ROBBERS BOARD TRAIN OUT OF CHICAGO YARDS

Pitched Battle Falls to Stop Holdups who Make Getaway in Auto from Point Near Paxton

CHICAGO, (AP)—E. A. Gerner, chief postal inspector, at noon announced that the last of a series of robberies which began at Chicago Central train near Paxton, Ill., last night, fought a 45-minute battle with the train crew and passengers, wounded five men, dynamited and burned the mail car, will total approximately \$400.

"They got two pouches of registered mail and overtook two others," Mr. Gerner said.

One of those overtook is said to have contained \$100,000.

"In the two they took," Mr. Gerner added, "there was nothing but the ordinary run of registered letters—no bank shipments or other packages of special value. It will take a week to sort out the mail under and see what the exact loss and I estimate it at about \$400."

PAXTON, Ill., (AP)—A mail pouch containing \$100,000 in cash was believed to have been the object of ten armed and masked bandits who last night held the New Orleans Limited at the Illinois Central line near here in one of the most spectacular train robberies in the middle west.

Miss Big Hunt.

Brutally enough, the bandits had the sack but for some reason dropped it beside the tracks after which they fled to the cars. The robbers escaped in two automobiles with two other sacks of registered mail. The bandits were strictly in plain clothes and wore no masks, and were firing a fusillade into the mail car and when the clerks refused to open it they blew it with two engines of dynamite. After slugging and overpowering the clerks, the robbers blew open the safe and scooped out its contents and then fled.

Leave No Trace.

No trace of the robbers had been found today. The train crew declared the men started west in two automobiles after robbing the mail car. The passengers were not notified, and the following train after which they fled was held up by three men, who pierced his coat when he and three companions went up to the mail car and fired on the bandits while they were fighting their engine crew and mail clerks, barricaded in the mail car.

Fire Ar Ignored.

The injured: Arthur Moon, Chicago, colored train porter, in a Chicago hospital with a wound in his abdomen; Thomas Baker, Chicago, mail clerk, shot in the shoulder and abdomen and wrist; slugged on head; Thomas Baker, Chicago, mail clerk, shot in the head with a bullet and of revolver.

H. H. Bangs, Chicago, fireman, slightly wounded three times in the left shoulder.

Edward Kenneth, University of Illinois student, slightly wounded in right arm in fight with bandits after they had completed their work.

Robbers Board Train.

Two of the robbers boarded the train at a point between Chicago and Paxton and covered the engine crew with their guns as the train was passing through here. They were part of Division Superintendent J. W. Horton.

They ordered the train crew to proceed to a bridge where the train was stopped with the passenger coaches on the bridge.

Order Train Crew Out.

Ordering the crew to break the train the engineer and fireman were forced to pull the mail car further up the tracks and about eight other men appeared from their automobiles.

On a threat of shooting the engineer and fireman of the train if the mail car was not opened, the robbers forced the mail clerks to open the door but when the engineer and fireman had clambered inside the door was slammed shut.

Door Blown Off.

Several charges of dynamite and firing from revolvers and shotguns finally forced the door in and a hand to hand battle ensued which

Bond Sales Show Hope for Future Say Authorities

State and Municipal Securities are Absorbed by Eastern Markets in Big Volume

WASHINGTON, D. C., (AP)—Recent sales of municipal bonds in 13 states have totaled over \$80,000,000 and in addition there has been \$100,000,000 of the securities have been offered for sale, according to statistics made public today by the national employment conference.

Also \$100,000,000 in state bonds have been sold and a like amount offered for sale.

"These figures," was explained in a statement, "were compiled in connection with studies made of the possibility of hastening public works as a measure of relieving the unemployment situation. The largest state bond sale, \$75,000,000, was that in Illinois, of \$50,000,000 for highways. Michigan offered \$4,000,000 bonds also for highways and \$1,000,000 for other public works. The figures were compiled on October 31. The state of Michigan is also offering \$10,000,000 in bonds for the soldier bonus."

Pershing Will Trade Afoot Five Miles to Honor Unknown Dead

American Commander Declines to Serve as Grand Marshal at Burial

WASHINGTON, D. C., (AP)—General Pershing will trade afoot the long way from the capital to Arlington National cemetery, next Friday, to pay honor to America's unknown soldier.

The leader under whom the unknown hero served in France, declined today to serve as grand marshal and ride at the head of the funeral escort. As chief of the American expeditionary force, General Pershing regards himself as a martyr at the symbolic funeral and he will walk the five miles.

Foch Rests Today, Will Be Guest of Legion Tomorrow

Spends Time Quietly at Home of Son of Ambassador Myron T. Herrick

CLEVELAND, Ohio, (AP)—Marshall Ferdinand Foch, commander-in-chief of the greatest army in history, will be the guest of American Legion chapter No. 1 of Cleveland today and tomorrow. Today, however, was reserved for rest.

The reception upon his arrival from Dijon this morning was strictly informal. He was met by a committee of citizens and troops A. of the Ohio National guard and escorted to the home of Mrs. Myron T. Herrick, son of Myron T. Herrick, ambassador to France, where he will spend the day.

WOMAN IS OKLAHOMA'S CHAMPION OATS GROWER

Produces Average of 70 Bushels to the Acre as Compared with Neighbors' 35 to 30 Bushels

MUSKOGEE, Okla., (AP)—A real diamond here in this country, who has been designated the champion producer of oats in Oklahoma, is Mrs. M. S. Shupe. Her farm lands yielded 70 bushels to the acre, on an average, whereas many other farmers in the neighborhood produced but 35 to 30 bushels.

Mrs. Shupe is the largest woman landowner in Muskogee county. She sold title to 800 acres, 600 ft. which were in cultivation last year, and raised three crops.

Mrs. Shupe is a student of diversified farming. Although her land is located in a rich cotton country, she devotes but a reasonable acreage to that staple. In addition to raising oats and wheat, she produces corn, alfalfa, sorghum and other feed crops.

400 MOTHERS APPLY.

LONDON, (AP)—More than 400 British mothers have applied to the War Office for the honor of being the national mother, who is to go, at the invitation of the Pilgrim Pilgrimage association, to visit the wreath on the grave of America's Unknown Warrior who is buried at Arlington cemetery, near Washington, November 11.

Contract Sacred, Says Romney; East Side High Will Fill Date Here

East Side High school considers its contract to host Twin Falls high school in a football game here next Friday as sacred and the Salt Lake team will be on hand for a finish fight against the state's best team, which is being coached by O. H. Romney, East Side coach, in a telephone conversation with Coach Clint Evans and Principal A. E. Karnes of the Twin Falls high school.

The game will be played at the stadium here, with the game given out by Mr. Karnes and Coach Evans.

TAX BILL FACES NEW RE-WRITING IN CONFERENCES

Measure Passed by the Senate Under Whip Goes Back to the Lower House for Consideration and Reference

MEASURE WOULD YIELD \$3,250,000,000 REVENUE

Surplus Rate is Out From 65 Per Cent on Million Dollar Income to Fifty Per Cent on \$200,000 Incomes

WASHINGTON, D. C., (AP)—The tax bill now faces its third re-writing, this time by the house and senate conferees.

The measure finally was passed early today by the senate, 85 to 24, at the end of a continuous session lasting nearly 18 hours. It will be returned to the house and senate conferees tomorrow and republican leaders there plan to send it to conference Thursday. It may reach the president for his approval late in the month.

Reduces the Income.

