ROBERTSON IS READY TO FACE HIS ACCUSERS

Chief Executive of Oklahoma, Accused of Accepting Bribe in the Defunct Bank Affair, Gives Bond; Many Arrests

OKMULGEE, Okla., (AP) — Governor J. B. Robertson of Oklahoma and seven officials of Oklahoma banks were under bonds today for trial on indictments alleging illegal transactions involving two local banking institutions.

Governor Robertson is charged specifically with accepting part of a \$25,000 bribe to place \$100,000 of state funds in the former Guaranty State bank, to prevent closure when that bank was known to have been insolvent.

Accepts Service.

The state executive came here last night from Oklahoma City, accepted service on a warrant, furnished bond of \$500 and left in a few hours to return to the state capital. He said his visit was to "meet the issue" without delay. "The governor declined further comment on the charge.

Behind those arrested yesterday, a warrant is held for Fred Dennis, former state bank commissioner, jointly indicted with Governor Robertson. Dennis is charged in the indictment with having shared the \$25,000 bribe with the governor. Dennis has been missing from Oklahoma City since he resigned several months ago. A search will be instituted for him.

Various Charges Made.

The others under bond for appearance at trial on charges ranging in the various cases, from accepting deposits in an insolvent bank to embezzlement, making false reports as to the condition of the bank, and borrowing money from banks in which they acted officers.

Identify Wounded.

J. Ray Brown, president of the defunct Bank of Commerce.

Ernest O. Hay, cashier of the Bank of Commerce.

John W. Hammond, former director of the Guaranty State bank.

A. J. Peters, former vice president of the Guaranty State bank.

John W. Hammond, former director of the Guaranty State bank.

Other Indictments.

Three other warrants returned to be served today on banking violation indictments returned by the grand jury.

J. W. Myers, president of the First Bank of Hoffman, was served with a warrant yesterday on an indictment in connection with the failure of that institution.

County Attorney Hepburn started off on a weekday today and is expected that the date for trial of defendants in the banking cases would not be fixed until he returned in a week or ten days.

UNDER-SEA BOAT HITS DESTROYER AND IS SUNK

British Submarine Runs Into Disaster During Manoeuvres — All Hands Lost

LONDON, (AP) — The British submarine H-42 has been lost with all hands in the Mediterranean, says an Exchange Telegraph dispatch from Gibraltar today. She collided with a destroyer during manoeuvres.

BUILT DURING WAR.

The British submarine of the "H" class were built under the war emergency program, most of them in 1918-19. They are of the single hull "Holland" type, built by the Admiralty, 164 1/2 to 171 feet long and 15 3/4 feet beam. They displace from 440 to 600 tons and are equipped with two sets of diesel engines, giving a speed of 15 knots on the surface and 10 on the bottom. They carry four torpedoes tubes. Their ordinary complement is 22 men.

The destroyer was the Verattico. The latest news that says the submarine, commanded by Lieutenant Douglas Seely, had a complement of 23 men.

Dinner and Motion Picture Film to Bring Members of Association and Guests Together

Arrangements are being made for the accommodation of members of the Twin Falls Automobile Association and their out-of-town guests to the number of 50 at a dinner to be served Friday evening at the Regency hotel. Later the automobile men are to attend a presentation of a motion picture film dealing with problems of automobile salesmanship and business methods to be shown at a motion picture theater here.

Government Warns Against Violent Acts During Strike

Wife's Nerves Crack while Watching 'Hub' in a Mile-Long Kiss

Mrs. Matteson Tears Into Bival's Goffure and Breaks Up Osculatory Party

CHICAGO, (AP) — Mrs. Isabel Matteson explained to the police last night that a difficulty she had with a young woman came after she saw her rival and her husband, Gerald Matteson, emcee man, in a mile-long kiss. Detectives separated the woman and Matteson and the woman with him were charged with disorderly conduct.

Mrs. Matteson said her husband told her he did not love her any more and had been away from home four days. She said she decided to follow him, saw him enter a taxi with a young woman, emcee and kiss her, the osculatory kissing with the taxi driver reversed her more than a mile of streets.

FORAY PARTIES MEET GUN FIRE

Irish Army South of Belfast Border Uses Machine Guns on Reconnoiterers

BELFAST, (AP) — Reports that the Ulster border on the southern side of the border were using light machine guns against reconnoitering parties reached Belfast today.

All day yesterday the snipers were active with their rifles, firing intermittently until a late hour in the evening from Aughnaghy and Gleadon.

Identify Wounded.

In Belfast two special constables were shot dead by a band of three which escaped.

According to Fernaghan reports all road traffic on the Free State side in that vicinity has been suspended. Farmers seeking to sell cattle and horses are being forced to offer them below present prices.

Three Wounds.

Three bombs were thrown in Belfast last night. Two women were wounded by one tossed on the porch of St. Matthews Roman Catholic church, but no one was injured by the other two missiles.

MEETING OF IRISH ARMY DENOUNCED AS UNLAWFUL

DUBLIN, (AP) — If the Irish republican army convention is held Sunday, as announced yesterday, it will be contrary to the order of the general headquarters staff. Richard Mulcahy, minister of defense in the Dail Eireann cabinet, declared last night. He said nothing, however, indicated any intention of trying to prevent the meeting, which was recently forbidden by Arthur Griffith, president of the Dail Eireann.

