CLAIM GROWING SENTIMENT FOR SALES TAX PLAN

Proposals of Senator Smoot's Proponents Assert that Study of Revenue Measure Turns Tide Toward Sales Levy

BATCH OF AMENDMENTS OFFERED BY COLLEAGUE

Junior Utah Solon of Minority Party Suggests Substitute for Excess Profits Tax, and Repeal of Levy

WASHINGTON, D. C. (AP)—Economic rights of women in eight states got into Senate discussion today of the tax revision bill, Senator Ashurst, Democrat, Arizona, and Brewster, Democrat, Louisiana, objecting to a committee amendment requiring that income received by any marital community shall be included in the gross income of the husband and wife.

LOOK AHEAD TO UNEMPLOYMENT

Conference Committees Framing Recommendations for Permanent Policy WASHINGTON (AP)—Methods for mitigating the emergency measures for the relief of the nation's involuntary idles adopted by the national conference on unemployment were being considered today by Secretary Hoover and executive officers of the conference. One plan under consideration was to contemplate a message to the governors of states and the mayors of all towns with a population of 25,000 or more asking immediate co-operation to put the conference recommendations into effect.

Today's Games

National League. R. H. E. Pittsburgh 0 0 0 St. Louis 1 0 0. Philadelphia and Schmidt; Bertland Dillhoefer and Schmidt; Sewer. R. H. E. Boston 6 10 2 Brooklyn 2 9 10. Mitchell and O'Neil; Mitchell and Taylor.

American League. R. H. E. Philadelphia 3 10 4. Batteries: Sullivan and Perkins; Sullivan and Perkins. Second game: R. H. E. Philadelphia 0 14 1. New York 2 13 4. Batteries: Benneff and Perkins; Hott, Quinn and Deyrimer. First game: R. H. E. Washington 7 0 2. Batteries: Zachary and Gonzalez; Pennock and Walters. Second game (End 7th): R. H. E. Washington 6 1 1. Batteries: Erickson and Gharitz; Karr and Walters. Score: Chicago 5 0 0. Batteries: Ubbie, Mallie and Shounalt; Russell, Hodge and Yarnan.

Communists See Opportunity In Jobs Scarcity

Launch Campaign to Convince Workers That It Pays to be Unemployed LONDON. (AP)—Communist agents in Europe have received orders relative to the employment crisis, according to information from Communist sources by which they are instructed to seek for unemployment bonuses from municipalities or the principle that the amount granted should equal average weekly or daily wages. The orders explain that the object of the scheme is to "camouflage the subversive activity of the communist youth to weaken municipal finances and to convince workers that it pays to be unemployed."

LOOK AHEAD TO UNEMPLOYMENT

Conference Committees Framing Recommendations for Permanent Policy WASHINGTON (AP)—Methods for mitigating the emergency measures for the relief of the nation's involuntary idles adopted by the national conference on unemployment were being considered today by Secretary Hoover and executive officers of the conference. One plan under consideration was to contemplate a message to the governors of states and the mayors of all towns with a population of 25,000 or more asking immediate co-operation to put the conference recommendations into effect.

WASHINGTON (AP)—With the national conference on unemployment adjourned until October 10, after completion of an emergency program for immediate relief of the nation's involuntary idles, sub-committees of the conference were preparing to reconvene today to frame recommendations for a permanent unemployment policy as well as suggestions for speeding the return to normal in business and industry. These will be placed before the full conference when it reconvenes ten days hence for adoption of a permanent policy.

YANKS CAPTURE FLAG AND GAME FROM ATHLETICS

New York Club Wins American League Pennant with Victory by Score of 5 to 3 Over the Philadelphia Players.

THE FINAL SCORE. R. H. E. Philadelphia 3 10 8. New York 5 3 0. POLO GROUNDS. (AP)—New York captured the American league championship this afternoon—its first in its history—when they defeated the Philadelphia Athletics by a score of 5 to 3 before 28,500 people. The victory of the Yankees ended one of the tightest fought races ever made in the history of major league baseball. The New Yorkers needed one victory in their three games, the first of which was to be played on the closing day of the season tomorrow. May had one bad inning when Philadelphia scored their three runs. After that he was invincible. The recent invalid Ruth returned to the game, but went hitless at the bat. Twenty thousand persons saw the first fray which brought May to the mound for New York and Sullivan for the Athletics. The batting order: PHILADELPHIA—NEW YORK—

PHILADELPHIA—Witt grounded out to Hipp; unassisted. McNally threw out Dyke at first. Walker, 2nd base. Walker, 2nd base. Peckinbaugh, 3rd base. Peckinbaugh, 3rd base.

NEW YORK—Miller hit a hot single to right. Peck grounded out to Ruth. Ruth felled Miller at second, Brazzil to Galloway. Meuser felled Ruth. Galloway to Dyke. C. Walker, 2nd base. Peckinbaugh, 3rd base. Peckinbaugh, 3rd base.

PHILADELPHIA—Perkins' hot liner bounced off May's glove and was recaptured by Ward who threw him out at first. Welch whiffed. Galloway struck a hit off May's hand. Galloway on singles. Schang to Peck. NEW YORK—Pip was a victim on strikes. Ward popped to Dykes. Galloway threw out McNally at first.

Mrs. Southard and Her Custodians

Reading from left to right the persons shown here are Deputy Sheriff W. H. Ormsby who takes investigations resulted in the arrest of the alleged murderers in Honolulu last June, and who, as an officer of the law, accompanied her here from the Sixth District court here for the murder of her fourth husband, Edward F. Meyer, and Sheriff E. L. Sherman who directed operations leading to the apprehension of the alleged slayer and signed the original complaint in the case.

SECOND VENIRE IS ORDERED IN SOUTHWARD CASE

Sixth Day of Trial Ends with Adjournment while Elisor Goes in Search of Forty More Veniremen

BOTH SIDES EXERCISE PEREMPTORY CHALLENGE

Defendant Observes Proceedings from Seat Between Father and Husband; Mother Again is Absent

THE JOB AT ST. STANDS UPON ADJOURNMENT TODAY

R. G. Wilson, Kimberty, H. C. Wilson, Kimberty, J. McRoy, Hansen, Stacey Sampson, Kimberty, George McPherson, Buhl, Fred Y. Binkley, Bognorson, C. D. McElroy, Frier, H. B. Stockton, Buhl, J. F. Denham, Kimberty, W. H. Spence, Kimberty, E. S. Trues, Murtanga.

The special venires of 40 men brought into court yesterday in the case of the state against Lydia Meyers Southard was exhausted today and adjournment was taken until Monday to permit the selection of 40 more by Elisor W. H. Thompson.

Mother Again Absent Mrs. Southard sat in court today between her husband and W. J. Truesebold as witness. Mrs. Truesebold was present. The state was again accused of its peremptory challenges and the defense.

