TWIN FALLS, IDAHO, MONDAY, NOVEMBER 21, 1921

PRICE FIVE CENTS

ORDERS CUT IN  
HAY AND GRAIN  
FREIGHT RATES

Interstate Commerce Commission Issues Positive Instructions to Carriers and Fixes Time Limit

DISREGARDS COMPROMISE  
OFFERED BY RAILROADS

Lops Off One-Half of Increases Given in 1920; Making Specific Percentages of Reduction Required

WASHINGTON, D. C., (AP)—A positive order was issued by the interstate commerce commission today requiring railroads to put the approximately 15 per cent decrease in hay and grain rates into effect on or before next December 27.

The order follows up the decision given earlier by the commission which declared grain and hay rates on the Mississippi valley to the Pacific coast "unreasonably high, but which did not carry compulsory orders. The October decision instructed the railroads to make the reduction by November 30, which was not done because the railroads opened negotiations with the commission suggesting that a 10 per cent decrease in freight rates on all agricultural products be substituted for the larger decrease on grain products and hay alone.

The commission, however, by the order issued today disregarded the compromise proposed by the railroads and makes the larger decreases on hay and grain mandatory upon the roads.

The order lashed today made specific and definite the hay and grain reductions. The original decision said railroads should reduce the rates. The commission today ordered hay and grain rates between points in mountain Pacific territory at not more than 12.5 per cent above the rates in effect before the 1920 increases. Between points in the western group, as defined in its decision, where 40 per cent increases were allowed in 1920 the commission today ordered them made effective as 20 per cent; between other western points, where 30 per cent increases were allowed, not to exceed 17.5 per cent above the old schedule, and between points in the mountain-Pacific group and points in the western group, the increase above the old 1920 schedule shall be held to 16.25 per cent.

The effect of the order is to make specific the percentages of reduction in the territory concluded. The commission also reiterated its decision requiring the roads to fix rates in its decision when rates are 10 per cent less than the rates on wheat. The western group maintained in the order includes territory between the Mississippi and Illinois rivers and the southern boundary line on which the states of North Dakota, Montana, South Dakota, Wyoming and Nebraska join, and extending south to the boundary between the mountain-Pacific group lies between the western group and the Pacific coast.

TRIPLE MURDER IN OHIO  
IS VEILED BY MYSTERY

Man Accused of Shooting by Own Children, Denies the Responsibility

WILMINGTON, O., (AP)—An element of mystery today continued to surround the triple murder Saturday night at Columbus, Ohio, when three children of Oliver Vandervoort, aged 32, who claims to be a fur dealer of this city, is being held on a murder charge. So far, police authorities have been unable to find the gun with which the shooting probably was done. Vandervoort's ten-year-old son, Oliver, who with two younger children, was present at the shooting, when questioned as to who did the shooting, told police "Papa did it." Mrs. Edith Vandervoort, aged 37, on the witness stand, testified that Vandervoort had done the shooting, after he had come to her house in an intoxicated condition and had asked her to shoot.

The other victims were Bertha Whitlow Vandervoort, aged 30, twice divorced from Vandervoort, the second time recently, and Howard Vandervoort, aged 24, said to have been a caller on Vandervoort declining responsibility for the murder.

Maternity Measure  
Goes to President

WASHINGTON, D. C., (AP)—The senate today has passed a maternity amendment to the maternity bill and the measure now goes to the president. There was no record vote.

IDAHO WEATHER.

Supreme Court to  
Review Legislation  
on Grain Trading

Regulation of Exchange Practices to be Tested Before High Tribunal

WASHINGTON, D. C., (AP)—Recent legislation by congress regulating future trading in grains and trading for the purpose of establishing grain exchanges of cooperative farmers' associations will be reviewed by the supreme court. Announcement was made by the court that arguments in the case would be heard the week beginning January 3.

STRIKE BOUND  
MINES RE-OPEN

Operators Declare 80 Per Cent of Normal Force at Work in Colorado Field

TRINIDAD, Colo., (AP)—Company officials announced today that 80 per cent of men was working in five Colorado Fuel and Iron company mines in the Lay-Anne county field today, opening the second week of the strike of miners employed by the company in protest against a 30 per cent cut in wages. Company officials declared the strike had been broken in that district. A total of 1010 workers reported at the mines, compared with 943 Saturday according to company figures.

A slight gain of men working in the Walsenburg district also was announced at company offices here. The latter district has about resumed operation today with almost a normal force. This mine had been closed because of lack of business. Miners meeting last week decided to accept the cut in wages at this property if work was resumed.

One mine, still closed, in Fremont county, where a sympathetic strike of miners was in operation, was working this morning, with a small force, the company announced.

HOLDUPS SHOOT VICTIM  
THEY RELIEVE OF CASH

Mexican Receives Bullet After Being Robbed at Eden—Arrests are Made

JEROME, Idaho (Special)—George Miller, James Crawford and Henry Thompson are held in jail here accused of holding up, robbing and shooting a Mexican whose name the authorities have been unable to discover. The injured man is in care of a surgeon. The holdup occurred at Eden Sunday night. Arrest of the trio of suspects was made by Deputy Sheriff Cox who detected the holdup in the Eden district. Jerome. The Mexican is said to have lost a considerable lot of money in the melee.

Sheriff F. R. Sherman, of Twin Falls county, this afternoon announced that the three men under detention in Jerome county jail, were in Twin Falls jail Wednesday, when they were taken to the Jerome county house at the corner of Second avenue south and Shoshone street. Right to the room where held after the men departed, one of them leaving a suitcase in the place.

INDIAN NATIONALISTS  
REGRETS DISTURBANCE

Blames Self for Instigating Spirit of Revolt and Will Fast Until Peace is Restored

BOMBAY, (AP)—In the statement made Saturday, Mahatma Gandhi, leader of the "non-cooperationists," deprecating the disturbance which occurred here last night, said he regretted in India, of the Prince of Wales, declared that it was impossible to describe the agony he had suffered during the past few days, "whose events strike in my nostrils."

In his statement Gandhi invited Hindu and Muslims to go home and repent and to ignore God for government. He insisted that repentance should be made to those who had been injured. "Finally Gandhi blamed himself for having instigated the spirit of revolt and announced that he would refuse to eat or to drink anything but water until peace is restored."

MEDICAL MEN TESTIFY  
IN ARBUCKLE TRIAL

Courtroom is Crowded as Experts Appear at Witness Stand in Washington

SAN FRANCISCO, Cal., (AP)—Dr. H. E. W. Wakefield testified today in the trial of Rebecca C. (Patty) Arbuckle, charged with manslaughter in the death of Virginia C. Rappe, that the body of the girl had been buried on the grounds of the hospital where Miss Rappe died. Dr. Wakefield testified that in his opinion the cause of death was due "to application of external force." He also testified the official autopsy in his hospital. The courtroom was crowded and a crowd stood in the corridors.

STORM SPREADS  
WHITE BLANKET  
OVER NORTHWEST

Records for Quarter of Century Broken by Snowfall in Montana; Rotary Plows Clear the Rails for Trains

HELENA, Mont., (AP)—More snow fell during the present storm in Montana than in any other November for 25 years, according to the records of the local weather bureau. Up to 6 o'clock this morning the snowfall in Helena since the beginning of the storm at 3:45 Saturday afternoon, had reached a depth of 13 inches. Continued snow and cold this forecast for Monday night and Tuesday. At 9 a. m. today the temperature was nine degrees below zero.

The storm extends over the entire northwest.

All passenger trains are delayed in Montana from one to three hours. Rotary plows are being used by lines traversing the state.

FEDERAL AGENTS SEEN  
ORIGIN OF FIRE AT SEA

Plot Against Governor Rely of Porto Rico is Suspected

NEW YORK, (AP)—Searching investigation was begun today by federal agents of a mysterious fire discovered in the hold of the steamship Tanamo. Immediately before the statement of Governor E. Mont Rely of Porto Rico shortly after the liner called from San Juan.

Governor Rely refused to comment on the fire today, but a member of his party expressed the belief, which he said was shared by the captain of the vessel, that it had been set as the result of a plot against the governor by sympathizers of the separatist party.

The fire in the hold of the Tanamo was discovered last Tuesday by Governor Rely himself, but it was not until Thursday that it became known. Water pumped into the hold in an effort to quench it, caused the vessel to list heavily, and Captain Herbert Thompson at last in full here accused of holding up, robbing and shooting a Mexican whose name the authorities have been unable to discover. The injured man is in care of a surgeon. The holdup occurred at Eden Sunday night. Arrest of the trio of suspects was made by Deputy Sheriff Cox who detected the holdup in the Eden district. Jerome. The Mexican is said to have lost a considerable lot of money in the melee.

