ELEVEN DIE FOLLOWING BIG STORM

Over 1500 Rendered Homeless with Property Loss Estimated at Over \$600,000 in Damage Declared Worst in Years

FORB WORTH, Texas, (AP)—Eleven persons were drowned, at least 1500 made homeless, the city water plant put out of commission, other public utilities endangered, property damage of \$600,000 inflicted, all transportation traffic was suspended and street car service crippled as a result of a storm, the most terrific that ever visited Forb Worth and vicinity, last night and this morning.

Greatly in the business and residential sections are overflowing and in some sections are impassable as a result of high water and floating debris following heavy rains last night. Floodwaters are still rising, but it is believed that a 24-hour period will be records. Reports from other portions of North Texas are to the effect that the rain is general and a reversal of the flood conditions of the early part of the month is indicated.

Rainfall Makes Record. The Trinity river stood at 33.5 feet this morning, next to the highest ever recorded here. Seven inches of rain fell last night, also a record. The levees around the city are holding everywhere and no immediate danger from this source is felt. Entire sections of the city are out off. A complete check of damage has not yet been made by police and Red Cross officials.

PRICE FIXING MAIN OBJECT OF OPERATION

Open Path from Producer to Consumer Vitality Necessary - Open Price Associations or Most Part Feasible

BAITMORE, Md., (AP)—All the open price associations thus far investigated by the federal trade commission have been found to have for their direct object the fixing and controlling the enhancement of prices Houston Thompson, a member of the commission, declared today in an address here before the National League of Women Voters.

"I have never found one," said Commissioner Thompson, "that did not either fix prices or cause curtailment of production to the point where it ultimately paralyzed the market." "The 'one deep, dominant note of the whole movement,' as determined by the Trade Commission by its report, 'was an increase of prices.' "Not All in Same Class. Making it plain that he did not attack all forms of business associations, Mr. Thompson defined the "open price association" as one in which the principal producers of an industry organically exchange current prices, usually through central headquarters, all information as to orders, production and shipments. With regional organizations, nationally tied together, the system resulted in either fixing of prices, or curtailment of production to produce a "made-to-order" market," he said. "As long as those who control them are human beings," he asked, after recounting the experience in several industries, "is it possible to avoid the fixing of prices and the tendency to curtailment of production?"

Human Nature Prevails. "In all of them," he concluded, "human nature goes the upper hand and it is this that we should open the channels of trade so that the cycle from producers to consumers and back again should be an unbroken one." "Associations having the price fixing object, he said, were under the ban of the law, and business men had no real ground for complaining that 'fog or doubt' covered the legality of their trade practices in joining them. "Keeping alive the competitive system," he suggested, "was the best way out of the present economic situation."

SOVIETEERS WHO "TRICKED" LLOYD GEORGE AND ALLIES

RIGHT: THE RUSSIAN DELEGATION signed a secret treaty with Germany at Genoa, they are said to be "laughing up their sleeves" at the discomfiture of Lloyd George and the Allies. At extreme left is Rosenberg, Tschitcherin's chief press agent; left to right, Negandoroff, Malvanti, Bogradin, Sapronow and Babinin.

Press of America Biggest Factor in World Recovery

Lady Astor, First Woman Seated in British House of Commons Declares Newspapers Can Unite Warring World or May Inflammate Public Mind to Point of Chaos

NEW YORK, (AP)—Lady Astor, in the speech which she prepared today for the annual luncheon of the Associated Press at the Waldorf-Astoria, defined as the pearl of great price which she was striving to place in public life by entering politics, "what any man gets from his mother and most men get from their wives if they choose wisely—unselfishness, vision, courage and cleanliness."

But, said the first woman seated in the British house of commons, to turn to practical politics, what the world now needed most in a practical way was work, and trade was the most practical way to start work. "Establish confidence," she urged, "first confidence between capital and labor, then confidence in your government, then confidence in other nations."

"There, she continued, was where the press came in. They are trustworthy. That is the opinion formed by the people who know in England. "If the press wants to unite countries at can. If it wants to disseminate it can. "America wants peace. America started the league of nations. All Europe looks to America, not for large armies, not even for food, but for a great moral lead. 'Help us—"

Flood Damage in State of Illinois Reaches Millions

HEARDSTOWN, Ill., (AP)—Flood damage in Illinois, caused by the recent heavy rains and the consequent overflowing of the rivers throughout the central part of the state will reach \$20,000,000, State Senator E. C. Mills, of Virginia county, estimated today after a survey of the stricken territory. Thousands are homeless in the southern portion of the state, according to Mr. Mills, who will report to Governor Small here today on his survey with the recommendation that a special session of the legislature be called to provide relief for the suffering.

INDIANS LUNCHEON GUESTS

Nez Perce Chiefs in Full Regalia Attend Social Session of Chamber of Commerce

BOISE, Idaho, (AP)—In full regalia yesterday, David W. Scott, chief of the Nez Perce Indian tribe, with his interpreter, Joe Brocheau, attended a luncheon at the Boise Chamber of Commerce Monday as honor guests. The luncheon was the first one of a series staged this week by the Boise Chamber of Commerce to entertain the Nez Perce Indians as they returned to Idaho after their recent visit to the United States. The speakers were college professors and other educators and the Nez Perce Indians seemed thoroughly to enjoy and appreciate the significance of the talks. They are in Boise conferring with District Attorney E. G. Davis over rights they claim the "treaty of Walla Walla" gave them to hunt and fish in Idaho without license, as well as other privileges the white man's laws have taken from them. The conferees will end today.

SPECIAL AGENT DISMISSED

WASHINGTON, (AP)—By direction of the attorney general, W. O. Watts, special agent of the department of justice, was removed today "for disloyalty" to the department "after the admission that he had furnished to Representative Johnson, republican of South Dakota, certain information on which Mr. Johnson based an attack on the department in a recent speech in the house.

DOBB IS FATAL

CHICAGO, (AP)—While Arthur M. Lane begged forgiveness of his young wife, Lillian, in a taxi cab racing to hospital she died from poison taken following a marital quarrel.

CONFERENCE IS AGAIN NEARING DISCORD STAGE

Affairs at Genoa Complicated by Necessity of Adjusting New Soviet Demands with Program of Allies

GENOA, (AP)—The Genoa conference is drifting toward the rocks again. Whether it can be kept from wreckage depends on the possibility of adjusting the new demands of the Russian soviet delegates with the position of the allied governments, who declare they will stand steadfastly by the resolutions adopted at Cannes, on which the conference is founded. Foreign Minister Echeburria of soviet Russia declared to the Associated Press today that allied reluctance to the Russian principle of nationalization was blocking the economic conference.

"It is obvious," he said, "that the only serious obstacle to peace with Russia and general reconstruction are the pretensions of a few former owners of the French premier's frank writing in his address at Paris-Due yesterday that France will withdraw from the conference if she is unable to accept the ideas expressed by the French cabinet before parliament can triumph. These French practical demands include maintenance of the war reparations figures, a settlement of all international disputes and no changing of the existing treaties at Genoa. In addition France insists on rigid adherence to the Cannes resolutions, which call for the payment of Russia's pre-war debts and the restitution by the soviet of foreigners' property in Russia.

