## President Asks Both Houses of Congress to Remain in Continuous Session Beginning Tuesday

### Union Heads Rush Leaders to Washington for Conference to Give Reply to Harding's Peace Plan

WASHINGTON, Aug. 9. (AP)—President Harding has asked congressional leaders in view of the menacing industrial situation arising from coal and steel strikes, to hold the house, now in recess, continuously in session, along with the senate, after the house reconvenes next Tuesday.

THE PROSPECT WAS THAT FAILING EARLY SETTLEMENT OF THE LABOR CONTROVERSY, THE ADMINISTRATION MIGHT CALL FOR LEGISLATIVE ACTION TO ENABLE THE GOVERNMENT TO COPE WITH CONDITIONS WHICH THREATENED TO PARALYZE THE COUNTRY. THE PRESIDENT HAS BEEN VEBARLY TO REPORT ON THE PART OF THE EXECUTIVE.

Meanwhile, the leaders of all union organizations in the transportation field began to gather in Washington for conferences to determine the response which shall be made to President Harding's latest offer of a settlement basis for the sever railroad unions now on strike and to determine as well, according to statements of those who will participate, what joint co-operative action the labor force shall take in case the president's offer is rejected.

Telegrams Oppose Plan. H. H. Jewell, chairman of the group of officers of the striking unions, declared that he had received hundreds of telegrams today from locals of the shop crafts "telling us to reject the president's offer to a single cent making its acceptance."

Separate conferences between union railway officials and representatives of the striking shopmen on its lines finally broke up today, when the men declared that a national settlement of the strike could be reached by them, even though the railroad conceded seniority rights to returning strikers. Fairfax Harrison, president of the railway union, said he had written to all employees that the company considered it had "merely than fulfilled its obligations to its striking employees," and that its duty now was to unimpair transportation service. "This we will perform," Mr. Harrison declared.

Suggestions Are Advanced. Suggestions were advanced that congress might be asked to authorize resumption of federal control over the railroad system should President Harrison find it impossible to terminate the strike satisfactorily, with the possibility that the federal government would be authorized to suspend the transportation act which would be sought to make the railroad labor board decisions in wage matters binding upon managements and employees. There also was a proposal in some quarters that jurisdiction might be given the board by law over differences which arise during the strike, as did the present seniority issue.

President Is Silent. Cabinet members considered it likely that the whole situation might be put up to congress in a special presidential message, should prevailing difficulties continue to multiply, but at the White House an administration spokesman said the president would not anticipate his course.

Mr. Jewell and W. H. Johnson, president of the machinists' association, in public statements today indicated that all railroad union heads called to meet Friday, would pass upon the answer the striking unions will make to the president's final proposal. Giving out figures of the condition of railroad equipment, Mr. Johnson asserted that "it would take the railroads a year to get their equipment back into shape, if the strike should stop right now."

Charge Importation of Men. They further charged that strike breakers were being "hired in Europe, particularly England, by some of the roads, naming the Chesapeake & Ohio as one such road. "We found at Huntington, W. Va., men who had been brought over for the purpose," Mr. Johnson asserted, "and we have called British labor or."

# HOPE FOR PEACE DISAPPEARS IN COAL INDUSTRY

## Indiana and Illinois Operators Refuse to Enter Into Negotiations for Four State Settlement of Wages

CLEVELAND, Aug. 9. (AP)—Expectations of a settlement of the soft coal strike on a national scale vanished tonight among the union officials and operators here for a joint conference on peace plans with the receipts of reports of the failure of Indiana and Illinois operators' associations to agree to join the conference. The hope, however, was held out that settlement affecting scattering mines in Illinois, Indiana, Ohio and Pennsylvania, and possibly West Virginia, might result from the conference which reconvenes here tomorrow afternoon.

President John L. Lewis of the miners announced that the joint conference would resemble to open negotiations. The question, however, of whether the miners would be willing to make a wage agreement with the operators now here was undecided, and indications were that a decision would be deferred until after the afternoon meeting tomorrow with the operators, most of whom own mines in Ohio, New York, Pennsylvania, West Virginia, Pennsylvania, Indiana and Illinois.

While the number of operators here for the conference was increased today, no official poll had been taken of the coal output controlled by them and in the absence of the union had deferred decision on whether to proceed with a partial peace program.

Some Hope et. Confidence, however, was expressed by some operators and union leaders, that the number of operators willing to make a settlement was sufficient to inaugurate a break in the strike. Some West Virginia operators, who were invited to the conference, their representatives already being here.

The Indiana operators refused to join the conference and the Illinois operators' committee adjourned until tomorrow, without announcing a final decision.

INDIANA STANDS OFF. TERRE HAUTE, Ind., Aug. 6. (AP)—The Indiana Bituminous Coal Operators' association will not attend the Cleveland conference called by John L. Lewis, president of the United Mine Workers. It was announced, following a meeting of the state committee here today.

A. M. Ogil, president of the national coal association, who also is an Indiana operator, said he would not go to Cleveland. The state committee, however, took no action on the proposed plan for settlement of the strike as outlined at Cleveland and it was indicated that this plan was to be entirely abandoned as a possible basis for negotiation.

PHIL H. PENNA, secretary of the Indiana operators, declared that operators from a state would not go to Cleveland and returned the offer to meet the miners in a state wage conference. Sentiment among the Indiana operators is still strong against a four-state wage conference and the miners, according to Mr. Penna.

# Champion Crawfish Eater Devours Five Bucketsful of Dabs

## Wins Honors by Beating Nine Hearty Contestants in Tournament at New Orleans

NEW ORLEANS, La., Aug. 8. (AP)—H. B. Chase, jr., of New Orleans, entered as "the unknown knight of the crawfish tourney," last today in a "crawfish" championship crawfish eater of the world, after winning over nine other contestants by eating five buckets full of this sea food, which in their shells weighed approximately 60 pounds.

