## DISAGREEMENT IS REPORT OF MURDER JURY

### After Fifty Hours Deliberation in Obenchain Case Vote is 9 to 3 for Conviction

LOS ANGELES, (AP)—The jury in the case of Mrs. Madeline Obenchain, charged with the murder of J. Belmont Kennedy, reported at 7:40 o'clock last night that it was unable to agree and was discharged by Judge Reeve.

The jury was out on the case nearly 50 hours and is reported to have stood aside for three days for convalescence. Mrs. Obenchain, upon hearing that the jury had been dismissed because of inability to agree, appeared pale and worried.

## EARLY TRIAL SOUGHT IN FRAUD CASE AT CAPITAL

### Attorney for One of Alleged Conspirators Announces Plan of Action

BOISE, Idaho—Desire for an early trial in the case of Charles F. Pillard, A. R. Ground and Dewey O. Pearce, arrested here Friday night and charged with conspiracy to obtain money under false pretenses, was Sunday afternoon expressed by J. M. Lambert, Boise city attorney, who at that time announced his future connection with the case as attorney for Pearce.

Pearce and Ground have been released from custody on bond, while Pillard is still held a prisoner in the county jail. For some time past the finger of suspicion appears to have been pointed in the direction of the trio but it was not until the past week that definite action looking to an investigation was undertaken. According to the stories of Pearce and Ground the two served only as agents and carried out the instructions of Charles F. Pillard, head of the syndicate. A feature of the case to date has been the unwillingness of interested parties to appear and assist in the prosecution of the case. This, coupled with the intimation that other interests in Boise might be drawn into the case has led to keep up public interest to a remarkable extent.

## FIGHT PROPOSALS TO CUT ARMY STRENGTH

### Faint Opposition Expressed by Weeks to House Committee's Reduction Scheme

WASHINGTON, D. C., (AP)—Faint opposition to house committee proposals to cut the army strength to 115,000 enlisted men was expressed by Secretary Weeks today. He said the war department had recommended an army of 150,000 men including 7,000 Philippine scouts and was convinced that it would be unable to go below that. There are in the service about 140,000 men all told, he said. Mr. Weeks also took sharp issue with the committee's decision to lessen the size of the garrisons in Cuba and the canal zone by congressional legislation through limits of pay allowances. The secretary said he would not be responsible for any reduction in strength of those garrisons but that he felt differently as to the garrison in the Philippines.

With 7000 Philippine consular available in the islands to aid in preserving order and with the military defense of the group covered by the regular fleet activities evoked by the Washington conference, Mr. Weeks said it appeared to him that a reduction could be made in the American garrison on the island. He did not indicate what number of American troops he thought could be spared from that duty.

**MAJOR OBSERVATIONS**  
CAMBRIDGE, Mass., (AP)—Charles W. Elliot, president emeritus of Harvard university, celebrated his 80th birthday today by doing his regular day's work. He said he was enjoying perfect health. He keeps in condition by light exercises daily, walks wherever the weather permits.

## BABY GIRL SAFER IN AFRICA THAN ON BROADWAY, SAYS WIFE OF GORILLA-HUNTING EXPLORER

HEB BABY GIRL would be "safer in African jungles than among the automobiles of Broadway," declares Mrs. Herbert Bradley of Chicago, who with her husband, her six-year-old daughter, Alice, and Mr. and Mrs. Carl E. Akroy, has just returned from a gorilla-hunting trip in the Belgian Congo region. One of many wild beasts, killed by members of the party, were brought back. Here you see a group of natives carrying little Miss Bradley. The lower picture shows the young lady with her parents and friends.

## COMMITTEE CALL IS DULY ISSUED

### President of Mine Workers Orders Board on Policy into Session Friday

WASHINGTON, D. C., (AP)—The general policy committee of the United Mine Workers of America was called today to meet Friday in Cleveland to formulate a policy to be followed by the bituminous miners when work is suspended April 1. The call was issued by John L. Lewis, international president, and announced here today.

The policy committee which was appointed by the international convention at Indianapolis in February has full and absolute authority to conduct the affairs of the union during the suspension under the following declaration which was adopted by the convention.

**To Meet Emergencies.**  
"For the purpose of meeting in a practical and constructive way all unforeseen emergencies which may arise, a policy committee composed of the scale committee of the central, competitive field, three representatives from each of the outlying districts, members of the international executive board and the international officers are authorized to take such action for the protection of our best interests and as circumstances may require and to advise the membership upon unexpected developments which may arise and which cannot now be foreseen."

**DENMARK'S LABOR SITUATION SERIOUS**  
COPENHAGEN, (AP)—Disturbances in the provinces in connection with the general lockout have necessitated the calling out of troops to patrol the streets.

The general leader of the Danish communists, who arrested yesterday at Randers, in Jutland, charged with less majestic and agitating for a revolution.

