PRICE FIVE CENTS

ACTUAL WORK IS NOW UNDER WAY ON FINANCE PLAN

Effort to Untangle Fiscal Affairs of Russia Consists Largely in Effort to Re-Establish Her Credit

ORNOVA, (AP)—Actual work on a plan for the reconstruction of Russia was started today by experts representing the soviet government, Great Britain, France, Italy, Japan, Belgium, Czechoslovakia and Holland. The heated politics surrounding the Russian problems has been cooled by Mr. Guitcher's announcement that the main line of the plan is to establish a central bank in which the great powers are willing to resume business relations with Russia.

Sir Edward Grigg, private secretary to the British prime minister, and others prominent in the conference, have made it clear that no proposition has been put forward for government loans to Russia, nor government guarantees of loans. The idea of the financial and economic experts is that, when Russia reaches a position where she can give investors assurance that there will be legal basis for undertakings in Russia and that foreigners will have protection under proper courts, abundant credits will be forthcoming for the development of Russian resources.

Only One Difference. The single important point of difference between the Russians and the allied representatives in the unwillingness of the former to restore the freehold title of foreigners' property which has been nationalized, and the unwillingness of the latter to accept the restoration of it, although they are willing to restore it to the former owners for their use.

In the case of factories, this would double the cost of reconstruction. Factories under construction, \$100,000,000 have been nationalized, and the government operates them unless assured that they will be restored may be recognized if the soviet concessions are given a trial basis by Genoa negotiations.

Capital Slow to Move

Many large corporations, having factories in Russia, have decided to consider taking concessions to run the plants as a condition of being permitted to operate them unless assured that they will be restored may be recognized if the soviet concessions are given a trial basis by Genoa negotiations.

Even if the Genoa conference should break up, soviet Russia does not expect war as a consequence, but could consider that a new conference will follow, probably within six months, to discuss the reconstruction of Russia.

MANY RELATIVES GATHER

Four Hundred Relations of California Man, Over 200 Direct Descendants, Hold Re-Union

LOS ANGELES, Cal. (AP)—Four hundred relatives of John Harrell, who, with eight children, came from Ireland to California in the early seventies, will hold a reunion today at Newhall, 35 miles north of Los Angeles. Of the 400, 245 are direct descendants of Harrell.

GOLD FAVED BY BIRTH

COLORADO SPRINGS, Colo. (AP)—Street in this city will be literally paved with gold, according to an announcement made by Russell H. Kimball, engineer for the company in charge of the city's paving program. Dust from the dumps of a nearby mine will be used in the paving operations.

MORE GROUND FLOODED

McCLINE, Ill. (AP)—The levee of the East One-third dike gave way, bringing the stage to 22.4 feet. Mississippi rushed over hundreds of acres of cultivated land, completing the inundation of 110,000 acres threatened when the first levee break occurred in this section eight days ago.

ARMED PARTY RAIDS STEAMER AT DOCKS AND APPLIES TORCH

Blotting at Dublin Reaches Climax in Attempt to Destroy Ship

WHOLE WEEK PAIR

WASHINGTON, D. C. (AP)—The weather outlook for the week beginning Monday, May 1, shows a considerable rain in the Pacific region; and Pacific states generally fair and normal temperatures.

ST. LOUIS, Mo. (AP)—Apparently ending its flood rampage of spring, the Mississippi river today was reported falling gradually from St. Louis to Cairo, Ill., having fallen 17 1/2 feet more than 200 square miles of inundated farm land in southern Illinois, causing a loss of over \$2,000,000 in crops, property and livestock, and making approximately 1,000 persons, mostly negroes, homeless.

Chicago, Ill., to Galena, a distance of 80 miles and about 3 miles in width, are covered with flood waters as a result of levee breaking.

An extensive crop of alfalfa was growing in the flooded section, and with crops of wheat and corn, will almost be a total loss, according to estimates of land owners. Much poultry and livestock have perished.

The river in New Orleans early today showed a rise of three-tenths of a foot, bringing the stage to 22.4 feet, four-tenths of a foot higher than the record established in 1912.

McCLINE, Ill. (AP)—The levee of the East One-third dike gave way, bringing the stage to 22.4 feet. Mississippi rushed over hundreds of acres of cultivated land, completing the inundation of 110,000 acres threatened when the first levee break occurred in this section eight days ago.

Diver Grapples For Life With Giant Devilfish

Engages in Battle Fifty Feet Beneath Surface with Monster of Deep

TACOMA, Wash. (AP)—Battling for his life 50 feet beneath the surface of Puget Sound, Walter McCray, a diver known in marine circles from Alaska to California, came out victorious here yesterday, over a giant devil fish.

The monster wound its tentacles so tightly about McCray that the diver was unable to reach the knife he carries for protection. When one tentacle threatened to cut off the air supply, McCray, through the submarine phone, called for a short steel wrecking bar. With this weapon the diver was able to sever the body of the devil fish and at last, with man and monster still struggling desperately, McCray was drawn to the surface by the diver's assistant and other men called to help.

