

TOKIO EXPECTS NO DISCUSSION OF IMMIGRATION

Solution of Problems Considered Likely as Result of Direct Negotiations Between America and Japan

TOKIO, (AP)—Belief that immigration problems will not be included in the agenda of the conference on the limitation of armament and Far East era questions at Washington, is held in this city. It is declared that this question will not be discussed at the conference because both Japan and the United States hope for a direct settlement. It is understood the note from Washington, regarding the agenda of the conference did not mention immigration, and it is believed Japan will not insist upon its inclusion.

Sounds Japan's Intentions.
The agenda communication is regarded here as an initial step in the sounding of Japan's intentions with regard to the conference program. The proposed agenda is described as inclusive of matters in the Far East which have been and are of international concern.

The American note, and also the Shantung question, is believed, were considered at Tuesday's cabinet meeting, which decided to make public the correspondence concerning Shantung. News from the United States that the American government was interesting itself in the arrangement of an equitable solution of the Shantung question have caused great satisfaction in Japan circles.

Includes South Sea Issues.
The newspapers, in alluding to the American agenda note declare it includes questions pertaining to the South seas. The authorities, they state, are devoting themselves to this note and afterward will send counter proposals to Washington.

TOKIO PRES COMMENTS

JAPANESE ARE SHUNTING PROPOSALS
TOKIO, (AP)—Japan's proposals to China, relative to the restoration of Shantung were published unofficially here yesterday. The conditions laid down by Japan are considered by newspapers as most liberal, and belief is expressed that they form a basis for negotiations which may clear away the controversy over the future status of Shantung.

It is pointed out by the Asahi Shimbun, of this city, that other interested powers could participate in the negotiations by the opening up of the initiative to Shantung.

"Japan's abandonment of an exclusive settlement of the Shantung matter and her preferential rights there, are the most liberal and bold," the newspaper continues, "constitutes new features in Japan's program of restitution."

CHURCH'S MOTHER HEARS SON DESCRIBE MURDERS

Sits Apparently Unmoved as Confessed Slayer Repeats Details of Crimes

CHICAGO, (AP)—Harvey W. Church, confessed slayer of Bernard Dougherty and Carl Aasmus, automobile salesman, early today was brought face to face with his mother for the first time since his arrest in the presence in the state attorney's office, he repeated the details of the two crimes.

He repeated largely to the first of his many confessions all other details of the crimes declared that he planned and executed the murders without assistance.

Neither Clarence Wilder nor Milton Warner named by Church as accomplices, officials said they had been convinced had any part whatever in the crime. Even the confession of Leon Parks that he was Church's accomplice is now in doubt, the authorities say.

Mrs. Church, who collapsed when informed of Church's first confession several days ago, sat apparently unmoved for some time, her face a picture of the details of the murder. At the close of his story she shook her head when asked if she had anything to say. Later, she remarked:

"I cannot understand why Harvey buried the man (Carl Aasmus) in the garage. There is a vacant lot next door where all the dead cats and dogs in the neighborhood are buried. Why didn't he bury him there? Then they would have found him."

MANITOBA PUTS SCHOOLS IN MENNONITE COLONIES

Province Prepares to Do Battle with Sect's Opposition to Public Schools

WINNIPEG, Man., (AP)—Manitoba is prepared to enforce the teaching of English to every Mennonite child of the province during the coming school term, it is officially announced. Thirteen new schools have been completed and will be shortly in the heart of Mennonite colonies where the greatest opposition to public schools was to be found.

Despite talk of emigration to Mexico and other foreign countries, no Mennonites have as yet migrated from Manitoba this year.

In a majority of districts the Mennonites have become reconciled to the public schools, it is said, and in certain localities are restoring the old Mennonite schools for use as public schools.

If your property is desirable, and is located in the classified — you'll find your buyer.