**MOTORS IN CRIME FIGHT**  
New York Police Department Starts Gas Fleet to Combat Social Banditry

## Chief Industries Gradually Reduce Unemployed Ranks

### More Persons Employed During February Than in January, Bureau Reports

WASHINGTON, D. C., (AP)—Of 14 principal industries, ten showed an increase in the number of persons employed in February as compared with January, while four showed a decrease, according to a tabulation of reports announced today by the bureau of labor statistics of the department of labor.

The iron and steel industry with an increase of 0.3 per cent and the automobile industry was first with a gain of 4.8 per cent. The greatest increase in numbers employed, 10.1 per cent, was shown in the cotton finishing industry.

## LADS MAROONED ON CLIFF SPEND NIGHT IN OPEN

### Relatives and Friends are Joined by Boy Scouts in Search for Youths Hemmed In by Canyon Walls in Darkness

Marooned on the side of a cliff, with space below and a sheer wall above, two Twin Falls lads, Ellis Gates and James Tucker spent last night under the stars while parents and friends scoured the country in the vicinity of the Rock Creek and Snake river canyons in search.

**Sunset Brings Anxiety.**  
The boys left home Sunday afternoon with more or less vague remarks about their actual destination, the main idea being a juvenile hike. When darkness came on a good deal of uncertainty began to manifest itself in the minds of the parents and when 10 o'clock came with the lads still about a search was decided upon.

**Night-Long Search.**  
Friends of the two families worked until about 4 o'clock in the morning. Donald MacLean was aroused about that hour and advised of the disappearance and at daylight the scout troop of which he is master joined in the hunt. At the head of the Blue Lakes grade the searchers came upon the missing boys, "plodding back towards town. They had entered a box canyon at the head of the Blue Lakes, climbed up a cliff to a point of vantage and with the coming of night were unable to see their way down again. A small fire was lit and kept going through the night and with the arrival of dawn the searchers came upon the trail and started for home, apparently none the worse for their adventure.

**IDAHO WEATHER**  
Tonight and Tuesday, fair; light northeasterly winds.

## WILL ORGANIZE TO POOL WHEAT

### American Growers Contract 60,000,000 Bushels at Chicago Meeting

CHICAGO, (AP)—With 60,000,000 bushels of wheat already under contract at a 100 per cent pooling basis, the American Wheat Growers' association, tentatively organized at Kansas City earlier in the month, expects to begin operations by May 1, according to W. C. Jewett, general manager, who is a committee of three meeting here today to submit organization plans to Aaron Shapiro of San Francisco, general counsel.

**To Refer Plans.**  
The plans as finally agreed upon here, will be referred back to each state unit represented in the organization for approval with each state to name delegates to a general ratification meeting at Denver to be held later than April 15.

Organization of the American Wheat Growers' Exchange, a marketing organization which contemplated the creation of a 100,000,000 bushel wheat pool in ten states, was to be completed here today by a committee appointed at a meeting of the National Wheat Growers' association and the Northwest Wheat Growers' association at Kansas City, earlier in the month.

**Westerners Attend.**  
The committee includes George A. Jewett, Portland, Ore., general manager of the Northwest Wheat Growers' association, and Aaron Shapiro, San Francisco. The states concerned are Kansas, Oklahoma, Texas, North Dakota, Nebraska, Colorado, Montana, Washington, Oregon and Idaho.

Significance was attached in some quarters to the fact that the United States Grain Growers, Inc., another co-operative grain marketing organization will hold its first annual convention here tomorrow, but whether any movement toward a union in prospect was not indicated.

**Representatives Northwest.**  
The new marketing body, formed by representatives of the Northwest Wheat Growers' Association, which has 32,000,000 bushels of wheat under contract in Idaho, Oregon, Washington and Montana, and of the National Wheat Growers' association, provides for "the gradual marketing of grain under the direction of the growers or their representatives," Mr. Jewett said. The organization plans to regulate the flow of wheat to the market and to store surplus against demand. The Pacific Northwest, in which the Northwest Wheat Growers' Association already is in operation, will compose one unit, providing an outlet of wheat through the coast ports. The headquarters is at Portland, Ore., with George C. Jewett, one of the committee members here, as general manager. Kansas, Oklahoma and North Dakota growers have incorporated under the 100 per cent pooling plan, while organizations are being perfected in Nebraska, Texas and Colorado, Mr. Jewett said.

## PRESIDENT STANDS PAT ON BONUS PROPOSITION

### Harding Finds No Reason to Recede from Stand Already Taken on Soldier Imbursement Question, Mondell Tells G. O. P. Leaders After Conference—Will Proceed with Compromise as Recommended by Committee

## Doughboys Will Leave Germany by July First

### Secretary Issues Order Bringing Home Soldiers from Rhine District

WASHINGTON, D. C., (AP)—Orders directing the return to the United States by July 1 of all American troops now on the Rhine were issued today by Secretary Weeks.