While Richard Burnett, a dock watchman stood by with drawn pistol, ready to shoot because the diver and the fish were completely tangled, others attacked with what weapons there were at hand and at last the devil fish released its hold and disappeared beneath the water.

The devil fish was one of the largest ever seen in these waters and was the first, McCray said, that ever attacked him.

McCray, who suffered chiefly from exhaustion, was prepared to resume diving today.

FIVE DIE FROM FIRE INJURIES

Explosion at California Gas Filling Station, May, Claim, Still Further Toll

LOS ANGELES, Calif. (AP)—Five deaths were reported early today in hospital at Downey and Artesia, near here, as a result of the explosion yesterday morning of a gasoline tank wagon while crews were fighting a fire in a gasoline filling station at Downey.

Five others, seriously burned in the explosion, were reported in a critical condition in the hospital and here.

A score or more other persons were burned in various degrees. A little fire, started in the house of the gasoline filling station at the edge of Downey yesterday, while a gasoline wagon was filling the large barrel supply tanks.

The fire alarm brought scores of high school students and newspaper journalists in the effort to extinguish the flames. Suddenly one of the tanks exploded, followed quickly by explosion of the gasoline truck. The fire-fighters, who hurried in all directions enveloped in the flames, brought away thousands of gallons of gas.

The force of the explosion was such as to be felt for a considerable distance, and the appalling suddenness occasioned reports of a loss of a hundred lives, which, broadcasted by long distance telephone, brought ambulances and medical aid from Los Angeles and other nearby towns.

Property loss was limited to destruction of the gasoline filling station and one gasoline truck.

LIABILITIES ARE HEAVY

Bankruptcy of United States Food Products Company Discloses Huge Sum Owing

NEW YORK, (AP)—Liabilities of the United States Food Products company against which a bankruptcy petition was filed Friday, total \$30,000,000 and its assets are \$47,500,000, according to a schedule in bankruptcy filed in federal court today.

Liabilities include claims by banks for \$11,200,000 for money loaned; trade credits of subsidiary companies on open accounts aggregating \$16,800,000; drawers' bills and notes for \$4,500,000, and disputed claims of \$209,500.

ON AMBASSADOR'S STAFF

MISS M. VERENA NELL, of Lowell, Mass., has been appointed to the staff of Ambassador Houghton, the new representative of the United States in Germany. She has gone to Berlin to assume her duties.

Wind Blew Inn of Questionable Fame Destroyed by Fire

Road House, Famous for Raids, Poisonings and Suicides, is Burned to Ground

CHICAGO, (AP)—The Wind Blew Inn, Chicago's chief claim to notoriety, and the center of the local Greenwich village, which has come into prominence lately through police raids, poisonings and attempted suicides, was destroyed by fire today.

The displaced, unpainted two-story wood structure, situated on the edge of an extensive residential section, proved just so much kindling wood to the flames.

The police several times tried to close the place, once raiding it and arresting a score of university students, together with numerous long-haired men and long-haired women. The officers said the three candles lighting the two floors did not give enough light to make the place respectable and that the customers were in too close proximity to each other.

MERCY RULES IN COURT DECISION

Woman Who Shot Husband is Placed Under Nine Years Probation

LOS ANGELES, Cal. (AP)—Mrs. Julia Johnston, tried for the murder of her husband, Thomas P. Johnston, at the Long Beach home last summer and convicted of manslaughter yesterday was placed on nine years probation by Judge Ross Avery of the Los Angeles superior court.

According to Mrs. Johnston, her husband was a gambler and bootlegger. She asked him, for the sake of their little daughter, to follow a legitimate calling, she said. He refused. Later they quarreled and she shot and killed him.

Her defenses were temporary insanity, self-defense and accidental homicide. The jury returned a verdict of manslaughter and recommended leniency.

SAYS JUDGES BELONG

MUSKOGEE, Okla. (AP)—"I have been reliably informed and I have good reasons to believe that many of our judges in this state are members of the Ku Klux Klan," George Ramsey of Muskogee, former justice of the state supreme court, declared here last night at a public mass meeting of the New National Liberty league, a proposed anti-Klan organization.

STRIKE BALLOTS DISTRIBUTED TO RAIL EMPLOYEES

Walk Out of 600,000 May Result from Action Taken in Connection with Controversy on Contract Labor

CHICAGO, (AP)—Overseas members about the contract system employed by some railroads in the handling of repair work has resulted in a vote for distribution of strike ballots to the 600,000 members of the railway employes department of the American Federation of Labor. This department comprises the six federated shop crafts and the Switchman's Union of North America.

Authorization for the last ballots was voted at the sixth biennial convention of the department which has since been in session here two weeks and which concluded its sessions today. The vote to send out ballots was taken yesterday.

"If there is a strike, and I feel sure our men will vote loyally for it, it will be in protest of the action of railways in ignoring decisions of the United States railway labor board," said D. M. Jewell, president of the railway employes department.

The labor board has pending several complaints against the contract, or farming out system. It has been expected a decision would be rendered soon after the conclusion of the present wage negotiations.

