## MOORE IS SOLE CANDIDATE FOR HEAD OF TICKET

### Republican Forces at Wallace Face Few Contests — Lieutenant Governorship Presents Big Array of Prospects

WALLACE, Idaho, Aug. 21 (AP)—Over 150 delegates to the Idaho republican state convention arrived here late this evening in a special train, in preparation for the opening session tomorrow noon. The convention will nominate candidates for state and congressional positions.

Both the Idaho congressmen, Barton L. Fry and Addison T. Smith, are in Washington, but it is not believed opposition to them will develop. Indications point to C. G. Moore as the sole candidate for governor.

H. C. Bridgman of Canyon, Will H. Gibson of Blaine, D. J. Smith of New Pines, and D. A. Callahan of Wallace, are mentioned as possibilities for lieutenant governor. F. A. Jeter of Keosauqua, Margaret Roberts of Boise, C. A. Cromwell of Honesdale, and B. E. Williams of Tatch are probable candidates for secretary of state.

## War Time Prices on Wyoming Coal Freely Predicted

### Operators and Miners Sign Agreement Under Cleveland Compromise; Action Declared Taken Under Protest

CHEYENNE, Wyo., Aug. 21 (AP)—Wyoming operators and mine union officials this evening came to an agreement for the settlement of the coal strike in this state. The operators accepted the union's proposal that the miners return to work under the 1921 wage scale. The check-off system is to be retained.

The opinion of the agreement means that the men will be called back to work by the operators early Tuesday. At the conclusion of the conference tonight, P. J. Queely, spokesman for the operators, made the following statement:

## SENATE WORKS ON FINAL VOTE

### Republican Leaders Anxious for Quick Action on Soldiers' Bonus Bill

WASHINGTON, Aug. 21 (AP)—Senate republican leaders captured negotiations for an unanimous consent agreement for a final senate vote on the soldiers' bonus bill, but apparently with little prospect of immediate success. Some progress was reported, but it was understood that few of the five senators objected to an agreement at this time. The bonus measure is the senate's unfinished business and will be taken up after the senate recesses Wednesday. Chairman McComb of the Finance committee plans to bring the proposed address at that time in support of it and minor majority leaders said that unless there was an agreement meantime for a time for a final vote, the legislation would have to be fought out in a final on the floor. Several substitute measures have been proposed and many amendments to the committee draft are proposed. All of these are expected to lead to more or less prolonged discussion.

## PROGRESSIVES WILL NOT UNITE WITH DEMOCRATS

### Party Leader Makes Announcement at Boise for State Committee

BOISE — "There is no probability, change, hope or any faintest probability of any fusion with the democrats at our convention in Nampa," Ray McKing, progressive leader, said here Saturday in speaking of the state convention which will be held in Nampa on Tuesday. The announcement was authorized, Mr. McKing said, by the state progressive committee, consisting of H. B. Wilson, Weller Robinson, Frank Johnson and Dow Dunning.

## NO SETTLEMENT REACHED

### Hard Coal Operators and Miners Still in Deadlock Over Terms

PHILADELPHIA, Aug. 21 (AP)—The joint conference of mine workers and operators' representatives adjourned today's session without reaching a settlement of the mine troubles in the hard coal fields.

The usual brief communique was issued, saying that the negotiators had met in an effort to reconcile the divergent views of the miners and operators on wages and working conditions, but that another session would be held tomorrow at 3 p. m.

## CZAR'S EX-BODYGUARD WALTER IN MASS.

CAPTAIN DOYLE, the tipster writer of the Eastern Yacht Club, at Marblehead, Mass., was formerly a Russian staff officer, as such detailed to command the bodyguard of Czar Nicholas. He escaped from the Bolsheviks and came to America to work out his salvation. He faces the future with sanguine optimism, declaring he intends to earn enough to enter Harvard this fall and become a useful American citizen.

## OFFERS CASH PAYMENT FOR NEW HUSBAND

### Strange Story of Woman's Intuition Brought to Light Through Admissions of All Three Concerned

SAN FRANCISCO, Aug. 21 (AP)—An offer by Mrs. Edith Huntington Spreckels Wakefield, first wife of the late "Jack" Spreckels, California millionaire, and herself prominent in the city, to pay \$100,000 to her husband's husband for her, came to light here today and is admitted by all persons involved.

The husband, James W. Wakefield, is credited with having offered to "buy" Rodney Kendrick, a newspaper editor. The wife, who is ill and admits she is "considering" the offer, today said she already had given her wedding ring to Mr. Wakefield. Mrs. Wakefield said she too planned a divorce.

