## MRS. SOUTHARD'S ENVIRONMENTAL HISTORY TO BE BARED

### EVENTS LEAD RAPIDLY TO RAIL STRIKE

Spokesman for Unions Voting for Walkout Requests Conference with Railroad Executives in Session

### LABOR BOARD DECISION RENDERS CRISIS ACUTE

Operators Jubilant While Employers' Leadership Fears Effort of Order for Restoration of Piece Work

### CHICAGO, (AP)—

There will be no immediate reduction in freight rates but the United States railroad labor board will be petitioned at once further to reduce the wages of employees, the Association of Railway Executives announced today after a full day meeting.

### CHICAGO, (AP)—

Warrens S. Stone, grand chief of the Brotherhood of Locomotive Engineers, today requested a conference with the railroad executives in session here, on behalf of the six major rail unions, which have voted to strike.

### CHICAGO, (AP)—

Officers of 10 railroad unions went in session shortly before noon at 300 South Dearborn, today to discuss the situation.

### Pittsburgh, Kan., (AP)—

With two local unions of the functioning in the Kansas coal fields as a result of an order by John L. Lewis, president of the international union, sponsoring members of the Alexander Trowal as strikers, an order to prevent strikers from taking charge of public affairs in the situation today was declined by a committee of miners at Frankfort, Kan. It was an order that a permanent program would be determined.

### PITTSBURGH, Kan., (AP)—

When the road executives met at 11 o'clock it was understood they would vote to ask the United States railroad labor board for further wage reductions promising to pass all future cuts along to the public in lower freight and passenger rates.

### CHICAGO, (AP)—

The railroad crisis was rendered more acute this morning when the labor board handed down a decision providing for the restoration of piece work. The railroad presidents were jubilant, while union leaders feared the effect on their men, more than 80 per cent of whom have already voted to strike rather than accept further wage reductions or rules which they opposed.

### CHICAGO, (AP)—

Confronted by a possible railroad strike over wage reductions, officials from shipper to lower freight rates, railway executives, meeting here today, declared that transportation charges would be decreased in proportion to future wage reductions.

### CHICAGO, (AP)—

The railway executives declined to indicate what definite steps were under discussion for proposing further wage reductions, which might result in a strike.

### CHICAGO, (AP)—

The United States railroad labor board today authorized the railroads to open negotiations with the unions for the restoration of piece work.

### CHICAGO, (AP)—

The board today declined to recommend a wage increase of 17 cents for the stop craft's agreement.

### CHICAGO, (AP)—

"Eight hours shall constitute a day's work. All employees coming under the provisions of this agreement except as otherwise provided, shall be paid as follows: Work hereafter be legally established between the carrier and the employees, shall be paid on the hourly basis."

### Man Lost in Woods Comes Near Death for Lack of Match

Toronto Physician, Weakened from Cold and Hunger, Rescued in Nick of Time

ATKOKAN, Ont., (AP)—Dr. Graham Chambers, Toronto physician, rescued after being lost for two weeks in the woods, almost starved to death for lack of a match.

### HOUSE DEBATES SCHEME TO ADD TO MEMBERSHIP

Leaders Fail to Reach Agreement but Proponents of Bill Plan to Choke Off Discussion and Take Vote Soon

WASHINGTON, (AP)—The house took up the Sledge bill to increase its membership 436 to 400 representatives. Leaders failed to reach agreement on the measure, but proponents of the measure planned to choke off discussion so a vote could be taken before adjournment for the day.

### RAILROAD HIT BY BLAZE

Steamers, Locomotive and Four Cars in Nevada Burn

### IDAHO, (AP)—

Five hundred feet of sawmills, the locomotive, four cars of a construction train, an office building and five smaller structures were burned on the Southern Pacific company's road near Summit station in a fire that started at 2:00 p. m. in tunnel No. 6.

### AUSTRALIA'S NAVAL BUDGET AGGREGATES 3,380,000 POUNDS

MELBOURNE, (AP)—Minister of the navy yesterday introduced in the house the commonwealth's naval estimates for 1922, which amount to £3,380,000.

### WORLD SPEED UP IDAHO PROJECTS

The Unemployment Conference Committee Urges Loans for Reclamation

IDAHO, (AP)—The Idaho Reclamation Association is advised that the reclamation committee of the national conference on unemployment at Washington has recommended a loan by congress of \$10,000,000 to the reclamation fund to speed up work on approved projects.

Expert Chemists to Have Second Innings in Trial of Much Married Murder Suspect

### VARIOUS CAUSES ASCRIBED BY WIFE TO ACCOUNT FOR DEATH OF HUSBANDS

Under the terms of a ruling by Judge Babcock in the case of Lydia Meyer Southard, wife of the murderer by poisoning of her fourth husband, Edward E. Meyer, the state this morning began the taking of post mortem examinations of the bodies of the other three husbands of the defendant.

### Tombstones Figures in Mrs. Southard's Thoughts as Bride

Letter to McHaffie's Brother After Marriage to Lewis Reveals Sidelights on Case

An interesting sidelight upon the case of Lydia Meyer Southard, woman of many husbands and a potential poisoner, was disclosed through a letter which came to light in her effects, written by her at Billings, Montana, just after her marriage to Herman C. Lewis.

### IDENTICAL SYMPTOMS ALLEGED

Specimens from organs of the bodies of each will be placed in evidence to go with the expert testimony tending to show the cause of the deaths.

### ORMSBY GIVES SCENES AT OMEGALTON

Deputy Sheriff V. H. Ormsby took the stand for the state and told in detail of the examination of the bodies of the late Mrs. Southard and her three husbands.

### DESCRIBES TAKING SPECIMENS

Mr. Ormsby then continued his testimony. He told of the examination of the remains of W. G. McHaffie at the residence of the late Mrs. Southard.