"The carriers have arbitrarily reduced wages in defiance of the board," said Mr. Jewell. "They have restored the piece-work system and restored the farming out system which is a mere subterfuge by which they dodge labor legislation."

"But this time, I am sure, the issue will come to a showdown. Go far as we are concerned it is a fight for existence."

Mr. Jewell said the wording of the strike ballots was not yet determined, but that the question was simply whether to strike or not to strike. He added that the ballots would be sent out soon and that the result of the vote would be known within 60 days.

Mr. Jewell charged that the roads are "defying the board's rulings" by letting out shops to contractors who are not technically within the jurisdiction of the labor board.

"The carriers have been getting away with it too far," said Mr. Jewell. "We are going to find out whether our contract is to be honored."

# MASONS GATHER IN DEDICATION OF INSTITUTION

New Million Dollar Soldiers and Sailors Memorial Hospital is Formally Opened by Order at Utica

UTICA, N. Y., (AP)—The Free Masons of New York state today dedicated with impressive ceremony the new million dollar Soldiers and Sailors Memorial hospital at the state Masonic home in this city. It is a memorial to members of the craft who lost their lives in the world war.

Robert H. Robinson, grand master of the grand lodge, presided at the ceremony, assisted by his associate grand officers and distinguished members of the order from other jurisdictions. The hospital was erected under the supervision of the war relief administration of the fraternity. The money expended was the residue of the war fund raised by the 230,000 Masons in New York for relief of their brethren hearing arms.

The hospital, which has 232 beds of present, represents the last word in construction and equipment. A staff of physicians and nurses will minister to the needs of the patients. The furnishings have been provided for by individual lodges and generous donations from members. Its maintenance for five years will be provided by contributions among members of the order, after which the income from an endowment fund is expected to carry along the major expenses.

**Fund Established.**  
The endowment fund was established two years ago by an amendment to the ancient constitution of the grand lodge, whereby in addition to individual gifts, lodges pay into a perpetual trust \$10 for every initiate and from \$10 to \$100 for every affiliate.

The new structure forms a striking addition to the group of fine buildings in the beautiful Mohawk valley, comprising the Masonic home, where needy and aged members of the order and their dependents live. The other buildings are the main building, Daniel D. Tompkins Memorial chapel, the Girls' building, presented by Grand Commandery of Knights Templar, the Boys' building, the Administration building and a farm.

The home here is believed to be one of the most complete Masonic homes in the world. More than 25,000 visitors annually visit it and inspect the schools, gymnasium, library and other features. Special attention has been given to orphaned children of Masons. A kindergarten is maintained and the older children are given instruction up to the sixth grade when they are sent to the local public schools. A collegiate education is given to any child whose progress seems to warrant it.

**SNOWFALL BREAKS RECORD**  
HONOLULU, (AP)—Snowfall in Hawaii during the winter months was so heavy that it remained on the ground for three months near the summit of the mountains of Mauna Kea and Mauna Loa, on the island of Hawaii, breaking a record that has stood for thirty years, according to weather bureau officials.

The summits of the mountains, approximately 14,000 feet above sea level, still are covered with 20 feet of snow.

**Definition of Happiness.**  
A clean body, clean air, a clean conscience, the confidence and love of your family, a comfortable home, a patch of roses, violets and hyacinths 'neath the window; music, books and easy shoes. Free from riot, strife and hypocrisy; luminous from self-accepted society, indignation and money neighbors.—Charles Roy Vance.

## "Teddy" Signs on the Dotted Line

"Teddy," a famous movie hound, believes war veterans should have a bonus. Signing a petition is easy for a dog, but a petition to big checks, as surely as it would have been signed if our canines had scratched it and taken it." Another declares Germans have become "guests in their own homes."

## REFUGEES OF RUSSIA ARE TAKING CITY

Entire Section of Berlin Given Over to Occupancy of Former Residents of Land of Soviets; Germans Perturbed

BERLIN, (AP)—Hordes of Russian refugees are flocking here on every train. The arrivals have settled themselves in a section of the city which they occupy almost to the exclusion of other nationalities, and have opened their own restaurants, clubs, saloons and theaters. Some of the Russians are wealthy, but most of them are penniless.

The police have found them a problem as they insist upon their own customs and have little commerce with the Germans. The greatest difficulty is found in compelling the immigrants to observe the one o'clock closing regulations. They follow the Russian custom of locating dinner after midnight and continuing their eating and drinking until daylight.

In several of these restaurants former wealthy Russians are working as waiters, cooks, or entertainers. A prince and his wife, a baron, and another of their countrymen constitute the orchestra in one small eating place. They were banished by the revolution and must work or starve.

Profiteers who made fortunes out of the Russian revolution frequent the cafes in this quarter, where they have become conspicuous figures in the night life because of their lavish expenditures.

**Detracts from City.**  
The German newspapers complain that the great influx of newcomers has deprived Berlin of its "German character." One paper asserts Germany's capital city has become "a foreign

colony, as surely as it would have been some if our canines had scratched it and taken it." Another declares Germans have become "guests in their own homes."

