Governor of Illinois Will Be Asked to Assist in Securing Chief Radical for Trial in Michigan.

ST. JOSEPH, Mich., Aug. 24 (AP)—Law enforcing officers of Berrien county tonight were marshalling their forces for the procurement of 17 men arrested in a raid on an alleged radical meeting in the village near Bridgeport.

While officers of the law were preparing their evidence for presentation at preliminary examination, probably during the first part of next week, David Bental, Chicago attorney, was making ready the defense for the men now held in jail. He has been retained as counsel for the seventeen.

Two tonight a deputy sheriff posted a trap for Lanning, Mich., to secure extradition papers for W. Z. Foster, Chicago, president of the Trades Union Educational league, arrested there yesterday on information furnished by federal operatives working at Bridgeport.

All Held in Jail Each of the seventeen men is being held in jail in default of \$10,000 bonds set for Lanning, Mich.

Federal officials spoke freely of this raid, but refused to disclose to reporters to quote them. They said at least five women attended the sessions.

To Little Carl Muller, 15 years old, of Chicago, was given the credit of locating the evidence now held by the federal and local officials regarding the meeting.

HONOLULU, T. Door to Decease is Not Entirely Closed but Solution No Nearer Than at Beginning of the Present Conferences

NEW YORK, Aug. 24 (AP)—"We are like bats; we can't see the way out"—this did the chief of one of the big five railroad brotherhoods describe the position in which the running trades found themselves tonight after their best efforts to settle the shopmen's strike, now nearing the end of its eighth week.

Although both sides professed themselves so anxious to agree that what they really wanted to do was to get the door to peace but had not been entirely closed, for an announcement was made that another session had been scheduled for tomorrow.

SHIRLEY BATE LYNN

"I was struck at night and it dawned we tried for the shore. Before we hit the coral we saw native men, and only in our hands, pushing an enormous canoe into the water, and with their assistance we made the shore in safety. If it had not been for the natives, we probably would have lost our lives in the heavy surf."

"The chief of the tribe, a hunky Samoan, curled over his grass mat 'palace' to the mate and myself to be used as our private quarters during our stay on the island. He also loaned me a beautiful, dark-eyed girl with a lovely figure, as my servant. Other pretty girls were assigned to the mate and to the members of the crew to wait on them."

"I had only 20 cents in my pocket when I landed, but money was no object. Many diners were given in our honor and native maidens, in grass skirts performed hula dances for our amusement."

"We were not worrying, for if the natives did not fight us, we would have been taken off the island by the American consular agent, which calls at Tagaway twice each year."

"Captain Olsen and others of the schooner will leave for the mainland tomorrow on the transport Henderson."

RESIGNATION OF VOLSTEAD ASKED BY RESOLUTION

House Takes Quick Action on Effort to Oust Leader from Committee Seat for Alleged Improper Connections

WASHINGTON, Aug. 24 (AP)—The house swiftly struck from its record today a resolution presented by Representative Tinkham, republican, of Massachusetts, calling upon Chairman Volstead of the judiciary committee to resign his committee seat because of aid said to have been given in his last campaign in the seventh Minnesota district by the Anti-Saloon League of America.

As read by a clerk during a lull-buzz of laughter, the resolution provided that unless Mr. Volstead retired within 14 days from its adoption, his seat on the committee, which framed the prohibition enforcement act, be declared vacant.

On his feet the moment the reading had been concluded, Representative Mann, republican, of Illinois, moved that the proposal be laid on the table. "I would kill it, and the house laid it there with a shout of approval. Then Representative Dyer of Missouri, a republican member of "Mr. Volstead's committee, offered a motion to expunge the resolution from the Congressional Record, and it went by a vote of 141 to 104.

Mr. Tinkham sat silent, taking no part in the brief debate. After the flurry he gave out a statement containing what he had expected to say to the house in which he asserted that since the report filed with the clerk of the house by Wayne B. Wheeler, for the Anti-Saloon league, showed expenditures of league funds in Mr. Volstead's district two years ago, Mr. Volstead ought not to sit as chairman of a committee before which the original legislation appeared for or against legislation.

