TWIN FALLS, IDAHO, FRIDAY, SEPTEMBER 23, 1921

PRICE FIVE CENTS

DAVIS LEAVES FOR SCENE OF ROAD ACTIVITY

President of Idaho Central on the Way to Twin Falls Accompanied by Coterie of Engineers

MAY MEAN BEGINNING OF WORK OF SURVEYING LINE

Pledge Raising Campaign Nearing Close—Results Still are Disappointing to Those in Charge.

That George Davis, president of the Idaho Central railway company is now on his way from San Francisco, accompanied by a staff of engineers to this section, is the word reaching Twin Falls today from E. F. Gray, mines operator of Coeur d'Alene. Mr. Davis is expected in Twin Falls during the coming week.

Mr. Gray's information, which is said to be authoritative, was received by telephone this morning at chamber of commerce headquarters. It is taken to mean that Mr. Davis represents so much confidence in the south outcrop and in the enthusiasm of the people of the district for the country's advancement, that he is coming prepared to make preliminary route surveys from Rogerston to Wells without delay.

Speaking of the local drive for funds to further the rail line project Mr. Thomas today stated figures on net results of the canvass are not available, but, he declared, estimates prove that the subscriptions are far short of the \$500,000 goal.

"Grand Only Half Worked." The drive is scheduled to close tomorrow and not more than half the ground in this territory has been covered and some of that only superficially scraped," Mr. Thomas stated. He announced that all block and district committees have been instructed to make reports of operations by noon Saturday. Complete returns of canvass results will be available early next week, the chairman announced.

In apparent proof of Mr. Thomas' contention that many districts have not been superficially canvassed a telephone call came in while he was discussing the drive situation. A resident of Second avenue east told the chairman that he had \$100 ready to subscribe to the fund but said no one had called on him for the check.

Operations on the closing day, especially in the uncanvassed districts, are to be made intensive, Chairman Thomas declared, and he announced expectations of a big result from the last day's canvassing. District and block chairmen are to be rounded together this evening for final instruction in closing activities.

Today's Games

National League

WATER GATE DISPOSED OF. Judge W. A. Babcock has signed a decree in adjudication of the property of Shoshone and Big Creeks, and their tributaries. The signing of this decree disposes of an action brought by Utah Construction company against many trappers along these waterways. The decree fixes amount of water each party to the action is entitled to receive.

Grain Growers of Three States to Share in Advance

The War Finance Corporation Lends \$15,000,000 for Agricultural Purposes

WASHINGTON, (AP)—Advances of \$15,000,000 for agricultural purposes, announced yesterday by the war finance corporation, will be made available to grain growers having membership in the Equity Cooperative Exchange, operating in Minnesota, and North and South Dakota, officials said today.

The announcement of the advances was made yesterday by the corporation omitted the name of the association in accordance with the corporation's policy to make public the names of borrowers unless their permission were given.

The agreement entered into between the corporation and exchange will enable the grain growers to make available to them the fifteen million dollar credit will be available for use as soon as the wheat crop is in warehouses and receipt can be placed as security for the actual loans.

The corporation today announced approval of applications for advances totaling \$4,500,000 to assist in financing exports of cotton and tobacco.

HUNGARY MUST WITHDRAW FROM DISPUTED AREA

Council of Ambassadors Orders Retirement from Burgenland Under Penalty of Application of Force

PARIS, (AP)—Hungary must in the near future completely withdraw from Burgenland, West Hungary, awarded to Austria by the treaty of Trianon, or be forced to withdraw from the area, which was notified today by the council of ambassadors for former central European states.

The council handed Ivan Puzosky, president of the Hungarian peace delegation, a note in which Hungary was invited to retreat to evacuate Burgenland within a brief period. Hungary refused the offer, which was informal, and it was believed that Hungary would be obliged to use force.

SWEDISH WOMAN DELEGATE VOTES MANDATE SETTLEMENT

GENEVA, Switzerland, (AP)—Debate on the resolution urging the council of the league of nations to work for an early settlement as to the terms of the mandate for former central European states in their charge and urged the passage of the resolution.

DENVER, Colo. (AP)—Julius Epstein, former secretary of the old Western league baseball club, and Louis B. Pardo today were sentenced to attend church every Sunday for six months in lieu of a fine and jail sentence for gambling and keeping a gambling house. The sentence was imposed by Judge George W. Dunn of the county court, following plea of guilty to the charge.

SPRINGFIELD, Missouri, (AP)—Two women here yesterday offered to sell themselves and their services to the highest bidder. The first woman offered herself for sale in an advertisement in the newspapers, here which read: "Will offer myself to the highest bidder in order to support my child." The woman has a child, age 5. The other woman offered to gamble on her earnings for one year, offering two per cent of her wages for a room.

BOYCOTT OF REPRISAL CHINESE TROOPS CLASH WITH PORTUGUESE PARTY LAUNCHED AT BELFAST

BELFAST, Ireland, (AP)—Shopkeepers here have begun a boycott of goods from the southern Ireland in support of the Sinn Fein boycott of Ulster products. Posters are being displayed which read: "This shop stocks only goods manufactured or produced in Ulster or Great Britain and undertakes to refuse to purchase goods from the southern area of Ireland until the boycott of Ulster and Belfast is removed by the Sinn Fein." "By order of the City Watch Committee."

MISSING MEDICO NOW ON HAND TO GIVE TESTIMONY

Dr. Arthur Beardle, House Physician at St. Francis Hotel, Returns to Tell About the Arbuckle Party

SURGEONS SAY DEATH OF GIRL DUE TO FORCE Rupture of Bladder Through External Means Fatal to Virginia Rappe, Doctors Declare at Preliminary Trial

SAN FRANCISCO, (AP)—Dr. Arthur Beardle, house physician at the Hotel St. Francis, arrived today from Bridgeport, Cal., to testify in the preliminary hearing of Rosece C. (Patty) Arbuckle, charged with murder in connection with the death of Miss Virginia Rappe. Dr. Beardle, who had been on a hunting trip, was taken to the district attorney's office, Refuses Rigger Room.

Police Judge Sylvain J. Lazarus, who is conducting the preliminary examination, was offered a bigger room than his courtroom to handle the crowd expected at the resumption of the hearing today. "This is the case," he answered, "I hold court in the civil auditorium if it would be filled to capacity for this case. I might just as well continue in my own courtroom."

Judge Lazarus conferred with Chief of Police O'Brien to deny admission to young girls to the courtroom.

Attribute Death to Force. The police court examination of Rosece (Patty) Arbuckle, which will determine whether the film comedian is to be bound over to the superior court for trial on charge of murder of Miss Virginia Rappe, began here, Thursday in a courtroom filled almost exclusively with women.

Three witnesses who saw Miss Rappe's body after her death September 3, which it is charged resulted from injuries suffered at a drinking party four days before in Arbuckle's suite at the Hotel St. Francis, testified that they observed bruises on her limbs and body. Two of them, the surgeon who performed the post-mortem examination and the autopsy surgeon, said the bruising and other injuries caused in their opinion, by external force.

TO ELECT PASTOR.

At the close of the morning service of the Presbyterian church the congregation will be called into executive session for the purpose of electing a minister for call to the local pulp.

WATER BOSCHMAN has filed a petition here to have the divorce granted Mrs. Water Boschman, of Ottawa, Ill. Delmar charges his parents agreed to the divorce so his mother might inherit a large estate left by her father, Chas. A. Gary.

WARFARE seems imminent as result of disorders at Macao. SHANG HAI, (AP)—Warfare is imminent between forces of the Chinese southern government and the Portuguese at Macao, a seaport and dependency of Portugal, 35 miles west of Hong Kong. A controversy of long standing grows in order to support may force to reclaim land along the water front has culminated in the firing on a Portuguese police launch by Chinese soldiers.

WARFARE seems imminent as result of disorders at Macao. The Portuguese force at Macao at present numbers 600, while the Chinese have 5500 troops near the city.

BORAH STANDS ALONE IN FIGHT ON TREATIES

Idaho Senator Alone Dissents from Foreign Relations Committee's Vote of Endorsement

RESERVATION REQUIRES LEGISLATION COVERING REPRESENTATION OVERSEAS

WOMAN SHOTS HERSELF AFTER WOUNDING GIRL Fires Three Bullets Into Body of Wealthy Shoemaker's Daughter Then Turns Gun on Herself

NEW YORK, (AP)—A double shooting in which women were the principal victims occurred early today in the shooting of Miss Mildred Hannay, said to be a daughter of the late Alfred P. Hannay, wealthy shoe manufacturer, by Mrs. Grace Lewis, a distant relative of Miss Hannay and a daughter of Mrs. M. B. Dittmar, of San Francisco. Mrs. Lewis then committed suicide.

Waits at Apartment Door. The shooting occurred in Brooklyn in the Manhattan apartment house of Mrs. Lewis, who was waiting for a visitor, when she fired three bullets into Miss Mildred Hannay's body. Mrs. Lewis then shot herself in the head, dying instantly.

Miss Hannay in a hospital, refused to discuss the shooting. Girl's Condition Critical. Miss Hannay's condition was reported to be critical but not necessarily fatal. One of the bullets took effect in the left breast near the heart, one in the left side and one in the right arm.