Proposals Differ

The conference of experts on the Russian question broke up yesterday and adjourned sine die because the experts representing the powers found the Russians' new set of proposals absolutely in contradiction to the soviet note accepting the allies' terms as a basis for future deliberations. Yesterday the bolshevik announced their declaration to restore private property because everything was nationalized in Russia, but in their note of acceptance they voiced willingness

TRAGIC DEATH WILL NOT HALT ROAD BUILDING

Idaho Central Company Secretary, in Message to Twin Falls Attorney, Says Plans Are Not Impaired

Death of George L. Davis, president of the Idaho Central Railroad company at San Francisco Saturday, will not in any way affect the construction of the Idaho Central railroad, according to a telegram dispatched by Joseph L. Stewart at San Francisco, and delivered last Monday afternoon to Turner K. Jackson, Twin Falls attorney. Mr. Stewart, secretary of the Idaho Central company.

Delivery Is Delayed. Because of the illness of Mr. Hackman, who is a patient at the county hospital recovering after an operation following a severe attack of appendicitis, there was considerable delay in communication of the message from Mr. Stewart to officers here for construction of the railroad was a topic of general discussion here when the news of the tragic end of the railroad builder came here Monday.

Officials of the holding company and others expressed the opinion that the occurrence would not of necessity affect the plans materially, but there was no definite statement from officials of the railroad company. Chamber of Commerce Inquires. Members of the Twin Falls Chamber of Commerce Monday inquiring of the Idaho Central secretary, Joseph L. Stewart, to ascertain the right to the railroad.

"Press wires say Davis succeeded, Public anxious to know what Idaho Central company is doing concerning the Idaho Central railroad. Will you please inform me of the status of the holding company and to the newspaper in your city to this effect. Letter will follow."

LOWER RATES BLOCKED

Proposed Reductions in Wyoming Coal Rates into Utah Bring Vigorous Protests from Operators. WASHINGTON, D. C., (AP)—An attempt by the Oregon Short Line railroad to reduce rates on coal from Wyoming mines to points in Utah south of Ogden by approximately 25 to 30 per cent was blocked today by the interstate commerce commission after the local schedule, filed December 8, 1921, had been suspended and held out of effect all winter.

The commission announced protests of Utah coal mine operators against the lower rates which would have put coal from Wyoming into their own state markets on a competitive basis. IDAHO WEATHER. Tonight and Wednesday fair.

KENTUCKY FEUDISTS JOIN IN GENERAL PEACE MOVE

Issuance of 200 Warrants for Members of Warring Elements Brings About Reconciliation of Heads of Factions Upon Basis Unknown in Years—Possemen Combing Hills

MANCHESTER, Ky., (AP)—Feudists of Clay county, who a few months ago were ready to shoot opposing clansmen on sight, have joined hands with each other and with the civil authorities to clean up Mill Creek, following the action of Circuit Judge Elmer F. Johnson, who yesterday issued warrants for the arrest of two hundred mountaineers. All persons in the Mill Creek territory over 12 years of age will be arrested by the posse in Judge Johnson's drive to stop lawlessness in the Kentucky mountains.

Baby Lepers Will Be Segregated in Public Orphanage

Two Hundred Children Born of Afflicted Parents to Be Gathered in Manila

MANILA, (AP)—Returning yesterday from an inspection journey through the southern islands which included the Cebu leper colony, Governor General Wood announced 200 children born of leper parents would be brought to Manila within a few days. The children are from two to three years old, but are free from leprosy. It was originally the intention of the consular body to establish a separate colony on Cullion island for the children, but experts of the Rockefeller foundation who visited the island with Governor Wood decided it was more feasible to bring them to Manila. They will be placed in a public orphanage with danger of their developing the disease has passed. A conspiracy among the Mill Creek residents to thwart the law has existed for several months, deputies declared, by force of arms if necessary. The plotters have agreed among themselves that they will kill any who oppose their illegal practices, according to the deputy sheriffs. Judge Johnson issued warrants that every dwelling and outbuilding in the neighborhood of Mill Creek be searched and all large fire arms taken.

Love Has No Price But \$10,000 Verdict Assessed by Judge

Woman Who Alienated Affections of Another's Husband Must Pay Stiff Sum

CHICAGO, (AP)—"Love has no price," declared Judge Willis F. Graham, when he awarded \$10,000 to Mrs. Rose Bush in the case of Mrs. Bush suing Miss Ambert Bright, a divorcee, on a charge of alienating the affections of her husband, Edward Bush, a millinery salesman. "I pleaded with her to give him up for the sake of her children. She laughed in my face like a haughty vampire," said the wife. "I will not give him up. I want him," Miss Bright is said to have replied.

Joint Agricultural Commission Lays Stress upon Necessity of Highway Construction

WASHINGTON, D. C., (AP)—Large expenditures will be necessary to bring the two and a half million miles of rural highways in the United States up to the standard of efficiency comparable to their extended use in motor transportation, in the opinion of the joint congressional commission of agricultural inquiry whose general conclusions on the subject were announced today by Chairman Anderson. In the second report of the commission's studies, the report having dealt with agricultural freight, the chairman also made known its conclusions regarding electric railway development as affecting rural communities and questions relating to the postal service. The commission Mr. Anderson said, will recommend that congress continue to promote an adequate program of highway construction and maintenance directed to the more effective correlation of highway transportation with rail and water transportation and that the department of agriculture, with particular reference to farm-to-market roads, the necessity of cooperation among the states to effect a uniform basis for taxing motor trucks and other motor vehicles, to fully represent the needs of highway engineers, chargeable to such vehicles, will be urged by the commission, it was said as well as the need for uniform regulation of motor traffic.

ALLIANCE SUGGESTED

TOKIO, (AP)—Some newspapers today publish dispatches declaring the Siberian government at Omsk and soviet Russia had agreed to cooperate against the anti-bolshevik forces of the Vladivostok government in efforts to drive the Japanese troops out of Siberia.

MURDER PRELIMINARY ON SALT LAKE UTILITY

SALT LAKE UTILITY, (AP)—Preliminary hearing in the trial of George E. Gardner and Mrs. Martha Gerding charged with the murder of Jas. W. Irvine at the Gardner ranch, near Salt Lake, began today before City Judge Ben Johnson.

PASSENGER AIRPLANE MISSING

KEY WEST, Fla., (AP)—The commercial airplane Santa Maria, which left Monday at 6:10 a. m. for Nassau with six persons aboard, including the captain, has not arrived at its destination and several airplanes of the Atlantic squadron left here early today to search for it.

SUGGESTS FINE FOR ABSENTEES

Churchman Would Compel Attendance on Penalty of Cash Settlement

LONDON, (AP)—The alternative of going to church on Sunday or playing a fine is suggested by the Rev. Robert Forman Horton, one of England's most noted Nonconformist ministers, as a means of raising sufficient revenue to run the country without plunging it into bankruptcy.

Dr. Horton's suggestion is said to be based on a law passed in the reign of Edward VI, when anyone absenting himself from church "without lawful or reasonable excuse" was fined one shilling. The law was repealed, but re-enacted and rigidly enforced in subsequent reigns.

The 60 or more churches in the square mile around the Bank of England contained full congregations in those days, but few persons enter them on weekdays now except American tourists and the Sunday congregations.

This suggestion brought a deluge of complaints upon the bishop, but strange to say, they were not from persons identified with church affairs.

