SUSPENSION BY MINERS TO BECOME REAL STRIKE

Heavy Majority Vote for Continuance of Walk-out Begun Three Months Ago

WILKESBARRE, Pa., (AP)—Assured the support of the 150,000 union anthracite miners who have remained under suspension of work since last April 1, the general wage scale committee Monday began tabulating the referendum just completed and prepared for declaration of an actual strike.

Plans were laid for the foundation of a "war chest" with a financial campaign throughout the principal cities of the east...

The committee did not officially authorize the substitution of the word "strike" for suspension—the term by which was designated the walk-out ordered by the United Mine Workers of America nearly three months ago.

INDIAHANA MAN NAMED

WASHINGTON, (AP)—The nomination of Vernon V. Van Fleet, of Indiana to be a member of the federal trade commission was confirmed Monday by the senate.

ST. LOUIS, (AP)—Vigorous denial that there was any truth in the suggestion of State Senator Seel of Berlin, that the opening of the Southern Illinois Coal company's strip mine, which required in the Herring massacre, the hanging of the coal operators of Illinois, was made Monday night by presidents of two Illinois coal operators' associations.

FUNERAL DATE IS FIXED

Wife of Governor Small, Stricken with Apoplexy, to be Buried Wednesday

KANKAKEE, Ill., (AP)—Mrs. Len Small, wife of Governor Small of Illinois, who died Monday morning, will be buried next Wednesday.

RULING PRINCE DIES

PARIS, (AP)—Prince Albert, Honorary Charles of Monaco, the youngest prince in the world, died here Monday afternoon.

STEEL TRUST IS DRAWN INTO THE HERRIN OUTRAGE

Senator W. J. Sneed Declares Operation of Strip Mine Was Part of Big Corporation Anti-Union Plan

SPRINGFIELD, Ill., (AP)—Suggestions that the opening of the ill-fated strip mine of the Southern Illinois Coal company was backed by the coal operators of the state and that the "United States steel trust" also was "assisting" the owner of the mine, W. J. Lester, was contained in a statement Monday night by Senator W. J. Sneed.

TWO SIDES PRESENTED

WASHINGTON, (AP)—Two sides to the Herring, Ill., mine killings were presented Monday in the house during debate in which Representative Goodkowitz of West Virginia, and Representative DeWitt of Illinois, both republicans, participated.

Mr. Goodkowitz called upon officers of the United Mine Workers of America to assist in prosecution of those responsible for the disaster, even though found among the union membership. Otherwise, he said, the United Mine Workers' organization, "will never be able to rise from the ashes to which its members have caused it to fall."

TRAGEDY ALWAYS FOLLOWS

The Illinois representative contended that newspaper reports of the disorders in many cases were "very inaccurate" and said that according to the local papers of Marion, his home, "not one fifth of the reports to metropolitan newspapers were true."

ST. LOUIS, (AP)—Vigorous denial that there was any truth in the suggestion of State Senator Seel of Berlin, that the opening of the Southern Illinois Coal company's strip mine, which required in the Herring massacre, the hanging of the coal operators of Illinois, was made Monday night by presidents of two Illinois coal operators' associations.

They were W. K. Kavanaugh, president of the Coal Operators Association of the Fifth and Ninth (Illinois) districts, and Eric Miller, of Hillsdale, Ill., president of the Illinois Coal operators' association.

"There is not a scintilla of truth in Senator Sneed's suggestion," said Mr. Kavanaugh. "If Senator Sneed has anything to prove his suggestion, he should turn his evidence over to the presiding officials. This is his duty as a citizen and a senator."

# NEW WAGE SCALE FOR COAL MINERS IS INSISTED UPON

## Government Efforts to Settle Strike Receive Check as Result of the Day's Conference

WASHINGTON, (AP) — Administration efforts to bring about a settlement of the bituminous coal strike met a preliminary check Monday.

After conferences with President Harding and Secretary of Labor David, John T. Lewis, president of the United Mine Workers of America, announced that the coal policy will be unaltered and anything in its nature that a new wage scale must be set up for the strike-ridden mining districts by national or semi-national conferences with operators.

The meeting between Mr. Harding, Secretary Davis and Mr. Lewis which took place under the White House luncheon table, was the last of a series of conferences into which Secretary of Labor Davis took Mr. Lewis after his arrival from Cincinnati Sunday.

Officially no statement was forthcoming, though Secretary Hoover also was called to the White House for a word with the president about the situation immediately after Mr. Lewis left.

**Had Detailed Chat**

"We talked over the general problems of the bituminous industry and the strike," Mr. Lewis declared on leaving the White House, "His ever-development and interminability, and prospects for its stabilization."

"With relation to the present strike, we considered the matter of a joint conference of operators and miners, especially the merits of proposals to hold district joint conferences between operators and miners for wage settlements, as compared with a joint conference in the central competitive field or a national conference of all fields, through representatives. No definite plans affecting the strike were developed, however. The strike situation is unchanged."

**Shortage Looming**

"The country will be facing a serious shortage of coal in a few weeks and if the strike continues, the railroads will be unable to transport enough to take care of industries and domestic consumers."

There were no indications of what further steps might be taken by the government after the meetings had been concluded.

# MAJORITY ARE FOR WALK OUT

## Early Returns on Maintenance of Way Strike Ballots Show Percentage in Favor

DETROIT, (AP) — Early returns on the strike vote taken by the United Brotherhood of Maintenance of Way Employes and Railway Shop Laborers following the recent wage cut ordered by the United States railroad labor board, indicate an "overwhelming majority" in favor of a walkout, conditional, however, upon similar action by other crafts affected by board reductions. It was announced here Monday night at the general headquarters of the maintenance men.

Tabulation of the ballots started Monday morning and it was said about 40,000 had been checked. It was added the vote was considered "fairly representative."

Early figures were withheld under instructions from R. P. Drabble, grand president, here in Chicago conferring with the leaders of other unions whose membership has been affected by wage cuts and who, it was said, would consider taking some joint action in protest.

