

TWIN FALLS DAILY NEWS

VOL. 6, NO. 112

TWIN FALLS, IDAHO, SATURDAY MORNING, AUGUST 10, 1922

FRIDAY FIVE CENTS

PROGRAM OF SETTLEMENT IS OFFERED

Railroads Listen with Interest to Brotherhoods' New Plan for Solution of Shopmen's Strike

NEW YORK, Aug. 10 (AP)—The five great railroad brotherhoods, which have stepped into the nationwide shopmen's strike as mediators, today offered to the roads what they termed a practical proposition for peace and the roads took the proposal under consideration.

Neither side would officially disclose the terms of the proposition. In some quarters close to the conferees, it was said that acceptance of the proposal by the executives would result in the immediate return of all strikers to their old jobs with full and unimpaired seniority and pension rights, in addition to the retention of the men hired since the strike.

The proposition, on the other hand, was outlined in other quarters, providing for restoration of strikers as rapidly as possible, with their seniority rights to be adjusted ultimately to the satisfaction of all.

The proposition in these quarters was understood to be in the nature of a gentlemen's agreement, which it was understood, would provide that the question which will arise at the end of the busy fall season would be handled as it has been in other years—according to the usual wedding out process.

No Apparent Surrender. The whole plan, it was unofficially indicated, would mean that without any apparent surrender by either the roads or the shopmen, the strikers would not suffer any more in the long run than under an industrial struggle of this kind.

A committee of nine executives, appointed to meet the brotherhoods, responded to this proposition, hastily summoned a general meeting of the representatives of the roads. When probably will be held here next Tuesday, and then fixed the next meeting with the mediation committee for next Wednesday in this city.

MURDER IS CHARGED

HAVRE, Mont., Aug. 10 (AP)—Harry Stiner and Louis L. Morris, men employed here as guards for the Great Northern railway, were formally charged tonight with the murder of George E. Stinson, Great Northern brakeman, who was killed by Stiner in the local yards Wednesday night.

AIRPLANE WILL ASSIST SEARCH

No Trace to Date of Men Who Kidnaped Warden of Dakota Prison

SIOUX FALLS, S. D., Aug. 10 (AP)—Several possees, which have been searching for the four convicts who escaped from the state penitentiary here last yesterday after severely killing Deputy Warden Arthur Mocher and taking Warden George T. Janssen with them, returned to Sioux Falls late tonight with no clues to the whereabouts of the fleeing men. Warden Janssen, who was released by the men last night, has taken active charge of the chase.

Warden Janssen tonight said he had no definite information as to what direction the convicts went from Sioux Falls, but presumed that they had gone westward in hopes of losing their identity in the gangs of transient harvest hands of whom there are many in South Dakota now.

An airplane and a pair of bloodhounds were obtained today to aid in the search.

DE VALERA REPORTED ILL

DUBLIN, Aug. 10 (AP)—Bumors were extensively circulated in Dublin Friday that Eamon de Valera, republican leader, was dead. Confirmed Marjorie, who has been closely associated with De Valera in championing the republican cause, said Mr. De Valera was suffering from a slight chill but his condition gave no cause for anxiety.

FAMOUS ACTOR MARRIED

NEW YORK, Aug. 10 (AP)—John mustel comedy star, tonight announced he had been married several days ago to Miss Alma Osborne, formerly of Easton, Pa., an actress. The bride is known on the stage as Ethel Delmar.

COUNT OR NO COUNT, SHE LOVES HIM

MRS. H. L. NELSON, a Union Hill (N. J.) school teacher, married Edward de Jimenez, who said he was a Spanish count, but who had gladly renounced his title and allegiance to the King of Spain to become a plain American citizen, and who was a floor walker in a New York department store at \$45 a week. Some one cast doubt upon the count's title, whereupon both he and his wife declared it didn't matter—he was an American citizen, not a count, and besides, his love was the only thing that counted with them.

POSSIBLE RIOTS FEARED

Available Deputy United States Marshal Rushed into Oklahoma Town

SHAWNEE, Okla., Aug. 10 (AP)—All available deputy United States marshals in the district are being rushed here to guard against any possible violence around the shops of the Chicago, Rock Island and Pacific railroad here, it was announced at 1 o'clock this morning by United States Marshal McDonald.

No Signs of Peace Between Operators and Hard Coal Men

Mine Strike Situation in Anthracite Regions Still Unsettled—Conference to Continue Sessions

PHILADELPHIA, Aug. 10 (AP)—Peace in the anthracite coal regions was not in sight tonight when the joint conference of operators and representatives of the mine workers adjourned after a four hours' continuous session, until tomorrow.

No intimation was given as to whether any progress has been made toward reaching an agreement that would send the 155,000 men back to work. Neither Samuel D. Warringer, spokesman for the operators, nor John L. Lewis, president of the miners and head of the miners' delegation in the negotiations, would discuss what had taken place at the prolonged session. Neither would they say whether they still held the optimistic views both expressed prior to and after the first session of the conference yesterday.

PROSECUTION RESTS CASE

Jury in Ku Klux Klan Case Excused Temporarily Pending Argument on Motions

LOS ANGELES, Cal. Aug. 10 (AP)—The prosecution rested its case today against 36 defendants, alleged members of the Ku Klux Klan, on trial in the superior court here on felony charges arising from a raid in February last April.

The defense made motions to strike out portions of the state's evidence, and the jury was excused until Monday while attorneys presented arguments on the motions.

The indictment against W. M. Mall, one of the defendants, was dismissed on motion of the defense, the prosecution agreeing that there was no evidence on which to hold Mall.

The defense also made motions to discontinue the indictment as to William B. Gehran, former grand juror, and G. W. Price, former king of the Klan. The court took these motions under advisement until Monday.

IDAHO WEATHER. SATURDAY: Unsettled; possibly rain.

JOINT HEARING IN SOUTH LINE CASE ARRANGED

State Commissions of Idaho and Utah, at Wells Will Hear Idaho Central's Claims to Certificate

Idaho's public utilities commission and Nevada's public commission, according to word received here Friday, will hold a joint hearing Monday, August 28, at Wells, Nevada, on orders lately issued by the Idaho Central Railroad company to show cause why application should not be made to the interstate commerce commission for cancellation of its certificate for construction of a connecting line from Rogerson to Wells.

Delegation to Attend. The hearing will be attended by a delegation of Twin Falls citizens.

Order for the hearing was following the filing of an application for such procedure in the offices of both state commissions. The application was presented on behalf of Idaho and Nevada residents, who had subscribed to a fund to be paid to the builders of the road, by the Twin Falls Chamber of Commerce, Contact Chamber of Commerce, Idaho-Nevada Building company and other commercial organizations and acting companies.

The application for the commissions' action set forth alleged failure of the Idaho Central company to take any action toward building the line which under the terms of its certificate was to be completed and in operation December 30, 1923.

Supercede Prior Orders. Arrangements for the joint hearing supersede previous orders for hearings before the Idaho commission—Bolsheviks before the Nevada commission at Carson City.

Word of the completion of arrangements for the joint hearing was received here by John W. Graham, attorney, who assisted in the preparation of the application and accompanied the delegation which presented it before the Idaho commission at Boise some weeks ago.

WELL KNOWN PRINTER DIES

SAN FRANCISCO, Aug. 10 (AP)—S. D. Daver, 65, former foreman of the Bulletin composing room and chairman of San Francisco City, died today in a hospital. According to his associates Daver was one of the best known printers on the coast, having worked in Denver and a number of points in Montana and other parts of the northwest. He is survived by a son, Earl Daver, of Butte, who is now here.

BOTH ELEMENTS ARE CONFIDENT

Miners and Operators of Illinois Strong in Hope of Settlement

CHICAGO, Aug. 10 (AP)—With cash still being held by the miners, and confidence being held by the operators, it is expected that the conference being held here eventually will result in settlement of the Illinois coal miners' strike, representatives of the three Illinois operators organizations and the miners' union prepared to resume their meeting tomorrow with assurance that definite proposals will be submitted.

The conference, called at the suggestion of President Frank Farrington of the Illinois miners, adjourned today to allow the miners to prepare proposals to the operators. Tonight it was learned definitely that the miners will insist that the Illinois operators accept practically in full the terms of the agreement reached between operators and miners' representatives at Cleveland.

Illinois operators have insisted on arbitration, having offered to continue wages in effect when the strike started last night. The operators also have insisted on separate state agreements.

REMOVAL OF GUARDS DEMANDED

HAVRE, Mont., Aug. 10 (AP)—Removal of Great Northern railway arm guards who are not United States deputy marshals, for the safety of member workers, was demanded tonight in resolutions passed by the big four rail brotherhoods in session here. The resolutions were the result of the killing of a Great Northern brakeman by a railroad guard in the Havre yards Thursday night.

