SEEKING ACTOR TO TELL ABOUT ARBUCKLE CASE

Officials May Prefer Complicity Charge Against Lowell Sherman to Obtain His Testimony at Murder Trial

BRADY RENEWS CHARGES OF WITNESS TAMPERING

Cites Evidence of Discussion Among Interested Persons as to Possibility of Turning the Stories to Account

SAN FRANCISCO, Cal. (AP)—Every effort is being made to have Lowell Sherman, actor, returned from Chicago to this city to testify in the trial of Roscoe C. (Patsy) Arbuckle, accused of murder in connection with the death of Miss Virginia Bayne, Milton T. U'Ben, assistant district attorney, said today.

"We will endeavor to have Sherman return of his own accord for the trial at least," U'Ben said. "We cannot compel him to come back in the status of a witness only but it is possible for us to charge him with complicity in Arbuckle's supposed offense and thus force him to return. We can be certain that he will be here for the trial."

The federal grand jury investigation into evidence that liquor was served during the party in the hotel St. Francis at the party in the hotel St. Francis where it is charged that Miss Bayne received her fatal injuries at Arbuckle's hands is scheduled to begin at 2 p. m. today. All of the witnesses in the Arbuckle case have been summoned.

Sherman Attends Party

Sherman attended the party in the St. Francis. He left Los Angeles recently for Chicago.

U'Ben said that Dr. M. E. Runwell in testimony before the grand jury last night testified that Madame Blanche Delaney with the statement "This Chicago Arbuckle party was the last night of my life" was in the hotel together with U'Ben on the occasion when Miss Bayne was fatally hurt.

Brudans Men Spectators

No men are to be permitted at the police court hearing of the murder charges except court attendants and witnesses, Police Judge Sylvain J. Lazarus announced today. The status of the court as a woman's court is to be strictly maintained.

Brady Charges Craft

Charges that four persons, one of them a prominent figure in the Roscoe Arbuckle case, have discussed the likelihood of their benefitting financially by means of tampering with important witnesses in the trial of the actor, Attorney Matthew Brady today said.

Brady's statement followed adjournment early this morning of the San Francisco county grand jury which is holding into and other incidents in (Continued on Page Four)

Britain Points Out Breach of Faith to Soviet Government

Demands Explanation for Alleged Campaign of Intrigue in Central Asia

LONDON, (AP)—The British government department today pointed out to Moscow calling attention of the Soviet government to alleged recent breaches of faith involved in the purchase by the Russians through Central Asia and Afghanistan of a campaign of intrigue against Great Britain. "An explanation is demanded. The case details fully the alleged hostile acts. Most of them were in Afghanistan."

CLOUDS OF WAR LOWERING OVER MIDDLE EUROPE

Austrian Patrol and Hungarian Bands Exchange Shots while Call to Arms is Sounded in the Disputed Zone

VIENNA, (AP)—The situation in Burgenland, the strip of territory on the Hungarian border awarded Austria by the Trianon treaty, is hourly growing more critical, according to the government view here. It was reported tonight that an entente ultimatum to Hungary, to be delivered Tuesday, says a commercial blockade will be instituted if the territory is completely evacuated by the Hungarians within 72 hours.

Irregular Forces Growing

Reports from Burgenland declare that the lawless irregulars are rapidly increasing, that the town of Oestenburg is mobilizing its entire population of military age and that posters calling the people to arms in the Eisenstadt district were destroyed by the "red" government forces. The Austrian authorities state they also have information that artillery is being assembled at Kuchlheim. Exchange of shots occurred Sunday between the Austrian patrol and Hungarian bands.

Demands Call to Arms

From Budapest comes a report that former Premier Friedrich has issued a call to arms to his faction.

NORTH IRELAND PARLIAMENT MEETS WITHOUT NATIONALISTS

BELFAST, (AP)—The parliament of Northern Ireland opened its autumn session here today with a full attendance of the unionist members. Neither the nationalists nor the Sinn Feiners, however, were present.

FLASHES FROM THE WIRE

WASHINGTON, (AP)—Participation of army flyers or army flying machines in exhibition flights except as may be arranged by the government has been prohibited by the war department, it was announced today.

BOSTON, Mass. (AP)—Retirement of Barton Smith, of Toledo, Ohio, as sovereign grand commander of the supreme council of the 33rd degree, Scottish Rite Masons for the northern jurisdiction, will mark the 100th meeting of the council which was formally opened here today. He was first elected in 1916.

HAMMONTON, N. J. (AP)—Ward A. Pennay, an electrician, recently out of work, was hiding 400 miles country today to Pittsburgh, Pa., where he has been offered a job. Pennay left yesterday, drawing his tools in a small cart. The number of miles raised a surprise for Pennay, a former soldier, who was enabled to send his wife and five children ahead by train.

TORONTO, Ont. (AP)—Three receptions featured the program today of the sovereign grand lodge of the Independent Order of Odd Fellows in convention here. Annual reports submitted to the grand lodge yesterday included one on new memberships which showed that three departments—Texas, Pennsylvania and Oklahoma—each had gained more than 500 new members during the past year.

NEW YORK, (AP)—The Rev. Dr. Herbert Shipman, over whom a controversy has raged because of the wedding of a divorced woman in the church of the Heavenly Host, of which he is pastor, has been approved as successor to the Episcopate of New York by election of 98 of the 71 dioceses of the church in the United States. It was announced today. The bishops have not yet ratified the election.

CALIFORNIA OIL FIELD UNDER STRIKE CONTROL

Strikers Patrol District to Prevent Operators from Tampering with Workmen

BAKERSFIELD, Cal. (AP)—Leaders of the oil workers who struck September 11 to obtain a working agreement with the oil well operators, reported today to the union headquarters here that quiet operations in the entire oil field. The operators are pulling their law and order committee are patrolling the district to prevent the operators from importing strike breakers.

The operators have made no attempt to continue the production of oil or the development of new wells.

Interest centered on the prospects of additional strike orders that might hit the pipe line workers, who were not called when the strike order was issued.

LEWIS DEMANDS RESISTANCE TO WAGE LOWERING

Calls Upon Miners' Union to Use All Its Resources to Back Up Policy in Opposition to the Wage Reductions

INDIANAPOLIS, Ind. (AP)—No wage reduction of coal miners must be permitted, and all resources of the miners' union must be made available to back up the policy in opposition to wage cuts, John L. Lewis, president of the United Mine Workers of America, declared today. He reported news at the opening of the biennial convention of the International union.

Advices Delay in Wage Demands

He also recommended a postponement until next February of the miners' adoption of definite wage demands and declared that with all wage agreements reached by March 31, "the coal influence and economic power of our great membership may thus be utilized to the advantage of our people, for the achievement of our ideals."

Call for Rebukes

Aside from the wage question, Mr. Lewis asked the convention to administer a rebuke to Robert H. Egan, of Seattle, Wash., and Frank Farrington, president of the Illinois miners, who Lewis charged had circulated false statements about the union. He also asked the convention to inform the international board, which he said Alexander Hower, president of the Kansas miners organization, had defied in not complying with the board's order for strikers to return to work.

WILD DISORDER ATTEMPTS DUTCH PARLIAMENT MEET

THE HAGUE, (AP)—Parliament was opened by Queen Wilhelmina today amid scenes of disorder. A demonstration was staged in the street before the parliament building for the purpose of securing the release of a man named Gronendael, imprisoned for refusing to perform military service. Several persons attempted to approach the royal carriage, were arrested.

Anti-militarist shouts were raised in the parliament hall and the royal carriage was drenched in the tumult.

WHOLE FAMILIES DISAPPEAR AS TEMPEST SWEEPS TOWN

GUENAGA, Spain, (AP)—Great damage has been done by a terrific tempest at Motilla del Palancar, W. city about 40 miles inland from Madrid. A dispatch from that place says a large number of houses have been destroyed and that 12 bodies have thus far been recovered. It is feared that there will be a large number of casualties, as whole families are reported to have disappeared.

