THIEF GETS REGISTERED MAIL SACKS

Mystery Surrounds Complete Disappearance of the Four Pouches of Valuable Matter From Baggage Room

KANAKAHE, Ill. (AP)—Four mail pouches each filled to capacity and believed to contain only registered mail, were stolen from the Illinois Central baggage room yesterday just after they had been taken from southbound train No. 5 from Chicago. Two pouches were consigned to Kanakake, one to Bloomington, Ill., and the fourth was to be transferred to a Big Four train for the east.

Philip Gatchett and Peter H. Smith, local baggagemen, took the pouches from the train and placed them in the baggage room, locking the door. When they returned a few minutes later the pouches were missing. The police believe a robber had entered the baggage room earlier in the day and was hiding behind some baggage, ready to escape with the mail.

RAILROADS ASK MODIFIED RATE

Carriers in Idaho and Other Western States Declare the Last Cut Too Deep

WASHINGTON, D. C. (AP)—Railroads operating in California, Oregon, Idaho, New Mexico and Arizona, are asking the Interstate Commerce Commission for a modification of the last rail rate reduction. The carriers say that the rate cut is too deep and that they are unable to meet the cost of operating. They say that the rate cut is too deep and that they are unable to meet the cost of operating. They say that the rate cut is too deep and that they are unable to meet the cost of operating.

JOVE BRIBED FOR BERTALLO

The western roads today declared that the commission had refused to accept their schedule under the new law and grain decision because the lower charge was not included on oats and barley. They contended that the differential net up to the hay and grain decision had been intended by the commission to apply only to the middle west and to the bulky shipment of corn. Prior to the new rate cut, the commission had allowed all types of grain to be carried on the same basis through the territory named, the railroads asserted, and asked that the commission recognize this and modify its former order to allow a continuation of the practice and accept the existing schedules.

SIX ARRESTED HAVE NO CONNECTION WITH CRIME

Investigation Discloses Stories of Threats Against Taylor Without Foundation

LOS ANGELES, Cal. (AP)—The six men arrested Tuesday on information furnished by Mrs. John Rupp, the housekeeper, have no connection with the murder of Wm. Desmond Taylor, motion picture director, here February 1, it was announced today by Detective Sergeant Herman Cline, in charge of the investigation. He said examination of Mrs. Rupp and investigation of her convinced the detectives that there was no foundation for her statements that they had threatened the life of Taylor.

PUBLIC DEBT SHOWS A GAIN

WASHINGTON, D. C. (AP)—An increase of more than \$50,000,000 in the public debt during February was announced today by the treasury. However, officials believed that the continued quarterly reduction in the public debt would go on during March when installment of income and profit taxes are due. Ordinary expenditures of the government aggregated \$182,000,000 as compared with \$211,000,000 during the month last year while ordinary receipts for the month aggregated \$175,000,000 as against \$248,000,000 in February, 1921.

DR. WORK GETS CABINET POST HELD BY HAYS

Colorado Man Who Held Position of First Assistant Postmaster General Promoted to Head of Service

WASHINGTON, D. C. (AP)—Dr. Hubert Work, first assistant postmaster general, was formally nominated today by President Harding to be postmaster general, succeeding Will H. Hays, resigned. Final announcement of the designation of Dr. Work came as no surprise, his name having been suggested with the office since his prospective resignation in May. His appointment was announced several weeks ago.

SECOND COLORADO MAN IN CABINET POSITION

DENVER, (AP)—Dr. Hubert Work of Pueblo who will be appointed postmaster general by President Harding will be the second Colorado to hold a place in the cabinet. Henry M. Teller of Colorado was appointed secretary of the interior by President Arthur in 1882.

ACTIVE FOR TRADE IN POLITICS

In addition to his professional duties Dr. Work has been active in politics since he came to Colorado. He was delegate at large to the republican national convention in 1908, republican state chairman from 1914 to 1916, and republican nominee for United States senator in 1916 when he was defeated by Charles E. Thomas, democrat.

DE VALERA IS TURNED DOWN

Effort to Transfer Sessions of Dail Eireann Defeated by Wide Margin

DUBLIN, (AP)—When the Dail Eireann resumed its session this morning, Charles Burgess, who was minister of finance of the cabinet of Eamon de Valera, made it clear that the future meetings be transferred from University college to the Mansion house. Mr. De Valera seconded the motion. He said that he wanted the official reports of the proceedings published, as the newspaper reports contained misrepresentations. At least it was necessary, he said, to have the meetings where the public could be present, and seen what was done.

Sean Mitroy, opposing the motion, said that parliament crowded during the proceedings were not wanted. William Cosgrave, minister of labor government, declared the desire for publicity expressed by the other side was a pretense, and that De Valera's party was in reality afraid of the people, who would soon, at an election, let the anti-tyranny faction know what they thought of it.

COAL SUPPLIES IN GOOD SHAPE

Figures of Recent Survey Indicate that Strike Will Come at a Good Time

CHICAGO, (AP) — There will be no immediate suffering if coal operators and miners fail to reach an agreement and a strike is called April 1 by the United Mine Workers of America, according to figures compiled by the United States Geological survey and the bureau of census.

The survey, as of January 1, 1922, showed 41 days supply of bituminous coal on hand. Production has slightly exceeded consumption since January 1, according to operators' figures, and they indicate the country will have something more than a forty-day supply by April 1.

The government figures show the distribution to the principal industries and dealers. Artificial gas plants had the biggest supply of all January 1, with enough fuel on hand to keep them running 80 days. Retail dealers were at the foot of the list with a 20-day supply. The other principal coal users were as follows:

- Thy-product coke plants, 42 days;
- Steel plants, 48 days;
- Other industries, 51 days;
- Electric industries, 51 days;
- Manufacture, 35 days.

