TWIN FALLS, IDAHO, THURSDAY, JANUARY 20, 1922

PRICED FIVE CENTS

MILLIONS WILL DIE IF HELP IS NOT EXTENDED

Distressing Picture of Horrors Prevailing in Russia Painted Before the League of Nations Committee

FIFTEEN MILLION ARE FACING TERRIBLE WANT

Disatisfaction Expressed with Way in Which Soviet Government Has Acted Under International Agreement

GENEVA, (AP) — Nineteen million persons are suffering intensely for want of food in Russia and 15,000,000 will certainly die unless succored, Dr. Fridtjof Nansen told the league of nations international committee today in Geneva, here.

Funds insufficient. Furthermore, the committee has insufficient funds to procure by the necessary stocks, the 28,000,000 gold francs at its disposal being inadequate.

CHAMBERLAIN'S EVIDENCE WOULD REMAIN IN RECORD

Ruling in Arbuckle Case Permits Argument on Facts but Testimony to Stand

SAN FRANCISCO, Cal., (AP) — Efforts of the prosecution in the case of a manslaughter charge against Joseph C. Chamberlain, to have the testimony of a witness, a defense witness, stricken out were overruled today.

A commitment made out for Mrs. Brennan to a state hospital and evidence showing she had been at the hospital from 1910 to 1920 and was not discharged as "cured" but as "improved" was presented by the prosecution.

Defense testimony characterized the finger prints as a "hoax". Mrs. Brennan, who lives in Los Angeles, was the first witness today.

DEDUCE INTERESTING FACT

DIENHOE AIRS. (AP) — Dr. Hartmann, director of the 12th Planet observatory, says that the orbit of Venus is the most eccentric of the planets.

As the plane of the orbit is very inclined in regard to the earth's equator, the new planet can approach the poles closer than most of the other planets.

RESTRAINING ORDER ISSUED DULUTH, (AP) — Federal Judge Page Morris today granted an order restraining the state of Minnesota from taking any further steps to collect the occupational tax now on every mother in Minnesota until bearing on a petition for an interlocutory injunction has been before a court of three federal judges.

IDAHO WEATHER. Tonight and Friday rain or snow.

Head of Family is Latest Victim of Botulinus Poison

Death List Now Numbers Six as Result of Eating Canned Green Beans

SALT LAKE, (AP) — Botulinus poisoning from eating infected greens preserved at home by members of the Tuttle family, of Twin Falls, Idaho, claimed its sixth victim today when Charles W. Tuttle, sixty, father of the five other victims, succumbed after a four days' struggle, according to word received here.

Wife's Intent to Obtain a Divorce Cause of Shooting

Iowa Mail Clerk Wounds Spouse Then Murks Gun on Himself; Half Dozen Witnesses

MASON CITY, Ia., (AP) — George Cameron, mail clerk, who was shot in near death by his wife, Josephine, 25, is suffering from a bullet wound in the back of her neck, and a shooting in a rooming house square here last night. The police say Cameron shot his wife because she wanted to obtain a divorce.

FIGURES NOT TAKEN TO MEAN WHAT THEY SHOW

Statistics as to Proportion of Married Men Does Not Indicate More Marriages

WASHINGTON, D. C., (AP) — The proportion of married men to the total population of the United States, by age and over increased from 55.5 per cent to 62.5 per cent in the ten years preceding the 1920 census, according to statistics compiled by the census bureau.

Next came the major periods, in robes of black and purple, then members of the ancient order of the sword capes, in quiet, manly, and with ruffled collars, garters and buckled slippers, then the high officers of the order of their precedence.

At the strains of the "Miserere" ended, the pontiff's body was carried to the altar by the cardinal deacon, who was again sung, followed by the chanting of "In Paradisum."

FORMER CITY JUDGE IS IN TROUBLE WITH MAYOR

Ugly Scandal Bared in Charges of Executive Against Former Magistrate

YOUNGSTOWN, O., (AP) — Mayor George L. Oles today named Herman Brand Miller, former municipal judge, as the "business man" who had been charged with improper release of girls committed to the house of reform, under quarantine.

ODENSE, UTAH. (AP) — Dave Doyen, former St. Louis American pitcher who has been hurling in mountain leagues in the last season or two, announced today that he had accepted the offer of Estabrook Morse of Duluth, Wis., to play in that company's ball team and would leave for Relief with his family tomorrow.

MORTAL REMAINS OF LATE PONTIFF PLACED IN GRAVE

Funeral Ceremonies of Pope Benedict Solemnized Amid Scenes of Regal Splendor and Historic Significance

DOORS OF ST. PETER'S ARE CLOSED AT NOON

Stream of Humanity Passing Before Bier for Past Three Days Gives Place to Final Rite

ROME, (AP) — Pope Benedict XV was entombed with his body, encased in three caskets and dressed in the pontifical robes, lies in a crypt under the great basilica of St. Peter, to the right of the entrance.

At the strains of the "Miserere" ended, the pontiff's body was carried to the altar by the cardinal deacon, who was again sung, followed by the chanting of "In Paradisum."

BETTER ATMOSPHERE IS APPARENT AT CONFERENCE

Intervention of President Harding in Deliberations Having Good Effect

WASHINGTON, D. C., (AP) — President Harding's intervention in the Shantung controversy appeared brighter today as a result of the intervention of President Harding.

At the strains of the "Miserere" ended, the pontiff's body was carried to the altar by the cardinal deacon, who was again sung, followed by the chanting of "In Paradisum."

WORLD NATIONALIZE ALL BANKS AND RAILROADS

World Congress of Irish Race Brings Out Suggestion of Vital Importance

PARIS, (AP) — Nationalization of the Irish railways and banks were among the measures recommended to the Irish congress in today's debate in the hall of the Irish race, where ways and means of helping Ireland to economic independence were under discussion.

HEAVY SUIT HELD

DETROIT, Mich., (AP) — The Irish-American Athletic club has named April 1 as the date for this year's auto derby.

HEAVY SNOWFALL

PITTSBURGH, Kan., (AP) — Five inches of snow had fallen here this morning and the precipitation was continuing.

