As in the United States, the voter is given a ballot that cannot afterward be identified. He may therefore merely go through the form of entering the booth, reeling an unmarked ballot in the envelope provided for him, and depositing it in the ballot box out side and thereby comply with the law.

Checked by Military List. Voters in each district are checked up by means of the military enrollment and are identified at the polls by the "libreta de enrolamiento," that every Argentine youth must possess upon reaching the age of 18 and which he permanently preserves. This contains a photograph, three prints, physical description and blank spaces upon which the elections officials place their seal when he votes. This system has been eliminated fraudulent voting in Argentina. "Repeaters" no longer flourish. The only possibility of fraud is in the counting of the votes.

The first national election under the secret and compulsory law resulted in a triumph of the radical party which is still in power. This party had contended that under the old law it had been rebuffed a little by the conservative voting and at several elections its followers abstained from the polls, saying it was useless to vote. With the passage of the law, they entered the congressional campaign of 1916, under the leadership of Hipolito Yrigoyen, won the elections, and in 1916 elected Yrigoyen president.

Although apathy and indifference to elections by persons of voting age in the United States have long been subjects of compulsory voting laws, the number who fail to go to the polls in this country are not available for comparison with those of Argentina. Both registration and voting are compulsory in Argentina while neither is in the United States.

The 1910 census showed there were 11,000,000 in the United States, 55,254,097 persons over 21 years old. Of 19,555,754 persons, 1,511 were men and 24,555,754 women. The total vote for president in 1916 was a little less than 15,000,000. The census figures for 1920 on persons of voting age have not yet been made public. The figures above would not represent accurately the number of persons entitled to vote as they include aliens and others disqualified by restrictions imposed by the different states.

Hunger, the Best Sauce. Sauce is used to create an appetite or relish for the food. The right way to eat is to eat with relish. When you have good digestion you are certain to relish your food. Chamberlain's Tablets improve the digestion, create a healthy appetite and cause a gentle movement of the bowels.

LEGION'S BATTING STRENGTH STAYS AT HOME AND SPARKERS WIN TWILIGHT CONTEST 8 TO 7

Tight Exhibition is Staged on Lincoln Lot with Substitutes Occupying Important Places on Both Teams—Electricity Come Strong in Final Round and Compile One-Run Lead

ACKING its usual batting strength the Legion club of the Twilight league last night lost a contest to the Electric 8 to 7. Less than half the regular Legion lineup was represented in the batting order. But the contest was well played and the result in doubt until the last man was disposed of.

The Electric, too, were compelled to resort to substitutions in order to fill the points forming the diamond and outfield, but they were not in as wretched a condition as their opponents. The latter team were first pitched by John Jarvis, Outfielder Bell and Morley, Infielders Watson and Zienko, and a regular pitcher showed up for the contest. The Electric played a substitute, Squires, at shortstop.

At that the teams were evenly matched in playing strength, making an even showing in run-getting, base hitting as well as in error making. First one club led in the race, then the other, until the Electric struck for the first time in the sixth with a one-run lead, which the former soldiers were unable to overcome.

Krengel on the Hill

Walter Krengel, regular shortstop for the Sparkers, wielded the pitch against the Legion and got away with a handy game. He was hit in the final inning, and held the opposition back in the last round to prevent robbery of that one-run lead.

At that the teams were evenly matched in playing strength, making an even showing in run-getting, base hitting as well as in error making. First one club led in the race, then the other, until the Electric struck for the first time in the sixth with a one-run lead, which the former soldiers were unable to overcome.

On the other hand "Bib" Kieffer, Infielder, lost a game to the Legion. He was hit in the sixth and fatal frame. The Electric went to bat in that round, feeling a nervous and a throbbing error in right field started matters wrong for the Legion, Lewis being high flyer. F. Tabor bobbled his safe try. The runner reached third base before the ball was back in play and the pitcher or chucked up a wild one, scoring Lewis. Infielder Kieffer popped a two-bagger into center and then stole third. He scored a bit later when F. Kieffer, runner, snubbing for the soldiers behind the windup. Rowberry hit for one base and went to second on a double at first base. A passed ball helped him to third where he counted when Geo. Krengel cracked the ball for one base. That was all the counting, but Geo. Krengel added an successive wild pitches. "Bib" also issued a walk in this inning, but he managed to dispose of the side.

Desperate Try

The Legion tried desperately to pull even with their opponents, and hit the ball viciously with one man down. Krengel, however, held firm in the sixth and fanned both Oliver Taylor and L. Jarman as the windup of the affray. The Sparkers started the fun in the very first round, putting over two runs on three hits, and a triple by Jarvis. The soldier laid out down this end one count in their half, but the Electric added a couple more in the second, while the Legion was able only to correct the error. At the beginning of the third the score was 4 to 2 for the Sparkers and neither team made any runs in that round. The service men, however, taking advantage of a bunch of bobbles, and adding some fair hitting, put three runs in their account, going into the lead one tally. That led held until the fifth when the Electric came about in the sixth. The soldiers took two more in their half of that election, but, as has already been told, the Electric put on their strong finish, and won the tilt in the sixth.

The Score

ELECTRIC	AB	R	H	P	O	A	E
Geo. H.	4	1	0	0	0	0	0
Jarvis, R.	4	2	1	0	0	1	0
Jarvis, R.	4	2	1	0	0	1	0

Brief Bits of Sport

Legion against Moose tomorrow evening.

Three games are yet to be played on the regular schedule.

They are also two protested contests to pull off.

The season has been white with and interest has been amazingly well sustained, as a whole.

Base stealing was a feature of some interest in last night's contest.

The Legion took five sacks by pilfering, and the Electric got the same number.

Night's thick muck spread over the park considerably before the sixth inning was done. The wonder is some body did not get hurt.

Geo. was the victim of the hidden ball trick in the fifth inning. He had doubled to left and was safe at third on a fielder's error. In the mixup Oliver Taylor concealed the ball in his sleeve. Geo. touched off the bag and was nipped.

The fun game was small, but abundant in enthusiastic interest.

After tomorrow's bout the Banks compete with the I. D. S. and the Electric will play the Elks on the regular schedule.