Borah stands alone in dissent from the committee's vote of endorsement of the Versailles treaty, which was adopted by a vote of 14 to 1. Senator Borah, of Idaho, was the only member of the committee who voted against the treaty. He said that the treaty was "a surrender to the enemy" and that it would "destroy the independence of the United States."

DIPHTHERIA SHOWS UP, MEASURES ARE TAKEN

Health Department Vaccinates 11 Persons Exposed to the Malignant Disease

"That diphtheria exists in the district immediately contiguous to Twin Falls is reported by Dr. C. Q. McMillin, county physician. The health officer reports that number of cases reported as six, but states that the majority of these patients are now convalescent. Yesterday attention of the county authority was called to a case of diphtheria at the D. B. Satevichka, three-quarters of a mile outside the city limits. Eleven persons had been exposed to the disease in the case, but the disease was not reported until it was revealed. In all instances of exposure vaccination was resorted to, and the patient and home where the case existed placed under strict quarantine."

ACCEPTABLE TO PRESIDENT. WASHINGTON, D. C., (AP)—It was made known officially today that President Harding's administration would take no objection to ratification of the League of Nations treaty, which was approved by the senate on Wednesday morning, and that there would be no American participation in the foreign bodies provided under the Versailles agreement without expressed authorization by congress.

TO ENTER COLLEGE. An enthusiastic group of young people left Wednesday morning for the University of Colorado at Boulder. Miss Clara Walton and Paul Carlson will be the first to enter the university. Other students include: Robert Parsons and Robert Blakey the sophomore, and Miss Bethel Blakey the freshman class. They expect to arrive at Boulder on Friday for their work for the coming year.

YANKEES TAKE OPENING GAME FROM INDIANS

Thirty Odd Thousand Fans See New York Team Win From Cleveland Club with Score of 4 to 2; Ruth in Stellar Role

POLO GROUNDS, New York, (AP)—The New York Yankees took the opening game from the Cleveland Indians by a score of 4 to 2 today. Over 35,000 people saw the contest, which was the first of the "little world series" that will probably determine the winner who will meet the National league champions for the big money in baseball. Hoyt pitched a fine game and Al Simmons only got to him in the fourth inning.

On Five Terms. The teams started the series on virtually even terms. The Yankees have an advantage of less than two points, the Indians having won more and lost one more game than their rivals. New York had a percentage of .63194 and Cleveland .63013.

First Inning. Cleveland-Jamison was a strikeout victim. Wamby ate up Pipp's error of fielding three balls out and Wamby stole second. Smith also fanned.

Second Inning. New York-Miller fouled out to O'Neil. Wood made a striking catch of Peck's ball. Ruth struck out first on four pitched balls. Meusel forced Ruth, Swell and Wamby.

Third Inning. Cleveland-Gardner crashed a single into right. Sewell forced Gardner at second. McNally to Ward. Johnson popped to McNally. O'Neill walked. Coveleski fanned.

Fourth Inning. New York-Pipp sent out a fly to Wood. Swin threw a ball to Pipp. Pipp and also took McNally's lousy drive.

Fifth Inning. Cleveland-Jamison walked to first. Wamby sacrificed. Hoyt to Pipp. McNally took Wood's roller and threw him out on a dazzling play. Ward threw to Pipp. New York-Wamby took Schang's grounder and threw him out. Hoyt belted to Smith. Miller fanned.

French Suspicious Aroused by Death-Dealing Explosion

PARIS, (AP)—French government officials have begun an investigation at Oppau, Germany, where several hundred persons were killed by an explosion on Wednesday morning, and are trying to determine whether secret war stores and munitions had been clandestinely manufactured there, says a Mayence dispatch to the Journal.

The committee tried to have the treaty endorsed in open session. Senator Borah indicated that he would carry his fight against ratification of the senate floor where debate is expected to begin within a few days. The committee tried to have the treaty endorsed in open session.

Senator Johnson indicated that the treaty would include "participation" as well as representation. Senator Borah to Continue Fight. ITALY DEMANDS GREATER SHARE IN LEAGUE COST

Proposal to Assign Nation to Second Category in Determination of Expenditures Occasions Indignation

ROME, (AP)—Much indignation has been expressed in Italy by the proposal that, in determining the expenses of the league of nations, Italy should be assigned to the second category.

Hurt National Pride.
The Italian's national pride has been hurt by the suggestion and columns have appeared in the press protesting against the idea of relegating the country to a position inferior to other great powers. According to the suggestion, Great Britain and France would be placed in the first category while Italy and Japan would occupy the second. The price of being registered in the first category is \$300,000 francs a year while those of the second pay but 1,600,000 francs a year.

The league gave expression to its feelings in this manner.
This idea is exceptionally unpleasant to Italy which has so potently contributed to the victory cannot see herself assigned to the second category as a nation which spent little money to a nation which spent more.
Then too, the fact that most of the organization and secretariats of the league are in the hands of the British constitutes another source of complaint. It is pointed out that the secretariat of the league consists of 170 members, of whom 80 are English and 50 French while Italy has no more than a dozen.

Interests at Stake.
"After France and England have mobilized nearly all the officers, after the British empire has succeeded in having seven votes in the assembly, it could not happen otherwise than Italy is assigned to the second category," says one commentator. "If there were a greater material potentiality, it is at least necessary that Italy safeguard her moral position by not allowing herself an inferior position to the others."

NOTED FRENCH AVIATOR KILLED AT RACE MEET

Captain Bernard de Romanel, holder of the world's speed record, falls to death at Etampes.

ETAMPES, France, (AP)—Captain Bernard de Romanel, the noted French aviator, holder of the world's speed record, was instantly killed here today while taking part in the elimination races for the Deutsch de la Meurthe cups. Romanel's machine tore while he was flying more than 150 miles an hour at a height of 650 feet, and the plane fell. The machine was built from which the lower plane had been removed to obtain greater speed.

Captain de Romanel's world record for speed was established on November 4 last, when at the Buc Airfield, near Paris, he flew over a measure kilometer at the rate of 309 kilometers, 12 meters the distance in 11 65-100 seconds.

OPEN SHOP FIGHT LOOMS IN PRINTING INDUSTRY

Officials of International and New York Typographical Unions Meet to Consider Employers' Terms

NEW YORK, (AP)—Possibility of an open shop fight in the printing industry here faced the executive council of the International Typographical union and officers of "Big Six" local union yesterday, when they met to consider demands of employing printers for arbitration of a new wage scale, effective October 1.

The Ideal Purgative
As a purgative, Chamberlain's Tablets are the exact thing required. Strong enough for the most robust, mild enough for children. The cause an agreeable movement of the bowels without any of that terrible griping. They are easy and pleasant to take and agreeable in effect.—Adv.

ARIZONA COPPER STOCK IS INVOLVED IN TRADE

Phelps-Dodge Corporation Offers to Take Over Mines and Railroads

NEW YORK, (AP)—The Phelps Dodge corporation, it was learned here today, has made a proposition to take over the mines and railroads of the Arizona Copper company in Arizona on the basis of an exchange of the Arizona company's stock for that of the Phelps Dodge corporation.

The exact terms of the proposed exchange have not been disclosed. Stockholders of the Arizona company are to vote on the proposition in Yuliburg on October 3. In trade circles it is understood that the absorption of the foreign-owned company has virtually been completed.

LONDON, (AP)—An Edinburgh dispatch to the London Times says that the directors of the Arizona Copper company, in a statement issued to the shareholders, announce the terms on which the property is to be acquired by the American Phelps-Dodge corporation. The terms include the sale of the whole undertaking, excepting the Edinburgh office and the right to certain British tax recoveries.

NATURE BEST GUIDE IN MARRIAGE, SAYS DARWIN

Purpose of Eugenics Only to Purify Relation, Scientist Tells Conclave

NEW YORK, (AP)—True lovers need not shy off at mention of the word "eugenics." Eugenics do not desire to abolish love as a guide to the selection of mates in marriage, but only wish to purify it of all harmful effects. This is the reassuring message broadcast to American young men and women by Major Leonard Darwin, one of England's leading eugenicists, and son of Charles Darwin, originator of the theory of evolution, in a speech he spoke before the second international congress of eugenics which opened last night.

"If young people were always allowed to follow their natural inclinations," he declared, "their mating usually would be wise from the standpoint of eugenics." But marriages which are not for wealth or social position do not tend to better the human race. "Dr. Charles B. Davenport, director of the department of genetics at Cold Spring Harbor, N. Y., presiding, ultimate extinction of the human race, declared the application of eugenic principles would save off the end for many centuries."

VOGUE OF KNOCKERS FOR WOMEN SWEEPERS GOITLAM

NEW YORK, (AP)—The vogue for knockers for women in sports is increasing here, manufacturers and stylists report. They may even prove popular for women driving cars about town and for those who take exercise by walking around the Central Park reservoir instead of galloping thereabout arrayed in breeches and mottled a horse.

But—no fear for business women generally of for shopping trips here, as recently suggested in Chicago, it just isn't being done.

