Womens Vigilante Committee, Formed as Agency for Moral Forces of San Francisco, Takes Hand in Proceedings

SAINT FRANCISCO, (AP)—Examination of all but expert witnesses was completed today in the coroner's inquest into the death of Miss Virginia Rappo, a motion picture actress when the coroner's jury decided to allow a verdict by District Attorney Brady that Miss Zoh Probst and Miss Alice Black, show girls, should not be questioned.

AMERICAN GOVERNMENT SUBMITS TOPICS SUGGESTED FOR ARMS LIMITATIONS SESSION

WASHINGTON, D. C., (AP)—The American government has sent to the governments of all the powers invited to participate in the conference on the limitation of armaments and far Eastern questions a list of the topics suggested for discussion.

OFFICIALS OF THE STATE DEPARTMENT REFERRED TODAY TO COMMENT ON THE NATURE OF THE SUGGESTED PROGRAM, BUT IT WAS UNDERSTOOD THAT THE OFFERED LIST OF SUBJECTS WAS NOTHING MORE THAN TENTATIVE AND CALCULATED TO SERVE MERELY FOR THE BASIS OF AGREEMENT.

THE TITLE OF THE TOPIC, WHICH WAS SENT TO THE invited nations by Secretary Hughes is understood, however, to be the first concrete suggestion as to the conference program submitted to all the prospective participants.

THE ONLY INDICATION OF THE NATURE OF THE SUBJECTS SUGGESTED WAS THAT CONTAINED IN A TOKYO PRESS DISPATCH WHICH DECLARED THAT IN ADDITION TO THE OBVIOUS SUBJECTS, ARMS AND NAVY RESTRICTIONS, THE UNITED STATES COMMISSIONERS PROPOSED A DISCUSSION OF THE OPEN DOOR IN CHINA, RESPECT FOR THE SOVEREIGNTY OF ALL NEIGHBORING TERRITORY, THE STATUS OF MANCHURIA AND THE CHINESE EASTERN RAILWAY, spheres of influence and the general subject of mandates.

OFFICIAL COMMENT ON THE TOKYO DISPATCH WAS MADE BY THE CHINESE EASTERN RAILWAY, WHICH SAID THAT IT WAS AN INTIMATION THAT THE FIELD OF DISCUSSION SHOULD BE MUCH BROADER.

CURRAN REPUBLICAN'S CHIEF FOR MAYOR OF NEW YORK

NEW YORK, (AP)—Henry H. Curran, coalition candidate, won the republican nomination for mayor Tuesday over three opponents, leading his nearest rival, F. H. LeGuard, president of the board of aldermen, by vote of almost 8 to 1. Mayor John F. Hylan was nominated without opposition in the democratic primary.

WANTS JUDGMENT

In an action filed in the district court yesterday, afternoon L. A. Warner of Boise, charged the Hon. William A. Smith, the claim is based upon the defendant's alleged failure to pay plaintiff for work and services, materials furnished and rentals due.

Canadian Railway Imposes Check on Grain Shipments

Requires Ships from American Ports to Obtain Permit to Use Docks

MONTREAL, (AP)—Grain shipments through this port have become so heavy that the Canadian Pacific and Grand Trunk railroads today announced restrictions for the protection of Canadian shippers.

Hereafter, it was announced, grain ships from American ports bound for Port Maitland and Tiffin, Ontario, must obtain permits before using the dock facilities here.

Approximately 90,000,000 bushels of grain have passed through the port to date, the highest in a new record.

About 40 per cent of the total was American grain.

LEAGUE ELECTS JOHN B. MOORE AS COURT JUDGE

American Member of International Court of Justice is Elected on Second Ballot at Assembly Session

GENEVA, (AP)—The 11 judges of the permanent international court of justice were elected by the council of the league, which met simultaneously with the assembly.