SECRET BEING WELL KEPT Place of Annual Meeting of International Order of Ham-Faced Blues

LONDON, (AP)—The place for holding the annual meeting of the ancient and honorable international order of hoppeckel husbands, an organization having headquarters at Rowley, near Bradford, is being kept a profound secret.

# EDUCATION IS CRYING NEED

Liberal Understanding of Widest Scope Declared to Be Safeguard of Republic

BALTIMORE, Md., (AP)—"The education of citizens is the safeguard of a republic," this motto, printed on the convention program, is the idea which Mrs. Maud Wood-Park, president of the National League of Women Voters, in her opening address at the third annual convention of the league here today, said she would like to put before the convention as a guide for its deliberations.

"Because this government by the people," she said, "was founded to bring about the safety and happiness of the citizens through a political system, efficient and just, not because the women of the United States have at

this time a peculiar opportunity to help in the full realization of this great ideal, we are banded together to do our part. That I take to be the underlying faith of the league of women voters."

"Women by virtue of their distinct experience in life," said Mrs. Park, "have a tendency to see affairs of government in such terms as education, public health, public morals, the human development made possible by a peace-loving and forward looking civilization."

### Blue Noes.

Blue Noes is a popular name for a native of Nova Scotia. Halliburton, in "Sam Slick," gives the following account of its origin: "Pray, sir, said one of my fellow passengers, 'can you tell me why the Nova Scotians are called Blue Noes?' 'It is the name of a potato,' said I, 'which they produce in the greatest perfection, and hence to be the best in the world.' 'The Americans have in consequence, given them the nickname Blue Noes.'"

### Cities and Solitude.

The poet, in utter solitude, remembering his spontaneous thoughts and recording them, is found to have recorded that which men in "cities vast" find true for them also.—Emerson.

## CONFERENCE IS

(Continued from Page One)

to restore such property or indemnify the owners provided the country's war debts to the allies were cut down and financial help for Russia forthcoming. Instead of accepting the allies' demands for the payment of war debts, with the understanding that these debts be scaled down and the interests interest either postponed or settled in part, the bolsheviks had a fairly distinct position. They asked the complete annulment of all war debts.

Whereas they had previously agreed to the payment of the financial obligations due to foreign nations which are usually referred to as the pre-war debts, the soviet spokesman asked for a moratorium of 30 years on testimony debts and the cancellation of the interest, regarding the allied version of the meeting. This cancellation was to apply both to the past and to the period of the moratorium.

### Points Don't Conform.

Finally, the Russians made clear that in refusing to restore private property in Russia, this would not imply any surrender by Russian citizens

of their rights to hold property in fee simple in foreign lands, "bolshevik countries" where the right to possess property went with the bourgeoisie system.

Such, say the bolsheviks, were their terms, but they could only grant them on condition that the powers represented at Geneva would first agree to recognize the soviet government and accord it adequate financial help for its proper economic reconstruction.

"Under these conditions," said Sir Laming Worthington-Evans, chairman of the meeting, "we cannot discuss any further. We must refer this matter to our respective governments." It was then decided to adjourn the sittings sine die. All the experts except the Russians arranged to meet today and go over the entire situation.

### Translations Mailed.

The Russians contend that their general attitude as to making a treaty with the powers has been misrepresented, and one of the delegates charged that faulty translations had been made of their overtures-suggestions last week. Despite the serious outlook, the heads of the various delegations have not abandoned all hope. Some, however, frankly informed the Associated Press last night that they saw no possibility of making an arrangement with the

soviet unless the latter radically modified their program.

While the bolsheviks have given up their counter claims for damage charged to foreign interventions in Russia, the story went the rounds of the delegation last night that they will hold the United States morally responsible for the presence of the Japanese troops in Siberia, since the Japanese occupied the territory not only jointly with American troops, but actually at the request of the American government.

"In that case," said one of the Japanese jokingly, "if the bolshevik had us a bill, we will have to pass it on to the United States government."

LONDON, (AP)—Richard Washburn Child, American ambassador to Italy, has notified the Geneva conference that the United States reserves all its rights on the payment of war debts due from Russia, says a dispatch to the Evening Standard from Geneva this evening. These debts include private bankers' loans and advances to the Kerensky government.

What is useless to you may be valuable to others—advertise it in the classified columns.

### Bad Rick in Windows.

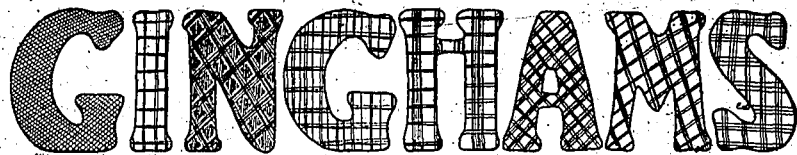

Nearly every business contributes bits of specialized knowledge to the common fund. It will strike many persons as a curious piece of information that plate glass insurance companies class windows with black lettering on them as "extra hazardous" risks. The explanation given is that a black surface absorbs the sun's rays. By this means, it is stated, an unequal expansion is produced throughout the plate; and under the influence of a sudden gust of cold or any other quick change of temperature a strain is developed which may break the glass.

### Great Sunken Lake.

The great Sunken lake, in the Cascade mountains, is the most deeply sunken lake in the world. It is 15 miles long and 4 1/2 miles wide. It is 2,000 feet down to the surface of the water, but depth of water is unknown.

### Can 'Pay Too High for Peace.

"We love peace as we should prefer finally; but not peace at any price. There is a peace that is more destructive of the manhood of living man than war is destructive of his material body. Chances are worse than bayonets—Douglas Jerrold.

# "Booth's" Announcing National Gingham Week—All Week! Large Displays of Newest, Prettiest Ginghams!

Gingham long ago attained a high place in Fashion's favor, and each season widens its popularity. This season finds this lovely dress material used for such new and novel purposes such as kerchiefs, collar and cuff sets, trimmings, etc.

Booth's have assembled vast assortments of new ginghams for special attention this week. Window and interior displays will familiarize you with what's new. An excellent opportunity to choose your season's needs at saving prices.

**Bungalow Aprons of Gingham 79c**  
Made of Utility Gingham, in fast colors, small checks. Only a few left at this price, nicely made, good style.

**Right Prices on Gingham Dresses**  
To aid "Gingham Week" we offer one lot of Gingham Dresses, \$3.50 values, at \$1.95. Other gingham dresses for house and street wear are priced at \$3.50 to \$7.50 for good quality gingham. Made in attractive styles.

**Girls' Gingham Dresses \$2.00 to \$7.50**  
Colorful little gingham frocks for girls, made in attractive styles of wash fast ginghams, cut full size and skimped nowhere, wide hem. From 6 to 14 year sizes are in this lot and dresses of unusual charm can be selected in most every size.

**Kiddies' Dresses \$1.00 to \$3.50**  
For Gay Little Miss, 2 to 6 years  
Charming little dresses, 2 to 6 years size, of lawn, gingham trimmed, and gingham; lawn trimmed. They are different—they are what you've been hoping for. Some high waist, some long waist.

**Peg Top Rompers \$1.00 to \$3.50**  
These bebuttoned and bepegged little rompers are cute as can be—even the ones at \$1.00 are cut full and good cloth. Some are hand stitched trimmed. Some for girls come with short skirt over knickers. They are in white and bright colors. Pockets in most every one. A delight to every mother.