The government report estimated the total available supply at 47,500,000 tons. No figures are available on the available supply of anthracite, but the government report says it increased after November 1, 1921, when storage yards held 1,765,000 tons of domestic sizes and 2,719,000 tons of steam sizes.

STRIKE WILL COME AT GOOD TIME

While the coal held by retail dealers January 1 was figured at 33 days supply, the figures were based on the rate of consumption at the time the stock was taken, in the middle of winter. Coal dealers point out that if a strike is called it will come at the opening of the spring and summer seasons, when dealers' sales for domestic consumption are practically negligible, and hence the supply could be spread over a much longer period.

They also call attention to the fact that in the last coal strike in 1919, 28.4 per cent of the country's mines, representing the non-union fields, continued production. Under normal conditions the non-union fields can produce from 5,000,000 to 4,000,000 tons a week, operating at maximum capacity, operators say this supply also would be available in event the union fields strike.

SCOTT TO LEAD ANOTHER CARAVAN INTO THE WEST

This Time Spokane Country to be Objective of Party to be Gathered in East

SPOKANE, Wash., (AP) — William D. Scott, who last September arrived last fall, Idaho, from New York, with a caravan of 28 families of homeseekers, is to bring a second party west this year for settlement in the Spokane valley.

The new expedition will contain more than 50 families and number over 300 persons. The caravan will leave New York late in July and reach Spokane in September as the journey, like last year's, will be made by automobile.

Mr. Scott was an advertising man in Brooklyn for many years. On a trip west he was impressed with an idea of coming to this region by motor caravan, as the pioneers traveled in their prairie schooners. He discussed this idea with Governor Davis of Idaho, and learned desirable land for farming was available near Bull, in the southwest corner of the state.

So many people, friends and friends of friends of Mr. Scott, wanted to make the trip, that Mr. Scott was forced to set up a standard of eligibility—\$2500 in cash and an automobile per family. Even then hundreds of applications were received. From the 128 families west of the river, 25 selected to make the journey.

The trip was an entire success, so much so that Mr. Scott looks forward to this year's caravan with considerable confidence. The caravan left New York July 23, and reached Bull, 3000 miles away, in late September.

WOULD EXCLUDE SHEEP IN GAME PRESERVES

State Warden Otto M. Jones Will Make Effort to Induce Deeded Action

BOISE, Idaho, (AP) — Request that sheep be eliminated from the game preserves in Idaho, made to Henry C. Wallace, secretary of agriculture, by Otto M. Jones, state game warden, has provoked considerable discussion here.

Mr. Jones told Secretary Wallace he thought the time had come for making the change, as sheepmen of the state had indicated that there are great unutilized grazing lands outside the game preserves, and because the number of sheep in Idaho is less by a million and a half than it was a year ago.

R. H. Rutledge, district forester, has conferred with Mr. Jones regarding his recommendation but the details of their conference have not been announced. It is understood that the forestry service does not favor the proposed transfer because of the loss of revenue from grazing rentals. Mr. Jones has declared his intention of being present at the grazing lands allotment meeting at Ogden, March 10, to oppose allotment of game preserves.

Elmer S. Smith, chief of the Idaho Wool Growers' association, claims Mr. Jones' recommendation is not being taken seriously by either the sheep men or the forest service.

UKRAINE WINS CONTROVERSY

Diplomatic Victory Over Soviet Government Result of First Passage at Arms

MOSCOW, (AP) — The Ukraine has scored a diplomatic victory over the Russian soviet government which made it necessary for the American relief administration to sign a separate agreement with the Ukraine before it could legally open food draft warehouses and general relief work in that southern republic.

American workers were distributing food packages at Kiev, Odessa and Kharkov for some time without any agreement other than that entered into with the Moscow government.

The Ukraine insisted that it was an independent republic, fully competent to conduct relations with foreign powers and entitled to be dealt with as an autonomous nation wholly free from Moscow control. President Rakovsky, of Ukraine, recently conferred in Moscow with American relief administration officials and made his position clear.

The Ukraine wanted food packages and relief from America but it wanted to sign agreements with the Americans just as the Moscow government did. Furthermore it wanted to negotiate with Americans for a loan to relieve its economic distress.

NO IMPORTANCE WAS ATTACHED

As the American relief administration is in no sense a diplomatic or official organization, its signature of a separate agreement with the Ukraine was not regarded as an official recognition of the Ukrainian government, although there seems to be a general impression in Russia that the American relief organization is the forerunner of diplomatic relations.

The Ukraine seems to be the soviet federated republic of Russia which has been the German republic and there is the same delicacy in Moscow about handling the Ukraine that Berlin shows in dealing with the Munich government. Ukraine is the granary of European Russia, just as Bavaria is the granary of the German federation. The Ukraine has very fertile neighbors in Poland and Rumania. It also has valuable assets in Odessa, Nikoloff and other ice-free ports.

The interesting problems in federation which the United States confronted after it cut loose from England and found it necessary to harmonize the interests of its varied states.

COCKFIGHTING MUST GO IN INTERESTS OF PUBLIC GOOD

Methodist Episcopal Church in Philippine Islands Takes Strong Stand

MANILA, P. I., (AP) — The licensed saloon, cock fighting, commercialized boxing, public dancing and uncontrolled liquor are becoming more active. News papers are full of discussions of the question and there are numerous lectures on alcoholism while moving pictures are shown to promote the reform.

The report described cock fighting as one of the greatest corrupters of public morals and asserted that it was the worst. The report declared that because the accessories of the prize ring are the licensed bar, gambling and brutality, it too must be prohibited.

