

CHEMISTS TAKE UP WIDE RANGE OF DISCUSSION

Scientific and Technical Experts of Three Nations Gather in New York for Seven Days Sessions

NEW YORK, (P)—Chemists of Great Britain, Canada and the United States began an international conference here today which was heralded as the greatest meeting in the history of their science and industry. More than 3000 of them were expected to attend the series of addresses, symposiums and exhibits which will continue through September 10, embracing all phases of chemical work, with particular emphasis on post-war problems.

The following seven days will be devoted to the seventh national exposition of the chemical industries.

Hoover to Speak.

Prominent among those scheduled to address the gathering were Secretary of Commerce Herbert Hoover, Sir William J. Pope, president of the Society of Chemical Industry of Great Britain, a number of chemistry professors from universities of the United States, England and Canada and heads of research departments in many industries of the three countries.

The British and Canadian delegations came here from Montreal, where the Society of Chemical Industry of Great Britain recently held a convention. In New York they were joined by the American division of their organization and hundreds of members of the American Chemical society.

Unemployment among chemists was scheduled as one of the foremost topics for discussion. In this connection chemists expressed hopes of absorbing many of the unemployed graduates of chemical schools in research work in preparation for expected freshening of their industrial activity.

Tariff on Program.

Legislation affecting the chemical industry in America also was looked for consideration.

A broad field of chemical endeavor is represented in the various symposiums. These will include subjects as old as the filtration of water and as new as vitamins which, like appendicitis may always have existed but were late in being recognized.

AMERICA CELEBRATES LAFAYETTE-MARNE DAY

Many Cities Arrange Civic Ceremonies Appropriate to Anniversary of Birth of French Defender of Colonies and of Intrepid Stand Against German Invaders

MOUNT VERNON, Va. (P)—The dual anniversary of the birth of Lafayette and the first battle of the Marne was celebrated with impressive ceremonies today at the tomb of Washington.

President Harding, who was unable to be present, sent a message declaring that America's indebtedness to the French soldier was eternal and praising the "dauntless courage" of American soldiers in the second battle of the Marne. Similar messages were sent by Secretary of State Hughes and Myron T. Herrick, American ambassador to France.

The president's message said:

Pays Tribute to Lafayette.

"To General Lafayette in no small measure the success of the revolution was due. With no selfish motives, but inflamed with ardent sympathy and a passionate desire to help, he espoused the cause of the struggling colonies and hastened to their support. Not only did he render aid, but he found his reward in the thanks of congress and the undying affection of generations of American citizens whose gratitude has been and always will be suitably shown on all appropriate occasions. Not only did he render brilliant personal military service, but through his instrumentality much needed financial assistance and reinforcements of troops were obtained for the Americans. Our indebtedness to him is eternal.

Prompted by Similar Motive.

"Similarly, nearly 150 years after, these United States, grown to a nation of more than one hundred million free men, women and children, disclaiming any material advantages for themselves and desiring of their youth and gave largely of their wealth, that liberty and freedom which Lafayette cherished and espoused should be assured to France. We are pleased to believe, and we know, that those armies took no mean part in securing that ultimate victory by which the integrity of France and human rights were preserved. By their prowess, their dauntless courage and their resolute valor, they checked the German advance at Chateau Thierry and Belleau wood in the second battle of the Marne and started that memorable retreat of the German hordes, which a few months later ended in final defeat.

On Firm Foundation.

"The friendly and cordial relations which exist between the United States and France do not therefore rest upon mere sentimentality or selfish inter-

ests; but rather are they built on the firm foundation of historic mutual service which cannot be shaken."

NEW YORK, (P)—The country today celebrates Lafayette-Marne day. Many cities have arranged civic ceremonies appropriate to the day that marks the birth of Lafayette and the seventh anniversary of the first battle of the Marne in 1914.

The keynote of the celebration this year, the Lafayette Day National committee announced, would be found in the message of President Harding to the committee of last year's celebration.

"Twice has France contributed to our liberty," he said. "Once when Lafayette came to the aid of America in her fight for independence, again when France stood as a bleeding bulwark for the freedom and democracy of the world against the military onslaught of an autocracy."

