PRICE FIVE CENTS

FIRES SPREAD IN TIMBER OF GLACIER PARK

Frantic Effort to Check Flames at Boundary Line Comes Too Late to Halt Fury of the Advancing Fire Wall

MISSOULA, Mont., Aug. 7. (AP)—Not less than 700 acres of Glacier National park timber is in flames tonight with the fire spreading north and east from the southwest corner of the park, according to word received here by officials of district No. 1 of the forest service. Fifty men of the park service are fighting this blaze but they get a late start and unfavorable weather conditions hinder the work.

Warning Not Heeded. This blaze is a part of a 3,000-acre fire that burned on the Blackfoot forest. It spread across the river into Glacier park. The park officials had been notified of the danger and it was supposed men were there to fight the flames. The forest service crews could not cross the river and put up a defense line which finally brought the fire within patrol lines. Meantime, the park blaze had been spreading from 70 acres to 700 and it is still burning.

Supplies in Idaho Timber. The twin creek fire, on the Clearwater forest, about 60 miles from the Montana-Idaho line, in Idaho, is now 1000 acres in area and spreading. Men are being sent to fight this fire from Orofino, Idaho. They are taken to Bengalong, 70 miles to truck, then they walk 25 miles on a trail and their bed rolls are taken by pack trails. At the end of the trail, they plunge into the woods and go on for several miles, picking their way by foot. They are to pick up the blaze.

Smoke Hampers Lookouts. A dense haze of smoke which hung over all forests in district No. 3, made it almost impossible for lookouts to do any good as far as watching for fires is concerned. Many lookout points are out of commission because of the smoke haze. Because of this condition, fires get bigger, faster than they would have if it were not for the smoke. How many fires are burning that have not been reported. High winds and electric storms in many of the forests today brought out unfavorable conditions. Many lookouts are reporting a lightning storm in the Blackfoot forest started several blazes, among them one near Wall lake which spread rapidly. Twenty men were sent out today from Whitefish to fight it.

Spreads in Blaine. Burning over 60 acres, a fire on the Humboldt company's slashings in the Kaunap spread so rapidly that the fire service was asked to come to the scene, and a crew of 30 men has taken over the struggle there. After burning 250 acres of timber land, the Priest river fire today is being held on a patrol back to the scene. In an unfavorable weather conditions the Myrtle creek blaze on the Pond O'Bligh has spread over 500 acres. Eighty men are fighting it. The Star creek fire on the Kootenai, burning 400 acres, is being held on a patrol. A fire on the Clearwater, burning 100 acres, is being held on a patrol.

GAME WARDEN DISAGREES WITH FOREST RANGERS

Question of Beaver Dams or Other Way Round Consumes Rhetoric of Officials

BOISE, Aug. 7. (AP)—Declaring there is an adequate state law to handle beaver doing damage to forests, Otto M. Jones, Idaho state game warden, Monday sharply rebuffed an interview given to him in Spokane by Elston, ranger in the Coeur d'Alene national forest, to the effect that beaver were doing so severe damage and there was no remedy because of the protection afforded the little animals by state law. Elston has been issued to forest officials, Mr. Jones said, to trap beaver doing damage. He also claims that their economic value by affording any damage they might do, offsets that if it were not for the beaver, many streams in Idaho would go dry every year. Mr. Jones' criticisms were addressed to the district forest office at Ogden and to the supervisor of the Coeur d'Alene forest.

Young Boy Hero Saves Passenger Train; Then Goes to See His Girl

Quick Wit and Presence of Mind of Farmer Lad Prevents Disaster

FOND DU LAC, Wis., Aug. 7. (AP)—The quick wit and presence of mind of an unknown hero—a farmer boy—saved a speeding Chicago and Northwestern railroad passenger train, carrying many wealthy residents from Chicago and other points to summer homes at Green lake, from plunging into a deep creek early today, 11 miles west of here. The heavy train was speeding westward when the boy, who had not seen the washing away of a bridge on the right of way, flagged the train. He then started his way, declaring that he "had a date with his girl and had to hurry." Before any accident could occur his name, he had disappeared in the storm. The heavy rains had washed out the bridge and also several sections of track.

DUEL IS FOUGHT IN DARK DEPOT

Booze Peddlers and Prohibition Officers Empty Guns in Battle Following Raid; 3 Hit

KEMMERER, Wyo., Aug. 7. (AP)—Bombarded with bullets as they fled in great confusion from a depot, prohibition agents, James Kukules and Ralph E. Long, both of Cheyenne, were seriously wounded at Fossil station, 15 miles north of here early today. Orville Marconi, proprietor of a hotel here, is under surveillance in connection with the affair, according to local officers. He was observed this morning, according to three bullet wounds, which, authorities declare, may have been inflicted during the clash between the two officers and their assailants.

Attacker's Aid. Alleged liquor law violators are blamed by local authorities for the attack on the two officers. The shooting occurred in the waiting room at the railroad station. The two officers had completed a tour of investigation of the local mining camp and had made a search for bootleggers in the waiting room, which was in darkness, when five men appeared to have thrown open the door of the waiting room and fired into the dark interior. The officers returned the fire. Kukules, who was the more seriously wounded of the two, was struck in the face and part of his cheek was torn away. He also was hit in the leg and in the side by bullets. The log was shot through both legs.

Two Acre Hill. The attackers are said to have seized two suitcases filled with liquor seized in raids on bootleggers, and to have fled down the railroad track. One of the suitcases was recovered when one of the attackers was shot and forced to drop it. The two officers were rushed to the hospital here. Kukules' condition is said to be serious, while Long is expected to recover.

Two Acre Hill. STEVENSON, Wash., Aug. 7. (AP)—P. P. Borison, 33, Clarke county, Wash. deputy sheriff, was shot and killed instantly in a battle with Paul Hickey, a moonshiner, in the hills three miles northeast of Elroy, in Fayette county, United States prohibition agent of Tacoma, was severely wounded by Hickey. Hickey was shot through the groin, and died a few hours later. Posses immediately formed after hearing of the battle and hastened to the scene where they found Hickey lying beside a large still which was in full operation.

Typhoid Invades Tent Colonies of Strikers; 50 Patients Stricken

Pennsylvania State and County Health Officials Work to Prevent Spread. UNIONTOWN, Pa., Aug. 7. (AP)—With fifty cases of typhoid fever reported from tent colonies of strikers, United States prohibition agents today were working at top speed to prevent a further spread of the disease, which, it is believed, developed from spring water. At the same time, Pennsylvania state and county health officials are working to prevent the spread of 25 additional cases are located in other tent colonies in that region. IDAHO WEATHER. Tuesday, Fair.

