RAIL OFFICIALS PREDICT LOWER FREIGHT RATES

Santa Fe Traffic Manager Says All Roads Will Reduce Transcontinental Tolls 20 to 100 Per Cent

SAN FRANCISCO, Cal. (AP)—Reductions of 20 to 100 per cent in transcontinental freight rates soon will be effective on all railroads, it was announced by W. G. Harwell, assistant freight traffic manager of the Atchafalaya, Topinka & Santa Fe railroad. Most of the newly to be reduced traffic and are applicable from all centers and points. The reductions, which are said to be voluntary, are as follows, the rates applying to all units of 100 pounds:

The present import rate on green coffee from Pacific coast ports to eastern destinations, will be reduced from \$1.06 1/2 to 90 cents per 100 pounds, in standard lots, the minimum weight also to be reduced from 80,000 pounds to 40,000 pounds, and a special rate of 80 cents will also be published to Chicago and points west with the higher minimum of 80,000 pounds. Before publishing the 90-cent rate, the concurrence of lines operating east of Chicago must be obtained.

Reduction in Metal Bottles

Metal bottles, insulated or jacketed, less carload lots, will be given the same rating as glass insulated bottles, the rate on which ranges for \$7.25 1/2 from New York and Atlantic seaboard to \$4.25 1/2 from Chicago, and \$1.00 from Denver, and will mean reduction of \$6.07 1/2 from New York, \$5.87 1/2 from Chicago and \$3.44 from Denver.

The present minimum weight of 40,000 pounds on carload shipments of leather from Chicago and points west to Pacific coast ports for export, is being reduced to 20,000 pounds.

Effective October 3, the following reductions in westbound transcontinental rates will be made:

- Toultry, feeders, waterers and poultry house structures will be reduced to \$2.58 1/2 from Atlantic seaboard, \$2.25 1/2 from Chicago, \$2 from Kansas City, and \$1.87 1/2 from Denver, on carload shipments.

Gummed paper will be permitted shipment in mixed carload with paper bags and wrapping paper and rate will be reduced on carload lots to \$2.08 1/2 from Atlantic seaboard, \$1.76 1/2 from Chicago, \$1.60 1/2 from Kansas City, and \$1.50 1/2 from Denver.

Strip Steel to Travel Cheaper

Strip steel will be reduced to \$3 less from Atlantic seaboard, \$1.50 from Chicago, \$1.25 from Kansas City, and \$1.12 1/2 from Denver.

Rosin sizing, in barrels, carload lots, will be reduced to \$1.60 1/2 per hundred from Atlantic seaboard, \$1.50 from Pittsburgh district, \$1.40 from Detroit district. Rate on shipments in tank cars will be \$0.8 1/2 higher per hundred pounds than these rates.

New carload rates on furniture subject to certain valuation restrictions will be published as follows:

- Bed room furniture, \$3.80 1/2 from Atlantic seaboard, \$3.55 1/2 from Chicago, \$3.33 1/2 from Kansas City and \$2.74 from Denver. Dining room furniture, \$2.57 1/2 from Atlantic seaboard, \$2.49 from Chicago, \$2.05 1/2 from Kansas City and \$2.59 from Denver.
- Kitchen cabinets \$2.33 1/2 from Atlantic seaboard, \$2.92 from Chicago, \$2.50 1/2 from Kansas City and \$2.50 from Denver.

Invites Methodists to Reform the Dance

CHICAGO, (AP)—Dancing masters, having failed in their efforts to designate a dance which would meet with the approval of the Methodist church, are now causing it to lift its ban on dancing, Dr. C. H. McCrea, assistant editor of the Northwestern Christian Advocate, a church publication, suggested Thursday that Methodists now undertake to reform the dance.

In suggested, in an editorial, some form of musical activities that will save all that is harmless and provide all that is lacking in the social life of the young people of both sexes.

Building Activities in Chicago Increase

SENATE TO UNDERTAKE TO RE-WRITE TAX BILL

Finance Committee Proposes Submission of Comprehensive Revenue Act

WASHINGTON, D. C. (AP)—Decision was reached Thursday by the senate finance committee to re-write the house tax bill so as to include in one document every internal revenue law out of the statute books.