RAILWAY TRAFFIC RESUMES LINE SOUTH OF NUEVO LAREDO

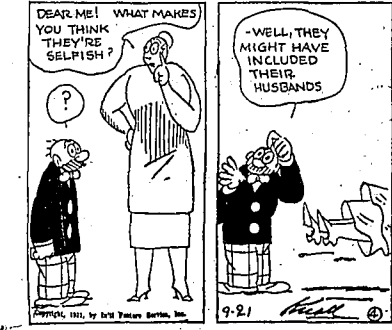

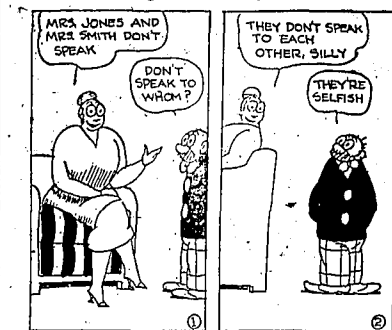

LAREDO, Texas, (AP)—Traffic on Mexican railways south of Nuevo Laredo is open, it having been closed since last December. Local railway agents reported all cars billed for Mexico have been moved to Nuevo Laredo.

The Rostercrucians.

The Rostercrucians were members of a mystic secret society which became known to the public early in the Seventeenth century, and was alleged to have been founded by a German noble called, Christian Rosenkreuz in 1383. He was said to have died at the age of 108. The Rostercrucians pretended to be able to transmute metals, to prolong life and to know what was passing in distant places. Their secret was never revealed, if there was one to reveal. The society is said to have died out in the Eighteenth century.

Let the Wedding Bells Ring Out

HIGH SCHOOL NOTES

The final elections were held Wednesday afternoon during the fifth period. The officers of the senior class are: Delo Starr, president; Violet Holterman, secretary; Robert Nielsen, Lillian Lind and Helen Keniston, counselors. The junior officers are: John McMartin, president; Margaret Dunlop, counselor; Edna Duke, secretary. The sophomores elected Moroni Jamson as president, and Martha Fox, secretary. The freshman officers are: Jack Corcoran, president; Robert Fix, secretary.

There will be no regular assembly this week because of other things to take up during the fifth period each day.

Salt Telling of Storm's Approach.
Salt is extremely sensitive to air changes. A very cheap, pretty and effective barometer can be made with a bunch of colored ribbons or a spray of flowers. Soak your ribbons or flowers in strong salt water, dry them on the hot stand in the hall. Your ribbons or flowers will be dry and crisp when weather prospects are good. But when your barometer becomes moist and limp you will soon need your umbrella.

No Substitute Offered
Say what you will about druggists offering something "just as good" as the real thing, the fact still stands that ninety nine out of a hundred druggists recommend Chamberlain's Colic and Diarrhoea Remedy when the best medicine for diarrhoea is urged for, and do so because they know from their own customers' say of it, that it can be depended upon.—Adv.

At Last Twin Falls is to Have a Real Under Priced Store

A STORE WHERE YOU CAN BUY BETTER GOODS FOR LESS.

Why I Will Be Able to Sell For Less
Doing away with all useless expense and extravagance will bring MY PRICES DOWN. I will have no HIGH RENT to pay, NO EXPENSIVE FIXTURES, no HIGH PRICED MANAGERS OR BUYERS to pay, no window trimmers or other "extras" to pay. Selling for cash means there will be no bookkeepers and no credit accounts. Therefore NO BAD DEBTS. Besides I will be satisfied with ONE SMALL PROFIT. All of which will bring MY PRICES DOWN and insure you the greatest values this city has ever known in Dry Goods, Women's Ready to Wear and Men's Furnishings.

A week or ten days will see this little expense store of mine open and all I am going to do is ask you to look and you won't be urged to buy. I thank you.

ACID THROWN BY WIFE CAUSES DEATH OF MAN

Mrs. Derr Says Husband's At- tentions to Other Women Caused Her Act

AKRON, O., (AP)—Mrs. Minnie L. Derr, 42, was in the People's hospital today suffering from a nervous collapse following her accidental coffee poisoning last night to the throat of acid to the face of her husband, Alvin R. Derr, Akron business man, who died from inhaling the poisonous fumes.

A charge of murder was entered against her on the police court docket.

Mrs. Derr, arrested in her home, following funeral services over her husband's body yesterday afternoon, broke down under questioning last night and shrieked: "Yes, I threw it."

"Oh, God—I didn't mean to kill him, I didn't want to kill him," she moaned, and then fell in a faint on the floor.

In an adjoining room her four children heard the screams which marked the last night to the throat of acid to the face of her husband, who was refused to believe their mother was guilty.

The fourth, Harry, aged 20 years, smiled grimly.

"Don't blame my mother for cutting the door of my room," he told officers following the confession. "I did that but I never would have told, no matter how much I might have been tortured."

A home made unhappy through her husband's attentions to other women was the cause for her act, Mrs. Derr confessed.

"We had quarreled after we returned home last Saturday night," she said. "I did not sleep the rest of the night."

The acid was thrown upon Derr as he slept early Sunday morning.

NATIONAL EDUCATORS TO ATTEND CONVENTION

Pedagogues from All Over the Country to be at the State Teachers' Meeting

Fourteen educational specialists, including both state educators and national experts from Washington, D. C., and other colleges will appear before the Teachers' Joint Institute and the convention of the southwestern section of the State Teachers' association in Boise on October 3 to 7, inclusive.

Included in the list of educators who will speak are Dr. E. A. Bryan, Idaho commissioner of education; Miss Ethel Bechtel, state superintendent of public schools; Dr. Byron W. King, president of the King School of Expression, Pittsburgh, Pa.; J. C. Muerman, specialist in rural education from the national bureau of education at Washington; J. W. Seaton, professor of English at the Nebraska State university; President C. B. Francis, Idaho Technical Institute; P. J. Zimmers, superintendent of schools for Boise, and others.

Sessions will be held in the Congregational church in Boise, while section meetings will be held in the Boise high school rooms. There will be no school while the convention is in progress.

According to the published program, the management of the convention is held jointly by a committee of the ten county school superintendents as an auxiliary committee, together with a district association committee composed of ten county representatives under the leadership of J. J. Doe of Caldwell.

Reserves

Many corporations and business men have been able to weather the late year of strain because of reserves which they had built from previous years. Such a reserve is useless unless it can be turned to account when needed.

The Twin Falls Tract is now harvesting what will probably be the largest crop it has produced. There will be many farmers again in possession of surplus funds. Now is the time to start such a reserve.

A savings account is the place to put this money for it will be at your service when needed.

FEDERAL LICENSES FOR AVIATORS RECOMMENDED

Necessity for Strict Regulations for
Plyers is Pointed Out by Holder
of Airplane Record

KOKOMO, Ind., (AP)—Federal licensing of pilots after rigid examinations was proposed at the congress of aviators being held here today under the auspices of the local chamber of commerce. More than 100 pilots from flying schools throughout the United States are attending the congress.

Necessity for strict regulations for pilots was pointed out in an address delivered yesterday by R. H. Schroeder, holder of the world's altitude record.

The air congress will continue throughout today and tomorrow. A program of stunt and altitude flying is planned for this afternoon.

SCHOOL AUTHORITIES MUST GO INTO COURT

O. A. Robinson Carries Question of Promotion for Daugh- ter to Babcock

Members of the board of trustees of Independent School district, No. 1, must either admit Bernice Robinson to promotion from the fourth to fifth grade of the local grade schools to fifth B in school, or take her before Judge W. A. Babcock of the district court at 10 o'clock on the morning of September 30 to show cause why the court should not issue an order of compulsion.

Order to this effect has been issued by Judge Babcock in compliance with a petition presented by John W. Gram, attorney for Clarence A. Robinson, as natural guardian of Bernice Robinson, 12-year-old daughter of the petitioner. The latter has applied for a writ of mandamus forcing the issue after having been denied the promotion for his daughter by School Superintendent C. C. Mitchell, and Miss Elizabeth H. Stetwell, school superintendent of the district.

He also named defendants in the suit. The board of trustees, by action taken last Saturday night, sustained the school officials.

LICENSED TO WED

Marriage licenses were issued by the county clerk yesterday to the following couples: Arthur E. Williams and Lloyd Donnell Hill and Lorna Mae Davault, both of Piler; Benjamin F. Stephens and Edith Irene Telford, both of Twin Falls. The latter couple appeared at the rectory of the Church of the Ascension where the wedding ceremony was performed in the church by the Rev. Charles Glenn Baird.

CHARGES AGAINST FARMER

Complaint has been filed in the prothonotary court against T. E. Miller, a native-born farmer, charging issuance of fraudulent bank checks. The complaining witness in this case is Walter Jones, who alleges Miller gave him 10 checks for \$15 which proved to be worthless. A similar action has been pending in the same court some weeks. W. H. Bruce being the complaining witness. In this instance the sum is \$10 is involved.

HEAR RIGHT OF WAY SUIT

Judge W. A. Babcock, presiding in the district court yesterday heard testimony and arguments in an action brought by the Twin Falls highway district against B. A. Van Meter. The action involves right of way over the defendant's property south of the sugar factory. The plaintiff district seeks to condemn a portion of the property for highway purposes.

Woman, Lovely Woman.
It takes a woman longer to make up
her mind than it does to make up her face,
but with either she usually gets what she
is aiming at.—Florida Times-Union.

