## KIMBERLY AGAIN BEATEN

**Twin Falls Ball Players Lack Head Work, But Manage to Pile Up Big Score**

The return game yesterday afternoon with Kimberly resulted in the local high school winning by the score of 18 to 4.

For five innings it was a pretty game with Twin Falls leading 4 to 1, but in the fifth and eighth Kimberly fell down, and allowed the locals to score 11 runs in the two innings.

The game was a three three remarkable catches of foul balls made by Cron. All three of them looked impossible, but the speedy Starley got under all of them.

The Twin Falls boys didn't play up to their usual standard, their errors being more those of omission than commission. At times their heads refused to work for them.

Putzer got into the game in the third inning, and had his batting eye with him, nicking three hits out of three official times at bat.

Kimberly played a much better game than on their last appearance here, and the playing of Weaver at second, was of the best.

Rowland of the Kimberly team made two beautiful catches in right.

Musell, centerfielder for Twin Falls, was hit in the leg during practice, and was unable to play.

Coch Evans used all his subs, and each one made a very good showing.

Score:

## EVERS STILL PLAYS BALL

**Veteran Dons American League Uniform for First Time in Game Yesterday**

CLEVELAND, O., (AP)—Although prominent in baseball for 20 years as a member of a National league club, not until yesterday did Johnny Evers, now 41 years of age, play in an American league uniform. The former star second sacker made his debut in the junior organization just as he did in the National—as a member of a Chicago team.

An injury to Eddie Collins, kept the star second baseman of the White Sox on the bench. Manager Gleason had no extra infielder, so he injected Evers into the lineup.

Notwithstanding that he had not played since 1917, the veteran showed that he still can play the key-stone sack. He failed to hit safely, but drew two passes and forced in one run. In the field he accepted six chances, several of his plays drawing applause.

Collins injured his right wrist in a collision with Shortstop Sewall of the Indians Wednesday.

## NEIGHBORS IS NOW MANAGER

WENATCHEE, Wash., (AP)—Oyler, Neighbors, former American league baseball player, has taken charge of the Wenatchee baseball team for the 1922 season, and is preparing the team for the first regular game with Cashmere in Wenatchee, May 6.

Mr. Neighbors recently moved to Wenatchee to make his home there. He is well known to baseball fans of the town, having played with Tacoma 1912 to 1916. He has since handled teams in Biltville and Pasco, where his team won a pennant winner.

## STANFORD BE-ELECTS CAPTAIN

STANFORD UNIVERSITY, Cal. (AP)—George Green of Palo Alto, class of '24, has been re-elected captain of the Stanford varsity baseball team. Green, who is a catcher, is the second man to hold the honor two years hand, running the other being Ted Terry, now an infielder with the Chicago Cubs.

## MOST RAISE MICROBE NESTS

SACRAMENTO, Cal. (AP)—The city council last night passed a whiskey ordinance as an emergency measure, making it compulsory for all male citizens to grow whiskers on the day of 40 celebration is concluded May 28 and providing a kangaroo court named by the women members of the council, the court to try all cases of men who show their visages between today and the closing day of the celebration.

## COBB TO STAY WITH GAME

**Rumors of Early Retirement of Manager of Tigers are Vigorously Denied**

ST. LOUIS, Mo., (AP)—A report published in a weekly sports publication here that Ty Cobb's days as a manager and player as well, were numbered was denied emphatically by the Detroit star on returning with his team to Detroit last night following the series with the St. Louis Americans.

With the fiery vigor typical of the Georgia peach's aggressiveness as a player, the Detroit manager asserted he would not think of quitting as manager and 'lay down the reins of a club that is down in the ruck.' Cobb added that though it appeared he had made little progress in building up a team that had been down so long, this was no indication that he was through.

"It takes time," he added, "to build a winning team out of one that has been so unfortunate as the Tiger. I am doing all in my power to get a winning combination. As to quitting as manager there's not a chance."

POOR, HE WANTS A PENSION. HAVANA, Cuba, (AP)—Carlos Lopez Sosa, who recovered the engine of the battleship Maine from Havana harbor and delivered it to the American consul the day following the destruction of the warship in 1898, has applied to the United States government for a pension in recognition of that service.

Sosa has for years been a sandwich man, familiar on the streets of Havana for his fancy costumes and gaudily painted signs. But the advertising business, he says, has not been profitable of late. His petition for a pension, filed with the American legation, gives poverty as a reason for the request.

