Invitation to Sinn Fein Leaders to Conference in London is Forecast

No hitch has developed, it was said, but the prime minister has decided there is no reason why he should not wait another day before making the communication public in order to give all the members of his cabinet an opportunity to pass on the draft of the reply.

Invitation of Sinn Fein leaders to a conference to be held in London about the middle of October, was expected to be contained in Prime Minister Lloyd George's final reply to Eamon de Valera.

Announcement of the diversion of a large number of cars to meet traffic requirements in districts served the Oregon Short Line and promise of his personal mediation as between the railway and shippers was made by B. J. Marshall of Washington, D. C., representative of the interstate commerce commission car service department, at a luncheon meeting with shippers yesterday afternoon at the Regester hotel.

The Oregon Short Line has just completed arrangements whereby 170 refrigerators have been diverted from eastern connecting lines to serve shippers served by the Short Line. Mr. Mayhoad announced. These cars will be made available at the rate of between 30 and 40 a day during the potato and apple shipping season.

JAPAN SELECTS ITS DELEGATES TO CONFERENCE

Prince Tokugawa, Vice Admiral Kato and Baron Shidehara, Ambassador to U. S. Comprise Leadership

DELEGATION'S MAKE UP SEEMS TO BE POPULAR

Commentator Sees Hint of Character of New Ministry to be Formed Following Conference at Washington

TOKYO, (AP) - The Japanese delegates to the Washington conference on limitation of armaments and problems of the Pacific will be Prince Kiyomasa Tokugawa, president of the house of peers, vice Admiral Tomosaburo Kato, minister of the navy, and Baron Kijuro Shidehara, ambassador to the United States, it was officially announced this afternoon.

The secretaries to the chief delegates will be: Masumasa Hara, vice foreign minister; Tameo Matsumura, chief of the American and European section of the foreign office; Dr. Kikoku Hayashi and Taro Kato, controllers of the foreign office.

Eighteen Others Included.

The delegation includes 18 others representing the foreign office, three representing the ministry of finance, 10 of the ministry of the navy and seven the army.

If the imperial dynasty had not been restored to full authority with the resignation in 1867 of the last of the Shoguns, or had the feudal system, Prince Tokugawa, appointed chief of the official delegation to Washington, would today be the Shogun. His appointment therefore is considered a fine tribute to the great Tokugawa family and to the prince himself, and almost certain to please the Japanese. The inclusion of the feudal system, Prince Tokugawa, appointed chief of the official delegation to Washington, would today be the Shogun. His appointment therefore is considered a fine tribute to the great Tokugawa family and to the prince himself, and almost certain to please the Japanese.

Holds Powerful Position.

The powerful position of Prince Tokugawa in Japan is attested by the fact that he has been the custom of the emperor to invite him to form a cabinet at times of ministerial change—a task which the prince has, invariably declined. His selection as head of the delegation to Washington is taken to indicate the importance Japan attaches to the conference.

Prince Tokugawa is one of the most popular men in the empire. His tireless activities in parliament and in various movements have led to the public welfare and his devotion to the works of charity have made him admired and respected by all classes.

The appointment of Vice Admiral Kato and that of Ambassador Shidehara had been anticipated, but the Asahi Shimbun, in commenting upon the makeup of the delegation, mentions the fact that the appointment of Prince Tokugawa was a great surprise to the nation.

It is expressed the view that for the time being it embodies a move by Premier Hara to strengthen the position of the government conference, when the present cabinet, it says, is likely to resign.

The official announcement confirms the forecasts that Vice Admiral Kato would head the way delegation and Lieutenant General Giyechi Tanaka would be secretary.

Democrat Aristocrat

A foreign office official in commenting upon the appointment of Prince Tokugawa alluded to him as "practically a man of peace and common sense" and called attention to his position.

"Instead of curtailing our advertising we are enlarging it. Instead of standing pat on our stove as they have been we are making arrangements for building and improving them. To do this we have given employment to large bodies of mechanics and others day after day to return."

In Mr. Bedford's view conditions will be restored to normal by spring, barring unforeseen developments. "The business of this country," he said, "has been increasing right along for some time, and we have been employing more men steadily. I know also that such big employers as the Pullman and General Electric companies have been approximately in the same position."

