PRICED FIVE CENTS

MINERS ON PENDING FIGHT

United Mine Workers Willing to Pool Their Interests with the Railroad Men to Combat Proposed Wage Cuts

TO RESIST ATTACKS ON PRESENT SCALE OF PAY

Invitations Sent to Brotherhood Membership to Participate in Meeting with Miners to Devise Plan for Action

WILLING TO JOIN

The United Mine Workers of America are willing to "unreservedly pool their interests with the railroad organizations and stand with them in resistance to the attempted attacks upon their wages," John L. Lewis, international president of the miners, declared in a statement today.

The statement was made along with the announcement that invitations to participate in a meeting with the miners had been sent to officers of the 10 major organizations of railroad workers.

Mr. Lewis declared the railroad workers have been "compelled to accept inequitable wage reductions" and asserted proposals now being considered on a gigantic scale to enforce further "unwarranted wage cuts upon them."

AR WILLING TO JOIN

"It is likewise apparent that certain interests are seeking some restriction in the coal mining industry," he continued. "In order to successfully combat this trended hysteria," the miners are willing to join hands with the railroad workers," he added.

Pointing out that the 1919 conference of the miners directed that steps be taken to secure some restriction in the coal mining industry, the letter of invitation declared that the time has come for the Brotherhood of Railroad Workers to exercise its right of membership in the proposed organization for the above mentioned purpose.

NO INVITATION YET

CLEVELAND, O. (AP)—Warren S. Stone, president of the Brotherhood of Locomotive Engineers, and W. G. Lester, president of the Brotherhood of Railroad Trainmen, said today they had not yet received invitations from John L. Lewis, president of the miners, to support attacks upon their wage schedules. Neither would comment on the matter.

EVIDENCE IS ALL IN AND ARGUMENT TO BEGIN

Attorneys in Arbuckle Case Commence Addresses to the Jury at Once

SAN FRANCISCO (AP)—The last day of the trial today in the second trial of a manslaughter charge against Roscoe C. (Pat) Arbuckle. A 15-minute recess was taken before final argument began.

FACTS ORAVE CHARGES

BOSTON (AP)—Max Mitchell, president of the defunct Comptrol Trust company, was arraigned today on five indictments in which he was charged with larceny aggregating \$1,500,000, fraudulent loans and conversions, false reports and entries and other offenses.

WOMAN IS CONVICTED

PORT WORTH, TEXAS (AP)—Mrs. Bernice Vallance, lawyer of her former finance, Floyd Barham, at Memphis, Texas, last year, was acquitted by a jury at Memphis last yesterday. The jury was out twenty-four hours.

ATTEMPT ABANDONED

PITTSBURGH (AP)—An attempt was made on the life of President Zwick of the independent state of Plume when a bomb was thrown at his automobile. The president was not injured.

DECLARES CANNIBALISM HAS STARTED IN FAMINE STRICKEN AREA OF RUSSIA

Quaker Relief Worker Presents Terrible Picture of Conditions Existing in Basuluk District—Dead Said to be Piled in the Trenches Like Cordwood with Heaps Visible a Quarter of a Mile Away—Dogs and Cats Freely Eaten by Starving Populace

PHILADELPHIA, Pa. (AP)—

Graphic pictures of light-brown and blackened amid tragedy—the cheering souls of America amid the starving hordes of Russia—were drawn by Denah A. Hurley of New Hope, Pa., now a member of the Quaker Relief unit, in a letter from the Volga district to the headquarters of the unit here.

After describing the utter desolation in her own immediate locality, where the bodies of the dead are "piled up in the trenches like a quarter cord wood, the pits visible a number of miles away," Miss Hurley told of having received a letter from another relief worker, Doris White, whose station is forty miles from a railroad.

Miss White "begged for more help," Miss Hurley said, but added that they had some of the dead "piled up for a week or two."

SWEDISH WOMEN FAIL TO EXERCISE VOTE PRIVILEGE

Statistics Show that Few Saw Fit to Mark Ballot at the Last Election

STOCKHOLM (AP)—Less than half of the women of Sweden entitled to vote exercised their newly won franchise rights at the polls in the elections of 1921, the first year of full suffrage for women, according to a report of the Swedish Central Bureau of Statistics just made public.

The official report shows that 47.3 per cent of the women voters in the last election actually exercised their franchise for the first time.

The official report shows that 47.3 per cent of the Swedish women voters cast their ballot while 61.1 per cent of the men voted. The total women vote in the city of Stockholm was 76,719 while vote cast by men was 91,188.

The general impression throughout the country seems to be that the Swedish women have fully realized the importance and significance of their new privilege. It is believed that in the future they will make a better showing at the polls.

The heavy women's vote in Stockholm, which is to a large extent an industrial city, may indicate that the women of that city are better informed as to the importance of their new privilege to register their vote. However, other women cannot be said to have neglected the ballot as a whole.

RIGID RULES DEVISED TO STAMP OUT FLU EPIDEMIC

Seventy-Five Policemen are Assigned to Health Department of New York

NEW YORK (AP)—Seventy-five policemen were assigned today to special duty with the city health department, enforcing house heating and sanitary rules laid down by Health Commissioner Copeland in an effort to check the further spread of the influenza epidemic. Dr. Copeland announced that he would take immediate legal steps against house owners who failed to provide heat.

PORTUGUESE CABINET RESIGNS

PARIS (AP)—The Portuguese cabinet headed by Cunha Leal, which was formed December 16 last, has been resigned today. The resignation was dispatched to the Tomos today from Lisbon, near the Spanish-Portuguese frontier, by a Lisbon telegram. The cabinet had resigned January 2, 1921. President Almeida declined to accept the resignation.

JAPANESE STATESMAN DIES

LONDON (AP)—Field Marshal Yamamoto, one of the few remaining of Japan's "genro" or elder statesmen, died at his home in Odawara today, says an Exchange Telegraph dispatch from Tokyo. He was in his eighty-fourth year.

WANT COUNTRY-WIDE STRIKE

SANTIAGO, Chile (AP)—The executive council of the Chilean Federation of Labor today addressed a manifesto to the "workers of Chile" calling for a country-wide strike, as an act of solidarity with the striking coal miners.

Score of Firemen Overcome by Smoke in Fighting Blaze

Stubborn Fire of National Biscuit Company Sends Many Men to Hospital

PITTSBURGH, Pa. (AP)—Nearly a score of firemen were overcome by smoke in fighting a blaze in the building of a biscuit company in the downtown district this morning.

Body of Man Falls Among Lunch Crowd in New York Street

Jonas Marsh Libby, Editor and International Authority on Industry Meets Fate

NEW YORK (AP)—Jonas Marsh Libby, editor and international authority on industry, met his fate today in the midst of "hurry hour" pedestrians.

Arrested Man Said Guilty of Killing Wife and Friend

Tragedy in Tennessee Town is Recalled Through Apprehension of Alleged Murderer

DENVER, Colo. (AP)—W. W. Bradley of Cedar Hill, Tenn., was brought last night, November, in connection with the slaying of his wife and a man with whom she was friendly, was arrested here today.

NEAR EAST IS BIG PROBLEM

Premier Poincare and Experts Confer on Control of Dardanelles

PARIS (AP)—The Near Eastern question was considered by Premier Poincare and a number of experts at a conference in the Quai last night, which lasted until an early hour this morning.

The conference originally was called to prepare for the meeting of the British, French and Italian foreign ministers, which was to have been held here today. It was found that the circumstances of the postponement of the foreign ministers conference only made it more necessary to learn in what respects the British and French viewpoints differ as to the aims of the two governments.

