

TEN-HOUR DAY IS VIRTUALLY PROVIDED FOR

United States Railroad Labor Board Slashes Wages of Firemen and Oilers; Change in Over-time Rulings

CHICAGO (AP) - Another pay slash, this time hitting 10,000 stationary steam and electric men by the United States railroad labor board today when it was announced rules effective March 1, eliminating extra pay until after the tenth hour and setting up a "split tick" of eight hours with a spread of 12 without any overtime pay.

Following several other decisions virtually reducing the working day of railroad workers, the board today authorized the roads to pay only pro rata wages after the regular eight hours which the board retained in principle as constituting a day's work.

Time and one-half will be paid after 10 hours. In the case of the split tick straight time will be paid for the first ten hours work, whether included in the 12 spread or not, and time and one-half will be given thereafter. Formerly the firemen and oilers, all of whom work around railroad shops, were paid time and one-half after eight hours.

Sundays and holidays will be paid for at the pro-rata rate, a minimum of three hours pay being made for two hours work or less. Monthly rail employers' wages are to be adjusted to eliminate the old time and one-half provision.

The rules regarding discipline, grievances, discrimination against compliance and similar matters were recommended to the employers and the roads for their negotiation. The board's new rules supplant the national agreement made during federal control, which has been in effect since January 10, 1920.

EUGENIO BRIDE WEDDED BY EUGENIO PASTOR

MRS. ANDREW MOODY, of Berkeley, Cal., and her husband, a well-known San Francisco business man, had to qualify as an empaneled couple before they could be married by Rev. Robert F. Leaven, who, when he took over the pastorate of a Berkeley church, posted a notice that he would officiate only at eugenic marriages.

Blackmail Scheme Reaches Into High Places at Capital

Letters Demanding Large Sum Upon Pain of Death Received by Social Leaders

WASHINGTON, D. C. (AP) - Threats of death unless large sums of money ranging from \$15,000 to \$25,000 are paid were laid by Washington police today to have been received within the last few days by four prominent social leaders at the capital. The police as well as department of justice operatives were said to be investigating the origin of the threats.

Riotous Scenes Mark Disturbance in Japanese City

TOKIO, (AP) - Disorders broke out in Tokyo this evening in connection with demonstration in favor of the extension of the suffrage. By 9 o'clock tonight a total of 50 arrests had been made, and one hundred persons had been more or less battered by police reserves who were called to quell the disturbances.

HUNDREDS VIEW REMAINS OF FORMER GOVERNOR OF COLORADO

DENVER, Colo. (AP) - Hundreds of persons filed through the central rotunda of the state capitol today to pay last respects to James F. H. Smith, former governor and United States senator, whose body lay in state from 10 o'clock noon until 2 o'clock.

In or Out of Prison, Russian People Are Dying of Hunger

MOSCOW, (AP) - "We shall gladly turn over all the people in our prisons to foreigners if they will take them away," said Leon Trotsky, soviet war minister, in an interview with foreign correspondents who asked if he knew that prisoners were starving and dying of disease in Soviet jails.

COMMISSION TO BEGIN WORK WITHOUT DELAY

Financial Situation of Europe Highly Favorable to Plan of Allied Debt Funding Body, According to Mellon

WASHINGTON, D. C. (AP) - Members of the allied debt commission, created by congress to conduct the negotiations for funding the \$10,000,000 foreign debt to this country, will be called together shortly after their monthly news conference today. The meeting, it was stated today at the treasury. Confirmation is expected within a few days.

The commission, in the view of Secretary Mellon, its chairman, will proceed as rapidly as possible to work out the funding arrangements with the various debtor nations. No actual steps will be taken by the commission until the Secretary Hughes takes office on the 15th. He is expected to return from Bermuda about March 1.

Conditions abroad are more favorable now for funding negotiations than at any time since the war in the plan of the treasury officials, who see considerable improvement in economic conditions in England and France as well as in Germany. The situation of European nations, which has succeeded to some extent in reducing the inflation in their currency.

DRY CREEK WATER RIGHT IN CONTROVERSY IN SUIT

Court Recuses While Attorneys Agree Upon Order of Admitting Evidence

Evidence in the case of Thamma W. McClain against D. B. Moore and others, involving claims to water of Dry creek, on trial before Judge W. A. Babcock at district court here today was to be introduced in this case in accordance with an arrangement reached by attorneys for the several parties at interest in the suit. Decision to provide for such an arrangement as to order of admission of evidence, was reached soon after the case was called in court this morning.

WELL KNOWN LAWYER DIES

LOS ANGELES, Cal. (AP) - Frank H. Jones, one of the best known of the greatest criminal lawyers of the west, dropped dead today in a hotel room. The body was found by a business associate.

STOCK BROKERS SUSPENDED

NEW YORK, (AP) - Suspension of S. B. Rusky and company, stock brokers, was announced from the rotunda of the consolidated exchange today and was followed by bankruptcy proceedings including liabilities of \$2,500,000 and assets of \$1,000,000.

ONE DEATH IS REPORTED IN SECOND DAY OF BIG STORM

Temperatures Continue to Drop Rapidly in Western Minnesota and the Dakotas with 10 to 12 Degrees Below Zero Reported - Smooth Ice Sheathes Streets of Many Towns - Wire Communications Seriously Interrupted as Storm Moves Eastward

ST. PAUL, Minn. (AP) - Blizzard conditions prevailed again early today throughout the northwest. The second of the most severe storms of the year, in this section, however, found the snowfall subsiding in the eastern part of the Dakotas.

Government Takes 27 Years to Give Entryman Change

Over-payment at Land Office Made in 1895 Finally is Straightened Out

SPOKANE, Wam. (AP) - After waiting for his change for 27 years, Charles Wagner, a Spokane banker, finally received a check for \$9,956 from the federal government. In 1895 Wagner filed on a homestead near Post Falls, Idaho. The government later paid him \$9,956 for the land, but he never received a check for \$9,956 from the federal government.

RESERVATION TO 4-POWER TREATY CAUSE OF BREAK

Modification of Brandegee Plan Leads to Lengthy Debate in Committee Followed by Postponement of All Action

WASHINGTON, D. C. (AP) - A modification of the Brandegee plan for the four-power treaty, introduced today by Chairman Lodge after a conference with President Harding, met with immediate opposition from several cabinet members as well as democratic committee members.

WIDE AREA IN GRIP OF COLD

DENVER, Colo. (AP) - The greater part of the Rocky Mountain region today was in the grip of a cold wave of moderate intensity extending from Montana and Wyoming south to Colorado and Kansas. Windy with temperatures hovering between 12 and 10 below, here the brunt of the wave which was accompanied over the Rocky Mountain area by a general snowfall.

RAIN IN NEBRASKA TURNS TO ICE

OMAHA, Neb. (AP) - Rain in Nebraska today was turned to ice today when a cold wave struck the state, with the temperature rising from 6 below zero at Valentine to 6 above in Omaha.

STORM WARNINGS ORDERED OUT

NEW YORK, (AP) - Storm warnings were ordered hoisted today from Delaware breakwater to Eastport, Md. Gales were predicted for late tonight.

REID AND SKATE IN KANSAS CITY

KANSAS CITY, Mo. (AP) - Persons living in most sections of the southwest today were in the grip of a severe gale storm. Warm, soaking rains which fell yesterday were the greater part of Kansas, Missouri, Oklahoma and northern Texas, turned to sheets of ice when the temperature suddenly dropped during the night.

AMERICAN FALLS PROJECT IS TOPIC OF CONFERENCE

Chamber of Commerce Reclamation Bureau Calls Officials Together

Directors and manager of the Twin Falls Canal company, members of the board of county commissioners, members of the advisory board of the Reclamation association, directors of the chamber of commerce and members of the chamber of commerce reclamation bureau, are to meet at 10 o'clock Friday morning in conference at American Falls to discuss plans for financing canal company and irrigation districts payments to the federal government to insure carrying out of the American Falls reservoir project.

FIELDS STORY NOT ACCEPTED AT FACE VALUE

Detroit Man Who Claims to Possess Information Tending to Shed Light on Taylor Murder is Not Taken Seriously

DETROIT, Mich. (AP) - Inclined to doubt the story of Harry M. Fields, a prisoner in the county jail here, that he was implicated in the slaying of W. D. Taylor, Los Angeles motion picture actor, local authorities today were endeavoring to trace his movements immediately preceding his arrest in Buffalo, February 6. Fields was arrested in Buffalo on a charge of forgery here.

Last night he told officers he had driven two men, one of them a Chinese, and a woman to Taylor's home on the night of the killing and that he had received \$100 for this work. The Chinese gave him the money, Fields declared, changing a \$1000 bill at a bank for that purpose. The revolver with which Taylor was slain, he said, belonged to the Chinese and was sequestered afterward.

Fields asserted that after the slaying he went to Kansas City, where he purchased new clothing and then proceeded to Buffalo. At the time of his arrest here, he wore a suit purchased in Kansas City, but the number which Taylor's reason for leaving Fields was either New York City or in Buffalo at the time of the Taylor killing.