BUMPER CROPS HARVESTED IN COAST REGION

Twelfth Federal Reserve District Agent Reports Enormous Yields of Basis Crops Within His Territory

SAN FRANCISCO, Cal., (AP)—Harvest of basic crops of the Twelfth Federal Reserve district reveals that yields this year will be large in nearly all cases, John Perrin, federal reserve agent declared in a report made public today.

"The apple crop of 33,000,000 bushels in prospect is 40 per cent greater than it was last year," the report said. "This increase comes at a time when the crop in the United States generally is considerably less than half what it was last year."

"The district's potato crop of forty million bushels is about the same as last year, whereas the United States crop is reported to promise a yield of about 25 per cent less than the quantity harvested in 1920."

Wheat Traffic Volume Great.

"The wheat crop of the Pacific northwest at 116,000,000 bushels is 35 per cent greater than last year's crop and is being sent to the principal seaboard cities in volume of 185 per cent greater than was the case during the same period of the 1920 marketing season. In California a similar tendency is noted, terminal receipts so far this season having been 520 per cent greater than those of last season to September 1 and exports 500 per cent greater."

Discouraging price conditions, the report said, that the larger volume of movement of goods at retail than at wholesale during recent months, the effect of which was noted in increasing prices of canned goods, has been reflected during August in advances in the opening prices of two important cooperative associations in California handling dried prunes, apricots, peaches and figs. Prices of hogs of the 1920 crop have also advanced to 18 1/2 cents per pound compared with 13 1/2 cents earlier in the season.

"Reports from several sources indicate that the physical volume of business in the district at the present time is greater than it was last year at this season, and that it is manifesting the seasonal increase customary in the first weeks of the autumn," the report said.

Bank Clearings on Mend.

"Bank clearings during August were only 11 per cent less than they were in August, 1920, whereas July clearings were 22 per cent less than those of July, 1920. The 11 per cent decline for August, the smallest of the year, is the shortest month of February, the smallest decrease in any yearly comparison so far during 1921.

"Net sales of 31 representative department stores during August were reported to be 6.2 per cent less than they were in August, 1920. The July percentage of decline compared with July, 1920, was 13 per cent. These same stores report that their average prices are between 20 and 30 per cent less than they were at this time last year, indicating a considerable increase in the physical volume of merchandise sold by them."

GOMPERS AND LEDOUX DEBATE UNEMPLOYMENT

Union Labor Executive Makes Heated Denial of Criticism of Relief Policy

WASHINGTON, D. C., (AP)—Urban Ledoux, who recently "sold" unemployed on the auction block in Boston and Samuel Gompers, president of the American Federation of Labor, staged an impromptu debate Tuesday in the halls of the commerce department building outside the national unemployment conference.

Mr. Ledoux declared that the efforts of organized labor to relieve the unemployment situation were directed to the future and not to the immediate relief of the hungry and shelterless. Mr. Gompers indignantly denied such a charge and declared that "what the poor did for the poor" was more than ever become known.

Mr. Ledoux told Mr. Gompers that he hoped capital and labor were getting together at the conference in a conciliatory spirit. To this Mr. Gompers replied and related the story of the lion and the lamb in which the lamb found himself being devoured by the lion.

TAX BILL MEETS WITH OBSTACLES IN SENATE

Objections Cause Amendments Including Reduction of Income Surtaxes to be Passed Over

WASHINGTON, (AP)—Little progress was made as the senate considered the tax bill Tuesday, as so many objections caused a number of committee amendments to be passed over including that reducing income surtaxes to a 32 per cent maximum. This amendment was passed over an objection from Senator Simmons, Democrat, North Carolina, and Leavitt, Republican, Wisconsin. The latter offered an amendment proposing that surtax rates be continued up to a maximum of fifty per cent on incomes of from \$100,000 to \$300,000 annually and that the rate on incomes in excess of \$300,000 be sixty per cent.

He also gave permission for the delivery of the bodies to the consul for shipment to the United States.

The body of a man, somewhat decomposed but still in a fair state of preservation, rests in a shallow hole in a "Sugarfoot" rock country six miles south of Cedar Creek. County authorities will make an attempt this week to recover the body.

