# OLD TIMERS OF MEXICO JOINED IN FRATERNITY

### Interesting Stories of Early Day Activities of Americans and English Brought Out by Organization

MEXICO CITY, (AP)—Organization of the "Society of Old Timers of Mexico" reformed from Americans and Britons who have resided in Mexico for more than 20 years. It compiled some interesting history in connection with the activities of English-language newspapers here since the republic was founded.

The Masonic Monitor, devoted to the cause of Masonry, was the first newspaper printed in English to appear in Mexico after the republic was established. It was founded in 1822 and edited by the Rev. Joseph Polakie, the United States minister to Mexico, whose journalistic efforts were incidentally followed by the diplomatic corps.

The first newspaper of general information to make its appearance was the American Star, founded by Edward and Breanna Van Ors during the occupation of that city by General Winfield Scott. When the American forces moved to Mexico City the American followed the same course for a year was published as a weekly.

### Items Are Interesting

Some interesting data may be obtained from the files of this paper. Frequent reference is made to the social activities of Captain Robert E. Lee and Lieutenant Ulysses S. Grant, who, judging from the society columns, were well known throughout the capital.

"Purson" Jackson, who during the "war" was achieved greatness as the immortal "Stone-wall," also broke into print frequently.

Perhaps the most conspicuous example of the English-language newspaper ever founded in the republic was the Mexican Herald, whose first issue appeared in 1825. It fell about of the way in administration in 1916 and its editor, Paul Hudson, closed up shop.

The Herald was the first newspaper in Mexico to use a leased wire for a general foreign news report.

Throughout the past 20 years numerous trade papers have appeared, some lasting only a few months and a few several years. Among them was the Mexican Financier, Modern Mexico, Mexican Investor, Mexican Trader and the Daily Record. The latest effort to bring a foreign newspaper in English has been made by Felix Palavicini, editor of El Universal, who last June started the Mexican Post, which aims to be an American plant to Mexican news.

# VIEWS OF GIRL DIFFERENT NOW

### President of National Board of Y. W. C. A. Tells Interesting Story

MOT SPRINGS, Ark., (AP)—The horizon of an intelligent girl of 18 today is not that of the girl of 1800. Mrs. Robert C. Speer of New York city, president of the national board of the Young Women's Christian association, said in presenting the report of the board to the national convention of the association here today.

"Notions of girls derived from Louisa M. Alcott are out of date," she said.

"Girls are beset with complex interests; a Pandora's box of new emotions and experiences fills the air with the most strange and varied conditions of adventure, of something 'lost beyond the ranges, something calling for us,' summons them out of the old life of custom. Unless they are alert, there may be weary years of wanderings in the wilderness.

### Only Curiosity Now

"There could be no greater challenge. We are interpreters of life for young women. The negative of Sinai is long today, as never was a world where curiosity has displaced fear. Our place is not with the tables of stone, but with the followers of the Master who sat on a rock in Galilee and told the thrilling stories where the satisfactions of life are to be found.

"It was voted to adopt the social ideals of the church, to use every source in preparing women for responsible citizenship, and after studying social and economic conditions affecting women to see how these conditions could be helped by legislation, pledging ourselves to work for such legislation as might promote the welfare of young women.

"Our much criticized stand for social ideals has borne widespread fruit and has brought the indorsement of practical men and women as no other has ever had. Contrary to the widespread impression, it did not bring us financial loss. It has influenced popular opinion, and one financial supporter today, as circumstances, statements that would have been regarded as dangerous three years ago.

# Twelve Dead in Wake of Texas Cyclone

Unroofing many buildings, demolishing dozens of homes and smashing hundreds of plate glass windows, a Texas cyclone took a toll of 12 lives. This

first picture from the devastation shows how the "tornado" destroyed a warehouse at Dallas. The damage done by the cyclone is estimated at \$1,500,000.