BANK RECEIVER SUES DIRECTORS FOR \$3,000,000

Action Lodged Against Officers of Defunct Bank of National Bank of Portland

BOISE, Idaho, Aug. 7. (AP)—Alleging mismanagement on the part of the directors of the Bank of National Bank of Portland, which suspended business on May 15, 1921, E. L. Curtis, receiver of the bank, filed suit in the United States district court today seeking to recover more than three million dollars from the directors. Charge General Mismanagement. The complaint charges that the directors permitted the bank's affairs to be controlled by the president, G. H. Reese, when they knew Reese was "dishonest, incapable and inefficient"; that certain directors "declared a dividend on December 31, 1919, at a time when there were no net profits and the total assets were less than the liabilities"; and that by the making of false statements they concealed from the bank's stockholders and creditors and from the controller of the currency, the impairment of surplus and capital. The directors approved "every single loan, present and future, made by the bank, whether or not the loans were excessive, doubtful, worthless or good," according to the allegations. Directors Made Defendants. The directors named as respondents in the suit are W. W. Armstrong, D. W. Church, E. C. White, Loren Fargo, L. D. Franklin, N. G. Franklin, J. H. Reese, E. W. Pease, A. J. Pierce and Xavier Servel. The complaint asks the receiver be restrained from disposing of or sequestering their property and that they be required to pay, according to their ability, the amounts charged to them, individually, on account of the dividend of December 31, 1919, and on account of losses alleged to be doubtful or worthless. Twenty-eight counts on which the directors are alleged to have caused losses to the bank are enumerated in the complaint.

Summer Cottages Are Burned by Blaze at Lakeside, Michigan

Early Morning Blaze is Fanned by Lake Winds—Doxen Homes Are Prey. TOLEDO, Aug. 7. (AP)—More than a dozen cottages at Lakeside, Mich., a summer resort 15 miles north of here, are reported burning. Help has been requested of the local fire department, but the most serious danger is the high wind prevailing, which threatens the destruction of more than 100 summer homes. The fire started at 2 o'clock this morning from cause as yet undetermined.

TYPHOON'S TOLL REACHES 28,000

Coffins are Lacking and Dead Buried in Gunny Sacks, Say Reports from Swatow. HON KONG, Aug. 7. (AP)—The toll of the typhoon of August 2 at Swatow already has mounted to 28,000 dead. Coffins are lacking to provide decent burials for many, and the bodies are being interred in gunny sacks. The new figures on lives lost, almost tripling previous estimates, were contained in a circular issued today by the Hong Kong branch of the Swatow chamber of commerce. The circular stated that 23,000 bodies of victims of the Swatow disaster already had been recovered. Devout societies attempting to care for the dead have been forced to use matting covers and old bags as coffins for the myriad dead until they are provided. Charitable organizations of Hong Kong are combining to organize effective measures for the relief of the stricken city.

ANOTHER INVESTIGATION. WASHINGTON, Aug. 7. (AP)—The interstate commerce commission was ordered under resolution adopted Monday by the senate, to investigate reports of lax inspection of locomotive boilers.

PRESIDENT'S NEW "PEACE PLAN" IS ACCEPTABLE TO NEITHER SIDE

HEADS RAIL EXECUTIVES IN BIG STRIKE

De Witt Cuyler, chairman of the Association of Railroad Executives, is in charge of the railroad end of the big strike of the shippers.

PAYROLLS GROW DESPITE RIUKUS

Industrial Advances Not Halted by Rail and Coal Strikes, Says Report

WASHINGTON, Aug. 7. (AP)—Despite the coal and rail strikes, there is a strong undercurrent of confidence in the country in the direction of industrial recovery, the department of labor announced today in an analysis of business conditions for the month ending July 31. An optimistic opinion prevails, the statement adds, that with the settlement of the two major controversies, the country will experience a rapid advance in industrial productivity. Employment is Increased. Evidence to support this opinion, the department said, was found in decided increases of employment in 10 of 15 basic industries. The iron and steel industry in June reported that it had suffered from inadequate fuel supply, it was said, though employment registered material increase. A more substantial increase was said to have been shown in other metals and metal products, but the most striking increase was found in the leather industry. Decreases of employment in liquor and coverage plants and the tobacco industry, were said to have been negligible. Shipps Show Decrease. The survey indicated that the rail road repair shops of the country reported the heaviest decreases in labor employment. Employment in the textile industry continued to improve, it was asserted. In many sections of the country the building operations were said to be reflected in the employment increases in the lumber industry. The building business continues unabated, it was asserted. Forty-four cities out of 65 covered by the industrial analysis, reported employment increases for the month.

GIRLS DORMITORY TO BE BUILT BY MOSCOW PEOPLE

SPOKANE, Wash., Aug. 7. (AP)—Plans of the citizens of Moscow, Idaho, for a girls' dormitory to be built at the University of Idaho there, were approved today by the executive committee of the Idaho state board of education, meeting here. The plan will be submitted to the entire board later this month. A company will be formed in Moscow to construct the building.

GASOLINE HAS BEEN PRODUCED AT LOSS FOR YEAR

WASHINGTON, Aug. 7. (AP)—Opening its inquiry into gasoline prices, the senate's petroleum committee was told Monday by R. L. Welch, secretary and counsel of the American Petroleum Institute, that refiners in the United States, as a whole, had produced gasoline and other petroleum products at a loss since late in 1920.

Chairman of Eastern Railway Presidents' Conference Says Acceptance of Proposal Would Be Surrender

"Nobody Ought to Get the Idea that the Shop Federation Will Accept," Says Jewell

WASHINGTON, Aug. 7. (AP)—As a "final call" from the government for immediate settlement of the rail strike, President Harding today communicated to railroad executives and heads of the striking shopcrafts union's proposals that the men be sent back to work, that the managements take them back, and that adjustment of the crucial secondary issue be left to decision of the railroad labor board.

Cavalry Troop Quells Riot in Railroad Shop

Militia is Ordered Out in Alabama and Illinois Where the Outbreaks Reached Stage of Violence. Through the president was said to consider this the only practical course the government could take, upon spokesmen, indicating the rejection, summary of the proposals, and the fact that the day to pass upon the proposal and call to Washington for general conference Friday, the heads of all railroad labor organizations to consider methods of co-operation that might make the strike more effective. The rail executives had made no response to the White House request, though press dispatches indicated that they also would not to frame a collective answer.