The order includes the return by the end of the fiscal year of the entire force of approximately 2000 men expected from the previous order of several weeks ago under which the home ward movement of the majority of the American Rhine contingent is now in progress.

Secretary Weeks said the operation of two army transports now being employed in the return of the troops had been ordered continued up to July 1, by which date all of the force was expected to have withdrawn from the Rhine.

The action of the war department was merely a continuation of policy previously announced for withdrawing the American forces from the Rhine territory as early as possible, Mr. Weeks said. It was indicated that the status of army legislation in congress is no way influenced by the department's decision and also that the controversy over payment by Germany for the maintenance of the Rhineland troops was not involved.

Secretary Weeks did not go into detail as to how the functions exercised by General Allen in the Rhineland commission and that of the American forces at Coblenz would be transferred to the allied commanders. He confirmed his announcement to the statement that all of the troops would be back in the United States by July 1.

## FEMALE FUGITIVE GANG DIRECTOR

### Chicago Police Break Up Crime Society; Declare Mrs. Shadler is Leader

CHICAGO, (AP)—Through the arrest of two boys and the mother of one of them, the police today believed they had broken up the most successful and unscrupulous group of criminals in the city. The boys, Charles Shadler, 10, and Frank Lee, 16, were held with Shadler's mother in connection with crimes ranging from larceny, criminal assault on a mute woman, to murder.

Mrs. Shadler was declared by the police to be a female fugitive who directed the vice activities of the youths and forced them into a life of crime.

**Two Mysterious Deaths.**  
Some time ago Mrs. Shadler, the woman's husband, was found shot to death in his home, a large pistol by his side. A few days ago, Margaret Shadler, 10 years old, sister of Charles, was found shot to death with the same pistol by her side. Margaret's mother said the girl killed herself when she was refused permission to marry Lee, the boy arrested with her husband and his mother. Lee is a malnourished and the Shadlers are white.

Lee, sitting in his cell today told the police, they said, that Margaret had met her death through her refusal to obey Mrs. Shadler's orders that she join the others in their crime activities.

**Melito's Tell Story.**  
"She was a good girl—that is why she is dead," said Lee. "She didn't kill herself. She was murdered. She didn't want to marry me," he said. She just wanted to be good."

WASHINGTON, D. C., (AP)—Republican house leaders at the conference late today virtually decided to bring the bonus up Thursday. Representative Mondell of Wyoming, republican leader, said the final decision would be reached, possibly by noon tomorrow, both as to the exact date of consideration and how the measure would be taken up—whether under a suspension of the rules or under a special rule.

WASHINGTON, D. C., (AP)—Republican house leaders today failed to secure presidential approval of the soldier-soldiers' bonus bill but went ahead with plans to put the measure through the house. Speaker Gillett refused to permit the measure to be brought up today under a suspension of the rules, however and a special rule will be necessary for its consideration. Leaders were to confer late today as to procedure and the time that house consideration of the bonus would begin.

Representative Mondell of Wyoming and four other house members were seated with the president at the White House this morning for nearly two hours.

Upon leaving the executive's office, Mr. Mondell issued this in writing:

**Situation Explained.**  
"The legislative situation relating to the bonus bill was fully presented to the president, with detailed explanation of the provisions which remove the menace of excessive drafts on the treasury in the immediate future and avoid any program of added taxation. The president went over the entire bill, with an approval of commitments made. He advised the committee that legislation is a responsibility of congress, and in view of expressions previously made, he did not think it essential to offer any recommendation."

Speaker Gillett announced he would not entertain a motion to suspend the house rules to put the soldier bonus bill through the house with a restriction on debate and without opportunity for amendments.

Gillett's Vice President, Speaker Gillett also had an appointment with the president but because of the length of the conference between Mr. Harding and the house leaders, the speaker had to return to the capitol to preside over the house session without seeing the executive upon reaching the capitol the speaker met with the house leaders and made known to them his decision not to recognize Chairman Fordney today for a motion to suspend the rules and pass the bill.

While at the White House Mr. Mondell and other members of the house committee went over the whole bonus situation with the president who was understood to have given no expression as to his views on the compromise measure with its bank loan provision in lieu of the original cash proposal. The president was quoted as having said that he preferred not to make any recommendation.

Administration officers who have dissipated the bonus with the president were under the impression that the

## STIMULATION IS SEEN IN HOME CONSTRUCTION

### Department of Commerce Finds Grati-fying Condition in Building Contracts

WASHINGTON, D. C., (AP)—Marked stimulation in home construction is shown in contracts awarded during the last three months, as reported to the division of building and housing of the department of commerce. The department announced today that in 27 states in the northeastern quarter of the country building contracts awarded in December totaled \$101,000,000, and in January and February \$75,000,000 each.