Whether the protest games will be played is for the league directors to decide.

A statistician has figured out that in 40 games this year which Banks has won, he has won 100 runs.

But he has home runs 100 times. Last year he won 100 runs and 100 home runs. The Yankees lost 11 and 19 of them they would have won regardless of the Babe's clutch-clouts.

James Russell Moore has moved again and his latest location is Johnson City in the Appalachian league.

Last year he managed a team in the Piedmont league and since then he has had engagements with a half dozen clubs.

A season of managing seems to have made him a wandering Jew.

Van Gregg, who wound up his major league career with the Philadelphia Athletics, and retired two or three years ago to become a farmer in the far northwest, has heard the call of the game again and has signed a contract to finish the season with the Edmonton club of the Western Canadian league.

It is announced that the Black Sox, confessed crooks and otherwise, have been engaged to play a series of games in small Oklahoma towns, including Ponca City and Guthrie. That will be fine, and help confirm some questions as to the honesty of baseball in general in that particular section of the oil region.

A gentleman named Ruben Berman has sued the New York National league club for \$20,000 damages because he was thrown out of the Polo grounds last May on the allegation that he was betting on the ball game. If the decision of that court in Seattle is upheld, he New York courts Berman may not have much chance to collect.

The Regina club, throwing up the sponge in the Western Canada league dropped off some players and the rest. Billy Ripken and three players went to Joplin in the Western league, the Joplin team getting pitchers Swept and Nixford and Outfielder Horace. The Portland club of the same league recalled Catcher Rip King, who was with Regina on a loan.

What is useless to you may be valuable to others—advertise it in the classified.

Lenglen in the first set, and the French champion then defaulted.

PROSPECTS FOR CHAMPION GRID CLUB PROMISING

Coach Evans Gets Training Out for Heavy as Well as Speedy Football Team

When Clinton W. Evans sends his first squad out for football practice this fall every man will be arrayed in armor plate toggery prescribed and adapted by all the large colleges east and west. There will be no makeshift suits of mail, and no mixed array of remnants. All candidates for the squad will be adorned in one style, color and form of tunic.

Expects Big Squad.

Believing that the success of last year's team will bring out more than the usual number of candidates for the new eleven, Coach Evans has made plans for garbing at least 60 aspirants in the blue uniforms. These outfits are of an entirely new type from what

Promising Material.

line how the custom to wear here, and it is said, few of the bigger school organizations in the west have adopted them. The vest is made with rough (and unadorned) leather, and so are the sleeves and other vital points. This feature is adopted as an aid to the player in holding a caught ball, and is said to be especially popular with the eastern college players. The jerseys are so constructed as to form an added protection to the body.

"Our outfit is now in this section of the west at least, and we have adopted it because we believe Twin Falls deserves the best," said Coach Evans, speaking of the new "mail."

With reference to the outlook for another championship team this fall the high school coach, who some time ago started laying plans for the grid campaign, expressed the sentiment that prospects are better than they were a year ago. The school has lost many of last year's stars, including "Speed" Newman, star quarterback of all the high schools in the state; "Jake" Irwin, Clarence Taylor, Prave McEaton and others of sterling worth. But the school will have the services of other men who are expected to develop into equally bright luminaries.

FIVE MILLION MEMBERS GOAL SET FOR LABOR

Gompers Sounds Call for Aggressive Action Looking Toward Swelling Ranks of Organization Membership

ATLANTIC CITY, N. J. (AP) — A campaign of the American Federation of Labor for a membership of 5,000,000 will be launched on Labor day, the federation's executive council announced today.

President Samuel Gompers has issued an appeal to labor throughout the country to rally on Labor day in public gatherings for "uniting public address and distribution of literature of our movement."

"The time has come for labor to assume an aggressive," said his agent. "We have held the line. Our positions are intact. It is the hour for a great forward movement. Set labor day as the day upon which we cease holding the line and begin to move forward in a great relentless wave."

Mr. Gompers will make a speaking tour of the principal cities. His first address will be in Baltimore on Labor day.

AUTO CARAVAN NEARING GOAL

Manhattan Homebuilders Likely to Reach Goal, Wyoming, September 10

BOISE — Members of the Scott modern automobile caravan will probably not reach Cody, Wyo., before September 10 or 12, according to announcement Monday by W. Swenson, commissioner of the state department of reclamation. Mr. Swenson has just returned from Nebraska where he met the caravan at Columbus.

The itinerary worked out by the leaders of the party and Mr. Swenson up to September 6, follows:

Big Springs, Wyo., August 29; Pine Bluff, Wyo., August 30; Cheyenne, August 31 and September 1; Wheatland, Wyo., September 2; Douglas, Wyo., September 3 and 4; Coquer, Wyo., September 5.

Cheyenne a special will west show will be put on for the modern caravan.

All Have Good Cars

"Members of the caravan are equipped with good cars," said Mr. Swenson. "There has not been a single case of sickness and there have been no accidents since they left Brooklyn. Everybody is in the best of spirits."

"At the present time the caravan is making about 75 miles a day and they will probably not make Cody, Wyo., before September 10 or 12."

Advertising for Idaho

In commenting on the advertising the caravan has given Idaho, he said:

"Jesse Eastman of Idaho has the advantage, related us in large letters. 'Brooklyn to Butte Caravan, Advance Car and Information.' He is always ahead of the party, establishes camp, and places himself at the entrance of the camp grounds. Every evening he puts on a moving picture show, and gives a talk on Idaho."

UTILITIES COMMISSION LOOKS FOR TRAFFIC MAN

State Board Has Not Yet Selected Successor to Leonard Way, who Comes to Twin Falls

BOISE — Leonard Way's successor as rate officer of the Idaho public utilities commission will not be named until all applications have been filed and until the commissioners have had opportunity to examine the qualifications of all applicants. This announcement was made from the commission offices on Monday.

Mr. Way leaves August 31 to become traffic manager and secretary of the Southern Idaho Traffic association with headquarters at Twin Falls.

Applications for the position left vacant have been filed up to Monday by O. C. Utter of Spokane, and A. P. Hayden of Boise. Mr. Green has been for the past three years traffic manager of the Western Union Telephone company's association. Mr. Hayden is associated with the state insurance fund.