ZIONIST LEADERS SPLIT OVER LAWS OF HEBREWS

Laborites Refuse to be Bound by Requirements of Jewish Law

BARLEBAD, Czechoslovakia (AP)—A serious disagreement between the Zionists (orthodox element) and the Left wing (atheists) Wednesday forced the leaders of the world's Zionist congress to adjourn the stormiest session the delegates have witnessed since the congress opened on September 1. The adjournment was taken in the hope that an agreement might be effected outside the regular session.

The disagreement arose over a resolution proposed by the Palestine committee to the effect that all institutions in Palestine supported by the Zionists should be compelled to live up in every respect to the Jewish law.

The orthodox members of the Left made a determined effort to defeat the resolution and succeeded, by a small majority, in having it tabled. Thereupon Herman Struck, one of the Zionist leaders, declared the Zionist would withdraw its support from the Palestine foundation fund and other Zionist funds.

SUGAR CONCERN PASSES COMMON STOCK DIVIDEND

Great Western Company Conserves Resources to Cope with Unforeseen Contingencies

DENVER, Colo., (AP)—Directors of the Great Western Sugar company at a meeting here Wednesday passed the regular quarterly dividend on the common stock of the company. The regular quarterly dividend of 1-3-4 per cent on preferred stock was declared.

The company issued the following statement:

"The sugar beet harvest and sugar manufacturing campaign close upon the industry make it advisable, in the opinion of the directors and officers, for the company to conserve its reserves and cash resources to meet these campaign expenditures and also to cope with any developments in the world's sugar trade, which it is difficult at this time to forecast with accuracy.

"These conditions, it is felt, are fully transitory and are being met."

"The company's outlook for beet tonnage and sugar content in the beets is very favorable."

The dividend on preferred stock is to be paid on or before Sept. 15.

CHILDREN LIFT GLOOM PREVAILING AT DOORN

Former German Emperor Forgets Own Sorrows for Moment in Enjoyment of His Grandchildren

DOORN, Holland, (AP)—The atmosphere of gloom which prevailed over the house of the former German emperor after the death of the former Emperor Augustus, has been at least temporarily lifted by the house party held there this summer.

The former Crown Prince Frederick and Prince Oscar with his wife and children have been spending their summer holidays at the castle.

The former emperor takes great pleasure in watching his grandson ride a tiny bicycle in the park and also arranges the daily sawing parties wherein all male members of the family participate, the workers freshening themselves at intervals with wine.

The relations between the ex-emperor and the crown prince are evidently more cordial for they are often seen together strolling in the streets of the village and the grounds of the estate.

SPANISH WAR VETERANS WILL MEET IN LOS ANGELES

MINNEAPOLIS, Minn., (AP)—Los Angeles was named as the 1922 encampment city for the United Spanish War Veterans at the encampment here Wednesday after all other competing cities had withdrawn in favor of the California city.

NEW UNIT TO ADMINISTER PACKER REGULATION ACT

Organization to Promote Harmony and Good Feeling Between All Elements of Population is Launched

WASHINGTON, D. C., (AP)—Establishment of a separate and distinct unit to administer the packer regulation act was said today to be in progress of organization by the department of agriculture.

Organization of the new unit in the department is in charge of Chester Merrill, assistant chief of the bureau of markets, who has been designated by Secretary Wallace as a special assistant in charge of the act's administration. Legal phases involved in the

UNITARY COUNCIL WOULD COMBAT KU KLUX KLAN

Department of Agriculture Works Out Scheme for Carrying Legislation Into Effect

CHICAGO, (AP)—An organization to promote harmony and good feeling between all classes, races and religions in America was announced in the process of formation here today with Edward F. Dunne, former governor of Illinois, at its head. The society will be known as the National Unity council and its organizers intend ultimately to spread it to every section of the country, according to Mr. Dunne.

One of the prime motives behind the organization, organizers said, was to

COMBAT THE KU KLUX KLAN

Organization of Councils Will be Pursed Particularly Where the Klan has Obtained a Footing

"In view of the fact that the Ku Klux Klan has adopted the weapon of mass action; it was our desire to organize a society which shall develop harmony and good feeling between different classes, rather than unity," Mr. Dunne said today. "Invitations were sent out last week to many prominent church, political, business and welfare men and the replies are coming in now."