LURID STORY OF ATROCITIES IN AMERICAN ARMY IN FRANCE PUNCTURED BY LATER EVIDENCE

Charles P. Green of Minneapolis Meets with Hard Luck, Following His Statement that He Would Rather Be in the I. W. W. Than the American Legion—Letters and Wires Read Into Record Bearing Upon Former Evidence

WASHINGTON, D. C., (AP) — Declaration that he had been railroaded and discharged as an employee of the veterans' bureau after testifying in the senate investigation of alleged illegal soldier landings was made by Charles P. Green of Minneapolis, in letters and telegrams received by Senator Watson today.

FIVE BUILDINGS ARE DESTROYED

Blaze Causing \$200,000 Damage Threatens Even Greater Depredations

NEW YORK, (AP) — The great plant of the Morse Dry Dock and Repair company, occupying six blocks along the Brooklyn water front between Erie Basin and Fort Hamilton was threatened with destruction today when fire spread from the building, causing a loss estimated at \$200,000 and upwards.

PRIVATE INTERESTS ARE ANXIOUS TO GO TO WORK

Opening Conference of Colorado River Commission Presents Vital Question

WASHINGTON, D. C., (AP) — The first meeting of the Colorado river commission, created jointly by congress and the senate, today developed the river to develop its irrigation and power possibilities, was called to order today by Secretary Hoover, appointed as federal chairman by President Harding.

Representing the states on the commission are: W. S. Norvell, state water commissioner of Arizona; W. P. McCreary, state engineer of California; Delph E. Carpenter of Colorado; Colonel James G. Sengham, state engineer of Nevada; Stephen B. Davis, of the supreme court of New Mexico; E. C. Caldwell, state engineer of Utah; Frank U. Emerson, state engineer of Wyoming.

WOMAN ABB TERRA

CLEVELAND, O., (AP) — Boxes 18 years of age will not be permitted to participate in horse racing in the city.

MANY CARS DESTROYED

CHICAGO, (AP) — Fire last night destroyed 100 street cars and caused damage estimated at \$1,000,000 as the fire swept across the city.

DEER FROM INJURIES

MAQUETTE, Mich., (AP) — T. J. Cullen, warden at the Michigan station, died here today from injuries received in a prison riot a month ago.

RAILROADS AND LABOR HAVE TO SHARE IN CUTS

Reductions in Freight on Agricultural and Allied Product Industries Discussed Before National Conference

TRANSPORTATION MADE MONEY AS FARMS LOSE

Sub-Committee Report Contains Strong Recommendations for Action Looking to Improvement of Lot

WASHINGTON, D. C., (AP) — Reduction of freight rates on farm products and products of allied industries and curbing the better railroad competition and labor of "deflation of charges now affecting all industries," was recommended in the railway transportation sub-committee report today for submission to the transportation committee of the national agriculture conference.

The committee declared labor should not carry the whole reduction but the railroads should take their share, saying the railroads made \$600,000,000 profit last year when farmers lost \$7,000,000,000.

The committee also recommended withdrawal by congress of authority to the interstate commerce commission to fix valuations for the rates on railroads at more than its actual cost or more than the value of similar adjoining lands in making up the capital stock of the railroad.

ASK CONGRESS REPEAL

Recall of the guarantee clause of the transportation act, restoration to the state railroad commissions of full power, and a state railroad commission, taken over by the United States government, but retention by the commission of control of movement of empty cars, are the three items asked.

Repeal of the guarantee clause of the transportation act, restoration to the state railroad commissions of full power, and a state railroad commission, taken over by the United States government, but retention by the commission of control of movement of empty cars, are the three items asked.

ADVISES COUNTRYMEN TO SHAVE MORE FREQUENTLY

Urged to Read Newspapers as Means Towards Becoming Better Citizens

HONOLULU, T. H., (AP) — A shavo "at least every other day" might assist Japanese here in fostering racial harmony with Americans, according to one of the views expressed in a symposium, obtained from leading members of the Japanese colony on the best manner of promoting American-Japanese amity, and published by Nippu Jiji, Japanese language newspaper.

K. Naito, Japanese vice consul general, advised his countrymen to read the English newspapers, as "those who disregard American-Japanese friendship are confined chiefly to those who do not read the English papers."

Dr. Iga Mori, president of the Japanese United Association of Hawaii, said that better feeling might be promoted if Japanese and American representatives of the same trade or profession held frequent meetings.

Invest Money Here.

"Invest in Hawaiian industries and make Americans interested your interest and your interest their interest," was

the advice of M. Komaya, hotel proprietor.

"Disregard suspicion toward others, narrow minded patriotism and egotism, so commonly found among Japanese, and cultivate heart-to-heart association with Americans, based upon reason and understanding," was the admonition of S. Takama, consular secretary.

Dr. T. Katsunuma, honorary president of the Society of American Citizens of Japanese Ancestry, offered this advice:

"Observe the Sabbath day. Keep your home and premises clean; shave at least every other day."

HE COULDN'T MATCH IT.

TACOMA, (AP)—One Tacoma cigar clerk recently was unable to fill an order of a local woman who wanted to buy a box of cigars as a surprise present for her husband.

The woman, the clerk said, came into the store with the butt of one of her husband's half-smoked cigars.

"Please match this," she asked. "I did not dare to take a whole cigar for fear he would discover the loss. And I want my purchase to be a complete surprise." It couldn't be done.

Billows Headaches.

When you have a severe headache, a dilated stomach and constipation, take three of Chamberlain's Tablets. They will correct the disorders of the liver and bowels, effectually curing the headache.—adv.

UNIQUE MALADY AMONG SWINE FOUND IN IDAHO

Specimen of Pork from Shelby Contains Tape Worm, Experts Declare

The United States Bureau of animal industry recently received a sample of ham from a hog butchered at Shelby, which was pronounced by Dr. W. A. Sullivan, chief inspector, to be affected with cysticercosis.