# FARM PRODUCTS OF PAST YEAR SHOW DECLINE

### Actual Value of Crops One-Third Less Than Those of Preceding Year, Statistics Show

WASHINGTON, D. C., (AP)—The gross worth produced by farmers in 1921 had a value of \$12,830,000,000, or about two-thirds of the aggregate value of the farm products of 1920, and little more than one-half the aggregate for 1919, the department of agriculture estimates today. During the same period, 1919-21, production of ten crops which represent about 85 per cent of the total crop average, fell 8 per cent. The total value of crops, the department said, declined from \$15,423,000,000 in 1919 to \$10,900,000,000 in 1920, and to \$7,228,000,000 in 1921. The decline of the total value of animal products on the farm was from \$3,341,000,000 in 1919 to \$2,584,000,000 in 1920 and to \$3,330,000,000 in 1921. Four crops of 1921 together had a value greater than one-half of the total value of all crops for that year. Corn was valued at \$1,933,000,000, or 18.5 per cent of the total; hay and forage \$1,105,000,000 or 16.1 per cent; cotton \$1,020,000,000 or 14.1 per cent; and wheat \$2,727,000,000 or 37.5 per cent; and the four crops \$3,500,000,000 or 50.3 per cent.

### Some Prominent Crops

Several groups of crops are prominent, the department added, the cereals \$5,000,000,000 or 39 per cent of the crop total; the vegetables, including potatoes and sweet potatoes, \$1,100,000,000 or 13.1 per cent; fruits and nuts \$2,410,000,000 or 45.1 per cent; the animals raised \$1,937,000,000 or 36.3 per cent; and the poultry raised and eggs produced, \$241,000,000 or 2.7 per cent.

### Setting a Broken Nose

When the nose is broken it must be set promptly or it will heal rapidly in a disfiguring position, writes Doctor Jacques of Paris in Paris Medical. If it be left until the day following the injury it will have swollen so much and secreted so much that the bones can be set only under caution. If it be left for two days or more it is not only painful but difficult to set.

### An Accommodating Lecturer

"Gentlemen," said the unperurbed speaker, when the lights went out and the hall was suddenly plunged in total darkness. "This does not disturb me in the least, so I shall continue my speech. I only ask that the last man out of the building lets me know when he is leaving and I'll stop them."—Harper's.

### Equal to it

An American visiting this country had his attention drawn to the Nelson monument by the taxi driver. "Oh, that's nothing," said he, disparagingly. "The horse can be set only under caution in the States." A little farther on they drove past a gasometer. "That's where we cook our cabbage," was the driver's sly comment.—London Times.

# BREAKING UP OF WARSHIPS IS NEW INDUSTRY

### Enormous Plant Assembled at Philadelphia Employs Hundreds in Work of Dismantling Boats Built for War

PHILADELPHIA, Pa., (AP)—A new industry—scrapping of old warships—has sprung up along the Delaware river where, not so long ago, more than one hundred thousand men were working feverishly to help build a "bridge of ships" across the Atlantic to check the progress of Germany in the world war.

Philadelphia, the birthplace of many of the vessels, also is the "grave yard" of a number of the navy's once great fighting craft, discarded because they have become obsolete. Later when the scrapping program of the armaments conference becomes effective many more ships will be added to the list. Hundreds of men are engaged in turning the steel from the discarded ships into billets that can be worked into materials for the construction of buildings, tools, locomotives, automobiles and other peace-time uses.

In one Delaware river shipyard, alone, there are awaiting dismantling the battleships Maine, Missouri and Wisconsin, the once proud fleet commander Columbia, the monitors Oriskany, Monterey and Tennessee, and countless destroyers, eagle boats and smaller craft.

### Hate Heavy Plant

Powerful oxy-acetylene torches, wielded by masked workmen are being used to cut through the 11-inch steel turret armor of the Maine, while in Wisconsin the once proud fleet commander Columbia, the monitors Oriskany, Monterey and Tennessee, and countless destroyers, eagle boats and smaller craft.