Father and Son Are Burned to Death in Airplane Accident

Tragic Happening Marks Dedication of New Flying Field—Woman Also Injured

BRATTLEBORO, Vermont, Aug. 10 (AP)—Two persons were burned to death and a third, a woman, probably fatally hurt, when an airplane crashed during the dedication of a new flying field here. The three were passengers in a machine piloted by B. Hughes of Milton, Vt., who escaped with minor injuries.

The dead are: James Truhan of this city, and his five year old son, Norman.

Miss Evelyn Harris of Brattleboro, was burned so severely that it was said tonight she would die. Her brother, Fred H. Harris, president of the Outing club, who was in charge of the occasion, with other of the accident from another airplane, 2500 feet in the air. The crash came when four planes were in the air performing "stunts" as the final feature of the dedication program.

Covering James Harkness of Vermont, who had given an address at the exercises, was a witness of the accident.

BELGIUM WILL NOT AGREE

Moratorium for Germany Opposed and Opposition Settles Question

BRUSSELS, Aug. 10 (AP)—The Belgian delegates to the conference on the moratorium, under instructions from their government, will vote against granting a moratorium to Germany, which accordingly will be refused by the commission.

The commission then will give Germany some days of respite for the payment of the 50,000,000 gold marks due August 15 on debt of allied nations. During this time the commission will discuss the facilities for payment that are to be accorded Germany.

Clean-up Efforts Go Steadily on in 'Rearing Forties'

New York Cabaret Life Receives Rude Shock With Promise of More and Worse Yet to Come

NEW YORK, Aug. 10 (AP)—White dupes continued their invasion of the district of bright lights, in the "Rearing Forties" and "centering on Broadway, Prohibition Zone Chief" Apply of New York and New Jersey, tonight prepared to recall the major portion of the dry navy from its sweeping expedition off the coasts of Rhode Island and New Jersey.

The immediate return of the enforcers is necessitated, he said, by the appearance of five more alleged whiskey runners at anchor off Sandy Hook outside the 12 mile limit.

Gloom deepened in the "white light" district tonight. The band of enforcement agents headed by Dr. R. O. McIntire, assistant federal prohibition commissioner, which started the rounds of the cabarets and other garish resorts of the city's pleasure center last night and early today, continued their crusade of warning tonight.

Proprietors of practically all resorts in the district have been warned that raids would be made if patrons were permitted to "bring their own" and consume it in the places.

ENGINE TROUBLE DEVELOPS

Seaplane on Flight from New York to Brazil Held Up for Repairs

WILMINGTON, S. C., Aug. 10 (AP)—The seaplane Sampa Corria, which landed at Southampton this afternoon for fuel will not resume its flight from New York to Brazil until tomorrow because of engine trouble, it was stated in messages received here tonight. The nature of the trouble was not indicated, although it was said mechanics had for a time hoped to make repairs in time to reach Charleston, late today.

SOUTHPORT, N. C., Aug. 10 (AP)—The seaplane Sampa Corria, on a flight from New York to Rio Janeiro, which left Mantoo this morning for Charleston, S. C., on the second leg of its journey, landed here at 2 o'clock this afternoon for fuel. After replenishing her supply of oil and gasoline, Lieutenant Hinton, pilot, planned to hop off for Charleston late today. Head winds were encountered all the way from Mantoo to Southport, Lieutenant Hinton added.

Harding Pledges Government to Maintain Transportation and Protect Workers' Rights

Armed Lawlessness, Conspiracy or Barbarity and Butchery Will Not Be Permitted to Override Paramount Interests of Public, President Tells Congress in Message

EXECUTIVE'S REMARKS ARE WARMLY APPLAUDED BY HIS ENTIRE AUDIENCE

WASHINGTON, Aug. 10 (AP)—President Harding laid the whole story of the rail and coal strikes before the American people today with a pledge that, whatever the cost, government by law will be sustained.

Summing up before a joint session of senate and house his efforts toward industrial peace, the president asserted that neither employers nor employees could escape responsibility for the present situation and that no "small minority" would be permitted by "armed lawlessness," "conspiracy" or "barbarity and butchery," to over-ride the paramount interests of the public.

"We must re-assert the doctrine that in this republic the first obligation and the first allegiance of every citizen, high or low, is to his government," said the president. "If any matter whatsoever may gather, no matter what storms may ensue, no matter what hardships may attend, or what sacrifices may be necessary, government by law must and will be sustained."

"Wherefore I am resolved to use all the power of the government to maintain transportation and to sustain the rights of men to work."

"To strengthen the hand of the administration in dealing with present and future coal troubles, Mr. Harding asked for authorization of a national agency to purchase, sell and distribute coal, and for every matter which should be inquired into "every phase of coal production, sale and distribution."

No More East Legislation. No similar request was made for emergency rail legislation, the president asserting that although the railroad labor board had inadequate authority, other agencies of the government were armed with statutes to prevent conspiracy against interstate commerce and to insure safety in railway operation.

"It is my intention," he continued, "to invoke those laws, civil and criminal, against all offenders alike."

One other legislative enactment, a law to permit the federal government to state and protest against state protection of railroads, was advocated by the chief executive as a result of what he termed "the butchery of human being, wrought in madness," at Harris, Ill. Despite the protest of foreign governments whose nationals suffered in the Harris mine battle, he said, federal aid in the matter was not to be had and the situation created by "the mockery of local inquiry and the failure of justice in Illinois."

Members of the senate and house received the pronouncements of the president with repeated salutes of applause. "The president's message," announced later that the time would be lost in putting his legislative recommendations into effect. Generally, the all elements in congress, although some democratic members were inclined to criticize the chief executive's utterances as capable of a double construction.

To Use Sherman Law

At the White House, it was indicated that Mr. Harding's reference to invocation of existing statutes against protection of railroads was a Sherman anti-trust law, and for which a demand of justice already has directed an investigation of the acts of some members of non-striking rail unions who walked out in the far west. Officials of the administration were unwilling to go into cases tonight, however, saying the president's message was a demand of justice already has directed an investigation of the acts of some members of non-striking rail unions who walked out in the far west. Officials of the administration were unwilling to go into cases tonight, however, saying the president's message was a demand of justice already has directed an investigation of the acts of some members of non-striking rail unions who walked out in the far west.

Throughout his address, President Harding emphasized his desire that the government should play no favorites as between employers and employees, either in the matter of the pending strikes or in future action against lawlessness.

"Surely," he said, "the threatening conditions must impress the congress and the country that as a body of men, whether limited in numbers and responsibility for railway management or powerful in numbers and the necessary forces in railway operation, shall be permitted to choose a course which will import chaos and lawlessness, either or gaitations of employees and work."

COMPROMISE IS NOT IMPOSSIBLE

Question of Moratorium for Germany Postponed Pending Consideration

PARIS, Aug. 18. (AP)—A compromise settlement on the German reparations problem acceptable both to France and Great Britain was regarded as probably by reparations commission officials following a day given over to conversations and to two informal meetings, during which at least two new plans for meeting the French position were discussed. Details were withheld, but it was authoritatively stated that the proposals would yield more cash than the measures prescribed by Premier Poincare at the London conference.

Everything possible is being done by the French and British members of the reparations commission to avoid a direct vote on the granting of a moratorium to Germany. The view is held that such a vote would create a breach between France and Great Britain. The formal meeting of the commission set for today was postponed hurriedly when it was seen real progress toward a compromise was being made.

Postpone Moratorium. It is said that the commission will not formally consider a moratorium for Germany until some compromise plan has progressed far enough to reasonably insure its adoption. So much success was achieved today, however, that it was indicated tonight the commission might be in a position to consider a compromise tomorrow. A compromise would bridge over the situation until the allies could meet at the end of this year or the first part of next year to consider a full settlement of the reparations question.

RODENBAUGH READY FOR GOODING COLLEGE WORK

Former State Geologist's Advance as Institution Marks Innovations

GOODING COLLEGE, Gooding, Idaho, Aug. 18.—Professor Edgar K. Rodenbaugh, who for six years has served as the state chemist of Idaho, spent the week in Gooding getting up teaching material and making ready for his teaching work at Gooding College, which will begin September 11.

New tables, desks and equipment are being installed and a ventilating hood is already in course of construction, and everything will be in readiness for the very first day of school.

Besides his work in physics and chemistry, Mr. Rodenbaugh will inaugurate a series in general geology. In this course, the usual text book and lecture work will be taken but field work will be especially emphasized. Physiographic features, rock formations and sites of southern Idaho will be made the objects of field study and laboratory tests. Geological folios, topographic maps and other government publications will be available for the students' use. Collections of fossils, unusual formations, ores, minerals and rocks will be placed in the college which will soon have the advantage of a good museum.

Not only will the course in geology have a broad cultural value, but the data and facts secured will have a direct bearing on many agricultural problems. Gooding College, situated as it is so centrally with reference to the irrigated areas, the wonderful scenic beauty along the Snake River, and the a veritable geologist's paradise for this work.

