FRANCE THROWS STUNNING BOMB IN CONFERENCE PATH

IRISH TREATY WINS APPROVAL OF PARLIAMENT

Both Houses of British Legislative Body Ratify Pact Creating Irish Free State by Overwhelming Majorities

UNIONIST AMENDMENT TO ACCEPTANCE VOTED DOWN

Action by Commons Proceeds Vote in House of Lords by Only Few Minutes; Situation in Dublin Causes Concern

LONDON, (AP)—Both houses of the British parliament ratified the treaty creating the Irish free state by overwhelming majorities this afternoon.

The house of commons adopted the reply to the speech from the throne on the Anglo-Irish treaty, rejecting a unionist amendment to the address by a vote of 401 to 83.

The house of lords took similar action only a few minutes later. The lords rejected the unionist amendment by a vote of 126 to 47.

Lords Rejected Pact

At the resumption of debate on the treaty with Ireland in the house of commons this afternoon, Arthur Henderson, labor leader, stated that the pact was a treaty and hoped it would be ratified.

Major Robert O'Neill, speaker of the northern parliament at Belfast, attacked the treaty as a betrayal of the British people.

A vote of confidence was taken in the house of commons on the treaty, which was carried by a large majority.

The treaty was also approved in the house of lords by a vote of 126 to 47.

The treaty provides for the creation of a free state for Ireland, with the exception of Northern Ireland.

The treaty also provides for the withdrawal of British troops from Ireland and the establishment of a new government.

The treaty was signed in London on December 6, 1921, and is expected to be ratified by the British parliament.

The treaty is expected to be ratified by the British parliament in the near future.

Albania's Throne Reported Offered American Citizen

Descendant of Napoleon Resident in New York, May Be European King

NEW YORK, (AP)—A J. Chetkov, Albanian high commissioner at Washington, is conferring with Jerome Napoleon Bonaparte, of New York, an American member of the Bonaparte family, regarding an invitation to him to ascend the throne of Albania, vacant since the death of King Zog.

Mr. Bonaparte has declined the offer, but he has conferred with Albanian representatives on the subject.

Mr. Bonaparte is a descendant of Elizabeth ("Betsy") Patterson of Baltimore, whom Jerome Bonaparte had been expelled from France by Napoleon Bonaparte, Jerome later became king of Westphalia and remained in Europe until Napoleon refused to recognize his American marriage.

SPANISH GUNBOAT CAPTURES SHIPS UNDER FRENCH FLAG

Seizure of Two Vessels and Sinking of Another Said to Have Been Conveying Arms and Munitions to Moroccan Insurgents Is Reported to Madrid in Official Communication

MADRID, (AP)—The Spanish gunboat Bonifaz has captured two French sailing vessels which were conveying commodities of arms and munitions to the Moroccan insurgents and sunk another vessel engaged in the same occupation, it was announced in an official report received here today.

The report states that the captures and sinking were effected off Alhucemas, on the Mediterranean coast of Spanish Morocco.

The Spanish gunboat Bonifaz is a vessel of 787 tons built in 1911 with a battery consisting of four 14-pounder and two machine guns. She carries 121 men.

COMMISSION TO TAKE ACTION ON GERMAN'S DEBT

Indications Point to Transmission of Allied Powers of the Statement of Facts with Implied Recommendations

PARIS, (AP)—The reply of the allied reparations commission to the note of the German government announcing its inability to pay the next reparations installment, will be forwarded to Berlin tonight by special courier.

The reply was a simple acknowledgment of Germany's notification of its inability to meet the payment, with a commission reserving final decision on Germany's request for an extension of the time limit.

THE ECONOMY BAKING POWDER CALUMET

Calumet possesses the farthest-reaching baking powder economy. It is the most economical leavening agent. It saves in more ways—and makes more important savings than most other baking powders.

You save when you buy it. The price is moderate—it leaves you money over the cost of high-priced brands for purchase of other articles.

You save when you use it. Possesses more than the ordinary raising force—you use only half as much as is ordinarily required.

You'll notice a great difference when you use Calumet. Calumet produces light, sweet, wholesome, flaky bakings.

Remember that 75 to 90 per cent of our product is raised and manufactured in the west. We have been accused by our competitors that we paid no taxes in Idaho. For the benefit of our customers we wish to state that several weeks ago we paid our City, County and State Taxes for 1921 to the Twin Falls County Assessor. Our competitors all say as much? Those who have worn our product will speak for the quality of our western product. Remember, we are now located at 124 South Main, and don't miss the opportunity of getting your winter supplies at this particular sale. UTAH KNITTING CO.

PROFITS SEEN IN DEVELOPING MUSSLE SHOALS

Chief of Army Engineers Says Seven and One-Half Million Dollar Investment Will Yield Paying Returns

WASHINGTON, (AP)—Seven and one-half millions of dollars "can be profitably expended" in new work on the Muscle Shoals, Alabama, nitrate and water power project during the fiscal year of 1922, Major General George H. B. Seagraves, chief of army engineers, says in his report today to the secretary of war. Work on the project was shut down last April as the result of the refusal of congress to appropriate further funds for it. The project, which is being developed for the sale and lease of the plant to Henry Ford.

