VOL. 4, NO. 124

TWIN FALLS, IDAHO, THURSDAY, SEPTEMBER 1, 1921

PRICE FIVE CENTS

## WEST VIRGINIA BELLEGGERS IGNORE PRESIDENT'S ORDER

### GRANTS PERMIT FOR REDUCTION OF GRAIN RATES

Commerce Board Authorizes a Cut of 5-12 Cents a Hundred Pounds from Missouri and Mississippi River Points

### ACTION REDUCES DELAY IN CHANGE TO MINIMUM

Relative Rates as Between Interior Western Points and Missouri River Terminals are Not Affected

WASHINGTON, (AP)—Authority was granted by the interstate commerce commission today to western and central railroads to reduce the rates on grain and other commodities for export from Missouri and Mississippi river points and on grain from terminals between the rivers and from Illinois to Gulf ports, Mobile and Galveston, four cents.

### Eliminates Delay

The rates from Missouri and Mississippi river points and territory between and Illinois may be published by the railroads on less than the usual thirty days delay.

### BOISE RESIDENT DEATH WICTIM AT SPORT MEET

Dr. Moberly Answers Final Call while Attending Field Event

Dr. E. H. Moberly, Boise, retired doctor about 70 years, fell dead from heart failure this morning while acting as judge at the trial meet of the Southern Idaho Amateur Field Trial meet at the C. S. Oliver ranch, three miles southeast of Buhl.

### SAFETY CAMPAIGN MAKES MINING LESS DANGEROUS

Federal Official Tells First Aid and Mine Rescue Told Underground Fatalities on Decrease

ST. LOUIS, Mo. (AP)—Mine fatalities have been reduced approximately twenty per cent in the last five years.

### Superdreadnaught Washington Slips Off Builders Ways

Launching of Big American Fighting Machine Attended with Ceremony

CAMDEN, N. J. (AP)—The superdreadnaught Washington, one of the four largest and most powerful battle-ships of the United States navy, was launched today at the Gloucester plant of the New York Shipbuilding corporation.

### FOR NEW GRADE AT BLUE LAKES

#### Jerome County Highway Commissioners to Obtain Estimates of Cost

An investigation by competent engineers as to the possible expense involved in constructing a serviceable, easy grade from Blue Lakes to the top of the rimrock of the north side was ordered by the highway commissioners of Jerome county as a result of a meeting held in Jerome last night which was attended by about 25 Twin Falls men and a similar number from Jerome.

The meeting was called in an effort to arrange a basis upon which joint action might be taken by the north and south side looking to the improvement of the grade and river crossing on the Blue Lakes route. Arthur L. Byrnes held the tentative plan before the meeting, suggesting that joint action be taken by the highway boards of both counties to raise sufficient money by direct taxation to purchase the Twin Falls road and a sufficient further sum to cut the present grades down to a point which would mean easy driving for vehicles of all kinds.

### Second Meeting Called

A number of questions were asked and answered at the meeting held last night's meeting, the impression among the Jerome people, however, being apparently that a much larger sum of money would be required than the determination to make another estimate of cost grew out of this feeling and a resolution followed providing for another meeting.

## FLASHES ON THE WIRE

NEW YORK, (AP)—Steamships raced to port today from beyond the three-mile limit in efforts to be first to arrive in September with immigrants from countries where monthly quotas under the restrictive immigration law were in danger of being exceeded at once.

AUBURN, Ill. (AP)—The wheatland plowing match a contest open to the public on the John Wolf farm near Plainfield, Ill. Over 10,000 persons witnessed the first furrows turned. The great preponderance in entries was in the tractor contest.

DES MOINES, Ia. (AP)—Towns' automobile headlights law went into effect today. The law provided that the top of the beam of light from the headlights must rise above 42 inches from the ground at 75 feet beyond the front of the automobile. No electric light bulbs greater than 32 candlepower are permissible. Automobileists must have their headlight certificates of inspection renewed each month.

CHICAGO, (AP)—The average person's life is worth just \$5,800 statistically. It has been enhanced in value by \$1,200 during the last five years, according to E. L. Blair, of Mason City, Iowa, secretary of the Modern Brotherhood of America, who addressed the annual meeting of the organization here yesterday.

### MISSING CANADIAN BOAT BEING TOWED INTO PORT

Vessel which Disappeared Last Friday is Found on Coast 50 Miles West of San Francisco

MONTREAL, (AP)—The Canadian importer, believed to have gone down in the Pacific coast, has been found by the Canadian cutter, which is towing her to the nearest port, the government merchant marine office was advised today.

The Canadian importer, a government-owned freighter, disappeared August 26.

### LATEST NEWS TO OPEN NEW STATE

#### Idaho's Lower Tax Rate Tends to Throw Cold Water on Plan to Join Panhandle with the Washington Counties

Spokane, Wash. (AP)—The latest proposal for the formation of a new state from parts of Idaho and Washington seems in danger of going the way of similar schemes that have preceded it since before either of the two states was admitted to the union.

With the death of State Senator A. H. Hatch, chief sponsor of the new state plan in Washington, a proposed meeting of northern Idaho and eastern Washington interests set for early September has apparently been abandoned, and supporters of the movement in northern Idaho have been quoted as expressing a feeling that the present is a propitious time for broaching the proposal.

A commission authorized by the last session of the Idaho state legislature to study the possibilities of forming a new state has not been appointed, and doubt has been expressed that it ever will be named.

### Crop Estimate Sends Cotton Price Higher

NEW YORK, (AP)—Cotton advanced to new high levels for the season on publication of the government crop report here today. December sold at \$17.80 and January at \$17.35 respectively.