The differences between the British and French programs for a settlement of the question concerns more particularly Smyrna and Thrace, and the central conditions on which the powers might intervene there.

The French writers claim that in reality behind the question of frontiers is that of the Dardanelles—whether the mistress of the seas dominate the straits, or Constantinople has given the maritime independence indispensable.

REPORTS SAY BIRDS ARE SUFFERING FROM FAMINE

Deputy State Game Warden Suggests Feeding of Pheasants and Quail

Present and past in the Twin Falls district are suffering from lack of food in consequence of a very early winter that has remained on the ground in a thick blanket, shutting off access to shelter in the fields and other places where they have usually sought the game birds in past winter seasons, according to reports received by J. R. Fitzsimmons, deputy state game warden.

Mr. Fitzsimmons is today in the vicinity of Buhl investigating the accuracy of these reports.

In the event it is found necessary, Mr. Fitzsimmons said, sportsmen and others interested in keeping game birds here will be asked to suggest plans for feeding them while the snow remains on the ground.

WINDOOS SAYS LOGGING IS NECESSARY

Former Director General of Railroad Declares Every Action Taken Was Compelled as War Measure

WASHINGTON, D. C. (AP)—Meadow taken during federal control of the railroad, "call for no apologies," William Gibbs McAdoo, war-time director general of railroads, declared today before the senate interstate commerce committee, and statements of seven of the chief railroad men in the United States, were presented by him to support his declaration.

These measures, Mr. McAdoo quoted the railroad executives as saying, "were caused by war conditions and the officials in charge of the railroads in support of the government during the war will justify every act of administration during that period."

Impossible to Avoid.

Mr. McAdoo, who appeared at the committee hearing on the recent railroads, also quoted the executives to the effect that "it was impossible to avoid the increase of wages, which were granted, and those which are pending are, inherently a result of the same causes."

The executives ascribed the necessity for wage increases to "the industrial surrounding the railroads on all sides, paying war prices for labor and depleting the railroad supply of labor, particularly the supply of skilled labor."

AUTO BANDITS ROB MAIL MAN

One Pouch of First Class Mail and Sacks of Secondary Matter are Secured

CHICAGO (AP)—Three automobile bandits early this morning held up Joseph H. Schwarz, a station employee of the Pennsylvania railroad at Wilting, Ill., while he was delivering mail to the station. Schwarz and took from him a push cart one pouch of first class mail and six tie sacks containing parcels and papers.

The robbery occurred at 7:35 a. m. after a mail train from Chicago had departed for the east. Schwarz had prepared about one hour from the time he left his car to take his mail along his trip. One of the bandits fired a shot into the air and three or four men fled, but the fourth man remained at the wheel.

TIME FOR PROTESTS IS FIXED BY COMMISSION

State Utilities Board Gives Notice on the Short Line Application

Protests against granting of the application of the Oregon Short Line for permission to operate through passenger train service on a number of branch lines, including the Rupert-Idaho, cutoff and the Twin Falls-Rogers branch, will be received by the state public utilities commission until February 6 according to notices sent out by the commission Tuesday.

The date for hearings on the application to inaugurate tri-weekly head service is contemplated holding separate hearings on each branch line at some point most convenient to the parties interested.

Nine branch lines are affected by the Short Line application.

On the Idaho branch it is proposed to operate through passenger service to substitute mixed train service daily except Sunday.

On the Oakley-Beauregard branch it is proposed to inaugurate tri-weekly head service, making a trip to Idahoone on one of the tri-weekly Deco days, eliminating Sunday service.

On the Wood River branch it is proposed to inaugurate mixed service instead of straight daily passenger service, except Sunday.

TO EXCEPT WATER SUPPLY

WASHINGTON, D. C. (AP)—The department of interior today requested of congress an appropriation of \$30,000 to be used for the construction of a dam in the Sequoia and Grand National parks, California. Tourists are visiting the park in increasing numbers and water supply has been safeguarded their health, congress was informed.

OFFICIAL IS STRICKEN

BATTLE CREEK, Mich. (AP)—Secretary of Labor Davis is a patient at a local sanitarium. He arrived yesterday from Washington, suffering what is described as nearly a physical breakdown.

LIMITATION OF DAMAGES IS AGREED TO BY CONFERENCE

American Proposals Adopted in Substance in Treaty Declared by Secretary Hughes to be Most Important and Significant Ever Negotiated—Race for Naval Supremacy is Ended for All Time

EVERY SEAT IN HUGE HALL FILLED AS MOMENTOUS DISCUSSION OPENS

WASHINGTON (AP)—Formal assent of the five powers to the naval limitation treaty was given at the plenary session of the Washington conference today when the treaty was taken after presentation of the treaty by Chairman Hughes and his brief discussion, following the French delegation expressing the adherence of France. The separate treaty regarding submarines and poison gas was then presented by Eltha Bero.

COMPLETE TEXT IS PRESENTED

Full Text of Agreement Between Nations on Disarmament Given to Delegates; American Plan Maintained

WASHINGTON (AP)—At 12:50 p. m. today, Secretary of State Hughes presented to the arms conference the text of the treaty for limitation of naval armaments.

The entire text of today's plenary session of the conference—the fifth in its course—had been to that moment concerned "the integrity of the adoption of committee resolutions providing for the return of certain privileges to China and the announcement of the settlement of the Shantung dispute."

The naval treaty was not read, but Secretary Hughes outlined its terms and declared that so far as capital ships were concerned, "the integrity of the plan proposed on behalf of the American government has been maintained."

China Gets Property Back.

The Shantung treaty between China and Japan, providing for the return of the territory and property in Shantung to the republic previously in Association of the League of Nations.

The Japanese agreed to turn over the Shantung railway at a valuation of \$3,000,000 gold marks plus Japanese expenditures for improvements, improvements, with allowances for depreciation in return for Chinese treasury notes running 15 years, but redeemable within 10 years at the option of China.

The agreement for management of the railroad provided for a Chinese managing director, with a Japanese traffic manager subordinate and Chinese and Japanese employees.

The Chinese managing director would have supreme control of the road.

Each Names Commissioner.

Article one of the Shantung treaty provides that Japan shall restore to China the former German leased territory in Shantung which will appoint a commissioner with equal authority for the transfer of the properties. The transfer would be required within six months and the Japanese government would be required to furnish all archives, deeds and other papers relating to Kiao Chow.

The second article provides for full compensation for the Japanese of all property in Shantung whether originally German-owned or built subsequently by the Japanese. One provision declares that no compensation shall be claimed by Japan for such property except such purchased since Japanese occupation or that of the Germans which Japan had improved. For these China would refund the amount of the Japanese expenditures.

Another provision declares that the Japanese consulate, schools and churches shall be retained by the Japanese.

The third article provides for withdrawal of Japanese troops from Shantung, especially on the railroad and in the Japanese garrisons, as soon as possible, when the Chinese police are ready to take over the railroad. It is stipulated that the Japanese troops retained by Japan for such purpose on the railway at date to be arranged by the Japanese and Chinese authorities.

Entire withdrawal of Japanese troops is to be effected within three months if possible and not later than six months. The Japanese garrison at Tientsin is to be withdrawn within 30 days.

Article four of the treaty, dealing with maritime customs, provides that the Japanese shall return to China the customs house at Tsingtao.

