YANKEES SCORE THIRD VICTORY IN FIFTH GAME

Waite Hoyt Pitches Second Win Against Giants While Meusel, with Batting Whip, Breaks Up Stealing Rallies

THE FINAL SCORE. N. H. B. Yankees 0 0 1 2 0 0 0 0 3 9 1. Giants 1 0 0 0 0 0 0 1 1 0 1

Polo Grounds, New York. (AP)—The Yankees stashed the bats off the field in the Giants' sides this afternoon and walked off the field with the third victory for the American league champion...

YANKEES AB-R.H.PO.A.E. Miller, cf. 3 0 1 2 0 0. Pfeiffenbaugh, ss. 4 0 1 2 3 0. Bupp, lf. 4 1 2 1 0 0. E. Meusel, rf. 4 1 2 1 0 0. Rizzo, 3b. 3 0 0 0 1 0. Ward, 2b. 3 0 0 0 0 0. McNeilly, 1b. 2 1 0 1 1 0. Schang, c. 3 0 0 0 0 0. Hoyt, p. 3 0 0 0 0 0.

GIANTS AB-R.H.PO.A.E. Burns, cf. 4 1 2 0 0 0. Bancroft, ss. 4 1 2 1 0 0. Frisch, 3b. 4 0 1 1 0 0. Young, rf. 3 0 1 0 0 0. Kelly, lf. 3 0 1 0 0 0. E. Meusel, lf. 4 0 1 3 0 0. Rawlings, 2b. 4 0 2 0 2 0. Smith, c. 3 0 0 0 0 0. Wolf, p. 3 0 0 0 0 0. Snyder, p. 1 0 0 0 0 0.

YANKEES—Miller popped out to Bancroft. Frisch threw out Peck at first. Ruth struck out. No runs; no hits; no errors.

GIANTS—Burns grounded to McNeilly who fumbled it and the batter was safe. Bancroft forced Burns, Peck to Ward. Frisch batted a single off Hoyt. Meusel struck out. Young walked and the bases were filled. Bancroft scored on Kelly's force-leagger. The bases were still filled. Meusel struck out. E. Meusel forced Kelly, Peck to Ward. One run; two hits; one error.

GIANTS—Meusel got a hit into right. Pipp sacrificed. Frisch to Kelly. Ward struck out. Meusel stole second. Frisch dropped it to Miller. Smith's throw and Meusel doubled for home but was thrown out. Frisch to Smith. No runs; one hit; one error.

GIANTS—Frisch lined out to Miller. Nfid flew out to Ruth. Burns batted safely. The official scorer gave Smith an assist in the Yankees' second inning. Frisch singled into right. Burns got to third. Meusel threw in behind Bancroft, and Burns was caught napping home; the play being Meusel to Pipp. Frisch to Pipp to Peck to Erbach. No runs; two hits; no errors.

GIANTS—Frisch singled over second. Young forced Frisch. McNeilly to Ward. Kelly fanned. Meusel doubled—paid Kelly, Young going to third. Rawlings to Kelly to McNeilly. No runs; two hits; no errors.

GIANTS—Frisch popped to Pipp. Frisch lined out Hoyt. Miller flied into left. Peck flied out to Meusel. No runs; one hit; no errors.

GIANTS—Bancroft flied out to Meusel. Frisch lined out to Miller. Burns grounded out to Pipp. Unassisted. No runs; no hits; no errors.

GIANTS—Schang popped to Frisch. Frisch lined out Hoyt. Miller flied into left. Peck flied out to Meusel. No runs; one hit; no errors.

GIANTS—Bancroft flied out to Meusel. Frisch lined out to Miller. Burns grounded out to Pipp. Unassisted. No runs; no hits; no errors.

Korea Appeals For Hearing on Cause at Arms Conclave

Commission Makes Formal Request of American Delegation

WASHINGTON, (AP)—The Korean commission presented to the American delegation to the conference on limitation of armament, an appeal for an opportunity to fully present the cause of the Korean people to your delegation to the conference and that you will present it to the conference or that you will create an opportunity for us to do so.

AUSTRIAN TOWN IS UNDER FIRE

Hungarian Insurgents Rain Bullets on Viennese Suburb Being Dilapidated

VIENNA, (AP)—Wineur Naudorf, one hour outside of Vienna, was under sniper machine gun fire Saturday from Hungarian insurgents occupying the range of the lying hills northeast of the city. The insurgents finally were dislodged by the officers.

PERSHING'S VISIT TO LONDON IS CALLED OFF

British War Office Too Busy to Arrange for Decoration of 'Unknown Soldier'

PARIS, (AP)—American troops which had been held here for a week to act as guard of honor at the ceremony expected to be held in Westminster Abbey, London, when General Pershing was to lay the congressional medal of honor upon the tomb of the British 'Unknown Soldier' who returned to London, as he had planned, because of the failure of the British war office to fix a date for the ceremony.

FLASHES FROM THE WIRE

KANSAS CITY, Mo., (AP)—Visiting airmen are to be watched from the clouds by an aerial policeman during the three days of the fourteenth national convention and aviation circus of the American Legion. LITTLE ROCK, Ark., (AP)—The largest diamond yet mined in Arkansas was found in Pike county and was sold last week. The stone weighs 20.25 carats in the rough and is estimated to be worth \$10,000.

PARTISANSHIP IS IGNORED IN TOLLS DEBATE

Republicans and Several Democrats Join in Supporting the Borah Bill; Lodge Prominent Among Opponents

WASHINGTON, D. C., (AP)—The senate today failed to free transit of American coastwise vessels through the Panama canal by passing the Borah bill for tolls exemption. The vote was 47 to 37.

WASHINGTON, (AP)—Proceeding a vote on the Borah bill to exempt American vessels from Panama canal tolls, the senate rejected a substitute by Senator King, Democrat, Utah, to authorize the president to negotiate for arbitration of the tolls dispute.