ALBANY, ALABAMA, Aug. 7. (AP)—Quiet prevailed at the Louisville and Nashville shops here tonight, following the arrival of Company O One Hundred and Ninth cavalry from Hartsville and a detachment from Company M machine company of Birmingham. Local authorities declared the situation was well in hand and that no further trouble was expected.

QUANTICO, VIRGINIA, Aug. 7. (AP)—BIRMINGHAM, Ala., Aug. 7. (AP)—National guardsmen from three Alabama cities were dispatched to Albany this afternoon by Governor Kilby, following reports that disorders have been occurring in the vicinity of the Louisville and Nashville shops at that place since Saturday, when a man placed under arrest is said to have been taken from officers by a crowd of men said to have been strike sympathizers.

MILLIA BEACHES SCENE

JOLIET, Ill., Aug. 7. (AP)—A detachment of 250 men of the 128th Infantry under command of Lieutenant Colonel Morley, arrived here this afternoon for duty in the strike area where a pitched battle was fought this morning between striking shoppers, sheriff's deputies and railroad detectives in which two men were killed and Sheriff Newkirk of Will county, seriously wounded. The detachment is armed with rifles and machine guns. They marched immediately to the Elgin, Joliet & Eastern railroad yards. MILWAUKEE, Wis., Aug. 7. (AP)—A detachment of 250 men of the 128th Infantry under command of Lieutenant Colonel Morley, arrived here this afternoon for duty in the strike area where a pitched battle was fought this morning between striking shoppers, sheriff's deputies and railroad detectives in which two men were killed and Sheriff Newkirk of Will county, seriously wounded. The detachment is armed with rifles and machine guns. They marched immediately to the Elgin, Joliet & Eastern railroad yards.

WOMEN PICKETS ON DUTY

SPOKANE, Wash., Aug. 7. (AP)—Women pickets were on duty today at the Great Northern railway shop at Hilliard, three miles northeast of here. This is said to be the first instance of Great Northern pickets to one of such character in Spokane or vicinity. Action of Great Northern strikers in detaining women to picket the shops, it is said, was taken to circumvent the terms of a restraining order granted three weeks ago limiting the number of Great Northern pickets to one at each entrance to the railroad yards. Whether federal authority will be invoked to halt picketing by women, or to hold the strikers to the letter of the law in limiting the number of pickets at each entrance to one, whether that one be a union member or not, had not been declared late today, according to United States Marshal A. F. Keen.

MORGAN TANK EXPLODES

ST. MARIES, Idaho, Aug. 7. (AP)—Ernest Dunston, mechanic and Spanish-American war veteran, received injuries to his hand today when a gasoline tank which he was soldering, exploded. Both eyeballs were blown out, it was reported. He has a wife and two children. PRIORITY ORDERS ISSUED TO MOVE FUEL TO WEST. WASHINGTON, Aug. 7. (AP)—Additional priority orders are to be issued at once by the interstate commerce commission to facilitate the movement of fuel to the northwest, it was said Monday night at the central coal distribution committee.

Key Point Proposed

However, it is now apparent that no collective program is being proposed," the telegram continued, "and that unless the railroad employes can offer additional counsel and advice, the lives and safety of employes and traveling public, already endangered by the continued use of defective railroad equipment, will be imperiled to a great extent. Believing that the chief acquire of each of the standard railroad labor organizations as a result of their years of experience, broad public viewpoint and sincere desire for industry peace, can by conference with the officers of the shopcrafts, formulate a

(Continued on page four.)

SMOOT REVIEWS PLAN TO LIMIT SUGAR IN CUBA

Utah Senator in Impassioned Speech Denies That Proposal Originated with Him—Letter is Read Into Record

WASHINGTON, Aug. 7 (AP)—The blocking of efforts to obtain immediate action on the Harrison sugar investigation resolution and an impassioned denial by Senator Smoot, who has said that he had proposed, in a letter to Major General Crowder, American representative to Cuba, a reduction in the duty on sugar in return for the limitation of this year's Cuban sugar crop to 2,500,000 tons, marked some consideration today of the sugar schedule of the tariff bill.

Harrison Gets Duty
Senator Harrison twice sought to tell up his resolution, but the first time objection was made by Senator Smoot, who then went on to address the senate, and later by Senator Gurnea of Kansas, the republican "whip." When Senator Smoot objected, Senator Nicholson, republican, Colorado, moved to defer action on the sugar schedule until there had been an investigation of what he declared were "serious charges" contained in newspaper clippings read to the senate Saturday by Senator Harrison. His motion, however, was ruled out of order.

Senator Smoot then proceeded with a detailed review of efforts which had been made, he said, to save the domestic sugar industry from destruction by American refiners and New York bankers who, he said, were faced with losses with the dropping of sugar prices after they had advanced two cents a pound on the prospective Cuban crop. He asserted that the proposal to limit the Cuban crop had come from Cuba and read a published statement by the president of Cuba denying that American government officials had proposed a reduction of the crop in return for lower tariff duties. The Harrison resolution provides, among other things, an inquiry into charges that such proposals had been made.

Smoot Explains His Letter
The Utah senator said, in his letter to General Crowder, had been written after Senator Torquedo of Cuba and General Crowder had called on him at his office here on January 24 last and Senator Torquedo had proposed limitation of the Cuban crop at an increase of 10 per cent in the tariff differential in favor of Cuba. The Smoot letter was dated January 30 and follows:

"I hope you will lay before the president of Cuba my attitude towards the sugar industry both of Cuba and of the United States.
"Mr. Babat of the American Sugar Refining company is doing all he can to arrange matters, so as to export at least 500,000 tons of sugar to Europe. I have agreed to do all in my power to secure the passage of a joint resolution authorizing Cuban sugar to come into the United States without a cent of duty, providing it is refined in bond and shipped to any country outside of the United States. This will do away with the financing of sugar in bond and assist the refiners greatly in securing a foreign market for Cuban sugar.

Reduction in Solution
"An assurance of the limitation of the Cuban crop of sugar, for the present year, to 2,500,000 tons will be a solution of the problem, not only for Cuba, but for the United States as well. So sure am I of this that I think that it would be well to have incorporated in the pending tariff bill a rate of duty of 1-3-4 cents per pound, which would make the duty on Cuban sugar 1-4 cents per pound. I am sure that Hon. Eugene Meyer, of the war finance corporation, is ready to assist in financing the sugar refiners on their exportation of sugar to foreign countries.
"I shall be delighted to hear from you as quickly as possible after your arrival in Cuba, advising me of the result of your conference with the president. I have had the sugar schedule in the pending tariff bill passed over until I hear definitely from you."