The bench of the court chosen consisted of John Bassett Moore, of the United States; Viscount Robert Finlay, of Great Britain; Dr. Yorozu Oda, of Japan; Dr. Andre Weiss of France; Commendatore Antonio S. Bastiani, of Italy; Dr. Buy Barbosa, of Brazil; Dr. E. O. Leder, of Holland; Dr. Antonio B. Bustamante of Cuba; Judge D. Niyoma of Denmark; Dr. Max Huber of Switzerland and Dr. Josef Ahtymy of Greece of Spain.

GENEVA, (AP)—John Bassett Moore, of the United States, was elected a judge of the international court of justice by the assembly of the league of nations on the second ballot in the voting for members of the court which began here at ten o'clock this morning.

Dr. Rafael Altamira y Creven, of Spain; Dr. Buy Barbosa, of Brazil; Viscount Robert Finlay, of Great Britain; Dr. Alejandro Alvarez, of Chile; Dr. Antonio S. Bastiani, of Italy; Dr. Andre Weiss, of France; Dr. Yorozu Oda, of Japan; Dr. B. T. C. Leder, of Holland, and Commendatore Dionisio Anzilotti, of Italy, were elected by the assembly on the first ballot.

Local business places carried out no concert of plan for general closing, but arrangements were made by merchants for reduction of employees could participate in the enjoyment of the day's affairs within the big enclosure at Fair.

Immediately after noon a steady stream of automobiles left Twin Falls, many on an afternoon drive to the scenic village depicted in rhyme by Goldsmith. Cooperative intention seemed to be to smash last year's attendance record for Twin Falls day.

DAIL APPROVES APPOINTMENTS TO CONFERENCE

Endorses Selection of Five Plenipotentiaries to Meet with British Representatives in Discussion of Irish Issue

ANTICIPATES REMOVAL OF PREMIER'S OBJECTIONS

Lloyd-George Tells De Valera's Couriers to Go Home and Produce Something Better, London Newspaper Says

DUBLIN, (AP)—Appointment of plenipotentiaries to the proposed conference at Inverness with British representatives to discuss the settlement of the Irish question was approved by the Dail Eireann at its session here today.

DUBLIN, (AP)—Appointment of plenipotentiaries to the proposed conference at Inverness with British representatives to discuss the settlement of the Irish question was approved by the Dail Eireann at its session here today.

The appointments listed follow: Arthur Griffith, founder of the Sinn Fein and former minister in the Dail cabinet, chairman; Michael Collins, finance minister; Robert C. Barton, one of the leading figures in the preliminary negotiations; Eamon J. Duggan, Sinn Fein member of parliament; George Gavan Duffy, who has acted as representative of the Sinn Fein.

The Dail's official bulletin announcing approval of the five plenipotentiaries said this was done "in view of a possible conference with representatives of the British government."

The appointment of the plenipotentiaries is considered in political quarters as a move toward throwing responsibility for any breach of negotiations on the prime minister.

Reports circulated in well posted circles today are that Mr. Lloyd George indicated to the Sinn Fein courier conference which, it was considered, might involve some of the Dail cabinet's reply.

CONFERENCE PLANS UNVEILED

The Dail plenipotentiaries, it was explained, were not expected to go to Inverness in response to the prime minister's invitation, but have been chosen to carry on possible negotiations, which may or may not be accepted by Mr. Lloyd George of the Dail cabinet's reply.

Members of the Irish republican parliament gathered here in response to a call from Eamon J. Duggan, were prepared to begin secret sessions today to consider the situation that has arisen in the course of the exchanges between the British government and the Sinn Fein plenipotentiaries. Mr. De Valera was expected to appear before parliament this morning and lay before it the stipulations which, it was reported, Mr. Lloyd George had demanded for absolute separation from Great Britain to be abandoned if negotiations are to continue.

CONFIDENCE CONTINUES STRONG

General confidence had not been shaken by reports from Gallichol of the arrival and departure of Sinn Fein couriers, and it was generally believed that delegates would be appointed to proceed to Inverness.