WASHINGTON, D. C., (AP)—Party lines in the senate were ignored in the closing debate today on the Borah bill to grant free tolls through the Panama canal to American coastwise vessels. A vote was not, under an agreement made several weeks ago, for 4 o'clock, with passage of the bill predicted by friends and foes.

Republicans and several democrats joined in supporting the bill today, while Senator Lodge of Massachusetts, republican floor leader, was prominent among bipartisan opponents.

Senator Lodge urged arbitration of the tolls question and said this nation would have to agree under its treaty with Great Britain if that nation should request it. Senator Borah, republican, author of the bill, said he was inclined to agree, but pointed out that former British Ambassador Balfour had said there was 'nothing to be gained' over the tolls exemption to American coastwise ships.

STEEL TRADE SHOWS GAIN

First Increase in Unfilled Tonnage Since July, 1920, Is Recorded

NEW YORK, (AP)—The monthly report of the United States Steel corporation, made public today, showed 4,500,070 tons of unfilled orders on hand September 30. This is an increase of unfilled orders on hand August 31, which were 4,531,926 tons. This is the first increase in unfilled tonnage since July, 1920.

UTAH STATE CHEMIST CONFIRMS EXPERT WITNESSES' TESTIMONY

Herman Harms Takes Stand to Corroborate Analytical Findings of Rodenbaugh and E. R. Dooley

POISON FOUND IN MEYER'S BODY IS POSITIVELY IDENTIFIED AS ARSENIC

Herman Harms, Utah state chemist, took the witness stand just prior to the mid-afternoon recess. He will testify as to the results of his analyses of the specimens taken from the body of Meyer, which testimony is said widely corroborate that of Mr. Rodenbaugh and Mr. Dooley.

Cross examination of E. R. Dooley by the defense this morning, if it had any effect at all, served merely to strengthen the testimony already given by the witness. Dooley was previously testified to by Dooley as a witness through the repetition of the witness. Only in minor particulars did the testimony deduced through cross examination vary from that already brought out.

The usual crowd was in evidence. The announcement of the noon recess for the court carried with it the order that hereafter no children may be brought into court.

Corrects Cross-Examiner. "I didn't say I was on the inside, I said the inside of the hair," replied City Chemist E. R. Dooley in reply to a question as to the presence of arsenic in the specimen of hair examined by him put by Attorney Mills. The question of the difference between arsenic and phosphorus also came up in the examination of the specimen of the body of Meyer which he used in his experiments, in reply to questions by Attorney Mills.

Defense Questions Closely. The witness was questioned closely as to the results in weights of his analysis which he had submitted during the morning session today. Referring to the notes he carried in his pocket, arsenic had to do with a condition of the kidneys.

Question as to whether the arsenic was received before or after death was the subject of many questions. Mr. Dooley declared in this case he had not himself on the question, the analysis showing clearly that the poison was introduced into the body prior to death.

How did you determine that the poison was administered before death? asked Mr. Mills. "By the distribution of the poison," answered the witness. "Suppose an arsenic someone had placed the poison in these organs, how would you know it?" "I could determine the fact by the way it was found and the places where it was found."

"There would have been no nice clean distribution," answered the witness. "But some one might have placed the poison in the body, might he not?" "In this form?" "Yes." "By what distribution?" "Why didn't you take some of the tissues from the abdominal cavity for your test?" "What tissues?" "Any of them."

Tests for Strychnine. Tests for strychnine were also made by the witness on the material taken from the body, also for morphine and codeine. The witness also made two tests for lead with a view to determining the presence of arsenate of lead in the specimen. He found no lead. "Did you test for the spleen for lead?" asked Mr. Mills. "Yes," replied the witness. "What part did Dr. Bieler take in the taking of your test?" "He assisted me in various ways." "Dr. Bieler handled the specimens with his hands?" "Only in the bottles."

Explains Dr. Bieler's Part. "In your absence Dr. Bieler was alone with the apparatus and the specimen." "Yes, he made some qualitative tests." "Is he a chemist?" "No, he is an M. D."

Witnesses and Mr. Dooley. The witness said he also tested the water used by him in his experiments. The witness found a very faint trace of cocaine in the specimen, he said. This is one of the morphia alkaloids. The quantity was too minute for measurement. Arsenic does not pile up in the body but is eliminated by the natural functions. It is not a cumulative poison, said the witness.

Could a man have no grains of arsenic in his system and still live? "Oh, yes. He would want to it up." "I mean retained and the man still live?" "I might take 20 grains of arsenic on a full dinner and get rid of it. I would have a better chance than if I took but 2 grains."

Revisions testimony to the effect that the body of Meyer contained more than enough arsenic to cause death was corroborated Saturday afternoon by E. R. Dooley, city chemist of Twin Falls, testifying for the state.

The experiment on a gram specimen of arsenic yielded .0023 milligrams of poison, from the witness of 1,050 milligrams. In 9 grams of hair the witness testified that he recovered 102 milligrams of the poison. In a section of the large and small intestine weighing 22 grams he recovered .009 milligrams of poison.

The experiment on a gram specimen of arsenic yielded .0023 milligrams of poison, from the witness of 1,050 milligrams. In 9 grams of hair the witness testified that he recovered 102 milligrams of the poison. In a section of the large and small intestine weighing 22 grams he recovered .009 milligrams of poison.

Under the microscope examination, Mr. Dooley stated that an analysis of the body of Meyer had shown that the body of Meyer had been poisoned with arsenic in one sheet and 1.80 grains in the two sheets analyzed.

SHORT SESSION INDICATED FOR IRISH PARLEYS

Lloyd-George Will Take Up Unemployment Situation in the Evening After Meeting Sinn Fein Delegation

LONDON, (AP)—Michael Collins, Sinn Fein minister of finance arrived in London this morning, completing the Sinn Fein delegation which tomorrow will confer with representatives of the British government to ascertain how the association of Ireland with the community of nations known as the British empire may best be reconciled with Irish national aspirations. The Sinn Fein delegates were early at work today completing arrangements for the meeting.