DOOLITTLE'S AIRPLANE GOES TO THE SHOP FOR REPAIRS
—JACKSONVILLE, Fla., Aug. 7 (AP)—The airplane of Lieutenant James H. Doolittle, which crashed into the surf near Pablo beach last night when he attempted to take off for a one-day flight from Jacksonville, was so badly damaged that it will have to be shipped to an aviation depot for repairs, the aviator said today after an examination. Lieutenant Doolittle would not say whether he would attempt the flight after repairs were made.

Cause of Appendicitis
When the bowels are constipated, the lower bowels or large intestine that is made up largely of matter. These germs enter the vermiform appendix and set up inflammation, which is commonly known as appendicitis. Take Chamberlain's Tablets when needed and keep your bowels regular and you have little to fear from appendicitis. adv.

HOLD ENGINEER IS TO BLAME FOR COLLISION

Coroner's Jury Says Block Signal Was Disregarded and Crash Resulted

DE SOTO, Mo., Aug. 7 (AP)—Negligence on the part of Engineer Matt "Ginger" Glenn was responsible for the Sulphur Springs wreck, which caused 25 deaths and injury to more than 100 persons, according to the verdict of a coroner's jury late this afternoon.

Glenn was engineer on Missouri Pacific fast train No. 4, which crashed into local No. 29 Saturday. The coroner's jury held that his failure to observe a block signal warning him that the track ahead was not clear caused the rear end collision.
Glenn was killed when he jumped from the cab just as the collision occurred.
The verdict was returned after the jury had decided to render an open verdict blaming no one and had then immediately reconvened and reconsidered its decision.

JEROME

JEROME—Social activities the last week have been very few because of the Chautauqua in Jerome. An exceptionally good program has been enjoyed alike to support such a good thing.
Word has been received from Chicago of the marriage July 24 of Miss Ann Healey, formerly of Jerome, and M. H. Dorevaly. They will make their home in Idaho.

Mr. and Mrs. Cap Moreland have moved to Eddy, where they will make their future home, and Mr. Moreland will be employed on the highway.
F. B. Houston of Pleasant Plains is confined to her bed with rheumatism.

Mr. and Mrs. Heberg returned to their home north of town after an auto trip to McManisville, Oregon.
J. W. Summers died suddenly at the home of his sister in Kayville, Utah, on last Sunday evening. Mr. Summers, although in very poor health, made the trip with his two sons last week and was taken with a stroke upon arrival. He remains here on Wednesday. Mrs. Summers passed away three months ago at Jerome.

Mr. and Mrs. J. W. Lundin of Portland called on old-time friends in Jerome last week. Mr. Lundin was clerk of the old Lincoln county, and saw many changes in Jerome since his two years' absence.

Mr. and Mrs. W. N. Harwick returned home last week from an extended trip through Yellowstone national park. Miss Hazel Rose returned to Jerome last week for a vacation after having attended school at Aberdeen, South Dakota, the last year.

Mr. George Galahay of Eldorado Heights was pleasantly surprised on Sunday when a number of her friends dropped in to help celebrate her birthday anniversary.
Miss Rita Aldwell of Port Angeles, Wash., is the house guest of Mr. and Mrs. H. P. King of Westfield.
Miss Irene Costello of Twin Falls is employed as stenographer at the Land and Water company office.
Mrs. Howard St. Clair left for her home in Hampton, Iowa, after an extended visit with her aunt, Mrs. H. P. King of Appleton.

Mrs. J. P. Owen of Bremerton, Wash., and Mrs. W. P. Young of Belton, Kans., returned to their homes after a two months' visit with their brothers, Ray and Clyde Helmick of Jerome.
Rev. and Mrs. W. C. Hamman left the first of the week by automobile for Johnson City, Tenn., where Rev. Hamman has accepted the work of dean of Bible work of Milligan college.

KNULL

KNULL—Glen Knull fell from a horse Thursday morning and broke his arm. He is now getting along nicely.
Elmer Anna of Knull was called to Boise Wednesday on account of his mother being badly injured in an auto accident.

The Ladies of the Knull Baptist church met Thursday afternoon to do some sewing.

L. H. Masters preached at the Knull Baptist church Sunday morning, the regular pastor being called to Twin Falls to take the place of Bev. Tolliver. Russell Shearer from Tillamook is visiting his brother, R. L. Shearer.
Chas. Grieve and family returned from Yellowstone Park Thursday, they report a wonderful trip.

Rev. and Mrs. Samuel Harris will leave Wednesday morning for Wood River for a two weeks' vacation.
Ed. Mischler from Stillwater, Ohio, is visiting Mr. and Mrs. Kim McCawley.

Reverend Dr. D. D. D. preached to large crowd at the Baptist church Sunday evening.

A. G. Wilson and F. E. Cappel returned from Cape Eder Thursday with a nice catch of salmon trout.
Mr. and Mrs. Bennett and children of Boise Falls called at Knull store Thursday on a wonderful trip.

Mrs. Edna Boccoe gave a surprise party for her daughter, Meale, Saturday afternoon.

STAMER ALEXANDER RITS BOKE TUT WILCOX MAYER FOR BEAULIEU, Aug. 7 (AP)—The steamer H. P. Alexander of the Pacific Steamship company, which struck Cak rock, near the Washington coast in the Pacific ocean, shortly after midnight, is expected to arrive here tomorrow morning. The Alexander, after discharging cargo here, is expected to shift to a drydock for a survey. The Alexander was off her course in a dense fog when she hit the rock.

Hunger, the Best Sauce
Sauce is used to create an appetite or relish for the food. The right way is to look to your digestion. When you have good digestion you are certain to relish your food. Chamberlain's Tablets improve the digestion, create a healthy appetite and cause a gentle movement of the bowels.—adv.

Everything for QUALITY

—nothing for show

THAT'S OUR IDEA in making CAMELS—the Quality Cigarette.

Why, just buy Camels and look at the package! It's the best packing science has devised to keep cigarettes fresh and full flavored for your taste. Heavy paper outside—secure foil wrapping inside and the revenue stamp over the end to seal the package and keep it air-tight.

And note this! There's nothing flashy about the Camel package. No extra wrappings that do not improve the smoke. Not a cent of needless expense that must come out of the quality of the tobacco.

Camels wonderful and exclusive Quality wins on merit alone.