### Revolutionary Plot Unearthed in India

LONDON, (AP)—A dispatch to the Daily Mail from Calcutta says the police in the Punjab have discovered a conspiracy among the members of the British government and assassinate Europeans. The dispatch adds that the prosecution of the alleged conspirators will be undertaken.

A report from Madison last night was to the effect that two union miners had arrived from Illinois at about 9:00 a.m. and occupied the territory along Hewitt and Mill creeks.

### INTERNATIONAL ZIONIST CONGRESS OPENS SESSION

Planelts Relating to Rebuilding of Palestine Come Before Gstaad Assemblage

CARLSBAD, Czechoslovakia. (AP)—More than six hundred delegates from virtually every country in the world were here today to attend the opening session of the twelfth International Zionist congress. Poland, which is its national center, declined to have the largest delegation, having about 150 representatives present.

## TROOP MOVEMENTS DEPEND UPON BANDHOLTZ' REPORT

Mobilization of Armed Forces Continue as Time Limit for Dispersal Expires

## STATE OFFICIALS AND CITIZENS JOIN IN PLEAS FOR FEDERAL INTERVENTION

WASHINGTON, (AP)—Expiration at noon today of the time limit fixed by President Harding by proclamation for dispersal of the armed bands of citizens in West Virginia's mine disorders found White House and war department officials awaiting a report from Brigadier General H. H. Bandholtz, the army's representative on the scene, as to the situation.

While officials awaited the report on which a decision as to employment of federal troops and a declaration of martial law will rest, all will wait for the report from the government to step into West Virginia should that be found necessary.

Trains were said by Secretary Weeks to be standing ready on the tracks to be sent to Logan county.

As the expiration of the time limit fixed by the president approached, communications from West Virginia officials and citizens poured into the War Department and White House, all of the messages asserting that the armed bands were disposed to disregard the call to disperse and calling in urgent language for the employment of federal troops.

Representative Eckels' proclamation (characterized that the president's proclamation was being "contemptuously ignored.")

Third Regiment Ready A third regiment of infantry was today ordered by Secretary Weeks to be gotten in readiness at Camp Dix, N. J., for possible service in West Virginia.

RESUMPTION OF FIGHTING PROMPTED TO STATE CAPITAL CHARLESTON, W. Va. (AP)—The office of Governor Morgan announced soon after noon today that it has reported from Logan county that resumption of fighting on Blair mountain, Boone county. There were no details.

PHILIP MURPHY, vice president of the international organization of mine workers, as being called by President Harding expressing the belief that the men along the Boone-Logan border would disperse provided the government gave them the same substance and nature the men's lives and property would be protected from "armed gunmen."

LOGAN, W. Va. (AP)—Runners reaching Logan from outlying points reported that quiet prevailed in the sections where the deputy sheriffs and volunteers under Sheriff Chaffin of Logan county, Ohio, government gave them the same substance and nature the men's lives and property would be protected from "armed gunmen."

As the expiration of the time limit fixed by the president approached, communications from West Virginia officials and citizens poured into the War Department and White House, all of the messages asserting that the armed bands were disposed to disregard the call to disperse and calling in urgent language for the employment of federal troops.

## CONTACT GIRL SEEN; SUTOR IS SUSPECTED

Dolores Weighall, 16, is Dead and Mother, Mrs. Frank Weighall, Critically Wounded as Shooting Results

## MINER'S HOME IS SCENE OF GRESWOME TRAGEDY

Golly Van Eaton, 21, Reputed Fiancee of Murdered Girl, is Accused of Slaying; Jealousy Possible Motive

Miss Dolores Weighall, aged 16 years, was shot to death at Contact, Nev., this morning. Her mother, Mrs. Frank Weighall, was seriously injured at the same time. Golly Van Eaton, 21, a Twin Falls district farm laborer, is accused of the shooting.

From reports reaching this place from the scene of the shooting it is inferred that Van Eaton, who is believed to have been the dead girl's fiance, became jealous of alleged attentions the girl had permitted from men about the mining camp. Van Eaton is understood to have been with the young woman and her family. Trouble is said to have brewed from the time of his rejecting the camp, culminating in a violent quarrel, early this morning at the home of the Weighalls.

Agree Upon Division of Contested Territory into Two Districts

## POLAND AND LITHUANIA SETTLE VILNA DISPUTE

GENEVA, (AP)—The dispute between Poland and Lithuania regarding Vilna was settled by the representatives of the two countries here this morning.

After it developed that the reported settlement between Poland and Lithuania was still open to some question, and although the Christian civilization was considered a settlement assured, there were said to be questions of detail yet to be adjusted.

## RAILWAYS AT STANDSTILL ON COAL SHORTAGE

ST. ALBANS, W. Va. (AP)—All trains (Continued on Page Four)

## Misunderstanding Cause of Trouble in West Virginia, Harding Tells War College

WASHINGTON, (AP)—President Harding, speaking today at the opening of the fall term of the army war college, declared that "no matter what the best aspirations of the world had as their object, there never can be a time without the presence of armed forces."

That the time was coming when the "burdens of armament" could be diminished.

# CITY SCHOOLS OPEN NEXT TUESDAY

## Superintendent Issues Statement

### Economy Rules in Administration

Many Changes Have Been Instituted in Preparing Program of Educational Procedure for Coming Year, but None, it is Explained, Affect Any Department Vital to the General Curriculum

By M. C. MITCHELL, Superintendent of Schools. We are calling the attention of the people of the community to certain announcements relative to the opening of the city schools. Also, a statement describing many of the features of our school work during the coming year will be found herein. We are of the belief that the information contained in this article will not only enable us all, both patrons and school officials, to act in harmonious cooperation as we start the work of the school year but that it will insure that the public may better know just definitely how the school work during the coming year and what opportunities will be offered to pupils who attend.