Conqueror Declares His Intention to Work for Independence and Prosperity

CONSTANTINOPLE. (AP)—A series of battles for the possession of Tabriz, second capital of Persia, has been in progress since the British troops were withdrawn last year as a result of which the city has recently been taken by Lauth Khan, according to advices received here from Teheran.

Lauth Khan was commander of the Persian gendarmerie forces in the region of Lamsa. He set his troops in movement against the Toberan government on the ground that they had not been paid for five months. His forces surrounded the Persian Cosack and Armenian battalions at Sherfahan and dispersed them and some of the prisoners were taken.

With an army of 10,000 men Lauth Khan they organized an expedition against Tabriz which was denuded by the Shah's loyal Cosack and Persian gendarmes commanded by Swedish officers.

For Persian Independence. Overcoming their resistance, he nudged a triumphal entry in Tambric, occupational buildings and houses...

## FAMILY CAT IS CAUSE OF SAD COMPLICATION

### Inquisitive Tabby Breaks Up Practice Coursing Matches and Does Damage to Several Hundred Dollars

MIAMI, Fla., (AP)—A black cat caused abandonment of a disc cat race on the greyhound race track, being conducted here by the Miami Kennel club and the dogs were chasing a new mechanical rabbit. A small electric trolley is laid in the center of the course and at the beginning of a race a stuffed rabbit, mounted on the trolley, is started from the tape. The bunny is given a few yards start and the greyhounds released at a signal from the starter. The rabbit flies a few yards beyond the finish while the dogs are crowded as they cross the line.

The dogs for five weeks had chased the rabbit when an inquisitive black cat wandered into the course. One of the judges to save the kitty from rough handling by the hounds, shot the rabbit in ten seconds flat and captured her. The cat was released behind the grandstand with a warning and all the hounds which would stay put. She didn't stay.

The first one got under way and the stuffed rabbit was making its steady down the course with the greyhounds in full tilt after it. At the post marking a sixteenth of a mile things began to happen. The coming of the trolley flew into the air and bunny came to a halt. The greyhound race was over. The cat, overbearing the warning, had wandered onto the track again and had climbed onto a trolley under the trolley every for a second. The swiftly

moving bunny strook her and jammed the mechanism. The management issued rain checks to the spectators, sent for several carpenters to repair damages, raised a taxidermist's shop for another stuffed rabbit, and the races were resumed the next day.

### A Square Foot and a Foot Square

There is no difference in area or quantity of surface between a foot square and a square foot, but there may be a difference in shape. A foot square must be a rectangular surface having four equal sides, each measuring one foot long. A square foot may be also a foot square, but it may be irregular in shape, any side included wide and two feet long, or any shape so long as the area is equal to 144 square inches.

# SCHOOLS' WORK IN EXHIBIT IS SEEN BY SCORES

### More Than 2,000 Persons During Day Inspect Displays and Gain First Hand Information on Course of Study

More than 2000 persons during the afternoon and evening Thursday visited Twin Falls high school and junior high school, on the occasion of an annual exhibit of school work participated in by students in classrooms and departments of the institution.

Visitors were most numerous during the evening when the school building presented an imposing sight with lights gleaming through its hundred windows. It was estimated that more than 1800 persons were assembled at one time in the building during the evening, while a steady stream of visitors passed through the corridors and from one exhibit room to another during the entire afternoon and evening.

### Programs Feature

Programs consisting of vocal and instrumental music and a concert play, "The Power of Love," were given at 8:30 o'clock in the afternoon and at 7:30 o'clock in the evening. The programs were the contributions of the high school band and orchestra, orchestra, junior high orchestra, junior high glee club and the public speaking department.

Particular interest centered upon the more tangible exhibits offered by the home economics, manual arts and agricultural departments, while the offerings of the language, history and science and science departments, although necessarily more limited in their appeal to popular interest, were in many instances novel and of great value as an effective portrayal of the work done by the students in these classes.

### Claim Pupils Interest

Arrays of needlework and of cookery in the home economics department exhibit used with the handicraft of students in the manual arts department, their claims upon the interest of the visitors, while the agricultural displays of livestock including pens of black and white swine, and the various exhibits of the offerings of the mathematics departments of both high school and junior high school were considered especially creditable as indicating the way in which the students are engaged. Themes, compositions and other manuscripts attested to the capability of the language, history and science departments.

### Athletes Advised

Announcing an "athletic exhibit" a placard was prominently displayed in the high school entrance hall calling attention to the basketball games between Twin Falls and Buhl high schools' basketball teams to take place on Lincoln field Tuesday afternoon.

