BRANDS KLANSMEN AS
OUTLAWS AND COWARDS

LOS ANGELES, Cal. (AP)—District Attorney Thomas Lea Wood-ward of Los Angeles county today characterized the Ku Klux Klan as a "shoddy band of outlaws and cowards." In a statement issued shortly after receiving by postal card a warning signed "K. K. K." The post card warning, mailed yesterday in Los Angeles, read as follows: "Friend Tom; Better have your fur coat on slow, in this Ingwood matter." (Signed) "K. K. K."

LOS ANGELES, Cal. (AP)—All blame for the night-raid of Saturday night was placed by Wm. S. Coburn, supreme attorney and grand gothic of the knights of the Ku Klux Klan, upon the slain constable, Medford B. Mosher, in an official statement dictated today to the Associated Press by the general attorney for the clan.

The statement gave forth what the grand gothic declared was the full story of Kiegle N. A. Baker of Huntington park, near here, for whom the county authorities are searching today in connection with investigation into fatal raid in which the constable was slain and his son, a deputy, and Leonard Rugg, a deputy sheriff, were wounded, while they as participants in the raid were defending the raiders against arrest.

Coburn declared that there were two meetings in the Ingwood band chapel last Friday. The first, he said, was an official meeting held by Kiegle Baker in which the klan's natural-ized ten men into the Ku Klux Klan. This was followed immediately afterward by a second meeting of "old-time" open house, at which plans for the raid were discussed. The raid was not discussed by the klan's meeting of Monday, he said.

Mountain Raids House in
Home of Jailer

MANCHESTER, Ky. (AP)—With the county jail filled and the home of Jailer Harris sheltering many women prisoners, the Mill Creek section of Clay county is quiet today. In compliance with Circuit Judge Hiram J. Johnson's orders for the arrest of every person over 16 years of age in the Mill Creek territory, the jail today houses 135 men and many more are under orders to appear before the grand jury to testify regarding the murder of a witness and the wounding of a deputy sheriff.

AMOUNTS TO ULTIMATUM

LONDON, (AP)—The allied note to be presented to the Russian delegation at Geneva tomorrow, says an Exchange Telegraph dispatch from Geneva will be practically an ultimatum demanding unequivocal replies on four principal points: "First—The payment of war debt, either entirely or with a reduction based on Russian capacity to pay; "Second—The payment of pre-war debts, with the granting, if necessary, of a reasonable moratorium; "Third—Indemnity for all damages caused to foreigners; "Fourth—Restitution of confiscated property."

TAKES CARE OF HIS MONEY.

RIGA, Latvia, (AP)—Professor Chalpin, Russian singer, is credited by the Riga newspapers with carrying on his tour of England and America last winter more than \$500,000 by concerts and as royalties on phonograph records. This money, the papers said, had all been deposited in London banks.

BRANTFORD, Ont. (AP)—Captured with a suitcase containing portions of a human body which he was removing from his room, Harry Dent was charged today with the murder of Peter Yeghiazian, his landlord. Mrs. Dent also was held.

The torso of the slain man was found in Dent's room while the head and arms when Dent admitted he had carried away on an earlier trip, were found in a canal. Dent denied the crime, asserting he was removing the body at the request of a friend. A bayonet sharpened to a razor edge and a blood-covered axe, both of which belong to Dent, were found by the police.

WASHINGTON, (AP)—"Don't worry, sweetheart, I'll escape inside of two years," Joseph Lanson, charged with two hundred burglaries here in the last 18 months, replied to the warm embrace of the woman who had gone into his cell to bid him goodbye yesterday. Arrested with him, but later released, Miss Virginia Betty Carroll, told Lanson: "If they give you fifty years, I'll still be waiting for you when you're free." Lanson told the police on his arrest, they said, that he had already escaped from prison twice.

Police Censor

SAN FRANCISCO (AP)—"Wild Birds," the year's prize play of the Greek theater players of the University of California, is too wild for San Francisco's audience. Peter Dehnen, censor for the San Francisco police department, ordered the play withdrawn from the players' club theater here last night as "immoral." The play had been given here a few nights. Previously it had been shown to campus audiences in Wheeler hall of the university campus at Berkeley. "About half the players are university students, half professional."