MOTION FOR NON-SUIT IS TAKEN UNDER ADVISEMENT

Court Defers Decision in \$10,000 Damage Action for Malicious Prosecution

Motion for non-suit in the case of C. L. Peterman against P. S. Johnson of the Johnson Auto Sales company, was Wednesday afternoon taken under advisement until Saturday by Judge W. A. Babcock in district court here. The jury was excused until Saturday.

The suit involves Peterman's claim against Johnson for \$10,000 damages on a check for malicious prosecution. The motion for non-suit was offered by Johnson's attorneys, S. L. Hodgins and C. A. Bailey of Walters, Hodgins and Bailey, after the case for the plaintiff Peterman had been closed. Presentation of Peterman's case was conducted by T. K. Hackman, and occupied almost two days time.

Belligerents in Industrial Warfare Must Not Interfere With Coal Output

ATTEMPT IS MADE TO HALT PLANS OF MINERS TO DROP TOOLS APRIL 1

WASHINGTON, (AP) — Warning that the federal government would tolerate no use of violence to prevent coal production during the threatened coal strike was issued today by Attorney General Daugherty.

Mr. Daugherty declared he was making no threats and that he believed of a man or a set of men have the right to strike in an orderly way but that they did not have the right to interfere with those who took their places.

The attorney general did not disclose the government's plans for the miners' walkout, but it was understood that he conferred yesterday with President Harding and Secretary Davis upon the possibility of a public appeal by the president to avert the strike.

Mary Weeps When Lips of Oregon's Chief Press-Hers

Tears of Pure Joy Course Down Cheeks of Singer During Reception

PORTLAND, Ore., (AP) — Mary Garden, here at the head of the Chicago Opera company, says Portland is the first city in which she ever has been welcomed with kisses from both the governor and the mayor.

Upon arrival of Miss Garden's special train here yesterday a reception committee and some thousands of other people awaited her at the station. When Miss Garden appeared Mayor George L. Baker rushed forward and kissed her. Governor Ben Wolcott, who was next in line, looked a little doubtful as to just what course to pursue. "Go on, Governor, you're next," yelled the crowd and the governor did his duty as he saw it. Miss Garden straightway burst into tears, but soon explained that she was weeping with joy at the reception.

BACK TO NORMALCY.

GREAT FALLS, Mont., (AP) — Owners of a \$500,000 motion picture theater here announce that next week the general admission charge will be reduced from 30 to 10 cents. The reduction is claimed by the owners to be the first in the United States of a return to the popular prices of 1912 by a house of this class.

ARBITRATION COMMITTEE MEETS WITH COMBATANTS

NEW YORK, (AP) — In another attempt to halt preparations for a nationwide strike in the coal industry, the arbitration committee of anthracite miners and operators met behind locked doors today.

On the conference will depend whether the 125,000 anthracite workers shall succeed with the 400,000 bituminous miners and prepare to drop their tools April 1 while their 19 wage demands are given consideration.

The miners' representatives met the meeting with little expectation of reaching an agreement to avert the strike.

"Of course we have hopes," said Mr. Lewis.

Chance for Agreement.

"It would be possible for us to conclude an agreement within 40 minutes. Such a thing might happen. But I recall that similar wage arbitrations in previous years have taken from four weeks to several months.

"There is no reasonable doubt but that the general strike will be called April 1, as scheduled.

Representatives of the operators declined to make any predictions as to the outcome. They continued to maintain strict secrecy concerning the progress of the negotiations when they will offer as the basis for a new contract, as opposed to the wage demands of the miners.

Delegates, chosen yesterday to attend the meeting of the national general police committee at Cleveland, are preparing to leave for that city tonight.

IDAHO WEATHER.

Tonight and Friday rain or snow.

Mail Order Library Idea of Solon with a Measure for Passage

Iowa Representative Believes Books Should be Mailed to Isolated Country Folk

WASHINGTON, D. C., (AP) — A man who has the country wants to keep up with new fiction. There is no book store nearby. His mail is being delivered by rural carrier. Often there is a free library in the town from which the mail man starts. Being out of reading matter he writes for a book. It would be mailed free under a bill Representative Green, republican, Iowa, has introduced. Once read it would go back free. That is, if the Green bill gets through.

WAR PRICES ARE HARD HIT IN RAIL CAFE CAR

Burlington Officials Announce a Reduction of 25 Per Cent in Diner Charges

CHICAGO, (AP) — A reduction of 25 per cent in dining car prices was announced today by Burlington railroad officials, who stated that table d'hote service will be introduced in dining cars.

The table d'hote service will include six club breakfasts ranging in price from 40 cents to 41, a full luncheon and a \$1.25 dinner. A La Carte service will be continued.

A decrease in the price of food is responsible for the lower prices, the management said.

SOLDIER BONUS BILL WILL PASS

Action of House Today Said to Assure Passage of Four Billion Dollar Measure

WASHINGTON, D. C., (AP) — Passage of the four billion dollar soldiers' bonus act, which was passed by the house today, is considered by the senate as a foregone conclusion.

The senate is expected to pass the measure today, which would provide for the payment of the bonus to the veterans of the world war.

The measure is expected to pass the senate by a vote of 75 to 25.

Hubbub on Floor.