It takes just six hours to convert a growing forest tree into a paper printed and sold on the streets.

READ 'THE DAILY NEWS'

RAILROAD DAY Monday, September 19th Twin Falls County, Idaho

MR. FARMER, MR. BUSINESS MAN:
Twin Falls County with the proper railroad facilities will make one of the best and richest agricultural sections in the west. We have everything that God can give us but transportation. That is within our very grasp and up to us now to take or leave.
Shall we make the effort and put our land back in price where it belongs?
We know that we can produce but can we deliver our products after raising them? This question has confronted us for a long time. Anyone can answer it.

FOR the construction of a railroad from Rogerson, Idaho, to Wells, Nevada. This county is asked for a bonus of **\$500,000.00**

This looks like a lot of money but when you analyze the results it will bring and consider what you pay for freight each year from this branch, it really is a very small sum.

We want you fully informed on what has been done and what will be done, but first we are going to put a few questions which we ask you to answer for yourself.

Would \$2.50 per acre be too much for you to give toward a railroad connecting this district directly with the Southern Pacific and the Western Pacific main line railroads direct to the east and California, and with the great State of Nevada, with its thousands of cattle and its virgin unexplored deposits of mineral wealth, conceded to be richest in the world?

Would this railroad raise the price of your land?
Would it attract stockmen, farmers, capitalists and mining men to this district, and if so, what would be the result?

If you could save 10c a bushel on wheat what would it amount to in five years on one acre producing 30 bushels?
If you could save \$2.00 a ton on hay, what would such a saving amount to on one acre of alfalfa producing 3 tons per acre for a five year period?

We are absolutely safe in assuring you of this saving and feel that it will be much greater in the years to come. The same holds true of one of the most important products grown here, namely, Potatoes.

A saving of 15 cents per hundredweight on potatoes would be a very conservative estimate indeed. Take as an example a 5 acre tract producing 150 sacks per acre per year, or a total of 750 sacks; multiply this by 15 cents per sack and the result is \$112.50 per year of actual saving. This is but one of the many items you are asked to study in connection with the advantages of this railroad.

Would there be a businessman, stockman, laborer, contractor, mechanic, woman or child in this district who would not benefit directly or indirectly by the construction of this railroad?

THE biggest single factor in the success of any of our big corporations and business houses today is advertising.

Advertising is the soul of business.
The building of the railroad at this time will give to this district in the next ten years at least \$10,000,000 worth of advertising without any further payments than the initial one in the form of the bonus we are asked to raise now.

The note you will be asked to sign is as follows. It will be non-interest bearing and will not be collectable unless the railroad is built and actually placed in operation.

City State Date 1921

For the purpose of furthering the construction of the Idaho Central Railroad from Rogerson, Idaho, to Wells, Nevada, FOR VALUE RECEIVED, I promise to pay to the order of THE IDAHO-NEVADA HOLDING COMPANY a

Bank Twin Falls DOLLARS, with interest at 8 per cent per annum from maturity, and with a reasonable sum as attorney's fees, if this note is collected. Provided, however, if the road is not completed by October 1st, 1922, the due date of this note shall be extended without interest until the road is completed. Such completion shall be proven when regular schedules are published by the Interstate Commerce Commission.

AND FURTHER PROVIDED, that, if the road is not completed and in operation before October 1st, 1924, this note shall be cancelled, and of no further force and effect.

P. O.:

EVERY farmer and business man who is willing to donate his services and his car for Railroad Day, Monday, Sept. 19, please get in touch with the leader in his district. The names of the leaders and committee heads in each district will be announced in the daily papers as soon as they have been named.

Let's get together and build the Road!
PUBLICITY COMMITTEE, IDAHO-NEVADA HOLDING CO.

RAIN OR SHINE FEATHERWEIGHT TITLE BOUT GOES

Kilbane-Frush Battle Saturday will be Held Regardless of the Weather

CLEVELAND, O., (AP)—Rain will not interfere with the 12-round bout between Johnny Kilbane, featherweight champion and Danny Frush, Baltimore challenger here Saturday, the promoters announced today.