HOPE FOR IRISH PEACE REVIVES

Spirit of Optimism Prevails All England on Eve of Conclave Assembly LONDON, (AP)—England was today filled with hope that a settlement of the Irish problem would follow the meeting of British cabinet members and the representatives of Sinn Fein Ireland in this city on October 11. The prompt reply from Eamon de Valera, accepting the Prime Minister, Lloyd George's invitation to the conference and the conciliatory tone of the latest exchanges between London and Dublin, seemed to promise that out of the conference would come an agreement which would solve a problem which has proven a stumbling block for the ablest statesmen of the British nation.

WASHINGTON, (AP)—The war finance corporation today fixed a rate of 1 1/2 per cent on advances under the agricultural credits to banks, bankers or trust companies provided the loans mature in six months and carry no privilege of renewal. The rate, according to announcement by the corporation, will apply also on loans to cable companies for feeder purposes but they likewise will not exceed six months in maturity. Rates on all other classes of advances to cable loan companies will remain at six per cent.

PULLS GUN WHILE ON WAY TO CONFINEMENT

W. M. Pennock Displays Deadly Weapon After Being Booked for Offense Immediately after being booked at the sheriff's office to answer a charge of drunkenness, W. M. Pennock stepped down, lugged at his trousers leg, rolled down a sack and pulled forth a 32-caliber revolver. What Pennock aimed to do with the gun when he took it from his hiding place in a corncrib in Polk County with Elias Austin, Deputy Sheriff W. H. Ormsby and Deputy Sheriff Ben B. Brown are considerably concerned about today. The prisoner was not given much chance to demonstrate his intentions as the officers quickly overpowered their man and disarmed him. Pennock was arrested on Main street about 8 o'clock last night by Ormsby and Austin. Deputy Sheriff Pollock charged on his name and nature of the charge on the police blotter and was sending him away toward the jail station when Pennock pulled the gun. The prisoner is about 60 years of age.

Unemployment Conclave Scores One Victory by Direct Action

WASHINGTON, (AP)—Through recourse to "direct action" the national unemployment conference today had one victory to its credit in the campaign for relief of the nation's jobless. Chain Ledoux, champion of the unemployed, yesterday presented to the conference as "human documents" about half a hundred unemployed gathered together in New York, Boston, Philadelphia and Baltimore. Minutes of those taken left for William, M. D. to work on farms, there have been provided by the W. L. Burdick, a member of the conference, and Fred Clarke, a trade unioning provided by Clarence Mott Wooley, of Detroit, president of the American Radiator company and other conference members.

FLASHES FROM THE WIRE

SAJ JUAN DEL SUR, Nicaragua, (AP)—Two earthquakes were felt here at 4:05 o'clock, eastern standard time, this morning. No damage has been reported. NEW YORK, (AP)—The Jewish New Year, beginning at sunset Sunday was said by food experts to be responsible for the record supply of 1,845,717 live chickens brought to New York from the west in the last six days. The experts figured that the birds cost the consumers \$2,900,000. NEW YORK, (AP)—President Harding will present to the Roosevelt memorial association the desk chair which Theodore Roosevelt used in the White House, the association announced today. The presentation will take place on the steps of the White House next Wednesday. A committee headed by Secretary of the Interior, Harold I. Smith, and including Secretary of War, D. M. Johnson, Ellis Root, and others, has been asked to receive the chair in behalf of the association. WASHINGTON, (AP)—President Harding has accepted and added to the Muir Woods national monument in California 123 acres of land, the gift of former Representative and Mrs. William Kent of that state, and from the Muir Woods and Mount Tamalpais railroads. "This is probably the first increase on record," the national park service said today "of a railroad donating lands to the United States as a gift." The Muir woods is a notable grove of redwood trees.

IMPRESSIVE CEREMONIES MARK PERSHING'S BIRTH

French Government Arranges Elaborate Demonstration when Congressional Medal is Laid on Grave PARIS, (AP)—The French government has arranged one of the most elaborate and impressive ceremonies since the armistice for next Sunday morning, when General Pershing places the medal of honor voted by the United States congress on the tomb of the Unknown Soldier of France. Plans, announced by the war department, include an extensive military review of all the chief branches of the French army, to be led by a composite battalion, from the American forces in Germany. The battalion, which has under one right training for the event, was to arrive in Paris with General Pershing today. President Millerand, Premier Briand, Marshal Foch, members of the cabinet, the remainder of the cabinet, the army and navy, and nearly all the French military leaders who now are in France will participate in the ceremony.

LONGSHOREMEN OUT ON UNAUTHORIZED WALKOUT

Several Thousand Workers at New York Docks Quit Jobs in Protest Against Working Terms NEW YORK, (AP)—Several thousand longshoremen and checkers walked out today in protest against new working terms agreed upon recently by the Atlantic steamship operators and the International Longshoremen's association. The district council of the International Longshoremen's association announced that it had not authorized the walkout. The working agreement drawn up last week provided for a reduction in wages effective today. The walkout took place along both the Manhattan and Hoboken waterfronts. IDAHO WEATHER. Tonight and Sunday fair; heavy frost in the morning.

PUTS BURDEN OF PROVIDING JOBS ON COMMUNITIES

Tentative Recommendations of National Conference on Unemployment Outline Specific Remedial Measures

WASHINGTON, D. C., (AP)—Tentative recommendations for providing work for the nation's jobless workers, estimated at four million, were completed Friday for the national conference on unemployment.

The recommendations, drawn up by the conference's steering committee on the basis of reports from the various other committees, were classified as an emergency program and said to be based on the principle that unemployment is in the main a problem for solution by the individual communities, and that state governments aiding in such ways as possible.

Establishment of representative emergency committees in the communities to coordinate the work of finding jobs for the unemployed, and for registration of the unemployed was recommended as the initial step in the relief program. Other recommendations were understood to include:

Quid Pro Pro Publicity.—Publication of the number of unemployed by the individual communities. Establishment of part time work by the individual communities.

Operation of factories and mills in the making of stock where possible. Continuation of repair and similar work on a normal scale. Doing of repair and alteration work by office building, hotel and home owners during the coming winter instead of in the spring.

Urges Municipal Improvement. Expansion of street, sewage, repair and building work by municipalities to the maximum volume.

Establishment of part time work by municipalities. Co-operation by state officials with local leaders in the unemployment relief movement through the hastening of road building and similar construction.

Construction immediately by the federal government of buildings and other works for which appropriations are available.

Make Road Legislation. Action by congress at the present session on road construction legislation.

Encouragement of the pending railway bill with expenditure of funds conditioned on an increase in employment. The full conference will receive the steering committee's recommendations at a session to be held late in the day.