George ("Hop") Luthy, "champion of Venezuela," earlier in the day, won the title as speed champion by eating 100 crawfishes in two minutes and 30 seconds. Champion Luthy will be called upon to defend his title in an early date, however, having received a challenge from Percy Floren, "champion of the Canille," who has won up, who had eaten 100 crawfishes. When every other contestant had dropped out, Chase is said to have remarked that he could continue indefinitely, but that in view of the fact that his crawfishes were running low, he would consume the remainder for his supper.

# OHIO STANDS BY HER PRESIDENT

## Thomson's Nomination for Governor Seems Assured by Early Returns

CHICAGO, Aug. 9. (AP)—With Carl A. Thomson leading by a wide margin at midnight for the republican gubernatorial nomination in Ohio, political observers hailed his apparent success as a "victory for President Harding's policy of strict enforcement of the prohibition law."

Leads Two to One. The tide of political unrest seen in recent elections in Indiana, Pennsylvania, Iowa and North Dakota, seemed to have checked in the president's home commonwealth, Thomson scoring in a heavy return, more than two-to-one vote over his nearest opponent, C. Homer Darstad, the best and light who candidate, with Congressman C. F. Bricker, "the strongest" of the two progressive candidates, was third.

Promerene in Lead. In the Ohio democratic senatorial contest Senator Tilo Pomorenko was trailed by more than two to one over Opponent, John L. Lewis. The Ohio Congressman S. P. Davis was holding a substantial lead over three opponents in the republican senatorial race, Charles Dick running second, John H. Arnold, third and David W. Wray, fourth. Both Lewis and Dick had the support of organized labor.

In other commonwealths where state-wide primaries were held, the returns came slowly and victories seemed in doubt at a late hour. Endorsal Law Enforcement. First returns from Arkansas showed that Governor T. C. McRae, who sought endorsement of his administration and strict law enforcement, including Sunday blue laws, leading E. P. Toney, who had attacked the governor's position, particularly in connection with pardon and parole policies, for the democratic gubernatorial race. The Ku Klux Klan issue also was brought prominently to the front during the closing days of the campaign.

In Alabama, where Henry Ford's Muscle Shoals offer, figured in the campaign, W. W. Brandon, issued an early statement forecasting his nomination for governor by "a tremendous majority."

M'RAE LEADS TONEY. LITTLE ROCK, Ark., Aug. 8. (AP)—Unofficial returns compiled by the Arkansas Gazette late tonight from 239 precincts in Arkansas gave Governor T. C. McRae a lead of nearly 10,000 votes over Judge E. P. Toney, in the contest for the democratic gubernatorial nomination. BRANDON BEATS STATE. BIRMINGHAM, Ala., Aug. 8. (AP)—Unofficial and meager returns from 60 of Alabama's 87 counties in today's democratic primary indicated that W. W. Brandon, of Tuscaloosa, had swept the state in his race for governor against Bibb Graves of Montgomery.

# CHARGE SHERIFF WITH HILL PLAIN RUM SMUGGLERS

## Federal Forces Raid Gang in Ferry County, Washington, Arresting Peace Officer and His Confederates

REPUBLIC, Wash., Aug. 8. (AP)—Thomas Barker, sheriff of Ferry county, and three other Republic men, were arrested today by a force from the United States marshal's office, the customs collector's office in Seattle and the federal prohibition director's office on a charge of aiding rum runners to smuggle liquor south from British Columbia into Spokane.

Gang Leader Escaped. Chas Ledgerwood, said to have been the collector in Ferry county for the sheriff's office, escaped. A warrant is out for his arrest. The arrests followed confessions said by officials to have been given on the United States district attorney's office by Joseph Frankal, age 33, and Henry Dapper, both of Spokane, who have sworn to affirm in front of the sheriff's office that they saw Ledgerwood and his companions being robbed then in Republic the middle of June of 20 cases of whiskey and \$500 in cash, after they had paid for protection.

Bank Clerk in Gang. Roy Powers of Hanville, Dick Cook of Republic and Guy Dungan, clerk in a Republic bank, were arrested in connection with the case. Some of the men arrested are said to have confessed.

According to the story told the district attorney's office by Frankal and Dapper, the Ferry county sheriff and his associates entered into an agreement with them to provide protection from Grand Forks, British Columbia, to Republic, where the whiskey being smuggled into Washington was to be put in front of the Ferry county sheriff's office. They made one trip across the line and returned for a second cargo. On their second trip they claim to have been beaten with clubs by Ledgerwood and his associates.

Federal Forces Make Raid. Lelroy C. Lylo, federal prohibition director for Washington; George L. Ide, chief of customs intelligence with headquarters at Seattle; and Deputy U. S. Marshal Harry Matthews participated in the raid. A dozen deputies from the several departments worked with them. Chas Ledgerwood was a former deputy of Sheriff Barker. He believed by the authorities to be the head of the organization which is alleged to have worked for months in the territory south of Republic.

# HUSBAND NUMBER FOUR DIVORCES MRS. BAYES

## Stage Star who Separated Herself from Three Men is Now Defendant

NEW YORK, Aug. 8. (AP)—Three times divorced, Nora Bayes, actress, today faced the break up of her fourth marriage to Clifford B. Barker. A court recommended that divorce be granted from her by Arthur A. Gordon, who was witnessed testified that if they caught the stage star misbehaving including her early one morning last week in what Miss Bayes took the defendant's role. Her other three court experiences were as plaintiff.

The real name of Miss Bayes was Dora Goldberg. Her first marriage was to a Chicago business man, C. A. Gussing. After having her ties with him severed in the courts, she married Jack Norworth, an actor. In 1914, while they were both playing in "The Sun Doggers," she obtained a divorce from him and five weeks later became engaged to another member of the company, Harry Clark. They were dance partners for about two years. In 1920, Miss Bayes went about a marriage license clerk for the fourth time. Her suit with Arthur A. Gordon, who she took a second child into her home after her marriage to Gordon. The report of the referee today recommended that Gordon be given the custody of this adopted son, John Katus.