1. School opens Tuesday, September 6. Tuesday, September 6, will be the opening day of the Twin Falls school year. It is anticipated that all the buildings and equipment for operating the schools will be in readiness, and that all employees of the school district will have arrived for duty on the opening day of school. This will render it possible for the schools to start off with the desired degree of efficiency from the first.

2. In the high school and intermediate school the roll will be taken each morning at 8:50 o'clock, and in the grade buildings at 9 o'clock. This announcement does not apply in the case of those children entering school for the first time and who will be classified in the First B grade. Pupils in the First B grade should not come until Wednesday morning, September 7. This will enable the teachers to give a larger degree of attention to the older pupils in the grade buildings on Tuesday, and similarly a more satisfactory amount of attention to the smaller children when they start on Wednesday.

3. In order to relieve the crowded conditions in the grade buildings as much as possible, the pupils in the Sixth, A, grade come to the intermediate school building during the first semester. Consequently all the A pupils should report at the intermediate building on the opening day of school. They will there be under the instruction of teachers regularly trained and fitted for the work. It is deemed an instruction necessary to meet the needs of those pupils will be lodged in the office of the intermediate school principal. These pupils would naturally move into the Seventh B grade of the intermediate school at the beginning of the second semester and so it is clear that their year's work will be disrupted the least bit possible by this plan.

4. Pupils of grades one to six who do not enter the first week will be enrolled in the office of the supervisor of elementary grades in room 112 of the intermediate school building from there they will be directed to the proper grade building. Pupils may enter on Monday and Wednesday morning of each week from 8:50 to 10 o'clock. This plan is rendered advisable and necessary over the plan of having pupils register in the grade building because of the fact that principals in those buildings will be unable to give the necessary amount of attention and time to the work since other duties are placed upon them.

5. The high school and intermediate school will continue to be organized and conducted on the 4-2 plan. That is, the ninth, tenth, eleventh and twelfth grades will constitute the high school grades and the seventh and eighth grades will constitute the intermediate school. Pupils are classified in intermediate schools until their work in high grade has been entirely completed. They may have the privilege of enrolling in two or three subjects in the ninth grade in high school providing the same completed the course in the corresponding subjects of the eighth

information relative to the method of organization of the schools which will be given during the coming year. It has been necessary that these statements be more or less fragmentary because we preferred to proceed cautiously and conservatively in making the few eliminations which it seemed should absolutely have to be made in order to place the maintenance and operation of the entire school system upon a more economic basis. The same plan arrived for a reasonably complete and comprehensive statement to the public of the method of organization of the schools which will be given during the coming year. The school officials are quite confident that the fears which may arise in the minds of certain patrons of the school because of partial elimination of certain subjects in certain departments of the work will be allayed to a large extent. No one possesses the magic word the announcement of which will result in a reduction of approximately 20 per cent in this amount necessary to run the schools this year, without producing some changes in the direction of the elimination of certain opportunities for the pupils which they enjoyed last year. The opportunities offered to pupils here, however, will compare very favorably with those being offered this year in school systems the size of this and much larger than this, and they compare exceedingly favorably with those offered to students in our own city schools in very recent years.

**Reductions Made.** In the general administration of the schools the severest, proportionate reduction has been effected. Three positions and permanently supervisory, the special music supervisory and the health supervisory were positions which would have to be eliminated for the present year. It is a mistake, however, for anyone to presuppose that none of these subjects will receive attention in the schools during the coming year. The subjects will be taught by the teachers in their respective groups of pupils just as they will teach the other subjects. The teachers will be given special help for guidance and direction in the work the same outlines and syllabi with which they have been provided in former years. Then, in addition to these written suggestions, the music, art and penmanship, the office of the elementary grade supervisor has been extended so as to cover teaching of these subjects in the first four grades last year. Not only this, but one of the principals of the grade buildings who was the special supervisor of art and penmanship last year will meet all the teachers of the grades next week during the former part of the school year when they special direction and help in this line of the work for the benefit of the pupils to whom the teachers give instruction. Assistance in the field of health instruction and supervision is promised to the pupils of our schools by the county nurse. This will be of very material help. Then in addition, plans already being worked out which by actual concrete attention along certain lines will be paid to those pupils whose physical condition seems to call for the same. A concrete announcement of this must necessarily be deferred until a time probably in the near future.

**Other Changes.** Another change in the administration of the schools is involved in the plan to have the principals in each of the three grade buildings and the intermediate-grade principals. As such, their work will be approximately half in the principal's office and half in the classroom. To take care of the supervision of the teaching of the fifth and sixth grades which work was part of that assigned to the grade school principals formerly, the scope of the elementary grade supervisor has been extended so as to include the supervision of the teaching done by all the teachers in the first six grades. It is apparent then, that the changes that have been made affecting the principal's office will be practically a re-organization of administration. The three grade principals will be in the same part of the school with the corresponding principals in the same part of the school, which cost \$19,000. The new plan will place the work on a more economical basis, which cost \$19,000. The new plan will place the work on a more economical basis, which cost \$19,000.

**Necessary Eliminations.** In a certain sense the contraction of departments of instruction in the school system affects the intermediate school pupils in a more evident and apparent manner than it does any other pupils in the entire school system. It will be impossible for them to have any instruction in the mechanic arts or the household economies subjects, inasmuch as these subjects have been open to intermediate school pupils during one semester only, it is not a case of serious elimination of work long established and deeply implanted in the instructional scheme. These pupils will simply be asked to work on the same basis and at the same subjects as pupils of the corresponding grades did last year and each year previous.

It is very clear that certain advantages will accrue to the pupils themselves through being required to confine their attention to their four subjects of English, mathematics, history and science. It will be possible to operate a more closely organized and more rigidly disciplined school. This can hardly be deemed a hardship upon any of the pupils in our American schools. When they arrive in high school they will have a more substantial foundation upon which to build their broader superstructure and will be better and more intelligently appreciate and choose from the broad field of subjects.