Cysticercosis, according to Dr. M. J. Sisley, the government specialist in swine diseases, who has been spending a few days in Twin Falls county, is a condition where the meat is infested with the larval form of the tape worm found in man. Segments of the tape worm which contain the eggs are discharged by man in the feces. Through contamination of feed or water these reach the stomach of hog where the eggs first hatch out. These bore their way into some of the small blood vessels and reach through the blood stream various parts of the muscular system where they imbed and develop into cysts, usually about half the size of a pea. Their favorite location appears to be the tongue and heart, but are

also often found in the shoulders or hams. When meat infested with these cysts is eaten by man without it being thoroughly cooked these cysts develop into flat flanged tape worms. The life cycle is then repeated.

An inspection of the premises on which the affected hog was kept was made by Dr. Sisley to determine the source of the infestation. After making a thorough examination of the place and taking all factors into consideration the doctor arrived at the conclusion that the hogs became infested with the tapeworm larvae through Mexicans who were employed on the farm over a year ago, and some of whom made a practice of defecating in the hog-pens.

Through just one such hog carcass an unscrupulous butcher may infect a whole community with tapeworms. A strict examination for cysticercosis is always made in cattle as well as in hogs. While it would be unfair to condemn all unappetizing meats as diseased, it is nevertheless true that a good diet of dangerous human health lurks in the latter, which is eliminated by an efficient system of meat inspection, now being conducted not only by the United States department of agriculture but by a number of municipalities throughout the country.

"Classified advertising is the cheapest thing you can buy—measured by the profits it may bring you."

MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxins, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of ridding the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jand Balar's put a tablespoonful in a glass of water and drink be-

fore breakfast, each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jand Balar is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with litina and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effective, lithic-waster drink which excretes uric acid and is beneficial to your kidneys as well.—adv.

HAS HEAVY GAS QUOTA

LANSING, Mich., (AP) — Michigan, the automobile state, has 185,367 automobiles and trailers in operation within its borders, according to the annual report of the secretary of state. Of the number 426,984 are pleasure cars, 51,053 commercial cars, and 4320 trailers.

The increase in motor cars registered during 1921 was approximately 65,000 over the number in 1920. More than \$6,750,000 was collected in automobile license fees in Michigan last year.

A Baited Moral.

The moral in the story about the prodigal son and fitted call is that the call didn't get a square deal. The call had been very decent, but was killed in honor of the son whose life was a riot.—Arhison Globe.

"Another Package From Booth's"

BOOTH MERCANTILE COMPANY

DEBT FUNDING BILL OPPOSED

Declares Measure in Present Form Would Be Constant Source of Trouble

WASHINGTON, (AP)—Announcing his opposition to the pending allied debt funding bill in its present form, Senator Johnson of California, republican irreconcilable in the league of nations controversy, declared today in the senate that the proposed funding law would so involve the United States in European affairs that "you won't need a league of nations to drag you into every intrigue across the water."

The California senator offered an amendment providing that agreements entered into with debtor nations by the reforming commission created by the bill be subject to the approval of congress. Negotiations to be carried on under authority of the proposed act, he declared, would revive the ancient financial transactions between nations in the history of the world and for that reason, congress should move with the utmost caution.

Attendance Small

The small attendance in the senate chamber—there being only a dozen senators present—was described by the senator who turned his attack on the executive sessions of the senate conference. He declared that a real disarmament program would have resulted had the sessions been on for one week after Secretary Hughes had made his "radio address" to the senate conference. He added that developments in the conference had justified the demand for open sessions.

All of the big things of recent years have been accomplished in the open, Mr. Johnson added. He reviewed how, when Mr. Baftour wanted to give the British position the same conference, he called for a plenary session, and how when the French position was to be stated, Mr. Briand called to be allowed to speak in public.

FOUR CASES AHEAD OF DISTRICT COURT JURY

Members of Venice, Excused for Two Days, to Report for Service Again Friday

Four cases on the civil calendar set for trial in district court here Friday when the jurors for the term who were Tuesday excused from further service for two days will again report for duty by order of Judge W. A. Babcock.

The cases set for trial Friday are: McCormick Investment company, represented by James H. Ware against Frank DeLozier, represented by Porter and Wilham.

McNamee and company, represented by H. C. Mills against Don Barga, represented by Hazel and Howell.

Fernando Duran, represented by Porter and Wilham, against Enrique Gonzalez, represented by Wolfe and Martin.

Ella Lochner, represented by W. D. Gilla, against Scott Hostetter, represented by T. K. Heckman.

Moral: Take a Chance.

The man who tries his best will not always win, but he will win oftener than the man who doesn't try except when he knows he will win.—Boston Transcript.

Effect of Floods in the Potomac.

The volume of water in the Potomac river which flows past Washington is sometimes 250 times as great a flood as of low water.

Artisan Water Always Warm.

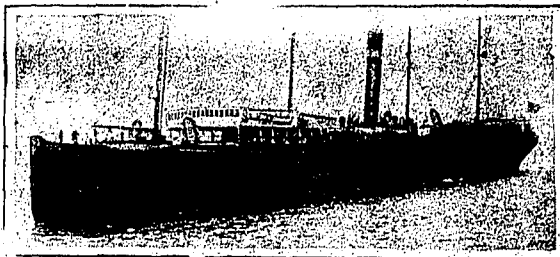

Water flowing from deep artesian wells is always warm; on account of the interval heat of the earth.

Crippled Transport Arrives Safely in Port

The United States army transport, Crook, which had been fighting slowly to make port since it sprang several leaks far out at sea five days before its arrival, checked safely at Pier 15 in Brooklyn, N. Y. The rail was lined with cheering doughboys from Coblenz who had been members of the American forces in Germany. Many of them are bringing back French or German wives. Nearly 1000 soldiers were on board. The above photograph of the Crook was made upon her arrival in New York. Below, Captain Frank Rapp, of the Crook, who kept the boat going and brought her into port upon her own power. He was given a hearty cheer by the men aboard when they were again on terra firma.

RAILROADS AND LABOR HAVE TO SHARE IN CUTS

(Continued from Page One)

Legs of Agriculture, and Mechanical arts, told the conference today, in a plea for increased agricultural research.

New methods of rearing stock of production, the better distribution of farm products and better methods of marketing are solely needed at this time, he said, adding that such methods will help to reduce the cost of living.