Because, men smoke Camels who want the taste and fragrance of the finest tobaccos, expertly blended. Men smoke Camels for Camels smooth, refreshing mildness and their freedom from cigarette aftertaste.

Camels are made for men who think for themselves.

KEN WILLIAMS WALLOPS TWO HOME RUNS IN ONE INNING

ST. LOUIS, Aug. 7 (AP)—Vatican baseball writers tonight said that Ken Williams, left fielder for the St. Louis Browns, who knocked out his twenty-sixth and thirtieth home runs in the sixth inning of today's game between the Washingtons and the Browns, Americans set a new major league record, as they could not recall any other instance in modern baseball where one player cracked out two circuit drives in the same inning.

By hammering out the two four-base hits, Williams forced ahead of Rogers Hornsby of the St. Louis Cardinals, who has 28 home runs for the major league home run championship of the season. Jacobs was on base each time Williams eluded the ball in the right field bleachers for the circuit.

DENVER, Colo., Aug. 7 (AP)—Chris Lindsay, first baseman on the Denver Western league team in 1911, made two home runs in the fourth inning of a game with Sioux City, Iowa, here on October 4, 1911, records here show. The game was a regularly scheduled Western league contest.

WILLIAMS HITS HOMERS

Brown Outfielder Hits Two in One Inning; Yanks Win Battle with Tigers

ST. LOUIS, Aug. 7 (AP)—St. Louis today swamped Washington 16 to 1, for the locals' fifth straight victory. The Browns went on a rampage in the sixth inning, knocking Morgan out of the box and scoring nine runs on nine hits, seven of which were for extra base hits. Williams knocked two home runs in the sixth inning. Erickson, who replaced Morgan, also was batted hard, day locals gathering five more runs in the eighth inning. Collins also drove out a homer. Wright held the Senators to eight scattered hits.

Scores:

St. Louis	16	1	0
Washington	1	0	0

BUTTS HITTING WINS GAME

DETROIT, Aug. 7 (AP)—Butt's double and Schanz's single in the sixth gave New York victory over Detroit today. The "Babe's" hit was a potent figure in the game, his single in the fourth inning, when the Yankees grouped five of their hits, driving in the tying run.

Scores:

New York	4	11	1
Detroit	3	5	3

INDIANS MAKE IT TWO

CLEVELAND, Aug. 7 (AP)—Cleveland made it two straight from Boston today. Today's game was called at the end of the seventh when it became too dark for the umpire to tell whether or not an outfielder caught a fly ball.

Scores:

Cleveland	0	7	0
Boston	0	7	0

WHITE SOX FINALLY WIN

CHICAGO, Aug. 7 (AP)—Chicago recovered from its batting slump and today pounded out 17 hits off four Philadelphia pitchers, defeating the visitors.

Scores:

Philadelphia	5	15	-1
Chicago	18	17	-0

JEROME WALLOPS HANSEN

North Siders Win Game 16 to 14 Featured by Hard Hitting and Errors

um, Yarralon and Perkins, Drugg; Lovaretto and Yarran.

JEROME (Special to The News)—The locals took the Hansen baseball team to a crushing home Sunday afternoon by the score of 16 to 14.

Plenty of errors and hard hitting featured the game, with Chambers, Goodnight and E. Fuller doing the heavy work with the club for the visitors, while Ashenfelter, Brooks and Leach pounded the pill for the home boys. Chambers, the miniature shortstop of the Hansentites, uncorked a triple, two two-baggers and a single out of five trips to the plate. Goodnight also pounded the ball with four singles and a double out of six trips to the bat. Earl Fuller made two two-baggers and two singles out of six trips to the plate. Ashenfelter, Brooks and Leach for the locals all drove out home runs.

Walton essayed to do the pitching for Hansen, but Jerome took kindly to his offerings and in the fourth he gave way to Frank Fuller, who was also treated in a rough way. Hansen went back in the sixth in the seventh. Ashenfelter, Nelson and Brooks were on the mound for the locals and in the eighth Ashenfelter went back in and held the Hansen players safe.

A return game will be played at Hansen on August 20.

Hansen

ING LEMP PITCHES ONE-HIT GAME AGAINST TEAM-MATES

KIMBERLY (Special to The News)—"Lemp" Lemp pitched one of the best games of his career Sunday afternoon when the Kimberly Yankigans beat the Kimberly regulars by the score of 2 to 1.

Owing to the failure of the Eben team to make its appearance due to the fact that several members of the team were absent from town, the local fans decided to have a real Kimberly game, and a real game it turned out to be. Lemp had his hook ball working, and the regulars had a hard time connecting. "Pat" Thompson opposed him, and was touched for six hits.

The batteries for the Yankigans were: Lemp and Courty; for the regulars: Thompson and Lowe.

Uncle Eben. "The world was made in six days," said Uncle Eben; "but de modern improvements on it takes thousands an' thousands of years."

Notice is hereby given that I, Bert Kelson, who, on November 14, 1921, in the District Court of the Eleventh Judicial District, in and for the County of Twin Falls, State of Idaho, pleaded guilty to the crime of violation of the prohibition laws, and who was sentenced by the said Court to serve not less than one year and two months in the Idaho State Penitentiary, will make application to the State Board of Pardon, at their next regular meeting, after the legal publication of this notice, for a full and absolute pardon. (Signed) BERT KELSON.

Depends on the Job
When it comes to telling the story, a man with short runs isn't in it with one of these long-runners guys with a stretching imagination.—Richmond Times-Dispatch.

Same Old Story But a Good One
Mrs. Mahala Burns, Savanna, Mo., relates an experience, the like of which has happened in almost every neighborhood in this country, and has been told and related by thousands of others, as follows: I used a bottle of Chamberlain's Cough and Diarrhoea Remedy about five years ago and it cured me of flux (dysentery). I had another attack of the same complaint three or four years ago and I used a bottle of this remedy cured me. I have recommended it to dozens of people since I first used it and still continue to do so for I know it is a quick and positive cure for bowel troubles.—adv.

THE GUMPS—ROUND ONE—OLD TIMER GETS A DAY OUT

WAGE BOARD IS HOPE OF PEACE IN COAL FIELD

Conference of Miners and Operators Called for Wednesday in Cleveland in Effort to End Strike

CLEVELAND, O., Aug. 7 (AP)—Settlement of the nation-wide soft coal strike under a definite plan that may result in the making of wage agreements on substantially a national basis will be presented to a conference here Wednesday of coal operators, who are expected to come from all parts of the country, with officials of the union mine.