Article five of the treaty, dealing with the transfer of the Shantung railway. To effect the transfer, China and Japan are to appoint three commissioners to compose a joint railway committee, one to be appointed by the Chinese and one by the Japanese. The committee shall appraise the railway's actual value and arrange for its transfer in not less than nine months.

Article six of the treaty, dealing with management and administration of the railroad to be in effect pending Chinese redemption of the railway.

Article seven deals with two extensions of the Shantung railway and provides that the extensions shall be "thrown open to common activities of an international character."

HEADQUARTERS FAVORS SETTLEMENT OF STRIKE

Advise Packing House Workers to so Vote and Try and Get Their Jobs Back

CHICAGO (AP)—Packing house workers throughout the country are voting today on the question of calling off their strike, which started in 14 packing centers December 5, 1921. In fraternal headquarters of the union of the workers, it is recommending that the strike be called off and that the strikers seek their old positions.

No statement was forthcoming today from union headquarters in explanation of the recommendation. The strikers took a referendum vote on the question of calling off the strike. The union announced figures, cast an overwhelming majority in favor of remaining out.

ROBEVISHNESS IS ASKED

SOUTH NORWALK, Conn. (AP)—Receivers for the Locomobile company of South Norwalk, Conn., today filed with Federal Judge Edward S. Thomas at his office today. This action was taken, it was stated, as a step toward the liquidation of the company. The company and various interests were represented by counsel who stated that the proceedings were being taken in the liquidation of the company. The interests of banks and merchants creditors, as well as stockholders can be kept from being through a reorganization through a receivership.

ANTI-BOLSHEVIK ELEMENT OBJECT

Pri-Amur Government in Russia Files Vigorous Protest Against Session

WASHINGTON, (AP)—The Pri-Amur government of Russia in a note sent yesterday to Secretary Hughes by Foreign Minister Kolenkoff, a member of the special delegation now in Washington, protested against the decision of European nations to meet with Russian bolshevik envoys at Geneva and served notice that "the Russian people will never recognize any agreements contracted with and by bolsheviks."

"The principle of moral trusteeship set forth in the statement of your excellency at the year convention of March 23, 1921," the note said, "and the note of Secretary of State Baldwin (Colby under date of August 10, 1920) have been the best illustration of the fact that the United States government is the only power in the world that has followed in the most constructive way the policy to ward off Russia and bolshevism."

Mr. Kolenkoff expressed the confidence of his government that the United States will not attend the conference "but would find other means of assisting the economic reconstruction of Europe" that "an understanding and co-operation with communistic authorities."

HAVE LOWEST DEATH RATE

St. Louis Best Place in Which to Raise Babies; Detroit Best for Adults

ST. LOUIS, Mo. (AP)—St. Louis is the healthiest of the larger cities, declared Max S. Starkloff, health commissioner, today. Dr. Starkloff made public figures showing that this city in 1921 had the lowest death rate among infants under one year of age.

The health commissioner gave out a table showing the mortality rate per 1,000 infants in the various cities. The table he said was based on federal statistics and follows:

St. Louis, 81.7; Cleveland, 73; Philadelphia, 70; Boston, 70; Cincinnati, 77; Washington, 83; Detroit, 85; New York, 85; Chicago, 85.81; Baltimore, 87; Pittsburgh, 89.

St. Louis had the lowest general death rate in 1921, according to other statistics presented by Dr. Starkloff. They follow:

Detroit, 9.7; Cleveland, 10.5; Chicago, 11.1; New York, 11.3; St. Louis, 12; Philadelphia, 12.7; Boston, 12.8; Wash., 85; Chicago, 85.3; Baltimore, 87; Philadelphia, 89.9; Cincinnati, 14.1; New Orleans, 16.

TO TRAIN NATIVE LABOR

Elaborate Plan for Technical Education in New South Wales is Evolved

SYDNEY, N. S. W. (AP)—The New South Wales Central Technical Council has evolved an elaborate plan of technical education with the idea of equipping the islands with skilled native labor, according to announcement by organization officers.

A site for a new school building has been selected at Bahamb and instructors will be sought throughout Australia. They will receive annual salaries of about 500 pounds.

"The education scheme will be entirely for the natives," said Captain Cardew, who is in charge of native affairs. "We will teach them engineering and carpentry first but eventually hope to train them in every trade. We will also conduct an elementary school for natives from the missions. The scheme will be aided by the missions."

DISARMAMENT IS REJECTED

Soviet Government Does Not Agree with Views of Those Who Would Cut Standing Armies in Half

COPENHAGEN, (AP)—The Central executive committee of the soviet government has rejected a proposal by Nikolai Lenin that the Russian army be reduced by half, according to a Moscow dispatch to the Social Democrats by way of Berlin.

Lenin's proposal was made with a view to meeting the wishes of the United States but it was opposed by Leon Trotsky.

The vote against the proposition was large, and a counter resolution was adopted, declaring that the European political situation does not permit of the one-sided disarmament of Russia.

Thus the debate Trotsky had invited to the invitation to the international economic conference at Geneva as a "trap."

SAVES WASTE OF FISH IS DANGEROUS TO AMERICA

Denisons of Sea Adjacent to Coasts Will Soon Be Gone Unless Practices Cease

NEW YORK, (AP)—The salt water fisheries of this country are seriously menaced by the present practice of commercial fishermen, pollution of water and improper spawning regulations, declared John H. Burnham, a member of the migratory bird conservation committee, and one of the originators of the migratory bird law, today.

Off the coast of Lower California, Mr. Burnham stated, the present migratory white with fish killed by purse seiners, who cannot take them to port for sale. He says the Atlantic steppes and salt marshes have practically disappeared and added:

"Unless radical action to preserve our fish is taken in the immediate future, this country will find itself facing the problem of trying to restore a natural resource of great importance which already has been lost."

The migratory bird conservation committee, an organization helping in the necessity for federal control of the fisheries, will soon introduce in congress a bill similar to the present migratory bird law, looking to the general protection of fish in the waters of the United States. Mr. Burnham said the migratory bird law, he stated, had proved conclusively that game can be conserved by proper legislation and migratory fish conservation committees expect a similar result from a bill except from commercial fishermen and those states which derive a revenue from such fishing without a thought of the probable duration of the industry.

BULGARIA NOT A MENACE

Report That Only Favorable Time to Switch Thrusts from Greece is Waited, is Denied

SOFIA, (AP)—Christo Manoloff, Bulgarian minister of foreign affairs, is anxious to have American locomotive manufacturers and railroad supply houses look into the possibilities of business in Bulgaria.

He says that one of the greatest present needs in Bulgaria is a plant for the construction and repair of locomotives and freight cars. He has on hand nearly 100 locomotives and several thousand freight cars awaiting repairs and the country had no facilities for this work.

"Although our country is going through a period of great financial and economic stress," said Mr. Manoloff, "we are preparing actively for the extension and reconstruction of our railways. We would like to have the help of your resourceful and experienced American railway men and contractors in this direction."

"We are planning the construction of more than 500 miles of new railroads in which we will need foreign technical skill and capital. Americans will have the preference because I think they lead the world in these two requirements."

WORD DECLARED OBSOLETE

Question of Sobriety Eliminated from Requirements for Auto License in Florida Town

JACKSONVILLE, Fla. (AP)—Prohibition has rendered obsolete the word "sober," according to the city council here, and the term has been relegated to the scrap heap officially by that august body. The council recently in considering an automobile ordinance which provided that certain persons must be "sober and of good moral character," was surprised when one member objected strenuously to the inclusion of "sober."