WILL RENEW ATTEMPT TO HOLD AUCTION OF LABOR

London, Understated by Depression of Police, Announces Purpose to Try to Sell Unemployed Men's Work

NEW YORK, (AP)—Alfred Ledoux, whose attempt to sell the services of unemployed at auction last night was blocked by the police, today declared and will likely to 40 hungry followers and announced he would march to Bryant park and again try to hold his auction.

He also distributed newspapers containing the names of unemployed men, yesterday, in throngs of jobless men.

Ledoux claimed he had dispersed large numbers of unemployed, fearing an outbreak of riots, as an effect of the lack of labor yesterday when police rapped heads with their clubs and dispersed crowds that gathered to hear him. He declared that by feeding the jobless he believed he was keeping them from becoming violent.

NO MOTIVE IS FOUND FOR SLAYING OF GIRL

Los Angeles Police Fail to Penetrate Mystery Surrounding Death of Miss Bether Greening

LOS ANGELES, Cal. (AP)—The police early today said they had been unable to discover the motive for the slaying of Miss Ethel Greening, 14-year-old girl, whose body was found shortly after midnight on the porch of her home, beside that of Albert Pemberton, an oil worker. Each had been shot through the heart. Positions of the bodies, the police said, indicated Pemberton shot Miss Greening and then himself.

Relatives of Miss Greening said she left home with Pemberton to go to a motion picture theater. They returned about midnight and stood on the porch for a few minutes. Then she was gunned. Both were dead when found.

RAILROADS CUT RATES ON VEGETABLES FROM PACIFIC COAST POINTS

Interstate Commerce Commission Announces Decision of Transcontinental Carriers to Lower Transportation Charges to Extent of One-Half of Last 33 1-3 Per Cent Increase; Voices Hope that Western Growers and Shippers Will be Benefited Materially

WASHINGTON, (AP)—Decision of the transcontinental railroads to reduce rates on vegetables from California and other Pacific coast territory points to the territory between the Rocky mountains and Chicago and the Mississippi river was announced today by the interstate commerce commission. The reductions will substitute a 10 per cent increase over the rates in effect August 25, 1920, for the 33 1-3 per cent increase which went into effect August 23, 1920, "thus removing more than half of the increase made at that time," the commission said.

"A large volume of movement takes place annually under the rates to be reduced," the commission added, "and it is hoped that the reductions will benefit the western growers and shippers of vegetable crops."

It was indicated that the commission will authorize the reductions to be put into effect in less than the usual 30 day period.

The decision to make the reductions was reached, the commission said, after a conference between representatives of the transcontinental carriers, the western vegetable shippers and the interstate commerce commission.

JAPANESE TO AMERICAN VIEW

Tokio Newspaper Sees Indications of Acceptance of Agenda Suggestions

TOKIO, (AP)—Belief that the Japanese government is inclined to accept the agenda for the Washington disarmament conference is expressed by the Asahi Shimbun today. At first, it says, the cabinet members were strongly of the opinion that Japan should positively insist upon the exclusion of accomplished fact and also of questions affecting particular powers, but it is believed that more moderate views prevailed and insistence upon these points was transformed into an attitude described as Japan's "wishes" in this connection.

GERMAN GASOLINE ENGINE PORTS SMOOTHER FOR AMERICANS

PORTSMOUTH, N. H. (AP)—Part of the equipment of the German submarine U-111, a gasoline engine, is being used in the tests of a new type of engine for American submarines.

This engine is said to be one of the few souvenirs from German submarines that have been found available for practical use in the United States.

TWIN FALLS FACES CRISIS IN HER DEVELOPMENT WHICH ONLY RAILROAD CONSTRUCTION CAN DEFEAT

Shortage of Cars Looms Larger and of More Importance Year by Year—Outlet to South Constitutes Only Definite Promise of Relief

Cooperation won the war and to want extremes did the victors have to go in some instances to force cooperation. Twin Falls county is at war today fighting for her existence, fighting to hold her place as one of the leading centers in this state, which place has been won through cooperation. Are we going to continue to cooperate and pull ourselves out in the lead of all other counties and finish the building of the railroad through the district in the United States? Or shall we be content with a branch railroad and allow ourselves to drift back to the position of a second rate?

It is of course, well known that there are people in the Twin Falls county who will not pledge themselves in building for their own benefit. It would be a funny old world if everyone were of the same opinion, but it is hard to get away from the fact that Twin Falls county faces a crisis today that is more far-reaching than a good many suspect. Think of the thousands of cars of apples, potatoes, wheat and fruit that are on the track and a market for practically all of it. How many cars are moving out of here daily? Shippers are standing idly by waiting—waiting, for cars and the shippers are waiting for their money.

CONDITIONS GROW WORSE

This condition has existed for the past five years and is growing worse each year. If it isn't a car shortage for potatoes and apples it is a shortage for wheat and hay. The producer cannot stand this indefinitely.

The time has come to choose. To go ahead or backslide. Twin Falls county is not going to stand still.

SINN FEIN FLAG IS FLYING OVER BRISHMENS CAMP

Reports to Belfast Tell of Assemblage of Half Thousand Men in Vicinity of County Down Internment Camp

DE VALERA'S REPLY IS BEFORE BRITISH PREMIER

Lloyd George at Gairloch, Considers Next Step to be Taken in Negotiations Looking Toward Irish Settlement

BELFAST, (AP)—The Belfast Telegraph today that a Sinn Fein camp of 500 men has been established at Drummanoo County Down, six miles from the Ballykinnin internment camp, where more than a thousand Irish republican prisoners are located.

The Sinn Fein flag is flying over the camp and drilling is being carried on actively, the newspaper asserts.

LONDON BEES WITH FOR CONVICTION IN NOZE

LONDON, (AP)—Premier Lloyd George had before him today at Gairloch, Scotland, the Sinn Fein suggestion that representatives of the British cabinet meet Sinn Fein delegates in a conference, unattended by conditions. The latest note between the prime minister and Eamon de Valera, sent yesterday by the Irish leader to Mr. Lloyd George, did not convey except a message by implication, without the offending paragraph of the Sinn Fein note of September 12, in which the sovereignty of the Irish state was asserted, and which Mr. Lloyd George to cancel his invitation to a conference.

As viewed here, the latest Irish note was conciliatory in character and it seemed to place upon the prime minister the choice of holding a free conference, or insisting that southern Ireland formally express its allegiance to the crown.

ULSTER PREMIER DECLARES NOTHING TO BE GIVEN AWAY

BELFAST, (AP)—Sir James Craig, the Ulster premier today urged the northern parliament today to the position with regard to the proposed conference looking towards peace in Ireland, and to place upon the prime minister his responsibility to refuse to enter a conference in order to protect the interests of Ulster, nevertheless, the Ulster had nothing to give away in the conference.

PROFITS NOT IMMEDIATE

Assuming that the road costs \$4,000,000, two years' interest on the money for the right of way would mean \$720,000. The railroad builder must spend his money and complete the road before anyone here is even benefited. Are the possibilities of the builders as to the construction of the road of any consequence to you? Would the road be a success unless you can hand your money to the builder?

Boles is on a branch road today because Boles fell down in a boom drive. Some of the shippers said, "they can't leave us off the main line. They are still on a branch line."

# ALLIED CHIEFS TO MEET WITH LEGIONNAIRES

### Kansas City, During American Legion Convention, to Entertain Greatest Gathering of Veterans Since 1919

KANSAS CITY, Mo., (AP)—The greatest gathering of World War leaders and veterans since the Interallied Victory celebration in 1919, July 24, 1919, is being held at the third annual convention of the American Legion in Kansas City, Oct. 31 to Nov. 2.