Some of the membership, according to officials, favors striking irrespective of action taken by other unions but the greater percentage, it was emphasized, favors a strike only in the event other workers participate.

If your property is desirable and is advertised in the classified — you'll find your buyer.

# Feature Musical "Episodes"

Patton Brothers Bring to Chautauqua a Program of Sparkling Originality

A program of musical "episodes" is coming to Chautauqua and will be given by the Patton Brothers, three young men from the West Coast, who are particularly gifted along musical lines.

The episodes are called "Columbia," "Columbia," "Sarcas," "Rusian" and "Patriotic," and all are given in full costume. It is a different program, sparkling in originality, and all the episodes are written in musical form. The Patton Brothers have already exhibited themselves in the hearts of western audiences on account of the unique features of their program; the separate talents of each of the three young men; the spontaneity of their work, and the musical background that they behind their efforts. It is a high-class program which will delight music lovers who like a dash of the original in their entertainment.

# RUSSIA WANTS CREDIT FIRST

## Initial Statement of Soviet Delegation Creates Concerns in Official Circles

THE HAGUE, (AP) — Bolsheviki Russia wants credits before anything else. This announcement was made Monday night by Jaxsin Litvinoff, head of the Russian delegation which arrived here Monday, in his first statement to the news, and it has created consternation among the representatives of the European countries here because they virtually had agreed to discuss credits first — after some tentative accord had been reached on the question of private property and loans.

Some of the delegates believe that persistence of the bolsheviki in this attitude may impair the conference; they point out there can be no serious conversations about loaning money or private property until the bolsheviki obtain concerning property and debts. Belgium and France will be the first to oppose the soviet procedure. **Constitutional Theory Issues**

The eve of the conference, therefore, has produced a theory issue, which only adheres to the policy of calm and patiently listening to the bolsheviki spokesmen can save from wrecking the conference at its own date.

The Russians have further announced as they have only three delegates, they cannot split into sub-commissions, but all must go together to the various meetings. This upsets plans which were arranged before the Russians arrived, and probably will necessitate further sessions of non-Russian delegates to readjust the formation of the conference.

# MORE LETTERS PUT IN RECORD

## Obenchain Trial Develops New Angle with Introduction of Defense Testimony

JOHN ANDELLES, (AP) — Letters written by Paul Roman, prison convict, to Mrs. Malvina Obenchain, in purported response to affectionate missives she sent to him, were introduced in evidence Monday by the defense at Mrs. Obenchain's trial for the murder of J. Bolton Kennedy. Roman previously had identified Mrs. Obenchain's letters and declared she had sought to persuade him to testify that he overheard two men plotting to blackmail William Kennedy, the prosecutor's contention being that Arthur C. Burch, co-defendant in the case, killed Kennedy at Mrs. Obenchain's behest.

Roman, who passed practically all Monday's sessions under cross-examination, admitted writing all the letters shown to him. In them he spoke of his correspondent as "My Dearest," "Dearest Malvino," "My — Dream Girl." "My love for you had no beginning and could have no end," he wrote in one. In another, he said, "If you and I should ever go down to the ocean some day, rest assured you will then have reached the end of the rainbow. . . . What you need most is attention and lots of it." Still another read:

"I would give all I ever expect to have just to take you in my arms and kiss you and hug you and then take you away from everything."

**Represents Real Sentiments**

Asked if he was sincere in those expressions and whether they expressed his true feelings toward the defendant at the time he wrote them, Roman replied: "Yes."

The byplay means send me more data for my missives," was a sentence in one letter. Roman testified he had an understanding with Mrs. Obenchain that whenever anything was written concerning the testimony she wanted him to give she was to refer to it as if it were a magazine article he was supposed to be preparing.

"I haven't told you all I know," Roman also wrote. Another passage was: "Everything seems to be for you. For my sake be brave."

**Kept Close Counsel**

In the cross-examination which preceded the introduction of the letters, Roman was questioned closely about the origin with him of the story of the "two men." He was asked whether he had told it to other persons prior to the time he said Mrs. Obenchain mentioned it. He denied this was the case.

# SIMPLE CEREMONY MARKS FUNERAL OF OIL MAGNATE

## Remains of William Rockefeller Assigned to Executive Vault with Brief Service

TARRYTOWN, N. Y., (AP) — With simple ceremony, the body of William Rockefeller, brother of John D. Rockefeller, and one of America's wealthiest magnates, was buried Monday afternoon, to remain there until the completion of the handsome mausoleum, planned by Mr. Rockefeller before his death.

The only service was the reading of the Episcopal ritual. There was no music and no eulogy in deference to Mr. Rockefeller's oft-repeated wish.

The service was held at Rockwood Hall, the Rockefeller home at North Tarrytown, with only members of the family and a few friends present.

# JEROME

JEROME — Mr. and Mrs. L. C. Thompson had as their house guests the first of the week Mr. and Mrs. Alvin Fleming of Wichita, Kans. Mrs. Orin Fuller spent the week end with relatives in Twin Falls.

Mr. Emory Carr is a patient, in the Twin Falls city hospital, having submitted to an operation for appendicitis.

Mrs. R. E. Sheppard and daughter Irene have returned to Jerome after extended visit in California.

Mr. Fred Reed delightfully entertained at luncheon on Friday afternoon.

Mrs. C. W. Wilbraun son high and Mrs. A. E. Gould low.

Luther Dovel and Harvey Williamson left on Monday for Walk Walla, Wash., where they will fund work. The trip was made by car.

Mrs. J. M. Zue returned to his home in Jerome after several weeks' treatment at Hot Lake, Ore. Mr. Chess is much improved.

Mrs. L. M. Zue delightfully entertained at a series of card parties at her home last week. Bridage was the feature of the entertainment.

Mrs. John Williams and daughter, Margaret, with her sister, Mrs. Pullman, and children, of Burlo, are leaving overland the first of the week for Southern California to visit their parents. They expect to be gone all summer.