FILER

FILER, Idaho—The Filer district was visited on Monday by a terrific windstorm, considerable damage was done about town to trees and small buildings. At the fair grounds the grandstand was blown onto the race track filling in the grandstand. The grandstand was a large barn belonging to H. H. Schillman was also destroyed. Scott McCleary reports the loss of several hundred bushels of apples. The peach crop was almost totally destroyed throughout this district.

Mrs. Robert Leo and small son Bobby of Contact River, Ore., who visited with friends here the past week, left Sun for Boise where she will visit her mother, Mrs. Dora Schaefer, before returning home.

Mrs. W. J. Kitch had small son Billy of Philadelphia who are visiting relatives and friends in the Twin Falls district attended the fair here last Friday and visited a short time with Mrs. J. P. Stollery.

Little Lawrence Edwards had his arm sprained badly while playing recently.

Lester Musser has taken over the mail route, formerly driven by Harold Moore.

A. E. Beem has returned from Pick-bane, Colo., where Mrs. Beem and baby are visiting relatives and friends.

Miss Audrey McCaw and B. E. Carter were Twin Falls visitors Monday.

J. E. Loggins under a business trip to Powell the last of the week.

Lester Aid was taken to the county hospital Tuesday. Mr. Aid has been ill for some time.

Mrs. Elizabeth Showers arrived here last week from Carson City, Nev. She will remain indefinitely at the T. E. Moore's home.

Lester Aid was taken to the county hospital last week.

Grand Mrs. C. Peterson, Mr. and Mrs. Magnus Larsen and children, Mrs. Verna Larsen and daughter Virginia and Mr. and Mrs. Henry Hansen and children and Mr. and Mrs. C. J. Domer's home.

Friends of Mary Pearl Fisher were surprised to learn of her marriage on Monday to Fred Tyler of the Crystal Springs Orchard company.

Mr. and Mrs. W. A. Colner are the

parents of a daughter born Monday, Mrs. Colner was formerly Mrs. Marietta Dettwiler.

ROCK CREEK

ROCK CREEK—The Ladies' club met with Mrs. D. M. Albee Friday. Mrs. Oni Larsen will have the next meeting of the club.

Mary Van Eaton of Jarbridge was visiting her mother, Mrs. Ed Demore for a few days this week. Little Ada, literary accompanied her home.

Ben Van Eaton and daughter Lena of Contact, Nev., spent Sunday visiting relatives here. Miss Virgie Van Eaton is attending high school in Salt Lake this winter.

Mr. and Mrs. Jewett of Hollister were here on Sunday.

Viggo Rasmussen went to Metropolis, Mo., Tuesday to attend the funeral of Wesley Hyde.

Mr. and Mrs. Edgar Owen are the parents of a boy born September 19. The windstorm did much damage to fruit, seed and hay stacks in the vicinity.

Mrs. C. L. Dean's son of Texas is visiting here this week.

Evers Thompson of Twin Falls is visiting at the A. Jones home.

INDIANS SIGN BUSHES

CLEVELAND, O., (AP)—Ralph L. Harwood of Three Forks, Mont., a semi-professional pitcher, has been signed by the Cleveland baseball club, it was announced today. He will join the Indians next spring.

Brief Bits of Sport

Tular, tomorrow and Sunday will decide which team, Tular or Yanks is the better.

The two leaders of the American league are in a three-day struggle which should demonstrate the right to go into the world series with the National league champions.

Our kick is Cleveland; what's yours?

Al Nelson, Idaho lightweight, is still in the game, meeting fourth-rounders, but compiling no impressive record.

weight, the other night in Peasotto, won a decision over Joe Lynch, of San Francisco, in 12 rounds.

The world series arrangements committee is in session with nothing to do as far as concerns a schedule of play. Contenders have not been decided upon as yet.

From Berkeley comes announcement that "Speed" Newman has made a permanent place on one of the varsity teams. It is said the coach is going to make a half back out of the star quarterback of Idaho last year.

A grappling match has been arranged between two former holders of the heavyweight title, Joe Stecher and "Strangler" Lewis.

The former lost the championship to Gene Tunney, who, in turn, was defeated by Stanislaus Zyrzko, who has taken the title to Poland for display.

plied locally upon request.

THE CAR SITUATION

In coping with the car shortage situation, the lately or-
ganized Southern Idaho Traffic Association has an im-
portant mission to perform, and recent developments in-
dicate that the Association is not falling down on the
job.

That some shippers have experienced inability to ob-
tain cars promptly is not to be doubted, but there should
never have been basis for belief that sufficient cars
were not at the disposal of the railroad companies nor
for any uncertainty about their ability to furnish cars
when demand was made for them in connection with ad-
equate statement of necessity for them.

This mission the Association has performed and is per-
forming with so great a degree of success that it is to the
interest of any shipper, before separating of obtaining
needed cars, at least to consult the Association officials.

In this way growers and shippers may depend upon ob-
taining trustworthy information on the subject and it
may be the means of saving considerable real money.

HOW THEY HATE US!

According to some correspondents at Geneva, America
was "never so thoroughly hated" by the people of Europe,
both former companions in arms and former foes.
This hostility is attributed to our refusal to tie ourselves
up to the League of Nations. The League admittedly is
far from an entire success and these correspondents say
America is blamed for its failures.

They hate us, eh? Well, let us see. The other day the
French government, through a cabinet minister, expressed
its gratitude to the women of America for their inex-
haustible services in the reconstruction of homes destroyed
by the German invaders. France will never forget, he
said, the debt it owes to America and especially to its
women who have given so freely, not only of their money,
but of their time and energy and peculiar sympathetic
talents to the reconstruction of the homes of her poor
ants.

One American woman restored an entire town includ-
ing not only the dwellings but the public buildings. Anne
Morgan supervised the activities of an association which
has accomplished wonders in the devastated districts. A
delegation of members of the American Legion has just
returned from a three weeks' tour of France and Bel-
gium and its commander reports that its welcome every-
where was "unapproached by any reception in these na-
tions ever before accorded a party of unofficial visitors
from a foreign country." Throughout their brief trip
they were overwhelmed with kindness from their enthu-
siastic hosts. Everywhere they were recognized as repre-
sentatives of the force that saved Europe for civilization.
The peoples of France and Belgium could not do too much
for them.

And Russia! The people there, who are being rescued
from the famine which resulted from the bolshevik tyr-
anny and misrule, do not exactly hate the agents of the
American relief administration.

THE ARBUCKLE ORGIES

What the demand for censorship never could accom-
plish, because censorship is un-American and contrary to
American institutions, promises to be accomplished and
most thoroughly accomplished through the revelations of
the Arbuckle case. The wide world was so shocked when
the spotlight was turned upon the orgies of some of the
elect in movieland that the moral reaction is bound to be
wreaking.

Here we have at last a view of the atmosphere in which
some of the motion pictures are produced. Here we have
the fundamental reason for the demand for censorship.

Dream Love.
To dream you are at the equator
signifies an abundance of the neces-
saries of life. To dream it is a good
omen, as it promises good weather and
fine crops. To merchants it foretells a
decrease in business. To cross the
equator in a ship, riches if the ship
is North bound; poverty if South
bound. To see a man where the equa-
tor is, denotes good business quali-
fications, success in commercial life.

Possibility of Another Ice Age.
A succession of such eruptions as
that of the Mt. Katmai volcano in
Alaska in June, 1912, would plunge
the earth into another ice age by re-
flecting the sun's temperature to a low
degree on earth. Dr. Robert E. Griggs
said before the American Association
for Advancement of Science.
What is useless to you may be val-
uable to others—advertise it in this
classified.

Here we have a fair perspective of the difficulties con-
fronting the exhibitor, at whom the demand for censor-
ship has been aimed so generally. And, turning from the
cosplay in which at least a certain proportion of the pic-
tures are created, one wonders less at the embarrassments
of those who seek through this medium to give the people
clean and wholesome entertainment.

The reaction from the Arbuckle revelations already has
begun. That it will reach through the whole film zone
can be doubted. And that out of it will come a reform pre-
cussible possibly in no other way appears reasonably certain.

OPINIONS REPRINTED

Washington Post: "America is a free country, and the
guarantee of life, liberty and the pursuit of happiness is
so broad that it frequently invites abuse from those who
are discontented and easily led. Calamity howlers go un-
hindered up and down the country, shouting their jere-
mias, conspirators plot their revolutions, agitators rally
against the existing order of things and gloomy pessimists
indulge in dark prophecies—all under the constitution's
nominal guaranty of freedom of speech. They are enemies
of the nation. But there is a way to suppress all such
enemies, and that is through the power of public senti-
ment. Public sentiment can be molded through no more
appropriate agency than the 4,000,000 men who took up
arms for the defense of the nation. They can bring the
professor to book; they can silence the agitator who ar-
rays class against class. They can silence the doubting
Thomas, they can drive crooked politicians from public
life, and they can scotch the snake of bolshevism. The
"well-meaning" posturing affect upon the national life
which they apparently do not yet realize, but which offers
for them the opportunity for service unparalleled in his-
tory."