"The name of Lafayette brings to our hearts the name of France—it calls forever to our gratitude. If the opportunity ever comes to me I will represent the American people in giving practical proof of our national friendship. Our true friendship may only be effectively expressed in deeds rather than in words, in a relationship that will stand rather than fall, in workable melody of international good will and good faith. Such a relationship can only have persistence and value in France when it is approved not by a part but by the whole of the American people."

Andrew Jackson, president of the United States, in his general order of June 21, 1814, announcing to the army the death of Lafayette, the last surviving major general of the War of the Revolution, said of him: "His memory will be second only to that of Washington in the hearts of the American people."

The Key that Unlocks the Door to Long Living

The men of eighty-five and ninety years of age are not the rotund, well-fed, but thin, spare men, who live on a slender diet. Be careful as he will, however, a man past middle age will occasionally eat too much or of some article of food not suited to his constitution, causing indigestion or constipation and will need a dose of Chamberlain's Tablets to move his bowels and invigorate his stomach. When this is done, there is no reason why the average man should not live to a ripe old age.—Adv.

POLICE BREAK UP FIGHT ON SHIP BOARD VESSEL

Officers Summoned by Radio, Use Riot Guns to Halt Race War on Freighters

NEW YORK, (P)—Policemen with riot guns, summoned by a radio message telling of mutiny, today broke up a fight between negro and white men born of the crew of the shipping board freighter Chester Kiwanis, anchored off Bijlton Island.

They found Captain Charles Boothby barricaded in his cabin, bruised and bitten. He attributed his injuries to white members of the crew.

When the police boat John F. Hyatt approached the officers heard shots and saw negroes and whites in a battle royal on deck. It developed that 12 negroes were opposing the rush of 30 whites toward the heavily armed captain's cabin. The trouble was quelled in an hour without the police firing a shot.

The fight had almost continued since the freighter dropped anchor on Saturday night and had been brewing since she left Boulogne 12 days previously. Captain Boothby's version was the whites had an erroneous idea that he was favoring negroes in the distribution of work and the trouble culminated when they vowed to "get" him. None of the combatants was seriously injured and the captain said he desired no arrests made.

Urge Armistice Day Disarmament Prayer

CLEVELAND, O. (P)—A movement to have all churches of the country open one hour on the morning of Armistice day, November 11, for appropriate services "to crystallize public opinion in support of the disarmament conference which will convene in Washington that day," has been started by the National League of Women Voters.

Miss Elizabeth J. Hauser of Girard, O., chairman of the committee on disarmament of the league, has sent a letter to President Harding urging him to issue a formal call to the churches to co-operate in the solemn public demonstration.

British Cleric Flays Blue Laws Agitation

CAMBRIDGE, Eng. (P)—Sabbatarianism had a very materialistic origin according to Canon Glazebrook, well-known local cleric.

He told the Modern Churchmen's congress here that the multitude wanted to make sure of one day's holiday a week and the church gradually gave in to outside pressure. He said it was the heinous humberg of theologians in difficulties.

AMERICANS WIN ALL MATCHES AT DAVIS CUP NETS

Challenge Tournament with the Japanese Experts Ends Well for Yankees

NEW YORK, (P)—Five matches played, five won. This runs up the record of America's 1921 Davis cup tennis team, which yesterday ended the challenge tournament with Japan at Forest Hills by two slugs victories.

In the final matches, William T. Tilden II, America's national champion, defeated Ichiji Kumagae, 9-7, 6-4 and 6-1, and William M. Johnston beat Zensho Shimidzu 6-3, 6-7, 6-2 and 6-4.

Suzanne Lenglen, the French court star, appeared in an exhibition match with Dean Mather, defeating Mrs. May Stinson Bundy and William E. Davis, 2-2, 6-1.

Miss Lenglen apparently had recovered entirely from the bronchial trouble which interfered with the earlier part of her American campaign and displayed a brilliant brand of tennis.

