STATE SUPREME COURT DENIES POLLOCK PLEA

No Appeal Will Be Permitted in Case of Former Hanson Bank Official

Application to the Idaho supreme court for the release from custody of A. D. Pollock was denied by the court yesterday.

IDAHO WEATHER

Tough and Wednesday fair; heavy frost in morning.

UNITED STATES TO HAVE JUDGE IN WORLD COURT

Election of John Bassett Moore to Bench of International Tribunal is Forecast by Many Delegates at Geneva

AUSTRIA'S REQUEST FOR INTERVENTION HELD UP

Council Adopts the Policy of "Watchful Waiting" with Respect to Disputed Strip of Territory Between Nations

GENEVA, (AP)—Many delegates to the assembly in the quest of solutions in session here predicted this morning that John Bassett Moore would be elected judge of the court of international law by a large majority on Wednesday.

AMBASSADOR ITALY STEPS

Austria's request for intervention by the league in her dispute with Hungary over Transylvania, a strip of territory along the frontier of those two countries, will be held in abeyance by the council.

ANNOUNCES "WATCHFUL WAITING"

President Woodrow Wilson announced this morning that the league will be "watchful waiting" for the judge of the court at 10 o'clock tomorrow morning at the Hall of the Reformation.

DEBATE BY VOTE SCHOOL QUESTION

Ballot at Third Election Favors Levy to Defray Outstanding Claims

Voters of Independent school district No. 2, Bull, yesterday voted for a ballot on a levy proposition of 12 mills.

DEPORTATION PROPOSED FOR WAR LAW CONVICTS

Four Federal Prisoners May Be Released to be Returned to Russia

WASHINGTON, D. C., (AP)—Confirmation of the sentences of four federal prisoners convicted of offenses against the war laws, conditioned upon their deportation to Russia, was announced today by the government.

SAYS ENGLAND PLANS FAR EAST CONVENTION

PARIS, (AP)—England has proposed to France and Italy that a meeting of the supreme allied council for the discussion of questions pertaining to the Far East, be held early in October, says L'Homme Libre.

CHINA REGARDS JAPANESE MOVE WITH SUSPICION

Liberal Element is Flatly Opposed to Any Proposal from Tokio Touching Upon Shantung Settlement

KARUIZAWA, Japan, (AP) Correspondence—Whatever may be the attitude of Peking officials regarding a settlement of the Shantung question prior to the Washington conference, the mass of the Chinese people, especially the liberal element, is flatly opposed to such a settlement, according to the Rev. Dr. Howard M. Cross, of Peking, who is now in Karuiizawa.

"The liberal following in China, which includes the students and the business element, distrusts Japan's slightest move today," the Rev. Mr. Cross said. "They do not think that Japan ought to negotiate for the return of Shantung—certainly they do not think that Japan intends to return Shantung unless compelled to do so by force.

Distrust is Sweeping

"Even if Japan were willing they are against a settlement now, because their distrust of the officials of the Chinese government is practically as great as their distrust of Japan. They know that an agreement between these officials and Japan would be such that the Chinese people would not benefit from it, for Japan and the corrupt officials would leave no benefits for the people, the claim.

"There is one exception to that—Dr. Yan, the new minister of foreign affairs in Peking, who, I think, is trying to do the right thing. At least he has the confidence of the students whom I come in contact with, and they do not think he will consent to a Shantung settlement until he is sure that China will get back the entire concession originally stolen from her by Germany and that China will be able to hold it from grafting individuals."

Seeks Better Understanding

The Rev. Mr. Cross, who has been working among the student class in Peking for the last four years, has been in Karuiizawa attending the annual meeting of the American board as a fraternal delegate from China. The object of his visit is to work for a better understanding between the Chinese and Japanese which may lead eventually to better international relations.

WHITE RUSSIA REPORTED SCENE OF INSURRECTION

Moscow Dispatch Says Soviet Food Levies are Resisted by Force

LONDON, (AP)—White Russia is the scene of an insurrection against the soviet authorities, says a Warsaw dispatch to the Daily Mail. The trouble, it is said, is a result of forcible food levies by the bolsheviks. The inhabitants of this section of Russia fought to protect their supplies and the insurrection is declared to be spreading. Bolsheviki commissars are being constantly murdered, the dispatch declares, and the soviet authorities are fighting the insurrection by all possible means, there being a number of mass executions reported.

No Substitute Offered

Say what you will about druggetts offering something "just as good" because it pays a better profit, the fact still stands that ninety nine out of a hundred druggetts recommend Chamberlain's Colic and Diarrhoea Remedy, when the best medicine for diarrhoea is asked for, and so because they know from what their customers say of it, that it can be depended upon.—Adv.

FOREIGN TRADE VOLUME GROWS

Commerce Department Reports Increases Both in Exports and Imports

WASHINGTON, (AP)—Exports increased approximately \$5,000,000 and imports about \$17,000,000 during August as compared with July, according to the monthly foreign trade summary issued Monday by the commerce department.

Exports during August aggregated \$275,000,000 as compared with \$271,000,000 during July and \$278,000,000 in August, 1920. Exports for the month reached the highest total of the year since March when the figure was \$287,000,000.

Imports for the month totaled \$194,000,000 as against \$177,000,000 in July and \$171,000,000 in August of last year. The import total was the highest since May, when the figure was \$205,000,000.