The vote on the resolution was 221 to 211 and was without a roll call. Previously the house had adopted a motion for the previous question by a roll call vote of 270 to 226. As the roll call proceeded there was more than the usual house hubbub on the floor and those in the crowded galleries, strangers to congressional customs, looked down in surprise as the members milled about talking and laughing while the clerk read the 435 names on the list. Those voting were forced to about at the top of their voices in order to have their vote heard at the clerk's desk.

There was a breaking of party lines on the vote for the suspension resolution. Many of the democrats who voted in the negative on this motion were counted upon to support the bonus bill on the final vote and leaders were confident that more than the two-thirds majority required under the rules would be obtained.

Chairman Forney of the ways and means committee was at once recognized by Speaker Gillett for a motion to suspend the rules and pass the bill, whereupon the house launched into four hours of discussion. Some members were given only one minute, others two minutes, others three, but by unanimous consent all had leave to extend their remarks in the congressional record during the next ten days.

MUST DEVISE MEANS OF MAKING PARCEL POST PAY

Indispensable System of Postal Section Losing Money Under Present Operation Plan

WASHINGTON, D. C., (AP) — Responsibility for deficits incurred by the postoffice department in the handling of the mails is attributed largely to the parcel post system, according to data collected by the joint postal commission and made public today. The commission and postoffice officials declared the parcel post to be indispensable to the country but asserted the system should be revised to establish it on a paying basis.

Prisoners to Wreck Grandstand at Filer

Employment of prisoners now confined in the county jail in the work of tearing down the grandstand at the county fair grounds at Filer which was blown over by a high wind some weeks ago was authorized by the board of county commissioners at a meeting on Wednesday afternoon.

The prisoners are to be employed under supervision of I. G. Jackson, county health officer, and as many as are needed to do the work will be employed.

PACT ADOPTION PREDICTION OF ITS ADHERENTS

Administration Leaders Freely Declare Four-Power Treaty Will be Ratified Immediately Following Forensic Battle

WASHINGTON, D. C., (AP) — What was thought to be the final forensic battle over the four power treaty began in the senate today with the administration leaders holding their lines intact against the onslaught of the ir-reconcilables and predicting that ratification would be voted tomorrow with no reservation except that approved by the foreign relations committee as accepted by President Harding.

Votes Pledged.

Enough votes were pledged, the leaders said, to reject all other proposed reservations and amendments and to pass the necessary two-thirds for final ratification.

The ratification vote probably will be taken at the outset of tomorrow's session under the unanimous consent agreement which limited debate today to one hour for each senator and which stipulated that discussions shall end entirely with today's adjournment.

The debate was opened by Senator Cohn, republican, Rhode Island, who favored ratification with the committee "no alliance" reservation.

Deny Playing Politics.

Denying charges that democratic senators were playing politics with the treaty, Senator Caraway, pointed out that the party leader, Senator Underwood of Alabama, and on the American delegation and works for ratification.

"It is the titular leader of the party on this side," continued the Arkansas senator, "and to show that the party is not playing politics, I call attention that he has not conferred with a single democratic senator. He conferred only with the republican majority leader, Senator Cohn, and yesterday he reported progress to President Harding, who said he would not lobby nor hold his committee with the treaty, but who is lobbying, if I may use the terms, because senators are being sent for him and are being urged to vote for ratification. I don't know whether the republicans trading or not. I do know he is using every influence he can to get this treaty ratified.

Statement Bonus Era.

A statement by Senator Caraway that President Harding and most republican senators opposed the Borah resolution which limited the arms conference, roused the ire of Senators Poinsett, republican, Washington, and Edge, republican, New Jersey. Mr. Poinsett said Senator Caraway's statement was unfounded and added that President Harding, long before the Borah resolution was adopted, had negotiated with Great Britain for the armament limitation treaty.

Senator Borah did not appear to be pressing the Borah resolution, he, Mr. Edge, introduced a similar measure.

"It is to be recalled that the resolution of the senate was the resolution of the senator from New Jersey," said Mr. Edge.

BULLETS FLY AS RESULT OF FEUD IN HIGH SCHOOL

Utah Instructor, Fearing Attack, Fires and Injures Student

OGDEN, Utah, (AP) — With Lloyd Bybee, 18 years old, in the hospital with a bullet wound in the chest, a bullet which was fired by a 16-year-old boy, principal of the Utah district school, near here, in the county jail, state and school officials were making an investigation today to locate the real gun place at Utah last night.

Superintendent B. A. Fowler of the Weber county school system issued a statement today which said that the case was before the juvenile court at Ogden following the refusal of older boys to obey school rules in that district. A teacher recently was struck with a gang fight, the superintendent said.

Principal Christensen says he fired at Bybee when he feared he was being waylaid and about to receive bodily harm.

VATICAN IS GIVEN RIGHT TO SEND REPRESENTATIVE

LONDON, (AP) — The Rome correspondent of the Daily Herald understands that the Russian government has granted a request from the pope that the vatican be represented on the international commission for relief in Russia. Seven papal delegates are going to Russia shortly, he added, and the pope may also send a personal mission to the Volga region.

UNIONIZED COAL MINES throughout the country will be closed about 750,000 miners will quit work on April 1 unless the operators and union officials meet in the meantime and sign a new wage scale and working conditions agreement. Here are grouped the leaders of the operators, miners and the government. The American Federation of Labor will back the miners if they strike. Samuel Gompers, president, has announced. Secretary of Labor Davis is endeavoring to have the operators and union leaders "tie together." The strike is certain, declares John L. Lewis, president of the United Mine Workers, unless the operators agree to new terms. Lewis is backed by William Green, secretary-treasurer of the organization. President J. D. A. Morrow, of the National Coal Association, leader of the situation for the operators, doubts that the mine have earned excessive profits.