At a rough estimate treasury experts say the bill in its present form would net approximately \$3,250,000,000 of \$200,000,000 less than the present law and about the amount of revenue which treasury officers have said the government must have. Eventually the bill, the experts assert, would reduce the nation's tax toll by about \$150,000,000 a year. While they undoubtedly will make many changes in the measure, the conferees are not expected materially to alter the revenue total. As the bill now stands there are just three major provisions on which the house and senate agree. They are repeal of the excess profits tax and the transportation tax on mail carriers, and the reduction of the present tax on corporation capital stock.

Bill's Outstanding Features.

Other outstanding provisions of this bill are: A reduction in the maximum corporate rate from 35 per cent on all over \$100,000 to 30 per cent on all over \$200,000 as against the house reduction to 38 per cent on all over \$60,000.

Abolition of the house provision granting increased normal exemptions of \$500 to heads of families having net incomes of \$2000 or less and \$200 to heads of dependent families.

Repeal of the \$2000 normal exemption to corporations except in the case of those having net incomes of \$25,000 or less.

An increase in the estate tax maximum rate from 25 per cent on all over \$100,000 to 50 per cent on all over \$100,000. Increased taxes on alcohol, tobacco, and other luxuries.

A provision taxing gifts of property by any person at rates ranging from 10 per cent on the amount between \$20,000 to 25 per cent on all over \$100,000.

Repeal of the excise taxes on chewing gum, sporting goods, musical instruments, electric fans, and many other articles as well as the stamp tax on proprietary medicines and toilet preparations. The levies on fountain drinks and ice-cream also are out.

WOULD TRACER STUDENTS TO APPRECIATE ARMISTICE DAY

WASHINGTON, D. C., (AP)—The 700,000 school teachers of the United States were urged today by the National Education association to impress upon their pupils the "true" significance of Armistice day. This should be done, the association said, "to the end that the boys and girls of America may dedicate themselves to the cause of peace and the preservation of democratic government founded on righteousness."

OFFER "BLIND DRAW."

NEW YORK, (AP)—Abandonment of "blind draw" in tournament play was considered by the United States Lawn Tennis association. It has appointed a committee of which Mr. Norman Williams of Boston, ex-champion, to ascertain the sentiment of leading tennis players in regard to the step. This committee will report to the executive body of the association at its December meeting.

SIX ARE KILLED IN BLOODY ROW AT POLLS IN BREATHITT COUNTY

FALL ELECTIONS SHOW CONFLICTS IN MANY STATES

Voters Today Select Legislatures in East and Mayors in Many Big Cities of the Country

VIRGINIA ALONE MAKES CHOICE OF EXECUTIVE

Fight in Kentucky is On for Control of Law Making Bodies — Tammany on Trial in Gotham

NEW YORK, (AP)—Legislative and local contests featured the annual fall elections throughout the country today.

Only one state, Virginia, was electing a governor. Supporters of State Senator B. Lee Trinkle, the democratic candidate, and Henry D. Anderson, republican, claimed their favorite's selection by pluralities of 50,000 and 25,000, respectively.

Fight in Kentucky.

A particularly bitter fight was made in Kentucky, where the democrats were over control of the legislature in which the house now is republican and the senate democratic by one.

In Louisville, where the democrats are in the independent, progress, present city tickets.

Dry Fight West.

New York, Maryland and New Jersey were to elect legislatures. In New Jersey state endorsement of the "dry" prohibition act was made an issue by the republicans while democrats favored its modification.

The principal mayoralty elections in New York city, Detroit, Cleveland, Cincinnati, Toledo and Louisville.

TAMMANY ON TRIAL.

NEW YORK, (AP)—Men and women voters of New York city, 1,522,944 of whom are entitled to cast their ballot, went to the polls today to elect the new city administration, one state senator, 10 assemblymen and several judges and county officers.

The polls opened at 6 a. m. and will close at 8 p. m. While there were seven candidates for mayor, the choice lies between John P. Hylan, democratic incumbent, and Henry H. Curran, republican, running on a coalition ticket.

Democratic headquarters predicted Hylan would win by more than 100,000 votes. Curran's campaign managers claimed that their candidate would win by 100,000. Impartial observers gave 147,015 of whom are registered, held the balance of power and held a strong appeal for the women.

Socialist leaders admitted their mayoralty candidate, Magistrate Jacob Franklin had no chance to be elected but they were claiming six aldermanic seats in the state assembly from the greater city and one Bronx council seat. The other mayoralty candidates were Jerome T. Do Hani, former labor leader; George K. Hinds, prohibitionist; John P. Quinn, social-reformer; Joseph Dana Miller, single tax; and Benjamin Gilroy, workers' league (communist), whose name was not placed upon the ballot because he is serving a sentence in the state prison.

His name was to be written in by his supporters.

Four in Family Are Killed by Drinking from Poisoned Well

South Carolina Planter's Family Wiped Out and He is in Critical Condition

AUGUSTA, Ga., (AP)—The death last night of Mrs. J. W. Lee, wife of a Barnwell county, South Carolina planter, was the fourth in the family within the past week as a result of an alleged poisoned well on the farm, it became known here today. Mr. Lee was reported in a critical condition.

Three daughters of the Lees, the oldest of whom was 6, died last Tuesday, a few hours after drinking water from the well.

Seek Fund to Develop Reclamation Projects

WASHINGTON, D. C., (AP)—Appropriation of \$10,000,000 as a loan to continue development of authorized reclamation projects was reported in a bill introduced today by Senator McNary, Republican, Oregon.

It was quite the first of the western senators said funds were needed urgently.

To Take Mrs. Southard to Penitentiary

Commitment Papers are Executed by Judge Babcock and Sheriff Leaves with Prisoner Early Tomorrow

Judge Babcock this morning executed commitment papers for Mrs. Lydia Southard, and Sheriff E. Sherrill will leave with her for Boise tomorrow, where she will begin service her term in the penitentiary.

Mrs. Southard again this morning expressed her anxiety to leave for Boise as quickly as possible. Before sentence was pronounced she had packed her belongings and was ready for the trip.

The trip to Boise will be made by the sheriff in an automobile. The star will be made early, for the sheriff expects to return the same day, if possible.

Physicians are Rushed.

A special train has been sent from Jackson, with physicians to attend the wounded.

The story of the affair as it reached Jackson was to the effect, that Ed Combs, an uncle of the Combs boys, and defeated democratic candidate in the United States election for congress here, was active in support of the republican nominees for the same office. Combs, it was said, entered the polling place today and attempted to give orders to the election officials. His relatives, according to the story, remonstrated with him and out of the argument grew a fight in which pistols were drawn and the shooting began.

History of Bloodshed.

In the state of all America no county has yielded more internal bloodshed than has Breathitt county, Kentucky. Feudal warfare has darkened the pages of Kentucky's history. Brothers have been aligned against brothers and the stories of tragedies have been buried with the bodies of the victims. And the worst of these outbreaks have come from Breathitt county.

A quarter of a century ago in eastern Kentucky, in what is known as the Big and Little Sand countries there were many outlaws and men blooded. The McCoy and the Hatfield fought for years. But younger generations have drifted out from that country into the west, and for a generation there has been no recurrence of the old troubles.

Breathitt county has not ceased her intermittent resort to a warfare of assassination. Recent years have followed many of the clashes at arms but always there has been recurrence, and the story told in the wires today is but one of these.