### ANSWERS BY DR. E. W. CONEHEAD, DR. W. R. BIRCH AND DR. H. E. FLETCHER

The medical question of the prosecution in the Southard case late yesterday afternoon was almost identical with the replies given by Dr. Scott, Dr. Conklin and Dr. Alexander earlier in the day.

### RECEIVED BY J. C. LEWIS

The body of H. C. Lewis was examined by Dr. Conklin on April 15, 1921, at the home of the late Mrs. Southard.

### POINTO SAID CAUSED THE DEATH OF LEWIS, ACCORDING TO THE STORY TOLD BY THE WITNESS

Lewis came home sick and said that he had been ill for several days.

### "DID YOU THINK A GOOD DEAL OF LEWIS?" THE WITNESS WAS ASKED BY MR. SOUTHARD

"Certainly did, he was a very nice man."

### "SAYS McHARRIE HAD 'FIT'"

Mr. Southard said McHaffie took sick of "flu" and "I had it too," she added.

# SOVIET OFFERS ITS MEDIATION

## Bolshevik Russia Would Deal With China and Mongolia to Better Relations

**PEKING, (AP)**—Bolshevik Russia has offered its mediation between China and the Mongolian republic in an effort to establish amicable relations. It is asserted in a statement issued by the soviet office of foreign affairs in Peking. The agency makes public a note addressed to the Mongolian revolutionary government now confining itself to Mongolia under the military auspices of the soviet administration in Moscow. This note from the soviet capital follows:

"The Russian government shares the Mongolian republic's conviction of the necessity of establishing peaceful business relations between Mongolia and China, based on the Mongolian people's right of self-determination. A soviet plenipotentiary delegation now on route to Peking will act as mediator between Mongolia and China, with a view to establishing China-Mongolian relations on this basis and removing the possibility of further conflict, according to the Mongolian government's request of September 10."

## SIMMONS ILLNESS HALTS KU KLUX KLAN INQUIRY

**Important Witness Cannot Appear Before Congressional Committee This Week**

WASHINGTON, D. C., (AP)—William J. Simmons, principal witness of the Ku Klux Klan, was prevented by illness today from appearing before a house committee for examination by members on an advisory of the order.

The imperial wizard collapsed yesterday at the close of a five hours' statement and later was placed in charge of a physician, who ordered him to stay in bed.

Dr. W. W. Manning, the physician attending Mr. Simmons, reported that he was suffering from acute bronchitis and general exhaustion.

Chairman Campbell adjourned the hearing after stating that Dr. Manning had informed him Mr. Simmons could not possibly appear earlier than Monday.

## WATERS SUBMERGE TOWN

**High Waters in Alaska Cause Damage to Settlements and Railways**

PRINCE RUPERT, B. C., (AP)—Floods along the Statten and Bear rivers, have practically submerged the town of Ryder, Alaska, and carried away government bridges at Stewart. Several bridges on the Dolly Varden railroad were undermined and the Klutuk river ferry at Slide Arm was swept away. The rush of water, due to heavy rains last week is subsiding.

## VARSITY ELEVEN HOPES TO WHIP OREGON'S TEAM

Eugene Team Not As Strong as Usual Basing Expectations of Idaho

PORTLAND, Idaho, (AP)—University of Idaho has hopes of defeating the University of Oregon at Portland tomorrow for the first time in the years the two schools have been playing their annual football game against each other.

Once or twice Idaho has held Oregon to a tie and several times the local men won at half-time, but never have they won. This year, it is thought, the Oregon team is not as strong as Eugene teams of the past and possibly Idaho will be able to slip across a victory, for most of the members of the Idaho eleven are veterans.

## Walter McCredie to Again Handle Portland Beavers

Veteran Baseball Leader Decides to Take the Reins Next Year

PORTLAND, Ore. (AP)—Walter McCredie has changed his mind and has decided to continue as manager of the Portland club of the Pacific Coast baseball league. Some time ago Mr. McCredie declared he was anxious to get out of the game and intended to resign.

"I managed the club next year," he said recently, "unless the team is sold, and there isn't much in sight that way. Yes, I'm going to tackle it for the nineteenth year, in a row. The old boy will try a comeback."

Portland finished last in the coast league race this year but McCredie hopes to get several new players and make a better showing next season. Several players now on the team will be used as a nucleus on which a new organization will be built. Approximately \$20,000 will be sought for new players and Herman Fillette, Portland's star pitcher, will be sold.

"Fillette is certain to go to a big league club," the manager added. "Every team in the major league is after him and it is only a question of which one will give us the best deal on players in exchange. He will not be sold for cash, but for players."

McCredie is going to attend in December to attend the annual meeting of the minor leagues' association and while in the east will try to obtain two infielders, two hot hitting outfielders and three experienced pitchers.

After the Filer game the squad will be at home for quite a spell, and on the 22nd of the month, the Jerome team comes over. As far as can be figured out the local boys won't have much trouble with the pigskin chasers from across the canyon, but folks on the 23rd a hot treat is in store for us when Nampa comes over to Lincoln field for a tussle. Nampa has one of the best teams in the state, and right here we want to be quoted as saying that the Nampa game will be one of the hardest fought of the season. Then on the 4th of November we have our hostile neighbors from Buhl over for the after-

noon's entertainment, and Buhl seems to be greatly strengthened this year.

On Amistat Day we have the big game of the season when our friends, Otto Romney, heads his warriors up here from East High at Salt Lake City. One always has a crack-neck team although the result of the game has nothing to do with the Idaho state championship, you can put it down that Clint Evans is going to win the game if there is a possible chance. There's something about Clint that makes the boys work hard for him, and hard work in football, as in everything else, will always show top notch results.