# BUMPER CROPS ARE FORECAST BY GOVERNMENT

## Potatoes, Wheat, Hay, Corn and Apples Approach Record Yield for Country—All Cereals Show Heavy

WASHINGTON, Aug. 8. (AP)—Bumper crops in general this year, resulting from highly favorable growing conditions during July, was indicated by the government's August crop report, issued today. A three billion bushel corn crop, for the fourth time in the history of farming in the United States, was forecast. A record crop of hay estimated at 93,100,000 tons, it being harvested, surpassing the record made in 1910, by 1,300,000 tons.

Heavy Potato Crop. The second largest crop of white potatoes ever grown was reported in prospect, the total production being forecast at 440,000,000 bushels or 2,000 bushels less than the record crop of 1917.

Good potato production this year probably will make another record, according to the August forecast, which equals the record crop of 1920.

The fourth largest crop of tobacco ever grown is the forecast with a total production of 1,400,000,000 pounds. Another 200,000,000 bushel crop of apples, the eleventh in 33 years, is indicated with this year's production more than double that of last year.

Peach Crop Is Good. Peaches are a plentiful crop with a total production this year second only to the record year of 1915. July weather's influence on the growing crops was said to have been extremely beneficial, as indicated by the increases in forecast of production this month, as compared with those of a month ago. Spring wheat showed an increase in the production forecasts amounting to 15,000,000 bushels; corn 157,000,000 bushels; oats 64,000,000 bushels; barley 10,000 bushels; tobacco 10,000,000 pounds; apples 40,000,000 bushels and peaches 1,700,000,000 pounds. The great crop increase in the leading producing states.

# GUNMEN FIRE INTO THROG OF IDLE MEN

## Eight Victims Fall When Volley is Flashed in the Crowded Streets of New York—Gang Escapes

NEW YORK, Aug. 8. (AP)—The east side with its crowded population from gunplay in Chinatown last night, was stirred again today when an automobile carrying four men burst into a crowd of idling workers gathered in front of Beethoven hall on East 175th street, opened fire and dashed away, leaving eight men lying wounded on the street.

In Bootlegger's Pond. First reports indicated that the fray might be a part of a labor war, but upon investigation the police decided the shooting occurred in connection with bootleggers' feud and that the wounded men of whom ten had been dropped when they attempted to stop the car fleeing from an attempted murder on Second avenue, just around the corner.

Police Give Pursuit. Commanding several automobiles, the police gave mad pursuit up the east side, but lost the gunmen's car from the traffic at 34th street and Third avenue. Another car with five men was picked up, however, at Third avenue and Eighth street and the quadrants taken with another witness to headquarters for questioning. Reports received from Bellevue hospital indicated that three of the wounded might die.

Story Starts Here. The story starts at Second avenue and 10th street where Joseph Nasseri was standing in front of his home. Nasseri, according to the police, was out on bail in connection with the slaying of Silvio Tagliamara at Grand St. Mulberry street, about two months ago. Suddenly a big blue car, carrying four men, appeared and stopped. According to the police theory, this death was bent on avenging the death of Tagliamara.

Nasseri is a Dodger. Three of the new arrivals got out and began walking toward Nasseri's home. Nasseri, who was standing slowly to Second avenue and Fifth. As the trio approached Nasseri, they whipped out automatics and opened fire. It was not the gunman's bad shooting but Nasseri's quick dodging that saved his hat.

One shot, Nasseri's side-topped. A hole was ripped in the shoulder of his coat. Five more shots, Nasseri had dropped to his knees. Five more holes, eight, at this time in the crowd of his hat. Find Him Safe. Then a volley—just by this time Nasseri had run up stairs. Detectives found him later seated on his bed with his hat and coat beside him. He followed them quietly for further questioning.

But the police said that Nasseri unharmed, had taken his toll among the innocent bystanders who appear in almost every story of a shooting. Two men, identified later as strikers, dropped seriously injured. Three bullets, crashing through the window of a woman's shop, lodged in two dummies. Bent on escape, the three gunmen ran to join their comrades in the East. With grinding gears, the car turned into Fifth street.

Ahead of it was massed 400 strikers. Some, having heard the shooting attempted to halt the car. The gunmen deliberately reloaded. Another volley of shots.

A gray pony lashed to a light cart belonging to a lemonade peddler, fell to its side with a bullet in its head. To right and left men dropped—six in addition to the two killed around the corner. The crowd drew back for a moment. It was enough for the car to dash through and away.

# BOOZE RUNNING CREATES A NEW 'JOLLY ROGER'

Outlawed Trade is Victimized  
by Sea Pirates who Loot the  
Ships of Their Contraband  
Liquors and Cash

MIAMI, Florida, Aug. 8 (P)—When Bobby ties himself to the hayloft or crawls under the house and in wide-eyed wonder perches a paper-backed brochure of Morgan, Captain Kidd, and other gentry who roamed the seas under the Jolly Roger, he usually expresses regret that he did not live a century or two ago so he could have joined the adventures.

### Sea Rovers Active

The boy may not know it, but these rovers are on the job again and the occupants of liquor pirates off the southeastern coast of Florida in the Bahamas, if recorded in a book, might cause Bobby to regard Morgan, Kidd and Company with less awe. Morgan and Kidd were forced to depend upon sails for motive power, but the modern pirate has a gasoline motor and puts to sea in a boat that will move faster than any sailing vessel ever built.

### Overhauls Booze Ships

He overhauls a liquor runner, holds it up, steals all or as much of its cargo as his vessel will carry, waves his hand to the luckless owner and disappears to land his loot at some unfrequented cove on the Florida coast. Others have landed on small keys in the Bahamas where cargoes of liquor for rum runners have been assembled, and raided the warehouses.