Attorneys for Burch Ask for Continuance

LOS ANGELES, Cal., (AP)—Attorneys for Arthur C. Burch, who is under indictment here with Madeline Obenchain, charged with the murder of J. Bolton Kennedy, sought today to have the trial of Burch continued for one month to obtain depositions in the mid-west. The court yesterday denied a motion for a trial of Burch's sanity. Arguments on the motion, which was opposed by the district attorney, were expected to take the entire forenoon.

WESTERN ROADS URGE WAGE CUT OF 10 PER CENT

All Departments to be Effectuated by Reduction, According to Plans as Outlined by the Committees

SHIPPERS URGE SLASH IN HIGH FREIGHT RATES

Want Simultaneous Action on the Wages and Tariffs, as a Means to Relieve the General Public

The immediate posting of notices of wage reductions of 10 per cent, according to an announcement today.

The roads represented at the meeting included the Santa Fe, Great Western, Rock Island, Northwestern, Union Pacific, Northern Pacific and Great Northern.

Effects All Departments

In the proposed cuts, all departments would be affected and committees were appointed to draft the notices immediately so that the roads may go before the labor board and ask an early hearing.

Following this meeting the National Industrial Traffic League announced that meetings would be held tomorrow and Wednesday to ask that the railroads press their claims for wage reductions on the basis of rate reductions to shippers. The league represents many of the important shippers of the country.

Would Cut Freight Rates

Resolutions for presentation to the roads have already been drawn and include three salient points:

That railroad wage scales be put on a level corresponding with those of other industries.

That wage reductions and rate reductions take place simultaneously.

Abrogation immediately of national agreements, made effective during the period of federal control.

The labor board has announced that wage reductions will not be considered until after it has passed upon working rules and schedules but the roads decided to press their wage reduction efforts so that these might be brought to the attention of the board as early as possible. It was said.

Settlement of the threatened railroad strike, voted by the railroad brotherhoods for October 30, followed a statement by the railroad labor board that wage reductions would not be passed upon until after questions regarding rules and working conditions had been decided.

PROBLEM IN EXCHANGE

GENEVA, (P)—The collapse in Austrian exchange turned a police court fine into a fortune for an Austrian army officer who has just been sentenced to pay 50 francs at Buchs for assaulting a customs official before the war. The officer then was released upon cash bail of 5000 Swiss francs, deposited at a time when the crown was the equivalent of the franc.

When he paid his fine and received the bail he deposited years ago, he found that he had what would be changed into more than two million Austrian crowns.

BOILED SHIRT IS FOUND IN RUSSIA

Presence of Starch in Moscow Adds to Delights in Opening Grand Opera Season

MOSCOW, (P)—Boiled shirts made their re-appearance here at the opening performance of grand opera. There were seven of them and not one was the sort that one acquires with a sponge. This extremely bourgeois attire was an announcement that starch has arrived in the Moscow markets with the changed economic policy.

The entire audience here at the great opera house heralded the advent of a new era in Russia. Seats were sold in the old-time way. It cost 84,000 rubles to have an excellent seat in the pit or first balcony and the seats were sold as well as in the galleries. The mammoth auditorium is just as brilliant in its dull gold and red interior as it was in the days of the czar.

The "ballet" stage was Glushka's "Bulan and Laila" which it was brilliantly staged.

There was a marked difference between the opera crowd this year and that of three years ago. In the opening months of the soviet regime, Bolsheviks of both sexes nearly all wore black leather coats, which they draped very heavily at the opera and in all public places. The absorption of a large bourgeois population and three years of experience in government have changed the dominant party. The members have softened and become more conventional.

The percentage of bobbed-haired, masculine looking women is smaller. Femininity is reasserting itself. The old-time Russian courtesy is reappearing in all gatherings. Red army soldiers are now generally shaved and have their boots polished.

The constant lecturing of the immaculate Trotsky has sunk into the army. He is a great stickler for proper care of clothing and equipment and the same word has been generally passed along in all government departments.

TO REDUCE SMUGGLING

WASHINGTON, D. C. (P)—American and Canadian prohibition officials have entered into a "gentleman's agreement," designed to reduce smuggling of liquor across the border to a minimum. It was announced today at federal prohibition headquarters.

BOOSTS' UNIVERSITY BOOK

Business Manager for U. of I. Annual to Visit South Idaho

UNIVERSITY OF IDAHO, Moscow, (Special)—Kenneth Anderson of Moscow, assistant business manager of the 1923 Gem of the Mountains, yearbook of the Associated Students of the university, left Sunday for southern Idaho to interest business men in the book. Mr. Anderson's literary list includes Nampa, Boise, Caldwell, Pocatello, Twin Falls and Idaho Falls. Through the co-operation of alumni and of commercial and civic organizations in those towns, he hopes to secure a large volume of advertising. William Carpenter of Boise, business manager, has communicated with chambers of commerce in the cities to be visited.

A Timely Suggestion

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is almost certain to be needed before the winter is over and results are much more prompt and satisfactory when it is kept at hand and given as soon as the first indication of a cold appears and before it becomes settled in the system. There is no danger in giving it to children as it contains no opium or other harmful drug—safe.

SEEK SOLUTION OF JAP PROBLEM IN CONFERENCE

Elder Statesmen, Fall in Effort to Find a Successor to Hara — Saionji Declines Post But May Accept

TOKIO, (AP)—Conferences of the Elder Statesmen continue in an effort to arrive at an agreement upon a successor to Premier Hara, who was assassinated Friday night. Marquis Saionji, Marquis Matsukata, Baron Makino and Admiral Saito, governor general of Korea, discussed the situation at the palace yesterday, but so far as is known no decision was reached.

The funeral of M. Hara yesterday was held at his residence and was attended only by personal friends. After the services, conducted by a Buddhist priest, the funeral cortege proceeded to the headquarters of the Seiyun party, of which the late premier was the head, where the body was viewed by thousands. Later it was removed on a special train to Morioka, where the final ceremony was to be held Friday.

The assembly, Hara's cabinet, has confessed that he planned the crime several months ago and that he trailed the premier since that time seeking a favorable opportunity to take him.

Marquis Saionji is most prominently mentioned as Hara's successor, but in some quarters it is stated that he is unwilling to take over the duties himself, preferring merely to have a hand in the appointment. Others assert he will accept if urged by Field Marshal Prince Yamagata and given the privilege of using his discretion as to the changes in the cabinet.

The preponderance of newspaper opinion appears to be in favor of avoiding any political earthquake in view of the coming conference on limitation of armaments and Far Eastern questions soon to open in Washington.

METHODIST WOMEN VOICE THANKS FOR CONFERENCE

Missionary Society Expresses Appreciation of Armament Limitation Move

CHICAGO, (AP)—Thanking President Harding for calling the Washington conference, the Methodist Women's Home Missionary society declared their hope that it would mark a great step toward world peace. This is the text of their resolution adopted at Providence, R. I., and sent to the president.

"The Women's Home Missionary society of the Methodist Episcopal church through its delegated body in annual meeting assembled expresses its deep gratitude for your calling the conference on limitation of armament. We believe it to be a momentous step in the development of right relationships between the nations. Representing a society of over 400,000 members, devoted to Christian activities in the interest of our nation, touching closely millions of homes, spending last year nearly three million dollars, we speak for the Methodist womanhood.

"We have tested the horror of war and realize the burden of war that follows every conflict, so we rejoice in all movements that tend toward world peace. We realize the vast funds expended toward world peace. We realize the vast funds expended in battleships and munitions, and pray that the delegates to this conference may turn this power into the constructive tasks of peace. May God's name be honored and His guidance be felt throughout the deliberations. We pledge you our hearty support and united influence to make effective the cause of righteous peace."