"It is a reflection on the government and the constitution," the member said. "It recognizes a violation of the law, and since we have prohibition it has become obsolete."

The objection at first was not taken seriously but upon insistence the term was eliminated by a vote of 16 to 7. One councilman took to vote, stating that he "didn't know whether a man could be drunk or sober under the new order of things."

INFANT MORTALITY IS HIGH

Bombay, India, Leads World with Record of 630 Deaths Out of Every 1,000 in First Year

LONDON, (AP)—A surprising disparity in the death rate of babies throughout the world is shown in the latest figures issued by the registrar-general.

During the third quarter of the year just ended, Christiansia, the capital of Norway, was the healthiest city reporting the infantile death rate per 1,000 being only 23, while Amsterdam, Holland, had a rate of 42, Stockholm, Sweden, 47, and Copenhagen, Denmark, 48.

Compared with these, London's rate of 93 appears high; but Wigan, an important industrial town in Lancashire, has a rate of 125, and Berlin 146.

No town in Europe has such a record as Bombay, India, where, according to official figures, 630 babies out of every 1,000 die before they reach the age of 12 months.

Vanishing Vicunas. The llama and alpaca are extensively domesticated in South America. A relative of theirs, the vicuna, smaller in size, is a wild animal, native to the high plateau of the Andes.

The vicuna has been hunted almost to the point of extermination by the Indians, and before long it is likely to become an extinct species. Its fine silky wool, of a lustrous color, is worn into very attractive ponchos, and skins made of its skin are much sought as bed coverings.

Vicuna rugs occasionally find their way to the United States, where they fetch high prices. They are usually six feet by four, and in Bolivia sell at 100 to 250 bolivianos. A boliviano is about thirty-eight cents.

HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair with Sage Tea

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By using at any drug store for "Wyeth's Sage and Sulphur Compound" you will get a large bottle of this all-time recipe, improved by the addition of other ingredients, already in use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it is so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two it is restored to its natural color and looks glossy, soft and beautiful—ad.

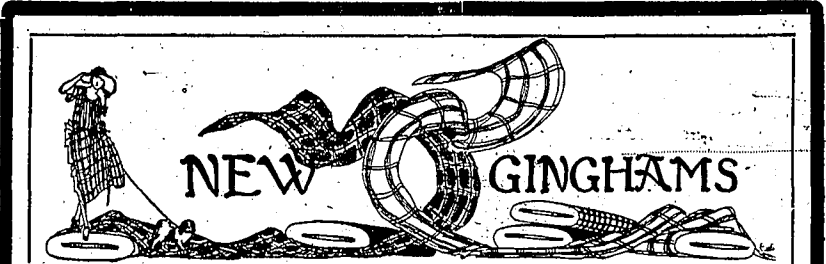

Don't Mention It

"Through a process of scientific calculations anyone may now view himself as the center of the universe," said Professor J. "That may be, but please do not favor not to mention it to my wife."

NEW BODY IS LAUNCHED. HONOLULU, T. H. (AP)—The United Workers of Hawaii, an international labor organization with the avowed purpose of "obtaining for the workers a direct voice in the management of industry" was launched here definitely with the adoption of a resolution embodying the declaration of the body's principles and objects, ratification of by-laws and the election of temporary officers.

GENERAL STRIKE PLANNED

Railway Men of Berlin Decide to Proclaim Walk Out—Warning is Given

BERLIN, (AP)—The executive committee of the railway men's union has decided to proclaim a general railway strike at midnight tonight. The government today issued a warning to the railway men, declaring the strike move was illegal and announcing a penalty of imprisonment or a fine to a maximum of 50,000 marks for individuals refusing to work or inciting others to such refusal.

BANK OF HANSEN ELECTS

George D. Crockett Named by Directors as President of Institution

HANSEN, Idaho—Annual meeting of stockholders and directors of the Bank of Hansen resulted in the election of George D. Crockett, president; J. S. Russell, vice president; T. E. Provost, cashier; G. P. Wade, assistant cashier, and J. S. Russell, George D. Crockett, Oscar Iverson, C. E. Peterson and H. M. Vandervoort as directors.

JACKSON LAKE CONDITION

Storage Water Still in Excess of Quantity Impounded Last Year

MURLETT, Idaho—Report from Moran, Wyo., of the outlet of Jackson Lake reservoir to the westward, shows the condition here, shows the following: Jackson Lake storage: 278,700 acre-ft. On Jan. 21, 1922. Same date a year ago, 269,370 acre-ft. Week ending Jan. 21, 1922, 5,440 acre-ft. Same week a year ago, 7,520 acre-ft. Precipitation at Moran: 1.46 inches. Week ending Jan. 21, 1922. Same week a year ago, 0.70 inches. From Sept. 1, 1921 to Jan. 21, 1922. For same period a year ago, 10.10 inches.

As for the Bourne

As for the Bourne, which is Greek by its collocation, Roman by its arches and doors and windows, Renaissance by its flat vault, it is unquestionably a very correct and pure structure, and the proof of it is crowned by an attic such as Athens never saw, a fine right line, gracefully cut, here and there, by chimney pots.—Victor Hugo.

TRY SULPHUR ON AN ECZEMA SKIN

Costs Little and Overcomes Trouble Almost Over Night

Any itching out of the skin, even fiery, itching eczema, can be quickly overcome by applying Meutho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and cures the eczema, right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Meutho-Sulphur from any good druggist and use it like cold cream.—adv.

HIGH SCHOOL NOTES
The weekly assembly will be held the fifth period today. The Blue Triangle meets tonight at 7:30. A very interesting meeting has been planned by the various committees, including a basketball game, students, games and refreshments.

FIRST NATIONAL BANK OF TWIN FALLS
Protect your Valuable Papers from Loss.
A SAFETY DEPOSIT BOX
can be rented in our vault for \$1.00 per year and up, according to size.
Oldest Bank in Twin Falls County.

It Adds, Subtracts, Multiplies
Thrift works automatically once its principles are practiced. In reality it is a calculating machine which adds rapidly to your capital, subtracts from your cares and multiplies your pleasures.
A thrift account with us is the key which opens an unsuspected avenue of progress.
4 per-cent on time deposits.
Twin Falls Bank & Trust Company
TWIN FALLS, IDAHO
"Member of Federal Reserve System"

Editor Twin Falls News—
Dear Sir:
The writer has been repeatedly asked to contribute something to your valuable paper. So here goes. I will name it—
"Keeping Money at Home"
Why should the financial institutions of a community such as banks, overlook the advantage of building and loan-associations to the community? The banker seeks municipal bonds, government savings certificates and all other kinds of bonds to his constituents. They send the money away to a foreign community, for a small fee. Wouldn't it be better if they turned this fund into The Mutual Building and Loan Association to loan the money at home? Thus building up the community and keeping the money at home in the bank to build business and manufacturing.
If this co-operation could be secured, how much larger the deposits would be, how much the town would be bettered.
I wonder if any of you ever talked this over with your banker to see whether he realized that your Association is not sending the money away from the community, but loaning it at home? While the banker may have been accusing the Association of taking their money from them, they overlook the fact that the Building and Loan money is re-deposited in the bank. In conclusion let me give you one man's resolution:
A New Year's Resolution
There's a New Year's resolution That I'm going to make this year, And I'll tell it here on paper So that you'll and old may hear.
In your town's an institution, And its goal and big and strong, So to make this resolution, I will never do the wrong.
I am working; common labor; And but want the wage I get, But I'll do myself a favor If this vow I do not break.
From my pay check when I get it, I will take what I can, And I'll put it out on interest, Serving me and other men.
Place it in this institution, Leave it there and let it grow. (This my New Year's resolution.) "Work and Save" and then I'll know That it helping me and others. Now you ask: "How do you know?" Do you think of all our Builders Who have never a place to go!
If we save and wisely place it, Where we know it secure, In the good old Loan and Building, Will do work that will endure.
For this New Year's resolution: "Work and Save" in time to come Will in time be the solution How to get and own a home.
Yours truly,
The Mutual Building and Loan Association
K. S. PETERS, General Manager

IDEAS THAT MAKE OR BREAK YOU—
If you have the idea that you can save—this idea will make you successful.
If you harbor the thought that you cannot save, this erroneous idea is likely to break you. "He can who thinks he can!"
Many people who earn much less than you do are able to save regularly and consistently.
It is your thoughts which make or break you. Pay to yourself that you can save, and start today.
You can open an account in the bank with one dollar or more.

