President of Locomotive Engineers Brotherhood Issues Instructions to Chairman in Defiance of Federal Board

DEPARTMENT OF JUSTICE PERFECTS ITS PROGRAM

Attorney General in Conference with Lieutenants Works Out Plan of Action in Event the Strike Materializes

CLEVELAND, O., (AP) - Notwithstanding the railroad labor board has cited all general chairmen of the "big five" railroad transportation organizations to appear before the board tomorrow.

DEPARTMENT OF JUSTICE FINISHES STRIKE PROGRAM

WASHINGTON, D. C., (AP) - Discussion of details as to the policy of the department of justice in event of a railroad strike was completed today at a final conference between Attorney General Daugherty and district attorneys from five important railroads.

The district attorney on leaving the conference were admonished by Mr. Daugherty not to discuss the department's plans and the attorney general likewise refused information.

Mr. Daugherty and the district attorneys held their first conference yesterday and in its conclusion it was announced that a program of resistance would have to be met in case of a strike had been worked out.

On the general question of the government's right to act in event of a strike the justice department is understood to take the position, on the authority of supreme court decisions, that employers of public utilities have a different position to take in case of a strike than other industries because of the duty owed by public utilities servants to avoid any interruption of facilities which the public is dependent upon.

Upon this principle, officials said, the department was prepared to protect the public from a cessation in the flow of the arteries of commerce throughout the country.

IRISH DEBATES CRISIS PASSES

Rumor Says King George Will Use All Constitutional Powers to Bring Peace

LONDON, (AP) - The view was expressed at Sinn Fein headquarters this morning that the public in the Irish conference was over for the present.

The Catholic members of the delegation and of its staff attended mass this morning, celebrated at Southwark cathedral for the late Mayor Macdonagh of Cork who died a year ago as the result of his hunger strike in Belfast prison.

King May Intervene. There was a rumor current this morning that King George, who has been in an settlement in London, might be manifested in his address last June in Belfast night, if necessary, use any influence he possesses within the limits of the British constitution to harmonize the conflicting viewpoints in the conference.

AUTO DRIVER VANISHES AFTER STRIKING CHILD

George, five-year-old son of Mr. and Mrs. George Hildebrand of 712 Main avenue, was struck by a passing automobile while crossing the street in front of his home Sunday evening and suffered severe lacerations about the head.

Hoover Asks Surplus War Supplies to Use in Relieving Russia

Relief Associations Unable to Command Sufficient Private Charity

WASHINGTON, D. C., (AP) - Suggestion that congress authorize the war department to donate surplus war supplies for use in relieving the famine-stricken peoples in Russia was made today by Secretary Hoover in a letter to Chairman Kahn of the house military affairs committee.

SENATE NEARS FINAL VOTE ON TAX REVISION

Approves Normal Rate of Four Per Cent on First \$4,000 of Income and Eight Per Cent on All Over That Amount

WASHINGTON, D. C., (AP) - Normal tax rates of 1 per cent on the first \$4,000 of income and 8 per cent on all over that amount were approved today by the senate without a record vote. These are the rates now in force.

The action on the tax bill began with the announcement of a new plan by the republican majority to keep the senate in continuous session beginning tomorrow when the bill is passed.

It is planned to keep a quorum present day and night and prevent a recess or adjournment in order to reach a final agreement and vote.

Without a record vote, the senate adopted an amendment by Senator Hillebrand, democrat, Nebraska, under which interest paid in 1921 and 1922 on indebtedness incurred for purchase or carry tax exempt securities issued by the United States would not be deductible for purposes of determining net income.

Without a record vote the senate approved the house proposal increasing from \$2,000 to \$2,500 the exemption to heads of families having net income of \$5,000 a year or less.

PHILIPS RETURNS TO SENATE

WASHINGTON, D. C., (AP) - Senator Phillips, of Colorado, returned in the morning to the senate today after an illness of several weeks.

FLASHES FROM THE WIRE

NEW YORK, (AP) - W. B. (Bert) Hesterson, former sheriff in the south-west and in recent years a sporting editor of the Morning Telegraph, died of heart disease while at work at his desk today. He was sixty-six years old.

OREGON, S. D., (AP) - A mixture of gas and oil was struck in the first of the Gregory oil wells drilled here at a depth of 200 feet early today. The well is located in a creek bed.

NEW YORK, (AP) - Federal prohibition agents yesterday raided an attic above a Greenwich village restaurant. Their haul included fifty cases, 2,000 bottles and 100 jugs of wine valued at \$15,000. The smell of a nearby barrel of rum mingled with odors from stored cheese the officers said, but the attic was used as sleeping quarters for three persons.

FIRST SMALLPOX SHOWS UP IN FAMILY OF EIGHT

Authorities Raise Quarantine Against Home on Quincy Street

Quarantine was established at the McFarland home, 300 Quincy street this morning. Smallpox has been diagnosed in the family, a boy 11 years of age, the victim.

The John M. Beck home, 381 Fourth avenue east, was quarantined yesterday for several hours, daughter of the chief being afflicted.

POSTPONEMENT OF ARMS MEET CALLED LIKELY

Conflict Between Original Program for Conference and That of Armistice Day Observance May Cause Delay

WASHINGTON, D. C., (AP) - Postponement of the opening meeting of the international conference on armaments and disarmament was announced today by Secretary Hoover in a letter to Chairman Kahn of the house military affairs committee.

Conflict between the program originally drafted for the conference and that for the armistice incident to Armistice day burial of America's unknown soldier was given as the reason for the probable postponement.

Harding Would Speak. It had been assumed by officials that Secretary Hughes would preside and call together the initial meeting of the conference on Armistice day. In the event the first meeting is held on the morning of November 12, as it appeared probable today, the conference would be addressed by President Harding immediately upon convening.

The American delegation had not yet considered the question of reduction in the land military establishment. The position of some officials was indicated today as being that nothing on the subject of land forces had been found of make-consideration of that question immediately necessary and that the American army's strength was now reduced to a minimum.

Finances Not to Be Discussed. Informal suggestions that the armaments conference would consider the question of international exchange and other phases of finance met with flat refusal. That it was not to be discussed was indicated by the officials invited to the armaments conference had sent financial leaders to the Washington conference was continued.

TO DISCUSS BONUS DRIVE. Call has been issued by the board of control of the Idaho-Nevada Hoisting company for a meeting of company members in the quarters of the chamber of commerce on Thursday night.

DAID WEATHER. Tonight and Wednesday probably rain.

ACCUSED WOMAN DENIES ADMINISTERING ARSENIC TO HER FOURTH HUSBAND

Flat Denial of Criminal Act Entered by Defendant Under Direct Questioning of Attorney Guthrie—Purchase of Poison-Flypaper Supplies Ground for Close Interrogations

With eyes fixed directly upon the jury and in a voice barely audible beyond range of the attorneys, Lydia Meyer Southard this morning on the witness stand told her story of the death of her fourth husband Edward F. Meyer, for the murder of whom she is now being tried.

Declares She Made But One Small Purchase And That at Definite Direction of Meyer

The calling of the defendant to the witness chair came as an almost complete surprise. A special recess of ten minutes was asked for by the attorneys for the defense for the purpose of conference.

More Chagrined Woman Seems More Cheerful After Taking Witness Stand. "Well, I was on the witness stand, wasn't I?" Mrs. Southard appeared to be in a happy mood at the noon recess, following her first surge as a witness in her own behalf.

By Poison Paper. The defendant detailed her story of the final illness of Mr. Meyer up to the time of his death. She admitted buying two packages of poison flypaper at Fisher drug company store and denied that she had purchased more than that amount.

Asked directly if she had ever administered poison to Edward F. Meyer, the defendant replied: "I did not—no, I didn't."