Fund to Help European Students Living on One Meal a Day

Dr. James Bowland Angell, president of Yale, has issued an emergency appeal to American college students to raise \$500,000 to clothe and feed the students of Europe. These European college men and women live in Asia Minor, Austria, Czechoslovakia, Estonia, France, Germany, Hungary, Latvia, Poland, Switzerland, and Turkey, and are in every danger in America, will be asked to contribute to this share toward relief of the students. The fund is to be raised between October 15 and November 1. All money will be administered through the World's Student Christian Federation, of which John B. Mott is chairman. "Europe needs leadership," Dr. Angell stated in his appeal, "and where shall men, trained for leadership, be bred if not in colleges and universities, where are gathered all that history, civilization, science and art have to teach us. The social order of the world over has been shaken to its very foundations. Stability and reason will only assert themselves again as a trained generation once more comes into command." There are many people in Europe where hundreds of students receive only one piece of bread and a cup of soup as nourishment for a day's work.

"Daredevil" Sues for Divorce

Mr. and Mrs. Jacques Young and son Richard

NEW YORK.—"Daredevil Jack" of the films, otherwise known as Jacques Young, is suing Irma Young for divorce and the custody of their four-year-old son, Richard. Mrs. Young is making a desperate fight for the possession of her child. Young hazarded a tax expedition to Labrador recently for a moving picture company. When he came back he made charges against his wife. Two supposed detectives trailed her, according to Young's attorney, and gathered evidence. Under oath Mrs. Young denied the accusations and is

now filing a counter suit against her husband. Mrs. Young is twenty-four years old and thin, small and nervous. There are premature lines on her face that fade into a glowing, tender smile when she speaks of her little son. She said: "They are trying to take my baby away from me. But I'll fight for him. He needs me; and, furthermore, I don't wish him to leave me because he is at the age when he needs a mother's care. My husband, 'Jack' Young, never wished to make a permanent home for us. We always had to live in furnished rooms and hotels."

PUNTS AND PASSES

(By FULLBACK.)

But three days remain before the game of the season, and a few side-lights on our opponents won't go astray.

East High has the best team that has ever visited Twin Falls. It is a team that has been victorious for the last three seasons, and these victories were the result of hard work, and real football. There is nothing fluky about East High's record.

It is a team that uses more trick plays than the rest of the schools in this section combined.

We are not trying to take away from our team, but we DO want the fans to know just what to expect next Friday afternoon. East High is fast; they have a heavy line, and have, as we have just said, a world of open formation plays.

As far as the scoring is concerned, we don't care to make a guess, as we haven't had the pleasure of seeing East High play, but you can put it down that there will be scoring, and quite a bit of it, too.

Overheard the remark that our boys would be satisfied if they held their own as well as West High did last Saturday at Salt Lake. This is all fool talk as Twin Falls is going out there to do everything in their power to win. It isn't a question of seeing how small we can keep the score. What we are going to do Friday is to try and win.

Several fans are under the impression that Twin Falls will win the game hands down. This is not the case, as Twin Falls is composed of a bunch of boys that, although more than willing, are green as far as football is concerned. It is pretty hard to break up a play when you don't know where the play is going to be.

So just take our tip, and remember that Twin Falls, on Friday afternoon at 2 o'clock will bump into the greatest high school machine ever seen in Twin Falls.

That it sums itself up in this manner: Can a bunch of hard working and willing boys beat a gang that is considered to be the best in this Rocky mountain section?

Nothing is impossible, so all we can do is hope for the best.

Cliff Fix was out last evening, and it is to be hoped that his sore knee doesn't bother him any more, as we surely need him Friday.

Cliff will be back at quarter, and Jim Scilley will be back at his old place

at right half. With Cliff and Jim we should do a little business, but some times with a team such as East High boasts of, business is quiet.

For the benefit of those that like to fool with the dope sheet, we are giving the probable line-up, and weight of each East High team:

Wanfer, L. E.	L. E.	165
Beattie	L. E.	165
Chillico	L. E.	165
Van Cott	L. E.	165
Ryan	L. G.	170
H. Kump	L. G.	165
Cutrow	L. G.	165
F. Meyer (Capt)	R. B.	165
H. Meyer	R. B.	165
Darmer	R. B.	165
Roberts	R. B.	165

The above figures show that the line is heavy, and the back field comparatively light, but we will leave it for you to figure out.

Cold weather pointers for the motorist

You Should and Can Get Full Power in Cold Weather

GASOLINE that is good every month of the year produces just as much power in November as it does in June.

Conoco Gasoline isn't underpowered in cold weather to give it quick starting properties. When mixed with air in the carburetor, it vaporizes instantly and produces its full equivalent of power summer and winter alike.

The real test of gasoline's quality is the range of boiling point fractions that it contains—uniformly. Chemists and technical experts attach little or no significance to the "gravity" test in this connection. This is why Conoco Gasoline is always sold on the basis of its range of

boiling points. Its consistent volatility insures not only full power in cold weather but easy starting and full mileage as well.

There would be less engine "knocking" on the hills, fewer scratched cylinder walls and less spark plug fouling if everybody would use a gasoline that vaporizes and burns up completely. Conoco Gasoline does this—it is all power and no waste.

For the most satisfactory performance of your motor in cold weather use Conoco exclusively together with Polarine, the standard motor oil. Might as well buy them with Conoco coupons. Always keep a book of them in your car.

Conoco Gasoline more than meets the government specifications for motor gasoline.

BIG ARMY STORE WILL OPEN HERE

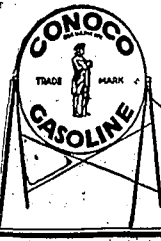

It was learned today that Twin Falls is to have a new and permanent store. This new enterprise, it is said, is a big one and will deal exclusively on a large scale in the selling of genuine U. S. Army and Navy goods.

The business which will be formally opened at 236 Main Ave. North, across from the Postoffice, Thursday morning, November 10, is a branch store of the well known Army and Navy Clearing House, with headquarters in Butte, Mont., and which operates a chain of "live wire" branch stores throughout the northwest. This new Twin Falls store means another link in the concern's big chain of retail stores.

The Army and Navy Clearing House, which is generally recognized as the largest distributors in the Northwest of U. S. Army and Navy Goods, does both a wholesale and retail business. Its purchases are made on a tremendous scale, and by buying direct from the War Department it is able to buy at the lowest prices and therefore is in a position to sell to the consumer at less than the general run of Army stores can.

From all indications the Twin Falls branch store will, in many respects, exceed all of the concern's other branch stores. Here, in this city, the branch store will carry a larger and better assortment of Army goods—in fact, the most complete variety possible—of any one of the stores operated by the Army and Navy Clearing House.

Mr. E. M. Lipson, supervisor of the concern's retail stores is here now and expects to be open for business in Twin Falls Thursday morning at 10 o'clock, November 10th. A big salesforce has already been engaged to serve those who visit the store starting Thursday morning—40.

KIMBERLY ASKS ROAD DISTRICT

Presents Petition for Separation from Twin Falls Administration

Proponents of the formation of a highway district conforming roughly to the territory embraced in the Kimberly voting precinct, have been advised to send their petition which was last Friday filed with the county commissioners by John W. Hardin and others, according to the statement to day of Deputy Auditor John P. Hansen.

Details Lacking.