Government quarters, which have shown little concern for the financial status of the refugees, have suddenly become intensely interested in the arrivals, particularly from Poland and Russia, fearing an epidemic of typhus and cholera. German Red Cross physicians have warned the government that unless closer border control can be maintained an epidemic in the spring is certain. The German Red Cross has also notified the government that there is danger of the Russians carrying the plague to America unless greatest precautions are taken, for scores are seeking admission to the United States.

### FIRST STEP TAKEN.

HONOLULU, T. H., (AP)—The first settlement on the island of Molokai to be established in the endeavors to rehabilitate the dying Hawaiian race will be named "Kalaniana'olaha," in honor of the late Prince Jonah Kūhiō Kalaniana'olaha, former delegate to congress, whose efforts resulted in the adoption by congress of the statute providing for the rehabilitation efforts.

The first settlement will comprise 24 Hawaiian families, each of which will be given approximately 20 acres of land, the Hawaiian homes commission, which has charge of the project, has decided.

Prince Kalaniana'olaha was the first member to be appointed to the commission by Governor W. F. Springsteen. Soon after his death last January, his widow, the Princess Elizabeth Kalaniana'olaha, was chosen to succeed him.

### Useful Cigar Ash.

Stains may be removed from polished oak very easily. Sometimes we find, to our dismay, a blue stain on our table or buffet top, made from water or some other moisture. Save cigar ashes until you have what you know will be sufficient, when moist, to cover the stain. Do not use any more water than enough to make a thick paste. Spread over stain and allow to become perfectly dry, then brush off with a soft cloth. You will find the surface restored.

# RUSSIA WILLING TO SMOOTH PATH FOR AMERICANS

Urgent Need of Capital in Manufacturing and Commercial Centers Leads to Overtures to Any Willing to Come

MOSCOW, (AP)—Soviet Russia is ready to waive numerous technicalities and make it extremely easy for representatives of big American firms to reach Moscow if they have serious intentions and actual financial backing, but is more or less "fed up" with American promoters, George Chicherin, commissar for foreign affairs, told the Associated Press correspondent in an interview.

When the correspondent told Mr. Chicherin that many American business men desiring to reach Russia lost much valuable time because of the red tape, the commissar said Russia had to be careful whom she let in, but was not trying to thwart those with legitimate business.

"We have had painful experiences with persons representing themselves as having big backing and in reality having none," he added, "so we have to investigate the applications for assistance. But if persons representing really big concerns and having serious intentions want to visit Russia, it will not even be necessary for them to apply in person to one of our legations or missions; for a vice. They can save valuable time by conducting these preliminaries through their representatives abroad."

### America Must Help.

"Prompt economic reconstruction of Russia and the world is not possible without American participation," he continued. "For example, there are great quantities awaiting capital in Siberia, particularly along the Obi and Irkutsk rivers. Timber, coal and iron ore are there and in many places there is excellent soil and good climate. Only American capital could or would undertake such magnificent, worth while task as the development of this country. It is a task for American pioneer spirit, opening up a new country where America itself has no more great openings for pioneers."

## GRAND JURY AT BURLEY NEARS END OF INQUIRY

Industrious Body Convened to Probe Bank Closings, Develops Much Time to Highway District

BURLEY—Indications point to an early completion of its work by the grand jury called to investigate the circumstances surrounding the closing of the four banks in Cassia county and such other matters—as citizens may bring before it. Current opinion, says The Burley Bulletin, is that the jury will finish its work by the end of the present week or early next week.

Judging from the witnesses called it is apparent that the jury has devoted most of its time during the past week to matters connected with the Burley highway district. Circumstances comparable with the closing of the four banks in the county have also been under investigation, as well as the affairs of certain school districts.

It seems likely that the jury will bring a number of indictments, in that case the persons accused will be brought before the courts of the state with regular juries just as in other cases. The expectation that "it may be a good thing to have a grand jury every two or three years," is often heard on the streets here now. Everyone with a grievance has been given an opportunity to take it before the jury, and the general feeling in this community is much improved.

### West Unsettled.

Always stand wet umbrellas on their handles to dry. This allows the water to run out of them instead of into the part where the silk and the metal, thus causing the metal to rust and the silk to rot.

Happenings of a Day In Sports

LOCALS DEFEAT POCATELLO

Twin Falls High Defeats Railroad Town Students by Score of 19 to 2

The opening of the high school baseball season took place yesterday afternoon when the locals defeated the team from Pocatello to the tune of 19 to 2.

With a perfect day to play, Coach Evans' boys started in from the first inning and piled up enough runs to win five games.

Pocatello brought out a southpaw chucker in an effort to win the game, but crooked arm slanders seemed to appeal to our lads.

The Railroad City boys, due to the fact that weather conditions had made it impossible to play, had a bye game consideration, everything. True, they made 14 errors, but they were made on hard hit balls.

The outstanding feature of the game was the throwing of Cliff Fix. Cliff used his head, and never once was in danger. He was called to a shut-out, the first run being a gift from Gene Thometz, and the last run which came in the ninth, was donated by Stanley Cron.

Laval Jarman in sliding to third in the fourth that was his mistake, and had to leave the game. He was due to chuck today's game, and at a late hour today, Coach Evans was undecided as to whether he would use him or not.