George Graff, secretary of the Boise Chamber of Commerce traffic bureau, has been mentioned but up to Monday he had filed no application.

ROOMING HOUSES ARE OFFICIALLY VISITED

Authorities Start Move for Improved Conditions in Some Places

This morning District Attorney Frank L. Stepien and Chief of Police John M. Beck conducted an official visitation of all the rooming houses in the business section. The visit was for the purpose of investigating conditions and to advise proprietors of the necessity of carrying on the business of the houses in a lawful manner.

In some instances, it is said, warnings against misconduct were issued, with promise of drastic action to be taken in case of violations of the state statutes having relation to sanitation and morality.

Sociability Plan to be Considered by Home Shriners

A Program of Entertainment Events Will Be Discussed in Detail Tonight

Members of the Twin Falls Shrine club have been called to attend a meeting to be held tonight in Masonic temple. The session is scheduled to get underway at 8 o'clock with President H. A. Parrott in the chair.

This convention, it is announced, is called for the purpose of considering business matters of great importance and interest to Shriners. It also contemplates consideration of a schedule of entertainment features, including a big minstrel show to be staged some time in the fall. It is also suggested that the club entertain its members and families at a picnic to be held at Shoshone Falls in the near future.

These matters, together with a scheme for the coming season's social activities, will be considered in all detail at tonight's session.

Social Notes

Phone 32

A picnic supper was given at the home of Mr. and Mrs. Richard Woodward last Friday evening in honor of Mrs. Woodard's sister, Miss Edna Weyer, who is visiting from Nogales, Ariz. After a corn roast, the party moved to the matrimonial for a swim. Those present were Mr. and Mrs. C. Paulsen, Mr. and Mrs. George Dike, and family, Mr. and Mrs. J. A. Borer, Mr. and Mrs. Woodward and family and Miss Weyer.

Mrs. W. S. Lowery was pleasantly surprised at her home near Pleasanton, Sunday, when friends and neighbors assembled at her country home with well-willed, festive and observed the occasion of her birthday with a bountiful country dinner. Those participating in the happy event were Mr. and Mrs. J. E. Lowery and daughter, Mr. and Mrs. E. P. Dayton and Mrs. Francis Dayton, Mr. and Mrs. Clifford Day and son of Twin Falls, Mr. and Mrs. Forest Leonard and daughter, Mr. and Mrs. C. E. Borer and daughter, Mr. and Mrs. Clyde Johnson and children, Mr. and Mrs. O. E. Pittillo, Mr. and Mrs. James Chambers, Eldon Chambers, Mr. and Mrs. Fred Pratt and family, Mr. and Mrs. W. W. Lowery, Jr., Mr. and Mrs. W. Harvey Arthur of Syracuse, N. Y.

Gerald Jarman, assisted by Miss Elise Jarman, entertained the members of his class of the L. D. S. Sunday school yesterday afternoon at the Blue Hotel. The trip was made by automobile, and following a period of games and play, the party enjoyed a picnic luncheon. About 15 young people enjoyed the occasion.

One of the notable picnics of the summer was the gathering at Artesian last Sunday of the Brotherhood of American Yeomen. About 300 members were present, coming from Burley, Burley and Twin Falls. Three state officers were in attendance—Mrs. Mattie Gillette Rupert, state chairman; Mrs. Hattie Raymond, state secretary; B. N. Rendahl, state correspondent. Between 8:30 and 9:00 a. m. many gaily decorated cars left Twin Falls with their loads of merry-makers. At Artesian, swimming was the diversion. Later a bountiful picnic luncheon was served.

Mrs. G. E. Duke, of Second avenue north, entertained the members of her Sunday school class last evening, complimenting Mary Dow, who will leave in a few days for St. Teresa's school in Idaho, where she is to be a student for the coming term. The event took the form of a handkerchief shower. Following an hour of games and social diversions, the hostess, assisted by her daughter, Helen and Marshall, served refreshments. The guests were Hazel Greene, Mary Dow, Juanita Glover, Edna White, Dorothy Shears, Thelma Erickson, Anita Rice, and Bess Duke.

Mrs. W. R. Patton of 457 Main avenue west entertained a party of children on Monday afternoon from 2 to 5 in honor of the birth birthday anniversary of her daughter, Florence. The little guests enjoyed a merry time with games and childish amusements, which preceded the appearance of the birthday cake and its accompanying refreshments. The guests who participated in the enjoyable event were Myrtle and Dorothy Harwood, Evelyn and Ray Haveson, Marcella and Betty Lamberton, Bernadine and Ruth Paton, Virginia Ross, Florence Patton, John Milner, Grover Wiley and Wesley Patton.

Miss Irma Johnson entertained a group of about 25 girls of the Second ward at her home on Monday evening. After a short business hour the guests enjoyed a social hour with music and various amusements, and the serving of refreshments by the hostess assisted by Ethel Hammond. The guests were Dora and Anita Tuttle, Rita Austin, Susan Roberts, Phyllis Kirkman and Mary Hammond.

AMUSEMENTS

LAYERNING — A Samuel Goldwyn picture, Will Rogers in "Honest Hatch," also a 2-part comedy, entitled, "His Own Medicine."

IDAHO — Patsy Arbuckle in "Browner's Millions," also a comedy feature and Pathé News.

ORPHEUM — A 7 part feature, "The Miracle of Money," also vaudeville and a 2 part comedy.

Elberta pinesches \$2.00 per bushel, Thursday, Friday and Saturday. Ed Vance, Public Market—adv.

Local Breweries

To Resume Meetings—The Pythian Sisters will resume their regular meetings on Friday afternoon at 2 p. m., at the Moose hall.

Concluded Visit—J. A. Schiffer left last evening for San Francisco after spending a few days in Twin Falls with friends.

On to Boise—Mr. C. A. Robinson, Morris Robinson, Jack Graham and Bernice Robinson motored to Boise yesterday to remain for a few days.

Return from Trip—The Misses Vivian and Swaya Burman of Addison avenue, returned home today from an extended visit with relatives in Chas. Idaho.