### Victims Keep Quiet

Official reports of piracy have not been frequent. The liquor smugglers who have been held up at sea charge the occurrence to profit and loss, and make no complaint, because they are too busy to do so. The pirates naturally do not tell about their operations, but numerous stories of hold-ups and robberies leak out through underground sources and there is every indication that prohibition officers are not the only people liquor runners are constantly on the lookout for.

### Bank Robber Is Pirated

Heard Mobley, 28, held in jail at West Palm Beach as one of the four men charged with the robbery of the Bank of Stuart, at Stuart, Fla., several months ago, also has a piracy charge hanging over him. Just what part he played in the robbery is not known, but the federal authorities have not stated, but he has announced that if Mobley was granted his liberty on bail, or was acquitted of the robbery charge, he would be arrested immediately on a federal warrant charging piracy.

### Kill Boat Master

The most recent case of alleged piracy to be made public officially resulted in the shooting to death of George Edgewood, negro master of the British schooner William H. Albury, at Cat Key, in the Bahamas a short distance from the Florida coast, and the theft of about \$2,000 and \$3,000 from the vessel. The robbery occurred July 20. The Albury, according to British officials, has been engaged in the rum carrying trade between the Bahamas and Jamaica. Doby Carey, cashier aboard the Albury, was sent to Miami by the British commissioner at Bimini, to tell the story of the hold-up to the British vice-consul and state and federal officials here.

### Hold Up Ship

The Albury was at anchor at Cat Key, Carey said, when an auxiliary schooner said to be the Falcon appeared. Three men were aboard the Falcon and after abducting they boarded the Albury and informed Captain Edgewood they wished to purchase a cargo of liquor. They were entertained by Edgewood during the forenoon while the crew piled \$2,100 worth of liquor

## Makes Remarkable Confession of Murder

Arthur Castor

Henry Wilkens, a prominent San Francisco automobile man, has been arrested on charges of conspiring to kill his wife. The murder was committed while Wilkens and his wife were driving. Men in another car killed Mrs. Wilkens. Arthur Castor, in a remarkable confession, admitted he was one of the bandits, declaring Mrs. Wilkens was killed by his brother, Arthur, at the instigation of Wilkens. "I'd know it wasn't simply a stick-up job," he said, "I'd have killed my brother before we started. I hear that woman's means in my sleep. It gives a bump off a guy, but to bump off a woman—it's hell!"

Henry Wilkens

on deck to be transferred to the Falcon, according to the account. At noon the Albury's crew except Edgewood and Carey went below. Carey was working on his books in his stateroom when one of the visitors appeared, pointed a pistol at him and ordered him to hand over what cash he had. Carey gave him more than \$2,000. The other visitors in the meantime had gone below and covered the Albury's crew with pistols. Edgewood was passing the deck within view of the cabin when one of the men saw him. The master was ordered to enter, but seeing the pistol turned his back. A shot was fired and the captain fell dead.

### Crew Locked in Cabin

The crew of the Albury then was locked in the cabin and the visitors departed. The prisoners, Carey said, regained their liberty within a few moments. The Falcon, which had been absent from Miami several days, having been loaned by its owner, to a man said to have recently been released from the Florida penitentiary, was found at her mooring in the harbor here the next morning, having entered port sometime during the night.

Animal Mimicry. Observers of nature are frequently struck with the singular resemblances of insects to leaves, dried sticks and so forth; and these likenesses are supposed to have grown out of the necessity of protection against concealment—from enemies.—An interesting example of this kind of resemblance was recently cited by a government naturalist, who exhibited a spider found inhabiting some rocks near Cannes, on which, were also fastened the cases of a species of moth. When at rest the spider exhibited almost precisely the same form and color as the moth cases surrounding it.—Exchange.

# SUGAR TARIFF INCREASED BY SENATE'S VOTE

## Upper House Rejects Plan for Potash Bounty, and Places White Arsenic on the Free List

WASHINGTON, Aug. 8, (AP)—The senate today approved an increase of three tenths of a cent a pound in the tariff on sugar; rejected a plan for a government bounty of \$0,500,000 for domestic potash producers, and rescinded the former action in voting an import of two cents a pound, on white arsenic. Potash and white arsenic are placed on the free list.

### Rate Is a Compromise

The sugar rate of 2.3 cents a pound was a compromise between the 2.5 cent duty urged by Louisiana cane and western beet sugar producers, and the two cents proposed by the house and approved by the finance committee majority. It is three-tenths of a cent above the tariff in the existing emergency act and 1.05 cents above that in the Underwood act.

The compromise was offered by Senator Smoot of Utah, ranking republican on the finance committee, and was accepted by the same vote as that by which senate rejected the 2.5 cent duty, 87 to 85. The vote on the Smoot amendment was as follows:

### The Roll Call

For the amendment:  
Republicans: Bell, Brandegee, Bursam, Cameron, Capper, Curtis, Dillingham, Ernst, Gooding, Harrold, Jones of Washington, Ladd, McKinley, McLean, McNary, Moses, Nelson, Now, Nicholson, Norbak, Odell, Phipps, Pearson, Shortridge, Smoot, Spencer, Stanford, Sterling, Townsend, Wadsworth, Warren, Waters of Indiana, and Willis, 33.  
Democrats: Bronsard, Jones of New Mexico, Kendrick and Nansel—4.  
Total 37.

### Against the Amendment

Republicans: Borah, Calder, Colt, Cummins, Edge, Frolgny, Gurnea, Hale, Jones, Leasor, Lodge, McCormack, McCumber, Pepper and Sutherland—14.  
Democrats: Ashurst, Caraway, Culberson, Dill, Fletcher, Gurnea, Harris, Hoelien, Myers, Overman, Pomoren, Reed, Shepard, Simmons, Stanley, Swanson, Tamm, Underwood, Walsh of Massachusetts and Walsh of Montana—21.  
Total 35.  
Senators Wadsworth, New York and Willis, Ohio, who supported the 2.3 cent rate voted against the 2.5 cents tariff.