National Republican: The plea of the financial inter-
nationalists is that we must help Europe. America has
already made tremendous sacrifices for the rest of the
world, and it is not fair to ask her to do more. The
idea of saving Europe from conquest by one great military
and industrial power. While the other victors in the World
War were dividing up territory, shipping and trade zones
from the enemy, this nation asked nothing, and got
nothing. That this government should help Europe and the rest
of the world to the extent of refusing to protect from
disastrous industrial invasion the hundred million Amer-
icans who must be depended on to maintain this republic
in this emergency, courageously and with the object of
an altruistic, but an unattractive proposal.

More Truth Than Poetry

A CHANCE FOR SCIENCE

By S. E. KISBER
YOUNG Birney's wife is looking pale and sad;
She's given up her job at Stout & Strong's;
The doctor tells her that her lungs are bad,
And says a mountain top's where she be-
longs;
But Birney, with an income that is small,
Is not permitting care to cloud his face;
"The Xanks," he says, "are in the fight this
fall,
And see how Ruth is keeping up the pace."

BOB GIBBS IS NOT IN FAVOR WITH THE BOYS

It seems that Bob has made some bad mis-
takes;
One cost the firm a pretty heavy loss,
But Bob ignores the difference it makes.
His job is secondary, so it seems,
The baseball score is first to claim his
thought;
He knows the faults and merits of the teams,
The players' nicknames and such tommy-
rot.

JOE DANFORTH'S holding down the same old chair

He occupied the first time Wilson ran;
He never gets ahead, but doesn't care,
And sneaks away to ball games when he
can.
Devoting slight attention to his job,
He knows exactly where the players stand;
Name Hornsby, Speaker, Collins, Boush or Cobb,
He'll tell you each one's average, offhand.

POOR BIRNEY never learned to curve a ball, and Gibbs has never bumped one with a bat

Joe Danforth has no aptitude at all
For sliding down to base—he's too fat!
But Birney ranks the game above his wife,
And Gibbs thinks only baseball day by day;
It's first of all the things in Danforth's life;
I sometimes wonder how men get that way.

It may be foolishness; perhaps it's fate;
But will the doctors tell us, if they please,
Just why it is they never operate
In order to be curing this disease!

Revealing Their Worth.
The rich historical genius, to our
thinking, is that which can be seen
in the noble meaning of events that are
real, as the true poet is he who detects
the divine in the casual; and we some-
what suspect the depth of his insight
into the past, who cannot recognize
the godlike of today under that di-
vine in which it always visits us—
Lowell.

Died With Their Pray.
In the extraordinary tradition beds at
Lompoc, Santa Barbara county, Cal-
ifornia, occur untold millions of skele-
tons of a small herring, while in the
upper strata are many remains of pre-
historic fish which had entered what
was once a herring-shaped bay in order
to feed on botulism. This is evident
from the fact that only of the skeletons
of a large mackerel had two herring
skeletons in what was once its
stomach.

TURK LOSING HOLD IN EUROPE

Vast Empire Once Under the Crescent
Has Been Slowly Undoing Since
the Year 1699.

Those who have in hopes that Tur-
key might take herself, "bag and baggage,
out of everything" and have
sent a setback to their hopes in the
Sovres revision, can cheer up a bit
by looking at the map, says the
Chicago Science Monitor. The chart
of the Ottoman empire as it has ex-
isted since 1699 presents, indeed, a
hopeful sight. The empire slowly and
surely has been going back to first
things. The crumbling began in 1699,
when Transylvania, Slovakia and a
chunk of Poland and Hungary were
lost. The Banat went in 1717, the
Bukovina in 1776, the Taurida and the
Crimea in 1783, and the Odessa dis-
trict in 1792. The next century was
even more disastrous for Turkey, who
lost Bessarabia in 1812, a part of
Serbia in 1817, Georgia and Greece
in 1829, Algeria in 1830, Bulgaria in
1878, northern Armenia, Rumania and
some of Serbia in 1878, Tunisia and
Egypt in 1882. Nor has the present century
been behind its predecessor. Libya
was a great loss in 1912, following the
annexation by Austria in 1908 of
Bosnia and Herzegovina; 1919 proved
particularly unfortunate for the Turks
in the Balkans, and last year they
slipped from their grasp the Hedjaz,
Mesopotamia, Syria, Palestine, the
strips along the Persian gulf, Smyrna
and some of Armenia. It is a tale
of "constant disaster."

Safety-First Doors

Nearly every one suffers pangs of
anxiety when they see a child leaning
far out of a railway carriage window
or pressing with its full weight
against a door. Soon parents will not
need to tell their children to "come
away at once!" for an automatic locking
device has been designed by a
member of the Inglemunking Dock staff
of the Great Central Railway com-
pany.

By this new invention the carriage
door automatically locks itself, and
cannot be opened when the train is in
motion, except by a special key, which
will be in charge of the guard. This
key will unlock the doors even if they
have been strained by intent or
accident, and when the train slows
down the doors automatically unlock
themselves.

It Was Up to Her.

A woman had just been hurt and
carried into the drug store when the
girl reporter dashed up. She gathered
up the particulars from one who had
witnessed the accident and then went
after details. First came the woman's
name. She asked several persons and
then a man who had been listening to
her questions said irritably, "Oh,
you curious woman! Why don't you
wait until tonight. We can read all
about it in the paper then."

"No you can't," she returned hotly,
"not unless I find out and write it!"
Exchange.

What is useless to you may be val-
uable to others—advertise it in this
classified.

CHANGE MADE FOR TOURISTS

Pictures in Museum of the Louvre
"Standardized" With Idea of
"Pleasing Americans."

Even that sedate, historic pile, the
Museum of the Louvre, has not oc-
cupied the effects of the "preparation"
which all Paris has been undergoing
for the reception of the American tour-
ist. It was decided some time ago
that the old method of hanging the
pictures according to their merits and
according to the lighting effect de-
sired was too haphazard and too prone
to confuse the visitor who was un-
familiar with the old works, their period
and school. Some one suggested
"standardization." There was a howl
from the French press, which shrunk
from the thought of touching even a
picture cord in the famous gallery, but
the thought was advanced that if the
coming thousands of American visit-
ors to Paris were to properly enjoy
the pictures they should be properly
classified according to their period and
school. This has been done, and now
one passes through the big rooms as
one might a department store. Here
are works of the early Italian paint-
ers, here those of the Italian renaissance,
there those of the early Flemish
school and there the products of
early Spanish genius. The Louvre,
of course, is a sacred rite. Now it's a
rite simplified, standardized and some-
what stereotyped. Some pictures
which require strong light are almost
in the dark, and others which would
benefit by a somber surrounding suf-
fer a glare. The guide calls this a
"system American." Despite it the
Louvre remains a rare treat—World
Traveler.

English Cattle Importation.
The importation of horned cattle
from Ireland and Scotland to England
was prohibited by law in 1603, but
later the law was repealed and the
importations were very large, but not
until 1842 did England receive im-
portations of cattle from foreign
countries, and until 1846 levied a con-
siderable tax on each animal im-
ported.

CHILD WELFARE CLINICS FIGURE IN DAIRY SHOW

Elaborate Arrangements Made for National Exposition... at St. Paul

ST. PAUL, Minn. (AP)—Approximately 1500 head of blooded cattle, an exhibit of dairy industrial machinery occupying more than 150,000 square feet of floor space, exhibits of milk products from all the principal producing states of the country and many foreign nations, lectures by experts in various phases of the industry in the United States, demonstrations of all sorts and child welfare clinics are some of the outstanding features of the National Dairy show which is to be held at the Minnesota fair grounds here October 3 to 15.

Never before in the 15 years of its existence, according to those in charge of the show, has such an array of exhibits been assembled for the edification of visitors to the display. Every device and appliance known in the care of cattle and the production of milk will be on exhibition.

The display will point out the evolution of the dairying industry from the simple plow and humble milking stool to the automatic milker, refrigerating plants, separators, and complex creamery machinery.

Student cattle judging, domestic science demonstrations, work of cost testing associations and activities of the Rush and Calf club also will offer many attractions for the expected half million visitors to the shows and the 17 allied conventions which will be held concurrently.

The United States government will have a \$25,000 educational exhibit at the show and leading nations in the butter and cheese industry will also be represented by sample showings of their products.

Every national and state cattle association will have headquarters at the show with special days for exhibition of each breed of livestock. Many counties in northwestern states are planning special "county days" and are organizing their excursions with a view to these dates.

Illic Universal Favorite. From the wilds of Persia and southern Asia the illic has traveled to Europe and America as a universal favorite of the springtime or illic time as the Puritans called it. It was these sturdy religionists who first brought it to America and planted it perhaps as a reminder of England, or possibly because of its sweet scent, its glorious purple, and its pure, simple, yet oftentimes awkward beauty.

What is useless to you may be valuable to others — advertise it in the classified.

PROPOSES GRADUATED TAX ON CORPORATIONS

Senator Walsh Offers Substitute for Republican Plan of 15 Per Cent Flat Levy

WASHINGTON, (AP)—A graduated tax on corporations in lieu of the republican plan for a flat fifteen per cent levy is proposed in an amendment to the tax revision bill offered yesterday by Senator Walsh, democrat, Massachusetts, in collaboration with Senator Gerry, democrat, Rhode Island. Under the amendment corporations having net incomes of \$10,000 or less would pay at the rate of ten per cent, those having incomes from \$10,000 to \$300,000 at 15 per cent and those having incomes above \$300,000 at 20 per cent.