TWILIGHT BASEBALL LEAGUE BRINGS ITS INITIAL SEASON TO CLOSE WITH TWO CONTESTS

Doubleheader is Feature of 1921 Windup of City Ball Circuit, with All Contending Teams Showing Marks of Time and Tide—Few Originals in Lineups on This Occasion—Electrics and I. D. S. Win

THE Twin Falls Twilight baseball league yesterday concluded its 1921 season efforts with a double header on Lincoln lot. The first game was a regularly scheduled affair in which the Electrics inflicted defeat upon the Elks' club. The score was 9 to 4.

In the afternoon, played between the I. D. S. and the Legion, the former won 13 to 8. This game was a protest affair from the first section of the season. The main army of the Legion division was in Boise while the "Irregulars" were conducting this defense. The first game was a pitchers' duel between a couple of youngsters. Walter Kregel playing the hill for the Spokons, while "Bob" Putzler was on

the mound for the Elks. Putzler pitched the better game and should have won. Bobbies, numbering nine, applied defeat for the Elks. C. W. Evans, high school athletic coach, essayed the role of mentor of the Elks on this occasion, and he was required to gather together an almost entirely new lineup. Mostly the team was made up of high school players, who acquitted themselves honorably.

In the second game neither the I. D. S. nor the Legion teams were recognizable, but few of the regulars appearing in either lineup. Hard hitting featured this contest.

GIBBONS-WILSON FIGHT MATCH IS IN THE OFFING

Rickard Wants Mike Gibbons for Madison Square Match at Early Date

ST. PAUL, Minn. (AP)—Mike Collins, manager of Mike Gibbons, St. Paul middleweight boxer, announced today that he had received a telegram from Tex Rickard in which the New York promoter requested terms for a match with Johnny Wilson to be held at Madison Square Garden on September 20 or October 2.

Collins said he had not yet answered the wire but probably would notify Rickard that the St. Paul boxer would accept whatever terms the promoter suggested.

WILSON'S WORK UNSATISFACTORY, MONEY HELD UP

Olmstead of World Middleweight Titlo Makes Bad Show Against Downey

NEW YORK, (AP)—Johnny Wilson of Boston and Bryan Downey of Cleveland both still claimed the title of middleweight boxing champion of the world today, despite the fact they had their second ring at settling ownership of the crown in Tex Rickard's big arena at Jersey City yesterday.

They fought 12 tame rounds, without an official decision, which is prohibited by the laws of New Jersey. Downey won the majority unofficial decision of newspaper experts. The fight did not even develop a knockdown.

Wilson, however, hasn't yet collected his share of the purse. The New Jersey boxing commission instructed Rickard to withhold it pending an investigation of Wilson's tactics which met with bores and cries of "stalling" from the crowd.

The New Jersey boxing commission will decide next Thursday afternoon whether Wilson's guarantee of \$35,000 will be held up further.

"Wilson's unsatisfactory work prompted our action," said Charles McNeil, a member of the commission. "He led 11 times in 12 rounds."

Sentiment through the country, however, is decidedly favorable to the Cleveland.

The men fought their second battle yesterday without reaching a definite conclusion.

"Battling" Geo was the hitting hero of the last game at Lincoln field yesterday. He faced I. D. S. pitchers five times and rannned safely four times.

Only one of the Legion's regulars showed up yesterday for play. Benoit was the only really, truly Legion teamster in the field. Judge Tabor played a garden position, but the "judge" has not been one of the team's regulars. Even Pitcher Fossen did not play with the former soldiers. He hung part of the game for the opposition.

Marshall Brown had an awful time of it as long as he lasted in the seventh inning. Nine men confronted him and he managed to dispose of but one. Don Laville was inserted to check the ambitious soldiers before the game was thrown away.

Now for football.

Coach Evans has some promising material out of which to mould a first eleven.

Brief Bits of Sport

Boise beat Twin Falls on merit Sunday.

Gov's hunch hit Cooper harder than Orwig's men were able to crack the opposition, the hits being eight for Twin Falls as against 11 for Boise.

Morley had a bad day in left field and after dropping a couple the boss yanked him, sending Harry Bill into the garden in his stead.

Bill made good, at bat, anyway. He faced Wells one time and hit safely.

And the Twilight league yesterday wound up its 1921 affairs and called it a season.

The local circuit has provided a lot of excellent entertainment since it started functioning as a playing league and has demonstrated the fact that baseball is wanted in Twin Falls.