MISS MCCORMICK MEETS HER BRIDEGROOM TO BE

First Session with Max Oser in Some Time; Date of Marriage Still in Doubt

GENEVA, Aug. 18. (AP)—Mathilde McCormick had her first meeting with her fiancé, Max Oser, since her arrival in Europe, at the village of Yveling, near Zurich, Switzerland. The fact that they were to meet was kept secret.

Doubt still exists as to when and where their marriage will take place. Harold F. McCormick, Mathilde's father, and his bride, Ganna Walska, are still at Salzburg, Austria.

VAOATION TRIP POSTPONED

CHICAGO, Aug. 18. (AP)—Due to strike conditions, President Harding has cancelled a visit to Chicago next week for a week's vacation, according to a letter received by Fred W. Uphan. Mr. Uphan said that he expected Mr. Harding to make the trip, however, when the strike difficulties are out of the way.

Sneezing Once Prejudged Death. In the ancient world sneezing was the subject of much superstition, and was almost always endowed with sinister import. Jewish folklore has it that in the first age of the world sneezing was always a presage of death until the coming of Jacob. That astute patriarch, anxious lest he himself should perish from such an insignificant cause, brought the Almighty to earth sneezing with most beneficent attributes, and since then it has been lucky to sneeze between noon and midnight.

One Way to Get Bad Service. Once get a reputation as a chronic kicker and everybody who has to do anything for you will see that you get something more to kick about.—Detroit Free Press.

LADY BOOKMAKER MAKES HIT IN ENGLAND

MRS. VERNEAL is a lady "bookie," society woman and bridge player, of London, who says women who want to bet on the races like to do business with one of their own sex and that she gets all the betting commissions she can handle, numbering some of the best-known women in the British Isles among her "clients."

NOVEL PROGRAM OFFERED

Chicago Street Railway Systems Submit New Plan for Sale of Tickets

CHICAGO, Aug. 18. (AP)—What was declared to be the most novel and radical street car fare system ever proposed by the carriers of a city the size of Chicago has been submitted to the Illinois commerce commission by the Chicago elevated railroads. The new schedule would include a weekly pass, a transferable ticket good for unlimited use of the elevated service for one week, to be sold for \$1.25; a flat rate of three tickets for 25 cents; city ride tickets for school children under 17 at an average of five cents a ride, and a three cent fare for children 10 years and under. The present 10 cent cash fare would remain unchanged.

Road officials declared that the pass and city ride tickets would be a great saving to the public and was economically justifiable on the part of the company since the great bulk of those who would buy passes would be rush hour riders and any additional rides that they might take would come at non-rush hour periods. The pass would cause the cost of rides to vary with the frequency with which the pass owners used the service.

HUGE PLANT IS DESTROYED

Block, Building and Machinery of North Idaho Lumber Concern Wiped Out

LA CIEDE, Idaho, Aug. 18. (AP)—Fire, starting from overhead machinery in the planing mill, practically destroyed the \$700,000 plant and lumber stock of the A. C. White Lumber company here. The rest of the town was not endangered, as there was no wind. Several residences were burned, and the company's boarding house, which had caught fire, was dynamited in an effort to check the flames. Dynamiting of several other buildings was under consideration.

The plant of the company was valued at \$300,000, and the lumber at \$400,000. Insurance totalling \$400,000 was carried in 40 different companies, officers of the lumber company stated. The plant here will be rebuilt, it was said, as this company owns 200,000,000 feet of timber in this vicinity.

First Christmas Card

A student here outlined the "Way of the World" columnist of the London Morning Post that the first Christmas card was published more than seventy-five years ago. This beautiful token of remembrance and friendship, writes the columnist, was invented by Sir Henry Cole, who in 1843, asked J. C. Horsley, R. A., to design a popular Christmas greeting to be "materialized as a card transmissible through the penny post. A trellis of rustic rope in the Germanic style divided the card into a center and two side panels. The sides were filled by representations of the feeding of the hungry and the clothing of the naked. Of the first Christmas card a thousand copies were sold.

CAR SHORTAGE DELAYS MELBA POTATO HARVEST

25 Cars a Day Leaving but Activities Held Up by Lack of Carriers

MELBA, Idaho, Aug. 18.—Harvesting of the potato crop in the Melba valley is handicapped by uncertainty of procuring refrigerator cars. Buyers, however, predict that sufficient rolling stock will be on hand in the near future. Since the digging season opened potatoes have moved out of here at the rate of about 25 cars a day, although activities of diggers have been held up by lack of carriers. Prices quoted are 85 cents a hundred pounds, but growers claim that 50 cents a hundred is all they are guaranteed because of uncertainty of transportation and reported bumper crops elsewhere.

Costs of harvesting "spuds" of the Melba valley are figured at 7 cents a sack for potato pickers and from 25 to 40 cents a mile for auto trucks hauling from the field to the railroad siding.

SHORT LINE STUDYING IDAHO SPUD SITUATION

Railroad Sends Out Investigators Following Requests for Emergency Help

BOISE, Aug. 18.—Following correspondence with Union Pacific officials and officials of the Oregon Short Line, concerning an emergency rate on potatoes, the Idaho public utilities commission has been advised that an investigation has arrived in Idaho to make a complete study of the situation and report.

Mr. Eri of the commission said the railroad's representative was out Thursday in the potato growing sections of the state gathering information as to the way potatoes are moving, prices and the total crop to be shipped.

WHEAT-RUNS 44-BUSHELS TO ACRE ON DRY FARMS

State Club Leader Reports Heavy Yields from "Kannard" Fields

BOISE, Aug. 18.—Farmers on dry farms are harvesting 44 bushels of wheat to the acre in Madison county, according to E. B. Duncan, state club leader, who has just returned from the eastern part of the state. The wheat is a new hard variety called "Kannard," Mr. Duncan said, and comes from Kansas.

All crops, with the exception of potatoes, are in excellent condition, the club leader said. There is a decrease among the potatoes, and this crop will be somewhat reduced.

MORROW TO BE ATTORNEY

Colonel E. G. Davis Recommends Brian Man as Assistant in His Office

BOISE, Aug. 18.—Appointment of McKee E. Morrow, Boise attorney, as assistant United States district attorney, has been recommended to Attorney General H. M. Daugherty, according to an announcement by Colonel E. G. Davis, United States district attorney for Idaho. Mr. Morrow will take the place of Fred D. Cronn of Twin Falls, who resigned about three weeks ago.

Concerning Sleep

Deeply rooted in the popular mind is the feeling that "a series of bad nights" means "something wrong with the brain." This is a boy, says a writer, "that wants firm thinking with, as it is always frightening numbers of nervous persons into poor health. It might be maintained, the mind clear, and digestion good; why worry about sleep if only a few hours are obtained each night? It is always a matter of individual constitution, and rigid rules about sleep are deceptive, if not dangerous. One person gets as much benefit out of a habitual five hours' sound sleep as many another derives from eight or nine hours' lighter slumber, for quality of sleep is as important as quantity, a point that is often overlooked. Again, it is difficult to see on what grounds the average healthy woman should be advised to take an hour's sleep more than the average man."

Heard in New York. Harrington—"This traction problem is a serious one." Harrington—"If you were a married man, you would find the subtraction problem more serious."

Church Services

First Presbyterian Church. A. O. Pearson, Minister. Morning service 11 a. m.; sermon subject, "Do Our Sins Always Find Us Out?" Evening service 8 o'clock; sermon subject, "A Soul for Rent." Sunday school 9:45 a. m. Classes for all ages. Christian Endeavor societies meet at 7:00 p. m.

First Christian Church. William Willis Burks, Pastor. 9:45 a. m., Bible school assembly with classes following. C. E. Allen, superintendent. Communion and sermon by the pastor; subject, "The Name Above Every Name." 6:30 p. m., Christian Endeavor meeting; Madge Fox, president. 8:00 p. m., praise and preaching service.

The Bible school will have a picnic at Filer fair grounds the afternoon of August 31.

First Church of Christ, Scientist. 700 Ninth Avenue East. Sunday service at 11 a. m.; lesson sermon August 20, "Mind." Sunday school at 10 a. m. for pupils under 20 years of age. Testimonial meeting on Wednesday evening at 8 o'clock.

Twin Falls Mission. 230 Third Avenue East. J. M. Closs, Minister. Sunday school 10 a. m.; Mrs. Ida M. Porterfield, superintendent. Preaching at 11 o'clock. Evening prayer services at 7:30. Preaching at 8:15. Midweek meetings Tuesday and Thursday, 7:30.

Church of the Ascension (Episcopal). Charles Glenn Baird, Rector. H. J. Walter Coutu, Assistant.