To Live in East End—Mr. and Mrs. William J. Deides of the northside drive, spent Monday in Twin Falls, leaving in the evening for Coeur d'Alene where they will make their home.

Come from Montana—Patrick McCarle of Anaconda, Montana, is the guest of his sister, Mrs. George Daly of Elizabeth boulevard, having arrived today to remain for two weeks.

Entertain Relative—Mr. and Mrs. T. J. Lloyd of 122 Madison street, are this week entertaining their sister-in-law, Mrs. J. E. Bond of Salt Lake and Mr. Lloyd's brother, Edward Earl of Arlington, Kansas.

Guests from New York—Mr. and Mrs. Harvey Arthur of Syracuse, New York, are guests at the home of Mr. and Mrs. W. S. Lowery of Hansen. They are en route to Salem, Oregon, traveling overland.

To Teach in Fallon—Miss Bessie Newman of Twin Falls left last evening for Fallon, Nev., where she will teach in the high school for the coming year.

Goos to Nebraska—Robert Lierman of Twin Falls left yesterday for Des Moines, Neb., to join his mother and to attend school during the winter. Mr. Lierman has been a student in the Twin Falls high school.

Kiwanis Room Enlarged—The private dining room provided at the Kiwanis hotel for the Kiwanis club has been enlarged to accommodate the growing membership of the organization.

Record Wheat Crop—Frank Walton, living east of Twin Falls off the Addison avenue road, has threshed the record crop of wheat for his locality, the field yielding an average of 70 bushels per acre. The quality is reported to be first class.

With Stock Judging Team—County High Leader Clifford and W. E. Grubbs were at Bull and Pig today with a stock judging team of boys who will compete for the prize at the county fair. They are at the ranch of L. E. Filer and W. H. Hamble of Bull.

Parochial Teachers Arrive — Sisters Doreen, Cyril, and Alberta arrived for a stay of some duration with the Sisters of the Order of St. Joseph who have charge of La Merced hospital. They were accompanied by Sister Conchilde who is returning home after an extended absence.

Placed with District—Fred Morton and John Taylor of the Department of California, with their families are in Twin Falls today, giving the district a careful inspection. They say that this is a fine farming country, and being themselves farmers, their judgment is founded on experience. They have spent the past month on a leisurely survey of the states of Oregon and Idaho, and will turn south here on their way home.

Impressed with District—Mrs. Marian Hoffer of Los Angeles, returned to her home last evening following a visit of several weeks with her son, B. A. Hoffer, who lives east of Twin Falls, and her daughter, Mrs. Joseph Weimer. Mrs. Hoffer was so pleased with this visit to the Twin Falls district that she expects to advise her two sons, who are imperial valley farmers, and contemplate buying somewhere, to investigate the opportunities offered in this part of Idaho.

May Purchase Land—Charles W. Chaudy of Butte spent Sunday and Monday in the Twin Falls district with his cousins, Selma and George Ratcliffe of Canyon, O., who are looking over the Minnibooks and Twin Falls sections with the view of investing. Both are practical farmers and they report that there are many in their county who are looking to the west for investment in farm lands. The cessation of high wages paid in the industries will operate towards sending thousands of people from the industrial centers and they are looking towards the farms of the west, is the opinion of the visitors.

Rob Stolen Car — A touring car belonging to H. J. Young, of the Silver Creek country, was stolen last Saturday evening, was found yesterday at the roadside between Rogerson and Twin Springs. The car had been abandoned, apparently when its oil supply was exhausted. Three wheels had been robbed of tires.

IMPRESSION OF WEST EXPRESSED BY GUEST

Miss Mary Goldman Finds Westerners "Simply Live Americans."

The Misses Mary Goldman and Bernice Loveland of Fremont, Mich., who have been visiting friends on the Pacific coast since June, stopped in Twin Falls for a day on route to the west end of the district to visit relatives. Following a few days sight-seeing in Twin Falls county, they will resume their homeward journey. Both young women are students at South college and have become interested in Americanization work, which that institution offers as an optional student activity. They state that the trip across the continent has been of incalculable benefit in broadening their vision of the real meaning of Americanism.

"It is my impression of the west," said Miss Goldman, "that you do not theorize Americanism, nor teach it. You simply live it."

Personals

Mr. and Mrs. H. W. Gundy of Filer were in Twin Falls Monday.

Mrs. Henry Appelbaum of Murtaugh was in Twin Falls yesterday.

J. A. Kelly of Portaville is in Twin Falls today on matters of business.

Dr. and Mrs. J. H. Murphy of Bulli were visitors in Twin Falls Monday.

Frank Davis of Fairfield visited Twin Falls Monday on business affairs.

Attorney John W. Graham is in Hansen today attending to business affairs.

Miss Edna McDowell of Wendell was in Twin Falls today to consult an oculist.

Wallace Jones of Rogerson attended to business matters in Twin Falls Monday.

O. W. Kessinger of Rupert was a business visitor in Twin Falls yesterday.

C. C. Dailey was a business visitor in Twin Falls from Murtaugh yesterday.

Joe Argando is a business visitor in Bulli Lake this week having left last evening.

W. E. Griswold of Burley was among the out of town visitors in Twin Falls Monday.

Mr. and Mrs. John Park of Jarbridge motored to Twin Falls for a short visit yesterday.

Margaret Brown of Jerome came to Twin Falls Monday to look after affairs connected with her business.

Hans Frholm of Holstein, Ia., is among the sightseers in Twin Falls vicinity this week.

Mr. C. W. Stephens of Salt Lake left last evening having spent the week in Twin Falls with his husband.

Miss Blanche Dille of Rupert who has been visiting Twin Falls friends.

for the past week left for home last evening.

The Mesdames Marian Plumb and Lillian Ross were the week end guests of Dr. and Mrs. R. A. Parrott of Shoshone street east.

Mrs. M. J. Watson of Second avenue east returned last evening from Bulli where she has been visiting in the family of her brother-in-law, M. D. Watson.

Mr. and Mrs. Q. H. Gillette and family of Main avenue south were the Sunday guests of Mr. and Mrs. F. Aldrich of Bulli. The two families are old time friends.

