PRICE FIVE-CENTS

UNITED STATES WILL NOT JOIN GENOA SESSION

Italian Ambassador Advised that United States Will Not Accept Invitation to Participate in Proposed Conference

WASHINGTON, D. C. (AP)—The United States government has declined its invitation to participate in the Genoa economic conference. The decision of the American government was transmitted today to Senator Ricci, the Italian ambassador here, who acting for his country and indirectly for the allied supreme council, extended the invitation for American participation. The position of the American government as set forth in the communication handed Ambassador Ricci is that participation by the United States in any general European economic conference is impossible at this time owing to the complete failure of European nations in the view of the American government to adopt proper measures for remedying the ravages of war and for insuring the stabilization of their economic life.

GRADUATE SCALE ASKED OF BOARD

Railroads Put Proposition of Permission to Reduce Wages Into Entirely New Form

CHICAGO, (AP)—Western railroads broke away from the stereotyped request for a blanket percentage reduction for a blanket percentage reduction for stop workers today when they asked the United States railroad labor board which is holding a nation-wide wage hearing, to permit a graduated scale of shop wages, based on wages paid for similar work in other industries in various railway centers. The board was asked to set a minimum rate for skilled mechanics and a maximum rate for apprentices. Within this range, the roads asked permission to pay wages for different classes of work equal to those paid for the same classes of work in other railroad shops. I. W. Higgins, speaking for 101 western railroads, presented a request for a reduction of the present 7 1/2 cents an hour for skilled mechanics to 6 1/2 cents as a minimum. He asked that a maximum rate of 64 cents for helper apprentices also be fixed.

USE CHEAP MEN ON OILFIELD WORK. "We can't want to be compelled to use skilled mechanics on the lower grades of work, paying them a mechanic's scale," Mr. Higgins told the board. Wages scales fixed by the board here before have taken no account of variations in the work delegated to mechanics. The roads, also, previously asked for specific reductions for mechanics as a sign, the only request for permission to pay the going rate in various localities being confined to common labor.

LABOR SHORTAGE PREDICTED

SALEM, Ore. (AP)—There will be a shortage of labor in Oregon within two or three months, C. H. Gram, state labor commissioner predicts. With the passing of the peak of the unemployment situation, Mr. Gram says conditions are rapidly improving. During the latter part of January, approximately 17,400 men were out of employment in the state, Mr. Gram said.

TO PRACTICE LAW

LOS ANGELES, Cal. (AP)—Several hundred friends greeted William Gibbs McAdoo, former secretary of the treasury and a director general of railroads, when he arrived here with the intention of making Los Angeles his future home. He said he would look for an office today and immediately begin the practice of law.

OLD AGREEMENT SUPERSEDED

WASHINGTON, (AP)—The Lansing-Ishii agreement has been completely superseded by the new power treaty relating to China now before the senate. President Harding informed the senate today in response to the recently adopted House resolution. The executive added that the four power treaty did not refer to China and does not directly bear upon the Lansing-Ishii notes.

AMUNDSEN PREPARES TO CONTINUE ARCTIC VOYAGE

BOALD AMUNDSEN, discoverer of the South Pole, wants to sit "on top of the world." He wants to have a "week-end" dinner at the peak of the North Pole as he attempts to go over the top of the world in his next Arctic voyage, which will rival that of Columbus. In the Lake Union shipyard, at Seattle, Amundsen's Eskimo crew is repairing and refitting the "good ship Maud" in which the Iceland explorer will be made. The explorer plans to start for Seattle early in June. The Maud will carry two airplanes for the purpose of making extensive geographic and hydrographic surveys for a thousand miles on either side of the vessel's northward route. The accompanying layout shows Captain Amundsen with an Eskimo child he adopted, the ship Maud and some of the members of the crew.

Many Injured in Pitched Battles with Socialists

Fascists Take Law Into Own Hands, Unionist Meeting Broken Up

GENOA, (AP)—Tension by the Fascist and Socialist elements, which had been smoldering for months, culminated in several pitched battles and duels in the streets of Genoa last night. The labor unions declared a general strike in protest against the burning of the building occupied by the labor organ *Lavora* by the fascists. The unions organized a parade and traversed the principal streets, but their parade was broken up several times by fascist attacks. The unionists, attempting to hold a meeting, were dispersed by the royal guards, whereupon a free-for-all fight ensued, in which revolutionaries and clubs were the principal weapons. More than a score of policemen were killed and some of them were reported dying today. Order was restored late today when the general strike was called off and work was resumed throughout the city.

EMBEZZLEMENT CHARGE IS FILED

Chicago Broker Arrested at Denver Accused of Taking Firm's Money

DENVER, Colo. (AP)—Willis H. Troy Jr., Chicago broker, and his wife, Peggy, were arrested in a drawing room of a passenger train when it pulled into the Denver station, here this morning. Troy is wanted in Chicago for the alleged embezzlement of \$10,000 from G. P. Redmond and Company, brokers, according to the police. At police headquarters it was said that \$10,000 in currency was found in Troy's suitcase and \$2,212 was arrested on his person at the time of his arrest. Troy was in the company's office at the Chicago office of the brokerage firm, had a quarrel with A. Truxal, general manager, in Chicago Monday, according to information received by the police here. Tuesday, when Troy failed to appear at the office, the company notified banks not to honor Troy's signature on the company's checks, but were notified that Troy already had cashed a draft for \$10,000, according to the police. The company then wrote out a warrant for Troy's arrest and asked the Denver authorities to watch for him.