PREPARATIONS MADE FOR  
THANKSGIVING SERVICES

Union Meeting to be Held in the Christian Church, Rev. W. H. Tolliver Preaching

Annual Union Thanksgiving services this year will be held in the Christian church building, corner of Fourth avenue east and Second street. The services will be opened at 10 o'clock with the Rev. W. H. Tolliver, pastor of the Christian church, presiding. The annual address will be delivered by the Rev. W. H. Tolliver of the First Baptist church. Music will be provided by the Christian church choir. E. E. White of the First Methodist church will offer the prayer and the Rev. Charles W. Rank of the Brethren church will read the lesson. All evangelized denominations of the city and the Salvation Army are expected to participate in this general service of thanksgiving. Other churches such as the Lutheran, Catholic and Episcopal, will conduct separate services in their several edifices. There will be masses said in the Catholic church during the day, and the Church of the Ascension (Episcopal) there will be a meeting with ritual appropriate to the day. Music will be given in the church choir with an address by the Rev. Charles Glenn Baird, priest in charge.

## OIL MEN MUST PAY TAX

WASHINGTON, D. C., (AP)—John D. Rockefeller and others who participated with him in the oil business in the Ohio Oil and Gas company and the Prairie Oil and Gas company to their stockholders of stock respectively in the Illinois and Pipe Line company and the Prairie Pipe Line company and pay income tax upon the same under a decision today by the supreme court.

CLOUDBUSTERS CAUSE WIDE  
DESTRUCTION IN ITALY

MESSINA, Sicily, (AP)—Cloudbusters have devastated the whole countryside in the region of the city, which villages being swept by the floods and the lines of communication broken. Hundreds of persons are homeless and several are reported dead.

Britain Pledges Support to  
French Military ProgramBRIAND PAINTS VIVID  
PICTURE OF MENACE AT  
THRESHOLD OF FRANCE

Germany, Although Apparently Disarmed, is Giving at Least 250,000 Men Daily Military Instruction and Could Raise Army of Six Million or Seven Million, Premier Tells Armament Conference; Blames Ludendorff and His Lik

PROTESTS DESIRE FOR PEACE IN  
PLEA FOR ADEQUATE PROTECTION

Re-Assert Loyalty of Britain to Japan

WASHINGTON, D. C., (AP)—The present British attitude on the question of the Anglo-Japanese alliance, British spokesmen declared today, is not different from that recently expressed by Lloyd George, who said it would not be proper to say to Japan: "You stand by us during the war, but we don't need you now, so goodbye."

WASHINGTON, D. C., (AP)—Germany, while apparently disarmed, Premier Briand told the armament conference today, could with her present machinery produce an army of six million or seven million men.

At least 250,000 Germans were receiving daily military instruction, he added.

Although a part of Germany evidently wants peace and is ready to get back to peaceful pursuits, the French premier declared, another portion needed the "Zelendorffs and others of military caste" to continue to preach the old Prussian doctrine.

In a dramatic speech of an hour, the French premier outlined to the conference "what is being said at the conference," which, he added, wants peace.

As an example M. Briand read several passages from the memoirs of Ludendorff regarding Germany's attitude toward the conference. These citations were Ludendorff's declaration that the institution of war was a creation of God.

Throwing the Ludendorff manuscript on the table, M. Briand declared: "How can any one ask France to disarm under such conditions?"

Aristide Briand, seven times prime minister of France held the arms conference in a rapid hour today, with the world for his audience, while he answered the need of France for a large army. The picturesque "strong man" of France, acknowledged by Lloyd George as having "the finest parlour in Europe" in the drawing card which packed the American Revolution with such a gathering of distinguished statesmen as audience.

The premier's voice, ordinarily vibrant and penetrating, and particularly rich in emotion, was heard in the hall and more. The effect upon the auditor was as though the statesman was speaking directly and personally to him, rather than to a large gathering. There was an echo of "cold storage" eloquence.

In accustomed manner, M. Briand had before him a slip of paper on which he had written but he did not refer to them and in this respect followed his manner of speaking from the tribune of the chamber of deputies, when he was premier.

The French premier was a striking figure, as fired by his own eloquence he pleaded for adequate protection of his own people.

A "close up" of the French premier shows that his eyes are blue—rather an unusual color among the dark features of the French. They are large and expressive of emotion. But they snap and flash fire and appear dark as he plunges headlong into his subject; then they are touched again with softness as his voice pleads for France.

Not American Problem. In introducing the subject of land armament, Secretary Hughes said there was no problem, as the United States, where traditional policy was to maintain a small army. Secretary Hughes said he took pleasure to state that "gratifying progress had been made."

HOME OF COUNT TOLSTOY  
IS TOTTERING TO FALL

Soviet Uses Structure as National Museum but Plans to Make Repairs; Family Plans Fund

YASNAJA POLYANA, Russia, (AP)—The home of the late Count Leo Tolstoy, which is claimed by the Soviet government as a national museum, is in danger of collapse. Although the government is running free weekly pilgrimages to the home, no money has been spent on repairs, and the house is rapidly falling into ruin.

The family also proposed to found a Tolstoy museum, which would be a national museum, and the house is in danger of collapse. Although the government is running free weekly pilgrimages to the home, no money has been spent on repairs, and the house is rapidly falling into ruin.

BAIRD GIVES  
ASSURANCES IN  
FACE OF DANGER

Premier Briand's Statement of Reasons that Impel Maintenance of Biggest Army Won Sympathy

WASHINGTON, D. C., (AP)—Speaking for Great Britain and in reply to Premier Briand of France at the arms conference today, Arthur Balfour, leader of the British delegation, practically pledged the support of Great Britain to France "in the face of the last for domination."

Volvo America's Sympathy. Secretary Hughes assured Premier Briand that France was in no sense in a moral isolation and that the United States would stand by France.

The heart of America, said Mr. Hughes, carried an imperishable memory of France's sacrifices for liberty. He agreed with M. Briand that what the world needed was a "will to peace."

"And there can be no will to peace," he added, "until the institutions of liberty and justice are secure. May I say in reply to M. Briand that there is no 'moral isolation' for the defender of liberty and justice."

Gives Japan's Position. Japan was only such an army, Baron Kato, of the Japanese delegation, told the arms conference, as it was absolutely necessary for purely defensive purposes—approved by the Far East area situation.

Italy Plans Reduction. Senator Schanzer, heading the Italian delegation, told the arms conference today that although Italy had 200,000 men in the army, plans were being made for a further reduction.

Referred to Committee. By unanimous consent the question of land armament was referred to a committee of the whole of the five powers and at 2:05 o'clock the conference adjourned to meet at 10 o'clock at the chairman.

Agree on Naval Program. As an aftermath of the Saturday conference between Secretary Hughes, Mr. Balfour and Arthur Balfour, it was learned that highest authority that Great Britain had accorded without reservation the "5-5-3" ratio proposed in the American naval program, qualifying for acceptance as one "in principle," only because of her desire to propose modification of the submarine and replacement features.

FARM BUREAU SESSIONS  
DRAW MANY DELEGATES

Georgian Tells Convention of the Crisis in Southern Agriculture

ATLANTA, Ga., (AP)—Representatives from nearly all the states of the union and two foreign countries were gathered here today for the opening of the third annual convention of the American Farm Bureau Federation. The sessions will continue through Friday.

Dr. Andrew W. Soble, president of the Georgia State Agricultural college, spoke to the delegates on "The Crisis in Southern Agriculture and How to Meet It." The statement was made at the last for months. At night the election of officers was the principal business on the program.

CHINESE READY TO PAY  
INTEREST DUE ON LOAN

Oriental Bankers Make Offer to American Financial Institutions in Government's Behalf

WASHINGTON, D. C., (AP)—Offer to pay interest due on two loans extended China by American banking companies has been made by the Chinese bankers association, Paul H. Reisch, legal counsel here, the statement said.

The association, however, has requested that re-payment of principal be extended for six months or a year, he added.

"We must understand that an extensive popular movement is going on in China for the reorganization of the government," the statement said.

This movement is organized through the chamber of commerce, the educational societies and industrial bodies. The association of the people of China has declared emphatically that it wishes the government to make no further foreign commitments until the current situation is stabilized and the reconstruction completed.

## CORNERSTONE IS LAID BY FOCH

Warrior, as Delegate of French Academy, Takes Part in Dedication

NEW YORK, (P)—The American Academy of Arts and Letters, the corporation of whose new building was laid today by Marshal Foch, was styled by Professor William Milligan Sloane as "the nation's council of literature and art." Hamlin Garland, novelist and playwright, said it can be counted upon to support every movement for elevating American ideals of living, for preserving the beauties of nature and for upholding the permanent standards of art.

Delegate of French Academy  
Marshal Foch appeared as the central figure at the dedication ceremonies after he had received the honorary degree of doctor of laws from Columbia university. He figured, not as a soldier, but as a delegate of the French Academy, founded nearly 100 years ago.

The laying of the cornerstone today brought to fruition the dreams of a group of leaders of American art and letters who laid the foundations of the present academy in 1904 when they formed the National Institute of Arts and Letters. The present academy is chartered by the federal government.

Part of Notable Group  
The new building will be a part of the group at Broadway and 165th street which includes the buildings for the Hispanic, American Indian, Numismatic and Geographical societies and the Spanish church. It will house a meeting room for the 60 members of the academy, library, exhibition room and executive office. It will be distinctive in its architectural features.

