OFFICER TESTIFIES TO EXECUTION OF SOLDIER

Colonel Charles J. Symonds, in Command at Gievres, Gives Senate Investigating Committee Details of Secret Hanging

IDENTIFIES PICTURE OF GALLOWS ERECTED FOR EXECUTION PURPOSES

WASHINGTON, (AP)—Army officers were called in today by the senate committee to identify American soldiers had been hanged in France to check up on testimony of former service man as to the alleged illegal execution.

Dr. H. E. Ross of Danville, Ill., a detachment along with the sixteenth infantry, declared he heard of no hanging at Gievres, and that he never heard of any hangings in that locality.

"If a man in the sixteenth infantry had been hanged as charged would you have heard of it?" Chairman Brandegee asked.

"Unquestionably," he replied. Senator Watson presented to the committee an affidavit by J. A. McDonald of Youngtown, Ohio, setting forth that he was at the execution in France, when Private Fitzgerald was shot and killed by a Sergeant Cooper or Kutupa, of Nevada, Pa.

McDonald said he was ready to testify in support of recent testimony that effect by Edward Dyer of San Francisco.

DETAILS of the execution of a soldier at Gievres, on June 30, 1910, was given by Colonel Chas. J. Symonds of Camp Sherman, Ohio, who was in command there at the time. The gallows, he said, were erected the night of May 10, 1910, the execution was secret and was not known generally until the next day.

"I have no reason for making it public because the crime was not committed at Gievres," he added. "I directed certain members of the sixteenth infantry to be taken to the gallows at Gievres."

"There was any other gallows at Gievres?" Chairman Brandegee asked. "No, not while I was there, from February 1910 to 1918. Some other gallows hereafter he had testified that guards had told them of the hanging of upwards of a dozen soldiers at Gievres."

Colonel Symonds was shown a picture of a gallows at Gievres, as submitted to a former service man.

"It corresponds closely to the one at Gievres. I believe it is the one I ordered erected there," he said.

Questioned regarding testimony that two soldiers were hanged near Gievres, Colonel Symonds said he could not conceive of anything of the kind happening without a report of it reaching him.

DEPARTMENTS HAS RECORDS WASHINGTON, (AP)—Complete records in the cases of American soldiers hanged after court martial in France were reviewed today by senator-elect Colonel Walter A. Riel, assistant judge advocate general in the army.

Colonel Riel is a senate committee inquiring into the case of a soldier who was killed by death without trial.

Colonel Riel had been presided by Senator Watson, democrat, Gievres, whom charges in the senate and to the appointment of the committee, as to why no reports of legal executions were made public until long after the execution.

"We sent the department the name of the man hanged, the fact of the execution and the offense," said Colonel Riel, "and the department made the facts public."

Names of men hanged were not given to the senate in consideration of relatives, the witness said.

Touching on the case of Benjamin King of Wilmington, N. C., who according to the report was killed by an officer of "Hired Hells" Smith, an officer in charge of a prison guard.

DELEGATES ARE OF ONE MIND AS TO ARMAMENTS

Five Power Naval Limitation Treaty Subject of General Discussion by Representatives at Conference

HARMONY PREVAILS IN MAJORITY OF DETAILS

Word Expected from Tokio at Any Time as to Final Draft of Pacific Fortifications Provisions

WASHINGTON, D. C. (AP)—While they waited word from Tokio on the final draft of the Pacific armaments provisions, the naval "big five" of the arms conference went today to the five-power naval limitation treaty.

Aside from the fortifications articles and various annexes to the treaty, the five powers of the Pacific in wide agreement on all portions of the treaty text. Before the five came together, each of the delegations had made separate studies of the viewpoints remaining at issue.

During the day the Shantung negotiations also were renewed by the Japanese and Chinese, with an understanding that it should be completed by the end of the week.

The delay developing over reference of certain articles of the naval treaty to Tokio, led to a general belief that no treaty would be possible before next week.