A few of the boys are laid up with minor injuries, but, all in all, the boys are in 'A' condition.

A. Scott at center is laying off on account of a bad leg, and had an X-ray taken this morning. Tucker, also a center, is playing the game from the side line owing to a bruised shoulder.

Bob Puzler, who plays at right tackle when things break right, will also take life easy until his leg gets well again. Take it easy, Bob, as we need you for the Nampa and East High games.

As we have already said, the team this year is fully 14 pounds to the man heavier than last year's team, and we figure that they will rely on straight football with Nampa owing to their heavy back field. In the Wendell game they didn't even try to make a fancy play. What a wonderful chance Evans has this year of hanging up a record that will remain forever.

In The News of Saturday we will give you a detailed account of the Filer game and from now on we will follow the team in all its games, and we hope that the football fans will turn out for each and every game, as we admit that we are not very bright when it comes to writing up a football game, and the help of all the fans will be appreciated.

Our friend "Speed" Newman is playing quarter for the "Frazier" team at Berkeley and is going great guns. Guess that the Californians realize that Twin Falls grows something else besides Spauls, as the freshman class at California has a membership of 1,500—and "Spauls" doesn't have much to do with winning a place on a football team such as California boasts of.

## Brief Bits of Sport

Coach Evans' gridders and those representing the Filer high school, are at camp this afternoon on Filer field.

The Twin Falls team left here shortly after noon full of high hopes of beating the west-end folk.

Anglow, husky player with the Buhl eleven several years, is said to have lined up with the Boise team for play this season.

This player, it will be remembered, was injured in a game between Evans' Greyhounds and the Buhl team early last year and was out of the game all season thereafter in consequence.

Errors around second base lost the last two games for the Yankees.

But that detract none from the performance of McGraw's teams which hold like a stone wall again in yesterday's hit.

Then, too, Walter Hoyt, pitching for the Yankees, was wobbly in the first inning, failure to locate the plate having considerable effect with the one run tallied by the Giants.

To date the Baltimore Orioles have won three games to Louisville's three in the minor league championship series.

In Spokane, Walter Miller of Los Angeles, claimant of the title of champion middleweight wrestler of the world won in two falls from Ted Tye of Portland here Tuesday night. Miller took the first fall in one hour 30 minutes with a crotch hold and half Nelson and the second in 11 minutes with a body scissors and headlock.

Arthur Neff, who twirled the Giants in the world's championship in the final game, said the ninth inning was the most thrilling he had ever pitched. "I know I had victory and the title within my reach when I walked out to the mound for the ninth," he continued. "I was not disturbed when Ruth came to the plate instead of Pipp. The big moment came when Ward walked and Baker stepped to the plate. I remember that Baker beat Mathewson in a world's series by making a home run in the ninth inning. I pitched carefully. Baker and when Hawlings stopped that ball it took a great load off of my mind."

Walter Hoyt the defeated twirler, was almost heartbroken at his failure to win his third straight game over the Giants. "I gave the best I had," he said.

The "turkey" series played off by the Meusel brothers—Emil of the Giants, and Bob, of the Yankees—was won by the former with a batting average of .247 to Bob's .200. In 76 times at bat, Emil scored four runs and made 10 hits for a total of 17 bases. The Yankee Meusel, in 30 trips to the plate, scored 3 runs and made six hits for a total of eight bases. Under the

rules of the series proposed by Emil, Bob must furnish a Thanksgiving dinner for the whole Meusel family.

Babe Ruth, long known as the king of klout, and sultan of swat, by his subject fans, was formally crowned in the clubhouse after the final of the series. Manager Miller Huggins officiated at the coronation ceremony, placing on the regal head \$500 worth of silver crown presented by admirers. The crown was inscribed "King Ruth."

PITCHING ACE SIGNS. CHICAGO, (AP)—Grover Cleveland Alexander, pitching ace of the Chicago Nationals has signed a contract for 1922, and will leave for his home in St. Paul, Minn., in a few days, according to William Veck, president of the club.

**ORIOLES TAKE ANOTHER.** BALTIMORE, Md., (AP)—There was no game today in the post-season series between the Baltimore Internationals and the Louisville team of the American Association. The players made it a holiday, most of them attending the races at Laurel. The series will be resumed tomorrow with the count standing Baltimore 3, Louisville 2.

# \$15.00 In Gold For a Name

## Can You Suggest an Appropriate Name For our New Basement Store? If So You May Win \$15.00 in Gold.

We will open a new department in our Basement in the very near future.

We desire an appropriate name; one that is short, euphonious, easily remembered and one that expresses and suggests instantly to the mind the merchandise that will be carried in this department, and the better service that will be given.

### What this New Department The Contest Opens Today Will Carry

This new department will carry aluminum ware, tinware, crockery, dishes, household necessities, toilet requisites, dry goods, notions, hosiery and a full line of toys and holiday goods, and stationery.

These articles will be sold at bargain basement prices, meaning savings to you on every article. The merchandise will be fresh and new and desirable. Many new novelties will be shown here for the first time.

## THE BIG STORE ON THE CORNER

Nicola Zerola, dramatic tenor with the Metropolitan Opera Company, will give a concert under the auspices of the Twentieth Century Club, in the Loring Theatre, Wednesday, Oct. 19th. Tickets may be secured from the theatre or from ladies of the Club.

**TOUCHING SOCIAL BORE**  
When a member of the high school faculty characterized  
the condition of insubordination and delinquency on the part  
of high school children, in whatever degree it may exist,  
as a problem in adult indifference, the scene to have put her  
finger on a sore spot on the social body.  
For the past two or three years the probrate court authorities  
have been citing us to the same cause of growing juvenile  
delinquency. They have pointed out that the scenes that come  
into the jurisdiction of the court are not those from homes of  
poverty, but homes where the parental authority has not been  
used.