Old Scale Is Basis In the main, the plan provides for resumption of coal production by union miners under the wage scales that existed when the strike began last April 1 and for the appointment of an advisory commission of inquiry within the coal industry, the personnel of this commission to be approved by President Harding.

Existence of the plan, which has been approved by some operators scattered over the country, became known here today when union officials and operators, controlling about one-third of the output of the central competitive field, met both separately and jointly with a view to taking action pending the coal strike. The joint conference here today adjourned until 3 p. m. Wednesday, by which time it was announced officially that it was expected that "substantial interests" would join the meeting.

Approved by Lewis The plan, which was understood to have the approval of John L. Lewis, president of the United Mine Workers, was presented to the Indiana and Illinois operators tomorrow, their meetings to be held in Indianapolis and Chicago for the purpose of deciding who will attend the conference here. Confidence was expressed here tonight by operators and miners that the Indiana and Illinois operators would join the conference Wednesday, and it was added that operators were expected to meet here tomorrow at the central field, including West Virginia, Missouri, Iowa and Wyoming, and some southwestern states.

CONSIDERED IN INDIANA INDIANAPOLIS, Ind., Aug. 7 (AP)—A plan for settlement of the coal strike has been preliminarily identified with the operators, and W. A. Glasgow, Jr., counsel for the miners' union in important cases, according to A. M. Ogilvie, president of the National Coal association. Mr. Ogilvie in a statement to The Associated Press declared that this plan apparently was the basis of reports from Cleveland to the effect that a strike settlement might be effected at the conference called there by President John L. Lewis of the miners.

GOVERNORS TAKE HAND ST. PAUL, Minn., Aug. 7 (AP)—Governor Alexander J. Grovesbeck of Michigan late today was invited by Governor Bruce of Minnesota to attend the conference of governors on the coal situation, which the governor has called for Thursday. Invitations for the conference, which is expected to have a vital bearing on the future course of the coal strike, already had been issued to the governors of Wisconsin, Iowa, North Dakota, South Dakota and Montana, and

the first four named have accepted. The coal movement in this section the first three days of this week, Governor Pruss has indicated, will be deciding factor in determining whether or not the governors will recommend drastic action by the federal government about the movement of coal from the mines not show sufficient improvement.

PRESIDENT'S NEW

(Continued from Page One)

program having for its purpose protection of the public, preservation of the railroad industry and an honorable basis of settlement for the managers and the employes, was urgently recommended that, as chairman of the railroad organizations, wire each chief executive requesting him to attend conference in Washington Friday, August 11.

Another Way Around "We do not expect that strike action will be suggested at the general conference," said Mr. Jewell, speaking for his associates. "But, we do consider that it will shortly be necessary for other employes to refuse to work on defective equipment."

Mr. Jewell declared that the men who received the president's communication and, at the White House conference, would not be empowered to give a rejection or acceptance to the proposals until he had the views of striking unions and served, but that "nobody ought to get the idea the shop foremen will accept."

Lorco Opposes Harding Plan

NEW YORK, Aug. 7 (AP)—Assertion that President Harding's would soon be ending the rail strike would seem "to demand a complete surrender of the position of the railway presidents as stated last Tuesday," was made by L. F. Lorco, chairman of the eastern presidents' conference at the close of an informal meeting of railroads here today.

Mr. Lorco emphasized, however, that he was expressing merely "a personal opinion" and was not speaking for the conference. He also insisted that the conference, which preceded the statement, was purely informal and that no decision had been reached by those who attended it.

Mr. Lorco's statement follows: "In the resolution adopted by the railway executives on August 1, they took the position squarely that the striking former employes cannot be permitted to employ a man on an engine to serve without doing injustice to the very principle of right and justice involved in this matter, and without the greatest breach of faith on the part of the railroads to the men at present in their service."

President Harding, in his proposition today said "therefore, only the question of seniority covered in paragraph three which executives rejected, remains in dispute."

CHICAGO, Aug. 7 (AP)—The United States government has announced its willingness to act on the seniority question now at issue between the railroads and their striking shopmen in a resolution adopted at a meeting late tonight. The resolution was adopted by a vote of six members of the board of directors, A. O. Wharton, a labor representative, voting against it. The six members were all that were in the city when the meeting was called. Ben W. Hooper, chairman, presided. Those who attended were G. W. W. Haegel of the public

SEEK PRINCE ON BIGAMY CHARGE

"Louis Henri de Bourbon" Departs, Forsaking Uniform, Secretary and Monkey

BOSTON, Mass., Aug. 7 (AP)—"Prince Louis Henri de Bourbon," who left a glittering Russian uniform behind in his New York apartment when the police went there to find out whether he was not in fact Harold Schwarm, a New England, Conn., factory hand, was being sought today by Boston police officers on suspicion of bigamy.

RAILWAYS INCREASE FORCES

CHICAGO, Aug. 7 (AP)—More than 7000 men were added to the shop forces of the western railways during the first five days of the present month, according to a statement issued today by the Association of Railway Executives which took up conditions growing out of the strike of the railroad shopmen on July 1. The total number of men at work on August 6 was given as 65,000.

WAGE BATTLE ON RE-ISSUE FILMS

Federal Trade Commission Issues Complaint Against Film Company

WASHINGTON, Aug. 7 (AP)—Through a complaint issued today against the Fox Film corporation of New York City, the Federal Trade Commission today suggested a campaign which members said was designed to prevent motion picture exhibitors and the public being imposed upon by film brokers and producers through marketing of old films under the Federal Trade Commission titles of noted books or plays when the subject matter has little or no connection with the name.

IOWA LEADS FARM PRODUCTS

Iowa leads all the states in the gross value of farm products.

GRAIN-GROWERS REORGANIZE TO MOVE NEW CROP

Baruch, Legge and Wetmore are Added to Board to Advise as to Finances and the Marketing

CHICAGO, Aug. 7 (AP)—The United States Grain Growers, Inc., has been completely reorganized, according to an announcement today from the American Farm Bureau Federation. The farmers' national cooperative grain marketing association now is under the direction of a new board of 19 directors, 11 of whom are executive officers of the new state farm bureau federations.

Select New Officers

The new president of the United States Grain Growers, Inc., is E. H. Cunningham of Iowa; vice president, H. Gustafson of Nebraska. H. L. Keefe, of Nebraska, succeeds James K. Mason of Indiana as vice president. J. M. Mohl, formerly assistant to President Gustafson, is the new secretary, succeeding Frank W. Meyers of Iowa. Charles E. Gonzalez, treasurer of the American Farm Bureau Federation, now is treasurer of the United States Grain Growers also.