**At the High School.** It is in the high school that the least change effected in the organizational and administrative plan. The greatest changes are made in the variation of the courses offered to pupils. The principalship of the high school will continue to carry with it both the administrative and supervisory duties.

involved in this division of the school system just as in former years. In the matter of elimination of positions or contraction of departments of work it was apparent to the school officials that the high school should suffer the severest changes. If it had seemed necessary to eliminate any division of the school system entirely, the high school should have been the first to go. Fortunately, however, we believe we are now clearly set not only retain the high school division in its entirety of all four classes, but also to insure much less disappointment on the part of those who may have thought the high school would become hampered in its effectiveness.

In the more traditional high school subjects of English, foreign language, mathematics, natural science and history, the amount or greater opportunity will be offered to high school students than formerly. While a few subjects such as college algebra, trigonometry and English history which have been given to comprehensively small groups of pupils in former years cannot be offered, the other courses falling under these five general subjects upon which attention will be concentrated, will be presented in telling and effective fashion, we believe. In the departments of business and industrial arts there will be one commercial teacher giving all his attention to instruction in typewriting and stenography. Pupils who are not advanced far enough to take these subjects are advised to enroll in the more general fields of English and secure a better foundation upon which to base their commercial training later in their high school course. In case where it is deemed essential that the pupil pursue the particular commercial studies which the high school does not offer, it will be possible to pursue them in other institutions in the community without necessitating that the pupil leave home.

In mechanic arts the same opportunities will be afforded for training as has been done any year previous to the one immediately past. And it is clearly possible for the one instructor this year in mechanic arts to give instruction to as large a group of students practically as last year has been afforded in this department even when the school afforded two instructors.

**To Teach Agriculture.** In agriculture, the high school is as well or better equipped to give instruction to pupils as in any previous year. One hundred pupils can be conveniently accommodated and instructed by the teacher in that department. This is a great many more than have ever taken instruction in agriculture during any one semester in previous years.

In the household economies department there will be a more excellent opportunity than the high school has ever afforded for giving instruction to

pupils. There is a large amount of splendid equipment and with the two instructors in that department there is ample opportunity for accommodating near 60 per cent more pupils than have ever been enrolled in that department during any previous semester. The department of art which occupied part of the time of one instructor, will not be in operation this year. It did not seem to be good economy to continue this work at the present time when so few pupils were electing the courses therein. This department of public speaking will work on the same basis as in former years. One teacher will give full

## LEGION TEAM CLINCHES FLAG OF TWILIGHT BASEBALL LEAGUE BY WINNING OVER MOOSE 2-1

### Cooper and Thompson Engaged in Battle of Strong Arms and Wits, with Former Buhl Twirler Ahead at Conclusion by a Mere Eye-lash—Soldiers Unable to Gather Regular Strength for Contest

By winning a hot-tailed encounter with the Moose yesterday the Legion team clinched its right and title to the Twilight League pennant. The score was 2 to 1, and but a single hit separated the teams from a tie count when darkness prevailed over the land.

The contest, result of which decides from whose flag the championship insignia shall be unfurled next spring, was a twirling duel between Cooper and Thompson, the former pitcher for the Legion and the latter for the Moose. It was a lean battle of wits and arm-acting, with the winner having little edge over the loser. Cooper won the shade, but it was a narrow margin and brought no great amount of glory to the victor except for the fact that it counted a game won in the percentage column, and, of course, gave the victorious crew the flag.

**Clinched Early.**

The pennant was clinched by the Legion in the first round of last evening's tilt when two runs were put over the pan. After that the former soldiers scored not, and, as a matter of fact, hardly looked dangerous more than once.

The Legion scores were not due to hard hitting, although one blow was smuggled into the features of the first round. Errors gave the former service men the pennant, a hit by Zienke helping some. Ostrander started the auspicious occasion with a punch down to second base, but the first baseman wiled the throw. Taler forced the former keyhole star of the Idaho university club, and went to second himself on a passed ball. Bill Kieffner, subbing for glory to the Legion, subbed out of the field, won a home on first base when L. Jarman threw wild to catch him going to first on a hit down the left side line. The ball was checked high and Kieffner kept right on to second. Taler swung on the overthrow, with Zienke at bat. "Phat" Thompson inserted a fatal wild pitch, and "Ole" Cooper, the Legion's first baseman, reached the other tally. Zienke beat out an infield hit, and reached second on an out, but he could not score, the next two men, B. Brown and Cooper, being easily put out.

The soldiers showed no teeth after that the fourth men, with two down, "Ole" Neuman cloaked the ball to far center for three stations. He ditched where he alighted, however, as Bonitt fanned.

**Make Lona Tally.**

The Moose made their lona tally in the third when, with two out, Cooper

gave a hit in a climax. Gish, first man at bat in this period, was safe on a third base error. Davis fanned and G. Jarman forced Gish at second. Jarman stole second and scored on a clean single by Thompson after Whitney had reached first on an infield error.

Thompson was nipped off second base in a snappy play by Zienke, subbing as catcher, and Ostrander.

The fraternal folk loomed dangerous indeed in the last half of the sixth, and came within a whisker of tying the score in that interesting and awe-inspiring period.

Cooper started off badly, walking Riley. Thompson was struck out, but Whitney, who had been a thorn in Cooper's flesh all evening, slashed at the ball and drove it to Neuman for a hit. That blow put Whitney on third, but only one man out. The crowd, much as it was, yelled encouragement to Frank Kieffner, subbing back of the joy for Cagle, who sustained a hurt finger in the first round. But the best Frank could do before Cooper's hinders was to fan on three in

### Brief Bits of Sport

Banks against the I. D. S. tomorrow night.