The petition presented was incomplete, Mr. Hansen stated, in that it did not include descriptions of all of the lands embraced in the proposed new district and was not accompanied by a map showing proposed boundary lines. It was returned to Mr. Hardin with advice to this effect, and it is anticipated that it will be presented again at the next meeting of the county commissioners.

Creation of the proposed Kimberly highway district would take from the Twin Falls highway district an area of approximately 35 square miles. The west boundary of the proposed district would follow a line two and one-half miles east of Twin Falls south from the Snake river to the high line canal, an approximate distance of nine miles. The east boundary would be a parallel line six and one-half miles east of Twin Falls.

County officials did not count the signatures on the petition but estimate the number at about 150.

Dissatisfaction Is Factor.

Dissatisfaction with the distribution of expenditures for road construction under administration of the Twin Falls district is said to be a principle motive factor in the circulation and presentation of the petition.

A similar movement was inaugurated in Kimberly last spring but no petition was presented to the county board at that time, because, it is said, of the opposition which developed.

Social Notes

The Business Women held their regular monthly business meeting in the ball rooms last evening, with 50 members present. Matters were discussed pertaining to the support of the French orphan for which the club has made it self responsible since the close of the war. Mrs. Dorothy Levy presented a plan for the monthly social which follows the business meeting. The other three meetings of each month will be given to the district, lecture and discussions which have been planned for the winter months.

The Pan Hellenic met last evening with Mrs. Martin Bailey and Mrs. E. P. Logan in the amusement room at the Reed apartments. Several new members from among the teaching staff of the schools were added to the general list. Informal discussion of plans for the Christmas season followed, looking toward the assistance of the relief organizations of town during the winter months. During the social hour the hostesses served refreshments.

Mrs. Leslie McFarland and Prentice Haskin Stowell were married at 10 o'clock November 7 at the home of the bride's mother, Mrs. E. C. McFarland, 1514 Ninth avenue east. The Rev. W. H. Teller of the Baptist church officiated, reading the scriptural ceremony. Only two members of the two families and the intimate friends of the young people were present. The house was decorated with a charming arrangement of amaranth and yellow chrysanthemums. Mrs. E. L. Turner, sister of the bride, accompanied Mrs. L. C. McFarland as she sang "O Promise Me." This was followed by the wedding march as the party took their places in the archway of the living room. The bride, given in a brown traveling suit trimmed with fur, was attended by her sister, Mrs. Ruth McFarland, and her little sister, Miss Martha Turner, who bore the ring in the hand of a large yellow chrysanthemum. Mr. Stowell was attended by J. G. Thorpe. Following the impressive ceremony, and warm congratulations of their friends, Mr. and Mrs. Stowell left for an extended visit to the Pacific coast, making the trip by automobile. Upon their return they will make their home in the Reed apartments. The bride was the recipient of many beautiful gifts, the family presenting a chest of silver. Mrs. Stowell has been with the W. H. White & Sons company for several years, where she made a wide acquaintance and many friends. Mr. Stowell is well known in business and social circles, having been with The Allen Oil company, for some time.

Mrs. Willis Taylor celebrated her birthday Sunday at her home on Fifth street with a dinner at which some thirty guests were present. The table was bright with autumn flowers and leaves. During her life with him she has enjoyed a very happy life. Mrs. Taylor has four times crossed the great plains from her home in Indiana. Being the contemporary of 23 presidents, Mrs. Taylor was a most interesting hostess, for her faculties still possess the ordinary keenness of one two score years her junior, and her manner of presenting her recollections was most pleasing. The guests who shared the pleasant event with Mrs. Taylor were her son, William Taylor, and Mrs. William Taylor, with whom she makes her home; her granddaughter and husband, Mr. and Mrs. Arthur Lammock, the Misses Kate, Mary and

Margaret Dovan, and Mr. and Mrs. D. P. Riggs.

A musical tea was given by Mrs. George Bryant and Mrs. Willard McMaister at the home of Mrs. Bryant on Fourth avenue north Monday afternoon. Mrs. P. F. Bracken, accompanied by Mrs. Jerry Higgins, sang a group of songs and Mrs. D. R. Churchill sang, accompanied by Mrs. F. S. Bell. Mrs. J. C. Bouchamp played a good amount was realized for the philanthropic object for which the event was arranged.

A party that included Mr. and Mrs. C. A. Robinson, Mr. and Mrs. Leonard Smith, Mr. and Mrs. C. E. Booth and Judge and Mrs. E. A. Walters spent Sunday at the log cabins on the north side. A steak dinner was prepared over the camp fire.

Invitations have been sent to the club women of the nearby towns to attend the banquet which the Twentieth Century club is arranging to hold Tuesday evening, November 15, at the Hotel Rogers, complimenting State President Mrs. L. B. Green of Mountain Home, who will be in Twin Falls on that day to take part in the county federation meeting at the Baplist Congregational. Announcement is made that reservations should be made early as there are but 150 places to be sold. Mrs. O. W. Witham and Mrs. E. M. Wolfe have in charge the sale of tickets.

Ladies' night will be observed by the Kiwanis club with a dinner and dance on Monday evening, November 14, at the Rogers hotel.

Mrs. D. D. Alford entertained Henry V. Walling circle, No. 116, at her home on Sixth avenue north Monday evening. Mrs. J. H. Wise, president, presided at the business meeting during which it was decided that the circle would place a host in the Armistice day parade. A social hour followed the business meeting, the hostess assisted by Mrs. Chester S. Clift serving refreshments.

Mrs. M. L. House was hostess to the members of the Harmony club at her home in the Reed apartments Saturday evening. The evening was spent with bridge, Mrs. House winning high score. Besides the six members who were present, the Mesdames Frank Baldwin, I. H. Masters, David Brown, W. H. Dudd and H. C. Dickerson were guests. The guests enjoyed a delightful supper at the close of the game.

Camp Fire girls, Mrs. W. H. Caswood, guardian, met at the home of Thelma McFarland last evening. Election of officers resulted in the choice of Augusta Place, president; Doris Wyand, secretary; Thelma McFarland, treasurer; and Mrs. E. L. Turner, reporter. Because was reached to be represented in the Armistice day parade and a committee was appointed to prepare a float.

Allen Jewell and Miss May Conway, both of Three Creek, were married at the parsonage of the Christian church by the Rev. W. W. Burke at 1:30 p. m. The ceremony was witnessed only by the mother and brothers of the bride.

A. G. James and Cora Ambrose of Twin Falls, were married at the Christian parsonage November 7 at 8 p. m. by the Rev. W. W. Burke officiating. They will make their home in Twin Falls.

ANNOUNCEMENTS

The Altar society will meet at the home of Mrs. M. B. Corcoran on Ninth avenue north Thursday, at 5:30 p. m.

The regular meeting of the O. E. S. will be held tonight at 8 o'clock. At 8 o'clock a dinner will be served to their husbands and invited.

The community service of the Twentieth Century club will meet Wednesday afternoon, November 10 at 2:30 o'clock in the Business Women's reception room. All members of the club are requested to attend.

A special meeting of the community service department of the Twentieth century club will be held at the Business Women's club rooms on Wednesday at 2:30 p. m. All who are interested in this department should attend.

SPECTACULAR ADVERTISING

Spectacular advertising has set many a customer at awe, wondering where to make a purchase, and where to receive full value in return—without oftentimes succeeding in this venture.

This condition prompts the UNITED STORES to state frankly that all our advertisements are for the sole purpose of apprising the buying public of offerings superior to those to be found elsewhere, in quality, prices and service.

