

GERMANY PUTS FACTORIES ON PEACE BASIS

Former Military and Naval Workshops are Converted into Institutions Producing Commercial Wares

BERLIN, (AP) — The principal former military and naval workshops of the German government, which were closed in 1919 in accordance with the terms of Versailles, have been re-opened as "peace-time factories" and are producing goods more adapted to uses of peace than war.

Two hundred industrial workshops, thrown out of employment by the closing of the shops, have been re-opened. Among the larger factories converted from military to commercial purposes were the Zeiss works, which manufacture optical instruments, ammunition, gun powder and fireworks laboratories at Ansbach, Bamberg, Cassel, Erfurt, Ingolstadt, Leipzig, Munich, Stuttgart, Spandau and Wolfenbutel; Hanau, as well as the navy yards and naval torpedo shops at Friedrichshafen, Kiel and Luebeck.

Non-Building Machinery. These factories are operating virtually as they have been during the war, producing castings, and wrought iron stamped and drawn pieces, all sorts of machinery, railroad supplies, motors, motorcycles, hand and machine tools, pneumatic tools, electrical and ship machinery, motor and cutting looms, agricultural implements, furniture, locomotives, railroad cars, automobiles and auto trucks.

The work of transferring the war factories to commercial uses undertaken by the government with the permission of the council of ambassadors, was assigned to a special committee, a share of which were taken by the government, the board of control being composed of government officials and representative financiers and industrialists.

German demands are accounting for most of the output of these factories but surplus products are finding a ready outlet market, particularly in the Scandinavian countries, where the high price of money as against the German mark adds to the attractiveness of purchases of German wares. German-made automobiles are especially in demand by foreign dealers.

Look to Russian Trade. The manufacturers of farm machinery and railroad equipment are looking to Russia as a chief customer as soon as conditions in that country have been stabilized and already hundreds of representatives of German exporting firms have gone into the soviet republic to study the situation and prepare for a commercial offensive, in which the British are expected to be the most alert competitor.

Wrist Powder Box
It's worn like a watch and looks like a timepiece. It wasn't a wrist-watch that gleamed golden on the slender white arm extended to the strap in the subway car. Passengers noticed and wondered why the octagonal gold case on the wrist of the girl sitting next to her. It was neither. Some of the passengers who watched the passenger as she left the train at a busy station saw her open the gold lid of the wrist ornament and extract therefrom a powder-puff, which she applied to her nose, carefully watching the operation in a small mirror under the lid of the box.

Establishes World's Altitude Record

Captain John A. MacFarlane

Captain John A. MacFarlane, chief of the Flying Section, U. S. Air Service, at Meekok Hill, Dayton, Ohio, who reached an altitude of 40,000 feet with a Le Pere biplane equipped with a General Electric supercharger or oxygen booster. This is the highest altitude that man has ever reached. The Le Pere plane had been used successfully for altitude tests since 1910. In February, 1920, Major Schroeder reached 38,800 feet in the same plane, then lost consciousness and fell five miles in two minutes, but regained his senses and made a safe landing. The supercharger feeds air to the engines at about 20,000 feet of the same density as at sea level, relieving one of the chief obstacles against reaching high altitudes by aviators.

AUTHORITYS BOKE ISLAND TO ISSUE THE EXCHANGING BONDS
WASHINGTON, (AP) — The Chilean Bank and Pacific was authorized by the inter-late commerce commission Tuesday to issue \$1,005,000 of its own bonds for the purpose of paying off obligations of a subsidiary, the Burlington, Cedar Rapids & Northern.

ARGENTINE TENNIS PLAYERS WIN FROM OILIAN PAIR
BUENOS AIRES, (AP) — Argentine captured the finals of the doubles tennis championships yesterday. Hortal and Zamudio, Argentines, defeated the Torralba brothers, Chile, 6-3, 6-5, 3-6, 6-2, thereby winning the Mitre cup.

PHYSICAL TESTS FOR STUDENTS.
UNIVERSITY OF IDAHO, Moscow, (Special) — Physical examination of all students of the university is under way. The men are being examined by Dr. E. H. Olson, veterans' bureau surgeon, assisted by David MacMillan, assistant director of the department of physical education. Examinations for the women are conducted by Dr. Martha Gilchrist, assisted by Irene W. Murray, assistant professor of physical education.

PAUPER INVENTED BLANKET
Poverty is responsible for the invention of the blanket. Years ago a man in England lost all his wealth and became very poor. One cold winter night in 1340 he used a piece of rough, unshined cloth for a bed covering to keep himself warm, and from this makeshift he developed the blanket.

Old Stuff
The great bell of Moscow, the largest bell in the world, has never been rung. It cracked in the casting and now stands on a pedestal in the Kremlin.

CHINATOWN "Y" FULFILLS NEED

Oriental in Chicago Welcome Opportunity to Become Good Americans

CHICAGO, (AP) — Located in the heart of Chicago's Chinatown near Westwrought avenue and 22nd street is the Chinese Y. M. C. A., which during the past week has come into new popularity among the young men from the Orient. The reason for this lies in the fact that it has just started a school for young men and children in which they can learn about their new country, how to be good Americans and speak good English.

Meet Three Times a Week
Classes meet three times a week. One group takes an English which is supplemented by lectures on current events in America. An American and Chinese student are instructors. Another group of children studies American history, literature and geography. Young men who are in this country to learn American business methods and expect to return to China in the near future can also learn Mandarin, the official court language of the Chinese republic, which is now called the national language. Health campaigns and thrift campaigns and other thoroughly American educational projects are promoted through and by these students.

Mandarin Class Popular
One of the most popular classes in the Y. M. C. A. school is the mandarin class. This meets once a week and the musically inclined can learn how to play Chinese music on American instruments.

E. G. Muir, a native born Chinese who has received his A. B. degree from Oberlin university, is secretary of the Chinese Y. M. C. A., which is supported almost wholly by merchants of Chinatown.

HARDING CONSIDERED AS MEDIATOR ON SHANTUNG
Japan Indicates Desire for Peaceable Settlement of Chinese Territorial Problem
TOKIO, (AP) — Japan is disposed to seek all possible means of solving the Shantung problem. It is indicated here that the most difficult part of the absolute divergence of the views of China and Japan, China holding that the leased territory of Kiaochow should be restored to her because of her entrance into the war, while Japan is insisting that she must retain the legally acquired German rights in that territory.

News-papers here reflect the idea that the question can be settled only by the friendly mediation of a third party. Some recommend the President Harding as asked to act in this capacity. Some Japanese express belief that the government will ask China to reconsider Japan's proposals, which were rejected by the Pecking government last week.

"FROSH" STUDENTS MUST ASSUME GREEN HEADGEAR

"Gee" Ostrander and Elmer Wayland on Committee to Enforce Rules

UNIVERSITY OF IDAHO, Moscow (Special) — Twenty nine students from the Junior and senior classes have been named on the vigilance committee of the Associated Students of the University of Idaho by Paul T. Howell, president. The duty of this committee is to enforce traditional regulations compelling the "Frosh" to wear green caps. The vigilance committee will also have jurisdiction over the general school life and will prescribe punishment for violations of established ethics.