The list of distinguished guests includes Marshal Foch, General Pershing, Admiral David Beatty, commander of the British fleet; General Armando Diaz, commander in chief of the armies of Italy; Lieut. Gen. Baron Haeghebaert of the Belgian army; Admiral William T. Sims and Maj. Gen. John A. Lejeune, commandant of the U. S. marine corps.

**Others on List**

Tentative attendees have been received from President Harding, Lieut. General William C. Clegg, former commander of the Canadian corps in France, Vice-President Coolidge; Samuel Gompers, president of the American Federation of Labor; Admiral Sir E. Cowley; Maj. Gen. Charles P. Menober; Brig. Gen. William C. Mitchell, the commanding general of all American combat divisions in the world war; and the state governors.

The first annual convention of the Women's Auxiliary will be held at the same time as the Legion convention. This is expected to draw more than 3,000 women. There are also annual reunions of the 89th and 104th divisions and a number of minor regional reunions.

Twenty-five wearers of the Congressional Medal of Honor, the highest American award for bravery, will be guests of the citizens of Kansas City during the convention.

Because of the unusual guests and the fare of one cent a mile granted by six-tenths railroads covering thoroughly the strong middle west legion area, the convention committee expects from 70,000 to 100,000 visitors. It has laid plans to take care of all who come.

### Flyers to Stage Show

In conjunction with the convention, the Kansas City Flying club will stage a three-day flying show for \$10,000 in cash prizes and cash. The program will include night bombing, parachute drops, trials for the world's altitude record and a number of races, culminating in the American Legion Derby, a 150-mile race in two hours.

A parade of more than 40,000 legion members will be accompanied by bands and drum corps sent by post in all directions. The parade will be reviewed by the distinguished convention visitors.

Honors to the World War dead will be rendered at dedication ceremonies on Monday in Kansas City's \$3,000,000 Liberty Memorial.

### JUDGES REFUSE TO WORK WITHOUT FIRE ESCAPES

MILWAUKEE Jurists Tell County Board They Will Not Work in Present Crowded Quarters

MILWAUKEE, Wis., (AP)—Milwaukee county circuit judges, whose court rooms are crowded together on the upper floors of the courthouse, on Monday refused to hold further sessions in the present chambers until "adequate provision is made for the safety of the judges."

### POET OF PETROGARD TO BE KEPT OPEN THIS WINTER

MOSCOW, (AP)—The government announced today that the port of Petrograd will be kept open this winter. One icebreaker will be brought from Siberia for the purpose, two from England and several from Finland, it was said.

### Woodchuck Hard to Capture

Many woodchucks are caught in steel traps, but the animal often escapes by gnawing off its own leg as near the jaws of the trap as possible, says the American Forestry Magazine. Sometimes a woodchuck will pull the trap down a burrow as far as he can go, and, having been fast in it, then he comes quite a task to unearth him and pull him out, for he hangs on like an armadillo.

**Yarn of Dog's Eyes**

Here is a story which the collector of true dog yarns might like to add to his list: It goes that once upon a time there were two dogs of different size. Whenever a stranger dined at the house the dog played a trick on him. He would first get fed at one side of the guest, and then go around the table to his other side and pretend to be another dog!

### Pigs Drink Enough Milk To Float A Navy

The Three Billion Gallons of Skimmed Milk Poured Into Pig Troughs or Gutters Every Year Would Float Our 775 Warships and Then Some.

**BOY, page General** "fell an' fell Maria" Dave!

Tell him to let these official spendthrifts in Washington come up for air, while he packs a few of his most nutritious cow words for a quick trip to the farm. It has been learned that more than three billion gallons of skimmed milk are sent fed to pigs or thrown into gutters annually. It is clearly a case for the general.

Three billion gallons, more than a third of the milk produced in this country in a year, is turned back to the farmers or poured into the gutters after the cream has been extracted. The farmers get rid of it in the easiest way. They feed it to stock.

Now what does three billion gallons of anything mean to you?

Think of it this way—just a stupendous lot of waste milk weighs 11,000,000 tons, and it could be turned into one colossal tank. It would float the 775 ships in the United States fleet with plenty of room for maneuver. The total displacement of our sea fighters is less than two million tons. So you see, it means that we could increase our navy to six or seven times its present size and still find room for its ships in that ocean of skimmed milk wasted every year.

While pigs and other farm stock are feeding upon this milk diet, men, women and children are losing one of the most valuable foods known.

### SPANIARDS GROW USED TO STRIFE

Troops Concentrated in Mellilla Region Booming Accustomed to Hardships

MELLILLA, Morocco, (AP)—Spanish troops concentrated in the Mellilla region for operations against rebellious Moroccan tribesmen number approximately 60,000. All branches of the service are rapidly becoming settled to the hardships of campaigning. They also are becoming accustomed to the shells and bullets customarily falling. Frequent night marches as supporting columns to supply parties, consisting mostly of members of the foreign legion and native troops, have instilled the most recently arrived Spanish troops with the necessary alertness for fighting among the rocky and pathless hills.

### All Ready for Drive

Munitions, tanks, airplanes, torpedoes, field and mountain guns, and equipment of all kinds have been arriving daily in large quantities for some time. Virtually everything was ready when the advance was ordered.

The number of Moroccans in the hills around Gueorgueta apparently has been reduced and they are now estimated to number only 600 determined fighters. Parties have been sent into the interior to robto tribesmen who up to the present have not participated in the fighting. Natives say that Abdel-Krim, the Moroccan chieftain, after offering a more resistance as possible to the Gueorgueta force does not intend to make another stand until the Spaniards reach the neighborhood of Anual, where he has his headquarters.

### GOVERNMENT AID CAUSES FARMERS TO DELAY PLAN

### Grain Growers Hold Up Development of Their Own Finance Corporation

CHICAGO, (AP)—Development of the Farmers Finance corporation, financial subsidiary of the United States Grain Growers, Inc., and the consummation of permanent contracts with selling agencies will be held in abeyance until the first annual convention of the United States Grain Growers, Inc., in March, 1922, it was announced here Monday by President H. C. Gusterson and Secretary Frank M. Meyers.

This policy has been adopted because it apparently meets with the approval of the majority of grain growers of the middle west, as represented by officials of state farmers' organizations, said the officers.

"Revelation of the finance corporation with an agriculture relief amendment has had immediate action on the farmers' financial plans unnecessary, and will give time for a more thorough consideration of such plans and a formal expression of the membership," they said. "Sales of grain for United States Grain Growers members will not be affected."

### BAN AGAINST IDAHO'S SHEEP LIFTED IN UTAH

### Quarantine Dispelled by Order of the Southern Commission in Charge

Notices from Thomas Redmond, chief sheep inspector for Utah, has been received by the board of sheep commissioners that the Utah board of agriculture has lifted the quarantine against Idaho sheep, permitting the entrance of sheep for any purpose other than for immediate slaughter, without dipping, provided they are certified as free from scabies and exposure, thereby by either an inspector of the United States Bureau of animal industry or an accredited inspector of the state of Idaho.

This ruling will save the sheep owner not only the worry of where and when to dip but the expense of the dipping and the resultant "louse" syndrome. These conditions have been brought about by the inefficiency of the board of sheep commissioners, their persistent effort and systematic methods in handling the scab situation in Idaho; together with the co-operation of the sheep men throughout the state.

"There seems to be a determination on the part of the board of sheep commissioners to again place the sheep industry, from a scabies standpoint, at least, in the same position it enjoyed but a few years ago, and thus avoid

any necessity on the part of adjoining states to legislate or prevail against it," roys Inspector Redmond.

# CONDITIONS IN INDIA SERIOUS

**Official Investigation Discloses Situation More Grave Than Suspected**

LONDON, (AP)—Official investigation of conditions in India shows that the situation is more serious than was at first believed. The military forces sent into the troubled district of the Malabar coast are experiencing difficulty owing to the rebels and the nature of the country. Fomenting of rebels is reported through the hills, which, for the most part, are covered with forests.