## AUTOMOBILE ASSOCIATION TO EXTEND ORGANIZATION

Adopts Plans to Bring Closer Co-operation Between Motor Clubs Generally

DETROIT, Mich., (P)—Initial move in an effort to increase membership of automobile clubs in larger cities of the country, to promote new clubs in intermediate and small cities and to bring closer co-operation between motor clubs generally, will be made at a meeting here November 21 and 22 of the executive board of the American Automobile association and presidents, secretaries and managers of state and city automobile clubs from all parts of the United States.

The conference has been called by George C. Diehl of Buffalo, president of the national association. In his call for the meeting Mr. Diehl declared that under the plan to be proposed automobile clubs in larger cities of the country will be expected to organize and develop new clubs in smaller municipalities in their districts.

When the smaller clubs have been placed on a business basis their operation will be put in the hands of local motorists, the interest of the larger organizations being only to develop them to a point insuring their success.

The plan also includes a provision for establishment of mechanical aid service for members of clubs. Such a system is employed in England.

The A. A. A. touring board also expects to be active during the conference, planning to carry its map making work forward. An effort will be made to have each club in every state provide accurate and up-to-date maps for its members.

NEW YORK RECORDS ACCIDENT ONCE IN TWENTY MINUTES

NEW YORK, (P)—An accident occurred every 20 minutes on the streets of New York last year. There were 27,650 vehicular accidents, which killed 864 persons and injured 17,133 men and 6146 women. Private cars were in 603 of the mishaps, business automobiles in 3423 and taxicabs in 1251.

## JAIL RECEIVES REVOLT CHIEFS

Three of Most Active Leaders of Indian Nationalists are Sentenced

LONDON, (P)—Three of the most active of the followers of Gandhi, the independence leader in India, have been removed from activity for the time being by the sentence of two years' imprisonment imposed at Ranchi, India, of Mahomed Ali, Shaik Ali and Dr. Kitchlew on charges of sedition and causing disaffection among the troops.

Old Trouble Makers.

According to information received here, the Ali brothers have been a source of trouble to the British government in India for some years. They were interned in 1915 on charges of having prompted sympathy for the king's enemies in the war. Four years later, in 1919, they were imprisoned on charges of disaffection in the Afghan war, but were released after about six months' imprisonment, under a royal proclamation of clemency toward political prisoners at the time of the passing of the India reform act.

It is claimed that they at once renewed their activity against the government. Mahomed Ali was selected leader of the Calcutta delegation which came to London last year and was granted interview by the prime minister.

On returning to India, it is charged that he prompted the migration of pious Mussulmans from India to Afghanistan, which migration was part of the Caliphate agitation. Some 18,000 persons left their homes in the frontier provinces of India but soon returned after suffering severe hardships in Afghanistan.

The government charged that the Ali brothers were in close association with Ghanshi and moved up and down the country conducting a campaign of non-cooperation and made constant appeal to the militant fervor of their religiousists.

## FARM ORGANIZATION TO MEET WITH STOCK SHOW

More Than 30 National Agricultural Associations to Convene

CHICAGO, (P)—More than 30 national agricultural associations will meet here during the International Livestock Exposition Nov. 22 to Dec. 3. These include:

National Association of County Agricultural Agents; National Association of State Marketing Officials; National Swine Growers Association; Animal Husbandry Extension Men's Convention; International Crop Improvement Association; Horse Association of America; U. S. Livestock Sanitary Association; National Society of Records Association; and these special organizations:

 FIXTURES FOR SALE

# MONEY IS DUE ROAD BOARD ON SALE OF BONDS

District Trustees to Send Counsel to Receive \$54,000 from State Board

In anticipation of weather that may stop work on the roads construction, the Twin Falls Highway District board at the regular meeting Saturday afternoon decided to send legal counsel to Boise to arrange for the early payment of the \$54,000 comprising the share of this country from the proceeds of the sale of the state highway bonds. Attorney S. L. Hodgins was chosen. He expects to leave early in the week to procure payment. With these funds in hand the local board will be able to push to completion the grading of some sections of road now graded and ready for surfacing.

**Contract Change Denied**  
C. U. Mull appeared before the board asking that certain clauses of his contract be altered to enable him to cooperate without loss of time and labor with the force which will be building culverts on the section of roadway which he has contracted to grade and dress with rock and gravel. After consideration the board consented and the change was ordered. Mr. Mull offered interest-bearing bonds to the amount of the 60 per cent of the contract price as required by law, the highway district to profit by the interest, but the board ruled in favor of the usual surety bond because of possible complications through fluctuations in the market price of the bonds. The board ordered that the bonds be operated in unloading gravel. Mr. Mull is to pay to the district his proportionate share of such expense.

P. N. Terrill of Montpelier asked that an engineer be sent to place the grade stakes for the road passing his farm in order that the line fences might be established, and also asked that a bridge be built in the section of road. The board agreed to send the engineer early in the week and to build the bridge as soon as funds became available.

R. E. Carlson urged that the section of road lying west of the rock crusher across the high line canal near the Robert Ray farm be put into better shape in anticipation of the winter. The board desired information concerning the amount of rock now available in that vicinity, which information was promised for the next meeting.

**More Road Petitions**  
H. J. Ditter requested co-operation of the board in putting into shape the one and one-half miles of road at the corner of the well known road and George H. Johnson and J. T. Whitaker petitioned for similar relief on the road running one-half mile east of the sugar factory. In the latter case the petitioners asked for the contract to haul gravel from the Rock Creek canyon for the road. The board stated that since that particular section of road is especially busy traffic, it should have rock before the gravel put was applied, and also expressed a doubt of the quality of the gravel from Rock Creek being used for the sandy and light for the purpose. Petitioners were advised that bids for the work would have to be submitted, when the board might be ready to accept.

Bills amounting to \$2203.67 were read and ordered paid, and \$588.31 was authorized to be paid to the state on the Hansen-Curry section of the state highway. The action of the reduction of the highway district funds in the first National bank of Kimberly, that institution asked the privilege of reducing its surety bond corresponding to the request was granted.

## Today's Markets

### WHEAT MARKET SCORES SLIGHT PRICE ADVANCE

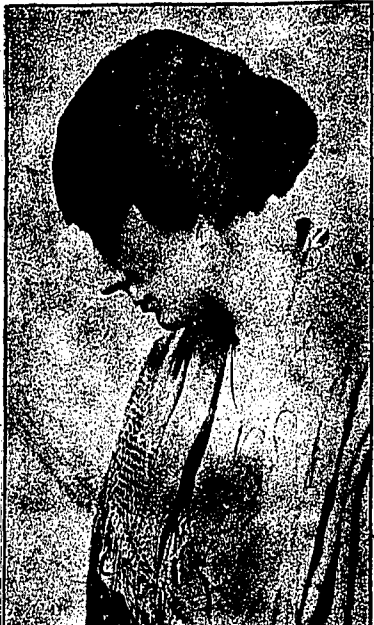

CHICAGO, (AP)—Wheat prices scored a material advance in today's early trading. Smallness of receipts gave confidence to the bulls, and there was talk that supplies east of the Rockies had been heavily overestimated. A liberal decrease in the domestic visible supply total today was looked for. Opening quotations, which varied from 3.2 to 1.3 1/2 higher, with December 1.08 3/4 to 1.09 and May 1.10 3/4 to 1.11 1/4, were followed by a slight reaction and then by decided firm gains. On the far advance, commission houses being broadened out, and a moderate action in prices took place. The close was unsettled at 3/4 to 1 1/4 net ad.

### DID PAIN DISTURB YOUR SLEEP?

THE pain and torture of rheumatism can be quickly relieved by the application of Sloan's Liniment. It brings warmth, ease and comfort and lets you sleep soundly. Always have a bottle handy and apply when you feel the first twinge. It penetrates without rubbing. It is splendid to take the pain out of the aching muscles, spine and strains, stiff joints, and lame backs. For forty years Sloan's Liniment has been a household name.

At all druggists—35c, 70c, \$1.40.

## EXPERTS WAGE WAR ON RODENT

Campaign Is Launched to Curb 'Devastations of the Field Mice'

W. E. Crouch of the United States biological survey, is co-operating with the farm bureau in Twin Falls county in a campaign against field mice. The damage wrought by the rodents and methods of combating the pest, Mr. Crouch said.

**Infectious Damage.** Large numbers of field mice present in orchards and alfalfa fields in Idaho this fall is very noticeable. Most of these mice are known as meadow mice. The meadow mice sometimes increase in enormous numbers and inflict heavy damage to alfalfa fields and orchards.

When even in ordinary numbers they cause serious injury to orchards and nurseries by gnawing the tree. The writer knows of several instances where 25 per cent and more of the fruit trees in orchards were killed by meadow mice this fall in Idaho, and in one large orchard near Nampa, Idaho, the loss amounted to \$7,000,000. Their attacks on trees are usually made in the fall and in winter under cover of snow, but may occur at any season under shelter of dry litter or growing vegetation. They usually begin work soon after the ground vegetation has been killed by frost.

The injury to trees and shrubs consists in the destruction of the bark just at the surface of the ground, and in some instances for several inches below or above. When the gnawing is complete and the cambium entirely eaten through the action of the tree and wind soon completes the destruction of the tree. If the injury is discovered before it is too extensive prompt covering of the wounds will usually save the tree. In any case of injury by meadow mice heaping up fresh soil so as to cover the wound and prevent evaporation is recommended as the simplest remedy. To save large trees bridge grafting may be employed.