Mrs. Helen Hancock of Appleton spent several days the last of the week with friends in Twin Falls.

Mrs. Hres Brewer delightfully entertained in honor of Mrs. Ann Ribbey at her home on last Friday evening.

"The Angelus" So'd for \$100.

"The Angelus" was painted by one Francois Millet, a French landscape painter, in 1850. It was sold by the National Academy of Design for \$500 francs (about \$1000) in 1919. The painting was purchased by the U.S. government and placed in the Louvre.

The Fatal Thirteen.

Twelve was the most desirable number among the ancients, the chief reason being that the Zodiac contains twelve signs. They used to reckon the year by the thirteen lunis months.

# VETERANS MUST HASTEN FOR DENTAL ATTENTION

## District Veterans Bureau Inspector Gives Advice To Former Servicemen Entitled to Treatment

Ex-servicemen desiring dental work by the government should address letters to the Manager Thirteenth District United States Veterans Bureau, Arlington Building, Seattle, Wash., after dental attention, stating he is in need of dental treatment, according to statement Monday of Dr. C. E. Jones, district dental inspector who is here to meet with veterans of the world war entitled to dental attention.

In reply to this request, detailed information as to how he should proceed, will be promptly mailed to him. Upon complying with these instructions he will be authorized to report to the nearest dentist designated by the bureau to do this work for the government, for his examination.

Unless there is some change made in the present law, August 2, 1922 will be the last date for filing new claims. It is therefore important that all ex-servicemen should endeavor to make application for any treatment or compensation which they might desire on or before that date.

# SALVATIONIST LEADER TO VISIT TWIN FALLS

Colonel W. J. B. Tucker of San Francisco Will Address Meeting Here in Parish Hall

Colonel W. J. B. Turner of San Francisco, secretary for the Salvation Army in the western territory, will address a meeting in parish hall here at 8 o'clock Monday evening next, according to announcement made Monday by Captain O. M. Galloway, in charge of the Twin Falls corps. Colonel Turner will be accompanied here by Captain Bell of Boise, divisional commander for the Salvation Army in the United States territory. The meeting will be in charge of Captain G. Houghton who is to arrive here Thursday from Portland to take charge of the Twin Falls corps, succeeding Captain Galloway, who has been detailed to duty at Portland.

**Recommend Chamberlain's Tablets.**

"Chamberlain's Tablets have been used by my husband and myself off and on for the past five years. When my husband goes away from home he always takes a bottle of them along with him. Whenever I have that heavy feeling after eating, or feel dull and played out, I take one or two of Chamberlain's Tablets and they let me up again," writes Mrs. Newton Vreeland, Altona, N. Y.

Take these tablets when troubled with constipation or indigestion and they will do you good.—Adv.

# The Race Victory at INDIANAPOLIS

# The Road Victory at WICHITA

## Help You Choose Tires

500 miles at 94.45 miles an hour—a relentless grind over a rough-finished, sun-baked concrete and brick pavement at record-breaking speed—that is the grueling test Oldfield Cord Tires underwent successfully at Indianapolis Speedway May 30th. They were on the winner's car for the third successive year and on eight of the ten finishing in the money, upholding the confidence successful race drivers have in the trustworthiness and ability of these tires to meet the greatest demands of speed, endurance and safety. Their records in every other important race have been equally as good.

Consider this achievement along with another test of Oldfield quality made at Wichita, Kansas, this past winter and early spring.

34,325 miles on rutted, icy Kansas roads, running day and night on a Streetcar stock car without a single tire change. This test was made by a group of Wichita automotive dealers in a tire, oil and grease economy run. Mayor Kemp of Wichita was official observer and made affidavit to the mileage and service given by Oldfield tires.

You may never subject your tires to the grueling experience of Indianapolis nor the steady grind of bad winter roads, but it is good to know you can get such safety and mileage economy by buying Oldfield tires. Ask your nearest dealer.

"The Most Trustworthy Tires Built"

The Oldfield Tire Company, Akron, Ohio

# BRITISH STUDY AMERICAN WAY BROADCASTING

Residents of Tight Little Isle Show Increasing Interest in Radio Telephones — Praise American Apparatus

LONDON. (AP)—British government officials are giving close study in American methods of wireless broadcasting and gradually are adopting some of them. While the wireless telephone is not as popular in England as in the United States, due largely to government licensing and control, the people are beginning to show intense interest in it. Some of the big London department stores have established wireless apparatus and are selling receiving sets for as low as \$10. Radio terminals are rigged upon their roofs, and crowds of shoppers are entertained with wireless concerts, speeches and weather forecasts. Direct contact with Arlington and other American stations is easily established. Nothing written on the subject of wireless broadcasting has brought it home to England so vividly as a recent New York dispatch to the London Times. "In the United States," says the correspondent, "there are already half a million home-made receiving sets for listening-in and a million manufactured sets have been sold."

## Commends American Apparatus

"By the purchase of the simple and inexpensive receiving sets as used in America," continues the writer, "there is no village in the British Isles so poor or out-of-the-way that it will not be able to afford, or find a means to give, the necessary receiving instrument. The village and every remote farmhouse should receive every night as good singing, as good opera, as good music, as good a lecture, or as good a survey of the news as any millionaire in London can buy."

In answer to a published statement that wireless broadcasting of concert would hurt the musical and theatrical industries, Louis Sterling, president of a large American phonograph company, has said that in the march of science there never yet was a great invention that had not been of incalculable benefit both to the industry with which it was immediately concerned and to kindred industries.

"When graphophones were invented," said Mr. Sterling, "people said they would kill pianos; the cinema was fully expected to give the quakers to the legitimate stage; vaudeville was at first looked upon as the death dance of musical comedy."

"None of these things has happened. The new has in every case benefited the old. The more good pictures the people see the greater their taste for the ordinary stage, and the more music they hear on the graphophones the greater their desire to exercise their creative powers upon their own pianos. Appetite grows upon what it feeds upon, and the more good music the people get from wireless broadcasting the more they will want from their own pianos."