As the purchasing power of the Dollar decreases (due to lower wages and prices received for the products raised in this community) without the customer being able to purchase their needs at a corresponding reduction, so the cost of every day necessities increases.

Ever mindful of this condition, every reduction in cost of goods to the UNITED STORES is without spectacular advertising evidenced in our NEW and LOWER prices, effective as soon as we receive notice of such reduction.

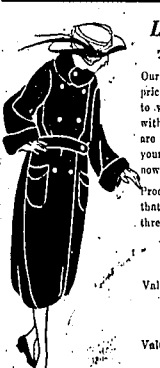

THUS—The prices to be found at the UNITED STORES are AT ALL TIMES the very lowest at which quality merchandise can be sold to a discriminating clientele.

FELLOWSHIPS IN FRENCH SCHOOLS OPEN TO U. OF I.

Opportunity for Study Abroad Is Presented to Idaho Students

UNIVERSITY OF IDAHO, Moscow, (Special)—University of Idaho students, both men and women, may compete for fellowships in French universities to be granted by the American field service fellowships for French universities, reorganized from the Society for American Fellowships in the French universities. J. G. Eldridge, dean of the university faculty, made this announcement, following receipt of a communication from Dr. I. L. Kandel of New York, executive secretary of the fellowship organization. These fellowships, when endowed, will be named after the men of the American field service who were killed or died in France and it is intended, if funds are

available, to name a fellowship in memory of each of the 120 who gave their lives.

The organization proposes to award fellowships for advanced study in any of the 17 French universities to students selected from American colleges, universities and technical establishments. Fellowships, according to Dean Eldridge, will be awarded in virtually all departments of education. The fellowships for 1922-23, not to exceed 23 in number will provide \$250 plus 10,000 francs. They are tenable for one year. A candidate must be a graduate of a college of recognized standing or a professional school requiring three years of study for a degree and must have "a practical ability in French books."

Applicants receiving awards will be expected to sail to France on or before July 1 of the year in which the award is made.

The Unusual Sale of FURNITURE Everything Goes at Cost

It is indeed unusual when the opportunity is offered for people to buy furniture at exact cost of Merchandise at Factory.

But this is true at Sneddon & Baggs Furniture company. We have taken over this entire stock; we must have money; as a result everything in the house, including all of our high grade merchandise, must go.

This is an absolutely bona fide sale and early comers are going to be offered the rare bargains. We are quoting a few of the many articles that have been marked down.

The public is aware of the high class stock of this furniture company and we believe that the public will take advantage of this opportunity to get some high grade furniture at actual cost.

Speed? Say, this guy's name is Man-O-War!

TALK ABOUT being

QUICK ON the trigger.

ONE OF our salesmen.

ONCE SAW a man.

ROLL A cigarette.

AND STOP to light it.

JUST THEN a piece.

OF FINE French pastry.

(YOU KNOW the kind.

IN THE one-arm joint.

THEY CALL 'em "shakers.")

FELL ABOUT ten stories.

FROM THE lunch-box.

OF SOME wealthy plumber.

AND BEANED the man.

OUR SALESMAN dashed up.

AND SAID, "My dear sir,

WHAT HAPPENED?"

THE MAN rubbed his dome.

AND BEGAN, "I was just

LIGHTING A cigarette."

"GEE WHIZ," our man said,

"HERE—TRY mine.

THEY'LL LET you know.

YOU'RE SMOKING.

AND THEY satisfy.

BUT THEY'LL never.

KNOCK YOU flat."

AND THE man grinned.

AND SAID, "Son,

IF YOUR smoke.

HAVE YOUR speed.

THEY'LL SATISFY, all right."

AND speaking of speed, the fastest-growing cigarette on the market is this same Chesterfield. The reason? Simple enough—people like 'em better. LACK OF DRUGS HINDERS RELIEF WORK IN RUSSIA

Hospitals Without Medicines Since Government Stopped Distribution; Institutions are Grossly Inadequate

TRATIZIN, Russia, (By a Staff Correspondent of the Associated Press)—The lack of medicine in Russian hospitals becomes accentuated here. It is worse than farther down the Volga. Tratizhin has five hospitals, none of which has a single grain of quinine or of any of the other simpler medicines, nor have they money with which to purchase nourishing food for their patients.

Inadequate Facilities
At the Second Soviet hospital for typhus patients established here in a converted private residence, there are 50 patients with a lone woman doctor in charge, and with a few servant girls as nurses. She is totally without olive oil, camphor, alcohol, bed clothing or fresh garments. In the first Soviet hospital, the outskirts of the city, there are 150 patients, but no medicines, no lye soaps, no carbolic acid for washing the germ-infected floors.

The daily food of the convalescents consists of one dish of hot soup, one-sixth of a pound of meat and three-quarters of a pound of bread.
The Soviet government formerly supplied all medicines free to hospital patients and the general public, but it ceased doing so some months ago. Doctors and hospital attendants are thin and hungry despite the fact that Tratizhin now is the best and cheapest food center in the entire Volga district. Here the public market is fully stocked. But as in other Volga cities, at prices beyond the purse of most of its inhabitants.

Refugees by Thousands

The market lies between the river and the railway station, at each of which may be seen from 5,000 to 10,000 refugees in various conditions of underfeeding. They are living in cold mud. Many refugees are arriving from points as far east as Orenburg, where the crop are thin. They are striving to reach Volzha and the Don district, but the trains are irregular, due to bad railways and to the "green army" bands, or non-Bolshevik peasants who sometimes use trucks and otherwise interrupt traffic.

Other than the small trading in food-stuffs, there is no business in the Tratizhin district nor is there any prospect of any. Its true factory is idle.
Members of the soldiers of the red army, themselves are hungry. Their pay and rations have ceased since the Russian civil war in the south has ended.

CENTENNIAL INCOME TAX

GETS RESULTS IN MEXICO
MEXICO CITY, (AP)—The Centennial tax of four per cent on one month's income imposed by the government to meet expenses incident to the 100th celebration of Mexican independence yielded more than \$1,000,000. This was about equal to the cost of the celebration. The tax was so successful that the government is considering a permanent income tax.

Ambassador to France Reported Engaged to Anne Morgan

Miss Anne Morgan and Myron T. Herrick.

In exclusive society circles in Paris there is a report that Ambassador Myron T. Herrick is engaged to marry Anne Morgan. Although denials have been made on both sides it is stated that the engagement has been known among the aristocratic folk for the past three weeks. Mr. Herrick has been a widower for a year. Miss Morgan is said to be in New York at the present time. The photo is one of the most recent ones made of the daughter of the late world-known financier.

TRANSPORTATION MIDDLE DIVIDES DETROIT VOTES

Municipal Ownership is Again Dominant Issue in City Election

DETROIT, Mich., (AP)—Detroit's transportation middle, that for two decades has been the outstanding feature of nearly every municipal election here, colored the political situation here today as the city's voters went to the polls in the biennial election.

The traction problem, that has divided the voters into two camps—one favoring and the other opposing municipal ownership of the street car system—was apparent in the race for mayor. James Couzens, the incumbent, is seeking reelection on his record as a supporter of the municipal railway system. Under Mr. Couzens' administration the city has built approximately 100 miles of municipal railway track and is operating its own cars on several lines as a result. The city plan also includes taking of two main lines of the Detroit United Railway upon which the franchise has expired. The mayor's opponent, Daniel W.

Smith, has attacked the Couzens' policy during the campaign.
Nine members of the council also are being elected.