Senators Gerry and Walsh sponsored another amendment proposing reduction in the normal income tax for individuals to two per cent in the case of persons having incomes of \$5,000 or less; four per cent for incomes from \$5,000 to \$10,000 and six per cent for incomes from \$10,000 to \$15,000.

VARSITY ENROLLMENT SHOWS BIG INCREASE

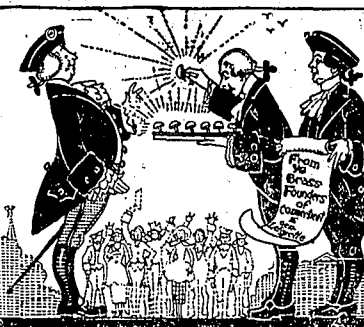

Registration is 850 Against 603 in 1920—Twin Falls is Represented

UNIVERSITY OF IDAHO, Moscow, (Special).—Declined increase in the enrollment this year at the University of Idaho was indicated by the registration of 850 students in the first two registration days, as compared with 603 in the first two days of last year. The number of new students was 421, as compared with 311 new students in the first two days a year ago.

Students registering from Twin Falls were: Thelma Eno Weinberger, Helene Weinberger, Paul P. Brier, Lynn G. Beachkamp, Olive Shelby, Gene Egan Monte, John Hill, Lonnie Hackman, Eugene E. Ostropfer, May Ellen Arnold, George Barton, Baker, Francis Shenberg, Annabelle McMaster, Polly Thomas, Glenn R. Wilkison, Paul Ellis, Ralph Bristol, Oscar Neuman, Elmer Wymal, Florence Glenn, Charles E. Phinney, Winnet J. Osborn, Louise McMartin, Carl Brown, Esther McRobert, Vaughn Price, Michael Thomet, James Milford, Vernon R. Walters.

A Pronounced Success. The uniform success that has attended the use of Chamberlain's Colic and Diarrhoea Remedy in the relief and cure of bowel complaints, both for children and adults, has brought it into almost universal use, so that it is practically without a rival and as everyone who has used it knows, it is without an equal.—Adv.

Hessian Relics Dug Up On Broadway Recall Romance Of Yankee Brass

General Lafayette Accepts a Set of Gold Buttons from America's Brass Manufacturers

UNEARTHING of a quantity of brass buttons on Broadway in upper New York recently, led to an investigation which proved that they were buttons from Hessian uniforms worn in the days of the Revolution. They were in perfect condition, the regimental insignias clearly discernible. The brass buttons of the policeman are about the only ones now in use, particularly since soldiers have taken to buttons of copper color, but back in 1820 the brass button of the dandy's coat and waistcoat helped to lay the foundation of what is now one of America's greatest industries.

Instead of farming, the people of sections of Connecticut took to making cloth buttons. Then the brass button became the style and they made brass ones by the bushel. They were so proud of their work that when Gen. Lafayette visited America in 1824 they made him a set of gold ones from dies cast in Washington.

By the time the button craze had gone, the sheet brass industry was strong enough to stand on its own infant legs. And it grew. Now one Connecticut factory covers a greater acreage than the original village. Many of the old brass buttons are still preserved by collectors.

Studebaker

LIGHT-SIX NOW \$1150

Why Studebaker can sell the LIGHT-SIX at the new low price

The LIGHT-SIX is built complete in the most modern automobile plant in the world, designed especially for the production of this car. Studebaker manufactures in this plant its own drop forgings; its own castings, stampings, motors, axles, transmissions; its own steering gears, springs, bodies, tops and other vital parts.

Under these favorable manufacturing conditions and because of its enormous production and standardized methods of manufacture, Studebaker is able to make important savings — these savings are reflected in the price of the car to you.

The LIGHT-SIX is a real step forward in automobile engineering. No other light, six-cylinder automobile yet produced has a motor so free from vibration, nor so flexible and powerful.

What you should know about the LIGHT-SIX

Power—40 H. P. in a detachable-head motor of great flexibility, remarkably free from vibration, and with the exclusive Studebaker inclined valve feature.

Economy—18 to 22 miles to the gallon—12,000 to 18,000 miles on tires.

Balance—You could cut the LIGHT-SIX in two parts or four parts and find that each section would weigh the same. Such perfect balance means steady road-holding—there is no side sway or creeping.

Comfort—Equal distribution of weight means easy riding and easy handling. The touch of one hand on the steering wheel is sufficient to keep it on the road.

See this car—drive it—test it. You will understand why it is the Studebaker ideal of what a light, six-cylinder car should be.

DATE SET FOR SERIES GAMES

League Presidents Arrange Details for Concluding Contests of Season

CHICAGO, (AP)—The world's series will start on October 5, it was announced here yesterday. The first game to be played on the home grounds of the National league pennant winner.

In the event that either Pittsburgh or Cleveland should win in their respective leagues, two games would be played in Pittsburgh and then two in Cleveland. The New York team is at present leading the two leagues.

The details of the series were arranged today at a meeting of the league presidents with Judge Kenesaw M. Landis, baseball commissioner.

Keyhole Wins Test

President John Heydler, of the Nationals, won the toss and the first game for his league.

Leslie O'Connor, secretary to Judge Landis, tossed the coin and Sam Johnson, president of the American league, called "heads." It fell "tails."

The commissioner and the league presidents fixed the prices for the series at from \$1 to \$6.

If one of both New York teams win the prices will be \$1 in the bleachers, \$3 for unserved seats in the upper grandstand; \$5 for lower grandstand reserved seats and \$8 in today's seats.

In the recent Cleveland wins bleachers will be \$6, reserved seats \$4 and \$5, pavilion seats \$2 and general admission \$1.

Cuts Price of Seats

The prices here do not represent a considerable reduction in the cheaper seats in other cities in New York. They have formerly sold at \$2 as compared to \$1 set for this year, while at Cleveland last year pavilion seats brought \$3 instead of the \$2 in today's seats and general admission was \$2 instead of \$1.

Sweden Drops Plans for Wireless to U. S.

STOCKHOLM, (AP)—The Swedish government has abandoned its plan to erect a big, high-powered wireless station to communicate with America. The appropriation which parliament had authorized for the construction of the station has been withdrawn.

The reason for this is that Sweden was unable to make a satisfactory traffic agreement with the Radio Corporation of America.

Sensational Suicide Ends Criminal Career

PALERMO, Italy, (AP)—When sentence of 20 years had been pronounced upon him the Italian "Bluebeard," Gaetano Varica, aged 49, arose in court and, with a dramatic gesture, addressed the jury saying:

"Gentlemen of the jury, this is my last crime."

Drawing a safety razor blade he cut his throat. He was dying when the guards reached him.

Second Woman Elected to House of Commons

LONDON, (AP)—Mrs. Margaret Winttringham, liberal, has been elected to the house of commons from the south division of Hampshire. It succeeded to her late husband, Tom Winttringham, she will be the second woman to take a seat in the commons, Lady Astor having been the first.

Mrs. Winttringham received 8336 votes; Sir Alan Haselwell, coalition unionist, 7295, and James George, labor, 5872.

And the Class Smiles

I was watching a class of senior boys and girls in high school. One boy annoyed me a great deal by putting his arm around the boy next to him and hugging him in a spineless fashion. At the end of my patience one day I exclaimed: "Would, if you can't keep your arms where they belong you'll have to sit here beside me."

SEEKS NEW MARKETS FOR ARIZONA'S COPPER CROP

Failure of Normal Demand Leads to Development of New Outlet

HISBER, Ariz., (AP)—If you can't find a market for your product, look for it. This is the underlying principle of a new voluntary organization recently formed in the Arizona copper district.

For months copper has been a drag on the market. There is a surplus of 300,000 tons of the great copper mining industry of this state has stagnated; men have been thrown out of employment; great pieces of expensive machinery are lying idle and depreciating in value without producing anything for the owners.

Now comes the Copper and Brass Research organization, headed by R. L. Adams, president of the Galfin and Hecia Mining company, and numbering among its members virtually all the great copper mining companies of the United States.

The purpose of the organization is to create new uses for copper so that the surplus now on the market may be cleaned up and a demand created for the ore itself.

One new use for copper is expected to be found in Arizona next year in plans for adapting copper for use in manufacture of automobile license plates, motor plates. It also is proposed to use copper plates in marking automobile highways.

The Key That Unlocks the Door to Long Life

The men of eighty-five and ninety years of age are not the rotund, well-fed, but thin, spare men, who live on a slender diet. Be careful as he will, however, a man past middle age will constantly eat the much or of an article of food not suited to his constitution, causing indigestion or constipation, and will need a dose of Chamberlain's Tablets to move his bowels and invigorate his stomach. When this is done, there is no reason why the average man should not live to a ripe old age.—Adv.

BLUFFED HIS WAY HOMEWARD

War Veteran, Stranded in China, Finally Got Back to the States on His Nerve.