Further along the yards the little obsolete submarine, with its paper-thickness shell, is being ripped apart with great chisels to the accompaniment of the gutting gun-like stacks of compressed air hammers. The monitor Monterey, an improved edition of Ericson's gallant monitor of Civil war fame, with its surface-flash deck, rapidly is being converted into billets. Its ten and 12-inch rifles, however, still appear meaningfully through the turrets of its squat superstructure as they lie in the early noontimes when the destroyers and one of the most powerful battle craft float.

### The Hungry Lover

"Young men seldom hide their feelings when violently attracted; they do not appear to know when they are looking at a woman as though they could eat her."—From "The Sleeping Fire," by W. E. Henderson.

### Instructions

During the war a soldier was seriously ill at a base hospital and his anxious mother sent him a telegram reading like this: "Let me know how you are getting along. If you have died have body shipped home."

### A Farmer Cured of Rheumatism

"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Liniment and told him to use it freely," says G. P. Bayder, Patton Mills, N. Y. "A few days later he walked into the store as straight as a string and handed me another man's bill for a bottle of Chamberlain's Liniment; I was in the house all the time for it cured me."—Adv.

CIVIL WAR MAY BECOME ACTIVE

Situation in China Viewed with Grave Misgivings by Government Officials

PEKING, (AP)—The troops of General Chang Tso-lin, governor of Manchuria today took possession of Peking and Tientsin, replacing the local police forces of those cities. A transfer of authority was devoid of incident.

The only sign of hostility between Chang Tso-lin and General Wu Pei-fu, commander of central Chinese forces, came in the cutting of the Peking-Peking railroad at a point south of Tien Tsin which caused inconvenience to a number of American travelers en route to Shanghai.

President Hsu Shi-Chang regards the threatened civil war between the forces of Chang Tso-lin and Wu Pei-fu as a serious situation.

Wang Shi-Chen, who was premier under former President Yuan Shi-Kai is endeavoring to bring about cessation of fighting. The two leaders establish equal military authority while the prospective national convention deliberates concerning the fate of the country.

The various foreign legations are always awaiting developments.

FLOOD SCENES TOO MUCH FOR ONE MISSOURI MULE

Animal Gets Into An Argument Over the Use of English and Dies

ST. LOUIS, Mo. (AP)—A mule, typically stubborn, died last night after a fight with a man over the use of the German language, died aboard a city harbor boat from fright and heart failure after it had been rescued from a sinking animal pen on the river.

Two families, their livestock and "chick" were taken to safety, but the mule, being commanded in English to walk the plank to the boat's deck, refused, and after an hour's enjoying beating and commanding, finally obeyed the German command of its owner. After boarding the boat, however, the mule collapsed and died.

Innocent Looking Stick of Firewood Dangerous Bomb

Terrific Explosion Caused in Home When Flames Eat Into Charge

SAN FRANCISCO, (AP)—Police were investigating today the explosion of a bomb disguised as a stick of firewood which last night exploded in a home in the Richmond district here, narrowly missing Mrs. C. E. Pierce, who sat by the hearth. The electric log contained a charge of dynamite which exploded through a window. Mrs. Pierce's husband had found the log, which looked innocent enough in his wood pile. He had been startled and fled cleverly with some explosive.

Mrs. and Mrs. Pierce could assign no motive for an effort to harm them. The authorities, however, were inquiring into the possibility that the bomb might have been intended for the couple's son, Wilbur F. Pierce, an attorney, who recently defied Mayor Ed Henry Reuer, charged with the murder of Manuel Cabral. Heuer was acquitted. The attorney does not live with his parents.

Everything for QUALITY—nothing for show. THAT'S OUR IDEA in making CAMELS—the Quality Cigarette. Why, just buy Camels and look at the package! It's the best packing science has devised to keep cigarettes fresh and full flavored for your taste. Heavy paper outside—secure foil wrapping inside and the revenue stamp over the end to seal the package and keep it air-tight.

And note this! There's nothing flashy about the Camel package. No extra wrappings that do not improve the smoke. Not a cent of needless expense that must come out of the quality of the tobacco.