Holy communion with address by Archbishop Sley at 11:00. As this is the last opportunity for receiving communion before Mr. Baird returns, all are urged to be present. The church school has been dismissed until the first Sunday in September, and parents are asked to keep in mind the date of the reopening of the school in order that we might begin the new year with a perfect attendance.

Filer Methodist Church. C. E. Deal, Pastor. At 10 o'clock Sunday morning the

Bible school under direction of L. S. Hite, and at 11 o'clock the morning worship with sermon. Subject, "A God Who Cares." Midweek prayer services on Wednesday evening at 8 o'clock.

Salvation Army. Hall 125 East Main Street. Jail services 11 a. m. Sunday school 8 p. m. Salvation meeting 8 p. m. Week-day services: Tuesday, 8 p. m.; Thursday, 8 p. m.; Saturday, 8 p. m. We invite you to worship with us.

First Methodist. Edgar L. White, Pastor. Sunday school 10 a. m., E. L. Ashton, superintendent. Morning worship at 11 with a sermon by District Superintendent Rev. J. E. Baker.

Epworth League devotional service 6:45; Carl Maxwell, leader. Class meeting 7:30; A. C. Wood, leader. Evening worship at 8:00 with a ser-

mon by the pastor, "Religion and Business, or Facing the Facts." Midweek prayer services on Wednesday evening at 8 o'clock.

Salvation Army. Hall 125 East Main Street. Jail services 11 a. m. Sunday school 8 p. m. Salvation meeting 8 p. m. Week-day services: Tuesday, 8 p. m.; Thursday, 8 p. m.; Saturday, 8 p. m. We invite you to worship with us.

Although a good many of the fans may have several smiles over the following remarks, nevertheless there is a possibility that Twin Falls will be represented in an all-Idaho state league next season.
 The proposition as it stands today looks something like this: The league is to have six teams, namely, Idaho, Caldwell, Twin Falls, Burley or Rupert, Pocatello and Idaho Falls. There would be six games played each week, starting with Tuesday, three games being played in each town. For instance, when Boise is at home and Twin Falls is on the road, they will play three games at Boise and three at Caldwell, thus cutting out a bunch of extra railroad fares. It will be seen that the towns picked for the league are so situated that this could be done without any extra expense.
 But getting back to Twin Falls and what will have to be done. In the first place, the old baseball park will have to be fixed up, a new fence built, new stands, etc. The first cry of the average fan is, "Where is the money coming from?" Where does the money come from when a musical comedy show comes to town at \$250 a week? It may be well to state at this point that things are not near as bad in Twin Falls as they are being painted by a few pessimists. In taking a canvass

of the business men it was found that they all wanted baseball, and are all willing to help. At present it looks as though there will be a company formed to take over the holdings of the Twin Falls Athletic association and give Twin Falls baseball. This is not a wild dream but a reality, in embryo, and all that is asked of the fans and those willing to go out and see a game is that whenever the subject of an Idaho league is mentioned, that they boast instead of saying "I don't see where they are going to get the money."

Moral Support Wanted
 Let it be remembered that the money is here, and always was here, and that the men at the head of this new venture are not asking for financial support, but they do want the moral support of every lover of the great American game.
 Some will say that it is a little early to start talking baseball for next season. It is not too early, as everything must be cut and dried when spring rolls around.
 The opening shot has been fired, and as has been said, this is not a mere dream. It will come to pass, and must come to pass, as Twin Falls is overdue for a baseball team, with a team that will hold its own with any team in the country.
 If some one suggested that money be put into a cheese factory as an investment, no doubt the money would be forthcoming. This new venture is a business proposition too, and when the time comes, and baseball is being played in Twin Falls, don't forget that all that is being asked of the fans is their attendance at the games.

He Couldn't Tell
 The bus was lifting along at a good speed when an elderly man of ample proportions threw his dignity to the winds by falling into the road in trying to alight while the bus was in motion.
 Presently the injured one struggled up and dashed after the vehicle with frantic speed.
 "Didn't you see me fall off, conductor?" he shouted.
 "Yes, sir."
 "Then why didn't you stop?"
 "Stop!" ejaculated the conductor. "How was I to know you wanted to get on and do it again?"—Kansas City Star.

London Police Pay Boars
 London Police today costs nearly as much annually as did the whole of the force in England and Wales before the commencement of the war in 1914.

Another Discovery
 A new natural gas field has been discovered in northern Louisiana which is estimated to hold about five trillion cubic feet, making it the greatest natural gas supply yet discovered.

GIANTS WIN WILD GAME

Take Firmer Grip on First Place When Cubs Fall to Hold Five Run Lead

CHICAGO, Aug. 18 (AP)—New York increased its lead in the National League pennant race today by defeating Chicago and retained its 1-2 game margin over the Cardinals, who defeated Phillies. A total of 28 runs were scored.

The game was one of the wildest seen in Chicago in years, the locals jumping off to a five-run lead, but being unable to hold it against the slugging of the Giants, who did their hitting when the local twirlers laid gas and hit three men. Thirty-one men participated in the game, Chicago using 16.

CARDS WIN LONG GAME
ST. LOUIS, Aug. 18 (AP)—The Cardinals today broke their losing streak of five consecutive games by winning a 14-inning contest from Philadelphia. It was a pitchers' battle between Ring and Haines and North. The visitors scored their first run in the sixth inning. Smith's home run in the eighth tied the score. The Phillies counted in the 14th on Wright's solo, a sacrifice, a base on balls and Walker's double. In the local's half Stock singled and tied the count on Smith's triple. Toporer singled, bringing in Smith with the winning run.

STORED UP FOR HISTORIAN

Writer Calls Attention to Real Value of Congressional Record, Not of Common Knowledge.

The Congressional Record is the butt of the humorist of today and the storehouse of political knowledge for the historian of tomorrow. It is the first get at which the artist shows his arrows of wit, but it contains a compendium of information which stands as a permanent contribution to political science through the ages, when those who have cast their votes and names have been forgotten. A nation can stray on a desert island with nothing to read but the debates of congress could come away in a few years as crammed with facts as a college student on the eve of an examination. He went on the eve of something about nearly every subject under the sun, including romantic literature and poetry. He would have a substantial grasp upon the development of government, economics and political philosophy, says the Washington Post.

Every man who has ever spoken on the floor of the senate or house has added something to the sum total of what the record contains. Even the errors propagated in debate are useful; they help one ascertain the ultimate truth. Thomas B. Reed once said that every member of the house was an expert on some one thing; that it would be discovered that there was a substantial reason explaining every man was that there is a great deal of matter gets into the record every day which at the time may seem irrelevant. With the passing of the years importance is emphasized. In 1922 the Congressional Record for the year ending upon all phases of life as it is now lived.

DOUGLAS TELLS FULL STORY OF WRITING LETTER

New York Giants Pitcher Makes Clean Breast of Circumstances Leading Up to His Offer to Quit Game

CHICAGO, Aug. 18 (AP)—Phil Douglas, star pitcher for the New York Giants, believed that he stayed on the team and pitched, the Giants would win the 1922 pennant, and that if he left the team, New York could not win the flag, according to a letter he wrote to an unnamed player of the National League and which was made public by K. M. Landis, commissioner of baseball, today.

Douglas, who was placed on the permanently ineligible list after the player to whom he wrote and asked for "inducement" to leave, turned the letter over to his manager, revealed that he had no liking for Manager John McGraw of the Giants. Commissioner Landis made no comment on the letter and refused to divulge the name of the player to whom Douglas wrote. The letter follows:

"New York 7, 1922. 'To Dear 'I want to leave here but I want some Independence. I don't want this guy to win the war and I feel if I stay here, I will win it for him. You know I can pitch and win. So you see the fellows, and if you want to, send a man over here with the goods and I will leave for home on next train. Send him to my house so nobody will know and send him at night. I am living at 145 Wadsworth avenue apartment 3-B. Nobody will ever know. I will go down to Fifth and camp and stay there. I am asking you this way so there can't be any trouble to anyone. Call me up if you are sending a man, Wadsworth, 2210, and if I am not there, just tell Mrs. Douglas. Do this right away. Let me know. Regards to all."

"PHIL DOUGLAS." Judge Landis said he believed Mrs. Douglas was not involved in Douglas' plan, although she is mentioned in the letter.

REVEAL CORRESPONDENT'S NAME NEW YORK, Aug. 18 (AP)—"Shufflin'" Phil Douglas, pitcher, barred from organized baseball because of a letter he wrote offering to "throw down" the Giants, today declared the letter was sent to Leslie Mann, St. Louis Cardinal outfielder.

Douglas said that following the last game he pitched on July 31, he went to the apartment of a friend "got drunk and went to sleep." He added that two detectives dragged him from the apartment and took him to the hotel, where he was held until August 5.