Earl Stanley, young American war hero and world traveler, walked boldly up the gangway leading to the China mail liner, China, while the vessel was at Hongkong, presented his passports to the proper authorities, picked out a convenient officer's stateroom and deposited his two suitcases. This done, he picked out a bunk where he could take in his new surroundings and proceeded to make himself at home and comfortable.

For a period of 48 hours young Stanley enjoyed the hospitality of the vessel without any interference from the officers of the China. Then one day, when he was asked where his ticket was, who he was, whether he was going and a lot of other questions.

To the first interrogation he nonchalantly told the interviewer that he did not have a ticket calling for his passage, what his name was, and that he lived in Pasadena, Cal., with San Francisco as his port of bidding adieu to the China. He also volunteered the information that he was a student at Occidental college before the traveling bug entered his head.

Stanley's chances of reaching his desired destination were slim, as he would be ejected from the vessel at one of the nearby ports, when Capt. J. C. Daily and Robert Pitt, traveling on the craft, appeared as happy meddlers. After hearing of Stanley's embarrassment they quickly settled the matter by arranging to pay his passage.

Stanley was with the aviation corps during the war and later started on his junket around the world. He met financial reverses when Hongkong was reached and was forced to make the last link of his trip by the method described.—San Francisco Chronicle.

FATAL FLAW IN HER BLUFF

Dilatory Young Woman Had Overlooked One Important Point, and It Spelled the Whole Thing.

She had just discovered a new way to fix her hair, a way that took at least half an hour longer than usual, and she was in a hurry to get ready for the morning. All the way down on the car she culminated her brain for a satisfactory excuse, but all the stock phrases sounded too weak, so she finally gave up in despair. Half-way down, however, she saw two fire-truck houses with one lino hose wagon standing in front and a crowd of curious visitors gazing at the wreck. "Ah!" she thought, "this is a good enough excuse for anyone!"

Arriving at the office, she did not even get the boss hint to comment on her late arrival, but burst excitedly in the room crying: "Oh, I saw the biggest fire! Two or three houses were burned down clear to the ground and the people were standing around, and the hose was across the track," etc., etc. As she gave a strange, incredulous look on the boss' face she incorporated the story until one would think it was a second Chicago fire. At last when she stopped for breath, she started to take her hat off with a self-satisfied, well-to-do-kent look, the boss picked up the newspaper and quietly said: "Yes, that happened yesterday."—Indianapolis News.

A Child's View.

A Columbus woman and her four-year-old daughter attended a moving picture show recently, and the picture developed rather an unexpected angle, in that a person who had appeared on the screen for some time, appeared to be the spirit of a man who had returned to earth in order to make a confession and right a wrong. The woman was discussing the picture with a friend, and both expressed amazement at the outcome of the story, saying they never had dreamed it was a man back from the grave.

The little girl, however, with intense interest, then said: "What's mother now that I think of it, I did think that man had a sort of moldy look."—Indianapolis News.

BOY SCOUTS

(Conducted by National Council of the Boy Scouts of America.)

SCOUTMASTERS WANTED.

"Fine work!" everybody said when the Pueblo boy scouts rose to the occasion in the emergency of the flood and went about aiding the police, rendering first aid and saving human lives at the risk of their own. "Wonderful movement!" we cry when we read how boy scouts' light-forest fires, act as traffic police, conduct city clean-ups, take the lead in safety-first and anti-poison and save-the-wild-flowers campaigns.

Again, when we happen to notice a scout giving his seat to a lady on a car, stopping to tell a stranger how to get to his destination, interrupting his job to help somebody fix a tire, jumping into the street to pick up a bit of broken glass or a banana skin, we are impressed by the spirit which actuates these lads. Though still just average youngsters, they are a little straighter, a little manlier because of the rigorous discipline of the boy scout training, a little more given to service because of the daily "good turn" boy scout motto. They would remember that without the scoutmaster's enthusiasm and devotion to the boys none of these results could be realized.

There are 16,855 scoutmasters in the United States serving 1,060,070 boys. They are busy men, all of them, doctors, lawyers, ministers, school teachers, business men, bankers, editors, electricians, photographers, giving their time, their energy, their best thought and services to scouting. But, despite all this devoted and patriotic work the country over there are hundreds of boys wishing to get into scouting who cannot do so because there are not enough leaders—that is, scoutmasters.

Let every live, red-blooded, boy-hearted man in America stop and ask himself whether he isn't letting a priceless opportunity pass by him if he isn't lining up with scouting, doing his bit for the boys of America who need his leadership.

BOY SCOUTS IN CAMP.

This is a Typical Scene of the Past Summer in Many Sections of the Country.

BY-PRODUCT OF SEA-SCOUT TRAINING.

Sea scouts are in addition to their technical water training, learning something that all good Americans prize as worth more than diamonds and gold, namely: Judgment.

Judgment! In a boat, as nowhere else on earth, Judgment for sea judgment is a prime necessity. Poor judgment brings your schooner boat's nose into the wharf—poor judgment leaves the water barrels empty, or worse, rocks the boat, drops oars overboard, or capsize. Good judgment means to a boy or man only after he has tried to fix-the-sharp-eyed old

POLLY AND HER PALS

BY CLIFF STEBBERT

CAR SHORTAGE IS MATERIALLY CHANGED TODAY

Railroad Delivers Unexpected Number of Refrigerators for Fruit Loading

Temporary relief of the car shortage in this district is announced by both Leonard Ward of the traffic association, and D. E. Sullivan, general agent of the O. S. L. Railway company. Thirty refrigerator cars were received locally last night and 20 more are to be delivered during the course of today.

How long the deliveries will be kept up at the rate of that night and today is a question neither the railroad officials nor the traffic association executives can at present answer, but, according to Mr. Sullivan, the change is favorable to improved service during the remainder of the rush fruit and potato shipping season.

Box Cars for Spuds

Assisting very materially in relieving the dire situation of several days ago is the release of rough box cars for potato loading. Refrigerator cars cannot be used for spud shipments, according to announcement.

General Agent Sullivan announces that in his belief the outlook is for an average daily supply of 25 cars for loading here. The total number of applications for the coming week is 153 cars of one sort or another. Estimates of the early shipping season set a figure that seemed easy to fill, and the state, but shipments have so far exceeded expectations of students of shipping problems, who tell of an addition of eight thousand cars for the estimate. A tremendous pruned crop caused the excess demand largely. From this time on pruned shipping will be lighter, on account of the ripening of the fruit, which must be cared for by shorter hauls. This, Mr. Sullivan declares, means quicker release of cars for further service.

It is believed that the potato crop in this district is not being seriously delayed by reason of car shortage, and wheat shipments have not been delayed to any great extent.

Bullion Explains

In a dispatch from the office of the Southern Idaho Traffic Association, Mr. Way, rate expert, says: "We are glad to advise that on the 22nd, there was a material increase in refrigerators delivered to the Twin Falls branch. We were promised 100 and received about 75. This practically doubled the amount received daily for the past week or ten days.

"The carriers advise they have plenty of rough box cars that might be used for potato loading. However, when we place orders for box cars for potato loading the carrier does not want to fill our order for old line loading. The situation seems to be the carriers are under contract with the Pacific Fruit Express people to furnish refrigerator cars. If they are not so furnished, the Pacific Fruit Express company is liable for damage to shipments in box cars. We understand that the matter is being thrashed out between the railroad and the Pacific Fruit Express company. Some definite conclusion will be reached within the next day or two. If it is determined that box cars may be used, we are advised there is quite a supply available for immediate loading.

"Some objection is being made on the part of shippers to loading of box cars, while others express a desire to use them between now and the first of October.

"We would be pleased to have you advise us on your views on the subject of loading potatoes in box cars, how many you can use between now and October first and what will be your daily requirements. Please rush this information to us."

TEMPERATURE'S DROP RUSHES FRUIT HARVEST

Warehouses are Jammed to Capacity with Apples—Car Shortage Felt

Apple packing houses in Twin Falls are among the busiest places in town these days. The recent cold snap accelerated the harvest, and apple pour into the warehouses all day long, coming by the wagon load, by the truck load and some come by several wagon loads trailing behind a truck.

All available space in the packing houses was filled several days ago and the overflow is being taken care of in various open obtainable anywhere in town. Basements and garages are being utilized and in many instances the fruit is merely stacked and the boxes covered in the orchards. Sorting is taking place in the fields in many instances as the space is not available in the packing houses for handling the bulk. These rules are weighed back to the farmers for the most part sell them to the elder and vinegar makers.

In making shipments the existing car shortage has been felt. Two and three cars at a time have been received where scores are needed, shippers say. Some few consignees have taken the risk of freezing and shipped apples as far as between town and town, refrigeration not being available.

Care of this crop has absorbed practically all of the surplus labor, according to the employment agencies, and there will be no unemployment problem to consider for some time to come in this part of the country. Shippers are enthusiastic railroad boosters, pointing out that competition for this business between towns would do much toward bringing in the necessary cars.

Personal

C. H. Holland returned Thursday from a business trip to Burley.

Mrs. J. P. Inger of Kimberly was in Twin Falls yesterday.