Camels wonderful and exclusive Quality wins on merit alone.

Because, men smoke Camels who want the taste and fragrance of the finest tobaccos, expertly blended. Men smoke Camels for Camels smooth, refreshing mildness and their freedom from cigarette aftertaste.

Edited by Mrs. E. D. Williams, Telephone 890.

Mr. and Mrs. W. E. Nixon entertained the members of the choir of the Presbyterian church after rehearsal on Thursday evening. A musical gathering was enjoyed, followed by music by a quartet band in costume. The latter part of the evening was spent singing old time songs and dainty refreshments were served.

Mrs. F. W. McRoberts was hostess last evening to a Thursday night dinner. This club has eight members, all of whom were present. At the conclusion of the games refreshments were served.

Mr. and Mrs. Arthur J. Peavy were hosts at dinner Thursday evening for the following guests: Mr. and Mrs. James Harvey, Mr. and Mrs. J. D. Johnson, Mr. and Mrs. Frank Tomets, Jr., Mr. and Mrs. C. N. Beatty, and Mr. and Mrs. Ralph Smith. The centerpiece for the table was a silver vase, containing bouquets, and resting on a mirror plateau and was used in the decorative details. After dinner the evening was spent with dancing.

The regular meeting of the Women's Council of the Christian church was held Thursday afternoon at the home of Mrs. W. M. Fair on Addison avenue. Mrs. A. L. Mitchell presiding. The business session, after which Mrs. W. W. Burke's division took charge of the program which was in the form of a play. The play was a play, and two delightful readings followed by two vocal solos by Jorona Krivanek. Two interesting guessing games were entered, after which refreshments were charge served delicious refreshments.

Mrs. J. E. Kalmann entertained on Thursday afternoon at her home on W. 1st street in Twin Falls. Five hundred was the amusement for the occasion. Mrs. H. C. Dickerson was first prize and Mrs. L. E. Friedman, second prize. At the close of the card game, a two course luncheon was served. The guests were Mrs. Dorothy E. Madigan Kalmann, Mrs. H. C. Dickerson, Mrs. L. E. Friedman, Mrs. F. W. Dumke, Mrs. Brannon, Mrs. E. E. Kahl, Mrs. E. J. Hornbrook, Mrs. John Harvey, Mrs. H. C. Alexander, Mrs. A. H. Hester, Mrs. A. J. Johnson, Mrs. A. Davis, Miss Ella Ripley and Miss Charlotte Kalmann.

The Optimist club met with Mrs. Moore on Fifth avenue last Wednesday afternoon. Twelve members were present and newblood and a general social time was enjoyed, followed by delicious refreshments.

Thursday afternoon the Episcopal Guild met at the Parish hall and spent the afternoon with the final arrangement for the sale of the new building. The fancy articles, aprons and rugs were marked, and the details for the chicken dinner, which will be served from 5 to 6 o'clock on Saturday, was a good attendance and much enthusiasm shown.

The Women's Circle of the Baptist church met at the parsonage on Thursday afternoon, with a large number in attendance. The business session was presided over by the president, Mrs. W. Watkins, at this time Mrs. Will G. Crotty was elected vice-president. The ladies did White Cross sewing on supplies for a Baptist hospital in Idaho. The hostesses, Mrs. J. C. The Very Latest in Spring Millinery

Your British sister, ladies, here show you the very latest styles in new Spring hats. At top (right) is shown a hat of pillar box straw, with georgette crepe to match. The model at the top (left) is of navy blue straw trimmed with quilted red ribbon. A dainty design from plumed orange ribbon is shown at the bottom (left), while at the right is a black shining straw toque with a beige colored ribbon around the brim.

ACCUSED MAN TELLS STORY

Donnell Says He Didn't Mean to Shoot and Didn't Know He Had Fired

SALT LAKE CITY, (AP)—Ray E. Donnell, charged with the murder of Charles A. Faus in the latter's home here on February 3, gave his version of the shooting in the district court today, declaring that he shot Faus accidentally. "I had cocked the gun at Brighton's orders," said Donnell, "and when I heard the report I wasn't sure what I had fired. I didn't mean to shoot anyone."