The committee consists of Donald Payne, Boise; Herbert Glindeman, Coeur d'Alene; Walter Schmid, Payette; Edgar Neal, Boise; Eugene Ostrander, Twin Falls; Boyd Brigham, Moscow; Earl W. Parks, Caldwell; Elmer E. Wayland, Twin Falls; Keith Horning, Hermiston, Oregon; Jack Rodner, Moscow; Norman Jacobson, Boise; Harold Murray, Nampa; Richard Fox, Moscow; Herbert Thompson, Boise; Purdy Eaton, Mountain Home; Harvey Melick, Nampa; William Garstin, Caldwell; Curtis Herrington, Boise; E. Walter Touss, Aberdeen; and Arthur Sawyer, Rupert.

EMPLOYMENT AS TURNKEYS PAYS WAY THROUGH SCHOOL
DES MOINES, Iowa, (AP) — John Penney and John Matthews, law students at Drake university, are earning their way through school by being employed as turnkeys at the Polk county jail.

JOE SKATING CHAMPIONSHIP TO BE STAGED AT CHICAGO
CHICAGO, (AP) — The International ice skating championship of the world usually settled on Lake Placid of Barre, N. Y., will be held in Chicago next winter, it was announced today.

SELECT PLACE FOR TRIAL OF ILLINOIS STATE EXECUTIVE

WASHINGTON, D. C., (AP) — Defending the Yu Kian Kian, William J. Summons, his imperial witness, told the house rules committee today that if it had been a lawless land it could not have obtained such large membership, comprising "the leading men of many communities."

Wormy House Plants.
Try putting a teaspoonful of camphor into a quart of soft water to kill the worms in your house plant. Apply this only when the plant is dry.

A little cinnamon burned on the stove will destroy the odor of cabbage or onions.

WEAKER TANKS COMBAT GIANTS IN THIS GAME TEAM WEAKENED BY MANY HURTS IS UNDAUNTED

With Ruth and McNally Out Huggins' Men Lose Strength Against McGraw

Idaho Gridders, After Week's Rest, Will Play Oregonians Saturday

NEW YORK, Oct. 12.—The world seems to have turned out a victory for the New York Giants. But they will have to break themselves of the habit of getting whipped by Walter Hoyt, the amazing young man who came to the pitching for the Yankees. Twice already, he has outwitted the McGraw men, permitting them to run the first inning off by one score last Monday. Arthur Neeb, left-hander, but trustworthily, probably will pitch for the Giants. He was their savior on both other days when Hoyt worked, and he pitched well, his main trouble being the failure of his colleagues to render substantial encouragement with their bats. The Giants would like to win a one game of baseball's highest honors yesterday afternoon when "Buff" Bill Douglas obtained a 2 to 1 verdict over Carl Mays.

UNIVERSITY OF IDAHO, Moscow, (Special)—Still handicapped by injuries to star performers, among them "Huck" Brothers of Colliwell, full back; Dale Vasech, of Emmets (Idaho tackle), and Aho Goff of Walla Walla, center; but inspired with a new confidence as the result of their decisive victory over the Ninth Army Corps team from Camp Lewis, Camp Thomas, Kelley's University of Idaho gridlers have settled down to intensified training for the remaining games on the football schedule ever attempted by an Idaho football team.

With only a week in which to recuperate from the Camp Lewis game, Idaho will journey to Portland to meet "Shy" Huntington's Oregonians. The complete schedule for the season is as follows: Oct. 15—University of Oregon at Portland. Oct. 21—W. S. C. at Pullman. Oct. 29—University of Utah at Salt Lake City. Nov. 5—Menlana at Moscow. Nov. 11—University of Wyoming at Boise. Nov. 19—Gonzaga at Spokane.

On the earlier season's grid Idaho will not enter one game in which she can afford to entertain confidence of certain victory. Oregon, Montana, Utah, Wyoming, Gonzaga and Whitman are entering speedily aggregations. The W. S. C. "Cougars," Idaho's rivals across the state line, are whipping a powerful machine into shape and are confident of making a clean sweep of all games.

At present the "Fresh" eleven is attracting nearly as much attention as the varsity. Negotiations are under way to bring together at Kellogg the first year gridlers of Idaho and Montana. The title of this game has not been announced but members of the athletic council give assurance that it will be played. October 15, the Idaho and W. S. C. "Cougars" will do battle at the University of Oregon. This game holds promise of being unusually interesting. Results from the fastest high school eleven of the state are welded together as a unit to form the most formidable first year eleven Idaho has ever possessed. The manner in which the "Fresh" have been found the varsity speaks well for their gridiron ability.

Brief Bits of Sport

The best team contending for the world's baseball crown, was the seventh game of the series. Of course what break there was came in favor of the Giants, winners, but McGraw's team stood like a solid wall against the advances of the Yankee bodes.

Carl Mays shagged "Bluffing Phil" Douglas, but the tilt, so far as pitching is concerned, might have been going on, yet.

Ward's error in the final seventh did for the Yankee who the giant forces were unable to accomplish.

And it was aplenty. As the series proceeds the New York Nationals look more and more like the stronger team, especially in pinches.

Earl Sheel, first baseman with the White Sox, and a potent factor in bringing a five-game straight victory to the Sox over the Cubs in the late

GOOD VALUES OF THIS WEEK

Reviving Business

Manufacturers have made lower prices on many lines. Many merchants are offering these same lower prices to the public. By thus leasing considerable merchandise a demand is created and it is bound to result in increased manufacturing activity, this will in turn use the raw products and give employment to the unemployed. These conditions are reviving business.

Special Sale of \$1.50 Brassiers There are two styles, one of them a heavy broadbased material and the other a good weight striped material. You will recognize them as values out of the ordinary. They are all back lace. All sizes from 34 to 42, especially good for sports. Until gone 69c

Rinso Demonstration Saturday ends the demonstration of Rinso and special price of four for 25c. Don't fail to see the demonstration of Rinso. It is extremely interesting. With Rinso in your washing machine the dirtiest clothes come clean and white in no time. It is a high grade soap powder made by the manufacturers of Lux. Take advantage of this special price offer this week only; four for 25c

Wright's A GOOD PLACE TO TRADE

More Jumper Suits

We have just received fifteen more Jumper Suits. Just think, you may buy a clever looking sport jacket suitable to wear with any skirt, and a new Jumper Dress of the same material that may be worn without the jacket. These are chic and new, the jacket alone is worth the price. A good line of sizes from 14 to 44. \$12.50

EVANS' GRID TEAM TO PLAY FILER FRIDAY

Ooach Pronounces His Men Are Ready for Hard Contest—Rooters Going Along

Coach Clinton W. Evans will take his grid team to Filer tomorrow for the first football game of the season on a foreign field. Evans says his team is ready for the fray, but declines to make predictions as to the result. "We are in the best of shape, and I shall send my full strength on the field for the first half. If the score and circumstances warrant changes will be made in the line-up during the last half," the coach declared. The Filer eleven is reputed to be strong. In fact its record this far this season confirms that belief. Two games have been played this year, one against Kimberly and one against Bull. The Kimberly game returned a big score for Filer to nothing for Kimberly. Last week Filer met the Bull bunch at Bull but lost by a one-point margin. In the first half of the game no points were scored on either side.