Declaration that the farmers of the nation, if permitted and aided, could help in relieving unemployment. It made in a statement to the conference committee on agriculture by W. L. Burdick of North Dakota, representing the American Farm Bureau federation, which is a member of the conference. The statement pointed out that if the buying power of the nation's farmers were increased manufacturing and all other lines of trade would be benefited and as a means of increasing the farmers' buying power recommendations were made as follows:

Reduce the freight rates; development of deep waterways connecting the Great Lakes with the ocean; elimination of middlemen between the consumer and farmer; financing of crop marketing and promotion for the farmer to sell in a "protected" market if compelled to buy in a protected market.

BRITISH SHIPBUILDERS' STUDY OIL DIFFICULTY

Viscount Pirie Comes to America to Make Inquiry Into German Problems of Petroleum Supply

NEW YORK, (AP)—Difficulties which have cropped up in the oil situation, especially in Mexico, were assigned to day by Viscount Pirie, chairman of the board of directors of Harland and Wolff, British shipbuilders, for a hurried visit to this country. He said he would consult Edward L. Doherty, deputy chairman of the British Mexican Petroleum company, and other colleagues.

"My visit," he said, "is caused by the difficulties that have cropped up regarding oil and the serious problems which have existed in Mexico for several months past. Since my last visit it has been arranged to convert the steamship Berengaria, and the Mauretania is at present being converted to steamship companies.

"The Mauretania also is to be converted as well as the new vessels coming out by the White Star line, Atlantic Transport company, Comand and other large steamship companies.

"Before encouraging other large lines to enter in for oil burning, I am anxious to satisfy myself as far as possible that supplies may be relied on for years to come."

AMERICAN FIXES BASIS OF INDEMNITY PAYMENT

Rules Belgium's Debt to Allies Payable by Germany Shall Be Made at 1918 Rate of Exchange

PARIS, (AP)—Roland W. Boyden, American member of the reparations commission, ruled Friday that Belgium's debt to the allies, payable by Germany under the peace treaty, should be made at the rate of exchange for gold marks on Armistice day, November 11, 1918. He was asked to make Belgium's debt to the allies payable by Germany under the peace treaty, should be made at the rate of exchange for gold marks on Armistice day, November 11, 1918. He was asked to make Belgium's debt to the allies payable by Germany under the peace treaty, should be made at the rate of exchange for gold marks on Armistice day, November 11, 1918.

"France's allies proposed that she receive the same number of francs as she lent Belgium, which would mean the loss of half the money advanced. France protested on account of the present depreciation."

Under Mr. Boyden's judgment France will receive more than two billion gold marks instead of less than one billion, which she would have received had the proposal of her allies been accepted.

FRENCH MINISTRY PUTS FOOT DOWN ON DUELING

Demands Imposition of Severe Penalties Declares Too Much Blood Has Been Shed in War

PARIS, (AP)—The ministry of justice has sent a circular to the public prosecutors in all the departments of France ordering them to take action against all the principals and accomplices in duels which result in deaths of wounds. The ministry demands that severe penalties be inflicted.

The circular says that an act of violence against persons can be tolerated when provoked, if minutely regulated and surrounded by noisy publicity, which it declares should be most severely repressed. The message points out that the war cost too much blood and left too many maimed to allow the number to be increased on the pretext of settling private quarrels. It recalls that the highest court always has ruled that the articles of the code referring to homicide and assaults are applicable to duels, and that the seconds in such meetings are equally as liable as the principals to prosecution as accomplices.

ARMAMENT LIMITATION HINGES UPON PACIFIC

Australian Premier Tells House of Representatives Navy Advocate for Defense Must Be Preserved

MELBOURNE, Australia, (AP)—Discussion of limitation of armaments at the Washington conference will be impossible without raising the principal phases of the Pacific question, Premier W. M. Hughes said in the house of representatives here today while discussing the conference. He added it was unnecessary to remind the house that Australia was a Pacific power and that her destiny lay in the Pacific problem which so far the articles of the code referring to homicide and assaults are applicable to duels, and that the seconds in such meetings are equally as liable as the principals to prosecution as accomplices.

"Talk of disarmament is idle," he added, "unless the causes of armaments are removed. Frankly I see no hope of disarmament until problems relative to the Pacific are settled."

Referring to the imperial defense, Mr. Hughes said that whatever should be decided upon at the Washington conference, Australia must have a navy defense for her safety, and that "peace in the Pacific means peace in the empire."

BAPTISTS GATHER GIFTS FOR CHILDREN OF EUROPE

Tons of Christmas Supplies Being Assembled Range from Toys to Hospital Outfits

NEW YORK, (AP)—"Fill a Ship with Fellowship!" To this Yuletide chorus of 10,600 Northern Baptist congregations in the United States, tons of supplies, from dolls to hospital outfits, were being assembled today to be sent to Baptists in Poland, Czechoslovakia, Latvia, and probably France, on a Christmas ship leaving New York November 1. The gift-laden craft is scheduled to arrive in Europe in time for Yuletide distribution.

The supplies are being collected in every district of the country under supervision of the American Baptist Foreign Mission society, 206 Fifth avenue, New York City, and the Women's American Baptist Foreign Mission society. Some of the gifts already have arrived at the warehouse in New York that has been rented for the assembling point.

"Today, fellowship must stop being a word and become a concrete thing," said Dr. James H. Franklin, foreign secretary of the American Baptist Foreign Mission society. He originated the fellowship movement.

Gifts of 10,000 toys will be left to the selection of the Sunday school children, while their elders will concentrate on appropriate outfits for Baptist hospitals, orphanages and desolate homes, also specializing in warm, substantial winter clothing. It is hoped to send 100,000 cakes of soap.

Battle Line Trenches Afford Foxes Shelter

VERDUN, (AP)—Foxes have multiplied greatly in the valley of the Meuse, and in several districts have made their holes in the deserted French and German trenches. The soldiers, perhaps, had little idea when they nicked them "fox-holes" that sometime real foxes would inhabit them.

If your property is desirable, and is advertised in the classified— you'll find your boy."

A Free Cook School and Demonstration on the GREAT MAJESTIC RANGE At Diamond Hardware Company

Don't Miss This Opportunity to See Professor Becker, the World's Renowned Chef, at the Diamond Hardware Co.

Table with 2 columns: Day and Time, and Menu items. Includes Tuesday, Wednesday, Thursday, Friday, and Saturday menus.

The GREAT MAJESTIC

With end gas oven and fitted with pin extension malleable iron water-pan attached to boiler. More heating surface means more hot water and malleable iron absorbs the heat more than cast iron. We can furnish you this range without the gas oven or without the waterfront, and you can get these parts later.

The Range With the Reputation

The Majestic Range is no Steel Range. It is made of Malleable and Charcoal Iron, no puttied joints; no clay bricks to burn out; no flues to rust out, and it is impossible to break.

STOP---THINK---FIGURE

Not Cheapest, But Least Expensive

Your wife cooks a thousand meals a year. Your range is used more than all your other furniture combined.