### Party Lines Shattered

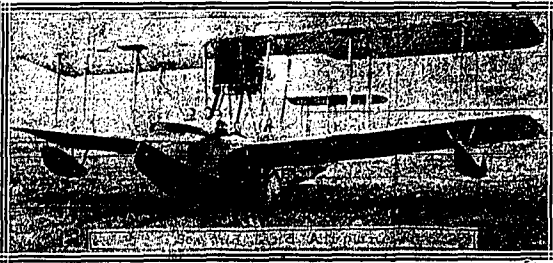

The vote against the bounty on potash was 22 to 20, with 12 republicans opposing and three democrats supporting. The republicans were: Borah, Capper, Cummins, Edge, Jones of Washington, Leasor, McCormack, Odell, Sterling, Townsend, Wadsworth, and Willis. The democrats were: Jones of New Mexico; Kendrick and Nansel. Before considering the bounty, the senate voted sixty-six to one to strike out the provision by which a tariff duty would have been imposed on potash for years at the same rate that it was proposed to pay the bounty, 2.12 cents a pound for the first two years, two

## What Happens When Two Big Boats Crash

Here is what happens when two big boats collide. The excursion steamer Grand Republic, with 1,200 persons on board, rammed the Erie R. R. ferryboat Chataouqua in the Hudson river in New York. Three women jumped overboard and were saved by heroic rescuers. Many faint. Fifty were injured. The Grand Republic had a gaping hole torn in her bow and the Chataouqua got a gaping hole in her side.

## Airplane Lands on Water or on Land

The Amphibus is the latest type of airplane developed by the U. S. navy and lands on sea or land. Recently one had trouble with its valves. It landed on the water, struck the bank to land, took the road and taxied to a blacksmith shop, where the damage was repaired, and the airship started away from the land.

## POINCARE PLAN SPLITS ENTENTE

### Lloyd George Fears That Differences of Opinion Are Too Great to be Bridged

PARIS, Aug. 8, (AP)—Prime Minister Lloyd George tonight expressed the opinion that a rupture in the entente was probable, if not inevitable, according to some of the French newspaper correspondents attending the allied conference in London, one of whom is "Forbin," political editor of the Echo de Paris.

The British premier added that this was regrettable, both from the English and French viewpoints, but that Premier Poincare's attitude left no option.

The correspondents say that Sir Edward M. Glegg, Mr. Lloyd George's private secretary, summed the British newspaper men to the prime minister's official residence in Downing street and made a statement to this effect:

### British and Italians Object

LONDON, Aug. 8, (AP)—The proposal made by Premier Poincare of France, for control of Germany's finances, in return for a moratorium for Germany, seems not to have found favor with the British and Italian financial experts, mainly because they foresee that this would involve the allies in increasing the political entanglements which would not be justified by what might be gained financially.

### Seek Workable Plan

Among the new points examined today were the possibility of establishing customs barriers on the eastern boundary of the various occupied territories, whether it would be practicable to tax everything entering or leaving the Ruhr region; the question of seizure of state-owned mines, forests and domains on the left bank of the Rhine, and also whether the 25 per cent of customs duties provided for in the agreement of May 1921, which now goes to the allies' treasuries, could, instead, be paid to the reparations commission; thus forming part of the reparations fund.

In today's discussions, the Belgians strongly supported the French viewpoint, in opposition to the British, while the Italian financial experts took a position, which appears to be that it may be possible to resort to measures of such stringency as to defeat the object in view, while running the risk of ultimately disorganizing Germany's economic life.

### BISHOP PADDOCK WRITES FRIEND HE WILL RESIGN

HOOD RIVER, Ore., Aug. 8, (AP)—In a private letter to a friend here, the Right Rev. B. L. Paddock, bishop of the Eastern Oregon diocese of the Episcopal church who is facing charges of disloyalty, has announced that he will tender his resignation at the convention of the church, to be held in Portland in September.

### INFORMERS MUST DIE WITH THOSE WHOM THEY BETRAYED

MOSCOW, Aug. 9, (AP)—Fourteen of the thirty-four social revolutionists, accused of high treason against the soviet government, have been sentenced to death by the revolutionary tribunal. Among the condemned are several of those who turned informers.

### DEMAND ARBITRATION BOARD

KANSAS CITY, Mo., Aug. 8, (AP)—Determination not to participate in any wage conference for the resumption of coal mining, unless the agreement for the conference carries with it an agreement in advance for the appointment of an arbitration commission by the president, was expressed in resolutions adopted today by the operators of the Southwest Interstate Coal Operators' association and announced by Harry N. Taylor, president of the association.

### REGULARS ENTER NEWCASTLE

DUBLIN, Aug. 8, (AP)—Nationalist forces entered Newcastle West, Monday, after a 12-hour battle, in which 17 irregulars were killed. The casualties of the nationalists were less than those of the irregulars.

E. F. Grabel, head of the maintenance of way employes' organizations, E. H. Fitzgerald of the railroad and steamship clerks, and D. H. Hill of the seamen, were the first chief officials of other railroad unions to arrive in Washington. During the day they conferred with Mr. Jewell and his associates of the shopkeepers' division.

### TAKE CHARGE OF CITY

AUSTIN, Texas, Aug. 8, (AP)—The entire town of Gainesville was placed under the provisions of the open port law by Governor Neff late today. A detachment of state rangers under Ranger Captain W. L. Wright has been ordered there to enforce the law.

The open port law was invoked following information given the governor in a conference Sunday with rangers who have been in Gainesville recently. In making the announcement, the governor called attention to the provisions of the law forbidding offenders to be tried in counties adjoining those in which the law is in effect.