Donnell with Gilbert L. Dighton is alleged to have gone to Faus' home for the purpose of robbery. The proposed robbery, the prosecution charges, was planned by Angeline Wacaster, miss at the Faus home. Dighton and Miss Wacaster will be tried later in the district court.

RUSS MILL PLANNED

NEW YORK, (AP)—Construction of a \$16,000,000 turbo mill at Gary, Ind., is planned by the United States Steel corporation, says a statement issued today by Chairman Elbert H. Gary. Building of the mill will begin at once and it is expected that the making of tubes will be in full operation before the end of 1923. The mill will have an annual capacity of about 350,000 tons, increasing the present tube capacity of the corporation by 25 to 35 per cent.

FOR SERVICE MEN

WASHINGTON, D. C., (AP)—Signature by President Harding of the Langley bill authorizing an additional appropriation of \$17,000,000 for hospital facilities for disabled former service men was announced today at the White House.

PRELIMINARY HEARING ON SALT LAKE CITY, (AP)—How George J. Gardner, rancher of Welby, Utah, with whom they had gone to "talk things over" shot down Deputy Sheriff Gordon Sheriff was related today by Deputy Sheriff Frank Mathews at the preliminary hearing. Gardner is charged with first degree murder in connection with the death of Stuart.

Discovery of Borax

The wonderful preservative powers of borax were first discovered in Yellowstone park, Wyoming. A wandering prospector in that desolate though picturesque region came across the body of a horse, which, although it must have died long before, was perfectly whole and sweet. Looking around for an explanation of the phenomenon, he found that the animal was covered with a layer of the dust, which proved to be borax. He saw the commercial value of his discovery, and sold the secret to a large packing firm in Chicago.

STOCK EXCHANGE SEATS STILL ON THE UPGRADE

Recent Sale Taken as Indication of Approaching Improvement of Conditions

NEW YORK, (AP)—Prices of seats on the New York Stock exchange, long regarded by many as an index of approaching market conditions, are still on the upgrade. Wall street got a thrill when it was announced that Elrich, Sachs and Ward had bought 100,000 W. V. Bliss for \$92,000, which was \$1000 more than the previous sale recorded less than a week ago.

Henry Clews paid only \$500 for his seat June 27, 1914, and since that time there have been many wide variations, but \$13,000 is the lowest price recorded in a generation.

The record price was \$115,000, reached in the war boom, and a seat is reported to have been sold for as low as \$24,000 in the great depression that followed the closing of the stock exchange on July 30, 1914, when news came that England was going into the war.

Stradivarius Secret

Charles Reade, the famous English novelist, astonished the musical world in his day by saying that Stradivarius violins are not all equal. This is undoubtedly true, however, for although the white wood was "spruced" with some unknown oil—perhaps oil of cloves—the upper varnish is certainly of spirit. This wood polishing or charging is a puzzle.

"Rock of Refuge"

"The 'Rock of Refuge' was a large flat rock in Hawaii. If a criminal reached this rock before capture, he is safe so long as he remains there. Usually his family supply him with food until the end comes, but he is never allowed to return to his relatives."

Color-Blindness

No fewer than 65 persons in every thousand are more or less colorblind. The commonest form is not, as many suppose, inability to distinguish red and green—that affects one person in 65. The most common symptom is uncertainty between blue and green.

Library of the Lords

The library of the house of lords contains about 60,000 volumes, and they are set out in a luxurious suite of rooms. The library is particularly rich in historical works and records, and includes one of the finest collections of law books in London.

Cats Blanche

"Faut he mine," said the cat d'ambler, creeping to his girl. "I'll always let you have your own weight." —Huston Transcriber.