"The house of representatives, dominated by the Anti-Saloon league, with an almost unanimous vote, today stifled debate upon the merits of the resolution calling for the preemptory removal of the chairman of the judiciary committee, Andrew J. Volstead, for improper legislative conduct, but cannot support a resolution which would expunge the vital issue raised by the resolution as to whether the chairman of a committee of congress properly, honestly and in decency can hold his position when a private organization, corporation or individual seeking legislation from his committee either contributes money to him or pays his bills or expends money for him for political purposes.

Upon the decision of the future advance of the immediate future depends whether or not a private organization participating actively in elections with legislation in view shall be allowed to spend money to subsidize members of congress in advance of their action upon such legislation.

Mr. Volstead issued the following statement: "I am much gratified at the reception the house gave the resolution of Mr. Tinkham, in which he sought to have me removed from the judiciary committee because of alleged improper connections supported me in the last election. The house did not only kill the resolution, but promptly, without debate, expunged it from the record.

will be proud of this performance of its representative. No doubt the duties of prohibition, now so active throughout the country, inspired this resolution in the hope that it could be used as a campaign material against its reelection, but the emphatic way in which the house reacted at times by bar-room methods will give them small comfort.

Never Shared Fight "I have never shared a fair fight, but have tried to treat my opponent fairly, and as a rule I have in turn received fair treatment—although the fight over prohibition has at times been very bitter. The member from Massachusetts, who poses as one of the prominent leaders of the west, is the only one in the house who has broken the rules of civilized warfare."

Mr. Wheeler declared in a statement that the house vote on the resolution "was evidence of what the house thinks" of Mr. Tinkham's charges which, he added, were "false, silly and foolish."

OFFERS REFUNDING PLAN

Former President of Southern China Would Invoke Aid of American Dollars

SHANG HAI, Aug. 24 (AP)—Sun Yat-sen, former president of China and later of South China, who has been leading conferences here on plans to reunify the country, today outlined a plan to rehabilitate China's finances by having America take over China's debts to European countries on a refunding basis, as part payment of European debts to the United States.

In making known his suggestion, Sun flatly declared that he could not see his way clear to going to Peking and assist in reorganizing the government unless some satisfactory financial program was napped out. He frankly admitted that he looked to the United States as a strong factor in aiding China in her struggle back to sovereignty as a nation.

Political renunciation of the country is impossible until China's chaotic finances are reduced to a semblance of order, the southern leader said.

CROPS HARVEST IN FULL SWING

Rains of Week Interfere But Little in the Farm Work Throughout State

BOISE, Aug. 24.—Throughout the state were general throughout the week, but did not seriously interfere with harvesting operations now in full swing in Idaho, according to a weekly summary of weather and crop conditions issued last Wednesday by Clinton E. Norquist, meteorologist here for the federal weather bureau.

The summary follows: North Idaho: The first half of the week and the closing days were cool with considerable moisture being cut in intervening. Thunderstorms and light rains in variable amounts over the district Friday. Higher humidity, cooler, cloudy weather, and the light rains benefited pastures, ranges and all vegetation. Fruit, corn, beans, irrigated crops and the condition of livestock continue good.

Southwest Idaho: Moderate temperature prevailed and the light rains that occurred were very beneficial. Wheat and barley are being harvested in "good condition"; little work was reported elsewhere. Harvesting of dry beans and early corn is going on. Beans are growing well and corn fairly well.

South Idaho: There were three fairly hot days about the middle of the week, otherwise temperatures were generally a little below normal. There was some cloudiness, but sunshine was ample. Scattered showers occurred on two days, but the amount of precipitation was light and the rains had little effect of the progress of crops or the prosecution of farm work.