Chairman Furness described the house measure as a series of amendments to existing revenue laws and said it was the committee's program to make the bill which it will report to the senate "all inclusive." It was desired, he added, to perfect a measure to which any individual taxpayer could turn to find any tax provisions affecting his payments to the federal government.

The committee agreed also, the chairman said, that it should have the bill ready for submission to the senate when the vacation ends September 21.

Administration leaders on the committee hinted strongly today that they expected it would be necessary to increase the amount which the house bill would raise and it was indicated that sentiment among republican members was to meet the suggestions of Secretary Mellon for a four-billion-dollar assessment.

Idaho Falls Woman Appeals to Oregon Governor to Pardon Murderer of Taylor

SALEM, Ore. (AP)—Mrs. L. Loeffelbein of Idaho Falls, Idaho, mother of John L. Hatley, who with James Owens was sentenced to hang because of implication with Neil Hart in the killing of Sheriff T. L. Taylor of Pendleton, is here interceding with Governor Ben Olsen to save the life of her son. She is being assisted by Oregon war monitors and by the sisters of the Monmouth faith at Salem. Mrs. Loeffelbein is the mother of 12 children, nine of whom are living. All are at home with the exception of John and one daughter.

TREATY WITH AMERICA DENOUNCED BY OBREGON

Mexican Executive Tells New Congress Requirement is "Neither Possible, Convenient Nor Necessary"

MEXICO CITY, (AP)—Signature of a treaty with the United States preliminary to recognition of the Mexican government by this country is opposed by President Obregon. In his message to the new Mexican congress, read last night before the lower house, the president took the position that such a treaty was "neither possible, convenient, nor necessary, and is contrary to Mexican constitutional precepts, as it would create special privileges for Americans." This statement was very loudly applauded by the members of the house and by spectators.

ATTENTION OF JAPAN IS AGAIN TURNED TO KOREA

Tokyo Newspaper Says Withdrawal of Forces from Siberia Will Leave the Questions Near at Hand

TOKYO, (AP)—The Asahi Shimbun after forecasting the probable success of the conference in Ealton between representatives of Japan and the Far Eastern republic of Siberia, which it deems will inevitably be followed by Japanese evacuation of Siberia, says this will open up the important questions of reinforcing the garrison in Korea to cope with Korean malcontents and handle in Manchuria and generally to protect the Korean frontier.

Brief Bits of Sport

Thinks against the I. D. S. tonight.

A bunch of likely suit artists can be seen in training camp here every afternoon for Labor day joust.

The post old White Sox sure are taking regular beatings lately.

The Brown secured a shutout against Comby's team yesterday.

But the Salt Lake Bees are gathering speed right along and begin to have a classy appearance.

However, that's rather late in the season.

The Pirates may win the National League pennant but from the way Dreyfuss' men are hitting the down tail it does not seem probable that the firm will wave from the Pittsburgh pole next spring.

Stonely must have muzzled Jack Johnson. Not a word has been heard.

from the former fight champion for a week or more. The New York Yankees took another hand hold on the American league pennant yesterday. Miller Huggins' much abused sluggers won two games from Washington, while Christian Wagner's Indians were losing to the Tigers.

The Twilight league will close a successful playing season next Monday. Let's hope for as good a line of entertainment next year.

After next Monday the Twilight league's lease to Lincoln park will be no more. The lease was made to include scheduled games. It does not appear that projected games will be played off.

Tomorrow the gay caravan of ball players and loyal fans will start for Boise for a couple of games.

The folk at home will watch mild artists for entertainment on Labor day.

Cooper was in the All-Star lineup last night, but not as a twirler. He played first base.

Orwig expects to leave Cooper, Steel and Oliver via his boxman coterie in the games in foreign fields.

The Key that Unlocks the Door to Long Living.