PLAN TO BUILD BIG RESERVOIR MAKES ADVANCE

Idaho Reclamation Association Bulletin Points to Twin Falls Campaign as Boost to American Falls Project

POCATELLO, Idaho, (Special to The News).—The campaign to finance the American Falls reservoir project on a participating basis with the government is making satisfactory progress, according to a statement issued by the Idaho Reclamation association, which was placed in charge of the work. In a bulletin the association says:

"During the past week meetings held on the Twin Falls South Side tract indicate the desire of the farmers there to join in the proposed new district. Meetings with the stockholders of the Twin Falls Canal company, who are the farmers on the tract, resulted in a vote on a stock basis of seven and a half to one, or 75 per cent, in favor of the proposed new district, which is the only means now for financing the American Falls project and saving it to the Snake River valley and south Idaho."

"The south side Twin Falls tract will, of course, be placed in the proposed district, as well as the north side Twin Falls tract. The balance of the proposed big district will be made up of companies north of American Falls. Meetings will be held at Idaho Falls Thursday and at Blackfoot Friday, March 24, to test out sentiment of men representing these various canal systems, most of which have already connected for storage in the American Falls project but which have not been able to pay their assessments and who have an opportunity to meet their obligations through the big district bonding plan."

"The first election will determine the question of organizing the district. It will entail no obligation as to bonds or otherwise, for the question of authorizing the bonds must be answered at a subsequent election. The petitions for formation of the district will be completed in a few days ready for circulation."

"Only developed land, or gold concerns having distributing systems, are to be included in the new district. Any other sections, if coming in, will have to organize independent districts and finance themselves apart from the new district. This will be the case as to sections of the Greater Port Fall project. It was thought possible to form that project into one irrigation district, but that plan has been abandoned in view of the attitude of some of the major units, including the Hancock section, which desires a district of its own, which will contain for about 120,000 acre feet of water from the American Falls reservoir."

"Districts already organized will not be included in the big district. This is the case with the New Sweden district. It has already authorized the issue of \$250,000 of bonds to meet its obligations to the government and is only awaiting the action as to the big district to sell the same on a waiting market. The Snake river irrigation district will also vote bonds separately for that purpose."

"Within a few days it will be known accurately just what territory will be included in the big district, after which the campaign will proceed to the first election to determine whether or not the big district shall be organized. This will be preceded by the petitions."

"The big district has been divided into natural sub-divisions with a chair-

man for each, who will designate community committees to assist in the campaign. E. M. Kennedy of Blackfoot is chairman of the Blackfoot district, and Parley J. Davis chairman of the Idaho Falls district. R. E. Shephard will be chairman of the Twin Falls district, and the board of directors of the Twin Falls south side district will name its chairman, probably Ivan Lincoln, president of the board. The chairman for the Aberdeen-Springfield district has not yet been named."

The bulletin, after going into further details, says: "This is the last kick of the pup," so far as the American Falls reservoir project is concerned. It will be put over now or never within the lives of the middle generation. The government has done its part and more. We have not done ours, due to conditions over which we had no control. The opportunity is now afforded for us to make good in a manner that will not create an additional burden but which will provide a means of positive relief. These are not what might be called "luxury bonds," for the contrary, they constitute a productive investment, just the same as going into debt for farm machinery or other necessities without which we could not conduct our business. It will not only pay for itself but will pay for many other things. It will be the best little mortgage rate or that has ever been proposed."

"It is all up to the people of the Snake River basin. We are performing a public service in devising the plan and putting it up to them. God helps those who help themselves, and we feel sure the people directly affected will participate in this project, which is the greatest opportunity ever afforded Snake River valley or south Idaho."

INTERNATIONAL KIWANIS CLUBS PLAN JOINT FETE

Week Named for Commemoration of Agreement to Restrict Armament

CHICAGO, (AP)—Insisting that Canada and the United States agree to restriction or armament on the Great Lakes in April, 1918, the Kiwanis Club International has designated the week of April 2-8 for the observance of Canadian and United States Days by the 697 Kiwanis clubs. Canada has offered to send as many speakers as desired by clubs in the United States, and a similar offer in the United States, speakers will be maintained for Canadian clubs. Speeches are expected to address a Kiwanis gathering in Washington, and numerous college presidents, jurists and others will contribute to programs, officers say. Each club will hold its observance on the day of its regular meeting during the week designated.

Kiwanians say the purpose of these arrangements is to further friendliness between the two English speaking people of North America, and to disseminate information which will give the United States more knowledge about Canada, and vice versa. They add that the recent conference for limitation of armaments gives significance to the Rush-Bagot agreement of Monroe's administration, which the observances will commemorate, and which "accomplished a practical disarmament" on the Great Lakes.

SINISTER INFLUENCES GOT BULGARS INTO WAR

Trial of Ministers Telling Story of Germany's Machinations for Aid

SOFIA, Bulgaria, (AP)—The trial of former Prime Minister Radoslovoff and

his ministers brings to light every day fresh details of the sinister influences that brought Bulgaria into the war on the side of the Central Empire. Witnesses state that the Germans began by systematically buying up the Bulgarian newspapers, working through a consortium of German financiers, among them the Mannesmann brothers. A propaganda service was organized under a certain Captain Engelhardt, and soon only German news appeared to the exclusion of all other.