A great number of the local student body will accompany the Twin Falls team to Filer forming a "rooter corps." The players and coach, together with officials, will probably go by automobile while the rooter section will use the train. Following are the men who will form the local team: Steve, left end; Nicholson, left tackle; Lester, left guard; Tucker, center; Flynn, right guard; Patiser, right tackle; Thometz, right end; Pix (captain) quarterback; L. Goff, full-back; Kelly, right half; Houghton, left half. Secondary men: Puckett, Browne, Frazill, King, Robinson, Swin, Lyon, Norris and Evert.

SILESIA ISSUE PRESENTS NEW GERMAN CRISIS

Resignation of Cabinet Believed Impending if Reported Terms of Apportionment of Plebiscite Area Verified

BERLIN. (AP)—Resignation of the German cabinet was believed today to be impending, if press reports of the decision of the council of the league of nations relative to the apportionment of Upper Silesia were confirmed by the official text of the decision, expected here this afternoon. There has been little effort on the part of the government officials to conceal the fact that the cabinet would face a crisis if German towns should be separated from the country by the action of the league council.

PROVISIONS OF SETTLEMENT ARE RECEIVED BY BRITAIN

PARIS. (AP)—The recommendations of the council of the league of nations for a settlement of the Upper Silesia question were received by Premier Briard this morning. They will be communicated during the day to the allied governments, and as a matter of course, to the United States, probably through the American embassy here. The terms of the recommendations will not be made public until an exchange of views between the United States and Britain is completed. It is believed, however, that the proposal is a compromise between the French and British views and divides the industrial territory of Silesia between Germany and Poland.

RING OF CONTACT REPORTS RAILWAY HEAD IS COMING

George L. Davis and Conrad Wolfley Start This Way From San Francisco

That George L. Davis, president of the Central Balling company is now on his way from San Francisco to this section is word brought to Twin Falls today by W. A. Ring, a former man of contact. Ring's information was obtained through communication with Conrad Wolfley, of San Francisco, who is with President Davis on the trip. Mr. Wolfley is on his way to contact to look over the Riverside Mining company's property where orders have recently been received to put all available forces at work getting out ore. Mr. Ring says.

TREADWELL RELEASED

Ira Treadwell, whose arrest was made several days ago by county authorities on charges of carrying a gun and various other articles belonging to Ivor T. Edwards residing near Kimberly, has been released from custody. Payment in full is said to have been made for the lost property. Treadwell declared Clarence Snow a fugitive from justice, appeared at the Edwards home while Treadwell was in charge of the house and held up the occupant, taking the gun when he left.

MANY CASUALTIES RESULT IN WRECK

HADALAZ, Spain. (AP)—Many persons have been killed or injured in the wreck of a mail train near Merida. The train was derailed by a washout caused by heavy rains, and a mail car and a passenger coach were telescoped. A relief train has been dispatched to the scene of the disaster.

BOY PICKED UP

Sheriff E. L. Sherman has been advised of the detention of Earl Burnside, 13 years old by authorities at Gooding. The boy is said to have been living near, locally, and had been in the area, resides on Monroe street, Twin Falls. The case has been given to Juvenile Officer John R. Ault for investigation.

HOLGOMB-MURRY

Homer Harvey Holcomb of Spokane and Miss Lucille Murry of Filer, were united in marriage at the Mechanics parlance yesterday afternoon, the Rev. E. L. White officiating. They were accompanied by Mr. and Mrs. R. E. Franck. They will make their home in Filer.

LIORNEED TO WED

Marriage licenses as follows have been issued by the county clerk in the past 24 hours: To Homer Harvey Holcomb of Spokane, and Lucille Murry of Filer; to Ralph Smalley of Buhl and Lu Vorne Ann White of Emmett; to Alvin F. French and Belle Norris, both of Buhl.

BWEL MAN ARRESTED

Accused of stealing a shotgun, the property of Thomas John of Buhl, J. E. Beady was yesterday arrested and is held in the county jail awaiting hearing. Beady is said to have sold the weapon to a Twin Falls man.

SUES ON NOTE

The Boise-Payette Lumber company has instituted judgment action in the district court against A. W. Todd. The suit has for its basis a promissory note on which the sum of \$598.10 is alleged to be due.

ADDING BILLS

County commissioners today are accumulating bills and claims accumulated during the first quarter of the year.

GIANTS WIN EIGHTH GAME

(Continued from Page One)

foot. Burns got a single into left, Nehf going to second. Peck threw out Baneroff at first. No runs; two hits; no errors.

YANKKEES—Ward fouled out to Snyder. Rawlings threw out Baker, making a nice play. Baneroff threw out Schang. No runs; no hits; no errors.

Third Inning.

GIANTS—Frisch filed out to Miller. Young walked for the second time. Kelly popped to Peck. Young stole second. Menzel struck out. No runs; no hits; no errors.

YANKKEES—Frisch threw out Miller. Penner walked. Peck hit into a double play, Baneroff to Rawlings to Kelly. No runs; no hits; no errors.

Fourth Inning.

GIANTS—Rawlings got a hit into left for two bases. It was his second double. Snyder sacrificed, Baker to Pipp. Nehf filed to Menzel, Rawlings holding third. Burns fanned. No runs; no errors.

YANKKEES—Frisch threw out Miller. Burns took Menzel's long fly. Pipp got a Texas leaguer to left. Ward got a single into center, Pipp going to second. Burns walked on the bases were filed. Schang filed to Burns. No runs; two hits; no errors.

Fifth Inning.

GIANTS—Baneroff filed out to Fowler. Baneroff threw out Pipp. Young got a single over the middle bag, Kelly struck out. No runs; no hits; no errors.

YANKKEES—Hoyt fouled out to Kelly. Penner fouled out to Peck. Popp walked. Miller forced Peck, Frisch to Rawlings. No runs; no hits; no errors.

Sixth Inning.

GIANTS—Harpine (ball) sent Coach Burlett from the Giant bench. Also Tony and Douglas. Menzel got a single over second. Menzel was out stealing. Schang to Peck. Rawlings got a single into right. Snyder struck out, Nehf fouled to Baker. No runs; two hits; no errors.

YANKKEES—Menzel lined out to Rawlings. Baneroff threw out Pipp. Baneroff threw out Ward. No runs; no hits; no errors.