The Misses Helen and Bernice Marshall and Emma Smith went to Murtaugh last evening to conduct a recital in which members of Mrs. Smith's music class at Murtaugh were presented in recital.

Revival Meetings Opened — Members of the Nazarene church are this week holding a series of "old-time" revival meetings in the building of the Church of the United Brethren, corner of Third and Third street north. The first service was held on Sunday morning and others will be conducted throughout the week. The Rev. J. W. Hunt of Nampa, and the Rev. A. Miller of Twin Falls, are in charge.

FARMERS TAKE NOTICE — We will buy and pay spot cash for your fruit and vegetables delivered to us in Twin Falls, fresh picked and gathered, put up in suitable shipping packages. Deliver every afternoon in time to fill out via express. Fargo & Best, phone 450, Justano lane.

You were very good about coming with the Wealthy applier for the car Thursday. Now if you have any more apples ready to go let us know. Fargo and Best—adv.

NOTICE OF PUBLIC MASS MEETING

Notice is hereby given that there will be a public mass meeting of the electors of Independent School District, No. 1, at the high school auditorium, Tuesday evening, August 30, at 8 o'clock p. m., for the purpose of nominating trustees for the coming school election.

All electors in the district are urged to be present and participate in this meeting, as it is by far the most important matter to come before the district since the district was organized. We want efficient and responsible men and women to represent the district, and hope there will be many nominations to select from.

 plied promptly upon request.

FREIGHT RATES AND THE FARMER

Cumulative evidence brought before, the Interstate
 Commerce Commission lays at the door of the railroads
 the blame for a great deal of the difficulty now con-
 fronting the agricultural industry. Nor are those charges
 brought by irresponsible parties or solely by prejudiced
 interests which might be suspected of exaggeration.

Secretary Henry C. Wallace, of the department of agri-
 culture, told the commission that high freight rates were
 seriously affecting production. This statement was in-
 dorsed by several leaders of farmers' organizations. M.
 R. Benedict, secretary of the North Dakota Farm Bureau
 Federation, declared that a period of five years' mis-
 chance under best conditions to restore to productiveness
 western farms which have been forced out of operation.
 Many of these farms, formerly highly cultivated, were re-
 turning to range conditions.

A moment's consideration will convince anyone that
 this is no economic disturbance which can be confined to
 the interests of farmers alone. It is often rightly pointed
 out that the agricultural industry is basic to all others
 and that all must share in the misfortune of the farmers.
 But in times like these many are demonstrating in their
 own experiences the truth of these commonplaces and are
 coming to a painful realization of the meaning.

Even the railroads, of whose vicissitudes so much is
 heard nowadays, are finding their interests affected by
 the agricultural sector. Here in Idaho a considerable
 district that formerly engaged in the production of wheat
 found the freight charges on grain eating up the profits.
 Accordingly the farmers turned their wheat fields to pas-
 ture and produced butter. The incident was cited by G.
 S. Ross, secretary of the Idaho Farm Bureau Federation.
 Now, Mr. Ross says, 40 acres of land which formerly pro-
 duced 80,000 pounds of wheat for shipment sold for
 6,000 pounds of butter. The returns to the farmers may
 be about the same, but the railroad which serves that dis-
 trict notices the difference in its freight receipts.

This is the meaning of agricultural retrogression, and
 its losses must be shared by the country banker, the
 dealer in agricultural machinery, in clothing, furniture,
 in all the comforts and necessities of life which a pros-
 perous farming population buys freely. The Interstate
 Commerce Commission will doubtless be impressed by
 such a showing.

THE LAST RESORT

From the amount of fighting that has been done in the
 last decade it might be suspected that restless spirits
 such as are accustomed to seek army life for the excite-
 ment it provides would be well "fed up" and not at all
 eager to do more for a time. However, the announce-
 ment that the Spanish government will recruit a foreign
 legion to fight the Moors in Africa has caused the Span-
 ish embassy in London and the consulate of that govern-
 ment in New York to be overwhelmed with applicants.

Service in the army of Spain would not seem to be an
 especially desirable billet, either. That it may be prefer-
 able to having no job and going hungry raises a question.
 That it promises rations and a bit of pay beside is the
 lodestone that is drawing men for the most part, though
 certainly some are attracted by the adventure which it
 holds out are more likely to get all of what they are seek-
 ing than those who are moved by some other incentive.
 War with the wild tribesmen is not a pink tea affair. That
 has been demonstrated to Spain's discredit.

The man who enlists to escape starvation may have a
 good defense for his action. Others may feel that they
 need no defense in offering their services to a nation
 which they would as quickly fight against as for. The
 situation shows that at the present time there are many
 who are interested in obtaining a meal ticket and excitement
 rather than in making over principles involved in
 selling their services to a foreign government.

However, those who enlist in Spain's service are not
 likely to find it especially pleasing. It surely should be,
 the last resort, the haven of down-and-outers.

MUST RE-ESTABLISH CREDIT

For some months the state of North Dakota has been
 attempting to sell what is a moderate issue of bonds, con-
 sidering the resources of the state and its present indolence.
 Other taxing districts have been able to sell
 bonded obligations, but North Dakota finds no buyers,
 though repeated efforts have been made. Non-Partisan
 League partisans probably would say in explanation that
 the "money power" is against them, that "orga-
 nized wealth" is using this money to cause the state to
 retreat from its socialist policy. However, this were it
 true would not prevent the adherents of the Non-Partisan
 League, and they are numerous, or were, in the North-
 west, from buying the bonds themselves as individuals
 as an object lesson to the "money power." Yet the
 members of the Non-Partisan League won't buy the bonds
 a bit more than others. There is a reason.

Investors seek to place their money where safely along
 with satisfactory interest is assured. There is no objec-
 tion to the interest North Dakota would pay, but safety
 is another proposition. An individual is enabled to nego-
 tiate loans on the resources he has back of him or the col-

lateral he offers. His character also enters into it but it
 is not the only character. A state has to borrow solely
 on its character. If the people are prone to be evasive of
 their obligations their credit will be not good. Since the
 state is made up of an aggregation of individuals the
 state is the sum of the character of the people. North
 Dakota has been doing some odd things. Because of that
 investors are wary. States may repudiate their debts
 and there is no recourse for the creditors. It has been
 done. North Dakota might do the same. Therefore the
 disinclination of investors to help the commonwealth out
 of its present troubles by handing over money in ex-
 change for promises to pay.