SITUATION IS MUCH QUIETER AT LIMERICK

Six Barracks Occupied by Regular Irish Republican Troops with Police Detail Entirely in Their Hands

LIMERICK, (AP)—Large forces of regular Irish republican army troops are now in Limerick occupying the Williams street barracks and five other barracks. They have also taken over the local jail. British troops are still occupying the new barracks and the ordnance building. The ordinary duties are being performed by Irish republican army regulars. The city was quiet today and the population in general appeared more composed than at any time since last Sunday's invasion by insurgent Irish republican army forces, who commandeered the principal hotels and are still occupying them as billets. Substantial reinforcements for the republican regulars came in last night, 500 men arriving from East Clare and East Limerick. They were accompanied by a motorcade. The coming of the reinforcements was the arrival of Richard Mulcahy, the Dail minister of defense, and other provincial government representatives, who began negotiations with the insurgent republican troops. Strong hopes were expressed that an understanding would be reached, making it unnecessary to use force in bringing about the withdrawal of the invaders. Pending the outcome of the negotiations it was agreed that neither side should interfere with the other.

QASH SETTLEMENT MADE.

SAN FRANCISCO, (AP)—Payment of \$8500 in court by counsel for the Vanderbilt heirs to the estate of Senator James G. Fair to conclude litigation over the estate which has been pending in local courts for thirty years. The payment was the result of a compromise whereby Mrs. Lundy accepted \$3700 cash and dropped a claim for a trust estate of \$25,000.

PRODUCTION DECLINES

MANILA, P. I. (AP)—The total production of Manila hemp in 1921 was 692,832 ceds, compared with 1,031,601 bales in 1920, a reduction of about 30 per cent. The decrease in production is ascribed to the poor demand, especially in the United States, which is the chief consumer of hemp.

Fire Claims Lives of Three Together with Heavy Damage

One Man Dead, Two Boys Missing as a Result of Wholesale Destruction in Michigan

CHEBOYGAN, Mich. (AP)—One man is dead, two boys are missing and a score or more of Cheboygan's business houses are in ruins as the result of a fire that swept four blocks in the downtown section this forenoon. Estimates placed the loss from \$50,000 to \$1,000,000. Frank J. Hoover, a baker, was burned to death and Elmer Wing and Edward Lawry, 10, are believed to have been trampled beneath falling walls. The fire started in the turnace room of the Frost block and swept through four blocks.

Three Men Killed in Explosion of Powder Magazine

Building of Dupont Company Blown to Atoms by Accident in Mixing House

TACOMA, Wash. (AP)—Three men were killed today when one of the buildings of a powder manufacturing company at DuPont, near Camp Lewis, exploded. The explosion occurred in No. 3 polarizing mixing house of the E. I. DuPont de Nemours company. The building was demolished and the men blown to atoms. Camp Lewis and South Tacoma were jarred to their foundations. The dead are: Fred Paulson, 39; Dan Marks, 27; Alvin A. Larson, 25. All were single men.

EXTREMES CLOSE TOGETHER.

HONOLULU, T. H. (AP)—The wettest and driest spots—meteorologically speaking—in the territory of Hawaii during the winter here in 1921 was on the island of Maui, according to the annual report of the United States weather bureau, made public today. The heaviest rainfall was at Pau Kuku, Maui, with 402 inches during the year. While Olowalu, ten miles away had the least 7.54 inches.

RIGHT TO SIT UPHOLD

WASHINGTON, D. C. (AP)—The right of Senator Smoot of Utah and Representative Burton of Ohio, republicans, to sit on the allied debt refunding commission while retaining their seats in congress, was upheld by Attorney General Daugherty in an opinion prepared for President Harding and transmitted by the latter today to the senate.

FARMERS' TROUBLES FAST DISAPPEARING

Establishment of Necessary Balance Between Selling Price of Producer and Costs to Consumer Gradually Coming About, President Declares in Letter

REVIEWS BUSINESS TRANSACTIONS BY FEDERAL WAR FINANCE CORPORATION

WASHINGTON, D. C. (AP)—Declaration that "We are making splendid progress toward disposition of our agricultural difficulties," is made by President Harding to Eugene V. Meyer, Jr., managing director of the war finance corporation, made public today at the White House. The president in his letter, which was in reply to one from Director Meyer detailing the work of the war finance corporation, said "showing" evidence had been presented to show that "we are moving fast toward establishing that necessary balance between the selling price of the producer and the costs of the consumer. "I think we all recognize," the president said, "that when stability, prosperity, and confidence shall have been restored to agriculture, we will have progressed far on the way to general resumption of prosperous activity."

MINERS RATIFY ALLIANCE WITH RAILROAD MEN

Employees of Two Great Industries Prepared to Present a Solid Front in Opposition to Reduction in Wages

INDIANAPOLIS, Ind. (AP)—The international executive board of the United Mine Workers of America today ratified the articles of union and mine workers' unions. The announcement was made by John L. Lewis, president of the miners' organizations. The action, it was said, was taken by unanimous vote of the members of the board. Formal notification of the action will be filed with E. J. Manion, president of the Order of Railroad Telegraphers, who is secretary of the alliance. "I have read with much interest and gratification your letter dealing with the operations of the war finance corporation," the letter said. "Although I have endeavored as well as was possible, in view of the many other duties concerning me, to keep in touch with the work of the corporation, I confess some astonishment at the scope which your operations have attained."

TO OFFER WAGE EQUAL TO THAT OF YEAR 1917

Miners at Forthcoming Conference to be Asked to Accept Less Than Half of the President Pay

KANSAS CITY, Mo. (AP)—According to a story published in the Kansas City Journal today drastic wage reductions proposing a scale of less than half that now being prepared by the miners will be presented to miners of six states by the southwestern Interstate Coal Operators' association, who are the present agreement expires April 1, it became known here today. The Journal announcement comes 24 hours before a conference to be held tomorrow between representatives of the operators and a wage scale committee from miners union District 14, which Alexander Howat, deposed mine leader, was formerly head. The conference will mark the first meeting the operators have had with new union officials appointed by President Lewis of the United Mine Workers of America following the expulsion of the Howat administration. The reduction, which calls for restoration of the 1917 wage scale, will not be presented at Thursday's meeting, the Journal says, but the operators intend to wait until the miners have appointed other committees at a later date. The new scale means a daily wage of \$3.48. Present union wages are \$7.21 a day. Association representatives from Missouri, Kansas, Iowa, Oklahoma, Arkansas, Texas and are understood to be still behind the agreement which followed a two-day meeting here ending yesterday.