Seventh Inning.

GIANTS—Burns walked. Baneroff struck out. Frisch filed out to Menzel. Penner fouled out to Peck. Rawlings got a single into right. Snyder struck out, Nehf fouled to Baker. No runs; two hits; no errors.

YANKKEES—Baker fouled out to pitcher. Schang filed out to Menzel. Penner fouled out to Peck. Rawlings took Fowler's grounder and touched second, retiring the side. No runs; one hit; no errors.

GIANTS—Kelly whiffed. Menzel grounded out to Pipp. Ward threw out Rawlings. No runs; no hits; no errors.

YANKKEES—Rawlings threw out Peck. Miller filed out to Burns. Menzel struck out. No runs; no hits; no errors.

Eighth Inning.

GIANTS—Baker threw out Snyder. Nehf fanned. Hoyt threw out Burns. No runs; no hits; no errors.

YANKKEES—Rath batted for Pipp. Rath grounded out to Kelly. Unsettled, Ward walked. Rawlings threw out Baker at first and Ward was thrown out trying for third, Kelly to Frisch. No runs; no hits; no errors.

"Gone to the Dogs."

The ancient Romans called the ace in dice "canis," the Latin word for dog. To them three aces was to lose the pot in their gaming, whence came the saying "Gone to the dogs" as a synonym for ruin or bad luck. The expression "dirty dog" means one morally filthy; one defiled with mere skits dirt is culled a "dirty pig." Our literature is sprinkled with reference to the dog, many of them, highly complimentary.

Patience and Inseparability.

A phlegmatic inseparability is as different from patience as a pool from a harbor. Into the "one, indolence naturally sinks us; but if we arrive at the other it is by wincing rather than an adverse wind and rough wave, with a more skillful pilot in the helm than self, and a company under better command than the passions.—Dilwyn.

Today's Markets

MILLERS' DEMAND HELPS CHECK BREAK IN WHEAT

Prices Close Steady after Sensational Downturn, at 2 to 2 1/2 Cents Net Lower

CHICAGO. (AP)—Material declines took place in the wheat market today largely as a consequence of price breaks yesterday northwest when the Chicago exchange was closed. A bearish speculation that in some quarters was put upon remarks by Secretary of Agriculture Wallace tended also to depress

values. Furthermore, a new low price record for German marks was generally regarded as a handicap on grain values. Wheat opened 1 1/4 to 1 1/2 lower, with December at \$1.13 to 1.13, and a moderate rally and then sagged again. Subsequently good demand for flour at Minneapolis helped to check the weakness. Prices closed steady, 2 to 3-4 cent lower at \$1.12 1/2 to 1.12 3/4 for December and \$1.17 to 1.17 1/4 for May. Corn and oats weakened with wheat. Corn after starting 3-4 to 2c lower, with December at 75 to 48, underwent a slight additional sag. Favorable weather counted somewhat as a bullish factor. The market closed

S. shipments 1,037; Minnesota and North Dakota Red River Ohio, bulk \$1.05 to 1.75 cwt.; sacked \$1.00 to 1.05 cwt.; Wisconsin Round White, sacked \$2.05 to 2.25 cwt.; bulk \$2.20 to 2.30 cwt.; Idaho Round White, sacked \$2.25 cwt.; South Dakota Early Ohio, bulk \$1.25 sheep strong; yearlings \$0.25; wethers 1.50 cwt.

"Peg O My Heart"

The Lavering Theatre has for its opening stock season The Stone Players in "Peg O My Heart" next Friday and Saturday, October 14 and 15.

The extraordinary success of this play is unquestionably accounted for by its humanity and wholesomeness, two elements which in these days of bizarre, mechanical plots and tawdry sensuality, are put so far in the background as to seem almost mythological. "Peg O My Heart" is from the pen of J. Hartley Manners, and the producer, Oliver Morosoff, has more than done his share towards making "Peg" the success it is by his careful casting of each role and artistic stage production.

"Peg O My Heart" should repeat its past success and be greeted by a capacity-house.

MEXICANS BALK AT HIGH TAXES

Business Houses and Factories of Puebla Likely to Go on Strike

MEXICO CITY, (AP)—Widespread suspension of business by stores and factories in the city of Puebla was expected today, it was asserted in dispatches received here from that city. This would be in protest against alleged excessive taxation by the state government.

Advices from Puebla indicate the economic situation there is serious. A few textile plants are still in operation today, but were said to have sufficient coal for only three days more.

The food supply has also become a real problem for the residents of Puebla, who continue their street demonstrations.

Governor Sanchez and a citizens committee, was expected to arrive here this afternoon, to confer with President Obregon. Governor Sanchez was declared in dispatches received here last night to have threatened the arrest of Mexico City newspaper men who he said were sending out of Puebla "staring and exaggerated reports of conditions."

Puebla state authorities, instead of modifying the revenue law against which protests have been made, are reported to have made new levies upon moving picture houses and theaters, which, it is said, may close immediately. The two railroads running through Puebla continue to unload goods consignments to that city, and warehousemen are overflowing as transients refuse to move any of the accumulated merchandise.

Temples again appears in press reports as another scene of unrest, due to unemployment. The Tampico correspondent of the Excelsior says more than 4000 oil field workers are idle and that a bread line started in Tampico yesterday, was liberally patronized.

SIMMONS GIVES LIE

(Continued from Page One)

Denying charges that he held an iron hand over Klugman, Simmons declared:

"The authority I hold may be compared to that of a general in the army, but a general cannot issue orders in violation of the rules and regulations of war."

Grows Dramatic

Then, with a dramatic gesture, his voice pitched high the wizard added: "If President Harding should resign tomorrow and the people should rise up tonight and attempt to proclaim an absolute monarch and demand that I accept the office, I'd die before I'd do it."

Still discussing newspaper attacks, as he described them, Simmons touched a brilliant steel pin in a blue tie, closely wrapped around a high stiff collar. "Why the newspapers said today I am wearing a big diamond. This is a diamond," he exclaimed. "It is an imperial stone."

The audience roared.

American Statesman Called By Death

Former Attorney-General and Secretary of State and United States Senator, who was Last Evening Stricken by a Fatal Attack of Paralysis

CAPITAL MOURNS

(Continued from Page One)

enabled the United States to proceed with live purchases.

Mr. Knox was appointed United States senator in 1901. As secretary of state in President Taft's cabinet he inaugurated an active policy of aiding the extension of American trade with foreign countries, which was characterized as "dollar diplomacy," a designation intended in derision but of which Secretary Knox afterward declared he was proud. He proposed that an arbitral court be established at The Hague and that the Manchurian railway be neutralized and approved the plan for the Central American Court of Justice for maintaining peace in Central America. He negotiated arbitration treaties with France and Great Britain and made a notable trip to Central American countries, Colombia and Venezuela. In 1912 he was assigned to attend the funeral of Emperor Motuabito of Japan, as representative of the United States government. One of the features of his secretaryship was the dispute with Great Britain over the proposal to exempt American coastwise shipping from payment of tolls for use of the Panama canal.