In the fortifications article, the chief difficulty is understood to have arisen over the question of the geographical area to be embraced in the Pacific fortifications "status quo."

The five-man power question is whether a string of Japanese islands extending 300 miles to the southwest of the main Japanese archipelago are to be included in the area which further fortification is prohibited.

Though little public attention has been drawn to the matter of the annexation of the Hawaiian Islands to the Pacific Islands, the general board of the American navy attaches a good deal of importance to it.

Question of Definition. The question is whether the term "Pacific Islands" applies to the islands of this character which are in continuation of a main archipelago as in the case of Japanese or the Alaskan Islands, which are detached from the Alaskan peninsula. The term was fixed in the Root-Takahira agreement many years ago, and while it has proved difficult to maintain up to the present moment, it was felt that there was no occasion for a more precise understanding on the subject.

It is not clear how the matter is to be settled, as the number and caliber of guns to be permitted to airplane carriers. It has already been decided to attach a "water" article to the treaty. These will deal with the limitation of the replacement of capital ships, scrapping of ships and such technical subjects.

Franklin D. Roosevelt. A short preamble has been submitted for the long one originally drafted by legal experts. It includes general terms and conditions such as arrangement to reduce the burdens of armament and to make for the continuation of peaceful relations between the nations. As a result of these additions, however, the length of the treaty and its annexes, now considerably exceed 50,000 words.

ANOTHER SET OF FINAL TERMS TO GERMANY READY

Rumors of Criticism of Attitude of French Premier Introduced New Note into Deliberations at Cannes

CANNES, France, (AP) - While the allied supreme council met today to consider Germany's war reparations...

Approval last night of the plan for an international financial corporation left the reparations question as the most important item left on the agenda.

The final terms for reparations payments that the German delegation will be asked to accept are 720,000,000 gold marks and reparations in kind to the amount of 1,700,000,000 gold marks annually.

France, finally receiving any part of the one billion marks already paid, will get 1,125,000,000 marks of the payment in kind each year the remainder going as follows: 510,000,000 to Italy; 100,000,000 to Great Britain; 125,000,000 to Belgium; 7,000,000 to the United States.

Of the 720,000,000 gold marks payable in cash in 1922, Great Britain will get 120,000,000 of which she will loan 150,000,000 to France, the loan being repayable from later cash payments by Germany to France.

This division applies only to the present year, the idea being that the payments in cash be in part applied to payment of interest on war loans the German loans to the value of one billion gold marks now in the hands of the reparations committee to secure payments of 510,000,000 to Belgium, 450,000,000 to Great Britain and 31,000,000 to Italy.

ASKS LEGION TO WORK ON CHAMBERS OF COMMERCE

Campaign for Soldier-Help is Extended to Commercial Bodies of Country

CHICAGO, (AP) - National Commander Hanford MacNider of the American Legion issued an appeal last night to all Legion posts to present the case of adjusted compensation for ex-soldiers before chambers of commerce in every city of the United States in connection with the referendum on that question now being conducted by those bodies.

The campaign is to begin immediately, as the Chamber of Commerce of the United States, which submitted the referendum to its members, has set the time limit in the voting at February 1st.

Legion leaders, dwelling upon the pending bill, declared the measure has not been understood. Commander MacNider, in a letter to Joseph H. De France, president of the Chamber of Commerce of the United States, which was made public last night, said that "in opposition to this measure lies principally the ignorance of what the bill really calls for. There is a cash payment option, it is true, but it is taken care of by small payments, several months apart. The other four features of the Legion bill (insurance, vocational aid, or assistance in acquiring land or a home) your organization does not mention."