## HEALTH LECTURER WILL SPEAK AT CHAUTAUQU

Edna Eugenia Lowe to Discuss "Danger Signs on the Road to Health"

Miss Edna Eugenia Lowe who comes to Chautauqua on the second afternoon, is particularly well qualified to discuss "Danger Signs on the Road to Health." She has headed the department of physical education for women in two of our leading universities; has written a valuable and

thoroughly practical textbook on the prevention of disease, and is an acknowledged authority of prominence in the knowledge of health lines. She is not a fact-finder in any sense of the word; rather she discusses plain truths in a most interesting manner and her lecture teems with common-sense ideas and suggestions.

## PHILIPPINES CAN GROW WHEAT FOR OWN DEMAND

Proper Cultivation Will Raise Enough Grain for Entire Population

MANILA, P. I., (AP)—Wheat can be successfully grown in the Philippine Islands and if proper attention is given to its cultivation the islands can produce a sufficient quantity to fully supply the local demand, according to a statement just issued by the bureau of agriculture. The statement says one wheat field in the province of Cavite, planted in December and harvested in March, yielded very satisfactory results. The introduction of wheat into the Philippines dates back to the Spanish regime in the islands; but when the revolution broke out in 1898, cultivation of the cereal was abandoned.

It is stated that the bureau plans a comprehensive study of the feasibility of continuing the cultivation of wheat as it is known that many localities in the islands are equally as suitable as Cavite, particularly the mountain provinces.

The present annual consumption of wheat in the islands is approximately 70,000,000 pounds, and the bureau statement says this amount would probably be increased if the home-grown product were in the market.

## TIMBER WOLF PLAYS PART IN MOVING PICTURE COMPANY

GREAT FALLS, Mont., (AP)—Montana's latest "Indianian" to achieve fame in the moving picture world, according to Stacy Eckhart, U. S. forest ranger, is his pet gray timber wolf "Trixie," who is playing a leading role for a Los Angeles company opposite "Strongheart," a famous Belgian police dog. "Trixie" and six brothers and sisters were captured when a few weeks old by forest rangers in the Jefferson national forest. She is said to be intelligent, gentle and unusually good-natured, and possessed of little of the artistic temperament common to feline movie stars.

## OATLE KILLER IS DEAD

GREAT FALLS, Mont., (AP)—With the slaying recently of a gray buffalo wolf which weighed 190 pounds and whose pelts was more than seven feet in length, Montana stockmen believe that the most-fiercely killer of cattle in this section of the state has been slain. Oat-le King of Wolves, this animal had been credited with having killed approximately \$3,000 worth of cattle in the last three years. Hunters believe, however, that in establishing this record the large male was assisted by his mate, who later was trapped. Both had been trapped previously but escaped by gnawing off portions of their forelegs.

## EVAPORATION COSTS MONEY

IDAHO FALLS, Idaho, (AP)—Through the evaporation of water, water users of the upper Snake river project sustain an annual loss of \$50,000, according to the report of W. O. Cotton, one of the members of the committee of the upper Snake River project. Interest was recently with the commissioner of reclamation and his deputies and advisory board. This sum represents the value of the water which evaporates each year from the Jackson Lake reservoir in Wyoming. It is in addition to the amount which is lost through seepage.

Why Suffer from Rheumatism? Do you know that nine out of every ten cases of rheumatism are simply rheumatism of the muscle or chronic rheumatism, neither of which require any internal treatment? The pain may be relieved by applying Chamberlain's Liniment, which makes sleep and rest possible, and that certainly means a great deal to anyone afflicted with rheumatism.—Adv.

## LABOR DOES NOT DEMAND BEER, SAYS WHEELER

Counsel of Anti-Saloon League Says Prohibition is Successful Even When Only Partially Enforced

KANSAS CITY, Mo., (AP)—The assertion that labor demands beer and light wines was declared to be "unfounded" by Wayne H. Wheeler, general counsel and legislative superintendent of the Anti-Saloon League of America, in an address before a convention of the International Sunday School association here Monday. "On May 19," said Mr. Wheeler, "a test was made in the 33rd district of Pennsylvania, now the greatest industrial district in the United States with its steel mills, factories and mines. Seventy-five thousand dollars was expended by the Beer and wine champions to defeat Congressman Kelly, who is an outstanding advocate of prohibition. He was re-nominated for congress on the republican ticket by a majority of 11,000, by a vote of three to one on the democratic ticket, and unanimously on the prohibition party ticket.

"Seventy-eight United States senators and a majority of congressmen come from states where the state itself has prohibition by a vote of one per cent. A greater or congressmen who voted against the standard maintained by his own state for law enforcement does not deserve the support of law-abiding citizens. Senators like the scolding straggle from Missouri, who have sought law enforcement measures and spent their time in blushing and misrepresenting the public good, have forfeited all claim on good citizens.

## Prohibition Enforced is Success.

"Thus far we have established two facts: Prohibition enforced is a success, and even when only partially enforced it is better than the licensed system. The following results prove it: Drinkings has decreased more than one-half. Those opposed to prohibition admitted, after a survey made recently, that consumption of beverage liquor has fallen off 70 per cent and that the number of drinkers is reduced over 1,000,000. Crimes related to liquor have fallen off materially, and all existing crime induced by drink proves our contention that alcohol provokes crime and should be eliminated. Nine teen hundred and twenty-two was the healthiest year in the United States. Liquor as a contributing factor in poverty is now negligible. Over \$2,000,000,000 wasted for drink has been turned into useful channels. Bank deposits and savings have increased, and the net increased wealth of the country last year was \$5,000,000,000.

## Liquor Men Fight Law

"The attempt of the liquor interests to nullify this law is a challenge to red-blooded Americans. The higher the individual in social or business life the greater the responsibility that should be attached when he defies the law of the land. "The eighteenth amendment was adopted by twenty-three-twenty-fourths of the states, a greater proportion than never voted for the ratification of any other amendment. It is therefore entitled to proportionately greater respect."