In Dean of Outchewers Bob Putzler caught his usual heady game and is beyond a doubt, the dean of high school catchers in this section.

Crom led the stickers with three outs of three hits to the plate, one triple and one double. For Pocatello, Jackson at first base looked the best. He hit hard, and fills his position nicely.

The returns game will be played in Pocatello May 5 and 6.

Have Some Peanuts?

second, the ball hitting Putzler, who was on first base.

The fourth inning gave the fans a real thrill. With Jackson on second, Fix, Hammond and Cron executed as pretty a double play as has been seen here in a long time.

Putzler's catch of Felsted's high foul in the fifth was a dandy. Hammond also made a beautiful catch of Button's foul in this inning.

Felsted covered first on Fix' roller to Jackson, in the fifth, completing a real piece of fielding.

The musty hidden ball trick was worked on Harper in the sixth.

A hit and a walk couldn't produce a run for the visitors in the seventh.

Nye took L. Jarman's place in right field, and on his first appearance at the plate in the seventh, he cracked out a corking triple to the fence.

More notes Monday.

Home Three and Half Miles Up. Mr. W. Harcourt, in "Nature" says that to his personal knowledge there is a house built at a greater altitude than the one mentioned by Professor Bowman, who, in his work on "The Andes in Southern Peru," describes a Peruvian dwelling built 17,100 feet up in the mountains.

Sad Error

"Doctors are now realizing that greater care should be taken in making up prescriptions," states an evening paper. And yet only last week we heard of the case of a medical man who sent a poor patient's medicine to his eldest patient with the unfortunate result that a delicate cure was effected.

NOTES OF THE GAME

Fix made a beautiful assist of Cox's roller in the first.

With two men out in the first, Cron tripled to center field, but was left there when Jackson tossed the game three straight times.

The locals made two markers in the first attempt, after two men had walked back to the bench. Putzler doubled to left, Fix tripled to left, scoring Bob, and Thometz chased Fix in with a double, by Fix 7; base on balls; off Putzler 3; off Fix 7; double plays; Fix to Hammond to Cron; time of game: 2 hours 10 minutes; umpire: H. Whitzler.

In the second Fix fanned the first two men to fill his time.

The locals piled up seven runs in the second on two infield hits, two walks and four errors.

In the third, Borgatz was safe when Cron fumbled his easy roller. He stole second. Two infield flies held him there. Cox, the next man up, singled through short. Thometz fumbled, allowing Borgatz to score. It was an easy roller and Thometz with perfect fielding would have held Borgatz at third.

Fix had hard luck in the third when he hit a foul one between first and

Conrad Nagel and Dorothy Dalton in a scene from the Cecil B. DeMille Production 'Fool's Paradise' - A Paramount Picture

GOOD VAUDEVILLE COMING DOG IS WORTH WATCHING

Monday Night Bill at Orpheum Promises One of Best Evenings' Entertainments

A clever aggregation of versatile artists will appear in the new vaudeville bill at the Orpheum theater on Monday next. Headed by the incomparable novelty, wenders, The Sterling Rose Trio, showing feats of strength and grace on the flying rings. They are skilful acrobats, gorgeously attired and do many musical numbers, during their marvelous and daring performance.

Edna Reming in a character comedy; the satirical pantomime and comedy illusionists, assisted by Dot Haynes, are comedians both original and funny and do many new and novel slight of hand tricks.

Castle and Belmont are a nifty pair of vaudeville's subjects in a singing and dancing offering which will start the show in a lively manner with their favorite dancing and new song bits.

FAMOUS FILM ON THE WAY

The "Forbidden Woman," Scheduled for Orpheum Theater, Declared Well Worth Seeing

Lenore J. Coffey, author of "The Forbidden Woman," which is soon to show here as the second Equity vehicle with Clara Kimball Young as the star, was formerly a newspaper woman at San Francisco and before writing her famous book or becoming interested in film things wrote an interview with Miss Young, which was so attractive to the stars that Miss Coffey was immediately signed up to a long contract to write exclusively for the Garson studios. Miss Young will be seen in "The Forbidden Woman" at the Orpheum next week.

READ THE CLASSIFIED ADS.

is the property of the character portrayed by Conrad Nagel. He is temporarily blinded and "Pal" assumes the duties of piloting his blind master. "Pal" is not vicious, but he takes his work with deadly seriousness. "Fool's Paradise" exhibits a remarkable cast which includes Dorothy Dalton, Mildred Harris, Conrad Nagel, Theodore Kosloff, John Davidson, Julia Faye, Clarence Burton, George Field, Jacqueline Logan, Kamuela Searles and other notable players.

NEW MARION DAVIES FILM

A brilliant cast supports Marion Davies in her newest Cosmopolitan-Paramount picture, "Beauty's Worth," which is coming to the Idaho theater, beginning Wednesday next. Forrest Stanley is Miss Davies' leading man, as in "Enchantment." "Beauty's Worth" was written by Sophie Kerr and directed by Robert G. Vignola. The scenario was prepared by Luther Reed.