OLD TIME PISTOL DUEL ENDS IN RECONCILIATION

Population of South American Capital Greatly Interested in Details of Affair

BUENOS AIRES, (AP) - The popular fancy has been captivated by the details of a duel which has been fought here by Dr. Rodrigo Moreno and Senator Pedro Pablo Kuczynski. Dr. Moreno is an eminent conservative politician and candidate for the governorship of the province of Buenos Aires, while Senator Kuczynski is a no less prominent radical politician. The dispute arose over old phraseology of a radical election poster. When Dr. Moreno criticized the senator's slogan, who was in no way responsible for it, felt it incumbent upon him to do battle for its author, with the result that Dr. Moreno demanded satisfaction. They met with pistols in a suburb of Buenos Aires attended by several distinguished men, including the former mayor of the city and a Chilean diplomat.

Both fired at the signal but neither was wounded. Dr. Moreno's seconds noted that Senator Kuczynski had fired at the ground and they then insisted that Dr. Moreno should stand up unarmored to receive another shot but Senator Kuczynski refused to do so. A discussion resulted in a reconciliation.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur It Brings Back Its Beautiful Lustre at Once

Gray hair, however handsome, does not advance age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold. Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Weyth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because if darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two the natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger—adv.

Mr. and Mrs. Edna Johnson will resume his duties after a short visit with his parents, Mr. and Mrs. A. W. Lickley, of the Barrymore neighborhood.

The first basketball game of the season to be played at Jerome will be with Wallace on January 14. This includes both girls and boys games.

INDEPENDENCE DAY. The Charley Corcoran Club never failed to publish an account of anyone of any note who appeared in that small village. So when the Rev. Mr. Johnson, a member of the same club, was elected to come here for a few days, it started its story in this way:

"Dr. Johnson is among us for a brief season. He says he is exactly as he thinks right, without regard to opinions or beliefs of anyone else. His wife is not with him."

JUST BEFORE THE RATTLE. Mrs. O'Brien—"They say it's not polite to be helped twice, Mr. Flaherty but you'll take another piece of my cake, won't you?"

Flaherty—"Indeed, O! will that, Mrs. O'Brien. Sure, it's the height of politeness to let a sinner piece as such cake as this." Western Christian Advocate.

CIRCULATION OF BOOKS IS REMARKABLY HEAVY

Review of Year Shows Active and Prosperous Condition According to Librarian's Report

A circulation of 68,480 books during the past year is considered a very good record for a library, the size of the Twin Falls institution, and is an increase of about 8000 over that of last year, according to figures submitted to the board at their last meeting.

"The value of a library is to be measured solely by the circulation of its books," said Miss Joanette, librarian, in discussing the growth of the Twin Falls institution, "and with these figures we feel justified in making the statement that the library is steadily becoming a more valuable asset to the community."

"There are only 6000 books in the library, and many of them were not taken out during the year, so that means a very good circulation for the more popular ones. We have had 1500 new members during the past month. Where do they come from? Our debating material is being used by teams from Florio, Buhl, Jerome and Gooding. When we are able to command supply the room to enable us to accept all the books and magazines offered us, we can be of very much assistance to the younger towns of the past month. acting as a receiving station and distributing house for collecting and distributing all the library material that is available in the community. If we could be useful and clearly help."

In using books of science, literature, and travel, the children led adults during the past month, as shown by the library records. Few new books are being added as it is the policy of the board to keep well within the budget.

NEW PRESIDENT OF FREE IRELAND READY FOR WORK

Little Chance of Turn in Popular Feeling, Declare Leaders—Press and Counsel Complete Acceptance

DUBLIN, (AP)—Arthur Griffith, new president of the Dail Eireann, and his cabinet assumed today the places to which they were elected last night. It was believed that careful work was necessary, if pitfalls were to be avoided during the months which elapse before final ratification of the treaty creating the Irish free state was possible.

On February 14 the dail will reconvene to ratify formally the agreement which it approved as the representative body of the Irish republic.

"The possibility of the preferential stipulation was and is not ignored, and it was feared in some quarters that the republicans might use the interval in attempting to turn popular feeling to their side.