Native of Pennsylvania.

Mr. Knox was born at Brownsville, Pa., on May 6, 1853, and was named after a noted Episcopal bishop, Philander Chase. He was graduated from Mt. Union college, Alliance, O., in 1872, admitted to the bar in 1875, appointed by President Grant as assistant United States attorney for the western district of Pennsylvania but resigned in 1877 and formed a law partnership with James H. Reed, under the name of Knox and Reed in which he said to have enjoyed a very lucrative practice.

His home is at Pittsburgh and he has a farm at Valley Forge, Pa. He has been a trustee of Mt. Union college and a member of numerous clubs in Pittsburgh and New York. In 1876 he married Lillie, daughter of Andrew

D. Smith of Pittsburgh by whom he had one daughter, Eleanor, wife of J. R. Tinkle, and three sons, Reed Knox, Hugh B. Knox and Philander C. Knox, Jr.

ASKS FOR DIVORCE

Charging desertion, Theresa Cummins has instituted proceedings in divorce from Earl W. Cummins. According to the complaint the pair married in Toulon, Nov. 23, 1917. They have been residing at 2917.

INSTITUTES AND TEACHING

There may be something to be said in favor of holding the annual teacher's institute after school has been in session for six weeks. Certainly there is much to be said against it. Perhaps it is more convenient for the teachers to attend at this season after the vacation period proper has passed.

Whatever may be the advantages to the teaching profession, it is not so plainly evident that there are any advantages whatsoever resulting for the good of the school. We are told, and with every avoidance of probability, that it requires three or four weeks to attain the necessary momentum for first class efficiency in school work.

CHAPLIN'S ERROR

"One thing I do appreciate about success is that it enables me to do as I please. I can go and think as I please. That's largely the reason I do not care much about reading. I do not want to be fettered by other people's thoughts."

That, according to an interviewer, is the attitude of Chaplin, the movie comedian, to the people who have lavished so jealously upon him their favor.

HUMANITARIAN CAUSE SESSION TOPIC

Advancement of Interest in the Welfare of Children and Animals is Aim

PHILADELPHIA, (AP) — The advancement of humane interest in all sections of the country will be the chief topic thought at the forty-fifth annual convention of the American Humane Association, and the annual meeting of the American Red Star Animal Relief, a department of the association, here October 17-20.

The indications are that the convention will mark an epoch in the development of humane work in this country, said Nathaniel E. Walker of Albany, N. Y., secretary of the association.

Speakers of prominence will address the meeting, which will be presided over by Dr. William O. Stillman of Albany, N. Y., president of the association.

some of responsibility. This has not been so in Chaplin's case, if we are to gauge him at his own valuation. After years of public indulgence, he is but a petted, pampered boy who thinks his fortune and the plaudits of the throng give him right to do as he may please.

More Truth Than Poetry

THE SONG OF THE BOOB
By S. E. KESER
HE buys a ticket to every fight—
But his manner is far from glad;
He was nicked for twenty, the other night,
On account of the cards he had.

HE bets whenever the ponies run,
But his looks and his words are sad;
He had money—once on a horse that won,
Before he became a dad;

HE is wife in worried and pale and limp,
His children are poorly clad;
Call him a surfer, a boob, a sump,
Or name him as you like his mad.

SUFFICIENT REASON
"What reason have you," the judge asked,
"for thinking your husband is no longer of sound mind?"
"He was in an automobile smashup the other day," she replied, "and admitted that he was to blame."

MAKING BROADWAY JEALOUS
Lately containing a large percentage of whiskey is being shipped from this entry to England. We begin to understand why some of the distilleries were turned into candy factories.

THE SIGN OF THE PROFTREEBER
It's always a safe bet that the man who flashes out in a roaring fit of rage is a buy with money that he had earned by years of hard work.

TOO LATE
A Canadian doctor claims that he has discovered a new ether, under the influence of which a patient will tell his most secret thoughts. No use giving it to Col. House now.

GRY CAME FROM HIS HEART
Thesplan Was by No Means Acting When He Gave Such Strong Vent to His Feelings.

On his return from his recent tour of the country, the speaker said, "I remember when we played Clio, I said, 'what we had trouble with our horses and we always tested it before the show and on this night, instead of the slightly heated water pouring through the pipes, it was jets of steam.'"

Other Noted Guests
Roland B. Morris, former ambassador to Japan, will be the principal speaker at a dinner on the night of October 18. Governor Spruhl of Pennsylvania also has been invited to make an address at the dinner.

Large masses of pine are to be found in the mountains in the interior of Haiti, but lack of transportation, makes it impossible to utilize this timber even for domestic needs. Large quantities of pine are imported from the United States. A few small saw-mills are located in various sections of the island, but these cannot begin to supply the local markets. Deywooda are plentiful.

Jews in Civil War
The records show that more than 8,000 Jews served in the American Civil war. The list included nine Jewish generals and 12 who attained the rank of colonel. Over 4,000 Jewish active service in the Spanish-American war.

FIFTEEN YEARS AGO IN TWIN FALLS

When it is recalled that the Twin Falls branch of the Buhl in place of F. W. Eickhoff, resigned.
J. M. Shank is making rapid progress in the building of his ranch one-half mile east of Buhl. It will be completed before the snow flies.

It is the belief of the Twin Falls people that when the present Twin Falls branch road is continued to Buhl that it will then be carried on to connect with the main line at some point west of Glenna Ferry. When this is done the proposed extension will pass very close to Murphy and thus connection could be made with the Dewey road and give Twin Falls a direct route to Meane and Boise. This extension will also tap the rich Brunson valley which in a few years will be one of the wonder spots of the agricultural world.

It now seems certain that this too will come.
Senator Al Page has harvested 1803 bushels of wheat from 51 acres, and 1940 bushels of corn from 32 acres. From another ten-acre field he harvested 700 bushels of oats.
Prohibitionists will meet in the Christian church to elect delegates to the state convention Monday evening.

Cleaning Baskets.
Need and willow baskets are best cleaned by rubbing with a stiff brush. If not waxed they may be scrubbed with soap water, rinsed and dried.

MOOT PROBLEMS FOR EDUCATORS TO BE DEBATED

Annual Meeting of Idaho Teachers' Association at Boise Promises Well

The annual meeting of the Idaho State Teachers' Association will take place this year at Boise, November 21, 22 and 23, according to announcement by President C. R. Frazier of the Idaho Technical Institute. This year's meeting will be the largest in the history of the association, according to predictions of leading educators of the state. Among the outstanding speakers on the program are Governor Frank O. Lewis, U. S. Senator William G. McAdoo, and United States Commissioner of Education J. T. Rogers. These nationally prominent speakers will bring important messages to the 4,500 teachers of the state.

