CONSTRAINED TRAFFIC OFFERS MOVED COMPLICATIONS

Union Pacific Lifts Embargo from Southern California Points, But Western Pacific Is Hampered by Walkouts

SAN FRANCISCO, Aug. 12. (AP)—Resumption of transcontinental train service on one railroad, the Western Pacific, and suspension of eastbound trains on another, the Southern Pacific, were the outstanding features today in the first week in the nation's railroad strike.

Union Pacific trains which were tied up in Nevada, on the Nevada-Calgary route, began moving shortly after noon when 60 trainmen, who had claimed, were back to their posts. Two of the trains were to Los Angeles and it was reported Governor Emmett D. Boyle, of Nevada, had left for that point to take charge of the situation.

Western Pacific service was suspended on the two daily Western Pacific trains were annulled on account of strike conditions at Oakland and Stockton, two California points where brotherhood men had refused to operate the trains. The strike was reported to have been called by the Brotherhood of Railroad Trainmen.

On the Santa Fe system, trains were reported to be running on the other desert points. Latta reported that the number of stalled trains at Los Angeles was increasing.

California fruit at present, "on the rails" en route to eastern markets, consists of approximately 5,000 cars, valued at \$100,000. Growers are hoping that the shipments will reach their destinations before being halted by embargoes. Approximately 40,000 crates remain in California to be packed and shipped east, if railroad conditions permit.

Peace moves through the brotherhood in Southern California were reported to be active. The Southern Pacific general chairman in Los Angeles, the Brotherhood of Firemen and Engineermen, said that he could not recall a man who would refuse his obligation to return to work. "Crayne said it was an individual matter which the men left to be determined under the conditions of employment."

New Employees Organized. LOS ANGELES, Aug. 12. (AP)—Eighty per cent of the men employed by the Southern Pacific company lines west of El Paso, Texas, and Ogden, Utah, have become members of the Brotherhood of Railroad Trainmen, protective league, and accepted rates of pay, rules and working conditions as fixed by the United Brotherhood. The union recommended the formation of organizations of employees to represent the employees before the board.

Ogden Gateway Open For Freight Traffic; Trains Being Moved

300 Cars of Perishable Fruit Are Received and Forwarded

OGDEN, UTAH, Aug. 12. (AP)—With the walkout of Southern Pacific firemen and switch engine men, freight traffic through Ogden both east and west early this afternoon.

Chief concern was felt for 300 cars of fruit which had been tied up in the yards since 9 o'clock Friday morning. As soon as switching was resumed, the cars were reloaded and made up into trains to be sent east over the Union Pacific some time tonight.

Chief concern was expressed in the belief that the cars were under sufficient ice upon arrival here to prevent great loss through the delay in getting in Ogden owing to the walkout.

SENIORITY MAY GO TO RABBITS

Railway and Brotherhood Heads Meet at President's Insistence and Seek Solution of Strike Troubles

WASHINGTON, Aug. 12. (AP)—The proposal that the seniority issue—conceded to be the sole obstacle to the settlement of the railroad shopwork strike—be submitted to arbitration by an impartial tribunal, was discussed tonight by a conference of railroad brotherhood and railroad executives as a basis for ending the transportation strike.

Although no definite agreement was said to have been reached at the conference, both sides were said to have exhibited a "friendly" attitude toward the suggestion.

Will Meet President. The railroad executives already have an appointment to meet with President Harding at 10 o'clock tomorrow morning to discuss the strike. It is expected that the president would be told of the new situation resulting from the late hour negotiations, in other that he might proceed from that point with his policy of mediation.

Lack of information as to the attitude would be taken by the president in the event that the proposal was said to have presented the other union leaders from taking a definite stand. It was expected that the president would be told of the new situation resulting from the late hour negotiations, in other that he might proceed from that point with his policy of mediation.

FIRES CONSUME 84,000 ACRES OF FOREST TIMBER

Flames Still Spreading in Areas of Danger, with Conflagrations Reported During 24-Hour Period

MISSOULA, Mont., Aug. 12. (AP)—A total of 84,000 acres of forest has been burned this season by 688 forest fires in district No. 1 of the forest service, which includes Montana, most of Idaho and eastern Washington, according to the 10-day fire report made public by forest service officials here today.

The situation at the present time is extremely critical. In the past 24 hours fires have burned during the hour of 893 hours and many of this number are still burning.