A statement from Mrs. Wakefield tonight said:

"It was a long time ago that I told Mrs. Kendrick that I loved her husband and wanted to marry him. I promised her she would have a home with Rodney and myself as long as she lived. She is a very sick girl, and I took care of her for weeks. A hundred times she told me how grateful she was in the presence of her husband and his mother and sister. When we left her I put \$100 in the bank for her to draw on."

## ALEXANDER IS LIKELY CHOICE ON FIRST VOTE

### Former Governor Declared to be Selection of Bulk of Delegates; Morgan May Be Congressional Candidate

HAILEY, Aug. 21 (Special to The News)—Delegates from every section of the state had arrived here this afternoon to attend the state democratic convention when it convenes tomorrow at noon to nominate candidates for congress and state office. One hundred 100 voters in the convention will be represented by 200 delegates, many counties sending from one to six delegates for each vote. Blaine county with one vote will have 20 delegates. Although the W. M. Morgan forces, headed by H. B. Stevenson, former state senator and former editor of the Press-Times at Wallace, are making a hard fight to turn the tide for the former member of the supreme court, a canvass of the delegates this afternoon indicates that Moses Alexander will be nominated on the first ballot with about 70 votes already assured.

## NEGOTIATIONS TO BE OPENED

### Indiana Coal Operators Authorized Entering of Conference With Miners

TERRE HAUTE, Ind., Aug. 21 (AP)—Members of the Indiana Bituminous Coal Operators' association controlling nine-tenths of the coal produced in the state, tonight authorized the association's state committee to proceed with negotiations with union miners looking toward a settlement of the strike that began almost five months ago. Discretion is subject to close of the agreement was signed in the committee, according to the announcement of Secretary Phil Pozna.

## INDIANA MINERS TO RETURN

### Fourteen thousand Iowa miners on strike since April 1, will return to work Wednesday morning, Representatives announced

DES MOINES, Ia., Aug. 21 (AP)—Fourteen thousand Iowa miners on strike since April 1, will return to work Wednesday morning, Representatives announced. The agreement was signed a party based on the terms of the Cleveland settlement this afternoon.

## MONTANA SIGNS UP

### Belleville, Mont., Aug. 21 (AP)—Belleville coal operators and miners signed a strike settlement agreement here this afternoon. The pact re-establishes former wages and working conditions. It is to be effective for one year.

## BOTH SIDES HOPEFUL

### Chicago, Aug. 21 (AP)—Hope of a possible settlement of the Illinois coal strike within 24 hours was expressed tonight by both miners and operators following a session of the joint wage scale sub-committee. Both operators and miners will meet tomorrow morning.

## Engineer's Failure to Read His Orders Cause of Collision

### Great Northern Freight's Moot Head-on; Engines Wrecked and Two Injured

MISSOULA, Mont., Aug. 21 (AP)—Two Great Northern freight trains met in a head-on collision six miles from White Fish last night at 10 o'clock, according to a special dispatch to the Missoulian from Kallispell. The cause of the wreck is said to be failure on the part of Engineer C. S. Van Slyke to read his orders correctly.

James J. Hunt, engineer, and Ray S. McCauley, brakeman, were injured.

The two engines were wrecked and several box cars demolished, says the report. The track was torn up for a considerable distance and a wrecking crew worked all night picking up the engines and cars.

## RAILROAD HEADS ARE IN DETERMINED MOOD ON STRIKE QUESTION

### Preliminary Session of Association of Executives Brings Out Fact that Shop Forces Are Increasing — Policy of "No Surrender" Announced by Delaware and Hudson President

NEW YORK, Aug. 21 (AP)—Preliminary to the session of the Association of Railway Executives on Wednesday when members will vote their attitude toward proposals of the big five bro (shop) forces for ending the "stoppage" strike, the "stoppage" conference today held a secret meeting to formulate a policy for its 11 members at the national session.

What action the eastern group, which includes several of the most powerful lines, and it is a surprise was indicated, those attending today's session asserting they had been pledged to accede. The only comment was made by L. E. Loree, president of the Delaware and Hudson, and chairman of the conference, who issued a statement setting forth that Atlantic coast roads, which normally employ 101,350 shopmen, had brought their forces up to 71.5 per cent of that figure on August 18.

## FEDERATION OF LABOR ASKS FINANCIAL HELP FOR STRIKING SHOPMEN

### Necessity of Monetary Assistance Subject of Appeal

WASHINGTON, Aug. 21 (AP)—Railroad workers on strike are "fighting the fight of all workers," and "should have all the moral and financial assistance which the labor movement can give them," an appeal issued tonight by the executive council of the American Federation of Labor declared. Signed by President Gompers and the entire membership of the federation's controlling committee, the message recounted the causes of the rail strike—from the viewpoint of the union—asserting that it had been called to resist the imposition of unfair terms and conditions of employment and to force a general situation of funds from labor organizations to assist the strikers.