President Frazier has set aside a large section of the program for the discussion of educational problems of Idaho. Many matters of importance are to come up at this time. Of special significance will be the reports of the various committees, particularly the committee on legislation. The officers of the Idaho State Teachers' association for the present year are: Reginald C. E. Frazier, (President); Mrs. E. J. Frazier, (Vice-President); William G. McAdoo, (Secretary); Miss Alice Beach, (American Falls); treasurer, E. H. Buck, (Haley); member state executive committee, Superintendent J. L. Breckenridge, (Sandpoint); Superintendent Ph. Roulen, (Moscow); Superintendent J. J. Bates, (Caldwell); Superintendent W. C. Cotton, (Ashburn); Superintendent W. C. Condie, (Preston); and Superintendent Hal G. Blue, (Twin Falls).

The standing committee of the association are the following: Legislation—W. R. Siders, (Pocatello); chairman, J. E. Turner, (Payette); Carol W. Flood, (Bonanza Ferry); Grace Paulsen, (Blackfoot); J. L. Breckenridge, (Sandpoint); Laura V. Payer, (Idaho Falls).

Teacher Shortage, Salaries, etc.—C. P. Dinnal, Boise, chairman; Mae Love, (Paley); J. Jenifer, (Lewiston); H. W. White, (American Falls); Ell Barknot, (Coeur d'Alene); George D. Kelso, (Emmett).

Budget—R. J. Zimmerman, Boise, chairman; W. R. Siders, (Wallace); John W. Wyrar, (Albion); E. D. Bloom, (Blackfoot); J. E. Tover, (Malad).

Professional Standards and Progress in Teaching—W. R. Siders, chairman; R. J. Snyder, (Idaho Falls); E. Turner, (Payette); W. R. Siders, (Pocatello); Lin Tweedy, (Rupert); C. D. Breck, (Wallace); Theo H. Shank, (Coeur d'Alene).

POSTPONED HEARING ON MINER INJUNCTION SUIT

Continued for Coal Diggers and Operators Agree Upon Delay in Federal Court Ruling

INDIANAPOLIS, Ind., (AP)—Postponement to October 23 of the federal injunction hearing on an application for a preliminary injunction in the suit attacking all essential details of present co-operative agreements between union miners and operators was agreed upon today by counsel in the case and approved by Judge A. B. Anderson, who will conduct the hearing.

MALE STUDENTS AT 40% OUTNUMBER THE WOMEN

UNIVERSITY OF IDAHO, Moscow, (Special)—A comprehensive survey of enrollment at this school from all departments of the University of Idaho revealed the fact that men outnumber women students approximately 44 to 36 per cent. This wide breach is due largely to the increase in the number of men, taking courses under the supervision of the state board of education. In the college proper men students predominate but the margin is not so noticeable.

CANADIAN WAR VETERANS DISCUSS UNEMPLOYMENT

Lack of Work and Limitation of Armaments on Ottawa Convention Program

OTTAWA, (AP)—The annual convention of the Great War Veterans' association which will be held at Fort Arthur, Ont., October 17 to 20, will center about the problem of unemployment and the employment situation among former Canadian soldiers and sailors.

The association is understood to regard unemployment as the most pressing national problem. It is expected that the convention will appoint a special committee composed of one member from each province to draw up resolutions on that subject.

The question of amalgamating all the soldiers' organizations in Canada will be brought before the convention. Representatives of other associations of ex-servicemen have been invited to attend to aid in discussing that problem.

The convention is expected to take steps to urge the dominion parliament to re-establish all ex-servicemen so far as engaged in the economic position which they would have obtained but for their war service.

It is also expected that the war veterans will ask parliament to extend its housing loan to ex-servicemen.

Restrictions on limitation of armaments will be submitted. It is indicated that these will be along the lines of those approved by the British Empire Service League at its meeting in South Africa. It will call for adequate defense in the Empire but with the understanding that armaments should not be built up for offensive purposes.

American Valuation Opposed in London

LONDON, (AP)—Opposition to the clauses of the Portland tariff bill providing for American valuation of imports was announced by the American Chamber of Commerce here today after careful consideration of the measure.

The chamber claims that under these clauses it would be difficult for American importers to ascertain the complete cost of their foreign purchases until received in the United States. Suggestions that a flat increase duty would be preferable are put forward by the chamber.

"Son of a Gun"

The phrase, "son of a gun," is sometimes explained as "Son of the Wind or Flagon." There is a word "gonn" which is a dialectal variety of "gunn"—gallon. Another view is that the expression was originally applied to hogs born on board ship. One official said that he had been credited under the breast of a gun-earrings. It occurs in this sense in Swift's "Satire's World-Map" (1687). It is usually used in a derogatory sense.

How Home, Sweet Home, Was Written

John Howard Payne, the author of "Home, Sweet Home," was an American minstrel who wandered all over the earth, practically. After the death of his parents, when he was twelve years old, he never had a real home, and at the time of writing the song he was stranded in Paris, a foreign land, away from all the friends he held dear. He wrote the song on a dreary day in October, 1822.

No Stars on Flag

We are accustomed to speak of the "stars" on the flag. As a matter of fact, the national banner has no stars emblazoned on it. They are heraldic "muffles," or five-pointed representations of the rays of the stars of a night. Thus we have today on the flag "rings" and not "stars," for every state in the Union.

The Uncoverable!

Columbus discovered America in 1492. Thereafter the efforts of mankind were concentrated upon discovering the North pole and a cure for malaria. The North pole eventually was discovered.—Louisville Courier-Journal.

Sharper Causes Paris to Revise Rat Bounty

PARIS, (AP)—More than 570,114 rats have been killed in Paris since the offensive against them was started a year ago. Bounties have been paid at the rate of 30 centimes a head.

In the first month of the campaign the bonus was paid upon delivery by the rat hunter of the tail of the animal, but a severer cleaner became an expert in the art of manufacturing rat tails out of leather and other material and since then the bonus has been "per lead" instead of "per tail."

Rome

The traditional date for the founding of Rome is 753 B. C. Rome has been described as a city-state. It was at one time recognized as the capital of the ancient world. Since 1871 it has been the capital of modern Italy. The city is distinguished for its vast ruins, its many historical gates and its monuments, both ancient and modern. Rome is enclosed within a circle of forts 30 miles in extent.

No Great American Sea Poet

England leads in really great verse of sea and shipping. From Henryson's "Ballad of the Hovestoe" to Kipling's "Constrictive Lights," English bards have sung of sun and sea and spray. In America, Longfellow, Whitaker, and a few others have dabbled in rock pools. The great American sea poet is yet to come.

If your property is desirable, and is advertised in the classifieds—you'll find your buyer.

EDITOR SEES NEWSPAPER AS PUBLIC INSTITUTION

Missourian Gives World Press Congress His Views of His Work

PHOENIX, T. H., (AP)—A newspaper does not belong to its owner, William Southern, Jr., owner of the Missourian, told the Press Congress of the world, in session here today in the course of a speech on "The Provincial Press."