It was pointed out, however, the fear was expressed that a serious hitch had occurred in the negotiations. The theory in these quarters was that the courier took a verbal reply to Mr. Lloyd George and would return to Dublin before a formal decision was reached that the prime minister indicated unwillingness to proceed on the line suggested and that this left the Dail with an opportunity to seek a fresh formula.

DE VALERA'S REPLY CALLED UNBETRAYED TO BERTHAIN

LONDON, (AP)—Although no actual hitch has occurred in the Irish negotiations, says the Evening Standard to London, the premier was so dissatisfied with Eamon J. Duggan's verbal reply that he asked the couriers sent to Scotland to return immediately to Dublin to convey to Mr. De Valera the premier's "reply" in the points raised.

In view of the indefinite character of the Sinn Fein proposals, continues the newspaper, "the couriers were in effect told to go."

UTAH CONDUCTS MAKE GETAWAY

SALT LAKE CITY, Utah, (AP)—Five prisoners of the Utah state penitentiary escaped early today after overpowering two guards and shooting a third.

The prisoners who escaped are Stanley Shadlow, convicted of burglary in Salt Lake; Frank Smith and "Jimmy" Miller who robbed the Springfield bank at Springfield, Utah; Edward Harris, who robbed the bank of George St. George, Utah, and Oscar Binkley, convicted of robbery which ended in a duel with the Salt Lake police when a companion of his and Detective George Hamby were shot dead.

FEIGN ILLNESS

Shadlow was a patient in the prison hospital and Blaney was a nurse there. Lewis Allen, a guard received word that a man was suffering from violent pains in the back of the neck and was taken by Shadlow. His gun was taken from him. The two prisoners with Allen proceeded then they marched across the yard to the main cell house, the guard on the tower not being suspicious on account of the guard accompanying the men.

When the trio reached the main cell house, Shadlow and Blaney jumped upon Charles Longson, another guard. They obtained his gun also. They then threw both the guards into a cell and took their keys from them, taking the guard on the tower to bind and gag them to avoid any outcry.

UNLOCK CELL DOOR

Shadlow and Blaney then unlocked the cells of Smith, Miller and Harris. The five started out from the cell house with a stretcher. Three of the men were taken to the hospital and the other two to the guard house. As a consequence, the guard in

PUBLICITY FOR GEM STATE AND OF ASSOCIATION

Organization, Backed by Citizenship and State Government is Launched to Promote Idaho's Development

BOISE (Special).—The Idaho Development association is now a fact. Articles of incorporation were filed Saturday with the secretary of state in Boise by T. J. Humble of Sandpoint, Stanley Elston, Kellgren, W. D. Shearer of Lewiston, Frank F. Johnson of Boise, H. G. Fuller of Ashton, S. E. Brady of Threaville, Arthur L. Swain of Twin Falls, B. B. Shoford of Jerome and LeGrand Young of Boise, who form the board of directors. Head quarters are established in room 339, State capital, Boise.

The board of directors has appointed Huntington Taylor of Coeur d'Alene, Ira E. High of Boise and O. A. Johnson of Idaho Falls as a board of managers to conduct the affairs of the association. Frank F. Johnson of Boise is chosen treasurer to handle the funds.

The organization has back of the directors a board of active members of 27, chosen from all over the state, and back of these stand hundreds of bond holders, and officials, the whole state government.

Articles Give Purpose. According to the articles of incorporation the object of the organization is: "The development of the state of Idaho by the procurement of immigration, the management of the interests of the state, the utilization of undeveloped resources of Idaho in cooperation with commercial, trade and civic bodies and the various counties and towns and cities of the state."

According to the same articles it proposes to: "Make photographic surveys of the state of Idaho, compile full information of the same by means of pictures, films, books, literature, newspaper advertising, lectures, and by other legitimate methods to the general public, and to the various states of Idaho to immigrate, home-seekers, investors and tourists."