Information concerning the body was conveyed yesterday by a Bisco sheepherder to H. G. Jackson, county sanitation officer, while the latter was employed yesterday in an attempt to recover the body of Van Ealon from the waters of the Salmon reservoir. Following instructions provided by the sheepherder, left immediately for the point indicated in the instructions. They failed to locate the body when darkness fell. The quest is to be resumed as soon as some one can be found to relieve the informant of his duties in the sheep camp so that he can be employed as guide.

According to Mr. Jackson the Bisco stated he accidentally came upon the body while grazing his flock of sheep in the sugarfoot country. He said the man apparently had not violent death, but was "slightly bound with balling wire." The body, clothed in blue denim overalls, the sheepherder states.

SEASON'S SUGAR BEET HARVEST TO START THURSDAY

Company Has 18,000 Acres to Dig—Mill to Grind 1,000 Tons Daily

The 1921 sugar beet harvest opens Thursday of this week, according to James Kelley, of the Amalgamated Sugar Company. Almost a complete corps of extra workers has been brought into the district for the harvest, and by the end of the week tugging and gathering will be well under way.

The Amalgamated Sugar company this year has 18,000 acres of sugar beets under contract. The plant, with its added capacity, will grind 1,000 tons per day, and will continue in operation approximately 100 days. The yield this year has been curtailed somewhat by reason of the destruction of plants by a pest which appeared during mid-summer. This pest, a small fly, appeared first in the extreme west end of the district, and appeared gradually toward the east before effective checking measures were discovered.

Output of the local mill will this year be in excess of other years by reason of greater acreage, better growing sections, and a somewhat better quality of product, it is said.

WHEAT PRICES TUMBLE WHEN DEMAND FALTERS

Word of Active Export Business with Orient Falls to Country Traders from Bearish Views

CHICAGO, (AP)—New setbacks in the price of wheat took place today chiefly as a result of a sharp decline in demand on the buying side. Acute weakness of German marks was an unsettling factor, and so too was uneasiness regarding the British industrial situation. Further, exports continue to stress accumulating domestic stocks. Opening quotations, which varied from 34 decline to 1-4c advance, with December \$2.23 1-4 to 1.23 3-4 and May \$1.27 to \$1.27 1-4, were followed by spurted downturns all around.

Subsequently lack of sustained European demand tended to keep a majority of traders bearish, notwithstanding word of active export business with the Orient. The close was heavy, 2 1-4 to 2 5-8c net lower, with December 1.23 1-4 to 1.23 1-4 and May \$1.25 1-4 to 1.25 1-4.

New low prices, records for the season were touched by September and December corn. Country offerings were reported as liberal. After opening unchanged to 3-4 lower, including December at 51 1-8 to 1-4c to 51 3-8c, the market underwent a general sag.

For the first time since 1921, September corn went under 50c and later falling below any price which September had reached since 1912. The close was weak, 7-8 to 1-7-8c net lower with December at 50 1-8 to 50 1-8 to 1-4c.

Miss Margaret Becht entertained at her home on Third street and north last Saturday evening with a dancing party. The guests were the Misses Berne Young, Helen Tronsdale, Edna Parson, Illinois and Cora Marshall, Otto BeWitt, Violet Holderman, Margaret McAtee, Eula Duke, and the Messrs. Craven Scott, Dudley Swin, Hirt Van Riper, John McMartin, John Amundson, Marshall Samuelsen, Walter Weaver, Arthur Peavey, Merrill Puckett and Edward Walters. At the close of the evening Mrs. Becht served refreshments.

The annual opening reception for the members of the Twentieth Century club took place at the Capitol building Tuesday afternoon. In the receiving line were the Messlages E. R. Van Cott, Harry Alexander, Leo F. Bracken, H. P. Laird, E. A. Landon and the Messrs. Dick, Hibbard and Alberts Symonds. The spacious room was a bower of autumn leaves and flowers. Music by an orchestra added to the pleasure of the afternoon. The musical program included a group of songs by Mrs. I. H. Myster and violin solos; Legende (Wienlawski) and Fantasia (Leger) by Gustav Fleischer. The president, Mrs. E. R. Van Cott, graciously welcomed the members in a brief greeting to which Mrs. G. M. Hall responded. Refreshments were served during the social hour following.