# FISHERMEN'S AID SAVES LIVES OF LITTLE FOLKS

## Boy 4, and Girl 3, Narrowly Escape Drowning When Car Falls Off Road

Timely arrival of fishermen saved the lives of Harley Schulz, 4, and Bernice Schulz, 2, after their parents, Mr. and Mrs. Arthur Schulz of South Fork canyon, and Lena Cox, 12, had been rescued from the waters of Loch creek where their car came to rest after turning over an embankment about 10 feet high on the canyon road about five miles south of Hoek Creek at 8:30 o'clock Sunday morning.

The little boy was caught between the wreckage of the car top and the front-seat and was held with his head under water for about three minutes before he was taken out in an unconscious condition. He was resuscitated after artificial respiration had been resorted to. The little girl was rescued through help that apparently otherwise none the worse for her experience. The father suffered severe lacerations about the right hand and arm, while the mother was painfully bruised across the shoulder and chest.

The accident occurred when a front wheel struck a loose stone and bounded over to the side of the narrow embankment which crumbled under its weight.

The car was one of three on an all-day fishing trip, the other cars being driven by R. D. Dumas and Harry Cox, who turned back after the accident to relieve its victims. Philip Fix, Oscar Newman and Loren Cross, who were fishing in the vicinity, arrived in time to assist in lifting the car to permit the removal of the little boy and girl.

# Deaths

Mrs. Blanche E. Thompson.

Mrs. Blanche E. Thompson, wife of George Thompson, Rogerson druggist, died at 9 o'clock Monday morning, at a hospital here at the age of 34 years. She leaves her husband and a four days old baby. The body has been taken to the J. E. DeWitt undertaking establishment. No funeral arrangements have been made. Word from a brother in Yakima is expected. Two other brothers reside in Canada.

# STRIP MINES STILL IDLE

Strikers to Number of 1,000 Gather at Cuba, but Meeting is Entirely Peaceable

CANTON, Ill., (P) - Striking mine workers, more than 1,000 strong, congregated at Cuba, Ill., Sunday morning, after the strike in defiance of order by Sheriff Guy Williams that arrests would follow congregation of more than six men. The meeting, however, was orderly.

All mines in the county, including all strip mines, are idle.

# MONTANA BARNEER DIES

LIVINGSTON, Mont., (P) - State Senator Charles Barber, wealthy Livingston banker, died here Monday after a lingering illness.

# Sounds Travel Farthest in Darkness

Sounds chime generally heard much further by night than by day; sometimes ten or even twenty times as far. One reason is that the air at night contains, as a rule, less carbon and other all disturbances, such as break-up of sound waves by day. Moreover, on calm, clear nights the vertical distribution of temperature near the earth is often the reverse of that occurring by day, and thus the effect of bending of the sound waves downward instead of upward.

# City on Civilization's Outskirts

On the upper Paraná river, which separates Paraguay from Argentina, is a town named Posadas. "This," says a traveler, "is the last outpost of civilization on the Alto Paraná, face to face with primitive forest, wild Indians, the unexplored center of South America, and yet it is reached by a broad-gauge railroad, has a fine modern \$500,000 hotel, three big department stores and the best hospital in northern Argentina." Round about are great maize plantations and old fruit ruins. -New York Evening Post.

## A GLAZED CHINTZ LAMP-SHADE

The plated lamp shade shown here is made of glazed chintz. The time is coming now when we are covering up the furniture with slip covers of chintz and cretonne, and fancy silk lamp shades are apt to look a little out of place with these simple covers. Why not a summer dress for the lamp also? If you put away your silk shades as you do your curtains, and dress the lamps instead in glazed chintz you will add greatly to the general attractive appearance of your summer living room. These chintz shades are very easy to make. As a foundation you will require a wire shade frame with straight sloping sides like the shade shown in the sketch. Secure a glazed chintz to match or harmonize with the slip covers on the furniture. Cut a strip from the chintz two inches wider than the depth of the wire frame, and three times the circumference of the bottom of the frame in

length. Bind the two long edges of this strip with a bias band of plain colored chintz. These edges are at top and bottom of the shade. The bottom binding may be a little wider than the top as shown in the sketch. Have this piece of chintz accordion pleated in pleats an inch or an inch and a half wide. This will look best if done at a professional pleating place, but it can be done at home by pressing the pleats in place with a hot iron. When the pleating is done sew the two ends of the chintz together in a seam to form a continuous pipe, slip this over the wire frame, and draw in the pleats at the top with a small silk cord run through from one side to the next just below the binding. A large square of muslin may be used to spread the cord through the chintz. Draw up the pleats by the cord until the shade fits snugly around the top of the wire frame, and tie the cord in a bow. The ends of the cord may be finished with small tassels which are allowed to hang in the folds of the shade. The chintz shade is left loose and may be lifted on and off the wire frame. The wire frame will look better if the wires are wrapped with binding ribbon in a color to harmonize with the chintz.

## FILET DESIGN FOR A RUNNER

The filet design given here trims the ends of a bureau skirt. It could also be used for aluminum cover or table runner. Use heavy thread and gauge the stitches so that there will be about six inches to the inch. Only half of the pattern is given here, the arrows indicating the center of the design. When the two ends have been finished they are inserted at the ends of a linen skirt or runner. The runner is finished around the outer edge with a picot.

NW 1-4 of the NE 1-4, all in section 15, township 15 South, Range 17, East of the Idaho Meridian, Twin Falls County, Idaho.

Public Notice is hereby given, that on the 28th day of June, 1922, at the hour of 2 o'clock p. m. MR. TAFT'S ABBOD

England, which is now entertaining Chief Justice William H. Taft, will find our former president a pleasant guest. A noteworthy array of the most distinguished men in the kingdom attended the dinner given by the Pilgrim's Society in his honor...

He was the butt of several of his own jokes in his London speech. One concerned his aviatorships and the other reminded his hearers that he "retired from the presidency with the full and unmistakable consent of the people of the United States."