**Flowery Summer Hats \$5.00 to \$15.00**  
Flowery hats of the floppy garden variety just seem to go with these summer dresses. Whatever it is, big or little, the bouquet is the thing. You'll find the one here that just suits your style. You'll probably want one strewn with flowers and it may be in vivid hue—whatever it is, you'll find it in this large department.

## Ginghams--Thousands of Yards of the Most Desirable Kinds and Patterns at Lower Prices

**Amoskeag Apron Checks 12 1-2c**  
Our grandmothers asked for them. This week we offer these desirable ginghams, in all checks, 27 inches wide, for 12 1-2c yard.

**Utopia Gingham 20c Yard**  
You can have all the new patterns and colors in this 25c gingham at this price this week. Plaids, checks, stripes, in variety.

**M. F. C. Zephyr Gingham 25c Yard**  
A lot of fresh new patterns in this 27 inch zephyr. Our 30c gingham for 25c this week. We consider this the best gingham made at the price, and endless assortment.

**32 Inch Highland Lassie Gingham 25c Yard**  
This width is preferable in many cases. This good zephyr comes in a host of new patterns. We thought 30c yard was extra good but its 25c for Gingham Week.

**Fine Domestic Ginghams 39c**  
We are going to sacrifice to give extra values this week. In this piece we offer 32 inch Clairloch, our 50c seller, in variety of checks and plaids. Crisp, pretty new patterns.

**Gilbrae Scotch Gingham 79c**  
This fine gingham was never made for anything but the most charming of summer frocks. The color range and patterns are superb. Colorings are extra sharp and clear. Its wonderful.

**Sinkat Tissue Gingham 50c**  
A sheer tissue in stripes, 36 inches wide. Small stripes of all colorings combined with white. It will make into beautiful summery dresses.

**75c French Tissue Gingham 65c**  
Never so many exquisite checks and block patterns in endless variety and colorings. Sheer tissue weight, 32 inches wide, especially desirable for summer dresses and trimmings.

## Peter Pan Ginghams--65c, 75c and 79c Yard

The most wonderful gingham for all uses—kerchiefs, dresses, trimmings, etc. Its characteristic soft smoothness makes it specially desirable—guaranteed fast colors. All prices are exactly the same cloth. At 65c yard its 32 inches wide in white and all plain colors imaginable. At 79c yard are the prettiest checks and new block patterns, 36 inches wide. At 75c yard are the 36 inch novelty prints, something new, regular old grandmother's quilt patterns, and they look very pretty again. At 50c yard we offer Peter Pan Nursery Borders to close out, 36 inches wide. A yard and a half to two yards makes the dress.

### GINGHAM WEEK BRINGS TO MIND SUMMER FOOTWEAR

For sports wear and with gingham dresses. White strap pumps with low heel of fine cloth with leather soles, \$1.95, \$4.95, \$5.75. In white kid one strap Junior Louis \$8.85.

BOOTH MERCANTILE CO.**

# ARMY STRENGTH INADEQUATE AS DEFENSE BASIS

### Secretary Weeks Declares 115,000 Enlisted Men as Provided by House is Insufficient to Guarantee Safety

WASHINGTON, D. C., (AP)—The 115,000 enlisted strong army bill passed by the house provides a military structure "being the minimum requirements" of the nation. Secretary Weeks told the senate appropriations committee today in urging that appropriations for the next year permit a force of 150,000 enlisted men to be maintained in the regular army.

Should the house proposal prevail, he added, not only would the regular army be overgrown, but the regular army would be "inadequate" and the development of "citizens" component of a national defense system would be seriously checked.

"I am aware of no issue that at the present time threatens to involve us in a serious complication," Mr. Weeks said. "There is no evidence of foreign designs against us. We must, however, recognize that throughout the greater part of the world a condition of instability prevails which renders the permanence of world peace uncertain."

"It is certain that to remain weak and unprepared in the face of such a situation is to invite aggression. It is, moreover, essential not only that we maintain a reasonable state of preparedness, but that it should be a matter of general knowledge that we are so prepared."

Mr. Weeks said the house bill made "inadequate provision for the healthy growth of the national guard."

### Reserves Are Framework

As to the organized reserves he pointed out that it was sought in peace times only to create the officer framework and the annual training of the reserve officers on whom the wartime machine would depend. The war department had asked only funds to train 20,000 of the 65,000 reserve officers during the coming year. "No provision for keeping up the training since the war had been made," he said.

As to the gas warfare work of the army, Mr. Weeks said that while ultimate abandonment of such warfare might come by international agreement it was the fact for us to give up the series of experiments and investigations which were conducted during the war and have been carried on since until that moment had arrived. As to aviation, he expressed the opinion that the provision for development in the army should be larger than in the department was now making, adding: "I do not hesitate to predict that in any future war its importance will be greatly increased."

### The Willow.

The weeping willow, like the robin which is the first bird to be heard in the morning and the last to cease its song at night, is the first to show its green leaves in the spring and the last to lose them in the fall, the crucial remaining only the first heavy frost in November and then slowly turning russet-brown until its complete defoliation in December.—Frank C. Koon.

### Read Bible and Shakespeare.

There is only one safe rule about the study of English, and that is to read those who knew how to write it. It is not uncommon for mothers to remark that they can tell instantly with whom their children have been associating, merely by their language. Constant association with the Bible and Shakespeare is the best rule. No substitute better than these have yet been given to us.

### He Didn't Like It.

A little three-year-old, who had been experimenting on a "frying" pan in an old well where the water was only a few inches deep and remained there for some time before he was discovered. When he was rescued his pent-up indignation knew no bounds: "You think I'm in a well without water to eat, like a frog?" he scolded. "You was a better father's mother's man. I des' I'd go without children."

### Philosophy of Business.

Overt the door of their industrial bank, the Chinese have carved an inscription which reads: "If you employ a man, trust him. If you cannot trust him, do not employ him." That is a good philosophy to apply to friendship as well as to business.—Delmonter.

### Old, Silly Superstition.

In medieval times children whose mothers died at their birth, were known as fatal children, and an idea prevailed that they were destined to fame but also to early death.

### One of Man's Ways.

When the average man pays a compliment to his wife he whispers it, but when he scolds the neighbors can hear him.—Althorn Globe.

# SUM OF \$70,000,000 IS ASKED FOR RECLAMATION

### Bill Introduced to Provide for Construction of Big Colorado River Reservoir

WASHINGTON, (AP)—Legislation to carry into effect the recommendations to congress made recently by Secretary Fall for the protection and development of the lower Colorado river was proposed in a bill introduced today in the house by Representative Swing republican of California.

The measure calls for an appropriation of \$70,000,000 and authorizes the construction of a dam, creating an immense reservoir near Boulder canyon on the Colorado river.

"The dam would be sufficient," Representative Swing said, "to store the entire flood waters of that river in any year, and completely remove the constantly recurring serious menace from annual floods to the Imperial valley, California, Yuma, Arizona, and many other thriving communities of the lower Colorado."

Mr. Swing said the unified project would provide homes and farms for thousands of ex-servicemen and women, as the secretary of the interior is authorized under the bill to use the stored waters to reclaim arid lands below, of which the government itself owns about 300,000 acres now worthless but highly productive when water is put upon them.