A financial summary prepared by General Beach shows that to date a total of \$13,733,828 has been expended on the project, which, the general says, is about one-third completed, the percentage of completion for the various units being: Wilson dam, 45 per cent; power house, 11 per cent, and locks, 10 per cent. The sum expended in the fiscal year ended last June 30 was \$7,840,751, the principal items listed by General Beach being:

Items of Expenditure
Dam construction, \$3,108,800; power house construction, \$1,017,000; maintenance and operation, \$495,500; general plant, purchase, construction, operation and maintenance, \$1,291,200; camp construction, maintenance and operation, \$728,000; general expenses including flood losses, labor recruiting, and office expense, \$731,300, and lock construction \$143,800.
On last July 1 the balance available out of funds appropriated was \$399,921 and General Beach says this will be expended by next August as the expense of guarding and maintaining the property against \$30,000 a month.
"Should additional funds be provided," General Beach says, "the work to be done would be: Construction of Coffeydam No. 2 and work thereby continuation of excavator for lock; continuation of concrete work in dam and continuance of excavation and concrete construction for power house. The amounts expended for each would depend upon the date and amount of the appropriation. The rate of expenditure should be approximately \$625,000 per month."

Preparatory Work Done
Discussing the present state of the work General Beach says: "All preparatory work in the nature of

of camps, roads, railroads, plants, shops, etc., is completed. Earth excavation for the lock is 90 per cent completed and rock excavation 18 per cent. About 90 per cent of the excavation and foundations for the dam are completed and about 35 per cent of the concrete placed. About 48 per cent of the excavation for the power house section is completed and approximately 4.6 per cent of the concrete placed.
"Following suspension of construction, property had been collected and stored, and construction equipment placed in condition for immediate storage or lay-up. The navigation of the river is completely blocked by the work to its present condition."

Describes Project
"Describe the project in some detail," General Beach says: "The existing project provides for the construction of two locks, a dam and a power house, 2.7 miles above the railroad bridge at Florence, Ala., securing a head depth of 1-1/2 feet at its extreme low water for a distance of 14.5 miles, and the generation of electric power for the production of nitrate or other products needed for millions of war, and useful in the manufacture of fertilizers and other useful products. The length of the entire section is 38.6 miles, its lower end being 255.5 miles above the mouth of the Tennessee river."

Woman Mayor of Utah Town Gives Views on Duties

Teacher Who Beat Brother in Election Advocates Good Roads

SALT LAKE CITY, Utah, (AP)—Miss Steen Seagraves, a high school English teacher, who recently defeated her brother, P. C. Seagraves, for the post of mayor of Salina, Utah, declared she intends to advocate good roads and an improved water system.
Miss Seagraves said she did not want to win the election, but her brother is glad the job and was the first to congratulate the new head of the city government.
"I did nothing to bring about success for my race for the mayoralty," Miss Seagraves said. "I even campaigned for my brother." In spite of this the brother was defeated by 14 votes.
Miss Seagraves was born at Salina and has taught school there for 16 years. She said she always considered it a citizen's duty to accept nomination for public office and declined to accept the nomination offered her because she thought it was her duty to do so and also because she felt her acceptance would at least add variety and novelty to the life of the town.

Asks Clean Glass.

UNIVERSITY VACATION STARTS ON WEDNESDAY

Students Quit Work on Night of December 21; Resume January 5

UNIVERSITY OF IDAHO, Moscow, (Special)—Christmas holidays will start at midnight, Wednesday, December 21, and will continue until eight o'clock on the morning of Thursday, January 5, according to announcement by President A. H. Updegraff.
The special O. W. R. & N. train which will take students to southern Idaho will start at 10:01 midnight, December 21. It will make connections with all trains on all branch lines and on the Pocatello-Butte line.
The change of vacation dates was made to accommodate the reduced fare on the railroads, which could not be altered. The Christmas fare and a half rate for the round trip could not be made effective until December 22. Students will gain half a day of vacation. Although the beginning of the holidays is delayed half a day, as entire day is added to the vacation at its close.

SOPHS SPRING SURPRISE AT HOOP TOURNEY

Lower Classmen Wallop Senior Quintet by Score of 13 to 6

Team	W.	L.	Pct.
Seniors	2	1	.666
Juniors	1	2	.333
Sophs	2	1	.666
Freshies	0	3	.000

Last evening's play at the high school gymnasium brought out a real surprise of the interclass basketball tournament, when the Sophomores walloped the Seniors by the score of 13 to 6, bringing three teams into a tie. Once more the old adage that team work is superior to individual stunts was demonstrated. The Sophs gave us an exhibition of team work as has been seen this season, playing their older opponents to a standstill.

In the drawing for the championship of the school, the Sophs were this morning, the Seniors and the Juniors will clash this afternoon at 4 o'clock, and Monday evening at 8 o'clock, the Sophs will play the winner of the school championship.

The lineup for the first game:

Seniors	Position	Sophs
Boyd	Forward	Leiter
Scott	Forward	Cole
Logan	Center	Janusz
Patzler	Guard	Croci
Nicholson	Guard	Meyer

Substitutions—Seniors: Hall for Boyd; Howard for L. Scott.

The game between the Juniors and the Freshies resulted in a 21 to 15 victory for the former. The game was played faster than the score indicated, and although the Freshies lost all three of their games, they play each evening showed much improvement.

The crowd was steadily growing larger, and everything points to a big basketball season this year.

The lineup of the final game:

Seniors	Pos.	Freshies
Boyd	Forward	Alford
Logan	Center	Browne
Strickling	Guard	Gentry
King	Guard	Murray

Substitutions—Freshies: W. Swim for Alford.

MALICE IS ALLEGED IN ACTION ON TRIAL

Judge Lee Opens Hearing of Douglas Demand for Damages Against Firm

Testimony is being submitted in the district court today in a suit brought by Douglas Douglas, a resident of Twin Falls, against the Capital Electric company. The suit involves claim for damages in the sum of several dollars demanded as a result of alleged negligence on the part of the company in connection with character and business through alleged malicious prosecution. A jury was impaneled after arguments for costs were disposed of. Judge T. B. Bixley Lee is presiding during the trial.