After that one game is left on the season's program.

Twin Falls will be well represented at the ball games in Boise next Sunday and Monday.

The majority of tourists will leave Friday night or early Saturday morning for the jousting grounds.

Both team, manager and fans are confident that the honor won on southern Idaho diamonds will be maintained further north.

Hill, England's best sprinter, strained in London while making his second attempt to smash a Yankee running record.

The Briton decided the game wasn't worth it, so he has hung up his track shoes and will rare no more.

George Slater, Brown's first baseman cracked a record in a game against the White Sox Tuesday. His fancy box twirlers five times, and made a safe hit on each occasion.

Up to that game Slater's batting average for the season was .385.

The Browns' star player is fifth of the American league's heavy hitting regulars, being topped out by Tris Speaker, "Babe" Ruth, Ty Cobb and Holman. The latter leads the league with a mark of .402, while Cobb has

## Powdered Milk Is Real Milk—Not a Substitute

Milk is 7/8 water and 1/8 solids. The solids give milk its flavor—its color—its food value. Remove the water and the valuable part of the milk remains.

# KLIM BRAND POWDERED MILK

Pure, fresh milk. Nothing but milk, and all of the milk except the water. That is Klim. You add the water to Klim and instantly you have fresh whole milk, as fresh as if you lived on a farm.

Klim users face no fears of milk shortage, no delayed deliveries, no undependable quality—they have no worries about souring. For Klim needs no ice—it does not sour; it does not freeze in winter. In any locality, in any season, it is always the same excellent milk awaiting use.

Eminent physicians and leading food authorities endorse Klim. Hospitals and schools use Klim. It is excellent for baby feedings; many babies' lives have been saved by Klim.

Klim comes in two forms: Klim Powdered Whole Milk (full cream), for the baby, for drinking, for cereals and coffee; and Klim Powdered Skimmed Milk, for all cooking purposes.

Serve it tonight for dinner and see how enthusiastic your family will be over its rich, genuine fresh-milk flavor. Order it today with your other supplies.

In 1-2 1/2—5 lb. cans. Yellow Label for Whole Milk—Blue Label for Skimmed

# FALL HATS

The prices on our new fall hats are very moderate. Up to the minute styles at low prices. We carry the famous John B. Stetson and Gordon hats, none better.

Now is the time to get your new fall suit. Prices are extremely low to what they have been.

Young men's school suits and men's more conservative styles are here in a big variety of patterns and styles.

## Cabinet's Reply to Latest British Proposal is Dispatched to Lloyd-George

DUBLIN, (AP)—The reply of the Irish republican cabinet to the latest communication of Prime Minister Lloyd George on the British government's peace proposals was dispatched last evening to Mr. Lloyd George, who is in Scotland.

The publicity department of the Sinn Fein will await announcement of its receipt by Mr. Lloyd George before making its contents known or issuing a statement concerning it.

The reply is being taken to Mr. Lloyd George by Robert O. Barton, member of the Irish republican parliament, who has succeeded counter for Emma de Valera, the Irish republican leader, in his other communications to the prime minister. It is reported here that the cabinet's reply was re-drafted since the outbreak of the rioting in Belfast.

It was authoritatively stated last afternoon that the reply is an acceptance of the invitation of Mr. Lloyd George for a further conference in London. No plenipotentiaries have yet been nominated, however.

## KING GEORGE HOPEFUL FOR RECONCILIATION OF IRISH

LONDON, (AP)—King George, in reply to an address from the convention of Canterbury, says:

"Let us thank God that some measure of respite has been vouchsafed to my appeal to my Irish people. With full heart I pray that their reconciliation may be consummated by the de-heredication of the invitation which they may be upheld in making a new era for their native land."

# STOCKMEN OPEN FIGHT FOR TARIFF ON HIDES

## Senate Finance Committee Hears Cattlemen's Request for Protection

WASHINGTON, (AP)—The fight for tariff on hides, a provision of the Purday bill killed by the house was opened Wednesday before the senate finance committee.

Cattlemen, through Frank B. McLain, Lancaster, Penn., vice-president of the National Livestock Exchange, asked the committee for a tariff of 20 to 25 per cent instead of the 15 per cent duty voted down by the house. Asked whether a 25 per cent duty would increase the cost of hides to the consumer, the witness declared it ought not to raise the price five cents a pair.

He followed this with a charge that some manufacturers were making exorbitant profits, declaring that "hides fit a three-year-old child cost the farmer more than he gets for the hide from his 1,200 pound steer."

"Talk about normalcy," Mr. McLain asserted, "there can be no normalcy, no dawn of a new day until the dollar is entirely feasible for him the same as the dollar which he takes for what he sells."

## WEST VIRGINIA BELLIGERENTS

(Continued from Page One)

on the Coal River branch of the Chesapeake & Ohio railroad from St. Albans to Madison, Jeffery and other points where armed bands have been collecting for the past few days, have been stopped. The last train from here left yesterday afternoon. Railroad men said that not even the mail was being moved.

Some 200 people were assembled at the railroad station awaiting for transportation up Coal river. Many of them had been here since yesterday afternoon.

Business here was practically suspended, the people filling the streets and discussing possible eventualities along and up Coal river.

## 150 FORMER SERVICE MEN JOIN SHERIFF CHAFIN'S FORCES

HUNTINGTON, W. Va., (AP)—Approximately 150 former service men, recruited here last night at the request of Governor Morgan, left early today for Logan where they will join the forces of Sheriff Chafin. The special train also carried supplies and ammunition, large quantities of which have been brought here by the Logan county authorities.

## FOR NEW GRADE

(Continued from Page One)

investigation, the result of which will be announced at a similar joint meeting of citizens and highway officials

from both counties to be held at Jerome on Wednesday night of next week.