Two thousand rebels are said to be present in the Eastern hills, northern Malabar, where an action is imminent.

A British dispatch to Reuters Limited says that at a council of state held there it was declared that the lives and property of non-Malabar were unsafe except in the vicinity of garrisons and near railways. It was said the insurgents, of whom five bodies are known to exist, control certain areas and that immediate re-establishment of authority is impossible.

## NEW AMERICAN FALLS TO BE CITY MADE TO ORDER

**Reclamation Service Lays Out Plans for Municipality to be Moved to Make Room for Reservoir**

AMERICAN FALLS, Idaho, (AP)—The new American Falls is to be a city "built to order." According to plans announced recently by the United States reclamation service, the rebuilding of the city on another site necessitated by the fact that the present location will be submerged through the construction of a large irrigation storage reservoir, will be in accordance with the latest principles of city planning.

Geographical, climatic and industrial considerations will be taken into account in the building of the new city, it is indicated. The streets of the city will run northeast and southwest, to permit the sun to shine upon all sides of the buildings. The industrial section will lie in relation to the residence districts in such a direction that prevailing winds will carry the smoke, dirt and odor away and not toward them. Natural drainage will carry surface water from the streets toward the river.

The city portion of the present town that will remain a part of the new city is the Knob Hill section. The present high school building is expected to be left in the location it now occupies.

## MARSHAL FOCH TRAINING FOR VISIT TO AMERICA

**Plans to Spend Month at Brittany Estate Preparing to Meet Elgors of Banquets to be Attended**

BREST, (AP)—Marshal Foch, who, on October 22, will sail for the United States, has gone into training for the trip on his Brittany estate, a few miles from Paris. He will have a month getting in condition to meet the rigors of a series of banquets he expects to attend, while visiting the United States.

For Marshal Foch, who is on the verge of dyspepsia when he returned from America, the marshal is said to have remarked jokingly, "and has a weak, let's stomach than I, if the American insist upon banqueting me as they propose, I am afraid the 'battle of America' will be my undoing."

## POPE GIVES VIEWS ON TROUBLES OF SOCIETY

**Refers to St. Francis Love of Peace and Concord as Example for Present Conditions**

ROME, (AP)—Society today is deeply affected with civil discord, due to a knowledge inevitable difference between social classes, said Pope Benedict yesterday during an address to members of the Order of St. Francis, gathered here in international congress. As a result, he added, treaties of peace were signed by nations, but they continued to engage in blood conflicts.

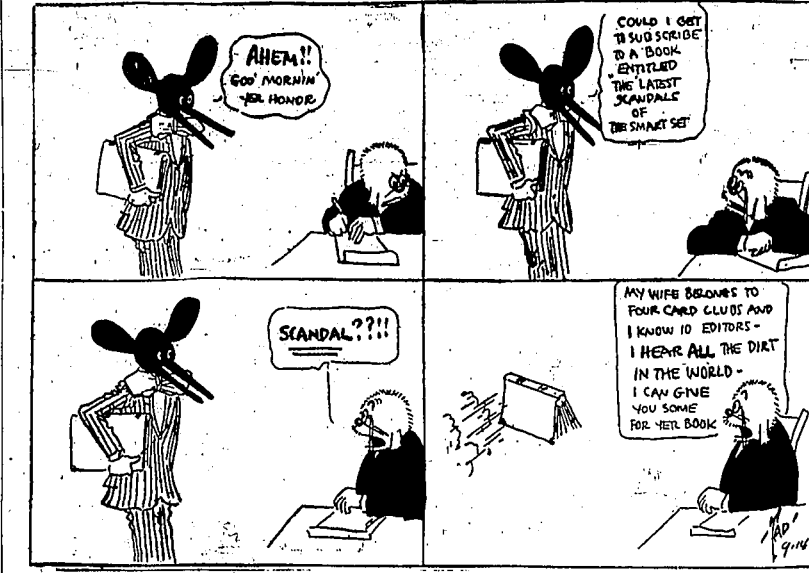

Pope Benedict emphasized St. Francis' love of peace and concord and said that only this spirit could heal present conditions.

Character in the Face. A command of words and facility for acquiring language is denoted by eyes that are prominent and full underneath. A Grecian nose denotes passive endurance. An energetic person has long, narrow nostrils, an aquiline nose, and that part of the cheek lying between the nose and the cheek is not very prominent. Much space between the eyebrows and the eye at the outer corner denotes great love of enjoyment. A square, high, broad forehead denotes faithfulness.

Harden House Plants. If you have been starting house plants in the house, be sure that you harden them off well before you transfer them to the open ground. This means gradually exposing them to the outside air, or better still, setting them in a cold frame, which can be covered at night. If you haven't any glass for such a frame, you can cover it with prepared cloth, which is much cheaper and just as satisfactory.

If your property is desirable, said in advertisement in the classified—you'll find your buyer.

## NATIONAL HEALTH CUP IS WON BY GEM STATE

**Idaho Makes Splendid Showing in Modern Health Crusade, Winning Trophy**

Idaho has won the Interstate loving cup, to capture which school children in 48 states participated in the modern health crusade. This is the first time that the beautiful silver trophy has come west. The cup, one of the largest of its kind—of silver with ebony base and gold lined, stands 32 inches high and must be won three consecutive times to become the property of any one state. Iowa won it last year.

South Dakota announces that she has a niche in the state house ready for it, but Idaho's school children are already "digging in" to keep it together year after year. "The health cup is a 'kickable' which will make for health and happiness in the future.

The cup will be sent the Idaho Anti-Tubercular association as an Idaho trophy. Mrs. A. K. Schrey, executive secretary of the association, announces that the cup will be turned over to the state superintendent of instruction, Mrs. M. B. Boffe, who is delighted with Idaho's success. Arrangements will be made to send the cup over the state so that the children may see it.

## STATE OF NEBRASKA TO MAKE MOVING PICTURES

**Studio is Established at Cost of \$20,000 in Campaign to Advise Elgors of State**

LINCOLN, Neb., (AP)—The state of Nebraska has gone into the movies. The department of conservation has set up a complete studio at a cost of \$20,000 and has started taking pictures. It aims to advertise Nebraska's resources to its own people and to its neighbors.

Films will be distributed free on a regular circuit through the state, in schools and other institutions. Organization of a state-wide staff is in progress.

Developments of interest throughout Nebraska in farming, industry, education, state finance, state departments, and clubs are among subjects embraced in state's movie program. Prominent people visiting the capital will be included.

The studio is located at the University of Nebraska, and will be given this institution and the state college of agriculture.

Fraternity. The true resistance of man against catastrophes is an augmentation of humanity. Love one another, aid one another. Solidarity of man. The resort to complicity of mysterious forces. It is thus that is established on earth the third term of the grand human formula, Fraternity. Governments put obstacles in the way of Liberty and Equality, they will come in their time in spite of the monarchy; Equality in spite of the aristocracy. But Fraternity is the opening door, the emptying purse, the helping hand.—Victor Hugo.

## LEGION PROTEST COSTS MONTANA TEACHER'S JOB

**State Board of Education Suspends University Law Department Professor With Pay**

HELENA, Mont., (AP)—The state board of education after a two day hearing of charges preferred by the American Legion voted, it was announced Monday that Arthur Fisher, professor in the law department of the University of Montana, "be considered on leave of absence with pay during the remainder of his contracted appointment until September, 1922.

The vote of the board came after two days of argument as to the disposition to be made of Professor Fisher. The charges that he had made Professor Fisher's alleged sentiments and attitude during the world war. Among questions considered by the board during the hearings were proposals that he be dismissed immediately and that he be retained in the university until the end of his contract.