The Douglas damage suit grows out of an action brought by the Citizens' Electric company of Salt Lake, a branch of which maintains its office in Douglas. Douglas managed in Twin Falls for some time. Douglas was made defendant in the original suit on charge of misappropriation of company funds and property. H. D. Cliney, attorney for Douglas, was the complaining witness in the suit on alleged misappropriation, and on testimony he introduced the present plaintiff as the one who was the original action was decided in favor of Douglas. Homer C. Mills is counsel for the plaintiff in the damage action, with Walter Hodgkin & Bailey and Attorney Glendinning of Salt Lake for the defense.

REGULAR CLOSING HOURS EXCEPT FRIDAY-SATURDAY

Shoe Department and Clothing Stores Lead Way Toward City-Wide Scheme

Following a canvass made by members of the Merchants' bureau of the Twin Falls Chamber of Commerce an announcement was made today that department stores, clothing stores and shoe shops would observe regular closing hours during the coming week except on Friday and Saturday, when these stores will remain open to serve holiday shoppers.

In view of this announcement the bureau has issued an urgent appeal to other mercantile stores to observe this system as a regulation for all.

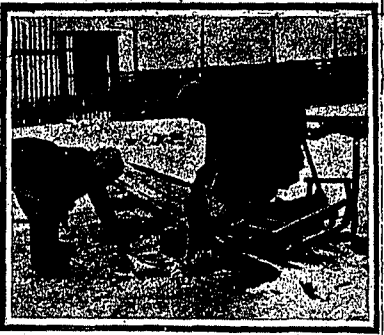

FUNERALS

Funeral services were conducted yesterday afternoon in the DeWitt chapel for Dr. B. Adams, whose sudden death from cerebral hemorrhage occurred early this week. The Rev. E. L. White, of First Methodist church officiated. Burial was in Twin Falls cemetery.

Back from San Antonio, Mrs. E. D. Kellogg returned yesterday from Delta, Colo., where she attended funeral services for her father, H. M. Gray, whose death occurred on Thanksgiving day at San Diego, Cal.

THE APPROACHED FRESHNESS that appeals to the entire family—a beautiful box of Miss Thomas' home-made candy—delicious and pure—

There's Warmer Jobs Than These

In the dead of winter Russian peasant women don't mind a little thing like going to a frozen stream near their houses, breaking a hole in the ice and scrub the weekly wash. The above photo was made in a small town in Russia where modern plumbing is unknown to the women folk.

ASKS FOR NAVY SO GREAT AS TO UPSET PROGRAM

(Continued from Page One)

al of such a building program, is said to have told the arms conference that if France constructs ten such ships Italy may carry out a similar building program.

The British spokesman said today that the French proposals, if accepted, would "throw out the whole naval program." He declared it had met with distinct disapproval from the British delegation.

The British spokesman further declared that Italy did not approve of the French proposition for it "was carried out Italy would be obliged to build to the same amount. This meant, he said, an addition of 700,000 tons to the European fleet, and both France and Italy would spend \$100,000,000 or half a billion dollars in the ten-year period beginning in 1925.

The American delegates, the British spokesman said, also had taken a strong ground against the French proposition, first objecting for economic reasons.

The combined French and Italian fleets thus would be some 600,000 tons stronger than the British or the American allotments under the revised figures agreed on yesterday by the big three.

First Papermaker.
The original papermaker is the paper spider, in the dense woods in the interior of Africa, that large spider building its home from the paper of its own making, when it selects a smooth surface about two inches square, covering it with the threads that are for paper, placing its feet beneath, then spinning a thin border that pastes it down tight until the egg hatch in three weeks.—Indianapolis News.

Slighted Hero.
The children were talking about a movie actor while eating their lunch one noon. One boy was graphically describing his actions and thrilling deeds with his horse. Presently he turned to me and asked: "Miss Mary, why don't we talk about him like we do about George Washington and Lincoln?"

If your property is desirable and advertised in the classified you'll find your buyer.

Softest Known Wood.
Trees belonging to the genus Jacaranda, growing in tropical America, are remarkable for their soft wood. After part of the bark is cut away a suctone can be shoved to the center of the trunk with ease. The wood, when fresh, can be cut into blocks with a knife, as one would cut up parsnips or turnips. As the wood dries, it shrinks to a small fraction of its original bulk.

Alexander Had Gold Coffin.
—Alexander the Great is said to have been buried in a golden coffin.

Classified advertising is the cheapest thing you can buy—measured by the profits it may bring you.

Today's Markets

WHEAT TRADE UNSETTLED

Frequent Fluctuations During Day Are Kept Within Narrow Range

OHIOAGO, (AP)—Wheat advanced lower in price today during the early dealings, the market, being tentatively affected by act of some rain in Kansas and Oklahoma and by general talk in other parts of the winter crop belt. Besides, the Kansas state report added 15,000 bushels to the yield at estimate in the August report. Despite crop figures from Argentina were also given notice. Opening quotations, which varied from the same as yesterday's finish to 3-4 lower, with May \$1.12 to 1.13 3-8 and July \$1.03 to 1.03 1-8, were followed by a moderate general setback and then by rallies which, however, failed to hold.

Subsequently the market fluctuated often but within a narrow range. Bulls made capital of the smallness of Kansas farm reserves as compared with a year ago. The finish was unsettled, 5-8 cent lower to 1-4 advance with May \$1.12 3-4 to 1.12 7-8 and July \$1.03 5-8 to 1.03 3-4.