Richfield, Lincoln county: All crops in good condition; some grain being harvested; peas cut and mostly threshed; good fair Friday. Blackfoot, Blingham county: Moderate temperatures with light rain; barley, oats and spring wheat good condition and being harvested; threshing started; corn fair; potatoes excellent; range and pasture fair to good.

and cutting of alfalfa begun; fall wheat ready to cut; potatoes fine; livestock fair shape. Park Blingham county: Weather favorable for growing crop; some disease showing in potatoes; grains generally good; potatoes and fruit fair; pastures in good shape.

Aberdeen, Blingham county: Barley, oats and spring wheat good, and being harvested; second crop alfalfa cut and being cured; condition of potatoes excellent, early ones being dug. Bonners Ferry, Boundary county: Light showers of last week have benefited crops; alfalfa being cut; corn only a very little; soil drier now than at any time the past three years.

Blair, Gooding county: Potatoes growing well; prospects good; some good alfalfa and clover seed crops; grain all cut and threshing begun; a good third cutting of alfalfa in prospect.

RESIGNATION OF VOLSTEAD ASKED BY RESOLUTION

House Takes Quick Action on Effort to Oust Leader from Committee Seat for Alleged Improper Connections

WASHINGTON, Aug. 24 (AP)—The house swiftly struck from its record today a resolution introduced by Representative Tinkham, republican of Massachusetts, calling upon Charles F. Volstead of the judiciary committee to resign his committee seat because of aid said to have been given to his, last campaign in the seventh Minnesota district of the Anti-Saloon League of America.

As read by a clerk during a hub-bub of laughter, the resolution provided that unless Mr. Volstead retired within 14 days from his adopted, his seat on the committee, which framed the proposed enforcement act, be declared vacant.

Then Representative Hoyt of Missouri, a republican member of Mr. Volstead's committee, offered a motion to expunge the resolution from the Congressional Record, and it went by a vote of 141 to 4. Former President of Southern China Would Invoke Aid of American Dollars

SHANGHAI, Aug. 24 (AP)—Sun Yat-sen, former president of China and later of South China, who has been leading conferences here on plans to reunify the country, today outlined a plan to rehabilitate China's finances by having America take over China's debts to European countries on a refunding basis, as part payment of European debts to the United States.

In making known his suggestion, Sun flatly declared that he could not see his way clear to go to Peking and assist in reorganizing the government unless some satisfactory financial program was mapped out. He frankly admitted that he looked to the United States as a strong factor in aiding China in her struggle back to sovereignty as a nation.

Political reunification of the country is impossible until China's chaotic finances are reduced to a semblance of order, the southern leader said.

CROPS HARVEST IN FULL SWING

Rains of Week Interfere But Little in the Farm Work Throughout State

BOISE, Aug. 24—Thunderstorms and showers were general throughout the state but did not seriously interfere with harvesting operations now in full swing in Idaho, according to a weekly summary of weather and crop conditions in Idaho issued Wednesday by Clinton B. Morse, meteorologist here for the federal weather bureau.

The summary follows: North Idaho: The first half of the week and the closing days were cool with considerable cloudiness, hot days intervening. Thunderstorms and light rains in variable amounts over the district Friday. Higher humidity, cooler, cloudy weather, and the light rains benefited potatoes, ranges and all vegetation. Fruit, corn, beans, irrigated crops and the condition of alfalfa continued good. Wheat harvest and threshing progressed without interference and well along in the later sections. The planting of head lettuce completed and thinning in progress. Highest temperature at Lewiston, 81 degrees on Thursday; total precipitation 0.07 inch.

Southeast Idaho: Moderate temperatures prevailed and the light rains that occurred were very beneficial. Outstanding crops were in excellent condition in good condition; this work was delayed somewhat by rains in a few localities. Threshing of winter wheat in progress. Potatoes are in excellent and the early crop is being dug. Beets are growing well and corn fairly so. Second crop alfalfa is being cut. Sheep and haley are in good condition. The range is improving and stock are in fine condition. Lettuce harvest has begun in Fremont county.