Dehnen is not the only one who has taken exception in the play. Peter Dehnen, censor for the university circles over certain situations in the play. President David P. Barrows of the university was drawn into the matter. He has promised to scrutinize future campus plays more closely.

INTERVENTION
IS NOT WANTED

Illinois Mine Workers Prefer to
Deal Directly with Opera-
tors in Coal Strike

CHICAGO, (AP)—The union mine workers of Illinois do not want government intervention in the coal strike, but prefer to deal directly with operators, and the time when a conference can be held is "not very far off," Frank Farrington, president of the Illinois miners, declared today. Mr. Farrington indicated dissatisfaction with the conduct of the strike by international headquarters under the direction of President John L. Lewis, and gave some indication that the Illinois workers may urge separate action in the not distant future. "The trouble with Lewis is that he has no policy," Mr. Farrington said. "He is simply drifting, hoping that some-where down stream, the government will throw out a life line. I don't think the government will throw out any such line and the Illinois miners don't want it." "Government intervention means adjusting wage scales on the basis-of-the-non-union fields. We want to dicker with the operators right here in Illinois and let the time in to come party soon when we can do that."

TRINITY RIVER CONTINUES STEADY RISE;
FOETY-FOOT FLOOD STAGE IS PREDICTED

DALLAS, Texas, (AP)—The Trinity river was rising steadily here early today with a forty-foot flood stage predicted. Rain continued to fall early this morning and probably additional precipitation will forecast. Early today water lashed but ten feet of overflowing the union terminal railroad yards.

Interurban service south and west from Dallas has been suspended indefinitely. Automobile traffic between Dallas and Fort Worth is impossible, due to Mountain creek, also miles west of here, being far out of its bed. Traffic on the Texas & Pacific between here and Fort Worth is demoralized. With the exception of 1908, when a flood stage of 23.6 feet was registered, the river has never reached the 40-foot stage forecast for today. City officials and local welfare and relief agencies are preparing to care for all flood victims.

FORT WORTH, Texas, (AP)—Forty-six persons are dead or missing in the Trinity river flood here, a revised list indicates. Ordinarily emerging from the flood waters of the Trinity river, which for two days have prostrated the city, Fort Worth today took up the task of re-establishing community life. Response was awaited today to the appeal last night for \$40,000 with which to take care of the flood sufferers. Requests for a grand jury investigation of the alleged dynamiting of levees by unknown persons was expected today. John H. McDaniel, chairman of the levee board, declared last night that levees which broke yesterday were dynamited.

Disturbance

TOKYO, (AP)—A heavy earth shock, centering in Tokyo, occurred at 10:15 o'clock this morning. Considerable damage was done to buildings in the city. The earthquake was preceded by an eruption yesterday of Mount Asamayama, 90 miles northwest of Tokyo, which broke out with a loud report, pouring forth volumes of ashes, stones and smoke. No serious damage was caused by the eruption. Yokohama was as severely shaken as Tokyo and the Chinese quarter in Yokohama was virtually destroyed and the waterworks disrupted. There were many escapes of the narrowest sort from collapsing chimneys and walls. The earthquake lasted 15 minutes the longest in years. The American embassy was slightly damaged and many of the exhibits at the peace exhibition were broken.

FARM PRODUCTS MUST BE SOLD ON LONG CREDIT

Establishment of Means of Marketing Abroad Would Help in Stabilizing Price, Declares Former Official

KANSAS CITY, Mo., (AP)—Sale of surplus agricultural products to foreign countries was suggested as a means of bringing higher prices to farmers, Carl Vonosen, former assistant secretary of agriculture in an address here today before the convention of the Mississippi Valley association.

The speaker urged the audience to "find foreign markets for the farmers' surplus crops by the skillful use of credits."

"The splendid and almost instantaneous rise in the price of corn will maintain our profit at \$200,000,000 worth of grain to Russia, about 200,000,000 bushels, which is a very large quantity, but which has nearly the bulk factors have come to overcoming the bear factors in our terminal markets and hence how easy it would have been at any time during the past year to raise the price of our farm products up to the point of production, by selling—not all—but a reasonable percentage of our surplus abroad on credit."

"If every body in the corn belt would loan \$100,000,000, as every man, woman and child in the south loaned \$100,000,000, we long since would have found a way to dig ourselves out of the hole we are in. Even the hollowell is said to have put his shoulder to the wheel in the south last year and by reducing the surplus to five cents more than any other single agency to help boost the price of cotton."