The new corporation is authorized to receive funds necessary to its work and distribute the same to its nonprofit corporation formed for solely public service to the state of Idaho and all its people.

Five Years Campaign. Actual work on the projected five years publicity campaign which is proposed to "Sell Idaho to America," has been going on for the past three months, but with the filing of the articles of incorporation the movement ceased to be the undertaking of individual persons, and passed into the control of a corporation composed of the most prominent and public spirited citizens of the state.

The association is incorporated for 50 years and set up at the start a five-year program for working Idaho to the point of incorporation. The board of directors, with a membership of 27, will determine the policy and act as an advisory board to the board of managers. The board of managers, subject to the supervision and direction of the board of directors, will enter into active business of the association and exercise direct control over the staff in questions of policy and finance. All monies to be expended will pass through the board of directors, board of managers and treasurer. The organization will work in close conjunction with the state department in compiling lists of the cities, towns, under O. A. Barber, commissioner. Dr. Frederick Vining Fisher has been made director, in charge of the work of the staff. Fred E. Pond will serve as chief photographer and P. W. Kopke has been elected secretary. This staff, with the assistance of such expert help as may be necessary in preparation of photographic surveys and reports for the million-wide campaign.

Two Years Preparation. Two years of intensive preparation of motion pictures, hand painted lantern slides, complete data on all the resources and possibilities of Idaho; then two years of a nation-wide campaign through "ambassadors" to 125 cities and states, and finally putting on "Idaho day" in all the important towns of America, through Chautauque lectures from Idaho cities, and a national convention of 1200 national convention and then by press publicity and "Mission of Idaho" exhibits in eastern points, followed in the Portland exposition year of 1923 by the same plan of coming to Idaho the untold thousands who have invited to make up the five-year program now being inaugurated.

SALES TACTICS CALLED CHURCHES' REAL PERIL

Chicago Minister Warns London Conference Against Mechanisms in Theology

LONDON (AP)—Modern ministers are trained as mere "salesmen" instead of Christian apostles and that is one reason why the people generally have a lukewarm attitude toward religion, declared the Rev. Dr. J. S. Ladd Thomas of Chicago, in an address here today before the Ecumenical Methodist conference. The speaker said he saw "a real peril" in the effort of denominational leaders to force the ministry into a narrow and mechanical scheme whose direct aim is to produce the largest immediate revenue.

"Poorly attended churches all over the land bear witness to the people's indifference toward institutional religion," said Dr. Thomas. "Full churches are the exception rather than the rule. It is the empty church which starts us in the face and more eloquently than words speaks of the attitude of that large group of people who have rejected institutional religion as something unnecessary in their lives."

"The average artisan lacks confidence in the church as the champion of the square deal," he continued. "This indifference has arisen from a misconception of God—a wrong teaching of God—a wrong teaching of the church and a wrong teaching of the Christian life. In many of the critical hours of history the church has failed to impress the world with an authoritative message—which would bring light into the dark hours of the subject of war, the relations of capital and labor and other vital questions which have been baffling the minds of men."

MARSHAL FOCH ACCEPTS BID OF STEEL MAKERS

Commander of Allied Armies to Attend Gathering of Financiers and Industrialists

PARIS, (AP)—Marshal Foch has received and accepted an invitation from Elliot H. Chairman of the board of the United States Steel corporation to be a guest at a dinner given by the Iron and Steel Institute in New York city at which, it is understood, there will be a great gathering of financiers and industrialists.

The marshal will not go to America with General Pershing on board the transport "Ohio" but will be accompanied by an unknown American officer who will be returned to the United States. He considers that so solemn a voyage that there is no place for even an ally.

Marshal Foch plans to sail on the liner Paris, on October 22.

APPEAL TO ENGLISH WOMEN TO DEMAND PROHIBITION

LONDON. (AP)—Appeals to English women to demand prohibition in Great Britain were made by Mrs. Norman Sivogent, Wesleyan church and other speakers at Tuesday's session of the Wesleyan Methodist conference.