Southwest Idaho: Crops were generally fairly hot. Lays about the middle of the week, otherwise temperatures were generally a little below normal. There was some cloudiness, but sunshine was ample. Scattered showers occurred on two days, but the amounts of precipitation were light and the rains had little effect on the progress of crops or the prosecution of farm work. All crops are maturing rapidly and in good condition. The third crop of alfalfa is making splendid growth. The peaches, prunes and apples are making excellent growth and begin to show considerable color. The crop of prunes has about ceased. A plentiful crop of melons of excellent quality is being marketed. Harvesting and threshing of wheat are making rapid progress. Digging and marketing of the early potato crop has been hampered by unfavorable market conditions and transportation difficulties. Pastures are running most good and all livestock thriving.

Notes from the Field—Bluffield, Lincoln county: All crops in good condition; some grain being harvested; peas cut and mostly threshed; good rain Friday.

Blackfoot, Bligham county: Moderate temperatures with light rain; barley, oats and spring wheat good condition and being harvested; threshing started; corn fair; potatoes excellent.

Garden Valley, Boise county: Week hot, favorable for growth of alfalfa; a few light showers; one light frost; grain harvest begun.

Conova, Bear Lake county: Recent rains refreshed range and pasture; second cutting of alfalfa begun; fall wheat ready to cut; potatoes fine; livestock fair shape.

Idaho: Bligham county: Barley, oats and spring wheat good, and being harvested; second crop of alfalfa being cut in excellent condition; potatoes and corn being dug.

Bliss, Gooding county: Potatoes growing well; prospects good; some good alfalfa and clover seed crops; grain all cut and threshing begun; a good third cutting of alfalfa in prospect.

New Meadows, Adams county: Hay harvest practically completed, with some re-thatching of stacks yet to be done; barley and wheat harvest being done; some oats being cut; all vegetation, favorably and grain rather light; range fair; stock doing well.

Payette county: Prunes beginning to take on color and drop about every seven days; a fair harvest and making good growth when thinned; lettuce thinning under way; some potatoes being harvested, but a loss to the growers because of low prices.

Sheep Hill, Boise county: Fore part week cool, latter part sultry; hay cured very slowly; timothy mostly cut and dry; grain doing better than normal, favored by cool nights; some oats cut and wheat about ready; range and livestock conditions about normal.

Idaho Falls, Blaine county: A few more warm days, but most of week characterized by moderate temperatures; abundant sunshine; light local showers, but not enough to interfere with farm work; all crop maturing in good shape; third crop alfalfa making good growth; harvesting and threshing of grain made good progress; fruit doing well; plentiful crop melons being marketed.

DEAD MAN EXHONERATED

Army Board Finds Death of Beck Not Due to Dishonorable Conduct

WASHINGTON, Aug. 24 (AP)—Lieutenant Colonel Paul W. Beck, army aviator, who was killed last April by a "gunshot wound in the head" inflicted by a "revolver, held in the hand of" Gen. P. Day, of Oklahoma City, died in the line of duty, and his death was "not due to his own willful misconduct," according to official findings of an army investigating board, made public and approved today by Secretary Weeks.

The killing occurred when Day returned after taking other guests to their homes and found Colonel Beck and Mrs. Day alone. A coroner's jury subsequently exonerated Day.

Secretary Weeks said he would forward the evidence to the Oklahoma attorney general. The secretary's approval of the finding, it was explained, officially cleared the military record of Colonel Beck from any question of dishonor.

Cause of Appendicitis

When the bowels are constipated, the lower bowels or large intestine become packed with refuse matter, that is made up largely of germs. These germs enter the vermiform appendix and set up inflammation, which is commonly known as appendicitis. Take Chamberlain's Tablets when needed and keep your bowels regular and you have little to fear from appendicitis.

ERRORS WORK FOR BOSTON

Braves Score Nine Runs in Last Three Innings in Game with St. Louis

ST. LOUIS, Mo., Aug. 24 (AP)—Aided by errors, which allowed them to score 9 runs in the last three innings, Boston today defeated St. Louis. The winning run was a homer by Gibson in the ninth. The visitors made six runs in the seventh after two men were out. The locals used 20 players, including five twirlers, and Boston used four pitchers. Mann knocked a homer in the sixth with the bases full.