The instance is an illustration of the value of a good
 character and a reputation for honesty. Perhaps North
 Dakota would pay, but because of the peculiar experi-
 ments attempted there, a doubt has been aroused. It is
 the task of North Dakota to re-establish good credit by
 becoming sane again and demonstrating it. That is what
 an individual with wrecked credit would need to do and
 a state no less.

THE LETHARGIC LEAGUE

The latest grievance of the League of Nations officials
 is that their communications to the department of state
 at Washington bring no replies. The postal service can-
 not be blamed, at least at this end, because it is again
 functioning now that Mr. Hay is in charge. Officials at
 Geneva cannot understand the "discourtesy."

If the communications received at Washington are any-
 thing like those with which the league is deluging Ameri-
 can newspaper editors it is not surprising that they
 should fail to elicit answers. They consist of many
 printed pages designed to give the impression that the
 league is busily at work settling the affairs of the world
 and enabling the officials to draw their salaries, but an-
 alysis shows that no matters of vital importance are
 involved. For it has long been apparent that the League
 is not the big performance in the main text but a side-
 show whose paid "barkers" are endeavoring to attract
 patronage, but in vain.

The United States government can take up official no-
 tice of the League of Nations because it is not a member
 of that organization and furthermore does not wish to be
 connected with it in any way. Any peoples that feel like
 going to war do so without consulting the League. Its
 own members are not proposing to live up to the contract;
 which says: "Any war or threat of war, whether imme-
 diately affecting any members of the League or not, is
 hereby declared a matter of concern to the whole League,
 and the League shall take any action that may be deemed
 wise and effectual to safeguard the peace of nations."

It is provided that any member may send in a hurry call
 to the secretary general and he must immediately summon
 a meeting of the council.

To date nobody has turned in an alarm, probably owing
 to the general impression that the international fire de-
 partment would either fail to respond or would cause ad-
 ditional damage if it did get on the job. A far wiser plan
 than the League of Nations is now in process of arrange-
 ment and the people of the world are looking forward
 hopefully to its consummation.

Former Emperor Charles may ask the League of Na-
 tions to restore his throne, but how does he know it has
 not been chopped up for firewood?

It costs 5-13 cents a meal for Ohio to feed penitentiary
 prisoners, but there will be no eagerness to board there
 because of the low cost of living.

More Truth Than Poetry

UNENVIED DEAD ONES

By S. E. KISER

I MIGHT have cared for Helen, who caused the
 wreck of Troy,
 If I had gambled with her, an eager, frolicked
 But I am not regretting the ways of Chance or
 Fate;
 Better than praise from Homer I deem my pres-
 ent state;
 If I had been in action where Hector hit the
 sand
 I couldn't be enchanted while holding Grace's
 hand.

PERHAPS the Queen of Sheba possessed a
 winsome smile,
 And smiling over her beauty may well have been
 worth while;
 But I am glad I wasn't King David's royal heir,
 Though Solomon, I take it, hit high spots here
 and there;
 More fortunate than being the wisest of the
 wise
 I am, I think, while seeing love soften Grace's
 eyes.

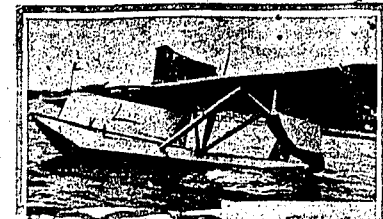

I'm glad I wasn't Caesar. No doubt his joy
 was great
 While he and Cleopatra remained out boating
 late;
 I fancy that she caused him to toss his Rome
 away;
 Forgetting what the people at home, in Rome,
 would say,
 But all that seems as nothing when I'm alone
 with Grace,
 My shoulder, being whitened with powder from her
 face.

AND THAT WAS ALL OF THAT

She said: "I read you like a book."
 He answered: "Do you? Thanks."
 She added, with a nasty look:
 "So many books are blanks."

Makes New Altitude Record in New Type of Flying Boat

The Loening Monoplane flying boat which recently broke the world's record for altitude for a flying boat at Fort Washington, Long Island, N. Y., carrying four passengers. The plane, piloted by David McCulloch, rose to a height of 10,500 feet. The machine, a new type, was designed by Grover C. Loening. The flight was official, and the altitude meter, which McCulloch is holding, was sealed by officials of the Aero Club of America before the start of the flight. McCulloch was a pilot of the transatlantic flier NC-3.

Words of Wise Men

There are words that help as well as words that hinder. The first we should carefully take up, and the latter resolutely cast away. The easiest thing to do is a disagreeable thing is when we first decide it is a duty. Evils and delays double the unpleasantness and hours of foreboding and despondency are used to discomfort the decisive action that must come at last. Dodging the disagreeable is a losing game.

THE AMERICAN LEGION IN THE WEEK'S NEWS

The body of Frederick W. Galbraith, Jr., national commander of the American Legion at the time of his accidental death at Indianapolis, Ind., in June, will not be interred in Arlington national cemetery at Washington, D. C., according to advice last week from the widow's brother of the late commander. Burial will be made at Spring Grove cemetery, Cincinnati, O., where the body was placed in a temporary vault following the largest military funeral in America since the Civil war.

With the practical closing of the harvest season, the employment office of an American Legion post at Aberdeen, S. D., where L. W. W.'s tried to cause a general "strike" among farm hands, has closed. In three weeks the legion served 167 free meals, found jobs for 417 men, gave \$24 in prizes, gave 373 free baths and 12 treatment by the post physician.

The city election in Birmingham, Ala., may be postponed at the request of an American Legion post of that city. The service men want to vote there a law compelling them from poll tax was declared unconstitutional recently. The men were disqualified as voters. Thirty thousand world war veterans of the state are affected.

Evidence of the plight of unemployed service men was carried to Congress last week when Armand T. Gaudreau, University of Maine graduate, brought the American Legion employment bureau for any work that he could do. Previously Gaudreau, dressed in his collegiate cap and gown, appeared in the streets of the banking section, selling newspapers.