This same question was addressed to Mrs. Southard by Attorney Guthrie with respect to Gordon McEliffrie and as to Ed Meyer, her brother-in-law. In each case the answer was precisely the same as that given in the case of Meyer: "I did not."

Under Cross Examination. Eva Edith Meyer was the name under which the defendant married Paul Vincent Southard. This was brought out during cross examination by Attorney Stephan. She denied ever having told Mr. Johnson of the Johnson Auto Sales company that she expected to buy two packages of poison flypaper for any definite sum coming from any source.

Describes Symptoms. "He started out but was not able to work and went and laid down. A little later I received word that Mr. Meyer was sick so I went to where he was and had him come to the boarding house. I put him to bed and made him as comfortable as possible. That evening he said: 'I did not get better, my head was bad.'"

He had a severe headache and backache and seemed to be in an exhaustive condition. "The doctor came when he was taken to the hospital?" "He was taken to the Twin Falls hospital next day at my request. Mr. Haight, Ben Spitzer, myself and a little later my sister, Edith, were present."

He was sick but was not nauseated and did not vomit. "What time did you get to the hospital?" "We got there about seven o'clock that evening. I stayed until nine or ten o'clock that night."

He was taken to the hospital on Tuesday preceding his death on Tuesday. "That was the morning he appeared to be a little better. His mind was clearer and he asked me to go for his clothing at the ranch. Doctor Coughlin and a nurse were present and they suggested discharging the special nurse; but I could see no reason why she should be discharged."

He had a very sick man and on September 2 the nurse told me that he had come near dying that day and I had to tell the jury what happened after that."

He had a very sick man and on September 2 the nurse told me that he had come near dying that day and I had to tell the jury what happened after that."

CHARLES SEEKS TO END CAREER AT GUN'S POINT

Former Empress Presents Husband's Attempt at Suicide Following Failure to Regain Throne and Arrest

Former Empress Presents Husband's Attempt at Suicide Following Failure to Regain Throne and Arrest. DASH FOR THRONE ENDS IN COMPLETE DISASTER. Allies Demand Effectual Guarantee Against Recurrent Disturbance at Behest of Dejected Hapsburg.

Ally Demand Effectual Guarantee Against Recurrent Disturbance at Behest of Dejected Hapsburg. BUDAPEST, (AP) - Former Emperor Charles, who attempted to re-establish himself upon the Magyar throne with dismal failure yesterday, attempted to commit suicide by shooting, following his arrest near Komotom. Form or Empress Zita was seen preparing to commit suicide and prevented him from carrying out his intention.

Former Empress and Emperor are now prisoners in the Felabany castle at Taka, Tatars, and Thomas Goumont, Hungary, is hurrying there, with the representatives of other nations, to insure the safety of the prisoners.

Regent Seeks Doom. Orders sent to the rebellious troops by Admiral Horthy, the Hungarian regent, spelled the doom of Charles' attempt to regain at least a part of his former empire. The regent remained the soldier of fortune of allegiance to him, and demolished their unconditional obedience, adding that the success of their undertaking would mean the restoration of Charles to the throne of the empire.

CALLS FOR EXPULSION OF TEXAN FROM HOUSE

Remarks Called Obscene Made Basis of Demand for Unseating of Blanton

WASHINGTON, (AP) - Expulsion from the house of representatives of Thomas J. Blanton, democrat, Texas, was called for in a resolution introduced today by Representative Mondell, the republican leader.

The ground for the move to expel was publication in the Congressional Record as part of an extension of remarks by Blanton of an affidavit sworn to and read at a town at the government printing office which affidavits was characterized by some house members as obscene and unfit for transmission through the mails.

In Blanton's absence, consideration of the resolution was deferred until Monday. Another resolution for Blanton's expulsion was prepared by Representative McLaughlin, republican, Nebraska, and was about to be dropped into the house hopper when McLaughlin was informed that one would be presented by Mr. Mondell.

Buhl School Lad Shooting Victim as Gun Explodes

Shot Charge Tears Gaping Hole in Orrell's Neck Causing Death

Buhl, (Special) - William B. P. Orrell, 16-year-old son of Mr. and Mrs. Lafayette Orrell, was shot and almost instantly killed last night. The killing occurred in his home. The body is to be sent to Payette for burial.

The boy, with a younger brother, and a lad named Hardin, were once occupying the room in which the tragedy occurred in this town at about 10:30 o'clock, a charge from a single-barrel shotgun proving death's agency.

According to testimony given by the dead lad's brother and companion, the shotgun fell to the floor when a door was slammed shut. William Orrell was seated on the edge of a bed at the time and as the door slammed shut the trigger accidentally snapped, sending its deadly charge into Orrell's neck, tearing a gaping hole in the throat and bursting the jugular vein. All three of boys have been attending school here.

Mrs. Southard Says She Wants to Tell Her Story in Full

Murder Charged Woman Seems More Cheerful After Taking Witness Stand

With eyes fixed directly upon the jury and in a voice barely audible beyond range of the attorneys, Lydia Meyer Southard this morning on the witness stand told her story of the death of her fourth husband Edward F. Meyer, for the murder of whom she is now being tried.

The calling of the defendant to the witness chair came as an almost complete surprise. A special recess of ten minutes was asked for by the attorneys for the defense for the purpose of conference.

More Chagrined Woman Seems More Cheerful After Taking Witness Stand. "Well, I was on the witness stand, wasn't I?" Mrs. Southard appeared to be in a happy mood at the noon recess, following her first surge as a witness in her own behalf.

# JAPAN INSISTS ON EQUALITY OF NAVY STRENGTH

## Delegates to Armament Conference Indicate Desire for Seapower Big Enough to Meet Opponent

ABOARD STEAMSHIP KASHIMA MARU. (By Radio to the AP)—The basis of Japan's program at the Washington conference on the limitation of armaments and the Eastern question will be a desire to maintain a defensive navy large enough to cope with any naval force that any other nation would be capable of sending into the Far East, according to information given to the Associated Press representative aboard this ship, which is carrying the conference of the Japanese delegation to the United States.

### Links Big Questions.

The impression is given that Japan will not propose the dismantling of American fortifications in the Pacific, believing that the strength of bases in the Pacific is a question directly linked up with the problem of any curtailment. Therefore, it is probable that efforts may be made to settle the two matters simultaneously.

Japan apparently does not believe that America at the present could dispatch her entire navy to the Far East on account of the distance and lack of sufficiently large bases. But American naval bases at Guam and in the Philippines are enlarged sufficient to care for the entire navy's needs and Great Britain's bases are expanded similarly. Japan's minimum, it is intimated, must be arranged accordingly.

### Kato Discards Uniform.

Vice Admiral Tomosaburo Kato, minister of marine, one of Japan's delegates to Washington, has discarded his naval uniform. He explained that he was to Washington, not as a naval minister, but as a member of the cabinet empowered to discuss all affairs of state. "It is believed that he has been received with wide authority.

The vice admiral is the most retiring and unobtrusive man aboard.

# MEXICO CITY WILL SEE WORLD'S BEST MATADORE

## Popular Interest Centers Upon Return of Vincente Segura, 'Millionaire Bullfighter'

MEXICO CITY. (AP)—The world's best matadores have signed contracts to appear here during the bull-fighting season now in progress. Fifty-one Spanish bulls already are in the stockades near Mexico City.

Much local interest is attached to the return of Vincente Segura, the "millionaire bullfighter," who ten years ago was a popular idol. Segura, who always has been wealthy and took up bullfighting for the pleasure of it, has announced that two months' training has made him physically fit and he has been chosen to open the season. One of the greatest contrasts in the history of bullfighting is expected to be staged during the Christmas holidays when Rodolfo Gaona, Juan Belmonte and Sanchez Mejias appear in the same bill. These fighters are regarded as the lionhearted in the game and in addition there is intense professional jealousy which doubtless will provide many a thriller for the spectators.