**Score:** R. H. E.  
 Boston 12 13 3  
 St. Louis 11 11 0

Batteries: McNamara, Watson, Marquard, Braxton and Gibson; Pfeffer, North, Barfoot, Sherer, Dock and Altschmidt.

CINCINNATI, Aug. 24 (AP)—The Reds out-hit the Giants today, but Luque lost his game through wildness. J. Barnes was very strong in the pinches and drove over the winning run with a single after Smith had walked and gone to second on a wild pitch with two out in the seventh inning. Both teams fielded faultlessly.

**Score:** R. H. E.  
 New York 2 0 0  
 Cincinnati 1 9 0

Batteries: J. Barnes and Smith; Luque, Keck and Wiggo.

CHICAGO, Aug. 24 (AP)—Alexander held Brooklyn to four scattered hits today while Chicago bunched seven of its nine hits and won. A two base error by Callaghan, followed by Olson's single, saved the Dodgers from a shut-out.

**Score:** R. H. E.  
 Brooklyn 1 4 0  
 Chicago 4 0 2

Batteries: Mammux, Shriver and O. Miller, DeBerry; Alexander and Hartnett.

PITTSBURGH, Aug. 24 (AP)—Brown, recruit twirler, won his second game within a week for Pittsburgh, defeating Philadelphia today. The Phillies' defense was loose. Williams got a double, triple and homer. The latter cleared the right field wall and cost

DIFFERENCES IN TARIFF MEASURE MUST BE CURED

Strenuous Task Awaits Conferrees of House and Senate in Composing Points of Difference in Bill

WASHINGTON, Aug. 24 (AP)—Shelving the American valuation question for the time being, at least, the six republicans conferred at the senate and house today began their task of composing the 2,300 differences between those two bodies on the administration tariff bill.

Members of the conference disclosed, however, that the American valuation question as originally written into the house bill is causing little if any controversy. The minor differences are of the nature of the basing of ad valorem tariffs on the wholesale selling price of the imported article in the American markets.

### SOLDIER BONUS MEASURE TAKES SECOND PLACE

#### Pressure of Coal, Rail and Newberry Situations Results in Postponement of Action—Long Debate Anticipated

WASHINGTON, Aug. 24 (AP)—The soldier bonus bill received but little attention today in the senate. It was submerged by discussions of the coal and rail strikes and the Newberry case with the result that leaders now do not anticipate its passage before next week.

In the brief debate, Senator Underwood of Alabama, the ranking leader, voiced his opposition to the measure, with Senator Heflin, democrat, of the same state, vigorously urging its passage.

Senator Underwood declared the bonus was an unjust compensation bill; that it had been previously named by the public—a bonus bill. "You cannot measure service to the country in dollars," declared the minority leader. "If you are to measure service in that way, then \$500 is an absurd proposition. The payment of a dollar a day will not adjust that great debt a generous people must always owe to the gallant man who carried the flag in time of war."

Obligation exists The senator said there was an obligation on the government to take care of the sick, disabled and needy in old age, but that there was no obligation to give "a pittance" to the others, many of whom, he said, did not need it.

### IMPROVEMENT NOTED IN ST. LOUIS SPUD MARKET

Idaho Potatoes Quoted at \$1.80 to \$1.90 at Ft. Worth and \$1.50 at St. Louis

CALDWELL, Idaho—Idaho No. 1 potatoes were quoted on the Fort Worth market at \$1.80 to \$1.90 and on the St. Louis market at \$1.50 a hundred pounds by *Wilmington* market. The federal bureau of agricultural economics issued by C. E. Schultz, local representative.

Demand and movement was improving at St. Louis, the bulletin said, with slightly stronger market and prices slightly higher. Demand was slow at Fort Worth, with the market unsettled and weaker, prices remaining about the same.

Market conditions at other centers were summarized as follows: Chicago—Demand good for good stock; market strong on whites, firm on Early Ohio; 110 cars on track. Kansas City—Supplies liberal; demand and movement slow; market dull; 15 cars on track from team track; 95 cars on track.