Several charter amendments, some of them dealing with the transportation issues, are on the ballot. Among these are an ordinance authorizing the city to oust the Detroit United Railway from Fort and Woodward avenues. If this measure passes the city plans to replace the company-owned lines with municipal systems.

Another amendment provides for operation by the city of trackless trolley busses.

A number of other questions of local interest are being voted upon.

ULSTER CABINET CALLED BY CRAIG

Irish Peace Negotiations Reach Critical Stage, Due to Apprehension of Ulsterites

LONDON, (AP)—Members of the Ulster cabinet have been summoned to London by their premier, Sir James Craig, to consider proposals made by the British government in connection with the Irish peace negotiations, and Sir James is to confer further with Premier Lloyd George on Thursday afternoon. These developments, announced officially as deemed here to indicate an approaching climax in the discussion of an Irish settlement. The situation is frankly admitted in official circles to have reached a critical stage.

The serious view taken in official circles is said to be due to the stiff attitude assumed by Sir James in his conferences with Premier Lloyd George

who is represented as signifying that the proposed basis of settlement submitted by the British premier would, in his opinion, seriously imperil Ulster's rights. Should this attitude be upheld by the Ulster cabinet and the government proposals rejected, it is regarded as possible that Sir Lloyd George will carry out his threat to tender his resignation as prime minister. Everything, consequently is thought to hinge upon Thursday's developments.

UNIVERSITY PLAYERS CLOSE TOUR WITH LEWISTON DATH

UNIVERSITY OF IDAHO, Moscow, (Special)—When the curtain dropped at the end of the final act of "Her Husband's Wife," presented at Lewiston recently, the fifty-fourth and last presentation of the famous comedy by the variety players ended.

Members of the cast were Michael Gomez, Twin Falls; Rex Kimmell, Boise; Virgil Redwell, Boise; Camille McDaniel and Donna Egan, Moscow, and Prof. J. H. Cushman, director of dramatics at the university.

Work is now being started on another play which will be taken on a tour next year.

COLLEGE GIRLS WILLING TO WED

Repel Statement That They Want Too Many Frills and Furbelows

BALTIMORE, Md. (AP)—Goucher college women have just consented to their own satisfaction, the charge made by speakers at the recent convention in New York that the American college girl is a slacker—that she is unwilling to marry unless she can have many comforts and luxuries.

A referendum vote taken among the 103 women showed that they were of the opinion that a couple could marry safely and live in a tidy on an income of \$18 weekly.

One girl thought she could live in comfort at about \$15 a week, while another, who evidently had given the subject careful consideration by making out a budget, said she was willing to take a chance at \$500 or \$1000 a year if she had a man to support her.

Only six girls figured they would need \$4000 a year or over. Twenty-four made estimates of \$2000. Four thought they might be able to struggle along on \$1500.

One senior estimated it would cost \$3000 a year in Washington or New York, but only \$2000 in middle western cities. Another thought \$2500 would be needed if she were the wife of an army or navy officer.

Almost every one emphasized the point that the success of the venture would depend largely on economics and good team work by husband and wife.

WON POPULARITY BY FEAST

How New Hebrides Outcast Chief Contrived to Become the Big Ruler of Vao.

Many of the inhabitants of the island of Vao in the New Hebrides are refugees from the big island of Malekula, who were vanquished in battle and literally driven off the earth by the natives. Soon after their flight a powerful savage named, Teiheloo, one of the small numbers people, arrived on Vao with twenty of his men. All the others had been killed and the women and children had been captured. Martin Johnson writes in the Asia Magazine, "The chief of Vao received the newcomers as a welcome addition to their fighting force and Teiheloo set about to insure his position among his new neighbors. He invited the entire population to a feast, and at once sent his pig and chickens for the occasion. The devil-devil—great, hollowed log, carved roughly to represent a human face, which are erected everywhere in the New Hebrides to guard against evil neighbors—were committed to find a provision time for the feasting and on the appointed day the celebration began with much shouting and singing and dancing and beating of tom-toms. It lasted for several days. Before it was over, 720 pigs had been slaughtered. The island had never before seen such a feast. As a result of his political strategy, Teiheloo, the refugee, became the big chief of Vao, taking precedence over the chiefs already there.

Delicious That Do Not Travel

Last appreciated, relatively to their gastronomical merits, are the so-called "travel" natives, who are the large streams and lakes. They are hardly inferior to the diamond back terrapin, but are seldom seen in the markets for two reasons—because they do not ship well and because local demand, where they are caught, keeps up the supply. They are home-consumption delicacies, like the honey bunnies, the emerald-green muskellunge and the fall plippin apple—too good for the ordinary market and sure to lose their original flavor in passing through the hands of the middleman.

Line to be Remembered.
With all women gentleness is the most persuasive and powerful argument.—Theophilus Gautier.

BOY SCOUTS

(Conducted by National Council of the Boy Scouts of America.)

LEAD WORLD IN NUMBER.

The Boy Scouts of America is at present showing the highest membership record since the organization of the movement eleven and one-half years ago. It numbers at present almost half a million men and boys actively engaged in scouting, a number larger, according to the latest figures available from the International Scout Bureau at London, than the total membership of scouts in all the rest of the world put together.

The International Scout Bureau at London has compiled the following statistical record of scout membership throughout the world, among countries which are affiliated with the bureau. There are several other active associations which are not yet affiliated and whose numbers are therefore not at present available. These unaffiliated countries are Armenia, Argentina, Brazil, Chile, China, Greece, Japan, Panama, Roumania and Uruguay.

A SCOUT IS BRAVE.

He has the courage to face danger in spite of fear, and to stand up for the right against the coasts of friends or the jeers or threats of enemies, and defend does not down him, and somebody has expressed pretty much the same idea in the following poem.

The test of a man is the fight he makes.
The grit that he daily shows;
The way he stands on his feet and takes
Pain's numerous blows and blows;
A coward can smile when there's naught to fear.
When nothing his progress bars.
But it takes a man to stand up and cheer
While some other follow afar.

It isn't the victory, after all,
But the fight that a brother makes;
The man who, driven against the wall,
Still stands up erect and takes
The blows of fate with his head held high,
Bleeding and bruised and pale,
For he man who'll win in the end by far,
Is the man who'll win in the end by far.

It's the bumps you get, and the jolts you get,
And the shocks that your courage sends;
The hours of sorrow and vain regret,
The price that escape your hands,
That test your mettle and prove you're a man.

It isn't the blows you deal,
But the blows you take on the good old earth.
That shows if you're stout or real.
From the Three Partners.

How Not to Take Cold.

Some persons are subject to frequent colds, while others seldom, if ever, have a cold. You will find that the latter take good care of themselves. They take a shower or cold sponge bath every day in a warm room, avoid over heated rooms, sleep with a window open or partly open, avoid over-exercising, becoming over-heated, and then chilled and getting the feet wet. When they feel the first indication of a cold, they take Chamberlain's Cough Remedy without delay and it is soon over—ad.

KILL 6,000 REDS IN 9 DAY SIEGE

Belated Reports on Cronstadt Mutiny Comes from Bolshevik Sailors

CRONSTADT, Russia (AP)—Six thousand Bolshevik were killed in their nine-day siege of Cronstadt following the seizure of the fortress by mutineers last March the correspondent was informed today by Bolshevik sailors. Mutineers who escaped had previously placed the losses at a much higher figure. Sixty thousand troops were engaged on both sides.