TIME EXTENDED ON TAX RETURN

Filing of Corporation Income Statements Need Not Be Made Until June 15

WASHINGTON, D. C. (AP) - A general extension of time for the filing of income tax returns was granted today by International Revenue Commissioner Blair.

Corporations are given up to June 15 under a new treasury decision for completing return of income for the calendar year 1921, the fiscal year ended January 31, 1922, and the fiscal year ending February 28, 1922.

The extension is extended upon corporations filing tentative returns by March 15, April 15 and May 15, 1922, according to the yearly basis used, accompanied with one-fourth of the estimated amount of the tax due. Extension in the time for filing corporation income tax returns was granted, officials said, because of the delay in the preparation of new treasury regulations covering income and profits taxes. These regulations, which will cover payment of these taxes under the new revenue law, are expected to be ready about March.

PAY AS WE GO PROPER POLICY

Assistant Secretary of Treasury Declares America's Position Must Be Preserved

BOSTON, (AP) - America's position as a creditor nation probably will result in the use of American capital wherever business is done, Elliot Washburn, assistant secretary of the treasury, said in a lecture before the Boston Chamber of Commerce today. This expansion depended, however, he added, on the maintaining of a "pay as we go" policy by the United States treasury.

"We owe today twenty-three and one-half billion dollars, of which six and one-half billions is due in less than 18 months," Mr. Washburn said. "This is too large a proportion of floating debt for any business institution. Our federal budget so far has balanced, but it may not stay a deficit. We are considering further expenditures for a bonus, for ship subsidies, for new federal activities. To meet the deficit, it may be necessary to raise income, not by further borrowing."

FIRST ARRIVALS AT WORK

ORANGE, Texas, (AP) - The vanguard of the St. Louis Cardinals worked out a short time yesterday following their arrival and they folded baseball uniforms for hunting and fishing clothes, two catchers and three scouts under the leadership of Bert Spotton, make up the early camp.

PREDICTS END OF SOVIETISM

Russian Government Will Be Bankrupt and Overthrown, is the Statement

WORCESTER, Mass. (AP) - The prediction that it would not be long before the Russian soviet government "would be bankrupt and overthrown" was made by Dr. Joseph M. Golalet in an address at a conference on Russian affairs at Clark university today. Dr. Golalet was formerly director of the secretary of political economy of the University of Michigan and for many years economic adviser to ministers under the imperial government.

CONSENT NOT YET ASSURED

DAYTONA, Fla. (AP) - John D. Rockefeller, Jr., proprietor of 10-year-old Florida Orange and Citrus engagement to Max Oser, Swiss riding academy proprietor, has been announced by members of the McCormick family that the match is off. The match, according to close friends here of Mr. Rockefeller. Mr. Rockefeller is now at the Casements, his winter home at Ormond beach, near New Smyrna. McCormick was recently divorced by Mr. Rockefeller's daughter, and Miss Minthilde McCormick will visit Mr. Rockefeller at Ormond soon to discuss the proposed marriage, it was said today.

CALL FOR STRIKE VOTE

CHICAGO, (AP) - The formal call for a referendum vote by the United Brotherhood of Carpenters and Joiners of America will be a nationwide one on April 1, was sent out today, it was announced by John L. Lewis, president of the union. More than a million men are eligible to vote in the referendum, according to William Green, secretary.

IDAHO WEATHER

Tonight and Friday, cloudy and threatening.

# FARM EARNINGS LESS IN 1920 THAN IN YEARS

Based Upon Purchasing Power of Dollars of 1913, Agriculturists of Country Hit Low Water Mark Two Years Ago

NEW YORK, (AP)—The American farmer, who has not experienced heights of prosperity in 1918 and 1919, earned less in 1920 than he has earned in any year of the last ten. If his income is reckoned in dollars having the same purchasing power as in 1913, according to estimates made public today by the national bureau of economic research.

Reckoned in actual dollars paid to him in 1920, the farmer's income, as shown by the report, was less than in the three previous years but was greater than in the seven years from 1910 to 1918, inclusive.

The figures, taken from an detailed report of an exhaustive, nation-wide survey, showed that the country's 6,450,000 farmers, in 1920, earned approximately \$2,300,000,000, a drop of \$1,650,000,000 from their income for the year before.

INCOME IS NOT PROPORTIONATE.

The farmers who represent about 10 per cent of the gainfully employed, have received during the past decade a share in the total national income varying between 12.2 per cent in 1911 and 17.4 in 1917 and 1918, until 1920, when it dropped to 10.9 per cent.

The farmer's share, in billions of dollars and per cent of the total, is exhibited by the bureau to have been in each year beginning with 1910 as follows:

Year	Aggregate of Incomes (Billions)	Farmers' Income (Billions)	Pct. of Total Received by Farmers
1910	20.0	3.03	15.2
1911	20.2	3.50	17.3
1912	21.5	4.00	18.6
1913	22.5	4.29	19.0
1914	22.8	4.20	18.4
1915	23.3	4.70	20.2
1916	23.8	5.80	24.3
1917	25.7	8.00	31.1
1918	26.2	10.45	39.9
1919	24.7	10.85	43.9
*1920	23.8	7.90	33.2

\*Approximate.

The first figures for the total income in 1920 can only be approximately, owing to the delay in publishing the income tax returns.

When these figures are translated in terms of the purchasing power of 1913 dollars, it is again seen that the purchasing power of the farmer was at its lowest ebb in 1920, and comparative figures in billions of dollars:

Year	Farmers' Income in Dollars at the Uniform Purchasing Power of 1913
1910	\$1,010,000,000
1911	1,080,000,000
1912	1,100,000,000
1913	1,200,000,000
1914	1,170,000,000
1915	1,400,000,000
1916	1,700,000,000
1917	2,500,000,000
1918	3,500,000,000
1919	3,000,000,000
*1920	2,300,000,000

The per capita income of the country as a whole, and the per capita income of the farmer, both measured in dollars of 1913 purchasing power, are given as follows:

Year	All Employed in U.S. (1913 Dollars)	Farmers (1913 Dollars)	% of Income of Farmer in 1913 Dollars
1910	223	503	2.25
1911	219	624	2.85
1912	255	657	2.57
1913	302	702	2.32
1914	308	717	2.33
1915	308	795	2.58
1916	308	1004	3.26
1917	341	1011	2.96
1918	338	1947	5.76
*1920	350	541	1.55

\*Approximate.

An official summary of the report adds: "It will be seen that in 1920 the farmer fell even below the rest of those gainfully employed. They had further to fall.

What the results may have been in 1921 cannot yet be determined because, while farmers again suffered heavy losses, the rest of the country also ran into a period of severe depression.

## KELLOGG GIVES TO FUND

North Idaho Town Donates Toward the Revolving Loan for U. of I. Students

UNIVERSITY OF IDAHO, Moscow, (Special)—Receipt of the \$100 donation of the Kellogg Chamber of Commerce to the University of Idaho student loan fund is announced from the office of L. F. Parsons, executive secretary of the university. The money will be turned into the revolving loan fund being handled by a special faculty committee appointed by President A. H. Upham.

"The money is greatly appreciated and President Upham, "and will be a great assistance. A few dollars will go a long way toward enabling a student to complete an education, and under present conditions it is regrettable that more money is not available in the loan fund."

If your property is desirable and advertised in the classified "want" find your buyer

## MAIL HEAVY FOR COMMERCE BODY

Secretary Analyzes Last 100 Letters Received by Organization Here

Indicating the nature and scope of correspondence received by the Twin Falls Chamber of Commerce, at the rate of from 100 to 300 each month, Secretary N. A. Wright has taken the last 100 letters received and today gave out the following analysis and classifications made by himself:

Of the hundred letters 61 were requests for information about lands and farming data which came from the following parts of the United States: Idaho, 5; California, 6; Oregon-Washington, 5; Montana, 4; Wyoming, 4; middle west, 13; south, 3; far east, 3; formation; banking and investments; when is the best time to visit Twin

letters showed the following classifications: Requests for literature, 17; information about land values, 13; dairying and farming, 10; American Falls project, 6; data materials for write-ups and advertising stories, 5; business openings and professional location, 5; Regressor-Vella railroad, 6; statistics, 6; climate, 4; samples of newspapers, 4; employment and labor, 7; highways, tourist, etc., 7, and miscellaneous of 12, making the total of 100 used for illustration.

Falls; will a certain entertainment be successful; merchandising methods; advisability of certain laws; is business in Twin Falls good.

## AMERICANS ARE OPERATING GERMAN BRANCH RAILROAD

Lines of Transportation Within Occupied Zone Now in Hands of Soldiers

COBLENZ, (AP)—Branch lines of German government railways within the occupied area are being operated by several American engineer battalions as part of a course of instruction of the army railway school established some time ago by officers of the American forces in Germany.

The train crew are made up entirely of American soldiers and crew. The train dispatching on the short line is done by members of the organization who are taking courses in railroad telegraphy.

The first platoon of Company A, Sixteenth engineer battalion, has been operating three trains daily between Kreuzberg and Juckersath in the

valley, near Coblenz, several months, and has never had a serious accident.