A national policy for agricultural research, Mr. Pearson declared, should provide for liberal federal and state financial support. Higher salaries, he said, were needed to attract able men to the research work since the scientific ranks were being depleted rapidly by industrial-concerns offering greater remuneration. He also advocated special scholarships and fellowships to provide competent men for the work.

Walter Planchet, of Pennsylvania, presenting the need for a national forestry policy, drew applause when he told the delegates "there is a group of men up here on the hill, most of them not farmers, who have earned the everlasting gratitude of every farmer in the United States for what they have done for them."

With five-sixths of the virgin timber of the United States gone, Mr. Planchet, by growth only one-fourth of what we cut," Mr. Planchet told the conference.

Mr. Pinchot advocated a national forestry law to become effective at once. If the 500,000 acres of timber and remaining profitable timber are not saved, he said, they will be lost in fifteen years, occupied the throne of St. Peter seven years, and died January twenty-second, nineteen twenty-two.

This creek was then transferred to the crypt in the left lateral vein near the entrance to St. Peter, last abolition was given and Benedict XV was left to lie rest beneath the fragments which are tried by thousands of pilgrims annually.

MORTAL REMAINS OF LATE PONTIFF PLACED IN GRAVE

(Continued from Page One)

cross, also by the pope's coat of arms, with the name of the chief. The inscription: "The body of Benedict, the fifteenth supreme pontiff, who reigned six years, seven months, and six days, was interred in the crypt in the left lateral vein near the entrance to St. Peter, last abolition was given and Benedict XV was left to lie rest beneath the fragments which are tried by thousands of pilgrims annually."

FUNERAL ARRANGEMENTS FOR OREL KNULL GIVEN

Victim of Asphyxiation at Vallejo, California to Be Held at Best Here

Funeral services for Orel Knull, son of Mr. and Mrs. C. E. Knull, whose death resulted from asphyxiation Sunday at Vallejo, Cal., will be held at 2 o'clock Friday afternoon at the First Presbyterian church here and will be conducted by the Rev. Samuel Harris, pastor of the Presbyterian church at Knull.

The body was brought here today by Mark Knull, a brother of the deceased, who, with him, was employed by the government as a fireman at Mare Island naval station.

Orel Knull, with Robert Kinsey, a fellow employe at Mare Island, and brother of Harry Kinsey of Twin Falls, was off duty and spending a leave of absence at Vallejo when the fatal accident occurred. Funeral services for Robert Kinsey were held at Vallejo.

ELECTRICAL MEN TO MEET

H. L. Dinkelacker will have this evening for Puentelec, to attend sessions of the semi-annual convention of the Southern Idaho Association of Electrical Contractors-Dealers, on Thursday, Friday and Saturday of this week. C. W. Neely, district manager of the Idaho Power company, and M. W. Denoyer of the Denoyer Electrical company, expect to leave tomorrow morning to attend this convention. Mr. Dinkelacker is the secretary of the organization.

TWIN FALLS

tion of 30,000,000 bushels in Canadian crop estimates failed to have any effect. Opening prices, which varied from the same as yesterday's finish to 3-8c lower with May \$11.34 3-4 to 1 1/4-7/8 and July \$11.01 to 1/2c, were followed by a slight rally and then by a general ease.

Word that 50,000 barrels of flour had been sold for export led to something of a rally in wheat prices. The close was unaltered at 1-4c net decline to 1-3c advance, with May at \$11.34 7-8 to 1 1/4 and July \$11.02 to 1/2c 3-4.

Corn and oats eased down, a 1/16th with wheat. After opening unchanged to a shade lower, May \$3 1-2 to 5-8c to 53 5-8c, the corn market declined slightly all around.

Export movement dropped subsequently to sustain the corn market. Prices closed steady at 1-2c to 1-4 to 3-5c decline, with May \$3 3-8 to 1-2c to 53 1-2c.

Data started unchanged to 3-8 down, May \$3 3-8 to 39, and then dropped a bit more.

Demand for provisions appeared to be lacking despite an upturn in the value of hogs.

Cash Grain and Provisions

CHICAGO, (AP)—Wheat—No. 2 red \$1.22; No. 2 hard \$1.17.

Corn No. 2 mixed 48 to 49 1-2c; No. 2 yellow 48 to 49 3-4c.

Oats No. 2 white 38 3-4 to 37 1-2c; No. 3 white 33 3-4 to 35c.

Rye nominal.

Barley 52 to 55c.

Timothy seed \$5 to 7.

Clover seed \$12 to 22.

Pork nominal.

Lard \$8.50 to 9.87.

Wills \$8.50 to 9.87.

Potato Market

CHICAGO, (AP)—Potatoes—Dull receipts 34 cars; Wisconsin stacked Round Whites \$1.90 to 1.85 cwt.; Wisconsin bulk Round Whites \$2 to 2.10 cwt.; Michigan stacked Round Whites mostly \$2 cwt.; Minnesota stacked Red Rivers, some slightly frozen \$1.70 to 1.90 cwt.

CHICAGO, (AP)—Butter

creamery extra 30 1-2c; firsts 30 to 25c; seconds 27 to 25c; standards 23 1-2c.

EGG—Lower; receipts 7,783 cases; firsts \$1.40; ordinary firsts 54 to 53c; miscellaneous 38 to 35c; refrigerator firsts 24 to 27c.

Poultry

Alive, lower; fowls 24c; springs 22c; chickens 18c.

Portland Livestock

PORTLAND, Ore., (AP)—Cattle, hogs, sheep steady; no receipts.

OMAHA, (AP)—Hogs

Receipts 11,000; active, mostly 25 to 25c higher than yesterday's average; 180 to 210 pound butchers \$5.25 to 8.25; 110 to 200 pound butchers \$5 to 8.25; packing grades \$7 to 7.50.

Cattle

Receipts 4,000; best steers slow 15 to 25c lower; good stock, bulls and veals generally steady; stockers and feeders steady to 1/2c lower.

Sheep

Receipts 6,000; all classes steady; light lambs \$12.25 to 13; top

\$12.05; choice light yearlings \$12; light ewes \$7.75.