Take a month's vacation and then plan for another year.

The middleweight fight title is still undecided. Downey, of Cleveland, claims the crown, and a champion of New Jersey, declares he is king.

METHODISTS IN SESSIONS FACE HUGE PROBLEMS

Reunion of Christendom, Marriage and Divorce, Capital and Labor, Among Topics Before Conference

LONDON, (AP)—The sixth world's conference of Methodists opened formally at 6 o'clock this evening in Wesley chapel here. There are 500 Americans among the 400 delegates. The later sessions will be held in Central Hall near the parliament houses.

The conference will be continued until September 17 and the leaders of Methodism in all countries, including a Japanese bishop, are on cushions of important world problems.

LONDON, (AP)—Important world problems, including the reunion of Christendom, marriage and divorce, capital and labor, international co-operation and the changing of "moral standards" of the present age, are to be discussed at the fifth Ecumenical Methodist conference which opens in Central Wesleyan hall, Westminster, this evening and continues until Friday, September 16. The speakers will be leaders of Methodist thought throughout the world and will include editors, preachers and other prominent laymen as well as bishops and ministers.

It is ten years since the last protestant reunion was held in London. At that time, according to official figures, Methodism has gained 3,025,341 members, probationers and adherents.

Number of delegates to the present meeting, including African M. E. church representatives, is 655 of whom 251 are from the United States, 84 from Canada and 320 from all Wesleyan churches in Great Britain and its dominions and mission fields. The opening session will be preached at the historic Wesley's chapel here tomorrow evening by the Rev. S. P. Rose, D. D. of Montreal, Que.

The Rev. Dr. H. K. Carroll of Plainfield, N. J., will present to the conference a plan showing the Methodist population in the world, including members, probationers and adherents to have totalled 30,622,100 in 1910. In 1910 it was given as 32,725,547.

Among the announced topics of speakers at the forthcoming sessions are the following: "Reunion of Christendom," the Rev. David G. Downer of New York; "The Moral Necessity of International Interests," United States Senator Carter Glass; "Changing Moral Standards of the Age," Bishop F. J. McConnell, Pittsburgh, Pa.; "Evangelism and Divorce," Bishop James Cannon, Jr., Birmingham, Ala.; "The Responsibilities of Capital and Labor," E. L. Klinebar, Pittsburgh, Pa.; "The Future of the Church," the Rev. Dr. A. S. Peck, Alberta college, Edmonton, Alberta, Canada.

Others announced to speak are: Bishop Kogoro Tani of Japan; Judge H. Adams Swannick, Jr., of St. Robert W. Perks, Bart.; Sir George Smith; ex-Governor Henry C. Stuart of Virginia; the Rt. Hon. Walter Russell; Sir P. Wilson Esquer; Newton H. Rowell, M. P.; Judge Charles A. Pollock; Judge J. E. Cokerell; Arthur Henderson M. P. and "Gipsy" Smith.

Plans on Entertainment. Trusting on the entertainment plans, Rev. H. Bowman, secretary of the Twin Falls Chamber of Commerce, writes as follows: "In arriving at this decision on the character of the reception, we have taken into consideration the entertainment furnished by other cities, such as Frontier day, which was put on to better form than it would be possible for us to furnish. We are also taking into consideration that the members of the party will be tired and worn out by their trip. Consequently, it is our

belief that they will appreciate more than any other form of entertainment, which is unknown in the community from which they departed.

"We contemplate meeting them with a band, escorting them to the city park and installing them in a walking chair camp. Following this, dinner will be served. A great degree of uncertainty exists as to the remainder of the program because the exact date of their arrival is not known, but it is our belief that they will arrive on the evening of September 14.

Count's Prepare for All. "While we would enjoy having a representative delegation of citizens from each of the cities of the state, it would be a gigantic task to prepare for them in addition to the members of the caravan and the number of hotel guests. However, we would appreciate having a delegation from your city appointed by the Boise Chamber of Commerce to join in the reception of our new neighbors.