J. N. Jennings has gone to Blackfoot where he will remain for the winter.

W. A. Kent of Contact was a business visitor in Twin Falls yesterday.

J. A. Wold returned to Arco yesterday, having visited in Twin Falls on a week.

Mrs. Emma DeVault of Filer was among the visitors in Twin Falls on Thursday.

Mr. and Mrs. Henry Allen and daughter, Ruth, of Buhl, were in Twin Falls Thursday.

N. M. Wells of Payette has been in Twin Falls on a business mission for the past week.

L. H. Jones who has been a business visitor in Twin Falls for the past few days went to Buhl today.

Mrs. C. Conway of Buhl is in Twin Falls on business and to visit her daughter, Miss May Conway.

Mr. and Mrs. J. H. Morehouse are in Twin Falls for a short business visit from their ranch at King Hill.

Mrs. H. B. Edley and children of Orco, to join her husband who will be engaged there for the winter.

M. W. Owens of Rupert returned home yesterday having spent a few days in Twin Falls on business.

Mrs. V. Bennett returned yesterday from Burley where she has been visiting friends for the past week.

Local Brevities

Guests from Salt Lake—Mrs. J. D. Cavanaugh of Salt Lake is a guest in the home of Mr. and Mrs. C. H. Mull of Maple avenue.

Stricken by Typhoid—Harold Sinclair, 13-year-old son of Mr. and Mrs. J. A. Sinclair of Tenth avenue east, is confined to his home with a light attack of typhoid fever.

Conclude Visit—Mr. and Mrs. Conrad Roszman, who have been in Twin Falls for the past two months visiting their children, returned today to their home in Wray, Colorado.

Best Workers Arrive—Another party of about 25 Mexicans arrived yesterday to work in the topping of the sugar beets. They are brought from Salt Lake by the Amalgamated Sugar company.

Recovering from Operation—Mrs. R. S. Silvers of Three Creek, who is a patient at a local hospital, is reported to be making a satisfactory recovery from a critical operation which became necessary about ten days ago.

Child Is Ill—Mrs. A. M. Maier of Hollister was a recent visitor in Twin Falls, bringing her child here for medical attention. The child is suffering from severe throat complications that have necessitated an operation.

Notes Many Changes—Mrs. F. M. Steckman of Boise was in Twin Falls for the past two days sight-seeing. This is her first visit to the section since 1908 and she states that the changes that have been made almost pass belief.

Return from Wedding Trip—Mr. and Mrs. A. Dos, who left recently to spend their honeymoon in Yellowstone park, returned home today by train, having had a car break down in the park. They expect to remain in Twin Falls for the next two months.

Progress Is Slow—Miss Waleeta Durfee, who was the victim of an accidental shooting near Oakley several weeks ago, when riding with a party of young people, is still a patient in the county general hospital, where she is reported to be making a slow recovery.

Boy Ill—Billy, the 5-year-old son of Mr. and Mrs. Wilbur Bolton of Kimberly and the grandson of Mr. and Mrs. T. F. Warner, is still a patient in a local hospital, where he has been operated on for infectious E.H. His condition is reported as satisfactory.

Nurse Stricken—Miss Ada Morrison, who recently arrived from Portland to take a position as nurse in the county general hospital, experienced a severe attack of appendicitis immediately following her arrival. She has submitted to an operation and is now making satisfactory progress toward recovery.

Completes Church Organization—The Rev. G. A. Morley went to Hansen last evening to complete organization of a Baptist church which the members of that organization in Hansen had under consideration for some time. The Methodist church is the only other denomination in the field to the present time.

Surprised at Growth—J. E. Ingraham of Boise was a caller in Twin Falls yesterday, having accompanied the caravan welcoming party. Mr. Ingraham is the superintendent of Congregation.

church of the state. This being his first visit to this section, he is surprised and highly pleased with the evidences of growth and prosperity here.

Newly-Weds Return—City Treasurer James Inall and bride returned yesterday from Wellsville, Ohio, where they were spent the past two weeks on the return journey, having made stops at Chicago, Denver, and Colorado Springs. They are home to their friends at the home at 136 Tenth avenue east.

Interested in Roseworth—Mrs. E. P. West of Baker, Oregon, William Caldwell of Baker, and Mrs. William Moore of Boise, formerly of Twin Falls, are in Twin Falls on business. Mrs. Moore, who is an old-time friend of Mrs. Harry Berger, is a history operator with the Capital News of Boise. The party is interested in the development of the Roseworth project.

Deputy for New York—Mr. and Mrs. Harry Cohen, of New York City, left for their home last evening after spending a few days in Twin Falls as the guests of Mr. and Mrs. Robert Rogerson. The friendship between Mr. Rogerson and Mr. Cohen dates from the days of early manhood spent in Scotland and England.

Old Friends Meet—Mr. and Mrs. George J. Allen have interrupted their trip to Portland from Des Moines to visit the family of D. W. Elmwood, living west of Twin Falls. The two families are old time friends and neighbors and have not since the Allens moved from Red Oak to Des Moines ten years ago. Following a week of sight-seeing in the Twin Falls district, Mr. and Mrs. Allen will go to Portland for a visit with their two daughters.

On to the Coast—Mr. and Mrs. Wallace Abner and daughter of Evansville, Ind., spent the past two weeks here with relatives near Jerome and Hansen. They have gone on to San Francisco. The winter will be spent in southern California in the hope of benefiting the health of the young lady, who has completely recovered from the shock of an automobile accident that spring when she suffered a broken arm and internal injuries.

Social Notes

Phase 22

The Presbyterian Missionary society met yesterday afternoon in the church parson with the president, Mrs. J. D. Barnhart, presiding. The devotional exercises were conducted by Mrs. William Fisher, followed by the review of the study book by Mrs. J. A. Johnson. This completed the work for the year as outlined by this book. The business meeting was given over to a discussion of the arrangements pertaining to the social meeting which will be held in Twin Falls on October 13-15. During the social hour refreshments were served by the Mesdames O. W. Witham, Charles McIlwain and J. C. Beardsley. There was special music by Miss Gladys Orr during the afternoon.

About 20 couples attended the Elk's dance at the hall last evening and the affair was pronounced a most enjoyable event. Punch was served during the evening.

Mr. H. O. Milner entertained at her home at 501 Main avenue west yesterday afternoon with a one o'clock luncheon, followed by bridge. The

house was decorated with asters and other fall flowers. Mrs. L. Cio was the prize for high score. The guest list included the Mesdames C. E. Booth, E. W. Miller, J. G. Thorp, George Earl, Lester, Smith, E. B. Williams, Cio, W. F. Pike, Mary Y. Norton, James Walker, P. J. Costello, W. H. O. P. Bell, the function was largely attended by the members of St. Edward's parish. The hall was beautifully decorated with asters and autumn leaves. Mrs. Charles Nealey received the guests at the door and presented them to the reception committee which included the Mesdames M. C. Putnam, Rose Logan, Charles Macaulay, F. M. Cox, Arthur Fink, Frank Wagner and George J. Allen. A musical program under the direction of Mrs. Don Regan included several numbers by Mrs. J. B. White and Miss Suzanne Taylor, which were enthusiastically received. The violin accompaniment by Mrs. Regan was highly appreciated. The accompaniments were by Mrs. Regan. During the social hour tea was served by Mesdames D. M. Filer and Fred Hockwith, assisted by Mrs. Don Henry and Mrs. Walter Smith.

The annual election of officers of the Foreign National society of the Methodist church was held Thursday at a meeting in the church parson. The new officers are: President, Mrs. L. H. Hocking; vice president, Mrs. L. P. Jones; record vice president, Mrs. A. C. Weller; secretary, Mrs. E. L. White; corresponding secretary, Mrs. H. E. Bonds; recording secretary, Mrs. L. P. McCracken; treasurer, Mrs. Alice Hamilton. An delegate to the annual branch meeting of foreign missionary societies to be held in Butte, Mont. in October, Mrs. Hocking and Mrs. Hamilton were elected first and second delegates. The hostesses for the day were Mrs. Florence Brown, Mrs. J. M. Wright, Mrs. L. J. Persanti, Mrs. J. W. C. Deako and Mrs. T. J. Evans.

The reception at the Baptist bungalow last evening honoring teachers of the public schools and the pastor of the church, was a highly attended affair, about 200 being present. The room was tastefully decorated with autumn flowers and leaves. An interesting program of songs was arranged which included a group of songs by Miss Edna Graham, piano solo by Mrs. Sancher, readings by Mrs. E. E. Corey, vocal solo by Paul McKittrick, a group of songs by Mrs. I. H. Masters, and a quartet singing by Messieurs H. Norenstrom and Alastair and Messrs. Harold and C. N. Beatty. Following the program, a social hour was enjoyed during which refreshments were served. Mrs. J. C. Beatty presided at the meeting and the guests were

received by Messrs. A. J. Bequa, G. L. Coonrad, and H. C. Kenaston and Mesdames A. B. Martyn and H. Heartfield who presented them to the Rev. and Mrs. W. H. Tolliver.

At the meeting of the Episcopal guild held yesterday at the home of Mrs. Thomas M. Robertson the 50 members present gave their attention to the report presented by Mrs. James Wheeling of the recent conference held at Pocatello, and to the making of plans for the hazard which the guild will give during the last week in November. At the close of the meeting the hostess served refreshments.