South Has Right Idea. As an illustration of the way the "south" pulls together, "Mr. Vonosen cited the operation of the Edge bank law which helps to finance the exportation of cotton on credit. "I am told that over 1,500 banks throughout the southern states in addition to numerous business men and farmers took in this New Orleans export bank, because they realized that, unless this surplus cotton could be gotten rid of in foreign markets, the south was headed for the financial rocks," he said.

"If we could develop the corn belt consciousness, it would be an easier matter to pool the grain, the delivery power and the financial resources of this fertile region behind our staple crop in such a way as to absorb the price of corn up at least to the cost of the production," he continued. "For example, we could organize a new United States export bank; we could get new waterway legislation, and other measures required, in order to lower freight rates on agricultural products and we could board laws designed to perfect our present costly and cumbersome marketing system. These steps would raise the price of farm products on the farm while at the same time lowering the cost of food to the consumer. "But entirely practical and highly desirable as these suggestions are they cannot be put into effect now enough to enable us to meet our present tragic economic crisis. The fundamental weakness in the recent National Agricultural conference at Washington was the facts that it devoted most of its time and attention to working out an agricultural policy that it will take a generation or more to carry into effect, instead of focusing its attention upon emergency measures required to save the farmers and business men from imminent financial disaster. "The only thing that I know of that our government can do that will give immediate relief to the farmer and businessman in this crisis is to find foreign markets for the farmers' surplus crops by a skillful use of credits."

PICTURE TOTEM POLES FOR VISUAL EDUCATION

Expedition to Begin Work of Photographing Tribal Customs of Alaska Indians

CHICAGO, (AP)—What the totem poles mean in Indian history and legend will be made clearer to the school children of the country when films soon to be made by the Society of Visual Education are thrown on the screen.

Early this summer on those far off islands lying along the upper coast of British Columbia, hundreds of Indians will take part in the unfolding of the legend surrounding the totem poles which travelers see in the Alaskan villages. This work will be under the direction of Professor F. E. Froese, who for forty years has made his home among the Indians on Queen Charlotte and Prince of Wales Islands. The services of Professor Froese were obtained by H. L. Clarks, vice-president of the Society for Visual Education, as the man best fitted to carry out this important plan.

Every part in the drama will be taken by Indians and drilled them for the ambitious work will begin in a few weeks, under Professor Froese's leadership. The films have been arranged for and they will be produced purely from an educational standpoint for use in the public schools. While pictures have been made of the totem poles and of some of the Indians of the story region, it is believed this is the first attempt to put the meaning of the symbols into form understandable to the children. It is expected that both films will be ready for use by the opening of the schools in the fall.

ILLITERACY TO BE PUNISHED

Marshall Says All Who Cannot Read and Write Should Be Disfranchised

ST. LOUIS, Mo., (AP)—Every citizen who cannot read, write and speak the English language should be disfranchised, Thomas H. Marshall, former vice president, declared in an address here last night. "Our constitution and laws are written in the English language," said the speaker, "and no man is an American until he has learned it. "Disfranchisement is religion and its tendency is to stay into politics is an insubstantial one on the way to peace. We are forgetting that the principles of democracy permit every man to follow the dictates of his conscience. We are flirting with an alliance of church and state."

A Punctual Call

A Brookline lady telephoned to a friend one morning and asked the time. The recipient of the call replied that it was 10 a. m., whereupon the other said that by her clock it was only 9:45. She knew this must be wrong, she explained, because her pet cat was just washing her face, which she did every morning precisely at 10. Hereafter the Brookline lady proposes to regulate her clock by her cat's ablutions.—Boston Transcript.

Women Who Grow Beards

The women of the imperial city of Rome once got possessed with a morbid ambition of raising beards, like their brothers and husbands. They tried to shave their chins and smear unguents over them. It appears, however, that the men of Rome did not favor this feminine eccentricity, for Cicero mentions a law that was passed to prevent women raising beards.