Chicago Livestock

CHICAGO, (AP)—Receipts 15,000; early trading in both grades level; steers mostly steady; hogs weak bidding lower; best matured steers early \$6.10; some held higher; bulk \$6.75 to 7.85; short-cut, stockers and feeders slow, cheap; veal calves and bulls weak to lower.

Hogs—Receipts 53,000; fairly active, mostly 1 to 20c higher than yesterday's average; top 40 to 100 pound average; bulk \$5.60 to \$7.75; pigs about steady; bulk desirable \$8.75 to 8.85; top \$8.80.

Sheep—Receipts 17,000; opening \$12.75; some held higher; good light shippers \$12; choice light, fat ewes to \$15; butchers \$5.50.

NEW YORK, (AP)

The market for raw sugar was calmer. There was no change in the price of Cuba's which are quoted at 140 for centrifugal for prompt clearance to a local refinery. The increased offering in the spot market led to further liquidation in raw sugar futures and prices at midday were 1 to 2 points net lower.

Refined sugar was unchanged at 4 1/2c for fine granulated. There was a fair inquiry, but with refiners from one to three weeks late in delivery, not much new business is being accepted. Refined futures were without transactions.

Social Notes

Edited by Mrs. E. B. Williams - Telephone 303

The M. S. and S. club met in all-day session Wednesday, January 25, at the home of Mr. and Mrs. C. H. Eldred. The men were invited and 67 people enjoyed the delicious dinner served at one o'clock. A short business session was held and the committee named to prepare resolutions for presentation to the school board of independent district No. 1 to protest against the recent closing of having the doors of school buildings locked during the noon hour. Mrs. Burton E. Morse gave a very interesting talk taking more moral support for the boy scout movement. Many interesting stories were related by the men and women and various games were greatly enjoyed by all present. Guests for the day were, Mr. and Mrs. M. J. Sweeney, Mr. and Mrs. Burton E. Morse, Mr. and Mrs. J. H. Fitzgerald and Mrs. Pauline D. Bower.

Mrs. F. S. Larned was hostess to the Wednesday Bridge club this week. Nine members were present, and Mrs. W. H. Greenhow won high score.

The amusement room at the Reed apartments was the scene of a delightful party yesterday afternoon under the auspices of the music department of the "Pioneer" club. The affair being given to raise money to loan a young man who is studying engineering at the University of California. The party was given to raise money to loan a young man who is studying engineering at the University of California. The party was given to raise money to loan a young man who is studying engineering at the University of California.

Two classes of the Baptist Sunday school enjoyed the popular form of entertainment for this winter, a jolly sleigh ride on Tuesday evening, driving to the country home of Mr. and Mrs. A. D. Shepherd over an oxen sapper was served. The party was composed of Mrs. C. L. Connor's class of girls and they were accompanied by a band numbered about 32. They were accompanied by their teachers.

Mrs. Frank Belleville entertained the Optimist club Wednesday afternoon at her home on Fifth Avenue east. The afternoon was spent socially with social work and conversation, and the hostess served delicious refreshments to the 15 members in attendance.

The Unity club gave their annual dinner for their husbands on Wednesday at the country home of Mr. and Mrs. L. O. Satterlee. Forty-six people enjoyed a delicious chicken dinner with the extra good things that are served at these dinners. Following dinner an afternoon of games and music was enjoyed, with a spelling contest where words were chosen and a word spelled then a spell on the opposite side took the last letter of that word and was given a half minute to spell a word beginning with the letter, this proved most amusing and clever.

The following members of the Woman's Progressive club recently organized met at the home of Mrs. J. L. Panik Wednesday afternoon. Mrs. A. E. Henderson, A. Huntman, W. A. Gibson, Charles Seckman, A. K. Wallace, Marion Owen, W. E. Wallace, J. P. Ahear, F. D. Shelton and J. L. Frank, members of the club were Mrs. H. H. and Mrs. Sorenson. After the transaction of business a social hour was enjoyed and the hostess served delicious refreshments. The next meeting will be held with Mrs. P. P. Ahear on February 8.

DEATH CLAIMS PIONEER RESIDENT IN CALIFORNIA

O. White Dies at Long Beach Where He Went to Spend Winter, Message Received Here Says

Word of the death of Long Beach, Cal., Sunday of O. White, a resident of Twin Falls since 1908, has been received here by Mrs. Jay Brown from her father, W. H. Boverman, who is in Long Beach. White was a very successful man and was an intimate friend of the deceased. Mr. White, late last fall accompanied Mrs. H. Boverman on an overland trip to California where he spent winter seasons for several years. A letter received last week by County Assessor B. Claid Stewart from Mr. Boverman mentioned Mrs. White and said that he was then enjoying apparent good health. Mr. White leaves no relatives here, but it is said to have a brother in Long Beach as well as other relatives in the middle west. He was unmarried. He was about 60 years of age.

ANTI-LYNCHING BILL PASSED

WASHINGTON, D. C. (AP) — By a vote of 239 to 119, the House today passed the Dyer anti-lynching bill. The measure now goes to the senate.

Local Brevities

On Legal Business—Judge E. A. Whitson and E. B. Barry are in holiday this week on district court matters.

Back from Hospital—Mrs. Edwin A. Wilson, who some weeks ago submitted to an operation for appendicitis at the county hospital, has returned to her home.

Butterfat Price Advances—Advance of two cents a pound in the price of butterfat was today announced by local buyers, who quoted a price of 31 cents a pound.

School Board to Meet—A special meeting of the board of trustees of Twin Falls independent school district has been called to be held this evening in the high school building here.

Butler Hospital—Herbert G. Lautbach, former commander of Twin Falls post, American Legion, was this morning received as a patient at La Mer hospital, where he is to receive medical treatment for a two weeks period.

Seek More Applicants—At examinations held recently in Twin Falls and other cities throughout the United States for assistant observer, weather bureau; junior physicist, junior teacher and junior engineer, bureau of standards, applicants were not secured in the number desired, according to statement of the civil service commission issued today announcing that the next examination for these positions would be held again on February 13 and the others on March 8. Persons interested in these or other examinations are directed to further copies of the schedule of civil service board at the local post-office.