Reason is Descriptive One. This is the greatest number of fires in any 10 days since 1920. This season has been burned and 15,000 acres of privately owned timber has been destroyed.

Incendiarism Spreads Fires. Incendiarism is responsible for the greatest number of fires of the past 10 days, next to fires started by lightning. There were 67 fires of incendiary origin, 163 started by lightning and the other causes are given as follows:

Two fires burning on Clear Creek in the Selway forest, south of the Bitter Root valley, which cover large tracts, which tonight covered over 10,000 acres and was still spreading rapidly through dense woodland and riparian forest. Three new fires started on that forest have been stopped and are being held by the fire fighters.

Five new lightning fires started yesterday on the Blackfoot forest, making a total of 35 in three days. On the Cabinet, the St. Joe and the Coeur d'Alene forests came the cheering word of showers stopping the spread of a large fire on the Coeur d'Alene national forest, so are the two big creek blazes.

STOCK SELLING-NETS \$750,000 FROM PUBLIC

Elven Indictments Are Returned in Connection with Sale of Stock by Mail

CHICAGO, Aug. 12. (AP)—Indictments charging 19 persons with violation of the postal laws in connection with alleged stock selling, involving a total of \$750,000 were made public today in the United States district court clerk's office.

Three companies, all of them alleged mail law violators, were named. They are the Dragon Motor company and the Jackson Erie Brick company and the Caterpillar Manufacturing company. The Dragon Motors was said to have obtained more than \$250,000 by falsely representing that the company was manufacturing automobiles. A day had booked orders for \$600,000 worth of cars. All of the Dragon stock, it was alleged, was sold through the Nudlick Finance corporation with offices throughout the country.

Arthur Griffith, President of Dail Eireann, Dies Suddenly

DUBLIN, Aug. 12. (AP)—Dublin was shocked tonight to learn of the sudden death of Arthur Griffith, president of the Dail Eireann. Everywhere it was commented on as one of the most tragic and wholly unexpected events in Irish history.

ARTHUR GRIFFITH ARTHUR GRIFFITH, President of the Dail Eireann, died suddenly yesterday in Dublin.

Death came at a nursing home, apparently from heart attack following an operation a few days ago for tooth-ache. Few people in Dublin even knew that he was not a worker for the free state cause but had been in Ireland since his return from the United States.

The first question on the sides was what effect the death of the leader would have on the solution of the problem before the national government. Mr. Colclough, Michael Collins, recently has devoted his attention almost entirely to the military operations against the British, while the country looked to Mr. Griffith to handle the civil affairs until the rebellion was suppressed.

The president of the Dail Eireann, Mr. Griffith, held ministerial portfolio. William Cosgrave, minister of the Irish executive during Mr. Griffith's illness.

The president's associates were stunned by the news of his death. No one of them was prepared to discuss the matter, but they all agreed that Ireland had suffered a great loss.

Mr. Griffith appeared quite well this morning, as he was to leave for London before 10 o'clock, he had good news to the nursing staff. He stopped going to the office when he fell forward unconscious.

Members of the staff started to assist him. He regained consciousness, but soon after collapsed again, when blood was seen coming from his mouth.

PASSENGERS BEG FOR CROSS AID IN DESERT

Babes Need Milk, Aged Near Breakdown and All Those Marooned Are Suffering from Intense Heat

LOS ANGELES, Aug. 12. (AP)—A plea that the Red Cross should be made to send a Red Cross relief train to Santa Fe, Ariz., to rescue women and children marooned there as a result of the refusal of the Santa Fe train to leave to move Santa Fe train was received tonight by the Los Angeles Chamber of Commerce.

Several women passengers are ill, according to Delinger's train, and many babies and small children are suffering from the excessive heat and from lack of milk.

Only limited medical attention is obtainable. It is pointed out that the physical condition of the men and women among the marooned are beginning to exhibit signs of approaching breakdown.

All passengers as a unit, concluded the message, "urge that a relief Red Cross train be operated to take suffering children and elderly and feeble women to Los Angeles and that automobiles be furnished promptly by the company to transport the remainder of the passengers."