Engelhardt also lavished money on the postal and telegraph employees as well as on police and customs house officials to facilitate the passage of munitions through Bulgaria to Turkey. A witness at the trial testified that 45,000,000 marks had been set aside for this propaganda work.

Studebaker Sales in New York For Month of February

Not Only the Biggest February---But the Largest Single Month in Studebaker History---474 New Cars Ordered at Retail

February is not considered a good month in the automobile business. Yet, in February just passed Studebaker has sold more cars in Greater New York than in an month in its history---the increase over February, 1921, being 220%.

When the largest builder of six-cylinder cars in the world, after having completed the biggest year in its history, starts the new year in Greater New York with its biggest January and breaks all past records, regardless of season in February---both normally "off" months---it is not only an achievement without parallel in the automobile industry, but is proof positive of the ever-increasing leadership of Studebaker.

And Here Are the Figures

The figures below tell the story. They include only retail orders taken in Greater New York.

February, 1922	474 Cars	\$769,070.00
February, 1921	148 Cars	294,075.00
Increase—1922 over 1921	326 Cars	\$474,995.00
Per Cent. Increase	220 per cent	162 per cent

The records for the combined months of January and February are fully as significant, and—note this—1921 sales in New York were bigger than 1920 by 351 per cent.

January and February, 1922	866 Cars	\$1,434,253.00
January and February, 1921	265 Cars	542,235.00
Increase—1922 over 1921	601 Cars	\$892,018.00
Per Cent. Increase	227 per cent	164 per cent

The Public Has Passed Judgment

The public has watched the development of the automobile industry---watched it from its earliest pioneering---watched it through the years of its advancement. Hundreds of builders of automobiles have made their bids to the public for its confidence.

And finally the public has passed judgment. It has given its confidence to Studebaker. Studebaker has been acclaimed the leader. Studebaker has won the reward of its 70 years of unflinching devotion to a fixed principle---THE PRINCIPLE OF COMPLETE SATISFACTION TO EVERY ONE WHO DEALS WITH THE HOUSE OF STUDEBAKER!

Since the above figures were compiled we have been advised that during the first 16 days of March of this year, sales of Studebaker cars in New York City totaled 501, 62 of which were disposed of in a single day, namely on Thursday, March 16, and 59 on Monday, March 13.

ENGLISH PEER SEES ZION IN UNHAPPY MOOD

Lord Northcliffe Finds Palestine Disturbed and Divided on Political Aims — Is Met with Armed Car

JERUSALEM, (AP)—Lord Northcliffe, British newspaper publisher, expressed surprise on his visit here that it was deemed necessary to meet him and escort him through the streets with armed cars. He said it was a source of wonder to him how little the people in England and America knew about the conditions existing in the Holy Land.

Voicing regret that he found Palestine so unhappy, he asserted that the British public "was perfectly informed regarding the feeling in Palestine," and he added that he hoped, Palestinians would not move too quickly and make Palestine "another Ireland."

Lord Northcliffe was given an opportunity to hear two sides of the Zionist question. A delegation of Orthodox Jews which waited on him protested against Zionism. Later a deputation of Zionists called and requested an expression from him on the Balfour declaration of Great Britain's intention to make this a Jewish homeland. To this latter delegation the British publisher said:

"I do not wish the Jews to return to the Holy Land more than I do, but I have the greatest regret of the need of armed cars. You exaggerate the idea that the only topic we have in England is Zion. Every one does not agree as yet on the interpretation of the Balfour declaration.

He reminded the Zionists that Orthodox Jews did not concern in the political aims of Zionism as indicated by the delegation from that faction which had previously called upon him.

Concluding, Lord Northcliffe expressed the hope that Arabs and Jews would be more reasonable in their demands upon England and work together for the good of Palestine.

AUTUMN SOWN GRAINS IMPROVE IN CONDITION

Dry Weather and Glaze Storms Do Some Damage but Situation Satisfactory

WASHINGTON, D. C., (AP)—The condition of winter wheat and other fall-sown grains generally continued to improve during the week ending Tuesday, the weather bureau says. Today in its weekly crop review, the bureau reports that it continued too dry in a few localities in the southwest and west and glaze storms did some damage in the western lake region.

Wheat showed some improvement in Ohio, the review says, and conditions are reported satisfactory in Missouri and Kansas, where the effect of recent rains as yet had not become evident.

Both wheat and oats made good progress in Oklahoma and show some improvement in Texas, although green bugs are reported in many localities of the former state.

Rains during the week, however, the review continues, served to set back farm work and seeding of oats was retarded in the central states because of wet soil. Planting of sugar beets has been nearly completed in California and the early seeded ones are up and looking well.

DRESS WARM AND KEEP FEET DRY

Tells Rheumatism Sufferers to Take Salts and Get Rid of Uric Acid

Rheumatism is no respecter of age, sex, color or rank. If not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain called rheumatism.

At the first twinges of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the seed of grapes and lemon juice, combined with lithia, and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.—adv.