# ASSETS ARE NOT EQUAL TO STRAIN

John Burke, Former Treasurer of United States, Wiped Out in Failure of Firm

NEW YORK, (AP) — Liability of the brokerage firm of Kardos and Burke, which last night went into the hands of a receiver, were variously estimated here today at from \$700,000 to \$1,200,000. John Burke, former treasurer of the United States, whose signature appeared on bank notes issued from early in 1913 until his resignation, a little more than a year ago, declared today he had lost everything in the collapse of the business. Bankers who had been associated with him in business were quoted as saying they believe that he had been an "innocent dupe" in the development of the financing situation revealed by the failures. Matters relating to the firm's affairs were to be discussed at the office of the attorney for Robert R. Stephenson, receiver, here today. Legal action against a number of firms that are members of the New York Stock exchange might, it was intimated, be instituted. It was indicated that if these suits were successful, the firm might pay its creditors dollar for dollar.

John Burke was three times governor of North Dakota before becoming treasurer of the United States in March 1914. His partner, Louis Mont gomery Kardos, was a poor immigrant from Hungary nine years ago and found his first employment in the financial district as a \$10 a week messenger. The firm had branches in Baltimore, Philadelphia, Washington, St. Louis, Pittsburgh and other cities.

Real Length of Day.  
How long is a day? Twenty-four hours, you say. Yes, but not quite. One real day contains 24 hours 56 minutes and 4.600 seconds of time as reckoned by the movement of the sun. The earth moves through space with an average velocity of eleven and one-half miles per second, and its velocity of rotation at the equator is about 1,000 miles per hour.

## Miss Minter Warmly Defends Character of the Stain Director.

Mary Miles Minter, film actress, at Hollywood, Cal., openly declared that she loved William Desmond Taylor, the stain director. She has been confined to her bed since his death. In strongly defending the character of the dead man, she said:

"It would be nothing less than veritable ingratitude if I did not, now that Mr. Taylor is dead, raise my voice to proclaim what he was to repudiate those who would besmirch his character."

## BASKETBALL PROSPECTS BRIGHT FOR UNIVERSITY

Vandals Have to Win Only One of Two Games with Cougars to Be Pacific Coast Champions

UNIVERSITY OF IDAHO, Moscow, (Special)—By virtue of Washington, State college's unexpected victory in the second of the two game series with the University of Washington basketball team at Pullman, Idaho's chances for championship in the Pacific Coast conference are comparatively certain. All Idaho has to do is to win one of the two games from the Cougars, to be played March 3 and 4. The first of the series is to be played at Moscow, and the final, which marks the end of the season for both the Vandals and the Cougars, will be played at Pullman.

Washington took the first game from the Cougars by a large margin but failed to repeat in the second game. Washington was handicapped in the series because of her double defeat by

the University of Idaho just two days before.

The Vandals are anxiously awaiting the return attack of the Cougars, as all they need is one game of the series to make themselves a championship team.

## JACKSON LAKE CONDITIONS

Level of Storage Water Rises and Precipitation Shows Increase

BURLEY, Idaho (Special)—Report from Moran, Wyo., at the outlet of Jackson lake reservoir to the reclamation service office here, shows the following condition:  
Jackson Lake storage: 2,085,000  
Same date a year ago: 2,000,250  
For week ending Feb. 11, 1922: 6,270  
Same week a year ago: 5,516  
Precipitation at Moran: inches.  
For week ending Feb. 11, 1922: 0.30  
Same date a year ago: 0.42  
From Sept. 1, 1921 to Feb. 11, 1922: 11.20  
For same period a year ago: 11.44

## EQUALITY BEFORE LAW WELL NIGH IMPOSSIBLE

Chicago Judge Declares Legal Ability of Attorneys 'Too Much of a Factor'

WASHINGTON, D. C., (AP) — Equality before the law is impossible so long as the rich and powerful are represented in court by highly educated lawyers and a large part of the poor and ignorant are represented by an untrained and incompetent man, Judge Clarence N. Goodwin of Chicago declared in his opening address today as chairman of the conference of lay associations here. Until such a condition is corrected, he said, there will be little justice in the courts.

The poorest and poorest men and interests of large means are able to know who are competent and who are not, Judge Goodwin asserted, adding that it was difficult for the poor man or the ignorant man to make any just estimate of who was capable of properly advising and representing him.

"During my years as a trial judge," the speaker said, "I was frequently distressed by the fact that one side or the other in the case before was so incompetently represented by counsel, or represented in such ignorant counsel that owing to the learning and skill of the attorneys on the opposite side, it seemed impossible to get the case properly before the court, or keep error out of the record."

Judge Goodwin said that in his experience as justice of the Illinois appellate court he found the court constantly confronted with records which showed such palpable and unmistakable errors as to make it necessary to reverse the case although it obviously had merit.

## Optimism That Counts.

The optimism that counts most is the optimism of strong-willed, wide-shouldered and soul-brother rather than that of the noisy boys who shout "Amur" and "Hallelujah" and do no work.

## KEEP URIC ACID OUT OF JOINTS

Tells Rheumatism Sufferers to Eat Less Meat and Take Salts.

Rheumatism is easier to avoid than to cure, states a well known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat, but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first stage of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action; thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which helps overcome uric acid and is beneficial to your kidneys as well—adv.

## Glasses or Headaches

Which?

Too many people take drugs and pills for headaches which glasses alone can cure.

Glasses are more becoming than wrinkles or premature age, all must agree.

Take the short cut to health and comfort.

## LOGAN WINS FOURTH GAME, TRACK TRAINING STARTS, OAKLEY TEAM DECLARED TO BE IN BEST OF SHAPE

### Donnelly-DeLong Game Supplies Feature of Yesterday's Tournament

CLASS A.	
W.	L.
Macak	1
Bracken	1
Thompson	2
Hillington	2
Kaylor	1
Boeckler	1
Haley	0

CLASS B.	
W.	L.
Logan	4
Taber	3
Honey	2
Murray	2
Grant	2
Thomas	3
DeLong	0
Woods	0

Three games were played yesterday at Macaulay's, one in the afternoon, and two in the evening. These were all in the class B section.

The afternoon game resulted in a victory for Bob Logan, playing T. J. Woods. This game was Logan's fourth straight win, and fans are predicting that he will win the next three weeks to giving their attention to track duties.

Better material than ever before is available, and Coach Kelley is confident of adding new laurels to his already famous record.

The track season will open on April 1. Following is the schedule for the university:

April 22, at Seattle, Seattle relay, May 0 at Moscow; Washington State, May 12 at Moscow; Montana, May 19 and 22, at Moscow; Idaho Intercollegiate finals, May 29, at Walla Walla; Whitman, May 29 and 27; Northwest and Pacific conference at Seattle.

### PIITCHER GOES TO STONING

CHICAGO, (AP) — Uribay "Red" Faber, the American league's leading pitcher, was chased by the Chicago White Sox yesterday, according to word received from the training camp at Marine Springs, Texas.

Faber was "taken to the wood" and out of the game with several curbs until Gleson called a halt on him. A heavy wind storm interfered with the training work and the program lasted only an hour.

### FOURTEEN FITCHERS ON HAND

CHICAGO, (AP) — Fourteen pitchers have answered the call of Manager Miller for the initial drill of the year according to word from Catalina Island, and training camp of the Chicago Cubs. For two days the athletes had to contend themselves with blizzards and gelling because of the rain. But yesterday the players found a high dry spot and broke game of high-low followed.

### BREAKING GOOD RECORD.

TACOMA, Wash. (AP) — Joe Jimula of Justice, Mont., former world weight champion of the Ninety-first (World West) division, has been met with success on his boxing tour of the Philippine Islands, according to word received here from his manager, Eddie Tait. He has been defeating or knocking out the best fighters in the island.

### WRAIGER LIMIT ON JOB.

PORTLAND, Ore. (AP) — Twenty-one, the league limit, will be on the Portland club of the Pacific Coast league between May 1 and September 1, President William Kipper has announced. There will be five outfielders, five infielders, seven pitchers and three catchers.

### SALT LAKE WINS.

ASHTON, Idaho, (AP) — Johnny Woodmansee of Salt Lake City won a decision over Charles La Vatta of Pocatello, Idaho, in a 10-round boxing match here last night. The men are featherweights.

### MAY RECALL OLD DAYS.

EUGENE, Ore. (AP) — University of Oregon is the only member of the Pacific Coast conference which has not yet elected a football captain for 1922 and Coach "Bry" Huntington makes no mention of calling the squad together for an election.

Complaining about the situation recalls the football days of 1916 when Huntington. When a player on the team was competing with another member of the squad for the position of captain, Bivory, was so keen that Hugo Bezdek, Oregon's famous coach of the early days, was afraid an election might split the team, so he refused to permit any more, saying that he thought troublemakers were superfluous and generally useless.

Perhaps Huntington remembers those days now, for there is close rivalry between two players, "Big" Shields and George King, for the post of 1922 leader.