AUTOMOBILES TO START. SAN BERNARDINO, Aug. 12. (AP)—A caravan of automobiles from San Bernardino and diversity will leave here tomorrow to bring in passengers marooned at Needles in Southern California. Big Four brotherhood, however, says it reached before that time between the unions and Santa Fe officials to make arrangements for the train.

The San Bernardino and Riverside chambers of commerce arranged for the 25th mile run between the mountains and Needles. L. L. Hubbard, Santa Fe general manager, said that the Santa Fe train will leave here tomorrow to bring in passengers marooned at Needles in Southern California.

Other westbound trains of the Santa Fe en route when the desert walkout occurred. The Santa Fe train is reported to have been held in for two days in an intense heat and the general manager said the crews would be urged to bring the passengers to Los Angeles as "a matter of humanity."

Operators and Union Heads in American Pilot Meets Unique Accord Except as to Submission of Future Disputes

CLEVELAND, Aug. 12. (AP)—Whether an agreement providing for a partial settlement of the conference here of operators and miners held tonight at the Ohio Statehouse was an arbitration of future disputes, according to Mr. Lewis of the miners, who had been designated as an arbitrator for the operators.

Opposed to Arbitration. Mr. Lewis had declared his unalterable opposition to compulsory arbitration, which was favored by the operators. All other questions of an agreement were understood to have been decided at the conference.

Paris, Aug. 12. (AP)—Major Oscar Westover, the American pilot, made his landing August 7 at Oroskot, Hungary, when, possibly, about the drop and insisted on waiting for the country constable to pass upon the account sent by the American pilot.

He had descended from an altitude of 10,000 feet because of descending wind. Major Westover's landing was made last Monday morning. He said that when the wind died down at the altitude of 10,000 feet, the balloon was carried off its course and he immediately decided to seek a lower level, where he observed that the wind was good and eastward as was desired.

Peasants Grab Rope. He lowered the drogue so as to obtain an advantage in wind without the loss of ballast. After the rope had dragged for about 500 yards, it was seized by a group of peasants who held it. Major Westover, in his account, said he made appeal to the peasants to let him pass.

They replied in German. After explanations had been given, they allowed the balloon to proceed. Much had been said while the balloon had been held by the peasants against the wind. Major Westover was forced to discharge his ballast in order to ascend.

After a few minutes light, the balloon obtained a good breeze but the tail rope had left the ground, the balloon had stopped again by another group of peasants. Again rope was lost and despite appeals, the balloon was held another series of explanations were repeated and, finally, another start was made.

Call the Constable. The rope, on this occasion, left the ground but after traveling about a half mile, Major Westover was forced to let it down again. This time, more peasants held the balloon and occupants until the arrival of the local constable, who had been summoned by Major Westover and decided to zip the balloon and end the flight there.

Following the forced landing and the arrival of the various country officials, Major Westover received courtesies and apologies for the complications. Everything was finally cleared up and, with the assistance of the constable, the balloon was housed and all customs clearances and other formalities arranged for.

BRITISH WOULD CUT PAYMENTS DUE TO ALLIES

French Reject Lloyd-George's Proposal as Impossible of Consideration, Leaving Unbridged Breach of Nations

LONDON, Aug. 12. (AP)—The French delegation to the conference on German affairs was amazed to learn today that the British government proposes to insist upon a reduction of the German reparations payments to about one-third the amount fixed by the London schedule of payments of May, 1921—that is, cancel altogether the annual cash payments of \$200,000,000 gold marks, and to leave only the 25 per cent assessment on German exports.

Lloyd George's Note
The text of Premier Lloyd George's proposals, which forms part of the tenth point of the British memorandum reads:

"Subject to acceptance of the German government of these guarantees, it will be for the reparations committee to grant a moratorium in respect to all cash payments remaining due from Germany up to the 31st of December, 1922, and, further, the committee shall as soon as possible fix the annual payments in cash in respect to all reparations charges for the succeeding period at such an amount not exceeding 20 per cent of the value of German exports as they may find in this article, with a view to the early flotation of a loan by the German government, the major portion of which shall be devoted to the payment of reparations."