**Trails Show Presence.** The presence of meadow mice is indicated by their many runways or trails which are mainly on the surface of the ground under dead grass, weeds or other trash.

The first step in protection against infestation by meadow mice is orchard sanitation by clean cultivation or the destroying of all dead grass, weeds, and other trash in and about the orchard, especially in close proximity of the fruit trees. If this has not been done and the mice have infested the orchards the best means of destroying the mice is by poisoning and then cleaning all vegetation, dry grass and other trash away from the trees, and destroying all litter in and about the orchard.

The following poison formula developed by the U. S. Biological survey is recommended.

**Directions for Poisoning.** Mix one tablespoonful of gloss starch in one-half teaspoon of cold water, and stir into one pint of boiling water to make a clear paste. Mix one ounce of powdered strychnine alkaloid with one ounce (one tablespoonful) of baking soda, and stir with the paste to a smooth, creamy mass free of lumps. Stir in this quarter pint of corn syrup and one-ounce, ounce of saccharin. Apply to 10 quarts or 30

pounds of wheat and mix thoroughly to coat each kernel.

Distribute the poisoned wheat over the infested area, not more than a ten centafut at a place, care being taken to put it in mouse trails and at the entrances of burrows. To avoid destroying birds it should whenever possible, be placed under such shelters as piles of weeds, straw, brush or other litter or under boards. The poisoning in order to be effective must be carried out systematically so that no mouse runways are omitted, and care must be taken to get the poisoned bait directly into the used runways.

If any orchard is badly infested with field mice it is advised that it be thoroughly treated with poison as given above immediately because if the mice are not destroyed now they are likely to destroy many fruit trees by gnawing during the work under cover of snow this winter when it would be difficult to operate against these pests. Further information regarding the field mice is available and other details can be obtained at the county agent's office at the courthouse.

## BRAND PAINTS VIVID

(Continued from Page One)

made during the first week of the conference.

"The United States fully recognizes, however, the apprehensions and difficulties of foreign powers regarding land armament," he said.

**Naval Project Progressing.** The proposal of the American government regarding the limitation of naval armament, said Secretary of State Hughes, "have been under consideration by the committee of the plenipotentiary delegates and, aided by a sub-committee, the matter is progressing favorably."

"I think I am justified in saying," Secretary Hughes, continued, speaking with reference to the Far Eastern question, "that our expectations with reference to the expedition and the consideration of these questions have been more than realized."

Premier Briand, rising to present the views of France, began by saying his government was anxious to take all measures possible to assure a lasting peace.

France could not put down her arms under present circumstances, declared Premier Briand, because of conditions closely touching her national integrity.

**Measures by Security.** He said that because of conditions of instability France must measure to them with reference to the consequences to her own security.

Critics had said, the premier continued, that France sought military ascendancy in Europe but he asserted the impulsion was only a cruel reproach, especially coming after her record in the war.

## SOCIETY

Sponsors from the Twentieth Century Club of the Girl Reserve movement met with the Girl Reserves in the gymnasium at the high school Saturday afternoon. A program was presented in which both the girls and the club women participated. A solo by Mrs. Stoppes was followed by a charming duet by one of the folk dance clubs among the girls. Mrs. J. H. Masters sang and the symbolism of the Girl Reserve club was gracefully presented in a pageant by the dramatic section under direction of Miss Doris Bladen.

Miss Fay Peters played a piano solo and a duet by Miss Crystal West's section was followed by two amusing plays by the dramatic clubs which are directed by Miss Eleanor Hahn and played by the girls club, Miss Lucille

Hansen in charge. Mrs. Rose Murray North, principal of the intermediate school, spoke of the aims of the club and the appreciation of the teachers who have sponsored the work for the interest shown by the Twentieth Century club members. Punch and wafers were served during the social hour which followed the club girls acting rapidly in the role of hostesses.

Owing to the press of other social engagements on Friday afternoon, the Astorian club had its regular meeting in the evening of that day. The program topic was the study of Japan, being presented by Mrs. W. M. Fisher, the hostess having thoughtfully furnished a background of Japanese drapery, furnishings and

lights. Each member was in appropriate costume. Refreshments which followed during the social hour conformed to the theme of the evening. The arrival of the husbands of the club members of the club contributed the one note of Americanism to the event.

"Oswen," meaning "the bluebird," is the name adopted by the Camp Fire circle of which Miss Jane Maxwell is guardian at the regular meeting held at the home of Mary Provost on Maple avenue, Saturday afternoon. Those attending were Irene Hunt, Dorothy Estling, Marian Baird, Frances Fohlman, Evelyn Sheehan, Mary Provost and Miss Jane Maxwell.

Honoring her little daughter, Ruth, on the occasion of her birthday anniversary, Mrs. R. A. Reed entertained Saturday afternoon at her home at 235 Seventh avenue north. Thirty-two little folks enjoyed the game and party which provided. A large pink and white birthday cake formed the attractive

centerpiece for the luncheon, with an individual cake at each guest's place.

Mrs. and Mrs. E. H. Gates and Mrs. and Mrs. W. P. Edwards were guests at the country home of Mr. and Mrs. C. J. Schrepper Saturday evening, dinner being served at a late hour, after enjoying the evening at cards.

**HANSEN**

Bridge followed by a delightful two course luncheon provided a pleasant afternoon for the eight members of the Hansen Bridge club this afternoon at the home of Mrs. G. A. Griswold in Hansen. Those participating in the event were the Mesdames O. D. Wilson, H. M. Smith, E. H. Martin, S. McCoy, S. Stevens, George Plodger, Geyer McVey, and O. A. Griswold.

## Let These Good Values Remind You That Thursday Is Thanksgiving!

The holiday stocks are almost complete. Our little store is filled to the brim with good values. Brand new, spick and span merchandise everywhere. We are becoming known as the place that women like to trade, for we carry everything for women and girls in desirable quality merchandise. We sell for cash, our overhead is low, we buy in quantities, so the natural result is, we sell for less.

**Wright's**  
A GOOD PLACE TO TRADE

## Dress Up For Thanksgiving Day

Make the day complete by wearing new clothes. One always feels like a good time if the frock, the shoes, the coat is new and becoming. Prices truly are low.

## A Good Warm Coat

If you desire a coat of the better kind, with full silk linings, fur collars, embroidered effects, something right up to the minute in style and quality, you may select from our large stocks in price from \$24.75 to \$40.00.

We want you to know, however, about this good looking coat of all wool velour, in either blue or brown, fully lined, fur collar, at a price within the reach of all—

**\$16.95**

## Sweaters

Wear one of these novelty sweaters for Thanksgiving Day. You may choose from 15 different colors. Each one has brushed wool textured front. Choice of either short or long sleeve—

**\$2.95**

## Skirts

Perhaps you will be outdoors enjoying some athletic event. A good looking all-wool plaid skirt with your new sweater and brogue oxfords make an ideal costume—

**\$3.95**

## Some New \$10.00 Dresses

In time for Wednesday's selling we will have a shipment of brand new wool dresses of the newest styles and cleverest models. Those that came in last week sold so rapidly that they were gone in three days. These will be new models, new creations. Truly they are dresses that look like three times the price. Come early.

**\$10.00**

## Chokers

Chokers are the vogue. They seem to fit in with any costume. Wear one with the suit, the frock or sweater. We have some new ones. The prices start at

**\$6.95**

## Waists

We do not believe that any one has such an extensive stock of new waists as we. For your approval we shall have some new numbers on the rack

**\$4.95 to \$10.00**

## Suits

No matter what kind of suit the price you had just paid for, you will find it in one of two price groups. Suits that sold up to \$60.00 for \$29.75 and suits that sold up to \$35.00 for \$19.95.

**\$19.50 and \$29.75**

## Kimono

We have just received some all silk hand embroidered Japanese Kimono. The colors are deep red, black, rose. Beautiful garments with new designs.

**\$13.50**

## Proper Utensils For That Dinner

**ROASTERS**—For the small family this roaster is a good value. Pure aluminum, 20 year guarantee. Worth \$2.25 \$1.49

**SAUCE PAN SET**—A set of three sauce pans. Each pan may be used for a number of things. 24 year guaranteed aluminum \$1.49

**CASSEROLES**—Sheffield plated. The holder is of Sheffield plate. The casserole dish of pyrex. Serve right on the table. A \$10 value—\$5.00

**PERCOLATORS**—Percolated coffee seems to taste better. We offer an all aluminum percolator 8 cup size. Worth \$2.00 \$1.49

**MIXING BOWLS**—These large brown earthen bowls come in so handy for kitchen use. We offer a large one worth \$3.00 \$2.00

**DISHES**—We have a number of good patterns in Pope Gossard ware as well as less expensive stocks. Gold band and blue design now complete.

## Umbrellas

We believe that from now on the stormy weather will have full swing. Be prepared with an umbrella. We have some new ones that we have priced very low. Strong and durable—

**\$1.39**

## Percales

37 inch book fold percales. A good assortment of both light and dark patterns. About 500 yards. As long as they last. Regular 17 1/2c value—

**12 1-2c**

## "Pantry Special" Department

Downstairs one always finds good values. Small rental space means lower prices.