BENEFICIARY LODGES HAVE POPULAR APPEAL

Official Report Shows Million People Join Fraternal Societies Every Year

CLEVELAND, O., (AP)—More than one million people join various fraternal beneficiary societies each year, according to Secretary W. E. Futch, of the National Fraternal Congress of America, which has a membership close to ten million people, and embraces 93 organizations. According to Mr. Futch, the protection carried by this membership reaches nearly \$12,000,000,000. The million people joining these societies each year add a billion and a half insurance for the protection of families.

"It is estimated that in excess of \$2,000,000,000 has been paid by societies of 1921 congress during the past fifty years," said Mr. Futch.

MINISTER CHANGES JOB TO IMPROVE FINANCES

Pulpit Salary in New Jersey Won't Meet Needs; Parson Turns Floorwalker

UNION HILL, N. J., (AP)—Unable to make financial ends meet on his salary of less than \$24 weekly as pastor of the Methodist church here, Rev. W. C. Ramsey spends six days each week as a floor walker here, in a store and the seventh in his church.

He was found today in the position of floor walker and section manager of a big Manhattan department store, a position which he has held the past year without the knowledge of his parishioners. Rev. Ramsey has been pastor of the Union Hill church for 30 years.

"The average human being doesn't work enough," he said. "I find that I can work as well as a floor walker, write my sermons, study and lecture in the evenings, preach twice Sunday and wake up Monday eager for my store job."

TWIN FALLS BILLIARD MEN WIN TOURNAMENT

Goldwater Only Local Man to Lose Contest in Closing Series; Others in Form

FINAL STANDINGS

Player	W.	L.	Pct.
Twin Falls	7	5	.445
Player Standings			
Epler, Twin Falls	3	0	1.000
Ansell, Rupert	2	1	.667
Turner, Rupert	2	1	.667
Mattison, Twin Falls	1	2	.333
Goldwater, Twin Falls	0	2	.000
Edmunds, Rupert	0	3	.000

Twin Falls won the inter-city three-cushion billiard tournament from Rupert last evening at Maracley's. By a score of five to three goldwater played Epler and Mattison made it possible to keep the honors here, as Goldwater lost his game to Ansell.

The opening game between Epler and Turner, brought together the two undefeated players. "Epl" won handily by the score of 50 to 31 in 112 innings. The local man showed in perfect stroke, and came through with a run of six in the twenty-fifth inning, taking a lead over his opponent that kept growing as the game progressed. In the eighty-fourth inning he made a run of five.

Epler, Star of Tournament

Epler was by far the star of the tourney, winning all three of his games easily. Turner did not play up to his usual high standard, and missed a great many easy shots.

The second game was won by Mattison over Edmunds. He made 50 points against 29. This game went out in 131 innings. Mattison showed a reversal of form and was on edge. His high run was four.

Ansell, Rupert Winner

The final game of the evening went to Ansell. Goldwater being defeated by the score of 50 to 40, in 133 innings. The Rupert player won a well earned victory, picking up all the naturals and making a good many tough ones. Arrangements are being made for a tournament with Boise, in the near future. A large crowd was present last evening to witness the game.

Homar Donabrato refereed the first and third games, while "Tiny" Bracken officiated for the Mattison-Edmunds affair.

CASUALTY LIST IS LONG

Phillies Have Five Twirlers in Hospital Undergoing Treatment

PHILADELPHIA (AP)—Five of 16 pitchers who are trying for places with the Phillies at Leeburg, Fla., have sore arms and three others have minor complaints that are interfering with their work, according to reports today from the training camp. Leo Meadows, Manager Wilhelm's hurling ace, is bothered by a nerve pain in his pitching arm. The casualty list at Eagle Pass, Tex., where the Athletics are getting in their final touches, is not causing Manager Mack any worry. All of his men were said to be in first class condition. During the week Mack will start weeding out his candidates.

TREMORS CAUSED BY 'WEAK SPOTS'

Seismologists Aver the Recent Earth Disturbances were Firmament Trouble

ST. LOUIS, Mo. (AP)—Seismologists of St. Louis university today described "weak spots" in her firmament as causing old mother earth to tremble in parts of six states surrounding St. Louis last yesterday. The earth tremors radiated 150 to 250 miles southeast from here and were reported as far south as Troy, Tenn., and Hickman, Ky., and as far east as Evansville, Ind., according to reports received from the affected areas, which also included northern Arkansas, southeastern Missouri and southern Illinois.

Little Damage. Only slight damage, consisting mainly of falling chimneys and plaster, was caused by the tremors, which rattled chinaware and dislodged pictures and ornaments from their places in homes. New Madrid, Mo., where, according to the records, a disastrous earthquake occurred about a century ago, was one of the many cities and towns reporting shocks.

TODAY'S MARKETS

Chicago Wheat. CHICAGO (AP)—Material setbacks in the price of wheat took place today during the early trading. Commission houses were generally on the selling side and there was a lack of aggressive buying. The opening which varied from 1.4 to 1.55 lower was followed by sharp further declines.

Subsequently, breaks in German exchange rates together with reports that Australian wheat was being resold by India were bearish factors, but were partly offset by word that Norway was in the market for large May shipments of wheat and rye. The close was heavy at 4 1/2 to 5 1/2 net lower, with May 1.32 1/8 and July 1.17 1/4 to 1.17 3/8.