Corn and oats were relatively firm, influenced more or less by prospective Russian relief demands. After opening 1-8 cent off to 3-8 higher, May \$3 1-8 to \$3 1-4 the corn market hardened a little all around.

Flour—Subsequent to the market's fluctuation of wheat, it tended later to check buying. The close was unsettled, 1-8 cent off to 1-4 cent advance with May \$3 to \$3 1-8.

Oats started unchanged to 1-4 higher, May \$2 1-4 to \$2 7-8 and then showed slight general gains.

Provisions were easier in line with hog.

New Low Record of Temperature is Gale's Child

IN the wake of yesterday's hurricane came a new cold weather record for the season.

And a blizzard, it was, too, being added an abetted in multitudinous achievement by a blurring and injurious west wind that, we too lay to get around folk.

It cut through instead, making the distance by a shorter route to where it was headed.

The big blow had most of its zest about midnight, but managed to keep up a fairish sort of barrage to the discomfort of people whose business kept them out late.

The mercury during the night fell to a low level of 12 degrees above zero, which cuts three markers under the previous record for the present frigid period. The drop was 28 degrees from the high mark of the day.

But this is still the banana belt of southern Idaho, Nevada and other points in the east end are abiding in near-zero temperatures with a snow blanket 1-2 inches or six inches covering everything.

Tonight and tomorrow will see a continuance of the cold wave.

Cash Quotations
CHICAGO, (AP)—No sales reported.

Corn No. 2 mixed 47 1-4 to 47 1-2; No. 3 yellow 47 3-4 to 48.

Oats No. 2 white 36 1-2 to 37; No. 3 white 35 1-2 to 36 1-4.

Rye No. 2 35 1-2.

Barley 46 to 50.

Flour seed \$12.50 to 16.50.

MINNEAPOLIS, (AP)—Flour—Unchanged to 10c higher; in carload lots, family patents quoted at \$9.95 to 7 a barrel in 98 pound cotton sacks.

CHICAGO, (AP)—Butter—Unsettled; creamery extras 43 1-2; firsts 34 1-2 to 34; seconds 32 to 33; standards 37c.

Eggs—Lower; receipts 5,200 cases; firsts 45 to 46; ordinary firsts 40 to 42; miscellaneous 40 to 41; refrigerated firsts 35c.

Poultry—Alive; unsettled; fowls 14 to 22 1-2; springs 21; turkeys 38c; geese 15 1-2.

Omaha Livestock
OMAHA, Neb., (AP)—Hogs—Receipts 7,000; mostly 10 to 15c lower; bulk 39c to 50c pound butchers 40.50 to 50.50; top 48 1-2; packing grades 45 to 45 1-2.

Cattle—1,600; beef steers, shag stock and bulls slow, weak to 25c lower; veals slow; stockers and feeders steady to 25c lower.

Sheep—Receipts 3,500; lambs steady to 25c lower; top 41; sheep and feeders steady.

New York Stock Market
NEW YORK, (AP)—Gains exceeded losses in the stock market today, but the lack of public interest was reflected in the hesitant tone of standard issues. Sales approximated 80,000 shares.

Few features of interest were presented at the opening of today's stock market. The general list displayed little of yesterday's unusual activity. Foreign oils, especially the Dutch group were heavy. Pan-American Petroleum also easing. Metals reacted slightly, the Anaconda-American Brass deal evidently having been discounted. Bethlehem Steel was the only prominent stock to show marked strength, adding 1 5-8 points. Houston Oil, California Petroleum, Davidson Chemical, SAMP, Hooker, Corn Products and Coca Cola were firm and strong. Foreign exchange showed further irregularity on the German reparations situation.

Balls became prominent later, cooler

SOUTHERN REPRESENTATIVES... GEORGE H. DAVID CO., INC., 11 Madison Ave., New York

WE BELIEVE IN IT

The Board of Independent School District Number One is to be congratulated upon the action of its members recently taken in connection with an expense item almost trivial in point of actual dollars and cents but involving a principle of vital importance under existing conditions.

A few days ago a general meeting of members of School Boards throughout the county was arranged by Miss Wolfe, county superintendent of schools, a dinner in which all and sundry might participate being a feature of the session.

Only a few dollars were involved, and probably the underlying idea was in effect that the good accomplished by such session would more than compensate for the expense involved, but the Board reached the unanimous opinion that a business session of school board members was one thing and a social function quite another—those members who attended asked the privilege of paying for their own dinners instead of charging them up to the District.

It wasn't much of a bill and the saving was so small as to be hardly worth mentioning but the point made is worthy of comment. This is the spirit in which thrift in public places thrives and grows fast. It is an exact illustration of the viewpoint from which every item of public expense, no matter how small, should be approached by public officials everywhere.

It is the sort of stuff that helps take the "con" out of Economy.

THE DIFFERENCE

President Harding, in his message to congress, alluded to the difficulty of drawing a line between the laborer and capitalist.

Here is a curious fact that realists who have been preaching the overthrow of "capitalism" have not taken into consideration. Every man with a Liberty bond in his strong box, a few dollars above his needs, or a house and lot, is to that extent a capitalist; and every workman who labors with hand or brain, or both, is to that extent a laborer.

It is likely that a careful census of the population, taken with these two definitions in mind, would show, first, that a very large majority of Americans are laborers;

second, that a similar majority are capitalists; and third, that those who are merely laborers, without opportunity of advancement or hope of anything but the little they now have, are tremendously in the minority.

This is still the country of opportunity. The pool of today will, in many instances, be the rich of tomorrow. The interests of the country do not lie with making it easier for a man to pitter up wealth or in coddling the man who works, but in offering each an equal opportunity and insofar as lies in our power safeguarding the welfare of all.