Mr. B. Wilson of Twin Falls was present as representative of the Twin Falls Highway board, together with Judge Walters, Arthur L. Swain and J. S. Keel, members of a local committee appointed some time ago and T. J. Woods, chairman of a similar committee of Twin Falls citizens interested in the enterprise. In addition to these a number of cars of Twin Falls people were on hand to listen to the proceedings.

**Believe Project Possible.**

While no definite conclusion was reached at last night's meeting it is expected that definite action will be taken at that to be held next week. Speakers from both sides of the river expressed their belief that the project is entirely feasible if the expense involved can be kept within reasonable bounds.

# Today's Markets

## WHEAT PRICES ADVANCE ON CREST OF PURCHASES

Quotations when Chicago Market Closes Day's Session Show Advance of 4 to 4 3/4 Cents

CHICAGO, (AP)—Fair commission house buying developed at the opening of the board of trade today and what started steady to 1-2c higher with September at \$1.24 1/2 to 1.25 3/4; December at \$1.23 1/2 to 1.24 1/4 and May at \$1.20 to 1.20 1/2.

The trade consisted a private monthly grain report as bullish and bought freely making somewhat of an upturn. An hour after the market opened wheat was up 3/4 to 1 1/4 above the opening.

Wheat continued to show a strong undertone and a bulge of 2 1/2 to 3 3/4 from the inside grade was made by noon. Local sentiment was bullish generally but selling against offers checked the advance for a moment. It was almost immediately resumed and in the last half hour another gain was recorded and the market closed 1 1/4 to 1 3/4 higher with September at \$1.25 3/4; December at \$1.27 to 1.27 1/4 and May at \$1.20 1/2 to 1.20 3/4.

Corn also showed firmness at the start, opening prices being unchanged to 1-2c higher with September at 63 3/4; December at 63 3/4 to 64 and May at 57 7/8. Bulk September and December advanced slightly after the opening but slumped to opening figures at the end of the first hour.

There were no deliveries of corn on September contracts and with a good class of buying that delivery advanced above 1c over yesterday's close and at one time was about 1 1/2c up, with September at 65 1/2; December at 64 7/8 to 65 and May at 57 1/2 to 58.

Oats followed corn, opening a fraction to 1-2c above yesterday's finish and making a gain of 1 1/4 to 1 1/2c over the opening prices during the latter hour. September opened at 33 1/2 to 34

46c; December at 37 1/2 to 37 5/8 and May at 41 3/4.

Provisions were dull with September largely at a fractional premium over October.

**Cash Quotations**

CHICAGO, (AP)—Wheat No. 2 red 1 1/2; No. 2 hard \$1.26 to 1.28 1/2; Corn No. 2 mixed 65 1/4; No. 2 yellow 66 1/2; Oats No. 2 white 36 1/2 to 37 1/2; No. 3 white 34 to 36c; Rye No. 3 41; Steady 32 to 33c; Pork nominal. Lard \$11.70. Hibs 49 to 10.25. Hootch \$4 7/8 to 5. Clover \$13 to 14.

**Minneapolis Flour and Grain**

MINNEAPOLIS, (AP)—Flour unchanged to 10c higher; in carload lots, family patents quoted at \$4 a barrel. Bran \$18 to 19.

Wheat receipts 448 cars, compared with 430 cars a year ago. No. 1 Northern \$1.11 1/2; September \$1.24 1/2; December \$1.23 1/4. Corn No. 3 yellow 48 to 49c. Oats No. 2 white 30 7/8 to 32 3/8. Barley 41 to 50c. Rye No. 2 29 to 32c. Flax No. 1 \$1.93 1/2 to 1.96 1/2.

## Chicago Produce

CHICAGO, (AP)—Butter higher; creamery extra 35c; standard 35 1/2c; first 33 to 37c; second 30 to 31 1/2c. Eggs lower; receipts 8,461 cases; first 29 to 31c; ordinary firsts 24 to 26c; miscellaneous 27 to 28c. Poultry alive unchanged.

## Portland Livestock

PORTLAND, Ore., (AP)—Cattle steady; unchanged; receipts 32. Hogs steady; unchanged; receipts 220. Sheep steady; unchanged; receipts 820.

## Omaha Livestock

OMAHA, Neb., (AP)—Hog receipts 6,000. Both packers and shippers operate, and demand centered on better grades of hushers; advance on hushers, mostly 10 to 15c; packing grades unchanged, steady to 10c higher; good clearance; bulk better grades \$7.50 to 8.50; top 50c bulk packing grades, which formed big end of run \$6.50 to 7. Cattle receipts 2,600; fed steers steady to 10c lower; nothing of out-

standing quality and finish; included best yearlings here \$9.75; good western and native grass steers strong; others slow; cows, heifers and bulls mostly steady; stockers and feeders slow, steady to weak.

Receipts 22,000. Supply mostly low; hushers from western states; market on killing grades active and fully steady; bulk western lambs \$6.75 to 7.50; early top 7.65; sheep steady to strong; feeders active and firm.

## Chicago Livestock

CHICAGO, (AP)—Cattle receipts 11,000; choice steers steady; others slow to weak; hushers steady; market on medium weight steers \$10.25; bulk \$6.75 to 9.75; she-stock lambs, stockers and feeders steady; fat cows and heifers mostly \$4.50 to 6.50; canners and cutters largely \$5.75 to 5.95; hologna market \$1.75 to 5.75; veal calves 25 to 50c higher; bulk \$12.50 to 13.25.

Hog receipts 15,000; fairly active; steady to 10c higher than yesterday's average; commoner grades, and good fleavies up most; bulk of sales \$6.85 to 9.40; top 49.60; heavy weight \$7 to 9; medium weight \$8.85 to 9.00; light weight \$9 to 9.60; light hogs \$6.50 to 9.25; heavy packing sows smooth \$9.75 to 7.40; packing sows, rough \$6.50 to 6.85; pig \$7.75 to 8.75; bulk desirable \$8 to 8.50.