Corn and oats gave way with wheat. After opening 1-8 to 5-8 lower, May 63 3/4 to 69 1/8, the corn market continued to drop. Oats were current that exporters at the seaboard were offering to resell corn to domestic bidders. The close was weak at 1-8 to 1-3-4 to 2 net decline with May 59 1/4 to 59 3/8.

Prices started unchanged to 3-8 off, May 37 3/4 to 38 and then began a general descent. Provisions were depressed by the action of grain, notwithstanding an advance on hog values.

weight woolled ewes, \$9 @ \$10; looks about steady. New York Stocks. NEW YORK (AP)—The stock market was under constant selling pressure today. High class value and industrialists sustained losses of 1 to 3 points with many specials. Sales approximated 650,000 shares. Selling of German marks throughout the day brought the rate down to 2 1/2-100ths in the final hour, shattering all previous records. Dealers attributed the further weakness to changes in the Genoa reparations payments announced in Paris last night, and the firm attitude of the United States government for the payment of the expenses of the army of occupation on the Rhine. State Convention Closes Inter-
esting Sessions Here with
Election of Officers for Com-
ing Year; Prize Essays Read

Mrs. Augusta L. Packard of Twin Falls, organizing regent of the Twin Falls chapter and state vice regent, was elected regent of the Daughters of the American Revolution in Idaho by vote by acclamation of delegates attending sessions of the state convention organization held here Wednesday.

Other officers of the state organization were elected as follows: Vice regent, Mrs. D. W. Stander, Pocatello; secretary, Mrs. J. L. Mes, Twin Falls; recording secretary, Mrs. H. A. Padgham, Oodling; treasurer, Mrs. C. H. H. Boise, Boise; historian, Mrs. B. B. Lewis, Boise; auditor, Mrs. A. B. Adams, Lewiston; chaplain, Mrs. G. W. Winters, Pocatello; registrar, Mrs. H. P. Blaggett, Oodling; librarian, Mrs. H. W. Stone.

Mrs. Packard, as regent, will succeed Mrs. R. C. Hudson of Oodling, who presided at all sessions of the convention here.

Following the salute to the flag, invocation and singing of "America" at the morning session, an address of welcome was delivered by Mrs. Carrie Harper White, regent of the Twin Falls chapter, to which response was made by Mrs. Stander. Mayor P. W. McRobert, in behalf of the city, extended greetings and welcome to the conference.

Memorial services for three deceased members was followed by reports of chapters, state officers and state committees occupying the remainder of the forenoon session.

Delegates were guests of the Twin Falls chapter at an elaborate luncheon at the Rogerson hotel, and conference sessions were resumed at 3 o'clock.

An interesting feature of the afternoon session was the reading of two essays on patriotism for which prizes offered by the Twin Falls chapter were won by the authors, Miss Elizabeth Miller and Miss for the city of Twin Falls by Taylor Cummins, city attorney.

This action is instituted for collection inspection fees in the amount of \$1660.00 claimed to have been incurred by the defendant butcher between March 26, 1921, and March 15, 1922, under provisions of the meat inspection ordinance.

Under writ of attachment issued in the case of the city against C. A. Dunn doing business under the name of the American Market, brought for the collection of meat inspection fees, officers of the sheriff's office have attached certain fixtures in the possession of the defendant Dunn.

It Pays To Buy Good Goods!

Penny Wise and Pound Foolish

In the effort to save pennies, by seeking cheap prices there is a danger of buying foolish values. Not always is the lowest priced article the cheapest in the long run. Indeed, it is frequently good economy to pay a little more and be assured of good quality.

In food products and commodities of known quality one may judge the value by the price. But in wearing apparel one should not be guided solely by the price. It is well to remember that quality is remembered long after the price is forgotten.

While this store aims to always keep prices down, it does not—and will not—resort to the selling of shoddy goods in order to accomplish this end. This store is the home of the best known lines of merchandise made in America; and while this merchandise is not always "cheapest" in price, it is usually cheapest in the long run. Surely, it pays to buy good goods.

REMEMBER THE DATE.

Let's all try to remember next Tuesday. On that date the people of Twin Falls are asked to vote in favor of a flock of elections...

If the Commission plan election carries, petitions will not make their appearance on the streets... petitions for the privilege of entering Election Number Two...

In justice to the present administration and to the service men who sponsored the ticket it should be understood that the City Manager Plan is offered in conformity with the terms of a campaign pledge...

Twin Falls people do not want to be called upon to pay for half a dozen unnecessary city elections this spring and the best and quickest way to serve notice of the fact is to vote "No" on both propositions.

SAD NEWS FOR MARY

Announcement that the discovery has been made that Salome, of Billical and grand opera notoriety, was an acrobat rather than a dancer...

Mary has been able to get away with the Salome dance because even a lady of more or less mature years had become of figure may play the central part in a pantomime that calls for nothing more strenuous than a series of wiggles...

humorous than tragic. At that, though, she probably would be able to draw a crowd. First Find Thyself. Try thyself unworldly... find the highest thing thou art capable of doing...

No Defense By Gilbert Parker. Author of "The Seats of the Mighty" "The Right of Way"

(Continued from Wednesday's Issue) CHAPTER XV. At Salem.

The plantation of Salem was in a region below the Pedro plains in the parish of St. Elizabeth... the governor was annoyed. "The crime is there just the same," he replied.

Every plantation had a surgeon who received a small salary... Salem was no worse than some other plantations on the island...