There is much room for improvement along these lines. A special deal for everybody is all that any American has a right to ask, but every one of us has a right to demand that.

More Truth Than Poetry

THE PASSING SHOW

By S. E. KISER

CHARLES HAPSBERG plaques manking no more. And no one cares what hopes he treasures: Perhaps beside Madeira's shore He dreams about forbidden pleasures. Kerencky, who, a while ago Was saving Russia from confusion, May be a want, for all we know, At any rate, he's in seclusion.

THE lady who was Mrs. Leeds Has ceased to claim the world's attention, And Princess Mary now proceeds To shine with honorable mention. Her vicount, for a little while Will glimmer with reflected glory, And then the busy world will file Away his unimportant story.

WHERE'S Lansing? Surely he has not Been handled by an undertaker! He occupies the public thought No more than Bushson or Baker; We hear no more of Elmsted or The theory that he presented; Who was it put an end to war, And taught the world to be contented?

WHERE figures show upon the screen, And then fade out and are forgotten, We watch the ever changing scene; Some praise the show; some call it rotten; Hut, whether it be good or ill, We always have this consolation: As soon as one thing fails to thrill It's followed by a new sensation.

Life insurance records show that men are loath to live longer, this in spite of woeeful health and the efforts of the profifiers to drive the consumers into early graves. If we enforced and honest dealing were in fashion the undertakers would be in a sorry plight.

CHINESE STATES SWING TO CANTON GOVERNMENT

Southern Administration Gains Added Strength from Alleged Fallings of Delegation at Washington

AMOY, China, (AP)—The province of Kansu is reported to be joining the southern government and to be forcing the province of Shensi to take a similar step. The southern government claims to be gaining strength as a result of what it terms the failure of the Chinese delegation in Washington to secure protection for China's vital interests. Foremost among expressions of opinion here in regard to the Washington conference is the demand for complete abrogation of Jan 21 demands, and the return of Shantung.

ITALY READY TO RESUME RELATIONS WITH RUSSIA

Foreign Relations Committee of Parliament Signifies Approval of the Government's Attitude

ROME, Italy, (AP)—Italy has no objection to resuming relations with Russia through the present soviet government, under certain conditions. Premier Bonomi and Foreign Minister Torinese told the foreign affairs committee of parliament yesterday. These conditions, however, must guarantee Italy's interests. The government reserved full liberty of action as to the method of opening negotiations. The committee signified its approval of the government's attitude.

HAVE OWN DOMESTIC COURT

English Married Pair Alr What They Feel to Be Grievances at Home Twice a Year.

The suggestion that there should be a "grievance" day, a day on which everyone should air their grievances and then forget them for the rest of the year is not the novelty some people seem to think. Two years ago, writes a correspondent, a young married couple anticipated the suggestion by establishing half-yearly complaints courts.

On the selected day, both husband and wife told each other frankly of the faults found in the previous six months. Usually the husband goes into the "dock" first, while the wife submits her indictment. If he has been unjustly forgetful, if he has shown a tendency to prefer his club to his wife and home, if he seems selfish or untidy or keeps too tight a hand upon the purse strings, the charges are put before him and are argued out. When he is convinced, or has shown the charge is due to a misunderstanding, the subject drops. Then the wife has to undergo her cross-examination.

The practice, it is said, has prevented many little faults and grievances from becoming chronic and leading to serious trouble.—Manchester Guardian.

BOAT LINES CONNECT AMERICAN CONTINENTS

Peruvian Canal at Portland Points Out Extent of Ocean Traffic with Latin-America

LIMA, Peru, (AP)—The Peruvian canal in Portland, Ore., in a communication officially notifying the government of the establishment of the newly organized "Latin American Line" of steamships providing regular service from Portland other United States ports on the Pacific to the principal ports of the west coast of South America, calls attention to the fact that there are now five regular lines of steamers on this Pacific route between the United States and South America.

Three of these lines have either been established or re-established since the beginning of this year, denoting a steadily increasing trade between South America and the western coast cities of the United States.

While the number of lines between here and the United States Atlantic coast remains the same, service has been here and Europe is constantly increasing, especially noticeable being the resumption of regular service by the German "Kosmos-Roland" line to Hamburg.

SCHOOLS FOR CHILDREN OF MIGRATORY WORKERS

San Joaquin Valley of California Establishes Innovation in American Educational Annals

SAN FRANCISCO, Cal. (AP)—Schools for children of migratory laborers, the first institutions of their kind ever established in the United States, have been opened in the San Joaquin valley of California. The schools follow the laborers from place to place as they move from one harvest to another seeking employment.

Each one of the schools was provided for by the last California legislature. They are conducted by the state department of education.

Chamberlain's Cough Remedy the Mother's Favorite

The soothing and healing properties of Chamberlain's Cough Remedy, its pleasant taste and prompt and effectual cures have made it well known to the people everywhere. It is especially prized by mothers of young children for colds, croup and whooping cough, as it always affords quick relief and is free from any of those harmful ingredients.

CHRISTIANS OF CILICIA WARY ABOUT GUARANTEE

Tens of Thousands Quit Turkish Territory Despite Assurance of Franco-Turkish Agreement

CONSTANTINOPLE, (AP)—Disturbed by the minority guarantee, proffered for in the Franco-Turkish agreement, tens of thousands of Christians are leaving Cilicia, after the departure of the French, Turks being recruiting troops in the area evacuated by the French. Hundreds of wealthy families are already emigrating to Cyprus and Egypt, while poorer classes are awaiting transport facilities at Mersina. The Armenian Patriarch has officially requested the British high commissioner to advise his government to prevent the emigration of Cilician Armenians to Mesopotamia.