For the eight months ended with August exports aggregated \$2,320,000,000 as against \$2,475,000,000 during the corresponding months of 1920, while imports for the period aggregated \$1,625,000,000 as against \$1,895,000,000 for the eight months ended with August, 1920.

Gold imports for August aggregating \$28,000,000 were the highest for any month of the year except March, when the total was \$37,000,000. Gold imports in July totaled \$64,000,000 and in August, 1920, \$15,000,000.

Exports of gold during August amounted to \$671,652 as against \$3,733,000 in July and \$25,000,000 in August, 1920.

Gold imports for the eight months ended with August totaled \$502,000,000 compared with \$100,000,000 during the corresponding months of 1920, while exports for the period amounted to \$1,000,000 against \$242,000,000 during the first eight months of last year.

Silver imports for the month aggregated \$8,000,000 against \$4,000,000 in the same month last year, while exports amounted to \$3,740,000 against \$4,400,000 in August last year.

Imports of silver during the first eight months aggregated \$40,000,000 against \$67,000,000 during the corresponding months of 1920, while exports for the period totaled \$30,000,000 against \$50,000,000 during the eight months ending August, 1920.

NEW MEXICO WILL ELECT UNITED STATES SENATOR

Successor to Albert B. Fall to be Named at Elections on Next Tuesday

SANTA FE, N. M., (AP)—New Mexico will elect a U. S. senator a week from today to succeed Albert O. Fall, now secretary of the interior.

H. O. Burrum, who was appointed by Governor M. E. Mackay to fill the senatorial chair temporarily, has the unanimous endorsement of the republican state convention. The democratic nominee is R. H. Hanna of Albuquerque, former justice of the state supreme court.

Eloves proposed constitutional amendment which will be voted on. These include measures barring aliens ineligible to citizenship or associations or corporations controlled by such aliens from owning land, extending to women the right to hold real estate providing a tax exemption of \$2,000 for former service men, and placing on common carriers the burden of proof that rate orders of the state corporate commission are unreasonable.

PUBLISHERS OF IDAHO FORM NEW ASSOCIATION

Organization Effected at Postoffice Meeting is Based Exclusively on Commercial Lines

...POGATELLO, IDAHO.—Final details in the completion of the organization of the Idaho Press association occurred Sunday when incorporation papers were drawn for the book. The publishers and editors of Idaho, while not abandoning any existing organization, have perfected a new statewide association, based exclusively on commercial lines. Matters of combination publishing and advertising affairs will come under the jurisdiction of the executive board. Flowing will be issued to the members. Block are the officers elected: President, Charles Sumner, Pocatello; first vice-president, George R. Daker, Sandpoint; second vice-president R. A. Reed, Twin Falls; third vice-president, M. B. Zeman, Idaho Falls; secretary-treasurer, Guy Flenner, Boise; director, D. Harold McGrath, Jerome, Watkins, R. Preston, C. W. King, Bonners Ferry, Ned Jensen, Nampa, and B. H. Reed, Idaho Falls.

WOMAN PRESIDES OVER BAY STATE PRECINCT

First Feminine Official in Massachusetts' History Serves in Today's Voting

HAVENHILL, Mass., (AP)—A woman presides over one of the voting precincts in this city at today's special primary election. This is regarded by officials as the first instance of a woman serving as warden at an election in Massachusetts.

The pioneer woman warden, Mrs. Ida A. T. Stevens, has previously officiated several times at the polls as an inspector. She will receive the usual compensation of \$15 for what is nominally a ten hour day, but which may be much longer as this district must remain open until all votes are counted and tabulated.

The primary is being held to nominate a successor to Congressman Wilfred W. Lufkin, appointed collector of the port of Boston.

Wheat Growers Give to Starving People

SPOKANE, Wash., (AP)—Officials of the Washington and Idaho Wheat Growers' association, with headquarters here, are co-operating in arrangements for this district's wheat contribution to the trainload of 36,000 bushels which farmers of the Inland Empire plan to send to the starving people of the West Coast.

The Near East relief committee in charge of arrangements is planning a campaign to obtain donations of 21 carloads of wheat in 26 counties of eastern Washington and northern Idaho before October 15 as their share of the five million bushels for which it is proposed to ask farmers of the United States.

DISCREDIT REPORTS OF USE OF CORN FOR FUEL

Agricultural Authorities Treat Stories of Grain Burning as Myths

CHICAGO, (AP)—Farmers that raise corn are generally going to burn none of it for fuel this winter because of low prices. That is the judgment of agricultural authorities in big corn-raising states.

"I never burned any nor ever heard of anybody burning any corn," said D. O. Thompson, secretary of the Illinois Agricultural association. "I give somebody figured out it could be done and jumped to the idea that it was."

"There will certainly be not much if any of it done in Illinois. We are close to the coal fields and our furnaces are better fitted for coal."

From Iowa comes this word from Charles D. Reed, director of the state crop and weather service:

"The idea that Iowa farmers might burn corn this winter is based on the assumption that we are going to have 30 cent corn. Even at that price the margin would not be great enough to warrant burning corn. Farmers will haul their corn to market and exchange it for coal, because corn makes such very poor fuel."

J. C. Mohler, secretary of the Kansas state board of agriculture, said Kansas farmers will feed their corn to livestock, not put it in the stove.