# AMERICA MIGHT HAVE PREVENTED GREAT WAR

### General Pershing Declares Strong Leadership and Adequate Preparation Necessary

WASHINGTON, D. C., (AP)—The United States "with adequate military preparation and leadership" could have prevented the occurrence of the world war, General Pershing declared today in testifying before the senate military committee in behalf of the war department's plan for an increase in the military establishment over that proposed by the house.

Failure to recognize the existence of "envy, jealousy and hatred among nations as among individuals, he said, has invariably sent the United States into a series of costly and senseless "unnecessary" wars of life and death, as well as staggering financial burdens.

# DRUG MANUFACTURERS ARE GIVEN GREAT OPPORTUNITY

### Senator King of Utah Annals Proposed Tariff Provisions for Protection of Chemicals

WASHINGTON, D. C., (AP)—Resuming his attack on the administration tariff bill, Senator King, democrat, of Utah, told the senate today that the rates proposed in the chemical schedule of the measure were to "increase the already swollen fortunes of the drug and chemical manufacturers of the United States," at the expense of the sick.

Senator King charged that some drug manufacturers, naming Park Davis and Company as one, had "gotten rich beyond the dream of avarice" and that the changes looked on the sick, and inquired if the E. I. Dupont de Nemours company which he said, manufactured many drugs and chemicals and had a capital of \$255,000,000 was "an infant industry." To be protected not only by high rates, but in some cases by an embargo.

### "Bee-Constructors."

The name bee is applied to any of the large nonvenomous snakes of tropical America of the family "Boidae." These are closely related to the pythons, and popularly the name, bee-constructer, is applied to any large snake that entwines its prey, crushes it and swallows it whole.

### Let Us Have Peace on Earth.

People are always expecting to get peace in heaven; but you know what-peace it is that they will be ready to make. Whatever of making peace they can be best for must be on the earth here.—Ruskin.

### Not His Forts.

Of course the brigadier is sentimental, but we never knew one to unpack his knapsack and to say that he would offer his white kid gloves.—Galveston News.

### Adjust With Speed, Please.

# STUDENTS' WORK TO BE PLACED ON EXHIBITION

### High School Departments and Classes to Be Represented in Annual Event

Exhibits representative of the work done by Twin Falls high school students in all departments of the course of study will be displayed at an annual exhibit of school work to be held in the Twin Falls high school Thursday afternoon and evening.

In connection with the exhibit an entertainment program consisting of music by the high school band, orchestra and glee club, and a concert play by the public speaking department, has been arranged to be given both afternoon and evening at 7:30 and 7:30 o'clock p. m.

Departments and classes to be represented in the exhibit are English, public speaking, Latin, French, Spanish, science, history and social science, commercial, mechanic arts, agriculture, home economics, music, Blue Triangle club and madonnas department.

### Queen British City.

The most unique city in the three kingdoms is Clough, situated in the county of Tyrone, Ireland, an episcopal city, consisting of a single street with houses only on one side. There is a saying in the North—"All on one side, like Clough." The other side of the street is occupied by the wall and overhanging trees of the Clough's demesne, which gives the place a very picturesque appearance. Further, this street has a cathedral, and a school palace without a resident bishop, and a dervisy without a dervish.

### Strange Marriage Customs.

One of the strangest marriage customs is observed by some of the women of Assam. The bride goes to fetch the bridegroom, and it is etiquette for him to hide and resist until carried off.

### Advice to Authors.

If you write a book, don't read it to friends; read it to the meanest man you know and who admires you least.—From E. W. Howe's Monthly.

### Jud Tomkins.

Jud Tomkins says the reason he's asking a monopoly is for a wage-keeper always lets the road run down when he has it all his own way.

# TODAY'S MARKETS

### Chicago Grain Market.

CHICAGO, (AP)—Heavy selling, which looked like liquidation on the part of eastern holders led to a decided decline in prices today. The market was quiet after the opening, which was at an advance as a result of comparative strength of quotations at Liverpool. Gossip, however, was current about possible large deliveries here on May contracts and about difficulty of disposing of cash wheat at May prices. The opening which varied from 1-2 to 1-1/4 higher, with May \$1.00 5/8 to 1/2 and July \$1.22 to 1/2-1/4, was followed by a slight further up turn and then by a rapid decline that in some cases went more than 5 under early top figures.

Subsequently, word of liberal export purchases at the seaboard led to some extent of a rally, but the market earned downward again in the last hour. Weakness of the May delivery was emphasized by the fact that May in the last few days has lost five cents of its premium over July. The close was heavy at 1-1/4 to 1-1/2 and 1-1/4 to 1-1/2 1/4.

### Cash Grain and Provisions

CHICAGO, (AP)—Wheat—No sales reported.

Corn—No. 2 mixed, 60 3/4 to 61c; No. 2 yellow, 61 to 61 3/4c.

Oats—No. 2 white, 30 to 40 1/2c; No. 3 white, 38 to 40c.

Rye—No. 2, \$10.40.

Barley—Nominal.

Timothy seed—\$4.50 to \$5.

Clover seed—\$15 to \$22.

Pork—Nominal.

Lard—\$10.65.

### MINNEAPOLIS, (AP)—Flour—Unchanged.

Bran—\$23.

Potatoes

CHICAGO, (AP)—Potatoes—Slightly stronger; receipts 44 cars; Wisconsin

socket—Light Whites—Highly \$1.05 cwt.; medium Whites—\$1.75 to \$1.85 cwt. Idaho socked Beans—Fairly good, \$2.10, cwt.; new stock steady; Florida double headed barrels Spaulding Rose No. 1, \$7 to \$7.25; No. 2, \$5.75 to \$6.

Butter and Eggs

CHICAGO, (AP)—Butter—Higher creamy extra 35c; first 34 1/2 to 35 1/2c; second 32 1/2 to 33 1/2c; standards 37 1/2 to 37 3/4c.

Eggs—Higher; receipts 43,544 cases; first 24 to 24 1/2c; ordinary first 22 to 22 1/2c; miscellaneous 23 to 23 3/4c; storage packed extras 27c; storage packed first 20c.

Poultry—Alive, unchanged.

Portland Haystack

PORTLAND, Ore., (AP)—Hogs—115c lower; receipts 1032, pig light \$11.35 to \$11.75; feeder pigs \$11 to \$11.50.

Sheep—Nominally steady; no receipts.

### Omaha Livestock

OMAHA, Neb., (AP)—Hogs—Lulls, 15,000; steady to 1-1/2 lower; mostly lower than yesterday's average; but 150 to 250-pound butchers, \$9.85 to 9.95; 1/2; bulk 250 to 335-pound butchers, \$9.70 to 9.85; packing grades \$8.75 to 9.50.

Cattle—Receipts, 8000; best steers fairly better; steady to strong; top \$8.40; about 1000 and 1000, mostly steady; rails, steady, few feeds higher; hogs; stockers and feeders unchanged.

Sheep—Receipts, 8000; lambs, 25 to 25 1/2 higher; top clipped lambs, \$14.10; woolled lambs, \$10; sheep and feeders steady; fleecing lambs, \$14.75.

### Chicago Livestock

CHICAGO, (AP)—Cattle—Receipts, 10,000; mostly fairly better; best steers, steady to strong, mostly higher; early top, \$5.75; bulk, \$7.40 to 8.50; steady; hogs; bulls and stockers steady; asking higher on local end; underlong strong.

Hogs—Receipts, 22,000; light steady to 25c lower; others fully steady with yesterday's average; top, \$10.00; bulk, \$9.00 to 10.00; pigs about steady.