CLAIMS MARY GARDEN WAS WITNESS OF PRIZE FIGHT

Great Singer Declared by Denver Newspaper to Have Been Spectator

DENVER, (AP)—According to a story printed this afternoon in the Denver Times, Mary Garden, director of the Grand Opera association, and in a ring-side box at Rocky's small one here last night and saw Captain Bob Roper of Chicago knocked out by Fred Fulton of the Boston staff. And while Roper lay on the ground beside the ring, the great singer, according to the Times, mounted a chair and applauded with rapt fervor. The party was arranged with great secrecy, according to the Times. Mary Garden was accompanied by Hector Dorfmann, George Binkhoff and Clark A. Shaw, business manager of her company. Scores of persons in the boxes recognized the singer, according to the Times account.

Foregone

Brother Joe came forward to be baptized. The parson said, "You have been baptized twelve times. You are a good man, you are a good man, but you have not been baptized." "That's so true," said Brother Joe. "How often do you expect to be baptized, 1 a year?" "I reckon every year," said Brother Joe. "The officer gets the moral equivalent of a soldier. I'll sure be from the sparks on that great day when we do work all on our feet. Hallelujah!"—Ex. change.

Food From Fish Oil

The cooked residue from fish oil manufacturing is crushed or granulated to a paste, says Chemist Abramowitz, dried in vacuo at a temperature below 100 per cent, reduced to a powder, treated with a proteolytic enzyme such as papain to solubilize the albumin content of the mass, extracted with water and the result thus obtained is dried and powdered for use as a food.

Jewels From the River Bed

Ceylon's great sport is the hunting of jewels which are often to be found in the beds of rivers. Sometimes these streams are dried up for a time and then the rewards are great for the hunter. Government permission must be granted before one may go gem hunting, and having obtained the permit, the hunter is allowed to keep a 50 per cent. To the inexperienced eye, the precious pebble, as it rests on the ground, looks like an ordinary stone, the expert can detect the valuable ones at once.

Thugs and Gunmen, Beware!

Clay Lindsay of Arizona can beat you at your own game. How this cowboy cleaned up New York gangsters is to be told in this paper in a new novel entitled,

The Big-Town Round Up

By William MacLeod Raine

Lindsay is the most likable puncher who ever rode through sagebrush.

Green Plumed Easy-on-Eyes. Much used on dark-green paper, with the notes and staff in white, is being used to reduce eye strain says Popular Mechanics. It is particularly designed for use in theaters, where the lighting causes unusual strains on the muscles of the eye. In semi-darkness the notes seem to stand out in relief.

Changing Colors of Birds. The color of birds may be changed to white by keeping them in a white room, surrounded by white objects and attended by persons dressed in white, says a naturalist. However, the third or fourth generation is necessary before the bird's feathers are all white.

MAYOR'S PROCLAMATION. Whereas, the supply of city water will be temporarily interrupted by reason of the shutting off of the supply in the canal of the Twin Falls Canal company for the purpose of permitting the repair of the canal and mill structures. Now, therefore, I, P. W. McRoberts, mayor of the City of Twin Falls, Idaho, do, by this proclamation issued under authority of the ordinances of said City limit the use of the water supply of said City during the period commencing at 12 o'clock noon, April 24, 1922, and ending at 6 o'clock a. m., April 27, 1922, to domestic purposes, and none other, except in case of strict necessity. Pursuant to this proclamation the residents of said City, it will be unlawful for any water user within the City to use water for sprinkling or irrigation purposes during the above period. The inhabitants of the City are also requested to be extremely careful of fire hazards during this period.

Without my hand and the seal of said City this 20th day of April, 1922. P. W. McRoberts, Mayor. Attest: P. R. Taber, City Clerk.

NOTICE TO DOG OWNERS. Application for dog license must be made to the city clerk on or before April 30, 1922. All dogs found without the above permit after said date will be taken up and impounded and if not then redeemed within 48 hours same will be killed. HENRY BROWN, Chief of Police.