The Mexico City bullring seats 23,000 with accommodations for 5000 more if they care to stand.

# WHEAT RATE REDUCTION PROFITS LOCAL FARMERS

## Total Sum of \$186,038 Comes to District Through Commission's Action

Taking the sum total of acres planted to wheat this year and allowing an average of 33 bushels to the single acre in yield, farmers of the Twin Falls north and southside districts will receive a lump sum aggregating \$186,038.27 through the operation of the freight reduction on wheat shipments ordered last Saturday by the interstate commerce commission, according to Leonard Way, managing secretary of the Southern Idaho Traffic association.

Mr. Way, in his presentation of facts and figures at a meeting of the interstate commerce commission held in Washington, D. C., last August, represented not only the Idaho public utility commission but the shippers and business men of Twin Falls especially, and all of southern Idaho in general. It is understood that it was largely through the splendid representation of conditions in Idaho, with emphasis upon conditions in the southern section, that orders came about for a reduction of freight rates on wheat all over the country.

Wheat average in the Twin Falls center district this year was 101,571 at 33 bushels per acre this amounts to 3,352,041 bushels. Reduced to bushels the amount of rate lowering is 5.55 per bushel. The wheat rate can be made effective in five days after publication of the tariff, and must become effective not later than November 31.

# CARELESSNESS ALLEGED IN AUTO ACCIDENT CASE

Alleging carelessness in the operation of an automobile Fred Wegner has brought suit in the district court against H. E. Bonham asking judgment for \$2,000. Plaintiff explains that on October 20, this year, while he was driving along the state highway near the east boundary line of Twin Falls city the defendant, while "driving carelessly and negligently," struck the plaintiff's automobile and knocked it into a ditch. The car is said to have been damaged to the extent of \$475, while Mr. Wegner was severely injured about the head, face, shoulder and left side.

# Moors Yield Mount Arruit to Spaniards

MADRID. (AP)—An important success by the Spanish troops in Morocco—the occupation of Mount Arruit—was announced in an official communique Monday afternoon. The occupation took place this morning, the statement said.

Mount Arruit was one of the important outlying positions in the Melilla area, captured by the rebellious tribesmen during the July disaster to the Spanish arms in that region when General Navarro was taken prisoner and held as a hostage.

# LANDIS DECIDES DISPUTE IN FAVOR OF BRAKEMEN

MINNEAPOLIS, Minn., (AP)—Federal Judge Landis, Chicago, chosen as arbitrator in a dispute between the Soo line and union employees of the railroad, has settled the matter, it was learned today. A conductor had charged a brakeman with disobeying orders. The judge decided in favor of the brakeman.

# To Gain a Good Reputation.

The way to gain a good reputation is to endeavor to be what you appear. That is precisely the manner in which Chamberlain's Cough Remedy has gained its reputation as a cure for coughs, colds, croup and whooping cough. Every bottle that has ever been put out by the manufacturers has been full up to the high standard of excellence claimed for it. People have found that it can be depended upon for the relief and cure of these ailments and that it is pleasant and safe to take—any.

# Theatre

(By FIRST NIGHTER.)

Nell Shipman at the Idaho in "The Girl from God's Country" offers a show that is a little out of the ordinary, giving a few thrills on land, on water and in the air. Incidentally there is a riddle fine, too, which keeps the audience spell bound through seven long reels. "The Girl from God's Country" closes this evening. It tells of a rich airplane manufacturer that goes to the north woods for recreation, and meets with Neeka, a half breed, who afterward proves to be his daughter. Every known animal is shown in this, one of the few pictures that are worth while. Baseball fans will be rewarded by seeing the final 1 to 0 game between the Yankees and the Giants.

Harry Carey in "Desperate Trails," is packing the Orpheum, and justly so, for it is one of his best pictures. To shield the supposed brother of the girl he thinks he loves, he goes to the point mentioned, but escapes when he finds out the truth. His method of getting revenge on the two is well worth seeing. A two-act comedy with a real gag actor and a series of Colorado finish up one of the Orpheum's best bills. Tonight is the final showing of this clever bill.

"Just Out of College," from the pen of George Ade, with Jack Pickford in the leading role, is the offering for Wednesday night following the Marcus show this evening at the Lavering, and those that enjoy good, clean comedy, will find it in the Lavering. The story deals with a young chap just out of college who wants to get married, but is thwarted by the girl's father. The father gives Jack \$20,000 and tells him to show results, and to counteract this gift he sends one of his men to sell Jack some worthless oil stock. Jack falls for \$15,000 worth, but he makes the other \$5000 do wonders. He fools the father, and gets the girl, in a way that will leave a smile on your face, as you vent your way homeward. A clever comedy completer the bill.

A special train loaded with scenery, wardrobe, electrical effects, change girls' private limousines, the fair fixtures themselves, principal artists, stage hands, Marcus Pfaender's pet "peeks," business staff, costars, valets and other paraphernalia, human and inanimate, will roll into Twin Falls today at 1:25 o'clock. The extra is required to haul the Marcus Show of 1921 from Salt Lake City to appear at the Lavering theater, this evening. The Marcus Show of 1921, with its added features, boasts the distinction of being the biggest indoor movement enterprise in America, save the New York Hippodrome. As the latter does not appear elsewhere than in the metropolis, the Marcus Show finds no

rival as the largest entertainment visiting more than one city each season. There are over 60 persons with the big harlequinade.

"Famous in the cities visited this season proclaim that it is not in size alone that the big harlequinade can make its chief claim to fame. It is, according to these scribblers, the best entertainment of its kind that has ever been produced in America. As a production, its magnificence has outdone all previous efforts in the matter of opulent display. As a barometer of general business conditions, it is reported that the attendance accorded the Marcus Show elsewhere not only justifies A. B. Marcus in his "more show for less money" policy but indicates that the public still has plenty of money for bargain and likewise—that business, in general is looking up.

# What made the automobile practicable?

There can be no question that gasoline preceded the automobile and made its present universal use possible.

Internal combustion engines have been made to run with other kinds of fuel—alcohol, benzol, coal and natural gas, kerosene, etc. But gasoline, because of its greater effectiveness and economy compared with all other known motor fuels, has been responsible in a large measure for the tremendous growth of the entire automotive industry.

For over a decade The Continental Oil Company has been serving a great territory consisting of the six intermountain states. Its task has been a big one and has called for much strenuous effort and the development of a large organization.

Volume production, particularly in the petroleum industry, and efficient distribution make possible a lower selling price for each commodity made than would be practicable for a legion of small producers. And this applies not only to petroleum products but to every necessity of modern life, from matches to steel rails.

The various storage stations of The Continental Oil Company, its many fleets of delivery trucks and wagons, its up-to-date service stations, the uniformly high quality of its products—all these are evidences of the efficient way in which this company is handling the big job that it has undertaken. Standardize on Continental products and buy them with Conoco Coupons.

# MEDICINAL USE OF BEER GIVEN OFFICIAL O. K.

## Treasury Department Promulgates Regulations Permitting Use of Brew; Dry Forces Express Disapproval.

WASHINGTON, D. C. (AP)—Beer as a medicine, enjoys a full legal status today, through the unexpected action of the treasury department in promulgating regulations permitting its use for that purpose. Issued in accordance with an opinion solicited by former Attorney General Palmer last March 2, holding the medicinal use of beer to be legal under the prohibition laws, and after being withheld since then, in anticipation of early action by congress or the pending anti-beer measure, announcement of the beer regulations came as a complete surprise to prohibition leaders.