WATERS INTERESTS OF CONSUMING PUBLIC.

"In expressing satisfaction with these improvements in the agricultural price situation, we are not unmindful of the interest of the consuming public, which is concerned in behalf of more moderate living costs. It is especially the lower prices of agricultural staples that did not find adequate reflection in a lowered cost of living. There can be no restoration of general business facilities without the establishment of an equitable relation between the producers' selling price and the costs of the consumers. These facts which you are checking evidences that we are moving fast toward establishing that necessary balance."

IDAHO WRATHED.

Tonight and Thursday generally fair, continued cold.

ANCIENT WORK ON EXHIBITION

Early Specimen of First Valentines Made in America Attract Much Attention

CHICAGO, (AP) — A curious collection of old valentines which the Arts club exhibited here recently recalls the story of a woman whom the students of Mr. Holyoke college took every year on February 14. She was Miss Esther Howland, who made the first American valentines and the first valentine in which printed verse was used. Her work is liberally represented in the collection, which is that of Mrs. Emma B. Hodges, and which was loaned to the Arts club for the purposes of the exhibit by the Art Institute of Chicago.

Miss Howland was graduated from Mt. Holyoke in 1847, when higher education for women was an innovation. Valentines were first made in England and England had a monopoly of their manufacture for many years, in fact, a valentine from England, the first which she had seen, gave Miss Howland the idea upon which she based her work. It was two years after her graduation when she was at her home in Worcester, Mass. The first valentine she made some from lace, colored paper and paper flowers, and persuaded her brother, who traveled for her father, to take them to him as samples. He returned to build her with orders amounting to \$5000.

ENLARGED AID OF HER FRIENDS.

Miss Howland enlisted the aid of her friends to fill these boxes. The following year she had doubled her working force. Soon she found herself with a waiting list of her friends and was importing materials from Germany. She made further innovations, including the use of silk. She originated the idea of embossing lithograph ornaments which was utilized by a firm in Germany. Meanwhile the Agriculture Department had been formed, and in a few years Miss Howland was sending out goods worth \$100,000.

The traditions with which Miss Howland's work was associated are as ancient as well as sentimental, for observance of St. Valentine's day has been held to be a revival of the Roman Lupercalia, and bears the name of a Christian martyr of the third century. According to one story, the martyr wrote a message of love on the day of his execution, February 14, to his jailer's daughter, and signed it "Your Valentine." The day, says long obituary notices, was long before considered as a day of amatory messages.

ANCIENT STYLISH ARE SEEN.

The verses on many of the valentines in this collection express domestic ideals, and the wisp waisted maidens depicted on them have necky downcast eyes. Here and there, however, there is an exception. In one case an upstanding woman calmly directs Cupid as he aims at a languid youth who flings up from her bosom, sets the preceding with unceremonious in another young woman places a wreath on the head of a kneeling swain and in the verses below the sender (feminine assures the recipient (masculine) that her hand will be his whenever he claims it, explaining on Valentine's day a maiden may declare affections concealed at all other times.

Hudson Maxim, Inventor, Visits President

Hudson Maxim, famous inventor, who did remarkable work for the government during the war, is shown here just after he had visited President Harding at the White House. Maxim's visit had no particular significance, he explained, but was "just a social call."

If your property is desirable and advertised in the classified — you'll find your buyer

Girls, Have You a Radio Garter?

Newest medium for picking up gossip is this radiophone—made in the manner of a guitar. The dinky little outfit was invented by Walter E. Miller of a Seattle newspaper, and here is being worn by Miss Julia Elmendorf. With the radiophone on her knee she is able to sit at her desk and pick up radio news for the newspaper.

POTASH TRADE IS RECOVERING

Important Pre-War German Industry is Again Moving Steadily Forward

BERLIN, (AP) — Germany's potash industry, disrupted by the war, is rapidly getting on its feet again. Within the last few months, according to recent announcements, Germany has concluded arrangements for resumption of her potash trade with all European countries, except Poland, and also a number of overseas countries including the United States. The value of the total potash output in Germany in 1921 is estimated at 2,500,000 marks. In a review of the potash business in the Transatlantic Trade Journal for January published by the American Chamber of Commerce in Germany, it is stated that relations with leaders in the United States recently have been re-established, the American consumers now being considered, as before the war, Germany's largest and most important market for this branch of trade.

FEELS COMPETITION FOR FIRST TIME.

The report says that Germany, in reviving the industry, has felt the competition of Alsace-Lorraine, especially in the American market, and bordering countries, owing to the favorable freight rates.

Of particular interest to America is the statement of the chamber of commerce that the potash industry established in the United States during the war is not considered in the least as a hindrance to the German export trade of the near future.

The journal estimates that in 1913 Germany exported about 50 per cent of its entire potash production while the export trade for 1921 averaged about 5 per cent of the business done in the last peace year.

The Human Race.

The human race is divided into two classes: those who go ahead and do something and those who sit and inquire why it wasn't done the other way.—Oliver Wendell Holmes.

HYPNOTISM EMPLOYED TO GAIN ENDS SOUGHT

Marriage Vows Dissolved by Court on Ground Rarely if Ever Before Advanced

MANILA, P. I., (AP) — The court of first instance has annulled a marriage contract which was entered into while the girl was under the spell of hypnotism. Dominga Olivares, the victim, was hypnotized by Blas Angeles at her home. She was taken to the residence of a minister and made to sign a marriage contract, all being done while she was under the spell.