WARSAW WAITS FIRST ELECTION

President of New Republic to be Chosen Under Terms of Government Law

WARSAW, (AP)—Poland, politically, is only looking forward to the summer elections when the first president of the new republic will be chosen by a national assembly composed of representatives of both chambers of the diet.

There has also been much speculation among politicians as to whether Ignacy Jan Paderewski, pianist and former premier, would enter the presidential race.

Ignacy Paderewski was recently elected an adviser to a committee that he probably would return to Poland within four or five months, that he considered himself at the service of his country and always ready for a call.

BULGARIA WANTS ENGINES

Locomotives and Plants for Their Maintenance is One of Crying Needs

SOFIA, (AP)—Premier Stambouliski denies the reports that Bulgaria awaits the favorable moment to snatch Thrace from Greece.

TO SEND YEAM ABOARD

CHICAGO, Ill., (AP)—Preparations to send a football team and athletes to Dublin to compete in the Irish Olympic this summer are being made by the Irish-American A. C. of Chicago.

FLOWERS

Lots of fine cuttings, candelabras (fields and gold), red, pink, orange, dragon, freesia, etc. Phone any hour, 1270.

Only One Masculine Fruit

The French teacher had a most effective method of teaching the gender of French nouns, so that the class would remember them.

That Settled It

Jimmy (after discussion with his overness on the subject of the Last Judgment)—Will every one have to come out of their graves when the last trumpet sounds?

AMERICAN GIRLS NOT SO BAD

Our Flappers May Smoke, but They Did Not Start the "Fad" in the Defense.

It would be deplorable if all American girls, or a majority of American girls, or a considerable proportion of American girls, could be described truthfully as an English novelist describes the American girl.

"Unhindered, cigarette smoking, undisciplined morals of sex, luring men to find new lips to be kissed."

"There are 'undisciplined morals of sex' as there were when Salome danced before Herod and Herod accompanied Alexander the Great upon his Asian marches, comments the Louisville Courier-Journal.

A MID-WINTER COOZATION - In the course of a day's leisure hours an ordinarily active mind runs into many avenues of reflection. For what is apparently no reason whatever we find ourselves suddenly wondering about things which before that moment we had always taken for granted.

But when someone asks, "Why aren't lumber shop ceilings put to proper use?" in a rather a question that is merely whimsical. It is a practical question, as tangible as the plaster and stucco of which the ceiling is made.

There are four cardinals mentioned as likely successors to Pope Benedict. Cardinal Pietro Maffi is Archbishop of Pavia; Cardinal Merry Del Val is the present Cardinal Chamberlain; Vincenzo Vannutelli is dean of the college of France; Cardinal Gaetano is the oldest cardinal in the College of Cardinals.

One May Be Successor of Pope Benedict

EXPLAINS REGULATIONS FOR ADMITTING PUPILS

Superintendent M. C. Mitchell Gives Reasons for Closing School Doors

M. C. Mitchell, superintendent of Twin Falls schools, today issued the following statement in explanation of new regulations for admitting pupils into the high school and intermediate school buildings during certain specified hours only.

"Certain questions have recently been raised in the minds of some of the school patrons relative to that part of the time schedule prevailing in the high school and intermediate school which deals with entrance into the buildings. The plan and the purpose, therefore, as outlined by Principal A. E. Karnes and Rose Murray Smith, are made clear in the following statement:

The Plan. "Pupils should not report to school buildings until 8:30 a. m. for the morning session and 1 p. m. for the afternoon session. To insure the effective execution of the plan the entrances to the buildings are not opened until the proper time. Those pupils who come from the country or who bring their lunch are not required to leave the buildings during the noon hour but have full opportunity to remain in the building. In case they go out of the buildings, presumably to attend to business in town, very naturally and logically the same plan operates in their case with reference to coming back into the buildings as does in the case of the pupils who live in town.

"The plan for entrance into the building should apply to all alike. Where pupils from the country remain in the buildings after coming back to study until noon time during the noon hour that their errand down town will enable them to return to the school at approximately one o'clock they are caused no delay or loss of time in gaining entrance and relaxation of the entrance rules at both morning and noon was reasonably made by both principals during the extremely cold weather in favor of those pupils from the country. In all but a comparatively very few cases pupils adjusted their time of arrival so that the plan has worked with good degree of uniformity since from the first. Conformity to the plan seems to be well established now.

Reasons for the Plan. "The principals of high school and intermediate divide, that such a regulation is wise and reasonable. First, it has proved its value in the operation of other school systems and is quite general in operation. Second-

It trains pupils in the habit of punctuality in the same way that the requirement against lateness of arrival does. Efficiency is usually more of an ideal with the individual who arrives for his appointment five or ten minutes ahead of time than with the one who arrives 15 minutes ahead and kills time by waiting. In the schools the time for pupils to be in their respective rooms for report to roll call is 8:30 a. m. and 1:15 p. m. Third, the high school is operating with nine less teachers this year than last and the intermediate school with six less while both have practically the same number of pupils enrolled as last year. These schools are operating with one less teacher than they did during the first semester of the present school year. Obviously there are not as many instructors to assist in menial duties as was the case formerly. To relieve the teachers of some of these duties and allow them to devote more energy to the regular classroom work was one of the reasons for the regulation under consideration.

"The school officials trust that the full and hearty cooperation of all parents and pupils will be forthcoming in operating according to the stated time schedule. They frankly believe that the school officials will prefer this regulation rather than to divert the time and energy of instructors into other channels than that of actual teaching or to raise the cost of operating the schools by adding more instructors to the faculties."

Glass Pavements a Failure. Some years ago a plant was established near Lyons, France, for the manufacture of paving glass. Numerous descriptions of the new paving material were published, and a brilliant future was predicted for it. The city authorities of Lyons permitted the manufacturer to lay a specimen section of glass pavement in the Place de la Republique, a center for heavy traffic.

The glass bricks failed to stand the test of wear. The edges of them were soon broken and splintered, and many of the blocks split in two, so that in a short time it became necessary to remove the glass and substitute stone or wood. The city officials agreed that glass pavement can be used under favorable circumstances for sidewalks, but not for the middle of streets.

TAKE INVENTION FOR GRANTED

Few People Seem to Realize Importance of Work Done by Men of Brilliant Ideas.

Inventors sometimes have been looked upon as rather scatter-brained people who spend most of their time thinking up "utopian" ways to do unnecessary things. But, according to Dr. Miller Reeco Hutchinson, distinguished inventor and former adviser of Thomas A. Edison, few people realize the importance of invention to our modern daily life.