Although normally, it was pointed out, there are the two months of least activity in building, their contract totals compare with a monthly average of \$73,000,000 in 1921.

**1920 SMALLPOX INCREASE**  
WASHINGTON, (AP)—In announcing today that deaths from smallpox in the death registration area in 1920 totaled 508 as compared with 358 in 1919, the census bureau pointed out that not since 1905 was the death rate from the disease exceeded one per 100,000 of population.

# WIDE REVOLT NOT FORESEEN FOR INDIANS

Returned Church Missionary Expects India to Accept Reforms Offered by the British Government

TYBONE, Pa., (AP)—There will be no general revolution in India, though sporadic trouble may continue, according to an opinion expressed by Bishop H. Lester Smith, missionary to India from the Methodist Episcopal Church, in an address here tonight before the Central Pennsylvania annual conference of that denomination.

### Acceptance Regarded Progressive Step

"I believe that India will accept the reforms offered by England," said the speaker, "and will make tremendous rapid progress toward real self-government. Political unity in India today is only possible under the British flag. Over 700 native states, over 150 languages, an infinite variety of caste distinctions and all kinds of religious views cannot be brought into harmony under any Indian authority at present. If anarchy is to be avoided English control must be continued until a greater measure of fusion of Indian nationalities has been secured."

Bishop Smith outlined the following reasons for believing that a general revolution is not impending:

"I base my judgment first on the way I have been treated. I have experienced no opposition of a discourteous sort. Thefts by violence are more common in America than in India.

### Union of Enemy Doubtful Scheme

"It is doubtful whether the present union of 70,000,000 Mohammedans and 22,000,000 Hindus, bitter hereditary enemies, can be maintained. The Moslems in Malabar are trying to drive alive as reprisals for aid given to British forces.

"The British government has provided a sincere and generous form of home rule. The legislative councils which have been organized under this plan conducted their business with promise of helpful co-operation. I believe that a substantial proportion of Indian thought is moderate.

"The Native States, which cover more than one-third of India, are almost universally in favor of the British rule."

In conclusion Bishop Smith said, "The very beginning of Indian aspiration and the development of Indian life was born in Christian teaching and education."

### BANDITS GET RICH SWAG

CHICAGO, (AP)—Three bandits today held up Alonzo Nieman in his pawnshop and escaped with virtually every bit of jewelry in it. Nieman said the loot was worth "between \$25,000 and \$100,000."

### Rockefeller Watches Harding Play Golf

John D. Rockefeller, reputed to be the world's richest man, is shown here watching President Harding "coming in" on the sixteenth hole of the golf links at Ormond Beach, Fla., where Rockefeller lives in winter and where the nation's chief executive is spending a brief vacation. The multi-millionaire was on the sixth hole, going out, when this photo was taken.

## CONSERVATION SECTION TO PROPAGATE REINDEER

Plan is Proposed to Stock the Michigan Upper Peninsula with Alaska Cattle

LANSING, Mich., (AP)—Michigan through its conservation department will attempt to propagate reindeer in the upper peninsula of the state.

A consignment of 50 cows and 10 bulls, ordered months ago from Norway, will be brought to Michigan and turned loose. For the present, because of demoralized transportation conditions, the reindeer will be allowed to roam in the northern part of the lower peninsula, but in a few weeks they will be transported across the Straits of Mackinac into the country that is to be their permanent home.

According to officials of the state conservation department, reindeer should thrive in upper Michigan. Extremely cold weather is prevalent in winter, and the winters there are unusually long. Snow and forage, which is found in abundance in the upper peninsula, the officials say.

The conservation department's action in importing reindeer is in line with the policy of the department to keep stocking the timber lands and streams in the state with game and fish. Department officials hope that with a closed season on reindeer for the next few years they will increase rapidly and contribute heavily to the animal population of the upper peninsula woods.

## CIVILIZATION NO NEW THING, SAY EXPLORERS

Archaeologists Operating in the Holy Land Discover Important Records

PHILADELPHIA, (AP)—Presence of a civilization dating back to 1700 B. C. has been discovered at the site of Belan, the Beth-Ban of the Bible, according to word received here from Dr. Clarence B. Fisher, head of the University of Pennsylvania archaeologists working in the Holy Land.

### First Records in Sub-Cellar

The reports stated that relics of this civilization were found in the seventh subcellar of the hill of Belan, and that on top of it were piled in distinct strata six other cities or civilizations. However, extensive digging that has progressed only to the third level, uncovering the remains, first, of an Arab city, below it a Byzantine community, containing pretentious edifices, and below this the ruins of a Roman city. The most important find was hieroglyphic stela of the fourteenth century as yet undeciphered. Dr. Fisher reported he hoped to find one or more of the iron chariots for which the place was famous in Biblical history.