The court says that "although the signature of Dominga Olivares appears in the marriage contract, it cannot be sustained that there has been any solemnization of the marriage as long as there was not any real affection for the defendant, Blas Angeles, whom she had known only for three days while he was giving an exhibition of sleight-of-hand tricks at her home."

REAL ESTATE TRANSFERS

Box for Playthings.

When there is no playroom for the children, take a box any size you want, decorate with cut-out birds and flowers or with the picture of a barn and animals, making a farm yard. Varnish all over. Hinge the cover on partition inside to fit toys and varnish. Place in son's bedroom and see how he will keep playthings in place.

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody Will Know

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But braiding at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Witch's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair as naturally and evenly that nobody can tell it has been used. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.—adv.

Wife Man Conserves Strength.

To comprehend a man's life it is necessary to know not merely what he does, but also what he purposely leaves undone. There is a limit to the work that can be got out of a human body or brain and he is a wise man who wastes no energy on pursuits for which he is not fitted, who from among the things he can do, chooses and resolutely follows the best.—W. E. Chastleton.

Saved After Long Immersion. People have been resuscitated after being under water as long as 40 minutes.

Boston Woman Will Wed for Fifth Time

Mrs. Florence E. Walker

The turbulent sea of matrimony holds no fear for Mrs. Florence E. Walker, of Boston, twice-widowed and twice-divorced, who will soon marry her fifth husband, Elwood B. Wagner, Mra. Walker divorced former Congressman H. E. Still and Count Alfred Kurau, German spy, her first and fourth husbands, respectively. Her second and third husbands, Count M. Elms and Maurice E. Walker, died. The beads worn by Mrs. Walker in this picture, a wedding present from Count Kurau's mother, formerly were worn by the ex-Kaiser's mother.

HIGH SCHOOL NOTES

The first period honor roll, as announced yesterday follows:

- SENIORS — Effie Aoyotte, Alma Bax, Susanna Williams, Raymond Daniels, Violet Holdeman, Helen Holsoid, Helen Keniston, Leslie Morgan, Marcus Ware.
- JUNIORS — Georgia Leo Allison

John Ambery, Edmund Bechu, Nettie Bowen, Alfred Dean, Alice Della, Cleo DeWitt, Jean Dinkelacker, Margaret Dunlap, Lola Duke, Cora Haasbuhl, Constantine Hill, Bernice Kelley, John McMartin, Louise Owen, Wallace Myers, Elizabeth Homes, Dorothy Sheldon, Harold Simon, Walter Sparks, Una Stafford, Emma Wagner, Bernice Wellner, Melvin Whitehead, George Wiersch, Morma Jamison.

SOPHOMORES — Nora Austin, Quinn Austin, Raymond Baldwin, Della Mae Bradley, Martha Farrar, Ella Leagus, Katherine Logan, Vey Diah, William Haynes, Kenneth McMillan, Leona Norris, Blanch Pratt, Mary Ray, Andrea Reed, Jack Sheehan, Viola Seick, Edgardo Shurtliff, Delmar Summary, James Tucker.

FRESHMEN — Mary Adams, Robert Anderson, Angela Beckwith, Edith Cleveland, Lucille Cory, Mabel Della, Beale Duke, Adeline Eldred, Lena Ellsworth, Maybelle Estling, Juanita Glover, Wilda Hammond, Olive Hardin, Rachael Keaps, Marlen Johnson, Rena Jungst, Danna King, Anna Mae Kirk, Norma Lee, Gerald Jarman, Donald McLean, Raymond McMillan, Vincent Navin, Trilla Norris, Margaret Owen, Hazel Parrish, Fred Prentiss, Kenneth Rainbolt, Dorothy Shears, Dorothy Lan, Lollita Stupkin, Stanley Strickling, Ruth Tolliver, Helen White, Edna White, Marian Hammond.

Taking No Chances. The man who flees from temptation generally loses the trail so he can find his way back.—Wayde Tate.

For Infants & Invalids NO COOKING The "Food-Drink" for All Ages. Quick Lunch at Home, Office, and Fountain. Ask for HORIZK'S. Avoid Imitations & Substitutes

The Corset is the Foundation of All Costumes

Reduced Price Sale at Booth's

Four big lots of Corsets placed on sale at reductions to move them at once. They include such famous corsets as Gossards, Bon Tons, Royal Worcesters & C. B. Boxes are broken on some of them. Some slightly soiled. We want to close them out quick.

Lot No. 1 at \$1.19

For \$1.19—It has been years since you have been offered such corsets. These models in pink and white are more adapted to slender figures. They are good corsets, both in wear and fit.

Lot No. 2 at \$1.50

Here's a choice lot of higher priced models that are offered at \$1.50. They include extremely popular models for all figures. Boned just sufficient for comfort.

Lot No. 3 at \$2.50

And at \$2.50 this lot is remarkable. Perhaps in the lot you can find just the model you've been wearing and paying much more for. The boxes for them have been broken and we want to close them out. Get first choice.

Lot No. 4 at \$3.95

In this lot are perhaps as nice corsets as you could find. Fine fancy garments that fit and wear. They are extraordinary numbers of very fine corsets. Corsets for every figure in this lot.

The Advice of Our Expert Corsetierre Is Free

She is a graduate of the Corset School—Is thoroughly competent and will fit you perfectly. If you are particularly fastidious—we want to see you.

80 ACRES—On State Highway, 3 miles from town. Good improvements and good family orchard; waters well. \$200 per acre. Terms.

40 ACRES—Extra fine; 2 miles from town, on gravel road; good improvements. \$225 per acre. Terms.

LLOYD-CRAVEN CO.
123 Main Avenue East

RESIGNATION OF PRIME MINISTER STILL IMMINENT

British Political Crisis Not Yet Solved—Situation of Coalition Considered as Uncertain as Ever

LONDON, (AP)—Sir Arthur Balfour's plea for a continuance of the coalition in a speech at the City Club yesterday did nothing to improve the position of the coalition and left matters as they were. The resignation of Prime Minister Lloyd George hangs in the air, according to the almost unanimous opinion of political correspondents and editorial writers today.