(Continued on Page 4.)

Energy Derived From the Sun. It is estimated that the work done on this planet of ours by the radiant energy of the sun is equal to that which would be required to pump from the ocean enough water to supply a Niagara 75,000 miles wide. To equal the energy which the earth receives from the sun would call for a row of Niegars edndring the earth three times, with every foot-pound of power utilized in electric horse power.—Philadelphia Ledger.

Edited by Mrs. E. B. Williams. Telephone 204.

Mrs. M. W. Kunkley was hostess to the drama and literature department of the Twentieth Century club Friday afternoon at her home on South avenue east. The program was on the Hawaiian Islands, Mrs. Kunkley giving a most interesting account of her visit to this interesting spot and displaying many curios and articles of various kinds collected while there. Officers for the coming year were elected, Mrs. F. C. Wyatt being chosen president, and Mrs. F. C. Dawson secretary. During the social hour the hostess, assisted by her daughter, Mrs. W. E. Pike, served dainty refreshments.

Mrs. E. B. Johnson and Mrs. E. F. Taylor were hostesses Friday afternoon at the home of the hostess on South avenue east, at the annual guest day of the Aetna club. The rooms were charming with vases and bowls of sweet peas. During the afternoon Mrs. D. Stover gave several piano solos. Refreshments were served from a table having seven spots for a centerpiece. Pink candles with pink stencils, in crystal candlesticks, added to the beauty of the table, which was presided over by Mrs. S. H. Proctor, of Kimberly, and Mrs. E. F. Ashbury. Guests for the afternoon were Mesdames J. E. White, E. E. Crabtree, S. H. Proctor, H. A. Driske, C. H. Blinn, E. F. Ashbury, O. C. Frost, F. L. Dogswell, Thomas Matz, Goldie Morrison, Edgar Davis, and C. S. McMartin.

Mrs. E. F. Ashbury and Mrs. O. C. Patnot entertained four tables of "500" on Wednesday afternoon. Mrs. W. Taylor was the successful contestant for high honors. Mrs. O. C. Harvey was awarded the consolation. At the close of the card games a two-course luncheon was served. The guests were Mesdames Frank Baldwin, Louis Livingston, O. P. Bowles, H. M. Drasin, C. E. Cliff, J. E. Cress, H. O. Dickerson, Dickinson, J. E. Harvey, M. M. Holton, Leonard, Frank Lawson, E. F. Johnson, E. F. McNew, W. A. Patrick, W. W. Taylor and L. C. Trousdale.

The American War Mothers met in the Reed amusement hall Friday afternoon with Mrs. David Brown, Mrs. Hiller, Mrs. Arwin and Mrs. Wynn as hostesses. After the business session delicious refreshments were served and a social hour was spent.

Mrs. C. A. Miller and Mrs. Mary Anderson entertained last evening at Mrs. Miller's home, 430 6th avenue north, for Miss Irene Visser whose engagement to J. D. Blinn was recently announced. A three-course luncheon was served at seven o'clock. Yellow and green predominated, daffodils forming the centerpiece on each of the three tables. After the luncheon the ice cream carried in with his ice long a so-called cake of ice, a box covered with white crepe paper and containing miscellaneous sherry gifts for the bride-to-be. After the men received his usual reward and the gifts were opened, the rest of the evening was spent at cards. Mrs. Visser winning the prize. Gifts included Mrs. Bruce Watson, Mrs. Clyde Simpson, Mrs. S. M. Henderson, Mrs. C. M. Ambrose, Mrs. John Visser, Mrs. Francis Ellis, Miss Ada Walkington, Miss Nellie Dellin, Miss Frances Anderson, Miss Edna Beauchamp, Miss Lola Visser, and the guest of honor.

L. C. Trousdale's class of young men of the Presbyterian Sunday school entertained the girls of a corresponding age in Miss Mary Bath Fisher's class with a banquet party in the church parlors Thursday evening. The rooms were arranged to represent Ellis Island, and most of those present were dressed to represent various countries. Entertainment was inspected to the monetary amount of money on hand, and so on. About half were found defective and had to pass special examinations, calling for different sorts of stunts under the direction of the inspectors. The guests were then taken to the Ellis Island cafe and seated at tables where they found at each corner a menu card with numbers from one to ten inclusive, and told to check two numbers, each person receiving two articles of food characteristic of different countries, such as rice, oatmeal, potatoes, chili. Some of those present were so fortunate as to receive only vegetables and meat. Oyster stunts were performed to negotiate the immigrants with the customs of the people of the United States. The evening was a jolly one and the hosts voted royal entertainers.

Mrs. W. Z. Iron entertained the Shamrock club Thursday afternoon. An interesting program was rendered under the direction of Mrs. Frank Wood. After a social hour the hostess served delicious refreshments and adjourned to meet with Mrs. E. H. Olinstead on May 3.

SETTLEMENT IS EFFECTED. FORT WORTH, Texas, (AP)—Settlement of the coal strike at Biggeport was effected yesterday at a conference between miners and operators. The 300 miners will be back at work Monday. Some of the men started work this morning when the strike blew after being silent for three weeks.