Professor Fisher is the son of former Secretary of the Interior Walter Fish of Chicago. He became a member of the university faculty about a year ago.

## PLANTERS WILL REDUCE HAWAIIAN SUGAR CROPS

**Plantation Managers Decide to Cut Production Unless Labor Situation Changes Immediately**

HILO, T. H., (AP)—Sugar plantation managers of the island of Hawaii, at a meeting here decided upon a plan to reduce the acreage planted to sugar cane unless "there is" an immediate change in the labor situation. Under the plan, it was stated, the production would be decreased from twenty to twenty-five per cent, cutting approximately 45,000 tons from the present sugar output.

The decrease would amount to about ten thousand acres, according to estimates.

# SEVEN MILLION BUSHELS OF WHEAT UNDER PLEDGE

**Kansas Growers Surpasses the Goal Set by Marketing Association for State**

WICHITA, Kan., (AP)—Seven million bushels of wheat have been put under pledge in Kansas by the National Wheat Growers' association, which stands on the basic principle that it shall market 100 per cent of its members' wheat.

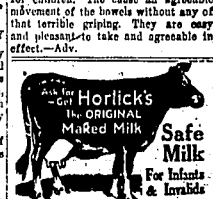

This is the organization which insisted on at least a degree of compulsory pooling and so refused to join the movement fostered by the American Farm Bureau federation which resulted in formation of the U. S. Grain Growers, Inc., with provision for optional pooling. Kansas, where the national wheat growers' headquarters are located, and it gave two million bushels more than the 5,000,000 September 1 goal the association set.

Incorporation has been effected in this state, following similar steps in Oklahoma. W. H. McGrovey of this city, national secretary-treasurer, says incorporation will follow also in Colorado, Texas, Nebraska and North Dakota.

The U. S. Grain Growers, Inc., also has taken out a state charter and is making headway.

# ONE BRAND - ONE QUALITY - One Size Package

All our skill, facilities, and lifelong knowledge of the finest tobaccos are concentrated on this one cigarette—CAMEL.

Into this ONE BRAND, we put the utmost quality. Nothing is too good for Camels. They are as good as it's possible to make a cigarette.

Camel QUALITY is always maintained at the same high, exclusive standard. You can always depend on the same mellow-mild refreshing smoothness—the taste and rich flavor of choicest tobaccos—and entire freedom from cigarette aftertaste.

And remember this! Camels come in one size package only—20 cigarettes—just the right size to make the greatest saving in production and packing. This saving goes straight into Camel Quality. That's one reason why you can get Camel Quality at so moderate a price.

Here's another. We put no useless frills on the Camel package. No "extra wrappers!" Nothing just for show!

Such things do not improve the smoke any more than premiums or coupons. And their added cost must go onto the price or come out of the quality.

One thing, and only one, is responsible for Camels great and growing popularity—that is CAMEL QUALITY.

BUILD PROGRAM FOR CONFERENCE ON UNEMPLOYED

List of Participants Includes Representative Labor Leaders and Employers; Three Women Accept Invitations

WASHINGTON, D. C. (AP) - The list of participants having been virtually completed, work proceeded today toward the working out of a program for the national conference on unemployment which President Harding has called to meet next Monday in Washington.

On List of Conference: Those invited to take part in the conference as announced in a list published today included 35 men and three women, but it is expected several names will be added to the list before convening of the conference. The list now includes the names of Secretary Hoover, designated as chairman; Secretary Davis, Samuel Gompers, Charles M. Freligh, president of the American Mine Workers; W. S. Carter, president of the Brotherhood of Locomotive Firemen and Engine Drivers; S. B. Harrison, Los Angeles; C. H. Markham, president of the Illinois Central railroad, and Matthew Wall, vice president of the American Federation of Labor.

Three Women Accept: The three women who have accepted invitations are Ida H. Booth, Mary and Elizabeth, Christianism of Chicago, secretary of the National Woman's Trade Union League. Mrs. Booth was understood to have under consideration today a suggestion that she address the conference at its opening session.

SEEKING MOTOR

(Continued from Page One) connection with the death of Miss Virginia Rappe, screen actress. Three persons were held by the police in relation to the alleged attempt to tamper with state witnesses. Those three were Miss Joyce Clark, Gabor Kingstone and Reginald M. Moran. Mr. Moran is the assistant district attorney already named in this statement.

The investigation brought out that Miss Clark, Kingstone, Moran and Mrs. Joyce Kingstone-Moran discussed the probability of making money out of the Arbuckle case, by "framing" Miss Joyce Clark to implicate Moran. Miss Joyce Clark, a most important prosecution witness; that Moran gave Miss Clark the telephone number of Milton Cohen, an Arbuckle associate, and that Moran told Cohen that Moran himself went to see Cohen and that last night, before they went into the witness room before Kingstone and Moran testified at the hotel and asked him what they should testify before the grand jury.

It was admitted that Moran and Kingstone testified before the grand jury that they "felt the truth." Disappearance of a number of witnesses, one of them a woman, who were to testify before the federal grand jury tonight, has caused the police to return to San Francisco soon to testify in the Arbuckle case.

WEEKS IS SILENT UPON AIR SERVICE SITUATION

War Secretary Declines Comment on Reported Resignation of Assistant Following Chief's Retirement

WASHINGTON, D. C. (AP) - Secretary Weeks refused today to make any comment on published reports that Brigadier General William Mitchell, chief of the army air service, had submitted his resignation from that post following the action of Major General Fothergill, chief of the service, in having Mitchell be relieved from duty with the air service. The war secretary indicated that the whole situation relative to the air service was unsettled but that a decision as to General Fothergill's successor might be made at any moment. Mr. Weeks refused either to confirm or deny the report that General Mitchell's resignation had been placed in his hands. There appeared to be reason to believe, however, that General Mitchell's leave was prepared to stop and that the resignation of Mitchell would be a change in that post also was desirable.

Albanian Brings Word of New War to Geneva

GENEVA, (AP) - Bishop Theophilus, the Albanian delegate to the assembly of the league of nations, today notified the political committee of the assembly that hostilities had broken out in the frontier between Yugoslavia and Albania. The bishop asserted, unsharply the village of Aras on Sunday last after delivering an ultimatum Saturday demanding the evacuation of the 24 hours of Aras and five villages.

ABERS GRAND JURY TO RENDER VERDICT ON FIGHT

JERSEY CITY, N. J. (AP) - An investigation of the Carpenter-Hudson fight was suggested to the Hudson county grand jury today by Judge Abers, who stated the jury will determine whether it was a boxing exhibition under the meaning of the state law providing for such entertainment or a prize fight which would subject participants and spectators to prosecution for committing a misdemeanor.

MEXICO DENIES CONVERSIONS OF BERTHOLD GARDNER

MEXICO CITY, (AP) - Requests by American capitalists for gambling concessions on Coronado islands, off the coast of Lower California, have been denied by the department of agriculture, which stated its policy is against permits of such nature.

no bullish factors. Besides the statistical showing in regard to the United States and Argentina, exportable surplus remained a stimulus to buyers. Opening quotations, which varied from 1-1/2 to 1-1/4 higher, with December 1-1/2 to 1-1/4 3-4 and May \$1.35 1-4 to 1-3/4 3-4, were followed by material further gains and then by something of a reaction.

Apparent absence of new export business tended to ease the market later. Prices closed unsettled at the same as yesterday's finish to 1-2 higher, with December \$1.28 1-2 and May \$1.31 3-4 to \$1.34 1-2.

Corn and oat sympathized with wheat strength. Corn started a shade to 5-8 higher, including December at 53 1-8 to 53 1-2, and scored slight further gains.

Subsequently the corn market relaxed when the advances in wheat failed to be well maintained. The close was heavy at the same as yesterday's finish to 1-8 to 1-4 lower, with December 62 3-4.