Dancing in the public schools was designated as a bad influence conducive to immorality. The committee reported that movie films are now censored by one man only, a policeman, and recommended "an adequate censorship" for the protection of the morals of children.

TWENTY-FIVE MILLIONS WILL BE SPENT BY TOURISTS

SAN FRANCISCO, (AP) — Approximately \$25,000,000 will be spent in San Francisco during the summer of 1922 by visitors and delegates to the many conventions scheduled for this city, according to Robert L. Webb, secretary of the San Francisco Convention and Tourist League.

Close to 100 conventions are to be held here, Mr. Webb said. Probably the most important will be the national gathering of the Order of the Mystical Shrine. This year will be the biggest convention year San Francisco has had since 1915, when the Panama Pacific International Exposition brought scores of meetings here.

BANKRUPTCY DEGRASSING

DRY FORCES ARE ACTIVE ABROAD

Polish People in Midst of Heated Discussion with America Frequently Cited

WARSAW, (AP) — The "wets" and "drys" are having a hot conflict over proposals to restrict the use of intoxicants in Poland. The movement for more strict control over the use of liquor is becoming more active. News papers are full of discussions of the question and there are numerous lectures on alcoholism while moving pictures are shown to promote the reform.

The example of America is continually cited with heated arguments as to whether prohibition is effective in that country.

The "drys" advocate a regulation cutting down the number of places where liquor is sold by restricting them to one for every 2500 of population. Another proposal would abolish all places where liquor alone is sold but grant permits to cafes and restaurants.

MOVEMENT IS NO NEW THING

A steady dry movement has been going on for some time in the national parliament and the debates there have lately been made more heated by enforcement of an ordinance establishing a dry Sunday in Warsaw. It forbids the sale of liquors from Saturday noon to Monday noon and is being enforced by the Warsaw police with an iron hand despite the protests of cafe and restaurant proprietors.

One of the active figures in the campaign is General Jozef Haller, president of the Polish Red Cross and Polish Boy Scouts, who organized and commanded the famous Hittler army in which thousands of Americans of Polish blood fought in 1917 and 1918.

General Haller is now leading a fight against raising the percentage of alcohol in beer. This is now fixed at 2.15 per cent. The brewers have consented to this restriction.

Poland has just put a tax of 20 per cent on all retail liquor stocks. Polish law makes a liquor dealer assume the responsibility for drunkenness by providing that when an intoxicated person is arrested, the proprietor of the place in which he purchased his intoxicants must go along with him to jail.

BRITISH LABOR PARTY IS IN SYMPATHY WITH INDIA

Favors Real Self Government Under Native Handling, and Egyptian Independence

LONDON, (AP) — Recognition by Great Britain of the independence of Egypt and genuine self-government for India are planks of the policy of the British labor party as just defined in an address delivered by Arthur Henderson, secretary of that party and member of parliament.

Mr. Henderson's statement is regarded as important because of the growing strength of the labor party and the plans to hold a general election next spring or summer.

Mr. Henderson declared that labor was out for a new international policy founded on the principles of justice, co-operation and good will.

The chief objects of the labor party's foreign policy were, he said, international peace, the building up of stable economic and political conditions in Europe and the re-establishment of friendship and confidence between nations.

Labor also stood in favor of a comprehensive league of nations, a democratic and progressive reduction in armaments, prohibition of the export of instruments of war by private manufacturers and against secret treaties and the economic boycott.

UNEMPLOYMENT IS NATIONAL PROBLEM

On the unemployment question, he said, that the policy of leaving localities to their burden of unemployment was indefensible because it converted a national duty into a local responsibility.

A labor government would not tolerate the semi-starvation of thousands of British people—which he called the fruits of a disastrous international policy, aggravated by the failures of private enterprise—but would endeavor by legitimate means to break down all forms of monopoly and put an end to exploitation and profiteering.

Labor would see that the land was put to socially productive uses and confer on the people the power to control the licensing system in their respective localities.

The party would also, by constitutional means, secure for the community a larger share of the fruits of national production much of which, Mr. Henderson said, went to nourish the wasteful, idlers and parasitical elements in society of today.

INDIAN GIRL IS TO BE DELEGATE

Seventeen Year Old Y. M. C. A. Worker Will Make Proposed Trip to China

LAWRENCE, Kan., (P) — Miss Muskrat, a Cherokee Indian girl from Oklahoma who is a student at the University of Kansas here, will visit China this spring as a delegate to the World's Student Christian Federation conference at Peking, April 4.

The hope of the conference, Miss Muskrat explained recently, is to get students of various parts of the world in vital touch with each other and, among other things, to solve the problems confronting Chinese students who have become imbued with Occidental ideas.

Miss Muskrat, who is 17, has done Y. W. C. A. work in New Mexico and worked among her people in religious and educational work.

"The primary need of my people," Miss Muskrat declared, "is trained native leadership—Indians, themselves, who understand the peculiarities of the tribe and can work with them."

INDIAN WOMEN MOST CAPABLE

"Indian women are more capable in most respects than the men. They know better how to handle—they are shrewd. This is an outgrowth of the time when women raised the crops. The men go in more for social activities. If I have a party, I can always count on the men attending. But if I want to put on a financial drive, I appeal to the women."

Fifty-seven nations will be represented at the student conference in Peking, and will represent more than 200,000 students throughout the world, she said. After the conference, delegates will visit the principal universities of Japan and China.

Miss Muskrat, who says her father is Cherokee and her mother Irish, will be the second Indian ever elected a delegate to an international student conference. She goes as a guest of the national board of the Young Women's Christian association.