Mrs. Nellie McClung, Canadian Methodist church, asserted the church had failed to help women solve their problems.

FINDS DEFENSE FOR MUKADO IN POWERS' POLICY

Japanese Publicist, Alarmed by Fears of Drastic Readjustments at Washington Conference, Musters Arguments

TOKIO (AP) (Correspondence).—If the present political situation in the Far East is revised at the Washington conference, then earlier acts of powers affecting the Pacific should also be reconsidered, it is argued among Japanese publicists. This follows Japan's contention in its reply to the United States that questions regarded as accomplished facts should be avoided at the conference.

Professor Matsumura, an authority on international law who was a delegate to the Hague conference, insists, for example, that the Panama canal should be placed under international control for the benefit of the world.

He declares that if the conference asks Japan to evacuate Siberia and to abandon Korea and Formosa, then it should also ask the United States to return most of the United States to the Indians and grant independence to Hawaii and the Philippines. Great Britain, he added, should then make Canada and Australia completely free and return Hongkong to China.

Appreciations of drastic revision of Japan's position in the Far East which are finding renewed expression are believed to be the inspiration of comments like these.

The London says it is convinced that the conference will place Japan on the "chopping block." It fears that the twenty-one demands on China will be annulled and that Japan will be forced to evacuate South Manchuria.

BULLETS STOP THREE OF FIVE ESCAPING CONVICTS

One Man is Shot to Death and Two Wounded in Dash for Liberty from Joliet Penitentiary

JOLIET, Ill. (AP)—One man was shot to death and two were wounded in a dash for liberty at the Joliet penitentiary today, in which Carl Stepien, a Chicago gunman, and Edward Thorpe, a South African, made their escape. Stepien had the better of his cell mate and released the others.

Theodore Schiller, 25 years old, was killed by the rifle of a guard, as he was reaching the wall after the quietest had escaped through a hole cut in the roof of the cell house. John Koch, serving ten years to life, and George Williams, the same sentence, were wounded seriously.

JELLY FAILURES MADE SUCCESS BY PECTIN USE

Jelly which will not "jell" may sometimes be reclaimed by the use of pectin. A quart of grape juice which had refused to become jelly was recently brought to the attention of the kitchen of the home economics office, United States department of agriculture, by the addition of a small amount of apple pectin to a firm, flavoured grape jelly was obtained. Because of this success a whole shelf full of jelly failures, from which the berries was taken out, now be reclaimed.

Many fruits, such as most berries and certain grapes, peaches, and pears, contain a comparatively small amount of pectin, unless taken at exactly the right stage of ripeness. Pectin, however, they are fully ripe and ready for eating, or in some cases they may be deficient in pectin even when unripe. In such cases the result of adding the proportion of sugar ordinarily used in jelly making and of cooking by customary methods is a heavy fruit clump rather than a jelly.

Pectin may be easily extracted from apples, also from the citrus fruits, and kept ready for use with juices that lack this ingredient.

If your property is desirable, and is advertised in the classified—you'll find your buyer.

CAR SITUATION GETS MORE CONSIDERATION

Traffic Export Way Attends Many Meetings at Burley and Here

The freight car situation was thoroughly discussed at meetings held in Burley yesterday, attended by Leonard Way, rate expert and managing secretary of the Southern Idaho Traffic Association.

Commencing the first of this week, and without notice to producers or shippers...

During the past ten years Idaho has received the lowest average price for its products because the district lack transportation facilities to haul their merchandise to market.

Mr. Way, who has recently come to Twin Falls to take active management of the business of the Southern Idaho Traffic Association, points out that through the existing scheme of rail transportation through this immediate territory the highest possible tariff prices are received.

DEORATOR FILES SUIT AGAINST PATTY'S PROPERTY LOS ANGELES, (AP)—Raymond

Arbuckle received news of his indictment in the city prison early today. He said nothing and appeared unmoved. Newspapermen who attempted to interview him noted that his face was more pallid than usual and that an air of dejection seems to have become fixed on his countenance.