A silver reproduction of the historic statue atop Castle San Angelo, Italy, mounted on a pedestal of stone from Mount Group, will be brought to the American Legion by General Armando Diaz, commander in chief of Italian armies when he attends the legion convention at Kansas City in October. Diaz dispatches declare.

To go back long to her home on the Rhine the German widow of an American doughboy, wearer of five battle citations and cited for valor, the American Legion of New York is raising a fund of \$250. The veteran met his bride while with the army of occupation and through illness left her practically penniless upon his recent death.

Joseph Daniels, former secretary of the navy, and Charles R. Forbes, national director of the bureau of war risk insurance, spoke the same platform in addressing the state convention of the American Legion of North Carolina last week.

The old Grand Pacific hotel in Chicago will be taken over by the American Legion of that city for the exclusive use of homeless and jobless service men in place now being worked out by the legionnaires. Accommodations will be provided for 1000 men.

When President Harding visits Birmingham, Ala., in October, he will be attended by an honor guard of 1000 members of the American Legion, drawn from each of the 50 states of the state.

The parents of Merle Hay, one of the first three Americans killed in the epidemic, will receive an insurance benefit their boy died before the war risk act became operative. The American Legion of Iowa, Hay's home state, has notified the state of his death and is seeking to find any other parents who may "die too soon."

Michael E. Cusidy, member of the American Legion post at Ridge, Ariz., and morale officer at Camp Cook, N. M., during the war, was last week appointed, appropriately enough, prohibition director for his arid state.

WOMEN VOTERS GRAFIFIED BY YEAR'S RESULT

Feminine Political Leaders Voice Approval of Achievements of Women During the First Year

NEW YORK, (AP)—Representative women leaders in political organizations here expressed gratification Monday over the achievements of the women of the United States during the first year of their national enfranchisement. The 19th amendment to the constitution was officially proclaimed Aug.—20, 1920.

All agreed that during the year the women voters everywhere had begun slowly but surely to find their place in the political councils and organizations of the parties. An awakened political consciousness among both men and women and a new dignity in political affairs generally were among the things accomplished by women in that short time, they said.

Begin to Find Places

Mrs. Carrie Chapman Catt of the National League of Women Voters and the National American Woman Suffrage Association said that women have begun to find their place in the management of the affairs of the two dominant political parties of the country.

"While our progress in that direction has not been complete," she said, "we believe that we have accomplished much in that direction. Many women have been somewhat discouraged by the treatment they have received from the political parties in their localities. While women have not been granted political equality and opportunity to take their proper place in the political life of their communities in about half the states, they have been received with sympathy and understanding and accorded full equality in the political organizations in the other half of the states. They have been received in political matters, especially those who were engaged in suffrage work before national enfranchisement, and found nothing discouraging in the situation."

Progress Causes Amusement

Helen Varick Basswell, vice-president of the republican county committee of New York, said that the rapidly and slowly but surely have been absorbed in the political life since the passage of the nineteenth amendment had caused amusement among the men and satisfaction among the women. She said that the women have been organized into the parties within a few weeks of the actual granting of suffrage.

"The benefit to the county and to women has been great. We feel an assurance, a peace, a security in being a real citizen, with all the functions of help to create and to maintain better government and our equipment in the political field."

Mrs. Allison R. Sirr, president of the Woman's Democratic Political League, said that the biggest achievement of the year has been the educating of women and men to a new political consciousness.

"The work of introducing women's ideas into our political arena is not exactly slow," she said, "but we are making progress every day and a higher standard of conduct in politics and public affairs is being set up. We have been told that most of the political leaders are not sincere with us. They will have to learn to take women into their confidence and confidence has been shown on political problems of every nature in order to get their point of view which is of value."

Do Political Druggery

"We have not found them to be grateful either. We are giving house-to-house canvassing for which we are well-fitted, and other political druggery to do but so far there has been no sharing of other political responsibilities. After we have been of service and benefit to them they try to avoid us for fear we will expect them to return the favor by kicking us out."

Mary Garrett Hay, chairman of the New York City League of Women Voters, said that it was generally conceded that the presence of women at the polls has brought order and dignity.

"Women have started a movement for better citizenship," she said. "The public is hardly aware of this as yet but women are throughout the country holding meetings, getting records, distributing questionnaires and preaching the need for more ability and more honesty in public office."

"They have made a persistent effort to educate the electorate through citizenship schools and courses and through the distribution of candidates' records and opinions."

"If American women continue as they have started, they will, in a few years, bring about some startling changes in legislation, election methods and political standards and they may accomplish this in a quiet and unostentatious fashion."

Same Old Story Just a Good One

Bama Oldie Dunn, Savannah, Mo., relates an experience, the like of which has happened in almost every neighborhood in this country, and has been told and retold by thousands of others. She said: "I used a bottle of Chamberlain's Cough and Diarrhoea Remedy about nine years ago and it cured me of flux (typhoid). I had another attack of the same complaint three or four years ago and a few doses of this remedy cured me. I have recommended it to dozens of people since I first used it and shall continue to do so. I know it is a quick and positive cure for bowel troubles."—adv.

TRADE VOLUME CONTINUES GREATER THAN LAST YEAR

Dollar Value Declines but the Amount of Goods Sold in 12th District Increases

SAN FRANCISCO, (AP)—The dollar value of sales of 30 representative departments stores and mail order houses in the Twelfth Federal Reserve district during July declined 12.9 per cent, compared with July, 1920, according to John Perrin, chairman of the board and federal reserve agent. Mr. Perrin said, however, that present retail prices were reported to average 20 per cent less than in July of last year, and the value of the average sale was reported by 11 stores as 16.3 per cent less, indicating that the physical volume of trade continues to be greater than it was a year ago.

The amount of the average sale reported by 11 firms was \$2.20 in July compared with \$2.52 in June, and \$2.75 in July, 1920.

Collectors were said by 13 firms to be good, but 11 others characterized them as only fair.

KILLING OF AMERICAN BY MEXICANS REPORTED

Consular Advises from Salina Cruz Tell of Death of California Man

WASHINGTON, D. C., (AP)—David I. Richards, an American, was killed by Mexicans at Salina Cruz, Friday, according to consular advice from Salina Cruz received at the state department. Richards' home was at Niles, Cal.