"Sir Arthur's speech," said a London Times editorial, "was a philosophical effort, the worth of which will be more readily judged when its inevitable failure has become apparent."

Few informed persons took the view today that the crisis had been solved although a majority declined to predict any immediate development. It is believed that the coalition would remain in a state of suspense during the prime minister's holiday. Two conspicuous exceptions to this viewpoint were the Westminster Gazette, which declared that the storm was working up again and the Daily Sketch, which forecasted somewhat indefinitely that "possibly starting events before the prime minister goes tomorrow to Orizuela on his holiday," and added that the premier's resignation was probably as imminent as ever.

FORMER RESIDENTS OF PHILIPPINES TO HELP

Problem of Caring for Half-Blood Children in Islands Finds Ready Response

MANILA, P. I. (AP)—The work of the American Guardian association which was recently formed here to care for orphan children born of American fathers and Filipino mothers, is to be carried on in the United States, according to word just received here. Many former residents of the Philippines have asked to be considered as interested members of the association and have signified their desire to aid in the work. Among those who have expressed their intention to further the association's aims in the United States are: W. Cameron Forbes of Boston, former governor general of the Philippines; Bishop Charles H. Brent of the Episcopal church, and Mrs. Eleanor Franklin Egan of New York.

HAS LABOR MEMBERSHIP

The association has enrolled approximately 400 members in Manila and other cities in the Philippines and now has under its care more than 1,000 orphans (those born of Filipino mothers and foreign fathers) placed on an agricultural farm at Manao, Nueva Ecija province, where they will be taught farming and where after a few months they may earn money which will be used to care for them when their course has been finished.

Haywood and Comrades Represent American Communists in Russia

"Big Bill" Haywood, American Communist leader, who fled from the notorious "Red" leader. They also face 20-year prison terms if they return to America. Reading from left to right are Shatoff, Haywood and Androtychne. The picture was taken in Haywood's office in Russia, and this is the first photo to reach America.

GIVE MILLION TO EDUCATION

Owners of Immense Manufacturing Business Make Large Bequests of Money

MUNCIE, Ind., (AP)—If you have money to give away there is no time like the present, is the philosophy of Frank C. Ball. His three brothers hold the same thought and a fifth brother, now dead, held that theory during his life time. The four living brothers and the estate of the other brother have just given one million dollars for educational and welfare work. They operate an immense fruit jar manufacturing plant here.

"We are giving this one million dollars because we believe it better to do such things while we are living than allow others to do it for us after we are dead," explained Frank C. Ball, who is president of the manufacturing plant. "Life at best is short and uncertain and the time for men who have it to do good with their money is when they can personally direct the use of it. Nobody has ever found a way of taking his money with him to wherever he goes after he dies. We are glad to make these gifts to these institutions and for these purposes, not because we seek appreciation but because we believe it to be a good thing to do and because of the satisfaction we receive in knowing that we may be responsible to some slight extent in aiding humanity."

The gifts were made in the names of Frank C. Ball, Edmund B. Ball, Dr. Lucius L. Ball, George A. Ball and the estate of William C. Ball, and are to be distributed as follows:

HOSPITALS AND COLLEGES OAIN.

For eastern division Indiana State normal school located in Muncie, \$650,000 to be used for additional buildings. For public auditorium in Muncie, \$150,000.

For permanent endowment Muncie Y. M. C. A., \$100,000.
To Hilda college, Hillsdale, Mich., an endowment, \$100,000.
To James Whitcomb Riley Memorial Hospital for Children at Indianapolis, \$25,000.
To Delaware County Tuberculosis association for endowment \$25,000.
For building fund of Masonic temple \$10,000.
For hospital extension work in Muncie, \$100,000.
The remainder amounting to \$140,000, is to be disposed of in ways not yet ready for announcement.

The gifts just announced are in addition to numerous other donations made by local institutions during the last several years. It is estimated that their aggregate gifts will total as much as those just announced.

AMERICAN SAILOR IS REWARDED FOR BRAVERY

Quartermaster Frank Dolan Is Recognized by Royal Humane Society

LONDON, (AP)—Frank Dolan, a quartermaster on the United States steamer Centennial State, has just received an award of medals here for rescuing a comrade from drowning in the Thames last October. His act was described as one of the bravest deeds ever done on the London docks.

He received the silver medal of the Royal Humane Society and an award from the Carnegie Trust fund.

Dolan was serving on the Montana at the time if the rescue and dived into the water to save a man who had fallen between that ship and the pier at a time when a strong swell was running and Dolan ran a risk of being crushed between the ship and the wharf.

The services of Scotland yard and the New York police department were engaged in order to find Dolan and make the awards. When he heard that the New York police were looking for him, Dolan appeared in a police station in that city much perturbed and declaring that he had "committed" no crime.

LOWER WAGES ONLY WAY OUT

Railroads Unable to Adjust the Costs to Present Conditions Without Cut in Pay

CHICAGO, (AP)—The public generally, including wage earners in other industries, should not be called upon to pay transportation charges based on an inordinately high level of railroad wages, John G. Walker, executive secretary of the bureau of information for the eastern railroads, said before the United States railroad labor board today, while considering petitions of these railroads, as well as of other carriers, for wage reductions of railroad employees.

"It was natural," he said, "that the manufacturers and other representatives of the shipping public should feel that as their industries had been undergoing the process of readjustment, and as the railroad industry was still operating on the basis of wartime costs, plus the increase in the cost of their labor resulting from decisions of the labor board, that the railroad industry should also contribute toward the readjustment."

"The interests of the employees," he said, "are not opposed to the interests of the railroads I represent. The prosperity of these workers is intertwined with and dependent upon the success of the railroad business itself. So long as wages must be maintained upon a wartime level the railroads will be prevented from adjusting their conditions to the peace time basis, and if their income is absorbed by such war time scales of pay, it necessarily follows that corresponding reductions must be made in the working forces."