A New Air Jitney for Every Home

Lawrence Sperry of New York has invented an "air Jitney" which drunks at your favorite gas station, can travel 100 miles an hour, costs less than a Ford, and can land in the street that fronts your lawn. It weighs 300 pounds and "takes" in your private garage.

LEGION WILL BE GIVEN A VOICE

Senate Republicans Expect to Confer with Organization Before Taking Action

WASHINGTON, (AP)—Plans for financing the soldiers' bonus were discussed today at a conference of senate finance committee republicans, but Chairman McCumber said no definite decision had been reached. Before there is a conclusion, he said, representatives of the American Legion will be called in. "I do not think that under any circumstances the bill will provide for any additional taxes," declared the chairman. The chairman said there had not been sufficient discussion to make any forecast as to whether the original cash bonus feature would be restored. He added, however, that it might be that provision would be made for paying back to men entitled to not more than \$100 in adjusted service pay. The house bill fixes this figure at \$75. Senator McCumber expressed the opinion that President Harding had not made up his mind fully to vote any bonus bill that did not specifically provide for means of financing it.

RECEIVER APPOINTED

COLUMBUS, O., (AP)—On application of the Whitaker-Gleason company manager, of Wheeling, W. Va., Judge John E. Sater, in United States district court, appointed a receiver for the Sears and Nichols Canning company of Chillicothe, O., one of the largest food canning companies in the United States.

UTAH MURDERER IS FOUND GUILTY

Roy E. Donnell, Slayer of C. A. Faus, Sentenced to Life Imprisonment

SALT LAKE CITY, Utah, (AP)—Roy E. Donnell was found guilty of first degree murder and was sentenced to life imprisonment in the Utah state penitentiary here today in connection with the slaying last Feb. 11 of C. A. Faus, prominent Salt Lake wholesale druggist. Faus was shot and killed during an attempted robbery of his home and two other persons, G. Bert Brighton and Angeline Weinbacher, are yet to face murder charges in connection with his death. The slaying occurred in the Faus home and she is alleged to have plotted the robbery. Donnell was apprehended at Yermo, Cal., soon after the murder and was extradited to Utah. He is a former resident of Sheridan, Wyo., and his mother came from that city and was with him at the trial.

TRIAL DATE IS SET

SALT LAKE CITY, (AP)—Judge L. B. Wright in the district today set May eighth as the date of the trial of George H. Gardner, charged with the murder of Deputy Sheriff Gordon Stuart on his farm near Worthy, Utah, last Saturday. Preliminary hearing was held yesterday when Gardner was bound over to the district court.

RAILROAD IS UPHOLD

CHICAGO, (AP)—Federal Judge George T. Page today upheld the Pennsylvania railroad in its suit to test the power of the United States labor board, by refusing to dilamas the temporary injunction recently granted by Judge Landis restraining the board from ceasing the road for violation of the board's decrees.

COLLINS SPEECH NOT PERMITTED

Proposed Address at Killarney Interrupted and Serious Trouble is Imminent

BELFAST, (AP)—Michael Collins upon his arrival this afternoon at Killarney to deliver an address, was not outside the depot by an Irish republican army officer, armed with a revolver, who warned him he would not be allowed to speak until an Irish fleet at Liskerry, County Kerry, where the officer alleged one of his men was fired at, and been cleared up.

Mrs. Collins, who was accompanied by Commandant General John McKeown, proceeded into town, whereupon the officer ordered the troops occupying the railroad to surround the depot platform at the market place where Mr. Collins was to speak. A number of men in uniform carrying rifles and bayonets rushed out of the building from which a man carrying a machine gun also emerged.

EXPLOSION KILLS TWO

SALT LAKE CITY, (AP)—Mortila Blomson, Elsinore, Utah, rancher and his sixteen-year-old daughter Mabel, died today of injuries suffered yesterday in a gasoline explosion at the Blomson ranch, according to a story published by the Salt Lake Deseret News.

READY FOR KNIGHTS TEMPLAR

NEW ORLEANS, La., (AP)—Gulf decorated, New Orleans is ready to entertain the thirty-fifth triennial convocation of the Knights Templar which begins Monday. Thirty-five thousand templars and members of their families are expected.

Preserving Varnish Brushes.

The man who regularly varnishes his floors will not want to invest in new brushes each season when the time comes to touch up his floors. Varnish brushes should never be put into water. They should be suspended to corked jars of linseed oil. The method of suspension is to insert a small hole in the center of the cork and wedge the end of the brush into this hole.—Popular Science Monthly.

Eighteen Year Old Defendant in Murder Case at Idaho Falls Takes Stand

IDAHO FALLS, Idaho, (AP)—Guy Nelson, 18-year-old defendant, on trial here with his brother Clyde Nelson, charged with the murder of S. A. Browning last November, took the witness stand this morning and told how he went into the store, on the night the shooting was said to have taken place, speared with a blue handkerchief covering his entire face with the exception of his eyes, told Browning to put up his hands, and explained how the guest answered: "What?" and turned in his chair and reached for a gun. Nelson testified that he ran to where Browning was sitting and grabbed his arm, in an effort to secure the gun. He also told of the shooting that followed stating that Browning shot first, and that he had not realized that he had shot until later. This testimony came after a outburst from the defense that a direct verdict of "not guilty" be made for Clyde Nelson, older of the defendants, which was overruled by Presiding Judge Oviatt.