Polnarec Asks Interpretation.
M. Polnarec had doubts regarding the interpretation to be placed on this article, and it was one of the points referred by the premier to the committee of experts. At this afternoon's sitting of the experts' committee, M. Do Lasteyrie, the French finance minister, obtained explanations from the British members that it was designed to reduce the total cash payments to a sum amounting to 20 per cent of the value of German exports, but leaving the possibility still of payments in kind. M. Do Lasteyrie is understood to have informed the committee there was not the least chance of the French government accepting such an idea, or seriously considering it. Consequently, the negotiations be-

tween the British and French are at a standstill. The members of the French delegation were greatly surprised that M. Polnarec had been leaving London over Sunday, thus causing the loss of one day when only two days remain before the expiry of the time limit on which the next German payment is due under the partial moratorium now in operation.

GREEK LETTER SOCIETIES VIE FOR GRADE AVERAGES

Registrar's Figures Put Omega Phi Alpha and Phi Gamma Delta First

UNIVERSITY OF IDAHO, MOSS-COV, Aug. 12.—Figures compiled by the registrar's office for the grade averages of the various campus groups for the school year 1921-22 place the Omega Phi Alpha fraternity at the head of the women's list and Phi Gamma Delta fraternity at the head of the men's groups. Omega Phi Alpha sorority averaged 5.763 and Phi Gamma Delta 4.614. As a whole the women's groups averaged a grade of 5.620 compared to the average of 4.531 for the entire number of men's organizations. Four societies made an average of 5.001 or better.

A group which wins a scholarship cup three times becomes the permanent owner of it. The Elizabeth Kildner Lindley cup, established by Mrs. E. H. Lindley, goes to the women's groups, and the Burton L. French cup, awarded by Congressman French, to the men's groups.

The Phi Gamma Delta fraternity has won the French cup for two years consecutively.

The Kappa Alpha Theta sorority has had the Lindley cup in their possession for two consecutive years also, losing it this year by a small margin to the Omega Phi Alpha sorority.

Detailed group averages for the year follow:
Phi Gamma Delta, 4.614; Kappa Sigma, 4.513; Lindley Hall, 4.267; Epsilon, 4.238; Phi Alpha Psi, 4.233; Sigma Alpha Epsilon, 4.229; Beta Theta Pi, 4.205; Phi Delta Theta, 4.151; Omega Phi Alpha, 5.763; Kappa Alpha Theta, 5.239; Delta Gamma, 5.043; Kappa Kappa Gamma, 5.031; Gamma Phi Beta, 4.956; Alpha Delta, 4.921; Beta Beta Beta, 4.876; Jenkins Hall, 4.764.

WOULD GO SLOW IN DISPOSAL OF MUSCLE SHOALS

Senator Harrell Declares Belief that Government Should Complete Works Before the Property is Leased

WASHINGTON, Aug. 12. (AP)—Henry Ford's offer for the Muscle Shoals projects was declared "unconscionable" by Senator Harrell of Oklahoma, a republican member of the senate agricultural committee, in a letter today to Gray Sylvester of the American Farm Bureau's federation.

Oppose Ford's Plan.
"In my judgment this is an unconscionable contract to deal with the people of the United States are concerned, and I cannot favor it," said Senator Harrell. "I am not averse to leasing this power to Mr. Ford but cannot favor leasing it under such terms as these (in the Ford offer). Especially do I oppose the making of such a lease for 100 years."

Senator Harrell said that "in a nutshell," Mr. Ford's proposal amounted to turning over to the Detroit manufacturer the Muscle Shoals property, plus "scores of residences and towns properly worth many millions of dollars without any cost whatever to Mr. Ford."

Offer is Too Small.
Senator Harrell said that Mr. Ford offered \$5,000,000 for property worth more than that sum, excluding the city property.

"None of the various propositions before the committee were satisfactory to me. My position is that the government must finish this dam under any proposition that has been made, at its own expense. It will require three years to do so and I feel that within that period we can make a much better contract than any of those proposed."

GERMANY SENDS NOTE OF PROTEST TO FRANCE

Objects to Expulsion of Tontons from Alsace-Lorraine Territory

PARIS, Aug. 12. (AP)—A note from the German government protesting against the expulsion of Germans from Alsace-Lorraine was delivered to the French government today.

The note also protests against the French attitude with regard to compensation payments, saying it is contrary to the spirit and letter of the Versailles treaty and the subsequent agreements.

SHIPMENT OF POTATOES FROM NAMPA IS BEGUN

Growers Enter Upon Harvest Season Activities—Pay Workers Eight Cents a Buck

NAMPA, Aug. 12.—Heavy potato shipments were due to start from this section during the present week, according to early indications. A local commission company expected to start about 25 cars rolling, most of which will go to the east.