Traffic Men to Meet—Leonard Watt, secretary, and C. E. Munson, a director of the Southern Idaho Traffic association, were today to meet at 1001 with members of committee lately appointed to further cooperation of their vicinity with the traffic association.

Confesses Theft of Good—James Skinner, in public court today pleaded guilty to a charge of petty larceny involving theft of a quantity of alfalfa seed from C. W. Strickling. Sentence of 60 days imprisonment in the county jail was imposed by Judge O. P. Duval.

On Important Mission—Dr. O. Parmiter, veterinarian of Idaho Falls, and Mr. A. D. Shepherd to consult with Dr. Groom and McCoy with respect to an outbreak of disease among horses in the Idaho Falls country. Later it is understood that all will go to Boise to consult with Dr. Adams, state veterinarian.

Pest Poisoners at Work—W. E. Crouch of Boise, representative of Idaho of the biological survey, with R. E. Broadard, county agent, were today to conduct rabbit poisoning demonstrations in the vicinity of Ellistler and Burger. Similar demonstrations were conducted yesterday in the vicinity of Murtagh and Hansen.

Jury Hears Suit on Note—Jurors were today empaneled in probate court here in the trial of a suit instituted by F. A. Minney against H. H. Mitchell for collection on a note for \$100 given in April, 1921. Larson and Larson are conducting the case for Minney; H. C. Mills appearing for Mitchell.

Delated Justice. It has always seemed to us an injustice that Adam and Eve should get all the credit for original sin and no credit for the virtues, which are equally original.

Not Always So. "If you're right, what the other fellow thinks doesn't matter," says an exchange of letters to the motorist who has run foul of the traffic cop—Boston Transcript.

Tables Made of Paper. Tables, chairs and other articles of furniture are now made from compressed paper so colored and polished as to give it the appearance of the finest woods.

Keep Them All Busy. Half the world that is doing wonders for this and that, while the other half is busy inventing antidotes for the remedies.—Nashville Tennessean.

The Originals. Adam and Eve were the first people to put too much confidence in their family tree.

Pre-Inventary Sale!

Saturday will be the last Saturday in our fiscal year. By February first we must have completed our inventory. Notice These Good Values in Shoes

We do not take inventory until February first. This gives us the month of January in which to clean up our stocks of winter merchandise. Every year the public looks forward to the sales events of this month. In fact, January is usually a busy month with us instead of a slow one. Get the habit of shopping at the busy stores. There is a reason for their being busy. Good values are the rule at Wright's instead of the exception.

NEW SPRING DRESSES

Our new spring stocks of dresses are arriving just two and three at a time. And truly, they are going out just about as fast as they arrive. Taffetas and tulle are predominant and the new models with the wide flaring sleeves and highly colored trimmings are simply stunning. Just one individual model of each dress arrives so one is assured of a distinctive selection. There is always something new in our little department. Come in for a look.

Pongee Waists

Some new ones. Just the things for the business women. There are a number of different styles among them. The quality of pongee is excellent. They are regular \$5.00 solers.

SPORTS

FIRST WRESTLING MATCH BY ROUNDS WORKS WELL

Innovation in Mat Game Meets With General Approval of Spectators and Press

CHICAGO, (AP)—Chicago sport fans today analyzed the first American wrestling match held under rules providing for ten minute rounds, following the contest last night in which John Meyers retained the middleweight wrestling championship by throwing John Kifonis in the fourth round. The 6000 thousand fans who witnessed the bout approved of the method of conducting the match and newspaper comment today was favorable, indicating that the experiment had proven a success. There was much of the accompaniment to the scene that recalled a boxing bout. Sevens were parked in the contestants' corners and they pushed the stool through the ropes at the end of each round, produced the towel and wiped the sponge with the same alacrity that characterizes the activities of the principals' assistants in a field encounter. And to add to the resemblance, the ring boys at the opening and closing of each round. A new way of writing a story of a wrestling match also came into vogue when the morning papers described the contest "by rounds."

Will Hays' Assistant May Got Post

Dr. Hubert Work, Colorado, first assistant to Postmaster-General Hays, who is expected to secure the appointment to that office when Mr. Hays leaves on March 4.

YOKEL DEFEATS TOM RAY

Said Lake Man Wins in Straight Falls—Comparatively Little Time is Taken

SALT LAKE CITY, Utah, (AP)—Mike Yokel of Salt Lake last night defeated Tom Ray of Omaha in straight falls. The first was obtained in fifty minutes with a double bar lock and head rollers and the second in 22 minutes with a reverse body. Who'd Be a Persian Warrior? Persia, says an exchange, has a drink which gives men a mania for throwing stones. Persia must be a poor land for the greenhouse business. The News is read by the permanent carrying classes.

SINGLE GAME ON PROGRAM

Billiard Tournament Gets Along With Half Schedule in Order to Straighten Out Series

STANDINGS table with columns for Player, W., L., and Per. Includes names like Goldwater, Larson, Honbrake, Snook, Cummins, Basley, and Brown.

But one game was played last evening at Menevay's three cushion billiard tournament owing to Epler and Brown, who were scheduled to play having played their game the day before. This straightens out the schedule, and from now on there will be two games played every evening. In last night's play Bronchako (30) beat Cummins (22) by the score of 36 to 28, in 125 innings. Two was the high run in this game. This evening's play will bring Basley and Larson together in the curtain raiser, with Snook and Goldwater playing the closing game. Considerable interest has been shown in this tournament.

By actual count, four out of every five homes in Twin Falls receive The News, daily. Tell all these people what you have to sell, trade or exchange, about your rooms for rent, houses for sale or rent, the position you want, or the help you need—ONE CENT per word—Phone 32.

WILL INVEST LARGE SUMS

British Wireless Telegraph Commission Recommends Construction of Many New Plants LONDON, (AP)—The wireless telegraph commission has recommended to the government the construction of stations in England, Canada, Australia, South Africa, India, Egypt, East Africa, Singapore and Hong Kong. A year was spent in studying the question. The average cost of the stations is estimated at not more than 120,000, but those in England, Egypt, Singapore and Hong Kong would aggregate about \$53,000,000. Recommendation is made that two-way long distance wireless telegraphing stations, and that each center be equipped for receiving from several stations in the chain simultaneously.