The fact is stressed that work planned to absorb the natural  
energies of youth into legitimate activities to calve little support  
and co-operation from parents.  
That intelligent and interested leadership on the part of  
the adults of the community would change to an present state  
of rowdianism and questionable juvenile social activities, is  
the statement made by those interested in the subject, and it  
bears the test of reason and common sense.  
At any rate, it would seem to be logical to ask of the public  
in general that it withhold sharp criticism and refrain  
from repeating harrowing tales of youthful shortcomings  
until the public has cleared its skirts of responsibility in  
the matter by doing something to help the situation.

**STOCKING BANKS**  
A group of middle western bankers conducted an investigation  
to ascertain to what extent farmers and small business men  
keep in hiding sums of money. It was found that a large  
number, amounting to an appreciable percentage of the whole,  
kept sums ranging from \$100 to \$10,000 hidden about the  
premises. It is not hard to understand how one might need  
to keep temporarily as much as \$100 about the house, but  
to have \$10,000 or any amount approaching that sum certainly  
would be extraordinary hazardous.

Those who live at a distance from a bank naturally need to  
keep much more currency on hand than others who could  
stop into a bank whenever necessary, but to have about the  
person or on the premises any considerable amount is to  
invite someone to come and take it. Frequently robberies  
are reported where by violence directed against the possessor  
information as to the hiding place of the money is extorted.  
It is hard enough to keep money under any circumstances.  
To invite robbery by hiding it about the house should be  
unnecessary in these days of many banks.  
The currency that is hidden away does nothing for the  
owner, while if it were deposited in a bank it would work  
for the possessor and for others also. No doubt the sums  
hoarded and not working total vast figures. Were all of  
this secreted capital where it would be available for use  
it would assist greatly in the restoration of industry.

**DEFENDING THE CONSTITUTION**  
Induced by an appeal to defend the constitution of the  
United States and uphold the majesty of the law, many  
American citizens are said to be joining a secret order  
and contributing funds for its support. It is evident that  
these people are well intentioned and therein lies the  
hope that their zeal for American institutions may be  
directed properly.  
The framers of the constitution provided every necessary

#### PUEBLA IS FACING FAMINE

Conditions Grow Acute Because of Protest Against High Taxes  
MEXICO CITY, (AP)—Conditions in the city of Puebla are reported as becoming more acute, there being a great shortage of foodstuffs because of the concerted protests against the excessive taxation law recently enacted by the state legislature. Newspapers in that city suspended publication yesterday as a result of a shortage of newspaper paper.  
State authorities have not indicated any intention to amend the objectionable law, and a committee of Puebla business men who conferred with President Obregon yesterday are said to have received no definite promise of relief.

nary safeguard for its defense in the government which it established. That government was founded upon the principle of liberty and of tolerance of free opinion. It conceded to every man the right to think and to believe and to speak freely.  
Furthermore, it placed the judgment and condemnation of acts solely in the jurisdiction of courts. Men's thoughts and beliefs could not be called in question and the acts which were the result of thoughts and beliefs were to be punishable only if proved damaging to society, by properly constituted courts. Upon such foundations do our liberties rest and any violation of those sacred principles does violence to the constitution and the government of the United States.

Good American citizens make the most of these safeguards of liberty. The best citizenship exerts itself always to promote healthy public opinion and to see that that opinion has the freest expression. This is the legitimate and authorized check upon American institutions. If the properly elected officials fail to function; if the courts do not dispense justice; if executives fail to enforce the laws, the electorate can displace these offenders and choose others to fulfill the purposes of government.  
Every good citizen should familiarize himself with his country's history and identify himself only with such movements as harmonize fully with the spirit of American institutions.

### More Truth Than Poetry

**ARE WE GOING TO THE DOGS?**  
By S. E. KISER  
WE'VE tossed old-fashioned things away;  
We've trampled on the things that were;  
How rapid was the passing play!  
At which our modest mothers cried:  
"Consider how they shed their tears  
For heroines, deceived, misled!  
We, in their hour, Heveler years,  
Want no Giulietti popped up in bed.  
  
OUR grandmas would be much amazed  
To know how we amuse ourselves;  
The looks that they pursued and praised  
We leave untouched on dusty shelves;  
Yet, if we took the time to look,  
The chances are that we should learn  
That in the mad-Victorian look  
Desert and love each did its turn.  
  
THE things at which our parents smiled  
We might consider dull and drear;  
Their comedies were seldom wild.  
They lacked the charm of atmosphere.  
They lacked the charm of atmosphere.  
For us the lively bedroom play  
In which suggestion breeds restraint:  
Yet Entart in his merry way,  
Betwixt a certain vulgar trait,  
  
OUR worried elders may be right  
In warning us to have a care;  
The devil that they feared at night  
Has vanished into thinnest air;  
But if our pleasures are complex,  
Look in the bygone book or play,  
And doubtless you will find that sex  
Existed in your grandma's day.

**WHY THE SECRET?**  
Ladies seem to consider it rather smart to  
smoke in public; but those who use the needle  
still take their "shots" in private.  
**FLEETING FAME**  
If Mr. Frank Dominguez has time to listen,  
we would like to tell him that hardly anybody  
remembers who H. Thaw's chief counsel was.  
**MARS WOULD NATURALLY BE**  
**INTERESTED**  
Marsconi continues to believe that Mars is trying  
to send signals to us. Perhaps Mars is anxious  
to find out what success the League of Nations  
has had in abolishing war.