"A newspaper is a public institution, and is not fulfilling its public functions if devoted entirely to the interests of a city-state. To go beyond the truth is a betrayal of trust. To suppress the truth when it properly belongs to the public is always to be condemned and never praised."

News Control Unworthy

"Control of news or comment for business considerations is unworthy. News should be written and interpreted wholly and at all times in the interest of the public.

"Not only are these principles to be applied to the news and editorials, but to the advertising columns. Descriptive or misleading advertisements or other things designed as news bring discredit to the newspapers which publish such notices.

"It is a moral wrong when a writer 'softens' himself to be blamed, impudently, and unbecomingly 'sours' even to be lauded, but publish your opinion. It is not a right, it is a duty."

Small town newspapers, Mr. Southern told the audience, have come near-

er formulating a set of ideals of the newspaper profession into a code of ethics than has any other section of the newspaper world.

Provincial Papers Lead

"These declarations have no far only come from the provincial papers, but have received the strong endorsement of the larger papers and newspaper comment and approval."

"The highest art in newspaper business," Mr. Southern declared, "is to give the reader exactly what they should have in such a way that they will think it is exactly what they want."

Diners Follow the Leader

"People are like sheep," said the cynical writer. "When a dinner is to be ordered for a party of six there is generally one master mind who will select the kind of soup he wants. Almost invariably the others will take the same kind. So it goes down the line. There is no individuality. Yes, I'll admit I usually suggest the more expensive dishes to the master mind. It boosts the check."—New York Sun.

OHMHEUM — Paris Musical Comedy Company in "Goodnight Geraldine"; an all star cast. Also comedy picture feature and Pauline Frederick in "Roads of Destiny"; also 2 part comedy entitled "Angels and Feathers."

BEAD THE DAILY NEWS

Chinese Silk Revivens. In ancient times silk was for many centuries imported in the woven material from China, where the raising and weaving of silk seems to have been known for 2,000 years and more before the Christian era. So costly were they in the early days that the closely woven silks of China were often traveled by Phoenician weavers and returned in a looser texture and with a mixture of linen.

Do This Tonight

Watch the quick effects—see the change in a week

Present this coupon to your dealer. He will give you a delightful ten-day test of a new teeth-cleaning method which millions are employing.

Watch the effects, quick, pleasant and conspicuous. Watch the new luster that comes. In ten days let your mirror tell you the way to pretty teeth.

Leading dentists everywhere advise this method now. You will see and feel the reasons when you make this test.

End the ills of the film
The chief purpose is to fight film. This vicious coat, which you can feel, causes dry teeth and also most tooth troubles. Film clings to teeth, enters crevices and stays. The old ways of brushing did not end it. So film-coats night and day threaten serious damage.

Film is that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. All these troubles have been constantly increasing. Despite the daily brushing with old methods, very few escaped them.

Pepsodent PAT. OFF.
REG. U.S.
The New-Day Dentifrice

Endorsed by authorities, advised by leading dentists everywhere, and supplied by all druggists in the large tubes.

A Ten-Day Test Free This Week

Simply present the Coupon to

City Pharmacy
Phone 46

Free All This Week

This 10-Day Tube of Pepsodent. Simply present the coupon. This test will prove a delightful revelation. It will show you the way which millions have found to whiter, cleaner teeth. This offer is for one week only. It means much to you and yours. Act now.

An ideal diet would do these same things, but few people get it. So dental science now needs the tooth paste to bring these desired effects.

Pepsodent will daily bring you five great benefits which the old ways did not bring. Together they mean a new era in teeth cleaning.

Men's tobacco stains

Men who smoke stain these film-coats with tobacco. The use of Pepsodent brings them conspicuous effects.

Food stains with women make these film-coats dingy. The gleaming teeth seen everywhere now show how Pepsodent removes them.

But children need Pepsodent most. Their teeth are most subject to film and search attacks. Very few escape them. Dentists advise that they use Pepsodent from the first tooth appears.

Watch teeth whitened

The results of Pepsodent are quickly seen and felt. No user can long doubt them. A book we send explains the reasons for them. A very short test will convince you that this new way is essential.

Present the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whitened as the film-coats disappear. Watch the other good effects.

Then you will see and feel and know that Pepsodent is necessary. You will realize that old methods were not right. And this discovery may bring life-long benefits both to you and yours. Present this coupon to the dealer named this week. Cut it out now.

10-DAY TUBE FREE

Present this coupon, with your name and address filled in, to the store named. It is good for a 10-Day Tube of Pepsodent.

Your Name.....

Address.....

Out-of-town residents should mail this coupon to The Pepsodent Company, 100 So. Wabash Avenue, Chicago, and the tube will be sent by mail.

Only one tube to a family.

STATISTICIAN MAKES REPORT ON ALL CROPS

Jacobson's Statement Shows Increase in Potatoes Over Last Month

In the following report, prepared for publication by Julius H. Jacobson, state agricultural statistician, valuable information relating to many phases of crop results in Idaho is contained:

Potatoes.
The effect of rains during August and September in the principal eastern potato states is now apparent in the October estimate for the United States of 2,287,000 bushels, an increase of 28,577,000 bushels over September. However, this year's crop is still about 82,473,000 bushels of the 428,000,000 bushel crop of 1920 and 27,415,000 bushels above the five-year average, 1915-1919 of 371,000,000 bushels.
Maine registered a recovery of approximately eight million bushels during the month and Michigan ended next with a recovery of about five million bushels. The other important potato states show improvements of from one to three million bushels. The total crop totals, which came very early this year were responsible for reducing Idaho's crop to 2,108,000 bushels from the 2,164,000 bushel production for September. This is especially true in the non-irrigated sections and north Idaho where growth had already been retarded by scant rainfall. In the important irrigated section from Idaho Falls to the Snake the vines were practically all killed during the first ten days of September. Due to the national situation, it is expected that a larger proportion of the total crop will move in October than the previous estimate of 10,500 cars for Idaho still holds. Some 2,200 cars of this total have already moved, principally from the early potato sections of Caldwell.

Crop by Bushels.

Oct. 1, 1921.	
Maine	32,779,000
New York	37,136,000
Pennsylvania	24,000,000
Michigan	27,187,000
Wisconsin	23,253,000
Minnesota	23,259,000
IDAHO	2,108,000
Sept. 1, 1921.	
Maine	21,647,000
New York	30,000,000
Pennsylvania	22,258,000
Michigan	22,210,000
Wisconsin	20,632,000
Minnesota	22,768,000
IDAHO	3,461,000
1920	22,140,000
1919	36,250,000
Pennsylvania	30,155,000
Michigan	35,700,000
Wisconsin	33,281,000
Minnesota	29,025,000
IDAHO	7,000,000

Apples.
Idaho's apple crop promises to exceed all previous records. It gained 7 per cent in condition over September, making it 89 per cent of normal, or 3,923,000 bushels. There is such a demand for Idaho apples that 4100 cars will be required to move the commercial crop. The reason that it will be profitable to ship the lower grades this year. The proportion of "wind-falls" will be rather large but considerable of these will be shipped in bulk, while of those that were not but during July - many are being wrapped, boxed and shipped as "half market." Their appearance under present conditions is poor, color and cutting qualities are there just the same. There is an immense crop in the Boise and Payette valleys of high quality. Farm orchards are generally well loaded and districts not ordinarily considered commercial, will add materially to the state's carlot movement.
The commercial apple crop of the United States shows slight improvement over last month. The estimate is 19,764,000 barrels against 19,500,000 in September.