FRENCH ARTISTS' WORK IS GIVEN TO AMERICANS

Museums of United States and Canada Receive Bequest of One Centuries During Year

NEW YORK (AP)—Seventy-one works of art by living French artists have been given to museums in this country and Canada during the year by the Committee for the Diffusion of Modern French Art. Twenty-eight other paintings are to be offered to American museums, the committee announced, 20 of them donated by Otto H. Kahn.

The two others are "Terrace," by Mameh, the Mousillon painter, the gift of Marshal Lyautey of (left) French representative in Morocco, and "Boucar," by "Le Port de Maroc." Among the canvases collected by Mr. Kahn is one by Orsini, the artist who learned to draw with his left hand after losing his right arm in the war.

PERU STANDS FIRM ON TACNA-ARICA QUESTION

Statement of Foreign Minister Indicates Opposition to Plebiscite Proposed by Chile

LIMA, Peru, (AP)—Dr. Alberto Schuch, minister of foreign affairs, indicated today that Peru would not accept the proposal of Chile for a plebiscite to determine the sovereignty of the provinces of Tacna and Arica. When questioned concerning the Chilean government's note, he said: "The position of Peru remains firm in this question, and in view of the incontrovertible justice involved and of the sympathy and moral support being received from the principal American and European countries, the territorial rights of Peru will be safeguarded from the designs of Chile without disturbing the peace of the continent." "The plan of energetic defense of Peruvian rights which the Peruvian foreign office has prepared and the promising and resolute form in which the international conference is being revealed, inspire confidence that this will be the case."

FACED ADVERSITY BUT CONFERENCE TITLE WAS TAKEN

Coach Borke of Whitman Proved Miracle Man of the Northwest Division

WALLA WALLA, Wash., (AP)—From a small football squad, which some days numbered only 20 or 25 men, Coach H. V. Borke of Whitman college here this year, single-handed turned out an eleven which won the Northwest conference championship.

Whitman had probably the smallest squad in the conference and even team it met represented schools which outnumbered it in enrollment of men from one to fifteen times. Some of the teams in the conference had more than 200 men on their squads early in the season.

In the Northwest there are the Oregon Aggies, the University of Oregon, Washington State, Willamette university, University of Idaho, University of Montana and Whitman. In the conference race Whitman won all of its games, defeating Idaho, Montana and its old rival, Willamette.

In general athletic work at Whitman, approximately 80 per cent of the men are active and all under Borke's direction.

STUDY OF PLANS RESTORING DRAFT GETS NO RESULTS

Major League Magnates Spend Day Discussing Plaguique Question

NEW YORK, (AP)—Several plans for a restoration of the draft under conditions satisfactory to both minor and major leagues were being considered by the baseball advisory council today.

One of the plans provided that in the event of a class AA club losing a player via draft, the major league club receiving the player, after paying \$2500 as provided in the present arrangement would send a player to the AA club in lieu of the drafted man. Another proposal that the draft price be raised to \$7500 and that in case the drafted player did not measure up to major league standards he should be returned to the club from which he was taken at half the draft price.

The major leagues resumed their joint session in order to settle a few matters, including the proposed to restrict the rule prohibiting world series players from barnstorming and Commissioner Landis' suggestion for a reduction in admission prices for the world's series.

Judge Landis yesterday carried through one of his ideas—the seven game world's series.

Two Mikes Will Settle Question in Ring Tonight

O'Dowd and Gibbons Scheduled to Decide Fistic Supremacy on Home Ground

ST. PAUL, Minn., (AP)—Mike O'Dowd former middleweight champion, and Mike Gibbons will settle their pugilistic differences here tonight.

In a ten-round no-decision bout, each will seek to answer definite questions in favor of the question of supremacy at fisticuff—a question that has disturbed their respective followers since the two twins were hammered through ten rounds here in 1919.

Good Advice.

German, says the United States public health service, are usually a yard to mouth affair. Better wash.

MEYERS PUTS OUT FRANKIE REAGAN IN TENTH ROUND

Colorado Boxer's Early Spurt Avails Nought Against Pontanello Flash

BOCATTELLO, Idaho (Special)—"Sug" Meyers of this city last night stopped Frankie Reagan of Pueblo, Colo., in the tenth round of a scheduled 12 round fight. The men are junior lightweights.

Starting off in whirlwind fashion Reagan led in the first three rounds. After that Meyers solved the Colorado boxer's style and beat him seven of the remaining rounds. In the eighth the local boxer led Reagan in distress, putting the Coloradoan down three times. In the ninth the bell rang Reagan, who was down for eight counts when the gong clanged. A right away to the chin settled matters in the tenth.

In the aftermath, Ernest Wolff of Malvale, Utah, and "Red" Van Sike of Twin Falls went six rounds to a final. This clash was fast from start to finish.

The curtain raiser of four rounds between "Toughy" O'David of this city, Eddie Owen of Butte, resulted in a decision for the local lad. It was a time exhibition and the poorest of the evening.

Recid Wadlie and Russ Anderson, local boxers, went four rounds with Wadlie having a slight shaft.

The two preliminaries were refereed by Dick Leach, while the main event was in charge of John Nevin.

Landis Worsted Spinning Yarns With Railroader

Magnate is 120 Years Old According to Doctors; Commissioner Just a Kid

NEW YORK, (AP)—Two white-headed men engaged in a story-telling contest yesterday about their ages during the meeting of the major league baseball club.

Said Judge Landis, baseball commissioner:

"I am 55 years old, but my doctors, after an exhaustive examination, have told me that I have the physical vigor of a boy of 34."