In the event of rain in the afternoon, it is proposed to stretch a tarpaulin over the ring at Duane field. If necessary the bout will be held in the evening. The principals are expected to enter the ring about 4:30 o'clock Saturday afternoon.

TITLE CHANGES HANDS.
MILWAUKEE, Wis., (AP)—Harry Stone, New York, lightweight champion of Australia, lost the title yesterday to Sid Godfrey in a 20-round contest at Sydney, Australia, according to a message received by Tom Andrews, boxing promoter of Milwaukee. Stone retained the title by defeating Lou Kardars.

WINS ON LINES.
BYE, N. J., (AP)—Charles B. Cooke of Arcola, N. J., was the winner yesterday in the first half of the seventh annual United States Seniors' Golf association 36-hole tournament at the Swamie club, with a low gross score of 102. Mr. Cooke is registered in class A for men between 35 and 60, and had a handicap of six.

'LETTERS' MEN BACK.
MADISON, Wis., (AP)—Fifteen letter men and more than a score of other candidates were on the University of Wisconsin football field today for practice. Ineligibility, it was said, will keep Wallace Barr, quarterback for two years, and Half Back Holmes off the team.

PRINCETON PRACTICE STARTS.
PRINCETON, N. J., (AP)—Princeton's 1921 football campaign began yesterday when the initial practice of the season was held. About 550 candidates were put through a stiff workout for more than an hour and a half.

Brief Bits of Sport

Boy McCormick, a light heavyweight fighter who splurged some in this country last year, must have slipped. Joe Beckett spectacularly knocked him out of a London ring the other night.

Or perhaps Joe is better than we had believed.

Which is scarcely probable.

George Carpenter was of the ring side when the two Britons came together, and he congratulated his former victim when the thing was over.

Carpenter, it will be recalled, put Joe out with a punch on the jaw in the final round of a bout not so very long since.

Win or lose Johnny Kilbane will get

all the purse when he fights Frush on Saturday night in Cleveland.

So what should Johnny care if he loses the featherweight title if the money comes his way?

Kilbane has held the championship of his division since he whipped Abe Attel in 1912, and that's long enough.

The question now is how many more will fight him next year or bounds this year? He has equalled last season's record of 64 homers and it looks as though he should make it 60 by the end of the year.

When the Cubs release players like Joe Tyler, the Indians drop men like Chet Thomas, and Eddie Atkinson is let go by the Tigers, isn't it time for youngsters in the bushes to what their ambition and move up?

Iris Johnny Curtin, of Jersey City says he can lick Champion Pete Herman of the bantam division.

And as Curtin needs out a challenge for an engagement with the title holder.

"Ole" Newman will start sparring with the state varsity football squad immediately, and is confident that he will make the big team.

Newman starred with the Twin Falls high school team up to 1919 when he was graduated, and is almost sure to make good in university athletic circles.

"Sil" Kieffer, too, stands an excellent chance of getting on with the regulars. He played football with Gonzaga college, Spokane, and was a first team player. He and Newman and Kieffer would make welcome additions to the varsity ball club next spring.

Bill Shale, a middleweight fighter belonging on the Pacific coast, has returned to this country after three years spent in Australia.

Shale started in as a welterweight after reaching the Antipodes; element out that section of Kangaroo island fight one and then moved up a notch. He whipped everything in sight in the middleweight division and of late has been mixing and mulling with light heavies.

SUNFLOWER AS SILAGE HAS PROVEN SUCCESS

New Food-Takes Place of Corn where Climate is Not Adapted to Maize

The use of sunflowers for silage has proved popular in certain of the northern great plains and intermountain states where it is not possible to produce a large tonnage of corn for silage purposes. In some sections the silage made from sunflowers has been found to compare favorably in palatability and feeding value with silage made from corn. This is not always the case, however, as it appears that in certain irrigated districts in the northern great plains where the growth of sunflowers is rank and succulent, the resulting silage is often not very palatable. Experiments reported from the Hinchley experiment farm in Montana of the United States department of agriculture show that while it is possible to produce corn 25 to 30 tons of sunflowers per acre, it has been difficult to produce a silage that is as much relished by livestock as corn silage, which gives rather less than half as much gain per acre.