The new dail leaders, however, claimed to have assumed their tasks backed by the almost good will of the majority of Ireland's population. The reported decision of Great Britain to liberate immediately all political prisoners would, it is believed, strengthen their hands against any such efforts on this score and if the British troops and other signs of "foreign domination" were rapidly removed their troubles would be further lightened.

Irish Times Content

The Irish times is confident that the people will accept the free state and consent to private life of the republic. It says their wishes in the dail, but it says until then there will be no stable government and order.

"Until Griffith is able to rally the people to the defense of their own affairs he can merely hope to hold his ground and make no headway. Nothing is more certain than that Griffith will not be able to do this, and the only way to his aid is to force the provisional government to the polls before the free state is embodied in law.

If it is made known that the treaty's friends would fight, the treaty's friends would fight. It is the British cabinet's duty to combat the Irish settlement with argument."

HUNGRY MICE SAVED COYOTES

Rodents Interfered With War on Poisons in Wyoming by Eating the Poisoned Bait

Hungry mice in Wyoming have recently become such frequent visitors to poisoned bait spread for coyotes that the work of the poison squad seeking to kill coyotes has been seriously interfered with, according to a biologist serving the United States Department of Agriculture.

"Owing to the extremely warm weather," reads the report, "coyotes stayed in the rough and brushy places, which made it necessary to put the poison bait in and around them in places. It was noted that mice interfered materially by carrying away and eating the poison baits before the coyotes could get to them.

"Poisoned grain was used in an effort to kill off the coyotes, but in many cases there was no end to mice coming into poison stations."

Notwithstanding these difficulties, the five men assigned to poison work made a satisfactory report, says the biologist.

A taxpayer, whose income arose from his position as a lawyer, made a trip to Canada in line with his profession, and had gotten through with the case and half another one (which Mr. Volstead would not have approved). His wife, however, was nervous over his presence in the house. Being a conscientious person, she could only conclude that he was a lawbreaker and her mind was uneasy. In proportion as the case dwindled, her hopes rose.

Her worst fears were confirmed when one day the bell rang and the maid announced that a revenue agent was at the door. With presence of mind, she and the maid hastened to dispose of the forbidden stuff. When the remaining bottle had been emptied down the drain, she proceeded to confront the menace of the door—cool, calm and defiant.

"I'm a revenue agent," he informed her. "I've called to see your husband about a matter in connection with his 1910 income tax return. Is he in?"—Wall Street Journal.

Social Notes

Edited by Mrs. E. B. Williams—Telephone 393

The King's Roster's adult Bible class of the Methodist church enjoyed a delightful party in the church parlors Tuesday evening. A splendid program was given followed by a social time with refreshments.

The installation of officers of the Eastern Star last evening was the signal for a gala occasion when a large number enjoyed the exercises and dances following. Mrs. Dora Sawyer, the retiring matron, assisted by Mrs. Wilford Baldwin, as marshal, installed the following officers: Mrs. Jean Dickerson, worthy matron; Charles E. Jones, worthy patron; Mrs. Huldy Ware, associate matron; Mrs. Nellie Sigman, secretary; Miss Fredman, treasurer; Mrs. Joseph Finch, conductress; Mrs. Anna Johnson, associate conductress; Miss Pauline Ripley, Mrs. Eva Heinicke, Mrs. Mrs. Williams, Mrs. Walter, Mrs. Aurora Brand, Martha, Mrs. Anna House, Electa; Mrs. Harriet Hoag, chaplain; Miss Eula Ripley, organist; Mrs. Elvora, flower girl; Mrs. John Harvey, waitress; Mrs. Wilford Baldwin, marshal. After the incoming matron was installed she presented to Mrs. Sawyer, in a fitting speech a pair of "mitten" jewelry. During the dancing punch was served. Word was passed that the grand worthy matron will make her official visit in February.