## New York Stock Market

NEW YORK, (AP)—The impending holidays caused a perceptible shrinkage of dealings in New York's stock market. Lenders, other than oils, were slow to react. Sales approximated 375,000 shares.

The foreign oil group furnished the only noteworthy exception to the lower trend of prices at the opening of today's stock market. Mexican and Pan-American Petroleum registered one point gain, presumably in connection with reports of an early compromise agreement between the Mexican government and American oil interests. Steels, equipments, rails, shippings and food shares were lower. These were chiefly represented by Crucible Steel, General Electric, Reading, Chicago and

Northwestern, American International and American Sugar where losses extended from large fractions to 1 1/2 points.

Mexican Petroleum's further advance with concurrent gains in related issues overabundant all the other features of the later trading. Bulls continued to hang back. The closing was irregular.

## Liberty Bonds

NEW YORK, (AP)—Liberty bonds closed: 3 1/2's \$87.40; first 4's \$87.60; second 4's \$87.72; first 4 1/4's \$87.50; second 4 1/4's \$87.54; third 4 1/4's \$87.58; fourth 4 1/4's \$87.52; Victory 3 3/4's \$98.90; Victory 4 3/4's \$98.90.

## Potatoes

CHICAGO, (AP)—Potatoes receipts 46 cars; firm; Idaho Whites \$2.65 to 2.75; Washington \$2.03 to 2.85; Minnesota Early Ohio \$1.75 to 2; Nebraska \$2.35 to 2.50; Wisconsin Whites \$2.40 to 2.65. All asked.

## Copper

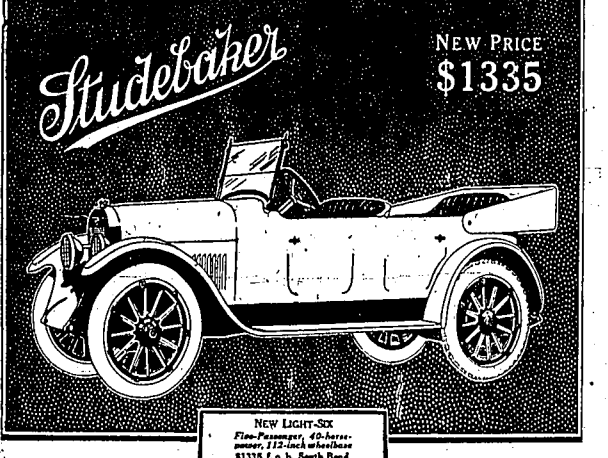

NEW YORK, (AP)—Copper steady; electrolytic spot and nearby 12; later 12 to 12 1/8.

## Kansas City Hay

KANSAS CITY, (AP)—Hay unchanged.

# DELFAST KEEPS TROOPS ON MOVE

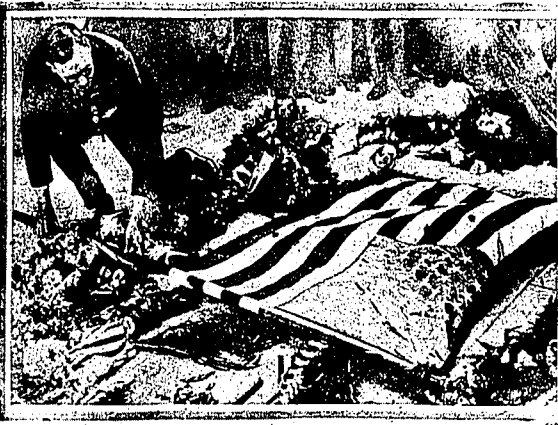

### Gummen Vanish when Soldiers Rush to Scene of Recurrent Disorders

DELFAST, (AP)—Soldiers were rushed to the Grove street section of Delfast this morning, when several shots were fired in that district. When the troops arrived, however, the gunmen had vanished. This was the first recurrence of the street fighting since yesterday, when six persons were killed and thirty were injured, many seriously.

To date the death toll totals sixteen. Troops are patrolling Springfield road in the area which causes the authorities some concern, as it is part of the Fifth division where the fiercest riot of the past year occurred. The origin of the trouble here was an attack on Mackie's foundry workers, the police driving off their assailants with rifle fire.

The carters and motormen issued an ultimatum to the authorities today, declaring they would withdraw entirely from the streets unless the riot was arrested. The tram car drivers also are affected by the decision. Two members of the drivers' union were killed in the rioting of the last few days and seven were wounded.

# Great Reception Accorded American Legion Arriving in France for Dedication

Major John C. Emery, commander of the American Legion, is here showing a milk American flag on the grave of the unknown Poilu at the Arc de Triomphe in Paris. Members of the American Legion arriving in France

about the S. S. George Washington, of the American Legion, were given an ovation at every point they touched. Soldiers given any other foreign body of visitors. Naval, civil and military authorities turned out to pay respects to

# SEEKS TO COMPLETE MARKETING SOCIETY

### Scheme of Organization of Western Seed Growers' Association Under Way

C. D. Ross, secretary of the Idaho Farm Bureau Federation came to Twin Falls this week for the purpose of inspecting the work of the Farm Bureau of this county, and to complete the practical organization of the Western Seed Growers' Marketing Society which was initiated in this county late in July of the present year to promote the cooperative selling of seed.

"A number of acres have already been signed," said Mr. Ross, "it is the plan of the organization to pay the farmer at the time of the delivery of the seed. The balance of the market price, the remainder due him to be paid when the seed is marketed. The seed will be marketed at the discretion of the directors of the company who are chosen by the members of the company. The present board is composed of I. K. Wiley, Springfield, Idaho; C. D. Irwin, Twin Falls, Idaho; John S. Welch, Jerome, Idaho; W. A. Swartz, Burley; A. P. McFarland, Wendell; C. Chase, Naupaka; C. D. Ross, Pocatello.