The consul gave no details of the killing except that it was done "by natives."

America's Most Beautiful Girl Boxed to Wed

Miss Gertrude Fisher, of Melrose Park, Philadelphia, proclaimed six years ago as the "most beautiful girl in America" by a jury of photographers, has lost her beauty—Carl F. Luber, Jr., a soft drink manufacturer, of Philadelphia. The announcement came as a surprise to the many friends of Miss Fisher. After the verdict of the photographers, Miss Fisher was deluged with offers of marriage. They came from far and near. Many offers also came from manufacturers of tooth paste, automobiles, fire powder. Miss Fisher protested that the photographers had made a grievous error. She positively denied their verdict. She said that she was not even the most beautiful girl in the city, let alone in America.

LOAN ASSOCIATION'S WORTH IS RELATED

Secretary Lechleiter Tells Kiwanians of His Company's Advancement

Members of the Kiwanis club at their weekly luncheon meeting Monday, heard Frank Lechleiter, secretary of the Mutual Building and Loan association, review the plan and development of the organization since its formation in Twin Falls five years ago.

The organization is now operating in five counties, Mr. Lechleiter said, and has approximately 900 members whose accumulated savings aggregate \$138,268. It has loans outstanding to the sum of \$135,800 and assets amounting to \$140,000.

The proportion of membership to population in southern Idaho is not large as compared with the proportion over the United States which is one member in each 22 persons. The proportion for southern Idaho, Mr. Lechleiter estimated, is about one member out of 40 or 50 persons. In the case of Kimberly, however, an exception is noted. The proportion there is one member out of 19 persons.

Mr. Lechleiter reviewed the history of building and loan associations from the date of the inception of the idea, and presented figures to show that these organizations offer the most effective solution of the housing problem.

The club elected to membership Dr. D. L. Alexander, R. A. Peters, J. C. Whelan, W. A. Patrick and Dr. George H. Caldwell.

The attendance prize, donated by Robert K. Logan of the Logan Mastic company, was won by G. G. Miering of the Northrup-High Seed company.

ALLEGED SLAYER'S DAUGHTER PLEADS FOR HER BATTERY

BIRMINGHAM, Ala., (AP)—Declaring that she fears she may be kidnapped or placed in an asylum for the insane, Mrs. Ruth Stephenson Guesman today petitioned Judge Locke for an order restraining state, county and city authorities and all other persons from interfering with her.

She alleged that since she testified against her father, the late Stephenson, a preacher, charged with the murder of Father Coyne, a Catholic priest who performed the marriage ceremony for her and Guesman, she has been threatened.

Let the Wedding Bells Ring Out

IT WAS UTTERLY IMPOSSIBLE

HUTCHINSON IS MADE TREASURER OF COMPANY

Maxwell Motor corporation announces the election of R. E. Hutchinson as treasurer.

Mr. Hutchinson comes to the Maxwell organization with a rather unusual experience in the various departments of industrial management, gained in the United States and England, and with a reputation in finance and accounting.

He is a technically trained man, but his career is typically that of the American who has the courage and ability to start on the lowest rung and work up. After leaving Massachusetts Institute of Technology, Boston, he went into the steel industry as a foreman.

Combining practical experience with his technical training, in five years he had become general superintendent of the steel department of a large concern, having been successively general foreman of the open hearth department, chief engineer and superintendent of the open hearth department.

Mr. Hutchinson left this position only to return in two years as assistant to the president of the concern, a position which involved large responsibilities in finance, sales, production, purchasing and general management.

After several other successful connections, Mr. Hutchinson joined the staff of a New York accounting and business organization firm and, while with them, he was put in charge of the reorganization of accounting and system for the American Writing Paper company, Holyoke, Mass.

His capacity for organization was considered so valuable by the American Writing Paper company that he was made treasurer, in charge of finance, credits and collections, accounting and general office management.

Hot Weather Diseases

Disorders of the bowels are extremely dangerous, particularly during the hot weather of the summer months, and in order to protect yourself and family against a sudden attack, get a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It can be depended upon. Many have testified to its excellence.—adv.

Stories of Great Scouts

By Elmo Scott Wetters

© Western Newspaper Union.

THE EXPLOIT OF PIONEER SCOUT ANDREW POE

Andrew and Adam Poe, two brothers, were scouts in the pioneer days of Ohio. One day when the Poe brothers were leading a party on the trail of a band of Indians who had raided the settlements, they left their sides to try to locate the savages. The brothers became separated. On the bank of a river Andrew came upon a giant Wyandot chief and a smaller Indian who were standing with their rifles cocked but looking in another direction.

Poe's rifle missed fire when he shot at the chief and the Indians at once discovered him. Before they could shoot, the scout sprang upon them, seizing both around the neck. The small Indian jerked loose first and while the chief held Poe, his companion tried to get in a death blow with his tomahawk. Andrew allowed him to come close. Then with one mighty kick he planted his foot in the Indian's stomach, hurling him backward and knocking the hatchet from his hand.

When the little Indian got his breath back and recovered his tomahawk, he advanced to the attack again and succeeded in wounding Poe in the arm. A second later the scout pulled himself from the grasp of the chief, seized one of the Indian's guns and shot the warrior as he advanced to attack him a third time. Poe was no longer fighting against odds and he immediately attacked the chief.

The ground was wet and slippery. In another moment the Indian and the white man, locked in each other's arms, fell into the water and each began trying to drown the other. Finally Poe seized the enemy by the scalp lock and held his head under water until he believed the chief was dead. When he released his hold, however, the retaken renewed the struggle. By this time they were fighting in deep water. Scrambling at the same time, both thought of the one loaded rifle on the shore and both started to swim to get it. The Indian was the better swimmer and reached the bank first.

As the chief picked up the gun, Poe turned back in the water and began diving to avoid a bullet. The chief, however, had picked up an empty gun, the one with which Andrew had killed the little Indian, and before the Wyandot could get the loaded weapon, Adam Poe, who had heard the shot came running to his brother's rescue. He fired and the Indian fell dead.