NEW LEAGUE IS ORGANIZED TEAMS TO START TRAINING MOSCOW STARTS FOR EAST

Pacific International and Western Canada Will Join Forces for the Future

TACOMA, Wash., (P) — Another baseball league, the Western International has been organized to take the place of two organizations, the Pacific International and the Western Canada, which operated last year.

Six clubs are in the new league. Five of them represent the western Canadian cities of Vancouver, Edmonton, Calgary, Regina and Saskatoon and the sixth will play for Tacoma. The schedule has not yet been announced but it is believed the first game will be played around May 1.

The Tacoma club, which is to be a "farm" for the Portland team of the Pacific Coast league, will be managed by Tealy Raymond. William Klepper, president of the Oregon team, is at the head of this city's organization.

B.H. Rogers, who managed the Sacramento Coast league team last season, will be the pilot of the Calgary team, which was the Western Canada champion in 1921. Gus Gleichenau is again manager of the Edmonton Equinox, and Bob Brown is president of the Vancouver team. The Regina and Saskatoon teams are getting started but have a number of players signed.

CHICAGO NATIONALS READY

Hard Work-Outs About to Commence at Training Camp at Catalina Islands

CHICAGO, (P) — The Chicago Nationals were ready for another hard workout today at Catalina Island, Cal., where March came in like a lamb yesterday and brought sunny skies.

Manager William Gleason's Chicago Americans at Beguin, Texas, were waiting for reports from the cold of the last few days.

Manager Killifer of the Cubs, who has been giving undivided attention to his battery the last two days, was optimistic today. He believes that his pitchers will come out in first class shape unless something unforeseen comes up.

The Dark Cloud.

It is not surprising that clouds come in for more or less criticism. They live high, are often despised, and can usually be chased with the wets.

New York Players Begin Spring Grind Wherever Weather Conditions Permit

NEW YORK, (P) — The city's three baseball squads, the Yankees, Giants and Superbas were familiarizing themselves today with the southern training camps. The Superbas were working a little; the Giants were hoping for suitable working weather and the Yanks waiting for their boss, Miller Huggins, to report from Hot Springs.

Yesterday the Brooklyn squad had a lively workout at Jacksonville. Manager Robinson sent his men through batting and fielding practice, then a six inning game in which the regulars trounced the Yankees, 5 to 0.

The Giants ran into unusual below freezing weather at San Antonio and had to listen to a McGraw lecture, while the Yanks at New Orleans, most of them recruits, were compelled by rain to stay in their hotel.

"INDIANS" NO GOOD NAME

Stanford Athletes Object strenuously to Any Opponent Other Than "Cardinals"

STANFORD UNIVERSITY, Cal. (P) — Stanford does not want its varsity teams called the Indians, according to a recent editorial in the Daily Palo Alto, a student newspaper.

For several months sport writers have been referring to the Stanford teams as the Indians, probably because the Daily Palo Alto says, it is planned to erect an Indian statue in the new Stanford stadium and because there is an Indian head design on Stanford blazekets.

The paper sticks to the old name of the Cardinals, the school color. "We are not 'Indians,'" the editorial said, "but Stanford Cardinals, and as such will win athletic contests with a good old Cardinal team."

The Daily Palo Alto said that a paper published at the University of Nevada has started a campaign among western colleges to choose nicknames for the varsity teams.

LLOYD GEORGE MAY QUIT POST

Early General Election or Resignation of Premier Anticipated in England

LONDON, (P) — Either an early general election or the resignation of Prime Minister Lloyd George will be the spark of the present political crisis, it is generally believed.

The apparently widening breach in the conservative party together with the consistent gain in strength of the liberals under former Premier Asquith and the laborites, as evidenced in the recent by-elections, have forced these alternatives on the premier.

Mr. Lloyd George is understood to have served notice in his letter to J. Austen Chamberlain that Sir George Younger, leader of the conservative seceders who recently attacked the premier in the house of commons, must go or he will step down from office.

Sir George Younger's tactics have met with disfavor among a considerable section of the party, especially with Mr. Chamberlain and Lord Curzon. The latter publicly voicing his disapproval in a recent speech. In this connection some significance is attached to a report that Sir George may resign from the house and be elevated to the peerage.

Meanwhile the government leaders are giving much time to the problem, and an early meeting of the whole conservative party is expected.

FAMILY MIX-UP LAID BARE

Two Divorce Suits Tell Strangest Story of Tangled Skeins of Domestic Life

MAYVILLE, Ky., (P) — Two divorce suits are pending in the Mason county circuit court here because Carl Kellum, 23 years old and his mother-in-law, Mrs. Addie Gallagher, 45, ran off together, according to the petitions filed by Mrs. Iona Gallagher-Kellum, 18, against her husband, and John Gallagher, 55, against his wife.

Mrs. Kellum says she was married two years ago and was very happy on her husband's farm, four miles from here. A short time ago, she alleges, her mother, who lived on an adjoining farm, ran off with Kellum and never returned. Gallagher's petition alleges the same story.

Kellum and Mrs. Gallagher are living in this county now, the petitions charge.

Good News

In the 22,000 Homes Served by the Idaho Power Co.

The service rendered by the Idaho Power Company is by no means limited to generating electric current and transmitting it to farms, industries and homes. Our electrical merchandise department makes possible the fullest use of that current in the home by placing time and labor-saving appliances within the easy reach of all. The luxuries of yesterday have become the necessities of today.

We are pleased to announce a further demonstration of our merchandise department's service by offering

The famous
HOOVER
Suction Sweeper

It Beats as it Sweeps as it Cleans.