AT THE LIBRARY

The following books have this week been added to the Twin Falls public library:

Non-Religion—Evolution of Civilization; Wells; Modern Democracies; Bryce; Selected Article on Immigration; Phelps; Japan; An Attempt at Interpretation; Hearn; Cyclopaedia of Music and Musicians; Grove; Cyclopaedia of Education; Monroe.

Fiction—Blind, Peelo; Enchanted Canyon; Willist; In Bed and Gold; Merwin; The Man Who Did the Right Thing; Johnson; Taw; Dog; Oustar-Cup; Livingston; Shield of Silence; Comstock.

Glass-Covered Electric Meters.

The use of the glass-covered meter is increasing, and many contract violation men and manufacturers believe that they will be ordered in greater numbers when deliveries become easier. Companies which are using these meters find that they facilitate the settlement of complaints, especially when a meter is suspected of creeping. Customers prefer a meter that can be seen working. The objections to glass covers have for the most part been overcome. Unrenewedness of the edge of the cover which might cause a poor fit has been taken care of by a felt gasket, consequently no trouble from this source has been experienced. Condensation, which sometimes appears on the outside of the glass cover, is present on the inside of metal covers without being noticed upon inspection of the outside.—Electrical World.

VARSITY CATTLE AND SHEEP WIN 55 PRIZES

Eight Championships Taken by Idaho Exhibits at Spokane Interstate Fair

UNIVERSITY OF IDAHO, Moscow, (Special)—Fifty-five prizes were won by the university exhibits of dairy cattle and sheep at the Spokane Interstate Fair—22 firsts, 7 seconds, 14 thirds, 4 fourths and 8 champions.

In the strongest show of Holstein-Friesian cattle seen for years at Spokane, the university cattle won seven of the 20 first prize awards and three of the six championships, including grand champion bull on the two-year-

old Matador Violet Idaho. First on get of sire and produce of dam were among the winners. Competitors were Oregon Agricultural college, Washington State college and the nationally known John S. Smith herd. Smith and the University of Idaho divided the principal awards. All of the university Holsteins have been grown on the university farm.

The university sheep exhibit consisted of 1st wethers—Brophaires, Rambouillets, South Downs and Hampshire—43 head in all. Almost a clean sweep was made in the fat wether classes, including 8 firsts, 2 seconds, champion pen of three wethers and grand champion wether. On Brophaires, with a few entries and against seven competitors, the university took first on ram lamb and champion lamb.

The best cattle exhibits are being held back for the November show.

CALIFORNIA MAN WILL PIPE OIL ACROSS MEXICO

Concession is Reported Granted for Construction of Line to Bring Petroleum to the Pacific Coast

MEXICO CITY, (AP)—Clay T. Yerby, of Los Angeles, Cal., has been granted a concession to construct an oil pipe line from Puerto, Mexico, on the Gulf coast, to Salina Cruz, on the shore of the Pacific. Announcement that this concession had been granted, was made here last night by J. Flynn, representative in Mexico City of Mr. Yerby. It was said the pipe line would follow the Tehuantepec railroad and that the concession gave Mr. Yerby the right to use federal lands, terminals and port facilities.

Other Lines to Be Built.
Mr. Flynn said that more than one pipe line would be laid but that work on the first, a ten-inch line, would begin at once and would be completed within 20 months. The concession will run 18 years after the work of laying the line is completed. Fifty per cent of the capacity of all lines laid under the concession will be operated under federal regulations governing common carriers and the remainder of the capacity will be subject to contract by the operating company.

It is estimated that the cost of the work will be \$10,000,000 gold, and it is pointed out that by means of the pipe line, the time of transporting oil from the east to the west coast of Mexico will be cut down by 11 days, and the distance covered will be 2500 miles less than through the Panama canal. Not only will the pipe line route provide cheaper fuel for industries in the Mexican Pacific states, but Mexican oil will be able to reach the east coast of Pacific and Far East fueling stations.

Some months ago it was said the United States shipping board had made a futile attempt to obtain a similar concession so that it might provide a supply of fuel oil for the Pacific fleet. Mr. Yerby and an associate, Hugh B. Evans, also of Los Angeles, are now in New York city, arranging for the construction of the pipe line.

BEAN THE MISTLETOE

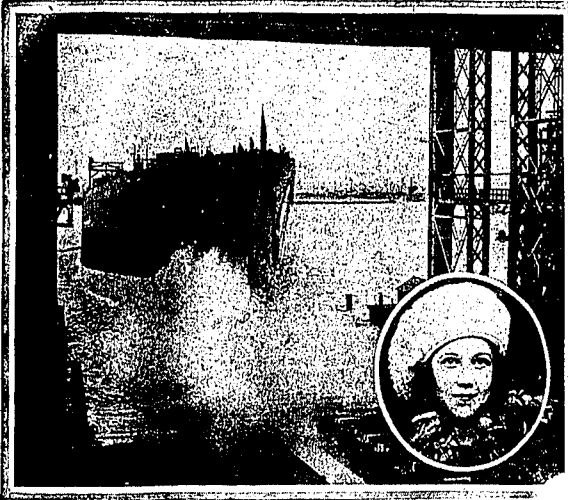

The mistletoe has been banished from the forests of the northwest by the department of agriculture. The symbol of "Mistletoe Christmas" must go because of the damage it does to growing larch, yellow pine, lodge pole pine and fir trees. It is a parasite that fastens its tentacles in the bark of a growing tree and gradually spreads upward, choking the life of the living tree.