**Predict Immediate Reaction.**  
Predicting an immediate reaction to the treasury's announcement in the direction of increased pressure to effect enactment of the anti-beer bill, dry advocates in and out of congress do not count their disapproval of the department's action. Wayne B. Wheeler, general counsel for the Anti-Saloon league, declared his "Aristo" defiance that at any other time."

While the new rules, covering the use of wine and spirituous liquor as medicines, as well as beer, fix a limit of 1-2 gallons, the equivalent of a case, in the amount of beer that may be prescribed to the same person at one time, no arbitrary limit is placed on the quantity of prescriptions one person may obtain within a given period. Other limits defined.

Except that the amount for a single prescription is limited to two quarts, the wine regulations are the same, with spirituous liquors limited to one pint within any 10-day period.

**BIG DEMAND NOT EXPECTED.**  
ST. LOUIS, Mo. (AP)—That the new regulations, which allow a limit on the number of prescriptions for beer, a doctor may issue would not cause a large demand was the consensus of opinion among several representative St. Louis brewers last night. They expressed doubt that the new ruling would cause the resumption of brewing in large quantities.

**NOT "OLD FASHIONED" KIND.**  
LOUISVILLE, Ky. (AP)—Assuming that brewers are permitted to make beer under the ruling just issued by the treasury, it will not be the "old fashioned" kind, according to John F. Drane, vice president of a Louisville beverage company.

They built and hope are used in making near beer, he said, whereas a certain amount is required for "real beer." Even then, he said, it will be three weeks before the medicinal product can be made.

**NO BEER FOR CHICAGO.**  
CHICAGO, (AP)—There may be beer in Chicago, but her citizens cannot drink it. Attorney General Cummings asserted today in commenting on the new treasury department rule permitting physicians to prescribe beer and wine. Although Chicago has several million gallons of real beer on hand, the Illinois search and seizure law bans beer and wine as medicines, said Attorney General Drundage.

**REUNION OF METHODIST CHURCHES IS ADVOCATED.**  
Commission on Unification to Hold Session Immediately Preceding World Conference at Detroit.

DETROIT, Mich. (AP)—A definite plan for uniting the Methodist Episcopal church, north and south, is to be made here immediately preceding the world conference of the Methodist Episcopal church, which opens November 1. Announcement that the commission on Methodist unification, composed of representatives of the northern church, would hold a meeting here to map a program for that purpose, was made today by Bishop Theodore S. Henderson, head of the church in Michigan.

## PRESIDENT ON WAY TO VISIT SOUTHERN CITIES

Chief Executive, on Four Days Trip, to be Guest of Birmingham and Atlanta

WASHINGTON, D. C. (AP)—President Harding left Washington at 9 o'clock this morning on a special train for a four-day trip through the south, his first visit to that section since his inauguration.

Three addresses are to be made by the president during the trip, two at Birmingham, Ala., which city is celebrating the semi-centennial of its founding, and one at Atlanta. A stop will be made at Gary, Ga., for inspection of the infantary school there. The president was accompanied by Mrs. Harding, Secretaries Weeks and Ealy, Senator and Mrs. Underwood of Alabama; George B. Christian, Jr., secretary to the president, and Brigadier General Sawyer, the president's physician.

## MEXICAN TROOP ATTACK BANDIT TRAIN ROBBERS

Military Pursue Highwaymen to Hills—Hold Up Results in Death of Six Persons

MEXICO CITY, (AP)—Government troops were engaged today in tracking a band of highwaymen which last night held up an express train at Atzacotalpa, a suburb of this city, killing six persons, wounding five others, and robbing the express car of packages valued at 200,000 pesos. The robbers fled in automobiles and vanished into the hills.

The express shipment was guarded by soldiers, and when the train was stopped by the highwaymen, the troops engaged in a sharp fight with the outlaws. So far as known, all the killed were soldiers. It is believed here last night that there were no American passengers on the train.

## NOVA SCOTIA FISHERMEN WOULD RACE MAYFLOWER

Halifax Talks of Sending Bluenose to New Bedford for Competition with American Boat

HALIFAX, N. S. (AP)—Commander lifted, with the schooner Bluenose, the fishermen's international racing trophy but the fishermen of Nova Scotia and the United States, have not had their fill of sport.

There is talk of taking the Bluenose to New Bedford, Mass., for a race or two against the schooner Mayflower, which was barred from competing in the trophy race trials by the race committee on the ground that she had not been a fishing craft.

## Inter-Sectional Football Battles Create Interest

NEW YORK, (AP)—Eastern college football elevens, enthused over the success and popularity of the inter-sectional games that have been held in this section during the present season, may make an effort to schedule more of the western conference and southern teams for next year.

Georgia Tech and Centre college of Kentucky are to be seen in action next Saturday, the Atlantaites in this city against Penn State, which held Harvard in a 21-21 tie last Saturday, and the Kentuckians against Harvard at Cambridge.

## PUNTS AND PASSES

(By FULLBACK.)

Every Monday from now on, this column will be devoted to the high school team, and on that day we will go over the plays of the game played on the Friday preceding. This is being done so the boys will see their work as others see it.

So now let's go back to Saturday's game with Jerome, and see what we find. The score itself shows that the team is going much faster, and it is to be expected that the boys will continue to speed up until the top notch has been reached.

The score itself shows that the team is going much faster, and it is to be expected that the boys will continue to speed up until the top notch has been reached. The team play has improved wonderfully, and although we had a few fumbles last Saturday, they were excusable. There were fumbles due to over-anxiety, and not to poor team work. It took the boys about five minutes to get their bearings, and after that the boys sailed along in fine shape. Why the boys wait five minutes in each game is beyond me. They did the same thing in the Flies game. Let's try and overcome this minor detail.

Let's go over the team, man for man, and see what they did. It is a known fact that a player never know what goes on in a game they are in until they read about it in the papers the next day. Their mind is centered on one thing, namely, to win.

We will start at the center of the line. Drulon did great work in passing the ball, and every pass was true, but at times he thought that he passed too hard. Before we go any further, we want it understood that everything we say in this article concerning the plays are mere suggestions, and we are not fault finding. We want Twin Falls to beat every team "that gets in our path and that's what this column is devoted to. Passing the ball too hard is NOT a fault, as it keeps the back field on edge all the time, but Saturday

some of the boys weren't expecting it to come as fast as it did.

Lesler at left guard did all that was expected of him, and very few plays went through his position.

"Red" Nicholson at left tackle surprised even his most ardent admirers. Bob played the game of his life. He was in the game every minute, and his tackling was absolutely perfect. When he got the ball nothing could stop him.

Jason at left end was very much in evidence all through the game, and Jerome found very "shifty" "pickin'" going around "Marion's" stamping ground.

"Ply" Flynn at right guard is a tower of strength, but Saturday he was inclined to be offside. This is not entirely a fault, as a man that gets offside is always charging, and it's the bluenose who charge that bring home the bacon.

John Nye at right tackle proved himself a very able substitute for Patzer, and although the game he got the job through the Jerome line, getting his job at every turn.

"Doc" Thometz at right end showed us that he is the original "forward pass catcher." His demonstration in this line of work last Saturday amply shows him as one of the best ends on open plays seen here in a long time.

At quarter we had "Jim" Sillley who by right plays in the back field, but went in at quarter owing to Cliff Fix' injury. Cliff was an interested spectator Saturday, and several times mentioned the fact that he didn't get much kick out of playing the game from the bench. We expect to see Cliff in the Nampa game. Getting back to Sillley: He surely handled the team in game "six", and showed that his hand was made for a Ant rack. He kept the pep in the game, and he can always be depended upon to make the necessary "staple." Jim is a comer.

Of course, we speak of "Bob" Pat-

zier in this article as a left half because he was in that position Saturday, but with Fix in the game Bob goes to right tackle. In Saturday's game Bob showed that he can sub in the back field at a minute's notice, and that isn't half of it, as he is a good ground gainer, and hits the line hard. Bob has a football nose, a real foot, his tackling is extremely good, and he is a tough team. A 50-yard punt is a mere bag of shells for Bob.