Then Judge Landis sat down.

Moore and Buff Crowd is Small and Cash Light

Bantam Championship Scrap Not Popular with Milwaukee Fans

MILWAUKEE, (AP)—Receipts at the Bohmy Buffalo fight here last night fell somewhat short of expectations when totaled today, the gate amounting to \$19,200. Buff drew \$2000 as his end and Moore about \$2000.

Moore, was given the newspaper decision at the close of ten lively rounds.

Asphic Acid From Coconut. Acetic acid is being manufactured from coconut shells in Ceylon.

TWIN FALLS MARKET

If the housewife would really cut the high cost of food, say the groceryman, she should buy in bulk as far as possible. The day of bulk sales is here again, and many things procurable in the past few years in packages only are now being sold in the desired quantities from the barrel. An illustration of the rest of the package dealers' side of the price of animal which is 10 cents per pound by the package and 7 cents by the nine-pound sack. Corn shows even a greater difference with the same quality product is offered in any desired quantity at 9 to 10 cents a pound. Coffee shows the same principle of reduction to the consumer for a standard item, sold at the rate of 12 cents a pound, but purchased by the nine-pound sack, costs but 7 1/2 cents per pound. Purchases of this nature will save the consumer by buying in the larger quantities.

"I would like to have housekeepers realize that the smallest package sold in bulk and in cardboard containers except at a very considerable cost," said one dealer. "If they wish to avoid this cost, they may buy in bulk."

Taking Disparate Chances. It is true that many contract severe colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand such succeeding attacks, and paves the way for the more serious diseases. Can you afford to take such disparate chances when Chamberlain's Cough Remedy, famous for its cure of bad colds, may be had for a trifle—advs.

ELKS CONCLUDE MEMORABLE DAY AT FEAST TABLE

Banquet of Merit: Tapers Off Important Era in History of B. P. O. E. Lodge

One of the most important and memorable days in the history of the Elks' lodge in Twin Falls was brought to a conclusion with a banquet which was held last night in the Shoshone street east. The feast concluded a day of important activities beginning with the erection of the cornerstone of the \$250,000 temple, now in course of erection at the corner of Second avenue north and Shoshone street.

Speech Eliminated.
The outdoor ritualistic ceremonies were conducted by the principal officers of the lodge and were carried out in identical form with the exception of the occasional address. M. J. Sweeley, former state senator, was scheduled to deliver this speech, but owing to an "infirmity" consisting of a severe headache, his function was dispensed with.

Candidates Received.
During the evening a class of 40 candidates was presented at the B. P. O. E. altar where the vows of Elkhood were taken and pledges were made to the order and the country taken. Toasts, done to toothsome finish, was the feature piece on the menu. Following the feast the committee of women who were to give feature events on a rumber program. The initiatory ceremonies, banquet and after-program were particularly well-attended and greatly enjoyed.

STATE AND FEDERAL LAWS ARE IN ACCORD

United States Deputy Game Warden Says Hunting Must Cease at Sunset by Statute

The idea that state and federal game laws are in conflict with respect to the hours during the day in which ducks may be shot or hunted is leading to complications, according to John F. Schuber, United States deputy game warden, who is in Twin Falls today on business connected with his department.

Both sets of laws absolutely prohibit the ducks may be shot or hunted from half an hour before sunrise to sunset during the open season. Section 2757 of the state law says: "No person shall hunt or kill any wild animal. It will be a misdemeanor for any person or persons to shoot, shoot at, kill or attempt to kill any migratory bird on any day except from one-half hour before sunrise to sunset, during the open season described therefore in the federal and state regulations."

The federal statute says: "Waterfowl may be taken from half an hour before sunrise to sunset during the open season prescribed therefore in this regulation."

LONG DEGREE SESSION PLANNED BY TEMPLARS

Commandery Men Will Start Work Class in Early Afternoon—Dinner to be Served

Beginning at 4 o'clock Monday afternoon, members of the Knights Templar order of Masonry will hold a long extraordinary degree session in Masonic temple. Work is scheduled to start promptly at the time announced and will continue under the direction of officers recently installed, until 6:30, when dinner will be served. The orders of the Grand, Knights of Malta and the Temple will be conferred on several candidates.

Plans have been completed for the regular Christmas observance, to be held at the hall on Christmas eve. Special music will mark the occasion and the customary offering for charity will be received.

The News is read by the permanent reading class.

Woman With "Wonder Hands" Cures by Massage

In the Volunteer hospital, in the lower end of New York's waterfront there is a little woman who has "wonder hands." Many parents of crippled children will testify to that. Miss Fanny Amato is the "lady of the wonder hands." She employs nothing but a

DEMAND FOR FICTION IS BELOW GENERAL AVERAGE

Less Than Three-Fourths of Books Taken from Public Library Shelves are from Story Teller's Pens

Average daily circulation of 243 books and a record circulation of 429 in one day, is shown in the report presented to the library board by Miss Jessie Frazer for the month of November. A total of 1077 books circulated during the month. About 40 per cent, is, according to the librarian, slightly less than the average percentage of fiction circulation shown in library reports in general. About 40 per cent of the total fiction circulated was taken by children, which, according to Miss Frazer, furnishes interesting food for thought on the part of those charged with juvenile literature.

Figures on religion, sociology, science, literature, history, travel and biography show little change from the totals of the month. The total receipts for the month are shown to be \$93.00 of which sum the city clerk yielded \$10, the county, \$10, the city, \$10, and the fines and collections \$41.98. New memberships to the number of 126 were granted during the month.