Arrivals Wednesday at Kansas City included 7 cars of Idaho potatoes out of 13 received; at St. Louis 1 car of Idaho potatoes out of 6 received, and at Fort Worth 10 cars of Idaho potatoes out of 25 received.

### STRONG TREATY OPPONENT EMBRACES REGULAR CAUSE

#### Tom Hales, Noted Political and Military Figure, Experience a Change of Heart

CORR., Aug. 24 (AP)—After having accepted responsibility for the ambush in which Michael Collins was killed, Tom Hales, former fierce opponent of the treaty, today threw down his arms and offered to join the national forces. It is not known whether his offer will be accepted.

It was a brother of Sean Hales, formerly member of the Dail, Edward Tom and his sister on last St. Patrick's day set fire to the platform at Bladon where a demonstration in favor of the treaty was being held, under the auspices of his brother, Sean, and Canon Collins, W. Patrick Boyle of Bladon. His present change of front is regarded as significant and as giving point to the prevailing belief that the death of Michael Collins may not have been in vain, as his action may convince his comrades of the like likelihood.

### CADET CORPS TO BE WORKED OVER

#### Military Instructor Praises the Showing Made by Students at Summer Camp

UNIVERSITY OF IDAHO, Moscow, Aug. 24—Reorganization of the cadet corps so that it may more readily lend itself to the maneuvering of the regular army will be one of the outstanding changes made in the department of military science and tactics at the university of Idaho this fall, according to Major Charles L. Lloyd, instructor in the department.

The corps will be organized so as to consist of two battalions of three companies each and will be headed by student colonel, lieutenant colonel and two majors. Each company will contain fifty-eight men or be equal to the strength of a company.

"The reorganization of the university cadet corps will be made possible by the increased enrollment expected this fall," said the captain, "and will greatly facilitate the training of the corps for ceremonial and tactical purposes."

Praises Cadet Work In speaking of the work of the cadet battalion at the university, Captain Lloyd spoke very highly of the showing made by those students who went to the summer camp of the first battalion and college R. O. T. C. units at Camp Lewis this summer.

"Although the delegation from Idaho represented but the average run of cadets it was among the very best there and has the records to back up the statement. It made not only a very good showing in the rifle competition but one of the best handled units from a tactical standpoint.

Among seven competing teams, the Idaho representation won second place, in spite of the fact that most of the men had never practiced shooting on the range, more than an improvised range. This noted the institution a beautiful silver loving cup. In addition each member received a national match badge.

Twin Falls Man on Team "The rifle shooting team was composed of Walter C. Chubbuck, Blackfoot, captain; Harrison R. Armstrong, Moscow, coach; E. Fred Cronin, Seattle, manager; and the following shooting members: John Basmusen, Shelley; Lewis H. Russell, Payette; Bryan B. Bundy, Caldwell; Vaughan Price, Twin Falls; Roy K. Hendrickson, Lewiston; Lief E. Field, Moscow.

"James A. (Babe) Brown from Idaho was the only man in the entire infantry camp at Camp Lewis to make the qualification of pistol expert. In addition twelve other men from Idaho qualified for marked "proficiency" in their work. They were:

"Advanced courses men: Bryan B. Bundy, Caldwell; Wm. G. Carpenter, Boise; Robert M. Cummings, Wallace; William W. Gartin, Caldwell; Abe Goff, Walla Walla, Wash.; Guy O. Penwell, Moscow; Vaughan A. Price, Twin Falls; John Rasmussen, Shelley.

"Basic course men: Margie M. Scott; Palouse; Theodore J. Schwartz, Palo Alto, Cal.; Roy H. Hendrickson, Lewiston; Walter C. Chubbuck, Blackfoot. Gain Practical Experience

"The camp was so organized at Camp Lewis that every advanced student, who must have had two years of basic military work in the universities and colleges, had an opportunity to get practical experience in the commanding of troops. At this task, hardly with others, the Idaho cadets were well at the forefront. Abe Goff of Idaho was called on perhaps more than any other one individual to take command of the cadet corps."