GAINESVILLE, Texas, Aug. 8, (AP)—The governor's action was taken as the result of several disturbances which have occurred in the vicinity of the shops of the Unit, Colorado and Santa Fe railroad since the shopen went on strike. Officials of the railroad have charged the city officials with lack of co-operation with United States deputy marshals and Texas rangers in enforcement of order in the territory surrounding the shops.

Governor Neff was appealed to several days ago for further protection and today's proclamation is strict enforcement of the open port law is the result.

### TREASURY TO QUIT JOBS

JOLIET, Ill., Aug. 8, (AP)—Members of the "big four" brotherhoods, including engineers, conductors, firemen and trainmen, today threatened to quit work for the Union, Joliet and Eastern railroad unless state troops, brought here following rioting yesterday, are removed.

Following an exchange of shots early today between soldiers and strike sympathizers, the situation remained quiet here today.

### MAY USE PHONER

CINCINNATI, Aug. 8, (AP)—Big Four officials today announced that in the event of strike by the 1100 telegraphers employed on that system, the telephone would be used to dispatch trains "as train orders are handled exclusively" by telephone on the Big Four.

### SAYS EQUIPMENT IS GOOD

CHICAGO, Aug. 8, (AP)—Halo Holden, president of the Chicago, Burlington & Quincy railroad, today declared that his reports showed service to be practically normal and that rumors concerning defective equipment should not alarm the public.

### Major Oscar Westover Covers Greatest Distance, According to Estimates

GENEVA, Aug. 8, (AP)—Major Oscar Westover, the American pilot, covered the greatest distance in the James Gordon Bennett cup balloon race, according to unofficial estimates made here tonight. Major Westover landed at Coarbecourt, 90 miles from Budapest, having traveled 90 kilometers.

According to the latest figures other contestants are placed in the following order: Maurice Blandin, France, 610 kilometers.

Major Paul Ambruster, Switzerland, 800 kilometers.

Lieutenant Labrousse, Belgium, 800 kilometers.

Major G. Valle, Italy, 700 kilometers.

Captain H. D. Honeywell, United States, 780 kilometers.

Lieutenant Labrousse, Belgium, 800 kilometers.

The American pilot, Lieutenant Walter Hood, was placed tenth with 476 kilometers.

### REFUSE TO STOP SHIPPING

FRANKFURT-ON-MAIN, Aug. 8, (AP)—Ten thousand pounds sterling to aid American miners in the present coal strike, to be subscribed by the various national unions, was recommended today in a resolution adopted by the congress of the international miners' organizations meeting here.

The congress decided against restraint of the coal shipments to America, which was proposed to aid the miners in their fight.

### DUBLIN HONORS DEAD WHO FOUGHT FOR FREE STATE

DUBLIN, Aug. 8, (AP)—The streets of Dublin were lined with great crowds of people today for the military funeral of nine national army soldiers who had been killed in fighting the republican irregulars in County Kerry. Michael Collins, head of the provisional government, and all the leading officers of the army in Dublin marched beside the hearse. Each coffin was covered with the republican tricolors.

# COMMITTEES TO FORM LINES FOR NEXT CAMPAIGN

### Party Representatives in Each Precinct, Chosen at Primary Elections, to Meet Here and Form Organizations

Organizations of county committees, with the election of chairmen and secretaries and executive committees, and appointment of precinct committees for precincts which failed to fill the positions at the primary elections last week, is the business before meetings of the county committees of all three parties to be held here at noon Saturday.

Each county committee is made up of 28 precinct committees, one from each of the precincts into which the county is divided, together with its chairman and secretary who are not necessarily precinct committee members.

### Five Vacant Places

The newly elected Republican county committee will have five vacancies resulting at Amsterdam, Berger and Shoshone Basin through failure to hold primary elections, and at Success and Allendale through neglect to send committee members. In addition the votes were recorded for candidates for committee at Hogerton, Mara and Book Creek, and at Rogerson, W. M. Hines, who was nominated for state representative, was elected committee with two votes, J. B. Langford receiving one.

Buhl precincts will be represented by new committees. In Buhl No. 1, C. E. Rudy defeated William R. Green, Jr., the incumbent, 45 to 40, and in Buhl No. 2, E. R. Brooks was chosen to succeed C. O. Eastman, who has served as committeeman from this precinct for several years.

## Six Men Must Die For One Murder

This photograph might be of six successful business men in any well-regarded city. But in reality it is of six men who are doomed to die for murder. The men were plotting to rob a bank at Anita, La., and were overheard by Dallas Calmes, a New Orleans restaurant keeper, who gave the alarm. One shot was fired and Calmes fell dead. The men were arrested and convicted.

## NEW FIRES ADD TO HORRORS IN TIMBER FIELDS

### High Winds Cause Apprehension in Hours When Control of Flames Seems Assured—Park Blaze Unchecked

MISSOULA, Mont., Aug. 8.—Two new forest fires broke out today in district No. 1 of the forest service, according to reports received at headquarters here. One of these is on McCormick creek, near Mine Mills, about 30 miles west of Missoula, in the Bitter Root mountains. Two others are in the Flathead forest, one near Whitetail creek and the other on Piper creek, in the lower Swan valley.

The fire on McCormick creek has burned over 25 acres of good timber. The Whitetail creek fire is burning on 28 acres and the Piper creek fire has burned 25 acres.

Winds Cause Apprehension. Conditions generally throughout the district were favorable but high winds, high temperatures and a heavy smoke screen, especially over Idaho forests, have caused alarm to forestry officials.

The fire in the Blackfoot forest and in Glacier park is still going. Fifty more men have been put on the blaze in the park, in an effort to bring it under control.

No report was received today from the Twin-creek fire, burning on the Clearwater forest, where scores of men are battling flames and others are holding trail so supplies can be taken into the seat of action. Still other men and pack trains are working toward this fire, distances of 45 to 60 miles.