The men's Bible class of the Baptist church entertained the women's class in the lounge of the church last evening. An entertaining program was given, the first number being a song party, different members of the class burning a fagot at the fireplace and telling a story while it burned, these being among some being comic and others blood curdling, and all showed intelligent versatility. This was followed by "The District School," Rev. Toliver taking the part of the schoolmaster. Selections were sung by a quartet, the members being L. H. Perrine, D. C. Sparks, C. H. Coonrad, and A. Huntsman. About 100 were present and refreshments were served.

The Skookum-Tillamook Campfire met Monday night at the home of Margaret Selby on Ninth avenue north. The members, Valere Snowberry and Imogene Ewing, were admitted. Margaret Selby presided over the business meeting at which officers were elected. A social hour followed.

Mrs. John Graham and Mrs. George Enley will entertain the Episcopal club Thursday afternoon at 4:30 o'clock in the social rooms of the Parish hall.

TODAY'S MARKETS

OPENING HOURS ARE VERY QUIET

Market Dull and Uncertain; No Special Features of Any Kind

NEW YORK, (AP)—Features of special interest were lacking at the dull and uncertain opening of today's stock market. Bethlehem Steel was the only prominent issue to make more than a fractional change, gaining one point. Most other industrials were lower. A few also oils and milk. The market steadied within the first half hour on renewed buying of Mexican Petroleum. Preliminary foreign exchange quotations were low, especially French and Italian rates.

Bulls hastened later, their improvement contributing to further gains among oils and specialties. The closing was strong. Liberty issues featured the expansive bond market, the 3-1/2's showing especial strength.

Trading in stocks today was overshadowed throughout by further heavy buying of Liberty and Victory issues, these almost without exception mounting to highest prices for a year or more. Role of stocks approximated 500,000 shares.

Liberty Bonds. NEW YORK, (AP)—Liberty bonds closed: 3-1/2's 497.75; first 4's 497.80; second 4's 497.74; first 4 1/4's 498; second 4 1/4's 497.80; third 4 1/4's 497.80; fourth 4 1/4's 497.80; Victory 3's 4 1/4's 498.75; Victory 4's 498.10.

Chicago Grain and Provisions. CHICAGO, (AP)—Wheat prices developed strength in the early trading today owing largely to absence of confirmation of yesterday's reports that French banks were in trouble. Besides bulls contended that the outlook for the new crop in the southwest remained doubtful. Selling pressure was light. Opening prices, which ranged from unchanged figures to 1/2 higher with May \$1.09 1/2 to 3/4 and July 98 3/4 to 1/2.

Savings Accounts

The habit of putting aside some income for a particular purpose, perhaps to buy an automobile, is of great importance in building up the ability to succeed in accomplishing other objectives. If you set yourself to reach one goal after another, you will find each goal attained makes the next easier. Saving on a checking account is subject to temptation of spending before the object is attained. A savings account makes you think twice before withdrawing.

QUESTIONNAIRE ON TAX ISSUES GIVEN APPROVAL

Chamber of Commerce Directors Endorse Committee's Plans for Tackling Problem; Expression of Opinion Asked

Under plans of its "tax" committee, approved by Twin Falls chamber of commerce board of directors at a meeting last evening, questionnaires will be distributed soon among rural and urban residents of the city and vicinity, asking for expression of opinion on the existing tax questions and for suggestions as to how tax levies may be reduced.

Distribution of the questionnaires is the first step in the committee's plans for endeavoring to bring about reductions. One form of questionnaires is to be completed for use in rural districts and another for distribution among residents of the city.

Urges American Falls Contract

Endorsement of the resolutions passed by the Twin Falls Canal company stockholders urging Secretary of the Interior Fall to sign for the reclamation service a certain contract with the Idaho Power company necessary for further progress with work on the American Falls dam and reservoir, was voted by the directors who authorized dispatch of a telegram to Representative Addison T. Smith to this effect.

An invitation to the architects, engineers and irrigation engineers now in session at Rupert, to hold its next regular convention in Twin Falls, is to be extended in conformity with decision reached at the directors' meeting.