Prime Minister Lloyd George and the members of his cabinet forming the British delegation to meet tomorrow to decide upon the course of procedure. Irishman Retain Expert. Arthur Griffith, Sinn Fein foreign minister, said this morning he was delighted with the success of the Sinn Fein in securing the service as third secretary to the Irish delegation.

That Mr. Lloyd George does not expect the initial conversations to be lengthy appears to be indicated by his own representatives of the labor organizations this morning that he would receive their delegation at six o'clock Tuesday evening to hear their proposals relative to the unemployment situation.

TOWN WOMAN IS HELD FOR POISONING HER HUSBAND

State Charges Murder to Mrs. Ross Ashbaugh and Arthur Cahoon, Farm Hand

WEST UNION, Ia., (AP)—Mrs. Ross Ashbaugh and Arthur Cahoon, hired hand on the Ashbaugh farm were arrested here Sunday, charged with first degree murder on the strength of poison administered to the body of Ross Ashbaugh, the woman's husband, who died July 15 after an eight days illness, which four physicians were unable to diagnose. The body was examined September 25.

Two days before Ashbaugh died, Cahoon, who had been employed on the farm four years but discharged six months previous to the Ashbaugh place, returned to the farm and resumed his duties. He remained until two days after the disinterment of Ashbaugh's body, when he went to his rented farm quarters at McCall, Ia.

Witnesses testified that Cahoon and Mrs. Ashbaugh took frequent trips in Ashbaugh's car while the farmer, who was a breeder of blooded stallions, was away on calls from the Ashbaugh place. Two children of the Ashbaugh couple, Lucille 10, and Robert 14, are expected to testify for the prosecution. Inquiries for the state's chief witnesses. Inquiries for the state's chief witnesses. Inquiries for the state's chief witnesses.

The News Gives Fans What They Look For

One of the things The News does best is give service. Especially is this true with respect to World Series ball games. Inquiries for the state's chief witnesses. Inquiries for the state's chief witnesses. Inquiries for the state's chief witnesses.

GERMANS SLOW TO ACCEPT FLAG

Colors of Monarchical Regime More Popular than Those of Republic

BERLIN, (AP)—Flah lack red and gold flag of the German republic is less in evidence than any other of the dozens of more official substitutes which wave from houses of every town and city of the country. The most popular banner is the black, white and red of the former empire.

In some provinces and in a number of towns the republican flag has never been flown, is not recognized, and can not be purchased.

Beldom seen at Capital.

Even in Berlin, seat of the government, the flying standards of the empire outnumber those of the republic which appear generally to be restricted to necessary official use or to popular demonstrations in favor of the new regime.

The red flag of the communists usually flies side by side with the republican colors during any popular parades or manifestations.

It was pointed out that this situation has caused agitation against monarchical propagandists and here and there has resulted in fights between the police and adherents of the monarchy or between monarchical and republican, but on the whole it has passed unnoted.

The only definite effort to prevent the display of the flag of the republic has come from the mercantile interests, which are strenuously seeking authority to retain their old colors—the flag of the empire with the outline of the iron cross in the upper right hand corner. It is argued this flag was known in nearly every part of the world before the war and that its abandonment would handicap German trade, which is seeking with all available means to regain its pre-war prestige.

May Hold Referendum.

The government has indicated that a referendum may soon be held to permit the people generally to decide whether the demand of the mercantile interests should be granted.

Each German state holds proudly to its old colors—the black-white of Prussia, the blue-white of Bavaria, the green-white of Saxony, the red-white of the German rade, the yellow-white of Upper Silesia. East Prussia flies the flag of the empire, and declares it will have no other.

Confidence of the republic profess confidence that the great majority of the people would willingly support the republic in an emergency, notwithstanding the widespread attachment to other flags.

CASTLEFORD MEN FARM PROFITABLE HUNDRED ACRES

Let and Bam Shaver living three miles east and one mile south of Castleford, farmed a profitable hundred acres this year. From 17 acres of alfalfa they harvested an average of six bushels per acre and from 13 acres of alfalfa they got an average of 8.42 bushels. They had 25 acres of corn and one-half of which averaged 70 bushels per acre and the remainder averaged 57 bushels per acre.

ONE-LEGGED PIEDMONTIAN WALKS ACROSS CONTINENT

LOS ANGELES, Cal., (AP)—Newark, N. J., to Los Angeles is a long hike, and Warren A. Hogle claims an unusual record, making 200 1/2 miles in one-half day which averaged 70 bushels per acre and the remainder averaged 57 bushels per acre.

Miss Marie Curtis.

This little miss is quite a figure in swimming circles. She is Miss Marie Curtis, of the Los Angeles Athletic Club, who is probably the most consistent distance swimmer in California. She won the Pacific Coast mile championship for women, at Capitola, in the fast time of 32 minutes 53 and 3/4 seconds. On September 10 she set a new record for the famous Golden Gate swim, at San Francisco Harbor, covering the difficult course in 25 minutes and 14 seconds, which is 2 minutes and 1 second faster than the former mark. She is eighteen years old.

SHORT LINE BEGINS TO BALLAST BUHL BRANCH

Big Gang of Men at Work Fixing Tracks to Carry the Heavy Loads

RUPERT, Idaho—Ballasting on the O. S. L. between here and Hurd began Monday, with a large number of men reporting for duty to the various section bosses along the line, says the Minidoka County News. Approximately 500 men will be needed to carry on the work, it is reported.

It has been denied that this work is being done to connect up with the incomplete link of railroad between Twin Falls and Wells, Nev., for which a big bonus is now being raised, but it is undertaken at this time because the road needs it. Heavier rails will be installed.