Special Offer for the month of **March** Only

DOWN

Balance in Easy Monthly Payments

The offering of a high-grade sweeper for so low a cash payment has been equalled but seldom. We recommend the Hoover because it combines the three essentials of thorough cleaning—BEATING, SWEEPING and AIR SUCTION. It gets the three kinds of dirt out of your rugs at the same time. The strong air suction gets the surface dirt—the electrically driven brush gets the clinging lint and destructive, embedded grit. No other cleaning machine gets ALL of the dirt out of your rugs.

We Will Gladly Demonstrate the Hoover in Your Home, on Your Own Rugs or in This Office

Official of Veterans of Foreign Wars Points Out Effects of Delay

WASHINGTON, (AP)—The hope that "the administration will not continue to procrastinate very much longer and will fulfill the promise made in the last national election, and pass the veterans' adjusted compensation bill without further delay," is expressed by Edw. S. Bittelheimer, Jr., chairman of the national legislative committee of the Veterans of Foreign Wars in a letter to President Harding, made public today.

Bittelheimer said that he was just in receipt of a report showing that 12,000 of the 30,000 former service men in Cuyahoga county, Ohio, who applied for the adjusted compensation voted by the state were unemployed.

"If this is indicative of the condition existing throughout the country," the letter said, "it would mean that approximately 5,000,000 of the ex-service men are out of employment. How many of these are in destitute circumstances would be hard to tell."

ACCUSES CHINAMAN OF TAYLOR MURDER

Harry N. Fields

HARRY N. FIELDS, held by police in Detroit, declares that William D. Taylor, noted film director, was murdered by a Chinese member of a party of four drug addicts with whom Fields drove to the Taylor bungalow at Los Angeles. Following his "confession" to Los Angeles detectives, immediately instituted a search for a revolver Fields said was hidden by Taylor's assassin. The Chinaman accused of murder has not been found.

NEGRO HEAVIES IN BATTLE

Harry Wills and Kid Norfolk Match May Develop Contender for Championship

NEW YORK, (AP)—Harry Wills and "Kid" Norfolk, negro heavyweight boxers, will meet in a 15-round bout tonight in Madison Square Garden.

Wills, whose muscles were developed heaving cotton bales down in New Orleans, is called the "black panther." He stands six feet four inches in his socks, weighs 210 pounds and reaches 76 inches.

Norfolk, known as the "Darktown Thunderbolt" is seven and a half inches shorter than Wills, weighs 185 pounds and reaches 67 inches.

He has pounded his way to pugilistic fame and the colors of high-heavyweight championship by more than 90 knock-outs.

The meeting of the Panther and the Thunderbolt may develop an opponent for Jack Dempsey, as Wills has been considered by many as one of the most likely of the heavyweights. But he has never before met Norfolk.

TODAY'S MARKETS

WHEAT RECOVERS QUICKLY

Average Low During Early Hours of Trading but Shows Optimistic Features Closing

CHICAGO, (AP)—Wheat averaged lower in price today during the early transactions. Downturns in quotations at Liverpool tended to weaken the market here and so, too, did reports that British milling requirements appeared to be filled up temporarily. Bulls, however, still contended that world importing countries are short of actual requirements amounting to 100,000,000 bushels. Opening prices, which varied from unchanged figures to 1-2¢ lower, with May \$1.43 1/2 to 1.43 3/4 and July \$1.20 1/2 to 1.20 3/4, were followed by a moderate setback all around, then by a rally that in some cases went slightly above yesterday's finish.

Signs of revival in European demand brought about a good advance later which heavy profit taking sales failed to offset except in a more or less transient manner.

Corn and oats were governed chiefly by the action of wheat. After opening unchanged to 3-8¢ lower, May 66 to 66 1/4¢, the market underwent a further advance and then recovered.

In later dealings the corn market went up grade, helped by the fact that the movement of corn from rural sources appeared to be falling off in volume, and that export business was said to be under way at the seaboard. The close was firm 3-4 to 7-8¢ to 1-1 1/2¢ net high, with 3-25¢ lower to 3-14¢ to 3-14 1/2¢.

Oats started unchanged to 3-8¢ down, May 41 3-8 and declined a little more but later scored a trifling gain.

Steady selling on the part of commission houses sent provisions downward in price notwithstanding an upward in the value of hogs.

New York Stocks

NEW YORK, (AP)—Stocks were dull and hesitant in the first half of today's session but improved later under leader of high grade transportation and steel. Sales approximated 700,000 shares.

Rails, motors, equipments and sugars were substantially higher in the final hour. Weakness was shown by Union Pacific and General American and preferred, the latter losing six points on the passing of the dividend. The closing was strong.

A few selected or special issues were substantially higher at the opening of today's stock market, but leaders reflected further selling pressure based on part of the trend of tax legislation at Washington. Chandler's Motors rose 3-8 and General American and Hartman averaged one point advance, but secondary stocks, equipments and foreign oils eased fractionally to 1-1 1/2 points with tobaccos and motion picture shares. Early quotations for the principal foreign exchanges were lower.

FAILURE LIST REACHES FIFTY

Two More New York Brokerage Houses on Racks of Financial Distress

NEW YORK, (AP) — The list of Wall street brokerage houses failures climbed toward the fifty mark today. Scott and Stump, a Consolidated Exchange house, went into bankruptcy shortly after the market opened and a short time later Alphonse DiStammas successor to Fyfe, Mackelson and company, announced an assignment. Friedman, Markelson and company recently suspended operations and the three partners were arrested on charges of grand larceny preferred by DeStammas, who also instituted civil action to recover \$10,000.

DeStammas in Montreal, had brokerage offices under the name of DeStammas and company, and it is said that Fred Duvaivais, co-respondent in the Stillman divorce case, was in his employ as office man.