Invite University President

Secretary Nowel R. Wright has been invited to extend an invitation to President D. U. Upham of the University of Idaho, to address a luncheon meeting of the chamber of commerce. The directors voted to accept reciprocal membership with the University of Ogden, and tabled a proposal for affiliation with the Park-to-Park highway association.

SALMON'S ROAD PETITION NEXT

Breakup of Twin Falls Highway District Seems Indicated in Developments

With petitions for creation of the Kimberly highway district and Murtagh highway district already filed and pending the action of county officials, and with petitions for creation of the proposed Blue Lake highway district in circulation defining boundaries conforming roughly to the Twin Falls independent school district, reports today were persistent that resolutions of the Salmon River district had taken definite steps toward domain for creation of the new highway district, and the prospect for the breakup of the original Twin Falls highway district seemed clearly defined.

County officials said today that one or more residents of the Salmon River district had during the past day or two secured official records and pertinent questions relative to the procedure in the creation of new highway districts, and there were reports also that an agreed list had been expressed on the part of these investigators to undertake to obtain creation of the Salmon River highway district.

Proceedings relative to formation of the Kimberly district had today developed to a stage where county commissioners were consulting over the appointment of judges and clerks of election and a call for the election was being prepared in the recorder's office.

Leaves For Strip
All of these proposals, if districts would take territory from the Twin Falls highway district as it is now organized, leaving it only territory extending along the south and west boundaries of the county, which are sparsely inhabited and have low assessed valuation.

High School Debaters Qualify for Try-Out
Twelve high school students last night qualified for competition in a final try-out to be held during the first week in February to determine the personnel of debating teams to represent Twin Falls in debates this year with Boise and Idaho high school teams.

The successful contestants last night are Alfred Dean, Earl Erlson, Clifford P. Morgan, Morgan Wilson Jackson, John McMartin, John Noh, John Owens, Christopher Rome, Craven Scott, Dudley Swin and Marcus West.

The topic for the interscholastic debates to be held during the first week of April is:Resolved, that American coastwise vessels should toll at the same rate as foreign vessels through the Panama canal.

Those who were in the final try-out to serve a term of four month imprisonment in the county jail.

Card Receives Sentence
C. D. Carl, who recently was brought here from Eagle, Idaho, to answer to charge of committing a statutory crime in prostrate court last yesterday pleaded guilty to a charge of contributing to the delinquency of a minor and was sentenced by Judge C. P. Duvall to serve a term of four month imprisonment in the county jail.

FACTORS IN DEPRESSION: To many persons the present business depression is infinitely more enigmatical than it really ought to be.

It is obvious that the great world disturbance due to the war is a primary and continuing cause of the present condition.

Entering into today's troubles are low productivity, the high cost of manufacturing, inefficient distribution and its high cost, the infinite variety of products, sluggish management of industry and poor finance and credit management.

While industrial production is higher than some time ago, it is still below normal. The individual is producing less. There is less decrease of cost and in turn decreases sales.

It is the ability to mass one's personnel at any given time or place, it is skill in quick mobilization of one's resources.

It is the elimination of the three microbes of weakness—regret, worry and fear.

It is self reliance, clothed with modesty.

It is persistence plus politeness.

It is the sacrifice of personal feelings to the will to win.

It is the measure of a man, the real test of his soul.

It is the ability to use one's passions, likes, dislikes, habits, experience, education, mind, body and heart—and not to be used by these things.

It is self-mastery, concentration, vision and common sense.

It is the sum total of all that is in a man.—Dr. Frank Crane in Farm Life.

THE CANADIAN CUSTOMS ruling that all merchandise shipped to the dominion by American manufacturers shall be marked "Made in U. S. A."

I have to live with myself, and so I want to be fit for myself to know.

I don't want to stand with the setting sun, and hate myself for things I've done.

I don't want to keep on a close shelf, a lot of secrets about myself, and fool myself, as I come and go.

I don't want to look at myself and know that I'm bluster and bluff and empty show.