Oats after opening 1-8 to 1-4 to 1-2 to 3-8 up, December 58 3-8 to 58 1-2 to 58, continued to harden.

In the provision market, the effect of lower quotations on hogs was more counterbalanced by higher grain and cotton.

Cash Quotations: WHEAT, (AP) - Wheat No. 3 red \$1.28 1-2; No. 2 hard \$1.27. Corn No. 2 mixed 53 1-2 to 53 3-4; No. 2 yellow 53 1-2 to 54. IOWA GROWS HISTORIC CROP OF INDIAN CORN

A. J. Peavey sees New Method of Farming in Plains State Visited First Time

Iowa farmer this year will gather the greatest corn crop in the history of the Hawkeye state. Weather conditions throughout the year have been entirely favorable to the growing of this crop. Beside an immense yield the quality is expected to be excellent. All other crops, best suited to the black humus of Iowa farms have yielded their best this year, says A. J. Peavey, Twin Falls man who has just returned from a convention trip to Des Moines.

Mr. Peavey has been absent from Twin Falls about 10 days. It was his first journey east of Pocatello, and the plains countries of Nebraska and Iowa were new to him, and presented a new challenge in farming.

"They sure get lots of rain in Iowa and it is certainly a hot country," saw a lot that was new to me, and it was highly interesting, but I felt a lot more satisfied with the state in which I make my home," Mr. Peavey declared today.

While in Des Moines the Twin Falls man attended a convention of bankers and insurance men. He listened to Governor Shaw on two occasions, and was delighted with the platform program of the Hawkeye state executive.

Business conditions in Iowa were found to be very gratifying.

ASSISTANCE IS SENT TO SUBMARINE IN DISTRESS

Navy Department Responds to Signals from R-27 in the Canal Zone

WASHINGTON, (AP) - Safe arrival at Guantanamo Bay, Cuba, of the American submarine R-27, which while en route from Coco Solo, Panama canal zone to Guantanamo, sent out a distress call on Sunday night, was reported today to the navy department.

WASHINGTON, D. C. (AP) - Assistance for the American submarine R-27, which Sunday night sent out a distress call while en route from Coco Solo, Panama canal zone, to Guantanamo bay, Cuba, has been ordered by the navy department.

The report to the department did not indicate the trouble being experienced by the R-27, but from the nature of the distress signal sent out, it was not believed she was in serious trouble.

Twin Falls' Greatest Silk Sale!

"Another Package From Booth's"

\$1.55 Per Yard Wednesday

For Good Quality Crepe De Chine and Satin Messaline

We expect this to be the greatest sale of silks Twin Falls has ever seen. Hundreds and hundreds of yards of fine silks, purchased especially for this sale, will be offered at this price which would be very low indeed for such quality even before the war.

Satin Messaline \$1.55 yard Wednesday. A dandy silk, 35-36 inches wide, beautiful satin face, for dresses, slips, blouses and petticoats. It's a wonderful offering. Comes in pink, blue, copen, Harding blue, rose and wine. Every yard of this should go at this price before noon Wednesday. Every stitch is pure silk.

Crepe de Chine \$1.55 Yard Wednesday. Nice weighty quality, 38 inch width, in beautiful shades for every use. Dress shades for evening or street wear. The proper shades of flesh, white, orchid and peach for underwear, and the beautiful shades that make up into negligees. Negligees and underwear make nice gifts and now is the time to get them started. This silk comes in blue, maize, grey, peach, reseda, flesh, white, navy, black, tomato, copen and orchid. You can find a dozen uses for it. BUY EARLY--\$1.55 PER YARD Most Remarkable Silk Sale of Years

Editorial. Our blanket sale Saturday was a hummer. Every blanket in the lot was sold, and practically by noon. Many came late to be disappointed. Extraordinary values they were. This silk sale is another supreme offering. Don't wait till your friend tells you about it after it's over. Get your share of Booth's offerings. Watch our ads continually. C. E. BOOTH.

HELP WANTED

When the pioneers came into this land they asked no government aid. They knew that they must feel the forest and build homes before they could have farms and homes. It required initiative, industry and vision to foresee fields of growing grain and comfortable homes where the primordial forest held sway.

We appear to have gone far from the ideas of the pioneers. Too many people believe that there are shorter cuts to accomplishment than hard work coupled with good judgment. In connection with the business depression, the logical sequence of the world's events, there is prevalent an idea that by some occultic power the condition may be alleviated. Any remedy other than getting busy is preferred. This, that and the other interest wants the government to do something. It is true that government can give encouragement to industry but the people themselves must act to gain the advantage of whatever inducements are offered.

THE HOUSE NEED. An interesting feature of the housing shortage lies in that cities of less than 25,000 population are in more acute need of home construction than cities of larger population. This fact is revealed in responses to a questionnaire sent out by Building Age.

WOMEN'S CLUBS OF THE STATE ACTIVE. Evidence, that vacation time is over, is coming in daily in the form of splendid programs which clubs all over the state have outlined for the coming year. It was not until after the state had been held in check so seriously that the women have taken so seriously to perform, and we may, with all confidence, look forward to great accomplishments, as a result of the enthusiasm and determination which is being shown.

WOMEN'S CLUBS OF THE STATE ACTIVE

Vacation Period Over-Down to Work

(By Mrs. Homer L. Bettle, Payette, State Press Chairman.) Evidence, that vacation time is over, is coming in daily in the form of splendid programs which clubs all over the state have outlined for the coming year. It was not until after the state had been held in check so seriously that the women have taken so seriously to perform, and we may, with all confidence, look forward to great accomplishments, as a result of the enthusiasm and determination which is being shown.

millings—it is moving but is not getting anywhere. Somebody needs to indicate direction by starting, but unappreciated those who might point the way are reluctant to take the step. The obstruction to house building lies in the coal. Those who might remove that obstacle appear to prefer to wait, obsessed by the hope apparently that they can circumvent in their industry a world-wide downward tendency. Still those who want homes may be able to wait too and may lose less by the process than the others.

THE PRESIDENT PLAYED TOO

In Washington there is noted a distinct sense of difference—some say of relief—occasioned by the change of administration. The formalities formerly required in dealing with the department heads and other officials disappear; there are fewer guards at doors, fewer interminable delays to be propliated, fewer delays to be suffered by those who desire to have a word with men of affairs in connection with the government.

As an illustration of this the story is told that a delegation of newspaper men recently waited upon the president and requested that he make a presentation speech conferring a trophy upon the winner at the press golf tournament.

"Oh, no," jovially responded Mr. Harding, "I'm going to play."

And he did play, not as president, of the United States, but as a newspaperman. And he did not win the prize, though it is presumed he did his best. The example of the chief executive is not lost upon his subordinates, and the result is relaxation of tension in the governmental machinery grateful to all who have to do with it.

More Truth Than Poetry

ADVICE FOR BIGAMISTS

By S. E. KIBER. After Arthur Irwin, baseball manager, had jumped from a boat recently and disappeared, it was discovered that he had a family living in Boston and another in New York. Two women claim now that one of the American victims of the 20-2 was their husband.

BOYS, IF YOU'RE living double lives

And wish to keep the fact well hidden, stay near your hearthstones and your wives. And when the patis that are forbidden. Be careful when you cross a street. Where trucks and taxis rush and rumble; Learn early how to be discreet; Risk no exposure through a stumble.

IT'S best, if one's a bigamist

And wishes to avoid detection, To wear a lifebelt and resist. The common carrier's close inspection. Stop safely where business needs. Cause careless men to lose their assets; Wear bonnets, also rubber heels, And take no risks to most expense.

IF you insist on having one

Or two or more wives than may be proper, Stay safely on the ground and snore. The middle, lest you come a cropper. Let no post-mortem party bring you to grief; Attention to your mode of living; Your widows, plagued by such a thing, May find it hard to be forgiving.