KIMBERLY ROAD DISTRICT PLAN GETS SCRUTINY

Advocates of New Highway Organization and Chamber of Commerce Directors Consider Debt Division

O. G. Zuck and W. H. Spence, Kimberly, members of delegation which last night conferred here with directors of the Twin Falls Chamber of Commerce relative to the probable award of appraisals of the streets of \$126,000 have been computed from the proper bases.

"We are not altogether satisfied that the figures given showing the Kimberly district's indebtedness at the close of 1921 have been computed from the proper bases," Mr. Spence said. "We shall endeavor to get all the facts for ourselves. If it should be proved that an error had been committed upon the part of the district, I personally will not consent to its organization."

Financial status of the proposed Kimberly highway district in the event of vote at an election Saturday favorable to its creation out of territory now included in the Twin Falls highway district was the principal topic of discussion at a dinner meeting last evening in the Rogers hotel of representative citizens of Kimberly who have been active in furthering the proposed new district with directors and members of the roads bureau of the Twin Falls Chamber of Commerce.

Decision in Advance. Results of the conference were not clearly defined. Members of the Kimberly delegation expressed their intention to investigate further today the figures that were yesterday compiled and submitted to the directors of the Twin Falls district by Assistant Engineer W. P. Edwards, anticipating the award of appraisals in the event of the creation of the proposed new district, and assigning to the new district an initial obligation to the parent district in the sum of \$126,310.07.

Has Important Bearing. It is anticipated that results of this investigation would have an important bearing on the outcome of the election Saturday at which the question of creating a new district and the right to vote of the electors within its boundaries.

Members of the Kimberly delegation at last night's conference included O. G. Zuck, W. H. Spence, R. W. Wilson and W. C. Conley.

TROOPS' WORK REVIEWED BY SCOUT COMMISSIONER

Dr. John H. Taylor of Salt Lake, representative of National Organization, Addressed Leaders

Dr. John H. Taylor of Salt Lake, special field commissioner of the national organization of the Boy Scouts of America, yesterday afternoon addressed a meeting of members of the Twin Falls Boy Scout council and acquaintances of the seven troops operating in Twin Falls.

Dr. Taylor outlined the work already accomplished and lying ahead of the Boy Scouts organization and offered several suggestions for carrying on the work here.

RISK IS PRONOUNCED SANE BY COMMISSION

Former Kimberly District Farmer Is Given Clean Bill of Health by Fresno Investigators

Walter H. Risk, farmer and formerly a resident of the Kimberly district, who was Monday reported to have become suddenly insane at Fresno, Cal., has been declared sane by an insanity commission in Fresno county, according to a telegram received yesterday afternoon by C. A. Baker, of Twin Falls, in whose care the Risk children were left when Mr. Risk went to California some weeks ago.

The report that Mr. Risk was being held for examination as to his sanity was made by Fresno police in a telegram received Monday night by Chief of Police Ben J. Brown.

The new year means new letter and invoice styles. We have them. Close Book Store—adv.

Public Sale of Farm Land

At 10 o'clock Friday morning, January 27th, 1922, I will sell the following land, at public auction to the best bidder for cash, the west half of the northwest quarter of section 20, Township 20 North, Range 10 E. B. M., Twin Falls county, Idaho.

Chemist's Analyses Show Few "Bugs" in City Water Supply

Tests Result in Saving of Expense for Chlorine and More Palatable Water

Twin Falls' water supply since December 17 has contained no bacteria coli, which are regarded as a cause of typhoid fever, and the sum of common germs has ranged from four to 24 per cubic centimeter, which is well below the government danger point at 100 per cubic centimeter; according to an summary of almost daily chemical analyses of the water submitted today by City Chemist E. R. Dooley to J. J. Pilgrimage, city street and water works commissioner.

The analyses have had a direct bearing upon the proportion of chlorine added to the water at the filtration plant during this period. Mr. Pilgrimage said today. During the week ending December 24 an average of only 24-100ths of a pound of chlorine was added to one-million gallons of water, eight and one-half pounds being equivalent to a gallon of water. Close of the week ending December 31 the amount of chlorine added was fifteen one-hundredths part of chlorine.

Reduction in the amount of chlorine used to purify the water supply rate, as determined by these analyses, has resulted both in saving of expense and in delivery of a more palatable water supply, the commissioner said.

TRAFFIC EXPERT WORKS ON COUNTY'S EXPENSES

Leonard Way Gives Rotarians Results of Partial Survey of Financial Condition

Leonard Way, formerly chief of the state public utilities commission, traffic bureau and now secretary of the Southern Idaho Traffic association, in an address yesterday before the Rotary club here, presented some of the figures he is collecting in the preparation of a financial survey of the county. He showed the aggregate annual income and expenditures of the people of Twin Falls county as a whole.

Figures presented included the amount of the county's tax bill this year amounting to \$1,532,254.53; irrigation system maintenance which cost \$200,000; freight charges on potatoes shipped to Texas, which he had rounded off for an additional charge in \$47,000 annual cash now devoted to the crop in this county.

He showed an increase of 24 cents a hundred weight in freight rates on potatoes shipped to Texas, which he had rounded off for an additional charge in \$47,000 annual cash now devoted to the crop in this county.

He suggested in freight rates on what would reduce the bill against the county's wheat growers on this account from \$439,000 last year to \$154,000 this year, by selling, basing his computations upon the surplus of wheat available for shipment to outside markets.

In his introductory remarks Mr. Way pointed out that the towns of the county are wholly dependent for their prosperity upon the agricultural industry.

MONTANA has 100,000 acres of "hot" land under E. R. Stevenson's reclamation projects. Rich prairie lands will be adapted to alfalfa, sugar beets, potatoes, grain growing and dairying uses. For full information and descriptive publications, address E. C. Lewis, General Agricultural Director, U. S. Dept. of Agriculture, Washington, D. C.