"Ben" Bent, the fullback, stepped right along and in Saturday's game made big gains every time he got the ball. His all-around playing was one of the features of the contest.

Here is hoping that the same good things can be said next Monday after the Nampa game.

This column received a letter from Coach Roy Heashear of the Nampa squad, wherein he tells us a little about his team. He is coming down here Friday to win, but asserts that the boys are good losers, in case they meet defeat. Well, if our opinion amounts to anything, it is going to be a tough game, and there won't be any 111 to 0 score either. You who want to see a real battle had better wend your way to Lincoln field Friday afternoon. Nampa and Boise are the two teams.

That we have to beat for the champion-ship.

The line-up of the Nampa team on Friday will be pretty close to the following: Hamiltons (captain), G.; Beckman, R. G.; Palmer, L. G.; Owens, R. L.; O. Bass, L. T.; Compton, R. G.; H. Bass, G.; McKee, quarter; Hoelstetter, fullback; Keith, L. T.; Davidson, L. G. Coach Heashear states that he will arrive here Thursday evening, making the trip by auto, and will bring 18 men.

A Good Play.

When you want a play that is mild and gentle in effect, easy to take and certain to act, take Chamberlain's Tablets. They are extra good.

# It never rains but it pours!

IT WAS "company night" BUT WHEN I got home, I FOUND the Browns. HAD A sick baby. AND COULDN'T come. SO I chorlited "Oh, joy, WON'T SUE and I have SWELL EATS for two!" BUT NO, Sue said, "YOU DON'T suppose, I'D WASTE all this food. JUST ON you!" AND SO I said, "LET'S PHONE the Smiths" BUT THEY had headaches. THEN WE tried the Joneses. AND THEY fell for it. AND WHEN grub for four. WAS JUST about ready, THE PHONE bell tinkled. AND THE Browns baby was better. AND A minute later, THE SMITHS changed their mind. AND THE Missus fainted. "OH, WELL," I said, "THE MORE the merrier." WHAT'S THE difference? IF THERE isn't enough food, I'LL FEED the maids. ON THE cigarettes that satisfy. AND YOU women can talk. AND BETWEEN the two, WE'LL ALL be satisfied.

WONDERFUL company, Chesterfields—any time, anywhere. Just seem to "hit the spot." Good tobacco, good blending, (by a private formula that can't be copied), good-looking package with an air-tight wrapper. On every count, an all-around down-right good smoke. "Satisfy" All over the place.

FINANCE AGENTS STUDY DISTRICT

Fiscal Company Representatives Looking Over Irrigation Projects

BURLEY (Special).—For the purpose of gathering information relating to development of farm land by irrigation, data which it is proposed to make the foundation for probable loan investments in various sections of the district of southern Idaho...

ALLEGED MURDERER TAKES THE STAND

over him and giving him hypodermic injections. I asked them what this was for and they said they were using strychnine. I stayed all night...

Health Previously Poor

Mr. Meyer's health was not good. We went to Salt Lake for the Fourth of July celebration and he caught a good cold and had never gotten over the cough of pneumonia he had in the car because the car became so hot...

Explains Poison Purchase

"I gave it to Mrs. Carrie Howe, the boarding housekeeper and she distributed it. I never heard the testimony of Mr. All to the purchase of flypaper but I said you had purchased. Tell the jury if you bought more than two packages..."

Aggravates Post-Mortem

"What did the physician say to you as to the post-mortem?" inquired Attorney Guthrie. "The doctor asked me about it and I said it was all right," replied Mrs. Howarth.

Five Months' Engagement

"How long were you engaged to Meyer before your marriage?" "I was engaged to him for five months," replied Mrs. Howarth.

Did you and Meyer's sister discuss Mr. Meyer's death?

"Yes, on the day before the funeral we discussed the matter of Mr. Meyer's death. We went to the cemetery and picked out the grave. The day after the funeral Mr. and Mrs. Howarth..."

deputy and my father were here. They asked me if I knew anything about Ed's affairs. My father spoke up and said I had not been married long and that I should not expect the whole of it...

Don'ts Knowledge of Insurance "Did you know anything about any insurance at that time?" "I did not."

Mrs. Howarth said she returned from the cemetery with her father. She did not remove her hat in the hotel lobby which was going to return to the funeral home. She also mentioned having lifted her veil and laughed at the cemetery as she got into her car after the funeral.

Mrs. Howarth said she returned from the cemetery with her father. She did not remove her hat in the hotel lobby which was going to return to the funeral home. She also mentioned having lifted her veil and laughed at the cemetery as she got into her car after the funeral.

McClaffey Was Hurt. Mrs. Howarth knew McClaffey in Twin Falls prior to her marriage to him for about a year, she said. He operated a cafe and restaurant in front, the two left her for Hardin, Mont., where they remained for one summer.

Leaves of Policy's Lapses. With reference to the life insurance carried by McClaffey, Mr. Truoblood declared this morning that he talked with the bank about the matter and ascertained that the policy had lapsed. On a direct examination by Attorney Mills the witness said that he recalled his daughter receiving a letter from C. D. King in the winter of 1915, just after the death of Robert C. Dooley.

Don'ts Knowledge of Insurance. "Did you know anything about any insurance at that time?" "I did not."

Explains Poison Purchase. "I gave it to Mrs. Carrie Howe, the boarding housekeeper and she distributed it. I never heard the testimony of Mr. All to the purchase of flypaper but I said you had purchased. Tell the jury if you bought more than two packages..."

lorry W. P. Guthrie. The witness said he knew Ed Dooley and during Dooley's last illness had heard him complain of pain many times. When the Dooleys, and the water from a lead or still ditch for domestic purposes. The ditch ran from the farm of the witness onto the Dooley place.

McClaffey's Testimony Stricken. Donald McClaffey testified that he had known the deceased a short time. He was called to the stand for the examination of the contents of Edward J. Meyer for whose murder his daughter is now being tried to satisfy himself of the cause of death was brought out yesterday for a few minutes for some time.

Truoblood Asked Examination. That W. J. Truoblood, father of Lydia Howarth, the accused in a charge of the examination of the contents of Edward J. Meyer for whose murder his daughter is now being tried to satisfy himself of the cause of death was brought out yesterday for a few minutes for some time.

Know Nothing About Policy. Mr. Truoblood testified to the effect that his daughter, the defendant, had told him on the day of Edward J. Meyer's death, he knew nothing of any life insurance carried by Meyer, but later the same day an examination of Meyer's papers led to the discovery of a policy for payment of \$10,000 on the life insurance company.

Sticks to His Point. Prosecutor Frank L. Stephens worked hard to draw from the witness the information that the defendant had ordered to allow suspicion as to the cause of Meyer's death. The witness admitted that friends had told him of current rumors of foul play in connection with Meyer's death, but he said his statement that he had no ulterior motive in advising that his daughter accept half the estate, including the insurance money in the event that this was collected.

Examined Meyer's Papers. "Did you examine the papers left by Meyer?" "I handled the papers, yes, and the receipt from the company sort of came out."

Examined Meyer's Papers. "Did you examine the papers left by Meyer?" "I handled the papers, yes, and the receipt from the company sort of came out."

Examined Meyer's Papers. "Did you examine the papers left by Meyer?" "I handled the papers, yes, and the receipt from the company sort of came out."

I told my daughter she had not been married long and that Meyer's people ought to share in the estate."

"What was said about the papers?" "Mrs. Meyer said we had better give them to our daughter knew of no policy."

"Did you see any insurance receipt?" "It was among the papers. My daughter said there was no policy. That she had no policy."