ONE last word more of kind advice

To each who has the inclination To marry more than once or twice; Select some safe and sane vocation. Don't try to be heroic; fame Or wealth is a sure bring disrepute. Remain unknown, so that your shame Will not be worthy of exposure.

IT'S USELESS

Don't waste any time in trying to explain to a girl who has a new engagement ring that the diamond is a mere bit of carbon.

24 1/2 Million Dollars Invested by Employees of Swift & Company. More than 21,000 employees of Swift & Company own or are paying for shares in the business. Their holdings represent a total of nearly 250,000 shares, the par value (\$100 a share) of which is more than \$24,500,000. These 21,000 represent more than one-third of our average number of employees! One man out of every three, in plant, office, and branch house, from the handworker on the floor to the brain worker at the desk; working with us as well as for us, devoting himself to his own business while devoting himself to ours; promoting his own interests in every motion or moment saved, in every product improved or maintained at perfection, in every service rendered through prompt, thorough, effective distribution of products. This interested, eager group of fellow partners working with us for the good of Swift & Company and the public which we serve, constitutes one-half of the ownership of Swift & Company in point of numbers, and nearly one-sixth in point of shares outstanding. It represents practical and successful progress toward the end at which enlightened modern industry is aiming for the solution of industrial problems—toward cooperation, mutuality, brotherhood in business, for the good of all. ### ARMY AND NAVY GRID TEAMS TO FURNISH SPORT

#### Expected Coast Elvens Will Be Able to Give Collegers Hard Game

SAN FRANCISCO, Cal. (AP)—Football teams representing the Army and Navy on the Pacific coast this season promise to be stronger than ever before and, it is believed, will furnish stiff competition to the university, college and club teams throughout the West. Formerly the colors of West Point, Annapolis and other big institutions of learning will be on the coast service teams this year.

An army team, which will be known as the Ninth Corps Area eleven, is being organized at Camp Lewis, Washington, under Colonel William H. Jordan as managing coach and Captain Merrill Latt, West Point end in 1913-14, as active coach. Captain A. W. Smith, former Michigan star, may be chief assistant coach.

To represent the navy, a team has been formed by the officers and men of the Pacific fleet, with Esau W. A. Ingram, all-American player in 1918, as captain.

Among the men on the navy team are E. A. Gardner, former Colgate star; E. E. Wilks, Annapolis tackle last year; "Country" Moore, former all-American player; Lieutenant W. McK. Beisel and others. Stars on the army squad will be Lieutenant M. W. Daniel, former West Point backfield player; Captain John C. Buttner, Jr., former Brown and who coached the Third Army team in Germany; Captain Everett May, one time University of Oregon player; Lieutenant Wiley, formerly of Cornell; and Captain Thomas Redick, once a West coast college player.

Both the army and navy teams will play college and club teams early in the season and on Armistice day, November 11, will meet in their annual game at Pasadena, Cal. Last year the two met at Berkeley.

The navy's schedule follows:

- Oct. 1—University of Nevada at Reno.
- Oct. 15—University of California at Berkeley.
- Oct. 22—Stanford University at Palo Alto.
- Nov. 12—Army at Pasadena.
- Nov. 19—St. Mary's college at San Francisco.
- Nov. 24—Olympic club at San Francisco.
- Dec. 3—Multnomah club at Portland.

The army schedule follows:

- Oct. 1—Multnomah club at Camp Lewis.
- Oct. 15—College of Puget Sound at Tacoma.
- Nov. 11—Multnomah club at Portland.
- Nov. 19—Panasonic club at Camp Lewis.
- Nov. 26—Gonzaga university at Camp Lewis.

**MOTORCYCLE RACERS SET NEW WORLD'S RECORDS**

SACRAMENTO, N. Y. (AP)—New world's records for motorcycle races over a dirt track were set here Monday afternoon for the one, five and ten mile distance at the national motorcycle championships. Fred Lullie, of the Harley Davidson racing team, set all three records. His time for ten miles was 7 minutes and 38.80 seconds. The old record was 7 minutes 58.40 seconds. Ludlow's record for a mile was 44.05 seconds against the old mark of 45.40, and for five miles was 3 minutes 45.80 seconds, against 3 minutes 50.80 second, the old record.

#### PRESIDENT IS INVITED TO OPENING GAME OF BRIBES

WASHINGTON, (AP)—Invitation to attend the opening game of the world series was extended to President Harding Monday by B. B. Johnson, president of the American league. Mr. Harding received his decision, saying whether he attended would depend upon the state of public affairs.

### BIG GRID GAME IN THE MAKING ARMISTICE DAY

#### Coach Evans Proposes to Bring East High Team from Salt Lake Here

Negotiations are being carried on by Clinton W. Evans, athletic coach of the Twin Falls High school, with officials of East High, Salt Lake City, through which it is hoped a football game can be played here on Armistice day. A contract has been forwarded by the local high school officials to Salt Lake City, but has not been returned as yet, according to Coach Evans' report.

The East High grid team of Salt Lake has for years held a position among the best football aggressions in the intermountain country. It is a well coached outfit, thoroughly drilled and proficient in up-to-the-minute football plays and tactics.

Salt Lake papers have announced acceptance of the contract to play here, but as yet this is not official.

Meanwhile Evans' big squad is beginning to whittle itself down and disperse in the intermountain country. Many of the unqualified men have dropped from the list of candidates of their own volition, and the coach is just now beginning to see light through the maze of superfluous material. In a week hence Evans will have a fairly intelligent line on the men who are to compose the first line and sub-playing squad.

The team this year will have branched as well as an average amount of speed, and is being coached toward the same physical perfection that carried last year's team to a state championship, although far outworn by almost every team encountered both here and abroad.

**Brief Bits of Sport**

Just so telling who's who in the American flag chas as yet.

Cleveland did not play yesterday but was led by the Yankees to Detroit.

The teams today stand: Cleveland, 62; St. Louis, 67.

Time and better ball playing alone will end this suspense.

Charlie Comiskey evidently believes there is nothing to be gained and little to be lost through playing the rest of the season, so he's giving all the rookie twirlers in the country a chance.

And none of them seem to have the stuff that made the Johnsons, the Busher and the other lads from obscure players who made good from the start in the majors.

The White Sox dropped a doubleheader with the Red Sox on the latter's field yesterday, rock twirlers starting both contests. Both games were lost.

Fans near Glasgow at all may manage to dig out a tin from the aggregation of batters now wearing White Sox clothes, but it's mighty tough to find the messwallow.

Among new pitchers bought by St. Louis Americans is Grady Adams, from Henryetta of the Western association. He has had a great season, winning 30 games and losing but eight.

Lefty Albansen, the pitcher recently bought by the St. Louis Browns from the Mississippi State league, has been sent to Tulsa in the Western league to try out his pieces this fall.

Of all the pitchers who have contributed to Babe Ruth's home run record, George Dauss of Detroit has helped most, Ruth having made no less than ten homers off the delivery of Dauss since the Babe began homering.

Cland Noel, a pitcher who has been signed for a try-out by the St. Louis Browns, is now twirling with the St. Louis pitchers for an independent team in Marshfield, Wis., and for that club has turned in two no-hit games in succession.

Dated this 19th day of September, 1921.

CURB LIGHTING SYSTEM TAKEN OVER BY TOWN

City Administration Accepts the New Street Illumination Plant

As finished satisfactory product the Twin Falls curb lighting system was last night formally accepted by the city administration. The plant was presented by R. H. King, manager of the Idaho Power company at Boise, whose forces supervised by a municipal superintendent, installed the system.

In accepting the plant the city administration made less for a period of 10 years with option to purchase before the expiration of the term. The original cost of the system, according to figures presented by Mr. King, is \$13,594.57. The city leases on a monthly payment basis, including taxes and interest. For the first month payment will be approximately \$107, reducing at a pro rata rate each month. For all such payments made the municipality will be given credits when the plant is formally purchased.