A SAFE BET  
One reason primarily prompts the Union Pacific to consider making a reduced rate for transportation of dairy cattle from the middle west to Idaho. There is money in it for the railroad.  
The Union Pacific is not in business for its health, nor is it by any means an eleemosynary institution. Railroad managements have neglected lately a good many opportunities to assist in the prosperity of their patrons and thereby to benefit themselves, but this is one that is too plain to be overlooked.  
Properly resultant from development of the dairy industry is a thing so often proven and so well known that the railroad isn't even taking a chance when it lowers its rates to bring in dairy cows. The result is a foregone conclusion, and the railroad proposes to share in this prosperity, at the cost perhaps of a temporary loss.  
Farmers, especially, who assure themselves of a constant and regular source of income when they possess themselves of a few good dairy cows, will do well to take a leaf from the railroad's book.  
WHAT A LOT OUR FATHERS MISSED!  
It is a source of constant wonderment to the present favored generation how our forefathers managed to get along without the thoughtful, all-embracing solitudes of a parental government. They seemed to indulge a false pride in what they were pleased to look upon as self-reliance. Their outlook on social welfare did not extend much beyond their own line fence, although it is true that if a neighbor's house fell into a pit they helped him to recover it. If a neighbor fell ill, they "sat up" with him. If hard times threatened, our forefathers tackled them within their own households and applied the remedy of work and self-sacrifice. Most of them were good Bible readers, and instead of appealing to human "authorities" to help them in time of need, they applied to The Book. One text that seemed to impress them ran: "Whatever thy hand findeth to do, do it with thy might." They were an independent sort of people, as proved by a certain famous Declaration. But they missed the beneficence of bureaucracy, to which they could turn in time of need.  
How different it is with their children of today, who can always find a government department, a bureau, a

board, a commission, a council, a committee, or what not, to which they can consign all their troubles for solution. In line with present-day progress in this respect is a dispatch from Hartford, Conn. The Nutmeg State, it says, will take official cognizance of the act of bobbing women's hair. The attorney general has just given the Connecticut Barber's Commission an oral opinion that that operation may hereafter be done only by licensed barbers! In times of financial stress and social distress we are prone to revert to "the good old days," but how much our forefathers and mothers missed by not living in this year of our Lord!

## More Truth Than Poetry

## DOGS, CATS AND SENTIMENT

By S. E. KISEB

At Hastedale, in the grand old Empire State,  
There's a graveyard that's exclusively for dogs.  
There's an arch above the gate, and the monuments  
Are great;  
Men and women wander there in mourning  
For lost dogs.  
There Fido, Gyp and Rover lie asleep;  
On the mounds above them lovely wreaths  
Are laid;  
Hungry children still must weep, not that sentiment  
Is cheap.  
But because it gets perverted, I'm afraid,  
THE other day a lady made a will,  
Leaving money for the care of certain cats.  
They must wear blue ribbons till Nature strikes  
Them with a chill,  
And they cease to play with mice or wink  
At rats;  
They will lie on downy beds until the last,  
And be laid in pretty coffins when they die;  
When the Summer days are past and the skies  
Are overcast  
Hungry children dread the mad winds roaring  
By.

KEEP on, ye hopeful! Let no foul mischance  
Convince you that your stiving 'is in  
Vain;  
Reason isn't in a trance; we are making some  
Advance.  
Though it's hard, sometimes to indicate the gain,  
Musty sentiment is plentiful, God knows;  
Old men are starved to death; old women  
Freeze;  
But it's fair still to suppose that the seasons  
Will unfold  
May raise the common level by degrees.

He used to drive a bob-tailed horse when he was  
young and green;  
He pushed ahead with dauntless force and married  
a young queen;  
Well, he missed anything, of course, can happen  
on the screen.

## BLAMES HIGH COSTS FOR SLUMP IN SHIPBUILDING

Scotch Corporation Director  
Says Market is Poor and  
Wages Exorbitant.

GLASGOW, Scotland, (AP)—The market for shipbuilding is so poor that no new order to build a ship has been received at Warrand on the Tyne since the beginning of the year, says Sir George Burton Hunter, chairman of the board of directors of one of the big shipbuilding companies there.  
A vessel now nearly completed at Sunderland has been sold at a price less than one-half her cost of construction. Sir George gives figures showing that it now costs 17.5 pounds for a ton of steel laid in a ship, as compared to 3.58 pounds in 1911.  
The iron workers, he says, now handle about two hundredweight of steel per week less than they did 10 years ago.

Sir George asserts also that wages are from three to three and one-half times those paid 10 years ago, and the amount of work done is taken into consideration. He says that the workers accomplish 33 per cent less work now than in 1911, and he adds:  
"This applies to other industries as well as shipbuilding and explains why more orders are not obtainable and why so many men are unemployed."

## EGYPTIANS INVESTIGATOR

Major Barnes Tells British Nationalist Leader Cannot Be Ignored

LONDON, (AP)—Major Barnes has a very high opinion of Said Pasha Zaglou, the nationalist leader in Egypt. He describes him as the "Foyd George of Egypt" and says that for the government "to ignore him in its negotiations about Egypt is simply to do liberally pursue a policy of disaster."  
With several members of parliament, Major Barnes recently went to Egypt at the request of the Egyptian parliamentary party to study the political situation there. He has just returned to London.  
Nation Supports Cause  
What was happening in Egypt, he said, was undoubtedly an "outburst of the national consciousness." From the "lightest to the lowest," he added, "the desire for independence has become the predominant national feeling."  
"We have heard of millions on Egyptian soil and saw and heard how dreads of thousands of Egyptian people and the unanimous conclusion we have come to is that if ever there was a man who represented the soul of a nation that man was Zaglou Pasha. We also found that there was no antagonism between the Egyptian people and the British people. The reverse is the case. It was said to us over and over again, 'We want the British people in Egypt, but as our friends, not as our masters; as our guests, not as our rulers.'"

Barnes Protests  
Said Pasha Zaglou, as head of the nationalist party in Egypt, is leader of the campaign for independence from British rule in that country. He headed a mission which went to Paris in 1918 to obtain a hearing from the peace conference after the world war. Last year he formed an Egyptian delegation to London to advocate Egyptian independence. He has no intention to accept a British protectorate.  
He was formerly minister of justice in the Egyptian cabinet.

POSTMASTER ASKS FOR ADVERTISING HOLIDAY  
NEW YORK, (AP)—Postmaster Morgan has again appealed to the business men of New York to discontinue, as far as possible, the mailing of large quantities of circulars and catalogues during the week immediately preceding Christmas day. This is to enable the postoffice to handle the great quantity of Christmas mail which begins to run heavy about two weeks before the holiday.  
The postmaster stated that business men aided him last year in preventing congestion of mail at that time by withholding mail which could be deferred until after Christmas.  
In urging them to do the same this year, he stated that it had been ascertained that many persons transporting large numbers of circulars and catalogues should arrange their advertising campaigns so that these can be mailed either before December 10 or after the holiday rush was over, without detriment to their interests.

## Prison for Women in English Town Closed

CARLISLE, Eng., (AP)—In consequence of a decrease in the number of women convicts, the women's prison here is being closed. Recent years have seen a gradual closing down of prisons for women in this country and there are now only 25 left of 100 which were in existence some years ago.  
Women prisoners have decreased from 3,100 in 1914 to 1,200 in October, 1920.

## SHIPS FIRST CARLOAD OF SHEEP TO BIG SHOW

Robert Blalock Sends Full Load of Hampshire to Chicago Exposition

FILED, Idaho (Special).—The first carload of livestock that has ever been shipped out of Twin Falls county to be exhibited at the International Live-stock exposition, at Chicago, left this place last Saturday. The car contained registered Hampshire Down sheep and was consigned by Robert Blalock.  
Advises received here indicate that the number of entries in the Hampshire sheep classes at the Chicago show is greater than at any time in its history, also that there will be more Hampshire on exhibition than sheep of any other breed. Mr. Blalock has part of the exhibit sheep at every show of the International Live-stock exposition during the past 15 years.

## Yeast Vitamon Tablets Bring Real Beauty

Banishes Skin Eruptions. Puts On Firm Flesh, Strengthens The Nerves and Increases Energy.

Concentrated Tablets Easy and Economical to Take. Results Quick.

**LUSTROUS HAIR**  
BRIGHT EYES  
HEALTHY GLOWING COMPLEXION  
FIRM FLESH UNDER SKIN  
NO FLABBERNESS  
NO HOLLOWES

If you want to quickly clear your skin and complexion, put some firm, healthy flesh on your bony, nervous, nerve and power, and look and feel 100 per cent better, simply try taking two of Martin's Vitamon Tablets with each meal, and watch results. Martin's VITAMON contains highly concentrated yeast vitamins, as well as the most important vitamins (Fat Soluble A and Water Soluble C). Pimples, boils and skin eruptions mean to waste the money under its surface. The skin, the complexion becomes fresh and beautiful, the cheeks glow instead of pale, the hair and luster of color, the eyes bright instead of dull. The whole system is cleared and invigorated, and down you are under-sprung, ready to get some firm, healthy, beauty and a well-rounded figure. No wonder that success is absolutely guaranteed. Be sure to remember the name—Martin's VITAMON—the original and genuine yeast-vitamin tablet. There is nothing else like it, so do not accept imitations or substitutes. You can get Martin's VITAMON Tablets at all good druggists.