An involuntary petition in bankruptcy without an estimate of liabilities or assets, was filed against M. E. and J. W. Deaquern, Broadway stock brokers.

BOOKS AND RECORDS ARE SEIZED.

DETROIT, Mich. (AP) — Books and records of Raymond White and company, stock brokers, were seized by Prosecuting Attorney Voorhies today for examination. The White firm is the fifth to come under investigation here in the campaign against alleged bucket shops was begun last week.

Social Notes

Edited by Mrs. E. B. Williams Telephone 390.

Mrs. L. T. Wright was hostess this week to the Wednesday Bridge club. Eight members were present and Mrs. E. Thurg won the honors for high score.

The Morningglad club met yesterday afternoon with Mrs. Otto Young. This being the first meeting of the club, the year the afternoon was devoted principally to business, such as the appointing of committees and planning for work for the coming year. The home was beautifully decorated in the colors of pink and gold. Nine members were present and Mrs. Silvers, Mrs. Clarence Young, Mrs. Askew, Miss Eleanor Strunk and Miss Fagan were the guests. Late in the afternoon of delicious refreshments were served.

The Ninth Avenue club met at the home of Mrs. Ed Tolbert on Seventh avenue east, Wednesday afternoon. Eighteen members answered to roll with current events. Mrs. Elizabeth Hilliard had charge of the program and gave a very interesting talk on Norman Rockwell the artist. A number of his magazine covers were then passed about and discussed. Guests of the club were Mrs. C. A. Hall, Mrs. J. B. Lane and Mrs. Freeman Fox. After the regular hour the ladies served delicious refreshments.

The Olson home, west of Ellier, was the scene of a delightful party last Saturday night. The evening was spent with dancing. The guests were Twin Falls were Misses Maurine Gilfer, Thelma Blank, Zelma Patton, Frances McDonald, Heiler Jewett and Della Klingner and Messrs. Arlo Smith, Chapman Lawver, Ray Burman, Lynn Stewart. At midnight a delightful luncheon was served. On Monday evening Mrs. Olson entertains the Flier Business Women. The tables were most attractive with cut flowers with a corsage at each cover. The dinner was served in four courses and was followed by music and pinocch. Covers were laid for 23.

Mrs. P. J. Costello was hostess to the M. C. B. club on Wednesday afternoon. Bridget was the diversion, Mr. Bobber, Jr., winning the club trophy. Mrs. May Mackintosh, Mrs. Z. H. North were guests and the members present were: Madeline Jones Costello, E. E. Bohler, Mary Kelly, Victor Ericson, J. B. Williams, M. L. Jones, Ernest White, J. Paul Johnson, and Bohler, Jr.

Miss Wilma Zollers and Harold Storey, both of Heyburn, were united in marriage by the Rev. W. E. Johnson at the Baptist parsonage at 2 o'clock on Tuesday afternoon. The groom is a son of the late George Storey of Heyburn and the bride is a daughter of the late Mrs. Heyburn. Mr. and Mrs. Storey will reside on a farm near Heyburn.

The Sea Gull girls met with Lela Storey on Monday evening and spent the time sewing. Those in attendance were Agnes Richlin, Bertrice Mechan, Lela Priol Blackburn, Della Briggs, Edna Harris, Essie Lott, La Von Mechan and Lela Storey.

Mrs. C. M. McElwain and Mrs. Zeena Smith entertained at the Methodist church supper at 1:30 hour Wednesday at the home of the latter. The table had for a centerpiece a handsome white cyclamen and covers were of pink and white. Plans were made during the afternoon to entertain the husbands at the home of Mr. and Mrs. L. A. Breckenridge on the evening of St. Patrick's day.

Mrs. W. M. Fisher entertained the Wabash Road club Wednesday after-

RICH WIDOW SWINDLED OUT OF \$375,000

Mrs. William N. Duke, widow of Alfred E. Lindsay.

THROUGH PROMISES of big profits in stock transactions, Alfred E. Lindsay, of Nyack, N. Y., is accused by numerous persons of having swindled them out of \$700,000. Included among those who claim to have been victimized by Lindsay are Mrs. Lillian W. Duke, widow of the millionaire tobacco manufacturer, and Carlotta Nilsson, winsome actress. Mrs. Duke, shown in this picture, has filed suit to recover \$375,000—half entire personal fortune of which the swindler, Lindsay (shown in the inset) swindled her.

A short business session was held and was followed by an interesting program in charge of Mrs. E. B. Hartley and Mrs. A. Iron Price, the former speaking on the peace conference recently held at Washington, and the latter on the necessity of co-operation between all the nations of the world. During the business meeting the members pledged their moral and financial support to the Boy Scouts movement. Eleven members were present and refreshments were served.

OBSESSION IS ANNOUNCED. WASHINGTON, D. C. (AP) — Senator Hillecock of Nebraska, ranking member of the senate foreign relations committee declared in an address to the senate today, opening debate on the four-power Pacific treaty, that he could not support it unless amendments or reservations were adopted to meet his objections.

\$60,000 for Cats.

Cats all over the world will benefit from the \$60,000 obtained by the sale of the Even homestead, in New York, writes a correspondent. The lady, Miss Caroline Even, who occupied the house for years with her two sisters, had a passion for caring for cats. It was her dream that every cat should have plenty of catnip, and a comfortable backyard fence to play on. She devoted her life to establishing sanatoriums and relief organizations for stray cats and when she died she left all her estate, except \$500, for carrying out her wish. She left off her two sisters in her will because they were not sufficiently enthusiastic about cats. The money for reculing the cat population of the world became available when her nephew recently settled his consent to her will out of court.