The year book of the Twentieth Century club distributed to the membership at the reception yesterday, is found to be one of unusual interest and merit, and is believed by the club members to indicate an opportunity for unusual results. Two innovations are found in the evening meetings and in the all day meeting which is scheduled for early spring, and which will include a community lunch, and a program both morning and afternoon. Another change is

made in holding the business meetings and program meetings on different days.

One of the evening meetings is devoted to the Camp Fire movement that has this fall been established among the girls of Twin Falls. The other is called "Gentlemen's Night," and is to be of a social nature.

On November 30 a historical pageant will be presented that is now in course of preparation and is planned along original and unusually interesting lines. The wide range of subjects considered at the regular meetings will find an enthusiastic response among those whose diversity of taste and opinion make for the success of the club, in the opinion of the committee who had the making of the year's program. Music, applied education, architecture, current topics, and drama receive each a measure of attention.

The committee in charge is Mrs. A. K. Seaver, Mrs. F. E. Chamberlain, Mrs. Stella Van Riper, Mrs. D. F. Sweet, Mrs. O. W. Witham and Mrs. E. M. Wolfe.

BRAND TO GIVE POSITION ON ARMAMENT LIMITATION

PARIS, (AP)—Premier Briand will outline the position of the French government relative to the conference on limitation of armaments and Far East on October 9. He will also discuss national questions including financial and German relations, in addition to the Washington conference. It is expected that the premier's utterances regarding the conference will be only incidental to a comprehensive statement of the government's plans.

The visit of M. Briand to Washington, continues to be a subject of national discussion by the newspapers and the friends and opponents of the premier. It was announced when M. Briand decided to go to Washington a month ago that he would make the voyage across the Atlantic with the French delegation on board the armored cruiser Edgar Quinet, landing at Hampton Roads.

PARENTS' PROBLEMS: A periodical crop of stories seems to be developing...

It is not unlikely that there is basis in fact for a good many of the charges brought against the young folks...

Along with the relation of these stories is apt to come the assertion that "something ought to be done about it..."

Every parent, and especially if his own boy or girl has escaped trouble, knows that there is only one place to put the responsibility...

It is not, however, unreasonable to look to society in general for further manifestations of interest in the welfare of the younger folks...

The Mosaic and Elk fraternities of Twin Falls took a step in the right direction last winter when they furnished a series of supervised dances for the sons and daughters of members...

It is not necessary, and perhaps not desirable in the extension of the idea, that the lead of these fraternities should be followed without deviation...

And at the same time, parents ought to give very serious consideration to their own responsibilities...

own forefathers dealt with similar problems may do more real good than all of the community welfare work that could be carried into execution.

YANKEE DISCARD TAMES OLD TEAM WITH "WIZ" ARM

Urban Shockor Demonstrates That Huggins Made Mistake Back in 1918

NEW YORK, (AP)—Pitcher Urban Shockor, of the St. Louis Browns is a man of his word. He said he would stop the New York Yankees, and he did yesterday by the score of 10-0. "Old" Huggins' team had an advantage over Cleveland in the American league was reduced to a game and a half.

The Missouri spallball twirler, who once wore a Yankee uniform is quite satisfied with his season's work against the club that traded him to the Browns in 1917. "Old" Huggins' team had an advantage over Cleveland in the American league was reduced to a game and a half.

Both the Yankees and the Cleveland Indians are idle today, but tomorrow they begin their third game, which will decide the issue in the American circuit. The Chicago White Sox are the Indians' opponents, while New York plays three with the Athletics and one with the Red Sox.

Pittsburgh continued a pennant possibility in the National circuit by winning from Philadelphia yesterday while the Giants were not scheduled.

Testimonial Fund for Mathewson is Increasing Daily

Mark of \$11,850 Has Been Reached to Aid Former Great Twirler

NEW YORK, (AP)—The testimonial fund for Christy Mathewson, former pitching star of the New York Giants, who is waging a fight against tuberculosis at Saranac lake, has reached \$11,850, it was announced today by the committee in charge.

The fund will be swelled next Friday by the Giants' share of the receipts of a game with the Boston Braves and by the proceeds of an auction of baseballs autographed by President Harding, Debo-Ruth and "Big Six" himself.