The men of eighty-five and ninety years of age are not the rotund, well-fed, but thin, spare men, who live on a slender diet. Be careful, as he will, however, a man past middle age will occasionally eat too much or of some article of food not suited to his constitution, causing indigestion or constipation and will need a dose of Chamberlain's Tablets to move his bowels and invigorate his stomach. When this is done, there is no reason why the average man should not live to a ripe old age.—Adv.

TENTATIVE DATE SET FOR CLEAN UP SQUAD'S COMING

Campaign to Secure Action on Service Men's Claims Near Twin Falls

The week of September 20 to October 1 has been set tentatively for the sittings at Bluff, Piler and Twin Falls of the "clean up squad," through which federal agencies, the American Legion and Red Cross are cooperating in a campaign to acquit former service men and women with their rights under federal relief legislation and to assist them in securing prompt action on their claims.

Information to this effect was received today from Lester F. Albert, adjutant of the Idaho department, American Legion, by Paul R. Taber, Twin Falls city clerk, who has been appointed American Legion representative for the drive in Twin Falls county.

The squad entered of its work in the field on Wednesday at Payette, and is today at Olathe, Ore., according to the tentative itinerary issued by Mr. Albert. Immediately before coming here the squad will meet with the service men of Mountain Home, Bruneau, Nez Perce Ferry and Inghamton, the week of September 18 to 24 being designated for this purpose.

Absolute dates cannot now be determined, but the best advice, because of poor travel conditions and the amount of work to be done.

In anticipation of the arrival here of the squad, many former service men are applying to Mr. Taber for such information relative to procedure in the presentation of their claims before the squad.

PRISONER ATTACKS LOGAN JAILER AND IS SHOT TO DEATH

LOGAN, W. Va., (AP)—Early morning reports from Spruce Fork ridge told little about the situation on the Logan county border, where firing from either side was spasmodic during the night.

Three prisoners taken by patrols and brought here last night were beheaded in the county jail where an hour before a fatal shooting had occurred.

While being transferred from one jail to another Paul Cominsky, arrested at Ethel yesterday charged with being a suspicious person, attacked Jailer W. E. White, whereupon the officer stated, he shot and killed him.

GENERAL WOOD ACCEPTS POST

(Continued from Page One)

Washington, D. C. (AP)—Acceptance by Major General Leonard Wood of the post of governor general of the Philippines will necessitate his retirement from active service in the army after 35 years spent with the military establishment.

Legislation proposed by the administration which would have enabled General Wood to accept the Philippine governorship and yet remain on the active list was killed last month in house, the military committee of which by an almost unanimous vote agreeing to table the bill. The committee was understood to have felt that it would be unwise to permit army officers to accept civilian posts without resigning their commissions.

Secretary Weeks, on learning of General Wood's decision, expressed himself as "highly gratified."

"The secretary said he had not been advised officially of General Wood's action.

Today's Markets

Downturns Follow Fair Advance in the Early Trading and Market Closes 1 to 1 3/4 Under Opening

CHICAGO, (AP)—Trading in wheat was much broader on the board of trade today, prices opening 1-2c off to 3-4c higher. Active selling forced a break of 1-2c off from yesterday's finish, but early offerings were readily absorbed by the pit element and prices advanced sharply 1-3/4 over the early low. Wheat opened at \$2.15 1/4 to 1/2 for September; \$1.27 for December, and \$1.30 1/2 to 1/4 for May.

Selling continued however and another setback was recorded and at the end of the first hour the prices were back to about the opening figure.

Active selling combined with profit taking sales made for a weaker and lower market after a fair advance early.

When December was around \$1.23 there was heavy selling by houses with northwestern connections and the market reacted 2 1/4 to 2 1/2c from the early high.

The close was 1 to 1 3/4 under the opening with September at \$1.24; December at \$1.25 1/4 to 1/2; and May at \$1.29 1/4.

Corn only displayed some firmness, opening 1-8c off to 1-8c higher than yesterday's finish, but showing an advance in the first hour. September opened at 55c; December at 54 3/4 and May at 58 1/2 to 58 5/8c.

The market followed wheat however, in breaking sharply and at the end of the first hour was back to opening figures after being up 3/8 to 1-2c.