The University of Pennsylvania has engaged in this sort of work since 1909 when the University Museum was founded as the Department of Archaeology. This institution became the beneficiary of the results of four Babylonian expeditions which operated on the site of Nippur for extensive periods between 1889 and 1909.

The Temple of Bel, probably the oldest known edifice in the world, was brought to light in these investigations, and the collections of 20,000 clay tablets brought to this country made the university a shrine for scholars in ancient history. Portions of the code of laws of Hammurabi, King of Babylon about 2,000 B. C., of the Sumerian account of the creation of the world, of the founding of the principal cities of Babylon and the Deluge, deciphered from the sunbaked slabs of clay, have proved of value and intense interest to scholars.

This will fix my cold

I ALWAYS keep Dr. King's New Discovery handy. It breaks up stubborn colds, cures croup, whooping cough, but just good medicine. All druggists, etc.

## NOTED WAR REGIMENT STRIKES ITS COLORS

Cleveland Artillery of Civil War Yield to Ravages by Father Time

CLEVELAND, (AP)—The Cleveland Light Artillery, the gallant old battery that served in the Civil war and which said to have fired the first shot of the Confederate forces in the first land battle of the war, has struck its flag to Father Time.

The last roll call of the organization, held on Washington's birthday, February 22, following annual custom, was answered by only one of the 75 remaining veterans of the original battery and two honorary members who served with other Ohio batteries.

Nicholas Weldenkopf, 78, who was the youngest soldier in the Cleveland battery, called the roll and Rev. Henry C. Martindale, of Cleveland, and Richard King, of Chardon, the two honorary members, responded. Henry Bobbeck, the other survivor of the battery, was ill at his home here.

It was the dying wish of Colonel James Barrett that the last of us turn over the Cleveland artillery records to the Western Reserve Historical society," said Mr. Weldenkopf.

move that the Cleveland Light Artillery hereby disbanded.

**RUSSIANS EXPORT GOLD**  
**STOCKHOLM, (AP)—**The Russian Bolsheviks continue to export large amounts of gold. In one week 616 cases of gold coins arrived here from Reval, while in another week an Estonian sebreaker brought 529 cases valued at \$22,000,000. It is understood that these parcels of gold only pass through Sweden on their way to America.

**POLES HEAD FOR CANADA**  
**WASLAW, (AP)—**The stoppage of immigration to the United States has turned the Polish emigrant tide toward Canada, according to reports of Danish steamship officials here. At the same time the number of immigrants returning to Poland from America continues to increase. The total of incoming and outgoing emigrants passing through Danzig in 1921 was 140,000 as compared with 126,000 in 1920.

Our Days Upon Earth.  
 We are not of yesterday, and know nothing, because our days upon earth are a shadow.—Job 8:4.

Launderers well. Yard..... 35c	
		<b>STATIONERY</b>	
		Just a few boxes of this good stationery. Box has 24 sheets and envelopes. Different shapes. We expect to sell them all tomorrow. 3 boxes for..... \$1	

# ULSTER RIVAL FORCES LINED UP FOR BATTLE

### Continuous Sniping Marks the Warfare Period in North Ireland with Opposing Armies Strongly Entrenched.

LONDON, (AP)—The border line of Ulster is described as "like a battle-front" by the Evening News Belfast correspondent, whose rival forces of the republican army and of Ulster special constables were actually firing at each other during the week-end.

The combatants were too well concealed for serious losses to be inflicted and the change of fire was mainly intended to prevent the springing of surprise attacks.

**Armed Creep Up**  
The rival armies, continues the correspondent, are gradually creeping closer and the final collision is expected to occur on the frontier near Caldon, County Tyrone.

"The sound of the blowing up of bridges on the Ulster border during the week-end could be heard miles away," adds the dispatch. The northern forces were mainly responsible, and as the result of their activities every bridge leading from the free state has been demolished, while hundreds of miles of roads have been treachered and closed with traps.

The tension is already beginning to affect the inhabitants behind the battle line. The Unionists along the frontier are much perturbed over the menace of invasion and have asked that more protection be afforded them. Many close to the battle zone, which is no man's land, have had to evacuate their houses, which immediately have been occupied by the fighting forces.

**GUNMEN ARE ACTIVE IN BELFAST DISTRICT**  
BELFAST, (AP)—Gunmen were again active in Belfast today. A number of carter's proceeding to work were stopped by a man who pointed a revolver at them and ordered them back. In the ensuing altercation one carter was wounded.

An assassin employed by the city was wounded in the jaw while working in the Ballymacarett section. The police barracks at Maghera, County Londonderry, were captured during the night.

**Constable Shot Dead**  
A "B special" constable was shot dead at Tolmore, near Maghera, by raiders engaged in cutting wires and obstructing the road.

The garrison at the Maghera barracks consisted of three members of the regular police force and eight specials, who were surprised by an overwhelming force. Previous to the attack the roads had been blocked with trees, trenches had been cut and a bridge destroyed. Telegraph communication also was interrupted. The raiders obtained fourteen rifles.