Mr. Walker introduced exhibits to show that the cost of living today is back where it was in 1918.

LIFE OF MODELS IS NO SINECURE THESE DAYS

Glamour Thrown About Occupation by Fiction Finds No Parallel in Real Work

CHICAGO, (AP)—Lots of work and no play is the life of the present day artist's model, says a bulletin issued by the art Institute here. The glamour that fiction throws about a model is not duplicated in real life, according to the institute's bulletin, which adds:

"To be a good model, one need not of necessity be beautiful. For students who are learning anatomy or structure of the feet, the bones should be prominent and no wily curves are desired. For advanced modelling classes beautiful curves are sought, and the head and face should have a fine contour. For classes in painting coloring is essential rather than form."

"The impression that models are of the frivolous type is not always well founded. Privately it is not consistent with so exacting a profession. And it is hard work, too—Even the pleasure of seeing one's own face or figure on canvas cannot remove the ache from one's joints."

Positively usually begins anywhere up to \$1 an hour, but most models cannot pose for more than five or six hours a day and only half of that time can be spent in a standing position, the bulletin adds.

Difference in Minds.

To the historic and affirmative mind difficulties and uncertainties are no dress, which subsequently rises to the surface, and thus the splendor of accretion and persisted truth, but which is cast away, time after time, until the motto silver remains unshuffled; but the negative mind is lead, and when all its formations of dress are skinned away, nothing remains.—Country Painter.

PROMPT! WON'T GRIPE! Dr. King's Pills

SULPHUR IS BEST TO CLEAR UP UGLY BROKEN OUT SKIN

Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation.

Mentho-Sulphur heals eczema right up, leaving the skin clear and smooth. It soothes the itchy relief the best of all disinfectants. A little jar of Mentho-Sulphur may be obtained at any drug store. It is used like cold cream.—adv.

DARK HORSE AGAIN WINNER

Donnelly Defeats Bob Logan in Final Game of Class B Billiard Tournament

Table with columns: Name, W, L, Pct. Donnelly 7, 1, .875; Logan 6, 2, .750; Taber 4, 2, .667; Murray 4, 2, .667; Grant 4, 3, .571; DeLong 2, 5, .286; Thomas 1, 6, .143; Woods 0, 7, .000

Playing consistent billiards, with the breaks coming his way, "Boob" Donnelly, the dark horse of Macalester's class B 18.2 ball-line billiard tournament, defeated Bob Logan last evening in the game to decide the championship of this division. The score was 100 to 68, with Logan missing a number of close ones. It took 82 innings to settle the affair, with Donnelly making a run of 15 in his eighteenth inning. Logan gathered 7.

BOISE MAN WINS. BOISE, Idaho (P) - Allie Nelson, Boise 131 pounder, Tuesday night won a decision over Weldon (Toughy) Wang of Portland, Ore. in ten rounds in every one of which was Nelson's. The fight was without special attraction until Nelson, in the third round, felled his opponent. After that, Wang's showy defense was the feature of the match. Nick Hookson of Boise knocked out Washington Jones (rounds of sensational and amusing slugging.

MAKES FIRST HOME GLOVE. DETROIT, Mich. (P) - Fy Cobb had registered his first try-out club of the season. It would have been a four-base hit in the regular campaign at any rate, if he sailed over the fence, as just about the spot-thrower Veach had picked out to win the honor for himself.

ALL READY FOR BOUT. CHICAGO, (P) - Mike Gibbons, St. Paul middleweight, finished his training here today and left for Peoria, Ill. last night where he is to meet Tommy Murphy, the stockyards first man in a ten-round bout tonight. Jimmy Kelly of Chicago and Bud Taylor of Terre Haute, have been matched to box in Kenosha, Wis., on March 22, it was announced today.

BOWLING TOURNAMENT IS ON TOLEDO, O. (P) - With 1248 as the high mark in the double and 729, a new world's record, at the top of the standings in the singles, bowlers from Cleveland, Toledo and Monroe, Mich., will take part in the competition in these two divisions of the American Bowling Congress here today. This is one of the lightest days on the schedule, only about 30 pairs being scheduled in the two minor events.

SCORES HOME RUN. ST. LOUIS, Mo. (P) - Austin McHenry, slugging out garden of the St. Louis Nationals, is back with his batting eye wide open. Down at Orange, Texas, he broke up Tuesday's practice game between the two squads with a home run after several innings of a 2 to 1 tie. The pitchers who got into action threw some twisters in mid-season form.

Hail Dog! This Pup Won the Derby!

Tud Kent, shown here with his prize, won the dog driving championship in the American dog derby at Yellowstone Park, on the golden anniversary of Yellowstone.

PLAYERS IN FINE FETTLE

Three Cushion Billiard Games with Rupert Against Twin Falls Promise Well. The inter-city three cushion billiard tournament which starts this evening at 7 o'clock at Macalester's between Rupert and Twin Falls has all the earmarks of being the best of its kind ever attempted here.

SPORT CHATTER

The large number of boys answering Coach Evans' call for track and baseball the other day is indeed gratifying. In the first place it shows that there is a spirit of willingness amongst the student body to keep the name of the school foremost in the minds of other sections of the state.

One of the essentials of being in athletic at any school is condition, and condition on the other hand means the total abstinence from cigarettes, and tobacco in all forms. It is to be regretted that some of our most promising young athletes are seen on the streets, after school, with cigarettes hanging from their lips. This sort of practice does not make high class athletes.

This is the wrong way to look at the matter, as cigarettes are injurious to the lungs, and therefore affect the wind and stamina of the athlete. Attention should not be compulsory. It should be a willing and a voluntary act.