ORIENTAL WINS CRANE'S PRAISE

American Diplomat Attributes Success of Trip Across Russia to Chinese Cook

BERLIN, (AP)—Charles H. Crane, former American minister to China, attributes the success of his trip across Siberia and through Russia to the genuinity of his Chinese cook who, he stated, never failed to return from most precarious scouting trips with eggs and some meat whenever Mr. Crane's car halted for foraging purposes.

"He even succeeded in ferreting out one of his fellow countrymen who came down to our car and attend to the week's laundrying," said Mr.

Crane in the course of an informal narrative of his 7000-mile journey. The 100,000,000 soviet rubles for which Mr. Crane paid \$3000 American money, were carried in bales which occupied a large part of his car.

Referring to the soviet's output of currency, Crane stated that one of Lenin's last decrees gave the employees in the government printing offices permission to remain after working hours for the purpose of printing money for their personal use.

Everywhere along the route, he said there were evidences of the food shortage multiplying as also was the shortage of clothing, many women being seen walking the streets of Petrograd and Moscow without stockings and shoes.

Want to Trade \$1,200 for \$900

I have a Buick seven-passenger car, worth \$1,200 to any man who needs it. I don't need it, but could use \$900. That's the price. Can be seen at 255 Sixth Ave. N., or call for Husted at The News.

STATE OF ALABAMA RELEASED FROM MEXICAN BEAN-BEETLE QUARANTINE

The release of the state of Alabama from quarantine on account of the Mexican bean beetle, a very destructive crop pest, was announced recently by the federal horticultural board of the United States department of agriculture. The order signed by Secretary Wallace became effective July 23. This action was decided upon on account of recent developments in the scouting campaign against the beetle in the south, which showed a much greater present distribution than was estimated at the end of last season.

At the time the quarantine order was promulgated, the infested area was believed to be 13 counties in Alabama, and to cover an area of about 2500 square miles. Scouting during the present summer shows that the beetle is present in injurious numbers over about 10,000 square miles in the states of Alabama, Georgia, and Tennessee, and is distributed, although as yet thinly, over an additional 20,000 square miles in those states, as well as in Kentucky and South Carolina.

Latest reports show the insect to be within ten miles of Florida, 10 miles of Mississippi, three miles of North Carolina, and 25 miles of Virginia. The varied nature of crops grown over this large territory render the practical application of regulated quarantine difficult, if not impossible, with the funds available. Any officials of the board, moreover, a material hardship, they believe, would be occasioned to the general agricultural development of this region should such a quarantine be enforced.

It is evident, officials say, from the present distribution of this insect east of the Mississippi river either that the rate of spread is much greater than was originally believed possible, or that the original introduction took place at some date several years earlier than reports would indicate. In either case, the continuation of the quarantine was thought unjustifiable in the light of present information, as the economic loss through its enforcement would more than counter-balance the gain.

Today's Markets

WHEAT PRICES SLIP BACK

Foreign Crop and Exchange Situations Count as Bearish Influences. CHICAGO, (AP)—Fresh declines in the price of wheat resulted today from rains in Argentina, further relieving the drought in that country. On the other hand, complaints that unseasonably wet weather in the Dakotas was spoiling wheat in the sheaf failed to attract much notice. Freezing temperatures in Canada failed to stimulate the buying. Initial quotations, which varied from unchanged figures to 1.3-1.4 lower, with December 1.30 to 1.30 1/2 and May 1.24 to 1.24 1/2, were followed by slight rallies and then by a moderate downturn all around. Subsequently new breaks in foreign exchange rates counted as a bearish influence and to, too, did slowness of export demand. The market closed unsettled, 1.3-1.4 to 1.34-1.4 and May 1.23, to 1.23 1/4.