Upon his release, he said, he believed McGraw, manager of the Giants, had suspended him and he wrote to Mann, who was in Boston, with the letter offering to "throw down" the Giants to go to a fishing camp. "If this was desired because he was afraid that if he stayed with the Giants he would win the pennant for him," meaning McGraw.

Still on Payroll. After writing the letter, the pitcher said he was called to the Polo grounds by McGraw. "When I left, I knew I had not been discharged," Douglas said. "Following the visit to McGraw's office, Douglas said he called Mann on the long distance telephone and requested him to send up the letter. Although Mann agreed to do this, the pitcher added, he showed the letter to his manager, Branch Rickey, who then informed McGraw, Commissioner Landis and John Heydler, president of the National League.

The former Giant star declared that he was drunk, that he had been given hypodermics and that he was not himself when he wrote to Mann. He recalled this, he said, too late. The same

Spanish Davis Cup Tennis Team Is Here

The Count de Ompar, Senior Manuel Alonso and Senior Jose M. Alonso, the three members of the Spanish Davis Cup team, are here to enter the preliminary tennis matches which will decide whether Australia, France or Spain is to challenge the United States for the world's championship trophy now held by the Americans.

day that he requested Mann to destroy the letter, Douglas said, Mr. William Doubler, the Giants' club physician called at his apartment and gave him hypodermics to quiet his nerves, and that he repeated these ministrations for two days.

Meetings Judge Landis. In Pittsburgh, Douglas was summoned, according to his story, to McGraw's room. There he was questioned by Judge Landis, who finally told McGraw that he "couldn't" use Douglas anymore.

While he was in the sanitarium, Douglas said, McGraw fined him \$100 and five days' pay and then he gave a bill for taxicab fare and treatment in the sanitarium. The latter amounted to \$24.

"I was broke," the big pitcher said. "I thought McGraw had fired me. I haven't got any way of making a living except in baseball and I was sore on McGraw. I had to do something for my living—so I wrote to Branch Rickey. 'I'm not sure at all, because he turned the letter over to Rickey. It was all my fault. 'I just didn't realize what I was doing.'"

HAS NOTHING TO SAY. ST. LOUIS, Mo., Aug. 18 (AP)—Branch Rickey, manager of the St. Louis Cardinals, tonight said he had "nothing whatever" to say in regard to Phil Douglas, who was barred from organized baseball because of a letter he wrote offering to "throw down" the Giants, which resulted in the New York management barring Douglas from organized baseball. Mann also denied that he held any telephone conversation with Douglas regarding the letter.

ST. LOUIS, Mo., Aug. 18 (AP)—Leslie Mann, outfielder for the St. Louis Cardinals, early this morning flatly denied that he had received the letter from Phil Douglas, New York Giants pitcher offering to "throw down" the Cardinals, which resulted in the New York management barring Douglas from organized baseball. Mann also denied that he held any telephone conversation with Douglas regarding the letter.

REVEAL CORRESPONDENT'S NAME NEW YORK, Aug. 18 (AP)—"Shufflin'" Phil Douglas, pitcher, barred from organized baseball because of a letter he wrote offering to "throw down" the Giants, today declared the letter was sent to Leslie Mann, St. Louis Cardinal outfielder.

GOVERNOR IS STILL FIRM INDIANAPOLIS, Aug. 18 (AP)—Governor McGraw, after listening to a delegation from Michigan City today said he was still firm in his intention that the Jack Dempsey-Billy Brannan match should not be held. The delegation, which represented the John Miller post of the American Legion at Michigan City, refused to make a statement.

The governor said he might determine the letter which has been prepared in which he informs La Porte county officials that the bout must not be permitted. The delegation which called today asked the governor to discuss the match with another person, and the executive said he was disposed to grant this request although he had finally determined that the bout should be called off.

OPERATIC CAREER CLOSES. Returning to America in 1892, she made her first appearance as Violetta in "La Traviata." The next season she appeared in Cuba, and it was here that the attack of diphtheria brought her operatic career to a premature close.

In 1874 she returned to England bent upon trying her hand at acting and secured an instantaneous success in her first appearance on the drama stage as Lady Macbeth in the "Tragedy of Macbeth."

Deciding to revisit the United States, she made her first appearance on the American dramatic stage at Booth's theater, New York, in 1878, taking the part of Jane Shore in a play by that name, and following it with several Shakespearean parts.

On her return to London in 1879 she appeared in numerous roles, terminating her almost uninterrupted activities extending back 44 years with her performance as Mr. Soubriek in "Captain Swift," although she continued to appear intermittently for the next 11 years. London, England, has been the adopted home of Madame Ward since 1900.

DELEGATES WILL BE SENT PARIS, Aug. 18 (AP)—The reparations commission will send delegates to Berlin to confer with the committee which the reparations commission will consist of Sir John Bradbury, British member of the reparations commission; Eugene Masclere, president of the allied commission on guarantees; and two experts. The party will leave Saturday night.

One of the chief purposes behind the decision of the commission to have representatives confer direct with the German authorities is to determine whether Germany can mobilize sufficient securities to float a loan of 15,000,000 pounds with which to meet the remaining cash payments due this year. The commission believes that if adequate collateral can be found, certain international bankers would arrange the loan, it is said.

Postpones Moratorium. With such a loan effected, the reparations commission would be able to avoid the question of a moratorium for at least six months.

Sir John and his associates are proceeding to Germany with the full consent of Premier Poincare, The Associated Press learned today. The reparations commission, however, has warned the allied governments that the chances for failure of the mission are just as great as they are for success, especially since the recent fall in the mark.

KANSAS CITY MAN WINS WICHITA, Kansas, Aug. 18 (AP)—Hugh Walker, Kansas City heavy weight, won from Jack Smith of Omaha, here this afternoon when Smith's seconds tossed the towel into the ring in the fourth round of a scheduled 10 round bout.

WINS ON POUL HIRSHING, Mich., Aug. 18 (AP)—Johny Nichols of St. Paul, won on a foul from Morris Schaffler of Omaha, in the second round of a scheduled 10 round bout here tonight. Schaffler floored Nichols and struck him on the chin while the St. Paul boy was on his knees. They weighed in at 147 pounds.

NO LIVES LOST IN FOREST FIRE

Early Reports of Casualties in Minnesota Apparently Exaggerated

DULUTH, Aug. 18 (AP)—Out of the confusion of conflicting reports from the various forest fire areas in northern Minnesota the past few days came apparently definite word tonight that no one had perished in the flames and that those reported, missing yesterday and today had turned up unharmed.

Members of two families who were not accounted for last night were found alive.

In the meantime hundreds of foresters and settlers continued their battle with the flames and held their own in some places but were not so successful in others.

The fires that have been raging for the last week covered the largest area in the history of fires in Minnesota, according to W. T. Cox, Minnesota state forester.

Ninety Per Cent Under Control. "Although 90 per cent of the fires now are under control," said Mr. Cox, "it is the first time in the history of the state that a serious fire covered so general an area."

The fires have been reported in almost all of the northern half of Minnesota from as far south as points near Brainerd and as far north as the territory adjacent to Grand Marais, according to Mr. Cox.

About 5,000 men are engaged in fighting the fires in the many localities, Mr. Cox said. Practically all these fires were caused by the past bog.

Survey of the fire sections today revealed that should strong winds develop and the protracted drought continue the country would be susceptible to an even worse configuration than that of yesterday when one town was partially burned.

Several farm homes were destroyed in addition to much livestock and valuable timber tracts.

Three Men Missing. Forestry men, after visiting the fire zone, expressed the belief that there would be no loss of life. However, three road workers who left the Grand Smith camp near Cotton last yesterday to fight fires, have not been accounted for.

Omaha, favored by light winds, held the Kelsey fire today, and similar results were reported from the numerous small fires in the north country.

A crew of one hundred settlers and townspeople working on the Kelsey fire will be reinforced at daybreak tomorrow.

ATTEMPTED SMUGGLING OF CHINESE INTO AMERICA REQUIRES MUCH OASH

GOVERNOR J. A. O. Proulx, who is in charge of the situation, ordered the troops out for duty tonight when rumors suggested that high winds tomorrow night fan the fire into sections proper.

Refugees at Duluth, Eveleth and other towns and cities are being cared for tonight by relatives and friends.

LARGE SUM IS INVOLVED

ATTEMPTED SMUGGLING OF CHINESE INTO AMERICA REQUIRES MUCH OASH

SEATTLE, Aug. 18 (AP)—United States Collector of Customs Millard H. Hartson today announced that he had received information that a total of more than \$50,000 had been paid to a smuggling ring by 54 Chinese who were arrested Wednesday in a raid on the shipping board steamer President Jackson here.

Mr. Hartson's officers at an inquiry session held aboard the President Jackson today by Immigration Inspectors D. E. Gowen and T. L. Wyckoff denied knowledge of any plot to smuggle the 54 Chinese into this country. The witness suggested that the local Chinese in the crew might know something, but added that they had been unable to learn anything from him.