Many corporations and business men have been able to weather the late year of strain because of reserves which they had built from previous years. Such a reserve is useless unless it can be turned to account when needed.

The Twin Falls Tract is now harvesting what will probably be the largest crop it has produced. There will be many farmers again in possession of surplus funds. Now is the time to start such a reserve.

A savings account is the place to put this money for it will be at your service when needed.

MORE NAMES ADDED FOR RAILWAY PLEDGE DRIVE

No Pains are Spared to Work Out Organization for Collecting of Pledges

New committee appointments in the work of raising the required railroad bonds next week were announced today. A committee of members of the Idaho Central Holding company left this morning for the district and similar duty will visit the east end of the county this afternoon or tomorrow to work out the organization plans for the big drive.

Railroad week, September 10 to 24, promises to be one of the most active years in the history of the Twin Falls country. No pains are being spared to work out an organization capable of performing the work within the required time and E. J. Finch, executive manager will devote his entire time to the successful handling of the drive.

Today's appointments are as follows: County Fair—J. E. White, chairman; R. C. Letch, Jay Wilder.

Best of Weather. (Continued from Page One) For breakfast and for dinner is stressed through the attractive arrangement of properly selected and cooked food.

Many Farm Exhibits. According to H. E. Powell of the Farm Bureau there is a total of at least 300 separate exhibits in the Farm Products building.

HARDING'S POLICY

In picking General Wood for governor general of the Philippines President Harding followed the policy which he put into effect in the beginning of his administration—selection of a specialist where special work is to be performed.

There is nothing of a distrustful nature about the president. He is not fearful of placing men of large caliber in positions where they may render notable service. Did he possess a jealous disposition he would not have gathered so many men of presidential size about him.

LAND SETTLEMENT TOPIC FOR DRAINAGE CONGRESS

Colonization Questions to be Principal Subject of Discussion at St. Paul. ST. PAUL, Minn., (AP)—Colonization of reclaimed lands will be the principal subject of discussion at the tenth annual convention of the national drainage congress to be held here September 22-24.

The convention will be attended by land-owners; farmers, drainage contractors, engineers and others interested in the development of fertile lowlands. Reports of railroad colonization commissioners and a report on methods of colonization in various regions of Wisconsin will precede discussion of colonization. Other subjects which will be considered are rural credits, financing of drainage projects, other drainage legislation and the relative efficiency of electricity, steam and oil in drainage pumping plants.

Secretary L. R. Sherman of Chicago reports that the governors of South Carolina, Tennessee, Louisiana, Iowa, Minnesota, Michigan and Missouri have named delegates. Delegates include Governor J. A. O. DeWolf, chief of the Illinois geological survey.

days. The par value of the mark is 238 cents, but for convenience in figuring in translating the mark into the dollar the former was usually given a value of 25 cents. On this basis of calculation the present rate issue of the Imperial Bank would be equal to about \$17,700,000,000, but the exchange value of the mark is little more than a cent, and on this basis the German circulation would represent about \$710,000,000 when it came to an exchange of real property. The amount of our own federal reserve notes in the hands of the people is \$632,000,000, by comparison with which Germany's inflation does not appear so extraordinary.

It is not so long ago that the world learned "to think in billions," but here is the German Bank increasing its paper money at the rate of nearly three billion marks a week. The German people are great on the study of psychology, although they made a tremendous mistake in applying it to the world in the early stages of the war, just as Lenin admits that the bolsheviks misjudged the psychology of the Russian peasant. But it may be that the German people retain the normal par value of the mark in order to impress the public with the impossibility of that nation ever meeting the allies' demand for reparations. That they have "something up their sleeves" is suggested by this fact: Last week Germany finished payment of a billion marks gold on account of reparations due August 31. For many months past the bank has been reporting its holdings of gold at 1,001,000,000 marks. This item has varied only a few thousand from this total since last December. And yet now, after making payment of a billion marks gold on account of the war, the bank reports gold holdings at 1,023,708,000 marks.