Large country offerings and hedging sales were a factor in the break in corn after the early advance. The seasonal hold off in buying on account of the advance in prices of late. Corn close 1 to 1 1/4 under the opening with September at 53 3/4 to 53 7/8; December at 53 1/2 to 53 5/8 and May at 57 5/8 to 57 3/4c.

Oats opened a shade to 1c higher with September at 35 1-2c; December at 38 5/8 to 39 3-4c and May at 42 5-8c.

Provisions were stronger on the usual large decrease in stocks of lard for the month and reports of large export sales.

Chicago Produce.

CHICAGO, (AP)—Butter higher; creamery extras 38 1-2c; standard 30c; first 27 1/2 to 27 3/4c; seconds 30 to 31 1/2c.

Eggs unchanged; receipts 9,230 cases. Poultry alive lower; fowls 15 to 24c; springs 24 1-2c.

Cash Quotations

CHICAGO, (AP)—Wheat No. 2 red \$1.27; No. 2 hard \$1.23 1/2 to 1/4; Corn No. 2 mixed 55 1-4 to 56 1-4c; No. 2 yellow 55 1-2 to 57c.

Oats No. 2 white 37 to 38c; No. 3 white 34 3/4 to 35 1-2c.

Rye No. 2 \$1.05.

Barley 55 to 56c.

Pork nominal.

New York Stock Market

NEW YORK, (AP)—Shorts in the stock market were routed today. The scarcity of offerings and redemption of bull pool operations induced heavy covering over the holidays. Sales approximated 500,000 shares.

Mexican oil broke sharply at the opening of today's stock market on indication of a deadlock in the conference now under way between Mexican government officials and American interests. Mexican Petroleum recorded an opening loss of 2 1-4 points, this loss being increased to 3 1-4. Pan-American Petroleum fell one point and the "B" stock lost two points. Other foreign oils were strong, notably General Asphalt which rose 2 1-4 points and Royal Dutch, which advanced 1 point. The balance of the list was irregular, fractional declines predominating.

Prices were at highest levels later, Mexican Petroleum showing an actual gain of over 3 points. Advances among other leaders ran from 1 to 8 1/2 points, specialties showing greater gain. The close was strong.

Liberty Bonds

NEW YORK, (AP)—Liberty bonds closed: 3 1-2's \$87.40; first 4's \$87.60; second 4's \$87.70; first 4 1-4's \$87.80; second 4 1-4's \$87.90; third 1-4's \$91.92; fourth 1-4's \$87.94; Victory 3 3-4's \$90; Victory 4 3-4's \$90.

Sugar

NEW YORK, (AP)—Sugar futures closed barely steady; approximate sales 1,350 tons. October \$2.82; December \$2.81; March \$2.85; May \$2.82.

Copper

NEW YORK, (AP)—Copper steady; electrolytic spot and nearby 12 to 12 1/8c; later 12 to 12 1-4c.

SLAYER SUSPECTS WIFE GIVEN DIVORCE DECREE

Mrs. Alice Quayne Burch is Awarded Legal Separation from Man Charged with Murder

LAWHONOR, Kan., (AP)—Mrs. Alice Quayne Burch Wednesday was granted a divorce in district court here from Arthur C. Burch, jointly charged with Mrs. Madalyana Obenshain of the murder of J. Belton Kennedy at Los Angeles.

Under the Kansas law the decree will become absolute in six months. The divorce was granted by Judge Hugh Means on grounds of gross neglect of duty and abandonment for a period of more than a year. The suit was filed some months before the murder of Kennedy. Mrs. Burch's request that her maiden name of Alice Quayne be restored was granted and she was given custody of the four year old son, Courtland Burch.

Mrs. Burch and her mother, Mrs. W. A. Quayne, were the only witnesses heard. The hearing lasted only a few minutes.

How many Twin Falls business men believe that every salesman, collector, bill skipper or downright faker should have the free and unimpeded right to walk into his place of business and demand a hearing at any time?

NAILING THE FAKERS

How many Twin Falls business men believe that every salesman, collector, bill skipper or downright faker should have the free and unimpeded right to walk into his place of business and demand a hearing at any time?