### Everything in Readiness for Big Basketball Tournament; Five Towns Represented

A message last evening from Jerome stating that four members of the basketball team of that town were confined to their homes with flu, has forced Jerome to withdraw from the tournament which will be held at the local high school gymnasium, starting tomorrow at 2 p. m.

The dropping out of Jerome, leaves five teams in competition for the finals, and with Oakley, Hurley, Rupert, Hazel and Twin Falls to fight it out, the fans will be treated to some hot basketball.

This evening at 7:30 the board of control of the South Idaho division will meet at the high school, with Coach Evans of the local team, to arrange for the drawing of games, schedules, etc.

The first game of the finals will start at 2 o'clock tomorrow afternoon, with two games to be played. The evening will see two more games. Two more are scheduled for Saturday afternoon, with a possibility that at least one game will be played Saturday afternoon. The final game will be played Saturday evening.

### OAKLEY TEAM IN GOOD CONDITION.

Oakley scolds word that they are in the pink of condition, which means that Oakley will have nothing to fear in the opinion of the writer that Oakley will present the stumbling block for the other teams entered in the finals.

The Blumhard Hardware company, agents for the Wilson line of athletic goods have donated a new Wilson basketball for the tournament, which will become the property of the winners.

Bracken, local referee, has been chartered to referee all games, which means that Tom Clark basketball will be played at home again.

### ONLY ONE GAME COMPLETE.

Series of Chess Games by Wire Take Longer Than Was Anticipated.

SAN FRANCISCO, (AP) — Eleven of 12 matches, played by telegraph over the leased wires of a San Francisco brokerage firm between the San Francisco Mechanics Institute and the Chicago Chess league were uncompleted at the close of play last evening, and are to be decided by Edward Laaker, captain of the Chicago team. The player who had the advantage will be declared winner.

The one match settled was the defeat of B. Olman of Chicago by R. F. Lynn of San Francisco. The matches began at 8 a. m. and continued for eight hours, the players writing each other by means of a telegraph and operators transmitting the moves back and forth over the wires.

Sale at Fred Fox going fast—adv.

### TOD KENT WINS AGAIN IN ASHTON DOG RACE CLASSIC

Time Slower Than World's Record Made Last Year But Trail Conditions Bad

ASHTON, Idaho, (AP) — Tod Kent, winner of last year's dog derby, won yesterday's classic, time two hours 25 minutes. Kent's second two hours 45 minutes; Place third, time two hours 49 minutes. The time was slower than the world's record—made by Kent last year, but considered remarkable under the existing weather and trail conditions.

### TODAY'S MARKETS

#### CORN AND WHEAT MOVE UP

Setbacks in Letter Commodity in Early Hours of Trading are Early Overcome

CHICAGO, (AP) — Although wheat showed setbacks in price at the opening today, the market soon rallied and secured a substantial advance. The initial depression was due to rains in the west, with May 12.3 to 1.3 1/2 and July 12.3 to 1.2 1/2, was followed by a rise to well above Tuesday's finish.

Subsequently permission, selling on the part of permittees housed led to renewed weakness, which was still more of less prevalent at the finish.

Corn advanced to a new high record for the crop, all winter wheat sold in point to a material degree in the arrival of corn here. After opening 77-3/8 to 78-1/8, May 63-5/8 to 64-7/8, the market for the crop, all winter wheat sold in point to a material degree in the arrival of corn here.

After opening 77-3/8 to 78-1/8, May 63-5/8 to 64-7/8, the market for the crop, all winter wheat sold in point to a material degree in the arrival of corn here.

After opening 77-3/8 to 78-1/8, May 63-5/8 to 64-7/8, the market for the crop, all winter wheat sold in point to a material degree in the arrival of corn here.

CHICAGO, (AP) — Receipts 12,000; beef steers \$12.75 to 12.85; hogs 18.0 to 21.00; butchers 18.0 to 20.00; packing 18.0 to 20.00; receipts 4,500; best steers 10c higher; top \$8.20; stock fully steady; other classes mostly unchanged.

**Chicago Livestock**  
CHICAGO, (AP) — Receipts 12,000; beef steers \$12.75 to 12.85; hogs 18.0 to 21.00; butchers 18.0 to 20.00; packing 18.0 to 20.00; receipts 4,500; best steers 10c higher; top \$8.20; stock fully steady; other classes mostly unchanged.

mon. That stock dropped 3 1/2 points after further postponement of dividend call.

Call money's rise to six per cent in the last hour caused reactions of 1 to 2 points among stocks, and 4 to 6 points in the market, all after easing. The closing was irregular.

**Liberty Bonds**  
NEW YORK, (AP) — Liberty bonds closed: 3 1/2's \$96.50; first 4's \$96.80; second 4 1/2's \$96.75; third 4 1/2's \$96.75; \$100; Victory 4's \$100.25.

### ESCAPED PRISONER WILL NOT BE RETURNED HERE

Officials Decide Against Bringing Clyde Johnson Back From Nebraska

Clyde Johnson, 26, who escaped February 4 from the county jail here where he was sentenced to serve a term of 60 days after being convicted on a charge of theft of an automobile, will not be brought back from Lincoln, Neb., where he is being held in custody, said his younger brother, Leo Johnson, according to statement today of Sheriff E. R. Sherman.

The sheriff's decision is based, he announced, on the comparatively light sentence imposed upon Johnson and the heavy expense involved in bringing him back here.

Johnson, a Paul Allen was arrested here in 1918 for theft of an automobile owned by Earl Glick. After discharge from the state penitentiary, he abandoned to a dance north of Piler, and to go to Lincoln, Neb., where he was found. They were arrested in the vicinity of their homes here.

Johnson made his escape as soon as he was given privileges of a trusted prisoner.

Word of the detention at Lincoln of Clyde and Leo Johnson, came here by a telegram from Peter Johnson, chief of police at Lincoln, to Chief of Police Ben J. Brown.

**Attends Church Convocation.** — The Rev. Charles Glenn Baird, rector of Assumption church, Episcopal, will leave this evening for Boise to attend a convocation of the clergy and lay readers of the Episcopal churches of the district of Idaho, in session for three days. Mr. Baird will address the convocation on the subject of publicity in its application to church work. Services in the Episcopal church here next Sunday will be in charge of lay readers.

**Leads New Style in Music.** — Jim Story, who claims to be an originator of a modified jazz music, with his "kings of syncopation" is fulfilling an engagement at the Beggerson hotel. Mr. Story declares that styles change in music as in other things, and that whereas some time ago dance music was waltz and "tarry," the tendency today is toward a more refined style without sacrifice of "pep" or rhythm.

### Social Notes

Edited by Mrs. E. H. Williams  
Telephone 300.

The Knights of Columbus entertained last evening in honor of Washington's birthday in A. O. O. F. hall, which was attractive with many bright colors. After the singing of "The Star Spangled Banner" by the assembly, songs of the children of the parish gave a most enjoyable program consisting of a "Washington Birthday" recitation by John Macaulay, "Butterfly Walk," Noll Kinney; recitation, "I Cannot Be a Washington," Illinois Swenson; "Johnnie's History Lesson," Lynn Smith; "A Soldier's Reprieve," Harry Hazel; piano solo by Vincent Navin; "The Banner Betsy Made," Geraldine Richmond; piano solo by John Kinney. Mr. J. T. Pfeiff, accompanied by Mrs. Fred Beckwith, favored with a violin solo and Charles Macaulay read a letter written to Washington by the children of America soon after his first inauguration. Rev. Father Beml B. Keyzer spoke on the life of Washington. After the program "900" was played and the ladies of the congregation served refreshments.

The home of Mr. and Mrs. Olaf Nelson on Seventh avenue east, was the scene of a fully delightful party Wednesday evening. The event was given to celebrate the birthdays of Mrs. Nelson and Mr. E. B. Meacham. Most of the guests were in colonial attire and the decorations were in the more modern plan. The part of the festivities of the evening. At a late hour dainty refreshments were served. Those present were Mr. and Mrs. P. S. Bell, Mr. and Mrs. W. A. Ducker, Mr. and Mrs. C. B. McArthur, Mr. and Mrs. N. J. Keeler, Mr. and Mrs. P. W. Dunks, Mr. and Mrs. L. F. Smith, Mr. and Mrs. E. B. Meacham, Dr. and Mrs. P. M. Atee, Mr. and Mrs. Charles Neely, Mr. and Mrs. B. H. Atkinson and Mr. and Mrs. Nelson.

The Daughters of the American Revolution celebrated Washington's birthday with a luncheon in the private dining room of the Rogerson hotel on Wednesday at 1 o'clock. The decorations were used in an elaborate decorative scheme together with portraits of the Father of his country. Colonial band randlesticks with shades in the national colors added to the attractiveness of the table. A clever program for the occasion was worked out by Miss Mae Scott. Concluding the report, the regent, Mrs. W. H. Husted, was asked by the regent to give a brief history concerning it. The next number on the program consisted of an arrangement by Miss Scott, some other member by reading a complimentary quotation neatly inscribed on the back of her place card.