### BURLEY ATHLETES HOLD INTER CLASS SESSION

#### Wegley Doe is Feature Performer; Joint Meet with Gooding Called Off

BURLEY, Idaho, (Special to The News).—The Burley high school held its annual inter-class track meet recently, and as usual Leslie Doe was the feature of the meet.

Although there was no fast time in the different events recorded, it proved that Burley will be a strong contender when the annual sectional meet is held in this city next Friday.

Incllement weather retarded active practice, but with a week of good weather the boys should be in tip-top condition for next Friday.

The dual meet to be held with Gooding college, has been called off by Gooding.

The summary of the inter-class meet: 50-yard dash—Doe, first; Wolf, second; Nelson, third. Time 6.1. 100-yard dash—Doe, first; Wolf, second; Nelson, third. Time 12.1. 220-yard dash—Doe, first; Wolf, second; Nelson, third. Time 25 second. 440-yard dash—Corless, first; Sheeley, second; Banneman, third. Time, 61.3. 120-yard hurdles—Doe, first; Griffith second; Sheeley, third. Time, 21 seconds. 220-yard hurdles—Doe, first; Canine, second; Jenkins, third. Time, 31.3. Pole vault—Nelson, first; Canine, second; Corless, third. Height, 9 feet. High jump—Wolf and Nelson, tie for first place; Griffith, third. Height, 5 feet 1 inch. Broad jump—Doe, first; Wolf, second; Nelson, third. Distance, 29 feet. Javelin—Doe, first; Nelson, second; Griffith, third. Distance, 123 feet. Shot put—Kerathnik, first; Doe, second; Jenkins, third. Distance, 32 feet 8 inches. Discus—Kerathnik, first; Doe, second; Nelson, third. Distance, 92 feet 3 inches. Rifle—Dammann, first; Burns, second; Sheeley, third. Time, 2 minutes 17.1 seconds. # HANSEN DUTTE BOND ISSUES UP TO VOTERS

## Murtaugh District Directors Call for Vote on \$3,700,000 Worth of Securities to Reclaim Arid Lands

Electors of the Murtaugh irrigation district, at an election May 15, will vote on the issuance by the district of \$3,700,000 worth of bonds for the purpose of reclaiming an irrigation system to reclaim approximately 40,000 acres of arid lands situated in the district between Hansen and Murtaugh, and commonly known as the Hansen Butte district.

Directors of the district have been authorized by a majority for the bonds if they are voted, and it is expected that work on the irrigation system will be initiated this spring.

Plans, specifications and estimates covering the proposed plan of operation of the Murtaugh irrigation district are on file in the office of the director at Murtaugh, and in the office of the state reclamation department at Boise.

These plans have been prepared by H. T. Henderson, civil engineer, who has spent about two years here investigating the project.

Plans provide for installing a hydro-electric power plant for the operation of pumps which lift the water to the lands to be reclaimed which are situated above the main canal of the Twin Falls irrigation system. Water supplied for the purpose is drawn from the American Falls reservoir, although other possible sources of water supply have been under consideration by the district directors and their engineer.

Polling places for the election May 15 have been provided at the residences of Frank Roman, William Lindquist, D. B. Hill, and J. W. Swearingen, all open from 8 a. m. until 7 p. m., Pacific time. Only land owners who are residents of the district will vote.

## Proposal of Commission Form Committee to Defend Suit is Turned Down

The "commission form of government committee" through its chairman, H. C. Mills, will not be permitted by the city council to represent the city in the defense of the suit instituted by John Koszarek, local attorney, to test the validity of proceedings toward an election scheduled to be held June 6. Having in mind the fact that the Twin Falls under the commission government which was adopted at a special election March 28.

Information to this effect was conveyed today to the commission form committee in a letter addressed to the committee's chairman by Paul B. Tabor, city clerk.

The committee delivered to the council a letter in which it volunteered to take off the hands of the council the defense of the Koszarek case. "It is justice to the people who favor the commission form and in justice to yourselves," the committee's letter said, "you should either permit the defense of this action to be made by your committee or you should let us go to work with your city attorney to see that the legal questions are properly raised and presented."