## NEW SHOP WORKERS TAKE FIRST STEPS FOR ORGANIZATION

### Craft Employees of Union Pacific System at Salt Lake Hold Session and Select Officers to Govern Body

SALT LAKE CITY, Aug. 21 (AP)—Shop craft employees of the Union Pacific system today completed preliminary organization of an association of shopmen at present in the employ of the railroads which comprise that system. The organization was perfected at a meeting of general chairman of shopmen from all the lines comprising the Union Pacific, the meeting, before it adjourned for the day, electing C. E. Anderson, system general chairman; W. J. Taylor, system vice general chairman and R. J. Putnam, system general secretary. The meetings of the organization are expected to last several days and all matters, including those of wage schedules are to be discussed.

## THREE MEMBERS SAY THEY THOUGHT MOVE A LAW-FUL ACT

### Los Angeles, Aug. 21 (AP)—Three of the 35 alleged members of the Ku Klux Klan on trial on felony charges growing out of a raid at Inglewood last April, testified today that they took part in the raid, believing it to be a lawful enterprise, for the purpose of securing evidence of illicit sale of liquor.

## UNION PACIFIC PLACES ORDER FOR LOCOMOTIVES

### Baldwin Works Said to Have Received Volume of Orders New

PHILADELPHIA, Aug. 21 (AP)—Samuel M. Vauclain, president of the Baldwin Locomotive Works, tonight announced receipt of an order from the Union Pacific railroad for 15 locomotives to cost \$200,000. Construction of these engines will begin at once.

## WRECK IS DUE TO PLOT

### Derailment of Train Remot of Orms, Governor Declares

CHICAGO, Aug. 21 (AP)—The two engineers killed in the wreck of a Michigan Central train near Gary, Ind., Sunday morning came to their death "as a result of a plot to wreck the train," the coroner's jury declared today after hearing witnesses testify to flimsy excuses pulled from the tin.

## STRIKES ABE REMOVED

### GARY, Ind., Aug. 21 (AP)—"Deliberate homicide" was the verdict of E. E. Evans, Lake county coroner, who has been investigating the wreck of the Michigan Central train near Gary, Ind., Sunday morning, when it was derailed near here yesterday, killing two members of the crew and injuring several others. The coroner said he found that "437 spikes were removed from the tracks by persons unfamiliar with the use of a crow bar."

## WOULD BREAK RECORD

### Chicago, Aug. 21 (AP)—After an all-day battle with strong head winds, Don Hogan, who left Denver this morning in an attempt to break the flying record between Denver and Detroit, arrived in Detroit shortly before dawn tonight. He expected to resume his flight to Detroit early tomorrow morning.

## MISSING FLANE LOCATED

### NEW YORK, Aug. 21 (AP)—L. R. Martin, general manager of the Aero-Martin, was announced in Detroit this morning that the seaplane Ambassador II, which had been missing for more than forty hours, had landed at Long Beach, L. I., a few minutes before 11 a. m. of the three persons aboard were unharmed.

## WILL NOT SURRENDER

### "You can quote me as saying I stand where I have stood from the start—solidly against any surrender," said Mr. Loree. "Nothing can be more destructive than to introduce a feeling of uncertainty into a situation such as this."

## BORAH UPSET

D. D. White, chairman of the Association of Railway Executives, said he had received a telegram today from Senator Borah urging him to do all in his power to end the strike to do so this week. The senator declared his request with the declaration that the farmers of the country were facing great financial loss if transportation facilities were curtailed. It was reported that Mr. Cuyler did not receive the telegram in time to reply to Senator Borah today.