Mr. Hartson's information came in a letter which he said was from a person familiar with all details of the alleged plot. This letter asserted that the Chinese had paid from \$800 to \$1,000 apiece, that from \$5000 to \$10,000 was given to some one aboard the President Jackson, and that the remainder, about \$50,000 was paid as a profit to a smuggling ring, declared to have agents in Hong Kong.

SENATE ADDS FINAL TOUCHES ON TARIFF BILL

Administration Measure is Almost Completed and Will Pass in Present Form Then Undergo Revision

WASHINGTON, Aug. 18 (AP)—The senate today began putting the final touches on its tariff bill. Its work was incomplete when it recessed last night, but the measure will be passed tomorrow and then will go to conference for a final rewriting.

During the long day and night hours many efforts were made to change sections of the bill, but only a few of them met with success. An outstanding feature was a removal of the dye fight and the reclassification by the senate of the duties on cast iron pipes and synthetic chemicals and explosives, and basing them on American instead of foreign valuation. The vote to re-offer was 32 to 31.

The republican agriculture-tariff bloc finally won its fight to require soap manufacturers to pay duty on vegetable oils imported for use in manufacture of soap. Under the bill as proposed to the senate, there was a provision that such oils imported for non-edible purposes would come in duty free, but on motion of Senator Gooding of Idaho, chairman of the bloc, the senate struck out this provision, 37 to 23. Chairman McCumber and other members of the finance committee opposed the motion, but it received considerable support from the democrats as well as the republican members.

Reaffirms Wool Duty.

The senate reaffirmed, 45 to 28, its previous approval of a duty of 35 cents a pound on second quality wools of raw wool. Five democrats, Broussard, Jones, New Mexico; Kendrick, Bassell and Sheppard, supported the duty, and five republicans, Borah, Edge, Kellogg, Loriot and Weddworth, opposed it.

After a two-hour fight, the senate by a vote of 35 to 33, reaffirmed its previous action in increasing the duty on sugar from 2 cents a pound to 2.5 cents a pound. The rate on raw sugar from Cuba, which sends this country the bulk of its supply, would be 1.81 cent because of the 20 per cent tariff differential in favor of that country.

Nine republicans voted against the increased rate and four democrats supported it. The republicans were Callahan, Loriot, Lodge and Sutherland. The democrats were Broussard, Jones, New Mexico, Kendrick and Bassell.

Before this vote, the senate rejected, 43 to 24, an amendment by Senator Harrison, democrat, Mississippi, to make the rate 1.75 cents a pound. By a vote of 47 to 18 the senate rejected an amendment by Senator A. H. Hays, democrat, Arizona, to increase the proposed duty of 7 cents a pound on long staple cotton to 10 cents a pound.

AUTHORITY IS VERY NEEDED

Something More Than Present Laws Are Required in Coal Control

WASHINGTON, Aug. 18, (AP)—Adequate public protection during the fuel emergency demands a definite agency of authority, Secretary Hoover declared in a letter today to Senator Borah, republican, Idaho, replying to one from the senator in connection with profiteering in coal prices.

"Your statement as to the rise in prices is literally correct," Mr. Hoover said, but added that the majority of the producing operators were maintaining the voluntary agreements fixing maximum fair prices for coal at the mines.

"Even the \$2.25 average price you mention," he continued, "means an average of a lot of decent men selling fair price coal with a minority of bootleggers selling it up to \$12."

The situation now has reached a point, he asserted, where there must be more authority for the effective control of distribution and prices.

Strong Effort Needed

"Even assuming," Mr. Hoover said, "production is now resumed, the almost total exhaustion of stocks, the limitations upon transportation, not only as a consequence of the strike but also with the usual fall peak in commodity movement, the necessity to accumulate large supplies at upper lake ports before principles might very well have been deferred," he endorsed "the doctrine that both the railroad executives and the employers must be brought to a full understanding of the necessities for peaceful composition of railroad controversies."

LONG STRUGGLE IS ANTICIPATED

Question of Seniority May Prove a Bone of Contention for Years to Come

CHICAGO, Aug. 18, (AP)—The seniority issue may remain a bone of contention between coal labor unions even if it is settled to the satisfaction of striking shopmen and the railroads in the present stoppage of strike, it was indicated today in railroad labor board circles.

Word was conveyed to some members of the labor board today that the United Association of Railway Employers of North America and the American Federation of Railway Workers contemplate court action if the strike settlement affects adversely any of their membership who have kept on the job.

The United Association of Railway Employers of North America, which struck out of the coal fields "wildcat" switchmen's strike of 1920 claiming 91,000 members and has been actively fighting other rail unions, its object being the one big union of railroad workers.

HARDING PLEDGES

(Continued from Page One)

ingness' unions may escape responsibility.

Surrender to Minority

"If free men cannot toll according to their own lawful choosing, all our constitutional guarantees born of democracy are surrendered to mobocracy and the freedom of a hundred millions is surrendered to the small minority which would have no law."

At the same time, the president called attention to another element which he said he believed was responsible to some degree for strikes and for the difficulties of restoring industrial peace.

"I refer," said he, "to the warfariness on the union of labor. The government has no sympathy or approval for this element of strife in the ranks of industry. We recognize these organizations in the law, and we must accord them with incalculable contribution to labor's uplift."

Discussing the coal strike specifically, Mr. Harding warned congress that although the strike now appeared to be clearing more trouble could be expected when wage contracts are renewed next April unless the executive is provided with adequate authority.

As Mercy of Miners

He declared that "except for coal from one or two districts, the country is at the mercy of the United Mine Workers," and detailed how settlement of the present strike had been delayed for many weeks although evidences had come to the White House that in many localities the workmen were "anxious to return to their jobs."

Arrangements for the president's appearance before congress, which twice had been postponed to await developments in the conference of rail executives and union chiefs in session at New York were completed only an hour before he went to the capitol, and during the morning his manuscript underwent a last revision after a session of the cabinet. It is understood that although the New York meeting was not mentioned in the address, the decision to go to the capitol without further delay was reached after it had become apparent no final agreement ending the strike would be possible for several days.

One Last Complication

As the chief executive was on his way up Pennsylvania avenue in a White House automobile, another complication developed which, for a time, threatened to overturn the plan for the president's session to hear the address. Republican leaders in the house, hurriedly arranging for passage of a resolution authorizing the body to sit with the senate in special session, were stopped abruptly by a point of no quorum, introduced by Representative H. H. Johnston, democrat, of Alabama. Before the beginning of the roll call, however, which would have required upwards of an hour, and which the leaders said might in the end reveal that no quorum was present, Mr. Johnston withdrew his objection upon the request of the democratic house leader, Representative Garrett of Tennessee.

For the most part, there was no party division in the reception accorded the president's declarations, the applause sweeping the entire floor and the galleries as he pronounced deliberately his warning against lawlessness, and welling into a prolonged ovation as he concluded with the pledge to "use all the power of the government to maintain transportation and maintain the rights of men to work."

LEADERS LOSING

(Continued from Page One)

principles might very well have been deferred," he endorsed "the doctrine that both the railroad executives and the employers must be brought to a full understanding of the necessities for peaceful composition of railroad controversies."

Members of the hospital Missionary society motored to the country home of Mr. and Mrs. J. C. Beatty Thursday afternoon for the regular meeting. Needlework and conversation made the hours pass pleasantly until six o'clock, when the business session and a delicious supper was served on the lawn. There was a good attendance and every one had a fine time.

Mrs. P. J. Conello was hostess at a delightful luncheon Friday at her home on Second avenue west. A color scheme of pink and white was carried out in all of the decorative details. Bridge followed the luncheon, and Mrs. Ernest White was the successful contestant for high score. The guest list numbered thirty-six.

Harvard Barrett, son of Mr. and Mrs. A. Barrett, celebrated his fourteenth birthday Friday afternoon with a small party, after which a delicious luncheon was enjoyed at the Barrett home on Shoshone street. The guests were Wallace Caldwell, Howard Brown, Lawrence Hall, John Robertson, Edward Hornbrook, Lloyd Barrett and Katherine and Margaret Van Ness, the latter being the small cousins of the host who are visiting at the Barrett home from Salt Lake.

The smaller pupils of the Episcopal

Sunday school were to have been entertained with a picnic in the park Friday afternoon, but the rain made it necessary for them to adjourn to the Parish hall, where they had a jolly time playing games. Before departing for home they enjoyed dainty refreshments.

The Ninth Avenue club met on Wednesday afternoon with Mrs. Elizabeth Hubbard on Eighth avenue east. The time was spent socially and delicious refreshments served. The guests for the afternoon were Mrs. Robert Woods of Dubi, Mrs. Link of Salt Lake, Miss Morris of Council Bluffs, Mrs. Lyman of Berkeley and Mrs. Ludwig. Nine club members were in attendance.