Corn went lower when wheat. After opening 1-1/4 to 3-8c off to a shade and ending December at 64 1/8 to 64 1/2c, the market underwent a general sag. In the later dealings rallies failed to hold. The market closed weak, 5-8 to 1-4c to 1c not lower, with December 63 1/2 to 6-8 to 53 5/8c. Oats were weakened by the action of other cereals, starting 1-8 to 1-2c down, December 29 3/4, and later showing a decided setback. Provisions had no aggressive aspect.

Cash Quotations

CHICAGO, (AP)—Wheat No. 3 red 1.25 1/2 to 1.29 1/4; No. 3 hard 1.29 1/2 to 1.28. Corn No. 2 mixed 64 3/4 to 65c; No. 2 yellow 65 to 65 1/4c. Oats No. 2 white 59 1/2 to 59 3/4; No. 3 white 58 1/4 to 58 1/2c. Rye No. 2 1.07 to 1.02. Timothy seed 4 to 4.50. Clover seed 1.12 to 1.18. Pork nominal. Lard \$20.00. Hogs 7.50 to 8.25. Omaha Live Stock OMAHA, Neb., (AP)—Hog receipts 5,000, 10 to 12c higher; bulk better grades \$7.25 to 7.75; top 83; bulk packing grades \$6.25 to 6.75. Cattle receipts 3,000; good and choice fed yearlings strong; top yearlings \$9.80; other steers steady to weak; cows weak; heifers, bulls and veals steady; stockers and feeders weak. Sheep receipts 7,000. All classes generally steady; top western lambs \$9.65; fed and native lambs \$8.75 to 9; early cwe, top \$4.25; early sales, feeding lambs \$6.40 to 6.55. Chicago Live Stock CHICAGO, (AP)—Cattle receipts 22,000; fat yearlings strong; top yearlings steady to strong; others slow to lower; early top yearlings \$10.50; fat and native weights \$9.75; bulk \$9.75 to 9.95; better grades cows, heifers and canners steady to 15c higher; bulk hogs \$4.40 to 4.85; calves fully 25c higher; bulk good and choice light and heavy vealers \$13.50 to \$14. Hog receipts 21,000; active; better grades steady to 10c higher; others mostly 10 to 25c higher than yesterday's average; top 88.00; bulk lights and light butchers \$8.10 to 8.50; bulk packing cows \$5 to 7; pigs mostly 60c higher; bulk better grades \$7.25 to 7.75. Sheep receipts 20,000, all classes opened mostly steady; small lot primes active (five lambs to shipping \$10.10); packers taking bulk around \$9.50; culls mostly \$8 to 9.50; no early sales good western lambs; fat cweers early mostly \$4 to 4.50; feeder lambs late yesterday \$7.00. New York Stock Market NEW YORK, (AP)—Temporary ease of money encouraged further operations by bull points in today's stock market but the absence of public support affected many reactions at 600. End sales approximated 600,000 shares. Shorts were active at the opening of today's stock market, directing their efforts mainly toward oil, equipments,

motors and coppers. Mexican Petroleum, Shell Transport and Royal Dutch fell 1/2 to 1 1/8 points. Baldwin, Pullman, Harvester and Studebaker averaged one point declines. Anacoda, Utah and American Smelting sustained fractional losses with American Car and Warehouse Electric. Offsetting can Liscoed, General Asphalt, Central features included United Drug, Ameri-Leather and Sumatra/Tobacco, these gaining large fractions to 2 1/2 points. Shorts became more aggressive later when an unexpected demand for money forced call loans back to five per cent. Leaders were 1 to 2 1/2 points under yesterday's final prices. The closing was heavy.

Liberty Bonds

NEW YORK, (AP)—Liberty bonds closed: 3 1/2's \$88.00; first 4's \$88.25; second 4's \$88.25; first 4 1/4's \$88.25; second 4 1/4's \$88.44; third 4 1/4's \$88.25; fourth 4 1/4's \$88.00; Victory 3 3/4's \$89.04; Victory 4 3/4's \$89.04.