## BELEIVED KLAN RAID WAS LEGITIMATE ONE

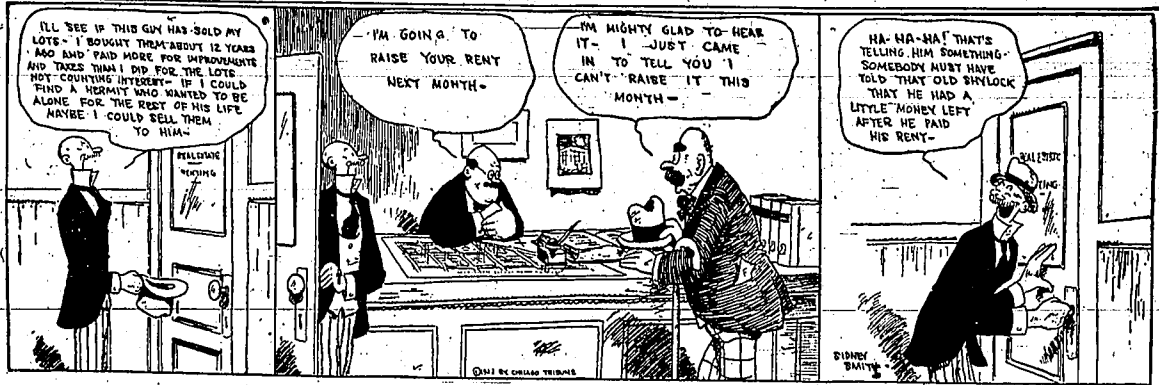

The witnesses, T. H. Jennings, Wm. Hall and H. A. Walle, all said they were acting under orders given by M. B. Mosher, Inglewood constable, who was slain in the raid. They testified that the affair was planned at a Ku Klux Klan meeting the night before. Walle asserted that two days before the raid he purchased liquor at the residence of Fidd and Mattie Edgeman, who were seized by the raiders. Nathan A. Baker, at that time a klan member of the Ku Klux Klan, was with him when the purchase was made, he testified.

## MADISON IS SELECTED

### Huron, S. D., Aug. 21 (AP)—Madison was selected as the meeting place for the 1923 state convention of the American Legion at the afternoon session here today.

PIRATES WIN FROM BRAVES

Easily Defeat Tallenders in the Only Game Played in National League

PITTSBURGH, Aug. 21 (AP)—Boston failed to get a man to third base until the ninth inning today, and Pittsburgh won through Hamilton's brilliant pitching. The Braves played listlessly after the Pirates drove in three runs in the first. Powell attempted to make a shortening catch of a liner by Turner in the eighth and the ball went to the flagpole for a home run. Boston's run was the result of three hits.

OWNERS MUST BE ABOARD

Motor Boat Races Laid Down for Next Year

HAVANA, Cuba, Aug. 21 (AP)—Among the conditions it is proposed to impose on entries in the international motor boat races next February by the Havana Yacht Club is that the owners of the craft must be aboard during the contests. Another is that the contestants engage in a 20 or 25 mile race off Havana so that the people of Cuba may have an opportunity to view the entry of the Havana Yacht Club, Miss Havana, in action.

According to Rafael Posso, the Havana yachtman who is representing Cuba in the negotiations for the race, prizes amounting to \$10,000 have been secured through the support given the event by the National Commission on Encouraging Tourist Travel. This sum will be divided in three prizes of \$5,000, \$3,000 and \$2,000, while the winner of the race will receive a \$500 trophy, with \$200 and \$300 cups to those taking second and third place.

The Miami-Havana race will occupy a unique place in speed boating, according to Mr. Posso, who points out that while the boats will race in shallow waters from Miami to the southernmost tip of Florida, increasing the channel

they must be prepared to meet open sea conditions which will test the metal of the craft to the utmost and inflict an element of personal danger for the contestants.

JEROME DEFEATS HANSEN

Clyde Modrill of Edon Pitches Great Game and Holds Mancesites Safe

Clyde Modrill, star chucker of the Edon team, did the twisting Sunday afternoon at Hansen for the Jerome team and turned in an 11 to 3 victory for the north asters. For eight innings Clyde gave a wonderful exhibition of pitching, allowing but one scratch hit and walking but one man. In the ninth he weakened for a few moments, and allowed Hansen to chase in three runs thus saving them from a coat of white wash.

Walton was on the mound for the Mancesites and for two innings got away in neat fashion, but in the third the bats from across the river greeted him with a volley of wallops, and when he came to the bench to wipe his honest brow, six runs had erased the rubber. In this inning Clyde Modrill started his pitching with a terrific swerve that patience will be rewarded and waited for four wide ones. Petlic beat out a slow one along the first base line loading the bases. Leach kissed one of Walton's hook balls to the aster in the eighth, chasing in the two Modrill brothers along with Petlic. Ashfield popped to E. Fuller. Bills looked ten over and was passed to first. Brooks got hold of one of Walton's fast ones and popped it over the left field fence, scoring Leach and Billy ahead of him. The next two batters whiffed the ozone.

Score in Fourth  
One more was scored in the fourth on two errors, an infield hit and a sacrifice fly. Two came in the sixth with two hits, an error, and a hit batter doing the work. In the eighth the north asters started in as though they were going to drive Walton to the showers. Petlic, opening with a triple to left, right, and Leach following suit in the same section of the lot. Brooks scored

Leach with a snappy single to center. Hansen had his hands full trying to solve Modrill's delivery, and it was only in the ninth that they were able to splash the rubber. Chambers started this frame with a Texas-leaguer over second. Lowery followed with the ball single through center. Frank Fuller was sent in to bat for E. Fuller, and his big hit landed in the catcher's glove. Hughes sent a hot one to Brooks, who made a beautiful stop and throw wild to the plate, Chambers singled the first Hansen run. Petlic singled to right, scoring Lowery. Weaver got in the road of one of Clyde's shoots and went to first. Barnard sent one to Fletcher, who made a dandy stop, and then threw wild to the plate, allowing Hughes to score. Kelly struck out, and with Walton at the bat, with two strikes called, Patton tried to steal home and was snipped at the plate for the first out.