PUT STOMACH IN FINE CONDITION Says Indigestion Results From an Excess of Hydrochloric Acid Undigested food delayed in the stomach decays or ferments, the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by hyper-acidity, meaning there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten soars in the stomach much like garbage sores in a can, forming acid fluids and gases which inflame the stomach like a hot balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we crumble our food or have heart-burn, flatulence, water-bath or nausea.

No Defense By Gilbert Parker Author of "The Seats of the Mighty" "The Right of Way"

(Continued from Wednesday's Issue) CHAPTER III (Continued) Never is all Ireland's years had a more beautiful day than that in which Lord Dyck Calboun and the Hon. Leonard Mallow met to settle their account in a secluded corner of Phoenix park. It was not the usual place for duels. The seconds had taken care to keep the locale from the knowledge of the public; especially as many who had the Breakeck club were eager to be present.

"Swords, if You Please," Responded Mallow, grimly. "Both men had sensibilities, and both entered the grounds with a certain thrill of pleasure softening the acerbity of the moment." Dyck moved and spoke like a man who had some field which had abstracted him from life's monotonous routine. He had to consider the chance of never leaving the grounds alive; yet as he entered the place, where smooth grass between the trees made good footing for the feet to be done the thrill of the greenery, the sound of the birds, the flick of a lizard across the path, and the distant gay leap of a young deer, brought to his senses a kind of joyous feeling. He was not nervous, he was subdued. He was in the great, consoling atmosphere of the bigger world and the greater life.

REPORTS LOSS OF JEWELS (Continued) Mrs. Thorne returned to Chicago yesterday from South Carolina. She was unable to remember whether she had left the jewels which were in her hands on the train or in a trunk in which she rode from station to another upon her arrival.

PUT STOMACH IN FINE CONDITION (Continued) Undigested food delayed in the stomach decays or ferments, the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by hyper-acidity, meaning there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation.

notable, and would give a good account of themselves. The two men fighting had almost the air of gladiators. Their coats were off, and the white linen of their shirts looked gracious; while the upraised left hand of the fighters balanced the coachman, and the weight of the body had an almost singular beauty. Of the two, Dyck was the more graceful, the staidier, the quicker in his motions. His momentary vision of Sheila Lynn remained with him to his latest breath, and for a month in his inmost being, something which made him intensely alert, cheerful, defiant, exactly skilful.

"I'm as obliged to you as if you'd paid for my board and lodging," Mallow said; "and that's being a good deal in these days. I'll never have a bigger fight. You're a greater swordsman than your reputation. I must have provoked you beyond reason," he went on gallantly, "but I was bested by the who the who?" "I'm a loyalist," Mallow replied, "I'm a loyalist, and if you're one, too, what reason should there be for our not being friends?"

"SWORDS, IF YOU PLEASE," RESPONDED MALLOW, GRIMLY. "Both men had sensibilities, and both entered the grounds with a certain thrill of pleasure softening the acerbity of the moment." but this demonstration from his foe was too much for him. It drove the look of pain from his face; it brought a smile, to his lips. He came a step nearer. "I'm as obliged to you as if you'd paid for my board and lodging," Mallow said; "and that's being a good deal in these days. I'll never have a bigger fight. SHAH OF PERSIA BELIEVES HIMSELF A POET OF PARTS

Reference to Grave of Omar Khayyam Brings Outspoken Expression of Faith LONDON, (AP) - The young Shah of Persia, who recently left his capital, Teheran, for another trip to Europe, is said to hold a high opinion of himself as a poet. In fact, according to a story told here, he puts himself in a class with Omar Khayyam and considers himself, if anything, a trifle better than his great countryman.

Reference to Grave of Omar Khayyam Brings Outspoken Expression of Faith (Continued) As the story is told by the Manchester Post, a British minister at, Teheran called on the Shah at the request of English admirals of the great Russian fleet and asked that better care be taken of his grave at Nisaburgh, where Omar Khayyam lies, "the north wind still rattles roses on his tomb." But the Shah could not be impressed with this view. Persia, he declared, had lots of poets and he, himself, was possibly a little better poet than Omar. Ahmed Mirza, Shah of Persia, is only 24 years old and some say this may account for his opinion. He knows English and Russian and talks French fluently and accurately and has been reported as eager to learn western ways and institutions.

SAYS IVY HURTS BUILDINGS English Architect Advises Its Removal From the Historic Structures of Oxford University. Ivy, a picturesque adjunct to the landscape in covering old buildings and which has been so greatly admired by American visitors to the historic towns of England, is doomed. It is asserted that not only the ivy, highly-injurious to the buildings which are covered by the time, but that in some cases it destroys more beauty than it creates by obscuring examples of the old architecture. In Oxford, especially during the last few years, many of the old college structures were being replaced by new constructions with masses of the glossy green leaves have been entirely denuded of every vestige of ivy and the walls are left bare and starkly and steadily disintegrating the work of man's hands, while it smothers its proportions and its beauties.

COURT'S STAND IN DUSTER CASE NOT CHANGED

Idaho's Supreme Tribunal Re-affirms Decision in Support of Removal of Twin Falls Highway Commissioners

Idaho's supreme court, in a decision handed down late Wednesday afternoon, reaffirmed its decision in support of the judgment entered by Judge W. A. Babcock in district court here, providing for the removal of G. B. Chancell, A. M. Stockwell and A. J. Larson from office as commissioners of the Twin Falls highway district, requiring the payment of \$500 by each of the ousted officials, to E. E. Walton, instigator of the ouster proceedings.

The court is reported to have reached unanimous agreement that charges of negligence against the deposed officials on the grounds they had failed to file certain reports as to condition of highways and financial condition of the district had not been sustained.