BRITISH PRESS THINKS END OF GATHERING NEAR

English Newspapers Hold Out Small Hope for Continuance of Genoa Conference on Any Basis At All

LONDON, (AP)—The probable early break down of the Genoa conference is more than hinted at in some of the newspapers today. The Northcliffe journals, which have consistently opposed the conference and Lloyd George's advocacy thereof, declare the meeting a failure. The Times says: "It is daily becoming clearer that the splendid verities which the world was asked to expect as a result of the conference are falling away, and it is childish of the premier to try to cover his mistakes and hide his disappointment by casting the blame for his failure upon the press, whose only fault is that it has been too clear-sighted."

The Daily Mail says the only important event at the conference is the conclusion of a treaty by the Russian and German behind Lloyd George's back. "The conference is ending in failure," it declares. "The policy of 'shaking hands with murder' has broken down, and no tears need be shed over the result."

Premier Polneare's speech at Barcelona is lauded by these newspapers as "long, the overstrained nerves and proof that France recognizes that it lives in a real world, not in a conjurer's paradise."

thinks End in Sight. The Westminster Gazette, although disagreeing with the French attitude regards it as the result of honest conviction. The newspaper interprets Mr. Polneare's speech as the plainest possible declaration that the French government thinks the conference has lasted quite long enough, and adds: "Clearly, it ends the Genoa conference as far as France is concerned." Assuming that France is determined to invade the Ruhr valley to the end that she may enforce her demands on Germany, the newspaper foresees "fresh disaster for Europe, which

Great Britain will be almost powerless to avert." It is confident, however, that the British public is unanimous against renewal of warfare, and declares: "Polneare's address in France's last word, it marks the parting of the ways for the French and British peoples." The newspaper expresses the hope that France will be influenced in her course by the prospect of this contingency.

One Note of Hope. (The Daily Chronicle adopts a hopeful view, and thinks the conference has resisted so many crises that "it has become almost crisis-proof. It believes there is a strong indication at the conference in favor of an eventual agreement which justifies the doubt whether either France or Russia ultimately will find it worth while to kick over the traces of the Genoa peace chart."

MAKES CANTAS BY MAIL

ST. LOUIS, Mo., (AP)—Conducting his campaign entirely by correspondence, Roger Bailey, a student at Washington university and a member of the football team was elected city attorney of St. Louis, Mo., in a recent non-partisan election. Bailey polled 559 out of a total of 892 votes cast. His opponent was Walter E. Graham. Mr. Bailey, who is only 22 years old, is a republican. He gained popularity while playing football for the St. Louis high school. He entered Washington university in 1918, and will be graduated from the law school in June. He already has been admitted to the bar in Missouri.

Reserve Strength

A banking institution consistently builds up a healthy reserve.

The same rule should be applied to the management of personal affairs. Every individual should build up and maintain a substantial reserve.

A cash reserve is not only a defense in an emergency, but an index of strength that increases self-confidence and self-reliance.

It will prove interesting and profitable to begin building a reserve by opening a savings account in this institution.

FIRM PROTEST FILED AGAINST SOVIET ACTION

Determination of Russian Government to Make Example of Political Offenders Taken Up by Swedish Labor Party

STOCKHOLM, (AP)—The Social Democratic party of Sweden, which Premier Branting's leaders, has sent to the Soviet government of Russia a protest against the execution of 87 Russian social revolutionaries which the Bolsheviks are reported to have threatened. Liberal political groups in other parts of the country, however, have sent similar messages to the Bolshevik chief. The Swedish message sent by radio to Moscow, follows:

"The Social Democratic party of Sweden herewith lodges its flaming and indignant protest against the execution of 87 Russian social revolutionaries. In making this protest we are actuated by the same spirit which led us to protest against the violent action proposed by the Soviet government of Hamburg against the Bolshevik People's Commissaries of Hungary.

"The labor class of Sweden, firmly embodied in the Social Democratic party, will not cease to brand the sanguinary deeds for which an excuse is made as the heinous and he-called revelations of contemptible agency provocateurs.

Working Classes United

"We unite in the movement that has seized the entire working class of western Europe caused by the travesty of justice against the Social Revolutionaries, and we remind the Soviet government that still professes to exercise its power in the name of the working class, that the workers of the civilized world will hold it responsible for the blood stained verdicts menial justice, hooded and proven revolutionaries and socialists. These men were the first martyrs of the Russian regime and now they are martyrs under the Communist regime of violence."