Not all salesmen are pests, not all demands for charity are fakes, not all collectors are merely petty nuisances, but the percentage of these types appears to be growing and in recent months it would seem that this city is getting more than its share in the way of unreasonable and unwarranted demands of the kind complained of.

Solicitors hailing from one knows where ring door bells from early hours to dusk every day. They subscribe to various magazines. Book agents whose talk is so cleverly camouflaged with the spirit of present-day uplift, as to fool the most sophisticated, salesmen and saleswomen for this, that and the other thing, representatives of distant relief homes and relief institutions...

A year or so ago the Twin Falls Chamber of Commerce through its secretary, Mr. Wright, evolved a plan of providing its members with a printed card carrying a warning for the benefit of all to whom it might apply, to the effect that general soliciting upon the premises would not be countenanced without a permit by the Chamber.

Such warning should apply to peddlars in the residence districts as well as to all other outside unknown solicitors. No more difficult problem confronts the average citizen than that contained in the separation of the sheep from the goats when it comes to the matter of honoring or turning down cold any one of the various appeals with which he is daily confronted.

Perhaps the set of men in the west are more liberal, more charitably inclined, more free and open-handed in money matters than the people of Twin Falls and these very qualities result in their being victimized frequently and systematically.

Perhaps after all there isn't much good in trying to protect a man against himself in the matter of the disposal of his own goods or money, but the Chamber of Commerce has put into effect a plan which certainly makes it easier for him to discriminate between the legitimate and the illegitimate when it comes to listening to the tales of the sure-thing man.

If the visitor has the endorsement of the Twin Falls Chamber of Commerce it means that a committee of local men has already passed upon the merits of his proposition; if he hasn't got such endorsement it means either that he has not seen fit to ask for it or that he has asked for it and been turned down.

LAW ENFORCEMENT RESULTS

It would have taken a score or more of traffic officers to have tagged all of the automobiles running without adequate lights on Twin Falls streets one night recently when more than a usual number of people were gathered in town, and the incidental fines would have contributed not inconsiderably to the revenues of the city government.

One out of ten automobiles in the throng, perhaps, were operated in violation of the ordinance requirement that the tail light shall be burning. But there was one car among the others that came within the law although its tail light was dead, because its driver displayed at the rear of his machine an ordinary lantern such as the dayman used to take to the barn with him when he went to milk in the morning.

meeting its requirements at a cost of considerable personal effort and pains.

Undoubtedly the campaign waged with vigor against offenders in this respect was responsible for the large proportion of tail lights burning on this occasion, and it is hardly likely that the most rigorous dictates of conscience would have driven the driver with the makofflight light to this extreme if it had been commonly known that the law was a dead letter.

The incident serves, perhaps, to reveal the extent to which people generally are scrupulous in their respect of law, and also to indicate a necessity for continuation of official activities in this direction.

A close friend of Woodrow Wilson, in collaboration with the former president, is preparing a history of the Wilson administration. We should think they would prefer to keep it dark.

If England has plans for four new battleships next year and four the following year the need for hurrying the armament limitation conference is apparent.

It is suspected that nature made a serious mistake when she provided only a few weeks of sweet corn on the cob and a whole year of hamburger steak.

Just when President Harding asked for worldwide disarmament his sire started something matrimonial.

OPINIONS REPRINTED

Getting better all the time. Nature backed and helped by industry is to put southern Idaho on the map again, in an industrial way, and dividends are to begin to flow and stop the output which has languished since the war.

Some years there is an excellent market for hay. Other years there is not. Some years the freight rate is so high as to cut up all of the profits. Seldom is the rate low enough to leave the growers more than a nominal margin.

The value of a hay crop lies in the meat that it will produce when fed to meat-producing animals; in the power that it will produce when fed to horses; in the dairy products that it will produce when fed to dairy stock.

When hay is shipped from a distant market it necessarily means that the live stock is being fed in a distant community. It means that employment for labor is being provided for the property of it remote section.

More Truth Than Poetry. I'm awful glad I've got a dandy to work for me with all his might.

HE buys me playthings, and we wind them. And make them run across the floor. When they get lost he helps me find them.