The regent, Mrs. W. H. Husted, Stella Yaulkiper, who most worthily presented the affirmative side of the question, "Resolved, That Washington was a greater statesman than Lincoln." Following this Mrs. C. S. McArthur very ably depicted the career of Abraham Lincoln and the mastery with which he had saved the union. Mrs. W. B. Hill testified, in a turn the A. R. wittily referring to the Mayflower, that large and commodious vessel which had brought over ancestors of several members present and which event was duly celebrated each year.

Mrs. Kennedy Packard, state vice regent, received the homage of the chapter and endorsement for the state regency. Much credit for the success of the luncheon is due the committee, Mrs. W. B. Amshary, Mrs. P. W. McElberrie, Mrs. J. H. Sawyer and Mrs. W. S. Hill. Thirty-six members were present. Announcement was made that the state conference would be convened in Twin Falls March 22.

ments to the 13 members and one guest present. On March 4 the members of the club will entertain their husbands at an all-day meeting with Mrs. Conrad Smith.

The community service of the Twentieth Century club gave a delightful tea at the home of Mrs. Burton E. Moore yesterday afternoon to raise funds to buy a moving picture machine for the Key Street. A splendid program was given. Mrs. Merita Bailey gave a piano solo and a duet; Dr. W. F. Fraser spoke on the Boy Scout movement throughout the world. Mrs. E. B. Bracken sang a solo and responded to an encore. Donald McLean talked on the scout work in this city. Mrs. Frank Ellis gave a vocal solo and encore. Soda and cakes were served.

The M. B. and S. club met Wednesday afternoon with Mrs. W. A. Poe. A short business session was held and solo by John Kinney. Mr. J. T. Pfeiff, accompanied by Mrs. Fred Beckwith, favored with a violin solo and Charles Macaulay read a letter written to Washington by the children of America soon after his first inauguration. Rev. Father Beml B. Keyzer spoke on the life of Washington. After the program "900" was played and the ladies of the congregation served refreshments.

Mrs. Fred Harrier entertained on Wednesday afternoon at her home on Blue Lake boulevard in honor of the birthdays of Mrs. Harrier and Mrs. Olaf Nelson, both of which are on Washington's natal day. Late in the afternoon a three course luncheon was served, the table having for decorations red candles in crystal candlesticks with a may popper at each corner and at either end of the table, a beautiful birthday cake. The guest list included Mrs. O. M. Etter, Mrs. C. E. Land, Mrs. H. L. Neumann, Lillian and Mrs. Gladys Carlson and daughter Virginia; Mrs. Olaf Nelson and Mrs. H. F. Harrier.

The Women's Progressive club met with Mrs. W. G. Gilson Wednesday afternoon. The rooms were decorated with the club colors and flags and a Washington day program was carried out. The afternoon was spent with three guests were present. The next meeting will be with Mrs. Havland on March 8.

Two very successful piano recitals were given Monday and Tuesday evenings at the Nell studio by the pupils in Mrs. D. E. Hegra's music classes, assisted by Mrs. Irene Zabel Carlson, soprano. Thirty-nine pupils appeared on the two programs.

Mrs. J. G. Thorp was hostess to the Wednesday Bridge club this week. Mrs. L. T. Wright was the club favor.

Member of Associated Press. No responsibility is assumed for the care of uncollected manuscripts.

News in a number of other states. Circulations from whom full information as to circulation may be obtained.

SUCCESS VS. SUPERFICIALITY.

Twin Falls people are proud, and justly so, of the brilliant record made by the clubs of the Junior Country Farm Bureau in the past biennium.

In the livestock raising and judging branches Twin Falls county boys accomplished wonders before both home and foreign audiences.

But, without discounting the value of the attainments of the Twin Falls district boys in 1920 and '21 in the branches set out, let us ask: How many of these boys, or for that matter, how many are there in the county who can build a fence which in 1902 would be as solid and strong as any on the day it was constructed?

Forty years ago a western New York youth built a fence which is today as serviceable as it was in 1882, when it was put up.

It was during the course of an annual dinner of the Goosee County Agricultural Society, held recently, that the story of the fence came out. Asked to relate the story, Commissioner Burke said: "I remember well the building of that fence. It was a wooden fence and though I did not split the rails I did split the posts. I built that fence just as well and just as strong as my mind dictated, and my body would permit. Whatever success I have attained since those fence-making days I attribute in a large measure to the fact that I was taught to put all I had into each job I tackled."

If the youth of today, and this is a true though ancient aphorism were always taught to "do with their might what their hands find to do," the question of success would never be a doubtful issue.

Premises don't build railroad; neither do trains run on grade-stakes. But both are arrowheads pointing in the right direction.

Blushes Worth Money.

Are you one of those unfortunate people who get very red on occasions—especially when it makes it all the more embarrassing? But in the case of women, at least, there is an alleviating circumstance. In some countries a blush is worth good money.

More Truth Than Poetry Here. The rose is red, the violet's blue, and so is a man when his rear falls. —Benjamin Franklin.

Snow and Ice Form Final Bed of Intrepid Explorer

Grave of Late Sir Ernest Shackleton Will Be Among Those of Many Men Whose Lives Have Been Spent in the Difficult Tasks Incident to Life in the Frozen South—Tiny Hamlet of 20 Souls Chosen by Widow as Fitting Sepulchre

NEW YORK (AP)—Grytviken, chosen by Lady Shackleton as the last resting place for the body of her late husband, Sir Ernest who died aboard his tiny craft "Quest" last January 5, is an ice-bound, isolated habitation of 20 persons who cling to the frozen shores of South Georgia Island, called the "Gateway to the Antarctic."

Sir Ernest's body was brought from the Antarctic to Montevideo through the ice-drift and will be accompanied by Captain Frank Hussey, a member of Shackleton's expedition, when it starts again on its journey into the Polar region.

Lady Shackleton's decision to inter the body of her husband in the explorer with a lifelong wish of the explorer that he be laid to rest amid the scenes where his life work had its origin, was made at the outset of his last voyage to the Antarctic.

South Georgia Island has figured several times in Shackleton's career. He served under Captain R. F. Scott in 1901 when that intrepid pioneer landed on that island which resulted in discovery of the "south magnetic pole."

ICE AND SNOW THROUGH WHOLE YEAR.

The hundred miles long, with a rocky, forbidding coast line so indented that its width varies from 20 miles to only one-half mile, most of its mountainous interior is covered with ice and snow throughout the year. Huge ice cliffs overhang its fjords and bays and great glaciers break off from massive icebergs make it a dangerous haven for the occasional wandering whaling ships which touch its shores.

The island was discovered in 1675 by Anthony LaRoche, Captain Cook, in 1775 took possession in the name of the British empire. Until more than 100 years later, when it was visited by a German expedition aboard the Moltke, it remained unexplored, but the presence of herds of seals and sea lions made it the occasional rendezvous of whalers for the first few years of this century, until the animals were becoming nearly extinct. Duck, geese and Arctic fowl still are numerous on the island.

DEATH COMES SUDDENLY.

It was while drifting with the ice past the settlement of Grytviken, toward the midnight sun on a voyage of exploration which was to have covered 30,000 miles, that Shackleton suddenly died. His comrades removed his body from the "Quest" to a Norwegian whaler bound for Montevideo and continued the expedition under the leadership of sub-commander Frank Wild.

They headed in the direction of the "lost" Enderby land, a vague country just south of South Georgia island which was reported discovered 60 years ago, but which no one has been able to locate since.

Shackleton's body has been placed in a plain wooden coffin, made by the whalers at Grytviken, and hermetically sealed with zinc. It will be placed in a rock-filled cairn, among the mounds marking the graves of other explorers, adventurers and whalers who lost their lives at the "Gateway to the Antarctic."

A simple burial ceremony will be held in the crude church at Grytviken, with only Captain Hussey, of Shackleton's world of admirers, to see that his wishes and the commands of Lady Shackleton are carried out.

INSURANCE COMPULSORY MOSCOW (AP)—In an effort to check thieving on railways the government has issued an edict requiring that all cargoes must be insured.

The government will write this insurance itself and part of the profits will be used to increase the wages of railway employees, who are badly underpaid and suffering great hardship under the changed economic regime.

Qualified. "The man I marry," said the naughty girl, "must have a fairly back of him." "Oh, I can fulfill that requirement all right," he replied confidently. "I've gone away ahead of my wife."

AMSTERDAM

AMSTERDAM, Idaho—Garret Fators and son, Leonard, returned from Twin Falls on Tuesday. Leonard is now able to be around on crutches after being laid up with a broken leg for five weeks.

Miss Charlan Emily, our teacher, received a message on Thursday informing her of the serious illness of her father. Her flight on the afternoon train en route for her home in Danville, Ind.

Mr. and Mrs. L. V. Dean were dinner guests at the Charles Trueman home on Sunday.

Dale and Erving Skinner and Misses Lila and Myrtle Skinner and Erna Holquist were Sunday visitors at the Charles Trueman home.

W. H. Skinner and C. A. Hummer drove to Twin Falls on Saturday to remain a few days.

The Literary society rendered a very interesting program at the Amsterdam school on Friday evening. There were recitations, songs and dialogues by the school children.