"Invention," says Doctor Hutchinson, "is perhaps the most important constructive force in our economic life. We take it for granted and few people appreciate its daily application. But inventions shadow our every step from the cradle to the grave. Our food is planted and harvested with invented machinery; it is distributed throughout the world on invented freight cars and motor trucks; it is cooked in invented stoves and ovens and sometimes eaten with invented teeth. We come and go from our work on invented means of transportation—if we walk it is on invented shoes and socks. All of our daily activities in business and industry are expedited and made possible by inventions. Our leisure moments are soothed by music from invented musical instruments or brightened by invented motion pictures, and when we die we are placed in invented caskets, carried away in an invented hearse and lowered into the grave by means of an invented lowering device."—Industry Illustrated.

French City Has History. Tarbes, birthplace of Marshal Foch, otherwise identified with Military Progress of Country.

The visit to America of Marshal Foch, incidentally tends interest to his native city, Tarbes, in the south of France. This town which is declared to be a shrine of France henceforth, already has contributed in other ways to the military progress of that country, according to a bulletin from the Washington headquarters of the National Geographic society.

"Inspired by a conspicuous statue and by the name of one of its principal streets is Dominique Jean Larrey, who introduced the 'living field hospital,' adopted and developed by Napoleon, the genius of the modern ambulance. More recently it has been a center for the breeding of the famous Pyrenean horses, an Anglo-Arabian breed, valued primarily for their light cavalry use. "It also has an important arsenal."

HEALING CREAM STOPS CATARRH

Clogged Air Passages Open at Once—Nostrils Cleared

If your nostrils are clogged and your head stuffed because of catarrh or a cold, get Ely's Cream Balm at any drug store. Apply a little of this pure, anti-septic, germ destroying cream into your nostrils and let it penetrate through every passage of your head and membrane. Instant relief.

How good it feels. Your head is clear. Your nostrils are open. You breathe freely. No more hawking or sniffing. Head calm and contented. Yield like magic. Don't stay stuffed up, clogged up and miserable. Relief is sure—adv.

NOTICE OF SHERIFF'S SALE UNDER DECREE OF FORECLOSURE AND ORDER OF SALE

C. E. Lind, Plaintiff, vs. E. S. Wright, Virginia Mote Wright, Et Al, Defendants.

Under and by virtue of an Order of Sale and Decree of Foreclosure, issued out of the District Court of the Eleventh Judicial District of the State of Idaho, in and for the county of Twin Falls, dated the 6th day of January, 1922, in the above entitled action, wherein C. E. Lind, the above named plaintiff, obtained a decree against E. S. Wright, Virginia Mote Wright, Et Al, Defendants, on the 4th day of January, 1922, which said decree was, on the said 4th day of January, 1922, recorded in Judgment Book 206 of said District Court, at page 148, and commanded to sell all that certain lot, piece or parcel of land situated in the County of Twin Falls, State of Idaho, and bounded and described as follows, to-wit:

Lot fifteen (15) in Block one (1) of Suburban Park addition to the City of Twin Falls, as shown by the plat of said addition now on file and in the office of the County Recorder of said Twin Falls County, together with all and singular the improvements, hereditaments and appurtenances thereto belonging or in any wise appertaining.

Public notice is hereby given that on the 4th day of February, 1922, at the hour of 2:30 p. m. (Mountain Time) of said day, at the east front door of the court house of the County of Twin Falls, State of Idaho, I will, in obedience to said order of sale and decree of foreclosure, sell the above described property to satisfy plaintiff's decree with interest thereon, together with all costs that have accrued or may accrue, to the highest bidder for cash lawful money of the United States.

Dated this 6th day of January, 1922. E. R. STEPHAN, Sheriff. By Emma Herriman, Deputy.

SALMON RIVER CANAL CO., LTD. Notice of Adjourned Stockholders' Meeting. The annual meeting of Salmon River Canal Co., Ltd. was adjourned on January 9th to FRIDAY, FEBRUARY 10, 1922, AT 1 O'CLOCK P. M. at the office of the company at Hollister.

Stockholders having the right to vote may vote in person or by proxy. All proxies must be filed with the secretary at least three (3) days prior to the date of the meeting to give time for preparation of the voting list. GEO. F. O'NEILL, Secretary.

Hollister, Idaho, January 30th, 1922.

ORDINANCE NO. 552.

An Ordinance of the City of Twin Falls, Idaho, providing for the regulation and licensing of public dance halls, and public dances within said city, and providing penalties for the violation thereof.

Section 1. A "public dance hall" for the purpose of this ordinance is hereby defined to be any building, room, hall or other place which is kept open for public dancing, or in which for compensation shall directly or indirectly to the owner, proprietor, manager or operator thereof, men, women or children are permitted to engage in dancing, or in which women are either directly or indirectly employed to dance, for the purpose of attracting custom thereto.

Section 2. For the purpose of this ordinance the word "person," when such construction requires, shall mean any individual, partnership, corporation and associations.

Section 3. No person shall conduct, manage, operate or cause to be conducted, kept, leased, agent or attorney, any public dance hall within the city of Twin Falls, Idaho, without first securing a license from the city so do. All said licenses shall be issued annually and shall expire January 31st of each year. The fee for each license shall be \$1.00, and no license shall be issued for less amount.

Section 4. All applications for licenses under this ordinance shall be made in writing to the city clerk of the City of Twin Falls, Idaho, who shall refer said applications to the Council of said city for consideration and final action on the said applications. The applicant for a license is, in the opinion of the council, a proper person to carry on the business referred to in the application and controlled by the provisions of this ordinance, and the city clerk to issue a license in proper form to said applicant, upon payment of the fee required by the provisions of this ordinance.

Section 5. The chief of police of said city shall examine into and investigate the character and qualifications of applicants for licenses under this ordinance, and shall report to the city council his recommendation as to whether or not a license shall be issued to said applicant.

Section 6. Nothing in this ordinance shall be construed to deprive the council of all of said city of the power to revoke any license issued under this ordinance, and such revocation may be made by the council, upon application for such revocation, upon any person who will have the direct charge and management of such public dance hall.

Section 7. No license shall be issued to any person, within the provisions of this ordinance unless such person is of acknowledged good moral character, and such person shall be given all reasonable proof of good moral character, when application for a license is made by or for such person, or any other person who will have the direct charge and management of such public dance hall.

Section 8. No license issued under this ordinance shall be transferred or assigned.

Section 9. No license shall be issued unless such public dance hall shall comply with and conform to all ordinances and regulations of the city, and shall be well ventilated and supplied with separate dressing rooms for men and women, and be safe and suitable for the purpose for which it is to be used.

Section 10. No person shall arrive, have or drink any intoxicating liquor in or about any public dance hall, and no dance shall be held or conducted in any place where intoxicating liquor may be obtained.

Section 11. No person shall hold or participate in any dance, as defined by this ordinance, on Sunday or any other day, unless such person is in company with a public dance hall license has been issued under the provisions of this ordinance, and shall retain the right, at any time, to cause the suspension of any such public dance hall to be suspended, and in case any knowledge or credible information shall come to him that any

of the provisions of this ordinance are being violated, he shall forthwith cause such violation to cease, or cause dancing in such public dance hall to be discontinued, and the same to be vacated; and if it shall appear to the police judge of said city, in proceedings against the holder of such license, or otherwise, that such holder has been negligent or dilatory in performing his duties under this ordinance, such police judge shall forthwith report to the council of said city such facts as he shall call to his attention in that respect, and thereupon the council of said city may suspend such license and send notice by mail of such suspension to such holder. The council of said city may reinstate such license on recommendation of the chief of police of said city, if it shall be made to appear that the holder of such license has been diligent in performing his duties under this ordinance. If at any time any license shall be suspended under the provisions of this ordinance no other license shall be issued to such person within a period of one month.