Members of the hospital Missionary society motored to the country home of Mr. and Mrs. J. C. Beatty Thursday afternoon for the regular meeting. Needlework and conversation made the hours pass pleasantly until six o'clock, when the business session and a delicious supper was served on the lawn. There was a good attendance and every one had a fine time.

Members of the girls' circle of the Christian church motored out to the country home of Freda Cowhan where a

delicious cafeteria luncheon was served. The meeting was called to order by the president, May Franklin, and readings were given by Mary Adams and Anna May Kirk. After the meeting ice cream and cake were served by the hostesses who were assisted by Mrs. Krueger, Mrs. Schuster, Mrs. Jungst, Mrs. Franklin and Miss Anna Franklin.

Miss Ann Wheeler entertained for her sister, Miss Ruth Wheeler, with a theater party Wednesday evening. After the theater the guests were taken to the Washington home on Fifth avenue north where a two course luncheon was served. The house was decorated with a profusion of sweet peas and gladioli, with a large bowl of pink gladioli centering the table, and corsage bouquets of pink sweet peas at each place. The guests were Misses Helen Scantlon, Lillian Lind, Helen Wolfe, Agnes Strank, Elmer Strank and Chrystal Glingrich.

THE MARKETS

Chicago Grain Market

CHICAGO, Aug. 18 (AP)—Timely showers and cooler temperatures dipping fear of damage to corn led to lower prices today for all grain. Wheat closed unsettled at 2 1/4 to 2 3/4 net decline, with September \$1.00 5/8 to 1.01 1/4 and December 1.01 3/4 to 1.01 7/8. Corn led 3 1/2 to 3 3/8 and oats 7 1/2 to 7 3/8. In provisions the outcome started from 12 1/2 decline to a rise of 2 1/2.

Wheat was on the down-grade from the start. The breaking of the drought and the passing of the hot wave led to general selling, especially as Liverpool quotations failed to reflect yesterday's advance here. Prospective quick settlement of the rail strike was also generally construed as bullish because likely to lead to increased receipts. Besides, some sales were taken on a forecast that the wheat crop in three western Canadian provinces would be 27,000,000 bushels larger than the last government estimate.

Little power to rally was shown in the wheat market, final prices being near the lowest of the day. The buying of consequence was attributed to Minneapolis mills. They took fairly good quantities, December delivery. On the other hand, European continental firms were unimpressed and general purchasing here was confined to 300,000 bushels. Furthermore, messages from the seaboard said Greek acceptances which it had been supposed would be liberal were relatively small. Corn fields in Nebraska, Iowa, Illinois and Indiana all received more or less rain and prices here broke sharply. Rural offerings of corn to arrive were much decreased as values fell. Oats were dull and merely followed corn. Provisions averaged lower with grain and hog.

Potato Market

CHICAGO, Aug. 18 (AP)—Potatoes—Minnesota, sacked and bulk, partly graded, 81 to 115.

Portland Livestock

PORTLAND, Aug. 18 (AP)—Cattle—Firm. Receipts—106.

Hogs—Nominally steady. No receipts.

Sheep—Nominally steady. No receipts. Choice valley lambs \$9.50 to 10.00.

Omaha Livestock

OMAHA, Aug. 18 (United States Department of Agriculture) (AP)—Hogs—Receipts 7,000; fairly active; butchers hogs steady to strong; bulk 200 to 300 lb. butchers \$8 to 8.25; top 40; mixed and light grades steady to lower; mixed bulk \$7 to 7.75.

Cattle—Receipts 3,000; desirable beef steers fully steady; others slow; top \$10.50 on yearlings and medium weights; veals firm to 2 1/2 higher; other classes stock generally steady.

Sheep—Receipts 7,000; lambs strong; bulk western lambs \$12.40 to 12.60; top \$12.60; other classes steady; ewes \$8.50 down; best light feeding lambs held at \$12.

Chicago Livestock

CHICAGO, Aug. 18 (United States Department of Agriculture) (AP)—Cattle—Receipts 5,000; very active mostly 50c lower; other classes generally steady; top beef steers \$17.75; bulk 40 to 10.25; bulk cows and heifers mostly \$5 to 7.00; canners and others largely \$2.50 to 3.75; bulkologna bullocks \$4 to 4.25; veal calves mostly \$12 to 12.25; hogs—Receipts 23,000; generally 1/2 to 2 1/2c lower; closing strong on lighter weights, all on others; top \$9.25; bulk 170 to 105 lb. weights \$9.45 to \$10.00; 210 to 240 lb. butchers mostly \$9.20 to \$10.00; 250 to 300 lb. butchers \$9.25 to \$10.00; packing sows mostly \$5.50 lower; bulk \$7.25 to 7.75; pigs around \$9; estimated holder 10,000.

Sheep—Receipts 14,000; steady to 1/2 higher; top western lambs \$13; top 10 lbs \$12.75; bulk western \$12.25 to 12.00; wool cuts mostly \$4; best handily fat ewes \$7.25; bulk heavy and medium weight \$4 to 7.00; choice western yearling breeding ewes \$11.00; top feeder lambs \$12.50.

Boston Wool Market

BOSTON, Aug. 18 (AP)—The Commercial Bulletin tomorrow will contain "The Demand for wool has continued

at a moderate and somewhat irregular pace, with interest more especially shown for the medium grades, although fine grades have not been altogether neglected. Medium and fine sorted wools have been in rather better request this week.

The English markets are reported firm. The Twin Falls sales at Liverpool were advanced from September 19 to August 23 in order to anticipate the passage of the American tariff.

The Commercial Bulletin tomorrow will outline wool quotations as follows: Michigan and New York fleeces: Delina unwashed 52 to 54; fine unwashed 43 to 45; 1-2 blood unwashed 47 to 48; 3-4 blood unwashed 45 to 46; 1-4 blood unwashed 41 to 42.

Wisconsin, Missouri and average New England: 1-2 blood 40 to 47; 3-4 blood 43 to 44; 1-4 blood 40 to 41.

Scoured basis: Texas, fine 12 months \$1.25; fine 8 months \$1.07 to 1.15.

California: Northern \$1.23; middle county \$1.10 to 1.15; southern 90 to 95.

Oregon: Eastern No. 1 staple \$1.30; fine and fine medium combing \$1.15 to 1.20; east clothing \$1.05 to 1.12; valley No. 1 \$1.07 to 1.10.

Merchery: Fine staple choice \$1.30 to 1.32; half blood combing \$1.10 to 1.15; 3-4 blood combing \$3 to \$3.30; 1-4 blood combing \$2 to 2.75.

Pulled, Delaine, \$1.15 to 1.20; AA \$1.08 to 1.12; A super \$1 to 1.05.

Maltese—Best combings \$3 to \$3.50; best combings 50 to 55c.

New York Stock Market
NEW YORK, Aug. 18 (AP)—The slow but steady absorption of stocks at comparatively narrow prices continued in today's stock market, which showed a tendency to break away from the restraint imposed by pending labor troubles.

Dealings, which totaled 650,000 shares, continued to be largely in the hands of professional operators, but accumulation by investment interests was reflected in the conspicuous strength of several high grade shares.

More than a dozen high grade shares for the year were again recorded by active buyers, but most of the gains were of a nominal nature.

President Harding's declaration to

By actual count, four out of every five homes in Twin Falls receive The News, daily. Tell all these people what you have to sell, trade or exchange, about your rooms for rent, houses for sale or rent, the position you want, or the help you need—ONE CENT per word—Phone 32

CONGRESS

that the government would use all its power to maintain transportation and the right of men to work was well received in the financial community, but it had no visible effect on prices. Wall shares held firm.

Trading in industries featured today's session, United States Steel company pushing through 104 to the highest level in two years, with relatively conspicuous strength being shown by equipments, sugars, domestic oils and a number of specialties.

Average price levels of railroad and industrial shares now are at the highest levels of the year.

Mexican and domestic oils continued to be influenced by reports of lessened Mexican production, the former showing pronounced weakness and the latter exhibiting marked strength. Mexican Petroleum moved within comparatively narrow limits, but closed at a loss of one point, with corresponding heaviness being shown by the Mexican Seaboard issues, and Pan-American and Standard Oil of New Jersey and California moved up 1 1/2 and 2 points, while substantial progress was noted in Tidewater, Superior Oil and Sinclair.

Sugar shares recovered from the heaviness imposed by the senate's tardy passage of the tariff duty, American Sugar pushing up two points to a high record, and the Argentine advances taking place in Cuba Canal, Pan-Africa and Manilla.

Copper shares, which have been playing the role of wall flowers recently, became more active today, moderate advances being recorded by Inyo, Inspiration, Kennecott, Butte and Superior and American Smelting and Refining.

Call money opened at 3 1/2 per cent, but eased off to 3 in the final hour. Money market rates were unchanged with little activity being reported. The market for commercial paper also continued quiet.