Sister Could Have Help. "I told my daughter that I did not believe she could collect the insurance without the policy. My daughter said she had no policy. My daughter said she had no policy."

Happy in Montana. "Going back to your conversation with Mrs. W. B. Moore at her home near Parkville, Idaho, was any talk to you that she knew that Mr. and Mrs. McCallister had long and well perfectly happy?"

On cross examination Mr. Truoblood said that Mr. and Mrs. Dooley did not live in the Truoblood ranch return from Missouri where they lived for a while. His daughter was back and forth, he said.

Didn't Know Ed Meyer. "Was Meyer ever at your place?" asked Mr. Stephan on cross examination. "I didn't know Mr. Meyer," answered the witness.

Examined Meyer's Papers. "Did you examine the papers left by Meyer?" "I handled the papers, yes, and the receipt from the company sort of came out."

# MERCHANDISE STOCKS WILL LAST 3 WEEKS

In Case of General Strike Twin Falls Would Be Out of Necessaries in 21 Days

Wholesale merchandise stocks would be depleted in 21 days and coal would last about 15 days were the proposed general railroad strike take effect on November 1. Retail stores are fairly well supplied with the necessities of life, but under normal conditions these would rapidly run out. The strike would force a run on dealers' coal bins that would clear out every pound of bituminous fuel in approximately two weeks.

Statement with reference to the merchandise situation is made by Robert F. Clark, secretary-manager of the Southern Idaho Grocery company and refers to staple articles in daily demand for household purposes. It does not include sugar, flour, meat or such products as are obtained in this district.

The Home Lumber and Coal company estimates on coal supplies existing although city bins are supplied to the extent of 75 per cent, in case consumers have made no attempt to fill their bins. The public schools have sufficient coal to last to about February 1 under normal weather conditions. The city has its winter supply of fuel on hand, and the Amalgamated Sugar company is fairly well fixed, according to reports.

In case the strike order is carried out to the letter and a complete tie-up occurs on all rail lines about 75 railroad workers in various unionized crafts will be thrown out of employment should they all strike. These crafts include train and engine men, telegraphers, clerks and ticket sellers, section men and miscellaneous employes of the Oregon Short Line railroad.

Naturally all shipments of goods, both east and west would cease. Figured on a basis of business moved through the local station in November, 1920, this would mean 923 carloads of incoming freight and 376 outgoing. The outgoing business in October this year will more than double that of October last year, according to General Agent D. E. Sullivan, who states that outward movement will be at a peak for the season. Incoming belt shipments, which amounted to 383 carloads in November last year, would be stopped completely, thus causing a probable shutdown at the Amalgamated Sugar factory. In October, the city received 133 carloads of coal and 120 carloads of necessary merchandise, and wholesale distributors of merchandise, scout the idea that there will be a general strike, expressing the belief wise counsel is to pull when the question of issue are finally presented for adjudication.

## MORMON CHURCH NEEDS CHAPEL SERVICE SPACE

Increased L. D. S. Membership Indicated in Application to City for Benches

Increasing church membership has created a demand for more Latter Day Saint's chapel accommodations, a fact demonstrated in an application filed last evening with the Twin Falls city administration. Officers of the L. D. S. church applied for permission to use the city park benches during the winter in a temporary chapel building at Second avenue east. Permit was authorized.

The building to be occupied belongs to H. A. Brien, and was erected about a year ago and occupied by the Brien Sheet Metal Works. The lease on this building is said to be only to fill a temporary need and will be abandoned when the new building at the corner of Fourth avenue east and Second street, is completed, probably in the next year.

The Mormons at present own all of the property on Fourth avenue east from the alley at the side of the First Methodist church to the Second street east corner. They are also said to be conducting negotiations with A. T. Best for purchase of two lots at the corner of Fourth avenue north and Second street. No option, however, has been taken on this property, it is stated.

Announcement is made by Bishop L. C. Kirkham, of the Twin Falls stake, L. D. S. that building operations will probably start next spring on the foundation constructed more than a year ago for a church edifice at the Fourth avenue east and Second street corner. If this plan is carried through the structure should be ready for official dedication in the fall, it is believed.

## PERJURY CHARGE AGAINST SENATOR IS UNEXPLAINED

Attorney General Declines to Discuss Indictment of Arizona Bolon

PHOENIX, Ariz., (AP)—Information regarding the specific offense or offenses on which the charge of perjury was based in the indictment returned against Ralph H. Cameron, junior United States senator from Arizona, by the last federal grand jury here, still was lacking this morning.

Both Judge William H. Sawtelle, presiding over the United States district court here, and Thomas H. Fyans, United States district attorney, declared that they could not discuss the matter

until Attorney General Daugherty at Washington had authorized them to do so.

The fact that the indictment was returned, was learned yesterday when an entry relating to the matter was found in the minute book of the court. The entry stated that the indictment charged Senator Cameron "with violation of section 125 of the penal code, 1910—perjury."

Senator Cameron was elected last November 2, when he defeated Marcus A. Smith, his democratic opponent and also his predecessor in the senate.

DAUGHERTY RESERVES COMMENT WASHINGTON, D. C., (AP)—Attorney General Daugherty declined today to enter into any extended discussion of the indictment by the federal grand jury at Phoenix, Ariz., of Ralph H. Cameron, United States senator from Arizona.

He said that there was a "suspicion" that an indictment had been brought against Senator Cameron and that a lot of people were evidently attempting to get some information, but the department of justice had nothing to say in connection with the matter at this time.

## RESPONSIBILITY FOR AUTO ACCIDENT EVEN

Both Policeman Brown and P. O. Spencer Held by Council Equally Culpable

Responsibility for an automobile accident in which a municipal car was considerably damaged splits evenly between Ray Brown, city police officer, and Fred O. Spencer, former street com-

missioner, according to decision arrived at by members of the city council assembled last night.

The administrators reached their decision after hearing a report by the chief of police, John M. Beck. This statement placed a measure of responsibility on Policeman Brown, who he said to have been driving at a rate of speed in excess of that permitted by the city traffic law. Spencer is declared not to have observed the rules governing right of way, which right is said to have belonged to Brown on the occasion of the accident. The two cars came together at the Ninth avenue north and Second street intersection Friday night. As to which car struck the other opinion is divided.

Mayor McRoberts issued an oral order to the chief of police for the commissioning of Policeman Brown, who is admonished to observe speed rules in future. Brown is also, by terms of this order, to pay expense of damage sustained by the city's automobile.

Simple Faith. An optimist is a man who places a long distance call and says that he will "hold the phone."—Arkansas Gazette.

## Notice of Election of Chamber of Commerce Officers

On Tuesday night, November 1st, 1921, in the Hegerston Hotel dining room at 7 p. m., will be held the regular annual election of the Board of Directors of the Twin Falls Chamber of Commerce who shall fill the offices for the coming year.

The manner of conducting the election will be determined at the time of election.

THE BIG WHITE STORE ANNOUNCES THE NAME OF ITS NEW DEPT. AS

# THE BETTER BASEMENT

NECESSITIES and NOVELTIES FOR LESS

"EVERYTHING CHEAPER"

SUBMITTED IN OUR CONTEST BY

## TOM F. HISLOP

TWIN FALLS, IDAHO

WHO WINS THE \$15 PRIZE WHICH WE ANNOUNCED

We want to thank everyone for sending in their suggestions. Many were excellent and above the ordinary, and it was a hard matter to choose, but the one suggested by Mr. Hislop more nearly suggests what we had in mind and the kind of a basement it will be for it WILL BE THE BETTER BASEMENT STORE in Twin Falls. We congratulate Mr. Hislop on his care, thought and success.

The contest was an entire success from the standpoint of number of worthy suggestions. We received suggestions from as far away as Oklahoma, the eastern and northern sections of this state and a few from the western part of Idaho. It was an interesting contest, everyone who entered enjoying it and by the very good names received we know are familiar with the store, its ideals and method of doing business.