Monday morning ranchers were securing the city for potato harvesting crews. Prices paid for potatoes, according to commission men, are around 85 cents a sack. Growers, however, believe that an advance will come soon and many are holding off until the price increases.

Federal Agency at Caldwell Says Sales Are Too Few to Establish Market—Buyers Holding Off

CALDWELL, Idaho, Aug. 12.—Potatoes to haulings here are heavy put practically all shipments are consigned, and there are too few sales to establish a market, according to Friday's report of the federal bureau of agricultural economics bulletin, issued by C. E. Schultz, local observer.

Buyers are holding off and wire inquiry is light. The bulletin reports 37 carlot shipments from Idaho points Thursday.

According to Friday's report of the state of Utah extension service, quoted by the bulletin, about 50 per cent of the potatoes of the Ogden district, according to Friday's report of the "local cash price per cwt.," according to the Utah report, is quoted from sacked Olatos 85 an 470 cents, and sacked cobbles 80 cents.

To the Seed Growers of Southern Idaho

THE WESTERN SEED GROWERS' MARKETING CO., selling agency of the Idaho Seed Growers Association, has opened an office in Twin Falls on West Shoshone St., with Mr. G. G. Marugg in charge, to better facilitate the handling of advances to growers and the assembling of seed.

For the information of growers who were not members of the Idaho Seed Growers Association last season we are giving below the final NET returns to growers of Idaho on the better grades of seed:

| ALSIKE | RED CLOVER | ALFALFA |
|--|--|--|
| Extra No. 1 grade..... \$16.14 per 100 lbs.. | Extra No. 1 grade..... \$16.97 per 100 lbs.. | Extra No. 1 grade..... \$12.17 per 100 lbs.. |
| No. 1 grade..... 15.37 per 100 lbs.. | No. 1 grade..... 16.16 per 100 lbs.. | No. 1 grade..... 11.59 1-2 per 100 lbs.. |
| No. 2 grade..... 13.83 per 100 lbs.. | No. 2 grade..... 14.54 per 100 lbs.. | No. 2 grade..... 10.43 1-2 per 100 lbs.. |

These prices were net—bags are furnished free of charge by the Marketing Co., or where growers have already purchased their bags fair market price is allowed for same in cash.

This season the Marketing Company is advancing in cash, as part payment, \$9.45 per 100 lbs. on Alsike and Red Clover, for the best grade, and other grades accordingly. Further payments are made during the selling season.

Southern Idaho, like many other farming sections, has witnessed the failures of numerous co-operative selling plans; and growers are rightfully suspicious of any co-operative marketing plan.

The Marketing Plan of the Idaho and Utah Seed Growers

Associations was an outstanding success, even the first season with the necessarily high expenses and the organized opposition to the plan. The fact that 96 per cent of over 1000 Idaho growers renewed their contracts for 1922 is evidence of pretty general satisfaction and already nearly 4000 acres of new members have been signed up in addition to the old acreage.

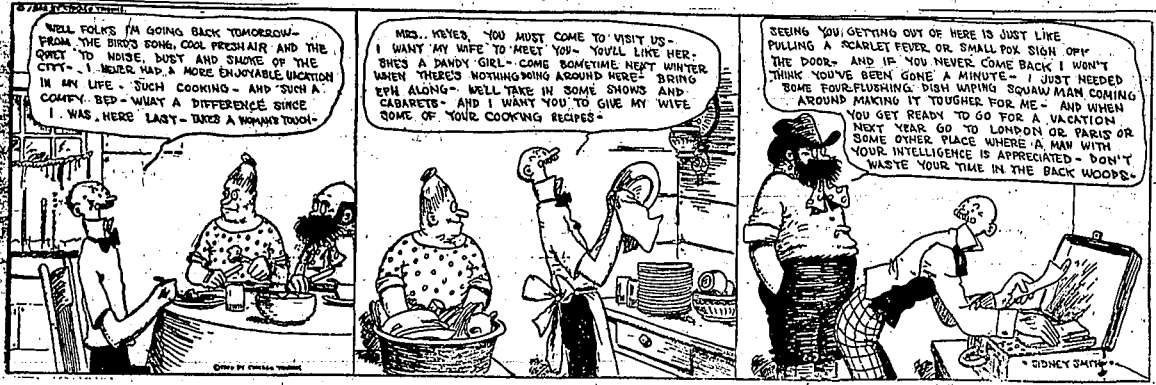

Volume of business, capable, experienced management, and ample finances are three absolute necessities in any business. The Marketing Plan for the Idaho Seed Growers Association has been successful only because these three fundamentals have been well taken care of.