WHEAT WITHSTANDING WAVE OF PROFITAKING SALES

December at Top Goes Over 20 Cents from Low of Two Weeks Ago; Closing Quotations Unchanged

CHICAGO, (AP)—There was an upturn in all grades on the board of trade here today. Wheat opened 1 1/2 to 1 1/2c higher; corn 1 1/4 to 1c higher and oats advanced 1/8 to 1/2c over Saturday's close. Advance in cotton and stock and the war finance corporation's statement stimulated general buying. Wheat opened at \$1.28 to 1.30 for September; \$1.30 to 1.31 for December and \$1.35 to 1.35 1/4 for May; the latter being a new high for the crop.

Selling against offers checked the bulge in wheat but an hour after the opening it had retraced a majority of its gain and was still 2 1/4 to 2c higher than Saturday's finish.

Wheat ran into heavy profit taking sales and also selling against offers and a reaction followed. Sentiment was generally bullish, however, and the reaction was not considered severe. December at top was up over 20c from the low of two weeks ago today.

The close showed wheat at unchanged to 1 3/4c advance over Saturday's finish and at \$1.29 to \$1.31 for December; at \$1.29 to \$1.31 for May and at \$1.31 to \$1.34 for 1 1/4.

Corn bucketed some of the strength of wheat at the opening, September increasing to 44 1/2c; December 3 1/2 to 1c higher at 54 7/8 to 55 1/2c and May 1 1/4 to 1 1/2c up to 61 1/2c. Corn stayed within narrow limits during the first hour and at the close of this time was a shade to 5/8c higher than Saturday's close.

Heavy selling of December corn credited to a leading local cash and elevator interest only checked the advance in that grain but made a reaction to around Saturday's finish. The close was unchanged to 5/8c lower than Saturday's close with September at 53 1/2c; December at 64 1/8 to 64 1/4c and May at 66c.

Oats also showed strength at the opening with September at 35 5/8c; December at 35 3/8 to 35 1/2c and May at 42 5/8 to 42 7/8c. Both September and December oats showed a shade gain over the opening early.

BURL LAYS PLANS FOR CARAVAN'S RECEPTION

Invites Limited Number of Representative Citizens from Idaho Towns

Burl is beginning to doubt his ability to handle the delegations expected from the various cities in the state to greet the Brooklyn caravan and suggests that only representative citizens be sent to receive Scott's party according to a communication from the Burl chamber of commerce read Wednesday at a meeting of the directors of the Burl chamber of commerce.

It was the feeling of the Boise directors that the presidents of the Rotary, Kiwanis and Progressive Business Clubs of the chamber of commerce and the mayor should form the home delegation to greet the auto caravan of settlers on their arrival at Burl.

Plans on Entertainment. Trusting on the entertainment plans, Rev. H. Bowman, secretary of the Twin Falls Chamber of Commerce, writes as follows: "In arriving at this decision on the character of the reception, we have taken into consideration the entertainment furnished by other cities, such as Frontier day, which was put on to better form than it would be possible for us to furnish. We are also taking into consideration that the members of the party will be tired and worn out by their trip. Consequently, it is our

More Truth Than Poetry

A SOUL IN DANGER

By S. E. Kiser. BALLARD is earning his living in a decent and common way, getting no graft, and giving good service for meagre pay...

BUT, alas, he is unconverted; He looks for the joys of life, Not that he ever has flirted; With his neighbor's delightful wife; On Sundays he turns to pleasure, Forgetting, perhaps, to pray, For he seldom has any leisure, Except on the Sabbath day.

BADGER pursues sedately The course where his profits lie; His ventures have paid him gently, And people have called him sly; Widows are disoriented, Because he is hard and grim, But a peer that is wide is rented, And exclusively used by him.

If he met you he'd pass you coldly, A heathenish thing to do; He would rook you, and do it boldly, For a ragged dollar or two; The Sabbath he keeps for turning out, His gaze on the heavenly goal, And he worries a lot concerning Poor Ballard's immortal soul.

The uniform success that has attended the use of Chamberlain's Colic and Diarrhoea Remedy in the relief and cure of bowel complaints, both for children and adults, has brought it into almost universal use, so that it is practically without a rival and as everyone who has used it knows, it is without an equal.—Adv.