But as we say, in the interest of optics if nothing else, the currency should be reformed. It makes one dizzy pointing off all those ephera.

More Truth Than Poetry

A GENTLEMAN FROM DIXIE

By N. E. KISER

HOW sad it is to say good-bye To notions that we long have cherished My pet idea has had to die, A faith that I possessed has perished.

IT was my luck, the other day, To meet a man from Tennessee; He fought with Lee, I heard him say, And Hood, in eighteen sixty-three; His people owned a wide estate, And were important, long ago; The loss they had sustained was great; He wasn't any Colonel, though.

HE was a true son of the South, And of the antebellum, But no mistake cherished his mouth, He did not have a white goatee, And more surprising still than that— Of this fact kindly make a note— He wore no beard, indicated hat, Nor any long wide-skirted coat.

HE wasn't even staid and tall; In fact he seemed a bit too stout; He said he would not care if all The hoodies remaining trickled out! We talked about the South, it's ways, Its crops, its climate, and its air; I listened, but he did not praise The beauty of the ladies there!

HOW sad it is to have to see— The wreck of treasures fondly cherished; The South has lost its charm for me, My pet delusion, friends, has perished.

Theatres

That Anita Stewart believes in our rounding herself with top-notch supporting cast is once more demonstrated in her latest First National picture, "Sowing the Wind," in which appear Ralph Lewis, James Morrison, Myrtle Stedman and William V. Mong, each of whom has won stellar laurels ere this.

"One of the best pictures Anita Stewart ever starred in," is the enthusiastic statement of Louis B. Mayer in referring to that popular star's latest First National picture, "Sowing the Wind," which will be the feature of the Orpheum theater today. In view of the fact that it is commonly conceded that Miss Stewart has starred in some of the best photoplays of the times, this enthusiasm no doubt indicates something interesting.

Plan for the Future People who really look ahead are pretty sure to form the habit of putting something aside in a Savings Account. There are many things you will want to do in the future, that will require some money to carry out; hence, we emphasize the wisdom of preparing for the future by building a cash capital for yourself in a Savings Account. The amount of each individual deposit is not as important as sustained purpose and regularity when it comes to saving. MINNEAPOLIS, Minn., (AP)—When today's session of the annual convocation of the United Spanish War Veterans opened the report of the resolutions committee was presented. The committee charged that "British propaganda was evident in recent editorial

TWO FACTORS determine the value of a paper's circulation to the advertiser—quality and quantity.

The quality may be judged by the methods of obtaining subscriptions. The quantity may be known absolutely by an independent and expert audit of the circulation records. Both points are covered by the reports of the Audit Bureau of Circulations. The advertiser who buys space on a business basis asks for an A. B. C. statement and studies it. If an advertiser who does not demand an A. B. C. statement conducted the other branch of his business on the same method, he soon would have any business to conduct. An advertiser is entitled to the facts. An A. B. C. paper has nothing to hide. The A. B. C. report of The Twin Falls Daily News will be sent to advertisers on request.

RECOGNITION PROMISED BOLSHEWIKI BY NORWAY

CHRISTIANIA, (AP)—Recognition of the soviet government of Russia as a de facto regime will be declared by the Norwegian minister of foreign affairs in the event such application is made before the Norwegian court during a law suit between agents of the two governments.

It is stated in the preamble of the government bill for the ratification of a Russo-Norwegian commercial agreement that there has been an exchange of notes between the two governments in connection with the agreement, and that Norway has promised recognition under the conditions stated.

CONVIC'S ESCAPE FROM SING SING SPECTACULAR

OSWING, N. Y., (AP)—Joseph Sorace, a manufacturer convicted, made a thrilling escape from Sing Sing prison early today. Sawing through the bars of his cell, Sorace climbed through a hole in the roof of the prison, and slid 70 feet to the ground on a telephone wire, scaled the prison wall and dived into the Hudson river. He emerged below the prison and disappeared in the darkness.