So far as the biller outfit is concerned the statement is made that heavy steel rails are now being taken to Jerome with the intention of working from there towards Hurd and Rupert, but no gravel has been hauled as yet for ballasting.

Several gangs of men have been working between Minidoka and Arco in the past week.

From various sources came the information, made authoritative, that ultimately all heavy trains to the west, both passenger and freight, will be taken over the cutoff making this line in effect a main line.

Food Prices Drop in All But Two Cities

WASHINGTON, D. C., (AP)—Retail food prices during September were down by the labor department Saturday to have declined in all but two of the cities in which it conducts investigations. Decreases amounted to two per cent in Minneapolis and Portland, Me.; and 1 per cent in Atlanta, Philadelphia and Salt Lake City. San Francisco foods remained at prices two per cent above previous findings, while in Dallas there was a fractional increase.

In the average city, retail prices were found on September 15 to be about 25 per cent less than one year previously, but were still between 23 and 26 per cent above the 1913 level.

EAT LESS MEAT IF BACK HURTS

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You

Eating meat regularly eventually produces kidney trouble in some form or other, says a well known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly headache and misery in the kidney region; abdominal twinges, severe heartaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

"If moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Epsom Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders."

"Epsom Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean; thus avoiding serious kidney disease—advise."

W. B. Thompson said to be President's Choice for Envoy to Germany

W. B. Thompson Said to Be President's Choice for Envoy to Germany

William Boyce Thompson

William Boyce Thompson, New York City banker, according to reports from Washington, is President Harding's choice for ambassador to Germany. It is rumored in official Washington that both Dr. David Jayne Hill and Lorning Dressel have been eliminated as possible candidates for the post. Mr. Thompson figured prominently in the republican campaign.

He was one of the treasurers of the campaign committee organized in behalf of Major General Leonard Wood and later was a director of the Harding campaign. He is a director in the Federal Reserve Bank in New York City.

Wright's ARCH PRESERVER SHOES

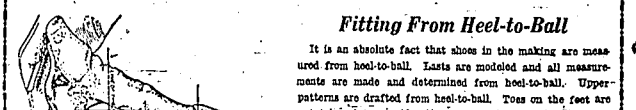

A GOOD PLACE TO TRADE

ARCH PRESERVER SHOES

It is our one hope and desire that every woman in Twin Falls will some day try a pair of Arch Preserver Shoes. There is so much real comfort to be had and so much real wearing service that it is the ideal shoe. The real purpose of the Arch Preserver Shoe is to take a good foot into its snug and easy embrace and preserve it from any and all of the many foot deformities suffered by so many.

It is a proper shoe for the already deformed foot and in many cases has actually cured the trouble. It DOES relieve and CERTAINLY corrects.

Come in, let us explain in detail the wonderful merits in the construction of this super shoe and show you what a well made, attractive looking shoe it is. There is no obligation to buy.

Fitting From Heel-to-Ball

It is an absolute fact that shoes in the making are measured from heel-to-ball. Lasts are modeled and all measurements are made and determined from heel-to-ball. Upper patterns are drafted from heel-to-ball. Toes on the feet are not taken into consideration at any stage of the operation of developing a shoe. But the completed shoe is generally fitted by measuring the foot from heel-to-toe and making some sort of allowance over the "stick." This would be alright if all toes on given lengths of feet were exactly the same length and if the lasts were modeled on the same proportion or divisions of the foot.

However, all shoes in construction are measured with the heel-to-ball measurements and it is therefore necessary in providing a perfect fit, to measure the foot from heel-to-ball. The Arch Preserver foot measuring device is based upon standard last measurements and is designed to determine the exact length of shoe blank necessary to permit the ball of the foot being fitted to rest in the shoe at the point where the ball of the last rested when the shoe was made. Come in, let us measure your foot properly and try on a pair of Arch Preserver Shoes. You will be surprised at the different "feel" of the Arch Preserver Shoe.

Beware of Imitations

An amazingly large number of manufacturers are offering shoes which are made to resemble as nearly as possible the patented bottom design of the Arch Preserver Shoe.

These manufacturers undoubtedly know they are trespassing upon other people's rights. They surely know that they are not putting into these shoes any of the patented features of last modeling and shoe construction which have made the Arch Preserver Shoe the most successful shoe in the world.

But they want some of the business that is gravitating so rapidly to the shoe which is universally acknowledged to be the first and only shoe ever made that is MECHANICALLY EXHIBIT for regular normal beings to wear.

They know that the characteristic bottom design of the Arch Preserver Shoe does not mean anything except to provide a way for the public to distinguish it from other shoes.

Every Arch Preserver Shoe has the trade mark stamped on bottom. Look for it, and the characteristic bottom design. Don't be fooled.

There is one and ONLY ONE Arch Preserver Shoe. WE HAVE THE TWIN FALLS AGENCY.

Brown Kid Oxford

No. 66—A brown kid oxford of the very finest quality kid. Has shapely Cuban heel. A beautiful oxford of the famous Arch Preserver construction. Sizes 3 to 10; widths AAAA to E \$11.00

Black Kid Oxford

No. 52—A black kid oxford of quality. This one is a combination last. It fits the heel so snugly and yet gives plenty of room for the toes. Military or Cuban heel. Medium or wide toe. All sizes and widths \$10.00

Brown Kid Shoe

No. 32—A combination last in a quality of brown kid that cannot be surpassed. Has Cuban heel and medium toe. A really beautiful shoe possessing features of real comfort. All sizes and widths \$13.50

Black Kid Shoe

No. 3—The finest quality black kid that money can buy. It feels like velvet. Made over the combination last with Cuban heel and medium toe. Such pretty lines and so well made. All sizes and widths \$12.00

Brown Kid Shoe

No. 45—A new last with a slightly fuller toe and Cuban heel. A nut brown shade that is now so popular. A shoe of quality materials and workmanship. It's one we'll recommend. All sizes and widths \$13.50

"Keeps the ARCH PRESERVER SHOE Foot Well"

BUILDS THIRD BIG SPUD STORAGE CELLAR AT QUERRY

FILER, Idaho—A. R. Rowell of Curry has just finished the construction work on a huge storage cellar created east of his store at the station between here and Twin Falls.