### CHINA SEES SHANTUNG ISSUE AT STANDSTILL

**Interprets Indications of Japan's Purpose to Ignore Rejection of Proposals**  
PEKING, (AP)—Japan is inclined to ignore the Chinese note rejecting her proposals relative to negotiations involving the Shantung question, according to most reliable information here.  
This would leave the position of Japan as it was following the presentation of the Tokyo memorandum by M. Ooba, Japanese minister here, in September. It is declared that Japan expects China will attempt to bring the Shantung problem before the Washington conference, but Tokyo is relying upon the solid support of the signatories to the Versailles treaty in opposing such a move, because if China's claims were recognized, it is asserted, other non-signatory nations would be encouraged to protest against clauses detrimental to them. Japan expects her stand in this matter will leave Shantung open to future direct negotiations with China.

### COLONEL HOUSE CALLS ON FORMER PRESIDENT

**Speculation is Revived Over Relations Between Wilson and Former Confidential Secretary**  
WASHINGTON, D. C., (AP)—Colonel Edward M. House, who so far as known has not been former President Wilson since the reported development of differences between them during peace negotiations at Paris, more than two years ago, called at his residence here yesterday and left his cards for the former president and Mrs. Wilson. While it has been reported several times since that these differences had been forgotten, Colonel House's relations with the former president as confidential adviser on political and international affairs during the first six years of his presidency, were understood never to have resumed during his tenure of office.  
**To Gain a Good Reputation.**  
The way to gain a good reputation is to endeavor to be what you appear. That is precisely the manner in which Chamberlain's Cough Remedy has gained its reputation as a cure for coughs, colds, croup and whooping cough. Every bottle that has ever been put out by the manufacturer has been fully up to the high standard of excellence claimed for it. People have found that it can be depended upon for the relief and cure of these ailments and that it is pleasant and safe to take.—adv.

**No Disappointments**  
Millions of housewives use Calumet Baking Powder because of its dependability—because when they place their baking in the oven, they know it will "turn out" all right. They are confident of results because they know that no matter what they bake—pies, cakes, biscuits, muffins—the results will be the same—light, perfectly raised, wholesome foods.  
**CALUMET BAKING POWDER**  
never disappoints. Don't prepare bakings with expensive ingredients and then have them spoiled because of an inferior leavener.  
Have the same assurance that the majority of other housewives have.  
A pound can of Calumet contains full 16 ounces. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a pound when you want it.

#### PUEBLA IS FACING FAMINE

Conditions Grow Acute Because of Protest Against High Taxes  
MEXICO CITY, (AP)—Conditions in the city of Puebla are reported as becoming more acute, there being a great shortage of foodstuffs because of the concerted protests against the excessive taxation law recently enacted by the state legislature. Newspapers in that city suspended publication yesterday as a result of a shortage of newspaper paper.  
State authorities have not indicated any intention to amend the objectionable law, and a committee of Puebla business men who conferred with President Obregon yesterday are said to have received no definite promise of relief.

# BIRMINGHAM TO GREAT HARDING

Alabama City to be Host to the President on Fiftieth Birthday Celebration

BIRMINGHAM (AP) — Birmingham's 50th birthday party, celebrating the fiftieth anniversary of the city, will be made an even greater occasion through the first official visit of the President and Mrs. Harding to the south since the inauguration.

The celebration will be featured by the historical pageant depicting the 50 years of the city's history and stress on the fact that Birmingham is the largest city of its age in America, being the only city in the 200,000 class which was founded after 1870, and one of only a few cities of its size which were not in existence during the Civil war.

**Marks Celebration Ominous.**

The celebration will continue throughout the entire week, October 24 to 29, but the biggest day will be October 29 when President and Mrs. Harding will be the official guests of the city and state. Assurance has been given Senator Underwood by the president that he will remain in Birmingham practically 24 hours and that he will participate in all the functions of the celebration which the committee has arranged in his honor.

Arriving on a special train from Washington at an early hour on the morning of October 25, the president will be met at Pell City by a committee of prominent citizens of Birmingham and Alabama. Upon his arrival he will participate in all the civic, fraternal, patriotic, military and semi-military organizations of Birmingham and other cities. In addition to the national guard units, there will be a guard of 1000 members of the American Legion in uniform and a special guard of honor composed of veterans and many decorated veterans. The grand marshal of the parade will be Brigadier General R. E. Steiner.

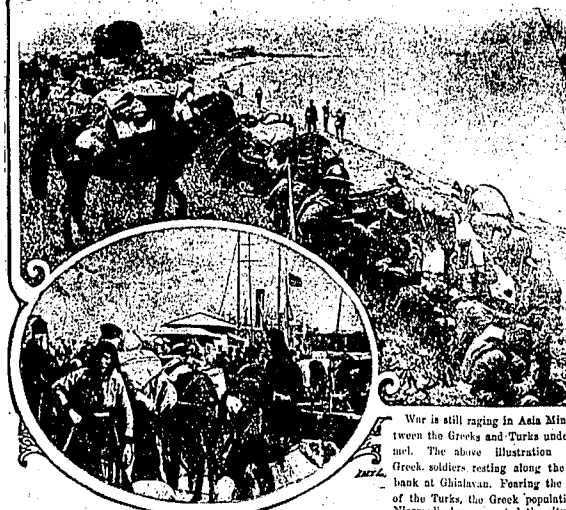

**Popularity Queens Chosen.**

Another feature of the parade will be the 67 young woman representatives of the different counties of the state. Each of whom will have an elaborately decorated automobile in the parade. The president will make the principal formal address of the day in Capitol park. A luncheon will be tendered him at the Tutwiler hotel where several hundred citizens will be present.