Then Why Not Buy the Best? The Majestic saves time, fuel, labor, and lasts a lifetime.

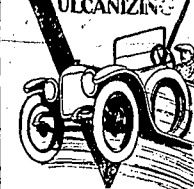

Requires No Blacking

control, the last vestige of superintention passes Thursday with the automatic lapse of the government's grant of 10,000,000 pounds for the coal mining industry.

CONTROL OVER TRADE

Last Vestige of Superintention Passes with Lapse of Government Grant to Coal Mining Industry

LONDON, (AP)—Trade in Great Britain has been freed from government

VULCANIZING WITH A BIG V is only a popular way of expressing the high class work we do on repairing tubes and tires. Bring your injured "tubes" or tubes here and we will return them to you quickly in as good condition as before you had the puncture or blow-out. Oftentimes they will in fact be better than before. Prices reasonable.

GEM STATE VULC. CO. 128 Second Ave. West

SPECIAL! SPECIAL!

All during the above time a special demonstrator, direct from the Majestic Factory, will be glad to show you all about these wonderful ranges. Show you why the Majestic is the Best and Cheapest Range on Earth at any price.

Come if You Need a Range or Not

Know why and how the oven is heated. Know how the top is heated. Know why the Majestic uses less fuel. Know how the Majestic is made inside and outside. Know how the Majestic Fire-Box is made. Know all about the Majestic, and why stove expert pronounce it the Best Range on earth.

Don't Overlook this Chance to Know. It may save you in the future.

Remember, All Next Week at Diamond Hardware Co.

You are urged to come in at any time and see Professor Becker and learn about this Great Range. You are under no obligation to buy. This is a school well worth attending.

SIX CANDIDATES IN RUNNING FOR NEW YORK MAYOR

Voters to Chose Among at Least Half Dozen Aspirants for Position; One is Serving Term in Sing Sing.

NEW YORK (AP)—Wm. Fisher Kalkbrenner goes to the polls at the city election, November 8, he will have an opportunity to vote for at least six candidates for mayor, though one of them is in prison.

Candidates are:
Democratic—Mayor John F. Hylan.
Republican—Coalition—Henry H. Curran.
Socialist—Jacob Panken.
Prohibition—George K. Hinds.
Farmer-Labor—Jerome de Hunt.
Workers League (Communist)—William C. Clegg.
Gifford, a former assemblyman, convicted of criminal anarchy, is serving a term at Sing Sing prison.

Curran Opposes Hylan

Provisionary arrangements indicate that the main battle will be between Mayor Hylan, a candidate for re-election, and Henry H. Curran, president of the city council and a candidate, who won the spirited four-cornered primary race for the nomination by a plurality of more than 30,000 votes.

Mayor Hylan asks re-election on the grounds that he has had good success in his four years' term as chief executive, that he has been the friend of the people, has fought "big business" and that the traction fare down to five cents.

Mr. Curran, who has been in city office for 10 years, has not yet decided upon his platform in detail, but has indicated that he would follow the "five minute" platform used in the primary campaign. The main issue, he believes, is that of controlling the city as a business like body. He maintains Mayor Hylan's administration has been inefficient.

Clash Frequent

Mr. Curran and the mayor do not believe in the mutual admiration society. They have clashed frequently. Within the annual police parade was held some months ago, Mr. Curran was not invited to the reviewing stand, so he mounted a fire hydrant and viewed the blue-eyes as they marched by.

The republican workers have been busy applying salve to the wounds caused by the hot primary fight and apparently all in haste. The socialist candidates recently dined with Mr. Curran and pledged their loyal support to him.

The campaigns of the other candidates far have been conducted quietly. Political observers believe their voter will not be greatly in excess of those at the last presidential election, although it is recognized that many lines are not followed closely in municipal elections.

City Normally Democratic

The city is normally democratic. At the presidential election a year ago, however, President Harding polled 740,783 votes and James M. Cox, democratic candidate for president, 344,131. The socialist vote was 159,923; the farmer-labor party 18,973 and the prohibitionists 1,850.

The new party in the field this fall is officially named "The Workers League of Greater New York," the Communist. Many of its workers formerly were associated with the socialist.

Harry Whittaker, former executive secretary of the communist party, who, in 1919, his renouncing may for mayor, his conviction of criminal anarchy, is candidate for president of the board of aldermen.

Mrs. Rose Tattler Stoker, noted socialist worker, is candidate for president of the Borough of Manhattan.

ALL-STEEL BODY OF OVERLAND ADDS A SAFETY MARGIN

Carrying out a full streamline effect, the bodies of the Overland models are in keeping with the general high quality of the car.

The body, an all-steel, single unit job, eliminates the possibility of bulging at the joints and does away with annoying body squeaks and rattles. This body construction, which makes a body which not only give unparalleled rigidity and strength but which protect car and mechanism from road strains and bumps means to the buyer a car that will live as long as its motor providing at the same time a big factor of additional safety.

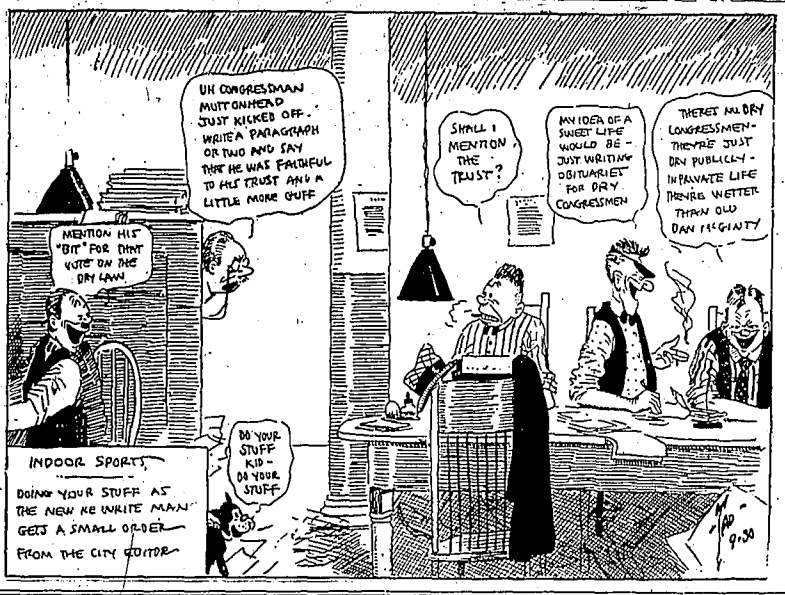

The complete construction provides oversteering of utility embodied in the larger cars of much higher price. The wide deep seats of the Overland are cushioned over springs such as are used in the finest upholstery. The seats are of sufficient width to accommodate five passengers comfortably.