She was not on the place a day before she was reformed... she had been imprisoned for manslaughter... she was as good or better than when she first saw him on the hills of Plymouth.

That one to whom she had written, as she had done, should remove himself from the place of the deserving friend, one whom she had not deserted while he was in jail as a criminal...

Then it was she told her mother how she had always disobeyed her commands where she was concerned...

She was a source of anxiety to me," declared the governor. "I know he was once in Phoenix park years ago... but I thought he was a good citizen here—a good and well-to-do citizen."

Lord Mallow flushed slightly. "Phoenix park—ah, he was a capable fellow with the sword; I sold so always and I'd track him now against a champion... I do not understand," declared Lord Mallow tartly.

"You mean General George Washington," remarked the governor. "No, it is one who was a friend and fellow countryman or yours... I understand."

"Ah, he said that," did he say? "He said nothing at all to me about it. I have been reading the Jamaica Cornwall Chronicle the last three years."

for giving him up in the little corner of the island—the hottest part, I know, near to Kingston, where it averages ninety degrees in the shade at any time of the year...

"I do not understand," declared Lord Mallow tartly. "Ah, wasn't there some difference here in his going for the treasure to Haiti? Some one told me, I think, that you were not in favor of his getting his ticket-of-leave, or whatever it is called, and that the provost marshal gave it to him, as he had the right to do."

"You have wide sources of information in this case, I wonder—" "No, your honor need not wonder. It was told that by a gentleman on the steamer-coming here. He was a native of this island, I think, for perhaps it was the captain, or the mate, or the boatwain, I can't recall. Or maybe it came to me from my manager, Darius Boland, who hears things wherever he is, one doesn't know how; it was told to me by you, as you said, of your side-stump in to you."

"If you permit him, mistress?" "If I permit him, yes. You are a power, but you are not stronger than the laws and rules you make. For instance, there was the case of Mr. Dyck-Callow. When he came, you were

daughter what else ought to have known long before; and Sheila was firm to make the old man who had ever interested her understand that he was losing much that was worth while keeping.

"Then had followed the journey to Salem. Let all the while for Sheila one dark thought kept hovering over everything. Why should life be so complicated? Why should this one man who seemed capable and had the temperament of the Irish hills and valleys be the victim of punishment and shame—should he shame her? Suddenly, without her mother's knowledge, she went Darius Boland through the hills in the early morning to Enniskillen, Dyck Callow's place, with a letter which said only this: "It is not time that you came to wish us well in our new home? We shall expect you tomorrow."

"When Dyck read this note he thought it was written by Sheila, but inspired by the mother; and he lost no time in making his way down across the country in Salem, which he reached a few hours after sunrise. At the doorway of the house he met Mrs. Lynn. "Have you told her?" he asked in anxiety.

"Remove Panes of Glass. To remove panes of glass by laying soft soap over the putty which holds them, and then new soap the putty will be soft and the glass easily removed."

"Have you told her?" he asked in anxiety. "That may be. But did you ever know his history?" She shook her head in negation. His eyes searched her face carefully, and he was astonished when he saw no sign of confusion there. "Good God, she doesn't know. She's never been told," he said to himself. "This is too startling. I'll speak to the mother."

A little later he turned from the mother with astonishment. "It's madness," he remarked to himself. "She will find it out. Some one will tell her." By heaven, I'll tell her that," he hastily said. "When she knows the truth, Callow will have no chance on earth. Yes, I'll tell her myself. But I'll tell no one else." He added; for he felt that Sheila, once she knew the truth, would resent his having told abroad the true story of the Ernie Boyne affair.

So Sheila and her mother had gone to their lodgings with depression, but each with a clear purpose in her mind. Mrs. Lynn was determined to tell her

SPUD GROWERS TALK PROBLEMS

Buyers Representative Says Industry Here Must Bestir Itself to Keep Pace

Problems of production of more and better potatoes and their marketing occupied the attention of a group of Wednesday afternoon in the Parish hall here under auspices of the county farm bureau.

Designation of the Schramm-Johnson Drug company as the agency through which contracts for tubers would be purchased for dipping potato seed for eradication of disease, and appointment of a committee of three growers to confer with buyers...

R. E. Brossard, county agent, presided at the meeting and urged necessity for careful selection of seed and its treatment for eradication of disease.

Other Districts Progressing

It behooves Twin Falls district growers to hasten themselves to retain their position of advantage in the potato market. Mr. DeLong told the meeting...

Operation of the company grade market and the practice of marketing potatoes under brand in other districts tends to put the product of those districts on a level in the market with that of the Twin Falls district...

Twin Falls' Advantages

On the other hand, Mr. DeLong pointed out, the percentage of culls grown in this district is significantly less than in any other district, and the Twin Falls country supplies the country's demand for "bakers."

Dr. J. H. Murphy Apportioned

Dr. J. H. Murphy of Boise, has been designated physician for the Twin Falls Canal company by action of the board of directors recorded Monday.

Forecast of Rain or Snow Strikes Discordant Note

With temperatures continuing their upward trend of the past few days and with the sun shining brightly all sides clear overhead, the official weather forecaster's prediction of rain or snow tonight and Friday strikes a decidedly discordant note in the scheme of things.

Temperature last night, for the second time this year, held above freezing point, and the low point was reached at 33 degrees above zero, according to reports of the government weather observer here.

Yesterday's high was 55 above.