The Key that Unlocks the Door to Long Living

The men of eighty-five and ninety years of age are not the rotund, well-fed, but thin, spare men, who live on a slender diet. Be careful as he will, however, a man past middle age will occasionally eat too much or of some article of food not suited to his constitution, causing indigestion or constipation and will need a dose of Chamberlain's Tablets to move his bowels and invigorate his stomach. When this is done, there is no reason why the average man should not live to a ripe old age.—Adv.

What is useless to you may be valuable to others — advertise it in the classified.

U. S. S. Washington, Newest and Greatest Sea Fighter, Leaves Ways.

U. S. S. WASHINGTON LAUNCHED
Until a decision is reached by the armament conference Uncle Sam is remembering and getting upon a little less in preparedness learned at the outset of the recent war. The U. S. S. Washington, sponsored by ten-year-old Miss Jean Summers, daughter of a congressman from the state for which the ship is named is only one of four of her type now building. The Washington will mount 100-inch rifles and will be the last word in superdreadnaught construction. She didn't lack kick even at her launching. From the looms of little Jean Summers a bottle of honor to God champagne fell against the prow of the ship.

FOURTH GAME OF INTER-CITY BASEBALL SERIES IS DROPPED TO BOISE'S DIAMOND ARTISTS

Capital City Team Again Winner, Making Clean Sweep of Four Test Games with Orwig's Men — Wells Stars on Mound, while Locals are Forced to Use Two Twirlers—Long Hits Mark Closing Contest

GOOD hits coupled with playbacks by opposing pitchers gave Boise the fourth and last game of the inter-city series. The contest started on Lincoln lot yesterday afternoon before a goodly throng of fans, resulted in a 6 to 3 score for the visitors.

Change Twirlers.

It wasn't Steele's fault, altogether, that the banking proved necessary. The big finger from the north didn't hit hard enough to warrant removal except, of course, as a measure of safety. He looked reasonably strong when Orwig called him in and had not given more than one hit in any inning of the string he twirled. In the inning that has come to be notorious unlucky for the All-Stars of late, the eighth, Steele

had one man down. The next, Stone, hit to "Red" Bell's territory for a couple of bags and he scored when Belle let a dribbler by Nadeau get away into right field. Nadeau scored on a single made by Ashenfelter, after having snaked second base before Belle finally retrieved the ball for the throw-in. After that episode the rampant visitors were stopped, except that one of the number reached first base on a bad chuck by Bruce Watson to Zienke on Sherman's roller. The runner made second on the overthrow at first base, but Cooper fanned Stone, the third man.

Visitors Break Ice.

Neither team scored in the first two frames, but Luttrell counted for the visitors in the third. Williams was out at the start of this frame on a grounder to Zienke and Wells walked. The pitcher, however, did not get far, as Luttrell forced him. Sherman hit for two bags where "Otis" Neuman could not reach the ball.—Just romping home. Sherman reached third on the chuck in but tried to stretch the chance into a score, and was nipped before he

both sides, with the Capitals excelling in both fielding and battery prowess. The guests pulled off two double plays while the domestic crowd landed a double hitting one time. Sherman and Stone drove out Steele and Kieffer in the third at one fell swoop, and set down the same pair again in the eighth with the aid of Shortstop Chapman. Bailey and Chapman were victims of Kieffer and Zienke in a fifth inning double play.

The Score.

Brief Bits of Sport

Four straight is Boise's record against Twin Falls.

But Clint Evans is yet to be heard from, with reports all favoring the football coach and his 11 against the Boise high school team this year.

Misjudgment of fly balls by outfielders cost considerable yesterday.

Sherman is said to be a catcher by choice and profession, but he seconded yesterday for Boise to perfection and was a power for good or evil, as you prefer to look at it, with the stick.

Luttrell, who homered on Sunday, did nothing with the club yesterday.

With all due deference to Patton and Belle it must be admitted that Williams, Boise backstop, is the class of.

TRASK BROS. STAGE CO.

could get back to third base safely. That run constituted a lead for the homeans until the fourth when the domestics pulled ahead, Bob Whitzel humming the first ball pitched over the right-center fence for a circuit. In the fifth Kieffer duplicated the punch, and then the bids rested until the ninth when a couple of hits—single they were, gave the Orwigs, a count.

Keep It Up.

In the sixth the guests counted twice after one man had been killed off. Luttrell was the recipient of a favor by Steele, and Sherman hit to left for a triple, again counting "Luk." An error at first base put Sherman over with the second run. Another counter was chalked-up for the visitors in the seventh when Bailey hit the ball over the new school barn in center field. It was a healthy poke and recorde one of the farthest hits made on that field.

The tale of the fateful eighth has been related in all of its gory and ghastly details, and no further narration is required.

In the home ninth Whitzel started off with an out from Chapman to Stone. Then Neuman beat out an infield punch and reached second on Belle's infield out. "Otis" stole third and Cap Zienke drove him home with a lousy poke to left field for one base. Bell forced the captain, making the third out.