Dale Kunkel went to Twin Falls on Monday returning on Tuesday.

Stop Worrying About Kidneys

Prove in few minutes that your backache is only Lumbago. Try St. Jacobs Oil.

Kidneys cause backache! Not Lumbago! Your backache is caused by Lumbago, sciatica or a strain, and the quickest relief is soothing, penetrating St. Jacobs Oil. Rub it right on your painful back, and instantly the soreness, stiffness and aches disappear.

St. Jacobs Oil from your druggist, and limber up! A moment after it is applied you'll wonder what became of the backache or lumbago pain.

St. Jacobs Oil whenever you have sciatica, neuralgia, rheumatism or sprains, as it is absolutely harmless, and doesn't burn the skin.

An Unnecessary Addition. The old-fashioned citizen likes to remark that it is not necessary for dead men to get taxes—the live ones are getting a good average.—Hot Springs New Era

RELIABLE MEN NO MORE. EUGENE, Ore., (AP)—Belief that colleges should have no place for the athlete who holds out for the best job before he registers, was expressed by the Oregon Daily Emerald, student staff of the University of Oregon here, on recent charges of professionalism in football.

Come Early! "Another Package From Booth's" Come Early!

# SUPREME COURT STILL HAS ITS HAND IN CASE

### Pickford Divorce Matter Now Before Highest Nevada Tribunal Brings Out Sharp Legal Battle Between Attorneys

CARSON, Nev., (AP)—Motion of Attorney General Leonard H. Fowler of Nevada to have Mary Pickford's divorce from Oscar Moore annulled was submitted to the Nevada state supreme court here January 26. Miss Pickford was divorced from Moore at Minden, Nev., March 20, 1920, and a short time later married Douglas Bishel. All three are not in picture stars.

Attorney General Fowler contended that Miss Pickford's divorce was obtained through "fraud and collusion" and declared that the Nevada court has jurisdiction as both parties were "bona fide residents of Las Vegas, Nev., at the time." Miss Pickford's attorneys are a resident of Nevada. The suit was protracted, the complaint stated, on the principle that the state "reserves jurisdiction in all divorce actions."

### CLAIMS OFFICIAL HAS NO AUTHORITY.

Orvin McNab, prominent San Francisco attorney, who represented Miss Pickford, in reply declared that Fowler had no authority under Nevada laws to bring his action. There was an agreement in the case, and McNab argued that the law now give the attorney general the right to review divorce cases. If the law granted that right, he said, every divorce granted in Nevada would be subject to review.

"The case," McNab declared, "is without precedent in jurisprudence. No lawyer who is found guilty of law that can be tortured into giving excuse for this attitude of the attorney general. It is the first of its kind and should be the last of its kind."

District Judge Frank T. Langdon of Minden, who granted the decree, later, on June 25, 1921, refused to review the case and Fowler appealed to the state supreme court.

### SNOW-DEPOSITS HEAVY IN WOOD RIVER REGION

### Forest Service Reports Show a Depth of 37 to 80 Inches at Various Points

Depths of snow in the Big Wood river and Soldier creek watersheds reported to forest service offices at Halley Monday show 37 inches at Halley, 45 inches at Soldier creek, 45 inches at Ketchum, 49 inches at Winchester, 52 inches at the Mount mine and 60 inches at Dalton Summit. There were eight inches more on the ground at Halley than on the corresponding date a year ago, and the proportionate increase applied throughout the region.

Total of snowfall for the season at Halley was 82 1/2 inches, with an average equivalent of 8 1/4 inches as compared with 87 1/2 inches with water equivalent of 12 1/2 inches up to the corresponding date of last year.

### Mentistry's Outfit Tree.

Montgomery, Cal., is a proud of its ostrich tree as residents of the lower Hudson valley are of Anthony's nose. This celebrated curiosity is formed of two round apples, one that their foliage seems to be that of an olive, and the shape of it together with the peculiar angle at which the two trunks are placed, gives the silhouette of a large and curved ostrich neck and long shank. The leaves all trees that make the picture are done in a green tongue of branch running out into the background of the scene.

### The Difference.

When you see an old man alone you are looking at something very sad; when you see an old man with a young wife, you are looking at something very rich. —From Eve London.

### Successful Passion Play Again Presented

Miss Madeline Bigalke

Miss Madeline Bigalke of Verona is the annual presentation of the Passion Play, "Veronica's Veil," at St. Joseph's Auditorium, in West Halley. The play achieved a success. The girl is seen holding the veil, which has on it the head of Christ.

### Montreal Priest Held for Alleged Murder of Brother

Father Adelard DeLorme, of Montreal, is charged with slaying his half-brother, Basile DeLorme, in a \$100,000 estate. The priest is shown in the inset above. Basile DeLorme, whose body was found in the DeLorme home, where the alleged murder was committed. The evidence against Father DeLorme is circumstantial, centering around a revolver and alleged bloodstains found on his automobile. Basile, Father DeLorme, in jail, denies guilt.

### CZAR NICHOLAS A PHILOSOPHER

### Final Days on Earth Spent in Spirit of Indifference to Approaching Fate

BERLIN, (AP)—Alexander, the late emperor of Russia, never seemed to shake under his imprisonment in this city where, she was finally executed, but the late Emperor Nicholas showed more endurance and indifference to his fate.

A little booklet recently issued by the Ekaterinburg society of this city made glimpses at the imperial family during the months they were prisoners of the Bolsheviks in this city just preceding their execution in July, 1918.

When the czar and his wife and part of his family were transferred from Tobolsk to Ekaterinburg in the "Sever" train, and a resident in the center of the city was assigned to this building it was the mission of this building that they were shot. A half-prison regime was established which did not interfere with the activities of the imperial family in their own quarters.

Before the Romanoffs were permitted to enter their quarters, the guards searched them. Alexander, the tsar, looked bitterly and offered physical resistance. The emperor submitted willingly, but was greatly perturbed. He pointed the room while the search was proceeding and exclaimed, "The devil knows what it meant. Up to now we have met courteous people and have had decent treatment."

According to Bykoff, the Soviet officials made it clear to the Romanoffs that they were not at Ekaterinburg and threats to punish the emperor from his quarters if he offered resistance to them.

### SUBMITTED WITH LITTLE COMPLAINT.

Nicholas soon realized we were not taking "the boy," and submitted uncomplainingly to the demands of the commandant in charge of his house. He made few efforts to chat with the guards, but Alexander never ceased breaking rules.

The Romanoffs were permitted to see the world from the walls of the garden, where all sorts of tools were available if they cared to take more vigorous physical exercise. Two men in a row were employed to clean them from "the best Soviet kitchen in Ekaterinburg," and they were given a gasoliné, perfume, or stove, upon which they could heat their food.

Food packages were taken to the imperial family, but Bykoff says "the sisters in the local convent managed the goods greatly by sending parcels of linens and other delicacies which were distributed among the soldiers."

On Easter the imperial family asked permission to attend church. This request was denied, but a priest was admitted to their quarters to hold services and special cakes were sent to them by Soviet officials.

Foolish Schemes Make Money. People who know no the art of making money are eternally astonished at the "perfectly foolish schemes" that miraculously roll in the mesh.

### BERGER

BERGER, Idaho — A meeting of the Berger literary society is to be held Friday evening, February 24. Everybody is invited.

The Royal Neighbors met at the home of Mrs. George M. McGregor with a good attendance Wednesday. Dinner refreshments were served by the ladies.

Miss Jessie Wyzal was a visitor in Twin Falls Saturday.

After several months visit with friends and relatives in Missouri, Mrs. J. M. Pierce who is teaching the Haggard school, was a passenger to Twin Falls Friday, returning Saturday.

George Grover of Hollister, passed through Berger on his way to Burley Tuesday. Mr. Grover will appear as witness in the case of the Salmon River Land and Water company in Judge Lee's court.

Kenneth Douglas was a visitor at the home of his sister, Mrs. Jerry Higgins in Twin Falls Friday and Saturday.

There was a dinner at the home of Mr. and Mrs. Anna Vaughn Saturday night. Those who were present report a good time. Music was furnished by the Melpis orchestra.

Ernest Hills departed for California for an indefinite visit Saturday. Hills, C. Hills and his mother, Mrs. Hills, pioneers of the Station and who sold out last fall have spent the winter in California and other coast states visiting friends and relatives. Ernest will join them.

Mr. and Mrs. O. E. Kennedy of Regard's paid a visit to the county seat Tuesday.

Mr. and Mrs. E. E. Lathrop returned Thursday from an extended visit with friends and relatives in Missouri and Illinois. Their son, who has been absent several years, returned with them.

Mrs. M. Z. Stansbury gave a birth day party at her home for a few of their friends recently. Those present were Mr. and Mrs. Victoria, Mr. and Mrs. R. W. Tenge, Mr. and Mrs. C. Stansbury and Mr. and Mrs. Rex Lamson.

### Water and Electricity.

The stream of a scholar says if a bit of water from a hole is thrown upon his cousin's wife at close range there is considerable hazard to her health. The conductor of electricity by the stream of water back to the man holding the nozzle. If, however, the stream of water be thrown from a distance such that the water breaks up into drops before coming in contact with the electrical conductors, there is little danger, as such a stream of water is nonconductive.