Sheep—Receipts, 18,000; killing classes, generally steady; top, woolled lambs, early, \$10.00; shorn, \$14.65; bulk shorn lambs early, \$13.75 to 14.50; shorn yearlings and two, \$12.50; shorn wethers, \$10; few shorn ewes, \$9.50; half deer, \$9.50; new arrival spring lamb, \$15.50.

### New York Stocks

NEW YORK, (AP)—Standard indicators and rails were under continuous pressure in today's stock market but minor transportation, utilities and specialties made substantial gains. Sales approximated 1,300,000 shares.

Reactionary tendencies dominated the early dealings, declines outnumbering gains for the first time in several weeks. Among the few exceptions were United States Steel and Studebaker, both scoring fractional advances. New Haven, leader of the preceding session, opened unchanged, but soon lost half a point. Oils as a group were moderately lower with rails and equipments. Columbia Gas was the only noteworthy gain, rising 1 3/8 points. Automobile specialties, notably the rubber tire division, added to yesterday's gains. Federal Mining and Smelting preferred also displaying pronounced strength. Foreign exchanges were irregular. German marks forfeiting much of their recent recovery.

Further strength of low priced rails, notably Missouri, Kansas and Texas common and preferred and Chicago and Eastern Illinois common and preferred,

effected partial rallies later among industrials, although money rates hardened. The closing was irregular.

Liberty Bonds

NEW YORK, (AP)—Liberty bonds cleared: 3 1/2-4 \$90.50; first 4 \$90.50; second 4 1-4 \$90.00; third 4 1-4 \$90.04; fourth 4 1-4 \$90.00; Victory 3 1/2-4 \$100.70; Victory 4 3-4 \$100.70.

Lead Goes Up

NEW YORK, (AP)—The American Smelting and Refining company today advanced the price of lead from 5.10 to 6.25 cents per pound.

# DECLARES KU KLUX KLAN ARRANGED FATAL RAID

Witness at Inquest Over Body of Dead Constable Testifies of Activities

LOS ANGELES, Cal., (AP)—The night riders raid resulting in the killing of Constable M. B. Mosher Saturday night, was arranged in a meeting Friday night in which Blake E. Shammick, traffic officer of Inglewood, was initiated into the Ku Klux Klan. Shammick testified at the inquest here today into the death of Constable Mosher.

# GOVERNMENT ON PLAN TO END NATION WIDE STRIKE

Permanent Solution Aimed at Without Federal Supervision of Coal Mining Industry

WASHINGTON, D. C., (AP)—The government is working on a plan looking to ending of the coal strike which it will submit soon to both operators and union leaders. It was said today at the White House. Details of the plan have not been disclosed, but it was said that it does not include a federal supervision of the coal industry.

The plan which is now receiving the attention of President Harding and his advisers, was said to contemplate a permanent solution, if possible, of the basic problems of the industry. Presentation of the plan, it was indicated, would be made when a favorable opportunity presented itself.

WATCH MAKING FIRST PLAN OF FORD INVENTOR

Ambition to Construct Cheap Motor Car Had Its Inception in Use of Steam as the Motive Power

NEW YORK, (AP)—Life on a farm drove Henry Ford into making automobiles...

Mr. Ford says so himself in an article which he calls "My Life and Work," written by himself in McClure magazine for May...

Mr. Ford still feels the same way about farming. Not that he has anything against farmers, he points out, but there is "too much hard hand labor on farms..."

That, in a nutshell, is what Mr. Ford's article gives as the reason for the Ford car...

The automobile, however, barely escaped being a watch. Mr. Ford has a desire to do the mechanical work and his ideas naturally turned to watches...

Just how it reached that surprising conclusion is difficult to state now, he observes...

But a combination of the farm and the watch, and the light when he was only 12 of a road engine was too much for him...

Shortly after that the farm was left behind definitely and completely, was Mr. Ford went to Detroit as an engineer and machinist for the Detroit engine company at exactly 14 1/2 months...

Two years later Detroit got a thrill, Chicago hugged down its main streets and was hungry. In the street was Henry Ford. Behind him a string of frightened horses, and curious people...

The machine, however, was a problem to begin with it blocked traffic. Not that it stalled, but every time Mr. Ford stopped the crowd started and he could not, in safety, leave the car...

As a precaution against forest fires, smoking has been entirely prohibited in any part of the Olympic national forest in Washington...

In a contest between a diamond rattlesnake and a blue racer, the latter was victorious over his more shrewd adversary...

The Big-Town Round Up By Wm. MacLeod Raine Illustrations by Irwin Myers

CHAPTER III The Big Town. When Clay stepped from the station at the Thirty-fourth Street station...

Clay tried on the trousers and looked at himself in the glass. So far as he could tell he looked just like any other man...

The dealer leaned forward and spoke in a whisper. Apparently he was ashamed of his softness of heart...

"I'll take it," the vesterman said. The clothier pulled his tailor from the rear of the stall...

He had checked his suitcase to be free to look about. He had no destination and was in no hurry. All the day before him, all of many days...

Chance swept him up Sixth to Herald square. He was caught in the river of humanity that races up Broadway...

"First of 'em got to get me a real city suit of clothes," he promised himself. "This here wrinkled outfit is some too woolly for the big town..."

Somehow in the early three-figure streets he descended from the top of Broadway to the bottom of the inclinations into the park...

Clay was arrested by a policeman. "What are you doing here?" he asked. "I'm just looking at the sights..."

"I can explain how it happened," "No," Hilda wouldn't understand. They'd had you guilty."

"To a man servant standing in the background the young woman spoke. 'Makin' have Nora clean up the floor and the steps...'"

"You've pegged me right," agreed the westerner with his ready smile. "Lead me to it..."

Mr. Bernstein personally conducted his customer to the suit department. "I'll get you nursed on account you was a stranger to the city," he explained...

The little man took a suit from a rack and held it at arm's length to admire it. His fingers caressed the wool as if it were a woman's hair...

"Worsted. Fine goods." He leaned toward the range-rider and whispered a secret. "Bespoke!"

The cowpuncher grinned. He understood the business that went with selling a suit in some store. But it happened that he liked this suit himself...

"Like a coat of paint," he murmured aloud. The cowpuncher grinned. He understood the business that went with selling a suit in some store...

subject with artistic thoroughness. Then, reluctantly, he confessed in a whisper the price at which he was going to sacrifice his friend's most valued possession...

"Quality," y' understand me. Which a man must get to live garments like I done to appreciate such a suit. All wool. Every thread of it Unstrickable. One small piece of goods..."

"All wool, you say?" asked Clay, feeling the texture. He had made up his mind to buy it, though he thought the price all right...

Mr. Bernstein protested on his honor that there was not a thread of cotton in it. "Which you could take it from me that when I sell a suit of clothes it is like I'm dealing with my own bread and butter..."

"Clay tried on the trousers and looked at himself in the glass. So far as he could tell he looked just like any other man..."

The dealer leaned forward and spoke in a whisper. Apparently he was ashamed of his softness of heart...

"I'll take it," the vesterman said. The clothier pulled his tailor from the rear of the stall...

H. L. Stewart, Plaintiff.

O. M. Daniels and Mable Daniels his wife and Lee Woodcock his wife, Defendants.

Under and by virtue of an Order of Sale and Decree of Foreclosure issued out of the District Court of the State of Idaho, in and for the County of Twin Falls, dated the 24th day of March, 1922...