SUNDAY'S GAMES

GIANTS TAKE 2 AND LEAD
Twice Defeat Dodgers, while Cards Lose to Cubs—Pirates Still Winning

BROOKLYN, Aug. 12, (AP)—The New York Giants made a clean sweep of the three game series with Brooklyn by winning a double-header today. Andy High was in the seventh inning of the first game gave the Giants their winning margin after the Robins had tied the score and knocked Ryan out of the box in the sixth. Kelly hit his 14th homer in the second inning. Score: R. H. E. New York 11 1 0 Brooklyn 7 3 3

Batteries: Ryan, Jonnard and Smith; Bauer, Vance, Mammox and Mills; Huggins.

Second game: R. H. E. New York 3 0 0 Brooklyn 3 0 0

Batteries: McQuillan and Snyder; Shriver, Cadore and Huggins.

CARDS LOSE CLOSURE.
ST. LOUIS, Aug. 12, (AP)—The Cardinals lost today to Chicago and dropped to second place in the pennant race to New York's double victory over Brooklyn. Dink, who started on the mound for the locals, was batted out in the sixth inning and was replaced by Haines. Osborne, Chicago's pitcher, was driven from the mound, but he relinquished to Jones only after threatening to strike Field Captain Hoehler, who was in the eighth inning. O'Farrell's home run in the eighth inning, with two runners on, won the game for the visitors, after the Cardinals had gained the lead by tallying four times in the fifth, sixth and seventh innings. R. H. E. Chicago 6 11 1 St. Louis 4 4 0

Batteries: Osborne, Jones and O'Farrell; Dock, Haines, Pfeiffer and Clemens; Alamith.

13 STRAIGHT FOR PIRATES
PITTSBURGH, Aug. 12, (AP)—A batting rally in the seventh gave Pittsburgh victory over Cincinnati today, the thirteenth consecutive win for the Pirates. Adams was invincible throughout. R. H. E. Cincinnati 0 4 2 Pittsburgh 6 12 0

Batteries: Bixey, Keek and Wingo; Adams and Schmidt.

Philadelphia-Boston game postponed—rain.

GOSSAWK WINS
SARATOGA SPRINGS, N. Y., Aug. 12, (AP)—Goshawk, carrying Harry Payne Whitney's colors, with McKeon today won the Saratoga special, one of the season's leading events for two-year-olds. Goshawk finished a half length ahead of Mexico in the eighth length, driving dead down the stretch. The value of the race to the winner was \$13,760. Bill Lerner finished third and Mantigue fourth.

HANSEN TO PLAY PAUL

Eastenders Hayo Hard Game Today with Beattidgers of Cassia County

The game this afternoon between Hansen and Paul promises to be a rip-roarer from start to finish. The Hansen outfit, although they are still smarting from their defeat at Jerome last week, have been working hard all week, and send word that they are in fighting condition.

That the game will be close is shown in the fact that Paul has won this season from the fast Jerome club, while the Hansen team lost to the lads from across the cañon by one point. Thus, it is seen that Hansen has a twofold reason for valuing the Beattidgers today.

The game will be called at 3 o'clock sharp, and it is needless to state that a large crowd of Twin Falls fans will go to the east-end town.

Frank Fuller is slated to do the heavy work for Hansen with the hard-hitting Patton on the receiving end.

according to an announcement made here today by the National A. A. U. Her time for the distance was 7:30 2-5. The old record made in a closed pool was 7:10 3-5.

Miss Walawright also established a new American record in the same race for 300 yards. Her time was 4:18 2-5, while the previous American record was 4:18 2-5. This record also was made in a closed pool.

4 KILLED WHEN PASSENGER HITS BIG OIL TRUCK

Scores of People Injured in Cars which Lurch on Railway Tracks—Many Are Buried

ANNANDALE, Minn., Aug. 12 (AP)—Deadly as the Minneapolis, St. Paul and Sault Ste. Marie railway wreck here this afternoon are expected to total tracks.