It was announced in February that the Central committee of the Social Revolutionary party in Russia together with a number of active members of the party who had been imprisoned for a long time would be handed over to the revolutionary tribunal for trial. They were charged with having been involved in plots in 1917 and 1918 to assassinate Premier Lenin and Leon Trotsky and other Soviet leaders. The Russian Socialists and labor leaders who have been confined in a prison in Moscow issued an appeal in January to their comrades all over the world against the banishment of 38 of their fellow political prisoners to Turkestan. The plea asserted that the exiles would either suffer death on the way or a living death there, "where they come under the powers of the bloodhounds, Peters, one of the most cruel leaders of the Extraordinary Commission, who sent a government of Turkestan, work his will with political prisoners."

Happenings of a Day In Sports

HAZELTON TEAM DEFEATED

Good Playing on Both Sides Characteristics Game but Locals Too Swift

Another victim was added to the high school baseball team's list yesterday afternoon, when the locals took the Hazelton ball tossers down the line to the tune of 14 to 2.

For six innings it was as pretty a game as one would care to see, the Twin Falls boys being on the long end of a 0 to 0 score, but in the sixth, the Hazelton lads forgot themselves for a few minutes, and when the smoke had cleared, the Evans also had garnered seven runs and six hits, one a homer by Cliff Fix.

The blue and white boys were shaken up a bit in the first inning, when the enemy made three hits count for two runs. Incidentally, they were the only runs and hits that Hazelton made during the entire game.

The main feature of the game was the pitching of Laval Jarman. Before he could get a line on the visitors, they nipped him for a brace of hits and two runs. After that he was invulnerable. The best side of a run on a hit was made off of him after the fatal third. His striking out of 15 of the opposing team will stand as a record for a long time to come. He had everything, and his control was of big league caliber. He passed but one man to first.

Fly Good Ball

Another feature of the game was the playing of V. Kelly popping out the ball, as J. Jeffries did in this ball game, and that is another record that will stand in high school baseball for quite a while.

Hazelton started the scoring in their first effort, V. Kelly popping out to L. Jarman, J. Jeffries did in this ball game, and that is another record that will stand in high school baseball for quite a while.

The second inning saw one more run come in. Musell opened with a single to left, Hammond struck out, but Brown missed the ball. Instead of Musell staying at first, he started for the keyhole sack and was put out between the bases. Harper connected with one of Lee's offerings and sent a scorch to left, the ball bopped over Freeman's shoulder and before the ball could be recovered, the speedy "Tony" had circled the bases, tying the score.

Four more were added in the third, when the big catchers of Lee, Cron opened this stanza with paving at the breeze. G. Jarman and Putzier walked to first, Fix singled to left, sending in Jarman and Putzier second when Freeman let the ball get away from him. Fix landed on third, Cron scored when Thometz singled infield. Thometz stole second and went to third on an error, and scored on Hammond's 'out to left field. Harper ended the inning by grounding to the pitcher. Four runs, three hits.

Hit's Bunched in Sixth

Everything was serene from then until the sixth, when the locals tore loose and bunched six hits, a hit better, and an error for seven runs. It was in this inning that Cliff Fix drove to the barn in left for a homer. It was a mighty feat.

The game was fast throughout, and although Hazelton was on the short end they played a much better game than the score indicates.

The playing of Lindsey at second was worthy of mention, his four assist being hard chances. His two errors were made from thrown balls.

Boss, their center fielder, made two beautiful catches, saving at least three runs.

The team looked mighty good, and more should be heard from Hazelton before the season ends.

NOTES OF THE GAME

It was anybody's game until the sixth.

Hazelton looked dangerous in the first, but Jarman soon had them under control.

Lee, familiarly known as "Mery," pitched hot ball, but was inclined to be a little wild. He has a nice hook ball.

Putzier was passed to first on his first three trips to the plate.

Jarman pitched big league ball after the first. Not the least sign of a hit did the enemy make after their first attempt.

ARREST MAY RESULT IN CLUE TO MURDER CASE

Taylor Mystery Again Brought to the Surface Through Action of Police

SAN FRANCISCO, Cal., (AP)—Honore C. Conette, newspaper man, taken in custody by Detective Sergeant A. J. Wynans of Los Angeles on his arrival here yesterday from Hills, T. H., today had completed a 15-page typewritten statement in answer to questions asked by the officer in the belief that Conette would be able to throw some light on the death of Wm. Donaghy Taylor, film director.