James Dunn Still Entertains Hope For His Indians

Owner of Cleveland Americans Declines to Be Counted Out of Flag Race

CLEVELAND, O., (AP)—James C. Dunn, president of the Cleveland baseball club, said he still has hopes of winning the American league pennant. "I will not concede the Yankees the pennant yet," he said. "Don't blame the boys if they fail to bring the pennant back. They did the best they could. Any one who saw the last game at New York will testify they went down fighting."

Brief Bits of Sport

Clint Evans' football schedule is shaping itself.

The high school mentor of things athletic doesn't put his faith entirely in "conference" games. It's not for bigger stuff.

The team itself is ruminating to form, and in a week the coach expects to have a fair sort of index as to what men will form the boxing eleven.

Eastern boxing experts are unanimous in the opinion that when Johnny Kilbane knocked out Buff a week or so ago he cleaned out the best of the men in the featherweight division.

Now if Henry Leonard will fix up his home fin and get Freedman and Williams, and perhaps one or two others, the lightweight division will be as free of dispute as to championship caliber as is the feather class.

The Pennsylvania boxing commission favors putting all scrappers on percentage basis. Members of the board express belief that a fighter is worth only what he actually earns.

Ain't that the truth.

Neil Gardin, champion colored broad jumper of the world, is to enter the Harvard law school.

"Oat" Neuman has won a regular place on varsity "fresh" team. The Twin Falls star athlete is scheduled to play.

Pat Moore, halfweight of Memphis, is in training at Chicago for a battle with Frankie Gracia of Los Angeles. The battle is scheduled for next week.

ZEST IS ADDED TO SEARCH FOR VAN EATON BODY

Grappling Hook Brings Short Collar from Depths of Salmon Reservoir Water

A ramble rag, evidently torn from the collar of a workman's shirt, picked up by a grappling hook by dragger in the Salmon reservoir, lent a thrill to body-seeking operations and added zest to the search being conducted by sheriff's forces.

The scrap of garment was pulled out of the water by A. J. Schneider, a farmer who has been watching at the dam since the day Sheriff E. R. Sherman was informed that Van Eaton had probably thrown himself into the reservoir to end his life in the deep irrigation supply. Following advice concerning the finding of the fabric, J. G. Jackson, county aviator in charge of the dragger and deputies, were dispatched to the dam where dragging and grappling operations were conducted until late yesterday evening. The job was given up by the dragger and the search resumed again today by a diminished force.

Discovery of the piece of shirt collar, said to be the same color and quality as the garment worn by the alleged murderer of Dolores Weighart at Coeur d'Alene, is being taken as a convincing proof by the sheriff that Van Eaton did not have the authorities when he left a note telling of intention to take his own life in the reservoir waters. The piece of material was found caught on a grappling hook operated by Mr. Snyder, but the latter does not know when the grappling hook was used in the depths of the reservoir waters. The piece of material was found caught on a grappling hook operated by Mr. Snyder, but the latter does not know when the grappling hook was used in the depths of the reservoir waters.

"I believe, as I always have, that Van Eaton was in the reservoir. I am convinced that he was in a sufficiently desperate frame of mind when the note was written that he had decided to die a sure job of suicide. It is my belief that he tied rocks either to his neck or neck and arms. The anchor is holding the body on the bottom of the reservoir," Sheriff Sherman declared today.

Drugging operations are to be continued further in the hope that a hook will finally seize the clothing in such a manner that a firm hold may be maintained and the remains drawn to the shore.

COLORED MEN HELD FOR COURT HEARING

Boykin and Lewis Dony Charged Preferred and Put Up Bail for Release

Having deposited the sum of \$250 in the prison house of the county, plus of not guilty, Louis Boykin, was this morning released from custody of the sheriff with orders to appear in court tomorrow afternoon for preliminary hearing on charges of illegally possessing intoxicating liquor.

Boykin has been the proprietor of the Workington's (colored) club some time. With Frank Lewis he was arrested Monday night during a police raid on the place. Intoxicating liquor is said to have been found in the assembly room and in a shed back of the room.

It is to appear in the police court this afternoon to answer charge of gambling. He is said to have been operating a game of chance with cards and dice on Monday night during a police raid. He has entered a denial of the charge and has deposited bond money of \$250 for appearance this afternoon. The club has been closed by order of the authorities and revocation of the license is said to be pending.