Two Fast Double Plays

There was plenty of excitement, and two fast double plays were made, one on each team. In the second inning Clyde Modrill received a big hand when he grabbed Weaver's high foul. In the fifth the Jerome infield pulled off two dandy plays, Petlic and Leach set up infielder, which is commonly known as appendicitis. Take Chamberlain's Tablets when needed and keep your bowels regular and you will have little to fear from appendicitis.

**Causes of Appendicitis**  
When the bowels are constipated, the lower bowels or large intestines become packed with refuse matter, that is made up largely of germs. These germs enter the vermiform appendix and set up inflammation, which is commonly known as appendicitis. Take Chamberlain's Tablets when needed and keep your bowels regular and you will have little to fear from appendicitis.

GOODING, IDAHO

**Ham Prices Are Down**

Ham—Boiled, Baked (Hot or Cold), Broiled, or Fried—is one of the most appetizing and savory foods that the market offers.

The wholesale price of ham is fifteen to twenty per cent lower than it was six weeks ago.

The U.S. Dept. of Agriculture in an announcement dated June 19, 1922, in referring to vitamins found in meat said, "Various cuts of meat were tried, and in every instance pork was found to be relatively rich in vitamins. Pork tenderloin, fresh ham, smoked ham, and pressed boiled ham were tested and the results were much the same with all of them.

Swift's Premium Hams are always of a uniform high standard of quality, regardless of price. A special cure of sugar and salt, and smoking over hardwood fires impart a flavor that has made "Premium" Ham the world's standard.

Summer time is ham time. Insist on having "Swift's Premium"—see the blue identification tag.

Christy Mathewson Wins His Fight

After a prolonged stay at Saranac, in the Adirondacks, where he has been fighting tuberculosis contracted while a captain in the chemical warfare section of the U. S. Army in France, Christy Mathewson, idol of millions of baseball fans, has sufficiently recovered to motor down to his old home at Fannyville, Pa. He is shown shaking hands with his father. After a short stay he will return to the mountains until his sickness has been thoroughly routed.

# NO BASIS FOR CHARGES MADE IN RE PETITION

### Managing Director of Idaho Reclamation Association Replies to Protest Against American Falls Dam

Editor News, Twin Falls: My attention has been called to an article in your paper telling of protest filed by A. L. Houghtlin, Thomas Castello, E. J. Malone, Dan Dehn, N. W. Scheraga, L. H. Brown and C. O. Gruel against calling an election to determine the question of forming a district to finance the American Falls reservoir project.

It is stated that the protestants charge that the petition was altered after signed. The petitioners themselves constitute the best evidence on that score. They were in charge of the directors of the Twin Falls Canal company, all honorable men, and put out with their approval and under their direction, and assembled by them. I confidently assert that the charge of alteration is groundless.

The matter of inclusion of unclassified land is fairly stated. We admit that some such land, small in area, was included inadvertently when the descriptions were made up from lists of registered and other data furnished us. At the time this error was detected practically the entire territory had been covered with the petitions, so there was nothing to do but to await the hearing before your county commissioners, otherwise the entire expenditure and laborious proceeding of circulating the petition in various parts of the Snake river valley would have had to be duplicated.

It is for the purpose of correcting such errors that the hearing will be held before your commissioners on August 28. The directors of the Twin Falls Canal company understand this matter thoroughly and have from the time it started the petition in Twin Falls county. There is an entire agreement as to exclusion of wholly unclassified land having no water rights.

The real reason for the opposition reflected in the protest is not stated therein, in my opinion. While we regret that the petition should be employed against a development of paramount importance to our state, the proceedings in connection with which have been honestly conducted in the interest of a Greater Idaho, we have no means of preventing them, and our hope of success lies in the fair judgment of those who are concerned in the upbuilding of the state and its various communities.

Very truly yours,  
GUY FLENNER,  
Managing Director Idaho Reclamation Association.  
Pocatello, August 19.

## ATTEMPTED MURDER OF COLLINS PART OF PLOT

### Recent Attack on Free State Chief Believed to be Measure of Reprisal

LONDON, Aug. 21, (AP)—Americans who have recently arrived here from Dublin declare that the attempt to kill Michael Collins, head of the Irish provisional government, was part of a plot in Ireland and was planned, first, to secure the removal of the sole remaining outstanding figure in that government and thereby weaken the free state movement, and second, as a measure of reprisal against the shooting of Harry J. Lee, and by free state soldiers.