### DEMPESEY WILLING TO GO

#### Champion Satisfied with Offer to Fight in South America, Manager Silent

NEW YORK, Aug. 24 (AP)—Jack Dempsey, world's heavyweight champion, is willing to go to South America to fight in the fall or next spring to meet Julia Angel Fipps, holder of the South American crown; if Tex Rickard, promoter, is willing to stage the bout.

After a conference with Jack Kearns, Dempsey's manager, Rickard announced this afternoon that he suggested a match depends on Fipps.

Some time ago Rickard declared that he was too busy in the United States to take a flyer beyond the equator and earlier than that Kearns declared that Dempsey had a \$500,000 offer to go to Argentina, but would not accept it.

### TITLE CLAIMED BY JEROME

#### North Side Ball Club Ends Season with Victory Over Hanssen Team

JEROME, Idaho, Aug. 24 (Special to The News)—Jerome closed its 1922 baseball season with its game last Sunday against the strong Hanssen club, which it won 11 to 2.

Jerome has met all centers this season and has won from them all, and lays claim to being the undisputed champion of South Idaho.

L. R. Bills managed the club and also led the club in hitting with an average of .475 in the 18 games played. In only one game did he miss hitting safely, and that was in the last game of the season at Hanssen. In this game he walked twice.

Five other players made exceptional records as hitters—Aasbender, Leach, Brooks, Pethie. Jerome had no salaried players. Bills and Brooks received offers to play in organized ball, but both are in business here and declined to remain.

### MATCH CLOSE TO A DRAW

#### Tunney, Former Light Heavyweight Champion, Wins by Narrow Margin

PHILADELPHIA, Aug. 24 (AP)—One Tunney won New York, former light heavyweight champion of Philadelphia in an eight-round bout here tonight, in the opinion of a majority of sports writers at the rigdite. Tunney weighed 175 pounds and Loughran was 10 pounds lighter. Tunney landed a hard right on Loughran's

law in the first round and Tommy went down for the count of nine. Loughran came back gamely and made a great battle, so much so that some sports writers were inclined to judge the match a draw.

### JOB LYNOXH WINS ON KNOCKOUT

FORT WORTH, Texas, Aug. 24 (AP)—Lynch tonight defeated Benny Levy of Chicago by a knockout in the fourth round of a scheduled 12-round fight. The champion never was in danger from the start of the fight, but kept Levy on the defensive throughout. Lynch outlasted his opponent but Levy put up a good fight until he went down for the count of eight in the fourth round, rose and met his opponent again, only to be felled for a knockout.

## THE MARKETS

**Chicago Grain Market**  
 CHICAGO, Aug. 24 (AP)—Wheat prices fluctuated rapidly within a narrow range today.  
 The starting was weak, in sympathy with lower quotations at Liverpool and the break in foreign exchange, but prices advanced sharply later on short covering and some general buying induced by the strength in corn.  
 At the finish, wheat was under and closed a net gain of 1-1/2¢. Oats were unchanged to 1-1/4¢ higher. Provisions ranged from 1-1/2¢ to 25¢ advance.  
 A partial lifting of the embargo on exports from India, permitting the Indian government to export 16,000,000 bushels, was a primary factor in the selling toward the close. Heavy buying regarding the European export demand were conflicting, with indications of more business being done than generally was admitted. Short covering, however, was the dominating factor in all grains.  
 A bull market on the deferred deliveries of corn, the market showing a strong undertone throughout, led to the weakness in wheat. The government detailed weekly report confirmed more or less damage in various parts of the corn belt, especially in the west and Nebraska. This, with continued hot and dry weather in Kansas, was the main influence in making the bulls.  
 Oats were flat and followed corn.  
 Provisions averaged higher. Live hog and higher prices for hogs.