The game was fairly well played by

You've Struck it Right when you Light a CAMEL

Your taste will tell you that! For Camels have the flavor and fragrance of choicest tobaccos, perfectly blended. They're smooth and mellow-mild.

And there's NO CIGARETTY AFTER-TASTE.

We put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

That's why Camels are THE QUALITY CIGARETTE.

SIXTH FALL COUNTY EXPOSITION STARTS WITH PROMISING OUTLOOK

Opening Day's Crowds Augur Well for Breaking Attendance Records for All Southern Idaho Fairs—Entries More Extensive Than in Former Years, and Quality is Top Notch

Under conditions probably as good as the best known in this district on a similar occasion the sixth annual Twin Falls county fair and live stock exposition opened this morning...

Entries Closed

Entries for the exposition, along all lines, were closed last night. These number more than last year's fair...

Later this afternoon reports from Elmer indicated a much heavier patronage than had been anticipated...

Lack of opening weakened corn. After reporting unchanged to 1-4 lower, including...

Later the market advanced, owing to wheat strength and to a letup in rural offerings...

Provisions reflected a decline in the value of hogs.

CHICAGO, (AP)—Wheat No. 3 red 1.29; No. 2 hard 1.28 1/2 to 1.30 1/4...

MINNEAPOLIS, Minn. (AP)—Flour 10 to 35c lower. In carload lots, family patents quoted at \$3.40 to \$3.00 a barrel.

Wheat receipts 508 cars, compared with 247 cars last year. The market closed firm 2 1/4 to 3 1/2 net higher...

CHICAGO, (AP)—Butter higher; creamery extras 41 1/2c; standards 37 1/4c...

character of the occasion. The fiddlers were at the fair last year and proved a pleasing factor in carrying amusement to the big throng.

The Big Days

Tomorrow is Twin Falls day, and while stores and other business places are not to be officially closed arrangements have been made for a glad and grand thronging of the fair on this single city day.

Friday has been designated Farm Bureau day, when special attention will be devoted to the exposition of live stock and farm and home products...

creamery extras 41 1/2c; standards 37 1/4c; firsts 33 1/2 to 40c; second 30 to 32c.

EGGS higher; receipts 12,038 cases; firsts 29 1/2 to 31 1/2c; ordinary firsts 24 to 26c; miscellaneous 27 to 28 1/2c.

KANSAS CITY, (AP)—Butter, eggs and poultry unchanged.

PORTLAND, Ore. (AP)—Cattle steady; receipts 662. Hogs steady; receipts 79. Sheep steady; receipts 251.

OMAHA, Neb. (AP)—Receipts 5,500; market active; outlook for strong weight butchers and packing grades broad at prices steady to 10c lower than yesterday's average...

The Greatest Possible Service to every Motor Vehicle Owner

This is the briefest possible form in which the ideals and endeavors of the Continental Oil Company can be put. These ideals have animated the activities of this company from the time it was organized.

As a result of the investment of many millions of dollars, the foresight of an efficient board of directors and the cooperation of a loyal force of employees, this company has become an important public servant.

This service includes the scrupulous maintenance of the quality of products sold by this company. The excellence of each one is unsurpassed, each has become the standard in its particular field of usefulness.

For your convenience buy Conoco products with Conoco Coupon Books. Ask an attendant at our service station for free booklet 'Facts About Gasoline.'

Do Men Know Bargains and Do They Really Appreciate Them? People are looking 'around this' as NEVER before for the BEST goods at the LOWEST prices. You will make a BIG mistake if you fail to attend this SALE and overlook the hundreds of GOOD buys now on SALE at The ALCO CLOTHES SHOP

COUNCIL FIXES TAX LEVIES TO YIELD \$770,000

Now Street Lighting System and Outstanding Warrants Requiring

Providing for an estimated revenue of \$770,000, Twin Falls city tax levy for the current year was last night by unanimous vote of the council, set at 38 mills, or \$2.80 on each \$100 of assessed valuation. The levy applied to the amount of the estimated valuation of \$69,000,000, is designed to raise an amount equal to that provided for in the budget adopted last June. On the basis of the valuation figures at hand at this time, it was estimated that a levy of 31.5 mills would be required to yield this revenue.

The levy provides for diversion of the entire district tax to the street lighting fund, 3.4 mills into the warrant redemption fund, and 11 1/4 mills into the interest and sinking fund accounts.

Holds Levy Down. Prior to authorization of the levy, the council spent considerable time in a close study of requirements with a view to holding taxes down to the lowest possible figure. Members of the council pointed out that the contract for the new street lighting system entered into by the former administration entailed an additional expense this year of \$4,500 for electric current and \$2,000 for dependent matters.

While the new street lighting system was the cost of installation under city supervision would total less than \$3,000 as compared with \$8,100 estimated as the cost when the contract was entered into two years ago.

Relations of the municipality to the Warren Construction company, which performed extensive paving and curb construction here last year, came in for some comment at last night's session of the council. It was the consensus of opinion of members of the council who had studied the contract under which the work was done that terms of the contract seemed to have been fully complied with in so far as pavement was concerned, but that cutting in several instances and up to replacement.

Guest of Sister—Mrs. Fred Hale of Blackfoot is the guest of her sister, Mrs. B. F. Atkinson, of 227 Seventh avenue east.