IF THEY WOULD: By means of bank deposits in Paris, London and Brussels, Germany has just paid one of the regular monthly installments of 50,000,000 gold marks for reparations.

While Nina and her lover murmured on the terrace, Harriet brooded on these things, and after dinner that evening she gave Richard so sharp a warning that he sent at once for Nina, and with a clouded brow and angry eyes briefly requested Harriet to be present while he spoke to her.

"Yes, you did," Nina said, in a low tone and with a lowering brow. "I hope, and we all hope, that you will marry some day," Richard said.

"No matter how good the rifle may be, it's next to impossible to hit the target when using a poor cartridge. Conoco makes possible the splendid performance of the finest types of automobile, marine and aeroplane motors. You want to get the best service you can out of your car. The first thing to do is to make sure your motor is in the best possible condition and the second is to make sure your gasoline is right."

"I don't know why my own family is the first to think that nobody could possibly love me for myself!" she said in a breaking voice.

THE GIRL THOUGHT IT OVER with a meditative and feverish persistence that presently caused her a sensation of actual sickness. Vague speculations hurried and seethed in the weary brain that could find no beginning and no end to them.

home; all these things tell against him. You're only a child! "I shall be of age Tuesday," Nina burst forth, resentfully.

"You will be of age Tuesday," said he. "But you will be my ward as far as your Uncle Edward's legacy is concerned, for another three years. Now, Nina, if you persist in this folly, against my most earnest advice, I can only forbid the man the house, and lock you in your room in the good old-fashioned way. That I shall do, I shall then give out to the world—that has already had a rare treat at the expense of the Carter family—the news of my utter disapproval of the match."

INDIAN CHIEF WILL TEACH WOODCRAFT TO BOY SCOUTS

Colorado Boys Will Receive Instruction from Master of Outdoor Technique

HOULDER, Colo., (P)—Boys of Houlder and the vicinity are to receive instruction in the ancient art of woodcraft from a member of the tribe which made the wild its home. Chief Red Fox Sinsinshu, a northern Indian, and the first high chief of the American Indian order, is to establish a camp in Houlder for the training of the youthful outdoor lovers.

MR. HUBBARD has gained wide publicity in his Indian work. Two years ago he staged an Indian demonstration at London assisted by American boys and the international jimboree of the Boy Scouts. Last year he had charge of a similar demonstration at Brooklyn and recently staged another at Salt Lake City.

HARRIET and the PIPER By Kathleen Norris

CHAPTER XIII—(Continued)

"This money that a friend of his really lost, but he has taken it upon himself," Nina answered, a little mollified. "It was eleven thousand dollars, and he has sold it of about four, and anyway, I have so much to talk about now," she finished, vaguely.

"My dear," Harriet said, as Richard, with a troubled face, remained silent. "It isn't the money that we are worrying about. Why, ask your father, Nina! Ask him if he wouldn't write Richard a check for any sum to-day, five, ten, or twenty, or all she had."

"Yes, you did," Nina said, in a low tone and with a lowering brow. "I hope, and we all hope, that you will marry some day," Richard said.

"No matter how good the rifle may be, it's next to impossible to hit the target when using a poor cartridge. Conoco makes possible the splendid performance of the finest types of automobile, marine and aeroplane motors. You want to get the best service you can out of your car. The first thing to do is to make sure your motor is in the best possible condition and the second is to make sure your gasoline is right."

"I don't know why my own family is the first to think that nobody could possibly love me for myself!" she said in a breaking voice.

THE BAKING POWDER QUESTION SOLVED

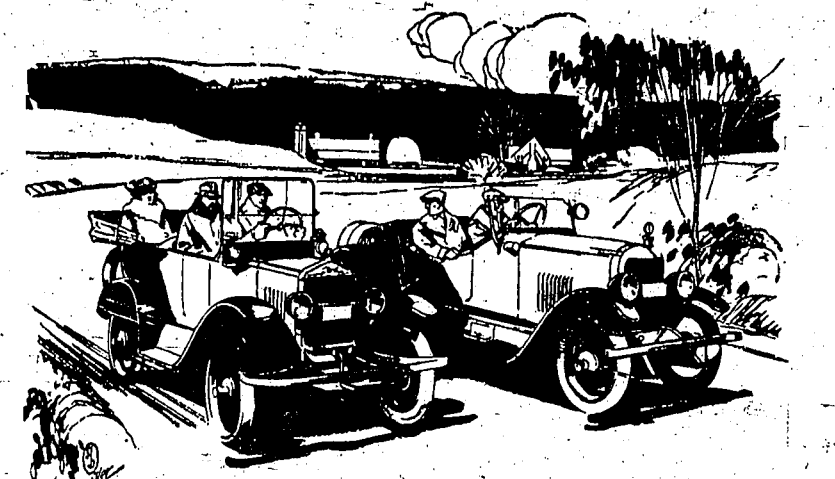

Most housewives proclaim that the baking powder question was solved for them the moment they used the first spoonful of Calumet.

CALUMET BAKING POWDER

has solved the question because in all these thirty years it has never failed to produce wholesome and appetizing foods at an economical cost.

Use Calumet once—that's enough to prove to you that it's "best by test."

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want!

At Seven Miles an Hour or Seventy

YOU want a smoothly running motor—delivering a steady, even flow of power to the rear axle of your car. But the motor gets its power from the gasoline you're using. That's why it's so advantageous to use the balanced gasoline—Conoco.

No matter how good the rifle may be, it's next to impossible to hit the target when using a poor cartridge. Conoco makes possible the splendid performance of the finest types of automobile, marine and aeroplane motors. You want to get the best service you can out of your car. The first thing to do is to make sure your motor is in the best possible condition and the second is to make sure your gasoline is right.