During the afternoon, the president will appear at three functions and will make short informal talks at each one. He will attend the inauguration exercises of Birmingham-Southern college, where the degree of L. L. D. will be conferred upon him. The cornerstone of the new one million dollar Memorial school for the needy and popular school of Birmingham will be laid during the afternoon and the president will make a short address. Later, he will go to the dedication exercises of Underwood park which is named in honor of the senator from Alabama, at whose request President Harding is making the trip to Birmingham.

At a formal banquet at the Country Club in the evening, the President and Mrs. Harding will be the guests of honor and the affair will be attended by a large number of prominent women as well as men. The president will be introduced by the governor of Alabama, Thomas E. Kilby.

## Evacuation of Nicomedia by the Greek Residents

War is still raging in Asia Minor between the Greeks and Turks under Kemal. The above illustration shows Greek soldiers resting along the river bank at Chikavian. Fearing the wrath of the Turks, the Greek population of Nicomedia has evacuated the city. The one seeking refuge aboard. Nicomedia is the ancient name given to the city of Izmit, at the head of the Gulf of Izmit, and about fifty-six miles from Constantinople.

Four performances of the historical pageant will be staged in which 1500 persons will participate and there will be a chorus of 500 trained voices. Several hundred dancers will feature the presentation of the pageant. Massed bands and orchestras will provide such music as may be desired.

## Former French Ace Dons Priest's Garb

MARSHVILLE, (AP) — Wearing the rossete of an officer of the Legion of Honor, a small, modest young priest attracted some attention as, with several other missionaries in charge of Bishop de Holmen, he boarded a liner here for New Guinea. Spectators were puzzled and one of them asked the bishop as to the identity of his young recruit.

He proved to be former Flight Sergeant and Lieutenant Bourjade of the French army, with 36 German airplanes and captive balloons to his credit. He ranks fourth among the list of French aviators, after Focke, Guyonnet and Nungesser.

## PRACTICAL AGRICULTURE COURSE STARTS MONDAY

University Professor Makes Announcement Important to Farming Students

UNIVERSITY OF IDAHO, Moscow, (Special).—The university short course in practical agriculture will commence Monday, October 17, according to an announcement of Professor P. E. Armstrong, the principal of the school of practical agriculture.

The full term course comes to a close March 17. The period is divided into two terms, the first closing December 21, and the second opening on January 4.

Under the present provisions students 16 years of age or over and with an eighth grade certificate are eligible for enrollment without examinations. Mature students with less than eighth grade education may be admitted under certain conditions. The course is designed for those who cannot be away from the farm during the fall and spring.

The work is essentially practical in nature, including such subjects as large work, livestock study, shop practice, farm motors, vegetable gardening, grain and soil study.

All facilities and equipment of the college of agriculture, including the university farm, are at the full disposal of short course students, it is announced.

From inquiries already received, it is assumed that the attendance will exceed that of last year, according to Professor Armstrong.

# FOREIGNERS IN EGYPT OCCUPY ANXIOUS SEAT

Uncertainty Surrounds Negotiations Between Premier Yegen and British Foreign Office Over Home-Rule Issue

ALEXANDRIA, Egypt, (AP)—Foreign business men in Egypt are suffering somewhat from the uncertainty surrounding the negotiations now taking place in London between the British foreign office and the Egyptian delegation, headed by Adly Yegen Pasha, the prime minister, a body opposed by the nationalists and led by Saad Zaghloul Pasha, a strong advocate of "home rule."

American and other foreign commercial, banking and shipping firms are watching developments closely and while they sympathize, it is said, with the aspirations of the Egyptians for self government, they do not relish the thought of the possible cessation of courts applying European law which, in the past, has meant security for the business and protection for their families.

### Americans Exempt from Taxes

All Americans in Egypt at present enjoy freedom from taxation, the right to be tried in criminal cases by the American consular courts and recourse in civil actions to the international mixed courts in which America is represented by three American judges.

While the American colony in Egypt is small and takes no active part in interest in local politics, it would not agree that the Washington government relinquish any of the rights and privileges its members now enjoy.

There are two parties among the Egyptians: the nationalists headed by Saad Zaghloul, for three years now the leader of the masses and the government or moderate party led by Adly Yegen. Zaghloul conducted the first negotiations with Lord Milner's commission. The foreign office in London has insisted that the Milner project, which guaranteed certain rights of self government, be embodied in a treaty agreed upon by the British and Egyptian governments.

The nationalists replied that "so treaty acceptable to the people would be possible until martial law was abolished, the English protectorate formally withdrawn, and a delegation elected by the people to negotiate a treaty. A delegation composed of ministers and headed by Adly Yegen, without any representation for Zaghloul and his followers, was appointed by the sultan and proceeded to London to arrange the treaty.

Nationalists Will Oppose. The nationalists, it is declared, will oppose in every way any treaty made by this delegation, and this may mean a renewal of party strife. Should the delegation return from the conference disaffected, the Egyptian nation again may be united against the English and the days of rioting and terror may return. In either case business community has misgivings, especially as

the commercial situation is beginning to have a brighter outlook after two years of bad times.

Demand of the Egyptians for independence is met by the equally vehement determination of Britain not to relinquish any of her interests and privileges "on the road to India." Meanwhile, the foreign colonies now in Egypt have indicated that they will only exchange their present privileges for something better.

No Tides in the Great Lakes. There are no reported tides in the Great Lakes—similar to what occur in the oceans, for the reason that those bodies of water are too small and irregular. Occasionally, however, tidal waves occur in one or more of the lakes, due to atmospheric conditions, such as great differences in atmospheric pressure and the prevalence of gales.