Although the correspondent was told that the mutineers were not permitted to visit Russia's Baltic fleet base and island fortress since the insurrection, the sailors were apparently far more interested in discussing football than war. They told how their sector team had defeated teams from the crews of two British ships and expressed a desire to meet an American ship team.

The correspondent was entertained by the sailors at their club, which was formerly used as a clubroom by the officers of the czarist regime. The officers, the sailors said, were a gay lot, and at one banquet gave a dancing girl a champagne bath in a great glass goldfish tank which stood in the dining room.

COUNCIL GIVEN PLAN TO REPAIR DRAINAGE SYSTEM

Engineer Submits Survey of the
Storm Sewers with Improve-
ment Suggestions

A survey of Twin Falls' storm sewer system with a plan for its improvement to provide for existing needs and to serve as a basis for future expansion, an estimated expenditure of \$37,140.50, was submitted to the city council at its meeting last evening by Daniel Allen, civil engineer. No action on the survey or plan was taken by the council.

Inadequacy of the existing system together with the possibility that several of the drains are clogged, occurring in a district at the lower end of a principle drainage conduit emptying into a ditch along Addison avenue, Mayor P. W. McRoberts explained, necessitated the enlistment of the engineer's services in an effort to solve the problem. Analyses of water, however, did not indicate a general type of bacteria in water taken from below the conduit than in that taken from above it. This conduit, according to the engineer's report, is of 18 inch pipe, and is about 30 inches in diameter. It is supposed to carry.

Clear Well Construction Forecast
Construction at an early date of a clear well for storm sewer system, in connection with the municipal waterworks system, was indicated in the statement of J. J. Pilgrimage, water works superintendent, during council's discussion of an application for loans on approximately nine acres of land owned by the city in the vicinity of the filter plant. Mr. Pilgrimage advised that this factor has been taken into consideration while the council was negotiating with John Sommers, owner of surrounding property, relative to the proposed loan. This land last year was leased to another person for \$300. Mr. Sommers offered \$18 an acre for it, but said that he had no use for the dwelling house situated on it. Members of the council expressed the opinion that a higher rental could be obtained and action on Mr. Sommers' application was postponed for one week.

Pays Lawrent Costs
The council authorized the payment of a bill of costs amounting to \$154.70 assessed against the city in connection with litigation involving the assessment for paving along corner lots, and directed that the same be paid by Asher B. Wilson on account of citizens who brought the suit against the city. Warrants also were ordered drawn in payment of bills in account of general obligations in the sum of \$204.00, against the waterworks fund in the sum of \$310.01, and against the street sprinkling fund in the amount of \$332.50.

CONFESSES TO ASSAULT AND DRAWS PRISON TERM

Rafael Gomez Pleads Guilty to
Attack on Williams; Co-De-
fendant Released

Rafael Gomez, charged jointly with Arturo Manriquez of committing an assault with a deadly weapon upon Nick Williams, here last Wednesday, in district court last Monday afternoon entered a plea of guilty to the charge and was sentenced by Judge J. M. Babcock to serve an indeterminate term of from one to two years in the state penitentiary. On motion of the prosecuting attorney charging that Manriquez was dismissed. The defendant was alleged to have beaten Williams with a .38 calibre revolver.

G. N. Crofts, charged with grand larceny and J. W. Smith, charged with illegal manufacture of liquor, pleaded not guilty and trial in each case was set for November 18.

TWO CARS DAMAGED IN COLLISION ON STREET
A rear-end collision between a car driven by E. B. Ripley and one driven by Mrs. J. W. McDonald yesterday on Main street resulted in minor damages to both. A truck driven by M. J. Ray swung into the curb to park in front of the Independent Meat company shop. Mrs. McDonald slowed her car to avoid collision with the truck from the rear by the Ripley car which was closely following.

PROCLAMATION.
WHEREAS, by Act of Congress and by proclamation of the President of the United States and the Governor of the State of Idaho, fitting and proper recognition has been accorded to the third anniversary of the cessation of hostilities attending the World War for civilization, by the declaration of a National and State holiday;

Now, Therefore, I, P. W. McRoberts, mayor of the City of Twin Falls, do request the universal observance of Friday, November 12, 1921, as Armistice Day within the city; that the customary pursuits of our citizens be suspended on that day; that all stores and places of business where situated within the city, and except as strict necessity may require, be closed for the day; and that all of the citizens of the city observe the day in a fitting observance of this memorial occasion.

Witness my hand and the seal of said city this 7th day of November. A. D. 1921.

P. W. McROBERTS, Mayor.
Attest: PAUL E. TARKER, City Clerk.

TEACHERS BALK AT ASSESSMENT

Trustees Advise Payment but
Conflict of Opinion is De-
terminant Factor

Teachers of the Twin Falls public schools have been advised by the trustees of the district to pay the assessment of one-half of one per cent of their annual salaries into a teachers' retirement fund provided for by the act of the last session of the state legislature.

This payment, under the law, is due today and the clerk of the board of trustees is designated as the collector of the assessment in each district.

Uncertainty Causes Delay.
Because of uncertainty over the mandatory provisions of the act, general disposition had been exhibited by the Twin Falls teachers to defer payment of the assessment until an official interpretation of the law had been rendered, and up to this morning only six of the teachers employed in the schools here had paid the assessment, according to the statement of Superintendent M. C. Mitchell.

The decision to advise payment of the assessment was reached at a called meeting of the board of trustees held last Monday afternoon. Subsequently discussions of the subject were continued by members of the board at a meeting of the teachers.

Explains Position.
Explaining the position of a majority of the teachers, Mr. Mitchell today pointed out provisions of section 12 of the act in question providing that teachers who failed to pay the prescribed assessments should become ineligible to the benefits of the retirement fund. Conflict of opinion exists, he said, over the question of whether or

not this provision does not make it optional with the teacher to pay. The attorney general's office is reported to be divided over the question and no opinion on the subject has yet been rendered.

The act provides that teachers eligible to benefits of the fund shall be paid \$10.00 annually upon retirement from teaching service, and that the same annuity shall be paid to teachers who are rendered unfit for further service by accident or otherwise before reaching the age of retirement.

ALL DAY OBSERVANCE OF ARMISTICE DAY ORDERED

Business to be Suspended in
Twin Falls for National
Holiday

Business activities in Twin Falls will be suspended throughout the entire day on Armistice day next Friday, according to announcement made today by the merchants bureau of the chamber of commerce.

Decision to this effect was reached after the issuance of proclamations by the president, governor and mayor, designating Armistice day as a holiday to be observed throughout the United States.

The bureau had previously decided to recommend closing of places of business for one-half day Friday, beginning at noon.

NOTICE TEACHERS' EXAMINATIONS

The regular teachers' examinations for all classes of certificates will be conducted by the office of the County Superintendent of Schools, November 17, 18, 19, 1921. Persons teaching or expecting to teach in Idaho, who do not hold a valid Idaho Teacher's Certificate, will present themselves at this time for examination.

(Signed) BRITTON WOLFE, County Superintendent.

Chinaman Credited With Use of Brush to Boost Festival

Mysterious inscriptions of vivid blue resembling the hieroglyphics of the Far East appearing on the windows of the principal business houses at Twin Falls are said to have been explained by the statement of an unnamed Chinaman to the effect that this means of boosting for the fall festival and Armistice Day celebration had been adopted by Orientals of the community.

"American boys celebrate Friday. We want to help make big celebration. We paint signs on windows so all people will see. Signs say: 'All world brother and sister. No more war. We all come to American Legion celebration on Friday. So we boost.' It is the statement attributed to this son of the Orient.