Three Are in Charge

An executive committee of three—Mr. Cunningham, J. P. Reed of Minnesota and R. A. Cowles of Illinois—is in direct charge of the affairs of the United States Grain Growers, Inc., and the subsidiary United States Grain Growers Sales company, created to sell the 100,000,000 bushels of grain of the 60,000 members who have signed five-year contracts.

Financiers Will Help

Bernard M. Baruch, New York financier; Alvan C. Legge, president of the International Harvester company, Chicago; and Frank O. Wetmore, president of the First National bank, Chicago, have accepted appointments to a committee of three to advise the reorganized corporation in matters of finance and marketing.

Henry C. Wallace, secretary of agriculture, and Herbert Hoover, secretary of commerce, have been invited to represent the public as ex-officio members of the new board.

HUSBAND SEEKS DIVORCE ON GROUNDS OF CRUELTY

C. M. Smithwick Asks Custody of Children Left by Mother in Alleged Elopement

Alleging cruelty, neglect of their children and finally, desertion with "another man," Charles M. Smithwick, Monday instituted an action in district court here for divorce from Eva M. Smithwick, to whom, he says, he was married December 25, 1904, at Williston, North Dakota. The alleged departure of the wife took place in August, 1921. Smithwick asks for the custody of the children, two daughters, aged 10 and 11 years, who were left with him when his mother departed.

Cruelty also is alleged by Henry White in his petition for divorce from Jeanette White, to whom he was married in November, 1917, in Twin Falls. He asks also that decree be issued on tabulating his sole title to Twin Falls business property valued at \$2,000.

PRECINCT COMMITTEEMEN WILL FORM ORGANIZATION

Sessions of Leaders of Three Political Parties to be Held Simultaneously

Members of the county central committees of the three political parties participating in the campaign just opening, who were elected in each precinct at primary elections last Tuesday, will meet here from Twin Falls about Saturday, August 12, when all three meetings will be called to order simultaneously. All three meetings probably will be held in the court house, different rooms being used by each political group.

Seven Preachers Believe in Preparedness

Seven ministers are shown training at Camp Devens, Mass.—exponents of preparedness. Three of the clergymen are officers in the regular army, and the others in the national guard or the organized reserves. They declare a papalistic is really an enemy of peace. The clergymen, are, left to right, Rev.

W. J. Donoghue, first lieutenant and wend to Roman Catholic; Hal O. Reed, first lieutenant and a Baptist; Harvey O. Fraser, senior chaplain; Theodore B. Lebow, first lieutenant and an Episcopalian; Captain G. B. Cornish, chaplain; D. Harold Hickey, captain and a Methodist Episcopalian; Major Herbert S. Johnson, a Baptist. Major Johnson refused

a commission as a chaplain and went to the line. He believes in compulsory military training and cites authorities to contend that half the casualties and half the cost of the World War would have been saved if the nation had been prepared in 1917. Colonel Nicholas is shown standing, instructing the clergy men.

NEVADA BOARD SETS NEW DATE FOR RAIL HEARING

Postpones Inquiry into Status of Idaho Central Affairs to August 30

Hearing before the Nevada public service commission, on the order to the Idaho Central Railroad company to show cause why application should not be made to the Interstate Commerce commission for cancellation of its permit to build the connecting line from Rogerson, Idaho, to Wells, Nevada, has been postponed from August 16 to August 30, by an order of the Nevada commission, a copy of which was received here Monday.

A similar hearing is to be held August 12 before the Idaho public utility commission at Boise. Both hearings were ordered at the request of the Twin Falls Chamber of Commerce, Idaho-Nevada Holding company, and Nevada commercial organizations, alleging that the Idaho Central company has failed to take any action under its permit which was granted a year ago and which provides for completion of the line by December 31, 1923.

Press of previous engagements in the region given by the Nevada commission for its order postponing the hearing.

MEET TO SOLVE EUROPE'S RIDDLE

Poincare's Proposal to Allied Statesmen is Referred to Experts of Nations

LONDON, Aug. 7, (AP)—The allied statesmen who are meeting here in an endeavor to solve the European riddle today devoted five hours to analysis of the conditions existing between Great Britain, France, Italy and Belgium. The conference terminated in the appointment of a committee, composed of the finance ministers of those countries, which is to examine into specific proposals made by Raymond Poincare, the French premier. These proposals have not been made public.

Will Meet With Experts

The committee, in collaboration with the financial experts, is to meet under the chairmanship of Sir Robert S. Horne, British chancellor of the exchequer, at 10:30 o'clock tomorrow morning. It will make a report to the full conference sometimes Tuesday or on Wednesday.

The appointment of the committee followed a proposal by David Lloyd George, the British prime minister, to grant a moratorium to Germany which would terminate at the end of the present year, and the putting by M. Poincare of a motion which France considers should precede any further alleviation of German obligations.

France Agrees to Plan

"France has no objection to a moratorium in principle," said M. Poincare. He then outlined the plan which he indicated would be satisfactory to France's requirements. Mr. Lloyd George discussed M. Poincare's proposition in detail and said expert advice should be invited before the minister said yes or no to it. The question of referring the matter to a committee was unanimous. Mr. Lloyd George in a brief address opened the conference.

New Volumes Placed on Library Shelves

The following books have been added to the Twin Falls public library:

- Fiction: Shoe-Bar Stratton, Ames; Robin, Barrett; Panny Hersell, Farber; Wings of The Dove, Farber; Million-Dollar Suitcase, MacGowan; The Winter Doll, Ridout; The Glimpes of the Moon, Wharton; Billy and the Major, Chalmers; Juvenile: Hills of Ingledale, Montgomery; Change Signaling, Bingham; Brother of a Hero, Barbours; Danforth Plays the Game, Barbours; Merryllips, Dix; College Years, Paine; Ungava Bob, Wallace

—the favorite and still the best

BUY MILK BY NAME

There is one sure way to get what you should have. SEGO is the name to ask for and to get. It brings to you the choicest flavor and quality. You will call SEGO "cream's only rival," for there's really no milk more delicious.

CITY GAS TANK OPENED UP FOR COMMISSIONERS

All's Disclosure and McAuley's Admission Result in Legalizing of Practice for Use on Municipal Business

Commissioner S. S. All's disclosure that "one member of the city commission used gas and oil from the city supply for his car and had his car repaired by a workman in the city's employ" has been taken up by Commissioner S. McAuley's admission that he was the official referred to, and the admission by the commission, with all those voting no, of a motion authorizing members of the commission to draw on the city's supply of gas and oil for their cars when in use on municipal business.