Comer on Inspection Trip—John Comer, general agricultural agent for the Amalgamated Sugar company arrived Monday on an inspection trip.

Guests from the South—Mrs. C. Kiefer of Missouri and Mrs. W. Reese of Kansas are house guests at the home of Mr. and Mrs. W. Leaden.

Will Enter University—Walter Lehn and Leonard Hill left this morning for Moscow where he will attend the University of Idaho for the coming year.

Patent Making Progress—Mrs. Fred Lites who has been ill for several months on Blue Lakes boulevard, is reported to be making a slow but steady recovery.

Called Here by Illness—Mrs. Sadie Nighy arrived Monday to be near her sister, Mrs. Jennie Houliher of 402 Third avenue south, who is critically ill at a local hospital.

Sister Comes for Visit—Mr. and Mrs. C. C. Cook arrived Monday from Billings to visit Mr. and Mrs. C. Grady of 788 Sixth avenue east. The two ladies are sisters.

Return from Trip—Mr. and Mrs. P. Bates of Hollister returned Monday from a week's visit with Mr. Bates' parents in the Boise valley. Mr. Bates is assistant water master at Hollister.

Organist Returns—Miss Gladys Orr returned Monday from Esthlin, Illinois, where she has spent the last two months. She will play the organ at the Presbyterian church and will also have a position at the Idaho theatre.

In Hospital—Edward Van Hamert of Tenth avenue north, who submitted to an operation at the county general hospital some time ago, is said to be making some improvement, though still in a serious condition.

TWIN FALLS COUNTY CROP REPORT

Yields Per Acre of All Kinds Actually Obtained by Growers and Compiled by The Twin Falls News

(Note—Growers are cordially invited to assist in the compilation of these reports by turning in figures on crop returns for inclusion in this list.)

Table with columns: Grower, Acreage, Crop, Bu. to Acre. Lists various growers and their crop yields.

She was accompanied as far as Balford by her sister, Miss Deddy Schley.

Mrs. Holden Recovering—Mrs. Goldie Holden of Shoshone, who has been an invalid patient at a local hospital for the past two weeks, is making satisfactory recovery and will be discharged in a few days.

Conclude Visit—Mr. and Mrs. F. Johnson and their daughter, Mrs. F. B. Carier, all of Boise, left this morning for their home in Boise, leaving spent a few days here with Mr. and Mrs. A. Doran Johnson of the Reed apartments.

At E. N. Day Home—Mr. and Mrs. A. Langford of Jamesport, Missouri, are here for a visit with Mr. and Mrs. E. N. Day in the Yeatman addition. They will leave in a few days for Preston, Idaho, to spend some time with their son W. H. Langford who is superintendent of the Utah Light and Power company plant at that place.

Will Reside at Pendleton—Mr. and Mrs. H. J. Fordyce, who have made their home on Fourth avenue east for the past two years, left last evening for Pendleton, Oregon, where they expect to make their home.

Guest from Oklahoma—Mrs. Arvilla Woodside of Lawton, Okla., is in Twin Falls for an extended stay with relatives. Her daughter, Mrs. William Boyce lives in Rupert, and she has spent the past month there.

Will Be Away for Winter—Mrs. A. D. Hammett, of Sixth avenue west, left last evening for Greenleaf, Idaho. Following a short stay in that place with friends, she will go to Bridgeport, Kansas, to spend the winter with her father.

Join Nurses' Class—Miss Leda Voss

Financial report table for Reserve District No. 12, Fall in State of Idaho, at the Close of Business on September 6, 1921. Includes Resources and Liabilities sections.

STATE OF IDAHO, COUNTY OF TWIN FALLS—I, J. M. Maxwell, cashier of the above named bank, do solemnly swear that the above statement is true to the best of my knowledge and belief.

and Miss Esther Felcht entered the training class of La Merced hospital yesterday. The class now numbers eight, with Miss Dolma Baser and Miss Frankie Moffett finishing their three year course on October 3.

Wants to See District—Louis Donnelly arrived yesterday from Baseline, Ark., for a two weeks investigation of this section. He has friends at Hansen and on the north side and will verify by two weeks of diligent sight seeing the reports of the country that have been reaching him for the past few years.

Kimberly Exhibit at Fair—The exhibit from the Kimberly Boosters fair was taken yesterday to Filer where it will be on display at the county fair. Four trucks were necessary to haul the products that the Kimberly Boosters were able to assemble from their territory at short notice.

On Way West—Mr. and Mrs. A. W. Orville and sons, William and George, are here for a visit with Mrs. Orville's sister, Mrs. R. P. Wilson living while to town. The visitors are en route to southern California where they will remain until the close of school next spring, as the two young men will be students in the University of Southern California.

Reports Pine Crops—E. N. Day returned yesterday from a two weeks business trip to American Falls and Pocatello. He reports that the section visited has the best wheat crop in years, and that the sugar beets are apparently free from the fly pest that has appeared in some districts here. Collections are easy and business good. Mr. Day reports.

Booster for Railroad—F. M. Towne is here from his home in the Sacramento valley to attend to the extensive business interests which he still retains in this section. He makes the trip occasionally each year, and is an enthusiastic booster for the Twin Falls railroad which will enable travelers to save so much time on this trip. He expects to remain here for the county and state fairs.