The upholstery throughout is of long scale Paralese. An cushions, including the back and sides, are removable, just as in all Pullman sleeping cars.

The full crowned fenders are of heavy sheet steel. The running boards are covered with Paralese, and are removable. The fittings are nickel and polished aluminum.

The body is in keeping with the simplicity construction which makes the Overland 4 as almost revolutionary. The body offers only an additional means of securing light weight without sacrifice of strength. In fact, it actually gives added strength to the car.

If your property is desirable, and to advertised in the classified — see the find your buyer.

OPTIMISM COMES WITH SPRING TO AUSTRALIA

Government Officials in Review of Situation, Declare Outlook is Bright for Commonwealth

SYDNEY, (AP)—Australian spring-time conditions justify an optimistic outlook, say government officials. The dairying season has opened remarkably well, lambing returns were consistently high, and pasturage and wheat areas are in excellent condition. The rains and snow melting have caused floods in Victoria, but the damage has not been extensive, and any local material loss is well balanced by the general gain to the land.

The wool industry is more buoyant, with good prospects of a steady market. The meat industry depression is largely due to the effect of high freightage overseas.

YANKS MUST PLAY POSTPONED GAME, LEAGUE RULE SAYS

Contest Stopped by Weather Has to be Engaged in Regulation Requires

NEW YORK, (AP)—After flitting with the American league pennant all during September, the New York Yankees today had their lungs set on winning the one game necessary to capture it. They are scheduled in a double-header with the Philadelphia Athletics at the Polo Grounds.

The two games are made necessary by the postponement of yesterday's contest in Philadelphia, where rain ruled at Shibe park. Many fans thought the postponed game could be dropped from the schedule which would have given New York the pennant until a rule was pointed out providing that if two teams postponing a game meet again in a regularly scheduled contest before the end of the season, the postponed contest must be played in that series.

SPEAKER'S TRIBE CLUTCHES AT HOPE IN DISTRESS HOUR

Indians Must Win Two while Yanks are Losing Three to Get the Pennant

CHICAGO, (AP)—There was a possibility today that the weather will decide the American league pennant race. Cleveland's Indians play the third of a four-game series with the White Sox after breaking even in the first two.

To win the pennant Cleveland must win both remaining games from the Sox while New York must lose their three remaining games. If rain interferes with one of the Yankees' games, the New York club will win the pennant even if it loses the other two.

While admitting that their chances were slim, the Indians, 1920 world champions, today refused to give up any hope of participating in another world series.

SOME BIG TEAMS ASSEMBLE TODAY ON EAST'S GRIDS

Interest Centers in Outcome of First Contests for Princeton and Others

NEW YORK, (AP)—Chief interest in today's nation-wide football games centers in the initial appearance of Princeton, Cornell, Columbia, Army and Navy upon the 1921 gridiron.

Princeton, of which much is expected this season, faces Swarthmore, Cornell meets St. Bonaventure, Army opens with a double header against New Hampshire and Springfield, Y. M. C. A. colleges; Navy opens North Carolina State; Columbia plays Amherst.

Harvard will meet Holy Cross and Yale faces Vermont.

BASEBALL

Brief Bits of Sport

By Sunburn says it is all over but the big series.

Which, according to the eminent team of baseball writers, will be played in New York.

The White Sox and Cubs management are preparing for a city series between those clubs as soon as the league season has passed into history.

Now we shall see how the next to the weakest club in the American league stacks up against a middle-nutlet of the National.

Dickie Kerr is slated to open the series for the Sox, with Red Faber following up.

After that—well you had to use one's imagination at times.

Ira Ibern, Salt Lake wrestler, has laid official claim to the world's title of the middleweight division.

And under that moniker he has issued a challenge to meet any and all the best men from every clime and country at 160 pounds.

Well, sir, Ira should be a busy man for some time to come, unless the real champion comes along and slams the Salt Lake's shoulders to the mat first off.

Jess Willard, from a hole of retirement in the Kansas oil fields, whispers he is ready to sign an agreement for a fight with Dempsey.

Tex Rickard has offered to promote the bout, which should prove the medium whereby Tex will connect with a far more solid than emanated from the Wilson-Dorway affair recently.

Chicago—Nine western conference football teams go into action today, and as a result, championship contention not expected to begin to assert themselves.

The University of Chicago eleven and Northwestern university are the first of the Big Ten teams to meet and most interest probably centers in this game for the loser will be eliminated from championship consideration.

Michigan today meets Mount Union college while Wisconsin will oppose Lawrence.

Minnesota opens with North Dakota; Iowa meets Knox college at Iowa City and Ohio State, last season's champion, faces Ohio Wesleyan; Purdue plays Wabash, and Indiana meets Kalamazoo.

PLAYING FOR TITLE

CHICAGO, (AP)—Chicago's city title football game took place today in the meeting of the teams of the University of Chicago and Northwestern university at Stagg field. It was the first appearance of the Chicago team while Northwestern was beaten by Heloit a week ago.

Where the Grouch Errs.

All that the grouch needs to do is get in step with his fellows. All that ails him is that he is trying to keep step with himself and make everybody else come in time with him, and no man ever was big enough to do that yet.—Everance

AMBASSADOR TO JAPAN GIVES CONCLAVE AIMS

Warren Tells Tokio Audience President Seeks Frank Discussion with View to Concrete Results

TOKIO, (AP)—The coming Washington conference said Charles H. Warren, the American ambassador, in speaking at a dinner given in his honor by the American-Japan society Thursday evening would be a conference by common consent among sovereign states—a conference upon which the United States was not seeking to impose its will.

"The president," said Ambassador Warren, "is rather seeking a frank discussion with a view to formulating a concrete result, a declaration of principle by the nations participating which in their practical application will prevent a chain of conflicting interests, and remove the causes for armament."

It would seem, said Mr. Warren, that the conference would furnish opportunity for a declaration of principles with regard to the problems of the Pacific, insuring the development of the legitimate national interests of all the Pacific powers, and lead to a path of cooperation in friendly commerce.

Ford

THE UNIVERSAL CAR

The Garden farmer will find the Ford Model T One Ton Truck an especially valuable factor in his business because of the flexibility as well as the reliability of the service given by this splendid truck. The worm-drive of manganese bronze carries all the power of the motor to driving the Truck, and there are combined in larger and heavier form all the elements which have made the Ford Truck with its worm-drive is most economical in operation and maintenance. There is very little, if any, flexing, to get out of order at any time; there is the simplicity in control; there is the convenience in the flexibility of the car, and it stands in a circle of forty-eight feet; it accommodates itself to narrow alleys, and it "stands the gaff" of hard work day after day, and month after month, to the great satisfaction of the owner. There is hardly a line of business activity where the Ford One Ton Truck is not really a necessity. Come in and talk it over.