A squad of 50 "clean-up" men has been rounded up by the committee in charge of the railroad bonus fund drive. The men are to be divided into groups and assigned to various blocks and areas in the city which have failed. They are the men who have done most effective work during the fund campaign.

The road is constructed of gravel and rock, the finer surface material being rolled to a depth of four inches on a base of rock four inches thick. RESERVES

Many corporations and business men have been able to weather the late year of strain because of reserves which they had built from previous years. Such a reserve is useless unless it can be turned to account when needed.

The Twin Falls Trust is now harvesting what will probably be the largest crop it has produced. There will be many farmers again in possession of surplus funds. Now is the time to start such a reserve.

A savings account is the place to put this money for it will be at your service when needed.

ARMISTICE DAY PLANS DEVELOP

Championship Football Game and Spectacular Night Parade Drawing Cards

A championship football game scheduled to be played here November 11 between the Salt Lake East Side and Twin Falls high schools has been adopted by the American Legion committee as a drawing card for the rail festival and Armistice Day celebration to be staged here on that day under auspices of the world war veterans' organization. The events will be separate and distinct except in so far as they tend to draw visitors to Twin Falls on that day.

A second feature of the festival and celebration upon which emphasis was laid at a meeting of the committee held last night is the night parade, which, according to plans of the sub-committee in charge of this particular event, is to be made highly spectacular by use of fireworks and electrical devices illuminating gorgeous floats and lighting the way for massed ranks of marchers in line.

These two features alone will amply repay time and effort in traveling a long distance to attend and take part in Twin Falls celebration on Armistice Day, members of the committee assure, but plans are being developed they say, which will assure a full day of fun and entertainment that will surpass the mark set by last year's highly successful festival put on by the former service men.

HIGH SCHOOL NOTES

The Student Council held its initial meeting of the year this morning, the third period. Lillian Lind was elected secretary at this time. The season tickets are to be sold at \$2.50 each. Edward Hodges was elected the student football manager. It has been rumored about the school and the town in general that there will be a poor schedule of football games this year, the council wished to make it clear at this time that Coach Clinton W. Evans has at least four or five good games scheduled for the year so far and the games are not all arranged yet. The members of the council are Dale Starr, Lillian Lind, Violet Holderman, Robert Nicholson, Helen Keniston, John McMillan, Eula Duke, Margaret Dunlap, Moroni Jamison, Martha Parra, Jack Corcoran and Robert Pitt.

OLD TIMERS GATHER

Twin Falls people attending a reunion of state pioneers at Burley today include Mr. and Mrs. John F. Hansen, Mrs. M. M. Rice, Mrs. C. M. Heath and M. F. Kresman. Completion of the Old Timers' organization is to be effected at this meeting. Invitations have been issued to 170 residents of Twin Falls, Cassia and Minidoka counties. The day's first event was a banquet served in the National hotel.

THEFT CHARGE DENIED BY STEVENS IN COURT

Third Avenue North Resident is Held Under Bail for Further Court Examination

On arraignment in the probate court this morning Lester W. Stevens, accused by the prosecuting attorney of petty larceny, entered a plea of not guilty and was held for preliminary hearing in the probate court. The hearing will be held on Friday morning.

In this case was filed by Judge O. P. Davall at \$200, of which half was to be furnished in cash. Stevens was unable to provide the money and is held in jail.

Stevens was arrested early Tuesday morning by police officers who declare he had ridden a horse belonging to O. H. Hadow, Jr., 302 Kimberly road, on his wagon. An attempt to escape resulted in his team falling as a turn in the road was made, the police catching Stevens when that untoward circumstance checked the flight. Stevens is said to have destroyed a gallon of "moonshine" booze by breaking the jug over the wagon wheel when the officers approached. Mrs. Stevens, the officer says, was with her husband when the attempt to steal the horse was made. A woman's hat was found near the place. She has not been apprehended.

WANTS RAILROAD BUILT

E. W. Davis, formerly of Twin Falls, now of Long Beach, Cal., is here on a business trip. Since Idaho potatoes had applies find ready market in the foot of the south, Mr. Davis is eager for the advantages of the proposed new railway. At present, according to Mr. Davis, the Idaho Falls potatoes have a decided advantage over Twin Falls in the matter of freight rates.