Deaths

Mrs. Jennie Lawson Houston, 36, well known as an eccentric from her place at Cheyenne mountains and the intermountain country some years ago, died today as a result of injuries received August 10 when a horse she was riding bolted suddenly and threw her against the stable beam. At the time the injuries were received she slight, but complications developed. Mrs. Houston was the wife of A. N. Houston, an employe of the Amalgamated Sugar company. She leaves three children. Services will be held at nine o'clock tomorrow morning at St. Edward's Catholic church.

ATTACK ON VETERANS' BUREAU LIKELY TO BE IGNORED. COLUMBUS, (AP)—Charges of Dr. Haven Emerson, medical adviser of veterans' bureau at Washington, that the bureau is dominated by politics, made last night in an address before the Mississippi valley conference on tuberculosis, will not likely bring forth action on the part of the conference, leaders said today.

Dr. Emerson, who yesterday announced

ed his resignation, declared that "blacksmiths and policemen are taking the place of scientific medical men" in the bureau work.

GATHER YOUR FRUIT in time. Apples should be picked soon as the seed turns black, sort them in the orchard. You will get no pay for culls or wormy apples. Yargo & Best are loading now at the Pink warehouse. Will load car mixed fruit Wednesday, such as peaches, pears, plums, prunes and grapes. Let us know how many bushels you can furnish. Phone 456-247.

ATTENTION Fruit Growers Apple Boxes for Sale in any quantity. PATRICK & JOHNSON

Optical Work That Satisfies. We have been permanently located in Twin Falls for the past 11 years. We do nothing but optical work exclusively. We have thousands of satisfied patients. We have the best equipped optical establishment in this part of the country.

TWIN FALLS DAILY NEWS

Published every afternoon except Sunday... Twin Falls News Publishing Co., Inc. (Incorporated 1910) President JOY A. HADAD... Treasurer JOHN C. HARVEY... Entered as second class mail matter April 3, 1911 at the postoffice at Twin Falls, Idaho, under the Act of March 3, 1879.

MEMBER OF ASSOCIATED PRESS... The Associated Press is exclusively entitled to the use for publication of all news dispatches credited to it, or not credited to it, in this paper and also the local news published hereon and also to syndicate material for other newspapers.

Subscription Rates: One year \$4.00, 6 months \$2.50, 3 months \$1.50, 1 month \$0.50.

EASTERN REPRESENTATIVES: W. C. Fletcher, 121 Madison Ave., New York; A. H. Becker, 111 Jackson Building, Chicago.

RUSSIA'S LESSON: When modern harvesting machinery was invented, which made possible and profitable the growing of grain on a gigantic scale, and transportation systems were developed to carry to market the products of the soil, it was felt that the world in its enlightened parts was insured against a repetition of famine.

More than that, too, he must have the means of transportation. There must be connection between the grower and the consumer for the protection of both. When the Russian authorities by the disorder they promoted wrecked the railways they contributed to death of countless numbers in regions where there was drought.

ENCOURAGING: At one of the colleges a study of the health of the freshmen is to be made. Darned if it doesn't look as if some of the colleges were trying to do the right thing.

NOT FOR THE FOLKS, AT LEAST: Poland may be free, but she doesn't seem to be easy.

THREE HELD FOR MURDER OF AUTOMOBILE SALESMAN: Church's Confession Involves Leon Parks who Involves Third Suspect.

CHICAGO, (U.P.)—The brutal murder of Bernard J. Daugherty and Carl A. Sauer, automobile salesmen, were more nearly cleared up today, the police declared, following supplementary confessions allegedly to have been made by Harvey Church and Leon Parks.

GOOD SUGGESTION: A conference of representatives of Idaho's varied activities at Portcullis the other day, in a message to Secretary of Commerce Hoover, gave cogent expression to a

NON-SECTARIAN BODY AT STATE UNIVERSITY: devotional service, extension service, vocational council, finance, publicity and music.

United Christian Federation to Foster Student Religious and Social Life: UNIVERSITY OF IDAHO, Moscow, (Special.)—Idigulous and social life among university students will be fostered in the future by an organization to be known as the United Christian Federation, according to announcements today by Rev. J. Orrin Gould, student pastor, reporting a decision of the board of directors of the Co-operative Church foundation.

WOMEN HOLD BALANCE OF POWER IN GOHAM VOTE: Primaries to Decide Which of Four Republicans Will Oppose Hyman for Mayor.

NEW YORK, (AP)—Women voters, participating in the first future non-political campaign were concealed by majority leaders to hold the balance of power today in the primaries that will elect a new mayor of New York.

WOMEN HOLD BALANCE OF POWER IN GOHAM VOTE: The four candidates for the Republican nomination are: Henry H. Curran, president of the Borough of Manhattan; F. H. La Guardia, president of the Board of Brooklyn; and William M. Bennett, former state senator from Brooklyn.

WOMEN HOLD BALANCE OF POWER IN GOHAM VOTE: Curran, who is a coalitionist candidate, has the backing of the regular republican machine; but the other three contestants have large followings.