With six bodies recovered, workmen reported that four or five additional bodies could be seen in the wreckage, and unofficially the estimate of dead was placed at 12.

ANNANDALE, Minn., Aug. 12 (AP)—Four men were killed and a score of persons injured when an oil truck was struck by train No. 107 of the Minneapolis, St. Paul and Sault Ste. Marie railway late today at a grade crossing here.

The known dead:

Chris Wallace, Minneapolis, engineer of freight train.

Fred Lamer, Maple Lake, Minn., driver of oil truck.

Paul Hanson, Annandale, Minn., riding on truck with Lamer.

Edmond Ulrich, Horicon, Wis.

Raymond Ulrich, Horicon, Wis.

One X-raye Ball was killed. The engine of the passenger train kept the rails, but three cars, a smoker, baggage car and day coach, jumped the track and crashed into a freight train on a siding near by.

Two men on the truck were thrown 100 feet and were instantly killed.

Search was going on late tonight for several passengers who were believed to be buried in the wreckage of the three cars, which are piled upon the overturned engine of the freight train.

Thought He Had Time

The passenger was approaching the Annandale station and slowed up for the crossing when Fred Lamer, driver of the truck, neared the tracks.

Two of the trainmen on the freight, who stood on the side of the tracks awaiting the passing of the coast train, declared they warned Lamer of the oncoming train. Lamer waved his hand, milled, indicating that he believed he had plenty of time. The passenger engine struck the truck squarely and hurled it from the track.

COAST TRAFFIC SUFFERS

(Continued from Page One)

Efficiency of the transportation act may be maintained.

"The fact of this new organization has been made known to the labor board, the courts and proper forms," Mr. Spruill's statement continued. "Perhaps its force and value can most easily be told in the simple statement that in addition to the employees in the allied shops there are but 778 men to make the roster cover in actual numbers a majority of the full force of the six allied cars at work before the strike started."

TWO OFFICERS KILLED.

—LITTLE ROCK, Ark., Aug. 12 (AP)—John Ashburn, a city detective, was reported to have been shot and killed by Deputy United States Marshal Greener, who in turn was shot to death by O. N. Martin, another detective, in the Rock Island railway yards at Little Rock here tonight. First reports were that the shooting was the result of mistaken identity.

BLOCKS ORE SHIPMENTS.

—IRON RIVER, Mich., Aug. 12 (AP)—Forty engineers, firemen and switchmen employed by the Pere Marquette and Northwestern here walked out today, declaring the engines in service were unfit for use and dangerous. This action forced the suspension of ore shipments, amounting to about 125 cars daily. Only coal moved out of here today.

STRIKERS ARE FINED.

—SIoux CITY, Iowa, Aug. 12 (AP)—Sentences totaling 360 days in the Woodbury county jail and fines amounting to \$500 were meted out by Judge George C. Scott late today to five strikers from Eagle Grove, Iowa, accused of violating the federal court injunction against the striking railway shopmen.

NON-UNION MEN MISSING.

Carpentier a Reel Hero

George Carpentier is a reel hero. He is playing the lead in a production being filmed in England. During the staging of one scene, in which the heroine, riding in a coach, is swept into a river, the plans went wrong. The current in the river proved stronger than was believed, and only quick swimming

by Carpentier saved the actress's life. The upper photograph shows the coach being engulfed and the lower Carpentier swimming to the rescue. Note how the coach had begun to overturn. It was this danger that prompted Carpentier to plunge into the river and resulted in the filming of a scene not in the original scenario.

Channing, Mich., last night was being made by Sheriff Farrell and deputies today.

A party of eight men riddled the roundhouse early this morning, firing several shots from pistols and rifles. Two workers were carried away in an automobile and nothing has been seen of them since.

THREATEN MARTIAL LAW.

SAN BERNARDINO, Cal., Aug. 12 (AP)—Four shots were fired at two deputy United States marshals shortly before midnight tonight. It was reported that Chief Deputy United States Marshal O. B. Greenwood told union leaders he would ask for martial law tomorrow. Greenwood refused to make a statement to newspaper men.

TIE-UP IS AVERTED.