# COURT FINES LADS AND BILLIARD ROOMS OWNER

### E. E. Pickett and Four Youthful Patrons Penalized Under Statute

E. E. Pickett, proprietor of a billiard room in the basement of the Twin Falls Bank and Trust company building, is to receive a \$100 fine Thursday, was sentenced by Judge O. P. Duval to pay a fine of \$25 for permitting boys under 16 years of age to frequent the establishment. Four boys taken into custody by the police, as frequenters of the place, were sentenced to pay fines of \$10 each. In default of payment the fine the youthful offenders were ordered committed to jail.

### SOUTH IDAHO SHOOTERS IN LEWISTON TOURNEY

### C. A. Bailey, Ernest White and E. M. Swoley Take Turn at Traps Against Shots of Northwest

C. A. Bailey returned Thursday from Lewiston where with Ernest White of Twin Falls and Captain E. M. Swoley of Twin Falls, he took part in a trapping tournament Monday and Tuesday in which about 60 trapshooters from throughout the northwest were entered. The local boys, made rather exceptional marks, but were good enough to get into the prize and trophy awards. Mr. White will remain in north Idaho until the middle of next week in the bidding for the purchase of a school building at Osgood, d'Alene, Bonanza Ferry and Clearwater.

# INSURANCE COMPANY IS HELD LIABLE BY COURT

### Award to Contractor Under Workmen's Compensation Act is Affirmed

Idaho's supreme court has affirmed a decision rendered in district court here awarding judgment to Charles H. Mull, contractor, against the United States Fidelity and Guaranty company for approximately \$2000 paid under provisions of the workmen's compensation act, to a workman who was injured while in Mull's employ. The case was one of the first originating under the workmen's compensation act, and attracted considerable attention. Word of the supreme court's decision has been received by Walters, Houghlin and Bailey, attorneys for Mull in this action. The insurance company was represented by E. M. Wolfe and J. P. Martin.

# COMMITTEE WILL COMPLETE SLATE

### Neither Houghtelin Nor Anderson Has Definitely Declined the Nomination

Neither A. L. Houghtelin nor A. E. Anderson, prospective candidates for mayor and councilman, respectively, at the city election scheduled for June 6, has definitely declined to accept nomination, according to the statement of Chairman Mills of the "Committee for Government Commission." The nomination papers for both Houghtelin and Anderson have been prepared by the committee, but will not be filed until acceptances on the part of both are received. It was stated that this would be by next day.

### Will Complete Ticket

The committee Thursday filed the nominations of J. E. Roberts, S. G. McAuley and Frank L. Cogswell as candidates for councilmen. Acceptances of the nominations on the part of Houghtelin and Anderson would complete the ticket for the commission form committee.

In the event that either Houghtelin or Anderson or both of them declined to make the race, other candidates would be substituted, the committee chairman declared.

### To Be Factor in Suit

This will be taken by the committee in relation to the application of John Koschek for writ of prohibition against the holding of the election scheduled for June 6, to be heard before Justice W. A. Heebrock in district court here Monday, will be determined and announced Saturday, the committee chairman declared.

Rejection on the part of the city council of the committee's offer to eliminate the defense in this case, has not eliminated the committee chairman influence, and it was indicated that the committee would endeavor to participate in the hearing as an intervenor.

### Women Seem To Be Using Less Harness

CHICAGO, (AP)—It seems to be a question whether the girls wear any more. The wry and mean committee of the Chicago Corset Club met today to outline a life saving program for the industry. "Only 25 per cent of the women are wearing corsets," according to Ross Hoy, secretary of the organization, which includes manufacturers and saleswomen of designers of the feminine form frames. "More and more women are giving up the corset," said Mme. Alla Ripley, president of the Fashion Art League of America. "Young girls, why, to tell you the truth, I don't know a girl who wears a corset."

### Presidents' Medicine

The tendency of medical science is toward preventative measures. It is easier and better to prevent than to cure. Pneumonia, one of the most dangerous diseases that medical men have to contend with, often follows a cold or attack of the grip. The cold prepares the system for the reception and development of the pneumonia germ. The longer the cold hangs on, the greater the danger. Take Chamberlain's Cough Remedy as soon as the first indication of a cold appears so as to get rid of it with the least possible delay. It is fully ready to strike an attack of pneumonia when this remedy may be obtained for a trifle—adv.