The cellar is 156 feet long and nearly 60 feet wide, and is now being filled with potatoes. The upper in the cellar was all, constructed for before work was commenced on the structure.

This is the third such earthen built at Filer, says the Filer Journal, indicating that the idea is a practical one and of direct benefit to growers, especially during times of ear-shortage.

DISCOVERY OF REDWOOD GROVE IS CONFIRMED

OROVILLE, Cal., (AP)—Reports of the discovery of a grove of redwood trees in the mountains of eastern Butte county is confirmed by Lloyd P. Corwell, an engineer who has traversed that region. The trees are of the Sequoia sempervirens species, but are smaller than the coast trees of the same family.

The location of the grove is remote and inaccessible except by the Plumas for a more complete exploration, are being made.

WOOD NOW OWNER OF UNITED STORES AT FILER

FILER, Idaho—Filer branch of the United Stores was last week sold by P. W. Banker company to A. B. Wood, well known local business man. The institution is to be known in the future as the Wood Mercantile. Leonard L. Wood, founder of the company, who has managed the store since its establishment, has moved with his family to Twin Falls and returned his position as manager of the company's main store there.

MCGRAW'S PERSISTENT GIANTS COME TO AN EQUAL BASIS WITH HUGGINS' YANKS; SCORE 4 TO 2

National League Batters Slam Carl Mays Hard and Off in Closing Rounds of Stirring Sabbath Tilt, Winning Handily — "Babe" Ruth Enlivens Scene with First Homerun Series

POLIO GROUNDS, New York, (AP)—The Giants opened the series this (Sunday) afternoon by hammering Mays hard in the eighth inning and beating the Yankees by a score of 4 to 2. Babe Ruth, playing with a bandaged elbow, touched off his first home run of the series, a screaming blast, that carried far out into the uncovered stands. The series now stands: Giants, 2; Yankees, 2.

The following is the official box score:

Summary—Two-base hits: Burns, Kelly, Young, Frish, Schang, E. Meusel. Home run: Ruth. Sacrifices: Ward, Douglas. Double plays: Ward, Peckinpaugh and Pipp. Left on bases: National League, 4; Americans, 3. Struck out: by Douglas, 8; by Mays, 1. Umpires: at plate, Child; first base, Rigler; second base, Moriarty; third base, Quigley. Time of game: 1:58.

KEAR WINS RICK STAKE.
PARIS, (AP)—The Arc de Triomphe stake, the second richest of the French turf, was won yesterday by Madame Edmond Blanc's three-year-old colt, Keat. The stake this year had an added value of 300,000 francs. Except for the Grand Prix de Paris, Keat has won every start this season.

Miller Scores First Run

Babe Ruth of the Yankees, scoring first run of the world series in the second on Peck's sacrifice and first inning at the Polo Grounds. Miller scored on "Babe" Ruth's timely single.

RIVAL MANAGERS MAKE DIRE THREATS AGAINST OPPOSING TWIRLERS IN CLOSING GAMES

McGraw Dead Sure of Winning Goufalon Since His Men are Batting the Ball; While Huggins Expects His Protoges to Rally with the Club and Beat the Best the Giants Have on Mound

NEW YORK, (AP)—On even terms again, Yankees and Giants meet today in the fifth game of the world's series and both may elect to try for the edge with the hitters they used in the second contest—White Hoyt for the Americans and Artie Nehf for the Nationals. The Giants rallied to a hitting ace against underhanded Carl Mays yesterday while "Shufflin'" Phil Douglas tossed his freakiest curves and won their second game, 4 to 2.

Hoyt, the Brooklyn coach, who shot out the Giants in the second meeting of the teams, allowing but two hits, one a scratch, appears to be Huggins' only hope to put the Yanks in front again. Great partisans declare he can not possibly maintain the hurling pace he set on last Thursday, while the Giants themselves, vow they'll pumel

the best fans of this city have enjoyed; and the throw was greater. First bulletins were received promptly at 11:30, being preliminary to the contest. At noon the Polo ground ticker began to spell in *The News* office the story of the game as it was being played.

"My team hasn't batted anywhere close to form," declared Miller Huggins. "It is improbable that they will go through the entire series without having several batting rannages. You may look for one at any time now."

Bath's injured arm did not keep him from playing and making his first home run of the series yesterday and he is almost certain to play as long as he is needed. The presence of Babe in the game means much to the Yankees in a psychological sense or it does in any other way.

Phil Outcasts Mays.
While yesterday's game lacked any of the sensational thrills that have marked the others, it was an interesting one to watch. There was Yare, hurling hitless ball for five innings and Phil Douglas keeping his hits fairly well scattered in the meantime. In those five innings Mays forced the Giants to roll easy taps to the infield, only three balls going to the outfield. Douglas' spittals were earning him criticism, as both teams were fielding long out runs.

Peckinpaugh made the first error of the series for the Yankees in the third inning when he lost Snyder's grass cutter on a bad throw. Peck's error was due in a measure to McNally's successful attempt to spear the ball.

Jim Mutric, who some years back organized the New York Nationals, grips his satisfaction at the result. When Jim's team was winning a game in the old days, he remarked: "Ah, they are Giants in playing as well as Giants in stature." Today he said: "I named them well. I think they'll win sure, now."

Brief Bits of Sport
Perhaps the wrong American league team is playing the Giants.

Anyhow, the White Sox, contenders for tall-end position in the Johnsonstown, have beaten the Cubs straight in the Chicago city series.