## TREASURE HUNT SEASON IS OPEN

Flock of Rumors Brings Argonauts in Scores to Society Islands

PAISETE, Tahiti, (AP)—The year has been the open season for treasure hunting in the islands. Every month or so a report that the vast treasure (alleged to have been buried some 60 years ago) on the island of Tahiti had at last been located, has induced a new company of adventurous Purcete capitalists to equip a fresh expedition only to return with nothing more than a goodly coat of sunburn and back-aching from the strenuous exercise of digging for weeks in the blistering coral sand.

## Elaborate Expedition Fails

Then, early in the year, came the yacht "Generous" from New York in search of a great treasure of gold, said to have been left on the island of Tupai-Manu, in the western Solomones, by the German Pacific squadron when they were flying from the pursuing British and Japanese fleets in 1914. Much real estate on Tupai-Manu flew into the firmament, on that occasion, under the action of good change of dynamic; but the "Generous" sailed away leaving the treasure to the discovery of a future explorer. And now there is the story of a new treasure. The tale is, that about 50 years ago a Chilean warship deposited on the island of Moorea (the island close by Tahiti) a treasure of gold belonging to the Chilean government of that time—as a measure to keep it from falling into the hands of a strong revolutionary party. The revolution had been crushed, but the Chilean refused to take away the gold, the story

runs. Years afterward, however, the Protestant missionary at Moorea received a letter from a priest in Chile enclosing an outline drawing easily recognized as the outline of the mountain peaks about Opanahi Bay in Moorea, asking for information of the location of the island so represented, and stating that he had knowledge of a treasure buried there. The missionary having visions of ungodly adventures corrupting his flock decided to tear up the letter and drawing without disclosing the treasure.

Stranger Brings Charts  
Nothing more was heard of the affair until a month ago when a stranger arrived in the island bearing charts and drawings which, he claimed, would lead him to the treasure.  
Reports from Moorea state that, at the place indicated on the chart, on a diving down, he came upon a concrete slab and great was the excitement until the slab was broken through in a cavity, about three feet in depth, was disclosed, containing about 100 pounds of gold. The seeker is, however, hopeful and is hard at work digging and sounding in the valleys about the bay.

## CHILE'S PRESIDENT TO SEEK PROHIBITION LAW

Alexander Will Ask Congress to Ban Sale of Intoxicants in Industrial Centers

SANTIAGO, Chile, (AP)—President Alessandri has announced that he will ask congress to pass legislation prohibiting the sale of all intoxicants in the industrial centers in Chile. These include the coal mining districts in the south and the nitrate fields in the northern provinces.  
The president's announcement was in reply to requests from various social agencies asking for a "dry zone" in the coal mining districts of the country, where the government troops, eight of the workers were killed and 50 were wounded before order was restored.

### IOWA'S CAPTAIN LED ALL BIG TEN STARS IN SCORES

Amby Devine Completes Classic Record for Play in Conference Games

CHICAGO, (AP)—Amby Devine, the Little All-Western captain and quarterback of the University of Iowa football eleven, western conference champion, led all the big ten stars in scoring during the past season. Devine tallied 68 of the 123 points his team made in championship contests, a record which has not been equaled in the conference in recent years.

Devine's record represents nine touchdowns and 14 goals from touch-downs. He led the conference in each of the branches of scoring as well as in the total points. Counting preliminary games, his total would be much larger.

Ranking next to Devine was Elliott, Wisconsin's halfback, who scored touchdowns for 42 points in championship contests, while Fullback Locke of Iowa was third and Belling of Iowa, tied for fourth place, giving the Hawkeyes three of the four leading scores of the season.

Devine, who was recently termed "the greatest backfield player the country has ever known, a man of All-American caliber," by Dr. Harry Williams, Minnesota football coach, is 23 years old, is of stocky build, 5 feet, 8 inches tall, and weighs 205 pounds. While Devine and Locke have done most of Iowa's scoring, the former's brother, Glenn Devine, halfback, has been a star in interference work. In the last two years on the eleven, Amby Devine has been chosen by nearly all critics for quarterback on the mythical All-Western and All-Conference teams.

### Yale's Prospects for Coming Season are the Brightest

Fifteen of 1921 First String Grid Men Available for Bulldogs Next Year

NEW YORK, (AP)—Yale, with all but six of the 1921 first string men who played against Harvard, has apparently the brightest prospects of big three teams for 1922. Coach Fitch of Harvard will have to build a new line and find some new backfield material, while Princeton will be without its greatest stars.

Captain Malcolm Aldrich, hailed as one of the greatest centers ever to play the line, will be graduated in June, as will Guernsey, the right guard; Sturm, right end; Spelden, left tackle; Miller, a substitute tackle; and Quale, who was at tackle in the final quarter of the Harvard game.

Macomber and Crocker, ends; Tierney and Captain Kane, tackle; and Brown, right guard, as well as two men in the backfield, Pitts and Cohn.

Captain Keck, quarterback, Louie, Garlly, E. Stinson, Hooper and Witter will not be with next year's Tiger squad.

ON ESPIONAGE TAUNT.  
BERKELEY, Cal. (AP)—Andy Smith, head coach of the University of California's champion football team, today announced that the school's new line will witness the Cornell-Pennsylvania game here next Thursday. He will view the Army-Navy gridiron battle in New York Saturday. Smith said he intended to get a line of the team to be selected to represent the east in the annual New Year's day classic at Pasadena, Cal.

FOUR COLLEGES UNDEFEATED  
NEW YORK, (AP)—Yale's defeat by Bob Fisher's football folk at Harvard, leaves Penn State, Lafayette, Cornell and Washington and Jefferson as the only undefeated major college eleven of the east this season.

Captain Malcolm Aldrich of Yale captures the leading points score, the field goal he booted against Harvard making his point total 80. Captain Jim Robertson of Dartmouth is second with 75.

### OHIO'S DEFEAT BY ILLINOI NOT LEGAL IS CLAIM

Buckeyes Present Film of Play to Prove Forward Pass was Not Completed

COLUMBUS, O. (AP)—Much interest was evidenced here today in the claim of some Ohio State followers that Illinois defeated Ohio State in their annual football game here last Saturday by a touch down on a forward pass play that was completed after the ball had been grounded.

Motion pictures of the game, displayed at a downtown theater last night, showed clearly that after the ball had been passed it struck the ground twice before it was scooped up by Walquist, of Illinois, who then ran several yards for the only touchdown of the game.

Coch Wille made arrangements to see the pictures at a private showing today and "settled" the matter. The film was made on the play, the photographic proof would be called to the attention of the men who officiated at the game.

Coch Wille declared that under the rules of the game, the play was legal. Ohio State players had asked the officials whether the ball had grounded and were told it had not.

### VAN SLYKE AND WELTY TO MEET IN RING HERE

Fight Card of 26 Rounds is Announced to be Staged in Lavington on Saturday Next

A boxing match between "Red" Van Slyke of Twin Falls, and Ernest Welty of Caldwell, each weighing in at 154 pounds, will be the main event of a card of 26 rounds that is announced to be staged at the Lavington theater here on Saturday, November 20. The promoters figure it will take 12 rounds to decide the main event.

Bert Dolano and "Happy" Brockway are scheduled for a six-round tilt in the semi-main event. Another fight preliminary is to be a four-round affair between Young Benjie Leonard of Pocatello, and Willie Bledsoe of Twin Falls. A four-round curtain raiser has been arranged.

### PUNTS AND PASSES

(By FULLBACK.)

Twin Falls team as a whole played pretty fair football Friday at Walla Walla, but there was quite a bit of fumbling. This was caused by the extreme cold weather. Time after time Twin Falls had a chance to score a touchdown, only to lose the ball on a fumble.

Putler played a great game at right tackle, and if he isn't picked for the team, he will be a star. His work on the line stamps him as one of the best linemen in the state. Bob team wide. When it comes to punting, he is there like a duck, and his 45-yard punt last Friday against a high wind was a beauty.

Puckett played a fair game at left end but his anxiety to get busy cast Twin a good many yards. As it's been said before, this trait is far better than not charging at all.

Nicolson played a star game, making a touchdown, and kicking like a veteran. Several times in Friday's game, Bob got through right guard, and Wendell to lose yardage.

John Leiser, he of the quiet disposition, played a crackpot game of a game. He got through right guard, and John Leiser through the line once and got a Wendell man for a 10-yard loss.

Thomson took care of everything that came around right end. Twin used a few forward passes, to Gene didn't have much of an opportunity at showing his prowess in that line.

"Turk" Scilley as was said in Saturday's paper, showed great improvement in giving signals, and made some long runs. It has been stated that "Turk" learned his football from the great coach St. Vitus. So that as it may, "Turk" makes lots of yardage.