WEVE got some cars and printing presses. And nails and hammers and a pup. And mother often says she grows up.

NO HEADWAY. It is reported that the public is losing interest in baseball because there are too many hits. On the other hand, public interest in the theatres is declining because there are not enough hits.

A LONG WAY AHEAD. After the nations agree to disarm, they will all sit back and wait for some one to begin.

STORES CLOSE ON LABOR DAY IS ANNOUNCEMENT

Annual Fall Holiday Will Be Commemorated Without Formal Program

Adhering to a scheme of operation devised some five years ago all stores in Twin Falls will close next Monday in observance of Labor Day. This closing plan will be carried out, regardless of the fact that no formal action has been taken by either merchants' or labor committees to this end.

"We adopted a rule five years ago, when the old Merchants' association was functioning, that stores should close on five days each year. Those days are New Year's day, Christmas, Memorial day, Labor Day and Thanksgiving. We have found no reason to change the rule," said D. B. Alvord, treasurer of the Idaho Department store today.

Mr. Alvord stated that the fixed rule was adopted in order that all controversy and discussion might be avoided, and to make unnecessary many meetings annually to decide this question coming up on each of the various days. The speaker stated that it is understood by all merchants that stores are to be closed on the days mentioned without further announcement.

There will be no Labor Day celebration Monday, and about all activities during the holiday period will contain will be a series of boxing bouts at the Princess pavilion, and a ball game between two Twilight league aggregations to close the 1921 season. The contesting teams, as the schedule announces, are the Electric and the Elks.

The fight schedule contains four bouts, the main one will be between "Red" Van Dyke of Hanley and Young Ketchel of San Francisco. Bert Deano and Hobly Burns are to decide a grudge and Young Wilbur will play a boxing match.

A considerable number of Twin Falls people plan following the ball game to visit tomorrow, remain over Sunday and Monday. This caravan is expected to leave tomorrow morning.

WRECK EXPERIENCES RELATED BY VISITOR

C. W. Askew and Family were in Rio Grande Rail Disaster in Colorado

Mr. and Mrs. C. W. Askew and sons of Uteco, Kansas, are guests at the country home of Mr. and Mrs. Otto Young of Addison avenue. When en route to Twin Falls a few days ago, they were in the railway wreck on the Denver and Rio Grande when the engine was piled up in the bottom of a 20 foot gully.

Mr. Askew states that the explanation given is that the engine had been weakened by a sudden flood following a cloudburst and that the bridge carried the weight of the engine, but collapsed with the first cars, precipitating the wreckage. The engine, with one passenger coach into the stream. The cars formed a dam that backed the water up until it rushed through the coaches, dropping a number of helpless passengers. The accident occurred near Kanab, a small town not far from Grand Junction.

The Askew were further delayed on their westward journey by washed out tracks and damaged bridges. Mr. Askew expects to go to Lewiston to see his mother after leaving Twin Falls.

HUNTER IS FINED

Gilbert Hild, arrested last Sunday on charge of shooting ducks out of season in the Rupert district, was tried before a Rupert justice of the peace and found guilty. He was fined \$50 and costs. Reports of the arrest and conviction were brought to Twin Falls by J. R. Fitzsimmons, deputy game warden.

MANY TAKE ADVANTAGE OF THE BIG CLOSING OUT SALE

It is really remarkable how many already known buyers bargained when they are here. The Fashion Shop reports have been well patronized in the first and second day of the big closing out sale.

On account of the small quarters and the store being so jammed, the door had to be closed as there was no more room to accommodate the crowd. There is no question that there are grand bargains awaiting you this morning each morning at 9 o'clock—adv.

SEARCHING FOR POSSIBLE TRAIL OF ALLEGED WEIGHAL MURDERER WHEN RIVER'S EDGE IS REACHED

Sylvia Van Eaton's Tracks Disappear when Fugitive is Believed to Have Entered Rock County Two Miles Below Contact—Mother of the Dead Girl is Shot Through Face, but May Recover

Trace of Sylvia Van Eaton, alleged murderer of her own daughter, Dolores Weighal, at Contact, yesterday morning, was lost shortly before dawn, settled yesterday evening. The trail had been followed by sheriff's posse a distance of two miles from the scene of the tragedy, and appeared with remains established to be and for some distance along the Salmon river. As it merged into the rock district trace disappeared.