**MILLIONAIRE YOUTH RELEASED FROM JAIL**  
John Dodge Given a Back Door Ticket and is Whisked to Father-in-Law's Home

DETROIT, Mich., (AP)—John Dwyal Dodge, possessor of a fortune of \$1,600,000, left the house of correction this morning with \$8 in his pocket, having completed a five-day prison sentence for automobile speeding. His release came at 8 o'clock and was carried out with the greatest secrecy, at the request of the prisoner. Dodge was taken to the rear of the house of correction, allowed to slip unobserved through a back door and was whisked away in a prison automobile to the house of his father-in-law, M. P. O'Connor, in this city.

**HOUSE PASSES BILL TO INURE OBLIGATIONS**

WASHINGTON, D. C., (AP)—The house passed and sent to the senate today a bill authorizing the secretary of war to direct the board of Alaskan road commissioners to incur obligations prior to next July 1, for construction and maintenance of such bridges and trails in Alaska not to exceed 50 per cent of the current appropriations.

**ALIENS' PERMIT EXTENDED**  
WASHINGTON, (AP)—Approximately 2,500 aliens admitted into the United States under temporary permits which would expire March 23 and leave them liable to immediate deportation, have been given an indefinite extension of time for their stay, Commissioner General Husband of the Immigration Bureau announced today.

## Slain Man's Letter Accuses Wife of Murdering Circus Man

John T. Brunen, wealthy circus owner, mysteriously slain in his Riverside, N. J., home, was in constant fear of his life and believed that he was being "framed up" by his family, he declared in a letter written prior to his death to Mrs. Elizabeth Jaschke, his sister, of Gary, Ind. The letter is in the hands of officers, who believe that an indictment will soon follow. Here are shown Mrs. Brunen and her daughter, Hazel Parkstrom.

Eye No. 2, \$1.04 to 1.04 1/2. Lard \$10.97.

### TODAY'S MARKETS

**Grain Market**  
CHICAGO, (AP)—Wheat turned downward in price today during the early transactions, general selling being induced by lower Liverpool quotations and by favorable weather for the domestic winter crop. A decided increase in the amount of wheat on export passage was also a bearish factor. Reports that France was buying in Canada and that milling demand here had improved failed to stop declines. The opening, which varied 1-2 to 1 5/8c lower, with May \$1.37 3/4 to \$1.38 1/4 and July \$1.10 1/2 to 1.20 were followed by further setbacks interrupted by only transient rallies.

Subsequently the market showed better rallying power, owing somewhat to bullish European news and the close was unsettled with July \$1.20 7/8 to 1.21 1/8. Corn and oats were easier with the wheat. After opening 1/8 to 1/2c lower, May 61 1/2 to 61 5/8c, the corn market continued to sag. Smallness of rural offerings led to slight uptimes later. The close was unsettled May 61 7/8 to 62c. Oats started unchanged to 1/4c off, May 38 1/2 to 38 3/4c, and later went a little lower.

An upturn in hog values gave a lift to the provision market.

**Wheat Market**  
CHICAGO, (AP)—Wheat—No. 2 hard \$1.35 to 1.36. Corn No. 2 mixed 68 3/4 to 69c. Oats No. 2 white 38 1/4 to 40 1/4c.

# Two Ounces OF MIRACLE OIL

poured in the fuel tank to each five gallons of gasoline or kerosene, by living through heat of the combustion chamber, will lubricate the upper cylinder walls, valves and valve stems, reducing friction where friction is greatest; prevent carbon formation, maintain compression, and save at least 15 to 25 per cent in fuel which is three to five times the cost of MIRACLE OIL.

Considering the facts, can you continue to operate your car, truck or other combustion engine without this upper lubrication when every stroke of the piston against dry upper cylinder walls is grinding away the most vital parts of your motor?

Think this over now even if your motor is in good condition.

We are using MIRACLE OIL in our trucks and find it gives quite a saving in gas as well as largely increasing power, and is also preventing carbon trouble.

(Signed) Detweller Coal Co., Twin Falls.

**New York Stocks**  
NEW YORK, (AP)—Several papers and wide openings marked the initial dealings in today's stock market. Sinclair Oil's first transaction consisted of 1,500 shares at 25 followed by 2,000 at 25 1/4, an extreme gain of 3/4 of one point since Saturday. Interborough

preferred changed hands in two lots of 500 and 1,100 shares at an extreme advance of 1 1/8 points, but Brooklyn Rapid Transit, last Saturday's strongest feature, registered a slight decline. In general price changes were higher, especially for coppers, steel, equipments and secondary rails. Early quotations for leading foreign exchanges were considerably under last week's final prices, German mark showing especially weakness.