Flames Flash into Timber. Fanned by high winds the Star creek fire inched into the timber and burned over a considerable area as flames were inched by the gale. Sixty men are putting up a determined battle against it. This is located in inaccessible country where it is difficult to bring in men and supplies.

Seven hundred extra fire fighters are now adding the regular guard and patrol forces on six forests where the situation is most serious, the Blackfoot, Kaniku, Koolenai, St. Joe, Pend O'Reille and Clearwater.

With a crew of 34 men, the Canyon creek blaze has been brought under control. This fire, started by careless campers, destroyed one of the finest stands of timber covering one of the most scenic views in the Northwest, turning the beautiful picture into a smoldering mass of ashes.

Trail Building Troublesome. Much trouble was experienced in building three miles of trail into the Kallispell No. 2 fire on the Kaniku, which has covered 300 acres. The men were forced to cut their way through a 20-year-old reproduction stand of timber with much dead fallen wood.

Both the Priest river blaze and the Humboldt camp 11 fire are on a patrol basis, the latter fire having been controlled after the forest service fighters took it over from mine owners, who have up hopes.

## Parents Both Drown in Efforts to Save Their Infant Child

### Babe Falls into Stream, Mother Plunges After It, Father After Both; All Lost

VISALIA, Cal., Aug. 8. (AP)—Mr. and Mrs. Roy E. Highland and their infant child, of Los Angeles, were drowned at Three Rivers, 30 miles east of here today. The bodies of Mr. and Mrs. Highland were recovered.

The drownings were revealed when passing motorists observed a red and three years old child alone in an automobile. They asked him where his mother was. "In the water," he replied. "Daddy in water, baby in water." The lad is thought to be the sole survivor of the family.

Further questioning disclosed that the baby had first fallen into the Kawanah river. The frightened mother leaped in to save the child. Unable to swim, she cried for help, and the father, who was working on the automobile, jumped in in an effort to save his wife and child. All three drowned.

## Full-Blooded Indian is Best Tuba Player

Years ago little Red Cloud, a full-blooded Indian, joined the military band at Fort Peck, near Poplar, Mont. The instrument he loved best was the tuba, and when he went to the Government Indian School at Carlisle, Pa., he learned to play it. Then he joined the Canadian Northwest Mounted Police, and his gun bears eight notches to show the music he played in those days. Finally opportunity came and he was engaged to play with Kyril. Then he was with Pat Conway and finally with John Phillip Sousa. Now, at John Kohn he is with the world-famous jazz band of Isham Jones and in the past four years has come to be regarded as the best tuba player in America.

Fathers? Nix! In the holiday seasons, when the top shop windows are glittering with all sorts of splendors, nothing is more pathetic than a group of middle-aged and white-headed folk who elbow the children aside to obtain a glimpse of the railings, the foils, the boats, and all the other deluge of the world in miniature. The sentimentalist remarks: "Our things are wishing they had enough money to buy that doll for little Annie or that pony cart for little Alice." Dosh! Lulu was dusting the parlor. The parlor was rarely used, but every morning it was dusted by Lulu.

She dusted the black walnut center table which was Ina's choosing, and looked like Ina, being conspicuously abundantly cured. The leather rocker, too, looked like Ina, brown, plumply upholstered, lipping back like Ina.

Lulu dusted the upright piano, and that was like Dwight—in a perpetual attitude of rearing back, with paws up, playful, but capable, too, of roaring a ready hand.

Trus, we can be young but once, and the pleasures of youth must be crowded into that space of time.

But how long are we young? Some men are old at 40, while others are still young at 80.

We can crawl a lot of work and pleasure into youth if we keep our hearts and our minds and our bodies clean...

# FIRE DETECTED IN WOODLANDS SOUTH OF HERE

## Rock Creek Resident Locates Blaze at Edge of National Forest; Little Damage Seems Likely to Result

Fire in woodlands, apparently at Indian Springs at the edge of the Mt. Hood National Forest, about 16 miles south of Rock Creek, was Tuesday reported by a resident of Rock Creek to the sheriff's office here and by the authorities here to the forest ranger residing about 15 miles from the supposed scene of the blaze.

### Smoke Seen Here.

Evidence of the blaze also was observed by residents of Twin Falls and vicinity.

Apparently heavy rains passed over the region Tuesday afternoon. Persons here who are familiar with the region said that damage that could result from fire at that point would be small for the reason that there are mostly quaking sages and junipers, growing in comparatively widely separated clusters.

### Officers Assistance.

The sheriff's office volunteered assistance to the ranger if additional help were found necessary to stop the blaze.

# PYTHIANS PREPARING FOR ANNUAL CHICKEN DINNER

## Buhl Lodge Men and Women to be Invited to Join in the Festive Event

Members of the Knights Pythias and Pythian Sisters lodges at Buhl will be invited this year to join with members of the order here in an annual sage chicken dinner to be served, according to custom, on Sunday, August 20, the first Sunday following the opening of the sage chicken hunting season on August 15.

The initiative in this year's affair, it is to be taken by committee composed of members of the Twin Falls lodge, the following members of which were Tuesday announced by R. H. Stevenson, chancellor commander: P. L. Krefz, John Irons, W. A. Minnick, Vance L. Taylor, G. H. Eldred, J. Paul Johnson, E. F. Murray, G. C. Higgins, J. C. Peterson, H. M. Holler and L. A. Hardy.

# SHORT LINE SUES FOR RETURN OF TAX MONEY

## Calls for \$133.32 It Paid for Removal of Albion State Normal School

Suit against Twin Falls county and Mrs. E. L. Warren, as county treasurer and tax collector, was Tuesday filed in district court here by the Oregon Short Line Railway company to recover \$133.32, which it claims was illegally collected as that portion of first tax levied in 1921 for the purpose of removal of the Albion state normal school to Corvallis.

The Short Line cites that legislation providing for this assessment has been declared unconstitutional and void by the supreme court.