market would do. Substantial support is in, however, and the market did not, most declines being of a fractional nature. Northern Pacific climbed up to a new high for the year, buying of the stock being based on reports of the stock being sold in the West and the demand and the expectation of oil developments in its Montana land holdings. The sale of the stock in the West is year's high price, with sympathetic advances in shares of some of the independent companies, presumably in response to reports of higher prices and profitable fall operations. Crucible closed at a net gain of 3 points.  
 Heavy liquidation continued in the stocks of shipping companies situated in the Atlantic trade in anticipation of a sharp cut in passenger rates.  
 Some mines sold at the year's best price, reflecting increased earnings.  
 American Telephone broke four points on the announcement that the directors had authorized the issuance of \$112,000,000 additional stock to its present shareholders, but it recovered about half of its loss before the close. The sale was for 1,000,000 shares.  
 Call money opened and renewed at 3 3/4 per cent, but it hardened to 4 in the final hour. Rates for time money were unobtainable. The market was unchanged, with comparatively little business being transacted.  
 Another collapse in German marks, which fell to the unprecedented low rate of 3.8¢ a hundred, as compared with 6.4¢ yesterday and 0.5¢ a week ago, featured the foreign exchange market. The French franc also dropped 10 points to a new low for the year, while other European remittances ended 4 to 10 points higher. The market was unchanged, with comparatively little business being transacted.

**Used For Marking Slaves**  
 Almost Universal Custom of Wearing Earrings Had Origin That Was Exceedingly Peculiar

The custom of wearing earrings in its primitive significance originated in marking the slave. Later it was adapted as a fashionable distinction. From the child hanging cherries on the ears, to the suspension of costly gems from them, earrings have indicated the love of adornment from centuries before the Christian era.  
 Today the costly trinkets are made to suffice to the love of the ear by screws which offer no initiating pain in the wearing—a decided improvement upon the disgusting process of piercing holes in the daintiest part of a well-shaped ear.

**Good For "Swelled Head"**  
 Man who imagines he is thoroughly well knows something "Listen In" Occasionally.

There is a gorgeous lesson in humility to be obtained at almost every dinner party for the man who imagines that he has jumped through the hoop into the public eye. He may have climbed half way up Parnassus in his work as a scientist, an explorer, a politician, a soldier, an architect, a painter, a novelist or a playwright, or even have written the United States while sitting there dangling his feet. It does not matter. There are always plenty of people going about who daily discover to him the fact that his name means nothing—something like "Smithson" or "I heard once from one of those women who always carries a dog and maintains a husband to give it exercise. 'Isn't he the man who invented the Yale lock, or is it 'in town in Iowa?' and another time, at a bridge table on board a liner, a girl caught up the name of Shackleton, 'I always use his requests,' she said with triumph. And the year before last, at Bar Harbor, I heard Cordell praised for having devised that very nice rag that floats in the bath. How good for the soul! exclaims Cosmo Hamilton, writing in the Spur.

I remember also a first-hand lesson in the utter aloofness of people from the things that seem to matter. At a dinner party again. The hostess, one of the dowagers of New York, a charming and enterprising old lady whose house has not been altered since the days of erminettes, and who breathes death to all the people who "The Age of Innocence" had been drawn from life. She had been taken the evening before to see a play of mine that was running and, by a strange accident, running well, at a Broadway theater. She told me all about it. She said, "I had such a pleasant evening. You really must make an effort to see that play. I cannot remember the name of it or at which theater it was. I cannot remember the names of any of the actors. I never can. And of course, I haven't the remotest idea who wrote it—I never read the program. But I strongly recommend it to you. It's so amusing." I identified it as mine presently when, going into further details, the dowager mentioned how particularly pleased she had been with a stuffed wildcat that stood on the mantelpiece in the last act. It is not so easy being a sufferer from swollen head these days. A pity, because it adds to the dividing sources of merit that have survived the great war.

**Girl Shops as Suicide is Bred**  
 Terence Ross Kepler, champion speed radio operator, committed suicide in Chicago when Miss Olga Stehler whom he had followed from Ohio, refused to wed him. He left a note asking the girl to kiss his dead face, or to put her picture in his pocket to be buried with him. Instead she went shopping, after indignantly denying his first statement that they had been secretly married.