"Kid" Gleason yesterday pitted a real route, Shovel Hodge, against Grover Alexander, Cub ace, and the former got away with it, 3 to 2.

"Shufflin'" Phil Douglas, than whom there is better when he is right, was real-right yesterday.

Mays looked like a winner until the eighth, then—blot!

The series is not over, however; but it badly tied up.

The *News*' series service yesterday classified.

BELOIAN PLAYS JAP.
NEW YORK, (AP)—Edouard Hereaux of Belgium, European billiard champion, and Keil Yamada, of Japan, were opponents in an 18.2 ballroom match for 1800 points beginning today in Brooklyn. Blocks of 300 points will be played each afternoon and evening for three days.

Amundsen Preparing for A Seven Year Expedition

Captain Roald Amundsen, the famous explorer, has arrived in the waters off Seattle, Washington, in his exploring ship *Maud*, to be fitted up for a new dash to the North Pole. After having her propellers replaced the ship was loaded up with provisions and material for his next expedition, which Captain Amundsen said he expected would take about seven years. The illustration shows the good ship *Maud* and Captain Amundsen, with his adopted child, Oskenta, who is the youngest of two Eskimo children that he adopted during his last trip north. Above are six members of the Eskimo crew who came back from the North on the explorer's last trip and who will accompany him on his new quest. It was the first time they sailed from the Arctic waters, and they still stick to their fur.

Buy the Best Grade of Milk— Powdered Milk

If you ever lived where you could have all the fresh milk you wanted you will appreciate Klim Powdered Milk.

Spell it backwards

KLIM

BRAND

POWDERED MILK

Pure, fresh milk. Nothing but milk and all of the milk except the water. That is Klim. You add the water to Klim and instantly you have fresh whole milk, as fresh as if you lived on a farm.

Not only do you get better milk for less money—but Klim is an economy in other ways. It needs no ice because it does not sour, and in winter it does not freeze. Make up the amount you need as you need it—then none is left to sour and there is no waste.

Klim comes in two forms: Klim

Powdered Whole Milk (full cream), and Klim Powdered Skimmed Milk (for all cooking purposes). A 2½-lb. package of Klim Powdered Whole Milk makes 10 quarts of liquid whole milk.

Food experts endorse Klim; Klim-fed babies are healthy. And the older children are more sturdy when they drink Klim.

From the time you start to use Klim you will know what a godsend it is. Go today and get a week's supply.

In 1-2½—5 lb. cans. Yellow Label for Whole Milk—Blue Label for Skimmed

BOY SCOUTS

(Conducted by National Council of the Boy Scouts of America.)

BURGOMASTER MAX TALKS

The following little address was made by the famous Belgian patriot Burgomaster Max of Brussels to the Boy Scouts of Belgium. Its message rings as true for the Boy Scouts of America as for their brothers across the sea:

"In becoming a scout, each one of you has made the most important resolution of his life: that of seeking to acquire those many qualities and moral virtues which make the good citizen.

"You know already that to be a scout it is not enough to wear the uniform. You must obey the law which you have voluntarily imposed upon yourself, whose ten points embody your duties toward yourself and toward your neighbor.

"In subjecting yourselves to the training which renders the body supple, in exercising your will power, in developing your powers of observation, of decision and of judgment, you serve your apprenticeship to active life. You will learn to act quickly and well and to surmount difficulties and obstacles.

"The habit of discipline and the consciousness of fraternal solidarity combined with exercise in the open air, will prepare you to defend your country, following the example of the heroic boy scouts who fell in the course of the war. The devotion that you bring to this sacred mission will enable your desire always to keep in practice the principles of duty and of honor.

"The scout school is a school of self-aid and loyalty. The good scout ought to have the cult of moral beauty, the unswerving desire to be worthy of his own and to meet others' esteem. You will reach this goal if your spirit is vigilant and your effort sustained.

"All that you accomplish of good, however small may be its results, will contribute toward the growth of your soul, to make of you a man without reproach who has no guide save honor. Courtesy, correctness, good humor, and cordiality, service and the conscientious accomplishment of your task will strengthen your heart and your spirit.

"Those who become men of worth, who strive to observe this scout law to seek each day to do a good turn."

WHEN SCOUTS ARE TOGETHER

A typical one-tent unit of many of the boy scout camps, so popular in many sections.

AMERICAN SCOUTS IN JAPAN.

Members of both societies trying American boy scouts participated in Memorial day parade.

PRaises BOY SCOUTS.

Forester Greeley of the United States Department of Agriculture in expressing the forest service's appreciation of the fine spirit of co-operation shown by scouts in observing Forest Protection week, writes as follows: "This is not the first time that the Boy Scouts of America have been called upon to render service for the government and your efforts in this public-spirited movement to preserve our forests from needless destruction have been in keeping with other noteworthy achievements of your admirable organization. It is a pleasure to feel that the boy scouts stand as a unit for fire prevention and reforestation. But it is also more than a pleasure—it is an assurance of an invaluable aid in a work of the utmost public importance."

BOY SCOUT COMMUNITY SERVICE

Scouts of Macon, Ga., have been making a sanitary survey of the city, reporting to local health officials all unsanitary conditions and later making a follow-up to see if the health department's requests for clean-ups have been obeyed. Montclair (N. J.) scouts in camp are enjoying their new shelter, hall provided by the generosity of the scout mothers of the town. The boys themselves are building the chimney which is in the process of completion.

POST-SERVICE IMPROVEMENT BEING SOUGHT

Department Seeks Uniform Numbering of Buildings Throughout City

For the purpose of promoting letter delivery service, local postoffice authorities will open a campaign on October 10 to secure the numbering of all buildings where mail is delivered, and the providing of proper receptacles for the mail.

When the services of a substitute carrier are necessary, many mistakes and delays occur that would be avoided if uniform conformity to the postal regulations in the two particular cases.