Experts Stage Debate

The other was a debate between E. H. Dooley, city chemist, and Dr. John W. Fisher of the Clinton, who the latter described as being "warm and affectionate" in regard to specifications for bids outlining the duties of the city chemist, and the commission's decision on the question of the latter's alternative specifications and the motion to submit them together with the original specifications drafted by Dooley to the state board of health to determine which was the better method to adopt in Twin Falls. All declined to vote on this proposition and the commission adopted by unanimous vote of the six or four members.

Adopta Milk Ordinance

The commission also adopted a lengthy ordinance revising regulations to the dairy industry and providing for a new sliding scale of license fees and ordered the ordinance printed in pamphlet form for distribution among dairymen. Printing of the pamphlets ordered involved an estimated expense of from 3 to 5 cents each, and was objected to by Commissioner All, on the ground that it was a needless expense. Another ordinance providing for removal of weeds from unoccupied lots by the city, the cost of the work to be charged against the owner or lessee and collected, if necessary, by all sections of the city, was introduced by McAuley and placed on its first reading.

All makes Disclosure

Commissioner All's disclosure relative to the use of gas and oil from the city's car and all for his own car came during a lull in the proceedings following the action on these two pieces of municipal legislation. "I have been informed," he said, "from sources outside of the city that one of the members of the commission has used gas from the city supply and had his car repaired by a workman employed by the city. I use my own car on the city's business but don't draw gas from the city's supply, and I don't have my car repaired by anyone else being in the city. This was being done by another and did not repeat it."

Objects to President

"It is startling something that is hard to tell where it will end," All said and then inquired of the other members "What are you going to do about it, establish something here, shall this go on?" "I want to say," McAuley asserted, "that I am putting in all of my time on this work."

Members of Commission Discussed

Members of the commission discussed probability of accident resulting where children play too near the heavy motor vehicle, and finally decided there was no objection to the city doing so. McAuley advised the driver to "use your best judgment and do the best you can."

Hot Weather Diseases

Diseases of the bowels are extremely dangerous particularly during the hot summer months, and in order to protect yourself and family against a sudden attack, get a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It can be depended upon. Many have testified to its excellence.

the state board of health. Specifications for this purpose previously had been drafted by E. H. Dooley, city chemist, and bids were to have been received Monday night on Dooley's specifications.

Dr. Fisher presented an alternative set of specifications, and said that the Dooley specifications were "erroneous" that he and the institution with which he was associated would refer to him for the matter. He indicated possible savings through deviation from the chemist's specifications.

Mayor Suggests Course

The mayor suggested submitting both sets of specifications to the state board of health. The suggestion was repeated by Roberts and later incorporated by McAuley in a motion which was seconded by Cogswell. All those attending throughout was manifested some degree of opposition to the use of standards would be permitted, announced when the roll was called that he did not care to vote.

Secretary Market Breaks Forth

Secretary J. M. Markol. "Every person at the fair must be fed. Eating stands must be placed on every convenient corner of the grounds. Care must be taken to provide good clean food. We feel sure, however, that this problem is being solved in a thorough manner and that visitors will be pleased with the way eating concessions are handled."

Allegation Forger Will Conduct Own Defense

Howard Harnish pleaded not guilty to charge of forgery when he was arraigned Monday before Judge G. P. DeWalt in probate court, and preliminary hearing in the case was set for Wednesday morning. Harnish indicated that he would conduct his own defense with out legal assistance.

MURTAUGH ROAD DISTRICT GIVEN \$39,573 CREDIT

Appraisers Submit Joint Report on Three Months' Investigation of Financial Status of Old and New Organizations

Subject to various enumerated contingencies, the amount which the Murtaugh highway district is entitled to receive from the Twin Falls highway district, out of which it was created last February, is \$39,573.83, according to a joint report made Monday to the Twin Falls district by the appraisers, Edwin A. Wilson, Twin Falls, for the Twin Falls district, and J. B. Schellert, Salt Lake, for the Murtaugh district.

The appraisers have thus completed a task begun last May. Each appraiser worked independently of the other, and the joint report represents the conclusion upon which they agree after the close of the task. Each appraiser also filed an individual report.

Appraisal in the case of the Rock Creek highway district, which also was completed by the appraisers, included in the Twin Falls district, has been completed and a balance sheet compiled, but no reports have been made by the appraisers for the reason that the settlement as between the Twin Falls district and the Rock Creek district will necessarily affect the Rock Creek settlement.

Tax Debt's Factor

Among the contingencies enumerated as affecting the amount due the Murtaugh district, the appraisers include litigation involving tax assessment against the Murtaugh district. This litigation, if successful, would reduce the amount given them in the settlements.

Total value of the Twin Falls district's real estate, including roads and bridges, is fixed by the appraisers at \$1,105,723.83. Murtaugh district's share, based on its assessed valuation, is given at \$69,200.00. The appraisers figure that the Murtaugh district already has received roads and bridge work to the value of \$11,000.00, leaving a credit on that account in the amount of \$58,200.00.

To this amount there is added a credit of \$12,999.00 for the Murtaugh district's share in the rock quarry and gravel plant which is listed as "undistributable property" and a further credit of \$1,000.00, so the Murtaugh district's share in net assets and distributable property and equipment, including the cost of a bridge over the high line canal in the Murtaugh district, amounting to \$12,131.50 is charged against the district, to be deducted from the total of credits heretofore listed.

Bonds Remain Identical

Bonded indebtedness and interest fund do not enter into the settlement, and a proportionate share in the bonds remains a liability of the new district. It was necessary for the appraisers to delve into the original sources of the bonds and disbursements from the date of the organization of the Twin Falls district. In this work they discovered a credit due from the county to the district in the amount of \$3,080.00, resulting from overpayment of taxes to cities and unpayment of the same.

LAND BUYER IN COURT TO GET TITLE TO FARM

J. T. Anderson Sues A. C. Morris for Fulfillment of Alleged Sale Contract Made Through Agents

Suit to compel A. C. Morris to deliver a deed to farm property which he says he contracted to purchase through G. W. Parks and C. V. Parks, Twin Falls, as agents for Morris, was instituted Monday in district court here by J. T. Anderson, through his attorney, F. T. Hamilton. Anderson says that he was to have paid \$14,500 for the place and make a first payment of \$3,000, which, he says, Morris declines to accept and refuses to deliver a deed to the property.

Your attention is especially invited to the fact that there are several also claiming an interest in the property through the Andersons' law-abiding.