TWO MORE SIGN UP. NEW YORK, (P) - Hearst of the fans were cheered with good news from both the Giants and Yankee camps today, announcing that Jess Barnes, McGraw's pitching ace in last year's world series, and Aaron Ward, peppy second baseman of the Americans, had come to terms and signed their 1922 contracts.

HEARING ENTERS CLOSING STAGES

Investigation of Freight Rates by Interstate Commerce Commission Near End

WASHINGTON, D. C. (P) - The interstate commerce commission's investigation of present freight rate levels entered into its final stage today when counsel for all the railroads of the United States and most of the business and shipping interests began the sifting of evidence taken during three months of hearings. For the railroads, which were given the opening argument, Henry Wolf, director of the Pennsylvania system declared that the evidence had proved that a general rate reduction was impossible.

GLOOM CLOUDS LIFTING

CHICAGO, (P) - Reports reaching Chicago today from Seguin, Texas, training camp of the Chicago Americans, showed that the gloom which prevailed in the White Sox camp for several days because of the failure of several regulars to sign contracts or appear for spring training, had disappeared with the receipt of several messages stating that players were on their way to camp.

SMUGGLING IS CHARGED

MOSCOW, (P) - Gifts of foodstuffs for the famine area were used by Lithuanians as a screen for a gigantic smuggling operation, according to the statements of soviet officials, who are bitter in their denunciation of alleged illegal trade operations on the part of all the three Baltic states.

TODAY'S MARKETS

PRICES STILL FLUCTUATE. Wheat Market Unstable and Uncertain - Early Decline in Liverpool Reflected Here. CHICAGO, (P) - New setbacks in the price of wheat here resulted early today from fresh declines in quotations at Liverpool. Announcement that an order from Greece for 2,500,000 bushels of Canadian wheat had been filled was

without apparent influence as a counter balance. Uncertainty continued as to whether the government report this afternoon. After reserve stocks of wheat would prove bullish or bearish. The opening which varied from 1-4 to 1-7-8 lower with May \$1.40 to 1-41 3-8 and July \$1.18 5-4 to 1-10 was followed by slight additional declines.

Corn and oats declined in sympathy with wheat. After opening 8-8 to 7-9 lower, May \$1 to 1-1-4 the corn market receded a little more. Predictions that the government report as to corn reserves would be bullish tended to rally the market later. The close was firm at 1-56 to 1-52 net gain with May \$1 to 94 1-8.

Cash Grain and Provisions

CHICAGO, (P) - Wheat - No. 2 hard \$1.37 to 1-37 1-2; No. 3 hard \$1.35 1-4. Corn No. 2 mixed \$7 8-4 to 69; No. 2 yellow \$6 1-4 to 59 1-4. Oats No. 2 white \$9 8-4 to 42 1-4; No. 3 white \$7 1-4 to 40 1-2. Rye - Nominal. Hides \$4 to 1-37. Timothy seed \$5 to 7. Clover seed \$15 to 25. Pork nominal. Lard \$11.37. Hibs \$10.75.

MINNEAPOLIS

CHICAGO, (P) - Flour - Unchanged to 1c lower. In carload lots, family patents quoted at \$2.15 to 8.25 a barrel. Bran unchanged.

Poultry

CHICAGO, (P) - Poultry - Poultry, 25c; others, unchanged.

Potatoes

CHICAGO, (P) - Potatoes - Weak. Buena Vista \$1.30; total U. S. shipment 838 bushels. Wisconsin sacked Round Whites \$1.05 to 1.15 cwt.; Minnesota sacked Round Whites \$1.00 to 1.10 cwt.; Minnesota sacked Red Rivers mostly \$2 cwt.; Idaho sacked Russets \$1.70 to 1.80 cwt.

Butter and Eggs

CHICAGO, (P) - Butter - Easy; creamery extra \$5 1-8 to 25c; firsts \$2 to 25c; seconds 22 to 23c; standards 25c. Eggs - Lower; receipts 15,701 cases; firsts 21 1-2 to 22c; ordinary firsts 19 3-4 to 20c; miscellaneous 20 1-2 to 21c.

Portland Livestock

PORTLAND, (P) - Cattle - Nominally steady; receipts 2. Hogs - Nominally steady; receipts 21. Sheep - Steady; receipts 574. Omaha Livestock OMAHA, (P) - Hogs - Receipts 15,000; close 10 to 10c lower; 180 to 210 pound butchers \$10.85 to 10.75; top \$10.85; butchers 215 to 325 pound weight \$10.40 to 10.65; packing grades \$9.25 to 9.75. Cattle - Receipts 9200; beef steers 10 to 25c higher; long yearlings \$8.65; half-stock steady to 15c lower; bulls good; veals 25c lower; stockers and feeders steady.

Chicago Livestock CHICAGO, (P) - Receipts 8000; beef steers active, mostly steady, top best steers \$18.40; bulk \$17.15 to 18.00; yearlings and real calves strong to higher; bulls, stockers and feeders steady.

Hogs - Receipts 15,000; steady to 10c higher than yesterday's average; lighter weights active, others slow; big packers holding back; top \$11.40 to 12.00; 180 pound average; bulk \$10.00 to 11.25; pigs steady to 25c lower; bulk desirable 100 to 120 pounds \$10 to 10.25; some stronger weights up to \$10.50.

Sleep - Receipts 10,000; opening generally steady; fat lambs to city butchers early \$10; packers \$12.75; fall shorn Texas lambs \$13 to 13.25; Colorado woolled yearlings \$14.25; fat ewes early \$8 to 8.75; good 65 pound shearing lambs \$14.

Stock Market

NEW YORK, (P) - More encouraging industrial conditions in the steel and iron trade and liberal offerings of call money at easy rates favored the long accounts in today's stock market. Sales approximated \$50,000 shares. International Paper, Union Bag and Cord Products were under pressure later but Steels, Equipments and Rails were firm to strong. The closing was irregular.