Conette consented to remain in custody at a San Francisco hotel until Wynans could receive further instructions from District Attorney Woolwine of Los Angeles.

He was taken in custody, it was said, on information furnished by the Los Angeles police by authorities at Hills. Conette left Los Angeles shortly after the slaying of Taylor, February 1, Wynans said, and sailed from San Francisco to the Hawaiian islands February 7.

LOCALS TO PLAY KIMBERLY

Interesting Contest Looked For When Second Engagement Comes Off Tomorrow

The local high school baseball team will journey to Kimberly tomorrow evening for their return game with the boys from that town.

Although defeated 20 to 0 three weeks ago, the Kimberly team will be out and trying. They claim that they have improved considerably and even if they can't win tomorrow's affair they will be in the game every minute.

The game will be called at 4 o'clock and will be played at the Kimberly baseball field.

Smiles Scores in London.
A newspaper seller at Charing Cross, London, was emphatic in his views concerning the roughness of the metropolis. "Smiles" he said. "I never see any. First to establish the \$10.90 price—Usco

THE makers of U. S. Tires made this announcement last November—

"Hereafter the price of the 30x3 1/2 'Usco' is \$10.90."

The lowest price ever quoted on a tire of quality reputation and standard performance.

And now, with the opening of Spring, there seem to be a number of "New and Special tires" coming into the market in the \$10.90 price range.

Perhaps you are wondering just what there can be either "new" or "special" about these tires.

It can't be the \$10.90 price—"Usco" established that five months ago.

Not quality reputation and standard performance—fortakes more than one full season for any new tire to demonstrate where it stands in quality and value.

With so many tires rushing into this \$10.90 price—

field (now that the season promises business from the American car owner), it is worth remembering that "Usco" showed its good faith by announcing this price last fall.

The same intent to serve that has made "Usco" a standard value for years.

The "Usco" Tire was never better than it is today—with its established quality, its time-tested performance, and its price closely figured in tune with the times.

TEXAS CONCERN IS BARRED OUT OF THIS STATE

Security Home Builders Association Contract is Turned Down and License Revoked by Finance Commissioner

BOISE, (AP)—J. G. Fralick, Idaho commissioner of finance, Tuesday permanently revoked the permit of the Security Home Builders' association, a Texas corporation, which has been doing business in Idaho as a loan company for the past eight weeks. The commissioner asked that the permit issued by him be surrendered together with all agents' licenses issued to representatives.

Commissioner Fralick's action today was the outcome of an investigation instituted some weeks ago by the Boise Ad club which first laid the matter before the state official as the result of advertising appearing in a Boise evening paper which, the Ad club declared, was of an unscrupulous character.

The loan association's offices in Boise were closed more than a week ago pending a decision of the commissioner on a new contract under which the association proposed to continue operations. The original contract between the association and its patrons made representations that it would loan money at three per cent for home building purposes; the new contract proposed four per cent.

IDAHO INDIANS NEED NO FISH AND GAME LICENSE

Mission of Chiefs in Capital City Successfully Accomplished; Official Approval Gained

BOISE, (AP)—When Chief David W. Scott and Felix Loury, Nez Perce Indians, return to their people this week they will take with them the privilege of hunting and fishing in the state of Idaho, without a license, according to the Wills-Wells treaty of 1855. This privilege was held Tuesday to be a prior right to the laws of Idaho for the Nez Perce, and Chief Scott will take with him a letter from Otto M. Jones, state game warden, setting forth this fact. The chief has accomplished that part of his mission.

Tuesday at the close of a conference between Chief Scott and Felix Loury of the Nez Perce tribe, Colonel E. G. Davis, United States district attorney, Governor D. W. Davis and Otto M. Jones, state game warden, the granting of this privilege to the Nez Perce was made. The state however, regulates the Indians' hunting and fishing insofar as seasons and the amount of game they may take; its provisions and regulations applying to the killing or taking of game or fish within Idaho, apply to the Nez Perce Indians.

The Indians have been regally entertained since coming to Boise Monday.