I can't ever hide myself from me; I see what others may never see; I know what others may never know.

are the trade relations between the United States and Canada, the people of the latter country will appreciate the more how much the two countries have in common.

"The label 'Made in U. S. A.'" can be made an effective advertisement for our industries. Good arguments can be advanced in favor of putting it not only on merchandise shipped to Canada but on merchandise shipped anywhere.

MARRYING AGES: Census statistics reveal the ages at which men and women are most inclined to marry, though the average for both sexes is rising.

It appears that as age comes upon the chances of marriage rapidly diminish. However, this may not be due to unwillingness but to lack of opportunity.

According to census compilations, 2,000,000 men and women more than 50 years of age are leading single lives, though whether of "bleediness" is open to debate.

It was a foreign atmosphere to Hope, but an interesting one. The content she ignored, and the achievement admitted.

"Fielding will drive you about and look after you," her father ordered, "while I am occupied. As your woman's curiosity had to be satisfied by this trip, you must now make the best of it."

When he looked up at Hope unexpectedly one day and flashed her a smile of warm friendliness, the girl stared her astonishment.

"What," she asked her father later, "do you know about Charles Thorpe?" Her father regarded her keenly.

"Nothing," he replied, "to his advantage. The less you know of him the better."

"Dear Budy," began the note in tremulous lettering. "I miss you, son. And every night I light the lamp and sing the song we used to sing together."

"You'll be coming back again to me, as brave and as true as you used to be."

"Sometimes I think if the heart of my song could reach you, son, you would gain courage to come back—to mother."

"Sudden tears filled Hope's soft eyes. 'Budy!' she whispered. 'Budy!' She was thinking of that other name the man gave her, the name he accepted to laughing bravado."

"It is lonely here," she told him, "and I thought that if you had any music I'd like to try it on the piano."

THE STORY

By JACK LAWTON. Copyright, 1921, Western Newspaper Union

Hope heard of Charles Thorpe the very day of her arrival at Kane Mills. The leading man of the manufacturing settlement insisted to complain to her father concerning this employee.

"There is a dangerous fellow," Fielding said. "We ought to get rid of him. That temper of his is bound to get himself and others into trouble, while his recklessness is beyond reason."

"Roughneck" is what the men call him, and he appears to enjoy the name.

Hope's father was the founder of Kane Mills and upon this trip of investigation, she had begged to accompany him.

Lester Kane, while a man of many business interests, had little home affection, but Hope went with him to the unaccustomed world of labor and hardness.

It was a foreign atmosphere to Hope, but an interesting one. The content she ignored, and the achievement admitted.

"Fielding will drive you about and look after you," her father ordered, "while I am occupied. As your woman's curiosity had to be satisfied by this trip, you must now make the best of it."

Theatrical

(By FIRST NIGHTER.) "Dream Street," David Griffiths latest super-production, being shown at the New Opticum, is well up to this master producer's best films.

It is a film that must be seen to be appreciated, it being so different from the usual run of movies. Ralph Graves as "Budy," and Carol Dempster as "Raggy," do excellent work.

THERE are many wire services for newspapers in existence but there is only one ASSOCIATED PRESS. The fact that The News is a member of the Associated Press and that the full leased wire service of this magnificent organization is a part of the Daily News equipment constitutes a point with respect to which The News finds constant cause for gratification. All over the world, wherever civilization has penetrated stretch the wires which carry the message of the day's events to the millions upon millions of readers of ASSOCIATED PRESS newspapers. By means of its service the far flung outposts of civilization keep in touch with the happenings in the capital cities of every country in the world and through this same service every town and hamlet where daily ASSOCIATED PRESS newspapers are obtainable is kept posted upon the march of events at home and abroad. THE ASSOCIATED PRESS service costs more than any other newspaper wire service anywhere. But its members gladly pay this extra cost because they know, as the world knows, that ASSOCIATED PRESS service is worth it! One of the things of which The News feels that it has a just right to be proud is the fact of its membership in the ASSOCIATED PRESS.