Liberty Bonds

NEW YORK, (P) - Liberty bonds closed 3 1-2's \$97.84; first 4's blank; second 4's \$97.24; first 4 1-4's \$97.28; second 4 1-4's \$97.34; third 4 1-4's \$97.20; fourth 4 1-4's \$97.50; Victory 3's 4's \$100.10; Victory 4's 4's \$100.60.

Social Notes

Edited by Mrs. E. B. Williams
Telephone 356.

The home of Mrs. Alvira Woodard on Fourth avenue east was the scene of a delightful party Monday evening when a number of her friends and neighbors tendered her a surprise in honor of her birthday anniversary. Mrs. Woodard was presented with two beautiful potted plants. The evening was spent socially and at a late hour.

delicious refreshments were served. Those present were Mesdames Slight, Hagan, Hatlock, Griswald, Rogers, Austin, Carlson, G. W. Brown, E. E. Kroeger and Paul Strobel.

The Ekoleia Campfire girls met at the home of Mrs. Warren Crutcher, on Tuesday evening. Several new members were voted into the campfire. The girls will sell home made candy on Saturday for the benefit of their camping fund.

Mrs. W. E. Nixon was hostess Tuesday evening to the members of chapter "D" P. E. O. sisterhood. A short business meeting was held, the president, Mrs. E. F. Dunlap presiding, after which officers were elected for the ensuing year, as follows: President, Mrs. Frank S. Bell; vice president, Miss Eula Fox; recording secretary, Mrs. Earl Felt; corresponding secretary, Mrs. Elbel Gray; treasurer, Miss Alice Taylor; chaplain, Mrs. Alice Havinland; nurse, Mrs. Ernest White. Miss Eula Fox was elected first delegate to the state convention at Boise; and Miss Edith Dygert, alternate. Second delegate, Mrs. E. B. Williams; alternate, Mrs. H. S. Cowling.

The Twentieth Century club was held in the Business Women's club rooms Tuesday afternoon, with the president, Mrs. E. B. Van Cott, presiding. Final plans were made for the coming season when this club will entertain the Rural clubs on March 21 at the Baptist bungalow in an all-day session, commencing at 10:30 a. m. A splendid program has been arranged, among which will be an operatic production under the direction of Mrs. A. Guibert. The following committees were nominated to prepare two sets of tickets to be voted upon April 18 for officers for the coming year: Mrs. M. W. Kunkley, Mrs. J. D. Kautz, Mrs.

A. S. Martyn, Mrs. John R. Ault and Mrs. E. A. Landon. The president stated that "Pioneer" day for the club would be held on June 9 and Mrs. Kennedy Parkard, honorary president, was elected toastmistress for that day. Mr. J. E. Maden, manager of the Idaho theatre, extended an invitation to the club to attend the matinee at his playhouse on next Saturday. The program for the afternoon was in charge of Mrs. G. E. Duke, who introduced the numbers and gave many interesting personal reminiscences of her life among the colored people of the south. Mrs. F. C. Ellis and Mrs. Fitzwater, accompanied by Mrs. Merlin

Batley, sang "Old Black Joe" and "Way Down" Upon the Suwanee River. Both were in costume, Mrs. Ellis dressed as "Old Black Joe". Then followed an old-time "cako walk" under the title of "Darkey Step" by the following ladies, under the direction of Mrs. C. P. Bowles: Mrs. Loua Chapin, Mrs. P. H. Stowell, Mrs. Hugh Lewis, Mrs. H. E. Sablin, Mrs. Frank Ellis, Mrs. Fitzwater, Mrs. Howies, and Miss Irene Vlasar, all in costume. Punch, peanut wafers and pleasanties completed a charming afternoon.

Millinery

A New Department---We Are Sure You Will Like It

With this opening we will inaugurate a new department, devoted to millinery. New Parisian modes in pattern hats will be shown, no two hats alike, and all will be correct in the approved modes for spring.

The first showing will be large and complete, with hats for the Young Miss or Matron.

You will enjoy looking at the new hats and will also enjoy and appreciate the fact that they are

Reasonable in Price

Hats

Dresses

First Showing of Spring Dresses

We are not going to tell you much about these new Spring dresses, except that they are beautiful beyond description, and that we want you to be sure to come in and see them, for they'll prove most interesting to you, and perhaps more interesting is their moderateness in price.

\$15 to \$47.50

Blouses

Each Blouse is Lovely

Each model is dainty, new and alluring in its particular style that will make its appeal to you. You'll exclaim as we did when we unpacked them and found how reasonable in price they are.

Lingerie

Spring Lingerie is Here

New lingerie so daintily made of such silken loveliness, appeals to all women. And we've gathered together an assortment that loses nothing by its being moderate in price. See these when you are looking at the other wearables.

The New Spring Shoes are as Comfortable as They are Smart in Style

If all simmers down as to what you want, for we have everything that is correct in style. New shoes that have arrived by express and will be shown for the first time at this opening, will be of particular interest because they embody the latest thoughts in shoe designing. In whatever leather you desire, we can supply you; for our line is complete as to sizes and widths. And the prices are new, being priced low.

Wraps

The Newest Coats For This Season

The dominating style influences for Spring are thoroughly represented in this comprehensive display of smart coats which have been gathered for this showing. These are the newest ideas in advance Spring styles—advanced in style, but retarded in price. You'll understand when you see these what we mean by good values.

\$9.75 to \$75

Skirts

Authoritative Styles in Separate Skirts

As usual, separate skirts will play an important part in every well dressed woman's wardrobe for Spring. We invite you to come in and see our splendid assortment of these better skirts which are all moderate in price.

The New in Dress Fabrics

It is quite an undertaking to gather all the new things in dress fabrics for Spring, but we have been working at it diligently and carefully and have brought together a large and complete line, all at surprisingly low prices. We might add that there are several new style notes brought out in dress fabrics that you will be interested in. Your inspection is invited.