Boland was a notable figure, and Irishmen who dared talk at all about the general political situation voiced the fear that his death would lead to assassinations. Nightly fusillades and bombings have reduced the Dublin population to a state of terrorism.

The Americans said that their talks with average citizens, including porters, cab drivers and workmen, brought forth the assurance that 85 to 90 per cent of the people of Ireland were solidly behind the free state movement. Eamon de Valera was credited by them with the mission to maintain order so as to elude British military intervention. He was represented as hoping, by securing such intervention, to force eventually a new treaty more advantageous to Ireland.

## GOOD PROGRESS IS MADE

### American Seaplane Reaches Bahamas; Brief Delay Due to Oil Trouble

NASSAU, New Providence, Bahamas, Aug. 21, (AP)—The American seaplane piloted by Lieutenant Hinton, which left West Palm Beach this morning on one leg of its journey to Rio Janeiro, arrived here at 1:35 o'clock this afternoon.

The plane was forced down off the Florida coast on account of oil trouble. It had difficulty in again rising in the heavy sea and was delayed one hour waiting for favorable weather.

## IRISH REPUBLIC FUNDS TIED UP

### Temporary Injunction Issued Protecting Cash in America From De Valera

NEW YORK, Aug. 21, (AP)—A temporary injunction restraining local banks in which are deposited monies collected for the Irish republican cause from releasing them to Eamon de Valera or any of his agents was signed late today by Supreme Court Justice Budd upon application of attorneys representing Michael Collins and other officers of the Irish Free State forces. It was announced that approximately \$2,800,000 was tied up by the order. Service of complaint on De Valera and the other defendants was ordered to be made through the insertion of advertisements in papers in England and Ire-

land. Most of the funds involved are said to be deposited with the Guaranty Trust company and the Harrison National bank.

The main contention for an injunction was that Ireland now is a nation; that De Valera is against the present government and is a fugitive and that he is not entitled to the money.

If De Valera or his forces were granted the present funds in American banks, the Free State representatives contend, it would be devoted to the carrying on of further revolution against the present government and prolonging of needless and unjustifiable civil war in a country which has expressed by the ballot its preference for the Irish Free State form of government.

### Will Make Bonds Good

It is further stated in the application that the Irish Free State is prepared to make good the bonds of that nation and that the quickest way to end the present revolt is to deprive De Valera and his allies of funds from this country.

All checks on these funds were deposited in the local banks in De Valera's name up to the time of the signing of the Irish peace treaty, it was said today. The money was under the

jurisdiction of three trustees—Bishop Fogarty, James O'Mara and De Valera. They in turn were responsible to the Dail Eireann.

Opponents of De Valera charged that in spite of their protest, not less than \$200,000 was withdrawn from the Irish funds in the city during the early part of this year. There was begun some time ago a series of inquiries concerning the exact status of the funds. Those who opposed De Valera charged that they could obtain no information from him and that legal proceedings were thus necessitated.

The firm of attorneys representing the Irish Free State officials today deposited with the county clerk a bond of \$50,000 guaranteeing the good faith of the applicants. The funds involved are represented by \$1,500,000 in securities and \$800,000 in cash.

## ENCOURAGEMENT LACKING IN MARKETING POTATOES

### Nampa Shippers Advise Halt on Commitments and Establishment of Cash Market in Idaho

NAMPA—About 100 cars of potatoes were shipped here Saturday on the

way to southern markets. Buyers and shippers here could offer no encouragement as to the market situation.

Potatoes, they said, sold for \$1.50 in Texas Saturday, and the shipping charges from Idaho amount to \$1.45, leaving a small margin for the grower.

Shippers believe the best thing to do under the circumstances, is to cease shipping on commitment and establish a cash market in Idaho; no matter at how small the price. It is better, they say, to let the crop become a loss here than to ship it out and suffer additional loss from freight and other charges.

If the proposition depended upon merit alone Twin Falls would become the printing center of Southern Idaho.

It is that now, in a sense, but there is still printing to be done in Twin Falls which is now being done by George D. Barnard and company and a host of other first class printing concerns who haven't even an office in Twin Falls.

These heavily capitalized, well organized printing concerns do excellent work. They employ the same machinery, same processes and same material as do the Twin Falls printing concerns, the main difference being that it takes them longer to turn out the work than it takes the Twin Falls printer.

They do no better work.  
Their prices are no lower.

And they contribute not one penny of their earnings to any single resident of Twin Falls.

The money sent to them in payment for goods pays the wages of a man in the town where the plant is located, and

It's gone forever from Twin Falls.

The men and the machinery are here and they are at your service for printing.

ALL THESE MEN, STILL ALIVE, WITH SAME HOUSE 50 YEARS

CHICAGO—Fifty years with the same employer is a remarkable achievement for any man, but when you find thirty-three men who have attained this enviable record with the same organization and find them all living to tell the story, you have something which offers food for thought to the rising generation. This picture tells such a story.