FILER BASKETBALL TEAM WILL OPEN SEASON HERE

Stubbom Outlets Men Ahead of Twin Falls Squad in First Game of Season on Own Floor

Friday evening at 7:30 o'clock the Filer squad of hoop throwers will invade Twin Falls for the first time this league season in this city. Filer, always known as the leading power in the league season in this city. Filer, at times seeming to be a stumbling block to the local lads in all branches of sports, is after this game, and on the other hand Twin Falls players say that they will be on top when the final are counted.

Coach Evans has not as yet given out the members of the squad that will play, but it seems certain that the best he has will be on the floor to win Friday night. The starting line up is 7:30 o'clock, owing to the fact that the Scout picture is being shown in the high school auditorium at 8 o'clock. A crowd is expected to help root for the home team.

BIG WRESTLING SQUAD IS ON MAT FOR WISCONSIN

Coach Hitchcock Has Pick of More Than Hundred in Forming His Season's Team

MADISON, Wis. (AP)—The largest squad in the history of wrestling at Wisconsin has turned out this year. Coach Hitchcock has picked his "varsity selections from the 100 men who reported for the tryouts.

Four inter-college meets, in addition to the conference meets, have been scheduled with Northwestern at Madison, February 11; Minnesota at Minneapolis, February 18; Chicago at Milwaukee, March 4; Iowa at Ames, March 10.

INDIANS BOKE SCORE OF EXHIBITION GAMES

Manager Speaks Will Ask Men to Report for Training Earlier This Spring

CLEVELAND, O. (AP)—More than a score of exhibition games have been arranged for the Cleveland Indians on their spring training trip this season. With the first game scheduled for March 3 and with the Dallas Texas league club, indications are that Manager Speaker will have the players report at the camp at Dallas earlier this season than last.

OFFICIALS CLASH OVER CONTROL OF PRIZE FIGHT

ST. LOUIS, Mo. (AP)—Two boxing commissions claimed to have jurisdiction over the 13-round bout between Johnny Nevo of St. Paul and "Red Cap" Wilson of New York, lightweights, scheduled here tonight.

The city boxing commission, recently appointed under an ordinance, notified the promoter of the bout that he would have to abide by the ruling of the commission. Therefore a commission named by the police department has regulated the bout. The promoter declared the fight would go under the sanction of the police commission, which has not yet decided its course in the matter.

NEWBORN GOES TO COLLEGE

YORK, Pa. (AP)—Jesse Burkett, the old-time Cleveland and St. Louis slugger, who was attached to the Giants as a coach and scout last year, may not return to the world's champions for the 1922 season. He now is considering an offer made by Boston college.

WICK JOINS BROWN

ST. LOUIS, Mo. (AP)—The St. Louis Nationals have signed Center Vick of the University of Michigan, who was selected by Walter Camp as a member of the mythical All-American football team. Vick is a catcher.

WHY GO TOGETHER

"The rapidly increasing divorce rate," remarked the wife of a banker in America is indeed becoming the land of the free."

"Yes," replied his prosaic friend, "but the continued marriage rate suggests that it is still the home of the brave."—The American Legion Weekly.

FREE VALUABLE INFORMATION

Concerning a gold and silver mining proposition that will pay huge profits, almost immediately. One hundred percent this year is practically assured. We have made rigid personal investigation on the ground and know what I am talking about. I cordially invite any one to call and see me and let me tell you of it. With all the false and cruel ways of taking money through improper channels I have recently often wondered what the public would do when it finds something that is perfectly clean and which will bear the closest scrutiny and investigation. I am not a stock salesman. I am simply offering you the same opportunity that has been given me. Any one who cares to ask is welcome to the information and I shall be glad to spend with you all the time you may wish to explain anything. It costs nothing to ask and there will be no embarrassment or no obligation. A. C. HASKELL, Room 1, Fortino Hotel.