—OMAHA, Aug. 12 (AP)—A tie-up of Union Pacific overland trains was narrowly averted here tonight. Firemen of the Northwestern railroad, which takes Union Pacific trains from Omaha to Chicago served notice on the Northwestern tonight, company officials said, that unless armed guards were removed from the Northwestern yards at Council

Oysters Grow on Trees.

In the Parantia harbor of Italy the slight of oysters growing on trees may be seen. This does not mean that the oysters grow like apples and such fruit, but it is the custom there, where the oysters are cultivated, to put trees into the water for the young oysters to cling to. This scheme is said to have inaugurated Italy's oyster which would otherwise be destroyed by fish before they had a chance to develop. The trees are placed in the water with the trunks up and when it comes time to transplant the oysters the trees are taken up bodily and carried to the new grounds, saving much labor.

Superstition About Sneezing.

Sneezing was the subject of much superstition in the ancient world, and almost always endowed with sinister import. Jewish folk lore has it that in the first ages of the world sneezing was always a presage of death until the coming of Jacob. That astute patriarch, anxious lest he himself should perish from such an insignificant cause, brought the Almighty to snore sneezing with more beneficent attributes, and since then it has been lucky to sneeze between noon and midnight.

The Alhambra.

The Alhambra, most beautiful of all the palaces in Spain, was built by a Moorish king in about 1250, but has been enlarged by several successors of this ruler. It is a marvel of lovely arches and mosaics, halls and corridors and courts, of which the court of Lions is the most known and admired. The hall of the Ambassadors is, supposedly, the square apartment in which Columbus presented his project to Ferdinand and Isabella.

What Makes Town Lively
 We'd rather go out and camp along some running stream, where at least the birds would afford some sign of friendliness and neighborliness, than hang our hat in a house lotted among people who have forgotten how to smile, and how to visit among each other as our forefathers did.

Sweet peas were used in decorating the large living room. After the regular business meeting the ladies served a two-course lunch. The club will meet August 24 with Mrs. Robert Ray.

Flexible English.
 I have no sympathy with the criticism which would treat English as a dead language—a thing crystallized at an arbitrarily selected stage of its existence, and bidden to forget that it has a past and does that it has a future. Purgals, whether in grammar or vocabulary, almost always means ignorance. Language was made before grammar, not grammar before language.—Thomas Hardy.

LINES FORMED FOR CAMPAIGN BY COMMITTEES

Republicans Choose F. L. Stephan as County Organization Chairman; Democrats Name Dr. H. W. Sawyer as Leader

Frank L. Stephan, Twin Falls, who is running out his third term as prosecuting attorney, was elected chairman of the Republican central committee at a meeting of its newly elected members held here Saturday afternoon at the twin organization of the county committee of the three political parties entered into the coming campaign was effected.

Thank Retiring Leaders

Mr. Stephan was chosen by unanimous vote of the committee to succeed Shad L. Hodgins, who had served for four years as chairman, and who was a candidate for re-election. The committee adopted resolutions offered by E. J. Hornbrook, expressing appreciation of Hodgins' services. Joseph H. Harty was re-elected secretary of the committee.

In the absence of Mr. Stephan, who is returning from a vacation trip to Yellowstone, the duties of the chairman, after the election of his successor, as chairman pro tem of the meeting.

The introduction of a woman member, Mrs. E. E. Grinnam of Bonanza, was a novel feature of the Republican committee's meeting. She came to Idaho a year ago with the "modern caravan" from Brooklyn, N. Y. She is believed to be the only woman who has served as a member of the county committee of any party in the county's history.

Organization of the Democratic county committee was effected with the election of Dr. H. W. Sawyer, Twin Falls, as chairman, and C. E. Killian, Idaho Springs, as secretary. The chairman was authorized to appoint the secretary, on motion of T. M. Robertson, who also presented the name of Dr. Sawyer for re-election. Dr. Sawyer, an old man, succeeds W. B. Lawrence, Twin Falls, J. Frank Martin, Twin Falls, serving during the past two years as secretary.

Progressives Retain Officers

Frank L. Woodruff, Twin Falls, and Harry H. Kinsey, Twin Falls, who have served respectively as chairman and secretary of the temporary organization of the Progressive party in the county were retained in these positions in the permanent organization effected by committee members at the meeting.

Seasons of the Republican committee were held in the probate court rooms and of the Democratic committee in the district court rooms. The Progressive committee members held their meeting in union hall.