"What do you think of him? My dear Ina, I have other things to think of." "But we don't know anything about him, Dwight—a stranger so."

Fewer Strikes Are Predicted

Roger W. Babson Points Out Interesting Facts in Connection with Labor Situation Since 1915—Disturbances as to Capital and Labor Are Almost Back to Normal

(By ROGER W. BABSON.) WASHINGTON, Aug. 21.—(Special to The News)—In view of the newspaper space recently taken by the coal strike, railroad strike and certain textile strikes, we are prone to think that strikes are very general at the present time.

As a matter of fact, we have very few strikes at the present time. Ever since the war the strike curve has been below the point which was then called "normal." The fact that we have had thirty-five years of almost uninterrupted peace in this basic trade.

More Jobs Than Men.—As to the future, the answer is to be looked for in conditions. What made the tremendous wave of strikes which marked the years 1915 to 1920? The simple fact that there were more jobs than men; that the cost of living was going up; that the war in a position of force on the labor side.

These two extremes there is to be found every shade and variety of local ordinance and regulation. If we mean to make our own state a mecca for tourists, we can do no better than to adopt throughout the entire state a uniform system of traffic regulation.

WELCOMING TOURISTS

In Minnesota there has been started a movement of interest to motorists everywhere which should find its way into other states. It has its origin in the persistent effort of overzealous officials who go to all sorts of extremes to make motorists conform with petty and oftentimes silly local traffic ordinances.

The Minnesotans happen to be doing what citizens in every forward-looking state should be doing—they are trying to make welcome whoever cares to pay the state a visit. They feel that in doing this they are doing something not only for their respective communities but for the whole state as well.

It is expected that eventually these efforts will result in giving us a uniform system of traffic regulations. Nothing could be more confusing than the great variety of traffic regulations which in one small community or another are thrust upon the tourist. There are some so reasonable that nothing but the most reckless disregard of common sense could result in a violation of them; and then there are others so patently absurd that nothing but a sense of humor could make a tourist.

# CITY WILL WAR AGAINST SHADY TAX DRIVERS

## New Municipal Legislation Extends Police Powers to Motor Passenger Conveyances and Possession of Intoxicants

Over the negative vote of Commissioner S. S. All, it was announced that he would require time for investigation before consenting, Twin Falls city commission Monday night added two new provisions to the municipal code. Both measures were represented as broadening police powers. They were designed as emergency measures to become effective immediately upon publication, and both were introduced in the name of Commissioner J. E. Roberts, who was absent from the session.

The first of the new ordinances provides for unexpired license of taxi-cab operators in Twin Falls, and the second defines illegal possession of liquor as a misdemeanor, punishable in the municipal court by maximum fine of \$100.

The amount to be collected from taxi-cab operators as license fees was omitted from the ordinance as adopted.

World Check Immorality Commissioner All precipitated a debate on the measure by inquiring as to the necessity for either. He argued that a taxi-cab operator could not be held responsible for the moral character of his passengers, and that the proposed regulation would result in "intention without end." The mayor and city attorney explained that the ordinance was designed to extend police powers over taxi-cab drivers carrying liquor and persons for immoral purposes.

It is not the intention, the mayor said, to interfere with taxi-cab drivers operating a legitimate business. He attributed to the police the power of determining when an offense under the ordinance had been committed, and suggested some of the symptoms of the evil the ordinance was designed to combat.

Both measures were passed under suspension of the rules by a vote of 10-5. Commissioner F. L. Ogwold, seconded by Commissioner S. G. McAuloy.

All Lenses Fight for Scales The commissioners declined to concur in Commissioner All's motion which was introduced, he said, "for the satisfaction of the general public." It was the action of last week permitting the city weighmaster to use a scale book which would compel the weighmaster to issue tickets and the automatic book with which the scale is equipped.

Stand's Status Undetermined Status of the Twin Falls band, in so far as financial support from the municipal administration is concerned, remained indefinite following an explanation offered by C. D. Thomas, one of the organizers of the band and until two years ago prominently identified with it. Mr. Thomas said the commissioners municipal appropriation heretofore had been made for the support of the band and not for public concerts, the cost of which was defrayed by contributions of business men. He suggested that the commission had approved the band for the July portion of a claim for \$40, and last year claims presented by the band for the July portion

# BUSINESS MEN'S SCHOOL ROASTS BIG ENROLLMENT

## Commercer Analyst Delivers Opening Lecture Before Audience of 150

Business men and their employees to the number of 150, who are enrolled in the "better business" institute to be held here this week, greeted Perry B. Arnold, business analyst and conductor of the institute, in Paris, last Monday evening when he delivered the opening lecture of the series of five lectures on seamanship and personal efficiency.