Foreign exchanges were irregular, with sterling showing a decline, and only nominal declines being noted in the European rates. German marks continued to collapse, selling as low as 7 1/2 cents a hundred.

ONE OF MICKEY'S BRILLIANT IDEAS

LIGHTNING BOLT STRIKES GARAGE BUILDING HERE

Johnson Auto-Company Structure Target in First Known Instance of Damage Here in Electrical Storm

One of the few recorded instances of damage from lightning in the Twin Falls county, and what is believed to be the first case in which a building in Twin Falls has been struck by lightning, occurred during a shower Friday afternoon when a bolt struck the Johnson Auto Company building on Shoshone street east, demolishing bricks and splintering a timber supporting the roof, but causing no other damage.

The bolt landed and followed along an electric light wire conduit over the entrance at the main entrance of the building, entering the garage room where it produced a terrific detonation and scattered fragments of brick and timber.

Eight or ten persons were in the building when the bolt struck. But for the assumed fact that the bolt had spent its force before it landed, it is believed that many of the persons inside the building would have been severely and perhaps fatally injured.

Lighting System Escapes. The lightning system in the building that was struck was damaged at the entrance, but the systems in the vicinity were not out of commission.

There were several reports of damage to electric lighting systems in various quarters of town resulting from lightning bolts which were reported to have been reported by several witnesses that a stray bolt struck the corner of the building on Shoshone street east, knocking off the Skaggs grocery, knocking off a corner of the corral.

Rainfall Local Affair. Rainfall Thursday night was largely a local affair, according to reports from outlying districts. The government weather observer at Twin Falls reports that there was no rainfall in that vicinity Thursday night, and the total precipitation recorded there for the 24-hour period ending Friday evening was just five one-hundredths of an inch.

LAUNDRYMAN IN TRAIL IN EMBEZZLEMENT CASE

Testimony of Six Witnesses Occupies All of First Day at Hearing

Testimony of six witnesses for the state was introduced Friday at the preliminary examination in probate court here in the case of C. C. Carohn, formerly representative of the Twin Falls Steam Laundry in the west end of the county, who is charged with embezzlement of \$150. The hearing will be resumed Saturday morning and probably will be completed within a few hours, attorneys for the state said.

FUNERAL SERVICES FOR MARTIN BARRY PLANNED

Funeral services for Martin Barry, pioneer resident and business man of Idaho and Twin Falls, whose death occurred Thursday night, probably will be held Monday morning at St. Edward's Catholic church here, according to announcement made Friday.

Western Auto Co. Telephone No. 129. TWIN FALLS, IDAHO. Ford Touring, with starter and demountable rims \$540.25 F. O. B. Twin Falls. Ford Runabout, with starter and demountable rims \$510.10 F. O. B. Twin Falls.

RADIO TO BRING MUSIC FROM HILLS AND COAST

Scouts Expect to Reproduce Concerts Played at Denver and San Francisco

Concerts at Denver and San Francisco are to be reproduced here by radio Sunday afternoon when the Boy Scouts present the first of a series of day-time radio concerts under agreement with the city administration, according to announcement Friday by H. E. Bablin, business manager for the Scouts in this venture.

STAGE ROBBERY SUSPECTS HELD

Commissioner at Shoshone Holds Workman and Posey to Grand Jury Action

SHOSHONE, Idaho, Aug. 18 (Special to The News)—Henry Workman, who has twice been captured within the past two weeks after escaping from jail at Boise, and Earl Posey of Burley, were today taken from here to Boise to await the action of the federal grand jury to which they were Thursday bound over by Frank Disney, United States commissioner, on charges in connection with the robbing of the Oakes-Vipont mail stage July 24. The robbery suspects were taken to Boise in custody of Deputy United States Marshal G. W. Sutherland. Each of the suspects is held in default of \$10,000 bonds to which each was admitted by the commissioner at the conclusion of the hearing Thursday.

WOUND GUARD ILLNES

Workman, complained today of indigestion resulting from the bullet wound inflicted by a member of the posse which took up his trail following the escape of himself and Posey from the Rupert jail Monday afternoon. The bullet plowed through a bone and the fleshy portion of the right leg.

Parents Intercede

Posey's parents attended the hearing before the commissioner here and endeavored to obtain a reduction in the amount of the bond required for his liberation pending trial.

EXPECT BOARD TO ORDER CUT IN VALUATIONS

Delegation Members Express Confidence that Boost in Values as Basis for Taxation Will Be Wiped Out

BOISE, Aug. 18.—(Special to The News)—Members of a delegation of Twin Falls citizens appeared today at a special hearing before the state board of equalization asking for a further reduction in valuations placed on Twin Falls county farm and city property for 1922 assessment, than had been contemplated in an abstract of valuations previously submitted to the board by the Twin Falls county assessor. Evidence presented by the Twin Falls delegation was given by the state board and promises were given that it would receive consideration. No decision as to any phase of the equalization board's work is to be made public until late next week, it was said.

Confidence that the state board of equalization would order a reduction in Twin Falls county farm and city property valuations to a point where the 20 per cent increase ordered last year would be entirely eliminated, was expressed by members of the delegation. The delegation, which included representatives of the Twin Falls delegation, were present today before the state board.

Expect Generous Out.

"I feel sure that the board appreciate the justice of our claims and I am quite confident that it will order a material reduction in our valuations," said K. L. Hoelgen, one of the members of the delegation that appeared before the board.

The order made by the state board last year increasing Twin Falls county valuations is estimated to have added approximately \$2,500,000 to the county's property valuation on their return. This year S. Cloud Stewart, county assessor, submitted to the state board an abstract of valuations contemplating a reduction of approximately \$2,000,000 from last year's approximated total.

Assessor Demands.

Mr. Stewart, who has been in Boise since the state board convened, took part with the delegation of Twin Falls citizens in the special hearing Friday. He is expected to return here Saturday.

FOR LIGHT WINE AND BEER

Petition Circulated Asking Congress for Amendment to Volstead Act

With a view to obtaining as many signatures as possible to a monster petition to be laid before Congress asking for the amendment of the Volstead act to permit of the manufacture and sale under government supervision, of light wine and beer, C. G. Steenbarth, representing the Sanity League of America, is in Twin Falls.

According to Mr. Steenbarth signatures will be asked in every state in the form of a work order and will be something like 12,000,000 names are subscribed to the petition.

Headquarters of the institution are in San Francisco, Cal.

An Extremist. "Mrs. Eric is a great stickler for form and ceremony, but I don't think she should say so. Why, that woman would insist on dressing up to entertain an idea."—Boston Transcript.

Twin Falls county delegates to the republican state convention at Wallace Tuesday will leave here on the Sunday morning eastbound train, and will be joined at Burley and Rupert by the Cassin and Middlesex county delegations, to board at Middlesex at 2:05 p. m., the republican delegates' special train leaving Pocatello at 12:30 Sunday afternoon, according to computation made by party leaders here Friday following the announcement of the special train's itinerary.

HOLLISTER TO VOTE ON BONDS

Authorization of Issue Means Endorsement of Town's Plan to Get Water

HOLLISTER, Aug. 18 (Special to The News)—Qualified electors who are taxpayers at Hollister will vote Saturday on proposed issuance of \$125,000 worth of municipal bonds to purchase a waterworks plant and water supply.

Will Purchase Wells

Incidental purpose of the municipal administration is to use the proceeds of the bonds to take up an option on the S. H. Chase farm property about six miles southeast of here, on which there are several artesian wells, and to purchase and repair the pipe line from this and neighboring sources through which Hollister's water supply has been drawn since the town was founded in 1908.

The pipe line is the property of the Hollister Waterworks company which some months ago became inactive and placed the municipal administration in a position where its action to provide water for the town was imperative. During the past four months water has been delivered to Hollister consumers under municipal operation of the plant which the town will acquire if the bond issue is authorized.

Also Involved in Courts

Prior to the time the waterworks company furnished water from the wells on the Henry Jones property in the vicinity of the present supply, under an agreement whereby Mr. Jones was to receive \$1000 a year for the water tank. This agreement was torn into after a prolonged controversy in the courts had settled rights of several claimants to artesian wells of the region.

Voters in the election Saturday will cast their ballots at the Masonic hall and will be open from 7 a. m. until 7 p. m.

ANNOUNCEMENTS

Next Sunday morning in the city park there will be a "beginners' union" service for children in that department. All these beginners are to convene in the class rooms of their respective churches at the usual hour, and march with their leaders to the park. This is a new departure in Sunday school work and a large attendance is expected. Each church will make its own contribution to the program.

Arrangements have been made for a nursery to care for children whose mothers desire to attend services at the Methodist church. Mrs. D. Brown Lowers will be in charge of the same and will be assisted each Sunday by other ladies of the congregation.