COUNCIL ASKED FOR ANSWER TO WATER PROBLEM

M. M. Murtaugh Seeks Official Advice on Question of How to Rebuild Ditch to Save Dying Orchard Trees

Whether an irrigation ditch in an alley within the corporate limits of the city can be rebuilt two years after it has been obliterated by contractors in the process of installing a sewer and in the face of protests by adjoining property owners, was a question presented for the consideration of the city council at its meeting Monday evening, by M. M. Murtaugh, former resident of Twin Falls, who has recently returned after several years absence in Iowa.

Mr. Murtaugh told the council that the ditch in question which served an orchard of some 50 trees on his lots between Seventh and Eighth avenues on Locust street, had been established about 10 years ago, and had been used for this purpose until it was destroyed in the sewer making operations. Those trees are dying for lack of water, Mr. Murtaugh said, and unless a way is found to reopen the ditch they cannot be saved.

Mr. Murtaugh said that upon his written request last spring the city had partially retained the ditch. Itself undertook to complete the ditch Monday but halted the work when neighbors lodged formal protest.

Solution of the problem was delegated by Mayor McElhoben to a committee composed of Councilmen C. H. Keenan and W. E. Sawyer, with the assistance of J. V. Pilgrimage, street commissioner, and Taylor Cummings, city attorney. The committee is to report at the next meeting of the council Thursday evening.

The council declined to take action, but tabled the application of Gladys Boyer, for permit to conduct a lodging house at 213 Main avenue south. In a letter accompanying the application, Chief of Police Ted J. Brown said: "The house itself without a permit will open June 30 to obtain from the applicant letters of recommendation or other proof of her good moral character, to which the police chief under the ordinance, must certify before recommending issuance of permit. Similar reports in the past are on file and have been said to have been made by Virginia Chapman, which it is reported, is the owner of a one-half interest in the place for which municipal license is sought.

Issuance of a municipal milk license to Rudolph E. Lewis was authorized by the council upon recommendation of Dr. W. L. Icard, meat and dairy inspector. The council authorized issuance of warrants in payment of claims against the general obligations fund in the sum of \$1,751.74; against the waterworks fund in the sum of \$457.46; against the street sprinkling fund in the sum of \$299.33.

HALTS TIMBER CUTTING Court Orders Injunction Upon Application of Claimants of Land

Order for an injunction restraining Fred Beutner, Charles H. Rathman, the Edlington Fabric Company and others from cutting and selling timber from lands claimed by Daniel M. Norton under foreclosure proceedings, and from plowing grazing lands within the boundaries of the tract, was issued Monday by Judge W. A. Babcock in district court, here upon application of Norton by Stuart H. Taylor as guardian. Beutner is alleged to claim an interest in the property under lease from the Edlington Fabric company, and Charles H. Rathman is the original owner against whom Norton foreclosed in December, 1921. The suit was filed by A. R. Hicks, attorney.

ROAD DISTRICT DEMURS Objects on Same Grounds to Each of 184 Causes of Bank's Action

General demurrer, to each of 184 causes of action in the case of the First National bank of Twin Falls against the Road highway district was filed Monday in the district court here for the highway district by Bothwell and Chapman, attorneys. The suit was instituted for the bank by Walter W. Rodgers and Frank C. Lewis, attorneys. The demurrer was filed by the highway district in 1920 and purchased by the bank.

HIGH SCHOOL FOOTBALL TO BE PUT ON NEW BASIS

Contenders for State Title to Qualify in Games Between District Champs

Idaho interscholastic football championship this year probably will be determined at a game to be played on the Friday preceding Thanksgiving day by teams qualifying for the championship match through a schedule of play to be worked out providing for division of the state for this purpose into circuit districts. Statement to this effect was made by M. M. Mitchell, superintendent of Twin Falls schools, upon his return from a conference at Pocatello this week with H. H. Snyder, superintendent of Idaho Falls schools, looking toward adoption of a plan for conducting interscholastic football games by the state board of interscholastic athletic control of which both are members. Suggestions were made at the Pocatello conference are subject to the approval of E. L. Cherry, superintendent of St. Maries schools, the third member of the board, who was unable to attend.

Under the plan as outlined providing for the state into four districts, a series of games will be worked out in each district to determine district champions. Contenders for the state title will be determined by games between district champions.

REPLACING FAULTY CURBS

Warren Construction Company Beginning Operations on Fourth East

Replacement of defective concrete curbing built here under sub-contract in 1920 by the Helbeck Construction company was begun Monday on Fourth avenue east by the Warren Construction company. Statement as to the amount of curbing to be replaced was not forthcoming, but Leo B. Chase, resident engineer for the Warren Construction company, said that the work would be continued until all of the curbing built here under its contract was made good.

RURAL ROUTE IS AMENDED

Postoffice Department Acts to Suit Convenience of Fifty Families

Orders amending rural route No. 3 from Twin Falls, effective July 1, for the benefit of 50 families including George R. Vosburg have been issued by the fourth assistant postmaster general, according to word received here Monday from Representative Addison T. Smith.

WELCOME PLANNED FOR NEW CORPS COMMANDER

Captain G. Houghton is Coming From Pocatello to Take Charge of Salvation Army Work Here

Captain G. Houghton, with his family, will arrive here Thursday to take charge of the Twin Falls corps of the Salvation Army, succeeding Captain O. M. Godwin who has been transferred to the Pocatello corps of which he will take charge, leaving here with his family, Wednesday. Captain Houghton will be welcomed here by members of the local corps at a meeting Thursday evening at Salvation Army hall, to which a general invitation is extended. Captain Houghton has been engaged for seven years in the work of the Salvation Army.

Local Brevities

Visiting in Boise—Mr. and Mrs. R. B. Marsh motored to Boise Sunday to spend the week in visiting.

Called to Ogden—Dr. W. J. Stone has gone to Ogden in response to a telegram telling of the serious illness of his father.

Back from Moscow—Frances Shengberger, son of Mr. and Mrs. P. L. Shengberger, is home from the University of Idaho at Moscow for the summer vacation.

Back From California—Miss Harriet Warner returned Monday from Alhambra, California, where she has been on the teaching staff of the city schools for the past year.