Installation of the curb lighting system, under force account process, cost \$5,000, as against a contract proposal of approximately \$9,000. This means a saving to the city of more than \$4,000. The plant consists of 108 cast iron standards erected on each side of Shoshone and Main streets, with two on Main and one on Myrtle street, and one on Myrtle and Main streets. Lights were turned on over the new system a week or more ago.

Lighting contract, entered into simultaneously with the acceptance of the curb system, is in general effect, identical with that prevailing in the past year, and includes the ornamental plant.

FUEL CALL INCREASES AT CITY TOURIST PARK

Chilly Nights Create Demand for Artificial Heat—Storm Batters Havooc

Chilly nights without the wherewithal to ward off the cutting air are not conducive to good temper and complimentary opinion or expression around the city tourist park, according to J. W. Leedom, park custodian. "Travel in more than average volume, at least for this time of year, persists," Mr. Leedom says, "and members of the administrative board last night decided to have the supply of wood increased and recommended an early replenishing of the pile. This matter was referred to the chamber of commerce. The tourist park custodian also told of having brought yesterday's big wind in the worst grove. He asked for help in removing broken trees and limbs, advising also to have uprooted trees lashed in precarious positions against limbs on standing trees, and the fire department was instructed to provide such assistance as is necessary to remove the menace."

LAND TITLE INVOLVED. The sum of \$17,000, claimed as damages, is involved in an action to compel fulfillment of a land sales contract brought by Chas. Long against Charles C. Stevens. The case has been placed on file in the district court. Plaintiff alleges that after purchasing a certain tract of land from defendant, paying the sum of \$10,000 therefor, he discovered that the title was not clear, and that the United States government still retains the title.

TO ADDRESS LEGION MEEN. There will be a regular meeting of Twin Falls Post No. 7, American Legion, tonight at 8 o'clock. A large attendance is expected. A plan for the Fall Festival to be given by the Legion will be discussed in detail. Congressman Addison T. Smith is to be present and will give a short address.

NOTE IS INVOLVED. Payment of \$3500, said to be due on a promissory note, is the principal point at issue in an action, brought by August Stein against George G. Sobczak and Or M. Schenck.

BROOKLYN ARGONAUTS ARRIVE IN TWIN FALLS BEFORE NOON WEDNESDAY, WILL BE RECEIVED

Chamber of Commerce to Send Representative Delegation to Greet Caravan on Arrival in Burley—Guide Would Hurry the Travelers Through to Destination

Arrival of the Brooklyn Modern Caravan in Twin Falls is scheduled for about 11 or 12 o'clock tomorrow. This information was received by the Twin Falls Chamber of Commerce from Jess O. Eastman of Burley, who is in charge of the caravan. The caravan will be formally received in the morning and will leave that place on the last leg of the long journey from New York. The party comes to settle on the Boscawen project.

To receive the caravanners an official delegation will leave Twin Falls tonight for Burley, where tomorrow morning, or perhaps earlier, the travelers will be formally received in the name of the Twin Falls Chamber of Commerce. This committee, headed by C. E. Wright, chairman, will be composed of Albert B. Wilson, president of the chamber of commerce; J. A. Keeler, Charles E. Booth, F. W. Dunke, R. A. Head, J. H. Masters, Howard E. Bablin, E. E. Hollingsworth, John W. Cabam, Miss Josephine Jackson and Miss Della Larson.

Miss Jackson is employed as teacher in the Washington school, and accompanied the caravan from Tama, Iowa, to Chryenne. At the Wyoming point she left the party in order to reach Twin Falls in time to begin her school work on opening of the academic year. Miss Larson, president of the chamber of commerce, is a personal friend on the reception trip.

SOUTH-END YOUTHS ARE MADE WARDS OF STATE

Two Americanian Lads to be Given Industrial Training at St. Anthony

Lois and Leslie Trout, both of Amherstland, were this morning taken to St. Anthony to be enrolled in the industrial school for training. They were accompanied by John R. Ault, county juvenile officer.

These boys, with another named McBride, were recently found guilty of making off with a pony belonging to an Americanian resident. With this animal attached to a two-wheeled cart the lads struck southward through the country, passing into Nevada. They were arrested and held near Two Springs, and later returned to this county. On the way south the boys broke into two farm houses from which they took provisions and bedding. The McBride boy was sentenced to commitment, but servitude was suspended in order that the boy might be given into the custody of his father, who has promised to maintain strict supervision over his son.

TRYING AN OLD CASE

Trial of a suit initiated by Longley & Walters in the spring of 1917, was started this afternoon in the district court before Judge Babcock. The action is one wherein J. E. Stearns sues the Oakley State bank to quiet title and interest to certain property. The judgment rendered by Judge Babcock. The judgment was reversed by the supreme court, and is now ordered tried on its merits. Walters, Holgren and Bailey are appearing for the plaintiff, with Sweeney & Sweeney for the defendant bank.

EXHIBITS BY CARLOAD TO STATE EXPOSITION

Nucleus of District Display Starts for Boise; Other Stuff Going This Week

A carload of farm products left Friday for Boise to form the nucleus of the Twin Falls county exhibit at the state exposition which opens there next Monday. The junior farm clubs are sending two quarts of livestock and a large display of fruits, agricultural products and a sewing exhibit that requires 150 square feet of space. H. E. Powers of the farm bureau and A. T. O'Reilly of the club work will go to Boise on Saturday to attend to the arrangement of the displays. The winning teams, whose championships at the county fair were the price of a free trip to the state fair, will leave on Sunday or Monday to be in time for the contests which will take place on Tuesday and the following days of the week.

More Frostiness is Scheduled for Early Tomorrow

Light to snappy frosts may be looked for in the early hours, but as a general rule the weather will be fair tonight and tomorrow. The bureau southwester of Boise has spoken, and thus it be. Specifically he says: "Increasing cloudiness, with light to killing frost in the morning." Showers were ordered for today, but they came not. Top temperature was 61 yesterday, with 35 low last night. A much lower mark was scheduled to be reached, but the dope went wrong.

BIG TWIN FALLS COLONY LOCATED AT BERKELEY

Former Sheriff Sprague Finds Many Old Friends Located in the West

"We could not forget Twin Falls if we tried over so hard; there are too many Twin Falls people around Berkeley." Former Sheriff A. N. Sprague, who reached Twin Falls yesterday afternoon from the coast, made the statement, referring to the former residents of Twin Falls now located in Berkeley and at the California State university. "We meet Twin Falls city and district people everywhere we go and will have a Twin Falls community club some of these days," the former Twin Falls county official announced. Mr. Sprague arrived yesterday to remain about 10 days on personal business.

The former resident of this city tells of good commercial conditions on the coast, and remarks on the excellent appearance of things in the local district. He has been engaged in the drug business since he left Twin Falls some three years ago. Mr. Sprague's health is reported greatly improved and for that reason the stay on the coast will be of an indefinite length. Mr. Sprague will return to the coast with P. L. McLean, another former resident of Twin Falls, who is coming to this district to take charge of an automobile job on the coast when the family started from here last year. The car sustained a broken axle and the McLean party was compelled to abandon the overland trip and make the westward journey by train.

POLLOCK OFF TO SERVE TERM IN PENITENTIARY

Former Cashier of Hansen Bank to Pay Penalty for Wrong-Doing

A. D. Pollock, convicted in the district court on July 2 to serve from one to 20 years in the state penitentiary, was this morning taken to that institution by Sheriff E. R. Sherman. Pollock was convicted of embezzling funds of the Bank of Hansen while serving that institution as an officer. Following conviction here appeal was denied by the supreme court, which ruled with Judge Babcock in the Pollock decision. Other cases of a similar nature are pending in the district court against Pollock.