Cliff Fix, although in the game but a short time, hit the line with the speed of a cannon ball. It is to be regretted that the team was losing its sterling player but from all reports, Cliff is a likable chap, and the morale of the team took upward flight the minute he got in the game. If it's exaggerated when it is said that the presence of Fix in the lineup turned defeat to victory.

"Ben" Lyons, next to Putler, was the main stem of Twin Falls. "Ben" hit the line hard, and was the biggest grunter for the local lads.

King, who took Fix's place, although not having the opportunity to show much, made confident yardage, and nothing got away from him.

Beick, who has shown wonderful improvement lately, continued his way up the ladder. "Blackie" is a little light, but he hits the line hard, and can always be depended upon to make a few yards.

"Stew" Robinson at fullback, tried hard, but his costly fumble, allowing Wendell to score, took the pep away. A fumble will happen to the best of them, so forget his "Stew," and see that it doesn't happen again.

Tucker at center was not up to his usual high standard. At times his passes were perfect, but they seemed to be too hard, and not as accurate as usual.

Tonight the boys will have a tight workout, which is the custom on Monday, leaving them but Tuesday to get into condition for the big Thanksgiving day game with Boise. They will leave on Wednesday for the Capital city.

The team will have to whip up quite a bit if they want to beat Boise, and it is to be hoped that they realize that they are up against a tough proposition on the 24th.

With Pocatello's victory over Idaho Falls Friday by the score of 15 to 14, Pocatello was the right to play Twin Falls for the state championship, providing of course, that Twin Falls beats Boise. Pocatello's victory was a regular one owing to the fact that Idaho Falls scored two touchdowns to

their one. Pocatello made their points with one touchdown (7 points), two drop kicks (3 points each) and a safety (2 points).

If it is possible, Pocatello will be asked to come to Twin Falls for the championship game.

MAT TIE AT STAKE  
NEW YORK (AP)—Stanislav Zysko who will defend his heavyweight wrestling title here next Monday with Ed (Strangler) Lewis, the former champion, as an opponent, has engaged in 94 professional grappling contests. It is said that Stanislav, who is something near the fifty mark in years, has lost only one match, that, to the late Champion Frank Gotch.

# FIGHT AGAINST WAY'S EVIDENCE IS UNAVAILING

## Southern Idaho Expert Gets Testimony In At- tention's Express Quiz

Despite strenuous objections offered by A. B. Root, counsel representing the carriers at a recent hearing on application for increased rates, held in the testimony submitted by Edward Way, managing head of the Southern Idaho Traffic association, was ordered written into the records. The testimony submitted went to prove that the level of rates and the four new rates on express matter is at present much higher than in any of the other four zones in the country.

The hearing was held before Mr. A. Patterson, examiner for the interstate commerce commission, to which body the carrier companies had appealed for a ruling in their case.

Schultz Many Examples.  
Mr. Way, who has returned to Twin Falls, submitted many exhibits and examples to support his contention that express rates are higher in this state than in others. He believed that not only will the petition of the carriers be denied, but is confident that the testimony submitted by him will result in a reduction of rates at some time in the not far distant future.

As concrete examples of what he contends to be discrimination in fixing express rates, Mr. Way expects to submit for record certain extracts from existing tariffs showing that rates on express rates are higher in the present system. For instance, the rate express has prepared a table showing that while the rate on merchandise from Twin Falls to Kootenai is 77 cents per hundredweight, the distance being eight miles, another rate on the same class of commodity covering shipments from Parma to New Plymouth, a distance of 24 miles, is 71 cents.

Supporting the theory that the rate fixing system employed by the express companies is not only discriminatory but inequitable, Mr. Way will submit that while express merchandise shipments from Parma to New Plymouth must of necessity pass through Payette, the express rate to Payette from Parma, a distance of only a few miles, the rate to Payette is 77 cents per hundredweight.

The rate from Boise to Nampa, according to the tariff sheets on file at the office of the Southern Idaho Traffic association is 82 cents for a distance of 20 miles. The rate from Twin Falls to Boise, 14 miles, is 11 cents.

Trace Rate History.  
Although a mass of evidence was introduced by the contending side of the case, most of it has been prepared and was submitted by Mr. Way records prove, he went into detail with respect to the history of express rates in this state showing that the present percentages increase was allowed on express rates it always widened the spread between the rates here and in other zones.

Following a long argument against the rate expert to proceed and be continued with a line of testimony to the contrary, the hearing was adjourned. He went on to show that in many cases there are four section violations where intrastate rates are higher for shorter distances than interstate rates. In his contention he submitted the examples written down in the foregoing testimony on Parma-New Plymouth and Twin Falls-Kimberly.

At the close of testimony-taking Examiner Patterson asked that briefs of the case be presented on December 23. Oral arguments were waived.

## RULES TO GOVERN ALL CHARITY DISPENSING

### Regulations Will Be Considered Tomorrow for Benefactor Operations

Tomorrow evening representatives of all bodies interested in the operation of a charitable dispensary in this immediate district, will gather in the Elks clubrooms for the purpose of further conferring and probably adopting a scheme of rules and regulations governing the operation of such a dispensary during the coming winter months. There will also be an election of officers for the Associated Charities association.

## CAPACITY AUDIENCES ATTEND M. E. SERVICES

Addressed by the Rev. Edgar J. Huston  
Attract Big Church Through

Capacity audiences throughout the First Methodist Episcopal church morning and evening services during the week ending last night. The minister is here for the week conducting a series of meetings of special interest to the Methodist church. Yesterday morning he conducted a "Mass Meeting" on "Political Influence and Abuse." Tonight the minister's subject will be "Humanity's Dilemma." This is a special service for parents.

## PAIR FINED

In the probate court last on Saturday Judge O. P. Duvall imposed fines of \$50 against each of the defendants in the case of the state versus H. S. Francis and Miss Madeline Jeffries. The two admitted guilt on charge of unlawful cohabitation. The fine in case of the male defendant, was paid, and the young woman was paroled to the custody of her mother.

Bring your pictures in now and have them framed, for Christmas. Close Book Store—447.

# EACH DAY BRINGS MANY CLAIMS ON RED CROSS

## Detail of Relief Work Varies but the Principle is Constant — "Just Mothering Those Who Need Care of Mother"

"What is the work of the Red Cross?" said Mrs. W. F. Edwards, local district secretary in response to the question. "The work is different each day. Today, the first hour was taken by a service man who has been ordered to the public health hospital at Boise. We helped to arrange the practical details of his departure, making the least which was necessary for the support of his family until such time as his increased compensation may arrive. The 'Mother Squads' include a family entitled to an increase, and until it becomes effective, the Red Cross makes itself responsible for the family. Then there was an application for coal from an indigent family. The case was sent through the proper channel for investigation and relief. The mail brought two letters from other chapters relative to the claims of ex-servicemen whose addresses have been changed from their home towns to Twin Falls. Both require immediate attention. When it

is a question of relief to ex-servicemen the office acts with the utmost promptness.  
"A mother came in asking aid for two small children. No action was made of the case and the usual investigation started. Then the wife of an ex-serviceman came to tell of conditions in the family, which she hoped that the Red Cross might relieve. The health of the husband was failing and he persistently refused to make application for relief through a 'Mother Squad' because of a fear of punishment not to be a winner. We have had several such cases but with the right sort of talk he will probably see that it is so largely to his government that he should relate to show it to restore him to the health and efficiency of a good citizen.  
"There is a cross section of today's community with probably different details but the same in principle—just mothering those who need the care of a mother."

# ASSAULT ACTION GIVES PROMISE OF PROXIMITY

## State's Case Against Mrs. Richardson Goes Slow—Many Witnesses Called

The state's action against Mrs. Clara Richardson, charging assault with a deadly weapon, is expected to command attention of Judge T. Bailey Lee and a district court jury until some time in December. The case was first brought up by both sides and up to noon today only a very small proportion of these had been called to the witness stand. Mrs. Richardson is accused of shooting A. H. Bothwell in the leg when Bothwell demanded return of a hen and four chickens, claimed by him as property. The case was opened for hearing Saturday morning and up to the close of the day only Bothwell and his wife had been on the stand. Mrs. Bothwell was recalled this morning for cross examination. The state has called 11 witnesses and the defense 13.

## DOORS OF TWO CASSIA COUNTY BANKS CLOSED

### First National at Burley and State at Declo Open Operations

Word reaching Twin Falls today from Burley tells of at least temporary suspension of operations by the First National bank of that place. First announcement of the suspension, it is stated, was told in a notice tacked to the front door of the institution when customers applied for admission this morning. The announcement criticized the idea that the bank had been ordered closed by bank authorities pending examination of affairs.

On Friday the State Bank of Declo, located in its downtown building, was closed. The bank is reported to have heavy amounts of paper uncashed at this time. A. C. Warren, R. President of the Burley branch and Donna Gillett of the Declo bank.

## Local Brevities

Mrs. Hall Returns—Mrs. G. M. Hall has returned from Colorado where she was called some weeks ago by the death of her mother.

Orator Children Better—Word received from Mrs. W. E. Crozier established it as comfortably established in her home in California, that her son and daughter are showing marked improvement in health.