### The Burden of a Name

"Few great men's sons ever amount to much," said a man, who has a striking reason for this "cur remark," he continued, "was that given by the second duke of Wellington. Someone remarked to him: 'I cannot understand how it is that you, with your great interest in and knowledge of public affairs, have taken so little part in them.' Ah," replied the duke, "if you had sat so long under the shadow of a great tree, you would have been as colorless as I."

## The Scrap Book

**BRILLIANT, DON'T YOU KNOW!**  
English Schoolboy's Humor Not Exactly Original, But Many Think He Is Right.

The temper of the teacher who was presiding over the drowsy class was approaching the end of its tether. The youngsters were so exceedingly sleepy that their instructors trembled with righteous anger. The lesson was written on the board. The teacher said: "The history of machines. They had touched upon Edison and his voice-transmitter. The boys, however, despite the lesson's interesting theme, were lethargic and faint. "Now, then," the teacher asked, impatiently, "from what was the first talking machine made?" The class picked up its ears. Here was a chance to shine. For two seconds forty minds groped for something bright. Then a shuffling of feet at the back, and a voice: "Phone, miss, a rib!"—London Times.

**Kind of Dog Worth Owning.**  
A Missouri reader writes the Missouri Family Herald: "Some years ago I started to raise chickens in my incubator. I had a little fox-terrier at the time and she evinced the greatest interest all through the three weeks of incubation. One night I awoke with Topsy's tail on my neck and on getting up I found the chicks had commenced to hatch. I had quite a time to keep Topsy from tearing the incubator off the bench, where it sat. Next day I took a check and shaking my finger at the dog, who was jumping up to get it, I scolded her and then put the bird on the floor beside her. After a while she took the chick and carried it to her bed and lay down with the chick snugly in her mouth. She often took a sick chick to her bed. This dog gave warning of her in three different occasions. The last time \$300.00 worth of timber, ready to haul, and a set of traps that cost \$120.00 would have been destroyed if I had been ten minutes later getting there. Good little Topsy." He says the dog was his constant companion for ten years.

**Height of Generosity.**  
When the church in Newton, Mass., attended by Darius Cobb, the well-known painter, was trying to raise money to lift the mortgaged, a mass meeting was held to solicit contributions. It came Mrs. Cobb's turn to tell what she would give for the cause. "I haven't any money, but I'll give a \$200 picture," he said. When all the contributions were in it was found there was still a deficit, and the members of the congregation were asked to increase their donations. "All right," said Cobb. "I'll do my share. I'll raise the price of my picture to \$500.—Legion Weekly.

**A HORRIBLE DREAM**  
"Hey! Haven't I seen your face somewhere before?"  
"Yes! I don't know, I'm sure I never saw yours, only after eating a weak rabbit at night."  
Remarkable Coincidences.  
A case remarkable for its coincidences has been disclosed at the Nyack, N. Y. hospital, where Mrs. John Bates and Mrs. George Gates are patients. They are lifelong friends, were born on the same day, stricken at the

**Hard to Kill This Snake.**  
An Australian reader says that this summer when traveling in a five-year-old Buick, fully loaded, and the brakes partially applied, he went off over an obstacle snake. The snake didn't even stop him. The weight of the load, exclusive of the car, was 800 pounds.  
**Now Well Supplied With Legs.**  
A farmer of Harrison, Va., has a cow that has five legs. The fifth leg grows out of the upper left shoulder, and is fairly well developed, but of course swings useless by her side. Aside from having this extra leg the animal is normal in all respects and is a good milker.  
**Prolific Cat.**  
A boy in St. Johnsbury, Vt., has a cat that is only a year and a half old and has had four litters of kittens.  
**Boys Born Without Ears.**  
Two boys born without any ears at Gray, Maine. N. B. They lived only two days.

**INDORSE WATER WITH MEALS**  
Medical Association Journal Says That It Promotes a Secretion of Gastric Juice.  
To an inquiry about the effect of drinking water with meals, the editor of the Journal of the American Medical Association replies: "The immediate effect of water during a meal is certainly one of dilution. However, this fact has been over-emphasized by those who advise against the drinking of water with meals, for it has been shown undubitably by several investigators, working on dog and man, that water itself promotes a secretion of gastric juice, and that this water is absorbed and combined with a meal it has a very definite effect in increasing the secretory response of the stomach as regards volume of juice and acidity. A given amount of water has a less effect on gastric secretion the longer the time interval between the meal and the giving of water" (Sutherland). It has likewise found that the irrigation of water with the meal increases the amount and the free total acidity of the gastric juice. Incidentally, the ingestion of water with meals decreases the emptying time of the stomach.

**First Phrenologist Unpopular.**  
The man who originated the science of phrenology had to leave not only his land, but also one of his neighbors, and seek shelter among strangers. This was Franz Joseph Gall, a German scientist, who was born in 1758. From the fatherland he went to Vienna, and there, at the famous university of that city, delivered his first great lecture on his pet subject. Gall was in 1790. For a while he was merely ridiculed, but before long somebody began to feel that his theory might not be in reality with what the Bible said, and in 1805 the Austrian government interdicted his lectures as dangerous to religion, and Gall came near tasting prison fare in an Austrian jail. France, cradle of freedom, beckoned him. He went there in 1807 and returned in Paris to the day his death, surrounded by pupils and appreciative colleagues.  
**Steel Barrels.**  
If the statements of the makers are well founded, it is probable that steel barrels will eventually take the place of wooden ones. The steel barrel is composed of staves of that material locked together by an ingenious device; the hoops and heads are also of steel. It is claimed that the steel barrel is more durable and more compact than the wooden one. It is said to be lighter and cheaper, it has already had favor in various quarters. About 300,000,000 barrels are needed annually, in normal times, to supply the needs of the United States. Four mills will use about 90,000,000 of the sugar industry 40,000,000, and the cement industry 75,000,000.

DAIRYMEN GOPE GOLD WEATHER SUCCESSFULLY

Average Production of Herds in Twin Falls District Maintained During Low Temperature of Past Month

Report of W. C. Fletcher, official tester for the Pioneer Cow Testing association, showing average production of 74.51 pounds of milk and 32.17 pounds of butterfat for 130 cows tested during the month of January...

High herd average was scored by the herd of J. L. Trenchard, Twin Falls, consisting of seven cows, five Holstein Friesians and two grade Jerseys...

ELLERS GO TOBACCO

W. C. Ellers, Twin Falls, again leads the list for high crop, with Starbuck, Mercedes Linn, purchased Holstein Friesian, credited with 8.56 pounds of fat and 285.75 pounds of milk...

W. C. Ellers, Twin Falls, 15 cows; 13 Holstein Friesians and two grade Jerseys; 41.8 pounds of fat and 1067.51 pounds of milk.

B. F. McPherson, Piler, seven grade and purchased Jerseys; 25.7 pounds of fat and 1742.25 pounds of milk.

E. H. Giff, Twin Falls, 12 grade Holstein Friesians, 35.2 pounds of fat and 844.1 pounds of milk.

Emery Valtz, Twin Falls, 10 mixed cows; 35.22 pounds of fat and 660.77 pounds of milk.

The fat price varied considerably during the month but the quotation was 21.50 cents per pound for the average after the handling charge of one cent a pound for cream was deducted.

Feed costs were barely 90 cents per bushel, and the price of alfalfa, \$1.40, silage, \$2.75. With these costs and fat prices, an average return of \$1.753 for each dollar expended for feed was secured.

Other average cost of a pound of fat, and 100 pounds of milk, were 13.31 cents and 60.11 cents, respectively.

EMBEZZLEMENT HERD SHOWS PROFIT. Perhaps an interesting feature is that the high herd of seven cows yielded a profit of \$17.41, which amount was supposed by but comparatively large herds, and was superior to that of several herds of from nearly twice as many up to 18 or 20 cows.

Mr. Irwin's herd of 20 cows constituted one-seventh of the total number tested, yet earned more than two-thirds of the profit of the association.

The cold weather had varying effect, but Mr. Irwin's experience seems to be conclusive evidence that cows fed liberal rations, given freshly pumped milk water, protected by a warm straw mat and provided with sheltering buildings have little to fear from 30 degrees below zero weather.

His 20 cows, including many heifers, milking since March, dropped only two gallons of milk from the 77 they gave normally. None were kept out during the night, but all were turned into his big straw shed, protected on three sides.

Emery Valtz had as good success as Mr. Irwin in maintaining his milk flow. Practically the only difference in the management of the two herds is that Mr. Valtz feeds mangel and alfalfa to tanks. The heater costs little to operate, yet obviates the bother of pumping with a gasoline engine, a difficult task when it is cold. Incidentally, Mr. Valtz had very little loss from

Organ manager's due to his excellent work celler. NOT ALL A BIRD OF BOBBE.

That all dairymen in a herd of cows is denoted by the death during the cold weather of five or six fine calves in the association.