BOISE COUNCIL AWARDS CONTRACT FOR PAVEMENT

Accepts Bid of Blackfoot Contractor for Asphaltic Concrete Material

BOISE—By vote of 3 to 1, the Boise city council Tuesday afternoon awarded to J. M. Hartong of Blackfoot, the contract for paving in an improvement district recently created here. Hartong's bid of \$38,476.49 for the 16,000 square yards of paving was backed by Mayor E. B. Sherman and Councilmen George A. Peterson and L. P. Nielsen. Councilman John M. Shary voted no. Hartong's bid specifies asphaltic concrete with two-inch top on a three-inch black base.

Award of the contract broke a deadlock in the council relative to respective bids of S. E. Burdison of Boise and Hartong. Burdison's bid was for \$42,093.08 on specifications of Warrenton bluish-tan with two-inch top on three-inch black base.

HONOR MEMORY OF FAMOUS MAN

Birthplace of General Grant to be Scene of Unique Celebration of Great Centenary

CENTURY PLEASANT, O., (AP)—The point old streets of this newly formed Ohio river village will echo tomorrow with the footsteps of distinguished men who will come here to do honor to the memory of an Ohioan whose name is written large in the history of the country—Ulysses S. Grant. Just 100 years ago tomorrow, Point Pleasant friends and neighbors of Jesse Grant, a tanner, congratulated him on the birth of a son, little dreaming that 60 years later the president of the United States would be in their settlement, honoring the memory of that baby boy.

President Harding coming. President and Mrs. Harding and their party, which will include United States Senators Willis and Pomeroy of Ohio, and other distinguished men will make the trip to Point Pleasant by river steamer tomorrow morning. The steamer leaves at 10 a. m. and will cover the river little more than 20 miles from Cincinnati, this village has never been touched by a railroad.

The stately Ohio river steamers, the Island Queen and the Morning Star will lead the fleet that will escort presidential party, and are well constituted the president's flagships.

President Harding is to speak from the porch of the little hotel shortly after 1 p. m. tomorrow.

A grant memorial celebration will be held Friday at 10 a. m. Saturday at Georgetown, Ohio, scenes of Grant's boyhood.

CHINESE FORCES BATTLE FIERCELY

Troops Stationed Near Capital City to be Reinforced by Army of 30,000

AMOY, China, (AP)— Forces under General Chang Tso-Lin, military governor of Mukden, are reported to have retreated after preliminary skirmishes with General Wu-Pei-Fu's troops south of Tien Tsin in the province of Chih Li. Both sides are strengthening their positions and there is still hope for mediation.

The skirmishing occurred along the Peking-Hankow railway and much of the wreckage is said to have been taken up by the Chih Li forces in their retreat.

General Chang Tso-Lin is sending forty thousand soldiers into Chih Li, Shantung, Anwei and other provinces to join the 30,000 troops already stationed near Peking and along the Peking-Mukden railroad.

Chang's reported plan to overthrow the present government in Peking is opposed by General Wu-Pei-Fu, superintendent of the central provinces.

A. L. Houghtelin and A. E. Anderson Reported Choice of Commission Form Committee for Mayor of Twin Falls

A. L. Houghtelin, 817 Shelburne street north, or A. E. Anderson, 203 Seventh avenue east, according to current report, will be the candidates for mayor presented by the "commission form of government committee"...

It was also reported that Mr. Houghtelin had declined the nomination on the date for the reason that he expected to remove from Twin Falls, and that Mr. Anderson's decision depended upon word he might receive within a day or two...

No statement was today forthcoming from headquarters of the committee as to the accuracy of any of these propositions. It was indicated, however, that definite statement as to the candidates for which the committee would stand sponsor would be issued...

Outside of the commission form committee's activities there seems to be little of interest in the scheduled election. In some quarters it has been suggested that the present mayor and council ought to run for reelection under the commission form of government...

UNION PACIFIC'S FARM EXPERTS TO VISIT HERE

Agricultural Advisers to Assist Farmers in Solution of Problems of Production and Marketing

With a view to assisting Idaho farmers in a solution of their problems of production and marketing, especially in respect to potatoes and sugar beets, according to announcement made today by D. E. Sullivan, Oregon Short Line agent here, through the Twin Falls Chamber of Commerce, a party of farm experts in the employ of the Union Pacific railway system were scheduled to arrive here on Monday today for a series of meetings at which those subjects were to be presented.

Members of the party, according to the announcement, include R. M. Smith, J. G. Gignoux and "Farmer" Smith. All of the members of the party have previously visited the Twin Falls country and studied conditions here.