The city clerk's letter reply is in reply to this proposal. It says: "Your proposition to the city council that your committee take over the defense of the Koszarek suit has been favorably considered by the council and I am directed to advise that it is the sense of the council that they do not care to accept of your proposal."

## Mayor's Proclamation Restricts Use of Water to Purposes of Strict Necessity

Twin Falls water users will be restricted closely in their use of water during the three-day period beginning next Monday at noon and ending Thursday morning, under provisions of a proclamation issued today by Mayor P. W. McElbreen.

During this period the Twin Falls Canal company will shut off water at Millner from the irrigation system in order to make necessary repairs in the canal system before the opening of the irrigation season. Twin Falls municipal water supply will be impaired by reason of the canal company's action and in order that there be no serious water shortage here, the mayor has directed that use of water during the period stipulated shall be confined to "domestic purposes" and more or less, except in case of strict necessity."

The text of the proclamation follows: "Whereas, the supply of city water will be interrupted for a period of the shutting off of the supply to the canals of the Twin Falls Canal company, for the purpose of permitting the repair of the canals of said company."

Now therefore, J. P. W. McElbreen, mayor of the city of Twin Falls, Idaho, do hereby by this proclamation, issued under authority of the ordinance of said city, limit the use of the water supply of said city, during the period commencing at 12 o'clock noon, April 24, 1922, and ending at 6 o'clock a. m. April 27, 1922, to domestic purposes and none other, except in case of strict necessity. Pursuant to this proclamation, the ordinance of said city, which will be unlawful for any water user within the city to use water for sprinkling or irrigation purposes during the period of the ordinance of said city, are also requested to be extremely careful of fire hazards during this period.

# DETERMINE DATE OF COUNTY FAIR

## Economy to be Program Adopted by Re-organized Board of Directors

September 12 to 15 inclusive are the dates the 1922 Twin Falls county fair, as determined at a meeting of the board of directors at Filer Thursday evening.

Members of the board were in accord in the opinion that a four-day fair was necessary for the proper handling of the judging and proper display of livestock and other exhibits.

Economy is the keynote of the policy for the 1922 fair as adopted by the directors, and decision was reached to reduce the premium lists with a view to reductions in some departments to a "war basis." At the same time the directors indicated their purpose to permit no deterioration in the standard of the fair.

Secretary J. M. Merkel reported considerable progress in preparation for the 1922 fair.

Organization of the board was completed with the election of the following officers: President, J. H. Barker, Buhl; first vice-president, Elmer Beck, Buhl; second vice-president, E. O. Walter, Filer; treasurer, G. C. Davis, Filer.

# JURY IN POLICE COURT DECLARES LUE GUILTY

## Fine Imposed Against Auctioneer Convicted of Being Drunk

Notice of appeal to the district court from the judgment of the police court in the case of H. B. Lue who was yesterday convicted of having been drunk at the time of a sale this afternoon. Bond in the sum of \$100 was furnished by Gall Bohannon, R. F. Bower and D. E. Suggs.

Fine of \$50 was today imposed by Police Magistrate Paul B. Tabor upon H. B. Lue, auctioneer, who was convicted by a jury in police court Thursday of having been drunk at the time of a sale on the night of March 29. The verdict was reached after about 80 minutes' deliberations and was unanimous on the part of the jury.

Lue was advised the magistrate at 9 o'clock this afternoon whether he would pay the fine or appeal from the judgment to the district court.

In a previous trial the jury was unable to agree upon a verdict, the vote standing four for acquittal and two for conviction, according to report.

Defense in the case was based on the claim that Lue was the victim of spite work on the part of the arresting officer, who was accused, it was charged, of being drunk at the time of the result of the commission form election.

The jury Thursday was composed of E. H. Ken, J. E. Smith, R. M. Spurgur, M. M. Holston, J. E. Cress and P. C. Dawson.