DOCTORS HOPE TO SAVE LIFE

Chance for Recovery of Mrs. Fredrickson is Recognized by Physicians

Hope for the recovery of Mrs. Olive May Fredrickson, wife of C. W. Fredrickson of Twin Falls, who Monday evening at a hotel in Pocatello swallowed two bihloride of mercury tablets in an evident attempt at suicide, is held out by attending physicians, Mrs. Fredrickson said yesterday afternoon upon her return from Pocatello where he had been summoned by word of his wife's act.

Person Still Present. Improvement has been noted in Mrs. Fredrickson's condition, he said, although the physicians express apprehension that the hazardous poison taken may not yet have been eliminated from the system so that danger still exists.

Mrs. Fredrickson registered at the hotel on Saturday, January 14, and has been in Pocatello since that time. The Pocatello Tribune says in its account of the alleged attempt at suicide.

Mrs. Fredrickson was found in her room about 7:30 Monday evening by a hotel boy at the hotel. It was thought that after taking the mercury tablets the woman went to the house phone in order to notify the clerk of her act but failed and fell to the floor. The clerk at the hotel, when unable to get any response from a telephone call to the room, sent a hotel boy to investigate and the woman was found lying on the floor and in evident pain.

A number of letters written by the woman Sunday and Monday were found on the dresser in the room and the following one was in an envelope on which was written, "To be opened at my death." "My life seems sweet to me now. I can't see but two ways and I am taking the only one I care to go in order to keep pure I'm going this time. Let others think what they please, God knows."

Deponent Over Financial Troubles. The following note was written Sunday night: "My God help me. The fact which I have just committed was not done because I am in love with anyone, but I have no work or money and I am before me a life of shame or I must seek for help which I cannot do, if I have sinned in the past I seek God, may he judge me and forgive me the one who led me into temptation I forgive them. Pardon them for they know not what they do, is my prayer."

According to papers found in the woman's room, she was 37 years of age and was born June 12, 1885, at Kearney, Neb. A life insurance policy was also found among her personal effects. According to employees at the hotel the woman has acted strangely since she has been in the city and appeared depressed over financial troubles. Her three children, it is reported, were placed in a children's home in this state some time ago.

JURY AWARDS BUTCHER MONEY PAID FOR SCALES

Denies Claim of Furniture Company for Balance Aligned Due on Weighing Machine

Claim of the Boise Fixture company for judgment against Charles Dunn, proprietor of a meat market here, for \$250 alleged to be the balance due on a note for \$225.00 given by Dunn in payment for a weighing machine was denied by a jury in probate court here at the conclusion of a trial that occupied most of the day, and a verdict awarded to Dunn the \$250 which had been paid in account for the scales, was returned. Evidence was introduced to show that the scales had been used when they were delivered to Dunn. E. T. Hamilton appeared for the company and H. C. Mills for Dunn.

Mercury's Range on Higher Levels in Past 24 Hours

Temperature here yesterday climbed exactly to the freezing point at 32 degrees above zero, was low last night at 16 degrees above, according to records of the government weather observatory here. Four one-hundredths of an inch of precipitation in the form of snow-fall was recorded.

The mercury's ascent yesterday was within one degree of the high mark for Tuesday, while last night's low was eight degrees above Tuesday night's low point. Continued moderation in temperature tonight and Friday is the forecast for Idaho.

INQUIRY IN CITY'S TAX DEVELOPS NO CRITICISM

Chamber of Commerce Committee Confers with Officials of Municipality

Items of expense this year of the Twin Falls municipal administration and its tax levies were discussed at length at a meeting of city officials with members of the Twin Falls Chamber of Commerce tax committee in the chamber of commerce office last evening.

City officials today said that no criticism of municipal expenses or of its tax levies had developed at this meeting. The purpose of the chamber of commerce committee in arranging the meeting, Secretary Newell B. Wright said today, was to lay before the city officials its plans for circulating a questionnaire calling for expression of opinion and suggestions for dealing with tax problems. The city officials had no criticisms to make of anything to add to it, Mr. Wright said.

The delegation of city officials at the meeting was headed by Mayor P. W. Roberts and included Councilmen C. T. Stracken, C. H. Kregel, W. E. Sanger and C. P. Bowles, City Treasurer J. R. Hall, City Attorney Taylor Cummins and City Clerk Paul R. Tisher.

HIGH SCHOOL NOTES

The weekly assembly was held the fifth period yesterday. Mr. Karnes announced that the required number of subscriptions for the annual to be published had been received, so the work on it will go on. He also announced that due bills may be cashed in the library this week only. From this week on the book exchange held there every first week of each semester will be discontinued. The collection played a selection entitled, "Twin Falls High," composed by J. T. Bainbridge and dedicated to Twin Falls high school.

The Radio club meets tonight. The Blue Triangle cabinet and various committees met last night after school. They are working on plans for raising the camp fund to send delegates to the annual conference at Payette lakes. The program committee is planning one of the simplest meetings of the year for next Wednesday. It is to be a meeting devoted to stunts, games and fun.

Miss Moore has arranged for a game with Bull's second team to be played a week from this Friday. The team has not yet been picked but the girls will practice this noon and tonight, and Miss Moore will probably pick them then.

Stored Foods At certain seasons of the year, nature mothers us in generous lavishness; at other seasons she treats us as outcasts. One great service rendered by Swift & Company to the consumer is in taking some of the surplus of nature's plenty and storing it against the season of non-production. This is a service based upon sound common sense and meets a definite economic need. This enables you to obtain all the year round some foods which otherwise would be so abundant in certain months that the entire supply could not be used, and so scarce at other times that prices would be prohibitive. Swift & Company has equipped its plants and branch houses with refrigerating plants, and has a sufficient number of refrigerator cars to carry a supply of meat foods to its customers. Space in public cold storage warehouses also is used by us to carry perishables until they are needed. We store only enough meat, butter, poultry, eggs, and cheese to supply our customers during the period of scarcity and not to speculate on rising prices. Our storage profits during the last eight years have averaged about one cent a dozen on eggs, and less than a cent a pound on butter and poultry. Storage of food is a world necessity and we regard our part in this as an important factor in our service in supplying the nation with wholesome food. Swift & Company, U. S. A.