Public notice is hereby given, that on the 24th day of April, 1922, at the hour of 2 o'clock p. m. (Mountain Time) of said day, at the east front door of the court house of the County of Twin Falls, State of Idaho, I will in obedience to said order of sale and decree of foreclosure sell the above described property to satisfy plaintiff's debt with interest thereon, together with the highest bidder for cash, lawful money of the United States.

Dated the 10th day of April, 1922. E. R. SHERMAN, Sheriff. By Donnie Herriman, Deputy.

### BABY'S EYES

In Budapest recently a midwife dropped into the eyes of a new born baby a 10 per cent solution of nitrate of silver instead of the one per cent solution that is obligatory there. The result, of course, was destruction of the eyelid and total blindness. To prevent the recurrence of such a disaster the highest sanitary authorities are ordering that a one per cent solution of silver nitrate be used instead of the silver nitrate for the reason that it is impossible to make a stronger solution of the former.

# CITY PERSISTS IN PROSECUTION OF MEAT CASES

## Complaint Against Filer Butcher Is Filed Following Acquittal of Transfer Man Who Denies Acting as Agent

Complaint against Jacob Schaefer, Filer butcher, on a charge of selling uninspected meat in Twin Falls, was today preferred in police court by C. B. Janke, Twin Falls attorney.

The complaint against Schaefer was filed following the verdict of not guilty returned by a jury in police court here Monday afternoon in the case of Lloyd McDougal, Twin Falls transfer man, against whom a similar complaint has been preferred by Janke.

**Three-Handed Deal**  
Evidence adduced at the McDougal trial indicated that the alleged sale of unsuspected meat involved a three-handed transaction; that McDougal delivered and collected for meat for which orders were taken by P. M. Torr of Twin Falls, and filed by Schaefer. McDougal denied any interest in the transaction except as a transfer man and explained he was paid by Schaefer a certain price for delivery of the meat and making collections for it.

The prosecution argued that McDougal actually consummated the sale and was actually an agent for the Filer butcher. It urged three counts against McDougal, charging that he "exposed for sale" meat which was not protected from contamination, that he was sold meat without a license, and that the meat which he was alleged to have sold was not prepared in an inspected slaughter house.

The case for the prosecution was conducted by City Attorney Taylor Cameron. H. C. Mills appeared as counsel for McDougal.

**Jury Makes Recommendation**  
The jury's verdict was returned after less than 16 minutes deliberation. Along with its verdict the jury submitted to the court the following written statement:  
"We, the jury, beg leave to suggest that the prosecution given in the past of the sale of meat by Filer meat dealers it would be a simple matter for the inspector employed by the city to have ascertained the principle, if the city ordinance has been violated."  
Members of the jury were P. M. Lochle, D. C. Gray, G. W. B. Baker, George P. Lynch, Frank Hooder, P. E. Dean.

### Local Brevities

**Welcome Baby Son**—Mr. and Mrs. O. L. Larson are the parents of a son born Sunday at the county general hospital. The babe has been named Peter Lloyd Larson.

**Back From Hospital**—Wallace Orin, 11 year old son of Mr. and Mrs. J. H. Orin, returned Saturday from Seattle where he has been for the past six months in the Children's Orthopedic Hospital.

**To Visit Vancouver**—Mrs. H. F. Allen and mother, Mrs. M. A. McGregor, left today for Vancouver, B. C., where Mrs. Allen will remain with the latter part of May, going on to New York, and with Mrs. O. V. Allen sailing on the 6th of June for Europe.

**Leaves for Jerome**—The following ladies went to Jerome this morning for the annual Presbytery meeting which is being held in that city today and tomorrow: Mrs. M. C. Mitchell, Mrs. D. F. Sweet, Mrs. G. M. Simpson, Mrs. J. A. Johnson, Mrs. Robert B. Marsh, Mrs. M. F. Gamble, and Mrs. G. H. Hall.

**Save Damaged Trees**—Under supervision of James A. Waters, deputy state horticultural inspector, P. H. Crow is in charge of a crew of workmen in several Twin Falls districts engaged in carrying out bridge grafting operations. A save and restore trees which have been damaged by flood mice.

**The Road to Happiness**  
You must keep well if you wish to be happy. When constipated take one or two Chamberlain's Tablets immediately after supper. They cause a gentle movement of the bowels.—adv.

**CALL on G. Kingsbury** if your gas engine is run right. 132 Second ave. No.—adv.

**WE WILL contract your wool**; save reasonable cash advance. Phone 531 Browns Bros. Sheep Co.—adv.

**Curious Courtship**  
A very curious method of courtship is adopted by the Zaparas, a tribe of South America. The love-stricken young man goes out hunting and on his return shows his game to the feet of the woman on whom he has set his affections. If she takes the game, she takes the suit and commences to cook. He knows his suit is accepted; if not, he knows he is rejected.

### FUNERAL SERVICES FOR G. M. DEARING ANNOUNCED

Lars Bites for Plumber Resident and Constable to Be Held Here on Wednesday Forenoon

Funeral services for George M. Dearing, a plumber resident and for several years eligible in Twin Falls, will be held at 10:30 o'clock tomorrow morning at the P. J. Groisman chapel here with burial in the Twin Falls cemetery.

Arrangements for the services were completed today upon receipt of word from Milton M. Dearing of Fresno, California, a son of the decedent. Another son, Frank M. Dearing, formerly an assistant secretary of state, is now United States consul at Lisbon, and a third son, Charles Dearing, associated with the federal department of agriculture, recently went to Argentina to attend on investigations for the government.

Mr. Dearing's death, which occurred Monday, resulted from pneumonia poisoning, with which he was stricken Sunday. He was 76 years of age.

### WATCH IS SET ON WATER HOG

#### Special Police Officers to Arrest Persons Wasting Water During Dry Spell

Despite the fact that water was Sunday night off from headquarters of the Twin Falls canal system on Snake river at Milner, and that the ditches through which Twin Falls draws its municipal water supply will remain dry until Thursday, violations of Mayor P. W. McRobert's proclamation prohibiting the use of water for lawn sprinkling or irrigation during this period are rather frequent, according to statement today of John J. Pilgrimer, water commissioner.

Under the mayor's proclamation and city ordinance violation of the emergency rules imposed as to use of water is declared unlawful and punishable as a misdemeanor.

In order to secure more general compliance with the regulations, special police officers this evening will patrol the city water mains to arrest persons found violating this period are rather frequent, according to statement of the water commissioner today.

Twin Falls water stringency will continue until Thursday morning, when the emergency regulations will expire. Upon that date the order for no water on persons shall use for watering lawns for domestic purposes, and every precaution is to be taken against fire risk.

### FUNERALS

**Andra May Bourdette**  
Funeral services for Andra May Bourdette, fifteen months old daughter of Mr. and Mrs. C. O. Bourdette of Anaheim, California, and granddaughter of Mr. and Mrs. H. W. Bourdette of Twin Falls, were held Sunday afternoon at the J. E. DeWitt chapel here. The baby's body was received upon its arrival from California. The services conducted by the Rev. Francis L. Cook were simple and impressive, and the little casket was covered with a profusion of flowers. Burial was in the Twin Falls cemetery.