SHERIFF AGAIN GETS KELO IN LIQUOR CHARGE

Authorities Find "Moonshine" Liquor in Car Occupied by Colored Man

Six pint bottles, each filled to the top with "Rocky Mountain Dew," were early this morning taken from an automobile by Sheriff E. R. Sherman and deputy forces from the sheriff's office. Bert Kelso, a colored man, is held in prison on charge of violation of the eighteenth amendment to the constitution of the United States by having in his possession liquor of a certain and intoxicating character.

In other words Kelso is accused by the authorities of "bootlegging."

Kelso's arrest was effected on Rock Creek bridge near the crossing over this morning as he was approaching Twin Falls city from the Salmon district in an automobile. According to the sheriff he tried to have the car speeded up in an attempt to evade the officers. The machine failed to respond to "gas," it is said, and was brought to a standstill when the sheriff's men insisted.

The driver's prisoner has not been admitted to bail and will probably be denied this option since he is now held to appear in the district court on a felony charge involving a slight alteration of the law. Sheriff Sherman was aided in making the arrest of Kelso by Deputies Ormsby, Van Auveland and Hamilton.

ARMAMENTS REDUCTION DISCUSSED BY LEAGUE

Committee Recommends Request for Statistics on Military Power

GENEVA, (AP)—The report of the committee of the league of nations on the reduction of armaments was presented in the next two years be limited to the amount of expenses this year.

The report recommends that the various governments be asked to furnish statistics of their armaments, military and naval, for the years from 1913 to 1921, with a compilation of their laws on parliamentary debates relating to armaments.

The committee proposes that the assembly ask the council of the league to repeat to the various governments its appeal that appropriations for armaments in the next two years be limited to the amount of expenses this year.

FLAMES DESTROY TRESHING MACHINES IN BEVEL DISTRICT

A threshing machine separator owned and operated by George Singletts of Cattleford, and about 300 bushels of wheat were destroyed by fire at noon today in the B. Bevel district.

The fire is believed to have been started by sparks from the engine. It was discovered in a stack of bundles close to the separator. The monetary loss is estimated at \$5,500.

CLAIM GROWING BENTMENT (Continued from Page One)

ing detailed explanation of the plan which has been proposed by Senator Smoot, on next Monday or Tuesday.

King Offers Amendment

A substitute access profits tax offered by Senator King, of Utah, provides for a levy of ten per cent on the income of every corporation if such income is in excess of 20 per cent of the usual deductions allowed corporations.

Other amendments by Mr. King proposed repeal of the transportation taxes; a levy of four cents a gallon on corn oil; a tax on soft drinks; a refund of two cents as proposed by the committee, and repeal of the \$2,000 exemption-allowed corporations.

Would Eliminate Deductions

Still other amendments by Senator King propose elimination of provisions under which corporations would be allowed deductions for reasonable wear and tear on property used in trade or business and for amortization of such part of the cost of manufacturing facilities or of vessels acquired for the production of transportation.

Contributing to the prosecution of the war against the German government as has been borne by the taxpayer.

Strikes at Depletion Allowance

Senator King also would have withdrawn the section allowing in the case of oil, coal and gas wells, other natural deposits and timber tracts, a depletion allowance for depletion and for depreciation of improvements, according to the peculiar conditions in each case, based upon cost, including cost of development not otherwise deducted.

GOLD DISCOVERED CAUSES SIBIE IN NORTH CAROLINA

ASHEVILLE, N. C., (AP)—Considerable excitement prevails in the Tuckersville river valley in Graham county over the discovery of a vein of gold on the farm of A. H. Garland. At a depth of 15 feet the quartz is showing. Property values suddenly have leaped in that section.

Avoid Wreaking Friendship

A friend whom you have been getting during your whole life you ought not to be displeased with in a moment. A stone is many years becoming a ruby; take care that you do not destroy it in an instant against another stone.—Sassi.

CANAL COMPANIES IMPORTUNED TO GIVE AMERICAN FALLS DAM EVERY POSSIBLE ASSISTANCE

Guy Flenner, of Idaho Reclamation Service Tells of Investigations Revealing a Need for Staunchest Support for Big Irrigation Project—Lays Facts Before the People

The following statement was issued by Guy Flenner, manager director of the Idaho Reclamation association:

"This office has made some investigations as to certain phases of the American Falls project and desires to lay before that portion of the public directly interested, some facts that it has collected.

The American Falls project is set up, as a matter of financing, on the basis of the work being paid for, for the most part through the joint financial assistance of irrigation companies in the Snake river valley and the federal government through the reclamation service.

"In line with this plan, these irrigation companies have been requested to pay in certain sums on the basis of an average treatment of their members into the reclamation fund, and we find there have been some objections to this plan, which, coupled with conditions that have made payments difficult at this time on the part of those who favored it, has resulted in the payments being deferred until next year, as was informed.

"The information we have from official sources warrants the statement that unless this joint payment plan can be carried out, the construction of the American Falls dam will be greatly delayed, if not abandonment caused for an indefinite period.

"This demands upon the Reclamation fund more payment and is, in some cases, actually advance the funds for construction under the same plan as was promised by the canal systems on the Snake river. As the service must give preference in case of the latter kind, any unreasonable delay as to the American Falls project will further delay the construction of the dam.

"It is hoped that the McGary-Smith appropriation bill can be passed at the next regular session of congress, but if the should be done, the total amount would not be available at once, but probably not over twenty million dollars the first year, which apparently is planned in advance. The American Falls project, if participating in that conditions, that would be considerably delayed, contrary to the advancement that it is possible under the present plan.

"In view of the conditions, we suggest that the most serious consideration be given on the part of the members of the canal companies to the pressing needs of the reclamation service, as bearing upon this great Idaho development, to the end that assistance be forthcoming promptly when the deferred payment period referred to in the foregoing has lapsed.

"With this dam constructed, the Jackson reservoir storage can be utilized on the land in the upper Snake river valley, insuring a greater supply, leaving the lands below to be supplied by the American Falls dam. The benefits to the state at large and to all those holding land or who may claim land within the influence of this project are incalculably immense that only can look upon any necessary deferment of payment as being extremely costly and hazardous.

"We are not desirous of arousing any controversial spirit among those who divergent any other means of financing the project. Our sole purpose is to lay the facts before the interested public in a way to point out the apparent necessity of following a program that has been laid down under which conditions have been entered into, and which, so far as we are advised, is to be adhered to.

"The desire of this association is to assist in bringing about the successful consummation of this great project with the least possible delay under any plan whatsoever, but it seems to us that to fail in cooperation with the program adopted and partially carried out would set the clock of progress back until the striking hour of completion would be disastrously postponed."

RE-ORGANIZATION IS EFFECTED BY LOCOMOBILE COMPANY

NEW YORK (AP)—Re-organization of the Locomobile company, automobile manufacturer, with a plant at Bridgeport, Conn., is announced here. Elmer H. Haves, of Bridgeport, was elected president. The company declared that it had terminated its contract with Hove's Motors, Inc., under which it has been operating its properties.