Up to late this afternoon the trail remained lost, according to telephone reports from Contact, but the searchers are continuing the quest. Deputy Sheriff H. C. Van Eaton and H. L. Ellison left Twin Falls this morning, on request of Elko county, Nevada, authorities. They will aid in searching the country around Contact for the fugitive.

Mother Has Chance

Dolores Weighal was shot and killed when she declined to permit Van Eaton to pay her lawyer's attention, according to announcements coming from Contact, reports which are partly confirmed by Mrs. Weighal, mother of the dead girl. The mother is in a Twin Falls hospital with a bullet wound through her face and head. Chances of recovery are fair. The patient, according to Dr. D. L. Alexander, attending physician, has well withstood the shock of the shooting and the effects of the operation for removal of the bullet from her head. The operation was performed last evening immediately after the wounded woman was brought here from the scene of the tragedy. She is said to have been rational most of today, and is also said to have given valuable information relating to the shooting.

Mrs. Weighal has stated, it is alleged, that Van Eaton followed her daughter from a dance in Contact when the girl returned with a man friend Thursday morning. Van Eaton is said to have held a long conference with the girl on the porch of the home, this meeting lasting from about 2:30 o'clock to nearly 4. A quarrel ensued which aroused the mother who arose from her to investigate the cause. As she entered the living room the daughter ran in from the porch and flung her arms around the mother for removal of the bullet and fired shots from a revolver. Mrs. Weighal says she heard two shots and immediately fled to her father's place which she reached in the hospital here.

Shot in Back of Head

Examination of the body of the murdered girl reveals three bullet holes in the back of the head. All shots were said to have been fired at her while she was in the protecting embrace of her mother. It is believed that the shooter did not aim directly at Mrs. Weighal, but that he missed his aim at the girl's head, striking the mother with one bullet. This missile struck the bridge of the nose, passed under the right eye, went through the brain and lodged against the bone at the back of the head.

Van Eaton, the alleged murderer, has been employed by the Itall Construction company on the Vineyard ranch south of Contact for some time. He is personally known to Dr. Alexander, who pronounces him a man of good moral character and of excellent general habits. He is said to have attended a dance at Contact on Wednesday night when the girl, Dolores, said to

TWIN FALLS FRUITGROWER SOUNDS NOTE OF WARNING

Local Contributor Declares the Prices Offered Here Less Than Elsewhere

From established reports all over the country it is very evident that there is and will be a shortage in the apple crop, as the government report shows that the total crop of apples and potatoes is far below normal. In other words, from conditions earlier in the spring through the east and middle west are responsible for a real shortage of fruit in those regions. Extreme heat has done for the potatoes throughout the country what frost has done for the fruit.

Elsewhere in Idaho and throughout the fruit sections of the west, an established price for fruit of all kinds seems to have been set, \$50 per ton and upwards being paid for apples. Winter varieties are loaded in bulk in cars, thereby saving cost of boxing, packing, etc.

There seems to be a feeling of reluctance on the part of the buyers to pay prices here for apples that exist elsewhere. Buyers interviewed state they are laying low or not buying, others who wish to buy are offering, per ton, less than is being paid elsewhere.

What is the reason? Possibly the growers really should be the parties who should be laying low. The growers themselves are wondering why, in the face of such a demand, this apparent condition should exist in this locality, especially so when Twin Falls county fruit will compare favorably with any grown in the west.

A little enlightenment on this subject might be good for the growers, and possibly the buyers might throw a little light on the matter. Lack of getting together as an organization similar in character to the grain growers, or the bean growers may be responsible for the present attitude of the buyers. No one believes that any organized effort should be used to discriminate against the fruit growers of Twin Falls county, as the day is not far distant when the growers, the very other industry, must band themselves together to protect themselves, in order to get a square deal in disposing of their products.