ELDERLY WOMAN CHARGES BROTHER WITH BATTERY

J. W. Lynch of Hansen, in Probate Court, Answers to Complaint Presented by Sister

J. W. Lynch of Hansen, before Judge O. P. Davell in probate court here today, answered to a charge of battery preferred by his sister, Mrs. Jeannette Spencer. The alleged offense occurred last Friday evening, and was occasioned, according to the complaint, by Mrs. Spencer's refusal to quit certain premises in Hansen. Lynch is alleged to have choked his sister. Both are elderly persons. Trouble between the two is said to have grown out of Lynch's claim to possessory rights claimed by his sister. Lynch is alleged to have paid an imbrucation against the property and taken the deed to it, thereafter attempting to oust his sister. The case for the prosecution was presented by Assistant Prosecuting Attorney O. A. North.

BUSINESS MEN TO SEEK BEETS

Ten Committees of Four Men Each Named to Wage Campaign for Factory

In a final effort to obtain in the Twin Falls district contracts for production of sufficient sugar beets to prevent abandonment of the Amalgamated Sugar company's factory here this season, 40 Twin Falls business and professional men, comprising ten committees assigned to carry on the campaign in as many subdivisions into which the district has been divided, are to meet at 9 o'clock Thursday morning at the office of A. L. Stewart prepared to enter at once upon active work of the campaign.

Preliminary plans for the business men's campaign were outlined at a meeting last evening at which John W. Galt, president of the business men's committee, announced that he had obtained contracts for production of approximately 3700 acres of beets in addition to about 1700 acres which sugar company officials hold to have in sight to make a minimum of 5000 acres necessary for the operation of the factory is the goal set for the business men's committee.

Failure of the campaign, sugar company officials have stated positively, will mean that operations of the factory here this season will be suspended. The reasons for the business men's committee as determined at last evening's meeting, follows: District No. 1: R. C. Leach, R. C. Beach, E. S. Johnson, I. McFarland, H. H. Wood, T. T. Woods, E. H. Holsinger, W. T. Leslie, C. S. McManister.

TAKES DRASTIC MEANS TO PUNISH DAUGHTER-IN-LAW

French Woman Endeavors to Substitute Stranger for Dead Husband

PARIS. (AP)—A woman's attempt to punish her daughter-in-law for marrying again after her husband's death in the war has just been exposed here. An elderly woman in Toulouse informed the Ministry of War that she had recognized her son in one of six photographs published by the newspapers of insane soldiers, former prisoners of war in Germany returned after the armistice in a complete state of amnesia, unable to identify himself.

The wife of the missing soldier having long ago given up her husband as dead, had just been married a second time and in the midst of her new honeymoon she was instructed to come to Paris and identify her first husband.

Greatly perturbed, she visited the hospital accompanied by her mother-in-law who greeted "her son" affectionately. "That is not my husband," shouted the young woman, and acquaintances of the missing soldier such as she was, failed to recognize him, some of them even saying that there was not the slightest resemblance. The older woman broke down and told the officials: "I've known right along he wasn't my son but I wanted to teach his wife a lesson, so he had no business getting married again."

SUFFERINGS OF UKRAINE ARE ON GIGANTIC SCALE

Granary of Europe Now Presents Picture of Desolation and Waste

KIEV, U. S.—The rich Ukraine, the home of wheat and sugar, handis and hard working stubborn peasants, is at last quiet. This vigorous people has been conquered, temporarily, not by the Russian soldier, such as she was, failed to recognize him, some of them even saying that there was not the slightest resemblance. The older woman broke down and told the officials: "I've known right along he wasn't my son but I wanted to teach his wife a lesson, so he had no business getting married again."

The Ukraine has had 16 governments since October, 1917. It has been a battleground for communists, nationalists and Czarists and Poles, followers of Peter, the Ukraine nationalist, and all manner of men and parties. The tragedy and ruin of Russia's revolution is best seen in the Ukraine. Its great farms have been laid low. Its rich lands are lying fallow and going to waste. In the railway stations here, have been shot to pieces. Its bridges have been blown up. It has been damaged more than any other part of Russia.

In this former land of plenty dozens and dozens of dead bodies are dropped off at the railway station, dead from hunger or typhus.