# THE BETTER BASEMENT Will Open Saturday, Oct. 29 With Souvenirs For Women and Children who Visit Here.

We will have most of our immense stock in by this time. We are busy working day and night getting the merchandise unpacked, marked and placed in the shelves and on the counters ready for Saturday's opening.

There will be Special Opening Day Bargains and the papers will carry the full story, which we advise you to watch for.

THE SILVER LINING

There is no getting around the fact that the times are hard for some, and, perhaps a great many of those who are engaged in the primary industry of agriculture.  
 Banks, under pressure of the federal system, are calling in loans made last spring to finance this year's farming operations and are collecting in some instances every dollar that the crop brings on the market and handing back to the producer only enough to provide for his living during the winter and to permit him to resume his farming operations in the spring.  
 Conditions for the average farmer are back to a bread and butter basis with a vengeance.

Coming on top of a situation last year that brought the farming industry generally to the verge of ruin, developments in their relation to agriculture this year have brought about a condition that few industries could survive.

But even so dark a cloud cannot go without its silver lining; and particularly is there ground for optimism and confidence in the final outcome for the farmer in the Twin Falls country.

It is a pretty generally known fact that any real farmer who started in this year without financial incumbrance made wages and better even with what selling at the lowest price in a decade; yet hardly worth the cost of setting a match to it, and serious inroads on sugar beet and seed production.  
 And it is upon this fact that hope for the future rests securely. If the man on the land can break even in the face of all these adversities with which he is confronted this year, there can be no question about his success when a normal relationship between agriculture and other industries shall be restored.

THERE IS HOPE

Threatening as the situation seems to be in the transportation field, the case is far from hopeless. While there is life there is hope in a homely rick which may be applied in this case. And there is too much life in the railroad case to justify the country in unreasonably throwing up its hands for a surrender. There is so much life, in fact, that only those closest to the center of the controversy believe a strike is coming along with giant strides.

The majority of us still hang to the hope that before the time for putting certain plans into action something will develop to make the big frontal attack impossible. What that something may be shape up differently in different minds, but all are hoping the something will make its appearance.

The country is not going to stand around with its hands in its pockets while railroad executives and employees fight out some difference of opinion. The country is interested in those clashing opinions only so far as the antagonism touches the welfare of the nation, of all of us. There is a natural humanly intelligent concern over the larger issues at stake.  
 The people of the country do not care to be the beneficiaries of what is a gross injustice to either railroad or workers. We are fair-minded enough to want to be free from a prejudice of that kind. The people of the United States are willing to stand some inconvenience pending an adjustment of minor injustices to either or both.

But while we are agreed to suffer some inconvenience to have things set right, we are not willing to be the chief sufferers from a big fight between railroad executives and workers. And no one doubts that if both sides set to work with the proper will and spirit there will be a big battle beginning November 1. More than that, the public will insist that there must be no such dilatoriness of every part of the nation.  
 If the strike takes place we may not be able immediately to place the blame, but one thing is sure, there will be no doubt that one side or the other, possibly both, are to blame, and must shoulder the responsibility. The country is not going into idleness for the poor satisfaction of watching a fight.

More Truth Than Poetry

THE GORY OF WORK  
 By R. E. KIBBEH

WHEN I was frocked still and had  
 Not worn my first long trousers yet  
 Work never seemed to make me glad;  
 I faced my tasks with keen regret;  
 Reluctantly I dropped the bat;  
 When called to duty in those days,  
 Although my parents taught me that  
 The workers only merit praise.

IN school I couldn't seem to gain  
 Such satisfaction as one should  
 While afflicting a plebeian brain  
 With what is useful, helpful, good;  
 The tables had no charms for me,  
 The rules were things I tried to shirk,  
 Although my teachers zealously  
 Extolled the worthlessness of work.

I'VE learned, an every man who tries  
 To clamber from the rats must learn,  
 That only those who work may rise;  
 The fear you covet you must earn  
 Of all man's triumph there is none  
 That should excite him more than he's  
 Humbled after he has done  
 A good day's work and sits at ease.

AH, work is noble! They who tell  
 Should all wear laurels on their brows,  
 Whether they till the stubborn soil  
 Or work with brains instead of ploys.  
 In youth I looked upon my task  
 With deep repugnance and regret;  
 And I'm confessing, if you ask,  
 That work is irksome to me yet.

THE SOURCE OF SUPPLY

Don't sneer at the little towns. If it were not for them few of the choruses would be worth looking at; the leading beauties of the films would be missing and it would be necessary to lower the standard of pulchritude in the main-cure parlors.

WARSIVY HONOR LIST INCLUDES HOME STUDENTS

Number of Twin Falls Pupils Enrolled at Moscow Have High Study Standing

UNIVERSITY OF IDAHO, Moscow, (Special).—Ten Twin Falls students appear on the list of honor students of the freshman, sophomore and junior classes of last year, which has just been announced from the office of the university registrar.  
 Rosal Newman, a student in the home economics department, was the

winner of third year class A honors, while Irma Spilberg, a student in the arts course, was the winner of second year class A honors.  
 Maxine Billings, Louisa McMartin and Janice Millard, students in the arts course, were winners of first year class A honors, and Wilbur Osburn, a student in the science course, was winner of first year class A honors.  
 Albertine Boddy, Bernice Balcock, and Gladys Chancel, students in the arts course, were winners of second year class B honors, while William Stone, a student in the science department, was winner of first year, class B honors.  
 Class A honors represent an average of 5.331 or over, and class B honors 5.000 or above. The highest possible mark on this scale is 6.000, which signifies a scholastic standing averaging above 60.  
 The average standing of the entire student body last year was 4.624. Women somewhat surpassed the men, averaging 4.914 to the men's 4.454.  
 The Kappa Alpha Theta sorority, as a group, surpassed all other groups with a mark of 5.339. The Gamma Phi sorority followed, with 5.237. All sorority

women, as a group, made 5.076, while fraternity men fell considerably behind, with a grade of 4.383.  
 By classes, freshmen were the best students and seniors the worst. The grades were: Seniors, 5.009; Juniors, 4.707; sophomores, 4.608; Freshmen, 4.626.  
 Between students belonging and those not belonging to Greek letter organizations, there was little choice. Greek letter students made 4.640; non-members, 4.601. Non-fraternity men out-classed the fraternity members, but non-sorority girls fell behind the girls in the societies. Non-sorority women made 4.643; non-fraternity men, 4.554.  
 A Remarkable Record.  
 Chamberlain's Cough Remedy has a remarkable record. It has been in use for colds, croup and whooping cough for almost half a century and has constantly grown in favor and popularity. Its good qualities become better known. It is the standard and main reliance for these diseases in thousands of homes. The facts that it can always be depended upon and is safe and pleasant to take are greatly in its favor when it is wanted for children.—ad

UNITED STORES  
 HIGHEST VALUES—LOWEST PRICES

DRESSES  
 A wonderful variety of pretty dresses in all Silk Crepe De Chine, Georgette, Messaline and Taffeta. These dresses are exceptional values and are selling fast. We now have a good run of sizes and the price at which we offer these shows a great saving to you.  
 Values up to \$27.50.  
 Priced \$19.75

FULL CITIZENSHIP FOR AMERICAN INDIAN URGED

Lawyer of Omaha Tribe Advocates the Abolition of Indian Bureau at Detroit Convention

DETROIT, Mich., (P)—The granting of full citizenship to American Indians and abolition of the United States Indian bureau, are the chief subjects to come before the convention of the Society of American Indians, which opened here today.  
 Dr. Sherman Coolidge, canon of St. John's cathedral, Denver, the first president of the society, gave the address at the opening session.  
 Henry W. Waddington, D. C. lawyer and of the Omaha tribe, urged abolition of the Indian bureau. The Indians had been frequently exploited by white agents and reservation agents who held full control of Indian property, he charged.