WANT VIEW OF WEALTHY

Visitors to New York More Interested in Multimillionaires Than in Architectural Attractions.

The biggest attraction in New York is the multimillionaire. Sightseers from the hinterland who crowd Fifth Avenue buses are not half so interested in such spectacles as the Metropolitan Museum of Art, the great railroad terminal and other skyscrapers, the long expanse of water front, with its great sea craft, the palaces along the world's greatest and most gorgeous thoroughfare, or the rubble under the nitrogen lamps of Broadway as they are in getting a first-hand, intimate view of the great capitalists of industry and finance.

So say the men that whist their nightseers and men across New York day after day and night. Sightseers buses ply the financial district. It is true, but the conductors are a host of who's who down around Wall street, and the passengers, and when the sightseers buses reach Wall street they invariably discharge at least 50 per cent of their cargo, which goes abroad to see the sights for itself.

The sight of a Vanderbilt or an Astor would repay most of these sightseers, say the bus conductors. A close up of John D. Rockefeller, Jr. might cause a stupor of traffic to clear, and a glimpse of J. Pierpont Morgan would fix New York irrevocably in their minds.—New York Sun.

Large Paper Mill at Vargo, Sweden.
has recently rebuilt on the most improved lines. Formerly 20,000 tons of paper were consumed annually, and the problem of maintaining this supply was a very serious one, but at the present time no coal whatever is consumed at the plant. The boilerhouse contains seven "electric" boilers, each of 3,000 horsepower, and the current drives the boilers at a pressure of 10,000 volts, without having to be stepped down. Each of the boilers is provided with three electrodes, and the condensing arrangements are such that steam generation can be regulated within 5 per cent. It is stated that full steam pressure can be raised in from five to ten minutes after switching on the current, and considerable economy in attendance is obtained, as compared with coal firing.

Mayflower Relic to America.
Jordan hotel, an old Friends' meeting house near Chalfont, St. Giles, in Buckinghamshire, England, in the part of which is the grave of W. H. Penn and his family was the scene of the presentation to two Americans of a piece of timber of the Pilgrim ship, Mayflower. The timber was discovered in the barn of the house last year.

Whole Bones for Buildings.
The security of building material is not worrying Avalon, Calif., residents. For twenty years several huge whale ribs have been bleaching in the sun in front of the Avalon Tuna club. An enterprising contractor sought the owner of the historic bones. He didn't want them for a museum, but they would make the supports for a "white of a hummerlet," he explained.

Canvas, wallboard and flooring have been added to the bones and the popular little Catalina island city has acquired a new shelter for its many visitors.

Frolic Frocks Are Afield

BEGINNING at two years old, to wear amusing little bloomers, the modern maid progresses through her frolicsome years, up to her fifteenth birthday, in clothes that invite her to vie with her brothers in strenuous play. Until she is five at least waists, with peg top or other bloomers buttoned to them, made of strong materials, give her all the freedom she needs. Frocks to be worn over the bloomers need not be reckoned with before her sixth year, unless they are a matter of personal preference on the part of her mother.

as the very simplest needlework, as cross-stitches, running-stitches or a few embroidered polka dots. Buttonhole stitches serve to finish edges, but bindings of braid or other fabrics are sometimes substituted for stitches as in the little suit pictured. In this suit the bands on the bloomer legs are buttonholed, the neck sleeves and pockets finished with a binding. Small stars and dots embroidered in mercerized cotton floss provide a little ornament for the sleeve bands and shoulders. Stitchery is in a color that contrasts with the material usually.

In some suits gingham and chambray are combined, the bloomers of chambray and the frock of gingham, or the reverse. In checked gingham the cotton floss used for cross-stitch or other decoration is selected to match the colored check in color although it is often in a darker or lighter shade.