Trading in stocks today was again very active and broad. Aside from rails, most advances were limited to specialties, many representative industrials responding to pressure. Sales approximated 1,100,000 shares. Top prominent industrials reacted one to

three points in the later dealings, when shorts were most aggressive and rails cancelled part of their gain. The closing was irregular.

**Liberty Bonds**  
NEW YORK, (AP)—Liberty bonds closed: 3 1/2's \$97.38; first 4's \$97.90; second 4 1/4's \$97.70; first 4 1/4's \$97.16; second 4 1/4's \$97.87; third 4 1/4's \$98.88; fourth 4 1/4's \$98.14; Victory 3 3/4's \$101.05; Victory 4 3/4's \$100.88.

NATIONAL BISCUIT COMPANY

## It pays to make your meaning clear

AWAY BACK in "THEM GOOD old days," THE STORY goes. THAT AN elderly female, WHO WAS violently OPPOSED to the hooch. ENTERED A street-car. IN WHICH there sat A MAN evidently ossified. SHE CALLED the conductor. AND CRIED indignantly. "DO YOU allow. DRUNKARDS in this car" AND HE replied. "JUST MOVE over, ma'am. NEXT TO that other one. AND NOBODY. WILL EVER notice you." NOW I suppose. THERE ARE cigarettes, THAT KINDA get LOST in the shuffle. AND NOBODY gives 'em ANY SPECIAL notice. BUT NOT my brand. NO, SIR. FOR TASTE and aroma. YOU CAN'T beat 'em. AND THEY'RE mild-yea. AND YOU'LL never. MISTAKE THEM. BECAUSE THE "Satisfy-bleed." CAN'T BE copied.

LET'S make this perfectly clear. Chesterfield cigarettes "Satisfy" because they contain exceptionally fine Turkish tobaccos, blended with Burley and other high-grade domestic tobaccos. They're like no other cigarettes, because that blend can't be copied. Chesterfields do what no others can—and no cigarette could do more.

OFFICERS SEEK ACCIDENT FACTS

Collision on State Highway Involves Unidentified Persons in Car

Sheriff E. R. Sherman is today continuing an investigation into circumstances surrounding the collision of an automobile with a wagon on the state highway about a mile east of Curry Saturday night between the hours of 9 and 10 o'clock.

Information in the hands of the officers is to the effect that a car driven by unidentified persons coming from the west end crashed head-on with the wagon which was drawn by a team of mules and in which J. P. Taylor and B. H. Black, with members of their families, were passengers.

Neither the occupants of the wagon nor the mules were injured, but the car was almost entirely wrecked and it is believed that occupants of the car suffered more or less serious injuries.

Social Notes

Women members of the faculty of the Junior high school entertained the women teachers from the other buildings at a unique dancing party in the amusement room at the Beed apartments on Saturday evening.

Chapter "D," P. E. O., will meet with Mrs. M. E. Jenson and Mrs. S. S. All at the home of the former on Seventh avenue east, Tuesday evening, March 21.

The celebration of Women's club will hold their all-day session tomorrow at the Baptist bungalow beginning at 10 a. m.

The Salmon Social club will meet with Mrs. Cliff Davis on March 23.

The Women's Progressive club will meet with Mrs. A. Huntsman instead of Mrs. Henderson, Wednesday, on account of illness in the Henderson family.

A silver tea, given at the home of

Ask your grocer NEW SALADS Most women delight in the concoction of new salads... SEGO MILK

Miss Priscilla Munson on Saturday afternoon for the benefit of the Kompasawata Camp Fire camping fund, was a delightful affair and most successful from both a social and financial standpoint. The house was decorated with cut flowers, while the tea table had for a centerpiece a cut glass vase filled with green carnations, and at either end crystal candlesticks holding green tapers.

Mrs. Casey's class of young women entertained Dr. Weaver's class, of young men of the Baptist Sunday school, at St. Patrick's party on Saturday evening at the Beed apartment, which was decorated in the emblems and colors devoted to the Irish patriot saint.

Celebrating the sixty-fourth birthday anniversary of E. R. Sherman, sheriff of Twin Falls county, Mr. and Mrs. Sherman entertained for a few friends Sunday evening. The guest list included Mrs. and Mrs. H. M. Heller, Mr. and Mrs. Ben J. Brown, Mr. and Mrs. V. H. Ormsby, Mr. and Mrs. H. C. Van-Audissen, Mr. and Mrs. H. R. Hamilton, Miss Bonnie Herriman.

ANNOUNCEMENTS

The M. S. and S. club will meet with Mrs. C. W. Griggs on Wednesday, March 22.

Chapter "D," P. E. O., will meet with Mrs. M. E. Jenson and Mrs. S. S. All at the home of the former on Seventh avenue east, Tuesday evening, March 21.

The celebration of Women's club will hold their all-day session tomorrow at the Baptist bungalow beginning at 10 a. m.

The Salmon Social club will meet with Mrs. Cliff Davis on March 23.