## UNFAVORABLE EXCHANGE CHECKS PERUVIAN TRADE

Lima Newspaper Advises American Traders to Invest More Capital in Latin American Countries

LIMA, Peru, (AP)—Due to the unfavorable exchange, trade between the United States and Peru is falling off. An editorial in El Comercio says: "The United States, whose trade supremacy here is now disputed by European nations should, if it wishes to regain control of the markets of South American countries, invest much capital in these countries."

"Our merchants naturally prefer those who offer the best facilities, those who concede the most generous credits, and those who are able to consume our products, which exist today in abundant quantities."

A bill to be introduced into congress provides for the establishment of a Peruvian national bank, in deference to the desires of local capitalists, heads of industrial concerns, merchants and land owners.

Who Controls Back of Seat? "Say, take your coat off of my new hat!"

"My coat isn't on your hat. And if it is, you can just take your hat away. My coat's going to stay where it is!"

"You can put your coat on your lap. I'll call the usher."

That's the way the argument began between the two women in the movie theatre. The woman in front had dropped her coat over the back of her seat. The woman in back objected, because she had "parked" her new spring hat there.

But the question, who owns the back of the seat—the person who sits in the seat or the one behind—was left unsettled, because the owner of the coat moved to another seat.—New York Sun.

### Sea May Reclaim Wayward Boys

Believing that the lure of the sea might prove the winning appeal to boys who resist the conventional schooling of shore life, a Baltimore shipping expert proposes the establishment of a training ship at that port. Not only would such a school ship serve as a co-operative unit in the educational system of the city and state, but it would give additional marine training calculated to yield a surplus of American sailors for the merchant vessels of the nation.—Popular Mechanics Magazine.

## CORPORATION PROFITS BY MARK TWAIN'S HINT

Story Told by Writer About Astonishing Qualities of California Lake Leads to Development

BRIDGEPORT, Cal., (AP)—Years ago Mark Twain wrote about the astonishing qualities of the water in Mono Lake, Mono county, but it remained for later day Californians to remember what he had said about the minerals in this body of water. A company incorporated by Sacramento and San Francisco capitalists has been formed to establish a plant to extract the salts from the water. The salts are said to be of use as washing powder, as a basis for shampoo and for other purposes.

## LANE MEMORIAL FUND OPEN

General Public is Invited to Contribute to Provisions for Widow

WASHINGTON, D. C., (AP)—Death of the late Frank H. Lane memorial fund to public participation was announced here Thursday by the memorial committee composed of Secretary Hoover, Franklin D. This decision was made, the committee announced in view of the "widespread approval of the obligation which rests on the friends and admirers of a public man to make provision for his widow, which the slender emoluments of public office impossible."

Income from the fund will accrue to Mrs. Lane during her life time; after which the committee said it probably would be used to promote work in the field of Americanization, in which the former secretary of the interior devoted a great part of his labors.

## Reserves

Many corporations and business men have been able to weather the late year of strain because of reserves which they had built from previous years. Such a reserve is useless unless it can be turned to account when needed.

# WORLD IS NEAR COLLAPSE FROM SPIRITUAL NEED

### Minister Sounds Resonant Note in First Address at Church Synod

"Spiritually starved, the world is near collapse," this was the central thought of the opening sermon of the Idaho Synod which opened here this morning. Rev. William J. Boone, D. D. presented the theme, "The Only Answer for a Starving World."

As bread must be eaten regularly and must be properly assimilated to nourish the physical body of man, so spiritual thought and contemplation must be a regular part of the individual life, else the social body will collapse from spiritual malnutrition. With out individual soul growth, there is no growth of the social organism. Material growth is stagnation, and stagnation is decay and death," said the speaker in part.

### Reports Are Heard.

Devotional Bible study was led at 9:30 this morning by the Rev. Frank E. Springer of the College of Idaho, Caldwell, who will conduct these meetings each session following the thought of "The One in the World You Can Depend On." Both morning and afternoon sessions were given over to the consideration of committee and secretary reports and the discussion of the routine business of the synod. The report of the president of the College of Idaho included the statement that the scholarship of this college has been held at so high a standard that the school now has recognition and full credit for its work in many universities, notably Columbia, Universities of Oregon and California, and of California State. The college received during the past year, without condition, from the Carnegie Corporation for Advancing Teaching, a gift of \$20,000 which will be used in the financial condition for the present year. The chief event of the educational conference of the morning, was presided by the Rev. William Ralph Hall of Philadelphia, director of young people's work. Following an address at 2:15 by the Rev. W. B. Holt the program was devoted to the conference of some missions for the extension of church extension, rural life and related problems.

### Adjournment at 5 p. m. was followed by the singing of hymns and points of interest to the visitors.

### Women Meet.

The Women's Synodical Missionary society convened this morning with Mrs. M. P. Gamble, vice president presiding in the absence of the president, Mrs. L. A. Jolley presided at the afternoon meeting of this body. The day was given to the reports of the various state secretaries, with an address during the morning by the Rev. Weston T. Johnson, D. D. and during the afternoon by Mr. Charles Williams who spoke from the topic, "Challenges and Opportunities." Mrs. J. H. Dawson, whose theme was "Greeting Christ." The session Saturday afternoon will be devoted to the subject of church work for young people. Mrs. Williams and Miss Benson will appear on the program, and the Rev. William Ralph Hall will speak on the subject, "Leadership Training for Young People."

### Dellegates Register.

The delegates who have registered before noon today are R. J. Phillips, Pocatello; Mr. and Mrs. J. Strachman, Soda Springs; D. M. Davies, Aberdeen; Sarah Delek, Soda Springs; Andrew P. # RAILROAD DISTRICT RESIDENTS URGED TO JOIN HANDS WITH CITY IN RAILROAD BUILDING

### Less Than Half Total Amount Required as the Bonus to Insure Line Construction is Subscribed to Date — At Present Rate Three Months More Hard Work by Solicitors Will Be Needed

Of the total sum of \$500,000 asked as a bonus to guarantee construction of a northern railroad outlet for the Twin Falls district, a little more than \$210,000 has been subscribed in the entire district to be served by the proposed line.