The matter of accurate addressing of letters is also stressed by the department. It is stated that 10,000,000 letters are every year undeliverable because of incorrect addressing.

Patrons are careless in their manner of handling mail, Mr. Thompson says, and in support of his charge he recalls the following instance connected with the local office.

A letter in a neighboring town sent to his wife in Twin Falls, \$300 in currency, through the post office and not bearing a return address, was directed to the office of his wife.

The next day the husband requested the postoffice to return the same in the same manner, and the letter was correctly delivered because the same people were in charge, and were able to take better care of the letter than the individual who was himself.

Every day letters are received addressed to the "Twin Falls Publishing Company" or the "Twin Falls Bank."

Looking toward the earlier daily delivery of mail from the west, the U. S. Post department has issued orders for bids for carrying the first and second class mail by motor from Gooding to Wendell, Idaho, to Buhl, Pomeroy and Twin Falls.

Mail will be received from train No. 18 and carried to the towns mentioned by motor from Gooding to Twin Falls by the designated route is 40 miles, and according to the terms of the contract specifications it to be covered in three days.

Since train No. 18 is due at Gooding at 7 a. m., under the proposed arrangement, Twin Falls will receive mail between 10 a. m. and 11 a. m. Buhl will gain a half day in mail receipt of mail and Pomeroy about five hours.

Orders for this work were issued by the board of district trustees at a meeting on Saturday. On the afternoon of that day the board of trustees at the various sections of the district from which petitions have been received for road improvement.

Three Men Found. Louis Martinez, L. Lura and E. D. Young were this morning held for the purpose of carrying the first and second class mail by motor from Gooding to Wendell, Idaho, to Buhl, Pomeroy and Twin Falls.

NEW ARRIVAL DEMONSTRATES CONFIDENCE IN THE DISTRICT WITH SUBSCRIPTION TO FUND

Here Only a Few Days Lem Johnson Finds Enough to Warrant Investment in Scheme to Build a Railroad to Southward—Committees Soon to Start Out Again in East End Territory

Although a newcomer in the district, Lem J. Johnson has expressed through a substantial subscription to the twin line home fund, confidence in the Twin Falls district.

Mr. Johnson, with his family, consisting of his wife and six healthy youngsters, arrived here on October 6, expecting to locate. He brought household goods and livestock and for the present is occupying rooms in an apartment house. Later he expects to find a permanent location. He voluntarily gave \$100 to the fund.

As he made his contribution, Mr. Johnson said: "I have just arrived and expect to make my home here. I have enough for a start but am monthly. I don't own a dollar's worth of realty, so far, but I intend to in the near future. The immense crops of this section and the limited transportation facilities interest me very much in the lumber drive and I willingly subscribe \$100."

Tomorrow a committee of 50 expert assessors will start out for a map-up of the east end, including the territory about Kimberly, Hansen and Morthaug. The campaign will be continued four days.

The following are the recent subscribers and amounts given:

- Twin Falls City. Dr. C. O. McGinnis, (vol.) \$200.00. H. W. Farver (vol.) 25.00. Emily Z. Dunn 25.00. A. M. Wilker 150.00. James Stokell 25.00. A. G. Gunkel 50.00. Robert J. McMahon 25.00. Harry L. Smith 25.00. W. W. Farish 500.00. Floyd H. Polley 25.00. Charles F. Dwight (vol.) 25.00. M. Kiley & Co. (vol.) 100.00. Mrs. Hattie M. Ludlow 25.00. J. Dean Price 25.00. George Howe 50.00. Law M. Jain (vol.) 25.00.

ISSUES INFORMATION REGARDING BOND ISSUE

Automotive Association Says Little Application Be Made This Fall

The following information concerning the disposition of proceeds of the state highway bond issue for fiscal year 1921-22, just sold, is contained in a bulletin issued by the Idaho Automotive Trades association, to the effect:

It is the intention of the funds will be made this fall, owing to the fact that no federal aid funds are available and will not be obtained earlier than January, 1922. So soon as federal aid is available the fund will be apportioned for new construction.

Monthlong, only emergency work will be handled, including grading of the Boise-Mountain Home road to make it an all-year route as part of the highway leading to the Twin Falls district and southeast Idaho.

Local Brevities. Birth—Born, to Mr. and Mrs. Orville Johnston, of Maxon, on Oct. 8.

MONTHLY REPORT SHOWS VALUE OF HOME NURSING

Miss McGrail Makes Interesting Statement of Work Accomplished

"With a record of 99 children examined during the last week in September for evidence of defective organs of sight and hearing, for afflictions of glands and tonsils, defective teeth and malnutrition, the department of home nursing of the Red Cross is demonstrating its value to the community," said Mrs. Hattie E. Morrow, chairman of the department, in presenting upon the report for the month of September, filed by Miss Rosetta McGrail, county Red Cross nurse.

This examination was made in one of the rural schools where favorable health conditions prevail, but the report shows that there were 10 cases of defective vision, one of defective hearing, 21 of enlarged and diseased tonsils, 23 of diseased glands and two cases of malnutrition. In 49 cases the need of dental treatment was evident, and in these cases a list of the ones indicating the need of a physician's diagnosis, they were referred to the parents with the recommendations of the nurse for examinations by the proper persons, according to the report.

"Of the 99 children who were examined who were referred to the parents with the recommendations of the nurse for examinations by the proper persons, according to the report, 10 cases of defective vision, one of defective hearing, 21 of enlarged and diseased tonsils, 23 of diseased glands and two cases of malnutrition. In 49 cases the need of dental treatment was evident, and in these cases a list of the ones indicating the need of a physician's diagnosis, they were referred to the parents with the recommendations of the nurse for examinations by the proper persons, according to the report."

Another case related by the county nurse is that of a small baby suffering with badly infected eyes. Miss McGrail says the mother was unable to see the physician's treatment and carry out his directions because of the sympathy with the sufferings of the little patient. The time needed for a cure would be long and the expense of hospital care seemed prohibitive in the case, so the county nurse was called in charge until the eyes were cured.