WOMEN HOLD BALANCE OF POWER IN GOHAM VOTE: La Guardia announced last night that he would have a caucus with the women and would try to fill any disorder or irregularities that might develop at the polls. This followed reports that a large number of "repeaters" had been imported from New Jersey.

phase of land reclamation in its relation to the unemployment problem that appeals at once to sense and to sentiment. The conference urged enactment of the McNary-Smith reclamation bill and here are the reasons it sets forth in its message to Secretary Hoover:

The Idaho Press Association in convention assembled here and in conference with representatives of leading industries of this state, desires to assure you of the active cooperation of all of us in the efforts of yourself and associates to deliberate upon the question of finding work for the millions of unemployed men in the nation and suggest enactment of the pending McNary-Smith bill providing for an enlarged and more comprehensive policy for reclaiming the arid lands of the west.

There is no question about the beneficial results of land development contemplated by the legislation in question. Truth of this assertion is plain with evidence to be seen on every hand throughout southern Idaho, that no profit is required here. It would be most admirable thing if skeptics were stirred to the point where they would begin a little investigation to determine these facts.

More Truth Than Poetry: SUMMER'S on the distant slope; Overhangs the white snow; Lengthening shadows; Brief days; But contentment still—and hope— Cheer-O!

CHAY leaves drifting down the streams; Moves down and always makes; Eyes half closed, and dreaming dreams; Free from all material cares— Cheer-O!

YELLOW stubbles where the wheat; Billowed splendidly in May; Summer on the wing, but sweet; Clover scents drift up the way— Cheer-O!

CRIMSON apples here and there; Silence in the spacious dell; But ripened apples where Blossoms glowed—and all is well— Cheer-O!

DOWN the street a transient strain; Waking pleasing memories Of proud castles reared in Spain, And of youthful love and pain— Cheer-O!

BRIEFER days and longer nights; Autumn's tints upon the hill; But more kindness, fewer spites; And rewards for effort still— Cheer-O!

ENCOURAGING: At one of the colleges a study of the health of the freshmen is to be made. Darned if it doesn't look as if some of the colleges were trying to do the right thing.

NOT FOR THE FOLKS, AT LEAST: Poland may be free, but she doesn't seem to be easy.

ADVANTAGES OF COW TESTING SCHEME RECORDED BY AN EXPERT—MEDIUM OF BUILDING UP DAIRYING

W. C. Fletcher, Association Business Manager in District, Gives Interesting Explanation of Operations Summarizing Improvement in Results Through Cooperation

By W. C. FLETCHER. (Tester, Pioneer Testing Association.) Cooperation among the breeders of the Twin Falls tract is one of the most commendable features of dairying here that has come to my attention. This is not only evidenced by a keen spirit of friendly cooperation, but also by the introduction of a far higher class of sires than would be possible if each dairyman was the rank individualist.

Common house flies are the most deadly of all animal causing agents. They are more numerous than all the lions and tigers in the world put together. A tea towel over the strainer and a closed top milk pail are economical means of keeping out flies for dairy-ry or milk.

Stripping Males the Records and the Dollars: That the stripplings count and that good dairy cows are temperamental are the beliefs of Wm. Shetwell, substantiated by the August test. Due to his being away on his own, a very careful milker, yielded a 40-pounder or cut 13.3 pounds, testing four per cent.

Good Corn Silage Keeps Cows Healthy and Fills the Milk Pails: The good corn silage plants I saved veterinary help for the cow club of Carlin, one of the leading Jersey breeders. He stated recently that while his "cows" bills from feeding a top-notch ration occasionally ran the cost of five pounds of Dexam Salts every time he went to town, he has had no D. V. S. on the place since completing his silage.

Stories of Great Scouts: before him. One of them fired and the ranger fell, wounded for the second time. With a wild yell the Indians rushed at him with uplifted tomahawks, but Higgins rose once more and shot one of them dead. The other two then attacked him with spears and tomahawks. Tom defended himself with a knife until he was killed off the ground by a blow from a tomahawk which cut off one of his ears.

TOM HIGGINS' GREATEST FIGHT WITH THE INDIANS: Tom Higgins was a noted Illinois ranger during the War of 1812. One morning near Fort Hills the Indians ambushed Tom's company and killed several of them. As they fled to the fort, Higgins stayed behind, vowing that he would go in at one o'clock, before he retreated. He got his Indian, but just as he was preparing to mount his horse, Ilanger Burgess, who was lying on the ground wounded, called out to him: "Tom won't leave me the Indians, will you, Tom?"

WOMEN HOLD BALANCE OF POWER IN GOHAM VOTE: Primaries to Decide Which of Four Republicans Will Oppose Hyman for Mayor.

NEW YORK, (AP)—Women voters, participating in the first future non-political campaign were concealed by majority leaders to hold the balance of power today in the primaries that will elect a new mayor of New York.

WOMEN HOLD BALANCE OF POWER IN GOHAM VOTE: The four candidates for the Republican nomination are: Henry H. Curran, president of the Borough of Manhattan; F. H. La Guardia, president of the Board of Brooklyn; and William M. Bennett, former state senator from Brooklyn.

WOMEN HOLD BALANCE OF POWER IN GOHAM VOTE: Curran, who is a coalitionist candidate, has the backing of the regular republican machine; but the other three contestants have large followings.

WOMEN HOLD BALANCE OF POWER IN GOHAM VOTE: La Guardia announced last night that he would have a caucus with the women and would try to fill any disorder or irregularities that might develop at the polls. This followed reports that a large number of "repeaters" had been imported from New Jersey.