With a pleasing and forceful address the speaker impressed upon his audience his suggestions for self-improvement in successful seamanship and business management.

Dismissing the word "seamanship," Arnold said that the "manly" element in the suggested features for the business. Every person, he said, is a potential seaman, with service ideas or products to sell.

Mr. Arnold was introduced by C. E. Wright, president of the Twin Falls Chamber of Commerce.

The topic for the lecture, Tuesday evening is "Developing Personality and the Human Element in Business."

Plans Fine in Ordinance Provisions of the lately adopted milk license regulations in which members of the commission said they had reason for pride when they ordered it published in pamphlet form, came in for some discussion when Commissioner McGowan announced that it was the "weight" of mine that I let it slip through."

Purchases Dramatic Moment The most dramatic moment in the proceedings came when the mayor handed to the clerk a letter from the American Cast Iron Pipe company and his check for \$475, issued in fulfillment of the agreement to meet a certain proportion of the amount that might be awarded E. F. Walton on his claim for damages resulting from the bursting of a water main.

Gives Final Word "Subtract the one amount from the other," the mayor said in conclusion, "and that will show what has been saved by settlement of the Walton case."

Work for Street Man The commission referred to the street commissioner the position of Robert Steele for an order requiring construction of a sidewalk along the M. M. Alameda property on Ninth avenue so that it connects with an isolated stretch of walk further up the avenue, and the request of S. W. Brenson for removal of certain poles from the end of what he termed a "choke barrel alley 50 feet wide at one end and 10 feet wide at the other," to permit restrooms of property on being addition avenue to remove garbage.

# SCHOOL BOARD TRIMS \$20,000 OFF EXPENSES

## Adopt Budget for Coming Year Providing for Increase Only in Fund Provided for Reduction of Indebtedness

Trimming \$20,000 from the aggregate of its expenditures last year, Twin Falls board of education at a special meeting Monday night adopted its budget for the coming year providing for total expenditures of \$221,700 as against \$242,500 last year. Reductions were ordered in all accounts except that known as the "debt service" fund which is credited with monies appropriated for sinking funds or retirement of bonds. This account was increased from \$48,437.90 last year to \$50,391.25.

Reductions ordered affect the department for the mechanical, arts and household science departments from the curriculum, and curtailment of transportation service.

The budget as adopted, with minor modifications, was compiled by Superintendent M. C. Mitchell and Frank C. Lynch, bookkeeper of the district.

No Special Levy Funds provided for under the budget, it is believed, will meet all of the district's necessary expenses during the coming year, and there will be no necessity of again levying a special tax such as the 50 cent special levy that was collected last year.

Wagon drivers were selected from among 80 or 90 applicants. The number of routes was reduced from 38 to 27. Names of the drivers assigned to each route, and the number of acceptances from the drivers selected.

Boys Supplementary Furnace Installation of an additional furnace at the Lincoln school was decided upon instead of installation of a new heating system, upon advice of both builders.

Work of repairing broken windows involving an estimated expense of about \$100 was awarded to E. J. F. Frittle, state commissioner of finance, and E. P. Dunlap, agent for the commissioner and in charge of the bank.

## Business Analyst Here to Conduct Institute, Talks to Kiwanians

Business is to be found by looking for it, Perry B. Arnold, business analyst and educational director for the Knox School of Salesmanship and Business Administration of Cleveland, told members of the Kiwanis club at their regular luncheon meeting Monday, in response to their suggestion that he tell them how he "found" business conditions throughout the country.

Mr. Arnold will remain in Twin Falls this week to deliver a series of lectures before business men and employees at the Kiwanis club, which he is engaged in conducting in the larger towns of the northwestern states.

Referring to periodical occurrence of business depression Mr. Arnold told the Kiwanis club that he would be established again early next year; that the time is past and that events now are tending toward a more stable basis.

Members of the Kiwanis club quartet, composed of C. E. Wright, R. K. Logan, Merlin Batley and Phil Goldwater, rehearsed for the entertainment of the club's program of musical numbers which they will give at the Idaho Utah district convention at Ogden this week.

## County's Second Rural High School District to be Formed on Salmon

HOLLISTER, Aug. 21 (Special to The News)—Endorsement of the proposed Hollister rural high school district by six out of the eight districts represented by petitions for inclusion in its boundaries was indicated by available returns of elections held Monday in each of the eight districts.

Unanimous vote for the high school district was reported from all of the other districts except Bugar, where the reported vote was 14 for the district and 7 against it.

Hollister electors cast 56 votes for the district; Amsterdam, 23; Bogeness, 31; Springdale, 11; Baggard, 20.

Buildings suitable for the new high school already are standing at Hollister and a regular high school course of study will be provided.