There is no form of illness or of need that does not fall within the department," said Miss McGrail in speaking further. "Cases are referred to us by the county commissioners, by the Red Cross headquarters, sometimes by the American Legion, often by neighbors and friends of those who need help of any sort. We do not give financial help, but do make investigations and report cases to the proper authorities where such help is needed."

The pupils of the town school is not included in the work of this department.

HIGH SCHOOL NOTES

During the season ticket sale 733 season tickets have been sold to students and townspeople. In the school building there has been a contest for 100 per cent ticket sales. The post graduates have 100 per cent, the seniors have 80 per cent, the juniors 75 per cent, the sophomores 65 per cent, the freshmen 40 per cent, while the faculty had reported lack of funds and had no sales.

The student business manager reported \$107.75 taken in at the game at Friday's game. Next Friday the team goes to Piler to play.

Last Friday, immediately after the noon recess all the girls of the junior high school and the girls of the city high school met in the auditorium to hear Miss Zula French talk. The so high school took part of the junior high school classes for the junior high school teachers.

LIENSED TO WED. A marriage license has been issued in favor of Chester V. Hanson and Sarah H. Barstow, both of Buhl.

Let us frame your pictures. Kunze and Brumley, Phone 31.—adv.

CHICAGANS INTERESTED IN TWIN FALLS SECTION

Windy City Men Ask Data on Which to Base Investment Operations

Chicago men are interesting themselves in the Twin Falls district sufficient to appeal to the Twin Falls Chamber of Commerce for information relative to the district and the proposed Idaho Central railroad to West. This information was provided officials of the Chamber by W. G. Moore, a resident of Twin Falls, formerly of Chicago, who applied at the office for the information desired by the Chicagoans. The latter had delegated Mr. Moore their representative in this city to gather data pertaining to the points in which they are interested.

"The individuals I represent are men of means, and are investigating the district and its possibilities in preparation for a trip here for a further personal inspection and survey. They will make a report as to things looking right," Mr. Moore declared. He added that future activities by the Chicago investors depend almost wholly on the construction of the southern railroad.

Mr. Moore also is in receipt of a letter from Schenckland, N. Y., asking for information similar to that requested by the Chicago men. He has a son in the employ of Armour and company in Chicago who writes he is daily being urged concerning Twin Falls and district. The older Mr. Moore has resided here 31 years.

BOYS ARE ACCUSED Theft of dynamite caps and fuses is the charge alleged by John R. Ault, against a number of youths among them. The thievery, according to the juvenile officer, has been going on for some time, the explosive material being carried away from the Western Construction company's warehouse. The officer says the caps have been employed simply for amusement. The boys implicated are said to be enrolled in the intermediate and high schools.

TAKE BODY EAST The body of William H. Dwyer, who died at a local hospital on Friday, was forwarded Sunday evening to his birth place, the Chicago, Ill., for burial. His brother, J. H. Dwyer, accompanied the body.

PERSONALS Miss Anna Siphkins returned last evening from a visit with her parents in Buhl.

BANDITS ROB MESSENGER IN ST. LOUIS STREETCAR Two Men Hold Up Negro Bank Employee and Escape with Stashed Cash

ST. LOUIS, Mo., (AP)—Two men this morning held up Robert Hardman, messenger for the Grand Avenue branch of the First National bank, taking \$17,050 in cash and \$3,650 in non-negotiable paper. The robbery was committed on a crowded street car, at Twenty-third street, near the heart of the city downtown section.

After obtaining the catchel, the bandits compelled the conductor to stop the car, and open the door. They escaped in a waiting automobile.

Deaths Mrs. Anna Ilerman, aged 47, died at a local hospital last evening. She is survived by her husband and seven children, four sons and three daughters, all of whom with the exception of the eldest, are still at home. Funeral services will be conducted from the German Lutheran church at Cluver at 8 o'clock on Tuesday afternoon. The body is to be announced after hearing from the coroner. The body is to be at the Grossman mortuary chapel.

ANNOUNCEMENTS The regular meeting of the Eastern Star will be held Tuesday evening at 8 o'clock. There will be a dance after the business session.

The Winodaux club will meet on Wednesday afternoon at the home of Mrs. Joan Maxwell.

The meeting of the Business Women's club has been postponed until Tuesday evening at 8 o'clock in the club rooms.

Tuesday evening there will be a meeting of the Twentieth Century club members at the home of Mrs. H. J. Young on Fifth avenue north to consider the most effective method of forwarding the Camp Fire movement among the girls of Twin Falls. The subject will be discussed in its various phases by Miss Geneva Stafford, Mrs. Leo B. Chase and Miss Alice Johnson. Mrs. O. J. Duvall will sing a group of Indian songs.

The M. P. S. club will meet on Wednesday of this week with Mrs. George King of Kimberly road.

The department of community service of the Twentieth Century club will meet Tuesday afternoon with Mrs. A. S. Martyn, 450 Second avenue west, for the purpose of perfecting the organization and planning the year's work. All club members interested in this line of club work are invited to be present.

COMMISSIONERS MEET The board of county commissioners this morning opened the regular weekly business session. Audit of bills and claims, occurring since the last meeting, held attention this morning. Routine matters only are scheduled for consideration this afternoon.

TRIP TO PENNSYLVANIA In the police court this morning nominal fines were assessed against and paid by the Central Market, Andy Kingswood and Louis Doty. Each was arrested for failure to keep auto full lights burning.

NOTICE The joint meeting of the South Central District Teachers' and the South Central District Teachers' association will be held in Burley, October 17 to 21. Every teacher teaching or desiring to teach in Twin Falls County must attend this institute as this is a point of law. (Signed) BRITTON WOLFE, County Superintendent.