The Women's Progressive club will meet with Mrs. A. Huntsman instead of Mrs. Henderson, Wednesday, on account of illness in the Henderson family.

ANOTHER DEBATE STORM STARTED OVER TREATIES

Borah Leads Onslaught in the Charges of Unwritten Agreement with Britain

WASHINGTON, (P)—Charges of an unwritten agreement between the United States and Great Britain to act together in any case arising under the four power Pacific treaty brought another storm of debate today in the senate.

Senator Borah, republican, Idaho, started the fireworks by reading a statement said to have been made by Paul D. Cravath, a New York lawyer, saying he had "been told by every member of the American delegation" that an understanding for future cooperation between the two governments in any emergency in the Pacific had been reached at the arms conference.

KANSAS MARCHING WOMEN ADMIT OFFENSE CHARGED

Judge Curran Hears Pleas in Court Fields Unlawful Assembly Case

PITTSBURG, Kan., (P)—The marching women at the Kansas coal field during activities last December were brought to an end at the arrival of troops to assist the sheriff, pleaded guilty to unlawful assembly before District Judge A. J. Curran this morning.

Pear of guilty for the women defendants for several men—45 defendants in all—were announced to Judge Curran by Phil Callery, attorney for the defendants. C. B. Griffith, assistant attorney general directing the prosecution told the judge the state was willing to discontinue the charges of peace disturbances against several of the defendants.

The maximum penalty for unlawful assembly is a fine of \$200.

PRESIDENT STANDS PAT ON BONUS PROPOSITION

(Continued from Page One)

executive had not changed his mind with regard to the legislation. These officers were of the opinion that the compromise measure would not be passed by the senate; that the measure either would be held up there or so changed that cash would be available to the veterans desiring it and the cost would be financed either by taxes or the sale of bonds.

When he was asked today, Representative Garner of Texas, republican, asked unanimous consent for Mr. Mondell to tell the house when the bonus bill would be taken up. Representative Campbell, republican, Kan., demanded the previous order shutting off the regular session. Speaker Gillett with whom rested the decision as to a suspension of the rules for action on the bill today.

Day of Discussions

President Harding had three separate engagements today with house members to discuss the soldiers' bonus question. He was in conference first with republican leaders who hoped to obtain executive approval of their plan to put through the compromise bonus bill with the bank loan provision.

Following the speaker, Representative Lindeberger of California, a former service man, was on the White House engagement list. Mr. Lindeberger recently introduced a petition for a conference of house republicans for Tuesday night to thrash out the whole bonus question. He has obtained the necessary number of signatures to assure a conference call, but is deferring presentation of the petition to Chairman Towne of the republican conference committee in the hope that the situation can be ironed out without a general meeting.

The Delegates

House leaders calling on the president were Representative Mondell, Wyoming; Chairman Fordney, of the ways and means committee; Chairman Campbell of the rules committee; Chairman Fess of the republican congressional committee; Chairman Towne of the party conference and Representative Longworth of Ohio, a member of both the ways and means and republican steering committees.

These leaders gave the president first hand information as to developments in the bonus situation while he was in Florida and also explained the controverted names. Then, provisionally they took up also with Mr. Harding the question of whether it was advisable to pass the bill under a suspension of the rules which would cut off all amendments and preclude any motion to recommit the bill.

CHALLENGE OF JUROR CAUSES COURT RECESS

SAN FRANCISCO, (P)—An attempt by the prosecution to exercise its own remaining preemptory challenge against one of the jurors who already had sworn to hear the evidence in the third manslaughter trial of Roscoe C. (Fatty) Arbuckle resulted in a recess of court being taken today until afternoon to enable counsel to prepare arguments on the question.

The jury was sworn in Thursday but the court adjourned since the time has been occupied in attempting to select two alternates, only one of whom has been chosen so far.

TREATIES QUESTION IS SIDETRACKED FOR DAY

WASHINGTON, D. C., (P)—Debate on the four power pact treaty was shut off temporarily in the senate today to give the right of way to an appropriation bill, but it was expected that before the day's session was over some issues of the treaty fight would come in for discussion.

Upwards of a score of senators are preparing to speak on the treaty before a final vote is taken on Friday.

BANKERS BACK 'EM-WHAT? MIAMI, Fla., (P)—A bootlegging has been uncovered here so thoroughly organized that its contracts were backed by some Miami bankers who also acted as trustees for the funds covering large sales, Colonel L. O. Nutt of the internal revenue bureau has reported to Prohibition Commissioner Haynes.

COTTON IS SHORT

WASHINGTON, (P)—Cotton production for 1921 was 7,976,655 bales, or \$7,632,339 equivalent 500-lb. bales, the census bureau announced today in its final estimate report of the season. The 1920 production was 13,270,970 running bales or 13,433,603 equivalent 500-lb. bales.