Sugar

NEW YORK, (AP)—The raw sugar market was quiet early today but the undertone was easier and Porto Rico's were offered at last paid prices of \$4.25 for centrifugal. Cuba's were bid at \$4.80. The initial offerings in the spot market led to increased selling in raw sugar futures and prices at midday were 1 to 9 points net lower. No changes occurred in refined with fine granulated listed at \$5.50 to 6.65. Refined futures were nominal. Sugar futures closed irregular; approximate sales 4,900 tons; October \$2.60; December \$2.34; March \$2.28; May \$2.34.

TO COMB TOWN FOR PLEDGES TO RAILROAD FUND

Committee Solicits 245 District Captains to Carry On Next Week's Drive

That no one will be overlooked when the canvass for railroad guaranteeing funds starts next Monday morning, captain have been chosen by the forces back of the proposition to cover every inch of territory within the bounds of Twin Falls city, and also in the immediate environs.

There are 245 of these divisional heads, and each is vested with authority to choose such assistants as it is found necessary to properly and completely cover the ground. The outlying sections are to be "worked" with diligence equal to that marking operations in the business section. No section will be overlooked, if the block and territory captain performs the duties of the office to which he has been appointed faithfully. Through this system it is expected the end of the coming week will find the canvass thoroughly done and properly performed. Following are the names of 70 men who are to cover the blocks numbered 1 to 83, inclusive, on the original town site plan:

- B. E. Moran, Paul Taber, H. O. Hazel, J. A. Barrett, O. P. Devall, Dr. W. E. Pike, E. E. Hottelingsworth, Leo F. Bracken, C. H. Robbins, W. C. Wyckoff, Dr. C. D. Weaver, Morgan Heagy, Dr. C. H. Martin, B. E. Nagay, Ray Brun, P. L. Sheneberger, J. E. Joslyn, A. G. Fisher, P. W. Meach, Willett Hance, E. L. Ashton, John Chas, Henry Wall, C. H. Martin, B. E. Nagay, Ray Brun, E. M. Flory, L. B. Wall, Clinton W. Evans, Dr. Oliver Harstad, F. O. Larson, Frank Bellville, J. L. Tave, M. W. Denoyer, F. H. Black, C. C. Sigmond, Herbert Lauterbach, W. L. Epler, William Mearns, Lem Chapin, F. C. Decker, G. M. Simpson, E. L. Barnes, C. E. Potter, Maecor Ryndell, Merrill Baskin, F. H. Taton, P. E. Dean, J. E. Auld, F. A. Gaskill, Sidney Craig, Frank Ham, Nevell B. Wight, Charles E. Rowcliffe, Ralph Pink, Lynn Stewart, A. Gilbert, E. B. Hink, Leonard A. Smith, William Werner, C. H. Krongel, Kennedy Packard, J. J. Pilgerim, E. M. Strobridge, E. F. Stettler, G. H. Self, Perry Rank, W. W. Wilson, George Bailey, William Warberg.

AMERICA ON UPGRADE

Government officials are confidently predicting an early speeding up of industry. A number of experienced observers of finance and economics agree with them.

LABOR'S INTEGRITY

Upon the integrity of the parties taking part in the arbitration depends the entire structure of industrial peace. We believe that labor should uphold its reputation or integrity as far as may lie within the human limitations of its power.

THE WATCH ON THE RHINE

When the American forces of occupation shall be withdrawn from Germany are practical questions. Sentiments should have little weight in the military decisions.

MARRIAGE MAKES A DIFFERENCE

Statisticians inform us that one single mother out of every ten marries her boss. What the statisticians mean, probably, is "her ex-husband."

DANGEROUS ADVICE

A New York judge advises girls who think of getting married to talk to their mothers first. But if they do that how are they going to be able to continue to think well of their fathers?