Take Marriage License—A marriage license was issued Monday at the office of the county recorder here to John W. Jones and Ethel H. Justice, both of Hagerman.

Here for Vacation—Theodore E. Bowen, who has just completed his junior year at Stanford University law school, returned Monday to spend the summer vacation here.

End Visit Here—Mr. and Mrs. Luke Wright will leave Tuesday morning for their home at Idaho Falls after a brief visit here with their cousin, C. E. Wright. They made the trip overland.

Son is Born—Born to Mr. and Mrs. A. H. Seeds of Burley, Monday, June 26, a son. Mrs. Seeds was formerly Miss Violet Karst, daughter of Mr. and Mrs. W. H. Karst of this city.

End California Visit—Mr. and Mrs. C. D. Hunt returned Saturday night from a two weeks' visit with their daughter, Miss Fay Hunt, at Palo Alto, California. The portion of the trip between here and Wells, Nevada, was made by auto.

On Business Trip—F. F. Johnson, Boise banker and president of the First National Bank of Twin Falls, is here on a brief business visit. He made the trip by auto and declines that the entire county is to be congratulated upon its own prospects.

Back from Yellowstone—Mrs. E. A. Landon returned Sunday from Yellowstone Park, where she had spent two weeks in touring in company with her mother, Mrs. M. L. Weeks of Akron, Ohio, and her sister, Mrs. Charles MacDonald, of Mt. Vernon, Ohio.

At Boise Conference—W. E. Crabtree, instructor in agriculture in the Twin Falls high school, and E. E. Demann, principal of the Piler rural high school, are in Boise attending a conference of Idaho agricultural instructors.

Will Tour Park—Mrs. G. J. Schroeder left Sunday evening for Yellowstone where she will join her father and niece who are returning from the Shriners pilgrimage at San Francisco to their home in Iowa, and with them will tour the Park.

Glasses Will Fit—Members of the Presbyterian Sunday school will spend Friday on a picnic at the county fair grounds at Filer, it was announced at children's day exercises Sunday. Pupils and their teachers will leave at 9 o'clock Friday morning from the church.

Falls From Elm Rock—John Rogers, Twin Falls, suffered scalp wounds requiring 50 stitches to close and severe lacerations when he fell Sunday from the rimrock of Snake River canyon at Filer Falls, a distance of about 15 feet, and was almost buried by rock dislodged by his fall.

Motorists Have Close Call—Edward Babcock, son of Judge W. A. Babcock, and Jake Yechem, escaped with lacerations and bruises Sunday evening when the steering gear of the car they were driving about a mile south of Twin Falls suddenly gave way and the car pitched into a telephone pole. The car, a closed model, was demolished.

Barbers' Painful Injury—Nelson Hayward, well known barber, district farmer, suffered severe laceration of his right hand Friday while endeavoring to start his car with the crank after the starter failed to operate. The hand was lacerated along the license plate, severing the tendons of the thumb. The wound is healing satisfactorily.

Drinks Cost Flies—Upon their admission of intoxication, induced by mixture of perfume with hard cider, Police Judge P. R. Tabor Monday collected all of their available cash in payment of fines of \$10 each assessed against two Keenan, Joe Hamilton, Alanson Chaney, Francisco Garcia, Jose Jaques and A. Yares, and permitting them to proceed on their way to work in beet fields in the Hansen district.

Defers Judgment—Judgment in the case of the Keel-Wilkins-Strank Lumber company against the city of Twin Falls, brought to obtain detachment of a tract of land in the east quarter of Twin Falls from the city limits, was postponed under advisement by District Judge W. A. Babcock Monday after argument submitted by C. A. North for the company, and Taylor Cummins for the city.

From Washington U.—Frayne McKeator, son of Dr. and Mrs. F. P. McKeator, accompanied by Jack Innes, Everett Story and Irwin Goldman, all students at the University of Washington, arrived Sunday evening from Seattle. They will visit here for a few days when they will be joined by Gwen Watson, a tract of land in the east quarter of Twin Falls from the city limits, was postponed under advisement by District Judge W. A. Babcock Monday after argument submitted by C. A. North for the company, and Taylor Cummins for the city.

TWIN FALLS CONDITIONS CALLED MOST FAVORABLE

Veterans Bureau Dental Inspector Gives Impressions as Guest of Kiwanians

As compared with other towns of Idaho and eastern Oregon, conditions in Twin Falls are "most favorable," members of the Kiwanis club at the luncheon meeting Monday were told by Dr. C. E. James, Tacoma, dental inspector for the veterans bureau, who is here to confer with former service men as a result of their service. Dr. James mentioned his official business here, saying that the work of the veterans bureau was being whittled into shape so that former service men were receiving attention more promptly than in the past. Dr. James was the guest of Dr. Hal, Bielcr.

Kiwanians gave a warm reception to the quartet, composed of C. E. Wright, B. K. Logan, Merlin Batley and Phil Goldwater, which provided one of the feature attractions of the Elks' Frolic here recently. The quartet gave several numbers and responded to enthusiastic accolades. The club elected W. B. Amshary, manager of the Hotel Perrin, as a member.

Mercury Ascends Close to the Season's Warm Weather Mark

Mercury hovered close to the record high temperature mark for season Sunday and Monday, according to records of government weather observer's station here, showing maximum temperature on Sunday at 94 degrees above zero and Monday at 93 above zero. Low temperature marks were touched Sunday at 45 and Monday at 45 above.

Sky continues cloudless and satisfactory in that respect to farmers now engaged in work in the hay fields, although they could work perhaps a little more efficiently with the mercury at somewhat lower level.

Increasing cloudiness is forecast for today.

ANNOUNCEMENTS

The regular meeting of the O. E. S. will be held Tuesday evening at eight o'clock and there will be initiatory ceremonies. This will be the final meeting until the opening of the fall session in September.

The Business Women will have lunch in their club rooms today. All are cordially invited.

The Mountain View club will meet with Mrs. Roy Cochran, Saturday afternoon, June 28.