"I wish to reiterate a statement made some weeks ago, that the library is here to serve every individual in the community," said Miss Frazer in presenting the report. "If there is a book that you need in your business or a book that you wish to read, if it is in our stock, let us place it on the shelves of the public library. Let us know of it, and we will give you every service in obtaining it. We appreciate that the only worth while library is the one that serves the community as a whole."

Wanted Man Power.
Those accustomed to the good old ways are always insistent in their declaration that the claims of the efficiency experts have been greatly exaggerated. New methods, whatever their merits, are not always popular. It is claimed that it still requires the services of two willing adult workers to display the wonders of a three-ring circus satisfactorily to one youngster.—Christian Science Monitor.

Did Sweeley Speak or Didn't Sweeley Speak?

Possibly Up Against a Puzzling Situation if Elks' Cornerstone is Ever Opened

It is to be regretted that, possibly, should it have occasion to examine the archives and analyze the information contained in the various documents made a part of the cornerstone deposit of the Elks' building, will never know for sure whether Senator Sweeley delivered his speech or not.

A copy of each of the two newspapers was placed in the box. One gave an interesting and graphic account of the Sweeley speech, the other declares that because of the inclemency of the weather there was no speech. Of course if Senator Sweeley had spoken, it is to be presumed that his words would have conformed more or less accurately to the published account, but how is possibility going to know that? The situation can hardly help but lead to argument!

WHITE NAMED CHIEF OF REALTORS' BOARD

Dealers Form Organization with Modified Commission Plan

Purport to a call issued a week ago realty dealers of Twin Falls met following luncheon served at the Hotel Rogerson yesterday afternoon and regularly established a local realtors' board. The officers of the new organization are:

J. E. White, president; J. S. Keel, vice president; E. J. Beach, secretary-treasurer. Another meeting will be held a fortnight hence to complete matters brought up in discussions at the organization session. After that the board will hold regular monthly meetings.

In completing organization, the honor of realtors received a report from the committee appointed a week ago on by-laws and constitution. These articles are similar in most respects to the by-laws and constitution governing the Northwest and the National Association of Real Estate Dealers, were adopted as such with slight modifications relating to commission charges. These charges in Twin Falls, it is explained, are lower than are observed by the big organizations. The by-laws committee was composed of Leonard Smith, E. J. Beach and T. J. Woods.

Anyone having seen Daniel K. Frost, Jr., since Tuesday, December 13, will greatly relieve a mother's anxiety by phoning 61731—adv.

MILLIONAIRE FACTORY OWNER IS INCOMPETENT

Buffalo Jury Declares William Wendt of New York and California Disqualified to Handle Affairs

BUFFALO, N. Y. (AP)—William Wendt, millionaire manufacturer, of Buffalo and Los Angeles, was declared incompetent to handle his own affairs by a jury here today. The case, was given to the jurors yesterday afternoon. Their verdict was reported at the convening of court today.

Wendt's eccentricities, according to the evidence, included the giving up of his home here to live in a cheap hotel; carrying about in his pockets' bonds worth several hundred thousand dollars; claims of close acquaintance with royal families of Europe and the writing of strangely worded letters. His next hobby was whiskey drinking; one of the witnesses testified his average indulgence being three plants during a day and a quart at night. He did not come here for the trial.

Lawyers representing Mrs. Wendt and her daughter, Margaret Wendt, petitioners in the action, said they would ask a county court tomorrow to appoint a trustee of three to handle Mr. Wendt's affairs.

The Romance of the Pearl
The romance which surrounds the pearl is as old as history. Cleopatra dissolved and swallowed a pearl worth \$400,000 in honor of Antony; the Thomas (Creston) dining with Queen Elizabeth, dissolved a pearl worth \$300,000 and drank it.

DOLLAR SALE OF U. S. ARMY GOODS

It was learned today that the Army & Navy Clearing House located on Main avenue north, this city, will celebrate on Saturday, a remarkable dollar sale—the first sale of this kind in the history of the army and navy goods business.

Extraordinary preparations were made for the event. Big special purchases of articles including items of army and navy furnishings and miscellaneous goods were made for this sale. The bargains are probably the greatest of their kind that Twin Falls has ever seen.

In addition to the scores of dollar sale items offered on Saturday there will be a number of other special cut-price sale in force on this particular day. Immense quantities of shoes and clothing will take part in these "cents" affairs on Saturday at prices that are considerably lower than goods of this character have yet been offered for here.

The sale will open at 10 o'clock a. m., sharp, December 17—adv.

Cubans Will Protest Fordney Tariff Bill

HAVANA, (AP)—A public demonstration against the Fordney tariff bill scheduled to be held here Sunday, has been approved by President Zayas, who will review the demonstrators from the balcony of the presidential palace.

Precautions are being taken to prevent any violence which would give the parade an anti-American aspect.

Blind People Good Gardeners

Blind men make good gardeners, says Mrs. Dancombe of London, founder of the Guild of Blind Gardeners, who was an enthusiastic gardener before her sight began to fail. "I can tell different flowers quite easily by the sense of touch," she said. Miss D. Brown, who is interested in the guild, quotes the instance of a blind gardener she employed who could tell different types of roses by touch alone, where to other people scent was the chief guide.

Women Join Chicago Stock Yards Rioters

CHICAGO—Women strikers played a prominent part in the stockyard strike here in protest against wage reductions brought about through the "shop representation" plan. Union officials contend that approximately 10,000 men are on strike with almost as many women from the packing house district. The rioting is reported to be almost as violent as the race riots in 1919. Many have been injured in the clashes with the police and strike-breakers. The photos show a group of women leaders of the strike from the packing house district who were arrested, and one of the strikers who was injured. His wife still clings to him.