Section 12. The holder of such license shall keep such public dance hall in a clean, healthful and sanitary condition at all times, and have the stairs and other passages and all rooms and places connected with such public dance hall at all times open and well lighted during the conduct of such dances.

Section 13. It shall be unlawful for any person to hold any public dance in any public dance hall or deemed in this ordinance, without having in attendance at said dance hall, at least one female, well manager of good moral character.

Section 14. It shall be the duty of the holder of any license under the provisions of this ordinance to notify the chief of police of said city at least six hours before any public dance is to be held in any public dance hall of the time of holding said dance, providing, however, that when the holder of such license conducts public dances, at stated times and only intervals, such notice need not be given monthly.

Section 15. The chief of police of said city and any police officer or police man, or any inspector, or inspector, or inspectors, of public dance halls, and such officer or officers shall examine and investigate the place to which such application refers, and report to the city council whether such place conforms to the provisions of this ordinance. Said public dance hall may be closed and such license may be annulled, free access to such public dance hall for the purpose of inspecting the same.

Section 16. Each and every dance hall license shall be given subject to the provision that any inspector or inspectors of public dance halls shall have the right to attend any public dance held in any public dance hall for the purpose of inspecting the same, and no person shall deny or refuse such inspector or inspectors admission thereto, and any person who shall deny or refuse such inspector or inspectors admission thereto shall be deemed to be in violation of the provisions of this ordinance.

Section 17. The inspector or inspectors of public dance halls may forthwith suspend any license under this ordinance being held to be discontinued or terminated, and the place where the same is being held to be vacated, when any violation of the provisions of this ordinance shall not be in due correction, upon notice by him or them to the person or persons in charge, to correct the same, and until such person or persons in charge, to correct the same.

Section 18. All public dances shall be discontinued and all public dance halls shall be closed on or before the hour of twelve o'clock midnight, provided, however, that upon application of a responsible person or organization, the inspector or inspectors of public dance halls may permit such person or organization permission to continue on a specified later time.

Section 19. It shall be unlawful for any person to attend or participate in any public dance, or to permit or suffer any person to attend or participate in any public dance or remain in such public dance hall, if such person is under sixteen years of age, unless such person be in company with a public dance hall license, or the permission of his or her parents or legal guardian. It shall be unlawful for any person to make any misrepresentation or false statement as to the age of himself or herself, or any other person, for the purpose of obtaining the admission of such person as to whose age such person be in company with a public dance hall, or the permission for such person to remain therein in violation of this ordinance, and it shall be the duty of any person who represents himself or herself to be a parent or legal guardian of any other person in order that such other person information shall come to him that any

PUTS MURTAUGH ON CREDIT LIST FOR ROAD WORK

Twin Falls Highway District Commission Announces Policy for Expenditure of Available Funds

Expenditure of funds in the treasury of the Twin Falls highway district, for construction of roads in outlying districts up to the limit of their credits as determined by relation between their proportional interest in land and roads and the amounts already expended for road purposes in such districts, is to be a policy of the Twin Falls highway district during the coming year, according to the statement made yesterday afternoon by Asner H. Wilson, chairman of the board of Twin Falls highway district commissioners, to citizens of Murtaugh and Hansen at a special meeting of the commissioners here on Tuesday afternoon.

As a corollary to this principle, the Twin Falls district will not use funds for maintenance and repair of roads and bridges wherever the credit status of the district in which the work is to be done, Mr. Wilson said.

The statement declaration of policy was made in reply to a question by T. T. Rutledge, one of the members of the Murtaugh delegation. Mr. Rutledge asked what if any consideration the district would give to the construction of the proposed Murtaugh highway district were defeated at an election to be held next Saturday. He mentioned the necessity for the district to have a bridge south of Murtaugh, repair work on a "sheering" and leading east from Murtaugh and desirability of improvement of the state highway east and west from Murtaugh.

Mr. Wilson advised that if Murtaugh elected to remain in the Twin Falls district, any of the proposals mentioned by Mr. Rutledge, insofar as they did not exceed the credit of the district, Murtaugh's credit which was estimated at between \$17,000 and \$18,000, would be assured of favorable consideration at the hands of the Twin Falls district commissioners.

In reply to a similar question asked by Willis Sampson, a member of the Hansen delegation, Mr. Wilson said that necessary maintenance and repair of roads could be held out to the Hansen district which already had received its proportionate share in excess of its property tax.

Highway Sale Point. Improbability of any immediate steps toward completion of an installment of the state highway east from Hansen to the Cassin creek was made manifest yesterday afternoon by Mr. Wilson, for the commissioners, stated that word had been received through state highway department officials that federal funds were being advanced for construction of any more "secondary" roads in Idaho until all "primary" roads are completed. The state highway is counted as a "primary" road.

The incomplete condition of the state highway is a sore point with residents of the east end of the district. This fact was plainly brought to the attention of a majority of members of the Murtaugh delegation. Members that state and federal funds were available to match highway district funds for construction of the state highway, a time resolution was passed by the former board of Twin Falls highway district commissioners setting aside certain funds of this purpose, and that T. T. Rutledge, W. P. H. and other members of the Murtaugh delegation indicated their belief that the action last summer of the present board in retaining this resolution was a serious disposition to disregard a possible opportunity for completion of the project.

Defense Board's Action. In reply to this implied accusation, Mr. Wilson vigorously denied that the state and federal funds had been available for this project at the time the resolution was adopted or subsequently, and that the resolution was a serious disposition to disregard a possible opportunity for completion of the project.

Figures Quoted. Estimated cost of grading the road, according to the figures submitted by the state highway department in 1920, was approximately \$152,000. It is supposed that the work can be done now, for about \$125,000.

Cost of construction of 11 1/4 miles of the state highway already completed in the district is given at approximately \$624,000.

THE MOOSE LODGE will meet on Wednesday night hereafter instead of Thursday night as before, -adv.

Wants Soulmate to Share Fortune

Mrs. Margaret Garland and Charles Garland.

For two years Mrs. Margaret Garland refused to accept \$1,000,000 left by her father, on the grounds that he had not earned it. He lived on a farm with his wife and baby. Now he has suddenly claimed the inheritance, at the same time amazing his wife by the proposal that Lillian Conrad, at present, share their home and fortune.

SUGAR PRICES DECLINE IS SHOWN DURING TRIAL

Inspection of Inventories in Progress of Damage Suit, Recalls Fluctuations Reached by Sweet Goods

During progress of the trial in district court yesterday afternoon of the suit of E. W. Brunker of the United States against F. C. Smith, owner of the building in which the store is quartered, involving claims for \$150,000 damages resulting from burst water pipes in the spring of 1920, objection was raised by defense counsel to valuation of \$24 placed upon sugar alleged to be in the store.

The case of J. C. Roberts, receiver of the National Bank, against J. L. Edmond, administrator of the estate of J. C. Roberts, was scheduled for trial next following.