Conduct Evening Meetings—The Methodist church is this week conducting a series of evening meetings with the Rev. E. G. Huston of Tacoma, assisting the pastor, the Rev. E. L. White. Special music will be rendered on Tuesday and on Friday evenings.

Bride-elect Leaves—Miss Margaret Hitchings left Twin Falls Saturday morning for the home of her father, her wedding to Opal Richardson will take place. Mr. Richardson is manager of the Stages store in that city. Mr. and Mrs. Richardson will make their home in Portland.

Goos to California—Francis Youngs left today for southern California, where he will spend the winter in making soil for the state university. Mr. Youngs specialized in agricultural work at the state university and subsequently spent several months in company with Mark B. B. win, specialist in the work of soil survey in counties of southern Idaho.

What is useless to you may be valuable to others—advertise it in the classified columns.

# PROUGH TO SPEND HIS THANKSGIVING IN JAIL

## Steel Doors Shut Youth in when He Breaks Faith with the Probate Court

Because he broke faith with probate court officials, Oscar Prough is to serve out a fine of \$25 in the county jail. Prough started the servitude this morning.  
Prough, who is a mere youth, was arrested last June by Deputy Game Warder Joe R. Fitzsimmons on charge of hunting and fishing without having obtained a license. Prough was charged with sporting activities. The defendant was given guilty and a fine of \$25 assessed against him. At the time Prough appeared in court and prayed an extension of time to pay the fine. The court granted him a 30-day extension of time to pay the fine. Prough failed to appear in court and the court ordered him to be taken to the county jail to serve out his sentence.

## DIPHTHERIA DEVELOPS IN FORMER RESIDENCE

### Mr. and Young Woman are Stricken by Dread Malady—Home is Quarantined

The former home at 430 Walnut street was placed under quarantine by Dr. C. Q. McGinnis, county physician, yesterday, two cases of diphtheria having developed in the home. One victim of the malady is a 15-year old boy and the other a young woman of 20 years. The cases were reported by Dr. J. R. Morgan, who has been physician in charge. Dr. W. P. Pike has reported a case suspected of being diphtheria. This is being investigated by the authorities today.

## DRIVE STARTS THURSDAY FOR TUBERCULOSIS FUND

### Official Campaign for Sale of Christmas Stamps to Begin Thanksgiving

The Fourteenth Annual Christmas Seal sale for the support of tuberculosis eradication work is scheduled to begin here on Thanksgiving day, with Miss Stella Elford in charge as county chairman.

Speaking with respect to the coming and past campaigns Miss Catherine R. Athey, executive secretary of the Idaho Anti-Tuberculosis association, in a letter addressed to The News, makes the following statement:  
The campaigns have been for education first and finances second, facts that have been our pride. With our work of informing the public is carried on throughout the year the Christmas seal sale offers our greatest opportunity, therefore we are appealing to the press for assistance in making the coming campaign an unequalled success. The campaign carried through the Christmas holidays.

The executive committee of the Idaho Anti-Tuberculosis association is composed of E. A. Barton, president; Henry L. Falk, vice president; F. P. Johnson, treasurer; Dr. L. C. Smith, Dr. William F. Smith, Miss Ethel E. Redfield. Honorary vice presidents are: Governor D. W. Davis, Dr. E. A. Barton, state education commissioner, Dr. A. H. Upham, the Rt. Rev. Daniel Gorman, of the Catholic diocese of Idaho; the Rt. Rev. Frank Hale Turett of the Episcopal diocese of Idaho.

## JOINED TO WED

Marriage license have been issued to the following couples: Alfonso Ramirez of Twin Falls, and Frances Ramirez of Kimberly; Thomas Price of Teton, and Florence McMillan of Bogert.

## ELECTIONS MAKE NO CHANGE IN BELLEVILLE'S PARLIAMENT

BRUSSELS, (AP)—The legislative elections will not greatly alter the political aspect of parliament on the basis of the results thus far received, according to Premier Van der Smissen, party appears to have maintained its majority.

# POSSESSION OF BINOCULARS IS ARREST CAUSE

## H. Lucas Delivers Mexicans to Sheriff when Sale of Goods is Attempted

When Carlos Perez and Pedro Trejo, Mexicans, tried to make a patron out of Harry Lucas, second-hand man, on Saturday night, they found only a co-ordinator with the term of the law. They are now in the county jail awaiting hearing on charge of larceny.

Tried to Make Sale  
It appears from sheriff's records that Perez and Trejo attempted to sell to Lucas a watch containing wearing apparel and a pair of expensive field binoculars. Lucas was suspicious that the goods had not rightfully come into possession of the Mexicans, and he seized both men and conducted them to the sheriff's office where they were delivered to custody of the law.

Identified Goods  
The suitcases and contents, as well as the binoculars, proved to be the property of Alex McLeod, who has lodged with the Red Rooming house. McLeod declares the property was stolen from his room on Saturday evening, and while the Mexicans were being quizzed by a sheriff's deputy McLeod identified a shirt, worn by Trejo, as belonging to himself.

## WOMAN PROVIDES BOND FOR COURT APPEARANCE

### Mrs. Dawson Will Be Heard November 28 on Possession of 'Whiskey'

Mrs. Jane Dawson, proprietor of the Weaver Rooming House, on Saturday arranged for bonds in the sum of \$500 for appearance in the probate court for hearing on November 28 at 10 o'clock a. m. The woman was arrested last Friday night by police and sheriff's officers at the Weaver house and at the same time a quantity of moonshine and bonded whiskey was confiscated. Mrs. Dawson pleaded not guilty on arraignment to charge of illegal possession.

## DIPHTHERIA DEVELOPS IN FORMER RESIDENCE

### Mr. and Young Woman are Stricken by Dread Malady—Home is Quarantined

The former home at 430 Walnut street was placed under quarantine by Dr. C. Q. McGinnis, county physician, yesterday, two cases of diphtheria having developed in the home. One victim of the malady is a 15-year old boy and the other a young woman of 20 years. The cases were reported by Dr. J. R. Morgan, who has been physician in charge. Dr. W. P. Pike has reported a case suspected of being diphtheria. This is being investigated by the authorities today.

## MRS. HENRY GETTERT

Mrs. Gettert is costume controller of the historical pageant representing feature events from the founding of the Twin Falls district. This pageant will be given November 30 and December 1 under the auspices of the Twentieth century club at the Lavender theater. Mrs. Gettert is experienced in pageant work, having had prominent parts in some of the most important delineations of the order given in the Andorra and Coliseum. She is also in directing plays, and costumes used during the Elphigra Pageant will be as nearly as possible like the originals.

## Not So Long Truth is stranger than fiction. Largely because you do not meet it as often—Johnston Democrat.

# Course of Wind Due for Change Predictor Avers

DISTRICT temperatures continue to rise, but ranges of operation are narrow. For instance, Saturday's high was 42 while the low that night was 33, a margin of four degrees for 24 hours. On Sunday there was a slight widening of operation scope, the high being 43 while low was 41.  
Rain or snow is to be expected in the south portion of the state tonight and tomorrow will strong easterly winds.

# COW SLAPS LUMBAGO OUT OF DAIRYMAN'S SYSTEM WITH HORN

## Sam Kayler's Friends Tell Gull- Story of Accidental Cure for Ailment

This burlesque is a true fable of a man, a Jersey cow, a calf and an attack of lumbago. The man is the hero, the cow is the heroine and the affliction the villain. The calf enters the picture only as an incident.  
Our hero is a dairy man named Samuel H. Kayler, Sam for short. He had the lumbago attack and the cow, our heroine, cured him.

Mr. Kayler, according to authentic reports suffered fearfully from the affliction some weeks and was dreadfully bowed over by the muscle-contraction pains. In his distress he applied at "Pop's" Fisher's drug store for a couple of porous plaster and, armed with these, he went to his room and made his way into the lumbago.

Some days prior to this porous plaster purchasing incident one of Sam's patient bovines had become a mother, and Sam stated now and then on the lawn. While Sam was fixing to apply the plasters a commotion in the yard smote on his ears. Mr. Kayler went to the door and saw the cow and calf in the yard. The cow was attacking the calf and the calf was attacking the cow. The cow was attacking the calf and the calf was attacking the cow. The cow was attacking the calf and the calf was attacking the cow.

Arising immediately to bail off her attack, Sam discovered the entire absence of pain about the fifth lumbago, and from that day to this he has walked straight and upright.

That is what the chiropractic fraternity designate as "accidental adjustment."

## Deaths

Death of Charles A. Jamison, aged 49 years, was recorded early yesterday morning at the home of a son-in-law, H. D. Harvey, three miles south of Kimberly. Death resulted from Bright's disease. The body is now at the Greenwood mortuary chapel awaiting the arrival of a daughter from Salt Lake for the completion of funeral arrangements, which will be under direction of the L. D. S. church.

## ANNOUNCEMENTS

The Business Women's club will meet tonight in its club rooms. Important business is to be taken up at this meeting.

The Presbyterian Missionary society will meet at the church on Tuesday instead of Thursday afternoon this week.

The regular meeting of the Eastern Star will be held Tuesday evening at 8 o'clock. There will be initiation.

The Foreign Missionary society of the Methodist church will meet on Friday afternoon in the church parlors.