MILLION DOLLAR THEFT ATTRIBUTED TO BANDITS

New York Police and Postoffice Inspectors in Search of Men who Held Up Mail Truck on Roadway

NEW YORK, (P)—Three automobile bandits who held up a mail truck last week in lower Broadway, late last night, occupying with four pouches of registered mail, were being sought by the police and postoffice inspectors today.  
 One of the postal inspectors on the case was reported to have told city detectives the pouches contained about \$1,000,000 in money, and negotiable papers. Other estimates fixed the value of the haul around \$100,000.

UPHOLDS JURISDICTION OF FEDERAL TRADE COMMISSION

WASHINGTON, (P)—The jurisdiction of the federal trade commission over common carriers was accepted by the supreme court Monday in agreeing to review a case brought by the Fruit Growers Express, Inc., against an order of the commission to compel it to furnish cars to the principal Southern vegetable and fruit shippers of California and Utah.

 O. C. HIGGINS, County Auditor.  
 E. L. WARREN, County Treasurer.

Subscribed and sworn to before me this 25th day of October, 1921.  
 O. P. DUVALL, Probate Judge.

# ZERO MARK IS REACHED WHEN WORKERS FAIL

### Railroad Building Bonus Gets No Help on Monday; Activities Quit

**DAILY BULLETIN.**

Twin Falls City.....	\$112,223.00
Twin Falls Section.....	15,800.00
Kiawierly.....	6,410.00
Hansen.....	2,235.00
Filer.....	1,573.00
Chamberlain.....	1,000.00
Outfitter.....	200.00
Salmon Tract.....	10,000.00
Elko County.....	100,000.00
Still out.....	5,000.00
<b>\$257,947.00</b>	

For the first time since the bonus drive started this fall no subscriptions to the \$500,000 railroad building fund were made yesterday.

This is the authoritative statement of the publicity committee, which body states that the delinquency was due to the lack of solicitors.

With respect to further operations in an effort to gather the required quota nothing guarantee the committee makes the following statement:

"We began today the publication of subscribers from the Salmon tract, Rogerson commences, followed by Mrs. Alexander, Mrs. McMillan, both for 2000, and your enthusiasm. Among the solicitors of the Salmon we mention Messrs. W. H. Hines, Hugh Todd, A. C. Stevens, R. E. H. B. McMillan, Mrs. Florence E. McMillan. And if the subscriptions are multiplied it is owing to the hearty list submitted. The city of Hollister will follow tomorrow.

Although the Salmon tract has submitted names totaling over \$11,000, we are informed by the collectors their work is not yet finished. The list of light averages for the "farming districts."

The following subscriptions are reported from the Salmon district to date:

- Rogerson District.**
- (W. M. Hines, committeeman.)
  - Marion Larsen \$25.00
  - Fred Hendrix 50.00

## CONFEDERATE VETERANS GATHER AT CHATTANOOGA

Remnant of Armies that Fought Under Stars and Bars Assembly for Reunion at Chattanooga City

CHATTANOOGA, Tenn. (AP)—The surviving remnant of military units through the stars and bars gathered here today for the annual reunion of the United Confederate Veterans' Association.

The old gray uniforms and the khaki clad younger generation of soldiers gathered here after a long military career. Meeting with the veterans are the Sons of Confederate Veterans and the Southern Confederate Memorial association.

# USERS' ASSOCIATION ENGINEERS REDUCE POWER COMPANY FIGURES

### Mayor Sherman, of Boise, Tells of \$4,000,000 Reduction in Inventory Valuation Filed with the Public Utilities Commission - Urges Twin Falls Representation at Hearing November 1

Urging payment of the final installment of pledge for the support of work planned by the Northern Idaho Light & Power Users' association, and also urging upon the municipal government the necessity of sending a local delegate to attend an important meeting to be held at the University of Idaho, H. Sherman, mayor of the Capital city, has addressed a letter to the Twin Falls city council. The administration last night authorized payment of the final amount on support pledge, but did not appoint a representative to attend the meeting.

The primary purpose for which the association was formed several months ago was to conduct an investigation of an inventory of physical valuation of property owned by the Idaho Public Utilities Commission. The company's stockholding showed a valuation of \$22,000,000. The association seeks to compel a lower valuation than that shown by the commission. It is, according to the plan, utilities rates can be based upon the investment involved, it is asserted.

In his letter, which is general in character, Mr. Sherman told of strenuous efforts put forth by counsel and engineers in procuring reliable information to present to the state commission. He stated that the public utility figures of the company to be excessive by high. In this respect, Mr. Sherman says, findings of association engineers, in fixing a valuation of company assets, will show a reduction of \$4,000,000 over the figures given by the company.

Following is the Sherman letter: "The work of the Northern Idaho Light & Power Users' association is now drawing to a close. On November 1, we are making our showing before the state commission. The committee of engineers of this association have worked very strenuously and produced a valuation of the power company's assets which will show a reduction of \$4,000,000 over the figures given by the company.

"One of the attorney, J. M. Lanport, has just returned from a two weeks' trip to Kansas City and other cities for the purpose of the purpose of conference and for the collection of data regarding public utilities in those districts, and with the further view of securing the aid of some leading engineers for the construction of our case. Mr. Herriet has been at work constantly and with what assistance we have been able to give him has prepared a very successful showing. His figures on the tangible properties of the Idaho Power company are not yet ready to be given out but on the intangible alone his evidence will show a reduction over four million dollars in value. We believe that you can be interested if you can send a representative to be present at some portion of our hearing which will begin on November 1.

"This association has gone on and has incurred considerable obligations and it therefore becomes necessary that those municipalities which have pledged assistance should now remit to the treasurer, A. E. Thompson, Gooding, Idaho, the full amount of the pledge.

"It is interesting to note at this time that all the cities of southern Idaho with the exception of Pocatello, Idaho Camps are included in this association.

"Please give this matter your earliest attention so that a full settlement of bills may be made and a full account rendered at the time of this hearing on November 1."

# EMPLOYMENT OF POLICE MATRON COUNCIL'S PLAN

### Curfew and Danco Hall Law to be Rigidly Enforced, Officers Declare

For the purpose of regulating juvenile attendance at public dance the city department of public safety has decided to add a matron to the police department. The duties of this officer will be co-operative with those of the juvenile and vice departments in the interests of curfew law enforcement.

Decision to engage the services of a woman in whom to vest police power with respect to juvenile attendance at public dance, and otherwise violating the curfew law of the municipality, was arrived at after discussion of last night's session of the city administrators. The decision resulted from reports of persistent and flagrant violations of the ordinance prohibiting girls and boys up to and including the age of 15 years attending public dances unaccompanied by parents or guardians. The matron will attend all public dances and will have police power to make arrests for refusal to comply with the order.

The council members have in mind engaging Miss Alice Johnson, preceptress at the high school, as police matron, and, although no definite arrangement has been made, with Miss Johnson for this position, the council board has been given to understand that if the present is agreeable to the school board and consistent with Miss Johnson's contract with that board, she will take the position more as a duty to the welfare of the young people of the community, whether or not they are in school. For a discussion of all points connected with the proposed appointment Mayor P. W. McRoberts and Alderman C. E. Boyles will hold a conference with Miss Johnson immediately.

In connection with the proposed appointment of a police matron the city council issues a mandatory order to all city officers of the law to immediately start operations of enforcing the curfew ordinance as written on the municipal statute books. This law requires all youngsters 15 and under to be at home by 9 o'clock in the evening, and prohibits such from attending public dances unless under the guardianship of parents or some other responsible person.