**Elsie Chamberlain**  
Funeral services Sunday afternoon for Elsie Chamberlain, six year old daughter of Mr. and Mrs. A. B. Chamberlain, were held at the family home here in Twin Falls, and were largely attended by friends and neighbors. Simple and impressive services were conducted by the Rev. Edgar L. White and interment was in the Twin Falls cemetery.

**T. G. Wilson**  
Under auspices of the Odd Fellows lodge, funeral services for T. G. Wilson of Eden, were held here Sunday afternoon at the First Presbyterian church, numerous tourists last season expressed the Rev. A. G. Pearson officiating. The services were largely attended by neighbors of Twin Falls, and were distinguished to one who in his lifetime was one of the most influential and useful citizens of his community. Burial was in the Twin Falls cemetery.

**CARD OF THANKS**  
We wish to thank our friends and neighbors for their comforting words and kind assistance and also for their floral offerings during our sad bereavement. In the loss of our little granddaughter, Andra May Bourdette, who died at her home in Anaheim, Cal., we have lost a most precious and favorite child in the Twin Falls family. Mr. and Mrs. H. W. Bourdette.

# TOURIST PARK WILL BE GIVEN HELP BY CITY

## Council Employs J. W. Leedom as Park Tender for 6 Months' Season Beginning May 1—Budget Again Considered

Twin Falls' tourist park will receive from the city administration the same consideration that was given last year, and will be maintained and operated this season by the city in cooperation with the Twin Falls Chamber of Commerce park bureau, according to arrangements agreed upon at the meeting Monday evening of the city council.

The council definitely arranged for the employment of J. W. Leedom as tourist park tender. Mr. Leedom served in this capacity last year. The city's estimate of expenses includes \$125 for expenses of the park, the chairman of the budget committee said.

A considerable part of the season was devoted to further consideration of the budget committee's report which is to come up for final action at next week's meeting.

J. W. Leedom and W. J. Loek were present when the council convened Monday. Mr. Loek appeared for the third time in regard to his plan for erecting a service station at Five Points. In this matter a committee composed of Councilmen C. T. Bracken and C. P. Boese reported, advising that Mr. Loek had requested a "built back" on the property line 25 feet in each direction. Mr. Loek asked permission to build the building closer to Addison avenue and farther from West Broadway street to average 25 feet from both property lines. Council voted to approve a building permit under conditions laid down by the committee's report. Mr. Loek thanked the council, "even if I never build," he said.

Councilman Bowles, as chairman of the finance committee reported that he had arranged securities deposited with the county auditor by Twin Falls banks, and that these securities were within the law and sufficient to cover the city's deposits in Twin Falls banks.

**Refers to Letter**  
Mr. Leedom told the council that he appeared upon recommendation of the Twin Falls Chamber of Commerce officials to discuss the plan for operation of the tourist park. If the council were so disposed, Council referred to a letter from the chamber of commerce parks bureau asking that the same provision be made by the city as last year for maintenance of the park, asking that the park be opened for operation from April to October, and announcing that the parks bureau contemplated making some additional improvements at the park.

Councilman Bowles advised that the estimated budget provided \$125 for the tourist park.

Councilman Bracken said that he had been assured by Boise's park commissioner that if funds were available, Boise's tourist park would be operated this year without cost to tourists.

Mr. Leedom reported that the tourist season has already opened. "There are four cars in the tourist park tonight," he said.

If again employed as park tender, Mr. Leedom said that he would devote as much time to the work as might be necessary. "It is not necessary to be there late at night than early in the morning," he said. "More tourists come in after 6 o'clock in the evening than during the day time, and many come in as late as 10, 11 and 12 o'clock at night."

**Six Months Season**  
He advised that the park be kept open from May until November. He proposed that a "contribution box" be placed at the park would bring in a good many dollars to reimburse the city for its outlay on the park; that several tourists last season expressed surprise that all conveniences were offered without cost and offered to pay for the accommodation.

### Forecast for Fair Weather Is Becoming Established Affair

Fair weather forecast is becoming an established order of affairs in the office of the official weather forecaster for the state, who today repeats his prediction of fair weather for tonight and Wednesday.

Range of temperature as recorded by the government weather observer here, continues high, although the daily low mark continues to favor around the freezing point. Yesterday's high temperature mark was reached at 60 degrees above zero and low at 30 above.

### Social Notes

Edited by Mrs. E. B. Williams, Telephone 354

Miss Louise Rogers entertained the Pan-Hellenic club Monday evening at her home on Seventh avenue north. A short business meeting was held with the president, Mrs. F. E. Snook, presiding. The remainder of the evening was spent with needle work and conversation, and the hostess served dainty refreshments.

Mrs. James McMillan was tendered a delightful surprise Monday evening at her home on Second avenue north in honor of her birthday anniversary. Games and stunts were enjoyed and at a late hour refreshments were served. About 35 were present.

The teachers at the Washington school entertained the faculty of the other schools on Saturday evening. Book and '500' were the amusement for the evening. Mrs. Harold Merritt won the prize for '500' and Miss Peterson high score for book. Interspersed between the games the following program was given, a ballad dance by Miss Josephine Keenan, Spanish dance by Lollie Stipken and Dorothy Van Idersden, and two vocal numbers by Mrs. James E. Harvey. After the games, refreshments were served at small tables, each one having a centerpiece of pink snapdragons; the cut cups were in the form of yellow tulips. The table centers were decorated with hand-painted butterflies, all the decorations carrying out the spring idea. The committee in charge consisted of Mrs. James Harvey, Miss Helen Dale and Miss Josephine Keenan. About 75 attended this charming affair.

**A Farmer Cured of Rheumatism**  
"A man living on a farm near here came in a short time ago completely doublet up with rheumatism. I handed him a bottle of Chamberlain's Liniment and told him to use it freely," says C. P. Snyder, Patton Mills, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying, give me another bottle of Chamberlain's Liniment; I want it in the house all the time for it cured me."—adv.

### STUDENTS HAVE PAPER

Junior High Class Engaged in Publication of Class Organ of Unique Kind

A creditable piece of work is being done in a 7-A English class at the Junior high school in the form of a school newspaper.

Editorial, current topics and bits of news of interest to the student body are handled. The newspaper also serves as an incentive for effort on the part of the pupils along the line of original essays and poems. Incidental to some copy training is gained in systematic organization. The work is done by the pupils under the direction of Miss Casey, the teacher. The paper is first typewritten and afterwards copies are run off on a duplicator which is provided by one of the members of the class. Three editions have been published.

The newspaper staff consists of the following: Editor-in-chief, Marjella Wynn; business manager, Lena Clifford; news editors, Byron Rendahl, Rene Hurst; society editors, Dorothy Reddick, Catherine Newman; sports editor, Richard Conway; John, Harry Bodentash.

### ANNOUNCEMENTS

The Women's Missionary society of the Presbyterian church will meet at the church parlors Thursday afternoon, April 27, at 2:30 o'clock.

Mrs. E. Hollingsworth will give a silver tea Thursday afternoon at her home, 245 Ninth avenue north, for the benefit of the Episcopal Guild. A splendid program has been arranged and a cordial invitation to attend is extended to all friends and neighbors.

### Eagles and Vulture

The main difference between the eagle and that group of birds known as vultures is that the former will attack living things, while the latter will not. In other respects, the eagle is not far removed from vultures in either structure or disposition.