Disbursed, the pledges up to the close of Wednesday of this week, according to bulletin No. 1, issued by the fund holding company, are:

Twin Falls city	\$109,913.00
Twin Falls section—ranchers	15,169.50
Kimberly	3,852.00
Idaho	276.00
Issue	50,000.00
Contact, 1920 drive only	33,000.00
Total this hour	\$212,912.50
Contact, Wells, Hollister, Rogerson, approximate	30,000.00
Grand total	\$242,912.50

To Issue Bulletins. Plans have been made by the Idaho-Nevada Holding company to issue a bulletin summarizing the subscriptions as made by sections in the complete district. Contact, Wells, Hollister, Rogerson, Kimberly, Harman and Mattinson are the names of the men who are driving vigorously in their communities and reporting success daily.

Evening the holding company directors conducted an audit meeting which showed the foregoing results from drives in the various sections. At this meeting an scheme was evolved for procuring the fullest co-operation from the entire district. In this connection the following statement was officially made by the holding company board of directors:

"On account of the amount of money still to be raised in the railroad drive and the near approach of winter the Idaho-Nevada Holding company takes this means of sending out a request to the ranchers of Twin Falls county for their cooperation.

Coming Slowly. "The grand day's totals have been about \$4,000. If this figure is taken as a guide it will take over three months to raise this bonus with the present rate of subscriptions. It is our earnest request to expect the business men of Twin Falls to devote their amount of time when there are many who are willing to assist in this work but find this lacking lack for an invitation. To all these we say, this is an invitation to give your assistance.

"We feel that we can speak very frankly at this time on a point that will need to be considered by all of you and that is: will the farming community support this drive. Kimberly, Harman and the Salmon tract have answered this question with a readiness that should settle all doubts in the mind of the people whether this drive is going over or not. It is—

"Every day millions tell of ranchers who will solicit in their own section if the holding company had some way of asking them. This article is purely for this purpose. We ask every rancher to give this project his support. Let him who wishes to solicit in his own section call up the Idaho-Nevada Holding company, telephone 579, Twin Falls, give his name and rural route number and blank notes will be mailed to him immediately. The newspapers of Twin Falls have been very generous to us in the way of space and we have agreed to continue until this job is done and no matter whether one or one hundred notes are solicited we shall see that every man, woman or child is given the publicity and opportunity their work calls for. This request is not for the men but for the women as well as our records show that hundreds of women have already subscribed.

"Once again we repeat, let those who will give a day to the good of this project by soliciting in their own section call up 579 for blank notes. Rainy weather will soon be with us, although we hope not, but a year ago it was, then soliciting will become a thing of the past.

CUMULATIVE COMING SOON. City Attorney Taylor Gunnison will return to Twin Falls this evening to work, according to a letter received by H. J. Bonitt, who has been acting as city adviser in the absence of the regular City Manager, C. G. Gunnison in Dayton, O., but expects to leave that place the first part of the coming week. His departure depends wholly upon the condition of Mrs. Cannon, who at present, with her baby, is in a hospital.

# ENGINEERS INVESTIGATE ROSEWORTH BRIDGE SITE

### State and District Surveyors Procure Data on Construction Across Canyon

Reconnaissance of the sites suggested for a bridge across the canyon at Roseworth was yesterday completed by Charles A. Kyle, chief highway bridge engineer for the state of Idaho, J. A. Murphy, resident bridge engineer for the state at Boise, and W. F. Edwards, Twin Falls highway district engineer. Upon the findings, made during this survey, a complete report is to be made to the governor.

The reconnaissance was recently ordered by state highway authorities following suggestion made by members of the Scott Brycklyn caravan, now located at the Roseworth project. Shortly after the eastern settlers reached the Roseworth settlement a delegation called upon the governor for the purpose of discussing prospects of throwing a bridge across the canyon near Roseworth, thus making the nearest market point, Buhl, more accessible.

The report to the governor will provide data of an engineering order, figures on amount of material and estimated costs of construction. While no member of the engineering party making the Roseworth canyon survey would speak for publication following the survey is an understood that a plan to im bridge such as is proposed cannot be constructed for less than \$15,000, and the figure may run higher.

Roseworth is now reached by following a somewhat precipitous trail down the canyon wall.

# FORMS NEARLY READY FOR CONCRETE POURING

### Permanent Work to be Done On Elks Building Early Next Week

Forms for the construction of supporting pillars, columns and partitions on the first floor of the Elks building at the corner of Second avenue north and Shoshone street, are rapidly nearing completion. Concrete pouring is expected to start next Monday morning.

Work on this big structure, originally inaugurated a year ago, was recommenced under the direction of Contractor R. E. Bobler, who is now employing a force of 20 men preparing the structural forms.

The entire building is to be fire-proofed with reinforced concrete used for all pillars, walls and interior partitions. The first floor, at least, will be cement. In the construction of the first story, concrete will be used for the use of 1500 bags of cement, each weighing 100 pounds.

### Your Teeth

Your Teeth Are Good Servants. Take Care of Them

With proper care your teeth will last as long as your life. Call at regular intervals for free inspection.

If you are wearing artificial teeth which do not fit properly and cause inconvenience and discomfort, let us make your next plate. Our work costs no more and you will be assured of skilled workmanship.

We guarantee a properly-fitting plate. This office uses every modern, scientific, accepted method of dentistry.

Bleeding and receding gums need immediate attention. They may indicate pyorrhea. In that case the quicker the treatment is begun, the better.