FEWER WOMEN'S EXHIBITS BUT QUALITY WAS FINER

Exhibitors of Textile Fabrics at Fair Not So Many—Made Splendid Show

While exhibits presented in the women's department at the county fair, recently closed, were not as numerous as in some other years, the quality was never approached, according to judges. There were 24 exhibitors in the textile department. Premiums were made up as follows:

Mrs. J. Wilson, \$7; Mrs. Lucy Brewer, \$7; Mrs. G. C. Lott, \$7; Mrs. J. W. New, \$7; Mrs. J. A. Morgan, \$7; A. Campbell, \$10; Mrs. F. E. Chalmers, \$5; Mrs. Margaret Ort, \$1.50; Mrs. Ek. In, \$1.50; Mrs. Kallfleish, \$3.00; Mrs. Frank Hayes, \$3; Alice Van Zandt \$2.50; Mrs. G. C. Lott, \$2; Mrs. L. Williams, \$2.50; Elizabeth Jantz, \$2; Mrs. Howe, \$1; Mrs. John Olson, \$1; Mrs. E. L. Molins, \$1; Mrs. O. E. Smith, \$2; Mrs. J. A. Morgan, \$2; Mrs. C. M. Wierman, \$2; Mrs. E. Burkholder, \$2; Mrs. Alg Carter, \$2; Mrs. John Chandler, \$2; LaVaughn Mann, \$1; Audrey McCann, \$5.

Mrs. M. L. Logsdon of Dulh is the house guest of Mrs. W. F. Hawkins living near Twin Falls.

Mrs. T. M. Perrin and daughter Miss Evelyn were among the Twin Falls visitors from Burley yesterday.

Miss Lillian Graybill of Filer is the guest of Mrs. Preston Lindorf of 530 Third street for a few days.

Mrs. Charles Finch and Helen Trudale are the guests of Miss Nell Myers of Kimberly for the week end.

Mrs. Walter Norris and Mrs. E. Brownfield of Kimberly were among the Saturday visitors in Twin Falls.

Miss Elizabeth Roberts of the J.H.H. school is to spend Sunday with her parents living in Kimberly road.

Mrs. Francis Smith who is a teacher in the Dulh schools, is spending the week end with her parents in Twin Falls.

Mrs. H. F. Hays of Kimberly returned home last evening after spending a few days for the guest of Mrs. Mary Evans.

Canned Material.
 In Division B, which is devoted to canned and preserved goods and cooked food, there were 21 entries. Premiums were paid to the following exhibitors:

Mrs. C. L. Bowlsby, \$3; Pearl Teel, \$4; Mrs. Garrison, \$1; Mrs. Nora Nicholson, \$2; Mrs. G. C. Lott, \$2; Mrs. E. M. Studland, \$2; Mrs. E. P. Laubenholm, \$1; Mrs. Alpha Ellenwood, \$2; Mrs. A. N. Sherlock, \$2; Mrs. G. L. Olson, \$2; Mrs. Addie Miller, \$2; Miss Freda Kuntz, \$1; Paulson, \$1; Irene Mufson, \$2; Effie Noh, \$1. Total \$70.

No entrance fees and no exhibitor's ticket required in this department. In many instances the exhibitors did not attend. One hundred and fifty-two people had to pay admissions to furnish the money to pay premiums in this one small department alone.

With respect to the poultry department at the fair, Secretary Markham makes this statement:

Among the Poultry.
 "That the poultry department was the best ever, was the universal opinion of visitors who have paid particular attention to this department for a number of years. While the numbers were not as great as last year, the quality of birds shown was excellent. All the leading breeds were represented and only fowls that met every requirement passed the scrutiny of the judges.

"Walter Smith was superintendent and Leon Taylor of Dulh did the judging. Every fowl was required to meet the requirements of the American standard of perfection. It took 25 checks to pay the \$154 awarded in this department. The premiums paid were as follows:

S. C. Stradley, \$2.50; Smith & Bradley, \$2; Mrs. B. F. McPherson, \$22.50; J. W. Holman, \$3.50; J. A. Kilpatrick, \$10; Chester Johnson, \$1; G. F. Olson, \$10.50; M. Richardson, \$5; Irvin Wickland, \$1.50; J. W. Weech, \$22.50; J. A. Waters, \$2; Lana Pes Russett, \$2; J. H. Hill, \$2; G. C. Davis, \$2; Glen Whitkov, \$1; Ben Elder, \$1; Everett Beach, \$1; Helen Bias, \$2; R. B. Randall, \$1; John Muser, \$2; H. E. Muser, \$2; Clyde H. Taylor, \$12.50; L. L. Stetter, \$2; Ned Clifton, \$1; Mrs. Lewis Mann, \$1.

Social Notes

The Camp Fire Girls of which Miss Fannie Howell is president, were among the Saturday visitors in Twin Falls. Ruth Kobs was chosen their queen, and Dorothy Dinkelecker as the queen of the girls (see their Indian) which they will be known at the fire meetings. The next one will be held at the home of O. J. Land on Teah avenue east.

The members of the High school club held a special meeting on the evening being planned for the girls (see their Indian) which they will be known at the fire meetings. The next one will be held at the home of O. J. Land on Teah avenue east.

The Misses Georgia and Eva Martin entertained at dinner Thursday evening complimenting Miss Lois Stewart whose wedding is announced for an early date. The guests were Mrs. J. S. Stewart, Mr. and Mrs. Duane Johnson, Mrs. E. Pettie and the Misses Lois and Georgia Stewart.

The S. N. T. Club gave a miscellaneous dinner complimenting Miss Lois Stewart, at the home of Mrs. L. E. Pallard on Seventh avenue east last evening. The gifts were presented to

GATES TIRES
 The Tire With the Wider and Thicker Tread

Nobody Questions This—
 Every experienced motorist knows that it's the tread of his tire that tells the story.

When the rubber tread wears out there is not more than a few hundred miles left in the tire.

Perfectly obvious, isn't it, that a wider and thicker rubber tread will wear longer?

That's why the Gates Super-Tread Tire is making friends so fast—it has a lot more miles in it.

THE NEWS' SUNDAY SERMONETTE

By CHARLES GLENN BAIRD, M. A. Rector, Church of the Ascension, Episcopal

THE DAY OF THE CHILDREN... Mark 10: 13, 16: 'And they brought young children to Jesus, that he should touch them...'

There were many hopeful and cheerful signs today in our own land of a more sympathetic, more intelligent dealing with children.

There were never so many playgrounds as today. Games and sports everywhere, and it is one of the well-recognized processes in education—the training of children to play together—the training in team-play—on the theory that if they learn how to play together they will know better how to work together when they become grown-up men and women, and so better citizens.