Apple Crop in Barrels.

Oct. 1, 1920	19,500,000
New York	2,582,000
Pennsylvania	403,000
Virginia	18,000
West Virginia	121,000
Ohio	130,000

Michigan	970,000
Missouri	89,000
Arkansas	10,000
Colorado	434,000
Washington	5,724,000
Oregon	399,000
IDAHO	1,216,000

Wheat.
A state average of 21 bushels per acre is the preliminary estimated yield of spring wheat in Idaho this year. This means a crop of 16,000,000 bushels and a total wheat crop of 24,515,000 bushels when combined with the winter wheat crop already harvested. This still exceeds former state records by nearly a million bushels. Scant and hot, dry weather at critical periods retarded earlier prospects, as otherwise this would have been a banner year for wheat production. Quality is 94 per cent over as last year.
Correspondent estimate that 47 per cent or 71,523,000 bushels of this year's

crop has been marketed by October 1st.

United Yield Estimate.
The estimated yield of spring wheat in the United States is only 19.7 bushels per acre for 1921, 151,000 bushels. Adding the 643,574,000 bushel winter wheat crop, the total is 740,279,000 bushels. This is some forty-seven million below 1920 and ninety-one million below the 1915-1919 average. It is estimated that 521,000,000 million bushels of this nation's crop has been marketed by October 1st.

Production in Idaho this year is estimated at 7,915 bushels raised on 184,000 acres with an average yield of 43 bushels per acre. Last year the yield was 35 bushels per acre for a total of 7,220,000.

Barley.
Barley averaged 34 bushels per acre for a total of 2,955,000 bushels. 1920 yields were 38 bushels per acre for a total yield of 3,488,000 bushels.

Blight and pests unfavorable to this crop reduced prospects 40,540 tons from last month. The forecast is 350,274 tons.

Zoroastran Criticizes Religious Lack Here

NEW YORK, (AP)—It's a long step from the tiny temple built of India to the battle of the traps in a Broadway jazz palace.
So thinks Jai Carnecki Pavry, son of the high priest of the Zoroastrians, a graduate of Harvard University and at present a student at Columbia.
"We have much to learn from the west, but I wish the people of America were so fond of the spiritual as they are of amusement and diversion," said the youth, who, when he returns to become a Navant priest, a follower in the religion of Zoroaster, hopes to keep among his people the spirit of religion, of daily devotion to temple worship.
Of America, the land that yearly sends ambassadors to India to teach the heathen, he said:
"You are not religious enough. You need more spiritual life, more earnest thought."

Commission Proposed to Fund Foreign Debt

WASHINGTON, D. C. (AP)—A commission of which the secretary of the treasury would be chairman would have full authority to fix terms for funding and refunding of the foreign debt under provisions of a bill tentatively agreed to today by the house ways and means committee. The measure, Chairman

PARTISAN FIGHT ON PACT LOOMS

Rumors Tell of Orders to Democratic Senators from the Party Leaders

WASHINGTON, (AP)—Unconfirmed reports were in circulation in senate quarters Wednesday that appeals had been made to democratic senators from party leaders out of public life to stand by the treaty of Versailles and vote against ratification of the new administration peace treaty with Germany.
Republican senators said they had the reports, but democratic senators denied there was any new development in the situation. The report credited William G. McAdoo, former secretary of the treasury, and Bernard M. Baruch with having consulted democratic senators in the interests of the Versailles treaty.

Republicans Not Disturbed.
Republican leaders said they were not disturbed over the situation and claimed 14 democratic votes for ratification.
"The new treaty was characterized as 'suicidal as well as visionary' by Senator Walsh, democrat, Montana, in addressing the senate Wednesday.
"Every controversy between the two countries pending will remain ripe and a number of others will spring into being," Senator Walsh declared, adding that he had wished to support the new treaty it had been possible to end the technical state of war.

Says Pact Is Perilous
The treaty, the Montana senator concluded, "does not comport with the honor of this country, is contrary to its interests and perilous to the peace of the world."
Senator Walsh said the new treaty would have undermined the "major matter of dispute between the two countries namely the disposition of the enemy property seized by our government during the war."

Theatro M

The most absorbing play of the season theatrically is J. Hartley Manner's delightful comedy, "Peg O' My Heart" which the patron of the Lavering theatre are anxiously awaiting to attend its presentation here, which takes place next Friday and Saturday, October 15 and 16 by the Stone players. No theatrical offering in the past 20 years has left such a lasting impression upon our play-going public, as has Oliver Morosco's fortune-making success. This delicate little comedy with its mixture of wit and pathos, presents life in its true light, with a deeper motive than can be attributed to any of the other plays Mr. Manners has given to the stage. Every stage generation or so there comes to the life of our theater a play so real, so human, so true to all characteristic drawings and narratives, that its brilliancy dazzles us by its drawing power. "Peg O' My Heart" is such a play; its engagement here should duplicate the wonderful attendance in other cities.

World's Greatest Runners.
Few speed and stamina, we do not believe there are any runners in the world capable of beating the Torshumme Indians, of whom about 16,000 survive in Mexico. They are in great demand as government couriers, for they are said to be able to cover 170 miles a day on foot, and have been known to run 600 miles in five days.

This is a Studebaker Year.

We have been asked the question how we account for the tide of Studebaker popularity which has swept the country.

Among others, two fundamental causes explain it:

1. The outstanding cause is the value of Studebaker Cars, in quality, style, performance, durability, and price, demonstrated by the complete satisfaction and enthusiasm of nearly one-half million owners who know values.
2. The universal respect for and confidence in the integrity of the name STUDEBAKER which for seventy years has been the symbol of quality and fair dealing.

Crowning proof of the dependability of Studebaker cars is reflected in our diminishing business in service parts.

With approximately 116,000 more Studebaker cars in operation on September 1st, 1921, our parts business the first eight months of this year was 3% less than in the same period two years ago.

While our car manufacturing plants operated this year 41% ahead of last year, our service parts manufacturing plant has operated at from one-half to two-thirds of last year.

Studebaker Cars are standing up in service and staying out of repair shops, to a degree unexcelled, we believe, by any cars of whatever price.

The Studebaker Corporation of America.
A. R. ERSKINE, President