The assessment made by the legislature for this purpose was one-eighth of a mill. The Short Line figures this annual assessment on its property in Twin Falls county amounted to \$266.67, and is asking for return of the first installment it paid last December under protest.

The complaint was filed on a printed form, indicating that similar actions have been instituted by the Short Line in all Idaho counties where it has property.

# Population Gain in Twin Falls Shown by Waterworks Records

There are more water consumers in Twin Falls now than there were two months ago, according to records of the municipal waterworks department compiled by Superintendent J. T. Krivanek, showing that the month of July this year connected 49 residences with the system and disconnected 34, so that connections exceeded disconnections by six.

This showing is considered especially favorable in view of the normal tendency of Twin Falls population to decrease during the summer months, and increase again in the fall when families come into town with their children entering school.

# DEATH SUMMONS DRCHARDIST ON BUSINESS TRIP

## Body of E. L. Tyler, Manager of Crystal Springs Ranch North of Filer, is Found on Bed in Room at Rupert

RUPERT, (Special to The News)—Stretched across the bed in an attitude of repose, the body of E. L. Tyler, manager of the Crystal Springs ranch north of Filer, and secretary of the Twin Falls County Horticultural association, was found in his room at a lodging Tuesday afternoon about five hours, physicians said, after he had expired.

There was an evidence of violence on the body and death was attributed to a heart affection from which Mr. Tyler is known to have suffered. In his last session there was found \$180 in cash and a similar amount in checks. Mr. Tyler had been here for several days, looking after and collecting fruit from the Crystal Springs ranch.

The body was removed to the W. A. Goodman undertaking establishment here and relatives at Filer were communicated with.

Mr. Tyler was about 35 years of age.

# REPRESENTATIVE SMITH IS CALLED TO CAPITAL

## Idaho Congressman is Forced to Cancel Engagements at Several Points

Representative Addison T. Smith, who has been in Idaho since the recess, took on by the house last month, Tuesday was notified by wire of President Harding's call upon members of the house to assemble in Washington next Tuesday, August 15.

Mr. Smith was compelled to cancel engagements at Blackfoot, Idaho Falls, St. Anthony, Ashton and in Blaine county, and will leave here Friday morning returning to Washington.

He said Tuesday that he expected to return to his home here, following anticipated adjournment of congress.

Mrs. Smith, who accompanied Mr. Smith from Washington last month, will remain here at the home of her son, Walter S. Smith.

# CLAIM TO MOTOR TRUCK BASIS FOR LITIGATION

## Rogerson Man Goes to Court to Establish Claim to Machine Held Under Judgment Lien

Opposing claims to a motor truck were aired in the trial of the suit of Richard A. Gray of Rogerson, against J. E. Roberts, Twin Falls, before Judge O. P. Duvall in probate court here on Tuesday.

The truck in question was originally the property of Herbert Brown of Rogerson, who at one time operated a stage line between Rogerson and Contact, Nevada. Gray was employed by Brown.

Brown lost the contract for carrying the mail and abandoned the stage line. A Rogerson merchant took the truck in payment for a bill. Gray arranged with the merchant to pay the bill and received the truck.

Roberts' claim to the truck, the evidence showed, was based on an attachment under judgment against Brown.

# Wind and Rainfall the Principal Feature of Weather Tuesday

Wind of greater or lesser intensity varying in different communities and accompanied or followed in some sections by considerable rainfall, distinguished weather conditions in the Twin Falls county Tuesday.

Chardists in some communities reported that wind had shaken down some apples, and it was feared that alike crops that had been cut but not shocked may have been damaged.

There was a trace of precipitation recorded here, while in the districts east from Hansen and about Murtaugh considerable rainfall is reported.

Temperature Tuesday was high at 81 above and low at 68 below, according to records of the government weather observer here.

# MANY FARMERS GROWING CROPS FOR CERTIFICATE

## Acres Devoted to Production of High Grade Seed Runs into Big Figures

More than 400 acres of potatoes, 450 acres of wheat and 1601 acres of Grinn alfalfa are being grown in Twin Falls county this year by growers who are producing seed crops for certification, according to records made public Tuesday by R. E. Brossard, county agricultural agent, at the farm bureau office.

Field inspectors of all three crops are in progress, and certification will be given at the close of the season in cases where all of the requirements are fulfilled.

Fifty-one persons are growing seed potato crops for certification; 41 are growing wheat, and 32 Grinn alfalfa. Consistent with all of these crops are disclosed by the field inspectors, are said to be excellent.

ment, and Miss Juanita Scioffile, returned Tuesday from Corvallis, Oregon, where they spent six weeks attending summer school at the national home economics convention at which Miss Fisher was called upon to tell of her boys' cooking class here. Miss Fisher will become head of the home economics department of a Toledo, Ohio, high school this fall.

Meatmen in Tolls—Two Meatsmen occupied bunk in the city jail Tuesday night. One, booked at Polk Balderson, was held on a charge of vagrancy. The other, listed as Jose Baldwin, was held to answer to a charge of being drunk and disorderly. Both were picked up by the police early in the evening.

# ALSIKE SEED SELLING ON BUYERS' MARKET

## Cash Prices Range from 12 to 15 Cents a Pound with Speculation Figuring Value at 15 Cents

Alsike seed crops now being threshed in the Twin Falls county, are being sold on a "buyers' market" here at 12 to 15 cents a pound, while a co-operative marketing agency, under its contract to advance 50 per cent of the value of the crop, is advancing 9 cents a pound, estimating to value No. 1 seed at 15 cents a pound. This was the average price obtained for alsike growers through the co-operative agency last year.

Practically no export demand exists for the domestic crop, it is said. This situation is explained with the statement that Canadian growers are throwing their crop on the market at a figure with which growers of the United States cannot compete.

Your attention is especially invited to the fact that there are several nice, cool, comfortable apartments vacant at the Justinger Inn.—adv.