Another very pleasant reflection to-day is our development in this country in the way of child labor laws.

a year because the League threatened to expel the Hungarian forces from the disputed territory.

Serbia, or rather Jug-Slavia and Albania, are continuing their hostilities, despite League protest because England, France and Italy have differing views on Albania.

And neither Poland nor Lithuania is satisfied with the proposed adjustment of the Vilna question.

The League council favored a settlement, giving Lithuania to a self-governing constituent. Lithuania wants it unconditionally, arguing it was ceded to her by Russia two days before Zolgoski, the Polish general, seized it.

Thirty-five of the 43 members of the assembly, impressed by this plea, promptly voted against the Polish contention and Lord Robert Cecil warned Poland that she was forfeiting the world's sympathy and justifying the suspicion against her government.

Last spring while the Capper-Tincher law regulating grain exchanges, which goes into effect in December, imposing a prohibitive tax on this method of trading, was being framed the officers and directors of the Chicago Board of Trade recommended the indemnity trading be discontinued.

Members of the board of trade a few weeks ago voted to eliminate indemnities (October 1).

Affords Alternative: 'Indemnities' in substance are contracts which give to the buyer the privilege of demanding a specified quantity of grain at a named price within a specified time, or give him the privilege of delivering a specified quantity at a named price within a certain time.

The utility of indemnity trading, marking experts of the Board of Trade say, lay in the insurance it provided for speculators against violent price swings in a stated period.

'Speculators,' said a leading grain man, 'provide a market in which country elevator owners or farmers may protect themselves from loss by fluctuating prices. Speculators are contently on the alert to buy or sell as ordinary conditions of supply and demand indicate.

They in turn need a chance to 'judge' or 'consequence' trading, such as a sudden change in the world political or economic conditions that would change price values.'

Some of the individuals which made a specialty of selling indemnities. The late Russell Sage was reputed to have made many of his millions by the sale of 'stock privileges,' and another prominent member of the New York Stock Exchange.

Once Former Abolished: Years ago trading in puts and calls was eliminated at Chicago, but the trade was promptly transferred to the Milwaukee and Minneapolis markets.

Many traders hold the opinion that the move would make speculators more conservative and thus reduce the volatility of the market.

GERMANS TO BE URGED TO EMIGRATE TO AMERICA: Exhibition Scheduled to be Held in Many Toronto Cities Would do a New Increasing Emigration

GRAIN TRADERS PULL AWAY PUTS AND CALLS

Regulatory Legislation, while Pending in Congress, Exerts Influence Upon Practices in Chicago Pits

'CHICAGO, (AP)—Board of Trade members watched the course of grain prices with unusual interest today because of the elimination of trading in 'indemnities,' also known as 'puts and calls,' and officers said 'private deals' were being made.

Last spring while the Capper-Tincher law regulating grain exchanges, which goes into effect in December, imposing a prohibitive tax on this method of trading, was being framed the officers and directors of the Chicago Board of Trade recommended the indemnity trading be discontinued.

Members of the board of trade a few weeks ago voted to eliminate indemnities (October 1).

NOTICE OF DELINQUENT TAX SALES: Second Notice Oct. 1, 1921

Public notice is hereby given, that the records of the County Clerk of the County of Twin Falls, State of Idaho, show that certain persons...

There has undoubtedly been vast progress in America in the past decade along the lines of justice and fair-play to children. Children's rights are very much in the foreground. It is one of the best evidences that we have of a Christian civilization.

PETITIONERS URGED SALE OF JEROME COUNTY'S BONDS: JEROME — Petitioners are being circulated here asking Jerome county commissioners to sell \$125,000 worth of bonds voted more than a year ago and which are now in the hands of the Federal Reserve Bank.

There has undoubtedly been vast progress in America in the past decade along the lines of justice and fair-play to children. Children's rights are very much in the foreground. It is one of the best evidences that we have of a Christian civilization.

If your property is desirable, and is advertised in the classified — you'll find your buyer.

SALMON CANAL COMPANY WINS COURT DECREE

Judge Balcock Favors Water Distributors in Bipartisan Rights Judgment

Claim of the Salmon River Canal company to priority of its water fillings on tributaries of Salmon river at upper end of claims of claimants other than the Utah Construction company...

In this case which has been before the court for several months, testimony being first taken in September and concluded at the end of November, 1920...

Reference is made in this decision to several decrees of the United States district court for the Utah Territory...

The decree awards priorities to the claimant as of the date of the decree, which are, however, junior to the rights of the Salmon company...

County Authorities Quit Search for Body of Van Eaton

For the immediate present county authorities have abandoned search for the body of Van Eaton...

Disturbing Meeting

William McCross was arraigned in the police court this morning to answer charge of being drunk and disturbing a street meeting conducted by the Salvation Army...

Injunction is sought by James Boyle and R. J. Day against the Advance Rumely Trucking company and Sheriff E. Sherman to restrain these defendants from disposing of property claimed by plaintiffs...

HOLDING COMPANY URGES LEADERS TO OUTLET THEIR SUBSCRIPTIONS TO STOP BAD CHECK MAKING

Many Telephone Calls Received Urging Solicitors Be Sent to Residences to Gather Pledges - Workers Rushed Overtime Making Canvasses - Pledges Asked to Call at Banks or Chamber of Commerce

Although an extraordinary effort has been made by the general committee in charge of the railroad fund drive to scout the town and vicinity until no person has been overlooked, the fact stands out that not all local residents have been called upon by canvassers.

The two weeks' canvass is expected to close with today's work, but should be discontinued if there is no more money to be raised in these columns. Please don't wait.

Two Caravanners Dissatisfied, Report Party Denies the Rumors of Discontent

Dissatisfaction among members of the modern caravan which has looked on a long trip from Brooklyn to the southwest of Idaho, is confined to a few about its members who are not pleased with what they found and it is possible that they may have gotten either members to thinking the same way...

These pay fines. In the probate court this morning fines were paid by seven autoists following a conviction on charges involving failure to have a red light burning at the rear of their cars...

STEPS TAKEN TO STOP BAD CHECK MAKING

Prosecutor Stephan and Judge Duvall Put Responsibility on Merchants

Hereafter the county prosecutor will not serve as a third check collector, nor will the probate court serve as a medium for compelling makers of bad checks to settle with the party holding them through court procedure.

Made a Collection Agency. The probate court has been turned into collection agency by business men of the county, and because it has been made largely easy for business houses to make a majority of collections of bad checks, merchants are taking no preventive action against being galled by scrupulous persons...

Discharged from Hospital - Mrs. Frank Wright, mother of the shooting victim, died when her daughter Dolores was killed last evening...

Notes Involved. Promissory notes aggregating in amount \$2,400, together with attorney fee of \$300, are involved in an action brought in the district court by James Brothers against Raymond Bagg and J. P. Bagg.