UNION-PACIFIC REPORT SHOWS GAIN IN INCOME

Gross Operating Revenues Declines but Economy Increases Earnings

The Union Pacific system's July report to the interstate commerce commission shows net operating income of 2,102,156 after deduction of operating expenses, taxes and adjustment for joint facility rent, in contrast to \$2,029,029 in July, 1920, and \$2,041,311 in June, 1921.

The system's total operating expenses in July increased 37.9 per cent from \$14,740,303 in July, 1920. Its July outlay for maintenance of way and structures was \$2,250,250, and for maintenance of equipment \$2,902,437.

The ratio of the company's operating expenses to its operating revenues was 72.4 per cent a decrease of 14.29 per cent from that of July, 1920. Its gross operating revenues for seven months ended on July 31 aggregated \$91,808,212, a decrease of 15.9 per cent from that of the corresponding 1920 period.

The net result of operation of the system for the first seven months of the current year, after deduction of operating expenses, taxes and adjustments for equipment hire and joint facilities rent, was operating income of \$12,404,136, a decrease of 38 per cent, compared with \$20,165,178 in net operating income in the corresponding 1920 period.

ENGLISH FIRM ASKS FOR PATENT ON AMERICAN FLAG

BIRMINGHAM, Ala., (AP)—Complaint has often been made by manufacturers and others that on entering South America for the purpose of selling their products they found that some enterprising person had appropriated their trade marks and patent rights thus being able to prevent the use of the manufacturer's own brands without "adjustment."

RAILROAD ADMINISTRATION SETTLES WITH GARRIERS

WASHINGTON, (AP)—The railroad administration settled Wednesday with the Chicago, Burlington and Quincy railroad company all claims growing out of federal control for \$5,000,000.

The Virginia railway company \$2,100,000, the Alabama Great Southern railroad company \$1,500,000, the Mobile and Ohio railroad company \$700,000

HARD WORK AND PLENTY OF IT IN BONUS DRIVE

E. J. Finch and C. D. Thomas Outline Program for Raising of Pledges to Assure Construction of Railroad

The Twin Falls Rotary club at its regular evening meeting of the month last night listened to E. J. Finch, executive director of the pledge raising effort for the next week, and C. D. Thomas, chairman of the Twin Falls district committee on the general topic of the work of raising the required bonus.

Each man spoke at length upon the advantages of the proposed bill and both made an earnest plea for cooperation and support on the part of everybody in the work of carrying out the program.

The remarks of both speakers were warmly applauded and upon the conclusion of their remarks a resolution was passed by the club in effect that each member of the club should make a personal appeal to one or more of the full extent of his ability in the work of carrying the project to a successful conclusion.

Congressman Addison T. Smith addressed the club on the subject of congressional activity, pointing out a few of the difficulties that lay in the path of the lawmaker.

The committee, consisting of Congressman Smith, Judge Edward A. Walters, C. E. Booth and John M. Maxwell, today prepared and forwarded the following program:

"The Rotary club of Twin Falls, Idaho, wish to suggest to yourself and conferees, the advance of a plan for the development of a water project by the building of irrigation systems as a means of an immediate solution of the present unemployment problem, and offering a plan for the building of homes for thousands of people and an increase of the country's wealth.

CANDIDATE FOR GRID POSITION IS OUT FOR A WHILE

Alton Denton, High School Coach, Sustains Broken Thumb in Practico

Alton Denton, one of Coach Clinton V. Evans' most promising candidates for the regular berth on the football team, will be unable to play for several weeks because of a rather serious sprain of his left thumb which occurred in the most likely candidate the school has yet prepared for center position on the team.

THE SUIT WITH THE EXTRA TROUSERS

The Two-Pants Suit of High-Caste and Low-Cost

The best is the cheapest in the end. We make no claim that our "Johnny Tupants" Suits for Boys are the only extra-trousers suits on the market.

But we do maintain that they are the highest-class two-pants suits procurable in this city and that for the style, quality and durability they give you, the price of \$12 to \$15 is unquestionably reasonable.

\$12 to \$15

at \$18.50 to \$25.00

created by the same designers who have been responsible for some of the most successful suits of all time.