DENTON DENIES CLAIMS FOR COMPANY LIABILITY

Declares in Answer Filed in Legal Proceedings, that Amounts Claimed are Secured by Mortgage

Separate answers were today filed in district court here by D. M. Denton, formerly of Twin Falls and now of E. P. Oklahoma, in one of the suits pending in three titles brought by the First National Bank of Dillon, W. S. Patton, and Charles Nordstrom, and National Securities, associated at Norton Brothers, against the Idaho Oil Company and certain designated stockholders, for the recovery of an aggregate of \$1000 on promissory notes. Denton's answer, which is similar in substance to the best of affidavits filed by other stockholders named as defendants, asserts that the notes in question were given to another party, the amount of the indebtedness claimed is secured by mortgages given by the oil company, which, it declares, is a solvent concern.

GIVEN IMPORTANT POST

Dr. William W. Peete is Made League of Nations Commissioner in Constantinople

CONSTANTINOPLE. (P) - Dr. William W. Peete, who was recently appointed league of nations' commissioner here, has been elected president of the Association for Friendship and Cooperation in the Near East, just organized in this city. Dr. Peete has long been one of the best representatives of American missionary interests in Turkey.

Local Previties

Back from Boise—James G. Brodley, cashier of the Twin Falls Bank and Trust company, returned yesterday from Boise where he spent three days on a business mission.

Architects Leaving—Office rooms in the Power building were today vacated by John Visser, architect, who with Captain E. G. Gates of Twin Falls, is now in the Angeles region of the mountains, on an expedition to locate open office, as partners in the practice of their profession.

Merchants' Meet—Fruit growers of this district assembled at 2 o'clock this afternoon in the Farmers' Service office here for a meeting to consider seasonal problems of the industry including means of combating insects of field mice in orchards and spraying methods.

Irwin in Hospital—Thomas H. Irwin is a patient at the county general hospital where he is recovering after an operation here on Thursday for an affection of the foot which had caused him to be lame during recent months. It is expected that he will leave the hospital the last of this week.

Granted Compensation—Earl Edw. Perrey of Twin Falls, has been awarded government compensation of \$9 a month by the United States Veterans' Bureau for disabilities incurred during army service, according to views received here today from the Seattle office of the bureau.

Farm Bureau to Meet—Members of the executive committee of the county farm bureau are to meet at 7:30 o'clock Saturday evening in the commissioners' room at the courthouse, pursuant to call of Carl D. Irwin, president, to discuss plans of the organization for the coming year and arrange for an annual meeting of the membership.

Kiwianians to Be Hosts—Members of the Kiwanian club here are to entertain this evening at a banquet at the Rogers hotel for members of the Rotary club. An elaborate program of entertainment has been arranged. The affair is in the nature of a return compliment to the Rotarians who last spring entertained for the Kiwanians.

Leaves Old Stand—J. C. Branch, proprietor, was today moving his office from rooms at 121 Main avenue east to new quarters at 125 South Main street south, hereafter occupied by a tailor shop. The rooms vacated by Mr. Branch will be occupied by E. H. Pugh with his jewelry store.

Power Licenses Paid—Records of the county assessor's office today showed payment during the month of January of 1922 of motor vehicle licenses in the sum of \$29,234.84 on account of 417 licenses, as compared with 415 licenses of same kind for the same month of last year. No record was kept last year of the number of licenses issued each month.

Laboratory Workers Are Needed—Through H. P. Rexford, local secretary, word of civil service examiners, announcement was today made of an open competitive examination to secure eligible civil servants in the position of laboratory assistant for nine years, to be held in the United States public health service. Receipt of applications is to close on February 15.

Mating Poultry Flocks—Don C. Moore of Boise, field poultry husbandry department, today advised a meeting of flocks for a number of poultry keepers in the vicinity of Twin Falls, and was to leave this evening for Burley. Poultry demonstrators connected with the meeting will be accompanied by Mr. Moore in the vicinity of Burley, and will be held at 47 persons at the first meeting and 34 at the second.

POTATO BUYER CARRIES CASE TO HIGHER COURT

Otto Steinhilber Appeals from Judgment Involving \$250 Fine and Jail Sentence Until It is Paid.

Appeal has been taken in the district court from judgment entered in the probate court in the case of Otto Steinhilber, potato buyer, operating in this district, who was convicted January 17 of the lower court of having a check for \$150 on a Chicago bank without funds to cover it, and was sentenced to pay a fine of \$250 and be confined to the county jail until the fine was paid.

Notice of appeal and the required bonds were today filed in the office of the clerk in the case.

The check in question was made payable to S. M. Stidlin, Chicago potato dealer, who, it is said, is Steinhilber's cousin.

Origin of "Beyond the Pale"

In the time of King John that part of Ireland which was subject to English rule was divided into 12 counties, and the entire district was known as the "beyond the pale" territory. The expression "beyond the pale" meaning outside the law or beyond jurisdiction, inside the Pale, English law was acknowledged and obeyed, while the land outside was in an almost constant state of uproar and disturbance.

Temperature Range is on Lower Level in Past 24 Hours

Average temperature in the Twin Falls district yesterday was lower by four points than the average for the preceding day, according to records of the government weather observatory here, showing high yesterday at 25 above and low at 10 above. Mean temperature yesterday figures out 17.5 degrees as compared with 21.5 for Sunday and Monday and 11.5 for Saturday.

Shoshone Basin Goes Through Cold Spell

Thermometer readings that have been unusually low in the Twin Falls district during the month of January, have been considerably lower in the Shoshone Basin country in the hills south of here, according to reports from the observatory here today on a business mission. When temperature here fell to 39 degrees below zero on the morning of January 19, a drop to 40 degrees below zero was observed in the basin, Mr. Irwin said.

SHORT LINE'S BONDS TO RETIRE OLD OBLIGATION

Chamber of Commerce Gets Information on Move in Railway Financing

To retire and refund \$14,913,000 worth of bonds issued by the Oregon Short Line Railway company on November 1, 1911, which are due and payable to the interior chamber of commerce on January 10, according to a copy of its ruling received at the office of the Twin Falls Chamber of Commerce, authorized the Short Line to issue \$16,125,000 worth of bonds, bearing 5 per cent interest, under provision of a consolidation mortgage, and permitted the Union Pacific avenue to issue bonds of like character as guarantor in respect to such bonds and to issue temporary certificates of interest receipts pending the preparation of a new mortgage.

The effect of the commission's action, the ruling reflects, is to increase the liabilities of the Short Line to \$14,913,000 and to reduce its interest charges by the amount of \$4,660.

Arrangements have been completed to sell the entire new issue of bonds, by Mr. J. C. Smith and company of New York for 91 per cent of the par value and accrued interest.

DRIFTS ALTER PLAN OF OFFICIAL OF Y. M. C. A.

A. E. Roberts Must Depend on Train to Fulfill Engagement Here

A. E. Roberts of New York, international field secretary of the Young Men's Christian association, who is to be the guest of honor at a banquet here tomorrow evening for about 350 men of Twin Falls and vicinity, has been obliged to alter his plans, according to the train from Boise at Shoshone and come here by stage and will arrive on tomorrow afternoon's train according to telegram received today by C. E. Munsen, chairman of a committee chosen for the association's new bible classes of Twin Falls, to arrange for Mr. Roberts' visit here.

Accumulation of snow in north and south trails which has rendered stage lines unoperative for several days past is the cause of the change in plans.

Mr. Roberts will address an assembly of high school students here tomorrow afternoon.

Mr. Roberts has here addressed a gathering of men in Boise.

GARD OF THANKS

We wish to express our gratitude and appreciation to our friends and neighbors for kindness shown us, and for the beautiful flowers and music given us during the illness and burial of our father.