The company is financed by a Salt Lake seed company, whose plant has been leased. The company will receive for the use of the plant and for other advantages according to the operating company through the association, 7 1/2 per cent of the gross sales. The business manager of the cooperative company is Maurice Keating of Salt Lake.

"We will be able, by this means, we believe," said Mr. Ross, "to assist the farmer to market to better advantage, because the entire output will not be offered at once, thereby overloading the market, but in such quantities as to meet the demand from time to time. The national group express approval of the plan as it enables them to meet the demand for cars more adequately, and to do so with fewer numbers of cars."

ROBERTA FRASHER. Canning peaches are ready at Crystal Springs orchards, 1 1/2 miles north of Peary. \$1.25 per bushel; bring your boxes. Phone 609—adv.

# Stylish Millinery

Regardless of what your taste may be, it is impossible to select a hat here that is not stylish or becoming.

Every day there arrives some new innovation; some style that is different in trimming, color or combination, but each hat so far as style is concerned is beyond comparison with anything that has been produced in previous seasons.

You are therefore invited to come and see this splendid display of stylish millinery.

Booth Mercantile Co. "ANOTHER PACKAGE FROM BOOTH'S!"

# SOCIALISTS WITHHOLD AID IN FAMINE RELIEF

### National Executive Committee Cautions Against Support of Hoover

CHICAGO, (AP)—The socialist national executive committee, meeting here today cautioned members of the party and other workers "against any support of the Hoover organization" in Russian relief and announced formation of a socialist committee to handle relief work independently of the American relief commission.

"It is known that agents of this organization," the socialist announced, "are the chief cause of assisting the masses of Hungary used its machinery for counter revolutionary purposes."

The socialist relief committee is composed of Morris Hillquist, B. C. Vladeck, Samuel Beardsley, Bertha H. Meilly, Joseph Cannon, Benjamin Schlesinger, Abraham Shipler, Joseph Lanken and Harriet Stanton Blatch.

# UPPER SILESIAN ISSUE IS REFERRED BY LEAGUE

### Board of Four Non-Permanent Council Members to Undertake Settlement

GENEVA, (AP)—The council of the league of nations this afternoon decided to refer the Silesian question to four non-permanent members of the council for settlement. They are Paul Hymans of Belgium; Dr. V. K. Wellington Koo of China; Count Quiroga de Leon of Spain, and Dr. Gaston Doumergue of France.

David Jayne Hill, former United States ambassador to Germany, who has been here six weeks studying the Silesian question, is a member of the board. He is understood in league circles to be the spokesman for President Harding at the forthcoming meeting of the assembly of the league.

# Spanish Forces Beat Off Attack of Moors

### PARIS, (AP)—The Spanish positions at Melilla, Morocco, were vigorously attacked all day Wednesday according to a telegram received in Madrid from General Boscana, Spanish high commissioner in Morocco, says the correspondent of the Paris Midl in the Spanish capital. Two transports with troops and materials of war have arrived in Melilla, he adds.

The Women's Missionary society of the Christian church will meet in the parlors of the church at 2:30 p. m. on September 2.

The R. N. A. will meet tomorrow evening in the I. O. O. F. hall.

A reception to the Sisters of the Holy Cross was held last evening at the sisters' home on Second avenue east, between the hours of 7 and 9. In the receiving line were the Mesdames E. M. Wolfe, George Wallace, and S. Frank Pfeiffer who presented the sisters to the many friends who availed themselves of the opportunity to meet the teachers who will have charge of

# Diogenes of Old Missed This One; An Unusual Case

### Citizen Calls at Police Court to Pay Fine Without Being Arrested

A rather large chap, evidently influenced by fear of the law, called at the police court yesterday afternoon. The court was absent. Miss Ada Walkington, deputy, was in charge.

"I've just discovered I have been running my car without a tail-light and I want to pay my fine," the excited one announced.

"Have you been fined under arrest?" the deputy inquired.

"No, not yet," the visitor anxiously responded.

"Then you cannot be fined," Miss Walkington announced.

The visitor hung around some time, but finally decided he was not to be punished for his inebriated and admitted offense, and left the building for a service station across the way.

"That chap should be rewarded for extraordinary honesty, or something," said Mayor McElborts, who happened to be present when Miss Walkington related the story of the man for whom Diogenes of old fit his lamp to seek.

# LION CLUB CHAPTER TO BE FORMED HERE

### Organizer Arrives to Discuss Proceedings with Local Eligibles

Formation of a local chapter of the Lion club, a national institution, is being held for this evening. Orlando Jones, governor for the Wyoming district of the association, reached Twin Falls this afternoon and will confer with a number of young men eligible for membership with relation to organization.

The Lion club has headquarters in Chicago. Its purpose is civic and community life betterment. Its scheme of operation is similar to that of the Rotary and Kiwanis clubs and it appeals to the younger element of business and professional men for membership. It is expected the chapter will be formally organized at a meeting to be held tomorrow morning.

# FUNERAL SERVICES

# LAVERING THEATRE

TODAY, FRIDAY, SATURDAY  
MATINEE SATURDAY ONLY

A NINE-REEL SPECIAL PROGRAM!

What was the secret of the tremendous power exerted by Blizard over everybody he met?

Why did Rose, the secret service operative detailed to spy on Blizard and ferret out his secret, and by falling in love with him?

Why did every crook in San Francisco tremble at his frown? Why did he hold thousands in peril of their lives? Come and see!

Samuel Goldwyn & Rex Beach Present  
**GOVERNEUR MORRIS**