PROPOSED INCREASE HELD UP. WASHINGTON, D. C., (AP)—Increase in through rates on apples from the North Pacific coast to eastern consuming points, which would have become effective May 24 under alterations in existing freight schedules were prevented today by the Interstate Commerce Commission, which ordered the railroad proposals suspended until August 22. An investigation will be instituted in the meanwhile to determine the reasonableness of the advance.

WAY PRESENTS ARGUMENTS ON TRAIN SERVICE

Traffic Association Secretary Covers Situation as Whole Involved in Short Line Petition to Curtail

In addition to arguments based upon claims of necessity and convenience presented at a series of hearings by residents of the districts affected, the state public utilities commission, in passing upon the application of the Oregon Short Line for permission to curtail passenger train service on several branch lines in Idaho, will take into consideration an argument of general character presented at Shoshone Wednesday by Leonard Way, secretary of the Southern Idaho Traffic Association...

Attends All Hearings

Mr. Way has attended all of the hearings on the application, the last one being held on Thursday at Fairfield. He represented this district at a hearing in Twin Falls where he opposed the proposed curtailment in so far as the Rogerson branch was concerned.

In general argument against the application at Shoshone Wednesday Mr. Way argued to the commission that existing train service in Idaho was unimpaired and discriminatory in that there were operated on the main line between four and eleven trains daily and on the Boise branch line six trains were daily...

First Artificial Eye. Artificial eyes originated in Egypt. At first they were made of gold and silver, then of copper and ivory.

Jud Tomkins says that when a city is crowded with visitors from all parts of the world the best way for an interpreter to understand an automobile horn.

COAL DEMAND IS SLOWLY FALLING

Close of Third Week of Strike Shows Little Difference in Available Supplies

CHICAGO, (AP)—The end of the third week of the nation-wide suspension of coal mining operations finds demand and stagnant markets for all grades at prices practically unchanged as compared with values of April 1.

Trade reports here show practically no demand for industrial or domestic coal, except for use in steel plants, which require a quality produced almost exclusively in West Virginia and Kentucky fields.

Illinois fields produce approximately 400,000 tons of steel production, in storage.

Trade estimates indicate that there are about 1,000,000 tons of the 4,500,000 tons above ground at the beginning of the production.

Non-union field production during the past three weeks is estimated at 10,000,000 tons.

Weekly consumption now is estimated at 7,000,000 tons.

Anthracite production has completely stopped.

Using Fuel Oil Kentucky and West Virginia bituminous output of blast furnace grades is reported to be short of requirements.

National headquarters of the unions report a growing roll of the men out of the mine, placing the number now at 680,000.

TO DEVELOP IRRIGATION

Columbia Basin League Organized with Representatives Present From Three States

PASCO, Wash., (AP)—Organization of the Columbia Basin league, dedicated to the development of the Columbia basin irrigation project, was completed here last night.

The league included opening of headquarters at Washington, D. C., an educational campaign, an appeal to congress for the appointment of a federal Columbia basin commission and a separate appropriation for the use of the commission.

PAY DEBITS IN JEWELRY

WABSAW, (AP)—Gold bars, almonds and other precious stones valued at 10,000,000 gold rubles, or approximately 85,000,000 have been received by the lithuanian government from soviet Russia in lieu of rolling stock.

The first of the Biga prizes treaty of 1921. This is the second installment of the first payment of gold and precious stones having been made last December.

The shipment came in special cars with armed guards and upon its arrival in Warsaw the gold and stones were placed in vaults of the Polish government bank.

DECLARES MANY FLOGGED DAILY

American College Place Under Government Control; Censorship Strict

LONDON, (AP)—A dispatch to the London Times from Cairo says the newspaper at Monakattan has learned that a report from Cairo, that the American college at Beirut has been placed under local government control, that persons recently arrested in Beirut are flogged daily and that the independence movement has extended to Haran.

The Times adds that there evidently is a most strict censorship at Beirut and Damascus.

CHINESE GIVE UP EFFORT

Truce Among Warring Tonges Declared Impossible and War Will Proceed as Usual

SEATTLE, (AP)—Representatives of Chinese organizations from Washington, Oregon and California, who have been in conference here the last three days in an effort to bring about a truce between the warring tonges, were said today to have abandoned their peace efforts and to have indicated that "war to the end" is their motto.

Members of the Seattle Chinese Protective society were said to have declared last night that the peace session abandoned when envoys of the Hip Sing tong refused to consider an armistice.

Police were keeping a close watch on the Chinese quarters today.

TWO POLICEMEN KILLED

ST. LOUIS, Mo., (AP)—Two policemen were killed today by three bandits who held up the local officers of Morris and Company's bankers, and escaped with between 400 and 875 of payroll money.