W. C. Ellers' fine Holstein "Josephine Biedler" leads in the October two-day production of fat of Idaho "Official Test" cows had the misfortune to develop a wart-like growth on the udder of one calf. Before Mr. Ellers had reached the drier, infection had taken place, with the consequent loss of the quarter. Despite the pain and amputation, the calf survived and continued to produce 35 to 40 pounds from the remaining two teats...

George Childs is feeding silage purchased from a neighbor for \$3 a ton delivered and is very enthusiastic about the result. He is feeding at the rate of 20 pounds silage daily together with unheated alfalfa. His herd averaged a fraction over 30 pounds of fat in January.

SHOULD BE STATE RECORD. J. S. Miller's four-year-old Jersey "Lillian" had a record of 10.56 pounds of fat in an official test February 2, by producing 187.5 pounds of milk and 40.885 pounds of fat in her last 33 days. This will give her approximately 10.56 pounds of fat per cow and should be the Idaho state record even for mature cows. It would be well to expect that of Idaho, Irene the Hinges and Fort Jersey, by practically four pounds of butter fat.

WESTERN PACIFIC AGENT STUDIES SENTIMENT HERE

Railway Freight Department Representative Checks Up Popular Attitude on Proposed New Outfit

With a view to estimating public sentiment here in proposed construction of a railway outlet to the south, F. C. R. Page, representative of the freight department of the Western Pacific Railway company, spent several days here last week.

Mr. Page declined to divulge his mission here other than to make personal observation of the attitude of the people toward the new railroad project.

PAYS FINE FOR TAKING LIQUOR TO DANCE HALL

Police Court Imposes Sentence in First Case Involving Violation of New Ordinance Provisions

The first case of violation of provisions of an ordinance recently enacted extending public morals over public dance halls was brought into police court Monday afternoon.

The plea of guilty to a charge of having liquor in his possession at a dance hall. He was sentenced to pay a fine of \$15. The case was called to the attention of the police by the dance hall floor manager. Nothing attempted to destroy the bottle of liquor when arrested by the arresting officer.

EMBEZZLEMENT CHARGED

A. P. Ferguson to Answer in District Court to Charge of Making Away With Car

A. P. Ferguson of Buhl is charged with embezzlement of an automobile owned by T. E. Jones and left in Ferguson's charge by J. W. Logsdon, in an information filed in district court by the police by the state hall floor manager. Ferguson has been in custody for about four weeks following his arrest at American Falls where it is said he was absconding in the shape of the car he is charged with embezzling. He waived preliminary examination in the probate court.

FRUIT GROWERS VOTE THANKS TO EXPERT ON PESTS

Resolutions of Horticultural Society Express Appreciation of Services Rendered Here by Ralph H. Smith

Proposals for purchase through the society of spray material in quantities for use of orchardists here in combating insect and fungus pests were to be considered at a meeting of the county horticultural society in progress at Pocatello, Idaho.

Several proposals for furnishing this material have been submitted for consideration of the fruit growers.

An outstanding development at this morning's session was the adoption by the members of the society of resolutions expressing appreciation of the services here of Ralph H. Smith, entomologist for the University of Idaho, who is to leave in the immediate future to accept a position with a university concern in California.

The proceedings were opened with a discussion relative to methods of pruning, thinning and grafting of fruit trees, led by James A. Water, a well-known orchardist of the Twin Falls country and a director of the society.

RESOLUTIONS EXPRESS APPRECIATION

Resolutions adopted with respect to the departure of Mr. Smith are as follows: Whereas, the Twin Falls country and the state of Idaho are about to lose the services of Ralph H. Smith, who, as a representative of the state university, has for some years past rendered here his valuable work in entomology and advising our farmers and orchardists in the control of insect and fungus pests;

We appreciate the services rendered by Mr. Smith to the farmers and orchardists of this county and particularly to the members of our society. He has always been ready with sound advice and able assistance which we know has saved us many thousands of dollars.

We regret that Mr. Smith must leave us and the fact that the services of scientific workers and highest class men so often be lost to the public because the public, unlike private business interests, is unwilling to adequately compensate them for their services therefor.

It is Resolved, That the Twin Falls County Horticultural society hereby express its appreciation of the valuable work done by Mr. Smith in aiding to the work of knowledge of the life history and habits of some of our most destructive pests and with the best and most means of combating them.

Resolved, That we, the members of our society, tender Mr. Smith our kindest regards and best wishes for his success in the new work which he is about to undertake.

Resolved, That we, the members of our society, tender Mr. Smith our kindest regards and best wishes for his success in the new work which he is about to undertake.

Resolved, That we, the members of our society, tender Mr. Smith our kindest regards and best wishes for his success in the new work which he is about to undertake.

Resolved, That we, the members of our society, tender Mr. Smith our kindest regards and best wishes for his success in the new work which he is about to undertake.

HOLLISTER POSTMASTER TO BE NAMED IN TESTS

Civil Service Commission Announces Examination to Fill Contingent Vacancy

Civil service examinations will be held in Twin Falls March 18, as a result of which it is expected to fill a contingent vacancy in the position of fourth class postmaster at Hollister and other vacancies as they may occur at that office unless it shall be decided in the interests of the service to fill the vacancy by reinstatement according to announcement of the civil service commission made public here today.

Compensation of the postmaster at the Hollister office was \$774 for the last fiscal year.

MORE RECORDS WITH HOGS

On the McMaster ranch in 1921, two Duro-Jersey sows farrowed litters of 16 pigs each, according to information recently brought to light in connection with a recent account of a similar incident in the case of a hog owned by C. Bruce Hays. All three sows were sold at the same time in the McMaster sale of January of 1922.

Neil Pattenhiser 07528, was sold to Pattenhiser I, a daughter, was bought by M. E. Finch of Twin Falls. Within the last ten days, six sows at the McMaster ranch farrowed litters of an average of 12 pigs each. All these were sired by King Bobbie 371173, herd sire at the McMaster ranch, King Bobbie being a grandson of the famous Duro bear at the American Swine show of 1917. This bear weighed 1005 pounds at 2 years old.

Local Brevities

Suffering from "Flu"—Mrs. J. C. Healy is suffering from an unusually severe attack of influenza contracted a few days ago. Her condition is reported slightly improved today.

Fall Camp Injury—Miss Corrin Sills, employed in the Oregon Short Line office here, at La Merced hospital Tuesday underwent a surgical operation for relief from injuries sustained in a fall on icy walks about four weeks ago.

Attend Banquet at Piler—The Rev. E. L. White, pastor of the Methodist Episcopal church, and John R. Aull, probation officer, attended a "father and son" banquet served last evening for about 100 guests at the Methodist Episcopal church at Piler.

Represent Canal Company—W. F. Giff, director, and J. C. Whelan, general manager, have been designated by the board of directors to represent the Twin Falls Canal company and make the company's stock at the Water Users' meeting to be held March 6 at Idaho Falls.

Traffic Office Busy—In the absence of Leonard Wray, managing secretary, who is now in Washington preparing in freight rate hearings before the Interstate Commerce commission, the Southern Idaho Traffic association, the Southern Idaho Traffic association office here is busy checking freight bills and filing claims for its members. Some refunds already have been made.

Barrel Goss Over Sunday—Revival meetings at the First Christian church conducted by Mr. W. W. Burke with assistance of Mr. and Mrs. Guy E. Curtis, will continue over Sunday, according to announcement made today. Dr. Burke this evening will speak on "The Heart of the Matter." The men's chorus will sing. Mr. Curtis at 7 p. m. will meet with a "personal workers' class."

Try the Fred Foss harness and auto top sale—adv.

Mercury Declines to Six Above for Low Point of Day

Temperature here yesterday did not ascend above the freezing point at 23 degrees above zero for high and declined last night to 6 above, according to records of the government weather observer here. Reading of the government thermometer at 10 o'clock this morning showed the mercury at 12 above, but a raw east wind intensified the cold.

A trace of precipitation was recorded.

ANNOUNCEMENTS

The Star Social club will entertain with a 120 lunch at the Masonic temple on Saturday, February 25, in honor of Mrs. Margaret Pike, grand worthy mother of the Order of the Eastern Star. Following the luncheon there will be a school of instruction. All members of the order are invited.

Neighbors of Womcraft will host Friday evening in the Business Women's clubroom.

The Brotherhood of American Youth will meet Friday evening, February 24, in the Odd Fellows' hall, in celebration of their twenty-fifth anniversary. It is to be a social meeting and a chicken pie supper will be served.

EPISCOPAL BROTHERHOOD PLANS ENTERTAINMENT

The Brotherhood of St. Andrew's organization of men in the Church of the Episcopate, this city, will give a public entertainment in the nature of a "variety program" on Monday evening, February 27, in parish hall. The feature of the program which is scheduled to begin at 8 o'clock, will be a chink talk by T. H. Shelton of Roseworth, who has had considerable experience as a sketch artist and cartoonist in New York City. Mr. Shelton expects to go on the chautauqua circuit this summer. The program will also include musical and dramatic numbers and will be followed by a dance.

The new year means new letter and invoice files. We have them. Book Store—adv.