Charges that the deposed officials were culpable for paying delinquent taxes on the grounds they had been considered and allowed by the board were sustained in the opinion of three of the justices. It is reported, and the general effect of the decision to sustain the trial court's judgment is said to hinge upon this interpretation of the law.

Advices received here quote Justice Rice, Dunn and Lee to the effect that they "adhere to the facts heretofore expressed by themselves in the case."

In an intervening judgment in the case May 5, 1921, after a trial before the court that continued from April 27 to 30, Justice Babcock held that the officials removed were guilty as charged by way of failure to file certain reports as to the condition of roads and financial condition of the district; that they had failed to consider and allow claims in the aggregate of \$1,000.

The supreme court's decision brings to a focus a similar case instituted by Walton for removal of W. F. Parrish, O. Blaylock and D. C. Clark as trustees of Twin Falls independent school district. In this case the district court ordered the removal of the accused officials and proceedings for appeal from the judgment were instituted. The case is now pending on motion for new trial which, by agreement of counsel, has not been argued prior to the supreme court's decision in the highway district case.

Attorneys for the deposed school district trustees, today advised that they were not prepared to state what action would be taken by them.

DETWEILER DEFENDS HIS ACTION IN LIBEL SUIT

Declares Letter on Which Action for Damages is Based Was Privileged

Believing that a letter which is made the basis for complaint is privileged communication, J. E. Detweiler, an attorney, took here his answer to the complaint in a libel suit brought against him by H. O. Brown and his wife, and of Brown Brothers Sheep company, involving a claim for \$80,000 damages.

The letter in question, Detweiler avers, was written to E. B. Huestock, president of the American Hampshire Sheep association, of which both the Browns and Detweiler were members. It was written at the request of Huestock and related to the conduct of the Browns as members of the association and in their business as breeders of sheep. Detweiler denies that it was written with malicious intent.

HUGE PROBLEMS SESSION THEME

Tax Committee's Report and Reclamation Project Topics for Luncheon Meet

Recommendations of the Twin Falls chamber of commerce tax committee and plan for insuring construction of the American Falls reservoir project are topics to be presented for consideration at a public luncheon meeting to be held at Tom's cafe here Friday evening, under auspices of the chamber of commerce.

The luncheon meal will accommodate only a limited number of guests and persons desiring to attend the meeting are urged to make reservations immediately.

Special invitations have been sent to officials of the county, municipality, school district and highway district, to whom are addressed the recommendations of the tax committee, based upon the report of the tax committee recently sent out to urban and rural taxpayers.

Following presentation and discussion of the committee report which has not heretofore been made public, H. E. Stoutenmyer of Boise, attorney for the United States reclamation service in Idaho, and H. H. Burley, project manager of the American Falls reservoir and Milledale irrigation projects, will discuss legal and engineering phases of the plan for construction of the big reservoir.

Mr. Stoutenmyer and Mr. Dibble will address a public meeting in the Parish hall here at 3 o'clock Friday afternoon on American Falls project plans.

Fair and Warmer Weather Forecast for South Idaho

Official forecast today of fair and warmer weather tonight and Friday for southern Idaho, marks the first deviation from repetitions for several days past of predictions of "continued cold" that have materialized in constantly declining temperatures.

Because of illness the meeting of the Twin Falls Junior high school girls, aged 12 and 13 years, whose names are withheld by the principal, last night, almost monopolized the attention of police officers and volunteer assistants and was attended with much activity in Twin Falls homes.

The girls had in view they said, only the purpose to visit the neighboring town. They had underestimated the distance and the rigors of the trip and overestimated their own capability to make it.

Motor Counter Claim-Alleging that motors installed in the alfalfa meal plant here were too small and that expense and damages in considerable amount were incurred because of this fact, the Independent Meat Market, through its attorney, T. K. Hackman, has filed its answer in the suit instituted by the Twentieth Century Mill and Machinery company to recover \$425.95 for equipment of the plant.

The Independent concern denies validity of the machinery company's claim in any amount and presents a counter claim for \$108.57.

Miss Wilkenson's effort to obtain the circuit court is considered likely.

FIELDS BOBBY BUT WILL NOT PAY. "I feel sorry for Mr. Wilkenson," said Mrs. Fields, but I never have settled a claim when I was in the right and I never will.

ROAD DISTRICT MOVE DELAYED

County Officials Send Petitions for Rock Creek District Back for Revision

Because of insufficiency of petitions for formation of the Rock Creek independent road district, presented Wednesday afternoon at the office of C. C. Sigmond, county recorder, the petition will be taken at this time, but the petitions will be returned to the petitioners with suggestions for their revision.

The petitions are held insufficient because they do not set forth the purpose for which they were presented. Under the heading "Petition for the Rock Creek Independent Road District," is set forth the description of lands to be included in the proposed district, followed by the names of the signers.

The insufficiency is said to be merely technical and may be corrected without difficulty.

MARY PICKFORD WINS CASE. NEW YORK, (AP)—Mary Pickford does not have to pay Mrs. Corns C. Wilkenson any part of the \$108,000 she has. Wilkenson claims she was her commission for getting the film stars out of the circuit court.

Neither Mary nor her husband, Douglas Fairbanks, were in court when the verdict was announced. Her counsel rushed to the telephone to acquaint her with the news at her hotel.

Wilkenson's effort to obtain the circuit court is considered likely. "I would fight her ten times because I know I'm just a tanger," she continued, speaking faster and more firmly.

"Well, what are you mad about!" broke in her husband, Douglas Fairbanks. "Nothing," replied Mary. "but it is so silly. I haven't had an agent since I was 11 years old. When I want a raise I go ask for it myself and when I want a new job I look for one."
